CONFIRMATION OF APPOINTEES TO BE FOUGHT

Republican Senator Will Attempt to Block Approval of Shipping Board.

Jones Says Harding Should Have Free Hand to Name Department Heads.

By Associated Press.

WASHINGTON, Nov. 23.—Announcement that he would oppose confirmation of all appointments to the shipping board made recently by President Wilson was made today by Senator Jones of Washington, chairman of the senate commerce committee.

"I shall do all in my power to prevent their confirmation," he said. "When the shipping bill was passed it was my hope and desire that the president would appoint the board immediately and start its important work. Instead of doing that, the president wasted four or five months, until after election, and appointed some men who are inexperienced and unfit, although some of the appointees are good men.

"Under the circumstances I think President Harding should have a free hand in naming the board and for the direction of its policy and I shall do all in my power to prevent confirmation of the appointees named by President Wilson."

In addition to shipping board nominations many other appointments of President Wilson probably will be held up, according to republican senate leaders who are returning here for the session next month. Some expressed doubt that any nominations would get through the senate. The practice of refusing confirmation to appointments by retiring presidents had been general in the past by both parties, it was stated.

Production of Gasoline Shows Great Increase

By Associated Press.

WASHINGTON, Nov. 22.—All gasoline ouput records were broken during September, the bureau of mines announced today. Refineries produced a daily average of 15,000,000 gallons, making the ouput total for the first nine months of 1920 three and a half billion gallons as compared with 2,9000,000000 gallons during the same period in 1919.

Consumption and exports continued high, however, the bureau said, so that while storage tanks on September 30 held 298,000,000 gallons, the amount on hand then was actually less than that on hand August 30.

Exports for the first nine months of 1920 amounted to 465,439,992 gallons almost 200,000,000 gallons more than was sent abroad during the same period in 1919.

Mexican Rebels Raid Small Town

By Associated Press.

BROWNSVILLE, Texas, Nov. 23.—General Pedro Guzman, former lieutenant colonel in the Carranza army, headed a small band of supposed Mexican rebels which, crossing from the American side of the Rio Grande yesterday, robbed the little Mexican town of Ramirez and afterwards fled to the interior, pursued by Mexican federal troops, according to Eugene H. Parker, agent of the United States department of justice.

Parker returned tonight from an investigation made by him at the point of crossing, 28 miles west of Brownsville.

S. M. U. CAMPAIGN ENDS.

Special to The Record News.

DALLAS, Texas, Nov. 23.—The drive for $240,000 for Southern Methodist University ended here today and campaign leaders announced that the amount had been raised.

The WEATHER NEWS

FAIR

Louisiana—Wednesday fair, colder in north portion; Thursday fair, not much change in temperature.

Arkansas—Wednesday fair, colder; Thursday fair.

Oklahoma—Wednesday and Thursday generally fair, not much change in temperature.

East Texas — Wednesday and Thursday fair.

West Texas—Wednesday and Thursday fair.

Marshal Asserts Election Result To Kill Wilson

By Associated Press.

DALLAS, Texas, Nov. 23.—"The country will live to regret what it has done in the election," Thomas R. Marshall, vice-president of the United States, declared in an address at the Terminal railroad station this afternoon. "It is the greatest injustice of a century, and will bring one of the world's greatest figures to an untimely grave," the speaker said.

Marshall passed through Dallas on his way to Fort Worth, where he is to address a meeting tonight.

DEMOCRATS TO GIVE SERVICE

Representative Black Says Party Will Aid Republicans.

BY B. N. TIMMONS,
Record-News Staff Correspondent.

WASHINGTON, Nov. 23.—Southern democratic members of congress have a rare opportunity for service, Congressman Eugene Black of Texas, one of the ablest members of the Texas congressional delegation, said today in discussing plans for the sixty-seventh congress, in which the democrats will have only 132 members to 302 for the republicans.

Congressman Black said that democrats will join with republicans in the support of any measures that appear in the public interest and will vigorously oppose any legislation for special privileges or other vicious purposes.

He asserted that it is the purpose of the minority party not to attempt "political sabotage" such as was practiced by the republicans for two years. Black approves of the advice given to the party of Governor James M. Cox and William G. McAdoo, two of the outstanding figures in the party. He believes with Governor Cox that there should be no "political sabotage," and, like McAdoo, that the people are tired of party bickering.

Will Watch G. O. P.

But, Black said, this does not mean that the republican party should not be closely watched. Any party which has as great a majority as the republicans will have in both branches of the sixty-seventh congress needs to be watched, and watched closely, he said.

"While the democrats have only 132 members to 302 republicans, there will be more men of long experience on the democratic side than on the republican sde," Black said. "This is due to the fact that the South keeps sending its experienced legislators back, while in the Northern doubtful states just about the time a man learns how to legislate he is turned out of office and a new man sent to Washington."

Black denied the charge made by the republicans in the recent campaign that the South had been in the saddle when the democrats were in full control of the government. He said that the South had leadership only because its representatives in congress through long experience and service had reached places of seniority.

New England Rock-Ribbed.

Only the New England states send their representatives back with the same regularity as the South, Black pointed out. The New England districts, whether they be democratic or republican, are rock-ribbed in their party faith. It happens that most of them are republican.

Because of its habit of sending representatives back year after year, the rock-ribbed republican state of Massachusetts will have more places of power than any other state in the next administration. In addition to Vice President Coolidge, who will preside over the senate, it will have Speaker Gillette of the house. It will also have the floor leadership of the senate in Senator Lodge, who is also chairman of the foreign relations committee.

Another house chairmanship which will fall to Massachusetts is that of the house committee on interstate and foreign commerce, which will be presided over by Representative Samuel Winslow. Other Massachusetts members to hold house chairmanships are Representative William S. Greene of the committee on merchant marine and fisheries, Joseph Walsh of the house committee on shipping board operations, and Frederick Dallinger of house committee on elections, No. 1. Thus, Black argues, if it could be said that the South was in the saddle in the Wilson administration, it might now be said that Massachusetts will be in the saddle in the Harding administration.

DALLAS LETS CONTRACT FOR NEW HIGH SCHOOL

Special to The Record News.

DALLAS, Texas, Nov. 23.—The contract for the erection of the North Dallas high school has been awarded and the work will start immediately. The building will be two stories in height and will cost $640,000.

AWARDED CUP FOR PERFECT PHYSIQUE

MISS DOROTHY E. KELLOGG.

Miss Dorothy E. Kellog of Buffalo, N. Y., has won the Sarah Streeter cup at Mount Holyoke college. This cup has been given each year since 1914 to the senior found to be in the best physical condition at the time of her final physical examination. Its purpose is to stimulate interest in gymnastic work and athletics. Miss Kellogg, like winners of the cup in former years, is an all-around athlete.

PACT CHANGES NOT APPROVED

Proposed Amendments to League Covenant Killed Before Reaching Council.

By Associated Press.

GENEVA, Nov. 23.—There will be no amendments to the covenant of the League of Nations at this session of the assembly if the decision of committee No. 1—that of general organization—which has been considering amendments, is approved in full session.

Arthur J. Balfour, chairman of the committee, suggested in committee meeting that it was too early to draw conclusions as to the working of the league or to form an idea as to how the covenant may be improved. He proposed that the committee recommend the appointment of a special committee to consider proposed amendments and report to the next meeting of the assembly.

The Scandinavian delegates on the committee insisted on the consideration immediately of amendments they proposed, but they were outvoted. The South American delegate accepted Mr. Balfour's suggestion all the more readily because they are of the opinion that any addition to the covenant should await propositions that are expected from the United States after President-elect Harding's consultation on the subject.

Antonio Huneus, head of the Chilean delegation and chairman of the committee of admission of new members, told the Associated Press today that his committee already was hard at work and hoped to make an early report.

News of the application of Montenegro for membership in the League of Nations leaked out today. No information whatever was given on the subject by the secretariate of the league. The eleventh-hour application necessarily will come up on the floor of the assembly before being referred to committee.

FIRE AT CADDO DESTROYS BLOCK

By Associated Press.

FORT WORTH, Texas, Nov. 23.—Damage estimated at $50,000 was caused at Caddo tonight by fire of unknown origin, according to advices received here. An entire block on Main street was destroyed.

Chicago Tenants Will 'Shovel Own' If Janitors Quit

CHICAGO, Nov. 23.—With another janitors' strike threatened, following the Chicago real estate board's refusal of new wage demands, officials of the Chicago Tenants' association, representing 20,000 renters, declared today they "would shovel their own coal rather than submit to extortion."

Some Chicago janitors are making $5,000 a year, according to James J. Carroll of the real estate board. When officials of the Janitors' union met with a committee from the board yesterday, they presented demands for increases approximating 50 per cent.

EXPECT CRISIS IN HAMON CASE TO PASS TODAY

Physicians Say Oil Man to Take Turn Either Good or Bad in Hours.

Police Fail to Catch Woman Who Shot and Injured Magnate.

By Associated Press.

ARDMORE, Nov. 23.—Between midnight tonight and three o'clock tomorrow morning, the crisis in the condition of Jake L. Hamon, republican national committeeman from Oklahoma and reputed wealthy oil man will be passed and his recovery or a relapse will become manifest, according to the statement of Dr. Walter Hardy the attending physician tonight.

Hamon is in a hospital here suffering from gunshot wound, said by Frank L. Kelch, Hamon's business manager, to have been inflicted accidentally while Hamon was cleaning a revolver Sunday night.

Dr. Hardy said Hamon was "resting easily" and as yet there have been no outward appearance of complications. His pulse is normal, temperature low and respiration good, according to the physician, who said his patent felt much pain today because of the operation Sunday night, when the bullet was removed. If Hamon's condition continues the same as at 7 o'clock tonight, Dr. Hardy said, there is no doubt of Hamon's recovery.

Mrs. Hamon, who has been in Chicago will arrive in Ardmore early in the morning, and will go immediately to the sanitarium.

Opiates were administered on one or two occasions today, Dr. Hardy said, to relative Hamon's suffereing and to promote sleep.

At the Sheriff's office it was said tonight that no word had been received as to the whereabouts of Clara Smith, said to have formerly been Hamon's private stenographer, who is charged in a warrant filed last night by Russell Brown, County Attorney, with assault with intent to kill in connection with the Hamon case.

The warrants against Hamon, which charge Hamon and Miss Smith with a statutory offense, remained unserved tonight according, to announcement at the county attorney office.

Hamon has taken no nourishement since he was shot. After absolute rest tonight, Dr. Hardy said, he believes Hamon will be able to receive his family and a few friends at his bedside tomorrow.

Elections in Spain Causing Much Activity

MADRID, Nov. 22.—With only a little more than three weeks before the general elections to the cortez, political circles of all shades of opinion are making preparations for the balloting. The extreme conservatives have begun placarding the walls with their program, getting ahead of their rivals, who are supporting the present cabinet. It is generally conceded on every side that the government is assured of a majority.

The liberal groups seem content with the promise that their candidates who occupy leading political positions will not be opposed. The extreme factions, such as the republicans, are taking only a perfunctory interest in the polling. Alejandro Lerroux, leader of the radical republicans and Melquiades Alivers, leader for the reformist party, are regarded as fixtures in parliament and will be returned unopposed.

The syndicatists are standing quite apart, refusing even to nominate a single candidate. The socialists, on the other hand, have nominated candidates in several industrial districts, where it seems likely they will be successful.

It is rumored that enormous amounts of money are being expended to further the chances of wealthy industrials who are standing for the cortez with the intention of opposing possible legislation affecting their interest in connection with taxation.

Nine Indicted Following Raid On Gaming Hall

ATLANTA, Ga., Nov. 25.—Nine men were indicted by the Fulton county grandjury here late today following the raid made Saturday by Solicitor General Berkin on alleged gambling houses.

Gambling outfits for card games, machinery for trimming the edges off of cards so that an expert could distinguish between them, and telegraph sets for a bogus system of betting on horse races were confiscated, the solicitor announced.

In one of the places he reported taking $10,000 worth of narcotics.

IMAGINE ZINN IN A SUIT LIKE THIS

The latest baseball costume—for girls—is shown above, according to the enterprising photographer. Miss Thelma Hillerman, petite captain of a movie girls' baseball team at Hollywood, Cal., is wearing it. It at least allows perfect freedom in dashing about the bases.

HAYS APPEALS FOR DONATIONS

Republican Chairman Asks Party to Wipe Out Deficit.

By Associated Press.

NEW YORK, Nov. 23.—An appeal for contributions to make up a deficit of approximately $1,500,000 in the campaign fund of the republican national committee was sent out tonight by Will H. Hayes, its chairman.

The appeal, addressed to the "republicans of the country and all those who aided them," called attention to the report of the committee's treasurer filed yesterday in Washington, pointing out that although the buying power of the dollar was materially less than in 1916, the 1920 campaign had actually been conducted at less expense than the Hughes campaign four years ago.

Hays accompanied his plea for further funds by an expression of highest praise for the spirit of republicans during the campaign. More than 50,000 individuals contributed about $2,000,000 to the fund.

The presidential campaign this year cost approximately $3,400,000, exclusive of pre-convention expenditures, he wrote, leaving a net deficit of nearly a million and a half dollars. This, he declared, he hoped might be promptly made up by popular subscriptions in amounts less than the $1,000 limit set during the campaign.

SPEAKER GUEST OF FORT WORTH CLUBS

By Associated Press.

FORT WORTH, Texas, Nov. 23.—After driving more than 300 miles from Shamrock to Childress and from Childress here, and that in all kinds of roads, Tris Speaker, the wonder-man of the Cleveland Indians, gracefully accepted an invitation to a dinner given here tonight in his honor by the Chamber of Commerce and civic clubs. He will be here only a few days.

CHANCES OF GETTING FARM TRACTOR PLANT HERE LOOM LARGER AFTER INSPECTION

MARINES TIRED OF HAITI DUTY

Inspection Shows Forces Without Essentials of Existence.

By Associated Press.

PORT AU PRINCE, Haiti, Nov. 23.—There is no doubt that many of the 1,300 marines on occupation duty in Haiti are sick of the job. They want to go home or somewhere else. It is a hard life for youngsters who are sent into mountain regions in the north, along peaks as high as Denver.

