Cool Air Lingers Over Texas

By The Associated Press

Another day of cloudy skies and thundershowers was forecast for Thursday as skies were to be cloudy to partly cloudy over all of the state except West Texas.

Scattered thundershowers were forecast for Central and East Texas Thursday and in Northeast Texas by early Friday.

Temperatures were to be cooler over all but West Texas today, where they were to be slightly warmer than Wednesday's highs.

Thundershowers were reported Wednesday night and early Thursday in Mineral Wells, Mount Vernon, Tyler, Denison, near Waco, Denton, and the Dallas-Fort Worth area.

There were some reports of light hail near Abilene, but no damage reports were immediately given.

A severe weather bulletin was in effect for several hours Wednesday night across a wide area of the state. Included in the severe weather forecast area was the eastern edge of the country east of the Pecos River, parts of the Del Rio-Eagle Pass area, the extreme southern end of North Central Texas and parts of South Central Texas. The warning expired at 1 a.m. Thursday.

Temperatures early Thursday ranged from the upper 30s in the Panhandle to the lower 70s along the gulf coast.

CLEAR FLAMMABLES FROM FIRED AIRFIELD — U.S. Air Force enlisted men pair up to clear oil drums as fire spreads from blazing oil storage tanks at Saigon's Tan Son Nhut Airbase. Viet Cong guerrillas unleashed a mortar barrage on the base killing seven Americans and injuring at least 155 others. (AP Wirephoto via radio from Saigon)

Buddhists Calmed By Promise Of Elections

By EDWIN Q. WHITE

SAIGON, South Viet Nam (AP) — Thousands of jubilant Buddhist demonstrators marched peacefully through Saigon today in a victory celebration after the military regime decreed elections for a civilian government in three to five months.

A ranking Buddhist leader said the junta's formal pledge "satisfies our main demands."

The willingness of the Buddhist hierarchy to accept the election pledge may mean the survival of the U.S.-supported military government until the nationwide elections. On Sunday, the Buddhists had demanded the immediate resignation of the junta.

When the Buddhist leaders received word of the decree, they at first called off a planned antigovernment march into the city and decided instead to hold a "meeting of good will" on the grounds of the Buddhist Institute on the outskirts of Saigon.

But as thousands of their supporters flocked to the compound in a carnival atmosphere, the Buddhists decided to stage the march as a "victory celebration." The marchers initially were only to go two blocks, but then the Buddhist leaders amended themselves again and let the huge throng walk on.

After walking through some main streets, the crowd made its way back to the Buddhist Institute at dark.

Scores of the marchers carried antigovernment banners they had brought out before the character of the demonstration was changed.

In contrast to the clashes last week between demonstrators and police and troops, police cleared the way for the marchers and held back watching crowds as the demonstrators moved slowly along.

The military chief of state, Lt. Gen. Nguyen Van Thieu, signed the election decree at the close of a three-day political congress called by the military junta to recommend ways to achieve the changeover to civilian rule.

The Buddhists softened their boycott of the congress by sending a lay observer to the final session. Premier Nguyen Cao Ky summoned the congress in April 3 in an effort to stem the rising tide of antigovernment demonstrations in Saigon and Buddhist strongholds in the north.

Indication that the Buddhists might be willing to take the government at its word came from two key members of the hierarchy.

Thich (Venerable) Tam Chau, the chairman of the Buddhist Institute, said in a public letter to the coleader of the recently formed antigovernment Buddhist Struggle Forces, Thich Thien Minh:

"The decree indicates that the government has agreed to some proposals asked for by the Buddhist people and also informed us that a national assembly will be formed in the near future.

"The Buddhist Institute wishes to inform all branches of the faith about this development. All demonstrations planned this afternoon should be called off, and a meeting held instead in the institute grounds to show our good will."

Ho Giac, the other coleader of the Buddhist Struggle Forces and director of lay affairs for the Buddhist Institute, said the military government had "satisfied our main demands."

"The main point of the Buddhist struggle was for general elections as soon as possible," he added. The government decree will give us these elections in the next three to five months. Therefore, our main aims have been met."

HE SAID UNCLE — A Vietnam Day committee demonstrator is forced to the ground by a Berkeley, Calif., policeman when VDC demonstration erupted into a club-swinging melee. Riot threatened when police moved into an apartment in downtown Berkeley in an attempt to seize loudspeakers which they said were used without a permit. Some demonstrators were injured. Six arrests were made. (AP Wirephoto)

Teachers At Hermleigh Are Rehired

HERMLEIGH — The Hermleigh School Board has awarded new contracts for 1966-67 to faculty members now employed in the school.

Included are Edna Clift, first grade; Ruth Boattenhamer, second grade; Mildred Simmons, third grade; Norma Mayes, fourth grade; Effie Farmer, fifth grade; Edna Shields, junior high math; Judy Kahl, junior high English.

Also, Ronnie Kahl, social studies and assistant coach; Roxie Soules, English and Spanish; Frank Barnes, agriculture; Shirley Barnes, commercial subjects; W. C. Hodges, head coach and math; Ginny Melton, homemaking; Jacquelyn Taylor, secretary.

Contracts were awarded at the March meeting to Ted Averitt, superintendent; George Vicary, high school principal, and Tommy Riley, elementary school principal.

Title I employes under the federal program will be employed at a later date when federal funds for the program are appropriated.

N-Test Conducted

WASHINGTON (AP) — A nuclear test of low intermediate yield, a blast force equal to between 20,000 and 200,000 tons of TNT, was conducted underground today at the Atomic Energy Commission's Nevada test site, the AEC announced.

'Cong Cornered At Bombed-Out Pass

By THOMAS A. REEDY

SAIGON, South Viet Nam (AP) — Several thousand U.S. Marines opened a new search operation today in the rice paddies overlooking the South China Sea, while Air Force F105 Thunderchiefs caught a dozen trucks near the entrance to North Viet Nam's landslide-clogged Mu Gia Pass.

The Leathernecks killed 14 Viet Cong, captured five and took 67 suspects in tow at the outset of a multibattalion search and destroy operation 23 miles south of Chu Lai. The area has been in Viet Cong hands for years.

Ten Marines stripped to the waist and moved with pistols and flashlights through a network of tunnels where they seized 15 Vietnamese suspected of being Viet Cong. Some pajama-clad fighters were seen fleeing the maze beneath the hamlet of An Hai a short time before.

The Air Force jets returned Wednesday to the strategic pass on the Laotian frontier, 230 miles south of Hahoi, where B52s dropped 1.4 million pounds of bombs on Tuesday in the first raid by the stratofortresses on North Viet Nam. Military sources in Washington said some of the big bombs were rigged with delayed-action devices to explode days later, thereby discouraging Communist road clearing work.

The Thunderchiefs spotted 12 trucks on Route 15 at the entrance to the bottled-up pass. At least four were destroyed, an Air Force spokesman said. He also said aerial photographs confirmed that the pass was completely blocked by landslides.

The mountain roadway links up with the Ho Chi Minh Trail in neighboring Laos, the major infiltration route to South Viet Nam.

In the south, Air Force and Navy jets set off three secondary explosions followed by 11 more blasts in 90 sorties against what appeared to be a Communist ammunition dump 65 miles nothwest of Saigon.

Iraqi President Killed In Crash

By ELIAS ANTAR

BEIRUT, Lebanon (AP) — President Abdel Salam Aref of Iraq, who survived repeated violent political upheavals in the past eight years, was killed Wednesday night in the crash of his helicopter 20 minutes after taking off from a political rally near Basra, Baghdad Radio announced.

The Iraqi Radio said Interior Minister Maj. Gen. Abdel Latif Daraji and Industry Minister Mustafa Abdullah also were killed in the crash near the Persian Gulf port.

Ten persons were aboard the helicopter, and all died in the crash, the radio said. Among them were the governor of Basra Province and the secretary-general of the presidential palace staff. All were burned beyond recognition except Aref.

Premier Abdel Rahman Bazzaz will be acting president until the Council of Ministers and the National Defense Council elects Aref's successor within a week, the broadcast said.

The councils are composed mostly of ranking army officers. Aref's brother, Gen. Abdel Rahman Aref, is chief of staff of the army and had been considered a possible successor to the presidency. The general is in Moscow as the head of a visiting military delegation.

Diplomatic observers in London said Aref's death seemed likely to set off furious political infighting, and perhaps worse, over the succession. Baghdad Radio said a curfew had been proclaimed from noon today until further notice. It asked the people "to be steadfast in the face of this national disaster."

Aref was 45. Since the military made him president in February 1963, he had maintained a precarious dominance over his country's bitterly feuding political and religious factions.

Grants Approved For Texas Areas

AUSTIN (AP) — William Crook, regional director of the Office of Economic Opportunity, dislosed today approval of these grants:

A $13,394 program development grant to Bowie County Economic Advancement Corp. of Texarkana.

A $24,417 program development grant to Harrison-Panola Counties Community Action Agency Inc., of Marshall.

A $11,046 development grant to Economic Opportunities Advancement Corp. of Crowell.

Billie Sol Must Wait For Verdict

EL PASO — Both sides apparently left large question marks hanging Wednesday over the accuracy of testimony by one time fertilizer tycoon Billie Sol Estes and others on his plea for a new trial.

A three-day hearing before U.S. Dist, Judge Leo Brewster ended except for the final chapter-closing arguments, set for 2 p.m. MST next Tuesday, and the judge's decision.

That meant Estes, once a multi-millionaire promoter of farm-based enterprises, must wait at least five days to learn whether his 15-year sentence for mail fraud and conspiracy shall be set aside or he goes back inside the Leavenworth, Kan., federal prison.

Until his lawyers and the prosecutors come back with their proposed findings and conclusions based on the law, as directed by the court, Estes was sent back to the El Paso County jail.

Testimony was completed in a flurry of contradictions. Estes himself testified for the first time since his 1963 arrest about transactions in worthless fertilizer tank mortgages aggregating more than $25 million with some of the country's biggest loan companies.

Key points in the hearing were (1) A contention by Estes that all persons in such deals knew there were no anhydrous ammonia fertilizer tanks and therefore no fraud occurred, (2) Insistance by a finance company executive that he was unaware the tanks were fictitious, and (3) An El Paso lawyer's statement he told this executive there were no tanks and would be none.

Beggs Rites Set Friday

Funeral for Mrs. John Billy (Hazel Berry) Beggs, 48, former resident of Snyder, will be held at 2 p.m. Friday at the First Baptist Church with the Rev. Bobby Phillips, pastor of the Avenue D Baptist Church, officiating, assisted by Dr. A. B. Lightfoot, pastor of the First Baptist Church. Burial will follow in Snyder cemetery under the direction of Bell-Seale Funeral Home.

The body of Mrs. Beggs was found in her Lubbock apartment Wednesday morning by her husband, according to Lubbock authorities. There were bruises about her arms and chest, and a Lubbock Justice of the Peace ordered an autopsy to be performed.

Born June 21, 1917, in Snyder, Mrs. Beggs is survived by her husband of Lubbock; one son, Dick Beggs of the home; four sisters, Mrs. S. E. Bateman, Carlsbad; Mrs. Jodie Bynum, Mrs. Everett Clarkson, and Mrs. Noel Banks, all of Snyder; two brothers, Jack Berry and Ernest Berry, both of Snyder.

President Signs Saving-Time Bill

SAN ANTONIO, Tex. (AP)— President Johnson has signed into law the bill establishing a uniform Daylight Saving Time system for the nation extending from April to October each year.

The vacation White House announced the signing today.

