W. E. Gray, Former Mundayite, Is Fatally Injured In Truck Wreck Near Pecos, Texas Early Thursday

Relatives here were notified early Thursday morning of the death of W. E. Gray, former Munday citizen, who was killed near Pecos, Texas, in a highway accident, the details of which were not obtainable here at the time we go to press, however, it was learned that Mr. Gray was enroute from Big Spring to Pecos with a truck of oil and information reaching here as to the condition of the body indicated that he was instantly killed, and a companion on the truck was also killed. No details as to how they came to their death is available at this time.

Mr. Gray was one of the pioneer business men of Munday, having established the first automobile agency here and was for a number of years agent for the Ford automobile here. He is also credited with having established the first picture show in Munday. After retiring from the automobile business he engaged in the oil business and had followed that business for a number of years, having moved from here to Abilene some years ago to engage in that business on a more extensive scale.

Judge and Mrs. W. S. Bailey left early Thursday morning for Abilene, to be with Mrs. Gray, who is their daughter. Three brothers, Hoyt, Zack and R. D. Gray also left immediately for Abilene, where the body will be brought for interment. Mr. Gray is also survived by three daughters, Mrs. Hoyt Pool, Mrs. Slim Woods and Miss Ethel Gray of Abilene, his parents, Mr. and Mrs. J. J. Gray of Lubbock, five sisters, Mrs. Jack Henderson, Seymour; Mrs. Ross Berry, Wichita Falls; Mrs. Roy Holland, Lubbock; Mrs. A. D. Harmon, Sweetwater and Miss Ora Gray of Lubbock.

The purpose of these gentlemen in going to the conference was to familiarize themselves with the work that they will assume in January as officials of Knox County, and they are to be commended for their interest in the public welfare.

J. D. Kethley and son Jerry were in Abilene Monday where Jerry enrolled in McMurry College for the fall term.

Mr. and Mrs. W. V. Tiner were in Wichita Falls Friday on business.

Blankinship, Goree, Injured by Thrown Ball Sunday's Game

W. E. Blankinship has been confined to his home this week on account of a very bad accident Sunday during the ball game at Truscott. Erwin was a runner on first base when he was hit by a ball thrown by the pitcher to first. The ball hit him in the face, breaking the cheek bone on the left side of his face in three places. He was rushed to the hospital at Knox City where he received surgical attention. It is not believed that there will be any serious results and the doctors say that there will be no scars or marks to disfigure his face after a complete recovery.

Erwin started the game Sunday as pitcher and at the time of the accident Goree was four runs ahead of their opponents and Erwin's pitching was simply fine.—The Goree Advocate.

WELCOME TO MUNDAY HIGH!

"A health to you,
And wealth to you,
And the best that life can give to you.
May fortune still be kind to you,
And happiness be true to you,
And may life be long and good to you.
Is the toast of all your pupils to you."

This poem is dedicated not only to the two new teachers of whom Munday High is proud, but also to the four who have been in our midst for several years.

Mrs. Opal Jones is teaching Home Economics I, II and III. Before this year we have only had two classes of Home Economics. Mrs. Jones likes her work and enjoys working with the girls so much that she has asked the girls to join her in a third year class.

Mr. V. W. Miles is taking Mr. Reed's place as science teacher. He has been relieved of Algebra I, which is being taught by Mr. Hardegree. We are proud to have such an educated, well-experienced man as a member of our high school faculty. He is teaching General Science, Biology and Physics.

THE ART OF GETTING ALONG
Sooner or later, the pupil if he is wise, discovers that school life is a mixture of happy days and bad, victory and defeat, give and take.

He learns that it doesn't pay to be a sensitive soul—that he should let some things go over his head like water off a duck's back.

He learns that he who loses his temper usually loses.

He learns that all students have burnt toast for breakfast now and then and that he shouldn't take the other fellow's grouch too seriously.

He learns that the quickest way to become unpopular is to carry tales and gossip about others.

He learns that it doesn't matter so much who gets the credit so long as the work he is doing shows progress.

He comes to realize that the school could run along perfectly well without him.

He learns that most of the other fellows are as ambitious as he is, and that they have brains that are as good or better, and that hard work and not cleverness is the secret of success.

EDITOR'S NOTE: If you're not a school student, it does not necessarily mean that you could not profit by the above article. Read it and see!

Let this sink in: You can't build a good future in a short time, so you had best begin work on it now.

OFFICERS OF MUNDAY HIGH ELECTED
For the first time in several years we have really started off right. The staff for the Tom-Tom and the class officers were elected on the first day. Even the freshman boys got their beating.

