Funeral Rites Conducted for J. J. Moore

James Jefferson Moore, age 78, died in Root Memorial Hospital Tuesday morning after a long illness.

Moore was a retired farmer of the Westbrook Community. He was born in Bullock County, Ala., on Feb. 2, 1882, and came to Texas in 1891. He moved to Mitchell County in 1907 and was married to Miss Queen Boatler on Dec. 25, 1913. Moore was a member of the First Methodist Church in Westbrook.

Funeral services were conducted in the First Baptist Church in Westbrook Wednesday at 2:00 p. m. with Rev. John Hawkins, retired Methodist Minister officiating, assisted by Rev. Hatcher, pastor of First Methodist Church and Rev. Kenneth Andres of First Baptist Church. Burial was in Westbrook Cemetery under direction of Kiker and Son Funeral Home.

Pallbearers were Lee Roy Miller, Albert Young, Leroy Gressett, Charlie Gressett, J.D. Iglehart, George Dawson, Anson Henderson and J. W. Lewis.

Moore is survived by his wife, one son, R. W. Moore of Abilene; one foster son, Don-See FUNERAL Pg. 7

Chili Supper Monday for War I Vets

A chili supper is on tap here Monday evening for all veterans of World War I and their wives.

Plans for the event were announced Thursday by Mitchell County Barracks No. 1582, Veterans of World War I.

The chili supper — free to the veterans and their wives — will be at 7 p. m. Monday in Civic House.

Special guest for the event will be Roger Q. Evans of Baird, departmental commander of Texas Department, Veterans of World War I.

"We are inviting all members of the barracks and their wives, and all other veterans of World War I and their wives to attend this supper," the announcement said.

HERE VETERANS DAY

VFW Planning for Holiday Activities

Colorado City's Veterans of Foreign Wars Thursday announced plans for a full day of activities Veterans Day, Nov. 11.

The holiday program will begin before sunrise and conclude at midnight, according to Don DeLaney, commander of the VFW Post.

Coffee and doughnuts at 6:30 a. m. at the VFW Post will open Veterans Day activities.

A flag raising ceremony will follow at sunrise at the post in observance of the holiday and in tribute to all patriots who have served in the nation's armed services.

From 7 p. m. to 8 p. m. a barbecue supper will be served at the post.

Then, the holiday activities will conclude with a dance from 8:30 p. m. until midnight. The Landeros Orchestra will play for dancing.

Nixon Rally Leaders

These six persons were key figures in the Nixon-Lodge political rally here last week. Top photo, left to right, are Frank Kelley, speaker on oil policies; Curtis Latimer, who spoke on education and agriculture; Bennie Franks, oil speaker. In bottom photo, left to right, are Bob Robinson, emcee and chairman of the Republican ticket forces; Robert Stripling of Midland, principal speaker, and H. I. Berman, who also was a speaker.

7:30 IN WOLF STADIUM

Sweetwater, Wolves in 3-AAA Tussle Friday

Colorado City High Wolves return to their home field Friday night for a 3-AAA District encounter before the homefolks.

And they run smack into the league-leading Sweetwater Ponies, the perennial district power.

They catch the Mustangs, too, after Coach Elwood Turner's club is fresh from an off-week and more than eager to defend its undisputed leadership.

Game time for the important 3-AAA contest in Wolf Stadium will be 7:30 p. m.

The Wolves, who opened with a 15 to 0 triumph over Lake View in 3-AAA 2 weeks ago, were sidetracked in Snyder last Friday, 36-21, after illness struck at key players.

Sweetwater opened its 3-AAA schedule 2 weeks ago with 28 to 7 triumph over Snyder. Then, last week, the Ponies rested while all the rest clobbered each other — Snyder knocking C-City from the unbeaten list, and Lake

View surprising Lamesa, the crown.

The Wolves, although Quarterback Jerry McKay recovered from illness and others off the sick list, had hard luck to give 'em a blow again this week.

Jim Womack, who plays on kickoffs, and is utilized effectively as defensive corner back and linebacker, fell in the dressing room and was hospitalized with head injuries. Although out of the hospital Thursday, he was still out of school and off the practice field.

Heading the Sweetwater power into Colorado City Friday will be the veteran Joe Gerald, quarterback, and 3 more backfield veterans — Mickey Horner, left half; Charles Burnett, right half; and Ronnie Cox, fullback.

Dan Latimer, the junior who under studies McKay at quarterback and plays defensive halfback, was out with a sprained ankle.

And the Wolves are not a team with a strong bench. Those are 2 key defensive players and offensive subs who will be sorely missed.

Heading the Sweetwater power into Colorado City Friday will be the veteran Joe Gerald, quarterback, and 3 more backfield veterans — Mickey Horner, left half; Charles Burnett, right half; and Ronnie Cox, fullback.

CONSIGNERS AND ANIMALS

Hereford Sale to Establish Record

Twelfth annual sale of Mitchell County Hereford Breeders Association will be a record maker.

The 1961 sale will have more consigners than any of the 11 previous sales.

And the number of animals consigned will be a record high also.

This record-making fact was apparent Thursday as the association announced the consigners and number of animals for the sale, scheduled here Friday, Jan. 6.

Seventeen Hereford breeders from the Colorado City and Big Spring area will consign Herefords for the sale here in Mitchell County's new Agriculture Building.

In the sale will be 41 bulls and 19 females — a total of 60 animals.

Here is a list of the consigners and the number of animals they will place in the sale:

C. A. Walker of Big Spring, 3 bulls; Sam C. Thompson of Route 2, 4 bulls; S. P. Buchanan of Big Spring, 1 bull and

1 female; Leslie Hamilton, 1 bull and 2 females; Earl L. Brown, 4 bulls; Roy Henderson, Sterling City Route, Big Spring, 6 bulls and 8 females; T. A. Northcutt, Route 3, 1 bull.

Chesney & Dorn, 5 females; Chesney Coice Herefords, 4 bulls; C. C. Thompson, 10 bulls; Renterbrook Ranch, 3 females; A. T. Hammond, 1 bull; Jim Brown, Route 1, 1 bull; W. L. Harkrider, Sterling City Route, Big Spring, 3 bulls; Francis Winn, Route 2, 2 bulls; Kelley Treadaway, 1 bull; Roy Buchanan, Route 3, 2 bulls.

The Mitchell County sale follows by 1 day the Concho Hereford Association sale Jan. 5 at San Angelo fair grounds. And it is being publicized in a coordinated promotional program with the Concho Hereford Association.

The sale will be held Nov. 30, West Texas Hereford Association sale in Abilene, Dec. 1, and Hereford County sale in Hereford, Texas, Dec. 10.

Consignment of animals for the sale will be placed in the sale.

Local Option Petition Is Filed With County Clerk

FROM WEST TEXAS, NEW MEXICO

Police Communicators Meeting Here Friday

Communications from police departments throughout West Texas and Eastern New Mexico will gather here Friday for a 1-day meeting in City Recreation Center.

Approximately 100 persons will be in the sessions that will be interlaced by a special luncheon program.

Early arrivals for the meeting were to be entertained Thursday evening from 6 p. m. until 8 p. m. at a hospitality event in Baker Hotel.

The meeting will be for members of West Texas-New Mexico Communications Officers Association. Colorado City police and radio personnel are active in the organization and are hosts for the local sessions.

Registration and coffee from 9 a. m. until 10 a. m. Friday will open the main program. Official welcome will be voiced by City Manager Earl Keaton. Responding will be Warren Lawler of Hobbs, N. M., Police Department, second vice president of the association.

Don Haley, of Abilene, Department of Public Safety, and first vice president of the association, will introduce dignitaries and special guests.

A film, "Manner of Speaking," will be shown by Southwestern Bell Telephone Company at 10:20 a. m.

Major W. E. Speir, head of the district Department of Public Safety office in Midland, will speak to the association at 10:45 a. m. His topic will be "Responsibilities of the Communications Officer."

"Message Format" will be

discussed by Bill Williams, Department of Public Safety, Lubbock, at 11:15 a. m.

Porter Richardson, manager of Radio Station KVMC, will be principal speaker at the noon barbecue luncheon. Musical entertainment by the Colorado High Senior Girls Trio.

District Attorney Eldon Mahon will report on "Communication Records as an Aid to Prosecution" at 1:45 p. m. in the afternoon session. Prior to his talk, Jim Stathis, Department of Public Safety in Lubbock, will speak on the topic, "Looking to the Future."

The association's meeting will conclude at 3:15 after a business session which will include the election of officers.

Registration and coffee from 9 a. m. until 10 a. m. Friday will open the main program. Official welcome will be voiced by City Manager Earl Keaton. Responding will be Warren Lawler of Hobbs, N. M., Police Department, second vice president of the association.

Flight Duty

James R. Brown, son of Mr. and Mrs. James W. Brown, Star Route, is under going 16 weeks of flight training at U. S. Naval School, Pre-Flight, Naval Air Station, Pensacola, Fla. He attended Southwest Texas State College before entering flight training at Naval Air Station, Dallas.

Election Likely in December

County Clerk Gilbert Leach is checking signatures on a petition requesting a local option election for Colorado City on the question of off-premises sale of alcoholic beverages within the city limits.

The petition — bearing more than 400 signatures — was filed Monday afternoon at the clerk's office well in advance of the 30-day deadline.

Check by the county clerk's staff is routine — designed to determine that all signatures are of qualified citizens before placing the petition before Commissioners Court.

If sufficient number of signatures are in order — and County Clerk Gilbert Leach has indicated to the Record that this is likely — then Commissioners Court is required at its next regular session to order a local option on the off-premises question.

Election date must be not less than 20 days and no more than 30 days from the date of the court's meeting.

Next Tuesday is a legal holiday for county government because of the Presidential General Election.

So, the next regular meeting of Commissioners Court will be Monday, Nov. 14.

That means the election — if called as expected — will be in the period from Dec. 5 to Dec. 14.

As the check of petition signatures was moving ahead here, the State Supreme Court in Austin was upholding a lower court ruling that paves the way for the type of local option election sought in Colorado City.

The lower court ruling holds that a subdivision of a "dry" county may hold a local option election and vote itself "wet."