Starting next year, the measure puts the whole nation on the faster time from the last Sunday in April until the last Sunday in October except that a state can decide by action of its legislature to remain on standard time. But such a decision must apply to the entire state.

For this year, the bill provides that any state, city or other unit wishing to observe Daylight Saving Time must do it for the full period between April 24 and Oct. 30.

A uniform system of daylight-time for the late spring, summer and early fall months has been sought for years by airlines, railroads, bus companies, radio and television networks and other businesses.

More than half the American people now live in areas which observe fast time each year but more than half the nation's land area says on standard time.

Sponsors of the bill said they felt the effect of the legislation would be to keep the great bulk of the country on daylight time in 1967 and thereafter.

The legislation has aroused questions in some states which have laws providing for different dates for daylight time in 1966 than the April 24 and Oct. 30 fixed in the new federal law.

However, attorneys for congressional committees which handled the legislation said these states could observe fast time this year if they use the federal dates.

They said the bill does not invalidate these state laws except as to dates.

New Tape Would Detect Cheaters

GENEVA (AP) — The United States disclosed today details of a revolutionary new wire tape which would automatically detect any world power violating an agreement to halt the production of material for nuclear weapons.

The chief U.S. delegate to the 17-nation disarmament conference, William C. Foster, challenged the Soviet Union to sign such an agreement and at the same time agree to the transfer by each of the superpowers of 100,000 kilograms (220,460 pounds) of U235 enriched uranium for peaceful purposes.

Foster said the 'safing tape," contained in a tube, would be passed through a nuclear reactor and collected by an inspection team. Standard radiation detectors would then locate any resulting radioactivity which would show whether the reactor had been operating in violation of an agreement.

The U.S. delegate said an agreement to halt production of fissionable materials for weapons purposes would, in effect, mean the destruction of "bombs and warheads of a class that have a death-dealing potential the world has fortunately not experienced."

He added that as the result of the American wire tape development, it would be insured that plutonium production reactors shut down in compliance with an international agreement could not go on operating clandestinely.

IN HEART RESEARCH

Spun-Fiber Diet Promising

By FRANK CAREY
AP Science Writer

ATLANTIC CITY, N.J. (AP) — Promising results were reported today with a "spun-fiber" diet designed to reduce blood fats under suspicion as contributors to heart attacks.

The diet — made up of predissolved soybean protein spun into fibers to give the product a meat-like texture — is designed to give Americans deemed needing it the low-fat properties of the average oriental diet, but one having "the appearance of Western food." The wispy fibers are compacted into tiny morsels, and flavored and colored for serving.

Dr. Robert Hodges of the University of Iowa, who described it at a scientific meeting here, said people in the Orient have long been known to have much lower rates of atherosclerosis — a form of hardening-of-the-arteries believed by many doctors to be the forerunner of heart attacks — than Americans.

And he said that while other factors in addition to dietary ones may aid the orientals in that respect, their low-fat diet is believed to play a significant role.

Hodges indicated at a news conference at the annual convention of the Federation of American Societies for Experimental Biology that the orientals' dietary staple — rice — might serve the same purpose as the new diet. But he said the latter "is far more acceptable to Americans than rice."

Patients treated with the soybean diet eat the usual constituents of the American diet, Hodges said.

But, in addition to make-believe "ham" and "beef" the spun-fiber diet comes in simulated forms of "fish" and "poultry." A measured amount of fat is incorporated.

Hodges said "profound decreases" in levels of blood-fats, especially cholesterol, were achieved by giving the diet to some Iowa State Prison volunteers and some University of Iowa students in a six-month test.

The doctor said the spun-fiber diet — not yet commercially available, but one that should be moderate in cost when it is — was prepared by a commercial food-processing firm (General Mills, Inc., of Minneapolis).

WEATHER

SNYDER TEMPERATURES: High Wednesday, 54 degrees; low, 44 degrees; reading at 7 a.m. today, 45 degrees; precipitation, trace.

North Central Texas: Cloudy and a little cooler today with possible showers in extreme south. Clearing and cooler tonight. Friday fair and warmer. Low tonight 41 to 51. High Friday 68 to 78.

Northeast Texas: Cloudy and a little cooler today with scattered showers in east and south. Decreasing clouds and cooler tonight. Friday fair and warmer. Low tonight 45 to 55. High Friday 68 to 78.

Northwest Texas: Generally fair tonight and Friday. Cooler in extreme south tonight. Warmer Friday. Low tonight 35 to 45. High Friday 72 to 82.

Coast: North winds 12 to 22 knots today becoming northeast 10 to 20 knots tonight and Friday.

South Central Texas: Mostly cloudy tonight and Friday. Scattered showers and a little cooler tonight. Low tonight 54 to 66. High Friday 72 to 84.

Southeast Texas: Mostly cloudy and a little cooler tonight and Friday. Scattered showers mostly today and tonight. Low tonight 58 to 68. High Friday 68 to 78.

Southwest Texas: Cloudy to partly cloudy tonight and Friday. Scattered showers mainly in east today. Low tonight 45 to 55 in north, 54 to 60 in south. High Friday 68 to 80.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: After one year of marriage, my husband was drafted into the United States army. He has been in basic training camp for four weeks. Next weekend I plan to fly 1,200 miles to visit him. He will get a pass for the week-end days, but he'll have to spend the nights on the base. My mother-in-law wants to go with me. This would make it very awkward since my husband and I would probably be spending quite a large part of the day in our hotel room. How can we explain to his mother that we'd rather be alone? We are both so afraid of hurting her feelings that we would almost rather have her make the trip. But if you can think of a nice way to tell her to stay home, I would certainly appreciate it.

IRISH EYES

DEAR IRISH: You can't tell your mother-in-law to stay home. She knows how much time her son will have off the base, and also that you will want time alone together. If she goes anyway, she'll have to be satisfied with whatever time she has with her son.

• • •

DEAR ABBY: My mother is the moodiest person on earth. She can wake up feeling fine, and then if anyone does one thing wrong, she's mad for the day. I am 16 years old, and I am sick and tired of her actions. I realize that some women have a difficult time at a certain age, but enough is enough. Could you please give me some advice on how to enjoy living at home with her? (Thank you.)

DENISE

DEAR DENISE: Yes. Just for one day, refrain from doing any of the things you know will irritate her. And try to do all the things you know will please her. Such as cleaning your room, doing your homework early, limiting your telephone conversations, keeping the radio and TV low, desisting from complaints about what you don't have, or can't do, remaining silent when you'd like to talk back or argue, and finally keeping the peace with your brothers and sisters. You will then find that living with your mother is so much more enjoyable, you'll think you're in the wrong house. (You're welcome.)

• • •

DEAR ABBY: How can you get out of eating at someone's house when they keep on asking you, but you just don't have the stomach for it? Here is why. They let the dogs and cats have the run of the place. The cats are into everything and up on everything. They jump into the cupboards, onto the drainboards, and into the refrigerator if the door is open. They sleep on the kitchen table. They are also fed from the same dishes the people eat from. These dishes are usually all over the kitchen floor and out in the yard, and have to be collected and washed before there are enough to set the table. Pots and pans the same way. They even let the cats clean them up first so they will be easier to wash. These folks are kindhearted and decline all refreshments with a courteous, "No, thank you, I don't care for anything just now," which would be putting it delicately.

WEAK STOMACH

DEAR WEAK: No. Politely decline all refreshments with a courteous, "No, thank you. I don't care for anything just now," which would be putting it delicately.

Brooks Hays Quits Post

LITTLE ROCK, Ark. (AP)—Former Congressman Brooks Hays today resigned as an adviser to President Johnson and announced as a Democratic candidate for governor of Arkansas.

Hays, 67, said he can carry the Democratic banner against Republican Winthrop Rockefeller better than any other candidate.

"I've never wavered in my loyalty to the Democratic party," he told a news conference.

Gov. Orval Faubus has announced that he will not seek re-election unless the Democratic party fails to find formidable opposition for Rockefeller, the GOP candidate.

Jim Johnson, who resigned earlier this month from the Arkansas Supreme Court, and State Rep. Kenneth Sulcer also have filed for the Democratic primary.

Hays' 16-year congressional career ended in 1958 when he lost to Dr. Dale Alford of Little Rock who ran on a segregationist platform during the Central High School racial troubles.

Choral Group On Kiwanis Program

The Kiwanis Club of Snyder held its regular weekly meeting at noon Wednesday at Sallie's Cafeteria.

The program was presented by the choral group of Snyder High School under the direction of Jim Casey.

This musical group won a Division I rating at the Buccaneer Musical Festival in Corpus Christi last year and will compete there again this year.

Kiwanians voted to donate $25 to help defray expenses of the trip. Joe Williamson, president of the Kiwanis Club, presided at the luncheon.

Liz Ready For Taming Of Shrew

ROME (AP) — Elizabeth Taylor's studio reported today that doctors at a Rome clinic found her in excellent condition during a 24-hour medical checkup.

Miss Taylor left the clinic today and returned to her rented villa on the Appian Way. A studio spokesman said the checkup was required by an insurance policy on her new film, "The Taming of the Shrew."

AF Reshapes Activities In Spain

By HAROLD K. MILKS

MADRID, Spain (AP) —The U.S. Air Force is sharply reorganizing its activities in Spain in the wake of the loss and recovery of the H-bomb off Palomares Beach, Spanish sources reported today.

They said the shifts would involve phasing out of the U.S. 16th Air Force which since July, 1956 has operated in Spain and Morocco as one of the Strategic Air Command's two nuclear bomber forces overseas.

Presumably the U.S. Air Force command in Europe with headquarters in Weisbaden, Germany, would take over future American Air Force activities in Spain.

The changes had no direct connection with the crash of a B52 bomber carrying nuclear arms on Spain's southeast coast last Jan. 17. But following the incident, Spain banned overflights by U.S. planes carrying nuclear arms and this admittedly curtailed some of the 16th Air Force normal activities.

Competent sources said that while phasing out of the 16th Air Force had been contemplated for some time, the timetable likely was advanced by the bomber crash and by French President Charles de Gaulle's ultimatum to the United States to get its forces out of France by the end of 1966.

Boys Killed In Busy Detroit Street

FERNDALE, Mich. (AP) — James Sutherland, 5, and his neighbor, Mark Snow, 4, were playing Wednesday beside a busy street not far from their homes in this Detroit suburb.

Suddenly, both boys darted into the street. There was a screech of tires as an oncoming driver managed to stop his car just in time.

Witnesses said the unidentified motorist got out of his car, grabbed the boys and scolded them for running into the street. Then he drove away.

Moments later, witnesses said, the boys ran into the street again. This time, both were struck and killed by a second car. The driver was not held.

Oklahoma Man Is Killed In Mishap

VICTORIA, Tex. (AP)—Bobby Kyle Davis, of Duncan, Okla., was killed and another man injured Wednesday night in a one-car accident nine miles west of here.

Davis and Robert Michael Kelly, 21, of Pennsylvania, who was injured, are both stationed at Chase Field in Beeville, Tex. Officers said an automobile occupied by the two men struck the end of the Coleton Creek bridge on U.S. 59. It was not immediately determined who was driving the automobile.

A second car, also occupied by two Chase Field men, slammed into the vehicle shortly after the mishap, but no one was hurt.

To Be Commissioned

NEW LONDON, Conn. (AP) — The 35th Polaris missile-firing submarine, the James K. Polk, is to be commissioned by the Navy Saturday.