Monday morning the faculty had a short meeting and Vinton Tiner and Sylvia Barnes were unanimously elected for the offices of Editor-in-Chief and Assistant Editor of the Tom-Tom.

At one o'clock Monday the classes reported to their assigned rooms and the class officers were elected as follows:

SENIORS:
President—Vinton Tiner
Treasurer—Philip Johnson
Secretary—Gordon James Barnes
Reporter—Bill Dingus
Sponsor—Mr. Hardegree
Social committee—Maxine Lane, Ralph Layne, Cathryn McDonald.

JUNIORS:
President—W. R. Moore
Vice President—Sylvia Barnes
Secretary—Roy McNeill
Reporter—Lucille Neff
Sponsor—Mrs. Hubert Isbell

SOPHOMORES:
President—Joe Lynn Kethley
Vice President—Horace Hooper
Secretary—Treasurer—Gail Reynolds
Reporter—Lavern Eiland
Sponsor—Mr. V. W. Miles

Social Committee—Wanda June Williams, Wanda McGlothlin, William Eiland, Ellen Frances Mauldin.

FRESHMEN:
President—Mary Moore
Secretary—Treasurer—Margaret Tiner
Reporter—Thomas Rigby
Sponsor—Mrs. Jones

We are sorry to report that "Buddy" Martin was compelled to quit his classes and return home Monday morning because of sickness. We hope he is able to join us soon.

TINER'S TRASH
Mrs. Isbell: "Now, if I have left anything out of my introduction to the typewriter and its parts I am unaware of it. However, if you do have a question, I'll do my best to answer it."

Mary Eva: "I've been looking at this outfit all this period and I've heard every word you've said, but I still don't find the thing to cross the 't' nor one to dot the 'i'."

A man wrapped up in himself is a very small package.
Philip Johnson attended a public auction sale on Market Ridge Monday and accidentally bought a baby buggy.

Maxine Lane likes a charge account; she figures it is better for Mr. Lane to be angry once a month than for him to be a little mad every day.

Be careful what you say about the little boy next door, fathers and mothers. He is so mean that it really does look as if he were born to be hanged, or something; but he may grow up and be your son-in-law some day!

"It is difficult to determine what keeps husbands poor," says Mrs. Bass. "I think it is his people imposing on him, and his people think it is his extravagance."

Either be careful of the company you keep or drive carefully so you will not be found with the company after the wreck.

Movie stars are hoping the reform wave doesn't hurt the industry to the extent that the actors will have to get along on two or three divorces a year.

Mr. Hardegree looks gloomy this morning. No wonder. Last night Mrs. Hardegree fussed at him all the way home from church because he was polite and assisted those pretty girls while she was standing in the rain waiting for him to unlock their car.

CLASSES not here
One of the reasons why the United States has become the most powerful and the most prosperous nation in the world is the utter absence of any "class" system among its people.

On the one hand we have no peasantry tied to the soil; on the other we have no hereditary aristocracy. Every American is and always has been free to move from the social group or environment in which he was born and reared, into any other group, according to his own ambition and ability.

I do not believe this system can be improved upon. I am concerned, therefore, with every movement which would tend to separate Americans into distinct "classes" in which they are condemned to remain.

don't believe it can be done. We have not yet exhausted opportunity for individual independence.

MONEYMAKERS a type
I have a friend who occupies a high position in the Federal Government and has had a background of wide business experience. Dining with him a few days ago, he dropped this new idea:

"If I were President of the United States, trying to bring the nation 'I would have the Treasury Department examine all the income tax returns and discover who are the best money-makers in the country. Then I would put those men in the key positions, instead of filling the high posts with men who have never made a dollar in their lives. They would be able to point the way out of the depression with plans that would work."

I pointed out that that wouldn't be good politics. Any president that did that would be accused of "selling out" to Wall Street. My friend agreed that was a practical difficulty in the way of his idea, but I think it's a pretty sound thought, at that.

Wm. I. Caughran, pastor of the Austin St. Congregational Church in Chicago, came in Tuesday evening for a visit in the home of his mother, Mrs. O. C. Caughran, and his brother Austin Caughran and family. He will leave Friday morning.

Mrs. H. O. Bauman and son Billy, of Manila, P. I., were here for the week end, leaving Wednesday. They were guests in the E. H. Bauman home. Mrs. Bauman was accompanied by her mother, Mrs. McCombs, of Wilsonville, Neb., who returned to the Philippines with her. They drove a new Ford V-8 home.

TODAY and TOMORROW

DEFINITIONS Take "Liberal"
I hear a great many people using old words with new meanings. This results in confused thinking and misunderstanding, especially when folk are talking about political matters.

