EAST RIVER CRASH

The stern of the Garcia line freighter Lake Charles rides high after the ship was in a collision in the East River at New York with a Japanese freighter, the Meirinsan Maru. Its bow submerged, the ship is lashed to the seawall on the Manhattan side of the river. The accident happened in midstream just south of the Williamsburg Bridge which connects Manhattan and Brooklyn.

Full Investigation Asked By Veterans Land Board

Howard Gibbons, deputy sheriff, is shown serving his wife a summons for jury service. Mrs. Gibbons is one of the first 20 women in this county ever selected for jury service. Although the post card summons are usually mailed by the sheriff's department, Gibbons decided he would make doubly sure his wife not only received the card but also read it. The jury commission selecting the 42 persons on the panel consisted of two men and a woman. (Staff photograph)

Special Probers May Be Included

By BO BYERS

AUSTIN, Nov. 20 (AP)—The Veterans Land Board today called for "full and complete investigation, including use of private investigators and the Senate Investigating Committee, to determine any misuse of the 100-million-dollar veterans land program.

Land Commissioner Bascom Giles, chairman, announced expansion of the investigating activites following consultatiaon with other two board members. Gov. Allan Shivers and Atty. Gen. John Ben Shepperd.

Shivers and Shepperd joined Giles in demanding as rapid action as possible to lay before grand juries or the legislature any evidence indicating the need for criminal or legislative action.

They insisted the only reason the board plans to hire private investigators is to speed the investigation already being made by numerous state and local agencies.

This will mean the Atty. General's Department, State Auditor's Office, Department of Public Safety, Senate Investigating Committee, district and county attorneys and sheriff's offices and grand juries, as well as private investigators, will combine their efforts.

Basic question is this: Has there been illegal or unethical profiteering at the expense of the land program?

"Personally, and not as a member of the board, I think that in the handling of a program involving 100 million dollars, it would be surprising if you didn't find some fault with it," "Shivers commented at a joint press conference with Giles and Shepperd.

The Land Board held a 40-minute executive session immediately after the attorney general left another meeting of some 20 state and local officials.

The earlier meeting brought together Shepperd, Public Safety Director Homer Garrison Jr., State Auditor C. H. Cavness, a representative of the governor's office, state Rep. Tom Cheatham, Dist. Attys. Bob Long of Travis County and John May of Karnes County, County Atty.'s Wiley Cheatham of Dewitt County and Ted Butler of Karnes County, Deputy Sheriff N. G. (Cutter) Dietze of Dewitt County, and numerous assistant investigators.

While they presumably discussed progress of their probe into south Texas land sales, none would reveal what was said.

Wiley Cheatham, who said earlier this week the situation was a "rotten, stinking mess," said he had been told "not to say anything more." He said there is some concern that further immediate disclosures would hamper the investigations.

The investigation was set off by reports that veterans of World War II and Korea have suddenly discovered they own farms for which they personally made neither application nor down payment under the veterans land program.

In some instances, where land sales failed to gain approval of the board, veterans have reported receiving refunds of down payments which they never knew had been made in their name.

Counties in which investigators reportedly have been checking are Zavala, Dewitt, Karnes, Bexar, Gonzales and Guadalupe.

Giles renewed his defense of State appraisal values placed on land sold by the state to veterans. The program provides for state purchase of land sought by veterans, followed by re-sale from the state to the veteran at the same price.

"The appraisals represent the true essence of the program. In my humble judgment, you'll find them in good shape," Giles said.

Some 15,000 veterans have purchased farms under the program at an estimated average cost of $6,000 to $6,300. Those wanting easy terms could pay 5 per cent down, take 40 years to pay out the note at 3 per cent interest.

Ninety million dollars has been spent, and another 10 million is obligated by pending applications.

Hunt Body Of Crash Victim

BILOXI, Miss., Nov. 20 (AP)—Air Force rescue crews groped in shallow water near here today for the body of an airman killed in a B25 crash during a solo unauthorized flight shortly after a flight engineer boasted to a girl in a bar he could fly that type bomber.

Keesler Air Force Base officials here said a missing flight engineer whose identity was withheld pending notification of next of kin, had boasted early last night that he could fly a B25.

Witnesses told Keesler officials the bomber buzzed the area of the bar last night shortly before it dived into the Gulf of Mexico, about 400 yards off the Biloxi business district, scattering wreckage over a quarter-mile area.

Air Force officials said they found a few pieces of the body of the man flying the plane, but not enough for positive identification. Wading search crews continued probing the shallow water late today.

Keesler officials said the duties of a flight engineer were such that he became acquainted with the operation of the plane and would have had access to it.

UF Campaign Inches Along

The Scurry County United Fund's first annual campaign was inching steadily toward its goal the end of the week, but campaign officials indicated that a faster pace would be required to reach the goal by early December.

Receipts and pledges tabulated at United Fund headquarters had reached $13,500. The goal is $29,500, which will take care of the budgets of eight participating agencies.

The Advance gifts division still had some contact work to complete, and the general business division was in the midst of its campaign. Meanwhile, reports were coming in from the rural division.

Monday, another division is scheduled to swing into action when Stanley Noah and Milton Ford lead their employe division workers into the drive.

The employe division's kick-off will come at a breakfast session set for 7 a.m. Monday at Ballard's cafe.

Colonial Issues Loom As Next U. N. Problem

By A. I. GOLDBERG

UNITED NATIONS, N.Y., Nov. 19 (AP)—With three weeks left on its work schedule, the U.N. General Assembly is heading into debates on colonial issues involving Europe, the Middle East and Asia.

Accords have been hammered out on machinery for new disarmament talks, and acceptance of the Eisenhower atom-for-peace program was almost in sight today.

The demands of Indonesia for the Netherlands to give up West New Guinea will occupy the debates before the atomic program is adopted, probably on Monday.

After that, Greece's demand that Cyprus should be allowed to vote severance from Britain, and Arab clamor for the French to get out of Morocco and Tunisia are on the main Political Committee's calendar.

All of the so-called colonial questions may generate a great deal of heat in and around the U.N. The U.S. position in all of them is in doubt.

A Netherlands spokesman said he hoped that the dispute over New Guinea will be "businesslike," without passion.

The Indonesians, given their independence by the Netherlands in 1949, say that the western half of neighboring New Guinea should have been given up by the Dutch at the same time. Talks between Indonesia and the Netherlands on that issue broke down two years ago. Now Indonesia wants the U.N. to vote an appeal to the Netherlands to renew the talks.

The Dutch say such talks are fruitless and they refuse to listen to the appeals. From a test vote on putting the question on the agenda, it appeared Indonesia would be unable to muster a two-thirds majority in the final voting.

A final vote on the atoms-for-peace resolution was delayed at India's request last night until Monday.

India's V. K. Krishna Menon said he would not receive from New Delhi until late Sunday the instructions on how he should vote. He demanded that India be included as one of the founding members of the proposed agency because of India's importance as an Asian country and because it has radioactive materials.

Sponsoring the resolution to set up an atomic agency and a world atom congress are the United States, Britain, France, Canada, South Africa, Australia, and Belgium. With Portugal, which is not a U.N. member, these would be the founding members of the agency.

Brazil, India and Russia have been invited to serve on a committee to advise Secretary General Dag Hamnarskjold on setting up the scientific congress.

The West and Russia appeared to be moving close to agreement on the Eisenhower program. Andrei Vishinsky, Soviet deputy foreign minister and chief delegate here, made an unprecedented pilgrimage to the office of U.S. Delegate Henry Cabot Lodge Jr. this morning. Vishinsky asked for the meeting, a U.S. source disclosed.

Vishinsky has put in an amendment which would allow Red China and East Germany, among other Soviet satellites, to be seated in the scientific congress. The United States opposes this.

The U.S. delegation would give no hint of what the two talked about in their 15-minute session.

France's Premier Pierre Mendes-France comes here to address a General Assembly plenary session early Monday morning.

Search For Girl Shifts To New Area

LEBANON, Mo., Nov. 20 (AP)—Positive identification of a girl's stained cotton blouse focused search for missing 11 - year - old Jeannette Earnest in this area this afternoon.

"Oh, I bought it for her myself. I know it's hers. I'm positive," wept Mrs. Etta Mae Priest as she viewed the pink, gray and white garment at police headquarters here.

The girl has been missing since Tuesday and is feared dead.

Mrs. Priest made the identification after driving here with Texas officers from Mount Vernon, Mo., where her husband, Thurman Priest, 48-year-old Grand Prairie, Tex., auditor, is held on kidnaping charges. Priest, an uncle of the missing girl, is charged with picking up the girl near a washateria in Fort Worth Tuesday and driving away.

Priest insists he can't remember what happened to the girl.

Truth serum was administered to Priest last night, but officers said questioning was almost useless because Priest had drunk so much alcohol recently.

The blouse was first noticed Wednesday hanging over a bridge railing by Trooper N.E. Tinnin of the State Highway Patrol. At the time, the search for the girl hadn't started and after examining the faded garment, Tinnin said he tossed it into a culvert.

Today, when search for the girl concentrated along U.S. 66, Tinnin returned to the culvert about 11 miles east of here and picked it up.

The blouse, Tinnin said, looked like it had been washed. Whether the stains were blood had not been established by laboratory tests before it was turned over to Texas officers.

Officers were undecided immediately whether to start a general search of the immediate area or return to Mount Vernon to confront Priest with the blouse.

Priest and the girl were reported to have driven to a tourist court in Irving, Tex., Tuesday. A Baxter Springs, Kan., tourist court operator reported Priest checked in there Wednesday about 4 a.m.

Later that afternoon a man identified as Priest took a tourist cabin at Stanton, Mo., but stayed only long enough to shave and clean up.

Priest then appeared in Mount Vernon, Mo., about 7 p.m. Wednesday and called his wife in Texas an hour later. She notified officers and his arrest followed.

The girl was not seen with Priest at any of the stops after they left Irving, Tex.

President Has Part In Drill

By GARDNER L. BRIDGE

WASHINGTON, Nov. 20 (AP)—President Eisenhower tried out the communication lines in a White House bomb shelter today as top government officials catered to secret emergency posts miles from the capital in an atomic attack drill.

For six hours, many operations of government were directed in theory from the remote control stations in Maryland, Virginia, West Virginia, North Carolina and possibly elsewhere that would be manned in event of an actual attack.

Eisenhower, who directed the invasion of Europe from bomb-battered England in World War II, spent 10 or 15 minutes receiving operational reports in an underground shelter at the White House.

Aides said he carried on a two-way conversation with an outlying control center designated "high point" and wound up by recommending more such exercises to familiarize government officials with remote control operations.

Nearly 2,000 key government employes took part in the drill, one of a series that started in June to test the "continuity of government" under conditions that might force abandonment of Washington installations.

They fanned out to 30 emergency stations within 80 miles to the west and north of Washington and 300 miles to the south. These relocation centers, which would be manned for the duration of an emergency, were not disclosed, except that they are in resort towns, colleges, and communities having unoccupied federal buildings.

Accident In 'Right Place'

ARKANSAS CITY, Kan., Nov. 20 (AP)—A New Mexico airman, his wife and their 3-month - old baby have been "adopted" by Arkansas Citians for the weekend.

Staff Sgt. Leroy Ray of Portales, N.M., and his family were stranded after their house trailer was wrecked near here yesterday.

Ray returned only three weeks ago from Okinawa and was going to his new station at Lincoln, Neb., after visiting his parents, Mr. and Mrs. Joe Ray in Portales.

The trailer came loose from the car and overturned in Mrs. Verna Sharer's front yard four miles north of here. The trailer, valued at $3,000 was demolished.

Mrs. Sharer provided a place for the Rays to store their belongings and gave them dinner. Mrs. Ensley Morris heard of their plight and said she wanted them to spend the weekend in her home.

"I have a son in the Air Force, and he and his wife pull a trailer, and this might have happened to them," Mrs. Morris said.

The Rays expect to be on their way by Monday after insurance matters are adjusted.

They agreed that the accident "happened in the right place."

Censure Group To Stand Pat

WASHINGTON, Nov. 20 (AP) — Senators who recommended that Sen. McCarthy (R-Wis) be censured for his treatment of Brig. Gen. Ralph W. Zwicker said today they will stand fast despite the defection of one of their number, Sen. Case (R-SD).

The Senate session called to consider the censure issue now is in recess until Nov. 29 because of the hospitalization of McCarthy for treatment of an elbow injury. Bethesda Naval Hospital said McCarthy spent a fairly comfortable night last night but required some medication to relieve pain.

Members of the special bipartisan committee that recommended that McCarthy be censured on two counts said that when the debate resumes they intend to reply to Case's contention that evidence new to him had undercut the basis for rebuking McCarthy for the way in which he questioned Zwicker at a hearing.

Sen. Edwin C. Johnson (D-Colo), vice chairman of the special committee, said he was about to address the Senate on the Zwicker matter Thursday when he was advised that McCarthy could not be present because of illness.

He has postponed his speech until after the recess, but Johnson already has told the Senate he completely changed his mind about McCarthy's treatment of Zwicker after hearing all the evidence. Before that, he said, he was sympathetic to McCarthy's position.

WEATHER

NORTH CENTRAL and WEST TEXAS: Generally fair Sunday and Monday with no important temperature changes.

EAST and SOUTH CENTRAL TEXAS: Generally fair with no significant temperature changes Sunday and Monday; gentle to moderate variable winds on coast, becoming northwest Sunday night or Monday.

20 Women Get Call For Jury Duty Here

Nearly half of the next jury panel to appear for service in district court here is feminine, a characteristice that any fraction thereof would nonetheless shatter history.

Taking advantage of the state's recently approved amendment to its constitution, the county's district court jury commission, on which a woman served for the first time in history, selected 20 women and 22 men to compose the new panel.

The panel is to report for service a week from Monday, the date for their appearance being Nov. 29.

Women selected were Mrs. Mozell Roggenstein, Mrs. D. L. Moffett, Mrs. Frank A. Wilson, Mrs. Turner Forrest, Mrs. C. L. Banks, Mrs. A. B. Bace, Mrs. H. F. Boss, Mrs. P. W. Cloud, Mrs. Dean Cochran, Mrs. Lawrence Dever, Mrs. T. A. Faver, Mrs. Howard Gibbons, Mrs. L. P. Houston, Mrs. Stanley Kerbow, Mrs. Roy V. Lashaway, Mrs. O. D. McGlaun, Mrs. Robert R. Patterson, Jr., Mrs. Mildred Williams, Mrs. Alton Greenfield and Mrs. John Stavely.

The men selected are Weldon Johnson, Lee R. Massingill, Travis Rhodes, Clyde Brown, A. H. Hudnall, Clyde South, Walter Walls, Grady Williams, J. A. Dickerson, J. D. West, Bill Grimmett, Hollis Fields, Jess Green, Johnnie Hoyle, Kenneth Knollenberg, C. V. Lee, J. C. Massingill, Lloyd Merritt, B. A. Moore, Dee Pylant, Marshall Boyd, and P. J. Collias.

No women have ever previously served legally on juries in Texas, the constitution heretofore requiring men only to serve.

Many women in Scurry County have worried recently about prospects of being summoned. Many worried about having to leave their small children, infants in some cases. Others worried about their housework, their businesses, regular beauty shop appointments, bridge clubs, etc.

All three judges at the courthouse opined, however, that jury commissions would be considerate of women and their duties concerning their homes. For instance, a woman with a small child who was not used to being away from her would likely not be selected for the panel if the commission knew the situation.

A judge would likely excuse such a woman should one be selected. The same would be true in the case of a woman with a large family, especially if there were children who needed the presence of a parent.

Probably the most puzzling question to most women — and most men, too — is how the court will handle its requirement to keep a jury body together for the entire duration of a case which might carry capital punishment.

This is the only type case in which a jury cannot be separated, according to current law. Most judges believe the legislature will soon amend the law to provide that the women be separated from the men except when in the jury box. This brings up another question: what will be done in such cases that might be tried before such an amendment is passed by the legislature?

The judge of a criminal district court can usually determine with reasonable certainty whether a case is likely to continue for more than one day. Most capital cases do. And in such a case, the judge would likely excuse all women from the panel or else excuse all the men, leaving only one sex to try the case.

Later, if the law on separation of a jury is amended, the commissioners courts of the various counties may provide material facilities to accommodate both men and women. In Scurry County, all juries usually use the grand jury room on the third floor of the courthouse for their deliberation.

In this room are tables and chairs for deliberation and roll-away beds for jurors required to spend the night. Two deliberation rooms might be provided, one for women, the other for men. There are already two restrooms on this floor.

Although the matter of women jurors is for the present settled, the perplexing questions, comments, advantages, disadvantages, and other arguments both pro and con may continue for years. Already many are saying women are too emotional. But some, while agreeing that women are pretty emotional, are adding that, even so, they are not easily the victims of soft-soap-gotten sympathy.

Soviet Delay Move Rejected Swiftly

WASHINGTON Nov. 20 (AP)—French Premier Mendes-France and Secretary of State Dulles turned down swiftly today a move by Soviet Foreign Minister Molotov to delay ratification of German rearmament by the Western Powers. Instead they called for "early ratification" by all the Allies before any new conference with Russia.

They declared themselves against "improvised debates intended mainly for propaganda," an obvious slap at Moscow, but expressed willingness to join in "adequately prepared negotiations" in good faith.

The Molotov move came in Moscow where the Foreign Office made public an interview by him suggesting that Russia would be willing to delay the European security conference it has proposed for Nov. 29 if the Western Powers would delay ratification of the new Western European Union treaties.

Dulles and Mendes-France prolonged their talks here long enough to have a quick look at news reports of the proposal. They agreed on its informal rejection, which was the effect of their communique. If necessary, officials said, it will be formally rejected.

The 400-word communique was issued at the State Department at 3:30 p.m., an hour after Mendes-France, grounded by Washington's foggy skies, had left Dulles' office to take a train for New York. He will return to Paris next week.

From the communique and from information provided by officials these other points stood out in the talks:

The critically important matter continuing American financial support for French forces in South Viet Nam, at the rate of several hundred million dollars a year, was left to other negotiations.

Former Patient To Testify In Trial

By ARTHUR EVERETT

CLEVELAND, Nov. 20 (AP)—At the height of Dr. Samuel Sheppard's murder trial, a former patient at his osteopathic hospital was brought here today for questioning in Marilyn Sheppard's slaying.

The man reportedly came here voluntarily. He was not under arrest and there were no charges against him.

He worked in Cleveland at one time and authorities said he admitted being here July 4 when Dr. Sheppard's attractive 31-year-old wife was beaten to death in her bed.

The man was identified by his lawyer as Philip A. Schilling, 38, of Marine City, Mich., near Detroit.

The lawyer, John Cain, said in Algonac, Mich:

"I have been assured by Detroit and Cleveland police my client had nothing to do with the case. Some screwball injected his name into it and Schilling has gone to Cleveland to clear up any questions police there may have."

Cleveland police have been investigating the man's background. Dr. Stephen Sheppard, older brother of the defendant, reportedly mentioned him to authorities as resembling a description of a bushy-haired prowler who Dr. Sam says killed his wife.

