Burmese Student Visits Wellington

A guest in the home of Mr. and Mrs. J. B. Baumgardner, south of Wellington, during the Easter holidays was Labang Naw, a student in Texas Technological College whose home is in Hama, Burma.

The young man is studying agriculture in the Lubbock College, where he is classified as a sophmore, and upon completion of his studies, he will return to his native country to take up work along this line.

He accompanied Miss Barbara Baumgardner and Marion Baumgardner here.

A believer in the Buddhist religion, he expressed much interest in Christianity and accompanied the Baumgardner family to the Methodist Church for Easter services.

In discussing education in Burma he told his hosts that courses in four religions, including Christianity, Mohammedism, Buddhism and Confusianism are required.

He also said that although the sanitary standards of his country were lower than those here, one never saw cancer or tuberculosis, and the young Burmese student credited this to the fact that his people never worry, even about war.

Mrs. Elizabeth Douglas of Dodson died Sunday, April 24, at the home of her daughter, Mrs. L. A. Rollins, with whom she lived. Mrs. Douglas' death came just one month to a day after she had observed her 100th birthday. She had lived at Dodson since 1911.

A Century of Living Closes

Mrs. Elizabeth Douglas Dies Sunday at 100

After living through one of the most exciting centuries in modern times, Mrs. Elizabeth Douglas died at her home in Dodson Sunday, April 24, one month to the day after she observed her 100th birthday.

For many years she had made her home with her daughter, Mrs. L. A. Rollings.

Funeral services were scheduled to be held at the Church of Christ in Dodson at 2:00 p. m. Wednesday afternoon, April 27, with Min. Van Bonneau in charge, assisted by the Rev. C. C. Montandon, pastor of the Nazarene Church, and the Rev. J. M. Morrison, pastor of the Methodist Church.

Burial will be in the Dodson cemetery under the direction of the Kelso Funeral Home.

Mrs. Douglas was born Elizabeth Morris, March 24, 1849, at Cowan, Tennessee, the daughter of Mr. and Mrs. Charles Morris. The families of her parents were among the early settlers of that state, and both her father and mother were also born in Tennessee.

To those who knew her in her later years, when she was still active, it seemed impossible that her life could have extended back to the days of the California Gold Rush, John Brown's Raid, and the publication of "Uncle Tom's Cabin.'

She grew up in Tennessee, and was a young girl during the Civil War. She recalled many incidents of that conflict, and once talked with General Robert E. Lee as he rode in front of her parents home.

Elizabeth Morris was married to John S. Douglas in 1866, and that same year they came to Texas, settling in Hood County.

Mrs. Douglas recalled the days of Indian raids on the then Texas frontier, and on one occasion par-

Farmers Reminded to List Their Wheat and Cotton Acreages

All wheat and cotton growers of the county were reminded this week by Millard Brown of the County AAA office that the signing up on acreage reports in connection with establishing allotments on wheat and cotton for the 1950 crop year is now under way. These reports are being taken at the AA A office by committeemen and office personnel.

Community sign-ups have also been scheduled and the following dates announced:

Wellington, April 27 and 28.
Dozier, April 29 and 30.
Samnorwood, May 3, 4 and 5.
Aberdeen, May 6 and 7
Cross Roads, May 10 and 11.
Quail and Marella, May 12, 13 and 14.

Community that have already signed up are Shinnery, Dodson, Fresno and Rolla.

"Some farmers are not reporting on their farms during the dates set for their particular community. Forms are being mailed out to the last known operator or owner of each farm to be filled out and brought back to the county office in person so that these reports can be completed.

"Any farmer who failed to get a notice through the mail should make a list of all crop acreages planted during the following years: 1941, 1945, 1946, 1947 and 1948, also intended acreages for 1949 then bring this information to the county office at the earliest possible date," Mr. Brown said.

"It is imperative that all reports be in the county office before June 1. Some have entertained the idea that there is a possibility of not having allotments and marketing quotas on next year's crop, but to the contrary, it is very evident that allotments will be established. Therefore, the planting of cotton or wheat on a farm for which an allotment has been established will be subject to the marketing quota penalty and will not be eligible for support prices.

"The committeemen and office personnel are very anixous to get this work completed before farmers get busy with their planting," Mr. Brown continued.

Key Clubbers are Ladies for a Day

Kiwanians Winners in Baseball Game Sun.

Perhaps it was the handicap or on the other hand it could have been the superior playing ability, at any rate the Kiwanis Club put the Key Club, its junior club, in its place by a 3-1 defeat in a softball game at Marion Airpark Sunday afternoon, April 24.

Key Club members played the game dressed as girls, and there were plenty of slick chicks on the field as they modeled the clothes or their sisters or girl friends. Stealing the show was Goat Harper, umpire, who was clothed in a snug print dress, flattering green and maroon stockings, high heeled shoes, and the latest in sun bonnets. He was ably assisted by Raymond Horton, another umpire, who protected himself with a gun and a knife whenever he made a decision.

In spite of the acttractiveness of the Key Club members, the Kiwanians steadily pursued the task at hand. Offering great appeal was Wilbur Earl Smith in a breathtaking Yellow dress with a draped front and a low cut neckline, Dale Hively, lovely in a blue figured dress and a head scarf, Joe Lynn Moore with his gay skirt and a mid riff, George McGill in a brightly colored skirt, Walter Lee O'Neil in a slimming red and white striped skirt, James Stevenson in a white skirt, yellow blouse and wide brimmed hat and mid riff and Lynn Wright in a brown and white skirt.