Often they are away from their post for weeks and they declare they undergo many hardships, the least of which is lack of ice in a climate where it is essential.

Since the first session of the naval board of inquiry in Washington the marines have been hearing from home folk, anxious to know if they are taking part in indiscriminate killings.

The charge, first made by Major General George Barnett, former commandant of the marine corps, and corrected by him, has gone everywhere, marines assert, declaring that the first statement has never been overtaken by the correction. This week's steamer brought hundreds of letters, all seeking the truth about conditions. The marines contend that they are on rough duty and then are held up at home as rough men with the gun.

Major General Neville, a member of the naval board of inquiry, inspected every part of the fighting plant here and had many things to commend, but declared it was not properly equipped. This, he found, was true as to hospitals. There is not an X-ray machine on the islands, and naval doctors in charge assert they cannot provide adequate service for the men. Appeals for help are said to have brought the answer that there were no funds. Haiti is not a health resort and there is much disease.

The commander and his staff have made every effort to keep intoxicating liquor from marines, but with almost every shop selling it, the task is difficult. Haiti's principal drink is rum. It is a wild thing. Marines who have tasted it say it is powerful enough to drive a motor car.

Mob Takes Negro From Court Room; Burned at Stake

By Associated Press.

TYLERTOWN, Miss., Nov. 23.—Harry Jacobs, negro, while being tried for assault on a white woman here today, was dragged from the court room and lynched by a mob, which broke down the doors of the court house after being excluded from the trial.

After forcing an entrance to the court room the negro was dragged two blocks through the main street, after which the rope was tied to an automobile, and the negro was dragged to a bridge near town, where the lifeless body was swung to the limb of a tree and riddled with bullets.

Cleveland Strange of Jayess, Miss., was accidentally shot during the trouble and is in a critical condition. He is said to have been hitting the negro over the head with the butt of a pistol, when it was discharged, the bullet striking him in the chest.

Jacobs was a brother of Ben Jacobs, lynched about two weeks ago for an assault on the husband of the woman attacked by Harry Jacobs.

The strong possibility that Wichita Falls will get a plant for the manufacture of a new and improved type of farm tractor, specially suited for use on the "one-man" farms of this section, became known Tuesday afternoon with the practical demonstration of the tractor before officials and technical men representing the local Chamber of Commerce.

While members of the official party would not commit themselves on the success of the demonstration before rendering their formal reports, the success of the demonstration was indicated by the enthusiastic comments of unofficial observers, and the fact that officials of the Chamber of Commerce were impressed sufficiently to summon a special meeting of the industrial committee of the organization for Wednesday morning, for a more complete investigation of the matter.

The principal features commending the tractor to local businessmen are: Its extreme lightness of construction—it weights only 2,200 pounds, possibility of management by one man, and the fact that it can apparently be manufactured and marketed for a price of $850 or less to the farmer—less than the cost of a good pair of mules. It is adapted, according to reports of the demonstration, to all kinds of general farm work and can completely replace a team of mules or horses—with the elimination of cost of up-keep when not at work.

One of the striking peculiarities of the new machine is the method of steering—it is steered by a pair of driving lines, as is a team of horses. The design of the "drivers" of the tractor, which greatly strengthens its power to "dig in" and gives it the maximum pulling power with a minimum expenditure of power, is another feature of the new machine.

The Chamber of Commerce industrial committee will probably examine the proposition with a view to the building of an independent plant, or of carrying on the manufacture as an addition to one of the present industrial plants. In either case it is believed to give promise of an important and desirable addition to the local industries.

Messrs. Mowbray and Crumbarger of Shreveport are the owners of the patents on the new machine. Mr. Mowbray is the inventor. Mr. Crumbarger is in Wichita Falls as representative of the inventor.

Those witnessing the demonstration included President N. H. Martin of the Chamber of Commerce; Secretary Harrison, J. M. McFall and L. C. Heydrick, both members of the industrial committee; and D. C. McCaleb, Albert G. Savelli, W. O. Beeman and others from the Wichita Motor company.

Texas Solon Asks Delay in Payment Of U. S. War Debt

BY B. N. TIMMONS,
Washington Staff Correspondent.

WASHINGTON, D. C., Nov. 23.—Revision of tax laws, ratification of the peace treaty and congressional reapportionment, limiting the membership of the body to 300 membersand their election for four years instead of two is to be advocated in the coming congress by Representative Marvin Jones of Texas, who arrived here today in preparation for the opening of congress two weeks hence.

"The most important thing that can come before the new congress is a revision of our tax laws," Mr. Jones said. "The entire national taxing system should be thoroughly revised and simplified. In addition thereto, the payment of the war debt should be extended over a period of 50 or 60 years on a sinking fund basis. This would enable us to cut taxes in half, and the added stimulus that would be given to business by virtue of this policy would more than pay the other half so that its payment would hardly be felt.

"The peace treaty should be immediately ratified by the senate with such reservations as that body can agree on, so that trade relations may be restored with foreign countries and credit be safely extended by the business men of this county, to the end that there may be a market for our agricultural and manufactured products. The reapportionment under the new census will, of course, come before the new congress. In my judgment, instead of increasing the membership, the body should be reduced to 300 members and those members should be elected for four years, so that they would come in and go out with the president, and thus avoid a repetition of the past two years, when much turmoil and dissatisfaction was caused by the executive branch being controlled by one party and the house and senate by another."

'THE CITY THAT FAITH BUILT'

DEEPENING OF TEST IN K. M. A. INCREASES RUN

Drill in Six Inches Farther on East Side Tract and Double Production.

Improved Well Makes Near Best Output Developed Among Old Holdings.

Deeping of the Kemp-Munger-Allen-Sibley Drilling company No. 1 Munger—the 50-50 test on the east side of the Kemp-Munger-Allen tract—six inches further into the sand has increased the production of the test from slightly less than 100 barrels to between 175 and 200 barrels, according to Tuesday reports from the field. The total depth in the sand of the well at the present time is 26 inches. When and whether the test will be be deepened further, officials of the company did not say.

The production of the deepened test is in line with that of the best pumpers obtained on the east side of the field and brings it about to the size of the best production obtained from the Kemp-Munger-Allen discovery well—for a long time the only test on the east side.

While it is too early yet to obtain definite information, it is expected that the signal success attending the deepening of this test will lead other operators on the east side to push their test a little deeper into the sand. Practically all of the production on the east side is coming from the extreme top of the sand—operators hesitating to go in over a few inches into the sand on account of lack of knowledge of the thickness of the producing strata.

Belief that the canvas packer set in the No. 6 Munger of the same company, the west side test which was recently deepened and picked up the new 1,800 foot sand, was holding and had succeeded in cutting off the water which came from the regulation K.-M.-A. sand depth, was also expressed by company officials following receipt of late reports from the field. A wall packer first set failed to shut off the water coming from above.

BRITISH LAY DUBLIN SEIGE

Troops Slowly Working Way to Center in Effort to Take Republicans.

DUBLIN, Nov. 23. The vigorous activity of the authorities leave no doubt that determined and concerted efforts are being made to round up every republican suspected active in outrages. The military forces are tightening the cordon about Dublin and gradually working in toward the, center as was done during the Easter rebellion of 1916. It is believed a number of republican leaders in the provinces, finding the pursuit too hot, have taken refuge in Dublin.

The total arrests to date are understood to be huge, but the government refuses to divulge the figures. Dublin Castle authorities, however, admit the prisons are so full that it has become necessary to use the castle itself, and that it was in a lumber room in the old Detective quarters of the Castle that Peter Clancy and two others were shot yesterday.

The thirteenth death as a result of the Croke park shooting occoured today when an eleven year old boy died of his wounds. Only seven of the Croke park victims have as yet been identified.

Dutch Company Gets Control of Sumatra Field

THE HAGUE, Nov. 23.—A bill has been introduced in the Dutch parliament to give the Dutch Indies Mineral Oil company complete control over the valuable Djambis oil fields in Sumatra. These fields cover approximately 850,000 acres and long have been the object of a struggle between the Standard Oil, the Dutch Indies and the Shell company.

SUING RAILROAD FOR GOATS DEATH

HOUSTON, Nov. 23.—George Jones, farmer near Houston, owned 96 goats recently. They romped and played and ate the green grass along the right of way of the Texas and New Orleans railway. Suddenly they all died.

Today Jones filed suit against the railway for $970 damages. He alleges an agent of the line spread poison over the grass.

FIRE DESTROYS PLANING MILL; LOSS IS $7000

Fire originating from an unknown cause completely destroyed the Acme planing mill at 103 Indiana avenue Tuesday night. The fire started at 8:45 p. m. and within a half hour the building, which is of frame construction, was wiped out. The loss was estimated at $7,000. In addition to the building, the machinery of the plant was destroyed. A small amount of lumber was lost.

In spite of the fact that the fire department was forced to run their hose from a fire plug at the corner of Fourth and Indiana avenue, a distance of 1,100 feet, they succeeded in saving buildings on either side of the burning plant.

The planing mill of the Darr-Teale Construction company, a frame building, adjoins the Acme plant with four feet of space between the two. By quick work, aided by favorable winds, the fire department saved this building.

The fire was blown directly against the Bolin-Isler grocery store at 101 Indiana and only the fact that the building was of brick construction saved it from probable additional loss.

The Acme planing mill is owned by Dick Whitehill and others. G. T. Taylor, 504 Burnett street, is general manager of the mill.

Labor Council Complains of Judge's Policy

The Labor council Tuesday made public the full text of its resolution of Monday night protesting against alleged violations of the child labor laws in Wichita Falls. The resolutions complain against the policy of County Judge Jones in issuing these permits to girls under 15 years of age. They allege that the permits are given "without due discrimination."

The Record-News was unable to get Judge Jones over the telephone Tuesday night but it was learned from authoritative sources that the judge's position in the matter is that he has issued permits to some children under 15 years of age because of the needy and distressed condition of the families of the girls concerned.

The Trades council discussion of the meeting objected to the working of girls under 15 years old as Western Union telegraph messengers. Charles Pogenpohl, manager of the Western Union here, told the Record-News that girls under 15 years of age do work as messengers, but he insisted that every precaution was taken to protect them. He said:

"The girls under 15 work from 7 in the morning until 4:30 in the afternoon. Their work is all daylight work. They are given time off for lunch. A woman supervisor is retained to care for them. They are paid well.

"Only a few girls work at night. They are all more than 18 years old. These girls get off duty before midnight and take the last car home."

U. M. Lee and Victor Woods, state deputy labor commissioners, have just completed an investigation here.

The resolution adopted by the Labor council follows:

"Whereas, It has been brought to our attention that children under the age of 15 years are employed in the various industries throughout the city and,

"Whereas, It has also been brought to our noice that in most cases the employment of these children are protected from the provisions of the child labor law, by the action of our county judge in issuing permits to said children without due discrimination, it seems to us, and in what appears, in so far as we can determine, to be in conflict with certain provisions of the child labor law, therefore it be:

"Resolved, that we, the Trades and Labor council of Wichita Falls, protest against the practice of our county judge, in issuing the permits and urge that he in the future, give more attention to the conditions in this law under which he is authorized to issue said permits, therefore, be it further,

Resolved, That we protest vigorously against the employment of the young girls of "teen" age in the different messenger services of our city, and be it further,

"Resolved, that a copy of these resolutions be spread upon our minutes, a copy be given to the press, and a copy be sent to the Hon. J. P. Jones, our county judge.

"Respectfully submitted, John M. Simmons, J. P. Moore, C. W. Labaugh, committee.

"Endorsed and adopted by the Wichita Falls Trades and Labor Council in regular session, held this November 22, 1920."

SENT TO VERNON

The body of L. L. Lambeth who was killed Monday night when he fell from a derrick in the Texhoma field was shipped Tuesday night to his home in Vernon, Mo. by the O. W. Hines Undertaking Company.

Lambeth, who was employed on the Underwood-Emerich lease in the Texhoma field, fell forty feet. He struck his head and shoulders and was dead when other employes reached him. Due to the darkness it is not known how he came to lose his hold on the ladder of the derrick.

ZACHARY TAYLOR'S NIECE DIES

FRANKFORT, Ky., Nov. 22.—Tommie Jouett, 75 a great niece of President Zachary Taylor, died at her home tonight of infirmities of age.

TEXHOMA BRINGS IN SEVENTH BIG NATURAL GASSER

Completion of the Texhoma gas field's seventh gas producer, the No. 2 Dodson of the Jupiter Oil company, with an initial flow estimated around 10,000,000 feet, was reported from the field Tuesday morning.

The gas was encountered at the usual sand depth, just short of 1,500 feet.

The new producer brings the estimated production of the Texhoma field to 60,000,000 feet.

Welfare Council Will Report on Year's Activity

The Welfare council will make an annual report of its activities during the last year before joint Thanksgiving meeting of churches Thursday at the First Baptist church. The day nursery's work will be detailed. All of the various charities ministered by the joint organization will be taken up.

The day nursery is handling about 30 children per day while their mothers work. It has cared for 130 children.

N. H. Martin, president of the Welfare council, announced that the report would be made. The Welfare council was organized on Thanksgiving day of 1919. The executive secretary, Mrs. C. E. Ousley, was not employed until February. Consequently the annual financial report will not be made until March. Officers will be elected at that time.

TALENTED SINGER IS VISITING HERE

Mrs. Frank G. Rice of Chattanooga, Tenn., is visiting her cousin, Mrs. L. T. Burns, 1309 Tenth street. Mrs. Rice will be remembered in this city as Miss Mabel Simpson. Mrs. Rice, who is a talented singer, has just completed a tour of the southern states. She will make an extended visit here.

Western Union To Open Branch

The Western Union will open its first sub-station in this city next week. The station, which probably will open a week from Thursday, will be at the former main station at 608 Eighth street.

Only outgoing messages will be received at the sub-station, the location being chosen for the convenience of that section of the business district. The messages will be carried to the main offices in the City National Bank building by means of a tube. The cable rights of the company will permit the laying of the tube the distance of the two blocks on Eighth, according to Charles Pogenpohl, local manager.

Texas League Up Schedules

The drafting of complete new schedules which will be sent to the manager of each club in the league before the meeting in January at Galveston, is among the numerous problems which remain to be solved by Doak Roberts, newly-elected president of the Texas baseball league, before the beginning of the 1921 season.