Daring 'Sea Devil' Dies In Sweden

MALMOE, Sweden (AP) — a wealthy owner of Swedish woolen mills. They made their home at her family castle outside Malmoe. They had no children.

Von Luckner's death Wednesday of an undisclosed illness ended a life of daring that earned him fame as the "Sea Devil."

During the World War I he commanded an innocent-looking windjammer which carried concealed guns and a powerful motor. Masquerading as a Norwegian freighter, Von Luckner's Seeadler (Sea Eagle) scuttled $25 million worth of Allied ships, but he took their crews — and even their pets — off first and looked after them until he could put them ashore.

"I broke the British blockade with a clear conscience," he said. "No mother, wife, child or father lost a tear."

His ship roamed the Atlantic and Pacific with a 64-man crew, 27 of whom spoke Norwegian. Since Norwegian captains customarily took their wives with them on voyages, he disguised a 16-year-old boy as a girl to pose as his wife.

After sailing 35,000 miles, the Seeadler was wrecked on a South Sea coral reef in August 1917. Von Luckner and five of his crew sailed a lifeboat loaded with ammunition for 48 days to the Fiji Islands, where they hoped to seize another ship. Instead a British police officer and several native policemen captured them.

The British sent him to New Zealand, but he escaped in a motorboat and during six weeks of freedom seized a small sailing vessel. A British cruiser recaptured him and he spent the rest of the war in New Zealand.

Between the world wars he conducted cruises and lectured in several countries, including the United States. Lowell Thomas wrote two books about him: "Count Luckner, The Sea Devil" and "The Sea Devil's Fo'c's'le."

The World War I hero was too old (60) to be of use to sail for Germany during World War II. After the war he said he fell into disfavor with the Nazis when he refused requests to renounce membership in the Free Masons and honorary citizenships that had been conferred on him by Bermuda, San Francisco, Miami and North Dakota.

Von Luckner said he spent the latter part of the war hiding in the Hartz Mountains.

Von Luckner was married in 1924 to Ingeborg Vonengstroem.

HOSPITAL NOTES

Chaplain: Rev. Ross Dunn

ADMISSIONS: Irene Baugh, 800 Twenty-eighth; Jimmie Minor, Ira; Marvin Howard, 2804 Ave. V; Sharon Land, Rt. 3; Cynthia Pickering, City; Calvin Brown, 308 Thirty-sixth Pl.; Mary Dickey, Rt. 1; Pattie McLeod, 2802 Forth-second; Eula Clarkson, Arah Rt.; Garrett Harrell, Rt. 1; Lee Roy Blythe, Rt. 2; Lillian Cearley, Hermleigh; Vina Davis, 3106 Hill Ave.; Alma Ramirez, City; Mary Loyola, 418 Twenty-fourth; Edna Banks, 1001 Twenty-sixth.

DISMISSALS: Goldie Kirkpatrick, Janie Vansickle, Teresa Zamora, Zana Denson, George Patterson, Jennifer Burdick, Lee Roy Childress, Karen Badger, Fred Moffett, Freda Childress, Thomas Wadley, Juanitz Routson.

Cuban Says Funds Scarce

MIAMI, Fla. (AP) — Fidel Castro's commercial attache in London, who defected and came to Miami, says Cuba's dollar intake is about "one-seventh of former levels."

The exile, Miguel Tarrab Mirabda, told a news conference Wednesday that Castro's sugar and molasses sales on the world market will bring him about $60 million this year. About $50 million more may come from other exports including nickel and tobacco, Tarrab said.

In 1958, the year Castro took over, Cuban exports obtained $700 million, the defecter said.

Tarrab, who was Castro's permanent delegate to the International Sugar Council, added: "This inability to obtain hard currency leads to ever-growing discontent in Cuba, where people lack meat, eggs, shoes, coffee and other essentials."

Lid Clamped On Drug

HANOVER, N.J. (AP) — The only licensed American distributor of the hallucinatory drug LSD has voluntarily halted distribution.

The action by Sandoz Pharmaceuticals was attributed to unforeseen public reaction against LSD, of lysergic acid diethylamide, produced in Switzerland by the company's parent firm, Sandoz Limited.

Dr. Craigh Burrell, medical director for Sandoz, said Wednesday night, "We brought it (LSD), in from Switzerland for experimental purposes and released it only to highly qualified clinical investigators. Our stuff hasn't gone into the black market but the impression does persist among some people that it may have gone there."

Miles Service Is Set Here Saturday

Funeral for Marshall (Buddy) Miles, 61, a resident of Snyder since 1919, will be held at 4 p.m. Saturday at Mt. Olive Baptist Church with the Rev. F. Nelson, pastor, officiating. Burial will follow in the Union Baptist Church Cemetery at Waskom under the direction of Bolger Funeral Home.

He died early Wednesday morning at the Veterans Administration Hospital in Big Spring.

A native of Greenwood, La., he made his home at 3507 Avenue M after moving here 47 years ago. He was a Baptist and a veteran of World War II.

Plea Is Entered In County Court

Buddy Ray Lack of Odessa received a $100 fine and a 3-day jail term upon conviction of a DWI charge in County Court Wednesday. He entered a plea of nolo contendere or "no contest."

The sentence was probated for one year.

Farm Worker Held In Shooting

SWEENY, Tex. (AP)—Police held an unemployed farm worker after he was arrested following a shooting at a farm house which left one person dead and two others wounded.

Brazoria County officers said Albert Ondras, 38, was forced from the farm house with tear gas after he traded shots with 15 policemen for more than an hour. He was charged with assault with intent to murder.

Killed was Mrs. Mary Ondras, about 40, sister-in-law of the arrested man. Her body, with three bullet wounds, was found in the driveway of the house.

Deputy Sheriff Barney Woodward was cut about the face when a rifle bullet smashed the windshield of his patrol car. Douglas Schureg, an ambulance driver for the Sweeny Fire Department, was struck in the left elbow by a rifle shot that pierced the door of his vehicle. Neither was seriously injured.

Brazoria County Sheriff Robert R. Gladney said officers went to the farm house owned by A. B. Johnson, about a mile east of Sweeny, when Johnson telephoned from a neighbor's house that someone was shooting at him from his house while he worked in a nearby field.

Eddie Ondras, a brother of the arrested man, was working with Johnson in the field, police said.

Gladney said arriving officers saw the body of a woman in the driveway and then someone began firing at them from the house.

Officers said five rifles, a shotgun and assortment of ammunition was found in the house after Ondras surrendered.

Ondras was charged with two counts of assault with intent to murder at a hearing before Justice of the Peace C. W. Ellis at Angleton.

Further charges in connection with the death of Mrs. Ondras were pending further investigation, Dist. Atty. Tom Kenyon said.

Investigators said no one knew when Ondras, who lived near the Carlton community in southern Brazoria County, arrived at the farm house. Officers said he drove to the farm in a pickup truck in which a variety of ammunition was found.

Johnson told officers Mrs. Ondras was visiting his home while her husband, Jerry Ondras, was painting a house for him at West Columbia.

Chilean Novelist Is Visiting Lecturer

IOWA CITY, Iowa (AP) — "The next five to eight years will be the period of discovery for Latin-American writers," says Chilean novelist Jose Donoso, a visiting lecturer at the University of Iowa.

He credits the prospect to realization by Latin Americans "that we belong, through culture and tradition, to the Western world."

WOMEN

Fluvanna 4-H Club Meeting

The Fluvanna 4-H Club met in the HE building at the school Tuesday at 2 p.m.

The meeting was called to order by President June Stansell. The group said the club pledge and motto. Roll call and minutes were read.

The old business was a report on team demonstration at Ira on March 19. June Stansell and Rebecca White, white ribbon in civil defense at district. Renetta Jordan and Pam Shoemaker received red ribbons at district. Danette Jordan and Rhonda Patterson, vegetable preparation, red ribbons at district. Gwen Stansell and Ann Smith, safety, white ribbon; Carla Shoemaker and Gina Beaver, co-op, red ribbon. June and Gwen Stansell went to the District Food Show, both received red ribbons.

New business was discussion of the Dress Revue. Mrs. Shoemaker gave a demonstration on modeling.

Danette Jordan served refreshments to Carla Shoemaker, June Stansell, Linda Hall, Rebecca White, Gina Beaver, Pam Shoemaker, Sara Price, Tammy Mundy, Gwen Stansell, a visitor Lorinda Jordan, and leaders, Mrs. Shoemaker, Mrs. Jordan and Mrs. Mathis.

Square Dance Club Workshop Set Saturday

The Country Cousins Square Dance Club will have a workshop starting at 2 p.m. Saturday. A covered dish supper will follow at 5:30 p.m.

At 8 p.m. the group will hold their regular dance at the rodeo pavilion if the weather permits.

The club invites all square dancers and spectators to join them for the evening activities.

Literate Essays

THE HOT GATES. By William Golding.

These are the "occasional pieces" which novelist and schoolmaster Golding has written over the years. Most of them are examples of the sort of writing of which few Americans are capable.

The British do this so well. These are essays, many of them quite brief, composed by a literate and cultivated observer who respects his readers—not writing down to them—and spices his observations with unpretentious and engaging wit.

Some of these pieces are about people and places. It takes an accomplished writer to give fresh interest to the spot where Leonidas and his Spartans held the pass against the armies of Xerxes; or to endow with human qualities the ancient Copernicus; yet Golding does it. He also has an amusing essay on modern, tourist-infested Stratford-upon-Avon.

Several items are of special interest to Americans, for the author has taught and lectured here. He is too gentlemanly to emit blunt opinions about a certain coddled school for girls that he visited in Virginia, but he manages to convey the shocked horror he felt in witnessing an absurd course in "creative writing" at another school.

There are several items on the subject of books, including one devoted to his own "Lord of the Flies". And in several places in this volume, he demonstrates his remarkable rapport with the young male.

History With Punch

THE LAST BATTLE. By Cornelius Ryan.

Ryan, the author of "The Longest Day," has distilled here in 500 vivid pages all the kaleidoscopic horror of the conquest of Berlin, in the three-week period which began at 4 a.m., Monday, April 16, 1945.

It is a book filled with the sights and sounds of a tremendous struggle, as witnessed and felt by individual human beings — the high and the mighty, the obscure, the pitiful, the vengeful, and the fearful.

By focusing on specific individuals during the high-keyed and low-keyed episodes of his story (and this is a technique of higher journalism in the service of history) he has succeeded in making the reader feel that he is present at the making of history.

We follow a Berlin milkman carefully gathering his impressions of danger in the calm before the storm. We watch an aging Swede walking his dachshounds to a store frequented by important people — he is a spy for the Americans. We sense the fears of a hidden Jewish family, the tenuous gamble of an underground communist.

We see a band of emaciated British prisoners, liberated from their German captors, marching proudly westward to the skirl of two bagpipes. We are deafened by the roar of the opening barrage as the Russians attack from the Oder, and see the blood streaming from the gunners' concussion-pressed ears. We hear a Russian field marshal snapping "Get going" to one of his generals, and see an agitated Hitler stabbing a shaking finger at symbols on a map — symbols which represent nonexistent divisions.

Ryan went directly to the military experts who conducted the battle. They included Koniev and Zhukov, the Soviet marshals who were fierce rivals for the honor of reaching Berlin first; and General Heinrici, the defensive expert who was given the impossible task of delaying the Russian advance.

Together with John Toland's recent "The Last 100 Days" and the Collins and Lapierre book of last year, "Is Paris Burning?" this is history with a punch. Ryan's book has more impact than these, though it is less encyclopedic than Shirer's "Rise and Fall of the Third Reich."