Police Chief Charles Holland of Marine City, said Schilling is about 6 feet 2, and has black, wavy hair. Detroit police contacted him yesterday, Holland added, and he voluntarily went with them.

Marilyn Sheppard, 31 and pregnant with her second child, was beaten to death in her bed, her skull crushed by some 27 heavy blows.

Dr. Sheppard, handsome 30-year-old osteopath in suburban Bay Village 12 miles west of here, said a bushy-haired man invaded his home, killed his wife and twice knocked him unconscious.

The state says Sheppard killed Marilyn in a quarrel over an affair with another woman. The osteopath has been on trial for his life since Oct. 18.

Heart Association Research Pays Off

By WILTON N. JONES, M.D.

Heart and blood vessel diseases continue to take more lives than all other causes of death combined, according to the latest figures released by the National Office of Vital Statistics. In 1953 the five most common causes of death were: (1) Cardiovascular disease (heart and blood vessels) 52.3 per cent of death from all causes; (2) Cancer - 15.1 per cent; (3) Accidents - 6.1 per cent; (4) Pneumonia - 3.4 per cent; (5) Diabetes - 1.7 per cent.

These figures emphasize the importance of striving for more efficient and capable methods of combating heart disease. It is toward this goal that the American Heart Association constantly stives.

The American Heart Association is primarily a research and educational foundation conceived and dedicated to improve present day methods of treating all types of heart and blood vessel disease. It affords large grants of money to further research on this pressing problem. Through its educational facilities it brings to each physician the latest information on diagnosis and treatment. It also reaches out to inform the public of the many phases of heart disease, what can be done to prevent them, and how they are best treated when developed.

In recent years tremendous strides forward have been taken in treating these diseases. Largely through grants by the American Heart Association, surgery of the heart has now been developed to an amazing degree. Persons suffering from rheumatic fever, with damage to the valves of the heart, are now operated every day with excellent results. New-born babies born with heart diseases incompatiable with life are now operated on in the first few days of life and afforded a completely normal existence. The treatment of high blood pressure has progressed with unbelievable rapidity in the last two years, primarily through extensive studies on new medicines, a project planned and financed by the American Heart Association.

It is only through extensive study and research that the many problems still remaining can be solved. All money received by the American Heart Association is channeled for that use. Only by the continued support of the American Public can this job be carried out to it's full measures.

The American Heart Association is one of the eight agencies included in the Scurry County United Fund's budget. The Heart Association has been allocated $600 from the UF budget of $29,500.

Keaton Is On Educational Advisory Panel

Paul Keaton, a member of the board of trustees of the Snyder school district and the third vice president of the Texas Association of School Boards, has been named one of 10 members forming a new advisory committee for the state's educational system.

Keaton's name heads the list of those named to the newly organized advisory committee on administrative policies in vocational education. The 10 men were named to their positions on the committee by four state offciers of the education system and approved for the places by the Texas Board of Education.

Keaton and A. R. Stark of Baytown were nominated by the president of the Texas School Boards Association, James A. Redmond.

Joe P. Moore, superintendent of Fort Worth schools; Vivian Hackney, superintendent of Marshall schools; and Harvey Ballew, superintendent of Lampasas schools, were nominated by Frank Monroe, president of the Texas Association of School Administrators.

Thomas L. Ware, principal of Waco High School, and Terrell F. Gates, principal of Burbank High School of San Antonio, were named by James E. Swann, president of Texas Association of Secondary School Principals.

W. C. Wooldridge, superintendent of DeKalb schools; Nat Williams, superintendent of Lubbock schools; and D. E. Moore, superintendent of schools at Karnes City, were nominated by the commissioner of education, Dr. J. W. Edgar.

Keaton, a member of the school board here since consolidation of the present district in 1949, was elected in October to the office of third vice president of the Texas Association of School Boards.

The organizational meeting of the new committee is to be called before the end of the year, Dr. Edgar advised. Keaton said he planned to attend.

The duties of the committee are expected to be chiefly the advising of state education officials and the making of recommendations to state and federal education officials concerning the administration of government support to the school systems in vocational training.

The four divisions of vocational training which are partially supported by state and federal governments are home making, vocational agriculture, distributive education, and diversified occupations.

There are at least 175 students taking training in these subjects in the Snyder system, Dr. Cecil Yarbrough, superintendent, said.

Latin Nation's Expected To Ask More Aid

By BEN F. MEYER

RIO DE JANEIRO Brazil, Nov. 20 (AP)—Delegates from 20 Latin-American nations — mostly financial experts — converged on Brazil this weekend for a showdown with the United States on its economic policies toward this hemisphere.

Newspaper commentaries on the Inter-American Economic Conference, opening Monday in Quitandinha, a mountain resort 40 miles from here, reflected widespread feeling in Latin America that the United States has not been doing enough for this part of the world while handing out billions of dollars in Europe and Asia.

But there was a spirit of moderation in the commentaries and from various delegations came suggestions that Latin America should not expect its northern neighbor to give them the moon.

Brazil's Finance Minister Eugenio Gudin said Brazil "is not going into the conference to defend absurd proposals nor to make unreasonable demands."

The Rio newspaper Diario Carioca, noted for its economic commentaries, applauded last week's announcement by Treasury Secretary George M. Humphrey of United States' willingness to join other nations in establishing a 100-million-dollar international finance corporation to aid underdeveloped nations.

Quick acceptance of the Humphrey proposal by Latin-Americans was not assured, however. Some countries have been appealing for faster and more ample aid — especially nations such as Chile and Bolivia which are in economic distress. The international finance corporation plan, they contend, probably would take too long to get into operation.

5,230 Get Exit Permits

By JOHN RODERICK

SAIGON, Viet Nam, Nov. 20 (AP)—The International Armistice Commission chairman reported today that in the past 10 days the Vietminh have granted exit permits to 5,230 Roman Catholics who wish to leave Communist North Viet Nam for new homes in the South.

The chairman, M. J. Desai of India, told a news conference the Commission needs more information before it can decide whether the Geneva agreement regarding free movement of refugees has been violated.

The French have charged that Communist Vietminh leaders are doing everything possible to prevent the Catholics from leaving the areas around Phat Diem. Bui Chu and Thai Binh. In turn, the Vietminh have accused the French of forcing the refugees to move South.

A delayed dispatch from the Vietminh capital of Hanoi — presumably held up by censors — said about 600 Catholics are leaving Phat Diem daily. An IAC team is on the scene there. Similar teams have not yet appeared at Bui Chu and Thai Binh to report on evacuation procedure adopted in the Geneva agreement.

The French have asserted that between 20,000 and 40,000 Catholics in the North are trying to get away from Communist domination.

Desai told newsmen the Vietminh said they are prepared to grant exit permits to the Phat Diem Catholics, but that through a conspiracy aimed at embarrassing the Communist leaders few are appearing to ask for them. The nature of the conspiracy was not explained.

The chairman added he was confident that once mixed freedoms start working in all areas the major difficulties surrounding the movement of refugees will be removed.

Both Parties Lay Strategy For 1956 Vote

By JOE HALL

WASHINGTON, Nov. 20 (AP)—Senate Republican and Democratic campaign strategists already are working on preliminary plans for the 1956 election even though the 1954 voting is barely over.

In one sense, the statistical edge will swing to the Democrats two years hence, since they will have fewer seats at stake than the GOP. This year it was just the opposite, with the Democrats forced to defend 22 seats while the Republicans had 16 at issue.

The Democrats made a net gain of two seats in the Nov. 2 election, barely enough to give them control of the Senate with its vital committee chairmanships in the 84th Congress.

The lineup starting Jan. 5, barring any last-minute changes by recounts or deaths, will be 48 Democrats, 47 Republicans and the one Independent, Sen. Morse (Ore). Morse plans to vote with the Democrats on control.

In the 1956 election, as things now stand, the Republicans will have 17 seats at stake, while the Democrats have 14. The 32nd seat in this class is held by Morse.

But Democratic strategists contend this margin does not tell the full story. They say that nine of their 14 places are in southern or border states which long have been anchored in the Democratic column.

On the other hand, they consider 10 of the 17 Republican seats to be battlegrounds where they figure they have a chance to oust a GOP member.

Republican Senate campaign leaders agree that the statistical picture is not so favorable for them in 1956 as it was this year.

Couple To Observe 74th Anniversary

BROWNWOOD, Texas, Nov. 20 (AP)—A rare 74th wedding anniversary will be observed quietly Monday in the Brownwood home of Mr. and Mrs. J. W. Shore, 97 and 93.

They were married Nov. 22, 1880, in the Brown County ranch home of the bride's parents, Mr. and Mrs. R. Y. Cross.

Mrs. Shore is recovering from a broken left shoulder that she suffered Sept. 1 in a fall at her home. Her husband broke a hip in a fall when he was 90, but now can get around on his own.

Both are alert and interested in daily happenings.

Dallas To Open Bids On Municipal Bonds

DALLAS, Nov. 20 (AP) — Dallas councilmen will open bids on a $16,900,000 municipal bond issue Monday.

The sale, largest in the past several years, will finance construction of the new downtown auditorium and provide another three million dollars to continue the expansion of Love Field.

Hermann Field To Make Statement

By MICHAEL GOLDSMITH

ZURICH, Switzerland, Nov. 20 (AP)—A reliable source said tonight Herman Field, the American architect held prisoner in Communist Poland for five years, will make a statement to newspapermen tomorrow.

Field has been in hiding here since his arrival yesterday from Warsaw via Prague. He was whisked away from newsmen and photographers by Swiss and U.S. officials.

The informant, who could not be identified by name, has been in touch with Field since his arrival. It has not been decided, the source added, whether Field will submit to questions at a news conference or whether he will issue a prepared statement. But the informant described as "complete nonsense" reports Field was undergoing secret questioning here by U.S. intelligence agents.

Field's wife, Katy, and his sister, Dr. Elsie Field of Urbana, Ill., are in hiding with him.

A Swiss government spokesman said the two women feel Field's health, "especially his mental state, was very much shaken and that he should not be subjected to questioning at this time." A Foreign Office spokesman said earlier it was at Dr. Field's particular request that the secrecy was being maintained.

In the absence of facts, a variety of rumors about the Field circulated in Zurich.

Howard Donovan, U.S. consul general in Zurich, discounted reports that Field was being concealed in order that U.S. intelligence agents could question him about his experiences in Poland. Donovan said any information American officials wanted from Field would have been obtained in the period between his release in Warsaw Oct. 25 and his departure for Zurich.

Swiss authorities, jealous of their neutrality, have raised vigorous objections in the past to any judicial or police questioning by foreign officials on Swiss territory and could be expected to react similarly to any interrogation of Field by American intelligence agents.

BIRTHS

Lt. and Mrs. Glyn Whitmire of El Paso are the parents of a son, Mark Wayne, born in an El Paso hospital recently. Mr. and Mrs. F. M. Whitmire, 3012 Avenue Z, are the paternal grandparents.

Navy Training Plane Crash Kills Two Men

COLLEGE STATION, Tex., Nov. 20 (AP)—A Navy training plane crashed in a muddy field a quarter mile southwest of here tonight, killing two men.

The prop-driven T28 had refueled at Bryan Air Force Base, six miles north of the crash scene, before it smacked to earth at 7:34 p.m.

Where the plane was from or who the victims were wasn't known. The Bryan AFB operations officer refused to give details.

Some 2,000 persons—mostly from Texas A&M here—gathered at the crash site after there were unverified rumors "something" had been dropped over the campus.

Teachers Association To Meet Next Week

FORT WORTH, Nov. 20 (AP)—The largest professional organization in Texas holds its annual convention here next week.

Texas State Teachers Association, boasting a membership of 56,000 persons, is expected to register between 7,000 and 10,000 during the three-day meeting, beginning Thursday.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: Mrs. Betty Howard, 811 Thirty-second Street; Carl W. Smith, route 2; Robert Motley, route 1.

Dismissals: Mrs. Emma Beall, 2607 Avenue W; Mr. and Mrs. Tom Jones, Snyder; Mrs. H. V. Dosier, 2508 Avenue H; Mingo Mirales, Dermott.

Friends, Foes Honor Thomas

By GEORGE CORNELL

NEW YORK, Nov. 20 (AP)—Socialist leader Norman Thomas, a fighter for ideas who can count his victories not in quick, easy skirmishes but in the long, slow pull, is 70 years old today.

Friends and admirers from many fields and a wide range of political views — Democrats and Republicans, liberals and conservatives — will gather here tomorrow to honor him.

Messages of tribute have come from high government statesmen in many lands.

The birthday party — for a man often denounced as a menace only to emerge later as a prophet — is being sponsored by a long list of notables — leading American churchmen, scholars, public officials and others.

They're collecting a fund to present to him, to enable him to carry on his work.

On the eve of the occasion, Thomas said in an interview that "Socialism" still is a scare word to many, but he added: "It has a high degree of acceptance by people who hotly deny it."

Still a busy lecturer and writer, Thomas was asked how, after a turbulent half century of battling for causes that were at the time unpopular, he now had such broad, personal respect.

"I suppose," he said with a laugh, "it's because nobody is afraid I'm going to be elected to something. But, you know, I'm a mere stripling compared to some of the people I went to the Senate."

Mine Claim Interest Up

ALPINE, Tex., Nov. 20 (AP)—Applications for mining claims on state lands have taken a big jump in the last two months as rumors of finding commercially valuable uranium ore circulated.

Some 150 applications for mining claims in southwestern Brewster County and southeastern Presidio County have been filed with the state land commissioner and county surveyors.

Land Commissioner Bascom Giles said between 50 and 75 applications for prospecting permits on state land had been filed with his office, mostly by Houston men.

Part of the permits were for land in the Terlingua quick silver district. More of the recent ones were south of the quick silver area in what is known as the Lajitas district.

State Makes No Provision To Care For Tubercular Children

DALLAS, Nov. 20 (AP)—In the four years from 1950 through 1953, 376 Texas children 4 years old and younger died of tuberculosis.

Although this is an average death toll of 94 children each year, Texas has made no provision for the care of tuberculosis children, writes Harry McCormick in a series of stories for the Dallas News.

State-operated tuberculosis hospitals admit no patients under 6 years of age and sanitariums aren't staffed or equipped to treat little children, McCormick wrote.

In the 1950-53 period, the breakdown of deaths among children four and under was:

Tuberculosis: 376.
Polio: 222.
Heart disease: 123.
Kidney disease: 100;

McCormick went on:

"In Texas tubercular children are without funds or foundations. They are almost without a prayer. This is in spite of the fact that about 75 per cent of the 376 kiddies who died, could have been saved if hospitalized and treated in time. This is because of new drugs with a high rate of cures. Since March, 1952, only one died out of 75 treated in Dallas.

Six Texas communities have done something about tuberculosis in children. At Amarillo, Beaumont, Dallas and Houston there are well staffed and equipped hospitals for tuberculosis children. Corpus Christi and Galveston also have somewhat similar institutions.

The Baylor School of Medicine, the Southwestern Medical School, and the University of Texas School of Medicine staff these childrens hospitals. A multi-millionaire could not buy better treatment than is given these kiddies, most of whom are indigent.

The tragic part of this story is that there are enough empty beds in these hospitals to take care of all tubercular children in Texas if there were only funds to operate them.

Everything is there and waiting, waiting to save the lives of these kiddies who needlessly die.

These hospitals largely are operated by Community Chest and United Fund money. It is unfair to call upon Harris County, Jefferson County, Dallas County and so on to take care of children of all Texas.

The responsibility should be that of the state of Texas, many believe. The state already cares for many tubercular adults.

Why let little children die?

A little handful of Texans, who have had this story ground into their very souls in the past few years, decided to try to do something about it.

Dr. John S. Chapman of Southwestern Medical School of the University of Texas here in Dallas started the study.

It was easy to enlist aid from Dr. Dan E. Jenkins of the Baylor Medical School in Houston, where the Harris County Hospital is located. Mrs. J. L. Scott of Amarillo and philanthropist "Rip" Underwood of that city, followed. Others in Beaumont, and still others in Galveston at the Texas University Medical Branch pledged their support.

A plan was set up to obtain an appropriation from the Legislature in January to be given the State Hospital Board which handles the adult tuberculosis sanitariums.

They in turn would make per diem payments to these childrens hospitals for the treatment of indigent children dying with tuberculosis. These payments would in no case exceed $7 a day, but would be adjusted according to hospital costs.

Then children from all counties, not just six, could have hospitalization for tuberculosis.

SCISSORS MARKED 'M SHEPARD'

Sherry Lynn Babcock, 11, looks at the surgical scissors marked "M Shepard" she found last July near Traverse City, Mich. Police are trying to determine if they have connection with the slaying of Mrs. Marilyn Sheppard last July near Cleveland, O. The victim's husband, Dr. Samuel Sheppard, is now being tried on a charge of murder in connection with her death.

Garner Is Set To Celebrate 86th Birthday

UVALDE, Tex., Nov. 20 (AP)—Cactus Jack Garner turns 86 Monday and he's going to celebrate the way he always does: hunting.

"Deer better watch out," he said. "I've got a keen eye."

Feeling fine, in good health, and spry as one of the chickens he keeps, the former vice president had everything ready for his annual hunt.

Yesterday he got "off my mind" a chore he had in mind. That was getting his picture made for his three granddaughters.

He put on his "Sunday-go-to-meeting" clothes and went down to the photographer's.

"Only suit I've got," he commented as he dressed up for the first time in six months. He paid $90 six years ago for the snappy, gray pin-stripe suit.

Garner doesn't ever make a lot of fuss about his birthday. He just quietly aims at living to be 92. That's so he can say he spent half his life in public life and half in private life.

Christened John Nance Garner, he's the only Texan who ever had a fighting chance to become President of the United States. During 46 years in public life he served state and country in many offices, including speaker of the House and eight years — 1932-1940 — as vice-president.

Cactus Jack's a nickname that fits. But his thorny hide has been smoothed by 85 years of living.

White-haired and shrunken with age, he putters around the house, feeds the chickens, looks over his pecan trees and reads.

Since he quit politics in 1940, Garner has made few statements on public affairs.

He's going hunting with his longtime friend, Ross Brumfield. He wouldn't say just where.

Last year Garner had deer meat on the table when a reporter dropped around to see how he made out. But he just grinned and wouldn't say whether he bagged the buck.

Some TV Antennas Violate City Code

A warning that several residents have violated a city building code in improper installation of television antennas was issued yesterday by Horace Smith, city engineer.

Smith said that several complaints have been received by his department concerning television antenna guy wires which have been anchored either too near property lines, or so that the guy wires stretch across sidewalks.

The building code states that no constructions can be made closer than three feet from the property lines, and that no constructions may be placed between sidewalks and streets on the parkway area, Smith said.

Billy A. Smith, 20-year-old son of Mr. and Mrs. Raymond Smith, Plainview community and senior at Texas Tech, Lubbock, will be in Kansas City Tuesday with the school's crops judging team for a part of the International Collegiate Crops Judging Competition Championship race. The team will go on to Chicago on Nov. 27. The team has won the international championship for the past two years. He is an agronomy major at Tech. He is a 1951 graduate of Snyder High School, where he was outstanding as an agriculture student.