President Roberts announced that he will prepare six schedules, copies of which will be sent to the manager of every club for his opinion. It is highly probable that the schedule outline will be voted upon at the meeting in January.

Manager Salm of the Scudders has declared that he will stand pat and not submit to any deal in rotten arrangements of games which was handed the local team in the last series, and he is expected to carry this intention to the meeting with him.

President Roberts has not yet decided upon a location for his headquarters, although it is reported that his selection will be one of two places—Dallas or Corsicana. An announcement of his choice is expected to be received here soon.

The necessity of A No. 1 material in umpires for the Texas league was evidenced in a thorough manner last season and the new president has already begun to look over the field for new umpires in order that the experiences of last year will not be repeated. No reflection is intended to be cast in the direction of the umpire clan, but the arbiters of last year were just not able to command the situation and thus lost the respect of both fans and players.

It is hoped that he will be able to recruit a complete staff of competent men for the coming year in engaging only those worthy of the position. Before he actually engages an umpire, it is intended his name will be submitted to all club owners for their approval.

FARMERS TO DISCUSS COTTON CONDITIONS

Special to The Record News.

DALLAS, Texas, Nov. 23.—The cotton situation will be taken up at the meeting of the Texas Farm Bureau Federation to be held here Friday morning. Twenty-one men representing the various branches of business will be appointed to study the situation and submit a report.

HARDING'S THANKSGIVING TURKEY'S ON ITS WAY TO PANAMA

Two fair members of the Harding club with the turkey just before it started on its journey.

The thirty-eight-pound Illinois bronze turkey being made much of by the girls above, is now on its way from Chicago to Panama, where it will furnish the main piece de resistance of the Thanksgiving dinner for President-elect Harding, Mrs. Harding and their party. The "bird" was sent by the Harding girls' club of a large Chicago packing house. They plan to send one each year. Other girls' clubs along the route have agreed to see that the gobbler is well fed.

Hoover Announces Organization Of Giant Relief Association to Feed Europe's Starving Children

CHICAGO, Nov. 23.—Formal announcement of the organization of an European relief council, composed of seven American organizations, was made by Herbert Hoover at a dinner tonight. Continuation of American support in feeding the undernourished peoples of Europe was urged by Hoover, who will act as chairman of the council.

The dinner, given by Howard B. Jackson, formerly vice-president of the United States Grain corporation, was attended by 300 Chicagoans.

The council consists of the American Relief Administration, American Red Cross, American Friends Service committee, Jewish Joint Distribution committee, Federal Council of the Churches of Christ in America, Knights of Columbus, Y. M. C. A. and Y. W. C. A.

Hoover's address follows in part:

"I have to announce the formation of the European Relief Council, composing the American Red Cross, the Relief Administration, the Quaker Service committee, the Knights of Columbus, the Allied Church council, the Y. M. C. A. and the Y. W. C. A.

"Here is an issue in our foreign relations which is neither race, policies nor religion. It is just the preservation of the lives of children.

"The war has collapsed, among both allies and enemy, in the face of the greatest famine in three hundred years. In the first stage of famine the human animal eats the food of cattle and thus undermine the production of milk. In the second stage they consume the cattle themselves. The children of the white races are dependent upon cattle for their very existence. Thus famine bears hardest upon children.

"Today there are 3,500,000 waifs who live by virtue of the 3,000 asylums, hospitals, clinics and canteens whose doors would close but for American charity.

"With the harvests of 1919 and 1920 and the gradual economic recuperation, the burden has grown less and the harvest of next summer will greatly lighten the burden. It is not a perpetual charge on American charity. It is an emergency demand. It will cost $23,000,000, about one dar for each child, per month, until the next harvest. For every American dollar. Another dollar of local support is provided in equipment and food with a vast amount of voluntary service. We have but to supply them with their deficient milk, fats, clothing and in some countries breads, and they will succeed. Without it, they fail.

"To me it a glory to the United States that 3,500,000 hungry waifs should sit every day at our table. I would rather have the American flag implanted in the hearts of the children of Europe than flying over any citidel of victory. Twenty years from now they will form the basis of civilization in Europe. If we are to preserve the foundations of society in the East, if we are to keep open the love of humanity in the West, our duty is clear before us."

Director Sees Applicants for Roles in Movie

Long lines of prospective movie actors and actresses Tuesday night thronged the entrance to the office of the Olympic theater where Charles Le Witt, director of the Community Photoplay company of Los Angeles, sat and passed upon the qualifications of applicants for parts in the new cast of the picture entitled "The Girl From Wichita Falls," which is to be made here at the Majestic theater under his direction during the next two weeks.

No definite decisions were reached Tuesday by Mr. Le Witt as to who would best fill the roles of the play, although all who have applied have registered an impression on the mind of the "human dynamo," as the "big-time" movie people call Director Le Witt.

Mr. Le Witt asks those who were not given definite answers Tuesday night not to be discouraged because they are still eligible and will more than likely have a real try-out before the camera before the cast is finally picked.

Actual work on "shooting" the scenes on the stage at the Majestic theater will begin the latter part of this week or the first of next, according to an announcement Tuesday. An early start on making the picture will depend entirely upon the manner in which people here respond to the call for players.

The production is based upon a good story by a well-known author and is ranked among the best of the national headliners. It is a comedy drama with the usual love plot and has made phenomenal hits wherever it has been flashed on the screen.

Eleven principals are needed for leading parts in the production and approximately 200 supernumeraries or extras must be had.

RANGERS HOLD TWO IN PROBE OF ROBBERIES

G. C. King and J. Smith were arrested at Bridgetown Tuesday by Texas Rangers who are patrolling the old field districts and escorted to the county jail here pending investigation into their alleged connection with holdups.

According to a report which was made by the Rangers upon reaching here with the prisoners, Jeff Shumate, an oil rig man at Bridgetown reported to Rangers Ed Powers and J. W. McCormick, that he has been held up and robbed of a large sum of money at about 2:30 o'clock Tuesday morning.

The two officers immediately began an investigation which led to the arrest of King and Smith at about 5 o'clock Tuesday afternoon in the Elite rooming house at Bridgetown.

The men were put before Shumate. He insisted that they are the men who held him up and took his money at the point of a gun.

Cuban Shipper Denied Permit To Import Booze

MOBILE, Ala., Nov. 23.—Permission to import liquor into Mobile from Cuba for the purpose of filling a contract with members of his crew for certain amounts of spirits a day has been denied Capt. Thomas Lonzo of the Cuban schooner Gabriel Palmer, according to a ruling received by custom officials from the secretary of the treasury. The ruling involves a point of international law.

To bring liquor into Mobile for this purpose, even though it remains under the seal of the custom officials, would be in violation of our prohibition laws, the secretary said.

BURMAN OUTPOINTS TREMAINE COMPLETE

PHILADELPHIA, Nov. 22.—Joe Burman of Chicago, decisively outpoined Carl Tremaine of Cleveland in an eight round bout here tonight. Tremaine was knocked down in the first round.

Rangers Tie Up Auction; Owner Is Running Yet

While waitng at Bridgetown for a service car to take them to Burkburnett with two prisoners where theywere to catch a train for Wichita Falls, Texas Rangers Powers and McCormick were attracted by a large crowd which had collected on the main street of the town.

Upon arriving at the scene the officers found a man in a Hudson seven-passenger automobile who was making frantic efforts to dispose of the car for $700 cash. He had almost succeeded in disposing of it to a man who was about to hand over the full amount of money, when the Rangers intervened and asked the man to produce a bill of sale which was issued to him when he bought car.

They took the car to a garage and "cuffed" it to the building by all four wheels with strong padlocks and chans. They told the alleged owner that he could retrieve it with the presentation of the bill of sale.

He protested indignantly at the action of the officers and declared that he would return immediately with the necessary document and file complaints against them for taking possession of his property.

The Rangers waited for more than five hours in readiness to return the car, but up until the time of their departure for Burkburnett the man had not returned to lay claim to his property.

It was announced that the car will be kept there until bona fide proof of ownership can be shown. Until that time it will be held as a stolen car.

Trust Your Complexion To Cuticura

The majority of skin and scalp troubles might be prevented by using Cuticura Soap exclusively for all toilet purposes. On the slightest sign of redness, roughness, pimples or dandruff, apply a little Cuticura Ointment. Do not fail to include the exquisitely scented Cuticura Talcum in your toilet preparations. 25c everywhere.

Cuticura Toilet Trio

Consisting of Soap, Ointment and Talcum are indispensable adjuncts of the daily toilet in maintaining skin purity and skin health. By bringing these delicately medicated emollients in frequent contact with your skin as in use for all toilet purposes, you keep the skin, scalp, hair and hands clear, sweet and healthy.

The Soap, Ointment and Talcum 25c. each everywhere. For sample each free address: "Cuticura, Dept. 2T, Malden, Mass."

Cuticura Soap shaves without mug.

Mine Explosion Prexy Drawing Kills 9 Miners

By Associated Press.

JASPER, Ala., Nov. 23.—Nine men were burned to death this morning in a fire at the Parish mine of the Railway Fuel company, nine miles south of Jasper, following a gas explosion in the mine. Seven others were injured.

According to miners who escaped injury, 26 men went into the mine this morning, when operations were resumed following a shutdown of more than a week, and when the first squad of workers had progressed about half a mile within the drift a terrific blast occurred, with flames racing along the corridors, making escape impossible and burning to death those nearest the scene of the explosion.

Rescuing parties were immediately organized and fought their way into the wrecked mine, removing the dead and injured. The cause of the explosion has not been determined.

Elks Stage Ball Wednesday Night

The Elks' annual Thanksgiving formal dance will be held Wednesday night, and not Thursday, which is Thanksgiving day. J. Wilkie Talbert of the club entertainment committee said Tuesday that considerable misunderstanding had appeared relative to the date of the affair, many thinking that it would be held on Thanksgiving night. He asked The Record News to again emphasize that the date is Wednesday night.

Did-You-Know Box Took Prize

The Record News today prints in the "Did You Know That" box the paragraph which won the Chamber of Commerce prize of $25. The identity of the winner is not yet known as the paragraphs were sent in anonymously. The winner may obtain the prize by applying to Miss Gertrude Deppen, Chamber of Commerce director of publicity, and describing the original copy.

This contest was inaugurated in pursuance to the recommendations of the publicity committee of the Chamber of Commerce, to the effect that the publicity of that organization be chiefly confined to advertising and "selling" Wichita Falls to Wichita Falls people with "ammunition" through which they could "sell the city" to outsiders.

J. A. Kemp Will Go With Hobby

J. A. Kemp will be one of the party of Governor Hobby to attend the ceremonies of the inauguration of President-elect Obregon of Mexico in the City of Mexico on December 1, it was announced Tuesday.

Mr. Kemp will be regarded as the representative of Wichita Falls on the visit.

Mr. Kemp will go in place of G. Clint Wood, member of the governor's staff, who was unable to make the trip, but who accepted some time ago in order that a reservation might be held for a representative of Wichita Falls.

GERMANS SPEND FRENCH MONEY ON PUBLICITY

By Associated Press.

PARIS, Nov. 23.—Most of the 200,000,000 francs in gold paid monthly to Germany by France under the Spa coal agreement since last July has been diverted to propaganda purposes and to pay British creditors, according to information received today in French official circuits.

These payments, made in return for delivery of promised coal, it was agreed by Germany, would be used to buy food to ameliorate the conditions of coal miners so that they would be physically able to maintain the output, and to buy raw materials.

It is asserted this money has been used for propaganda abroad, and a large part of the money paid through the British clearing house in Berlin foreventual delivery to Germany's British creditors.

STRANGLER LEWIS WINS

NEW YORK, Nov. 22.— Ed (Strangler) Lewis threw Wladek Zbyszko, here tonight with a flying head-lock, in one hour, 25 minutes and 45 seconds. Lewis thereby earned the right to meet Joe Stetcher the world's champion, who tonight threw Leon O'donnell of France, in 11 minutes and 40 seconds with a body scissors and arm held.

DEBATE OVER ITALIAN RIOT WAXES FURIOUS

ROME, Nov. 22.—Sunday's tragic occurrence in Bologna where eight persons were killed and 70 wounded during fighting between socialists and anti-socialists at a meeting of the new muncipal council was the subject of a spirited debate in the chamber of deputies here today.

The authorities did every thing possible to prevent the affair and acted with the greatest energy to repress the disorders, an official of the department of the interior declared.

The municipality is working with the judicial authorities to place the responsibility and apprehend the guilty person, he said.

Deputy Cappa strongly protested against the occurrence and urged that the government undergo a thorough change in policy and take measures to enforce respect for laws against political outbreak.

Signor Cappa was constantly interruped by socialist members but was supported in his attitude by all the other groups of the chamber.

Wichita County Ginnings Ahead Of 1919 Totals

The last preliminary report by the government on cotton ginned in Texas this year showed that Wichita county, up to about November 1, the period covered in the 1920 season, had put nearly two-thirds more cotton through the gin than it had during the same period last year. Wichita had ginned 1,544 bales. In the same period last year it had ginned only 945 bales. Copies of the report arrived here Tuesday.

Wilbarger county, Wichita's neighbor on the north, had shown a slight comparative decrease. The county had turned out 4,144 bales, as compared with 4,620 for the same period of last year.

Archer county increased slightly, with 1,457 this year, as compared with 1,362 last season.

Clay county showed approximately the same output as in 1919. The figures for this season are 6,653, as compared with 6,672 last year.

Red Cross Roll Call Gets 2875 Members to Date

With delayed contributions still coming in from day to day, the Wichita Falls quota on the fourth annual Red Cross roll call has been exceeded by more than $1,300, according to a Tuesday announcement by B. B. Greever, general manager of the recent drive. The sum of $8,344.30, representing a membership of 2,875, was obtained in Wichita Falls, according to the announcement. The Wichita Falls quota was $7,000. It is expected that these figures will be slightly increased by reports and contributions yet to be received.

No reports from other places in the country have been received as yet, says Mr. Greever. Electra, Burkburnett and Iowa Park had quotas aggregating $5,000.

Of the money obtained in Wichita Falls, $1,437.50 will go to the national headquarters and the rest will go toward the support of the local work of the Red Cross.