Here is a prime example of the new type of nonacademic history writing; a fusion of careful documentation with the emotional wallop of physical presence. It is a book to be encountered, absorbed and appreciated.

When you are heating fat for deep-frying, do so slowly. If you are using a deep saucepan or kettle for the frying, it will need to be one-half to two-thirds full of melted shortening, and the slow heating may take as long as twenty minutes.

If you want that bacon to stay flat, put it in a cold skillet and cook it slowly, turning as necessary. It is not necessary to pour off the fat until all the bacon is cooked.

The Winsome Sunday School Class of the First Baptist Church met Tuesday evening in the home of Mrs. Dessie Boyd for a tacky party, with Mary McCravey as co-hostess.

Ledorah Boyd gave the opening prayer. A short business meeting was held with President Ida DeShan presiding.

A devotional "The Risk of Being Involved" was given by Evelyn Duff. The closing prayer was given by Margaret Holt.

Fellowship and refreshments were enjoyed by Maxine Wright, Laura Holladay, Margaret Holt, Dixie Kimmel, Ollie Vernon, Maydell Burns, Ledorah Boyd, Maxie McNaw, Hazel Seaniet, Mary McCravey, Evelyn Duff, Dessie Boyd and Jewell Summers.

Wasp May Control The Gypsy Moth

A parasitic wasp that may be an important help to control the gypsy moth has been established in at least four Connecticut communities. The Connecticut Agricultural Experiment Station says the wasp, known as Brachymeria Intermedia, kills gypsy moths in the pupal stage.

This wasp, considered an important biological control in European woodlands, was introduced in New England in 1908.

Until last summer, entomologists found no evidence that the wasp was helping to control the gypsy moth population.

When you are serving fruit and cheese for dessert, offer both a mild and a sharp cheese. Eaters can help themselves to the variety they like best.

ELECTION DAY 1936

Its not hard to remember the day we voted 30 years ago when my father was running for commissioner prec. 2. July 25th, 1936. I was 21 years old on that day and got a free vote. My father was 51 years old June 19, 1936, I will be 51 years old July 25, 1966. As we approached the store where we voted that year there were several horses tied on the west side. I knew one horse the man rode nearly five miles to vote for my father. Many model T's, perhaps a wagon or so, since there were many wagons being used at that time. The farmers brought their cream and eggs to town. Small crowds were gathered here and there with happy faces of excitement.

My father was a Mason, Commissioner prec. 2, president of School Board around 20 years, Supt. of Methodist Sunday School about 20 years. He deeply loved the Church of Christ people, the Baptist and everyone everywhere. He helped every one he could. That man raised me, may his light forever burn.

Lets us once again re-live that scene. Before he passed away his words were something like this, " Son I am a tired old man, you take my gold watch to remind you to bring my message to the people."

gas cooks cleaner

When you broil on a modern gas range you can keep the broiler door closed ... so there's no smoke or spatter to soil your kitchen. And because gas is more controllable it's easier to prevent foods from burning or boiling over. The Burner-with-a-Brain makes all your pans automatic — and also prevents messy boilovers. Gas makes the big difference because it's clean, cool, fast, safe, efficient, dependable and more economical than you-know-what. So get the modern gas range you've always wanted — on sale now at gas appliance dealers or Lone Star Gas.

Celebrating the 150th Anniversary of the Gas Industry

President Johnson Makes 'Warmup' Visit To Mexico

SAN ANTONIO, Tex. (AP) — President Johnson flies to Mexico City today for a brief, informal stay that may be a warmup for a later state visit.

In advance of Johnson's afternoon departure, Robert H. Fleming, deputy press secretary, twice emphasized that the 24-hour trip is informal and that a possible state visit in the future is under consideration.

However, no effort was made to cloak White House hopes that the President's first visit to a foreign capital will draw a tumultuous crowd. Officials here quoted Mexican officials as predicting 1 million Mexicans will line Johnson's 9-mile motorcade route into the city.

A traditional 21-gun salute and other formal military honors were prepared for Johnson's arrival this evening at the 7,000-foot-high Mexican capital. Airport speeches were being written both by Johnson and Mexico's President Gustavo Diaz Ordaz.

Mrs. Johnson, flying here from Washington to pick up her husband, will spend the night with him in Mexico's White House — the Los Pinos residence of Diaz Ordaz.

The presidents and first ladies of the two countries planned an evening together before Friday's formeral ceremonies — a Johnson wreath-laying at the monument commemorating Mexico's independence and the unveiling of a statue of Abraham Lincoln.

The $150,000 bronze statue was financed by the U.S. government as a gift to the Mexican people, to symbolize principles binding nations of the hemisphere.

Mrs. Johnson will pull a cord for the unveiling, which will come on the 101st anniversary of Lincoln's assassination.

Originally she and Secretary of State Dean Rusk were to head the American delegation at the ceremony but the President announced Tuesday he would make the trip and, of course, he immediately became the focal point of the occasion.

The First Lady and Rusk, however, will remain in Mexico for an additional 24 hours after the chief executive's return to his Texas ranch late Friday afternoon. Mrs. Johnson will rejoin the President in Texas Saturday for the weekend. They are expected to return to Washington early next week.

This will mark the first presidential visit to Mexico City since John F. Kennedy went there in 1962. He got a rousing welcome on the scale forecast for Johnson. Every president starting with Franklin D. Roosevelt has visited Mexico's capital.

The Texas White House said Johnson, in his private talks with Diaz Ordaz, would discuss — among other things — trade between the two countries and the controversy over use of Mexican labor on some farms in the United States.

Speech Is Picketed

TYLER, Tex. (AP)—Students from Texas College picketed the speech of a Christian Methodist Episcopal Church bishop at Dallas Wednesday while a boycott of classes continued at the school.

The 41 students rode to Dallas by bus and picketed the hotel were Bishop Bertram W. Doyle of Nashville, Tenn., spoke at a testimonial dinner for the Texas College board of trustees.

The students boycotted the college April 4 in protest of the dismissal of the dean, Dr. H.I. Fontellie-Nanton, by the school president, Dr. H. C. Savage.

The student spokesman, Ed Reed of Houston, said the students wanted Savage to resign, with no reprisals against the students and for the board of trustees to meet with student leaders.

Reed said Savage "has done nothing" to keep the college from losing its accreditation.

Texas College is a four-year school with 487 students.

Air Route Talks Held

WASHINGTON (AP) — A pre-hearing conference on a proposal to realign Central Airlines routes in Texas and Oklahoma was held Wednesday by the Civil Aeronautics Board (CAB).

Participating in the conference were representatives of Central, Braniff Airways and Continental Airlines. Under the proposal by Central, some service presently handled by Braniff and Continental would be taken over by Central.

The conference centered on a discussion of the nature of testimony and evidence to be presented at a later hearing, said Examiner Merritt Ruhlen, who conducted the conference.

A realignment of Central's routes has been proposed by the airline and the board as a means of helping bolster Central's financial situation, one CAB official said.

Last year, Central required a $4 million federal subsidy.

Time Set For Sentencing

SACRAMENTO, Calif. (AP)—U.S. Dist Judge Sherill Halbert set April 27 for sentencing of John Aldridge of Odessa, Tex., found guilty Wednesday on two charges of counterfeiting.

The charges were filed after a raid last year at the house in which he resided here.

Aldridge who was his own defense counsel, told jurors he printed $160,000 worth of $20 bills to use as advertising handouts for a book he was writing attacking the Federal Reserve System.

Aldridge was released in January, 1965, from a correctional institution at Seagoville, Tex.

He was arrested when two associates tried to pass a counterfeit $20 bill in Bakersfield, Calif., authorities said.

Yokoma F. Conner and James Dean Chatham pleaded guilty, with Conner receiving a 15-year prison sentence and Cheatham a suspended 2three-year sentence.

A FIRST IN HISTORY—Willowy, brunette Sally Katzen, above, 23, Pittsburgh, Pa., is first woman ever to be chosen editor-in-chief of the Michigan Law Review, now 65 years old. She's ecnd year student at the university. (AP Wirephoto)

Library Posters Are Asked Friday

Boys and girls who have made posters for Library Week observance have been asked to deliver their posters to the Scurry County Library after school Friday.

Schoolman Suspended

BROWNSVILLE, Tex. (AP)—John Morgan, school superintendent at Harlingen, is free on his own recognizance after arraignment on charges of sending obscene material through the mails.

He also is under suspension as superintendent.

Morgan was accused by a postal inspector of mailing the alleged obscene material to a woman in Dallas, another in Duncanville and a third to Mansfield, La.

He was arraigned before U.S. Commissioner Otto Reichert Wednesday.

School board president Raymond Jenkins at Harlingen said James Thigpen, the assistant superintendent, was now acting superintendent.

California Prisoners Just Walk Away

SAN RAFAEL Calif. (AP)—Two minimum security prisoners walked away from a work assignment outside San Quentin Prison Wednesday night.

They are Delbert McClary, 25, of Salinas, and Glen Kinsey, 24, of Waco, Tex.

McClary was committed in 1962 for escaping during a jail sentence. Kinsey was sentenced for robbery.

Trend Is Placing Negroes On Jury

ATLANTA, Ga. (AP) — A trend apparently has begun to place more Negroes on juries in the South under the pressure of appellate court rulings and a move for congressional action dealing with jury selection.

There are, in fact, systematic efforts in some areas to include Negroes on juries, particularly those trying racial cases.

Nowhere has the change been more dramatically evidenced than in the little town of Ellaville, Ga. — population 900-1,000 — which recently had its first jury case in five years and its first murder trial in 20 years — and the first Negro jurors in anyone's memory.

Two Negro brothers, 15 and 19, were charged with the murder of a white policeman last November. After lawyers went through the jury panel, a jury of 11 Negroes and one white man had been picked. The trial of the younger brother resulted in a six-year sentence for voluntary manslaughter, and the older brother got the same sentence when he pleaded guilty.

How did a predominantly Negro jury turn up in Schley County?

Sheriff W. M. Ellis said: "You just have to abide by the law." He said the jury list was taken from the tax rolls and that was it. But the list was revised two weeks before the trial.

The trend is noticeable in Georgia, South Carolina, Arkansas, Mississippi and Virginia, an Associated Press survey shows. The Department of Justice has moved into the courts to force the inclusion of Negroes on juries in some Alabama counties. Other states report no significant change in the pattern of jury composition—which includes a few Negroes.

Among the factors enumerated by veteran Southern lawyers viewing the changes:

Constant attacks on exclusion of Negroes.

Related racial changes flowing partly from new laws and activities of civil rights groups; the changed attitude of the federal, and in many instances state, government; the impact upon and involvement of business and industrial growth.

Increasing political power of Negroes.

Lessening opposition to liberal views.

Can't Account For Telephone Calls

LOS ANGELES (AP) — Louis E. DeWitt says 378 calls the telephone company said he made are mysteries to him.

De Witt told the Public Utilities Commission he paid the General Telephone Co. $1,000 for 378 calls too many last year.

He said the calls — to bars, restaurants and residential and business establishments — were not made by either him or his family.

A PUC examiner completed his hearings on the complaint Wednesday and said a recommendation would be made to the commission on a possible settlement.

Roby Rally Set April 22

ROBY—Over a dozen candidates have already indicated that they will be present for the biennial Fisher County Candidate rally scheduled for the night of April 22 at the agriculture building on the Roby fair grounds.

Jimmy Wright, Roby farmer and civic leader who is rally chairman this year, said the rally will begin with a dinner at 6 p.m.