Certificates On Feed Due

Purchase certificates were being mailed late last week from the Scurry County Agriculture Stabilization and Conservation office to farmers and ranchers who had applied for aid under the federal drought feed program.

The program was initiated here last week soon after this county was placed under designation for the program. It provides for federal help to farmers and ranchers in maintaining their basic livestock herds.

Henry Burchett, ASC office manager, said 71 certificates were ready for mailing by Friday out of 100 applications. The applications are made to Joseph J. Box, Farmers Home Administration supervisor, and the FHA county committee considers them for approval and sets the amount of feed the applicant can buy with federal aid.

After the producer receives the certificate, he can take it to the feed dealer of his choice and use it when buying feed for his stock. The certificates are good for a subsidy of $1 per 100 pounds of grain or hay.

Jury Dismissed In Anastasia's Trial

NEWARK, N.J., Nov. 20 (AP) — A federal court jury today reported itself "hopelessly deadlocked" in the income tax evasion trial of Albert Anastasia and was dismissed.

There was no immediate indication if U.S. Atty. Raymond del Tufo will move for a new trial for the 50-year-old defendant who once was called the triggerman of Murder, Inc., the slay-for-pay mob.

The panel of seven men and five women deliberated the case for 17 hours in two sessions since yesterday.

Production At Record

DALLAS, Nov. 20 (AP) — The Dallas Ford assembly plant is turning out a record 654 cars and trucks a day, Plant Manager C. F. Jessee said today.

FARM AND RANCH

Thomas Jefferson many years ago recognized the value of preparing land to conserve the soil and to hold water.

Jefferson said, "We now plow horizontally following the curvature of the hills and hollows on dead level, however crooked the lines may be. Every furrow acts as a reservoir to receive and retain the waters, scarcely an ounce of soil is now carried away. In point of beauty nothing can exceed our waiving lines and rows winding along the face of our hills and valleys."

• • •

Charlie Echardt recently said he believed terraces would have made he and his brother, Elmer Echardt, five more bales of cotton on their quarter section three miles south of Fluvanna.

The two are now building a system of level closed end terraces on their place. The soil is deep and of fine texture, commonly called tight land. Even though the land is almost level, it has been losing much water because the soil would not soak the water up before it ran off following a hard rain. The terrace system, properly maintained, will hold the water on the land to be used later for raising crops.

• • •

One of the stops on the recent range tour here was to observe a section of range land on the Shannon Estate. This land was rested for a year in 1952 and 1953. It is improving in condition because climax grasses are spreading.

Climax grasses are those found on a particular site when it is in excellent condition. Blue grama, silver bluestem, vine mesquite, white trioda, and hairy trioda were on the increase. Some of the sites on this section would back up stories of old timers who claim grass was stirrup high all over Scurry and Borden Counties when they came here.

Heavy rains last fall and in May this year have helped this section carry a larger number of cattle since September, 1953. The year's rest also gave the grasses a chance to form a larger root system, which in turn made the soil take up water more rapidly.

Systematic resting of the rangeland, like that being carried out on the Shannon Estate, would be a good way to improve ranges all over the district, says Jake Hodges, soil conservation technician here. Ranching, he says, is becoming more technical every day, with the larger number of the market. Ranching profits, in the future will undoubtedly be affected more than ever by the supply on hand when ranchers are buying and selling. With a large acreage of rested rangeland, a rancher could purchase stocker cattle on a weak market when dry weather is forcing others to sell.

Cotton Crop Tops Forecast

Scurry County's 1954 cotton crop has already added up to more than the highest pre-season estimates.

A check of the eight gins in the county this weekend showed there had been 15,948 bales ginned in the county and that there may still be some 200 to 300 left to gin.

In some areas of the county, farmers have already finished pulling cotton and some have even finished stripping. Most of the stripping was yet to be done in many parts of the county, according to ginners.

The highest estimates for this year ran up to 15,000 while some estimates were as low as 11,000.

This exceeds the crop of the last three years. Last year the crop was close to 14,000 while it was less than 1,500 the year before and about 10,000 in 1951.

By communities, the figures are 6,445 at the three Snyder gins, 1,541 at Ira, 951 at Dunn, 1,646 at Hermleigh, 1,903 at Inadale, 1,525 at China Grove, and 1,937 at Fluvanna.

Contracts To Be Let

DALLAS, Nov. 20 (AP)—First contracts for construction of the Dallas-Fort Worth toll road will probably be let next July, according to Robert E. Killmer, project engineer.

All this—and more miles per gallon too!

Be sure to test out the phenomenal effect of "variable pitch propellers" in Dynaflow Drive*!

MAYBE—among the upcoming crop of new 1955 models—there's another car with an advance that can hold a candle to this one.

But we doubt it. We doubt it because nowhere—among the rumors of what's cooking in automotive laboratories—is there anything to compare with what's actually happened at Buick.

It all started with the fact that modern air liners get two big advantages because they can change the pitch of their propellers.

First, they get off the ground hundreds of feet sooner than they used to.

Second, they can stretch their gasoline by setting propeller blades at just the right "pitch" for cruising.

So Buick engineers asked themselves—"If you can do it with air, why can't you do it with oil—the oil inside a Dynaflow Drive?"

And to make a long story short—they could, and they did.

They designed and engineered the propeller-like blades inside the "stator" of a Dynaflow Drive so they can change their pitch as much as 75 degrees.

That provides one setting for more-miles-per-gallon, and another for an instant safety-surge of power when it's needed.

All you have to do is push the accelerator pedal down to the last half-inch beyond the full throttle position—and a-way you go!

Of course, there's a lot more to make a visit to our showrooms the "must" of the new-car year.

There's a step-up in styling as sensational as the step-up in power.

And the step-up in horsepower is this: 236 in the ROADMASTER, SUPER and CENTURY—188 in the low-priced SPECIAL.

Pay-off on progress!

Buicks today go a lot farther on a gallon of gas, thanks to constant improvement in Dynaflow and in engine design. Even the new 236-hp ROADMASTER averages 4.8 more miles per gallon than Buicks of six years ago.

But the thrill of this year is Buick's latest engineering "first"—and what it does for the man or woman who drives the latest and greatest Dynaflow Drive.

*Standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is BUICK

OIL NEWS

New Fight Looms On Natural Gas Act

By CHARLES HASLET

WASHINGTON, Nov. 20 (AP) — A new congressional fight appears to be shaping up over the Natural Gas Act.

Legislators from oil and gas states are lining up behind a move designed to offset the Supreme Court's recent decision that the act gives the Federal Power Commission (FPC) authority over the price of all natural gas flowing into interstate commerce.

Rep. Burleson (D-Tex) says he will propose an amendment to exempt "small" independent gas producers from federal regulation. Similar legislation probably will be introduced by other members of Congress, in both Senate and House. Lawmakers from oil and gas states say they hope to unite behind one or another of these proposals.

Such legislation is certain to run into strong opposition from members of Congress from strictly gas consuming states. This was the case in 1950, although Sen. Kerr (D-Okla) succeeded in getting similar legislation through Congress only to have it killed by President Truman's veto.

Rep. Steed (D-Okla), who has declared his support for such a legislative move, says opponents' arguments that the proposal would mean higher gas prices are "just a bill of goods."

Failure of the Kerr Bill in 1950 had just the opposite effect, he asserted.

"Gas prices have gone up, not down," he continued. "The additional cost to consumers that has come since then should convince the consumer that the position we took was for their good."

Sen. Daniel (D-Tex) says he'll be active in efforts to get the amending legislation through the Senate. Just who will introduce the proposal in the Senate hasn't been decided. Senators from oil and gas states probably will agree on one of their number for the job.

Burleson disclosed that he also plans to introduce a bill to curb imports of petroleum and petroleum products. He said he prefers a reduction based on percentage of demand rather than a tariff approach.

Steed said the results of a study by a cabinet level committee would have a bearing on any legislation to reduce imports. The committee, studying problems of oil, gas and coal industries, expects to make a report next month.

In addition, he said, there is hope that some voluntary action within the industry itself may take care of complaints of some independent producers that imports should be restricted.

Headlee Field Extension Seen In Texaco Strike

The deep Midland Trend may have been extended four and a half miles north with the completion of the Texaco No. 1 Texas-Magnolia-Sallie W. Ratliff, Ellenburger strike in East Ector County 16 airline miles west of Midland.

The discovery, four and a half miles north of the Headlee-Ellenburger field, was completed for a 24-hour flowing potential of 580 barrels of 54.5-gravity oil. The flow was through a 48-64-inch choke and casing perforations from 13,560-580 feet. Pay had been acidized with 1,000 gallons. Gas-oil ratio was 1,136-1.

Location is 671 feet from south and 1,948 feet from west lines of section 25-42-tls-T&P.

North Sutton Gas Field Completes Extender

The Sonora-Canyon gas field of North Sutton County has been extended a mile northeast by Superior Oil Co.

The concern's No. 1-13 Ben F. Meckel, 330 feet from south and 4,960 feet from west lines of section 13, GC&SF survey, was completed for a calculated absolute open flowing potential of 1,600,000 cubic feet of gas per day.

Production is through perforations from 5,560-576 feet and from 5,640-650 feet. Completion was natural.

New Location Is Set In Southeast Scurry

Tayor Oil & Gas Co. of San Angelo has announced location for a new test in the Kelley-Snyder Southeast field of Scurry County, the No. 5-A Winston Brothers.

Location is 660 feet from south and west lines of section 11, tract 68, J. P. Smith survey. That is three and one-half miles southwest of Snyder and on a 640-acre lease. Rotary tools are to be used to drill to 7,600 feet, with operations scheduled to start by November 20.

Rotary Rig Activity Up

A year-end flurry of drilling activity brought an increase in the number of rotary rigs active during the two-week period ending November 10. A total of 473 units were running on that date, compared to 430 on October 25.

Scurry County shared in the increase, gaining five rigs for a total of 13. Howard County also reported 13 rotaries drilling on that date, a gain of nine. Seven counties had more than 20 rigs active. These were Andrews with 82, Coke with 25, Crane with 27, Ector with 27, Gaines with 24, Midland with 26, and Lea County, New Mexico with 60. Andrews County's total was two less than its record of 84 recorded on September 25, but still enough to put it at the top of the heap.

Recent Ellenburger strikes on the Parks Ranch and Dora Roberts Ranch have been responsible for the stepped-up drilling pace in Midland County. It gained five rigs from the October 25 count.

A partial list of Permian Basin counties covered by the survey shows these figures:

County	Nov. 10	Oct. 25
Borden	8	2
Dawson	5	0
Garza	9	26
Howard	13	4
Kent	7	2
Mitchell	5	24
Nolan (west)	6	0

Kelley-Snyder Field Gets New Producer

Sun Oil Co. No. 11-C G. H. Arledge has been completed as a new producer in the Kelley-Snyder Canyon field of Scurry County.

The well flowed 306.95 barrels of 43.4-gravity oil with no water. The flow was through a quarter-inch choke, with gas-oil ratio 881-1. Tubing pressure was 625 pounds and casing pressure 525 pounds.

Production is through perforations at 6,658-700 feet which had been acidized with 2,000 gallons.

The new oiler is 1,666 feet from south and 2,626 feet from east lines of section 185-97-H&TC.

Spraberry Project Set

J. H. Elder of Midland will drill his No. 2-A L. C. Proctor as a 7,800-foot project in the Spraberry Trend Area field of Northwest Reagan County.

Location is 1,996.2 feet from north and 668.5 feet from east lines of section 34-37-t5s-T&P survey, 17½ miles northwest of Stiles.

Failures Are Abandoned In Five Counties

Wildcat failures have been abandoned and plugged in five West Texas counties. They were in Pecos, Crockett, Coke, Andrews and Nolan.

George T. Abell of Midland No. 1 State-Barnes and others in North Pecos County drilled to 4,471 feet in Ellenburger. That formation flowed sulphur water. The wildcat had no shows for production.

It was nine and one-half miles southeast of Imperial and 660 feet from northwest and northeast lines of section 114-10-H&GN.

In West Crockett County, W. D. Lane of Midland and associates No. 1 J. W. Owens drilled to 1,802 feet in barren Permian lime.

It was 12 miles southeast of Iraan and 2,310 feet from south and 330 feet from west lines of section 12-GG-GC&SF.

A. G. Hill of Abilene No. 11 Ralph Harris Estate in Northwest Coke County, 24 miles northwest of Robert Lee, was plugged on a total depth of 6,500 feet in lime. It was 1,980 feet from north and 660 feet from east lines of section 4, Snyder and Von Rosenberg survey.

Hamman Oil & Refining Co. No. 1 J. L. Crump and others, North Andrews County prospector drilled, to 6,062 feet in Glorieta lime. It found a slight show of gas and salt water in that formation. The location was 330 feet from south and east lines of section 19-A33-psl survey and 12½ miles northwest of Andrews.

General Crude Oil Co. No. 1 Emma Faust, Northwest Nolan County explorer five miles north of Sweetwater, bottomed at 7,500 feet in Cambrian sand. None of the formations penetrated logged any shows of production. It was 2,640 feet from south and 1,995 feet from west lines of section 37-23-T&P.

This failure was three-quarters of a mile northwest of the Rowan & Hope-Strawn reef field.

PHD Field In Garza Reports Completion

Lenonie Oil Co. has reported completion of the No. 1 J. L. Hall in the PHD field of Garza County for 136 barrels of oil plus 16 per cent water.

The completion test covered a 24-hour period with the well on the pump. Gravity of the oil was 37.2 degrees. Production is from open hole at 3,563-580 feet where 200 gallons of acid were used.

Location Staked For Venture In Howard

Fleming Oil Co. and Fleming & Kimbell of Fort Worth have set location for the No. 5-E L. C. Denman in the Iatan-East Howard field of Howard County.

It is 330 feet from south and 990 feet from west lines of the northeast quarter of section 16-30-T&P, five miles south of Coahoma. Combination tools are to be used to drill to 3,200 feet, starting at once.

DRILLING REPORT

Union Oil of California No. 1 M. I. Simmons in Northeast Scurry County swabbed 148 barrels of fluid in 18 hours on a recent test. The fluid was said to be 63 per cent water, and was coming from perforations at 6,370-374 feet which had been treated with 500 gallons of regular acid. Operator is continuing to test.

Forest Oil Corp. No. 1 H. H. Eiland, staked as a 7,500-foot wildcat earlier this month, has not yet begun operations. It is to be eight miles southwest of Snyder in section 167-97-H&TC.

* * *

Seaboard Oil No. 1-45 T. J. Good, indicated Borden County discovery, is building tanks. The project is shutin pending completion of the tanks, and is then to run a potential.

Also in Borden County, El Capitan and J. D. Wrather No. 4 Higginbotham is expected to move in rotary tools early this week. Texaco No. 1-C Clayton is drilling below 3,100 feet in lime and shale after cementing intermediate casing. Shell No. 1 Clayton-Johnson is fishing with the hole bottomed at 5,996 feet in lime. Texas Crude No. 1-9 Good, at total depth of 6,576 feet, is also fishing. Tide Water No. 1-A Clayton & Johnson is drilling in lime and shale below 3,627 feet.

287 Oil Wells Are Completed In State

AUSTIN, Nov. 20 (AP)—Operators completed 287 oil wells in Texas this week, sending the year's total to 10,750—nearly 1,600 more than for the comparable period of 1953.

Nine gas wells were brought in, and 102 dry holes were plugged, the Railroad Commission also reported in its weekly review of drilling activity.

The new gas well total for the year is 1,111 compared with 1,013 a year ago.

Of the 287 new oil wells, 26 were wildcat, as were two of the gas wells and 58 of the dry holes.

The total average calendar day allowable as of today was 2,907,365 barrels, up 9,957 from last week.

Shallow Payton Field Given Stepout Test

Zapata Drilling Co. of Midland No. 1-B Lowry is to be a stepout to production in the shallow Payton field of Pecos and Ward counties.

This project is in the Pecos County side of the field and 330 feet from north and west lines of the south half of the northwest quarter of section 79-8-H&GN.

It is slated to dig to 2,200 feet, starting at once. The drillsite is five miles west of Grandfalls.

Many Old Oil Wells Can Be 'Doctored'

By MAC ROY RASOR

AUSTIN, Nov. 20 (AP)—Old oil wells, like most old folks, often have lots of ailments.

But there's often plenty of life left in them both if they can get the proper medical attention.

In the case of oil wells, the "doctor" seldom gets much recognition apart from those vitally connected with the producing end of production.

The University of Texas Petroleum Extension Service has just published a "Primer of Oilwell Service and Workover" that tips its hat to the general practitioner who diagnoses and cures oil well ailments—the well service man.

Debunking the popular theory that an oil well "gushes" year after year like an everlasting fountain of youth with little or no attention, the publication cites that almost all producing wells go on the sick list sooner or later.

To complicate matters, the seat of trouble is almost always underground.

"Some of the operations performed are as delicate as breaking an egg and some require the explosive force of a block-buster bomb. The performance of these operations by remote control in the bottom of a well bore at a distance of a mile or two is one of the minor miracles of the oil industry," says the primer.

While sickness is by no means limited to old wells, it is the old wells that provide some of the greates challenges to the well service man.

Some old wells, of course, turn up their toes and die, usually from a deficiency of oil. But thousands have been saved, their vigor restored and their life prolonged.

A worker is one or more of a variety of remedial operations. Sometimes deepening or plugging back the well is involved. Sometimes it's tapping another pay zone, or just a little repairs to the underground equipment.

So-called stripper wells often yield so poorly they would have to be abandoned except for workovers. Sometimes an eight-barrel-per-day producer can be stimulated to ten times or more its low-ebb output.

The workover is an expensive pill to swallow—$10,000 a dose is not unusual. The primer explains why:

First, a staff of technical men, consulting engineers and geologists must diagnose the trouble and prescribe a plan for the particular well.

Then the well-service and workover contractor is called in. He can offer a rig just right for the job, from a simple $15,000 pulling unit to a completely equipped workover rig representing an investment of $150,000.

The trucking contractor may use equipment valued at $50,000 in getting the rig in location.

As the job progresses, it may use a logging truck ($40,000), a perforating truck ($20,000), a cementing truck ($50,000), fracturing equipment ($50,000), and a host of other specialized services.

Fifty or more highly-skilled specialists may have a hand in the job.

But the high cost will frequently pay out, with today's tremendous demand for oil. Though few stop to realize it, workovers are helping to see that no oil is by-passed, that every recoverable drop is surfaced.

Oil men call it a good deal—good for the industry, good for the landowners and good for the nation.

President Helps Start Christmas Seal Sale

WASHINGTON (AP) — President Eisenhower bought $5 worth of Christmas seals today to launch the annual drive for funds to fight tuberculosis.

Dr. Esmond R. Long, director of medical research of the National Tuberculosis Assn., made the sale at the White House. Long was once a TB patient himself, while a medical student at the University of Chicago.

The public drive for funds will be conducted by 3,000 tuberculosis associations throughout the country beginning Nov. 22.

Pegasus Field Test Slated For Midland

Midland County gained another deep prospector Friday with the staking of Magnolia Petroleum Co. No. 32-A John Windham, slated 10,400-foot project in the Pegasus-Pennsylvanian field in the southwest part of the county.