TEXT BOOK BOARD REJECTS ALL BIDS

AUSTIN, Texas, Nov. 23.—All bids pending before the Texas text book commission were rejected today and an order for new bids to be submitted on December 29 was promulgated. Bids were rejected on the grounds that the prices asked by the publishers were too high and the exchange price allowed on old books too low. Miss Myra Winkler of El Paso resigned from the board today.

ADDITIONAL BONDS OF CITY ARE SOLD

With the sale of $50,000 additional of the school bond issue of $300,000 which was recently voted, one-half of the entire issue has been sold, according to an announcement made by John D. McCall and J. A. Blain of Dallas who are handling the sale of the local bonds.

Of the amount sold $90 000 worth has been paid for and the board is proceeding with it's building program with the money derived from the early sales.

School authorities hope to have the new wing of the Austin school ready for occupancy by the first of the year. With this completed, one hundred and fifty additional students can be taken care of.

An entire floor will be added to the Sam Houston school and a new building will be erected at the corner of Kentucky and Jalonic streets. Work on these constructions will be started as soon as the contracts can be let.

Maine District Is Democratic But G. O. P. Wins

WASHINGTON, Nov. 23.—Everyone looks upon Pennsylvania as a rock-ribbed republican state. As a whole it is, but there are certain districts in it which are as solidly democratic under ordinary circumstances as any Texas district.

One of them in the Burks-Lehigh district. But on November 2 the Burks-Lehigh district elected a republican member of congress for the first time since the American government was established. Therefore republicans in congress are planning a demonstration when Fred B. Gernard, the lucky winner, takes his seat. This district is located on the edge of the anthracite coal country. It is known as the Pennsylvania Dutch district. It is one of the sayings of the inhabitants that they are still voting for General Jackson.

FORT WORTH HIGH WILL PLAY AUSTIN

FORT WORTH, Nov. 23.—The Fort Worth Central High school football team, possible state champions, have chartered special cars for a trip to Austin Wednesday night, where on Friday the eleven will meet Austin High.

Greatest Steel Man in America says:

"You must build up your body if you want to build up your brain, or build up your business."

That's what Eugene G. Grace, President of the Bethlehem Steel Company, contends, who rose from the lowest ranks to his present position in which he draws a salary of $1,000,000 a year, and of whom Charles M. Schwab says "is the greatest steel man America has ever produced."

It's worth your while to ponder his words, for they contain a world of valuable advice, based, no doubt, upon his own experience in reaching the top round of success.

A strong constitution is the absolute determining factor in your career. You must possess the physical power for maximum production; the capacity to produce the goods in quantities and in perfect condition, whether your product be one of brain or brawn.

Like the prize fighter, you must have the stamina to take punishment, the punishment of excessive and prolonged exertion.

If you are deficient in energy, lacking in strength or wanting in endurance, let FORCE, the master rebuilder, fortify your system so you can successfully combat the ever-opposing elements of life.

FORCE will put your system in good running order because it increases the functional activity of the principal organs of the body. It possesses unusual strength-giving and up-building qualities.

Sold by reliable druggists everywhere and equally good for men, women and children.

"It Makes for Strength"

FORCE is a potent aid to Nature in rebuilding persons who are thin, pale, weak or invalid. As a palatable appetizer and aid to digestion FORCE is very acceptable to the weakest constitution. It is an effective functional regulator of the liver, kidneys and bowels, and is of special benefit in cases of nervous exhaustion and mental or physical fatigue.

BREAKS A COLD IN A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance; tastes nice, contains no quinine—Insist upon Pape's!—(Adv.)

Mexican Band to Meet Hobby and Neff at Border

LAREDO, Texas, Nov. 23.—Governor Hobby and Governor-elect Neff of Texas, who will attend the inauguration of President-elect Obregon in Mexico City November 1, will be met at Laredo by a committee from the governor of Neuvo Laredo with the state band, which will give a concert here in honor of the Texas governor.

Such arrangements were made today through the local Chamber of Commerce, by American Consul Thomas D. Bowman of Monterey.

Governor Hobby and Neff will arrive here next Saturday, Governor Hobby entering Mexico in a special car as the guest of the Mexican government.

Governor-elect Neff will enter Mexico as a guest of the city of Laredo and will make the trip on the Laredo Gateway special. He will spend ten days touring the southern republic after the ceremonies.

PLANES TUNING UP FOR PULITZER CUP

MINEOLA, L. I., Nov. 23.—Notwithstanding lowering clouds which threatened a dowapour, fast time apparently was made over Mitchell field by army airplanes in today's preliminary test for the Pulitzer cup race to be held over Long Island Thanksgiving day.

It is said this will be the first major flying event in which the entries fly in mass competition as in a race on the ground, rather than singly and against time.

WORLD WIDE SEARCH ENDS WITH ARREST

PORTLAND, Nov. 23. — John Doughty, former private secretary to Ambrose J. Small, millionaire theater owner of Toronto, who disappeared last December was under arrest here today and will start tomorrow in custody of the Eastern Canadian city officers.

Officials said he confessed to the theft of one hundred thousand dollars in Canadian bonds. The prisoner they said, would not discuss the disappearance of Small beyond saying that he last saw his employer in a Toronto theater on the night of Small' disappearance.

Doughty was arrested yesterday in Oregon City, near here, where he was employed in a paper mill and where he had risen from a laborer to an assistant foremanship in a department crew. A world-wide search has been made for Doughty, Toronto advices said today.

Dropped Second Time, Revolver Kills Young Boy

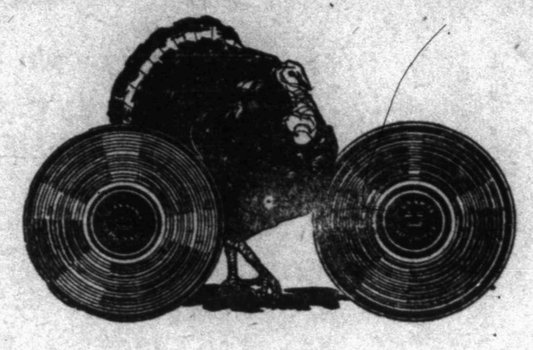

WICHITA, Kan., Nov. 23.—The second accidental discharge of the same revolver today caused the death of James H. Butchard, 18 years of age, a student at Fairmount college here. Two years ago the youth dropped the revolver and it was discharged, the bullet striking him in the foot.

Today while sitting in the office of the city court he dropped the revolver and it was again discharged. The bullet struck him in the chest and he died an hour later.

City Gridders To Clash Here On Turkey Day

Wichita Falls and grid fans will yet have a chance to witness a Turkey day encounter, a challenge for a Thanksgiving game issued by the local Hi eleven having been accepted by the City eleven, composed of former college and prep school stars, according to an announcement issued Tuesday by Coach Cantwell of the high school.

Prior to this arrangement prospects for a game Thursday were considered rather dim, the Graham high school club, scheduled to furnish the locals opposition on that date, being reported to have been disabled after an unsatisfactory season. Efforts to schedule this game with Electra, Amarillo and other points, were without success.

The game with the city eleven will be played on the junior Hi grounds, Thirteenth and Broad, at 3:30 Thanksgiving day.

While the City eleven is expected to have the edge on the Hi players in point of experience, and a slight advantage in weight, the better condition and team work developed by the school eleven is looked to largely even the contest.

"AMERCAN APOLLO" WINS FROM HOBSON

Young McFadden of Chicago, known as the "American Apollo," defeated Jack Hobson in two straight falls in a finished wrestling match at Ogden, Utah, on November 20.

The match was the longest ever staged in Ogden, McFadden gaining the first fall after three hours and 51 minutes on the mat. He gained the second fall in 34 minutes. McFadden has secured a match with Pet Brown on December 1 at Houston.

France Opposed To Constantine's Return to Throne

PARIS, Nov. 23.—Premier Leygues, when he appeared tonight in the chamber of deputies in the vatican debate, announced the government's intention to issue a warning to Greece against the return of former King Constantine. The debate was adjourned until Thursday and it is understood that the premier will not go to London until an agreement is reached as to France's representation at the vatican.

Leygues, in asking for a postponement so that he might be free to act, said, "France does not wish to intervene in Greece's foreign affairs, but after a war which imperiled civilization if a power puts at its head a sovereign who showed marked and constant hostility toward the allies and had been the accomplice of our enemies, that power ought to be warned that she can no longer have our co-operation nor expect the same feeling from us as formerly."

MANY OF McGRAW'S LIEUTENANTS MADE GOOD MANAGERS

Left to right, above: Christy Mathewson, Hughie Jennings and Johnny Evers. Below: Wilbert Robinson and Pat Moran; a few of the men who graduated from the role of lieutenant in McGraw's club to the managerial ranks.

Hughie Jennings, recently appointed coach of the Giants, is the latest of a distinguished line of lieutenants engaged by John McGraw in recent years. First of these was Wilbert Robinson, who, when he assumed the management of the Brooklyn team, was succeeded by Charlie Dooin, at present proprietor of a garage in Philadelphia. George Gibson replaced Dooin, and Pat Moran was engaged to take Gibby's place when George branched out as a manager. Moran was released from his contract with the Giants in order that he might accept the management of the Reds, and Christy Mathewson, who had just returned from France, was signed in his stead. Johnny Evers joined the team last May and became McGraw's chief aid when Matty's health failed, necessitating his retirement.

29 TEACHERS HERE TO ATTEND MEET

Lee Clark, superintendent of the city schools, will make one of the principal addresses at the Texas State Teachers association meeting, which is to be held in Fort Worth Thursday, Friday and Saturday, it was announced here Tuesday.

Twenty-nine local teachers already have signified their intentions of attending the meeting, and, with three schools yet unheard from, it is thought that 35 or 40 local teachers will attend. School will be dismissed on these three days.

Judge K. M. Landis.

JUDGE K. M. LANDIS.

Judge Kenesaw Mountain Landis of Chicago, named supreme head of baseball, might have starred as a big league ball player had he preferred a diamond career to a judicial one. The noted jurist was raised in Logansport, Ind., and his spectacular playing on amateur and semi-pro teams in that vicinity attracted the attention of minor and major league scouts. Landis declined all these offers. He played the game entirely for love of the sport. He played an important part in making baseball history, however, when he presided in the court battle between the Federal league and the National and American leagues. The case was settled out of court.

He is an ardent fan, attending most of the big league games in Chicago and many of the world's series contests. He is 54 years old and was born in Millville, Ohio.

Those who know the judge are positive that he is undoubtedly the man best fitted to help guide the great national game out of the muck surrounding it at present to a higher and cleaner level.

MILL BUYS TURKEY DINNERS FOR MEN

For the purpose of providing their employes with the principal dish of the Thanksgiving day feed, the Wichita Mill and Elevator company Tuesday purchased 150 head of turkeys for Wednesday delivery, to be distributed among the employes of the mill.

In making this purchase, the mill is carrying out an annual custom, inaugurated some time ago. The turkeys were furnished by F. B. Massey, local poultry and produce man.

Death Sentences In Army Total 32 During Past Year

WASHINGTON, Nov. 23.—Thirty two persons in the army were sentenced to death by court martial during the last fiscal year, but in no case was the sentence carried into effect, Major General E. H. Crowder, judge advocate general, says in his annual report made public today.

Two of the death sentences were disapproved, 19 reduced to imprisonment, ranging from life terms to five years, and one case was pending on review when the report was completed.

Only nine of the cases were for military offenses. Trials for desertion were slightly less than in previous years.

Bandit Loiters In Bank Before Robbing Cashier

WICHITA KANSAS, Nov. 23.—After stealing an automobile here today, a bank robber drove to Valley Center, ten miles north, loitered in the lobby of the Farmers and Merchants state bank, there until all but the assistant cashier, Frank Willis, had left and then robbed the bank.

The bandit backed Willis into the vault, after covering him with a revolver but neglected to lock the vault door. He gathered up $2,500 in cash and drove away. While awaiting in the bank loby he engaged a number of people in conversation.

CLARK RECOVERING.

C. H. Clark, prominent independent oil operator, who has been confined with an attack of inflammatory rheumatism while on a visit to a brother in Chicago, is rapidly improving and is expected to be able to return to Wichita Falls shortly, according to reports from Chicago.

Will Rheumatism Again Bind You Hand and Foot?

If you had Rheumatism last year and treated only the pains of the disease by rubbing with liniments and lotions, you can be sure that soon again you will be in the shackles of this relentless foe. You may get some slight temporary relief from the pains of the disease by the use of these local remedies, but Rheumatism is too real and relentless a disease to be rubbed away.

So many cases of Rheumatism come from a tiny germ in the blood, that you should try a remedy that has proven so thoroughly satisfactory in these cases. S.S.S., the fine old blood remedy cleanses the blood of all impurities, and removes all disease germs that may creep into the blood. Begin taking S.S.S. today, and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address Chief Medical Adviser, 157 Swift Laboratory, Atlanta, Ga.

Going home to turkey and trimmin's

THANKSGIVING DAY last year,
I ATE my chow,
ALONE in the big town.
AND THE TURKEY was all
NEATLY VARNISHED and had,
NICE LITTLE paper pants,
ON BOTH its legs.
AND TASTED strongly.
LIKE NOTHING at all,
BUT THIS year,
MAN ALIVE, I'm going home,
AND THERE will be,
A COUNTRY turkey,
DONE TO a turn,
BROWN AND savory,
CRISP AND flaky,
SENDING UP little clouds,
OF TANTALIZING steam,
MAKING NOSTRILS wrinkle,
AND PALATES quiver,
OH BOY, real turkey,
AND THEN afterwards,
ABLE TO breathe,
BUT NOT to bend,
I'LL REACH for a smoke,
THAT'S THE real turkey, too,
COSTLY AROMATIC Turkish,
BLENDED WITH the best,
OF MELLOW Domestic leaf,
AND ONCE again—oh boy,
CAN'T YOU just hear me,
INFORMING THE world,
"THEY SATISFY."

IT'S real Turkish tobacco that goes into Chesterfields—really grown in Turkey and bought on the ground by our own buyers. To blend it with best Domestic, in the exclusive Chesterfield way—leave that to us! "They Satisfy?" We'll leave that to you.