The Supreme Court held it has no jurisdiction in a dispute rising out of a Castro County local option election Oct. 10, 1959. The ruling, in effect, upheld an Amarillo Court of Civil Appeals judgment in favor of the "wet" forces of Castro County's Precinct 4.

Friday Final Chance for Absentees

Friday is the last day for absentee voting in the Presidential General Election.

Already in the absentee ballot box Thursday were 137 ballots.

Approximately 55 ballots still were out-mailed to persons on request, but not yet returned to County Clerk Gilbert Leach's office.

The absentee balloting is indicative of an expected heavy number of voters for the election next Tuesday, Nov. 8.

COUNTY GINNING PASSES 15,000

Mitchell County cotton ginning moved above 15,000 bales Thursday.

Here in Colorado City the total at 4 gins was 5,322. Loraine's 3 gins reported 6,240 bales.

All total for the county, the Thursday total in bales ginned was 15,824. However, this can be reduced by about 550 bales since approximately half of the ginning at China Grove is from cotton production outside of Mitchell County.

Here are the totals by gins as reported Thursday morning:

Colorado City—Producers, 2660 bales; Guitars, 1034 bales; Swift, 912 bales; Yoakum, 716 bales.

Loraine—Guitars, 1717 bales; Co-op, 3,393 bales; Producers, 1130 bales.

Buford Co-op, 2068 bales; China Grove, 1138 bales; Westbrook's Planters, 1056 bales.

ALL WEEK LONG

Vandals Hit City In Damage Spree

Vandalism was on the upsurge this week in Colorado City, but not all of it came with Halloween.

Glass in a window at Gopher's Garage on North State Highway 208 was discovered smashed Wednesday.

Four windows were broken on the east wing of Hutchinson Elementary School Halloween night.

But vandals returned to the same school Monday night shooting out the glass of a rear door on the school's east side and damaging the door frame.

Troy McClendon, 521 Elm, reported 4 hubcaps and 2 fender skirts were taken from his 1956 model Chevrolet parked in front of Civic House Monday night.

Vandalism replaced Halloween fun Monday night when

a brick was thrown through the front of window of Mr. and Mrs. A. T. Barrett's residence at 433 E. 14th St. Barrett is Colorado High principal.

Green paint was placed on the residence of City Attorney and Mrs. John Worrell the same Halloween night and some motorists reported eggs thrown at their cars.

Two large youths — not children — tore the door screen at the residence of Luther Leallen, 1719 Colorado, when they were not given treats in the usual children's game of "trick or treat."

Two fire plugs were turned on in the Latin American area Halloween night about the same time youths placed the Hutchinson School bike stand in the street at E. Fifth and Cedar.

MAX CADDELL MOVES

Caddells Buy Trucking Operation in Oklahoma

Caddell Transit Inc., a Colorado City firm for 16 years, Tuesday began operating Pickett Bros. Truck Line in Walter, Okla.

Max Caddell, who has operated the transit firm here with his father, M. N. Caddell, left here Monday to assume the management of the line. Caddell's father, Max Caddell, took over of it several years ago.

the Oklahoma trucking operation on an 180-day temporary authority approved by the Interstate Commerce Commission. This is subsequent to final purchase when ICC gives permanent approval for the deal.

Operations of Caddell Transit in Colorado City, a line which has been certain Oklahoma line.

time here at least for the time being, Caddell said. The trucking business which Caddell is purchasing in Oklahoma is the same type of asphalt hauling which has operated out of Colorado City.

However, in Oklahoma the firm will be hauling out of a line which has been certain Oklahoma line.

See OPERATION Pg. 1

Executive Board Members

Executive board members of the Hutchinson Parent Teacher's Association give the final touches to the attendance banner they award the individual classroom which has the most parents attending the P. T. A. meetings. They are, from left to right: Mrs. H. Jene Steakley, president of the Hutchinson P. T. A.; Mrs. John Merritt, Mrs. Henry Lewis, Mrs. Bill Holbert and Mrs. Jack Jordan.

AT CIVIC HOUSE

Mrs. Frank Speaks To Chapter Members

"Personality and Relationship" was program title presented to Mu Phi Chapter of Beta Sigma Phi by Mrs. Benjie Frank last Tuesday at Civic House.

Craddock-Witten

BODY SHOP

Joe W. 3rd

Expert Painting

"Personality is the behavior of a person and which this person alone possesses — unlike no other. It is what makes us different from other persons and is the impressions and memories that we leave with others," she said. "On the other hand, environment also plays a tremendous part on our personality development and perhaps more so than does heredity. For example, a child reared in a home where 'children are seen and not heard' and where they are constantly corrected will certainly have an entirely different personality from that of a child whose parents have encouraged his exploration of things and rewarded him for doing so," she continued. "In conclusion, let me say that we must be thankful for

what we have and the ability that we possess. We forget so often how fortunate we are. Our relationships with others is a constant every day occurrence. Man and his personality cannot be separated. God created each one of us as different individuals and only by remembering this, using our talents to the best of our ability, by being ourselves and thinking for ourselves, can we truly find happiness," Mrs. Frank concluded.

During the business meeting, plans were made for a Thanksgiving dinner, Nov. 22 at the Lone Wolf Electric Co-operative building.

Pledges attending were Mrs. Lindy Merket, Mrs. Sam Christy and Mrs. George Gary.

Members present were Mrs. Robert Barman, Mrs. Frank, Mrs. R. E. Gregory Jr., Mrs. Earl Kinton and Mrs. Bobby Kimmell.

Mrs. W. D. McClure, sponsor; Mrs. R. H. Ratliff Jr. and Mrs. George Smith Jr.

Also, Mrs. James Trammell, Miss Mary Hickman and Miss Jane Merrill.

Mrs. Hinson Speaks to Study Club

Mrs. John Hinson, from the Roscoe Ceramic Shop, was guest speaker at a meeting of the 1949 Study Club Oct. 26 in the home of Mrs. Ben Sparks.

"Designing in Ceramics" was title of the program Mrs. Hinson presented to club members.

Baby Shower Compliments Mrs. Clark

The home of Mrs. Harvey Jones was the scene recently of a pink and blue shower honoring Mrs. Don Clark.

Hostesses were Mrs. W. C. Hargrove, Mrs. E. V. Alsobrook, Mrs. Arthur, Millsap, Mrs. O. R. House, Mrs. A. W. Phillips, Mrs. A. L. Fowler, Mrs. Holley Howell, Mrs. Lester Horn and Mrs. Jones.

Mrs. Alsobrook was in charge of games played and prizes were presented as gifts to Mrs. Clark.

The serving table was covered with a lace tablecloth over pink. A large fork centered the table and a tree with miniature dolls swinging in pink, blue and white net stood on one side of the table. The base of the tree was covered with angel hair and tiny pink and blue artificial flowers.

Pink punch and cake with pink and blue frosted were served to 68 guests.

Mrs. Jones registered guests and serving were Mrs. Howell, Mrs. Horn and Mrs. House.

Haley Visits

Visiting in the home of his parents, Mr. and Mrs. Ted Haley, last weekend was Gary Haley.

Gary is a student at Lubbock Christian College in Lubbock.

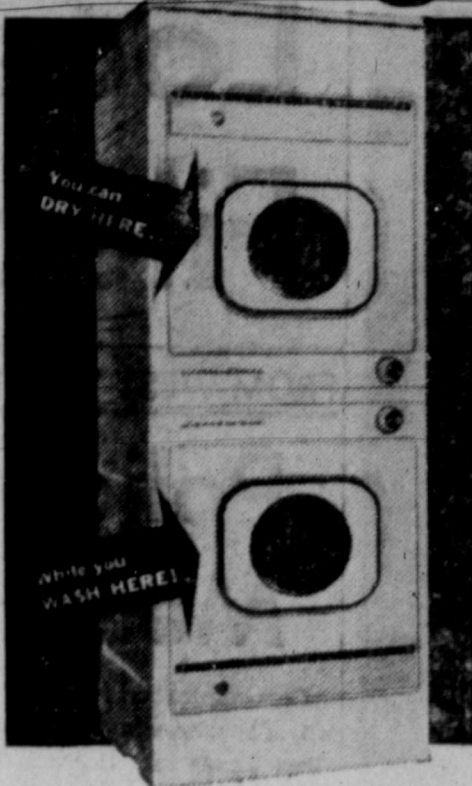

Attends Game

Attending the San Angelo-Tarleton football game at San Angelo last weekend were Richard Mosely, Brenda Feaster, Nahcy Beasley, Mickey Cooper, Pat Thompson and Larry Roberts.

The speaker was introduced by Mrs. H. Jene Steakley. Guests attending were Mrs. John Chinn, Mrs. A.G. Dibble, Billy Hudson, Mrs. R. J. H.

back, Mrs. Bill Holbert and Mrs. Jack Jordan Jr. Also, Mrs. Sparks, Mrs. Steakley, Mrs. Gwan Strange and Mrs. Willie Landau. Hostess for the next meeting will be Mrs. Gwan Strange. The meeting has been scheduled for Nov. 3 in the Terrace Room of the Baker Hotel. Program leader will be Mrs. A. J. Dear. Guest speaker will be Dr. Preston E. Harrison, superintendent at Big Spring State Hospital.

IN CIVIC HOUSE

Winners Announced for C-City Garden Club Flower Show Entries

Saturday morning marked the date for the annual Colorado City Garden Club flower show which was conducted in Civic House and open to the public during the afternoon hours. There were many entries in each division and several won blue ribbons.

Mrs. Maberry Willbanks won the Award of Distinction for showing the highest scoring blue ribbon winner composition.

Tricolor Award to Mrs. R. J. Porter for the highest scoring blue ribbon winner from a selected of classes designated in the schedule.

Award of Merit was won by Mrs. H. L. Lockhart for her exhibit in Horticulture judged as the finest in the section. Mrs. Lockhart also won the Sweepstakes Award in the Horticulture Division for having the greatest number of blue ribbons in that division.

No Sweepstakes Award was presented in the Artistic Division, as there were five exhibitors who scored equally. They were Mrs. Roy Davis Coles, Mrs. L. L. Comer, Mrs. Lockhart, Mrs. Porter and Mrs. A. H. Jackson.