Location is 660 feet from south and west lines of section 20, block 40-t4s-T&P, 17 miles south of Warfield.

SPORTS

Jack Spikes, one of the top performers for either team, lunges for the goal line in the second quarter of Friday night's football game between the Snyder Tigers and Big Spring Steers. Although Big Spring fullback Truett Newell, left, hit Spikes on the one-yard line, the bruising Tiger back scored his team's first touchdown, which gave the Bengals an 8-7 lead they held until the fourth quarter. Big Spring rebounded in the fourth to win, 32-15. (Lee Watson photograph)

Last Quarter Surge Sinks Tigers, 32-15

If the Snyder Tigers could take their choice of quarters and leave one out of every game, it would make a big difference.

Each time the Tigers have lost a district game this season, it has been because of what happened in a single quarter. No team has whipped them throughout the game. Take the second quarter out of the Snyder-Breckenridge game and Breck would lose four touchdowns.

If they were taking a quarter out of the Snyder-Big Spring game, which was played Friday night, they would have a win. The Tigers went into the fourth quarter of that game leading 8-7. Suddenly something exploded. By the time the game ended, Big Spring had the Tigers 32-15.

Contributing to this was the injury of halfback Joe Baxter in the second period and of end Don McNew in the third. Fullback Jack Spikes was also slightly hurt. McNew was hospitalized at Big Spring with an arm bone out of place. At last report, it was believed that Baxter had a torn leg muscle.

Big Spring simply outlasted the Tigers, who had them beat, but barely, in score and statistics for those three quarters. The fourth period saw the Steers' mighty halfback, Frosty Robison, spearhead a drive from the Big Spring five to the goal line, including a 76-yard run to the Snyder 18 stopped by Alan Snead; a 62-yard scoring run by Steer halfback Brick Johnson; another 62-yard run for a score by Robison; and a score on a one-yard plunge by Steer quarterback Tommy McAdams following a pass interception. Powell Berry threw the pass from the Snyder 28, and Truett Newell intercepted for one of two times during the night.

The game opened with the two teams rocking up and down the field, each holding the ball twice and not scoring. The third time the Tigers had the ball, they made the initial first down of the game but later punted from the Big Spring 49. Alan Snead booted the ball to the Steer five, where it was taken by Ronnie Wooten. Spikes rushed down and pushed him into the end zone for a two-point safety.

Taking the following kickoff, the Tigers started from the Steer 49 but fumbled. Big Spring took over on the Snyder 42 and drove to the Snyder 13, where Robison went through the middle for a score. Glenn Jenkins kicked the first of two extra points of the night, and the Steers led 7-2.

That happened just as the first period ended. Early in the second, Newell picked a Bernie Hagins pass out of the air, but the Steers fumbled on their second play and

GAME IN FIGURES

	SNYDER	BIG SPRING
First downs	10	18
Rushing	159	367
Pass attempts	8	4
Complete	0 3-71	1-10
Intercepted by	1	4
Fumbles	5	2
Own recovered	2	2
Punts, avg.	6-42.0	3-43.6
Penalties	1-5	4-40

Spikes recovered. The Tigers started a drive from their own 44 and worked down to the Steer two, with Spikes and Jimmy Bennett leading the drive. Spikes carried the ball over for the last two yards. Joe Reaves missed the point kick, so the Tigers had the 8-7 lead with six minutes to go in the half. Big Spring did not score again until there was eight minutes left in the game, so the Tigers had that lead for almost two quarters.

Before the half ended, each team intercepted the other's pass. Snead got one thrown by McAdams, stopping a drive which had moved to the Snyder 35, while Robison got one thrown by Hagins after the Tigers had worked to the Big Spring 41.

The see-sawing began again after the half, each team holding the ball three times without scoring. The Tigers did get one fair drive started near the end of the period, starting from their own 26 and working to the Steer 35 before having to punt. One of the night's two passes completed by the Tigers came during that drive, with Hagins tossing to Snead for nine yards. As the fourth period opened, Snead punted, and that was when the Steers started the first of its four scoring drives of that quarter. On the first play, Robison broke loose and carried to the Snyder 18, a distance of 76 yards, before Snead caught him. The two-yard scoring play came on a fourth down. Jenkins' kick was blocked by James Parker, and the Steers led 13-8.

After another Tiger punt, the Steers made a 74-yard scoring drive, with Johnson's 62-yard run for a touchdown coming in that one. Jenkins' kick was good to make it 20-8. The Tigers fought right back, however, taking the kickoff back to their own 38. Bennett took a pitchout from Hagins and tried a pass, but Snead had two defenders around him to knock the ball down. On the next play, Hagins let loose with a long one to Bennett, who caught it and sped out in front of the Steers' last defenders to score and make the play good for 62 yards. Reaves' kick was good for the point to close the score up to 20-15.

Big Spring had the ball only two more times and scored on both of them. The first was Robison's 61-yard run on the first play after the kickoff. The next was in three plays on a drive totaling 13 yards after a pass interception, with McAdams taking it across.

The Tigers, with only 50 seconds to go in the game, made a desperate attempt to score again, and a double reverse play from Berry, who was then at quarterback, to Hagins, then at halfback, to Bennett paid off in 28 yards to the Big Spring 48. There was time for only one more play, however, and Berry's pass was intercepted by Wooten.

Bennett led Snyder rushing for the night with 90 yards in eight carries, followed by Spikes with 59 in 15. Robison racked up 222 yards in 19 carries for the Steers, followed by Johnson with 107 in 13 carries.

Both Snead for Snyder and Robison for Big Spring did excellent punting for the night. Snead kicked six times and averaged 42 yards, while Robison had an average of 43.6 on three boots.

Baxter and McNew both played outstanding defensive games before going out with injuries. Spikes might be called the standout of the night on defense. He got in on many of the tackles on both sides of the field, got the safety for the Tigers, and even once kicked-off and nabbed the player returning the kickoff for a loss. Steve Blair, a standout on offense and defense for the season, got in on more tackles than did anyone else, while Frankie Minton, Milton Ham, Snead, Doug James, and Shorty Grimmett were among other top defenders. Blair, Minton, Parker, and James were top blockers of the night. Most of the Tiger gains were made through the line.

ABOVE THE BLEACHERS

By DALE WALTON

Tickets will go on sale early tomorrow morning for the Snyder-Lamesa game.

The game will be played Thursday afternoon at Lamesa. Art Nicholas, school business administrator, said there are 650 reserved seat tickets available here for the game, as well as 500 student tickets.

The tickets will be sold at the office of Forrest Beavers in the courthouse beginning at 9 o'clock tomorrow morning. They will remain on sale through Wednesday afternoon.

• • •

You've heard of having the team that beat the team that beat the team.

That's what Snyder had, and right now just about any team in the district can make the same kind of comparsion.

For instance, Snyder has the team which beat Vernon, which beat Sweetwater, which beat Breckenridge. Or, you could put it this way, with Lamesa beating Plainview, which beat Sweetwater, which beat Breckenridge.

The Southwest Conference has nothing on this district.

As the district now stands, Big Spring and Breckenridge are now tied up with four wins, one tie, and one loss each. Sweetwater is next with a 4-2 record, while Vernon has three wins, two ties, and one loss. Levelland has two wins, two ties, and two losses. Snyder is still in sixth place with two wins and four losses, with Lamesa and Plainview tied for last place with 1-5 records.

• • •

Upsets are in style again this year, as you've noticed, so the Snyder Tigers will have to watch out for Lamesa Thursday.

The Lamesa team, while it had many bad losses, beat Plainview as much as did the Tigers and lost to Big Spring by only one touchdown.

The Tordnadoes will be playing at home on Thanksgiving Day, so they will be trying their bet. The Tigers will, too, and they have the advantage of a slightly stronger team. Mix that advantage with Lamesa's playing at home on Turkey Day, and you have a good game.

Hobbs Cagers Win, 40-39

The Hobbs Panthers edged Girard 40-39 Friday night in a non-district basketball game.

The game was nip-and-tuck all the way, with neither team leading more than six points at any time. Girard led 20-17 at halftime.

As the game drew to a close, Hobbs was one point behind and was awarded two free throws. Both were missed, but as the second one rolled off the rim of the basket, Byhum Miers rebounded for a field goal and the one-point win.

Durward Hopper led scoring for Hobbs with 16 points, while Miers was second with 10. Spradling led Girard with 10 points. This gives the team a 1-1 record.

The Hobbs girls won their game, buy but a more comfortable margin. The score was 49-37. Hobbs led that game all the way. The Hobbs team was ahead 24-17 at halftime. Delphine South led Hobbs scoring with 24 points, followed by Barbara Sellers with 12. Zona Phillips was top Girard scorer with 11. This team also now has a 1-1 record.

The teams' next games will be Nov. 30 at Hobbs with Roby as the opponent. W. C. Hodges coaches the boys, while G. C. Herring is girls coach.

Title Race Endures Until Final Games

There's one thing for sure in District 3-A football. No team has a cinch on a district title until the last game is played in most years. That's the way it is this time. Each team has just one game to go, and two of them, Breckenridge and Big Spring, are tied up for first place.

It would be almost a miracle if Big Spring won the title, but it was almost one that Breckenridge got beat Friday night. The Buckaroos were not the losers just because Sweetwater lucked out, because the Mustangs whipped them all over the field, winning 18-14. While that was going on, Big Spring was beating Snyder 32-15, Levelland and Vernon were tying 6-6, and Lamesa was downing Plainview 34-13.

Frank Smith led the way to the Sweetwater win from his quarterback spot. He scored all the Mustang touchdowns, one of them on a 67-yard dash and the others on short runs. Sweetwater tailed 14-6 at halftime after leading 6-0 at the end of the first quarter, but the Mustangs came through with a touchdown in each of the last two periods.

Smith made his 67-yard scoring run in the first quarter. In the second, Breckenridge drove 72 yards for a score to tie the game, with Clyde Harris taking the last 39. John Henry Cotton booted the extra point to make it 7-6. Breck moved out in the second when Tommy Beasley took a pass from Bennett Watts and scored on a play good for 54 yards. Harris kicked the point.

In the third, Sweetwater made it 14-12 when Smith passed twice to Robert Brothers for a total of 37 yards in one drive and set up a touchdown. Smith went over tackle for five yards and the score Sweetwater got the ball in the fourth when Watts fumbled on the Sweetwater one-yard line. Sweetwater drove all the way from there, with Smith going around end for the last 12 and the score.

Vernon moved from behind in the last period to tie Levelland. Levelland had scored following the opening kickoff, driving to the two-yard line and sending Joe Kennedy across with the ball. The game rocked along that way until the fourth, when Vernon drove 91 yards to score. Jerry Pearson passed 20 yards to Bob Harvey for the tally.

Lamesa held Plainview scoreless for three periods in winning its first district game. Lamesa had the Bulldogs 21-0 going into the fourth. Conrad Alexander had plunged one yard in each of two touchdowns and eight in another, with Kenneth Bartlett kicking the points. As the fourth opened, Donnel Echols scored again to cap a 64-yard drive.

Plainview got into the game in that quarter, with Lonnie Holland carrying the last 18 of a 75-yard drive. Lamesa scored again, with Doyle Chapman passing to Bartlett, who also converted. Plainview then drove 83 yards, with Holland passing to Don Staggs 20 yards for the other tally. The point kick was by Jack Williams.

BOWLING

OIL LEAGUE

Last week's results — SACROCers 2,690, 3 points, Sun Pencilpushers 2,658, 1 point; Sun Pipeline No. 1 2,434, 3 points, Sun Pipeline No. 2 2,422, 1 point; Sun Pickhandles 2,549, 2 points, Sun Valvetwisters, 2,533, 2 points.

Season's best — team game, SACROCers 960 on Oct. 21; team series, SACROCers 2,808 on Nov. 4; individual game, Bell of SACROCers 252 on Nov. 4; individual series, Bell of SACROCers 700 on Nov. 4.

This week's schedule — No games; next bowling set for Dec. 2, with Pipeline No. 1 vs. Pencilpushers in afternoon. Pickhandles vs. SACROCers and Valvetwisters vs. Pipeline No. 2 in evening.

League standings — SACROCers 21, Valvetwisters 20, Pencilpushers 12, Pickhandles 12, Pipeline No. 1 11, Pipeline No. 2 8.

CITY LEAGUE

Last week's results — Chuck Wagon 2,597, 4 points, Bull's Service 2,433; Goss Car Lot 2,835, 4 points, Weber Insurance 2,437; Gordon's Grill 2,554, 2 points, Williams Jewelry 2,556, 2 points; Blakely Service 2,652, 4 points Snyder Wholesale 2,369.

Yale Tumbles To Harvard

CAMBRIDGE, Mass., Nov. 20 (AP)—Senior wingback Frank White, playing for Bob Cowles, injured on the opening kickoff, threw a 40-yard scoring pass to end Bob Cochran with less than 5 minutes to play today as Harvard staged a magnificent comeback to defeat Yale 13-9.

The victory brought Harvard's first Big Three championship since 1941 and may have cost Yale a clear hold on the Ivy title.

Trailing 9-0 as the fourth period began, Harvard drove 80 yards for its winning score with sophomore Jimmy Joslin, at tailback for Matt Botsford, who was hurt on Yale's touchdown, putting on a sensational display of football skill and grit.

It took the Crimson 6 plays to score with the key play, a fourth-down, 2-yard gamble by Joslin who made the first down at Yale's 40 on the play before the winning pass.

Harvard had closed the gap to 9-7 with 34 seconds gone in the final period as sophomore fullback Tony Gianelly fought his way over from the 1.

The drive began after Harvard took a short punt on the Yale 28 and featured Joslin's 13-smash to the 10. It was Joslin again for 9 yards over right guard and on the same type of play Gianelly scored.

Kentucky Nips Vols By 14-13

KNOXVILLE, Tenn., Nov. 20 (AP)—Quarterback Bob Hardy ran and passed Kentucky to a 14-13 football victory over Tennessee today to keep alive the Wildcats' hopes for a post-season bowl game.

Kentucky came from behind twice to overcome Tennessee for its second triumph in a row over the Vols and its first on the Vols' home field since 1924. Reserve quarterback Delmar Hughes' second conversion was the margin of victory.

The bitterly-fought game was played on a rain-soaked field before a screaming crowd of 32,000.

Hardy, who went into the game with brilliant passing record of 55 completions in 104 tosses, completed only two of five today. But one of the two was a brilliantly executed 22-yard scoring toss to end Howard Schnellenberger late in the fourth period when it seemed Tennessee might come off with a mild upset.

Rutgers Finally Wins

NEW YORK, Nov. 20 (AP)—John Fennell, a senior quarterback from Wyoming, Pa., led Rutgers to its first victory over Columbia since 1891 today, 45-12, by scoring twice and throwing one touchdown pass.

Port Neches Only Champ Back In Race

By The Associated Press

The upper divisions of Texas schoolboy football pave the way for the start of state championship playoffs this week with half the district championships to be decided.

Only one defending state champion will be in the field. That is Port Neches, kingpin of Class AAAA last season, which won its way back into the title fight last week as it crushed Texas City 46-14 for the district championship.

Lamar of Houston, the Class AAAA champion, won't be back. Lamar took a 16-14 drubbing from Austin of Houston Friday night and lost its chance at the district title.

Three undefeated, untied teams are left in the two classes as the final week of the regular season comes. They are Galveston, the Class AAAA championship favorite, and Garland and Lufkin in Class AAA. The latter two must win games this week to take their district championships. Galveston finished its regular schedule last week.

Abilene, another of the title favorites, took its district crown Friday night by knocking Midland from the unbeaten, untied ranks 28-14.

Another well ranked team in the AAAA championship playoffs is Waco, which wound up its district schedule last week by beating Austin of Austin 26-6.

Austin of El Paso and Austin of Houston won district championships last week.

In Class AAA Sherman, Port Neches and Alamo Heights of San Antonio sacked up district titles. Five more are to be determined this week to complete the state playoff bracket.

An upset last week was the defeat of Breckenridge by Sweetwater 18-14 to throw the District 1 race into a jumble. Breckenridge can win it, however, by beating Vernon next Thursday.

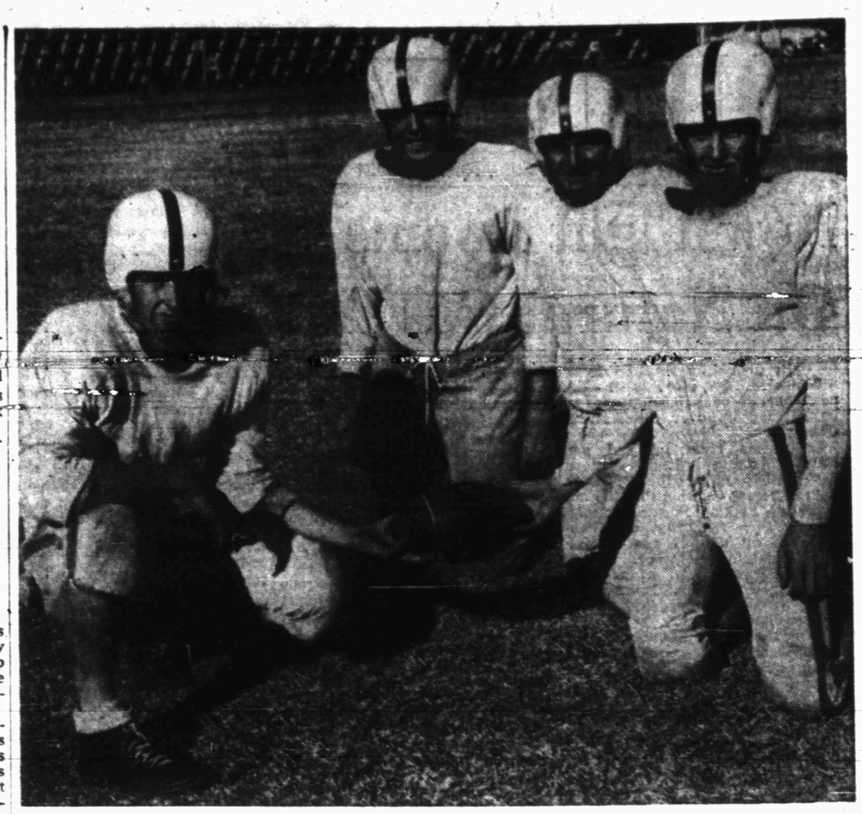
The week's schedule by districts (all games conference):

CLASS AAAA

1. Thursday: Amarillo at Lubbock, Borger at Pampa, Midland at Odessa, Abilene at San Angelo.
2. No games.
3. Thursday: Fort Worth Paschal vs Fort Worth North Side; Friday: Fort Worth Poly vs Fort Worth Arlington Heights.
4. Wednesday: North Dallas vs Dallas Hillcrest; Thursday: Dallas Crozier Tech vs Dallas Forest (morning), Dallas Woodrow Wilson vs Dallas Sunset (afternoon), Dallas South Oak Cliff vs Dallas Adamson (night).
5. Thursday: Wichita Falls at Dallas Highland Park.
6. Thursday: Corpus Christi Ray vs Dallas South Oak Cliff vs Dallas Adamson (night).
7. No games.
8. No games.