John Bray not only hurled his Kiwanians to victory, but he sparked the offense of his team as well. He scored in the second inning by stealing all the way after being walked by Burl Brim, Key Club pitcher. Bray whammed a homer in the top of the seventh for the second score for the team, and Lefty Thomas succeeded in running the score up to three runs when he combined speed sprinting with a one-base hit. The Key Club's lone score also came in the seventh Dale Hively crossing the plate.

The softball game was held as a benefit in order to raise money to promote the Key Club's soft ball team. However, according to comments heard after the game, there is some speculation as to wheather it might not be a better idea to organize a soft ball team for the Kiwanis Club.

Playing for the Kiwanis Club was Bray, pitcher; Hiram Cudd, catcher; Lefty Thomas, first base; L. B. Bratten, third base; Truman Lindsey, second base; Fred Thompson, short stop; James Sullivan, roving short stop; J. M. Moore, left field; Robert Watt, center field; and Dan Jones, right field.

Playing for the Key Club was Brim, pitcher; McGill, catcher; Donald Joe Terry, first base; Hively, second base; Smith, third base; O'Neil, short stop; Moore, roving short stop; Riley, left field; Lonnie Fuson, centerfield; Wright, right field; and Saied and Stevenson, substitutes.

Morton Judge Takes Friends for Plane Rides at Arlie Field

By Bethine Adkins

Judge and Mrs. Glynn Thompson and family of Morton flew to the Arlie Airfield Sunday, then visited the Methodist and Baptist Churches at Loco, and also with Mr. and Mrs. Capp Woods.

Large Crowd Observes 50th Church Anniversary

A large crowd, including many who have been members of the Friendship Missionary Baptist Church at some time during the last half century, gathered Wednesday night and Thursday, April 20 and 21, to observe the 50th anniversary of the founding of the church.

While the actual founding date was in January, the April data was set for the homecoming and anniversary observance.

All living former pastors were present, L. W. Hartman, church clerk, reported. These include Elder L. J. Crawford, Elder W. S. Crawford, Elder E. T. Vaughan, Elder V. A. Hansard, Elder J. O. Richardson, and the present pastor, Elder L. Stonecipher.

Four of those present had as children watched the organization of the church. They were the children of the late Mr. and Mrs. I. T. Goodnight, two of the charter members, and included R. H. Goodnight, and Mrs. Palo Cummings, who was Grace Goodnight. All live in this county.

One former pastor, Elder L. J. Crawford, is the only preacher living who helped to organize the Buck Creek Baptist Association, which was formed at the Friendship Church many years ago. He has been also closely associated with all pastors except the first one.

Elder Richardson preached at the Wednesday night session, and Elder Vaughan, Elder V. A. Hansard, Elder W. S. Crawford and Elder L. J. Crawford on Thursday. A song and prayer service opened the Thursday meeting, then the history of the church was given. Dinner was spread at noon, and in the afternoon, short talks were made by Elder R. H. Goodnight, Rev. M. L. Porter of Frederick, Okla., Elder T. R. Shannon and Mrs. Rankin.

Those from out of the county who came to the anniversary were Elder and Mrs. L. J. Crawford, R. O. Smith and Mrs. Joe Staggs of Shamrock; Elder and Mrs. W. S. Crawford and son of Newlin; Mr. and Mrs. H. E. Browning and Elder T. R. Shannon of Turkey; Mr. and Mrs. Gady Vise of Briscoe; Mr. and Mrs. Grady Vise of Wheeler; Mrs. Dora Vise of Mobeetie; Mr. andMrs. Melvin Hartman and son of Silverton; George H. Handcock, Mr.and Mrs. W. H. Hodnett and Miss Carolyn Hodnett of Lakeview; Rev. and Mrs. M. L. Porter and family of Frederick; J. E. Gentry of Borger; Elder and Mrs. V. A. McLean Sponsors Cow Pony Relay

McLean, Texas — A 20-mile cow pony relay race will be one of the features at the American Legion-sponsored rodeo, to be held here April 29 and 30 and May 1.

The 20-mile race will be run from Shamrock to McLean Saturday morning April 30, beginning at 9 o'clock. The race will involve three horses to each rider, and that rider must change his saddle at each relay station.

A $100 pot awaits the winner of the race. Entry fee is $10 per rider. Bob Sherrod of McLean is in charge of the contestants.

Another feature of the rodeo will be calf roping by McLean Merchants, many of whom have had little experience in riding, much less in roping. Roger Powers is in charge of this group.

Three performances of the rodeo will be given. The first will be Friday night at 8 o'clock, second Saturday afternoon at 2, and third Sunday afternoon at 2. The Legion will also sponsor two dances, one Friday night following the rodeo performance and the other Saturday night.

Spencer Sitter is serving as the rodeo committee chairman, and has announced that prize money will total more than $1,000 for the three performances.

Contests will include a ladies sponsor contest, bareback and saddle bronc riding, bull riding, bull dogging, and calf roping.

Cowboy headquarters during the three-day rodeo will be at the Alderson building, immediately south of the City Hall building. Legionnaires will be present at all times to handle entries.

Deck's DIDACTICS

—By Deskins Wells

The Leader's Austin correspondent reports that Grainger McIlhany has introduced and the House has passed an amendment to the Gilmer-Aiken Bill requiring one teacher for every 20 pupils. Until it was passed the bill called for one teacher for every 26 pupils. It is a good amendment.