The word "liberal" is one which I hear often loosely used as if it meant the same thing as "radical." A Liberal scheme of government is one in which the rights of every minority group, however small, are recognized and protected. It is, I believe, the ideal of every intelligent thinker on political matters. And it is not necessary to have a democracy to have a Liberal government; in a broad sense the British government is Liberal, and so are other European monarchies.

But the governments of Germany, Russia and Italy today are anything but Liberal; and I seem to see signs that the Government of the United States is slipping away from its old Liberal attitude.

RADICALISM its meaning
"Radical" is another good word that has had its meaning corrupted. It means, literally, getting down to the roots of things. Now it is generally understood to mean a man or a group that seeks to uproot every thing that exists and turn the world topsy-turvy.

The word "Conservative" is also being carelessly used, as if it meant one who was opposed to any change whatever in the existing scheme of things. I know a good many genuine Conservatives, and without exception they are entirely sympathetic to the ultimate ideals of even some who are classed as extreme radicals.

One has to be careful, these days, in discussing anything of a political nature, to make sure that both parties to the discussion mean the same thing with the same words.

CLASSES not here
One of the reasons why the United States has become the most powerful and the most prosperous nation in the world is the utter absence of any "class" system among its people.

On the one hand we have no peasantry tied to the soil; on the other we have no hereditary aristocracy. Every American is and always has been free to move from the social group or environment in which he was born and reared, into any other group, according to his own ambition and ability.

Red River Valley All-Stars and Wichita Valley All-Stars Will Go Double-Header Here Sunday P.M.

Truscott Takes Two Out of Three Games To Win Over Goree

The ball game Sunday, the third of a three-game series, went to Truscott by a score of 15 to 14 and gave Truscott the pennant for the year.

The second game which was played in Goree last Friday was a fine game with a score of 5 to 3 in favor of the local team. Both teams played a real game.

The game Sunday was going in favor of the Goree team until the Goree pitcher, Erwin Blankinship, was hit by a ball and had to be taken to the hospital. Up to that time Truscott had only got one hit off him and Goree was four runs in the lead. This accident lost the game for Goree. Anyone, regardless of the team that he favored, can easily understand that Truscott would not have had a chance to win had Blankinship continued in the game with the pitching he was doing.—The Goree Advocate.

The Red River line-up will include the following members of that organization: Sam Langford, outfielder, of the Paducah club; Cecil Godfrey, infielder, of the Paducah club; Louis Mints, outfielder, Vernon; Camp Rainwater, outfielder, Vernon; Jim Smith, outfielder, Vernon; Gordon Nell, infielder, Hollis, E. P. Reece, catcher, Tipton; Pie Bailey, catcher, Vernon, Roy Mints, pitcher, Vernon; H. Hutton pitcher, Tipton; B. Williams, pitcher, Vernon; M. Williams, pitcher, Vernon, Simpson, Tipton pitcher.

Gabby Lee Haney who has matched the game with the Red River lads, announces the following players in the Wichita Valley line-up: Bob Couch, Munday, second base; L. Kuhler, Munday, third base; Rayburn, Munday or Clift, Haskell, center field; A. Kuhler, Munday, or Pippin, Rule, left field; Coffee or Goode of Hamlin, at short; Beatty of Stamford right field, Rowland, Hamlin, first base; Coody of Munday or Adams, of Hamlin, catcher; pitching staff will include Hambricht, Munday, Courtney, Hamlin and Pittman of Haskell. McGlothlin of Munday will be in line as utility man.

This will likely mark the grand finale of the baseball season and should be the outstanding game of the year, and the admission price for the double bill has been placed at only 25 cents, which looks like a bargain.

Valley Leaguers Defeat Wichita All-Stars Sunday

The Munday Club of the Wichita Valley League, with the aid of Dot Pittman, member of the Haskell club, and B. J. Withrow of Knox City, defeated the Wichita Falls all-stars in an interesting game here Sunday afternoon to the tune of 9-11. Pittman did the hurling for the home club and had the best of the argument all throughout the game.

**DON WARDLOW PURCHASES
HUGHES FILLING STATION**
Don Wardlow has this week purchased the Hughes Filling Station in the west part of the city and will continue the operation of the station, giving his patrons the very best possible service, and he respectfully solicits a share of your patronage.

P. T. A. MEETING
The Parent-Teacher Association of this city will hold its first regular meeting of the year at the High School auditorium at four o'clock Wednesday, September 19th. Members and visitors are invited to be present.

Mrs. G. T. Hughes and son Jack left Monday for Granbyview to make their future home. Mrs. Hughes sold her home and filling station here to Don Wardlow, who with his family moved in this week.