CLASS AAA

1. Thursday: Vernon at Breckenridge, Sweetwater at Big Spring, Snyder at Lamesa, Levelland at Plainview.
2. Wednesday: Cleburne at Garland, Thursday: Arlington at Grand Prairie, Irving at Pleasant Grove.
3. Friday: Denton at Sherman, McKinney at Paris, Gainesville at Denison.
4. Thursday: Texarkana at Kilgore, Nacogdoches at Lufkin, Marshall at Longview.
5. Wednesday: Austin McCallum vs Austin Travis.
6. No games.
7. No games.
8. Thursday: Pharr-San Juan-Alamo at McAllen.



Chosen to the first team of the District 6-B all-stars this week are these four Hermleigh gridders, who will be leading the squad in the bi-district playoff Thursday afternoon. Left to right are back Wendell Goodman, end Neal Wilcox, tackle Gus Tolleson, and guard Jay Houston. (Lee Watson photograph)

Pirates Get First Choice

By JACK HAND

NEW YORK, Nov. 20 (AP)—The Pittsburgh Pirates, last in the National League for three straight years, get first pick Monday in the annual player draft of 3,640 eligible minor leaguers.

After holding their draft in conjunction with the minors' annual convention for two years, the majors return to their old custom of holding their own session.

All indications point to a light draft, comparable to the 1953 selections when only 13 players were taken for $132,500. In 1952 at Phoenix only 11 were picked, the lowest since 1945. However, there are a few prizes in the minors because few players have been sold this fall.

In addition to the draft meeting, conducted by Commissioner Ford Frick at the Biltmore Hotel, starting at 11 a.m. (EST), the National League will hold a special meeting.

Although the National League executives say they will discuss only such things as changing the constitution and bylaws, there have been reports that such matters as franchise shifts to California or expansion to a 10-team league will be tossed around.

As far as is known, the American League has not scheduled a meeting.

Both leagues obviously are eyeing the lush pastures of Los Angeles and San Francisco for future expansion. Each league already has made provisions to expand to 10 teams, if and when. Recent action by the West Coast cities, to raise money to build new ball parks when franchises are promised, has spurred new activity.

Trinity Rips NTS For Title

DENTON, Tex., Nov. 20 (AP)—Trinity University won its 15th straight game and second Gulf Conference championship in a row here this afternoon with a 13-0 victory over North Texas State.

The Tigers scored in the second and third quarters and threw up a stubborn defense that blanked the Eagles for the second time this year.

North Texas stayed in trouble much of the first half but stopped Trinity on the 27 and 12 yard lines.

The Tigers scored on the first play of the second quarter after Bob Sweet returned a punt from his own 36 to the North Texas 38.

Seven running plays provided three first downs and put the ball on the one-foot line. Quarterback Charles Arnecke dived over for the score. He missed his extra point try.

Sammy Knox fell on a North Texas fumble on the Eagle 42 in the third period to start another Trinity scoring drive which ended when Mike Trcka sped over the goal from the five. Sweet kicked the point.

In the fourth period, North Texas moved to the Trinity five before losing it on downs.

Four Cardinals On All-District Team

Four Hermleigh gridders have been named to the all-district 6-B team by coaches of the district.

The four are Neal Wilcox, 190-pound senior end; Gus Tolleson, 170-pound sophomore tackle; Jay Houston, 148-pound senior guard; and Wendell Goodman, 170-pound senior back.

Players from Hermleigh, Loraine, Robert Lee, and Bronte all made the first team. Others chosen to the team were Kenneth Harris, Loraine, 170, end, senior; Jackie McDonald, Loraine, 218, tackle, senior; Don Bell, Robert Lee, 190, guard, junior; John Miles, Loraine, 150, guard, junior; Harold McCutcheon, Bronte, 182, center, senior; Arbie Phillips, Bronte, 174, quarterback, senior; Lynn Davidson, Robert Lee, 160, back, senior; and Roy Johnson, Loraine, 165, back, senior. There were three guards chosen. Houston had a unanimous vote, while Bell and Miles tied.

Three Hermleigh footballers were on the second team. They were Alvis Tarter, 158-pound senior center; Robby Robison, 174-pound sophomore quarterback; and Billy Mac Davidson, 165-pound sophomore back. Also on the second team were two Hobbs players, Mack Etheredge, 158-pound sophomore end, who was tied with Dean Scott of Bronte; and Don Etheredge, 160-pound junior guard.

Others on the second team were Tommy Toliver, Trent, end; Beauford James, Bronte, tackle; Bill Simpson, Robert Lee, tackle; Stanley Phillips, Bronte, guard; Dennis Braswell, Bronte, back; and Eddie Galvan, Loraine, back.

On the honorable mention list were Jerry McWilliams, Trent, end; Billy Wrinkle, Bronte, tackle; Lee Roy Masters, Hobbs, tackle; Ronnie Freeman, Trent, guard; Roland McArthur, Robert Lee, center; Ben Bessent, Robert Lee, back; Jimmy Hall, Loraine, back; J. B. Sweeney, Trent, back; Ralph Hardin, Hobbs, back; Kenneth Scott, Robert Lee, back; Sherman Williams, Robert Lee, back; and Jimmy Hobbs, Trent, back.

The Hermleigh team, which tied with Loraine for district championship, will represent the district in playoffs because it defeated Loraine. The squad will leave Wednesday for Van Horn, which is the Hermleigh opponent in the bi-district game Thursday.

Syracuse Grinds Out Victory Over Rams

NEW YORK, Nov. 20 (AP)—Syracuse's grinding ground attack powered principally by a couple of 190-pound-plus backs, Ray Perkins and Bill Wetzel, and two costly Fordham fumbles, gave the Orangemen a 20-7 victory today in the gloomy fog and drizzle of the Polo Grounds.

The Orangemen, who had been unable to win against Fordham in two previous games at the home of the New York Giants, were the masters for the first three periods today as they took advantage of Ram miscues to roll up a 20-0 advantage.

Terriers Win, 19-7

PHILADELPHIA, Nov. 20 (AP)—Boston University completed the winningest season in its history by whipping Temple 19-7 before 3,500 here today at foggy and rain-soaked Temple Stadium. It was the final game of the season for both teams.

GRIDDERS HONORED

Sammy Berry, son of Mr. and Mrs. E. V. Berry, Lamesa Highway, was one of the gridders honored at the annual junior high school football banquet Thursday night at the high school cafeteria. Sammy played with a junior high team before it was necessary for his right arm to be amputated this year. He spoke briefly to the banqueters after being introduced by Herman Trigg, left, junior high school principal and toastmaster for the banquet. (Lee Watson photograph)

Baylor Whacks Ponies To Put Hogs In Bowl

By HAROLD V. RATLIFF

DALLAS, Nov. 20 (AP)—Del Shofner, a loose-jointed sophomore with larceny in his heart, and senior Billy Hooper, the faker, feinter and passer of Baylor's thunderous split T attack, combined to lash Southern Methodist 33-21 today, knocking the Methodists out of the Southwest Conference football race and putting Arkansas into the Cotton Bowl.

Shofner intercepted two passes, running one back 87 yards for a touchdown and using the other to set up another touchdown, and also chipping in with the 35-yard run that led to still a third. Hooper's passing and running accounted for the other two scores.

It was a bitter battle and at the finish a half-dozen Baylor and Southern Methodist players engaged in a fight on the field. Reuben Saage, Baylor fullback, and Carl Shannon, guard, and Ed Bernet, end, on the SMU team, did the most of the punching. Coach Woody Woodard of SMU rushed out and broke it up.

It had been a particularly hard-hitting game and there were several penalties for roughness.

	SMU	Baylor
First downs	12	15
Rushing yardage	170	246
Passing yardage	99	127
Passes attempted	18	14
Passes completed	7	4
Passes intercepted by	0	4
Punts	7	5
Punting average	28.0	33.0
Fumbles lost	0	2
Yards penalized	20	75

A crowd of 47,000 saw SMU take a 14-0 lead in the first nine minutes then crumble before the vicious comeback of the versatile Golden Bears.

Arkansas "backed" into the Cotton Bowl. Taking a 7-6 licking from Louisiana State in an intersectional game, the Razorbacks found they were in the Dallas New Year's Day game because Baylor had knocked SMU from the lead. Baylor also can tie for the championship by beating Rice next Saturday but Arkansas is in the Cotton Bowl anyway since it beat Baylor in regular season play. Arkansas has a 5-1 record in conference warfare.

Duane Nutt, the SMU quarterback, was the goat of the game. It was his passes that Shofner intercepted and it was a poor punt by Nutt that traveled only 12 yards that set up a Baylor touchdown.

Frank Eidom, the powerman of SMU's backfield, was great in defeat but he was about the only man for SMU who could move consistently against the tight-fisted defense the Golden Bears threw up after the shock of SMU's two quick touchdowns.

SMU drove 78 yards for a touchdown the first time it had the ball with Nutt climbing over center from a yard out. A wild lateral from Hooper, caused when the Baylor quarterback was hit by the aggressive SMU center, Burleigh Arnecke, set up the second Methodist touchdown. Bernet recovered on the Baylor 16. Eidom ran for six and took a pass for the remaining distance.

Baylor came back to drive 66 yards for a touchdown with Saage driving over from the SMU four, then came Shofner's interception on which he ran 87 yards to score.

The Bears went ahead just before the half ended, cashing in on Nutt's poor kick that gave Baylor the ball on the SMU 45. Hooper passed to Saage in a play that carried to the 14 and Shofner and Weldon Holley hammered to the one from where Shofner bounced over.

In the third period, Shofner intercepted Nutt's pass and ran to the SMU 49, then, with Hooper passing and L. G. Dupre running, the Bears sailed smoothly to a touchdown. It was made on a 6-yard assault by Dupre over the Methodist left tackle.

Baylor brought it to 33-14 early in the fourth period as Hooper and Saage led a surge that rolled 72 yards. Holley rammed right tackle from the two for the score.

Baylor	6 14 6 7 — 33
SMU	14 0 0 7 — 21

Baylor scoring: Touchdowns, Saage, Shofner 2, Dupre, Holley. Conversions, C. Smith 3.

Southern Methodist scoring: Touchdowns, Nutt, Eidom, Marshall. Conversions, Bernet 3.

Sub Fullback Leads Rice Owls To Win

By MAX B. SKELTON (AP)

HOUSTON, Nov. 20 (AP)—Jerry Hall, taking over just before game time when the regular fullback was disciplined, teamed with dependable Dicky Moegle today to give Rice a 6-0 Southwest Conference victory over Texas Christian.

After driving 57 yards in the first quarter for the game's lone touchdown, Rice had to call on its best defensive efforts to stop three serious TCU threats inside the 10-yard line.

The clock stopped the Horned Frogs on the 6 at the end of the second period. A 91-yard fourth quarter drive was stopped on the 1. As the final gun sounded, TCU, on fourth down, threw an incomplete pass from the 8.

Hall, in three plays, accounted for 46 of the 57-yard Rice touchdown drive but quarterback Atchley Proctor plunged over from the one on a keeper. Tackle Dick Laswell broke through to block Hall's extra point attempt.

A sophomore in eligibility despite three years on the Rice campus, Hall took over for Mac Taylor, the regular fullback who was not in uniform.

In the dressing room after the game, Coach Jess Neely said Taylor, a 185-pound junior from Lubbock, and Larry Lundstedt, a senior reserve center from Austin, had been disciplined for missing a dormitory check.

Neely said both players were "off the squad" for the remainder of the season. Rice has one remaining game, against Baylor next week at Waco.

Hall was the leading ground gainer with 124 yards in 21 carries.

Moegle had 100 yards in 17.

A 194 - pounder from Palestine, Hall broke an ankle during spring training of his freshman year and missed the 1953 campaign.

In today's touchdown drive, he broke loose for 36 yards to the TCU 21 and then added a 10-yarder for a first down on the 3. Moegle was tripped on the 1 before Proctor carried over.

TCU got inside the Rice 30 three times in each half, primarily on the power of fullback Henry Crowsey, the Frogs' leading gainer with 103 yards in 15 tries.

Except for the scoring drive, Rice made only two serious threats. Both were stopped by fumbles, on the Frog 15 in the second period and on the 8 in the fourth.

TCU	0 0 0 0 — 0
Rice	6 0 0 0 — 6

Rice scoring: Touchdown, Proctor.

	Rice	TCU
First downs	10	17
Rushing yardage	288	300
Passing yardage	0	74
Passes attempted	2	15
Passes completed	1	7
Passes intercepted by	1	1
Punts	6	5
Punting average	29.3	36.0
Fumbles lost	2	2
Yards penalized	40	30

Bruins Blast Southern Cal

LOS ANGELES, Nov. 20 (AP)—The unbeaten Bruins of UCLA blasted Southern California 34-0 before 102,548 fans today to win the Pacific Coast Conference championship for the second straight year.

Rounding out a perfect nine-game season before the largest football turnout in the nation this year, the Bruins fired a touchdown shot through the air that actually won the game in the first seven minutes. It was a pass play for 46 yards from little halfback Primo Villanueva to end Bob Heydenfeldt.

Held scoreless the second and third quarters, UCLA buried the Trojans under a barrage of four touchdowns in the fourth to keep alive the Bruin bid for the mythical national collegiate championship.

The Trojans marched across the midfield stripe for the first time late in the third period on a pass interception by center Marvin Goux and then moved from the UCLA 44 to the Bruin 8, first down with a touchdown opportunity.

Irish Topple Iowa, 34-18

IOWA CITY, Iowa, Nov. 20 (AP)—Vengeance-bent Notre Dame pounded Iowa 34-18 today and exacted rich revenge for the famous 14-14 tie that cost the Irish the national football championship a year ago.

Notre Dame, under the cunning leadership of Ralph Guglielmi, the passing genius, roared through Iowa for a 34-6 lead midway through the final quarter. There was no need this chilly, crips day for the feigned injuried that stopped the clock last year to give the Irish the precious time necessary for tying touchdowns.

Only in the late stages did Iowa ramble through Notre Dame to furnish some consolation to the Iowans in the crowd of 52,756, a sellout gathering that had been assured when the tickets first went on sale last July.

Coach Terry Brennan's Irish lads were in command all the way until they were far out of danger and both squads were dominated by reserves in much of the late going. Terry did hustle in his first team when Iowa threatened a fourth touchdown, a maneuver that died with the final gun on the Notre Dame 5.

John L. Sullivan earned more than a million dollars during his lifetime, but only a small part of it came through is ring efforts. the largest portion came from theatrical and lecture tours.

Bucks Take Big 10 Title, Trip To Bowl

By FRITZ HOWELL

COLUMBIA, Ohio, Nov. 20 (AP)—Ohio State's unbeaten Buckeyes made good on a four-way bid for gridiron glory here today, coming from behind with two long touchdown drives in the final period to defeat Michigan 21-7. A crowd of 82,438, and a national television audience saw the game.

The conquest gave the brilliant Buckeyes the undisputed Big Ten championship, a berth in the Rose Bowl, a hefty claim to the national title, and their first unbeaten, untied season in 10 years.

In beating Michigan for only the third time in 12 seasons, Ohio became only the second Western Conference team in history to win seven straight games in the rugged league. Only Chicago's 1913 team had done it before.

The Bucks came from nowhere to climb back on the football throne. Held to only four first downs in the first three periods, Ohio came to life after holding Michigan on the 6-inch line to take the ball just as the third session ended.

With the score deadlocked at 7-7, the Wolverines had a first down on Ohio's 4, but four cracks at the line served only to turn the ball over to the Bucks, who promptly marched 99 yards, 2 feet and 6 inches in 12 plays, climaxed by Dave Leggett's 8-yard touchdown toss to end Dick Brubaker.

Arkansas State Falls To ACC Wildcats, 53-0

ABILENE, Tex., Nov. 20 (AP)—Quarterback - halfback Leondus Fry scored on runs of 92, 52 and 3 yards to lead Abilene Christian College to a 53-0 victory over an outmanned Arkansas State team this afternoon.

The loss was Arkansas State's eighth in a row. It marked the close of the Indians' season.

Fry booted two extra points for a total of 20.

Jimmy Hirth scored twice for the Wildcats and Gene Boyd, Allen Merritt and Jim Thomas tallied one each.

Arkansas State's deepest penetration was to the ACC 10 in the third quarter.

The Wildcats ran up 403 yards on the ground and added 23 yards with passes for 426 yards total offense. Arkansas State totaled 84 yards, with 73 on the ground and 11 in the air.

The victory gave Abilene Christian a 6-2-1 mark for the year.

Delaware Park is America's only mile track with a 100-foot wide front and back stretch.

LSU Bengals Take 7-6 Win Over Porkers

By HUGH MULLIGAN

SHREVEPORT, La., Nov. 20 (AP)—With handyman Al Doggett playing every backfield position, injury riddled Louisiana State University handed Arkansas a 7-6 upset today before the 33,000 fans.

But the defeat didn't stop Arkansas from winning a spot as the Southwest Conference representative in the Cotton Bowl. Baylor, victorious over Southern Methodist, can still tie for the conference title but a defeat by Arkansas earlier in the season gives the Razorbacks the bowl bid.

Lightly regarded and heading nowhere, LSU sent the Razorbacks down to their second straight defeat by beating them at their own game—possession ball.

The largest public gathering in Shreveport history saw Doggett start the game at halfback, return to quarterback to spark a second quarter scoring drive and then move to fullback when there were kicking chores to be done.

It was Doggett's extra point, after the ball holder juggled the pass from center, that made the difference. Doggett kicked true anyway.

LSU, near the bottom of the Southeastern Conference, gained its fourth victory of the year against six defeats and salvaged some glory from an otherwise unhappy season.

After threatening twice, Arkansas got on the scoreboard first when second-string tailback Buddy Benson passed 13 yards to Billy Lyons in the end zone midway in the second quarter. Benson was wide with his extra point try.

Four minutes later, LSU drove 33 yards to a touchdown in eight plays. Halfback Chuck Johns, used sparingly because of a lame ankle, scooted over from the three. Doggett set up the score with a 14-yard pass to Joe May.

After that LSU concentrated on possession. The Tigers took up the entire third quarter with a 69-yard drive that ran out of gas on the eight, then exchanged punts with the Porkers the rest of the game.

The Tigers outrushed Arkansas 227 yards to 103. Arkansas held a 58-40 edge in passing yards.

LSU has not lost to Arkansas in 26 years. The victory gave the Tigers a 20-12 advantage in a series that dates back to 1901.

Arkansas	0	6	0	0	— 6
LSU	0	7	0	0	— 7

Arkansas scoring: touchdown, Lyons.

LSU scoring: Touchdown, Johns. Conversion, Doggett.

	Arkansas	LSU

First Playoff Game Of '54 Due This Week

By The Associated Press

The 1954 Texas schoolboy football playoffs open this week with banner games on tap from the start.

Taking the limelight in first games to decide bi-district champions will be unbeaten, untied Colorado City versus Seymour in a Class AA feature, and McCamey, another outfit boasting a perfect record, against Sonora in Class A.