Judging the exhibits were Mrs. A. P. Schrey, Midland; Mrs. L. C. Link, Midland; Mrs. Hugh Elledge, Snyder; all national judges. Student judges were Mrs. Walter Putman, Midland; Mrs. Don Olson, Midland; Mrs. Gene Best, Snyder.

Following is a complete list of winners in the show announced by judges at the event:

J. Steakley, second; Mrs. L. J. Taylor, second; Mrs. Bell, 11 second; Mrs. Martin, first; Mrs. Jenkins, 11 second; Mrs. E. M. Owen, second.

Blue Ribbon Winner

Mrs. H. L. Lockhart, Colorado City Garden Club member, is shown with one of her flower arrangements which won first place in the flower show Saturday. Mrs. Lockhart entered several arrangements which won blue ribbons and had more first place winners in the horticulture division than any other entrant.

Felker Meets Dallas Friend

Two friends who met while in the entertainment business, Range Buster Movies in Hollywood, Havens worked in several different series, one with Gene Autry, and was stunt man as well as doubling for Dean Stockton in his early movie years.

The two men once made a route to Yuma, Ariz., where he is to conduct a revival. The men last saw each other at the Stamford Rodeo in 1952, when Felker was an announcer for the event.

"We Stand Today On The Edge Of A New Frontier"

KEEP THE VOICE OF TEXAS STRONG

Texas' dominant position in the Democratic Party has been a major factor in the amazing growth and prosperity of our State during the past 50 years.

Count our blessings that have come because TEXANS were in the RIGHT party at the RIGHT time.

Count the jobs . . . educational opportunities . . . military installations . . . defense projects . . . water and soil projects . . . rural electricity and telephone systems. Count our ultimate potentials for development.

Now the Democratic Party has selected a TEXAN for one of the two top offices our Nation has to offer. As Vice President, Lyndon B. Johnson will be in a position to render the greatest service any Texan has ever been able to give his State, his Party, his Nation.

Our Nation needs the dynamic leadership of John F. Kennedy and Lyndon B. Johnson. And Texas needs to be counted in the Democratic column November 8 to keep its voice STRONG in the party that has honored its sons and nurtured its growth. Texas has no such stake in any other party or any other candidate.

Texas' future — and America's — lies in your response November 8.

Vote Democratic — Vote The Texan's Ticket

IN CIVIC HOUSE

Federation Tea Honors Local Poets

A tea honoring poets of Colorado City was hosted by the Mitchell County Federation of Women's Club in the party room of Civic House last Tuesday.

The business meeting was presided over by Mrs. R. M. Reed. Reports were presented from club members in the following order:

Mrs. Bennett Scott, Hesperian Study Club; Mrs. V. R. Trulock, 1921 Study Club; Mrs. Charles Wakefield, Self Culture Club; Mrs. Martin Weaver, Zetathian Study Club; Mrs. C. C. Burt, Mu Phi Chapter of Beta Sigma Phi; Mrs. L. J. Taylor, Colorado City Garden Club; Mrs. P. H. Pace, Maranatha Study Club; Mrs. C. C. Berry, Home Demonstration Club.

Mrs. C. P. Gary announced that there is an urgent appeal from McKnight Hospital for gifts to be used in their Christmas gift shop. Packages marked "charity" will be transported free of charge by Merchants Fast Motor Lines, Mrs. Gary said.

Leader for the program honoring Colorado City poets was Mrs. Gary. She recognized the Alternate Poet Laureate of Texas, Mrs. Sam L. Majors, who read the foreword from her anthology, "Broken Pinions." She explained how poems come from some other era of your life. She read her poems which included "Trend," "Regret," "You Have Come A

rain," Faith," "Deserted House," and her newest poem, "Cry of Poets."

Other poets who read from their own writings were Mrs. L. F. Glavin Jr., Mrs. Curtis Latimer, Mrs. L. B. Elliot, Mrs. Sam Bullock, Mrs. Gary and a poem written by Mrs. L. L. Comer called "Digging in the Dirt" was read by Mrs. Wakefield.

Members of the Garden Club were hostesses and served punch and assorted cookies from a table centered by an arrangement prepared by club members.

Moseleys Host Guests

Guests in the home of their parents, Mr. and Mrs. R. L. Moseley, this weekend were Richard and Rayvel Moseley.

Richard is a pre-medical student at Texas Technological College in Lubbock.

Also visiting with Mr. and Mrs. Moseley was Sanford Burrus from McKinney, who is a student at Texas Tech.

Mrs. Moseley entertained with a birthday dinner Sunday for her husband and Brenda Feaster.

Weekend Guests

Weekend visitor in the home of her parents was Miss Judy Bilberry, student at Oklahoma University, Norman, Okla.

Auxiliary Has Regular Meet In City Hall

Ladies Auxiliary of the Volunteer Fire Department met in the clubroom at City Hall last Thursday night.

Games of 42 were played during the evening with Mrs. J. A. Sadler Jr. winning traveling prize. Mrs. Dick Delaney won high score and Mrs. Jesse Bunch low prize.

A cake decorated with a halloween motif was furnished by Mrs. Don Delaney.

Cake and coffee were served to two guests, Mrs. Leon Yeager and Mrs. B. H. Denison and following members:

Mrs. Sadler, Mrs. Bunch, Mrs. Dick Delaney, Mrs. Don Delaney, Mrs. Rodney Oliver and Mrs. Don Henderson.

Also, Mrs. Robert Chambers, Mrs. Leonard Henderson, Mrs. R. A. Moore Jr. and Mrs. Virgil Eaton.

Completes Training

Bobby W. Wilson, apprentice petty officer third class graduated last Friday from nine weeks of recruit training at the Naval Training Center, San Diego, Calif.

Wilson is the son of Mr. and Mrs. E. A. Roger, 853 E. Seventh St.

Here's What Nixon-Lodge

EXPERIENCE MEANS TO MITCHELL COUNTY!

Do not let yourselves, we ask, be FOOLED by the "politicians"! The Democratic Party since the 1960 Los Angeles Convention is not that party we once loved so well. We, your fellow-citizens of Mitchell County, "TEXANS for NIXON & LODGE" — laborers, clerks, merchants, housewives, teachers, home-owners or tenants, salesmen, doctors, farmers, lawyers, in fact people from all walks of life who are not blind to what may happen to our country, our world—URGE you to vote, as to Presidential and Vice-Presidential candidates, for the conservative, STATES' RIGHTS Party, which this year is the Republican Party. The Democratic platform, which is against almost everything that Texans stand for, and is for almost everything that Texans do not believe in, is a radical, spend-thrift, Yankee platform, suiting not even the Democratic party leaders, only the wishes of young John Kennedy, ambitious for "Power and Position" no matter what it may cost YOU.

Above all we feel that Nixon & Lodge, experienced leaders, will not "trigger" us into a World-wide, ATOMIC WAR. Nixon & Lodge think before they speak. Furthermore, the program of Nixon & Lodge will not bankrupt us, will not bring on inflation, high prices; will not take away our depletion, our tidelands (the hope of our public schools); is less likely to increase our taxes. Nixon has repeatedly peacefully settled strikes (Kennedy is 100% for labor unions) that could have crippled our economy, just as Eisenhower, Nixon, and the United Nations have cleared up possibly a dozen World disturbances that could have led to a devastating World War III. To you farmers we say that you should realize that Kennedy and Johnson did not have a farm plan until after the Convention (Kennedy has repeatedly in Congress voted against the farmers), and Jack Kennedy, a Boston "farmer", now has a farm-plan of his own, cooked up by New England professors, a plan that is completely unworkable, costly, involving too many restrictions on farmers and every product from the farm.

It is true that Kennedy promises us EVERYTHING. Mitchell Countians are smart enough to know that such promises can not possibly be fulfilled and that in trying to please everyone, Kennedy can not please any one.

We have, at our Colorado City headquarters, OFFICIAL, unbiased government facts and figures that will disprove what the Democratic politicians have to say against the Eisenhower, Republican administration. For instance:

(1) The Republican farm program, which can still be improved, has met with approval of most farmers (has even met with approval of Kennedy until he decided he wanted more farm votes and would therefore make PROMISES), and Eisenhower administration has loaned more to REA in eight years than in the previous 20 years.

(2) Kennedy complains that we are doing nothing to combat communism in Cuba; yet Eisenhower asked for appropriations for "Voice of America" radio broadcasts to Cuba, and Kennedy and his group voted against this.

During the Eisenhower years, more and more of the debts of the U. S. have been paid, the budget is more nearly balanced, prices have not gone sky high, dictators (except in Russia, Red China) have fallen (at least 10 fewer in South America now than in Truman's days).

This is a time for keeping Leaders such as Nixon & Lodge—not a time for trusting a young dreamer such as Jack Kennedy, who must necessarily appoint radicals like himself in his cabinet, for the Democratic Party is the Kennedy Klan's party, not YOUR PARTY. The White House and the Free World's FREEDOM are not for sale.

Again, let us say, "We are not running for any office. We are ordinary citizens. We can add that we are AFRAID—afraid of War and its destruction, its casualties, the heart-sick it would bring, assuming we should remain alive. We know that inflation can be a horror, too. We know what a "Washington-centered" government can mean. We prefer the Old Frontiers of Honesty, Safety, Freedom, Happiness, not the New Frontiers of False Promises, always followed by Disappointment."

Believe in us and join us in our belief and trust in Nixon, Lodge. "They Understand What Peace Demands".

Huge screened porch with double glass doors opening into master bedroom. Two bedrooms downstairs with large room upstairs. Has basement, double garage, shoproom, and TV antenna. Carpeted completely downstairs. 104 E. 10th. Call Dan Pritchett at RA 8-2088.

Lots For Sale
Corner lot, 100 x 140 ft. at Sheppard & 9th. Cheap. Barry Real Estate. Call RA 8-2010, 144 E. 8th.

For excellent lots call RA 8-2088. Dan Pritchett.

• LEGAL

SEALED SEPARATE BIDS
The Looney Schoolhouse and Looney School Teacherage. These buildings must be moved from property. Bids open until 12:01 p. m. November 5th. All bids may be accepted or rejected. All bids must be cash. Call Fred Warner RA 8-2935 or RA 8-3472.

• OPERATION

Continued from page 1
Max Caddell, whose family also will move to Walters, will head the Oklahoma operation for the time being while his father, M. N. Caddell, remains with businesses here in Colorado City.