Wright said virtually all local and county candidates had responded to invitations and that an impressive list of district and state candidates had indicated they would appear.

A number of individuals will be selling tickets to the rally in Roby.

Boom Expected In Uranium Exploration

GRAND JUNCTION, Colo. (AP) — An official of the Atomic Energy Commission has predicted a boom in uranium exploration this summer.

A. E. Jones, manager of the AEC Grand Junction office, made the prediction to 45 geologists from Colorado, wyoming, Utah and Washington.

He said the increasing need for uranium in private reactors would cause the proportionate increase in prospecting and production of the metal.

FIRST HOME RUN IN NEW STADIUM—Willie Mays of the San Francisco Giants hits first homer in new Anaheim, Calif., stadium which will be home of the California Angels. Angels center fielder Jose Cardenal watches ball go over fence — and a fan, Salvator Consolo, of Burbank, Calif., displays first home run ball. (AP Wirephoto)

Tiger Field Men Are Strong

Strength in the field events makes Snyder's Tigers a favorite to repeat as champions in the District 3-AAA track and field Meet at Sweetwater Saturday.

With Roy Taylor in the discus and Jerry Simons in the shot, the Bengals could capture two first places in these events. M. C. Powell has the third best distance in the state in the broad jump and Steve McMahan has cleared 6-1 in the high jump as well as being a threat in the hurdles.

In addition, Jackie Rice is a threat in the pole vault and both relays teams—the 440 and mile—must be considered serious contenders for first place trophies. The team for the shorter distance is comprised of Ronnie Hardwick, M. C. Powell, Jackie Rice and Curtis Clay.

Kent Noble or Leon Riggins will run the first leg on the mile relay team, followed by Teddy Brown, M. C. Powell and Curtis Clay. Each unit is just now hitting its peak. The 440 crew registered its best clocking of the season—a 43.5—at Andrews last week, and the mile relay scooted around the oval four times in 3:25.8.

Curtis Clay in the 220 yard dash and Leon Riggins in the 180 low hurdles could be surprise victors in the Meet. Both have the potential to cop a first place. And Ronnie Hardwick in the century, Rob Golden in the 880, Teddy Brown in the 440 and Rudy Benitez in the mile could pick up valuable points.

Of course, the outstanding individual performer at the Meet will be Rocky Woods of Lake View who has cleared 6-6 in the high jump and is one of the fastest hurdlers in the state.

Sterling Cox of Brownfield, another top hurdler, and Larry Schovajsa, Littlefield's expert sprinter, are other boys who have raised eyebrows across the state.

Everything points to an exciting and close Meet this year.

Junior entries were announced by Coach Tommy Echols for Lamar Junior High School and by Coach Wayne Tyrone for Travis Junior High School. Eighth grade athletes of both schools will compete in a Meet at Big Spring Saturday.

Lamar 8th grade entries:
440 relay—Ephraim Cervantes, Steve Holder, Larry Lofton and Mitch Rambin or Jay Kidd.
660 yard dash—Bobby Wright.
70 yard high hurdles—Jerry January, Robert Sadler and David Davis.
100 yard dash—Jay Kidd and Alex Tavarez.
330 yard dash—Rambin, Holder and Cervante.
120 yard low hurdles—Lofton and January.
220 yard dash—Kidd, Tavarez and Bobby Wright.
1320 yard run—January.
1320 yard relay—Cervantez, Holder, Lofton and Rambin.
High Jump—Joe Bess, Rambin and Bobby Wright.
Broad Jump—Bass, Holder and Kidd.
Pole Vault—Rambin.
Shot Put—Randy Hardy, Robert Sadler and January.
Discus—Hardy, Sadler and January.

Travis 8th grade entries:
440 relay—Tommy Hollis, Jerry Tate, Willie Garcia and Rocky Cowan.
660 yard dash—Roy Lee and David McGinnis.
100 yard dash—Tommy Hollis, Ronnie Lewis and Bill Lee.
330 yard dash—Phillip Hill and David McGinnis.
120 yard Low Hurdles—Hollis and Roy Lee.
220 yard dash—Hill, Tate and Garcia.
1320 yard run—Eloy Benitez and Randy Rosbing.
1320 yard relay—Garcia, Hill McGinnis and Tate.
High Jump—Benny Ward, Hill and Cowan.
Broad Jump—Garcia, Cowan and Hollis.
Pole Vault—Steve Burney, Roy Lee and Ward.
Shot Put—Ken Sehested and Jerry Northcott.
Discus—Sehested and Northcott.

SPORTS

Astros Rap Koufax, 7-6

By MURRAY CHASS
Associated Press Sports Writer

Sandy Koufax must have had stage fright.

What else could account for his fumbling performance in his first start of the 1966 baseball season?

Koufax, who ended his 32-day holdout and his movie career at the same time two weeks ago, was battered from the mound in the fourth inning Wednesday night in Houston's 7-6 victory over Los Angeles.

The brilliant left-hander glittered in the first inning, but there was nothing award-winning about his performance after that. He gave up five runs on five hits and two walks and was around long enough only to pitch to one batter in the fourth inning.

Although Koufax encountered such games last season — however rare — he never made an error. He did against the Astros, though, and that's what led him off the stage.

After Sonny Jackson beat out an infield single with one out in the third inning, Jim Wynn grounded to the mound. Koufax fumbled the ball for an error, and the Astros had two runners on.

Dave Nicholson struck out for what would have been the third out, but Bob Aspromonte singled for one run and Joe Morgan clouted a homer for three more.

Koufax finally retired the side only to have John Bateman lead off the next inning with a triple and retire Koufax.

The Dodger ace, who last year won his first start plus 25 more, thus departed with a fielding average of .000, a mere 1.000 points below his showing in 1965 when he accepted 46 chances flawlessly.

The Dodgers will settle for a little more flawless pitching.

In other National League games, Pittsburgh whipped Atlanta 6-0, San Francisco defeated Chicago 4-0 and Philadelphia nipped St. Louis 3-2 in 12 innings. Rain washed out New York at Cincinnati for the third straight day.

In the American League, Baltimore crushed Boston 8-1 and Minnesota trimmed Kansas City 5-3. Rain took care of the Cleveland-Washington and Detroit-New York games.

After Morgan's homer gave the Astros a 5-3 lead, John Roseboro tied it with a two-run homer. The Astros finally won it in the ninth when Chuck Harrison singled, was sacrificed to second and raced home as Rusty Staub singled.

Vernon Law and Bob Bolin each pitched four-hitters and didn't walk anyone in the Pirates' and Giants' victories.

Law stopped Atlanta while Willie Stargell and Donn Clendenon each hit two-run homers. Stargell added two other hits and drove in another run.

Bolin allowed the Cubs to get more than one man on base only once. The Giants, meanwhile, put the game away with three runs in the third inning, two on Tito Fuentes' single that got through left fielder George Altman's legs.

John Herrnstein's pinch-hit, run-scoring single in the 12th inning carried Philadelphia past St. Louis. Rich Allen singled with two out and stole second before Herrnstein singled. Allen also figured in the Phillies' other two runs with a single and a double.

Swim Course Planned

The Snyder swimming team has been invited to attend a Junior Olympics short course at Odessa Ector May 13-14.

Any member of the team interested in going should contact Wayne Tyrone. They must secure applications for an AAU course.

Cubs Invade Park Friday

The Snyder High School baseball team hosts Brownfield's Cubs in Towle Park at 4 p.m. Friday with hopes of getting back on the winning trail. Lamesa tapped three Tiger pitchers for 13 hits and 12 runs in their last outing.

Brownfield is tied with Snyder for second place behind Lamesa in the District 3-AAA standings. The Cubs have improved lately and have a better team than their 4-12 record indicates.

Coach Speedy Moffett's Tigers are still winning at a little over a .500 rate. The next three clashes are in Towle Park with Levelland coming here next Tuesday and Lamesa the following Friday.

The lineup has been revamped again for the Cub invasion. David Holt has been moved to first base, and Ronnie Shields has been installed at third. Lane McMillan, a Junior right-hander, will open on the hill for the Bengals. He lost to the Bobcats at San Angelo in his only other appearance.

Probable starters, according to batting order, are Mack Galyean rf, David Cadena cf, David Holt 1b, Roy Kizer c, Ronnie Shields 3b, Steve Moffett 2b, Terry Holt ss, Dink Foree lf, and Lane McMillan p.

It should be a close tussle. The Tigers had to go into extra innings before defeating the Cubs, 10-4, in their first meeting at Brownfield.

Gun Club To Show Two Films

The general public is invited to see a film, "Sure As Shooting," which will be shown at 7:30 p.m. Monday, April 18 at the Towle Park Barn.

The Canyon Gun Club is sponsoring the showing. The film was produced for the National Rifle Association. It depicts a father and son deer hunting expedition. By observing all the safety rules for handling guns at home and in the field they provide an object lesson for sportsmen.

Another film, "Trail of the White Tail," produced by the Parks and Wildlife Department of Texas, also will be shown.

The Canyon Gun Club will hold its 7th match of the season at 1:30 p.m. Sunday, April 17 at the Club range. Rules call for .22 caliber and over weapons with 10 shots from 100 yards at bench rest position. Trophies will be awarded for 1st, 2nd and 3rd places.

President of the Canyon Gun Club is Barber Martin.

Wisconsin Court Bounces Braves

By KEN HARTNETT
Associated Press Writer

MILWAUKEE, Wis. (AP) — The National League faced the threat today of a forced uprooting from its potentially rich new territory in Atlanta unless it bowed to a Wisconsin court order and restored baseball to Milwaukee.

The ruling by Circuit Judge Elmer W. Roller Wednesday night struck at the protective coating that has shielded baseball from antitrust laws since 1922 and left the young 1966 season under long legal shadows.

Roller, 64, found the Atlanta Braves and the National League in violation of Wisconsin antitrust law for pulling the Braves out of Milwaukee while refusing to grant the city a replacement team.

The judge said the Braves must return to Milwaukee, their home from 1953 through 1965, if the league fails to submit by noon May 16 a 1967 expansion plan that would include Milwaukee.

Baseball's reaction to the ruling, which climaxed a 38-day trial, was cautious.

A spokesman for Commissioner William Eckert issued a statement saying baseball intended to file an immediate appeal to the Wisconsin Supreme Court.

Later, Eckert telephoned The Associated Press and asked that the statement be withdrawn.

"I have no comment now," Eckert said. "I will take it under advisement."

Walter O'Malley, president of the Los Angeles Dodgers, said, "It seems to be utterly impossible to comply with the court's decision, but we'll be guided by the attorneys who have represented us in the litigation."

Wisconsin officials were delighted by Roller's decision, which gave the state precisely what it had sought.

Not only did Roller order the Braves' return in the absence of expansion agreement, but he assessed the National League and its 10 members fines of $5,000 each.

The judge also ruled that the state is entitled to "costs and disbursments." State costs in the case could run into hundreds of thousands of dollars.

Atty. Gen. Bronson LaFollette hailed the decision and said Wisconsin "will have the benefit of a major league franchise operating in full compliance with the laws of this state."

LaFollette did not say how this would be done, nor did Willard S. Stafford, chief counsel for the state in the case.

But Wisconsin is expected to seek contempt citations against the defendants should baseball ignore the May 16th deadline.

Contempt machinery would allow Wisconsin to seek support of states with National League teams in enforcing Roller's order.

Should even one of eight such states agree to comply, the National League schedule could be in shambles.

"The next move is up to baseball," said Stafford, who stalked the courthouse corridors through a nerve-wracking day of waiting Wednesday. "If they can live with it, so can we," he said.