HUNT FOR BANK ROBBERS IN THIS CITY YET FUTILE

Until a late hour Tuesday night, deputy sheriffs and police authorities, who had been watching all roads to the city since noon Tuesday, had found no trace of the two men who robbed the First National bank of Polytechnic, a suburb of Fort Worth, Tuesday, of approximately $6,000 in cash, and who were reported by the sheriff of Tarrant county to have been riding in an automobile in this direction when last seen.

According to a description of the men and car given by the sheriff there over long distance telephone to Sheriff Bob McFall at noon Tuesday, the men are said to be "one large man and a small one, traveling in a Chandler Blue Bird four-passenger automobile with white wire wheels.

The two bandits are said to have entered the bank just at the noon hour, picking a time when no one was present except the cashier, Roy Johnson. They forced him at the point of a pistol to enter the vault, which they locked, and proceeded to loot the bank at their leisure.

The shouts of the cashier were heard by a passerby and after his release was effected the alarm was given and peace officers within an area of 300 miles were notified by wire and long distance telephone. Practically all the money taken was in $5 bills. One thousand dollars in silver was overlooked.

Congresswoman Runs Awy From Newspapermen

KANSAS CITY, Nov. 23.—Driven from home, she said, by a case of "nerves" superinduced by an endless chain of special newspaper correspondents, photographers, magazine writers and moving picture photographers since she run for congress in the recent election, Miss Alice Robertson is here from Muskogee, Okla., resting at the home of friends.

In addition to election to the United States house of representatives, Miss Robertson is known for a campaign conducted largely in the classified advertising columns of the Muskogee papers, in which she combined publicity for her candidacy and for her cafeteria.

Trial of Suddeth For Murder Begun

HENRIETTA, Nov. 23.—Examination of witnesses began here late today after selection of a jury was completed in the case of W. S. Suddeth, charged with murder, whose trial began Monday.

The defendant is charged with murder in connection with the death of Mack Perkins, a service car driver, who was last heard of alive when he drove Suddeth and two women about the country for several hours last summer.

Suddeth is prominent in local circles and much interest is being manifest in trial of the case. District Attorney Fletcher S. Jones of Wichita Falls is aiding in prosecution of the case.

J. A. Kemp Denies Seymour People Oppose Big Dam

Reports that the people of the Seymour district are opposed to the Big Wichita irrigation project through belief that the lake to be impounded will cut off or greatly lengthen one of their trade routes are absolutely without foundation, said J. A. Kemp Tuesday night following his return from Seymour.

Mr. Kemp stated that he talked with a number of the leading people of Seymour and found them under no misapprehension in this connection, and without any feeling in regard to the project other than extremely favorable to its consummation.

Mr. Kemp was one of a party of local business men to go to Seymour to witness one of the demonstrations of the Price-Campbell cotton picker, recently demonstrated here, and in which several local men are interested.

Irrigation Will Bring Increased Farm Land Price

Farms have increased in value, judging by the "asking price" at least, in Wichita county, not only in the district to be irrigated by the big Wichita project but in other territory. H. L. Hunter, secretary of the City National Bank of Commerce and official of the Empire Mortgage company, declared Tuesday.

Hunter said that the increase in farm values extends as far west as Donley county, the western edge of the territory, he is particularly familiar with through business connections.

There is little turnover now in farm lands, just as in almost any other kind of property, because of the national financial situation, but those who are asked to put a price on their holdings in Wichita county are going higher.

OLD ORDINANCE FOUND COVERS GAS FITTINGS

An ordinance regulating the installation of gas fittings and requiring an inspection of the fittings has been uncovered by Fire Chief McClure and according to an announcement made Wednesday by the chief the ordinance will be rigidly inforced. Recently the discussion by members of the Chamber of Commerce brought out considerable agitation for an ordinance prohibiting the use of the rubber fittings in gas connections.

The old ordinance covers this feature, expressly prohibiting the use of rubber, lead pipe, calking tool connections. Due to both the danger to life and the fire hazard Fire Chief McClure says all provisions of the old ordinance will be inforced. Penalties are provided for violation of the ordinance. The main provisions of the ordinance follow:

Section II.—All gas fittings used if and such homes, building or structure, shall be of safe design, all pipes shall be grought iron and all fittings malable iron, brass or bronze, shall be free from all defects and shall be installed without the use of lead pipe, calking tool or rubber hose connections of any kind. Every connection of pipe and fittings shall be made by the joining by means of thread of iron pipe, or iron, brass, or bronze fittings. No shoddy or defective pipe or fitting shall be used, and no paint, cement, preparation or dope of any kind shall be used on said pipe or fittings to close cracks, openings or defects, except that pure white lead shall be used on the threads of every joint connected.

Section III.—Every piece of pipe, fitting or fixture hereafter installed in the city of Wichita Falls, shall be approved and inspected by the city gas inspector before any gas shall be turned into the same and the said inspector shall test the line and fittings by means of a low pressure spring guage or steam mercury guage at a pressure of ten pounds to the square inch for 15 minutes. No gas shall be turned into the line or fittings either by the gas company or the fitter, or the consumer, until the same has been so tested and approved by the inspector. Any violation of this provision shall constitute a misdemeanor and any person guilty of such violation shall be punished by a fine of not less than ten nor more than two hundred dollars.

Section IV.—Whenever any alterations or repairs are made in any line of gas pipe leading from service box to any house, residence or structure or any fitting therein, except setting stoves or lights and necessary fittings, the gas shall be turned off and shall not be again turned on until inspected as provided in the preceding section and approved and any person violating the provisions of this section shall be subject to the same penalty as provided in the preceding section.

Held on Charge Of Embezzlement Of Vast Amount

DALLAS, Texas, Nov. 23.—Police here today arrested a man they said they believed to be George L. Martin, wanted in Louisville, Ky., in connection with alleged embezzlements involving about $700,000. Martin has been missing from Louisville since January, 1918, local authorities were advised.

Announcement was made late today by Sheriff Dan Harston that Martin had made a statement in connection with his arrest and that he would return to Louisville to answer charges there without making any fight against extradition.

Martin had bee noperating a real estate office in Dallas for more than a year under an assumed name, according to Sheriff Harston. He was recognized by P. D. Crawford, formerly an attorney of Louisville, but now assistant district attorney here. Martin collapsed today when faced by Crawford in the presence of police, according to the officers.

THE GREAT REDEEMER

SOCIETY

MRS. CLARK WILL ENTERTAIN CLASS

The B. O. P. class of the First Methodist church, South, will meet Wednesday afternoon at 2:30 o'clock at the home of Mrs. C. E. Clark, 1209 Taylor, with Mrs. H. A. Wright as joint hostess.

PAINTING WILL BE SHOWN AT RECEPTION

At the reception to be given today at the home of Mr. and Mrs. J. W. Culbertson by the Civic league for the benefit of the day nursery, a handsome picture painted by the artist Emil Hermann and valued at $200 will be on display.

This picture is an oil painting and has been donated to the league by Mr. Hermann to be auctioned off at the next social meeting, which will be held at the Kemp hotel December 7, the proceeds to be used for benefit purposes.

WOMEN'S AUXILIARY TO HOLD ALL-DAY MEETING

Circles 1, 3 and 4 of the Woman's auxiliary of the Central Presbyterian church met in an all-day session Tuesday in the basement of the church. The day was pleasantly spent in the study of the home mission book, "The Church and the Community," with every chapter under a leader, each being afterwards discussed by the society.

A program of prayer also was carried out, as the week of prayer is being observed by the members of the Central Presbyterian church, and will be closed Friday with a meeting at the church.

A delicious luncheon was served at noon to about 20 members present.

MARRIAGE OF ELECTRA COUPLE IS ANNOUNCED

Announcement was received Tuesday evening of the approaching marriage of Mrs. Josephine Barwise Hooks and Clarence Paul Nichols, both of Electra, Texas, the wedding to take place at the home of the bride Thursday evening at 8:30 o'clock and the ceremony to be read by the Rev. F. A. Crutchfield.

The bride is a granddaughter of Judge J. H. Barwise, a pioneer resident, and is a frequent visitor here at the home of her aunt and uncle, Judge and Mrs. A. H. Carrigan.

The bride will wear a handsome gown of brown kitten's ear silk with accessories to match. The wedding will be a quiet affair, with only relatives and intimate friends present.

Mr. Nichols is connected with the Lina Motor company of Electra, and following the ceremony will take his bride to their new home, which has just been built and furnished.

MR. AND MRS. W. H. JARVIS MOVE TO WICHITA FALLS

Mr. and Mrs. W. H. Jarvis have moved here from Wills Point to make their home.

Mr. Jarvis is connected with the firm of Allday Crawford & Co., accountants.

At present Mr. and Mrs. Jarvis are at home at 1107 Tenth street.

Mrs. Preston Lea and children have gone to Corsicana, where they will spend Thanksgiving with Mr. Lea's mother, Mrs. P. M. Lea.

Mr. Lea, who is with a hunting party in the San Antonio country, will join them at Corsicana.

A. D. Dickson of Fort Worth, who is president of the Ejerdn Land company of Brownsville, is in the city, the guest of the local representative, M. L. Killion.

SUES TO RECOVER MONEY ON OPTION

Judgement of $750 for a note which is alleged due and unpaid is sought in the suit of Thomas Van Ever against J. W. Grant, which was being heard by a jury before Judge P. A. Martin Tuesday in 89th district court. At a late hour Tuesday a recess was ordered by Judge Martin and the examination of witnesses continued until the opening of court Wednesday

The note was given as an option on a 40-acre tract of oil property. The defendant has filed cross action on grounds of failure to carry out a contract on the part of the plaintiff.

CIVIC CENTER PLAN GOES TO CITY COMMITTEE CONFERENCE WITH GEORGE KESSLER TODAY

A civic center will be one of the improvements that will be considered at a meeting of the committee appointed by Mayor Cline to confer with George Kessler, landscape architect. Mr. Kessler will arrive here Wednesday morning from Dallas and it is expected that the meeting will be held at the offices of the city engineer's department before noon. The committee consists of Hubert Harrison, secretary of the Chamber of Commerce; City Engineer Montgomery, Street Commissioner Curlee and John Noyes, assistant to Mr. Kessler.

Mr. Noyes has practically completed the maps showing the improvements for the city as agreed upon by the committee during the last ten days. The plans incorporate changes from those suggested and recently presented to the city council. It was suggested by Mr. Kessler at that time that a committee be appointed to make any changes in his plans that might be necessary for a practical working out of the plan.

The committee this morning will consider several plans for a civic center, Mr. Noyes having completed several maps showing possible civic centers. Without exception, the plans all include the court house building, which is the latest and most expensive public building in the city. The plans make provision for a new postoffice building, a city hall and other public buildings that probably will be built within the next few years.

The maps, showing the different zones that the city council will later be asked to approve, have been completed. The six zones are the railroads, heavy industrial, light industrial, business section, multiple (apartment) houses and single family residences.

No definite agreement has been reached regarding the general improvements, which include streets, boulevards, parks and cemeteries. The present plans call for a driveway around the city. In general, the driveway follows the river to the west and north of the city, extending to the lake and returning to the city along Holliday creek.

While here Mr. Kessler will confer with J. A. Kemp regarding farm community centers in connection with the irrigation project which will open for farming in small tracts land now having little farming value.

"Vodvil Vagaries" Top Wichita Bill

Gardner and Hartman in "Vaudeville Vagaries" and "Everest's Monks" will top this week's bill at the Wichita theater.

Gardner and Hartman's act is called "Vaudeville Vagaries" which is a fine assortment of songs and dances combined with a clever burlesque which they call "Before and After Marriage."

A new mark for imitators to follow is found in Robert Everest's Novelty Circus. Mr. Everest's animals perform some bewildering and teresting stunts. Their actions are guided entirely by their own intelligence. There is no director nor tutor to stand by with whip in hand to intimidate or threaten them during the act."

Lew and Paul Murdock, who are billed as the "Bootleggers" offer a combination of dancing and singing. They are dancers par excellence and their singing is of the kind that makes a lyric speak for itself.

Jerome and Newell present "A Chinese Circus," a novelty acrobatic act far above the average.

Raymond Wylie and company appear in a sketch, "The Futuristic Jail Bird."

EMPRESS BOOKS MOVIE BY "PAN"

"The Furance," is one of the really big pictures that comes along just occasionally; the story is a brand new English novel just off the press, written by "Pan," an anonymous writer who is creating a sensation abroad. It will be shown at the Empress today.

The cast is composed of a battery of favorites, any one of whom is a powerful attraction to screen patrons. Agnes Ayres, Jerome Patrick, Theodore Roberts, Helen Dunbar, Betty Francisco, Milton Sills, Fred Turner, Mayme Kelso, Lucien Littlefield and Robert Bolder are among the principals. Hundreds of wonderfully dressed extras are used.

The theme of the story is that a marriage without love is a veritable furnace of unhappiness, discord and dissension and that from such a marriage the direst of complications may result. The husband learns through a friend that wife had lightly vowed to sue him for breach of promise if he jilted her. He then marries her and tells her that he knows her feelings and that he will be her husband in name only. Thus, it is, that the two most envied people in all England, a rich Canadian and his popular actress-wife, are in reality the unhappiest people in all England. The complications that follow are gripping and powerful and the picture ends with a big climax.

"GREAT REDEEMER" TAKEN FROM LIFE

Maurice Tourneur's screen production, "The Great Redeemer," which is to be shown at the Olympic today and Thanksgiving tells a story that persons who behold it will inevitably conclude that it is fiction—that it never could have happened in real life.

While "The Great Redeemer" was written by H. H. Van Loan and is in the main a work of the imagination, its central theme is taken direct from life. It embodies an incident that happened in a prison at San Bernardino, Cal., two years ago. A Mexican was serving 15 years there for manslaughter. On the wall of his cell he painted a picture of the Crucifixion.

As a result of this painting the Mexican was granted a pardon by the governor of the state and is now a professional artist, making a living in Los Angeles.

Buster Keaton will also be seen at the Olympic today and tomorrow in the first of his series of two reel comedies, "One Week."

MAJESTIC BOOKS "SINS OF ROSANNE"

A South African story by Cynthia Stockley serves as Ethel Clayton's latest Paramount vehicle, "Sins of Rosanne." The picture is now being shown at the Majestic.