The bi-district playoff bracket is complete in the two lower classes that fight to state championships, AA and A. There are 32 district representatives in each of these two classes.

Classes AAAA and AAA, with eight districts each, finish deciding representatives this week and swing into first playoffs next week. Five titlists have been decided in AAAA and three in AAA.

Sites and dates of bi-district games in AA and A were being decided right and left Saturday.

Colorado City and Seymour square off at Stamford Thanksgiving Day, while the same afternoon McCamey and Sonora clash at Sonora.

Colorado City is the kingpin of Dist. 4; Seymour the power of Dist. 3. McCamey represents Dist. 5-A, Sonora Dist. 6.

Only two pairings are known in Class AAAA—Abilene (Dist. 1) versus El Paso Austin (Dist. 2) and Austin of Houston (Dist. 7) versus Galveston Ball (Dist. 8). Abilene and El Paso Austin are to meet the first of this week to schedule their playoff game. Houston, Austin and Galveston officials meet in Galveston at 10:30 a.m. Monday to decide theirs.

No pairings are yet known in Class AAA, where titlists crowned so far are Sherman (Dist. 3), Port Neches, the defending state champion (Dist. 66) and San Antonio Alamo Heights (Dist. 7).

Other playoff games in Class AA include (districts represented in parenthesis):

Phillips (Dist. 1) vs. Floydada (Dist. 2) at Floydada Friday afternoon; Monahans (Dist. 7) vs. Comanche (Dist. 8) at Monhans Friday night; Weatherford (Dist. 9) vs. Diamond Hill (Dist. 10) at Weatherford Thanksgiving Day; Jacksboro (Dist. 11) vs. Terrell (Dist. 12) at Terrell Thanksgiving Day; Jasper (Dist. 17) and Spring Branch (Dist. 18) at Jasper Friday night; Killeen (Dist. 21) vs. Cameron (Dist. 22) at Killeen Friday night.

Lockhart (Dist. 23) vs. Navasota (Dist. 24) at Lockhart Friday night; Boling (Dist. 25) vs. Yoakum (Dist. 26) to be decided Sunday at Edna; LaMarque (Dist. 27) vs. Nederland (Dist. 28) at LaMarque Friday night; Freer (Dist. 31) vs. Weslaco (Dist. 32) at Weslaco Friday night.

Other playoff games in Class A include:

McLean (Dist. 1) vs. Dimmitt (Dist. 2) Friday afternoon at Canyon; Hale Center (Dist. 3) vs. Sundown (Dist. 4) Friday afternoon at Plainview; Dublin (Dist. 7) vs. Albany (Dist. 8) to be decided Sunday at Eastland; Clifton (Dist. 11) vs. Richardson (Dist. 12) Friday night at Cleburne; Groesbeck (Dist. 21) at Hearne (Dist. 22) Friday night; Mason (Dist. 23) vs. Bastrop (Dist. 24) at Mason Friday night; Sealy (Dist. 25) vs. Deer Park (Dist. 26) at Sealy Wednesday night; Tidehaven (Dist. 27) vs. San Antonio Sam Houston (Dist. 28) at Tidehaven Friday night; Hebbronville (Dist. 31) vs. Rio Hondo (Dist. 32) at Falfurrias Friday night.

Cal Holds On To Win, 28-20

BERKELEY, Calif., Nov. 20 (AP)—California's favored Bears, after rolling up a tremendous lead going into the third period, had to fight with everything they had to stave off an inspired Stanford team today to win their 57th annual "big game" 28-20.

A capacity crowd of 81,490 saw the Bears hold a commanding lead of 28-8 just after the third period opened. Stanford, fighting for every that quarter and another in the final period.

The Indians were knocking for another touchdown later in the quarter, but a fourth-down pass was batted down in the end zone, and they lost the ball on California's 17.

California went into the game favored by 14 or more points. The Bears were lucky to squeeze through in the final minutes.

Paul Larson, California's great quarterback, scored one touchdown and passed to another, but he was bottled up and thrown for losses in the latter stages of the colorful contest by the rushing Stanford players.

William And Mary Tops Wake Forest By 13-9

WILLIAMSBURG, Va., Nov. 20 (AP)—Charlie Sumner returned to fulltime duty at the quarterback post where he gained fame a year ago and passed William & Mary to a 13-9 football victory over Wake Forest here today in a see-saw battle that was in doubt right back with the season only a third old, heaved a long pass to halfback Bill Hooper in the end zone for the touchdown with the season only a third old, heaved a long pass to halfback Bill Hooper in the end zone for the touchdown.

Auburn Clips Clemson, 27-6

AUBURN, Ala., Nov. 20 (AP)—Halfback Hoppy Middleton ran for three first half touchdowns to lead the Auburn Tigers to an impressive 27-6 victory over Clemson today for his teams fifth straight win.

Middleton, a 195-pound speedster who also stars as a dash man on the track team, made the important yards on quick up-the-middle smashes. The victors ran up impressive yardage all day but were handicapped byfrequent penalties including one which nullified a 67-yard touchdown pass from Bobby Freeman to end Jim Pyburn.

Fullback Bill O'Dell ran well for to get into scoring territory until the losers but they never managed the final minute.

Auburn's first score midway of the opening quarter followed a 51-yard march in 10 plays, the next two in the second period climaxed marches of 45 and 51 respectively. A 20-yard pass again from Freeman to Pyburn gave Auburn another touchdown in the final minutes. Fullback Joe Childress added three extra points to run his season's total to 55—a new Auburn record.

The Clemson touchdown was made on a four-yard pass, Don King to Scott Jackson, with 10 seconds left.

Tech Wallops Ailing Houston

LUBBOCK, Tex., Nov. 20 (AP)—Texas Tech's Red Raiders rolled unchecked for three quarters, then relaxed slightly to take a 61-14 victory over an ailing and ineffective University of Houston.

The Cougars, beset by an unexplained illness before game time, rallied to put 33 men of their 35-player traveling squad on the field but proved no match for the host team.

Tech scored once in the first period, then cut loose an avalanche that put 42 points on the scoreboard in the second quarter. The Red Raiders scored two touchdowns in the third quarter before putting in reserves who failed to tally in the final period.

Both Houston touchdowns came in the fourth quarter.

Halfbacks Walter Bryan and Don Schmidt led Tech with two touchdowns each, followed by Jack Kirkpatrick with a touchdown and five conversions, Jerry Johnson with a touchdown and one extra point and R. D. Bradshaw, Ronnie Herr and Dean White with a touchdown each.

Tommy Bailes and Jim Baughman scored Houston's touchdowns.

Spartans Cop 40-10 Victory

EAST LANSING, Mich., Nov. 2 (AP)—Michigan State, smarting after a season of six defeats — the second poorest record in Spartan football history — took out some of the sting by running up a 4-1 score today against overmatched Marquette.

It was win No. 3 for MSC, the Big Ten co-champion and Rose Bowl winner of last New Year's Day. Michigan State's worst season was in 1917, when the Spartans lost all nine games. Marquette ended with a 3-5-1 record.

Quarterback Earl Morrall got Michigan State off to a fast start with a 59-yard touchdown pass to end John Lewis on the first MSC play of the game.

Morrall hit Lewis with a 69-yard pass later in the first period and in the third quarter connected with a 62-yard throw to Jerry Planutis. Clarence Peaks scored twice for the Spartans on runs of 8 and 65 yards.

Marquette's Frank Scaffidi booted a 41-yard field goal in the second quarter and Fred Connally scored the lone Warrior touchdown from 12 yards out in the final period.

Illinois Goes Down To Finish Up In Cellar

CHAMPAIGN, Ill., Nov. 20 (AP)—Northwestern, springing halfback Dick Ranicke to two touchdowns for a lead that was never yielded, today piled up a 20-7 victory over a collapsed Illinois team, harassed by 127 yards in penalties and 7 fumbles.

The loss was the Illini's sixth of the Big Ten football season and buried them in last place without a conference win for the first time since 1941.

It was the first time in 20 years that a Big Ten team finished last, the year after it had won or shared the title.

Blue Devils Repel South Carolina, 26-7

DURHAM, N.C., Nov. 20 (AP)—Buddy Bass, a sophomore halfback playing before hometown fans, scored two touchdowns and passed for another today as Duke defeatfeated South Carolina, 26-7, to strengthen its chances for an Orange Bowl bid.

Halfback Bob Pascal and quarterback Jerry Barger teamed with Bass to provide the big punch as Duke scored in every period before a crowd of 13,000.

White Shirt Loses Much Of Its Appeal

By HAL BOYLE

NEW YORK (AP)—The biggest mistake the white collar class makes today is to cling to the white shirt.

The white shirt for a couple of generations has been a genteel badge of superiority in America, a stuffy emblem of stuffy respectability.

When a guy had nothing else to boast about, he could at least feel proud in his heart because he earned his living indoors and wore a white shirt. For some obscure reason this made him feel a cut above the rough-handed skilled workmen who went boisterously to their jobs in dungarees or old leather jackets.

Whatever reason existed for this feeling vanished when the skilled workmen began dragging down more take home pay than the office workers,' and that has been true for some time now.

For years I have been crusading against the out-of-date snobbery of the white shirt, which most men actually wear for one of three reasons:

1. Their fathers were one.
2. They are afraid to wear a colored shirt because they don't want to stand out from their fellow white sheep in the herd.
3. Their wives tell them they look younger or cuter in a white shirt. (But the wives should know better.)

It is a pleasure indeed to note now that one of the nation's leading shirtmakers is attacking this old shibboleth in a series of ads entitled: "Never wear a white shirt before sundown."

"A white shirt with a business suit is really the loudest thing you can wear," this firm asserts. "It looks clean in the morning, but by afternoon it gets soiled at the collar and cuffs. This looks awful. Wearing a white shirt at the office is. . . a pitiful abdication of individuality. . . . No well-dressed man should wear a white shirt before sundown."

This verdict makes sense, even if one be so unkind as to suspect that it is part of an insidious campaign to get us into the two-shirt-a-day class—a colored one at the office, a white shirt in the evening.

But something has to be done to lift the American male from the anonymity and monotony of his invariable white shirt. Even the denim shirts of convicts at least have numbers stenciled on them, so they can be told apart. Men who stubbornly cling to the white shirt might take a tip from this and lend a little variety to their looks by having their auto license or social security number printed on their starch pale bosom fronts.

Personally, I blame American women for the fact their husbands generally look like penguins rather than people. They usually select the family clothing, and they buy papa white shirts because they are too lazy to take the trouble to dress him as well as they do themselves. Or else they fear to.

Is This Just One Man's Opinion?
Maybe Hal Boyle Is Right . . .
Maybe He Is Wrong!

Regardless

Of What He Thinks
Or What You Think

We Have The Shirt

To Fit The Situation

White Shirts By Manhattan

We Think They Look Smart For Office Wear or For After Sundown

We Think Colorful Shirts Are Smart Too . . .

And We Have A Wonderful Selection

These Colors To Choose From: T.V. Blue, Helio, Mint Green and Pink.

You Name It . . . We'll Base Our Opinions On What You Buy and Always Try To Have What You Want!

MILK BREAK

Harold Dean Hazelwood, seven-year-old son of Mr. and Mrs. Wesley Hazelwood, has a dreamy look on his face as he sips milk at the West Elementary School. Harold is one of hundreds of Snyder school students who can purchase milk at rock-bottom prices to drink during "milk breaks" at the school. This program is provided by the schools with the aid of the federal government. It combines aid in health to children with provision of an outlet for surplus milk. (Lee Watson photograph)

Scientists Now Believe Other Planets Of Universe Have Life

By ALTON L. BLAKESLEE
Associated Press Science Writer

NEW YORK, Nov. 20 (AP) — Is there life like ours on other planets, somewhere in the starry universe?

For ages men have wondered.

Now from astronomers comes reason to say, "Yes, probably."

"We are not alone," in the universe, says Dr. Harlow Shapley, famed Harvard University astronomer, for probably there are 100 million planets which could support life in high forms.

He has made what he calls a skeptical or low estimate, this way :

Our sun is a star, and it has planets. You can't assume every sun or star has planets. So, on the safe side, assume that only one in every million stars has any planet or family of planets.

Next, assume that only one of every thousand of all these families of planets has one planet with the right conditions to support life. That means not being too close or too far from its sun, having the right kind of orbit and rotation, and of course an atmosphere.

So now you're assuming only one in every billion stars could have the kind of planet to support life.

Then suppose that life actually develops to high forms on only one in every thousand of those.

That's saying there could be life like ours or pretty high forms, or even higher forms, for only one of every thousand billion stars in the universe.

Well, there are still enough stars so there would be 100 million of the suitable planets, Dr. Shapley estimates.

Our sun and earth are part of a huge family or galaxy of stars, the Milky Way, estimated to contain 100 billion stars. There are literally billions of other milky ways or galaxies, each with billions of stars.

The indications are that "the life phenomenon is widespread and of cosmic significance," Dr. Shapley has written. And, he adds, there's no reason to assume that man or the animals or birds on earth "are the best that biochemistry and star shine" can produce.

Space travel may someday permit us to visit other planets in our own solar system to see if there is life on Mars, or elsewhere.

But to learn whether other stars have planets like ours, or planets with life on them, is quite another thing.

For even the stars which are nearest to us are so distant that it takes years for their light to reach us. Yet light travels 186,000 miles a second—in a year (a light year) it has sped about 6,000 billion miles.

The very nearest star to us is 4 1-3 light years away. That's a long round trip even if space rockets could travel at the speed of light.

Present techniques in astronomy can't answer whether nearby stars have planets of about the earth's size. The stars are too bright, and any small pull by planets on their motions is difficult to measure. But evidence has been found for a huge planet circling around a star, named 61 Cygni, which is about 11 light years away.

Stock Market Falters, But Comes Back

NEW YORK, Nov. 20 (AP) —The stock market ran into selling difficulties this week for the first time in its three-week bull market drive ahead following the election.

At one time the selling looked as though it might become serious. The possibility of a major correction loomed. But the market steadied itself. At weekend it was headed higher again, although with much lessened vigor.

The Associated Press average of 60 stocks this week was up 80 cents. Compare that with a gain of $4.70 last week and $4.90 the week of the election.

Volume for the week was unusually heavy at 16,791,320 shares, best since the third week of January, 1951. Every day the tape was swamped with the weight of orders and was forced to drop behind in reporting actual dealings on the floor of the Stock Exchange.

On Wednesday the market had its biggest day in nearly four years with 3,830,000 shares traded. That is the heaviest for a single day since Jan. 17, 1951.

The stock market has been climbing for more than 14 months in a determined and steady manner.

Continued excellent general business formed a firm base for the market. The manner in which leadership revolved from one major group to another, including the railroads, also was viewed as a point of strength.

Tax selling and switching continued to be a factor in producing a ragged list because of the effect of individual issues. All of that, however, helped to swell the volume of business.

The five most active issues this week on the New York Stock Exchange were: New York Central, off ¼ at 23 on 239,100 shares; Colorado Fuel & Iron, up 3⅛; Chrysler Corp., off 2; U.S. Steel, up 3⅝, and Pennsylvania Railroad, ahead ⅜.

Reaves Rites Are Set Today

Funeral services for John Thomas Reaves, 82, of Fluvanna, will be held at 2:30 this afternoon in the First Baptist Church in Fluvanna. Mr. Reaves died at 8:30 p.m. Friday in a Sweetwater hospital where he had been a patient for about 30 days.

The Rev. T. L. Nipp will officiate at the funeral services. Burial in Fluvanna Cemetery is to be directed by Bolger Funeral Home.

Mr. Reaves was born Oct. 17, 1872, in Wayne County, Tennessee. He moved to Texas and settled near Fluvanna in 1906. His wife died that same year in Tennessee. Mr. Reaves was a retired farmer, and had done carpenter work in later years.

Survivors include three daughters, Mrs. R. G. Ball of Fluvanna, Mrs. Ethel Williams of Pueblo, Colo., and Mrs. Ruby Hughes of Shamrock; a son, Robert H. Reaves of Mason, Tex.; five sisters, Mrs. Battie Hanback of Snyder, Mrs. Mary Haddock of Edinburg, Tex., Mrs. Icie Valentine of Cypress Inn, Tenn., and Mrs. Flora McFalls and Roxie Reaves, both of Florence, Ala.; two brothers, R. H. Reaves of Big Spring and George Reaves of Cypress Inn; 22 grandchildren and 28 great-grandchildren.

Three Escort Planes For King Faisal Crash

BEIRUT, Lebanon (AP) — King Faisal II of Iraq arrived safely today for a state visit in Lebanon but three Iraqi planes providing escort for the youthful monarch crashed about 60 miles south of Damascus. Airport officials in the Syrian capital said two of the pilots were killed and another is missing.

One plane burst into flames. The second developed engine trouble. The pilot bailed out but his parachute failed to open. The pilot of the third plane was seen parachuting but has not yet been found. Three other planes, including the one carrying King Faisal, continued to Beirut.

Banquet Will Honor Five Young Texans

MIDLAND, Nov. 20 (AP)—The annual five outstanding young Texans banquet will be held here Jan. 15.

The banquet is sponsored by the Texas Junior Chamber of Commerce and honors the outstanding young men as selected by a board of judges representing industry, education and public groups.

It requires 500 to 1,000 gallons of water to produce a ton of bread.

Delegates To P-TA Session Return Here

Several representatives of the Snyder Parent - Teacher Associations returned here Friday after attending the state convention of the Texas Congress of Parents and Teachers at Corpus Christi.

Delegates were Mrs. Amon Weaver, representing the city P-TA council; Mrs. B. V. Gillean and T. D. Wiman from the high school; Mrs. E. N. Baker, junior high; Mrs. Wiman, West Elementary; Mrs. Virgil Walton and Mrs. B. R. Wise, East Elementary; Mrs. J. W. Headstream, North Elementary; and Dr. Cecil Yarbrough, superintendent of schools.

Speakers at the convention included Mrs. Billie Davis, well-known author, who talked on the P-TA and the place it deserves in the community; Dr. Kenneth McFarland, public relations director for General Motors Corp., who compared the P-TA in quality with plants growing above the timberline; and Dr. J. W. Edgar, state commissioner of education.

More than 2,000 persons attended the convention, headed by state president Mrs. Leon Price of Dallas. Regional vice-presidents were elected. The vice-president from this region is Mrs. Stanley Erskine of Midland, who has been state high school service field representative.

The convention adopted a bill of education rights of children. It included the child's right to good parents with an understanding of schools, good schools, good teachers who love children and are well-trained, the privilege of learning American heritage, help to know the right use of leisure time, vocational training, to learn to appreciate blessings and privilege in preparing to live joyously, and to appreciate the value of the work of other men's hands and brains.

Two Priests Draw Argentina Sentences

BUENOS AIRES, Argentina (AP)—Two priests were sentenced yesterday to five days imprisonment in the toughest action yet taken in President Peron's campaign against Roman Catholics he has accused of trying to undermine his regime.

The priests were sentenced on charges of "disturbances and disorders." As is customary in Argentina in cases of misdemeanors, the sentences were based on police investigation without public trial. The priests were taken to a home for aged priests to serve their sentences.