* * *

Our correspondent also reports that the McLellan $19,000,000 natural gas levy to build county roads was killed in the house. Local farm bureau members are hostile about this and will try again next year. They realize that it is too late to get anything done this year.

* * *

The bill to establish a foundation for the treatment of cancer is so far behind the eight ball that it has no chance of passing as well as some 300 others.

* * *

The road to Rolla is being hard-surfaced. If we could get enough of these all-weather roads in Collingsworth County it would do much to lessen the problems of the comissioners, the school officials and the farmers who depend upon mechanized travel to attend to their business. Incidentally Texas is one of three states that will experiment with adding rubber to asphalt to improve road surfaces this year. It was first done successfully in the Netherlands. Advantages are said to be reduced maintenance costs, longer life, and a smoother more water-resistant and dust-free surface.

* * *

Mrs. A. C. Boverie suggests that people look about their properties to see if there are any old abandoned wells and cisterns that have not been filled. She says that there are a number in town. You are right, Mrs. Boverie. It is filled now; but two years ago two roping calves fell in one on the east side of town and stayed there three days before being discovered. What if these had been children.

* * *

It is against the law to shoot shotguns, rifles or air rifles across any street or alley in Wellington. Parents whose sons have guns should caution them about this. It is practically impossible to shoot off any sort of firearm without the bullets passing over a street or an alley. The youngsters should be advised against use of firearms of any sort in the city limits. They are violating the law and can be prosecuted. City officials say that they intend to do something about it.

Kiwanis NOTES

Did you ever a Parson who could sing as well as he can preach (maybe better)? Reverend Noel Bryant can do both, well. He has the classification of a Key Club member.

Reverend Noel took care of the "Vocal Articulation" last Friday and I do not think I have ever witnessed or listened to a better rendition of singing ability.

A couple of stray, lost, or stolen members (Lester Smith and Buck Frisbie) were present Friday . . . Hope they keep up the good work.

We are honored to have a new member that I know will be a valuable asset to the club . . . Meet George Shadid.

Kangaroo Court was instituted Friday . . . Joe McWilliams filed charges against Cameron Beam for attempted commercializing. Cameron was wearing some type of button signifying that he sold kilowatts. Howard Riggs was appointed judge at the trial. Cameron was fined a box of cigars.

Jerry, Cameron, Pat . . . I knew that Wellington people were blessed with good talent but you certainly put on "The Best Demonstration of Sentiment" of persons shaking hands that could be imaginable.

Be sure and get to the Banquet Friday night, when the Key Club boys will receive their Charter. You can rest assured that good food fill be served and a good program well presented. This event is also in celebration of the 20th Anniversary of the Kiwanis Club.

Now, for the report as to the outcome of the ball game between the Kiwanis Club and the Key Club. "Daisy Mae" Goat Hopper and Murphey's Mule Barn" Raymond Horton just plain stole the show. If you didn't see the game you missed a lot of excellent entertainment. Apparently both sides had professional players due to the fact that very few scores were made and only one error was recorded other than the one that Raymond made when he lost his pants just before he reached first base, and exposed his red long-handles.

Don't Miss That Banquet!

Norwood Seniors To Give Play In Wellington

The sophmore class of Wellington high school is sponsoring the presentation of "Take Your Medicine." the Samnorwood senior play, at the Wellington high school auditorium Thursday night, at 8:00 p. m.

One of the outstanding school comedies to be presented this season, the repeat performance here has been requested by many who saw it the first time.

The story concerns high tempered Henry K. Dodson, bank president, played by Richard Overcast, who offers his niece's fiance, a doctor of philosophy and college president whom he believes to be a medical doctor, $50,000 for the first life he saves. With that much at stake, Bill, who is Doug Payne, doesn't correct the wrong impression. What follows provides the comedy of the play.

Others taking part are Jo Ann Rountree, Wanda Browning, Ferne Thompson, Claude Caperton, Lucille Barker, Jeanette Young, John Edd Roark, Mary Carolyn Whitson.

Mrs. Selba Rainey is directing the play.

The public is cordially invited quested to sit with their parents or to attend, and children are re- the adult with whom they attend during the play.

HIGH AND LOW BLOOD PRESSURE SUCCESSFULLY TREATED

E. H. Boaz, M. D.
Box 627
Childress, Texas

Doctor Boaz:

I decided to take your tablets as I had high blood pressure for several years. Had been operated on for fibroid tumor 15 years ago. Never felt well since my operation, as I had phlebitis in one leg and have had it treated all along but doctors said no cure for it but I'm better now with my leg, but had to take something all the time for high blood pressure. Being so discouraged because I had to take medicine every day with nothing but temporary relief I decided to try your tablets so I sent to the Palace Drug Store here and have taken 50 tablets and feel better and am sending back for 50 more. I want to take enough to do my blood pressure real good.

Yours truly,
Mrs. H. B. Martindale

Other statements of her speech were: "Interest is being awakened in young folks by organization of Future Teachers of America Clubs, and by offering scholarships for training." The most potent recruiter is the teacher herself. She must be proud that she is a teacher and tell people about it. ...nds Game in 8th Inning

...Dukes Open Season at Mangum With Win

The Dukes of Wellington opened the 1949 Red River Valley League season with a 4 to 3 win over Mangum Sunday at Mangum.

...game was called in the 8th ... on account of hard rain.

...s was an exciting game from ... fans viewpoint. The Dukes got ...f to a one-score lead in the first inning on hits by Francis and Jones, and a Mangum error.