Miss Clayton plays the most unusual film heroine seen in many moons. Saved from death as an infant by an old Malay woman, the daughter of a wealthy English widow living near the Kimberley diamond minds grows into womanhood imbued by the Malay with an insatiable craving for bright stones. This leads her into a diamond smuggling scheme, in which she is the accomplice of a sinister jeweler. But romance enters her life and, after exciting adventures, she is freed from the Malay's influence and becomes her real self.

"Sins of Rosanne" attracts by the unusual character of its story and by the sterling work of Miss Clayton in the heroine's role. The cast also includes Jack Holt and Fred Malatesta. Tom Forman directed the picture and Mary H. O'Connor was the scenarist.

SUGAR UNCHANGED ON QUIET MARKET

NEW YORK, Nov. 23.—Sugar was quiet today and no sales reported. Prices were unchanged at 4 3-4 for Cubas, cost and freight.

Refined was easier and prices were reduced a quarter to half cent by leading refiners to the basis of 8.75 to 9 cents for fine granulated.

Sugar futures started firm and prices were 10 to 20 points higher on coverings but the weakness in refined led to increased offerings and prices eased off again with closing prices, 5 points higher to 7 lower.

RETURNS FROM AD MEETING IN WACO

Delay in inaugurating the campaign for the next convention of Associated Ad Clubs of Texas for Wichita Falls is principally responsible for this city not winning the convention, according to John Gould, who returned Tuesday morning from Waco, where he attended a meeting of the state executive committee as a representative of the local club. The convention goes to Waco as a result of a campaign by a rival club, which started weeks before the formation of the local club.

The Texas association plans an active effort to secure legislation on the order of a "pure advertising" law from the next legislature, according to Gould.

This Week Only

At any drug store named below, a 10-Day Tube of Pepsodent. Simply present the coupon.

Watch the results—they are quick and apparent. You will know then what this method means, both to you and yours.

Go get this tube today.

We Invite You

To see how really clean teeth shine

Men who smoke

will see a quick, conspicuous change

Tobacco stains the film-coat on the teeth. So men who smoke will see a great change quickly. But millions of teeth have that same film-coat with a lesser stain.

Children's teeth are most affected by the film. Young teeth seem most subject to decay. Dentists advise that Pepsodent be daily applied from the time the first tooth appears. Otherwise, decay is almost certain.

Pepsodent brings to women whiter, prettier teeth. But that means cleaner teeth and safer. The luster comes from constant film removal and the high polish given to the teeth.

Your teeth are coated with a film. When fresh the film is viscous—you can feel it with your tongue. Later it forms a cloudy coat. It enters crevices and stays. It dims the teeth, and now we know that it causes most tooth troubles.

There is now a way to end it. This week your druggist, if you ask, will give you a 10-Day Tube. Get it and see what it does for your teeth. Learn what film removal means.

Old ways don't end it

Old ways of brushing do not end film. Millions of people know that. Teeth discolor and decay despite the daily care.

The reason lies in film. It clings and hides, and very few escape its damage.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. All these troubles have been constantly increasing — some have grown alarming. And all because we knew no way to daily fight the film.

A new dental era

Dental science has for years studied to combat film. Ways have now been found to do it. Able authorities have proved those methods by many careful tests. Now leading dentists everywhere are urging their daily use.

These methods have been combined in a dentifrice called Pepsodent. Millions of people have come to employ it. You can see the results wherever you look — in glistening teeth, in teeth you envy, maybe.

A new dental era has begun, due to these discoveries. And these are benefits everyone should share. So you are urged to let this 10-Day Tube show what Pepsodent can do.

Brings five effects

Pepsodent brings five distinct effects. All are apparent, some are quick. A few days' use will leave no doubt about them. And a little book will tell you what each one means to you.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva to digest starch deposits that cling.

The alkalinity of the saliva is multiplied at once. This is to neutralize the acids which cause tooth decay.

Two factors directly attack the film. One of them keeps teeth so highly polished that film cannot easily adhere.

Every application brings the Pepsodent effects. Together they mean tooth protection like you never had before.

Watch these effects. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coat disappears.

Compare your teeth now with your teeth in ten days. Then judge this new-day method by what you see and feel and know.

Seeks to Match Jap Mat Artist With Irslinger

Efforts are being made to match Henry Irslinger, local wrestler, with Matty Matsuda, the Jap grappler, here on December 7.

Billy Schober, who was to have met Irslinger here on November 30, was defeated by Matsuda in El Paso recently and for this reason Irslinger has cancelled his match with Schober.

If the proposed match between Irslinger and Matsuda can be arranged, local wrestling fans will have an opportunity of seeing two of the best middleweights of the country in action.

Matsuda and George Engel will meet in El Paso November 30 and much can be learned of the Jap's ability from this match.

40—REAL ESTATE—FOR SALE

Homes Worth the Money

I have a 6-room home on the pavement, an east front corner lot. Breakfast room, linen closets, large clothes closets, fireplace, built-in bookcases, garage and servants' house—all modern.

JOSEPH M. SHAFFER.

U. S. Fighting Man Who Killed P. O. Agent at Charlie

Investigations of the slaying of B. F. Allison, postmaster and druggist of Charlie, who was shot and fatally wounded Friday night, are being continued, according to a statement Tuesday from Harry Bishop, special agent of the department of justice, who returned here early Tuesday after meeting with an "investigating committee" at Charlie Monday night.

He reported that evidence which has already been obtained shows positively that one of the five suspects, now being held at the Henrietta jail, is the masked man who fired the fatal bullet.

Mr. Bishop will return to Charlie Wednesday to assist Clay county authorities and Texas Rangers, as a representative of the government, in gathering testimony and evidence of witnesses there to aid in preparing a case against the alleged murderer.

He says that so far as he knows now, the only action federal authorities will take in the case will be the filing against the suspect of a charge of conspiracy to rob a government agent of United States postal funds. It is thought that complaints will be filed before United States Commission J. A. Lants before the end of the week.

The five suspects who were taken into custody Saturday by Sheriff Fagan of Clay county and who are now being held at the Henrietta jail are W. M. Hamilton, his two sons, Bert and Dick, Jess Loudermilk, and Walter Brown.

RED CROSS WILL ASSIST CRIMEANS

PARIS, Nov. 23.—The American Red Cross, in answer to an appeal b ythe French authorities has instructed the Red Cross in Constantinople to use the twenty million francs stock of supplies there for the Crimean refugees.

The Red Cross is shipping ten additional car loads of supplies from Marseilles.

LAMPASSAS GIRL SHOT BY BROTHER

LAMPASAS, Texas, Nov. 23—Miss Grace Parker, age 18, daughter of R. B. Parker, prominent citizen of Lampasas, was accidentally shot through the heart by her brother, at 11 o'clock last night while on a hunting trip, instantly killing her.

EARTHQUAKES ROCK AGGENTINA CITIES

BUENOS AIRES, Nov. 23—Earthquake shocks were felt in the states of Cordoba and San Luis at 6:20 o'clock last evening. No damage has been reported.

"Well, first I gave him a good hiding," said the parent, "aand then I put him to bed without supper, and I took his clothes away and told him he'd stay in bed until he confessed what he'd done, if 'twas the rest of his days and that I should punish him again in the morning. And in less than half an hour he told me the whole story of his own accord."

"Did I understand you to say that this lad voluntarily confessed to playin' truant?" asked a school attendance officer, addressing the mother of a small and dirty boy.

"Yes, sir, he did," the woman replied. "I just had to persuade him a little and then he told me the whole thing voluntarily."

"How did you persuade him?" inquired the officer.

DAILY FINANCIAL, OIL AND MARKET NEWS

GRAIN COTTON

COTTON GAINS TO 52 POINTS NEAR CLOSING

NEW ORLEANS, Nov. 23.—Decided strength was gained by cotton today on improved financial conditions, reports of a better feeling in the spot markets of the interior and heavy covering by shorts.

In the early trading weakness was apparent for a while, mainly in sympathy with a sharp and wide break in Liverpool and rumors of further spot liquidation, but later on spot news became highly favorable. From net declines of 20 to 40 points the market recated to net gains of 42 to 52 points.

Early declines were prolonged by selling on this side of the water for English accounts, and the dry weather over the belt brought in offerings on the theory that it would result in continued heavy ginning. Points in the western belt commenced to wire in that the spot situation was improving and finally there were telegrams to the same effect from the eastern belt.

NEW YORK COTTON.

NEW YORK, Nov. 23.—Early declines were followed by sharp rallies in the cotton market today, owing to reports of subsiding spot pressure and a bette rtone in Wall street.

The general list closed steady at a net advance of 35 to 50 points.

The market opened at a decline of 5 points on December. Liverpool was very weak, however, while there was a renewal of Southern selling and the market soon turned easier with active months selling about 30 to 44 points net lower. There was covreing by December shorts which checked the decline around the 16-cent level. Last prices were approximately the best of the day and local brokers reported a more optimistic sentiment, particularly in Wall street circles, accompanied by reports of an easier money situation.

CHICAGO PRODUCE.

CHICAGO, Nov. 23.—Butter—Lower; creamery, 38@56½c.

COFFEE RECOVERS FROM LOWER LEVEL

NEW YORK, Nov. 23.—Coffee futures recovered a few points of early losses, opening at 9 to 12 points lower and active months selling 23 to 28 points below last night's closing figures during the morning. The general market closed at a net decline of 10 to 17 points higher. December, 6.42.

Spot coffee, dull; Rio 7s, 6½c; Santos 4, 9¾@10¼c.

TILLICUM TEST IS DELAYED BY LINER

The dropping of the liner at the No. 2 test of the Tillicum Oil association in block of the Mattie Parker ranch lands is delaying the completion of the test which was to have been drilled in Monday. Efforts to pull the liner Tuesday had failed.

The two Cline company tests on leases offsetting the Tillicum lease were drilling around 1,100 feet Tuesday. It is expected that both tests will reach the sand by the end of the week. Both will be drilled in with either a Star or standard rig.

LIVERPOOL COTTON.

LIVERPOOL, Nov. 23.—Cotton, spot in limited request; prices easier; good middling 14.43; fully middling 13.43; middling 11.93; low middling 8.93; good ordinary 5.93; ordinary 4.93; sales 4,000 bales including 3,800 American; receipts 55,000 bales including 50,700 American; futures closed irregular, November 11.26; January 11.21; March 11.20; May 11.16; July 11.13; October 11.00.

STOCKS STRONG DURING SESSION IN WALL STREET

NEW YORK, Nov. 23.—Stocks were strong almost to buoyancy, in the lively opening of today's session, heavy during the intermediate period and irregular at the close with sales of 1,100,000 shares. These confusing movements were intrepreted on the street as indicating that financial and general economic condition were in process of further readjustment.

Technically the market's position was regarded as sounder than at any time since the almost steady reversal of the current month. More stable and reasuring feature included the closing of speculative account and resultant material reduction of loans.

PRICES DROP ON ASPHALT SHINGLES

CHICAGO, Nov. 23.—Price reductions in asphalt shingles and prepared roofings ranging from 3 to 35 per cent were announced today by two large roofing manufacturers.

The president of one large concern said "asphalt shingles have become very important in the building industry. During the war the government used immense quantities of them in housing projects and in the building of cantonments and warehouses.

"Our new quotations are below present costs and also lower than anticipated costs for 1921. The one purpose is to stimulate business."

WHEAT MARKET SHOWS RAISE AT THE CLOSE

CHICAGO, Nov. 23.—For the first time in more than a week the wheat market closed at an advance. Brisk export demand, together with assertions that liquidation was at an end had much to do with the strength shown. The finish was nervous, 7⅛ to 9 cents net higher, with December $1.68 to $1.68⅝ and March $1.63½ to $1.64. Corn gained 2⅜ to 3⅛ cents, oats 1½@1⅝ to 2⅜ cents, and provisions 22 to 77 cents.

Buying of wheat near the end of the session was greatly accelerated by a report that Julius Barnes, former national wheat director, had expressed the opinion that prices were at the bottom.

Corn and oats were hoisted by the strength of wheat. Shorts, including some of the most aggressive recent sellers, bought freely.

"Cherokee Strip" To Be Reopened

Special to The Record News.

WASHINGTON, Nov. 23.—The famous "Cherokee strip" on the floor of the house of representatives will be restored in seating the sixty-seventh congress. By this arrangement the democrats will be sandwiched between two large republican forces.

The "Cherokee strip" was so dubbed in the fifty-fourth congress, when the republicans captured the house by an overwhelming majority. In order to give the minority the benefit of the central part of the house, the republican overflow was placed across the room from the side occupied by the main republican strength. The name was acquired from an appellation given a piece of land in Oklahoma reserved for Cherokee Indians.

JUDGE CONTINUES WAGNER OIL SUIT

Trial of the suit of R. B. Waggoner against the Steiner Oil corporation was continued over to the third day late Tuesday by Judge Edgar Scurry in Seventy-eighth district court Wednesday, it was announced.

Judgment of approximately $50,000, which is said to be due for the purchase of oil, is sought. It is charged that the defendant purchased the oil below the regular market price without the signature of the plaintiff on a division order.

'COFFEE KING' PUT UP MONEY FOR N. Y. MAIL

NEW YORK, Nov. 23.—Counsel for Dr. Edward A. Rumely, S. Walter Kaufman and Norvin Lindheim, charged with the holding from the government information of alleged German ownership of the New York Evening Mail during the early part of the day, declared today in federal court that money for the purchase of the nuewspaper was furnished by Hermann Sielcken, known as the American "coffee king," who at the time was living in Germany.

This statement was made in an address to the jury by Attorney M. D. Steuer, counsel for the defense. Steuer contended that Dr. Heinrich Albert, who acted as head of the German fiscal agency in this country, also served as a financial clearing house for persons living in Germany. In that way, he said, Dr. Albert acted for Sielcken in the purchase of the Evening Mail.

Steuer defended the acts of Kaufmann and Lindheim, who are lawyers, claiming that their part in the transaction was purely professional. He declared that other lawyers acted in similar capacities in other deals.

Motions for the dismissal of the action against the defendants were denied by Justice Grubb.

BURNETT AND LLOYD SHOW PRODUCTION

A strong show for production is reported from the No. 1 Burnett & Lloyd of Goddard et al., which has just completed setting casing on the 1,400-foot sand. The test lies about five miles southeast of Electra, and in a section which has seen considerable recent shallow development.