Roller, who worked 37 consecutive hours to put the final judgement in shape, said the delay in completing the 176-page document Wednesday was significant.

The judge would not elaborate on what he meant by significant but said settlement offers had been received both "before and during" the trial which ended April 6.

"All I can say is that there was discussion but no consummation," Roller said.

The judge said no baseball officials had contacted him recently to discuss a possible solution to the legal tangle.

The Dodgers hit only 78 home runs last season, their lowest total since 1946 when they hit 55 as the Brooklyn Dodgers.

Hawks Sink LA Lakers, 131-127

By MIKE RECHT
Associated Press Sports Writer

ST. LOUIS (AP) — If there were any disappointed St. Louis Hawks after Wednesday night's rousing 131-127 victory over the Los Angeles Lakers, it probably was Bill Bridges. He kept moaning about the rebound shortage.

"I can't believe I got only 11," he said.

But the way the Western Division playoffs of the National Basketball Association heated up the reason was clear. Almost everything that went up, went in.

To prolong the best-of-seven series to a seventh game, the Hawks had to overcome the Lakers' 50.5 per cent shooting from the field with 52.5 per cent of their own. Their shooting forced the teams' return to Los Angeles for the deciding game Friday night. The winner will meet the Boston Celtics for the NBA title.

"There weren't many baskets given away," said Hawks' Coach Richie Guerin, who hit eight of 16 himself, "although you wouldn't think so from the score."

Laker Coach Fred Schaus agreed.

"I was disgusted after we lost Sunday," he said, "but I thought we played well in this game. We made the Hawks take the shots we wanted them to take, but they hit them. They're not usually an outcourt shooting team."

"I told my boys at the quarter and again at the half that the Lakers are shooting the heck out of the basket, but couldn't keep that up," Guerin said. His club managed a 36-36 first quarter tie and a 69-68 halftime lead, although the Lakers shot better than 60 per cent and the Hawks "only" 56 per cent.

The torrid pace continued in the third period with the Hawks still ahead by one, but Guerin proved a prophet in the final period. The Lakers cooled off enough for the Hawks to go on a 17-2 spree behind Zelmo Beaty and Joe Caldwell that gave them a 126-114 lead. The Lakers couldn't catch up in spite of Jerry West's efforts.

Bridges himself hit 13 of 22 shots for 29 points, only outdone by West's 14 of 25 for 38 markers.

Braves Would Be Mobbed?

MILWAUKEE, Wis. (AP) — The National League Braves faced the possibility today of being the only major league baseball team in history to be welcomed in two cities in the same season.

"If the Braves return to Milwaukee they will be mobbed," said Willard Stafford, the attorney who had led Wisconsin's forces in successful prosecution of the state's antitrust suit against baseball.

"I don't mean it will be an angry mob," the silver-haired lawyer said. "It would be more of a second honeymoon.

Stafford said, "I think this trial has purged the ill feeling of the average fan — and one thing is sure — we can do better than 10,000 attendance on the second night."

The remark referred to the 12,721 fans the Braves drew at their second game in Atlanta Wednesday night.

Net Play Set Friday

The Snyder High School tennis team begins district play at 3 o'clock Friday afternoon at Sweetwater High School with senior boys singles matches scheduled first.

Lamesa will provide the opposition in both singles and doubles. The second round begins at 9 a.m. Saturday with the Senior girls meeting Brownfield in singles matches and Sweetwater in doubles matches. On the same day, the Junior boys collide with Brownfield.

Ralston In Quarterfinals

HOUSTON (AP) — Top-seeded Dennis Ralston of Bakersfield, Calif., met Marty Mulligan of Australia today in the quarter-finals of the 32nd annual River Oaks Tennis Tournament.

Third-seeded John Newcombe of Australia played Yugoslavia's Boro Jovanovic in the other scheduled quarter-final match.

Ralston, ranked No. 1 in the United States and No. 5 in the world, defeated John Pickens, Rice University junior, 6-2, 7-5, Wednesday to gain a spot in the quarter-finals.

Newcombe eliminated Cliff Buchholz of San Antonio, Tex., 6-1, 6-1.

Second-seeded Tony Roche of Australia also advanced to the quarter-finals but was extended before defeating Jack Jackson of Knoxville, Tenn., 2-6, 6-1, 6-3.

The first upset of the tournament was recorded in the second round when Roger Taylor of England defeated fourth-seeded Cliff Richey of Dallas 0-6, 6-4, 6-3.

The quarter-finals have been split with Taylor and Roche not to see actionn until Friday. Roche's quarter-final opponent will be Ingo Budding of Germany and Taylor will meet the winner of a delayed match between Alan Fox of Los Angeles and Nicola Pilic of Yugloslavia.

Jovanovic advanced to the quarter-finals by beating Ron Holmberg of Dallas 6-4, 4-6, 6-4; Budding by eliminating Rafael Osuna of Mexico 14-12, 6-1, and Mulligan by beating Harald Elsenbroich of Germany 8-10, 6-2, 6-0.

Dobbs' Fans Await Word

EL PASO, Tex. (AP) — Texas Western Football Coach Bobby Dobbs was back in El Paso today after a two-day visit to West Point. But whether he will fill the vacancy at Army remained a secret.

"If he is in El Paso," Texas Western athletic director George McCarty said Wednesday night, "we're going to get some kind of answer Thursday I'm sure."

Dobbs, who has four years to go on his contract at the El Paso school, is considered the leading candidate for the Army job which Paul Dietzel gave up to become coach and athletic director at South Carolina.

LUBBOCK, Tex. (AP)—Texas Christian took over fourth place in the Southwest Conference Tennis race by defeating Texas Tech 4-2 Tuesday. After the two teams divided the four singles matches, Texas Christian won both doubles matches for the team victory.

Business Wiser After Price Rift

By JOHN T. CUNNIFF
AP Business News Writer

NEW YORK (AP) — The dramatic encounter in recent months over wage-price guideposts seemingly always have ended in victory for the administration and defeat — and price rollbacks — for business.

But is it so? In the immediate conflict business has been the loser. But there is evidence business learned quickly how to get its way while apparently observing the guidelines.

This has been done by mixing price cuts with price advances, by making increases small, by making no announcements of increases, by dealing with customers individually, by maintaining the old price list but putting more of the transportation burden on the buyer and by eliminating discounts.

In addition, an attempt at a price or wage increase, publicly announced, has a good chance of attracting no reprisal from Washington. The administration has been selective. Some increases get by.

Early in March, U.S. Steel Co. boosted prices on a big tonnage item, steel plate, by an average of $2.92 a ton. At the same time it cut prices on another product it said could be substituted.

U.S. Steel called the net result of "standoff." And Gardner Ackley, chairman of the President's Council of Economic Advisers, commented:

"In the Council's judgment, relative price adjustments can contribute to economic efficiency when they take place within a framework of price stability."

But was it a standoff? Although the increase — decrease arrangement could confuse an electronic computer — U.S. Steel tossed away its price lists for some nails and a type of wire rod and decided to negotiate prices instead — some observers now feel the full impact was an increase. For one thing, the increase in the total price of steel caused by U.S. Steel's price rise seems to be of the same magnitude as would have been caused by Bethlehm Steel Co. abortive attempt to raise prices Jan. 1.

For another, the price decrease on sheet steel — which U.S. Steel hoped could be made without the purchase of costly new machinery by the buyer.

Wages also have gone beyond the guideposts. The Labor Department said major 1965 wage increases averaged 3.9 per cent, the highest since the guideposts were established.

Some evidence exists, then to suggest that the power of the guideposts isn't as dramatic as exhibited in the dramatic rollback of prices in aluminum and steel.

The effect, in fact, may be more psychological than actual.

Sees Female Labor Force In Future

By RONALD L. DEUTSCH

NEW YORK (AP) — A Columbia University professor said today most employers still prefer "dumb men to smart women."

The professor, Dr. Eli Ginzberg, a manpower expert, sounded a call for sweeping changes to help educated women overcome what he said are prejudices against them and live a more balanced life.

Ginzberg, who heads the President's National Manpower Advisory Committee, contended modern society hasn't faced up to the potential of married women in a man's world.

He debunked a view held by some social critics — many of whom are women — who argue that women today are torn between the home and the outside world and don't know which way to turn.

"All those people who have been harping about women's problems and conflicts have made this up largely out of their own imagination," he said in an interview. "Many women nowadays are able to have the best of both worlds and there is no reason why they shouldn't."

Ginzberg presents evidence for his thesis in a book released Wednesday entitled "Life Styles of Educated Women" in which he examines the views of 311 women who pursued higher education at Columbia University over a six-year period.

"Three-quarters of these women did not regard their lives as being full of frustrations," he said. "In fact they were willing, given the chance, to fulfill their potentiality outside of the home."

But, Ginzberg suggested, shortsightedness on the part of employers, the federal government and universities in their attitudes is hampering women in attaining such a goal.

Ginzberg pointed out that 24 million women are now employed each day on a fulltime or part-time basis.

"And, if the war in Viet Nam continues to mushroom," he added, "the only significant labor force available may be women."

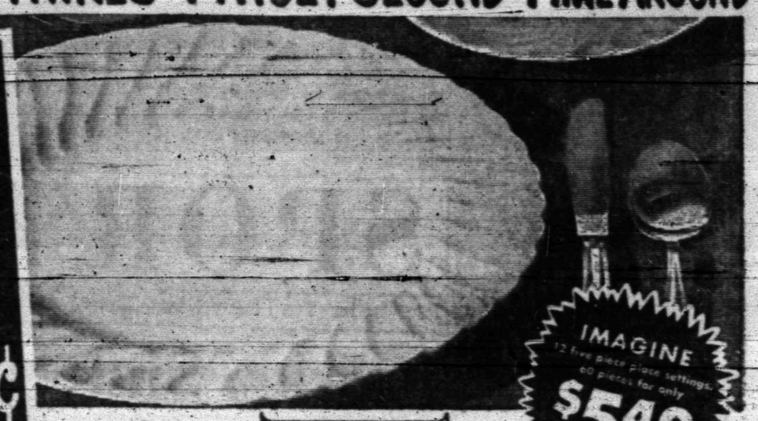

Train In Mishap Had Five Crewmen

A Roscoe, Snyder and Pacific train involved in a car-train crash here Tuesday had five crewmen instead of two as listed in early news accounts of the mishap, officials of the railroad said.

The crew consisted of Jimmy R. Freeman, conductor; Woodrow M. Smith and Bobby Freeman, brakemen; M. H. Smith, engineer, and Donald Richburg, fireman.

DAMAGED IN ATTACK ON AIR BASE — Gaping hole shows in tail of a U.S. Air Force plane damaged when Viet Cong guerillas launched a mortar attack on the Tan Son Nhut Airbase in Saigon. In background, a column of smoke rises from oil storage tank set ablaze. Dispite damage, operations were not disrupted. (AP Wirephoto via radio from Saigon)

LIGHTEST MEXICO

BY JOHN ABNEY

MEXICO CITY — Today we have some interesting correspondence from a lady who asks a number of things about how Mexicans dress, how they make their jewels and pottery and last but by no means least, do they celebrate their holidays like we do?

Heavenly days, I didn't realize Mexico is such a dim, dark country. For a while there I thought everybody was going down the middle of the highway and the calendar was on the correct page.

It must be the writing that's dim and dark.