The move necessitated Max's small appliances.

Caddell resigning from the presidency of Colorado City Chamber of Commerce, a position in which he was serving his second term, and also his elected membership on Colorado Independent School District's board of trustees.

The Caddells moved to Colorado City 16 years ago from Oklahoma and at the peak of their trucking business here operated 50 trucking units and employed 50 persons.

In the last few years Eagle Transport, with headquarters in Big Spring, also has been maintaining a base here and hauling from the Colorado City terminal.

Max Caddell, who has moved immediately to Walters, is former Jaycee president who was named the city's outstanding young man in 1958. He has served as stewardship committee chairman and Sunday School teacher at First Baptist Church, Democratic Precinct 1 chairman, director of Colorado Country Club and Baker Club.

FUNERAL — Continued from page 1
ald Wayne Boatler of Odessa; two brothers, Marvin Moore of Colorado City and T. W. Moore of Tulsa; one sister, Mrs. Jennie Graham of Tulsa and 3 grandchildren.

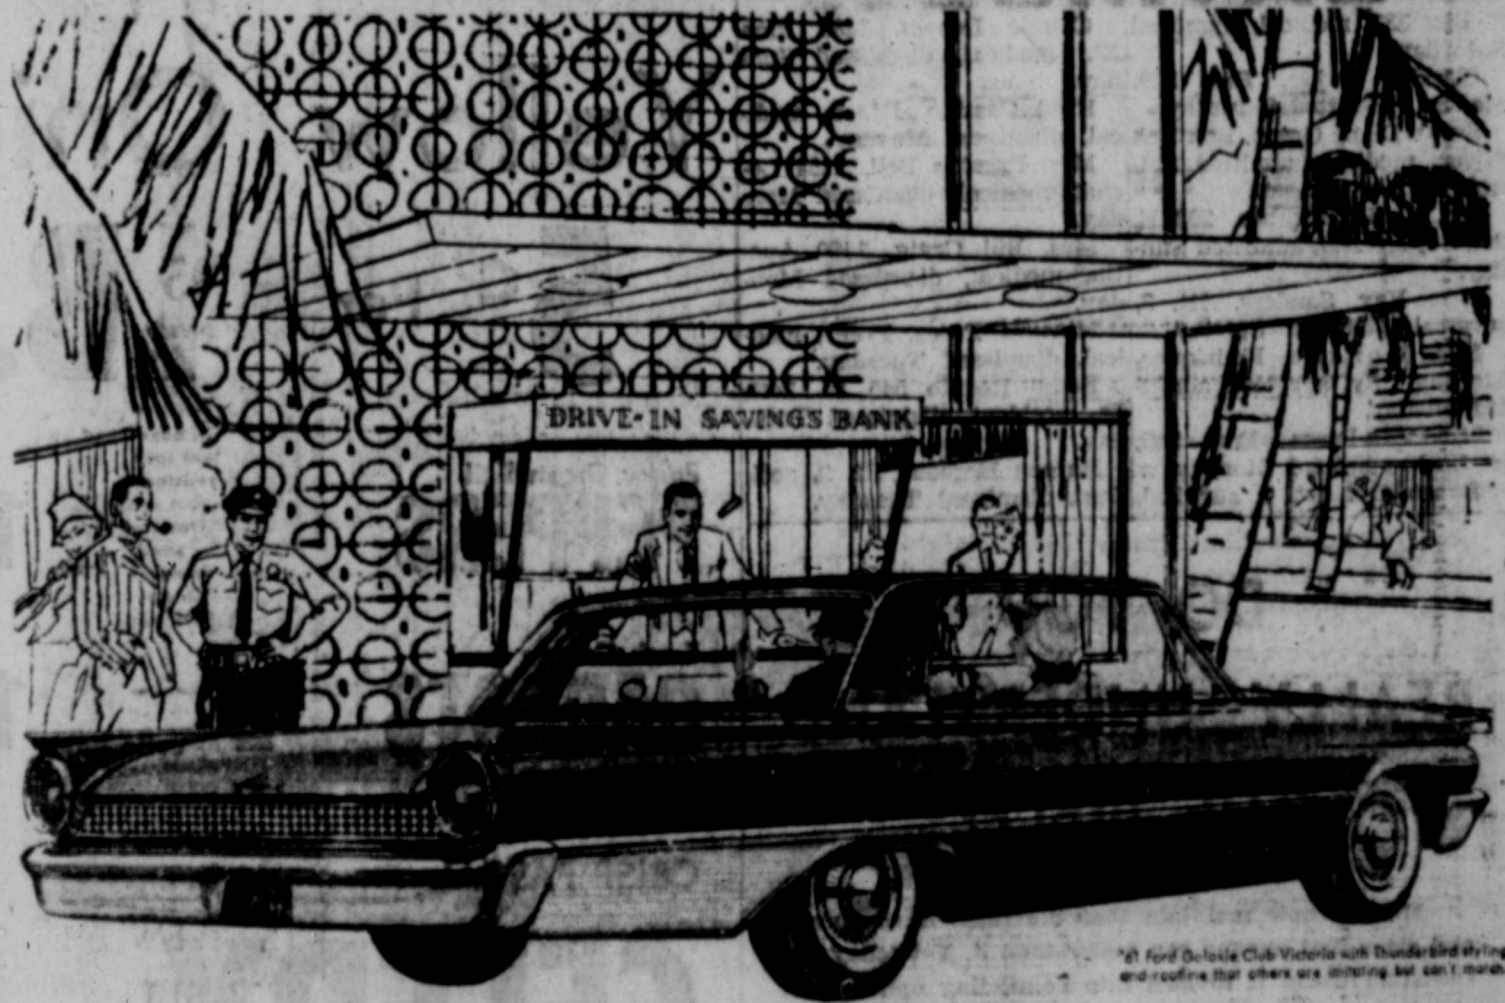

Dietors Club Meets in Rec Center
The Dietors Club met Oct. 27 at the recreation center with Mrs. Eldon Ruffin, hostess.

Cookies and gum were served to the children.

Those present were Mrs. T. D. Reeves, Mrs. Boby Hamrick, Mrs. Caddo Matthews, Mrs. Clyde Cooley and Mrs. Eldon Ruffin.

Next meeting will be Thursday, Nov. 3, at 9:00 a. m. in the Junior-High home economics department. Hostess will be Mrs. Matthews.

Guest speaker will be Miss Irene Sims of Texas Electric Service Company of Fort Worth who will present a demonstration on lighting and

The one '61 car built to back up a long-term warranty

Ford led the way with the one car beautifully built to take care of itself . . . and you

On September 29, Ford Dealers set an industry trend — were first to extend their 1961 car warranty from the conventional 4,000 miles or 3 months to 12,000 miles or one full year, whichever comes first.

Why? Because Ford built the one car to support such confidence. Ford for 1961 is the one car beautifully built to take care of itself.

The '61 Ford was designed and built to the more exacting standards necessary to offer an extended warranty. Ask to see this warranty at your dealer's.

It is significant that Ford has so many take-care-of-itself features not found in other cars, regardless of price. These new Ford features are a triumph of exhaustive research, the engineering, and quality construction that give you the most reliable Ford ever built. Drive a '61 Ford car.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You'll normally go 10,000 miles between chassis lubrications. Then a quick, inexpensive Ford Dealer lube job (which costs about \$4.00!) will get you set for another 30,000 miles.

Cleans its own oil—You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

Adjusts its own brakes—New Truck Size brakes adjust themselves automatically the life of the lining.

Guards its own muffler—Ford mufflers are double-wrapped and aluminum—normally will last three times as long as ordinary mufflers.

Protects its own body—All vital underbody parts are specially protected to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—New Diamond Lustre Finish never needs wax.

"Based on 1960 model" subject to today's national average labor cost.

DO YOU

REALLY UNDERSTAND THE BIBLE?

Many people maintain that the Bible is so simple and clear that anyone can understand it. Yet today the Christian world is divided into conflicting opinions as to what the Bible means.

How would you interpret the following passages from the Bible: "I say to thee, thou art Peter, and upon this rock I will build My Church, and the gates of hell shall not prevail against it." (Matthew XVI, 18ff). "For, behold, henceforth all generations shall call me blessed." (Luke I, 48). "Receive the Holy Spirit; whose sins you shall forgive they are forgiven them; and whose sins shall retain, they are retained." (John XX, 23). "He who believes and is baptized shall be saved." (Mark XVI, 16).

Catholics recognize the complete Bible as the inspired Word of God. If you wish to know the Catholic interpretation of the above mentioned Bible passages as well as other beliefs of Catholics, write for a free pamphlet explaining Catholic teachings. This free pamphlet is sent through the courtesy of the Knights of Columbus, a religious and patriotic organization of more than one million Catholic men. CAPSULE REVIEW OF PROPOSALS

You'll Vote on These Proposed Amendments

The following is a brief look at the 4 proposed amendments to the Texas Constitution which will be voted on Nov. 8 in the Presidential General Election.

It is not the purpose of this analysis to indicate how anyone should vote, but to present facts which will be helpful in determining whether these amendments are desirable.

H. J. R. 39

Hospital Districts

Under House Joint Resolution No. 39 the Legislature could authorize creation of special hospital districts in Lamar County, Hidalgo County and Commissioners Precinct No. 4 of Comanche County.

No tax could be levied in any of these districts until it was approved by majority vote of the participating resident qualified taxpayers of the district who had duly rendered their property for taxation.

The rate could be changed at subsequent elections so long as the obligations of the district were not impaired and so long as the rate did not exceed the maximum established by the constitutional amendment.

For the Lamar County Hos-

pital District the Maximum rate would be 75c per \$100 valuation of property subject to district taxation. In Hidalgo County the maximum would be 10c for the hospital district maximum would be 75c.

If a tax was authorized for one of these hospital districts at an election, no other political subdivision or municipality within the district's boundaries could levy a tax for medical or hospital care for needy individuals and they maintaining or erecting their own hospital facilities thereafter.

The district would be required to assume such responsibilities and also the applicable liabilities and obligations of the subdivisions or municipalities within its boundaries. The Legislature could authorize the district to issue tax bonds payable from the taxes it collected for the purchase, construction, acquisition or renovation of improvements and for initially equipping them.