The first nine Mangum batters were retired in order, but in the fourth they scored two runs to lead two to one. The Dukes scored one in the 5th to tie the count and Mangum went ahead 3 to 2 in the sixth. The Dukes came back with two scores in the seventh, making the count 4 to 3. Mangum was retired in order in the seventh, then in the 8th a heavy downpour stopped the activities for the day.

The Dukes were impressive in win, indicating that the local fans will have plenty of reason to expect much good baseball this season.

Jim Batchelor was on the moundfriends in Oklahoma City. for the Dukes, and held the Mangum Club to 4 hits and was master of the situation all the way. He pitched an excellent ball game. He retired the first three batters on three pitched balls.

The Dukes also looked good at bat and in the field as well, although there was some ragged playing on both sides.

Walker, right fielder for Mangum, caught a low outside pitch for a home run in the fourth.

Batteries, for Mangum were Houch, Odneal, pitchers, and Plew catching; and Wellington: Batchelor, pitching and Morris, Catching.

Leader Ad Brings Lost $20 Bill to McLean Owner

Rual Smith of McLean is impressed with a piece of honesty he encountered in Wellington, and also with the results he got from a classified ad in The Leader.

Recently Mr. Smith's daughter dropped a $20 bill as she was leaving the office of Dr. J. M. Orr in Wellington, but did not miss it until she had reached the square. Although she retraced her steps, she couldn't find the bill.

An ad in that week's issue of The Leader brought a reply from Tom Campbell, who notified Dr. Orr's office that he had found the bill, after it had blown more than a block to a point in front of the Higdon Motor Co.

"I went down to Mr. Campbell's house and offered to give him the $20, it was worth that much to find a man that honest, but he wouldn't take it," Mr. Smith commented.

Mr. and Mrs. Bill Tarter and Mona Jean attended the Preston-Ryan wedding in Childress Easter Sunday.

Mr. and Mrs. Alvin Horton and son, John Alvin, and Elinor King attended the Easter pageant in Lawton, Okla.

...on Hill Speaks ...&PW Banquet

...undred members of the ...ss and Professional Women's ..., their bosses, and other guests ...ard the Rev. Leon C. Hill, pastor ... San Jacinto Baptist Church, Amarillo, Tuesday night as he probed with humor the foibles and weaknesses, mainly apocryphal, of women, doctors, lawyers, merchants others of the human race. The occasion was the annual bosses banquet of the club.

Rev. Hill turned his attention to more serious matters near the end of his talk, as he spoke particularly to the business women attending. Telling them that each one was provideing the groundwork for some successful business or professional man, he urged them to work capably, and to the best of her ability.

Toastmaster for the occasion was Henry Sullivan, who started the program off in the humorous vein which was to follow through the evening.

Shakespeare provided laughter, as Charles Briley interpreted the cutting from "Taming of the Shrew" depicting the wooing of temperamental Kate. His number was "Foreigners View the Statue of Liberty."

Two vocal solos were given by Rufus Johnson, "Smilin' Through" and "Ah, Sweet Mystery of Life."

Miss Katherine Boverie gave the invocation.

Greeting the guests as they arrived were Mrs. Dick Richards, club vice-president, and Miss Inez Leach, secretary. Miss Rita Duncan registered those attending.

Skyrockets Play -

(Continued from Page One)

McLean Tigers this Tuesday.

In their second straight district victory in baseball, the Skyrockets trounced Shamrock 18-5 in a game played there last Friday, April 22. The Rockets started their scoring with two runs in the first inning, then went on to stack up three in the second, two in the third, four each in the fourth and fifth, one in the sixth and two in the seventh.

Only three runs yielding innings were allowed the Irish as they scored two runs in the second, one in the third and two in the fourth. The Rockets pounded the two Shamrock pitchers for sixteen hits while Orville Copeland allowed the Irish seven hits.

Boone Eads, Rockets' left fielder, continued to swing the big bat for the Wellington team by rapping out a pair of home runs and a double. Bobby McCutchen, third baseman, hit two singles, a double and a triple, Burl Brim, second Copeland hit a single and a double.

McCutchen and Donald Joe Terry went the route for the Skyrockets' runs in the first inning. In the second Eads' homer scored Terry who had doubled in turn scoring McCutchen who was on by his triple. Dale Hively, first sacker, and Copeland, were brought in after Hively had singled. Brim had singled, and McCutchen had knocked a double, in the third inning.

The fourth inning was a big one with four runs with Lindell Norman, catcher, Hively, Gene Moore, short stop, and Newell Van Pelt, right fielder, all going the route with the aid of a single by Brim, McCutchen, Norman, Van Pelt, Copeland, and a double by Hively.

Another big inning was staged in the fifth with Eads, Norman, Hively and Moore crossing the plate with the aid of Eads's homer and a single by Moore. Terry was the lone Skyrocket to score in the sixth inning when Eads doubled to bring him in, and Van Pelt and Copeland scored in the final inning after Copeland had doubled and Brim and McCutchen had gotten on base.

ticularly when her husband was away from home and she called a negro woman to stay with her, and they sat throughout the night with loaded guns, in case the Indians should come.

Mr. Douglas died in 1885, and she assumed the full responsibility of rearing her seven children, the youngest only 3.

She later moved to Parker County, and in 1911, came to Dodson to live. She continued to make that her home, although she often made extended visits with other children. Even when she was more than 90 years of age, she traveled to California and to Tennessee to visit.