At any rate, let us attend to regular folks. They go to the tailor shop or into one of the big department stores here and buy the same kind of clothes you do. Maybe you have seen some fiesta posters with ladies and gentlemen pictured dancing in regional costumes. Well, we have cowboys up home and some of them probably wear high heel boots and tight pants and a big hat. But that doesn't mean anything to the rest of the country unless there is a party of some sort.

How Mexican make their jewels is curious. They often use Paris or New York models for these items and the jewelers turn out exact replicas like all over the world. Of course, you have some local designs which are very original. The designer makes a scale sketch in color of the jewelry piece he has in mind and the metal men make the piece just like the sketch. Pottery — well, they put a lump of clay on a wooden or stone platform and turn it by hand as they shape the pot or whatever they are making. Then they let is dry in the sun for a while and put it in an oven to bake.

Then, holidays. Mexico throws a Christmas that is the same as ours; except theirs possibly has more lights and color. Remember, they have a different set of holidays (apart from Christmas, New Year and Easter) but a celebration is a celebration. Mexico is close enough to the U.S. to have picked up an awful lot of our customs and ideas. You'd be surprised to find everybody around here just folks who dress up and drive cars like we do.

Could a family of three get by in Mexico on $192 (U. S.) a month?

It depends on how you want to live. Mexico City has about six million inhabitants and all the things any big city has. You might get by if you want to live in a poor section of town. You would do much better in a small place away from the city, where rents are lower and prices are cheaper. But $192 isn't much for three people anywhere.

Information on train routes from border to Mexico City?

I would suggest taking the swanky Aztec Eagle which leaves Nuevo Laredo every afternoon at 6:15. Arrives in Mexico City the following day about 10 p.m. When you get aboard you sit down to dinner in the dining car and watch the Mexican country side unfold. Everything is loungy and air conditioned. You pass through desert plains studded with cacti, tree-filled valleys of the Tropic of Cancer, rich agricultural areas, valleys and highlands. Sometimes you'll wind over giddy peaks with the track cutting through sheer rock walls. Cross mountain streams and pass through Indian villages of adobe huts where burros are loaded for the market. First class fare is $8.36. Mexico has excellent and cheap rail travel.

(Question on Mexico? Write John Abney, Damas 106, Mexico City 19, Mexico.)

Says Drink Brings On Agitation

By JOHN VINOCUR

NEW YORK (AP) — A cocktail before dinner can relax tensions temporarily, but its long-range effect may be to make the boss, the mortgage and the kids tougher to take than ever, says an expert on alcoholism.

Whether one drink or ten, liquor inevitably calms a man down but then, without exception, sends him above his normal anxiety level, says Dr. Stanley Gitlow of the New York Medical College.

In a speech to the National Council on Alcoholism Wednesday night, Gitlow took issue with physicians who recommend before-meal drinks to soothe the tired and perplexed businessman.

The doctor, who described himself as a "social drinker," called such advice "misguided" and said liquor "cannot be used to dispel a medical need."

"Several drinks or even one," Gitlow said, "are going to make things difficult the next day."

Gitlow said experiments have shown that alcohol's sedative effects reach a peak about two hours after intake. When they begin to wear off, however, alcohol level in the blood remains high and psychomotor activity or anxiety goes up, he said.

"You have the situation," the doctor said, "where a fellow falls asleep easily after having a few drinks, but finds himself up early the next day. The anxiety has outweighed the sedative element."

This uncomfortableness, characterized by irritability and problems in concentration, can extend into the normal man's next working day, Gitlow said.

"The sedative period is short and acute," he said, "while the agitation is long and subtle."

Thief Cleans Out Police Group Funds

LOS ANGELES (AP) — The "air conditioning repairman" walked into the building and went to work — rifling purses left by women office workers who were on a coffee break.

Police said the thief took $150 Wednesday and left without even looking at the disabled air-condition system.

To make matters worse, officers shamefacedly reported, the scene of the crime was a gathering place for off-duty police — men and women — and firemen: the Police and Fire Protective League.

THEIR SONG!

How Will History Record Buddhist Role In Turmoil?

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — When the full story behind the Buddhists' maneuvering in South Viet Nam comes out it may prove to be one of the slickest pieces of Machiavellianism in our time.

The Buddhists are trying to overthrow their government. The U.S. government doesn't seem well-informed on what's going on among the Buddhists and what's driving them or, if it is, it's keeping the information to itself.

For that reason no one seems able to say whether the Buddhist leaders are in a deal with the North Vietnamese Communists to seize the South Vietnamese government, ask the Americans to leave, and let the Reds take over.

It might appear at first, if this is what the Buddhists have in mind, that they are operating on sheer gall since this country is only part of the total possible backing the government of Premier Nguyen Cao Ky and has enormous forces in Viet Nam.

But they might be banking on something else to help them carry the day: divided American opinion.

When the history of these days is written the effect of what has happened here in the field of one of America's most prized possessions — freedom of speech — may appear as a strong factor in the Buddhists' thinking.

President Johnson's policy on Viet Nam has been under attack from many quarters in this country — particularly in the Senate and the academic world — and perhaps he can't gauge its full effect on him.

For instance: Would he have pursued the war harder, been less reluctant to bomb North Viet Nam more extensively if the critics weren't on his back? But any effect on Johnson is only part of the total possible effect of the criticism.

For example: What has been the effect of Americans' criticism of their own government on the thinking of the North Vietnamese Communists about continuing to fight?

Or on the South Vietnamese Buddhists about their chances of overturning their American-backed government and getting away with it?

Johnson apparently has felt confident, despite the criticism, that he had the support of a majority of Americans for his Viet Nam policy.

But the criticism here at home could leave no doubt in the minds of the Vietnamese, North and South, that American thinking was divided not only about how to wage the war but even about continuing it at all.

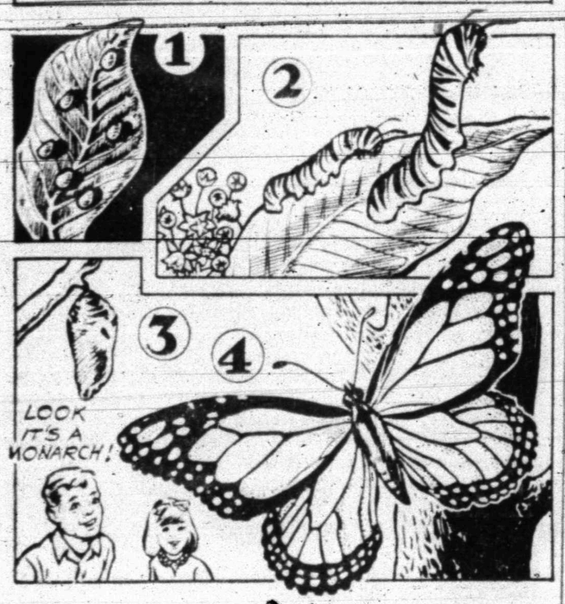

For instance, Sen. Wayne Morse, D-Ore., said the American people are going to "repudiate this administration and they should. You just can't justify our being in war over there."

He called the U.S. position in Viet Nam "shockingly immoral" and said that if the South Vietnamese were ever to choose freely a Communist government, the United States should support it.

If you were a Vietnamese and heard that — and much more — you wouldn't be under any illusion that Americans were 100 per cent behind Johnson in trying to crush the Communists or at least force them to seek peace.

And if you were a Vietnamese, American division might seem to you a symbol of uncertainty and hesitation and therefore an inducement to action which otherwise might have seemed hopeless to you.

Junior Editors Quiz on BUTTERFLIES

QUESTION: What happens in the lives of butterflies and caterpillars?

ANSWER: Many interesting things happen, the most remarkable being a complete change, or metamorphosis. Butterflies' eggs are generally laid singly or in groups on the underside of the leaves (1). These leaves serve as food for that queer little creature, the caterpillar, one of which emerges from each egg, looking not at all like their fluttering winged mothers. Caterpillars may seem a bit repulsive, but are most interesting to watch and study. They have heads with chewing mouthparts which can bite into leaves. Underneath are six small legs, and further down a set of false or unjointed legs. Caterpillars have an amusing trick of standing on these and rearing up the front of the body (2). After eating enormously and changing its skin several times, the caterpillar becomes a "pupa" or "chrysalis." A hard case forms around it, generally hanging from a twig or leaf (3). Inside, an amazing change has taken place: the body becomes soft, like cream, and inside this a differently shaped insect begins to form. Finally, the shell of the pupa cracks and out comes that glorious creature, a butterfly. For a while, the butterfly rejoices us with its brilliant colors, then it lays its eggs, and the cycle begins again.

FOR YOU TO DO: Color our monarch butterfly a rich red orange. And keep an eye open for a pupa hanging from a leaf or twig. Take it inside and watch what happens after awhile. 4-14

(Cindy Rudder of Rockhill, S.C. wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Columnist Remembers Puppy Love

By HAL BOYLE

NEW YORK (AP)—"Him? I didn't think you even knew he existed, Ellen."

"Really, Jason, I don't think you even know what love means."

These are a couple of remarks I heard my daughter, Tracy Ann, make recently over the telephone, an instrument which has become so firmly attached to her ear that I am thinking of having it removed by surgical means.

I am not a parent who believes in eavesdropping but kids today bellow their secrets into a phone so loud you can hear them all over the house.

What do 12-year-old kids talk about? Well, believe it or not, they talk about each other.

Does Judy like Rodger? What does Susie see in Spencer? And how about Dick and Christine?

The other night, with both a radio and television set turned on, my daughter sat and talked over the phone with a chum about the antics of a seventh-grade Romeo for exactly an hour and 15 minutes. Finally, I went into her room and broke up the conversation.

"What on earth are you doing?" I demanded.

Tracy Ann pointed at an American history book open on her lap.

"Studying the Monroe Doctrine," she replied.

"While listening to the radio, watching television, and talking on the phone?"

"Yup."

I noticed six boys' names written on her small blackboard, and asked who they were.

"My boy friends."

"Only six?" I inquired with heavy sarcasm.

"Oh, I've got lots more," she said airily. "But those are the ones I like best—now."

I went out and grumbled to my wife.

"Oh, dry up, Rover," said Frances. "Let her alone. She's still in the puppy love stage."

Puppy love? Oh, no. No, indeed. Whatever this jabberwocky over the telephone between small fry amounts to, it isn't puppy love.

Not real puppy love, anyway. Real puppy love isn't noisy and carefree and gossipy. Real puppy love is solidary, silent, soulful suffering—the spirit laid bare and shuddering and helpless to cure its own agony.

I remembered then my own case of puppy love in the seventh grade. I wrote not six names on a blackboard, but one in my heart.

She was a girl half a head taller than I, and I sold newspapers on the streets for days to save up enough to buy her a box of Valentine candy, and she promptly gave a piece to the tallest boy in the class.

This boy was my best friend and I sat in the row between him and her, and I had to pass back and forth the notes they wrote each other and I never read a line. I have had to do some bitter chores in my life since then, but none that ever degraded me more or left me more forlorn.

Well, he grew up and died, and she grew up and married, and I grew up and moved away. And I never really told her that I loved her, and I never will.

DELAYED ACTION BOMBS

Red Crews Due Surprise

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — Communist work crews attempting to clear the landslide blocked Mu Gia Pass in North Viet Nam are in for an explosive surprise.

Some may already have gotten it.

A sizeable number of the half-ton bombs dropped there by a force of B52 bombers two days ago were rigged with delayed action mechanisms, sources said today.

These bombs, which buried themselves in the ground, were set to blow up over a period of days after they fell from the bellies of the giant jets.