The arrests and sentences occurred in Cordoba province, a strong Catholic center in Argentina. The two priests were among 24 named by Peron in a speech on Nov. 10 as opposing his regime.

Knowland Plans To Hold Leader Post

By JACK BELL

WASHINGTON, Nov. 20 (AP)—Sen. Knowland (R-Calif) has told friends he has no intention of resigning as Republican Senate leader because of his public differences with President Eisenhower and Secretary of State Dulles over some aspects of foreign policy.

Moreover, Knowland has asserted that in the unlikely event of a challenge to his leadership role in the new Congress, he will fight the issue out within the conference of all Republican senators.

There has been a great deal of speculation around Washington as to what touched off Knowland's proposal in the Senate Nov. 15 that Congress call state and defense officials and members of the Joint Chiefs of Staff to determine whether any basic changes were needed in the Eisenhower administration's foreign policy.

It was his view, Knowland said then, that the Communists were advancing "the Trojan Horse of (peaceful) coexistence" to gain time for an atomic stalemate in which they would proceed to "nibble away" the free world.

Eisenhower said that some means of living together with the Russians must be found if the world was to avert destruction. Dulles said he saw no immediate emergency that would require a congressional review of foreign policy.

Knowland was reported authoritatively to have felt that he must speak out to alert both American allies abroad and administration officials at home to a view he believes is strongly supported within Republican ranks in the Senate.

As he has related there to his colleagues, Knowland's views are these:

He believes the free world must choose between peace-with-honor and peace-at-any-price. He fears American allies may be lured into a big power conference with Russia, which the United States could hardly boycott if the others accepted, and out of this might grow some form of security pact for all Europe.

He thinks that almost inevitably such a treaty would legalize the Iron Curtain, destroying the spirit of the enslaved peoples in the satellites and eliminating the possibility of any future revolt by them.

He also fears that as part of security guarantees the Russians would demand United Nations recognition of Communist China and the United States might be outvoted by its allies on that point.

Knowland said in an interview today the United States cannot permit Communist China to seize Quemoy or the Tachen Islands and use them for an assault on Formosa.

This represents another possible divergence of views with Eisenhower and Dulles, since they have been unwilling thus far to make any public commitment for defense of the islands which have been under Red shelling and minor attack.

Burial Service Held For Mrs. W. E. Dever

Interment services for Mrs. William E. Dever, 81, of 3301 Avenue G, were held at 1 o'clock yesterday in Hillside Memorial Gardens. Funeral rites had been held Friday afternoon in the First Methodist Church.

Mrs. Dever died Wendesday morning in a local hospital, where her husband is seriously ill. All arrangements were under the direction of Bell Funeral Home.

Article Tells About Snyder's Water Source

"Water without Taxes," lead story in the current issue of Texas Parade, reflects the story of the Colorado River Municipal Water District.

Written by Lewis Nordyke, himself a West Texan and a nationally prominent author, the story points up some of the heartbreaks as well as the achievement of "the most extensive water system in the Southwest."

Nordyke spent several days making a detailed study of the project which serves Big Spring, Snyder and Odessa. In addition to a tour of the project, he also spent considerable time in research on the background.

The story gives some interesting insight to the encouragement provided by J. B. Thomas, Texas Electric Service president, who first conceived the idea of a multi-city attack on the common problem of domestic water supply. In token of this, the CRMWD board named the system's big reservoir Lake J. B. Thomas.

"Nearly every place in Texas has a water shortage," wrote Nordyke. "The problem is so big — and costly— that it is controversial."

He then traced the avenues through which the district explored feasibility of its project and finally concluded that it could do it faster, better and more economical than any other agency.

As a consequence, the CRMWD member cities today have a lake with something like 90,000 acre feet of water ready to be delivered to the cities and to other users such as the SACROC repressuring project.

The story chronicles the long engineering studies and the many obstacles such as discovery of oil right in the middle of the lake basin. This produced the condition which Nordyke describes in the opening of his article, the serving of oil wells with a sea-going barge.

"The district is still young, but the three cities have no water worries," commented Nordyke. I found that the district has been popular with the people of the three cities because (it) put water in the pipes. All this has been done without levying ad valorem taxes, and this also is popular. Through all the pioneering of this extensive waterworks by the three cities, there has been no word of dissension among the directors of the municipalities."

New Chemical Plants Go Up

WASHINGTON, Nov. 20 (AP) — The rapidly growing chemicals industry today reported that another $1,514,000,000 worth of new, privately financed plants is under construction or "definitely planned."

The industry completed 215 projects in the 12 months ended Nov. 1, representing an investment of $.216,000,000, the Manufacturing Chemists Association announced.

The association said many more projects are "under consideration" or in the planning stage, and a number of these will be started in 1955, but they were not included in its survey.

"This survey appears to bear out the prediction that the chemicals industry will quadruple its production capacity by 1975," said William C. Foster, president of the association.

Besides the privately financed construction, MCA estimated that $3,360,000,000 worth of government financed projects is under way or planned, including a number of Atomic Energy Commission contracts. Some of the latter projects were started three years ago and several will not be completed before late 1956.

A tremendous chemical development in Texas, the association said, probably has made that state the second largest chemical producer in the nation.

Texas formerly was fourth, behind New Jersey, New York and Illinois in that order. But its 72 projects planned or completed, valued at $571,400,000, represent a new construction volume twice that of the next highest state, Florida.

Automobile Theft Alleged In Complaint

A felony complaint has been filed here against a man accused of stealing an automobile by conversion to his use after borrowing it from another man.

The sheriff's department has issued a statewide request for his arrest.

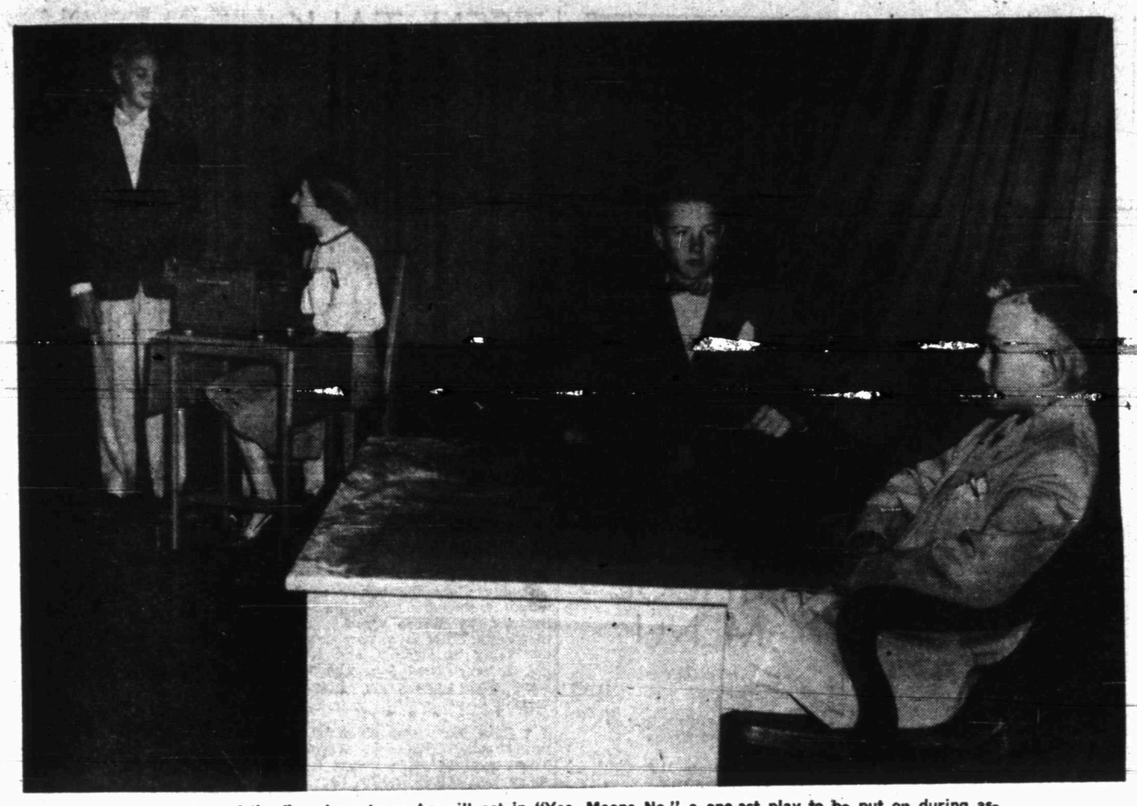
THE SNYDER DAILY NEWS

VOL. 5, No. 175 | SNYDER, TEXAS, SUNDAY, NOVEMBER 21, 1954 | SECTION B



Four of the five characters who will act in "Yes Means No," a one-act play to be put on during assembly Wednesday morning at Junior High School are shown going through their lines. The play, although it is not a Thanksgiving play, highlights the pre-Thanksgiving assembly program at the school. Shown above from left are: Hubert Dunn, Sue Adkins, Gale Courtney, and Charles Bridges. Jeannette Mowery will play the fifth role. Stage hands for the play will be Jamie Nelson, announcer; Johnnie Starnes and Roy Beene, prompters and set crew. The play is one of five one-act plays now being prepared in the school under the direction of Miss Helen Benita Carr.

Indian teepees made from paper, clay figures, and dolls dressed in the Pilgrim theme are part of the activity of youngsters in Snyder grade schools prior to the Thanksgiving holiday. Three third graders in West Elementary School are shown above completing their room's display. They are from left: Steven Wylie, son of Mr. and Mrs. Trow W. Wylie, Lion Oil camp; Patricia Bowlin, daughter of Mr. and Mrs. Bill Bowlin, 3109 Thirty-ninth Street, and Joyce Yoast, daughter of Mr. and Mrs. Charles Yoast, 3003 Thirty-ninth Street.

Members of the arrangements committee of the fire department are shown above selecting a turkey for the fire department's annual Thanksgiving banquet to be held at the Central Primary School cafeteria at 7:30 o'clock Tuesday night. Although the choice bird above was considered by the committee, they finally decided to let the cafeteria operators select and prepare all the food. Shown from left are C. L. Callaway, Harold Denson, and Doug McGlaun. (Lee Watson photographs)

Long faces on the Snyder Tiger football coaches' faces above are caused by the prospect of near-empty plates for their Thanksgiving dinners. In the current tradition, the Snyder coaches will eat their Thanksgiving dinner at a cafe—this time in Lamesa where the Tigers play the Lamesa Golden Tornadoes Thursday afternoon. From left are: Horrace Bostick, Hal Battle, and John Conley. Conley said that he has not eaten Thanksgiving dinner at home since 1946.

Thanksgiving Variety

From the days of the Pilgrims until just recently it was common practice to make pumpkin pies for the Thanksgiving dinner from the pumpkins, but now most everyone makes the pies from canned pumpkin purchased from the grocery shelf ready to pour in the pie crust. Mrs. Renal Rosson, 2510 Thirty-first Street, is shown above using the older method to assure the traditional taste of the pumpkin pies she bakes for Thanksgiving.

american designer's pattern

1201

by Gail Chapman

Gail Chapman's very special genius for dreaming up dresses that make a woman look and feel particularly feminine is dramatically displayed in this party gown she calls "Skylark." The hit of her last season's collection, it was and is just as big a hit with TV stars who know the importance of making a striking appearance before the cameras and their audiences. The body is really a slim sheath, the soft drapery overskirt front repeating itself in the bodice detail. Over the skirt are two generous open panels that move when you move, adding graciousness to all walking, sitting or standing positions. The collar stands up and away from the shoulders just enough to make a lovely frame for your jewelry and your own beauty. Perfect for the currently popular rich colors like emerald, sapphire and ruby, as well as creamy white or black. It's best fabric choices are peau de soie, satin, taffeta or faille. This pattern is cut to designer measurements, not standard pattern measurements.

BUST	WAIST	HIPS	SIZE
34	24	35	10
35	25	36	12
36½	26½	37½	14
38	28	39	16

Size 12 requires 6 yards of 39-inch material for dress, and ⅜ yard of 35-inch material for interfacing. To order Pattern No. 1201, address Spadea Syndicate Inc., Box 535, G.P.O., Dept. S-13, New York 1, N.Y. State size. Send $1.00. Airmail handling twenty-five cents extra. Pattern Booklet No. 11 available for twenty-five cents. Add four cents, for handling, if paid by check or money order.

25 YEARS AGO

(Taken from the files of THE SCURRY COUNTY TIMES for Nov. 21, 1929.)

"Prohibition is the fundamental law of the land and it will remain such as long as the United States flag continues to fly," was the conclusion of William E. (Pussyfoot) Johnson, internationally known advocate of prohibition, who addressed a crowd of more than 300 Friday evening at the First Baptist Church. . . .

• • •

December 5, 6 and 7 are destined to be red letter days for Scurry County as those three days have been officially set aside for the annual poultry show, according to President Horace Holley of the poultry association. Judge Holley is working with the following officers for the success of the show: J. A. Merritt, vice president; T. W. Pollard, supt. of show; F. B. Russell and W. O. Logan, who will assist the superintendent, and B. L. Baze, secretary-treasurer. Judging will be done by an American Poultry Association judge. . . .

• • •

One of the most marked improvements on the Clairemont Highway that has been made in years is the new show room of Stimson Brothers, who sell the Oakland and Pontiac cars. Housed in a new brick building with one of the finest fronts that has been erected in Snyder in recent years, Stimson Brothers are in direct line for greater accomplishments in their selling activity. The new building erected on the front of the lot that formerly was used as a filling station is a modern type building and a wonderful improvement.

• • •

The muchly touted Roby High School Lions will be the football attraction at the Tiger Stadium tomorrow instead of Merkel, who cancelled to play a bi-district game that day.

Roby has had a good season this year and will come prepared to win over a walk here, but the Tigers are snarling in their dugout to get revenge on what the Fisher County school has done here before. So, football fans, be at the stadium at 3 o'clock for plenty of "fur" is going to fly. . . .

• • •

According to the Sweetwater Reporter, A. B. Casstevens has opened a new funeral home in that city. Commenting on the matter, the paper said:

The Sweetwater Funeral Home will make its initial opening to the public tomorrow morning at 408 Locust Street, where a new building has just been completed for its use.

No formal ceremony will be held, A. B. Casstevens, manager, has declared, but the public is invited to inspect the new home at any time.

• • •

Sunday F. M. Lewis of Ira was honored with a surprise birthday dinner. Returning from church as usual that morning, he found several cars parked in front of his house. Upon entering it he beheld a large table beautifully decorated with pink and white chrysanthemums and in the center a snow white cake held 64 lighted pink candles. The table was laden with a bounteous dinner.

The dinner was prepared by his daughters, Mrs. J. R. Cole of Snyder and Mrs. Judson W. McGaha of Ira, and his daughter-in-law, Mrs. G. O. Lewis of Ira. About 15 were present for the dinner. The afternoon was spent in making pictures and having a good time in general. Each guest went away wishing Mr. Lewis many more such birthdays.

Old Customs, Prejudices Still Flourish In Ireland

Religious prejudice of the kind that drove colonists to seek freedom in the New World still persist in Ireland, Sue Flanagan, a former Rotary scholarship student, told Snyder members of the American Association of University Women at a Thursday night meeting.

Miss Flanagan spent nine months in Dublin, Ireland, attending the University of Dublin. At the conclusion of the academic year she spent three months touring the continent before returning home to San Angelo. She is now a reporter and columnist for the San Angelo Standard-Times.

Miss Flanagan chose to study in Ireland for several reasons. One major reason was that Rotary scholarship students must select a country whose native language they speak fluently, and English is the most common language in Ireland. An outstanding course of study in English literature was another attraction, helping Miss Flanagan build a background for her profession of journalism. Finally, she quipped, with a name like Flanagan she just couldn't resist.

Only students whose families are in the upper income levels can attend universities or colleges in Ireland, Miss Flanagan said. Students there do not "work their way through" like an estimated 50 per cent of students in the United States do. A student must devote his whole time to study. The courses are taught in the same way in which they were taught generations ago, she said, and, listening to the lectures, one feels that there is never any variation.

The religious differences which set Catholic against Protestant and vice versa are definitely present in Irish schools, Miss Flanagan found. The public schools are under the domination of the Catholic Church. Catholic students may attend the University of Dublin only by special dispensation because when it was founded in 1591 its charter was granted by Queen Elizabeth, a protestant.

The only students who attend public schools are those who cannot afford to enter private schools. One major point of discontent with the schools, outside of religious influences, is that the lectures are given in Gaelic. Gaelic was the language of ancient Ireland, but few people speak it. It would be about the same as teaching Texas students in Spanish, Miss Flanagan said.

Dublin now has a population of three quarters of a million, Miss Flanagan said, and a slum problem almost without equal. Many rural families have migrated to cities in recent years in a desperate effort to raise their sinking living level. The future for young Irish men and women is not bright. If they cannot enter one of the professions — medicine or law for example — they have little hope of bettering their economic lot.

Although the Irish, like other Europeans Miss Flanagan encountered, have a misconception of the standard of living in the United States, it must be recognized that "they know more about us than we know about them," she said. For example, an Irish housemaid scanning Miss Flanagan's absentee ballot recognized the name of Jesse James, a candidate for state treasurer. "I've always admired him for what he did for the poor people," the maid said, "but do you think it's quite fair to tempt such a man as he with the office of treasurer" The name rang a bell, even if the association was incorrect.

Even though the Irish home lacks the radios, refrigerators, television sets and many other appliances fairly common in this country, installment buying is not gaining popularity rapidly there. Many Irishmen consider it a sin to use goods which are not rightfully theirs — goods they can use while paying for them. On the lighter side, those who do indulge have come to call the goods "Kathleen Mavourneens." This comes from the phrase in the Irish song of that name" . . it may be for now and it may be forever! . .", referring to the period of payment.

If Ireland is slow to make progress by our standards and if its residents are slow to overcome their prejudices, it must be admitted that these are things which which make the country picturesque, Miss Flanagan said.

Miss Flanagan's impressions of European countries are giving her a sort of "mental indigestion," she said, resulting from too much material in too little time. Whatever conclusions she drew were certain to be naive, she affirmed, and she could attempt to give only a small bit of any complete picture. She has spoke to more than 90 civic and social groups since she returned from Europe.

MINCEMEAT TARTS
. . . an old favorite with pretty garnish

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5488.

Some Mincemeat Tarts and a big pumpkin pie will round off your Thanksgiving dinner. To make the tarts, use a package of condensed mincemeat prepared according to directions. It will make enough filling for four to six tarts, depending upon their size. If you want to top the tarts with pastry pumpkins, cut a pumpkin shape out of cardboard, making it just a little smaller than the top of the tarts, and use it for a pattern. Place one of the pastry pumpkins on each mincemeat-filled pastry shell before baking. Shape cheese pumpkins out of soft yellow cheese, using the back of a knife to mark grooves. Then put a whole clove in the top of each cheese pumpkin for a stem, and serve with the tarts.

DRESSED-UP STUFFING

Try your hand at making time-honored turkey stuffings even better than mother used to make. For instance, in place of water, use chicken consomme. Mash one clove garlic and add to your stuffing for an irresistable tang. One cup chopped tart apples added to your favorite stuffing gives it a sprightly flavor, sure to please.