If a hospital district should be established in Commissioners Precinct No. 4 of Comanche County, the rest of the county could, by law, be authorized to pay part of the expenses of operating and

maintaining the system, and might also be permitted to pay part of the debts of the hospital district.

For these purposes the county might be allowed to levy a tax not to exceed 10c on the \$100 valuation on all property within the county other than that lying in Commissioners Precinct No. 4. If such county aid should be authorized, the hospital district would have to assume all obligations, liabilities and responsibilities of the county in the same way it does that of municipalities and other political subdivisions lying within the district.

Adoption of this amendment would not in itself create any of the districts; in each case that would be determined by local voters under provisions of special laws passed by the Legislature may enact enabling laws in anticipation of its adoption.

House Bill 532, adopted at the regular session of the Legislature in 1959, provides an enabling act for Lamar County. House Bill 985, adopted at the same session, is an enabling act for Hidalgo County. Senate Bill 13, adopted during the first called session of the Legislature in 1959, is an enabling act for

Commissioners Precinct No. 4 of Comanche County.

These new constitutional provisions, if adopted, would become Sections 6, 7 and 8 of Article IX of our Constitution. Section 6 would apply to Lamar County, Section 7 to Hidalgo County and Section 8 to Commissioners Precinct No. 4 of Comanche County.

These sections would follow Section 5, adopted in 1958, which empowered the Legislature to authorize creation of hospital districts in Wichita County, the City of Amarillo and two districts in Jefferson County. Section 4, adopted in 1954, applied to creation of hospital districts in counties having a population in excess of 190,000 and in Galveston County.

S. J. R. 6

Bonds' Interest

Senate Joint Resolution No. 6 would permit a rate of interest not to exceed 3 1/2% on bonds issued hereafter for the benefit of the Veterans' Land Fund. The limit is now 3%.

Proceeds of these bonds go into the Veterans' Land Fund to be used for the sole purpose of purchasing lands to be sold to Texas War Veterans. Under this program veterans are assisted in the purchase of land.

BY 24-12 SCORE

Stamford Jars B-Team From Unbeaten Ranks

The mighty Stamford Bulldogs, undefeated in the first quarter when Wolf also, broke the Colorado B team Wolves' unbeaten record Thursday night in Wolf Stadium by deciding the Wolves 24-12.

Stamford had a good ball club that was able to take advantage of all Wolf mistakes and they had plenty of chances to do so. Time and again, Wolves fumbled, lost the ball on downs, and got caught back behind the line of scrimmage.

Punts were numerous as Colorado City failed to make first downs. Stamford fumbled some too, and also lost the ball on downs, but these errors were not able to help the Wolves much. Both teams intercepted passes.

The scoring began early in the first quarter when Wolf Charlie Houston made a touchdown on a long run around right end. The try for extra points was no good.

Six minutes later, Stamford scored, but Colorado City held on the extra points try. Colorado City lost the ball by a fumble on kick off, so Stamford kept it, and scored again in a few minutes, only to have it nullified by a clipping penalty.

Just before the half ended, Randolph Cupp caught a pass and raced many yards to the goal line. The extra point try failed, and score at the half was 12-6.

Both teams held well until just before the third quarter ended. Stamford scored again

around right end, but missed in their extra point try.

With four minutes of playing time remaining, Stamford scored their third TD, but missed a good chance to score when a long pass, intended for Cupp who was in the clear, fell incomplete.

With four seconds to go, Stamford wrapped up the game on a scoring pass play. The conversion try failed, so the score remained 24-12.

The Bulldogs had a good ball club and apparently outplayed the Wolves most of the time. However, the Wolf defense deserves some praise for holding Stamford down in the first half. Some of the defensive boys who played a good game were Lee Schafer, Dickie Summers, Kenneth Stinson and David Lewis.

Colorado City plays Winners next at 7:30 Saturday Nov. 5 in Winters.

ONLY ELECTRICITY PROVIDES FLAMELESS CLOTHES DRYING

Colored washables and new miracle fabrics keep their fresh "showcase" look when dried in an electric clothes dryer. White clothes stay white and colored clothes stay bright because clean, flameless electric heat adds nothing but moisture-removing warmth to the air inside your dryer. And electric heat is so gentle and so precisely controlled that even the most delicate fabrics dry safely.

You'll like the ease of electric clothes drying, too—the complete freedom it gives you from clothesline work and weather worries. See your favorite appliance dealer soon for a flameless automatic electric clothes dryer.

Editorially Speaking

A TIME FOR DEMOCRATS

The Colorado City Record, a newspaper which is proud of its constant effort to report the news of its community fairly and impartially, announces its support for the Democratic Party presidential ticket of John F. Kennedy and Lyndon B. Johnson.

This support is publicly revealed so that the citizenship of this community will have no misunderstanding of The Colorado City Record's editorial policy in this 1960 election year — when the world, as well as our nation, faces a great crisis and when campaign issues, tensions and prejudices are more than ordinarily pronounced.

There are numerous issues between the two major parties of our nation — Democrat and Republican — and their respective tickets — Kennedy and Johnson, Nixon and Lodge. Not only have these been in focus on the national front, but supporters of the 2 campaigns emphasize these on the home front, too.

Foremost of the issues are the conception of government's role in regard to business, governmental policies toward agriculture, the role of U. S. democracy for world peace, the nature of human welfare within a responsible democratic nation, the condition of our nation in relation to preparedness against the threat of Communism's forcible climb within the world.

And, although not an issue with the candidates themselves, there is the religious question which arises within our democracy when a person of a minority faith is nominated by his political party for the highest office within the land.

The Colorado City Record, like all serious thinking Americans, is concerned with religious freedom and the separation of church and state. In fact, freedom of speech and press go hand in hand, so to speak, with freedom of religion as foundation cornerstones for our democratic freedom.

With this concern, we admit there are serious religious questions on both sides of the presidential campaign — Democrat Kennedy's Catholic belief and Republican Nixon's Quaker belief. Catholicism raises the question of separation of state and church. Quaker religious concepts pose the question of the nation's defense and the bearing of arms against an enemy.

On both counts we accept the actual public service records and statements of the candidates involved. Nixon, as a Quaker, has defended his country in military uniform and sought as a public servant to keep this nation strong militarily. Kennedy, as a Catholic, has defended his country, too, in military uniform; voted consistently against government aid to parochial schools; and has publicly pledged his belief and determination against the linking of church and state.

If there is a religious issue, in the face of these declarations and public records — it is the Republican vice presidential candidate Lodge's campaign statement indicating his support for governmental aid to parochial schools and Republican presidential candidate Nixon's vague and unclear statement upon this same subject in reply to direct questions by the Baptist Standard magazine.

Certainly, we shall maintain the concept of our Constitution which declares no religious test shall be required of any of our sons who might aspire to the presidency of the United States. Republicans are attempting to share "experience" — especially in dealing with Khrushchev — as a campaign issue favoring their presidential ticket. This is smart politics with a certain amount of appeal to the general public, but it is not bonafide.

In the first place, this conception of handing down the presidency to the next in line, the vice president, smacks at the very heart of our free traditions. If carried out through the years, there would be no democratic choice by nomination and vote. The ruling party would succeed itself with no opposition. And, for the matter of measuring experience, Herbert Hoover in 1932

had more experience with the depression than Franklin D. Roosevelt. Neville Chamberlain was more experienced than Winston Churchill in 1940 in dealing with Hitler.

The fact is — no president of the United States can deal effectively with Communism until America's spirit, initiative, economy are geared to maximum effort to meet the needs of all Americans and to lead the world in providing for the needs of the impoverished world areas, just as we are geared militarily to meet brute force.

This is the proposal of Kennedy and Johnson. This they are proposing as they urge America to awake to its indifference and make democracy the force of action instead of the force of retaliation within the world.

This is the proposal of Kennedy-Johnson and their Democratic Party platform of using capital for the self-liquidating purpose of putting our nation's business and industry to work for increased productivity. For America must grow.

The Republican Administration has favored tight money with high interest rates as its principal weapon to stop inflation. This policy and practice of tight money has placed serious handicaps upon our economy — especially the little business man — and even created more inflation. Price index now is the highest in our nation's history, but bankruptcies and small business failures are at record levels, too. And the recession of 1957 and 1958 was a unique time in American history when business declined but prices continued to rise.

Kennedy-Johnson and the Democratic Party call for a program of full production to curb inflation, bring maximum employment and meet the needs of the world. And with it the cost of production overhead can be spread over full capacity instead of a percentage capacity (like steel) and this will point to an opportunity for lower prices.

There are those who place the stamp of disloyalty upon the Democratic Party candidates who point to America's role in the world and the plight of rising Russian prestige. But there is no better way to strength than to first appraise our situation — our weaknesses as well as our strength.

There are those who decry farm subsidies. But they forget there are subsidies for more than 600 segments of our nation's business and industry. And, too, they fail to face the fact that food and clothing is essential to our nation, just as much as oil and water — and the farmers who produce these goods have fought a losing economic battle against lower prices for the goods they sell and higher prices for the necessities they buy.

There are those who hurl the cry of socialism. But a policy of free enterprise for deliberate growth — with private ownership of property — is what the Democratic party advocates. And only unscrupulous use of language can this be called socialism.