Altogether, Mrs. Douglas has 133 living descendents, including four children, 26 grand children, 69 great grand children and 34 great great grand children. The children surviving are Mrs. Rollings of Dodson, J. S. Douglas of Tulare, Calif.; S. A. Douglas of Malvern, Ark., and A. A. Douglas of Riesel.

some years back, and is brought to you by Universal-International pictures who gave movie-goers "Canyon Passage" several seasons ago.

Though this new action picture is not booked as a premiere, Manager Passmore said, no one else in the world will see it until it has completed its 41 exclusive pre-national release runs in Oklahoma and Texas.

With splendidly filmed technicolor outdoor backgrounds contributing much to the values of this adaptation from Zane Grey's "Wildfire" story, "Red Canyon" delivers a yarn that sustains interest and is intelligently developed.

There is spasmodic punctuation with action elements.

The vistas of the wild horse country are rugged and colorful, and the audience that likes escapism in top grade color with a basic plot that varies from the routine western should find this one quite to their taste.

The players who know what the performing score is acquit themselves in skilful fashion.

With its Rocky Mountain color, a Zane Grey story, and able production by the hands of proven experience, "Red Canyon" is a piece of entertainment every family can enjoy.

Quail Teachers Re-elected for Coming Year

All teachers of the Quail school system who had advised the board of trustees they wished to return next year were re-elected in a recent meeting of the board, Noah Cunningham, superintendent, has announced.

At the same meeting, three new members were installed, Travis McGuire, Osa Black and Fred Bourland. Mr. Bourland was elected president and Z. J. Neeley was re-elected secretary.

The purchase of two new school buses was authorized.

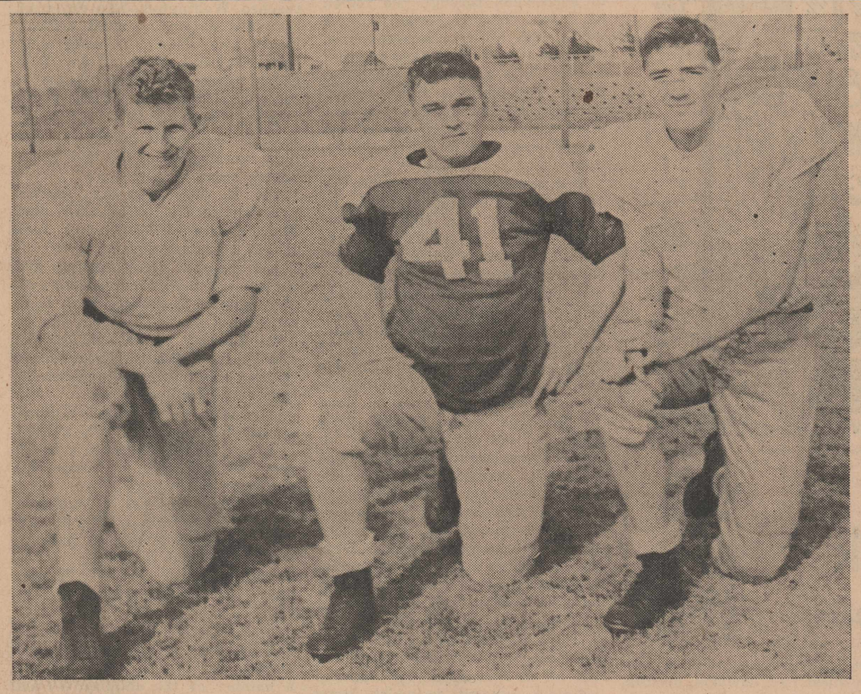

"The board is stressing tenure in this school and is offering two year contracts to all teachers except those who requested only one year or those who are under advisement of the board. All teachers were re-elected with the understanding that they meet the requirements sent out by the Department of Education under the new school program, which at this time is not known due to the delay of the legislature on passing the next biennnium school laws," Mr. Cunningham said.

Five teachers had informed the board they did not wish to be re-elected, Miss Daisy Cagle, Mrs. Ben Ratliff, Mrs. W. W. White, Miss Bonnie Griffin and Mrs. Jack Davis.

Miss Cagle this year is finishing her 25th year in the profession, which makes her eligible for teacher retirement. Mrs. Ratliff told the board that she added responsibilities at home since her family has expanded its farming operations.

Mrs. White has taught during the second semester only and accepted the place to assist in an emergency created by the resignation of Miss Bernice Griffin. She does not plan to teach any more. Miss Bonnie Griffin plans to make her home in Oklahoma, and Mrs. Davis has been advised by her doc-

Elected to serve with him were Lloyd Langley of Quail, vice-president; Mrs. Bynum Hightower of Dodson, secretary; and Mrs. Gorman Owens of Memphis, treasurer.

Hosts for the occasion were the members of this year's senior class. One hundred and thirty guests registered for the banquet.

Guest speaker was Johnny Linn of Radio Station KGNC, Amarillo. Noah Cunningham, superintendent of the school, served as toastmaster. Mr. Peggram gave the invocation. Spraying to Kill Weeds and Sagebrush Brings New Phase of Farming to Collingsworth

Spraying wheatfields with chemical poisons to kill weeds, and spraying to kill sagebrush in pasture land form a new step for Collingsworth County agriculture this year, County Agent J. W. Thomas reported this week.

Mr. Thomas and several farmers have been studying the method closely, as well as examining actual work done in Lipscomb county.

The chemical 2-4-D is used in spraying both weeds in wheat and sagebrush, although in the latter case, diesel oil is added to the poison and water spray.