POOL EXTENSION MADE BY POWELL

A slight northwestern extension of the 1,500-foot production is promised by the No. 1 Powell of the Walker Consolidated, located in the Christopher Winters survey, which is reported bailing oil after completing setting casing.

Another Time Extension Is Given Packers

WASHINGTON, Nov. 23.—Decision to request the court for permission to postpone for one week the filing of the government's objection to the plans of the "big five" packers for disposal of their stock yard properties was reached today at a conference attended by Attorney General Palmer, associate government counsel and attorneys for the packing concerns.

The time limit for the government to file its objections expired today, but the federal attorneys considered it necessary to devote more time to the study of the plan, it was stated at the department of justice.

The separate plan filed today by the Morris company also is being studied, government counsel declared and any objections to this plan are to be filed at the same time as the others.

ANTI-SOVEITS ROUTED.

LONDON, Nov. 23.—The main forces of General Bulak Balakovitch's anti-bolshevik army have been cut off and are regrouping to the east of Mozyr, 72 miles southwest of Bobruisk, says Monday's Russian soviet official statement, received here today from Moscow by wireless.

PRINTER COMPLETES BOND PRINTING JOB

City Clerk Thorburn received notice Tuesday from Kauffman, Smith & Emert, purchasers of $925,000 bond issues that the bonds had been printed and would be sent here next week.

The bonds, with the exception of one issue, have been approved by the attorney general. The arrival of the $700,000 sewer bond issue is expected daily.

MARKET FAILS TO STRENGTHEN AFTER OPENING

NEW YORK, Nov. 23.—Buoyancy marked the opening of today's trading on the stock exchange, but the market failed to retain its early promise of further improvement, and a sharp reversal set in before noon.

Sales, 1,100,000 shares.

Money and foreign exchange were stabilizing influences ,all the day's call oans begin made at the unusually low rate of 6 per cent, while remittances to Lodon and continental Europe were steady when not firm.

Bonds tended mainly higher, all the liberty and victory issues, with one exception, closing at gains. Total sales, par value, $15,300,000.

HIGHWAY ASS'N WILL BE REORGANIZED

The Colorado-to-Gulf Highway association is to be reorganized and to renew its activities in the near future, according to A. L. Chase of Clarendon, president of the association, who was a Wichita Falls visitor Tuesday. A Wichita Falls director is to be appointed soon, according to Mr. Chase.

INVADER TEST BEING DELAYED

Completion of the Invader No. 8 Daniels, a test which has attracted no little interest due to the showing made by the 1,750-foot sand, is being delayed through the fishing for several joints of casing which were droppedin the hole. If production is obtained from this sand, it will be the deepest production yet obtained in the pool.

Stiff Joints Sore Muscles

Smoothed Out By Hamlin's Wizard Oil

Soreness and stiffness resulting from unaccustomed use of muscles or too much exercise, such as tennis, baseball, golf, hand-ball, etc., give way quickly to the soothing effect of Hamlin's Wizard Oil. It penetrates fast, drives out the soreness, and limbers up stiff, aching joints and muscles.

Hamlin's Wizard Oil is a good dependable preparation to have in the medicine chest for first aid and when the doctor may be far away. It is an absolutely reliable antiseptic application for cuts, burns, bites and stings. Sprains and bruises heal rapidly under its soothing, penetrating qualities. Keep it on hand.

Generous size bottle 55c.

If you are troubled with constipation or sick headache try Hamlin's Wizard Liver Whips. Just pleasant little pink pills at druggists for 30c.

RESPECT FOR THE COURTS

We Wichitans aren't so bloodthirsty after all. And that takes in the well-diggers and their friends in the oil fields as well as those of us who live under Mayor Cline's sway.

During the recent war which police and state authorities have been waging upon crime citizens here have been provoked by five outrages upon society. The crimes have been such as to tend to excite popular opinion to a demand for summary punishment. Threats of lynching have been openly aired. Prisoners in four of these cases have been removed to other county jails as a precaution.

But results count in tests of law and order as well as business. Every case tells the same vindication of public orderliness—

That no lynching did occur.

A gambler was accused of having shot down two substantial citizens while they were assisting in raising a minature Monte Carlo. A watchman was brutally mauled by two negroes, who cut his throat and then piled him under a rug to linger through agony until death came. A negro committed at least one criminal assault and possibly two, so revolting that newspapers could not tell the details.

An automobile driver, fleeing from the law' ran over and mutiliated a boy and did not stop. A supposed highjacker shot and slightly wounded a Wichitan during the period when feeling was bitterest against the predatory.

In only one case did a mob even form. Whether or not its members would have gone to the limit of storming the jail for their prey will never be known because the courts had ordered the prisoner removed to another city. Posses of citizens helped in the search for the accused in two of these cases. In the other three not even a posse was formed.

Doc Snow, principal in the gambling house murder charge, has just been tried and found guilty. Sensational details of the twin tragedy were rehearsed on the front pages of local newspapers for a week. One Ranger and three deputy sheriffs guarded the courtroom. Against only four men to overcome, none sought to molest the prisoner or disturb the court.

The criminal assault case in which a negro was held was far more revolting than many others which have been followed by lynching in southern cities recently. The negro was here for two days just after the alleged crime. None took advantage of this opening for violence, if any they intended. The alleged assailants of the night watchman were here for days. No attempt was made to trouble them.

On the basis of what has been done in these trying cases it is evident that in Wichita Falls and Wichita County Judge Lynch is a long outside shot for election.

The Record News asked a police officer of fourteen years experience here to explain why Wichita Falls had escaped the bad advertising of mob violence under circumstances so calculated to end fiercely. And this is what he said:

"The people here are too busy to waste time with man-hunts. And they lack leaders of the type who will head a lynching party."

Maybe he was right. Maybe they have too much respect for the regular channels of justice. But the all important fact is that the lynchings have not happened. And more trying ammunition to feed such fires could hardly be gathered than that which has recently been offered in Wichita County.

Uncle Sam is not represented at the meeting of the League of Nations. You know what happens to the absent member when the sewing circle meets.—Toledo Blade.

Another tie of sympathy between Washington and the proletariat. The Western Union has put the government on a cash-in-advance basis.—Richmond Times Dispatch.

Los Angles appeals for tents to shelter the homeless. Shelter them from what? That splendid climate?—Kansas City Star.

Split Second Editorials

By ROBERT QUILLEN

In Mexico a political landslide is the work of spades.

It is the hand of normalcy, but the voice is still a little inflated.

Apparently the treaty didn't make the world safe for those who made it.

In America there are game laws to protect every rare species except honest men.

The atom isn't the smallest thing in the world. There is a licked man's alibi.

A dentist can fill a hollow tooth for you, but a cavity above the ears is a permanent affliction.

American energy seems to make short work of wars and leagues and things like that.

The truth of the matter is that common sense is almost universal except among great men.

There is seldom an industrial war in a plant where the employes call the "old man" Billy.

Love is the power that stills the ambition to be a vamp and makes a girl content to be a cook.

And now the politicians are wondering whether the people meant to demand a new deal or a new deck.

A reactionary is one who gives an excellent workman a pretty little 50-cent medal instead of a raise.

The mud is gone, and there remains only the dust kicked up by those who race to get on the band wagon.

One reason we cannot build houses fast enough is because of the demand for new garages.

Hint to ambitious lady politicians: One of the great political parties is looking about for a leader.

Every leader has moments of irritation when he wishes he could fire everbody north of a given point.

One judges from the divorce court records that Americans are not unanimous in their dread of foreign entanglements.

Europe will please take notice that the American people are in favor of something or other by an overwhelming majority.

LEAGUE OF NATIONS ASSEMBLY

Forty-one countries were represented at the first sessions of the League of Nations Assembly, and the representatives with all their staffs, it is reported, make up a total of five thousand people who attended the meeting. The opening of the assembly was a brilliant event, celebrated amid ringing of bells, music, dancing, and flags displayed. It is understood that for the first time in the history of mankind forty-one nations sat together in common council, for the common walfare and international justice.

At first sight it really looks like a thing unheard of, yet at Versailles did we not witness a parade just like this one? The very same countries were there and signed the treaty of peace.

The Chinese were rewarded for joining the allies. Shantung, with some forty million Chinese souls, has been taken away from them and had been given to Japan.

Ukraine, Lithuania, and White Russia were fighting for the allies. At Versailles they, too, have had their reward. Poland and Rumania seized their land and were permitted to do it.—Svoboda (Ukrainian Ind.)

A Baltimore man put a popular song on his phonograph and then committed suicide. It's an easy way to persuade yourself that life isn't worth living.—Cleveland Plain Dealer.

A subscriber suggests that Miss Alice Robertson, cafe proprieor, instead of being elected to Congress should have been made Secretary of the Interior.—Nashville Banner.

The average man does a lot of distasteful things, not because of what he gets for doing them, but rather because of what he would get if he didn't.—Sioux City Tribune.

Editorial Digest

SHIPPING BOARD SCANDAL.

"The sickening report upon conditions in the shipping board and its subsidiary, the emergency fleet corporation, is the saddest blow suffered by American patriotism since the attempt to dissolve the union," says the Toledo Blade (independent republican), thus expressing a sentiment shared by a large portion of the press.

Some newspapers, of course, consider there is more smoke than fire in the charges of waste, inefficiency and graft, and many point out that allowances must be made for wartime conditions. Those unfriendly to the administration put the blame at the White House door, and many arguments against government ownership are discovered in the errors of the shipping board.

The disloyalty of the ship workers, the Syracuse Post-Standard (republican) asserts "did more damage than all the German spies," and the Knoxville Sentinel (independent democrat) demands that "the scoundrels should be pointed out, prosecuted and headed for the penitentiary wherever convicted, democrats and republicans alike, regardless of their party affiliations."

"Turn on the light," the Portland (Oregon) Journal (independent) commands, but the Richmond Times Dispatch (democrat) speaks a word of caution that the investigation be unprejudiced and fair. The Albany Knickerbocker Press (republican) has faith that this will be the case and "the guilty will be punished and the people will still have their ships." A somewhat different view is taken by the Baltimore American (republican), which says:

"The mind will be carried back to the aircraft scandal and the failure of the Hughes board to substantiate the allegations of criminal activity in respect to the wide wastefulness that was then uncovered. So that the public will not be in haste to adopt the charges that appear to be based, to an extent, by statements made by former employes."

The El Paso Times (democrat) does not take the "scandal" so seriously. It also recalls the aircraft investigation, and comments:

"Most of these things 'blew up' even under partisan scrutiny and others proved to be founded on minor cases of dishonesty. So one is inclined to the opinion that this latest 'sensation' will go the way of those which preceded it."

Strong resentment at the publicity given to the sweeping charges is voiced by the New York World (democrat), while the Fort Wayne Journal Gazette (democrat) remarks that "evidently the 'experts' appointed and paid well for unearthing a 'scandal' wanted to have no leavings." The Gazette, however, concludes, "That a thorough investigation by the courts" will determine whether the charges are fair. The New York Evening Post (independent) points out that the public "should distinguish between shipping board history before the armistice and since the armistice," since mistakes during the war are to a certain degree excusable on the score of war haste.

Attacks upon the personnel of the shipping board, especially the minor position, appear in several newspapers. The Springfield Republican (independent) mentions that most of the dishonesty is found in "the uncontrolled army of subordinates," and adds:

"Towever honorable or honest the men in supreme authority, they are constant victims of federal appointees who look upon graft as one of their prerequisites. Too often their actuating motive is not to make the best deal for the government, but to get something for themselves."

Government inspectors, the Los Angeles Times (independent republican) points out, "were drawn almost exclusively from political lists and that a previous knowledge of ship construction was not considered essential to employment" under methods "cruder than those of Tammany Hall." In milder language, the Brooklyn Eagle (independent democrat) expresses the same thought:

"Making every allowance for all concerned, the fact that there was lamentable blundering is obvious. Nor is it difficult to escape the conclusion that the shipping board is exceedingly unfortunate in its personnel."

The New York Globe (independent) feels that "misconduct of our officials" is something that it is hard to circumvent under any form of government and "just now the extent and acuteness of our suffering is increased by our general unwillingness to do a full job in punishing our offenders." The lesson from this truism, emphasized by the expose of the shipping board is the failure of government ownership, in the opinion of several writers. The Indianapolis Star (independent republican) believes that despite the fact that the president "endeavored to obtain men of ability," federal administration proved the scheme to be "folly." The New York Tribune (republican) crediting the administration with nothing but inability, comes, however to the same conclusion that "silent and undivorcable partners of government ownership experiments in this country are graft and costly inefficiency." If this point is proved by the investigation now under way, the Baltimore Sun (independent democrat) thinks that "it will not be without its value." The government failure was worse in its attempt to operate ships, the Boston Herald (independent republican) believes, than it was with the railroads, because in this case the job was an infinitely harder one.

Political affiliation caused some writers to attack or defend the administration in many cases, but the Albany Argus (independent democrat) explains that Admiral Benson, Charles Schwab and Charles Pies, who headed the board, are republicans and distributes the blame, if such there is found to be, while the Johnstown Democrat (democrat) which thinks the bill is "properly charged to President Wilson," also believes that "some of the responsibility rests with the dollar-a-day patriots who rushed to the defense of their country so gallantly and with such an impressive flourish of trumpets."

One factor that is not generally brought out in the discussion is touched upon by the St. Louis Globe-Democrat (independent), after crediting the board with the increase of our shipping tonnage from 8,000,000 in 1916 to 16,000,000 in 1920. It considers the duty of the investigators to the future:

"The fixing of responsibility for wrong and the punishment of any offenses of a character that demand punishment should be but incidental to the process. The primary purpose should be constructive. It will avail us little to pry into the work of the past if we do not learn and apply the lessons learned from the errors that are discovered in the inquiry."

DOG HILL PARAGRAFS

BY GEORGE BINGHAM.

There is a movement on foot to have the hunting liecnses of Slim Pickens exempted, as he never yet has been known to hit anything he shot at.

It is rumored that the Old Miser of Musket Ridge has the small-pox, but Tobe Moseley says nobody will get scared over it, as the Old Man never has been known to give anything to anybody.