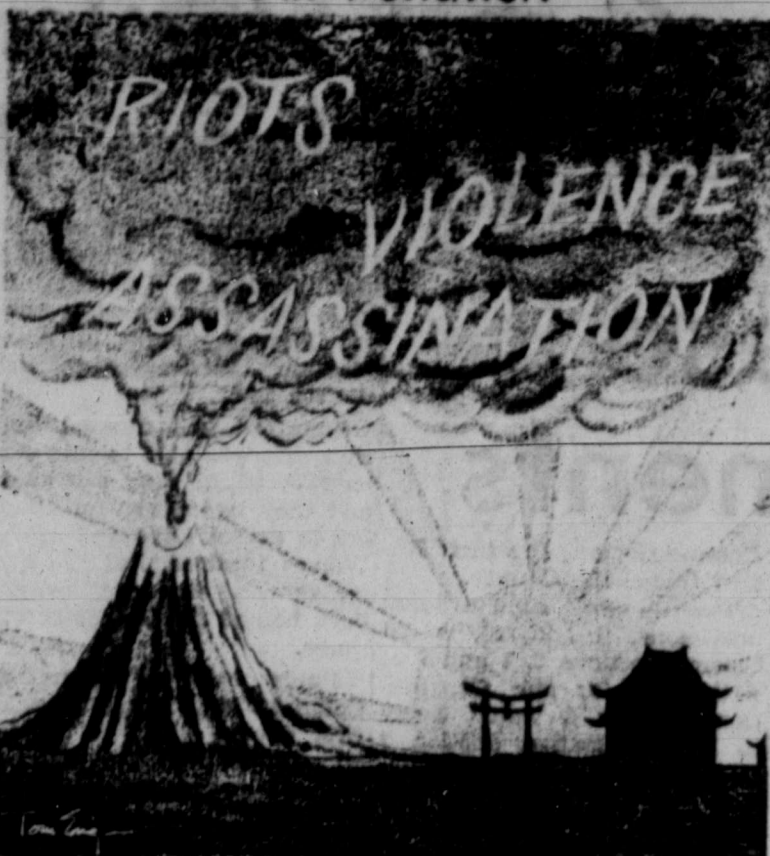

This is not a time for the past. This is not a time for defensive action. This is the time to throw away slogan and cliches and name-calling.

This is a time for new ideas, creative thinking and planning, positive leadership with positive goals.

This is a time for America to move forward, eyes wide open and spirit sharpened for freedom's needs.

This is a time for the Democratic Party, its leadership and its forthright candidates, Senator John F. Kennedy and Senator Lyndon B. Johnson.

Air Pollution

TEXAS AGRICULTURE

Ag Department's Effort Questioned

By JOHN C. WHITE
Agriculture Commissioner

Whether the U. S. Department of Agriculture has been utilizing all of its resources to seek solutions for the growing agricultural crisis has been put to the question in the newest of the House Committee on Government Operations.

In a summary of its report, the House committee states flatly that "resources of the USDA essential to the development of a workable farm program have not been fully utilized by policy-making officials."

Elaborating on the charge, the report notes that "although many variations have been proposed, the basic methods of dealing with the

surplus problem which have been and are being given serious consideration are neither numerous nor, in principle, particularly complicated.

"Among its 85,000 employees, the USDA has experts on almost every conceivable aspect of agriculture — men who have devoted their entire careers to their particular fields. Use of the skills of these individuals is essential in the development of a sound farm program.

"Despite the resources available in the Department, however, it does not appear that USDA officials on the policy-making level have made a careful, objective and coordinated analysis of the effects of probable results of the various price support and production control methods which have been tried or proposed in recent years in order to work out the best possible farm program.

"An example of this is the recommendation by the USDA that the acreage reserve program on corn be abandoned, while the Department recommended a program calling for price supports without acreage restrictions.

The Department has claimed that it reduced corn production in 1958 through the acreage reserve at a cost of 57 cents per bushel, while its own estimates indicate that it will cost more than double that amount just to store and handle each bushel of corn taken over under the new corn program.

"The committee is calling attention to these facts to point out the lack of analysis of his situation by the U. S. Department of Agriculture, rather than for the purpose of taking a position on the merits of the acreage reserve program.

It was pointedly recommended that "the Department begin without delay a comprehensive and objective study of the major methods which are being used or proposed for the purpose of price support and production adjustment in order that the most complete and accurate factual data possible concerning the advantages and disadvantages of each such proposed method or combination of methods will be available before the next session of Congress.

Strictly Fresh

Taste makes waist.

Inflation is a state of affairs where you never had it so good or parted with it so fast.

Behind every successful man there stands a devoted wife and a surprised mother-in-law.

Everything in a home these days is controlled by a switch — except the children.

Anthropologists now think that man invented the first successful tool half a million years ago — exactly one day before the man in the next-door cave borrowed it.

Some people grow up and spread happiness. Others just grow up and spread.

Why be one of those husbands who find fault with dinner. Take the wife to a restaurant where you can both find fault.

Best way to find the rake you dropped under the leaves: walk barefoot in the first snow.

CARE PAYS OFF

Accident Can Mar Thrill of Hunting

The thrill of the hunt is exhilarating, and yet at the same time can be soothing. This paradox of emotions probably accounts for the tremendous popularity of the sport.

But there is still another aspect — this one, not so attractive — the ever-present possibility of an accident.

During 1959, there were 159 accidental deaths attributable to firearms. While a large number were children who had pulled a "toy" gun out of Dad's bureau, most were outdoor hunting or allied "cleaning" accidents.

By October 1 — during dove hunting season — there were four deaths from hunting accidents according to the Sportsman's Clubs of Texas.

However, death from firearms is not the only way to die during hunting season. A good many hunters slip and fall over precipices while gazing off into the distance instead of watching their steps in unsteady

ground. But the greatest danger is still the hunter's weapon. Here are the ten commandments of shooting safety, which if followed seriously may save your own or your partner's life.

1. Treat every gun with the respect due a loaded gun.

2. Watch the muzzle! Carry your gun safely — keep the safety on until ready to shoot.

3. Unload guns when not in use, take down or open breech — guns should be carried in cases to shooting area.

4. Be sure barrel is clear of obstructions, and that you have ammunition only of the proper size for the gun you carry.

5. Be sure of the target before you pull the trigger — know identifying features of the game you hunt.

6. Never point a gun at anything you do not intend to shoot — avoid all horseplay.

Safety Factors Important For Happy Hunting Trip

By VERN SANFORD
Texas Press Association

Many a deer may survive the Texas hunting season because the hunter died first.

According to the State Health Department, there were 181 accidental deaths in Texas, attributed to firearms, in 1958. Last year the number increased to 198.

November is the month when hunting starts in earnest. Normally sane men will start blasting away at one another, on deer leases, or contrive intricate methods of suicide such as climbing over barbed-wire fences with their rifles off safety.

Firearms are not the only threat. Health officials point out that a good many hunters slip and fall over precipices, while gazing off into the distance. Others never get to the lease because they combine a few warming drinks with a fast drive through the pre-dawn chill.

Texas Game and Fish Commission offers these rules for hunting safety:

1. Treat every gun with the respect due a loaded gun.

2. Always unload and take down guns carried into home or camp.

3. Keep guns clean and be sure to have the right size ammunition.

4. Carry gun so you can control the muzzle, even if you fall.

5. Be sure of your target before you fire.

6. Avoid all horseplay.

7. Keep guns out of reach of children.

8. Never climb a tree or jump a ditch while carrying a gun.

9. Never shoot at a flat surface.

10. Take no alcoholic drinks before or during shooting.

INSURANCE HIKE ASKED — A 2.6 cent increase in workmen's compensation insurance rates has been recommended to the State Board of Insurance.

State Insurance Department statisticians said that the rate increase was needed because of the increased cost of individual claims, rather than an increase in the number of claims.

It would up by \$3,000,000 a year the \$112,000,000 a year paid by Texas employers for on-the-job insurance of workers.

CROP DUSTING DAMAGE UPHELD — A landowner is liable for damages caused to neighboring farms by crop dusting activities, the State Supreme Court ruled.

Defendant in the case was the Pitchfork Land and Cattle Company which was sued by a group of King County landowners. Suit also was brought against the aerial spraying firm hired by the land company.

Pitchfork Company contended that the spraying firm was solely responsible for any damages, but the high court held the land company responsible too.

WATER POLLUTION RULING — In another case involving landowner rights, the Austin Court of Civil Appeals upheld a lower court decision awarding damages from salt water pollution.

A Runnels County woman, owner of a 150-acre farm, claimed her fresh water supply had been polluted by a drilling firm during oil exploration efforts.

District court found the drilling firm negligent in

State Capital NEWS

not having sealed the pits in which it discarded the salt water. It awarded the landowner \$9,000 in damages.

PICKLE NAMED TO TEC

J. J. (Jake) Pickle, Austin public relations man, has been appointed by Gov. Price Daniel to succeed Maurice Acers as employer representative on the Texas Employment Commission.

Acers' term expires Nov. 21, but he will remain in office, at the governor's request, until Jan. 9.

Pickle has had a significant background role in many of Texas' major political events in the past decade. He was director of the State Democratic Executive Committee for four years and has worked at one time or another in the political campaigns of Governor Daniel, former Gov. Allan Shivers and Sen. Lyndon Johnson.

Acers, an attorney and former FBI agent, was appointed to TEC by Governor Shivers. He served as Shivers' executive assistant in the governor's office.

CLUB RULES DUE NOV. 21

After listening to a round of protests at a hearing on proposed new regulations of private clubs, the State Liquor Board plans to re-study the rules and possibly make some changes.

Administrator Coke R. Stevenson Jr. indicated, however, that the rules would probably be basically the same.

Primarily, says Stevenson, the rules are designed to give the Board a means of preventing the operation of open saloons under the guise of private clubs. They would provide for the licensing of clubs and forbid liquor dealers to deliver liquor to those that did not meet licensing standards.

Representatives of private clubs called some phases of the rules unreasonable, such as requiring a club to be in existence three years before receiving a liquor selling permit. They declared they would welcome some workable guidelines for operation.

SHORT SNOOT — Austin Court of Civil Appeals ruled that state hospitals have the right to retain social security payments made for the benefit of patients. State Securities Board announced that state permits for 56 firms to offer \$21,621,541 in securities were issued in September. This is an increase of more than \$8,000,000 over securities approved for September, 1959.

Court of Criminal Appeals reversed a decision in which the defendant was fined \$300 for sale of liquor in a dry area because in the trial of the case the state had neglected to prove that the event — was a dry county.

SHINNERY PHILOSOPHER

Naming President Can't End Debate

Editor's note: The Shinnery Flats Philosopher on his Johnson grass farm on Bone Hollow Creek has his mind on the election, his letter this week indicates.

Dear editor: With the election only a few days away, naturally there's a lot of talk about it up and down the streets in town and out here in the country too.

A bunch of us were talking politics yesterday afternoon and one of my neighbors said he'd be glad when the election is over and done with as he'd had enough of all this debating and arguing.

"Tears the country up too much," he said. "Be glad when we get a new President elected and we can settle back down to normal. Maybe all this criticizing and fussing back and forth will stop."