Mr. Thomas pointed out that spraying as a weed killer or sagebrush killer is not perfected at present, and that it doesn't present a cure-all for the farmer's weed-killing problem. But he does think enough of it to encourage that it be given a fair trial.

The county agent has studied the methods used by Dave Savage, superintendent of the Woodward, Okla., experiment station. Last week Mr. Thomas and Tom Campbell observed results on sage spraying in two fields and under two conditions.

Mr. Thomas pointed out that atmospheric conditions were often the determining factor whether spraying was successful. One of the fields examined had been sprayed in early morning, following a rain which had fallen in a streak across the county. An excellent kill was obtained here. The other field had been sprayed the same day, but several hours later than the first, and in a section where no rain had fallen. Results were poor.

"It is recommended that spraying should be done when the sage is at full leaf and growing vigorously, and if at all possible early in the morning when humidity is high," Mr. Thomas declared.

Work is already under way spraying wheat fields in the Loco and Dodson areas. Merritt Durfey of Loco is doing custom spraying with spray equipment mounted on his tractor. Most of the spraying is being done in fields where the stand of wheat is relatively thin, and weeds are getting a head start.

Mr. Durfey has done work for himself, and for Hugh Painter, Dennis Holland and Jack Deahl of Dodson, and for J. I. Thomas south of Wellington.

The recommendation of the Woodward Experiment Station is one-third pound of 2-4-D acid in the ester form, mixed with five to 10 gallons of water, to spray one acre, or one-half pound of 2-4-D acid in the amine form mixed with the same amount of water.

As to the cost of this type of weed killing, Mr. Durfey is charging $1.75 per acre for custom work. Joe Baumgardner, who lives south of town, is doing his own spraying and estimates the cost at 80c to $1.00 per acre, for materials only, and not counting the cost of gas and oil for the tractor.

While there will not be a great deal of this type of work done this season, Mr. Thomas points to it as a type of weed killing to watch.

Several stockmen, including Andy Bell and Drury Lacy, plan to spray sagebrush in their pastures.

Mr. Thomas said that Mr. Savage's recommendation for sage spraying was three-fourths pound of 2-4-D acid ester, one gallon of diesel oil No. 2, and four gallons of water per acre. Or, a stronger solution, and more effective, would be simply three gallons of diesel oil No. 2 and three-fourths pound of acid ester per acre.

If the amine form is used, the spray should include one gallon of diesel oil No. 2, four gallons of water and one pound of 2-4-D amine acid.

Mr. Thomas warned that a farmer poisoning sage should not look for complete results until 13 months has passed. Some results can occasionally be seen as early as 10 days after spraying, or, in some cases, spraying may appear to accelerate growth for a period of around a month.

"Remember, these are recommendations and not guarantees," Mr. Savage told Mr. Thomas.

Concerning spraying by airplane, Mr. Thomas said that this form had its place, particularly in rough terrain, but he did not expect its extensive use here. In addition to the danger to the pilot and plane, he said that the charge of around $2.25 now being made around Lipscomb for spraying by plane will barely cover the cost of the spraying materials and fuel for the plane.

People May Know About Cancer

ar II brought into existence nd powerful weapon — atomic . Not only has it been found po- t against the enemies of America, ut against the enemies of all mankind. For even as it can destroy the human body, so can it destroy certain cancerous growths which prey upon the human body. Since this fact became known, scientists and physicians throughout the world have been studying the use of radioactive substances in the control of cancer. At the present time there is no doubt that the products of atomic fission are of marked value in cancer research and treatment. Consequently, it is to the interest of the citizens of Texas that facilities be made available in this state, for the proper distribution, study, and application of these radioactive materials in the control of this vicious and deadly disease.

But radioactive materials cannot be handled and studied freely, as can most medicines, without elaborate protective devices. Nor can physicians administer these potent substances to patients withoutfirst becoming thoroughly familiar with their proper use.

For these reasons, a bill was introduced in The Texas Legislature which provided $1,350,000 for the construction and equipping of a Radiologic Institute and Atomic Energy Research Laboratory as part of The University of Texas, M. D. Anderson Hospital for Cancer Research. If this Institution is established, it will be one of very few such institutions in the United States; it will be the only one in the South. Consequently, there is no doubt that private philanthropies, national research organizations and the Federal government will find it eligible as a recipient of funds for cancer research and treatment. Thus, the people of Texas will get far more than they actually pay for.

There are many hundreds of cancer victims in this state who would be measurably benefitted or whose lives actually would be saved, if we had this Radiologic Institute right now. These unfortunate persons are being largely deprived of the use of the new radioactive materials and the modern super-voltake X-ray equipment because they cannot afford to travel to New York, Chicago or California for treatment. As the years go by, thousands of other victims of cancer will be cured of their suffering ameliorated because of the operation of the Radiological Institute.

Bearing these facts in mind, one is puzzled to find that in a recent Senate committee meeting, all provisions for the building and equipping of this institution were deleted from the appropriation bill. If the State were in serious financial jeopardy, this Senate action might be understandable. But actually there is a surplus of over $100,000,000 in the general fund. Consequently, one must conclude that our law-makers are not familiar with the need for a Radiological Institute and Atomic Energy Research Laboratory. Or, the voters of the state have not expressed a desire to have this Institution established. But whatever the reason fo rtheir action, the fact remains that the Radiological Institute will not be established unless the voters of Texas "do something about it."

It is to the interest of thousands of our afflicted fellowmen, therefore, that the voters of Texas, during the next ten days o rso, inform their State Senatros and Representatives of their needs and interests in this gravely important measure.