Thus the sources said, there's a good chance the big bombs are raising havoc with labor gangs sent in to try and reopen the infiltration road through the pass that leads to Laos and eventually to South Viet Nam.

There also is a possibility that these delayed explosions might touch off new earth slides to complicate the road clearing operations.

It was reported that about 20 per cent of the bomber force from Guam carried the delayed action half-ton bombs.

The cases of these bombs are so strong that they remain intact even after being dropped from a high altitude and pierce the earth.

The triggering mechanism is a clock-like device that starts operating on impact and detonates the bomb at a preset time.

This technique was used in World War II, veteran military officers said.

Nearly 700 of the roughly 1,400 bombs rained on Mu Gia Pass in the first B52 strike into North Viet Nam were nuclear explosives. A sizable portion of these bombs were equipped with the delayed action trigger.

Until now most of the B52 raids, which began last June and concentrated against Communist targets in South Viet Nam, have involved 750-pound bombs.

There appears to be two reasons for the large number of the half-ton bombs used in the Mu Gia raid, the nature of the target and an undersupply of 750-pound bombs.

One Day Left To Wrestle With 1040

By MARTHA COLE

WASHINGTON (AP) — One more day to go, and for the millions still struggling with Form 1040, the income tax men remind you:

Arithmetic — make sure it's right.

Social Security number — be sure you put it on your income tax form and get it right.

Name and address — type or print it clearly, if you have a refund, the Internal Revenue Service — IRS — doesn't want it coming back to them.

There are the most common causes for faulty returns, a tax man said today.

The IRS expects to collect 66 million individual income tax returns this year — roughly 2 million more than last year.

Knowing from experience the habits of the American taxpayer, IRS expected one-third, or 22 million to file their returns in the last two weeks.

Yesterday, as of April 8, the last day a count was made and only one week before the deadline, 43.6 million taxpayers had sent in their return, leaving an estimated 22.2 million still doing their figuring the last week.

Returns must be postmarked midnight Friday.

The hardest job is not filling out the tax return, IRS Commissioner Sheldon S. Cohen says.

"It is the maintenance of adequate records so that you can have the information available at the end of the year," Cohen told a House appropriations subcommittee recently.

As for that arithmetic, Cohen said the new income tax system has simplified it greatly, so that even before the mathematical accuracy of returns is checked by computers, about 2 to 3 million errors are detected by IRS employees — and most of them are in the taxpayers' favor.

Thief Ate Half Evidence Of Crime

DALLAS (AP)—A 41-year-old man was accused by police of stealing a foot-long hot dog but police could find only half the evidence. The man ate the other half.

The official complaint was breaking and entering a motor vehicle, to get to the hot dog.

The crime lab went through the process of photographing and indexing the half a foot of hot dog.

Armed Patrols To Guard Waterways

By BOB HORTON

WASHINGTON (AP) — The U.S. Navy has started river patrol boat warfare in South Viet Nam and plans to have 160 machine gun-equipped craft ready to run down Viet Cong vessels by July.

Indications are this is only the beginning of a large-scale operation — the first of their kind for the Navy since the days of the American Civil War.

The first two of the Navy's new 31-foot fiberglass, water-jet propelled PBR's (patrol boat, river) began operating Sunday in river waters about 30 miles southwest of Saigon. They halted and inspected 19 junks.

By summer the Navy will have scores of the high speed craft skimming along rivers which wind seaward through the rice-rich area below Saigon. The boats have a speed capability of 25 knots.

Thousands of junks and sampans traverse canals and streams interlocking the rivers — and many are Communist vessels hauling food and, to a lesser extent, arms northward to Viet Cong strongholds.

In an effort to choke this many-veined pipeline, the Navy is embarking on "game warden" patrols.

Already 750 men are being trained for what Rear Adm. Leroy V. Swanson, director of fleet operations, calls the initial phase of the operation. In Viet Nam the game warden patrols are under operational control of Rear Adm. Norvell G. Ward, head of U.S. naval forces there.

The PBR has sparked enthusiasm among Navy enlisted men — perhaps mainly because they'll be in charge of running armed vessels for the first time. First or second class petty officers are being assigned to head the four-man crews.

All the men of five recent gunner's mate classes at the Great Lakes Naval Training Center in Illinois asked to serve on PBR's in Viet Nam, and virtually the entire operation will be manned by volunteers.

The boat is armed with one twin 50-caliber machine gun fore and a 30-caliber machine gun aft, but its job is basically to chase and search along main rivers — not engage in heavy battle.

This is left to the Vietnamese river assault group — the black berets — with its slower, armored vessels which penetrate between-river canals to look for trouble or transport troops.

The armed boats are powered by noisy engines which tip off Viet Cong. But the PBR is virtually silent at low speeds.

Fluvanna YF In Session

FLUVANNA—Dr. Sam Little of Lubbock discussed soil building crops and the widths of rows for forage crops at the regular meeting of Fluvanna Young Farmers.

He presented a series of slides showing different forage crops on various widths of rows. He said it was time to take a hard look at the old 40-inch row and consider advantages of shorter widths of 27-inch, 20-inch or even 10-inch dimensions.

Dr. Little said farmers should remember that they are selling plants, not rows.

Some 75 hunters participated in the rabbit drive sponsored by Fluvanna Young farmers last Friday and about 100 were on hand for the Saturday drive. The first day's hunt was mostly to the north of Fluvanna while the second day activity shifted to the south and east.

Next meeting of Fluvanna Young Farmers is scheduled for May 5.

Sweetwater Worker Buried In Ditch

SWEETWATER, Tex. (AP)— A construction worker was rescued Wednesday some 30 minutes after he was buried beneath five feet of earth when a ditch in which he was working collapsed.

Eddie Banks, 21, was listed in good condition Wednesday night.

Banks, an employe of Batjer & Associates of Abilene, was doing the work in a ditch at the construction site of a new high school in Sweetwater at the time of the accident.

About 10 co-workers dug frantically for about 30 minutes before freeing Banks.

TANKER IN TROUBLE — The 21,000-ton Liberian tanker Rokos wallows in heavy seas 450 miles off Newfoundland after spring a leak in a storm that claimed the lives of seven on other ships in the area. The leaks were patched and the tanker is headed for New Brunswick to unload oil. (AP Wirephoto)

Allies Get Close Inspection Of New Russian Fighter

BERLIN (AP) — The crash of a Soviet plane in a West Berlin lake gave the Western Allies their first inspection of a new Russian all-weather fighter.

The wreckage of the plane, which crashed eight days ago in the city's British sector, was delivered Wednesday to a Soviet pontoon raft in the Havel River near the East German frontier.

A British spokesman confirmed for the first time that the two-seat, twin-jet plane was of an advanced type previously relatively unknown in the West.

"The aircraft appeared to be the YAK28 type," the spokesman said, adding, "This is a most modern type of Soviet all-weather fighter."

The plane's two crewmen were killed, and their bodies were turned over to the Russians last Friday.

Informed Allied sources said: "This was the first look we have had at such a plane in any circumstances." The sources added that they understood the plane had been outside the Soviet Union for only about three weeks at the time of the crash.

It was a mystery, the sources said, why the Soviets had brought such a plane so near to the West.

Prisons To Permit Muslim's Rites

BUFFALO, N.Y. (AP) — A federal judge has ordered the state correction commissioner to put into effect within 30 days rules permitting the practice of religion by Black Muslims in state prisons.

Judge John O. Henderson of U.S. District Court said the current ban on such ceremonies was "a vehicle for suppression of the Black Muslim religion."

Returned Home

J. E. Berry was returned to his home from a San Angelo hospital by Bolger Ambulance yesterday.

Auto Mishaps Totaled

BOSTON (AP) — The American Automobile Association says there were 404,919 motor vehicle accidents in Massachusetts last year. The association used the figures to back up its support of a bill to establish minimum tire safety standards in the state.

Bolshoi Begins Tour

MOSCOW (AP) — A company of 117 persons from the Bolshoi Ballet left by plane today for New York to begin a tour of the United States and Canada.

Jet Aviation Sees New Era Shaping

BIG PLANE ERA BJ T

By JOHN T. CUNNIFF

NEW YORK (AP) — A new era in long distance aviation will be ushered in by the end of the 1960s, carried at 45,000 feet on the wings of jets seating up to 490 passengers, some in staterooms.

Pan American World Airways Wednesday ordered 25 Boeing 747s at a cost of $525 million, a figure the companies said represented the largest commercial aviation order ever placed.

The new craft is expected to sharply cut the cost of air travel. Juan Trippe, Pan Am chairman, said cargo and passenger costs would be reduced as much as 35 per cent.

The 747, about 2 ½ times the size of today's largest jet, will cruise at 633 miles an hour, 10 per cent faster than present cruising speeds. It is subsonic — flying at less than the speed of sound.

When completed, the aircraft could become immediately competitive with maritime shipping in transporting some cargoes from continent to continent. But the announcement heralded also a future day of greater competition for the domestic passenger with rail and highway transportation.

The impact of the order, on which deliveries will begin in September 1969, was vast. Trans World Airlines, the only other United States transoceanic carrier, said it too is considering the Boeing 747.

The enormous plane will carry 214,000 pounds of freight, a capacity double that of existing planes It will be the first plane capable of handling "highway size" shipping containers which have become standard on ships, rails and trucks.

The 747 will be capable of carrying 490 passengers in thrift class or 378 in mixed economy and first class. It will have a cruising range of 6,000 miles.

The subsonic 747 is not to be confused with the supersonic — faster than sound — aircraft on which Boeing and Lockheed aircraft have submited plans to the government, nor the C5A military transport which Lockheed is developing.

The over-all length will be 228 feet 6 inches; the wingspan 195 feet 7 inches; the gross weight 680,000 pounds compared with 333,100 for the Boeing 707.

Blame Death On Improper Treatment

MEXICO CITY (AP)— Improper medical attention may have been the cause of death of a Mexican worker, doctors representing Gen. Humberto Mariles, who is accused of the slaying, said Wednesday.

Mariles, a former Olympic equestrian champion, is accused of slaying Jesus Velazquez.

Two Mexico City doctors said they believed Velazquez died because he did not get quick medical treatment after the shooting. The statement was made by Miguel Gilbon Maitret and Manuel Merino Alcantara following a three-hour study.

To Head Group

PORTLAND, Ore. (AP)—The new president of the Industrial Forestry Association is L. J. Forrest, Hoquiam, Wash. He was elected Wednesday at the annual meeting of the Pacific Northwest organization.

ferti-lome products are sold only by QUALIFIED dealers who can give you professional guidance

BREAKTHROUGH FOR ROSE GROWERS
an easy, sure way to feed your rose bushes and control insects

NEW ferti-lome ROSE FOOD
containing systemic insecticide
Troublesome spraying and dusting is unnecessary to control certain insects when you feed your roses with new ferti-lome Rose Food containing Systemic Insecticide. Monthly feedings will produce vigorous bushes, colorful blooms and control piercing and sucking insects. The Systemic Insecticide is absorbed by the roots and gives invisible protection in old and new growth against aphids, lace bugs, leaf hoppers, mites, thrips, whiteflies, birch-leaf miner, pine tip moth, misoso webworm, red spider mites and other piercing and sucking insects. Contains cottonseed meal, bone meal, blood meal, chelated trace elements from Multi-TRACIN in addition to primary plant foods for a proper diet for all roses. 5 lb. box feeds 50 average bushes. Handi-measure in each box for easy application
5-Lb. Only $2.98
HERE IS HOW SYSTEMIC INSECTICIDE WORKS
we recommend ferti-lome lawn and garden chemicals