He's right in a way, but not altogether. I'll admit the campaign does unsettle things, brings out all the prejudices in other people's minds, messes up your television schedule, etc. and I have a notion that whoever gets elected, the country will fall in line behind him and give him a chance. But it's not going to put an end to debating.

I never have found a President who was 100 per cent satisfactory with me and I don't expect to, as there's no chance I'll ever have the job.

As a general policy, finding fault with the President is no easier, is a lot safer of the United States, while than finding fault with your own in-laws.

I don't know who the next President's Secretary of Agriculture will be, but three months after he's in and I've planted, I'll bet you I can find something wrong with him. I don't believe there'll ever be a Secretary of Agriculture who can stay in tune with the agricultural program out here on this Johnson grass farm.

I don't know who the next Secretary of State will be, but I can name you half a dozen countries right now, in advance, that're not going to like him.

The election will decide who the next President will be, but it won't end all the debate. Not as long as I've got neighbors as short-sighted and knot-headed as they've revealed themselves in election arguments the last few days, which is exactly what, at this very moment, they're saying about me.

Yours faithfully,
J. A.

Ten Word INTELLIGRAM

Check the correct word:

- 1—The last president to be elected without winning New York state was (Truman) (Roosevelt).
- 2—Republicans last had control of the U.S. House of Representatives in (1953) (1955).
- 3—(Two) (Four) nations were represented at the last Geneva disarmament talks.
- 4—(Mauritania) (Communist China) is expected to be the next and 100th member of the U.N.
- 5—(Two) (12) separate islands comprise the Quemy and Matsui Island groups.
- 6—The National League has approved plans to bring a second major league team into (New York) (New Haven).
- 7—Present ambassador to Cuba is (Phillip Bonas) (Douglas Dillon).
- 8—Only (Chicago) (Washington) now has more than one major league team.
- 9—The U.S. cabinet now consists of (16) (7) members.
- 10—The U.S. attorney general (is) (is not) a cabinet member.

Count 10 for each correct choice. A score of 0-20 is poor; 20-30, fair; 30-40, good; 40-100, excellent.

LORAIN CORONATION

Owens and Kidd Reign As Carnival 'Royalty'

By MRS. ROY WELLS
Record Correspondent

LORAIN — Gerald Owens and Barbara Kidd, both juniors, were crowned king and queen of Lorain High at the annual Lorain Halloween Carnival Saturday night.

Reigning as king and queen of elementary school were Barry Sanford and Arleta Martin.

Coronation of the school

"royalty" was the climax of the carnival, which featured fun and food concessions.

Each class of the Lorain school sponsored a concession booth during the night's activities.

Booths were pushed back from the gym floor for the candidates — representing all the grades — were presented on the stage, beautifully decorated in blue and white.

Lorain college students home for the week end included Maylon Beaty, a freshman from Howard Junior College in Big Spring, son of Mrs. Piez Beaty, and Robert Galvan, also of Howard County Junior College, son of Mr. home.

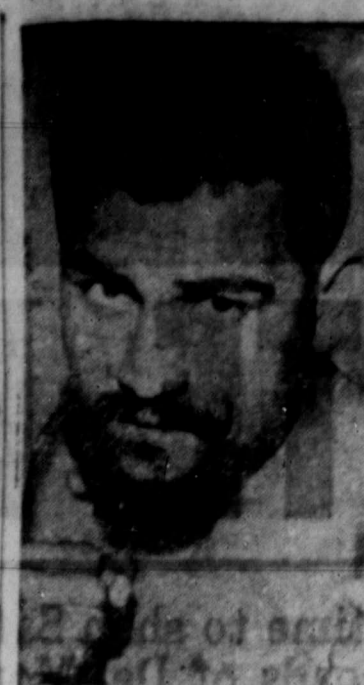

and Mrs. Lupe Galvan.

Home from Tarleton State College in Stephenville were Gary Parnell, son of Mr. and Mrs. Virgil Parnell; Billy J. Long, son of Mr. and Mrs.

Troy Jones; David Redwine, son of Mr. and Mrs. Heston Redwine; Darrell Owens, son of Mr. and Mrs. Harley Owens.

Ross Snyder, a junior at McMurry College of Abilene, son of Mr. and Mrs. Tony Snyder, and Jackie Coffee, a freshman at Abilene Christian College, and friend, Jack Hickman, also of A. C. C. visited in the Jack Coffee home were also visiting at home.

home. Roy Buchanan, student at Baylor College in Waco, was visiting with his parents, Mr. and Mrs. C. C. Buchanan, this weekend was Roy Buchanan, student at Baylor College in Waco.

WITH HALLOWEEN PARTY

Mrs. Rex McKenny Honors Baptist Youth People's Class

By MRS. ALTA CLEMMER
Record Correspondent

WESTBROOK — Members of the Young People's Class of the First Baptist Church were honored with a Halloween party by their teacher, Mrs. Rex McKenny, Saturday night in the Golden Age Club Room.

The group played games and traveled through the "spook house."

Refreshments were served to Judy Ranne, Linda and Laverne Sullivan, Faye and Raye Conaway, Margie Douglas and Carroll Stone.

Also, Ethel Buchanan, Rebecca and Bill Bird, Richard Clemmer, Donna Bryant, Roy Buchanan of Waco; Jesse Watson, Bill Boren, Jerry Shaw, all of Colorado City; Rev. and Mrs. Kenneth Anderson and Mike, Rex McKenny, Joyce McKenny, Dale Byrd, Loyd Wisner, and Marie Putman, guests from Westbrook.

Mr. and Mrs. Sidney Jones were honored with a housewarming recently in their new home.

Hostesses for the occasion were Mr. E. A. Oden, Mrs. J. D. Iglehart, Mrs. Gay Moore, Mrs. Leter Goswick, Mrs. Mary Cole, Mrs. Ozro Allison and Mrs. Maggie Hutchins.

Mrs. Iglehart registered guests and Mrs. Oden displayed gifts.

Mrs. Cole, Mrs. Goswick, Mrs. Moore, Mrs. Allison and Mrs. Hutchins served refreshments of punch, coffee and cookies. Appointments were in silver.

Mr. and Mrs. J. A. Moody and daughter, Marilyn, of

Abilene were guests of Mr. and Mrs. A. C. Moody, and Mr. and Mrs. T. C. Hart Sunday.

Also visiting in the Moody home was Mr. and Mrs. Herman Moody and Mr. and Mrs. Jimmy Moody and son.

Members of the Westbrook senior class are sponsoring a Harvest Festival Saturday night, Nov. 12, in the school gymnasium. Candidates for harvest queen are Donna Henderson, freshman; Margie Douglas, soph.; Judy Ranne, junior. Each class will have a booth and proceeds will go to the senior class fund.

Visiting with his parents, Mr. and Mrs. C. C. Buchanan, this weekend was Roy Buchanan, student at Baylor College in Waco.

Funeral Rites Conducted for Martinez Son

Jose Martinez, 23-day old last Thursday infant son of Mr. and Mrs. Jesus Martinez, Rt. 3, died in Johnson Hospital in Lorain at 10:30 with Father

Thomas Quinn of St. Ann's Missions officiating. Burial was in Mitchell County Cemetery under direction of Kiker and Son Funeral Home.

The baby is survived by the parents, 2 brothers and a twin sister.

DRIVE-IN PARKING

OPEN 7 A.M. - 8 P.M. EVERY DAY!

Hunter - Merket Displays Pontiac's New Tempest

Pontiac's new entry in the auto industry, the 4-cylinder Tempest, is being displayed for the first time at Hunter-Market Motors here in Colorado City.

The Tempest is a completely new Pontiac personality with 112-inch wheelbase in 4-door sedan and 4-door station wagon models.

Most significant among these Tempest features is the front engine - rear transmission arrangement that provides new weight distribution to independent four-wheel suspension. Power is transmitted from the engine to the transaxle by a newly developed drive shaft that virtually eliminates the floor tunnel.

The four-cylinder Tempest engine is adapted from Pontiac's big, time-proven V-8 and is standard with either a synchromesh transmission or an automatic transmission. A light weight V-8 engine may be selected at the customer's option.

Smart exterior styling reflects a consistent and well proportioned appearance accentuated by a moderate use of chrome.

The Tempest has a consistent styling theme of simplicity that prevails throughout the entire car, blending attractiveness with practicality. Key-note the front end is an eye-catching twin grille with dual headlights, integrated with a sweeping bumper.

Upper portions of the Tempest are effectively light and snappy with clean cut lines that offer excellent visibility as well as an entry and exit convenience. Interior dimensions comfortably accommodate 6 passengers, and exceptional storage has been provided for

luggage in the rear deck.

The Tempest series combines the Pontiac wide track conception with independent suspension at all four wheels and equal weight distribution through the front engine-rear transmission arrangement.

With a wide selection of 195 cubic inch, 4-cylinder Tempest engines, economy of operation becomes unproved. Inclined at 45 degrees, this short stroke four is available in five different versions, ranging from a one-barrel, regular fuel engine developing 110 horsepower with a synchromesh transmission, to a 4-barrel, premium fuel engine rated at 155 horsepower for either synchromesh or automatic transmissions.

The Tempest 4 is basically the right hand bank of Pontiac's big, time-tested V-8 engine, proven by years of research, development and operation. The design of this engine makes the best possible use of underhood space, resulting in easy servicing of all components.

Also available in the Tempest will be a 215-cubic inch, regular fuel V-8 engine for use with both synchromesh and automatic transmissions. This engine has a two-barrel carburetor and develops the same amount of horsepower as the top rated four.

Standard Tempest transmission is a manual shift, three-speed conventional synchromesh, while an automatic transmission is offered as an option. Both are mounted at the rear wheels with the differential carrier to give perfect balance to the entire car. This new concept results in excellent riding and handling characteristics and a near-flat floor for greater passenger room and comfort.

Joining the engine to the transmission is a curved torque tube that houses the flexible drive shaft, making possible the nearly flat floor and serving to support drive shaft bearings. The 5/8 inch diameter drive shaft is manufactured of high grade alloy steel and is specially manufactured for high fatigue life.