OTHER EDITORS SAY:—

The Field at Home Is Greenest

Good cars to go in, money to spend after you get there and effective merchandising advertising by city stores have done much to foster in small towns the false illusion that "the-grass-is-greenest-in-the-other-fellow's - pasture," or to put it in other words, "you-can-buy things-cheaper-away-from-home."

This idea and those akin to it need to be taken down for a closer examination. There are concrete comparisons that can be made on the basic items such as food and clothing and furniture and hardware. For one thing, check the prices of these items in the daily newspaper, than check the prices of these items which the merchants of Wellington are advertising in The Wellington Leader. In a majority of cases you will find that the prices you pay locally are cheaper than those in any other place, and you have spent no more gasoline money to buy your purchases than you would on any normal trip to town. This applies alike for such things as food, clothing, shelter and furnishings.

Almost every merchant in Wellington can be described as alert. They are giving their customers the kind and type of merchandise they want and in the style they want. Item after item after item that is admired in the pages of a slick paper magazine is to be found on the shelves of the marchants right here in Wellington. That goes for dresses and coats, for china and silver and crystal, for sofas and radio-phonographs and cosmetics. Granted, there are many items which you cannot find here, but it is safe to say that there isn's a merchant here that won't make an effort to get such an item for you. They can't afford to stock things for which there is no demand, but when afew customers indicate a desire for something, a good many times it isn't long before you find that item is stocked reguraly.

There is one other consideration that is invaluable in home buying, prompt service and the ability to get an item when you want it.

All of us spending our dollars amounts up to a lot of business in the course of a year, and if Wellington and its territory is going to prosper and grow, this business needs to done at home.

Just a Lovers' Quarrel

The Buck Creek Philosopher

Editor's note: The Buck Creek Philosopher on his Johnson grass farm on Buck Creek seems a little alarmed this week, although probably unnecessarily.

Dear editar:

On account of my neighbor being a non-progressive stuffed-shirt and threatenin to report me to the post office department for takin his newspaper out of his mail box, which goes to sow it don't pay to tell the truth, I didn't have to admit I took it last week, and besides he wouldn't get far in court accusin me of stealin a copy of The Wellington, wouldn't no judge believe it was enough to call a theft, I been leavin his mail box alone this week and am happy to report newspapers have been turnin up just the same, providin you skip a point and call yours a newspaper, but there was one paper that turned up which I had just as soon it adn't. Ruined my day.

In this paper I discovered where one farmer out in West Texas was suin another farmer for lettin sand blow on his farm, claimin if he had farmed right it never would have happened.

We got to put a stop to that sort of thing now. Ordinarily I don't get disturbed over what other people do or what they think about me, but if we have reached the point where I'm gonna be held responsible for what blows off my farm, the end of freedom ain't far off. If we have reached the point where a man can be sued for not farmin right, you see where this leaves free dom and me both. What if some neighbor decides Johnson grass seed from my farm is blowin over on his farm? What if he decides I ought to get the weeds out of my cotton?

However, don't think I'm the only one who is squirmin. Don't think this thing applies just to what you like to call a lazy farmer. This thing has a lot of possibilities. What if you're in the grocery business and a neighboring groceryman claims you ain't runnin your grocery store right and as a consequence it's drivin customers out of that end of town? This thing could apply to all kinds of enterprise. I ain't callin no names, but I know of lots of people, business men, lawyers, doctors, teachers, maybe one or two preachers, who ain't runnin their business as efficiently as they could, who ain't as energetic as they might be, and if they're gonna be subject to lawsuits, you can see where the thing will lead. Why I know lots of editors . . . you got a good lawyer to defend you?

This thing out to be carried to the supreme court if necessary. I ain't never seen one, but judgin from the lawyers I know, I got a idea even some of the supreme court judges themselves don't always work as hard as some neighbor might think they should.

Yours faithfully,
J. A.

BIBLE COMMENT
FOR MAY 1

We Must Accept Jesus as Master, Savior and King

During the last journey of Jesus to Jerusalem, through the region of Perea, "beyond Jordan," Jesus spoke with hitherto unaccustomed definiteness of the dangers that awaited Him, and of His sacrificial death. The disciples failed to understand His words, however, and apparently still looked toward His establishment of an earthly kingdom.

But now the time had come for His public commitment, and the fulfillment of His ministry. Previously Jesus had shown great reluctance to public full commitment. When the disciples, or at least Peter, hailed Him as the Messiah, His charge was that they should tell no man. When the multitudes thronged upon Him, seeming to force some fuller commitment, He retired to the mountain, or desert, or took refuge in a boat on Lake Galilee. The record is that "His hour had not yet come."

The Messiahship of Jesus was now fully proclaimed, though His ministry was yet to find its fulfillment in His death and resurrection. One cannot read the record of that triumphal entry into Jerusalem without a sense of the amazing nature of that unstaged pageant, the holiest and most moving procession in all history.

The significance of that last triumphal entry into Jerusalem was not all in that great, spontaneous religious pageant, in which Jesus publicly accepted the acknowledgment as Messiah and King. This public commitment had deeper and more serious at least in terms of His personal danger.

It was not without reserve that Jesus attacked the evils and hypocrisies of His time, especially the hypocrisies of the professed religious authorities and leaders, who ought to have been the foremost defenders of righteousness.

His attack was not on the forms of religion, "These things ought ye to have done," but upon the leaving undone of all that the forms professed. "Ye serpents, ye generation of vipers, how can ye escape the damnation of hell?"