Mrs. Tom Haney, Mrs. Riley B. Harrell and Miss Vivian Rogers were in Wichita Falls Tuesday.

For some time there has been much argument among baseball fans in these parts as to which was the fastest league, the Red River Valley league or the Wichita Valley league, and contending fans will likely have the question settled once and for all here Sunday afternoon when the all-star line-up of the Red River outfit comes here for a double-header with an all-star line-up from the Wichita Valley league.

The Red River line-up will include the following members of that organization: Sam Langford, outfielder, of the Paducah club; Cecil Godfrey, infielder, of the Paducah club; Louis Mints, outfielder, Vernon; Camp Rainwater, outfielder, Vernon; Jim Smith, outfielder, Vernon; Gordon Nell, infielder, Hollis, E. P. Reece, catcher, Tipton; Pie Bailey, catcher, Vernon, Roy Mints, pitcher, Vernon; H. Hutton pitcher, Tipton; B. Williams, pitcher, Vernon; M. Williams, pitcher, Vernon, Simpson, Tipton pitcher.

Gabby Lee Haney who has matched the game with the Red River lads, announces the following players in the Wichita Valley line-up: Bob Couch, Munday, second base; L. Kuhler, Munday, third base; Rayburn, Munday or Clift, Haskell, center field; A. McGlothlin of Munday will be in line as utility man.

This will likely mark the grand finale of the baseball season and should be the outstanding game of the year, and the admission price for the double bill has been placed at only 25 cents, which looks like a bargain.

COVEY-GREEN
Houston E. Covey and Miss Dorothy Bernice Green were married in Abilene last Friday afternoon at 6 o'clock. They returned to Goree where they will make their home.

The groom is a brother of E. L. Covey and came to Goree last year and has been business manager of the Goree Advocate. Before coming to Goree he had made his home in Fort Worth, Texas, and in Tulsa, Oklahoma, where he had been a traveling salesman. After January 1, he will be editor of the Advocate.

The bride is a daughter of the late O. S. Green and a niece of C. D. Green and has been a resident of school here until last year. She has been one of the most popular of the younger set.

Their friends join in wishing them happiness and success throughout life.—The Goree Advocate.

WHAT you hear and what you read about a car should be considered before you buy—but *one ride* is worth a thousand words. Test Chevrolet's Knee-Action on a bumpy road, where you can see for yourself what a big difference Knee-Action makes in riding comfort. This test will acquaint you not only with the Knee-

Action ride, but with the smooth, economical, valve-in-head engine, the positive, cable-controlled brakes, the bodies by Fisher, and the added comfort of Fisher Ventilation. Go to your nearest Chevrolet dealer and make the Ownership Test. Chevrolet is satisfied to let you and the ride decide which car is the best for you.

Reading Fun in Store for Boys

Here's important news for the boys of America. THE AMERICAN BOY—YOUTH'S COMPANION, the nation's quality magazine for boys, has been reduced from \$2.00 a year to \$1.00. The three-year rate, formerly \$3.50, has been reduced to \$2.00. "For a long time we have been seeking a way to reduce the cost of THE AMERICAN BOY to readers," states Griffith Ogden Ellis, editor. "Recently we have effected savings that make the cut possible, and we think boys will agree that the new price is big news on the reading front. We hope boys will help us to spread the good news by telling their friends."

Along with the cut in cost, the magazine's publisher is planning a magazine that will continue to set the pace in fiction, articles and departments. The favorite characters of millions of boys will parade through the AMERICAN BOY in new stories. Douglas Bessie of the Royal Canadian Mounted, Hide-rack, the red-and-gold collie, Bonehead Jim Tierney, the detective, will give the reader many exciting hours in the months to come.

William Heyliger, whose true-to-life, gripping vocational stories have won him wide acclaim from parents and librarians, as well as the hearty approval of boys, is working on new stories. Staff writers are interviewing famous coaches and athletes and world-renowned explorers, to bring boys the color and fun of sports and travel.

In short, the AMERICAN BOY, under its new price, will continue to give boys a magazine that measures up to the best standards set by adult magazines. Send your subscription to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan. Enclose your name and address and the proper amount of money, and THE AMERICAN BOY will soon be heading your way, loaded with reading thrills.

Editor O. C. Harrison came over last Friday afternoon and evening up the score with some Munday golfers, including Vincent Lane, who took the Seymour scribe out of the running in the recent tournament at Haskell, and his golf stock took a decided advance after having defeated the Munday lad Friday. Mr. Harrison is hopeful that some match plays can be arranged between Munday and Seymour golfers during the fall months, and having recently purchased some new clubs he is ready to take on some heavy matches. Mr. Harrison paid the Times editor a very pleasant visit following his golf game.