Contributing to the smooth

Tempest ride is the independent four-wheel suspension system that cushions the unitized body by an ideal combination of coil springs and shock absorbers. Fifteen inch wheels give excellent road clearance, ride and fuel economy, while enhancing the car's appearance. Standard tire size for the sedan is 6.00 by 15 for the station wagon. Wheel discs and wheel trim rings are optional.

Tempest bodies are of integral construction and are designed specifically with big car comfort in mind. The 112-inch wheelbase Tempest has an overall height of 53.5 inches for the sedan and 54.3 inches for the station wagon. From bumper to bumper both models measure 189.3 inches.

L. L. Chaplin Dies, Rites Are Saturday

Funeral services for Louis L. Chaplin, age 78, were conducted in the First Baptist Church Saturday at 2:00 p.m. with Rev. John Blue of Pampa officiating.

Chaplin was born in Maine, June 4, 1882 and died Oct. 27th in Highland General Hospital at Pampa after a lengthy illness. He came to Colorado City in 1893 and lived here until 1954 when he moved to Pampa. He was married to Myrtle Ann Jackson on Dec. 24, 1903. She died on June 2, 1951, and he was later married to Mrs. Gertrude Rice of Pampa. Chaplin was a retired cotton buyer and was a member of the First Baptist Church of Colorado City.

He is survived by his wife of Pampa; 3 stepsons, Robert L. Rice of Pampa, D. R. Rice of Amarillo, J. W. Rice of Perryton; 3 stepdaughters, Mrs. Artie Abernathy of Perryton, Mrs. Lorene Beck of Pampa and Mrs. Coy Reviouss of Wheeler; one brother, George Chaplin, of Highland Park, Calif.

Displayed at Hunter-Market

This 112-inch wheelbase Tempest, featuring a 4-cylinder front-mounted engine with rear transmission, is the new Pontiac entry in the automobile field. The auto, 189.3 inches in overall length, is on display at Hunter-Market Motors.

VOTE—

Continued from page 1

chase of land by loans to them repayable at low interest rates over a long period of time.

Support of the program by Texas citizens is evidenced by the fact that when initially established by amendment of our Constitution in 1946, and on the occasion of approving additional bonds in

1951 and 1956, the majority vote was substantial.

A total of \$200,000,000 in bonds has been authorized. The last \$62,500,000 of these bonds have not been issued because, bearing 3% interest, they cannot be sold at par in the present market. The Constitution requires that they bring at least par value and accrued interest. Interest rates fluctuate on

all government bonds, federal, state or local. The proposed rate will not guarantee immediate sale of these bonds; but, experts in this field of finance think the 3 1/2% rate should prove sufficient under average bond market conditions.

If adopted, Senate Joint Resolution No. 6 would amend Section 49-b, Article III of our Constitution.

5 Women in Program for Baptist WMU

LORAIN — The W.H.L. Mae Kennedy Circle was host group last Thursday when the WMU of Loraine's First Baptist Church met in the church.

The program, Message of God's Son, was presented by Mrs. Roy Linder, Mrs. Dan Butler, Mrs. J. W. King, Mrs. Edwin Hallmark and Mrs. W. M. Teeters.

Mrs. Pauline Smiley, who was in charge of the program presentation, presented the devotional study, based on Psalm 67, and led the opening prayer.

Leading in the singing of "Christ for the Whole World" was Mrs. W. C. Rogers. Benediction was by Mrs. Roy Little.

Attending were Meses, Woodrow Pratt, W. C. Rogers, Roy Little, Roy Linder, Dan Butler, Harold Hallmark, Edwin Hallmark, W. M. Teeters, Pauline Smiley and Harvey Leach.

Recent Visitors

Mr. and Mrs. Harold Jones of Big Spring visited recently with her parents, Mr. and Mrs. Harry Crandall.

Mrs. Wells Entertains

The Loraine 4-H Girls' Club met recently in the home of Mrs. Roy Wells. "Tiny traveler bags" to carry overnight toiletries were made by each girl. Present were Kiffy Forsythe, Charolet Sura, Sherry Gram, Arlefa and Chara Mae Martin, Gail Richards, Katrina Wells and Mrs. Wells.

HORSEPOWER THAT MAKES SENSE FOUR CYLINDERS TO SAVE GAS! THE NEW SWEET RUNNING TROPHY 4 ENGINE FROM PONTIAC PERFORMANCE SPECIALISTS!

The new Trophy 4 engine puts real performance in the Tempest and cuts gasoline bills to boot. This new baby is *eager to move out* for safe passing. Holds the going pace on any expressway. Breezes up steep hills in high gear. This new 195 cubic inch displacement, 45° inclined, short stroke, 4 cylinder engine has a wide range of h.p. ratings. With single-barrel carburetor and stick shift: 110 h.p. (regular gas) or 120 h.p. (premium gas). With the same carburetor and extra cost automatic shift: 130 h.p. (regular gas) or 140 h.p. (premium gas). Want still more? Order the 4-barrel carburetor with the automatic and jump the output to 155 h.p. (Or buy the 155 h.p. aluminum V-8 option.)

Rear axle drive and transmission are combined (a trans-axle). Flexible shaft from front engine delivers smooth, quiet power. Perfect 50-50 balance gives a flat, level ride that no other new-size car can touch. *Rides like the big ones!* An equal load on every wheel. Steering is light and easy! Better braking and improved traction in snow, sand or mud! *Independent suspension at all wheels.* Swing axles keep Tempest on an even keel over bumps, ruts, dips and holes! *112" wheelbase.* Long enough for a cradled ride—short enough to handle like a sports car. *Big 15" wheels.* Good road clearance. Long tire life. (13" compact tires turn at least 4900 more times to go 100 miles.) *Sets six men.* The big transmission hump is gone. The middle man can stretch out size 12 brogue! *Wide-Track, too!* The track is up to 3 inches wider than most compacts. Less lean. Less sway. Better cornering. *Pontiac dealers have it—and they have it now!* A four-door sedan... a station wagon... a full line-up of accessories. Try the Tempest out for an hour—you'll want in for keeps! It's priced with the compact!

By VERN SANFORD
Some don't think it's the sportiest thing to do. But when the locker gets low on fish it's time to resort to minnows.

Like a great many other bass fishermen, we much prefer the artificial lure. But there are times, for us at least, when artificials just won't get the job done.

Here's our order of trial. First, we cast out a top-water. Why first? Mainly because we get our greatest thrill out of seeing a lunker bass hit a top-water plug. Our biggest success has been with the Heddon Spook. Color, black. This probably because we have more of them, so we use them more often.

If no luck with top-water experimenting, we try a spinner, such as Garcia's Abu-Reflex or Evans' Shyster, our favorites in the spinner line. Then we go to a Dixie Spoon, with or without buck-tail.

If we're still without success, we go deeper. Best results we have had down deep have been with a small, black-colored bucktailed jig. Like the Dixie Spoon, many of them are made in Texas. We've had good luck with Pico's jig. Also those made by Bomber and Whopper Stopper.

All these are what we call "fast fishing" lures. Slowest, of course, is the top water. Even it should be worked fast too, if the water is exceptionally calm and without ripples.

But, we've got to admit, here and now, that the biggest fish have been caught on artificial worms. Not being a too-patient guy, we resort to plastic worm fishing only when we're tired, or lazy, or just plain want to take it easy. That's the only way we can land 'em on the plastic worms—fishing slow and easy. In fact, that seems to be the only way anyone can land 'em.

We'll try all these methods for hours upon hours, trip after trip, before we finally succumb to the live minnow. Then we try small ones, medium size and finally the Texas-size shiners. They get fish. But they don't give us the thrill we expect from fishing. As stated earlier, it's "meat on the table" fishing only—sans the thrill of seeing a strike happen.

We find boating restful and relaxing. So, when the larder is getting low and fishing is slow, we troll for fish. Usually our lure is the Dixie Spoon, or the Dave Hawk Champion.

Latest adventure was trolling with live minnows. Great big, jumbo-size shiners they were. Cost 50c a dozen. But they took fish when nothing else would.

We'd work back and forth over the flats, or alongside the bluffs, and across the points. Motor speed? Not more than five miles per hour, slower if possible. But we caught fish.

We'd slap a big shiner on a number two hook, put a couple of large size split shot on

the line, about three feet up from the hook, and cast out. We'd vary the location of the shot from time to time until we found the right depth, then troll away.

My fishing companion, who likes fish, but not to eat fish, also gets a big bang out of top-water lure plugging. He wants to see the fish strike.

To partially satisfy this craving, while trolling with minnows, he holds his rod high as he reels in the fish and makes it rise out of the water and tail-walk on the surface. Admittedly he loses lots of fish that way, but he gets a thrill out of the sight of the snared fish leaping out of the water to accept the challenge and try to shake the hook—which it does quite often.

Anyway, when the lake is low and fishing is slow—and nothing else seems to work—try trolling with minnows. At least you'll have a delightful boat ride—and you just might latch on to some real lunkers.

HOOK BONNETS—Tired of tackle box tangles? C. J. Bates and Son have come out with a plastic safety guard for hooks, which they call Hook Bonnets. These little hood covers are just large enough to slide over the hooks, therefore they take up little room in the tackle box. They make it possible for one to carry a pocket-full of lures without danger of injury or snagging the clothing. Added advantage is that you can stack rods together without the nuisance of snarled lines.

LINE RELEASER—Just announced, and certainly of interest to the boatsman is a new concept in line attachment. It's a fixed metal mount for the boat or dock that makes possible quick attachment and instantaneous release of the tie-down lines. Resembles a spring-type clamp except that the clasp is released by a knob that instantly frees the line. Makes an attractive addition to the boat and comes complete with a stout Nylon ring to which the line is to be attached. N. A. Taylor Co. is the maker of the TAYLOR-MADE line release. Remote control cables are available, making it possible to drop lines with the flick of a finger, direct from the dash.

Methodist Group Meets
Women's Society of Christian Service of First Methodist Church in Laramie met recently for a home missions study.

Mrs. Lily Bennett presented a talk on arts and culture and Mrs. K. L. Taylor spoke on missions and outsiders. Attending were Mrs. Wiley Walker, Mrs. Bennett, Mrs. Harold Martin, Mrs. Taylor, Mrs. Merriell Abbott, Mrs. J.D. McDonald and Mrs. J. G. Bruce.