Those who think that Jesus had no social mission and message might well consider the utterances of that last week. It is hypocrisy to profess allegiance to Him as King, unless we accept Him as Savior.

It is a scene which everyone should see. It stamps a much clearer scene of the Life of Jesus in our minds, then any other thing can do. The weather was ideal except a little cool before daybreak. The multitude was almost comfortable, but what a beautiful picture they made sitting down on the hill sides. It reminds us of the pictures of the multitudes that followed Jesus in his life time on earth. One's time is well worth spent to go see the Pageant.

The New '49 PONTIAC

Pontiac—Division of General Motors

Even Better than it Looks!

When you observe its fresh and fleet new beauty, it might seem unbelievable when we say that the 1949 Pontiac is even better than it looks. But after you've experienced its really exciting performance, we're sure you, too, will agree that in basic goodness, it surpasses its own good looks!

It's hard to believe a car so low-priced could combine the flashing sleekness of Pontiac's new styling . . . the gracious comfort of Pontiac's new Vision-Aire interiors . . . and the almost incredible smoothness of Pontiac's exclusive "Travelux" Ride. Add to those unique attractions, the "zing" . . . the economy and *proved dependability* of Pontiac's famous improved straight eight and six cylinder engines . . . and the matchless driving enjoyment of GM Hydra-Matic (optional at extra cost) and you've got something almost irresistible! There's no better time than now to see it and place your order.

The Easter parade, as is sometimes called is over, but who does not enjoy seeing the gay little frocks worn with all kinds of cute hats and Easter bonnets, and the children carrying their pretty little baskets hunting in the grass for the bright colored eggs. Yes, all this is beautiful, but when we think of the real meaning of Easter it makes our hearts leap with joy. To a Christian it means Christ has risen, it means that our leader has gained the victor over death, hell and the grave, and all who die believe in Christ as their personal Savior will rise likewise.

Mrs. Eddie Smith gave her grandson, Don Towns, and a few of his little friends an egg hunt near the creek. While the grown ups were hiding the eggs the children enjoyed playing in the sand. Sherrie and Judy Smith, Sherrie Somerville, John, Larry, and Garry Don Smith; Gene Drummond, Tanya Smith, and Don Towns enjoyed the hunt.

Bobbie Atkins of the Loco community spent Wednesday night with Georgie Mae Brawley.

W. B. Wilson from Olton is spending a few days with his son, O. B. Wilson. He and Mr. and Mrs. Wilson attended the Easter program Sunday at Salt Fork.

Mr. and Mrs. Boyd Barjenbruch from Sunset spent the week end visiting their parents Mr. and Mrs. M. C. Pigg and Mr. and Mrs. John Barjenbruch.

Elinor Drake spent last Thursday night with LaJuan Wilson and Betty Karnes visited LaJuan Friday night.

Mrs. Ed C. Smith entertained out of town relatives last week with a dinner in her home. Those present were Mr. Tom Jones, Brighton, Colorado, and daughter, Odessa and Mrs. Pat Hamilton of Washing, also Curtis Clements and small daughter from Espenda, N. M. Mr. Clement is the coach in the school there and her son, Mr. and Mrs. Jap Smith who live here.

William and Robert Barjenbruch and Robert Karnes returned Saturday afternoon from Possum Kingdom where they had been on a fishing trip. It was so cold and windy during the time they were gone, I think they were glad to get home. It is a secret the number and size of the fish they caught, however, you might be able to find out by talking to them privately.

Miss Georgie Mae Brawley entertained her Freshmen Class in her home Monday, April 12. Games were played and refreshments of sandwiches, cookies and cold drinks were served.

Leonard Karnes moved a house last Thursday into town from near Lillie. They will be located in a week or two on Floydada Street. Billy Wayne Karnes from Amarillo spent Saturday and Sunday with his parents.

Mr. and Mrs. Willie Smith honored their son, Maurice Smith, with a birthday dinner Easter Sunday in their home. Those who enjoyed the delicious meal were Mr. and Mrs. Eddie Smith and Don Towns, Keith Smith and daughters, Sherrie and Judy, Mr. and Mrs. Maurice Smith and children, John, Larry, and Garry Don, Patsy and Tanya Smith and the hosts.

Miss Lola Fay Richerson had as guests in her home over the Easter holidays, her sister and family, Mr. and Mrs. Vernon Newton and son, Norman, her niece, Mr. and Mrs. R. C. Huckeby and little daughter, Kathy of Lubbock, also another sister from Carry, Mrs. H. Weatherly.

John L. Hannon, architect of Amarillo, estimates the building to cost $35,240. Board of directors of the Wesley Foundation will be present. They are Rev. ington FFA Holds nual Banquet April 21

had his day in Wellington, ursday, April 21, as he laid side his cares, slicked down his hair, donned his Sunday best and accompanied his son to the annual father and son banquet at the Community Building as an honor guest. He enjoyed fried chicken prepared by members of the Wellington Future Farmers and a program designed to please him.

Guest speaker for the evening was Leroy Thornberg, White Deer, state vice-president of the Future Farmers of America. Thornberg stressed that the occasion of the father and son banquet illustrated the type of teamwork that has made the Future Farmers of America a success.

"It has taken the co-operation of the parents, teachers and the boys themselves to achieve the goals of the organization," Thornberg said. In explaning the system of awards in Future Farmers of America, Thornberg pointed out that contests are the methods of picking out the outstanding points along the line. Teamwork, practice and proof by these contests make up the plan of future farmers work.