Atlas Peck says he used to believe silence was golden, but he don't any more, as he sat right still the other day and let a fellow talk him out of six dollars.

On the Spur of the Moment

SONG OF YOUTH.

On the wastes where the weary ones toil,
And the pathway is rugged and long
We shall glean o'er the pain-burdened soil,
And shall harvest a song.

And where never a rose used to bloom,
For many a wearisome mile,
May the star shell of hope, in the gloom,
Lift the light of a smile.

Until up from the dark of defeat
We have climbed the laborious way,
And made bitter, thro' fancy turn sweet,
And changed night into day.

It is said Bernard Baruch will play a big part in the democratic party from now on because he "likes politics, has plenty of money and has nothing else to occupy his time." Eminently fitted to toy with the democracy in its present state.

"We wept in our beer with the rest," says a book reviewer in a morning paper. The same phrase is used by Carl Sandburg in his latest poems, "Smoke and Steel." This simile for mockish sentimentalism is pretty stale. And even those who regret the demise of beer would welcome the demise of this chestnut.

THE TRAMP BIRD.

The woodpecker loafed in the leaf-filled wood
And had fine eats while the picking was good.
But the thrifty squirrel and the prosperous bee
Stored some for winter in a nearby tree.
Now the tramp comes knocking and begs with zeal;
They send him to the food pile, to chop for a meal;
It's the law for that loafer, and it can't be beat,
He must do a lot of chopping for a bite to eat.

TOO MUCH CHICKEN PIE.

"That rooster my wife bought the other day," Hank Thomas told the editor, "kept me awake two nights—the first night he kept up a disturbance in the woodshed and the next night he kept up a disturbance in me."—Filley (Neb.) Spotlight.

Mrs. Harding says that she will not raise mutton on the white house lawn. Well, if Warren brings home some fish he can still qualify as a good provider.

HER MAN WAS SAFE.

Mandy Spivins and one of the neighbors were talking the other day about a terrible disease they'd heard of ravaging a neighboring town. "They say it finally jist paralyzes their brains, an' it's mostly men that has it." "Oh, well," Mandy said, "then I don't need to worry. It can't affect Bill. He ain't got nuthin' up there to paralyze."—Lamar (Mo.) Democrat.

"Gounaris to Flee Greece if Election Is Against Him." Thus Greece steals the stuff of the greasers.

"Taggart Stands Well," but Murphy and Other Wet Bosses Are Under Cloud." It never rains but it pours.

IN TEN THRILLING REELS

Dakota Bankers Conferring on New Bank Laws

MANDAN, N. D., Nov. 23.—Bankers of southwestern North Dakota met here today at the call of officers of the Missouri Bankers association to study conditions that have caused the closing of nine North Dakota banks in the last ten days.

In conference with the bankers are county officers who are custodians of public funds, the purpose being to work out a plan for gradual withdrawal of money from the banks of North Dakota when the new law permitting officials to withdraw public funds from the state bank becomes operative, December 2.

O. E. Lofthus, state bank examiner, issued a statement today expressing confidence that the present financial situation would be bridged. None of the banks which recently closed were members of the federal reserve system.

SPANISH VOLUNTEERS TO GO TO LITHUANIA

MADRID, Nov. 22.—Announcement is made that the deatchment of Spanish infantry which will go to Lithuania as a part of the allied force that will maintain order during the proposed plebiscite in that country, will be composed entirely of volunteers.

It is said the men will be given special equipment, as Spanish troops are not accustomed to such cold as may be expected at Vilna.

"But my daughter's too young to marry, young man. She's just barely a miss."

"She may seem that way to you, sir, but she is a hit with me."

CALOMEL DYING FAST IN SOUTH

"Dodson's Liver Tone" Is Taking the Place of Dangerous, Sickening Drug.

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's Dodson's guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick, I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.—Adv.

Cited for Nerve, Lunatic Soldier Denies Identity

Howard H. Woolsey, who was pronounced mentally unbalanced by Dr. M. M. Walker, city physician, following his arrest several days ago by a deputy sheriff in the northwest oil field was ordered committed to the state insane asylum late Tuesday by a jury in county court at law.

When arrested, Woolsey had on his person an honorable discharge from the army, bearing several citations for "bravery in action" and "coolness under fire" in the Meuse-Argonne, St. Mihiel and Verdun sectors on the battlefields of France. The lunatic claims another name but talks fluently of the engagements which he has participated in during his service in the army, which leads authorities to believe that he is Woolsey but that he is making an effort through the dictates of his diseased mind to keep his identity secret.

County authorities have established communication with the war department in effort to ascertain the facts about the dicharge. If reports confirm the identity of the man now in custody as the owner of the discharge, a request for medical treatment in a government sanitarium will be filed for him.

BANKER ABSCONDS; SHORTAGE $50,000

CLEAN, N. Y., Nov. 23. — Three Buffalo bank examiners are today working on the books of the State Bank of Filmore, following the disappearance Saturday of C. J. Howden, president of the institution, and the discovery of an alleged shortage of $50,000.

Last night the directors elected C. E. Haines as president.

TELEPHONE OPERATOR'S WORK WAS A BURDEN

But Tanlac Proved to Be a Friend in Need for This Little Rock Woman and She Is Now Feeling Fine.

"It certainly is wonderful," said Miss Mary Riegler, 623 East 17th street, Little Rock, Ark., "how quickly the right medicine will get a person to feeling right again.

"Tanlac was so well suited to my condition that the first bottle gave me a splendid appetite and made me feel like a new person. For several months I had not been able to eat scarcely anything. Nothing tasted right or agreed with me and I felt weak and tired all the time. My sleep was restless, my nerves gave way and I felt so lifeless and bad that my work at the telephone exchange was a burden to me.

"I kept reading and hearing of so many people being benefited by Tanlac that I began taking it myself and when I finished the first bottle my appetite was as good as ever. I was soon eating just anything and everything; my strength returned and my nerves got in fine shape again. Three bottles of Tanlac built me up to where I felt as well as I ever did, and although that was nearly two years ago I am still enjoying the best of health. I think Tanlac is a perfectly grand medicine. It surely proved the 'friend in need' to me and I cannot praise it too highly."

Tanlac is sold by all Druggist.

A TIRE ECONOMY SUGGESTION

A set of Garage Jacks, that lift the wheels clear of the floor, soon pays for itself in the

SAVING OF WEAR AND TEAR

and inn prolonging the life of the tube and fabric. The first cost is not heavy, and the to use the jacks is as simple as a twist of the wrist. Let us how you.

THANKSGIVING

Reminders From "the Store the People Built"

Thanksgiving is upon us and with it comes back to us the memories of other Thanksgivings and the recollection of the happy festivals of the past. In this connection we are glad that we are in a position to help you this year with your problem of preparing a dinner which will make this occasion just as pleasant.

With our tremendous new grocery store packed with the best known and most popular lines of both staple and fancy groceries which the markets of the entire country afford, you can save yourself both time and money by coming in and placing your order for your Thanksgiving Dinner with us. You will find our prices lower and you know absolutely that our stock is fresh.

For this occasion you will want some extras which do not appear on your table every day. You will find in our stock a hundred delicacies which are not carried by an ordinary grocery. Read over carefully the suggestions carried below and above all we urge that you place your order at the earliest possible moment. This will help us to get it to you promptly.

A FEW SUGGESTIONS WHICH WILL HELP WITH YOUR THANKSGIVING MENU

FRUIT AND VEGETABLE DEPARTMENT

This department is located just between the doors, as you enter. Here you will find:

Florida Oranges
Florida Grape Fruit
Parsley
Apples—both Cooking and Eating
Mustard Greens
Grapes
Rhubarb
Fancy California Lettuce
Cranberries
Fancy Yams
Celery—white and well-bleached
Fancy Stringless Beans
Carrots, Turnips, Beets, Egg Plant
Casaba Melons
Green Peppers, Squash
Cauliflower
Fancy Irish Potatoes
Tomatoes
Onions—fancy dry stock

GROCERY DEPARTMENT

We are not listing here anything but those things which will help you with your Thanksgiving Menu. Check the articles you will need to make your dinner a success.

Sunbeam Plum Pudding
Sunbeam Hawaiian Pineapple
Sunbeam Jelly Powder
Barton's Capers
Worchestershire Sauce
Tomato Catsup

Hors d'Oeuvre
Sunbeam Salted Peanuts
Sunbeam California Prunes
Mayonnaise Dressing
Durkee's Dressing
Airline Honey

Sunbeam Queen Olives
Sunbeam Fresh Fruits
Sunbeam Jellies, Jams and Preserves
Rock Candy Drips & Maple Syrup
Sunbeam Sap Maple Syrup
Deviled Crabs

Pimento Cheese
Elkhorn Cheese
Gronton's Home Smoked Finnan Haddie
Wakefield's Kippered Herring
Sunbeam Coffee

Renown Canned Goods including:
Spinach
Royal Anne Cherries
Apricots
Egg Plums
Bartlett Pears

Gooseberries
Strawberries
Loganberries
Raspberries
Lippincott's Jellies, Jams
Lippincott's Preserves

Keystone Cherries
New England Mine Meat
Del Monte California Fruits
Beech-Nut Ginger Ale
Angelus Marshmallows
Deviled Crab Shells

Royal Purple Grape Juice
Heinz Mixed & Bulk Pickles
Folger's Golden Gate Coffee
Folger's Spices and Extracts
Gold Plume Coffee

NATIONAL BISCUIT COMPANY'S COMPLETE LINE

Graham Crackers
Family Soda Crackers
Minerva Fruit Cake
Ginger Snaps

NEW CLAIMANTS WANT DISPUTED RIVER OIL LAND

Basing their claims under the mining laws of the United States, also under lease from the state of Texas and under lease from the riparian owner, the Southwest Petroleum company and the Buckeye Petroleum company of this city have brought a bill of intervention suit before the supreme court of the United States involving producing oil properties in the disputed Red river section.

The petition gives in detail the manner in which the two companies obtained possession of the lands and leases involved. The intervenors since the discovery of the oil-bearing sand have also made application for a lease and patent to the land at the United States land office at Guthrie, Okla. The application is still pending.

The property involved is part of the 1,000-acre Sam Garles tract on the south edge of the river. In addition to the purchase of the tracts from Sam Sparks who purchased the land as a lease from the state of Texas, the petition states that the company later initiated and made the placer mining claim location in December, 1919. In February the petition states the two companies obtained the riparian rights from Reese S. Allen.

Since that time the two companies have drilled four wells, all producing at the time the company turned over the properties to the receiver as ordered by the supreme court. The intervenors state that the receiver is now holding a large sum in excess of $160,000 rightly belonging to them. They ask that they be given immediate possession of the least hold rights and that the defendant be required to render an account and pay all moneys received from the production of the oil and gas produced on the premises.

Former Students Of University to Attend Big Game

Over 50 alumni and former students of Texas university and Texas A. & M. will leave today for Austin to attend the annual Thanksgiving game between the two institutions. Among those that will attend the game are Homer Lowry, Luther, Hoffman, Julian Montgomery, Edgar R. Mann, Charles Francis, Harry Weeks, L. H. Cullom, J. B. Upchurch and George Thorburn.

The game this year is expected to be one of the closest games that has been played between the two teams. Former students of both universities in the city express confidence in their [illegible] teams. Preparations have been made at Austin to accommodate what is believed to be the largest attended game ever played in the state.

SALES DIRECTOR GETS WAR MEDAL

WASHINGTON, Nov. 23.—Ernest C. Morse, war department director of sales, has been awarded the distinguished service medal, the war department announced today.

The citation says the award was made in recognition of Director Morse's work in disposing of war materials at "exceptionally advantageous prices."

A farmer walked into the little general store in the village with a firm and decided step. "I want," said he, "that tub of margarine and that lot of bacon and all the other foodstuff."

"Good, gracious!" said the recently bereaved widow who kept the shop, "whatever do you want with all them things, Mr. Giles?"

"I dunno," replied the worthy farmer; "but you know I'm the executor of your husband's will and Lawyer Styles said I was to be sure and carry out all the provisions."

ONE WOMAN'S EXPERIENCE

Of Interest to Expectant Mothers.

Goshen, Ind.—"I took Lydia E. Pinkham's Vegetable Compound with good results after I had suffered for some time with female trouble. Some years ago I had twin boys and took your Vegetable Compound before they came, also before my four-year-old boy was born, and afterwards, and think it fine for such cases. I tell others what it did for me and you may publish my testimonial."—Mrs. Geo. A. Foos, 711 S. 9th St., Goshen, Ind.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong and this good old fashioned root and herb remedy contains no narcotics or harmful drugs.

"Value of Culture" Theme of Address At Club Luncheon

"The Value of Culture" was the theme of a short talk by the Rev. H. D. Knickerbocker which featured this week's well attended luncheon of the University club.

"It is of course worth more than money," he said.

"But it has a practical value in money beyond that, as is illustrated by the fact that only 8 per cent of our young men are men of college training but that that per cent contains 90 per cent of all our leaders."

The outline of the work of the University club, which is strictly along educational lines, and which plans to give the backing and encouragement of the club to students in public schools, not only in support of their various school activities, but in the encouragement to them to complete their school work, was outlined by President Bill Viner, following Dr. Knickerbocker's expression of the hope that this organization, all men who have had advantage of the college university culture, would promote this culture among others.

Short talks by C. W. Reid and W. W. Anderson, chiefly devoted to pleasant and humorous reminiscenses of their school days, followed the talks by Dr. Knickerbocker and President Viner.

F. G. Swanson, who will talk on Civic Activities, was announced as the club member to fill the weekly date before students of the local high school by C. A. Rodgers, chairman of the high school co-operative committee.

That the work with the high school students would not cause neglect for students of the other schools of the city, and that arrangements will be made to have speakers from the club address students of the lower schools was brought out during a discussion of the club's school work.

WILL REORGAINZE WESTERN PACIFIC

SALT LAKE CITY, Utah, Nov. 23.—The complete plan of reorganization involving the immediate expenditure of several million dollars in improvements and the issuance of more than $100,000,000 worth of common and preferred stock for the Western Pacific Railroad company, which last Saturday acquired the Denver & Rio Grande railroad, is set forth in a report filed today with the public utilities commission of Utah.