LAUNDRY HINT

How to iron a man's shirt beautifully is something dear to the heart of every woman in love. Right sleeve, yoke, left sleeve, back . . . now the front and finish with the collar and cuffs. That's the proper order but there is one added trick that will do wonders to make this specialized ironing extra easy. It's a simple matter of adding to each quart of hot starch, one small section of the well-known blue wax ironing aid —and remerber, in this case, hot water means rapidly boiling. This makes the difference between success and failure in starch making.

Electric blender rule: cut raw vegetables and fruits into small pieces before putting them into the blender container. If you are planning to liquefy the vegetables and fruits make sure you add enough liquid to the blender container to cover the agitator blades.

SCHOOL MENU

MONDAY

Beef and Noodles
Glazed Carrots
Fresh Vegetable

Bride-Elect Is Honored

Patty Williams, bride-elect of Stanley Burge, was honored at a tea Thursday evening in the home of Lamoyane Harrell and Betty Sanderson, 2701 Avenue X. In the receiving line were the honoree, her mother, Mrs. E. H. Williams of Crosbyton and Miss Harrell. Miss Sanderson and Vertna Gartman served at the refreshment table.

Miss Williams' chosen colors of blue and silver were used in decoration. Refreshments were served to 30 guests.

Miss Williams, a teacher at North Elementary, and Mr. Burge are to be married December 23.

TEEN TALK

By MARGIE SMITH

A Coke party was given Monday afternoon in the home of Clinta Blackard. Among those who attended were Joyce Blakely, Chiva Boss, Betty Connell, Wanda Sue Crook, Mary Ann Doak, Ann Fish, Rita Grimmett, Sittie Harrell, Suzanne Houston, Jane Joyce, Gerry Lynn Hughes, Bata McPherson, Judy Miller, Dana Scarborough, Judy Rohr, Deborah Smith, Lynda Smith, Pat Taylor, Juanez Teaff, Janice Springer and Pat Wade.

• • •

Several teenagers from Snyder visited overnight in Big Spring following Friday night's football game there. Pat Wade, Clinta Blackard, Jane Joyce and Susie Clark stayed with Carol Rogers, a former resident of Snyder. Juanez Teaff and Mary Lou Cary stayed with Mr. and Mrs. Max Coffee.

Also remaining in Big Spring for the night were Mr. and Mrs. J. O. McNew and Wanda Sue Crook. They stayed with Don McNew, who was in the hospital due to an injury received in the game.

• • •

Friday night the band's performance featured a fire baton twirling act by Karen Crooks, head majorette. This is a very dangerous thing to attempt and Karen did a very good job. The band also did some fine precision marching.

• • •

A Coke party was given by Karen Crooks Thursday afternoon. Those present were Peggy Black, Mary Lou Byrd, Emma Lee Duncan, Deloris Ellis, Patsy Harless, Cecile Hayes, Nancy Jordan, Connie Longbotham, Judy Noah, Janice Starr, Beth Storey, Carolyn Sturdivant, Harilyn Ward and Janie Wright.

• • •

"Our Town" by Thornton Wilder will be presented by the junior class December 2 and 3. The cast includes Alan Snead, Perry Bolger, Sandra DeFore, Fred Williams, Bebe Cockrell, George Jennings, Bill Bellamy, Doug Smith, Gerry Lynn Hughes, Virginia Parrott, Ann Fish, Bob Coffee, Jack Spikes, Don Bonne and Tommy McClatchy. The admissions prices are 50 cents for students and 75 cents for adults. Tickets can be obtained from any member of the junior class.

NOTICE

Our next featured portrait of the month will appear Sunday, Dec. 5th. The painting that has been awarded the last winner, Floyd C. Chandler, is on display at our studio. You are cordially invited to come see this fine portrait.

Everett Studio

610 24th St.—Phone 3-3957

Snyder Garden Club Holds Monthly Meet

Garden Club members answered roll call with brief descriptions of unforgivable garden sins at their monthly meeting Friday morning with Mrs. Addison Casstevens at the Village.

Mrs. Bob Melton spoke on climate in relation to horticulture. Faye Harrell and Mrs. Frank Miller of Fluvanna presented a harvest arrangement featuring chrysanthemums. Mrs. Casstevens' arrangement featured persimmons and peacns.

Myrtle Harrell reported on the bulb sale the club is sponsoring. Refreshments were served to 15 members.

JUNIORS PREPARE FOR CLASS PLAY

Two members of the cast of "Our Town," a three-act play to be given by the high school junior class are shown above during rehearsal. They are Perry Bolger, who will play the part of George Gibbs, and Sandra DeFore, who will play Emile Webb in the play. The play will be presented in the high school auditorium Dec. 2 and 3. (Lee Watson photograph)

Book Is Reviewed At Art Guild Dinner

The Art Guild's colors of shades of yellow were carried out in decorations at the club's annual Thanksgiving dinner held November 16 in the recreation room of the First Christian Church. Mrs. Dan Hamil and Katherine Northcutt, in charge of decorations, followed the Thanksgiving theme in their use of yellow chrysthemums and other yellow fall flowers and autumn leaves. Plate favors were construction paper nut cups in the shape of Puritan hats and shoes.

Mrs. Renal B. Rosson, guest speaker, reviewed the book "The Man Called Peter" by Catherine Marshall. Mrs. Myron Roe, program chairman, introduced Mrs. Rosson.

There were 19 members present and 22 guests.

4-H Club Committee Slates Dress Revue

The Scurry County 4-H Club Committee made plans for a Senoir 4-H Dress Revue to be held December 31 at Marjorie Norton's home, 2701 Avenue F, when committee members met Saturday morning.

It was decided that the county 4-H Christmas party would be held December 23 and location would be announced at a later date.

New committee members present were Judy Wallace, Vondel Sumruld, Adoleen Soles, Darlene Lemons, Drala Bryant, Jane Beeks and Beverly Thompson.

Mrs. Beane Elected To Head Auxiliary

Mrs. Jack Beane was elected first president of the North Side Baptist Woman's Auxiliary Friday night at an organizational meeting. Mrs. Jack Dean, 1601 Avenue T, was hostess for the meeting.

Other officers of the new organization are Mrs. Eugene Glasscock, vice president; Mrs. J. W. Browning, secretary; Mrs. Carl Stokes, treasurer; Mrs. Wayne Classcock, reporter, and Mrs. Bill Roberts, local tract distributor. Twelve women attended the meeting.

The four circles of the church will work from the auxiliary.

Good Neighbor Club Elects New Officers

Mrs. C. U. Bishop was elected president of the Good Neighbor Club when it met Thursday with Mrs. Neva Greenfield. A Thanksgiving supper, featuring baked turkey, was served.

Other new officers elected were Mrs. Jack Keller, vice president, and Mrs. Bill Crowder, secretary-treasurer. Mrs. J. H. Huey is to be hostess for the next club meeting on December 2.

A casserole of dried lima beans and tomato sauce tastes wonderful with boiled or grilled frankfurters. Nice change, too, from the mashed potatoes that usually accompany frankfurters!

VISITING TEACHER ON DUTY

Ila Fern Warren, staff member of the Mental Health Division of the State Department of Public Health, began her duties as visiting teacher in Snyder Public Schools last Monday. She works with teachers, parents and school administrators toward the betterment of students' adjustment. A graduate of the School of Social Service Administration of the University of Chicago, she has been in social service work more than 13 years. (Lee Watson photograph)

Electrical Gifts Tops For The Home

When the family pitches in to select just one good gift for mom, usually it's a wise idea to think in terms of electrical gifts.

If she's been unhappy with her old-fashioned, defrost-it-yourself refrigerator, then this year give her one of the automatic marvels.

Or, perhaps mom's particular cross has been inadequate laundry aids — so here a new, automatic washer, dryer or ironer may make her dream come true.

Perhaps mom finds it difficult to shop as frequently as she must —or her refrigerator is inadequate for her supply of pies, turkeys and other delicious treats — then, surprise her with a brand-new freezer unit.

Perhaps she's struggled with a range that scorches her pans, burns her roasts and tests her patience — a bright new range will give her a Christmas thrill.

To keep up her morale in the kitchen think of a good mixer complete with attachments — or a liquifier-blender, or an electric broiler or roaster.

If her domestic problems lie elsewhere, perhaps her dream is for a multi-attachment vacuum cleaner — upright or tanktype. Or, maybe she's wishing now for a do-everthing - but - talk sewing machine.

For easier entertaining, we know mother would like an automatic coffee maker, or an accessorized toaster. Her choice of an electrifiying gift may be a corn popper. . . a deep fat fryer . . . a rotisserie . . . grill and waffle-maker . .electric juicer, or a portable beater.

Perhaps mother would like a new steam or dry iron — or a "personally hers" radio or clock-radio for her bedroom or kitchen.

For her own well-being she may welcome a trusty heating pad, a sun-or-heat-lamp.

And, mother will surely be queen in her domain with an efficient dishwasher at her command—(Dad and the kids will welcome this).

Yes, this year Santa is proudly pointing to the gift array of wonderful electrical servings — the gifts that keep on giving pleasure and comfort for a long time after Christmas has become a pleasant memory.

Check your favorite stores for the many, many electrical gifts that wear some of the proudest names in American industry — those of the makers of things electrical for better living.

Wonderful Array Set For Sportsmen

It's 'kinda easy' to make a gift selection for that man or woman on your gift list who has a very-definite sports hobby!

FOR FISHING — brand new designs in casting or spinning rods. . . fine reels for every fishing need — tackle boxes and assorted tackle; lures, creels, nets and flies —all of these can help give pleasure to the angler.

Keep your stream fisherman dry and warm with waders, parkas, or boots.

If it's to be a "big" gift make it a fine outboard motor — or accessories for boating convenience and speed.

For the sportsman-hobbyist — one of the many boat kits that can be assembled by any one, handy with tools.

FOR THE "GUNNER" — for the pistol "packer" who enjoys shooting or collects them as a hobby—choose from the many models available. But, be sure to check your law enforcement agency as to restrictions, first!

FOR THE "RIFLER" — from air and CO-2 guns to assorted high-power rifles and shotguns—there's many a thrill for the man or woman who enjoys hunting or target shooting.

From gun racks to gun cases—from scopes to sights — the accessories for the rifleman are also many and varied.

Bowling bags, shoes and balls come in women's and men's sizes, as does golf equipment, archery sets and other goods for sports enjoyed by men and women alike.

There's camping equipment by the score to thrill campers of all ages, and either sex!

From pup tents to spacious cabin tents — from hammocks to down-filled sleeping bags and bedrolls—from fold-away camp tables to assorted cooking and serving equipment, there are dozens upon dozens of camping accessories available these days.

For the man or youth who likes to keep in shape — boxing gloves, sparring equipment and punching bags will be a "knockout" Christmas gift.

Tennis fans may welcome new rackets, sets of balls, racket presses and covers . . . the badminton fan may be looking for a completely new set . . . croquet fans may like to take "a crack" at the game again . . . and you may score a "bullseye" with bow and arrows for the archer-to-be!

Other sporting goods, particularly for boys of high-school age, are footballs and equipment; basketball or goal-net; hockey equipment; baseball goods of all kinds from a "big league" ball to mitts; and there are also roller and ice skates — English and domestic bikes, and a whole, wide, wonderful world of sporting goods and accessories — to make this a fun-filled Christmas, and after!

Crisply cooked bacon added to a dry bread stuffing makes a pleasant flavor change. Especially good with chicken!

DATE BAIT . . . Princess style junior date dresses in crisp black faille for holiday festivities. Left, jeweled velvet dog-collar and cuffs add glitter to a coat dress which zips down a fly front. Right, demure velvet collar and four-in-hand tie embroidered with fake jewels trim a simple, waist-whittling dress with flared and pleated skirt.

WHAT'S GOING ON

The Hayley Sunday School class of the First Methodist Church held it's monthly social Thursday night in fellowship hall of the church.

Following a Thanksgiving supper, those attending played forty-two.

• • •

Mrs. Dora Cunningham, 2403 Avenue N, has returned to her home after an absence of several months. She said the time was pleasantly spent with her daughters, Mrs. Julian Consley, in Salt Lake City and Mrs. Herman Aweas, in Tulsa. After returning to Texas, she spent a month in Lockhart with her brothers, Dr. A. A. Ross and C. P. Ross. "That visit was not too enjoyable because of a daily trip to Austin to see an eye specialist whose treatments were rather severe," she said. She will be at home to her friends for an indefinite period of time.

• • •

Mrs. Sam Williams and Mrs. H. G. Towle were hostesses at the Altrurian Club's Love Feast Saturday night at the Country Club. This is an annual social affair and usually is attended by members only.

A blue parakeet has been found by Mrs. B. E. Leibe, 2226 Sunset Avenue. The owner may contact her by calling 3-5346.

Visiting last week with Mr. and Mrs. Fred E. Davis, 3011 Avenue T, were Mrs. Davis' brothers and families, the Rev. and Mrs. I. E. Biggs and grandson, Jonnie Edwards, of Clarendon and L. T. Biggs, Colorado City.

There's a quick and delicious way of preparing eggplant. Wash and dry the vegetable but do not peal; then slice about ¼ inch thick. Dip slices in flour and cook in a skillet in hot butter.

School Favorites Are Named At Ira

IRA — Students in Ira High School have completed the election of school favorites who will be featured in the school annual. Students from all classes participated in the elections.

Mary Nell Mosley, a senior, and Ferrell Bryant, a junior, were named best all-around girl and boy in the school. Two sophomores, Peggy Taylor and Billy Farmer, were chosen the most popular girl and boy. The school beauty, Baleria Eubank, and the most handsome boy, Jerry Ford, are also sophomores. A junior student, Nita Thomas, was selected the most athletic girl, while senior Don Gray won the title of most athletic boy.

Next time you make turnovers from pastry dough, sprinkle the tops with sugar. Makes a pretty finish!

Murphy HD Club Lists Year's Achievements

Members of the Murphy Home Demonstration Club observed Thanksgiving at their meeting Friday afternoon with Mrs. Howard Sterling, route 1.

An achievement sheet was completed for the club by listing the amount of needlework, garment making, food canning and freezing and home improvement accomplished by members this year.

Toy animals were stuffed and readied for Christmas giving by those attending the meeting. Mrs. Sterling demonstrated the making of large quantities of Christmas candies. Special techniques in wrapping Christmas packages were shown by Mrs. Tharon Todd and Mrs. Glennis Spencer.

Next meeting will be a Christmas pastry in December with Mrs. J. E. Sorrells at her home in Knapp.

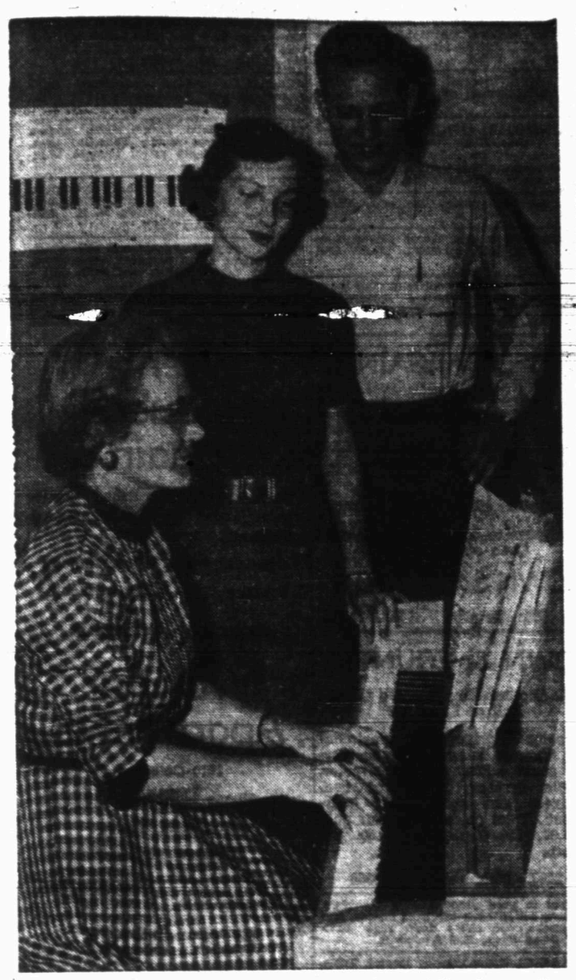
Community Choir To Present Handel's 'Messiah' Dec. 19



Mr. and Mrs. Charles Bare, new members of the Community Choir, watch as Mrs. Novis Rodgers, pianist, plays part of the score from Handel's "Messiah" at last week's rehearsal. The choir is to meet again at 7:30 tomorrow night in the high school choir room. (Lee Watson photograph)

Snyder's Community Choir will offer a musical highlight of the holiday season on December 19 with its second presentation of Handel's "Messiah."

The choir, made up of about 90 voices this year, is under the direction of Robert Clinton. Clinton organized the choir here last year, and directed its first presentation of "Messiah." He is high school choir director, and also choir director for the First Methodist Church.

The purpose of this community organization is actually two-fold. It provides an outlet for the energies and talents of its members and gives residents of a wide area a rare opportunity to hear music of this kind. Membership is open to any persons who like to sing, with the only expenses involved being a small fee for a book and transportation to the meetings.

Members of the choir come from varied fields of employment. Ross Hemphill, choir president, is a lawyer. Ethel Roberts, vice president, is an elementary school teacher. Billie Alford, secretary-treasurer, is a secretary. Other members are housewives, salesmen, students—all drawn together by a common interest in singing.

Several husband-wife teams are found among the choir members. Mr. and Mrs. Tim Dennis make up one of these teams. Mrs. Dennis sang in junior and senior college choirs, including the Centenary choir, and with a professional girls' sextet which did some addition to stage appearances. She teaches music in East Elementary School now. Dennis, Junior High School band director, describes himself as a "free loader" in the vocal field. His major instrument is trumpet, although no band director can stop with any one instrument.

Mr. and Mrs. James W. McClure, 3115 Avenue T, are singing with the choir for the first time this year. They were both members of the Hobbs, N.M., Community Choir last year, and moved here only a few weeks ago. They find their lives complicated, incidentally, by having the same name as another James McClure, and both families sing in the choir.

Mrs. James W. McClure has sung in two presentations of "Messiah" previously. Like her husband, she sang with both high school and college groups. Her husband is a geologist with Lane-Wells.

Also newcomers to Snyder are Mr. and Mrs. Charles Bare, who began rehearsing with the choir early this fall. Mrs. Bare, a teacher in East Elementary School, sang with the University of Oklahoma chorus while she was a student there. Bare sang with the Abilene Christian College a cappella chorus during his freshman year, then transferred to Oklahoma University. He is a petroleum engineer with SACROC Unit 2.

Bob Weeter, a waterflood engineer with SACROC, is singing with the choir for the second year. He sang with the college chorus at Grove City College in Grove City, Pennsylvania, for four years, and also sang with a Barbershop Quartet and chorus. He has also had experience with church groups, having sung with the United Presbyterian Church choir in Grove City, the First Presbyterian choir in Bradford, Pa., with the First Methodist Choir in Monahans, and the First Presbyterian choir here.

Mrs. B. T. Hughs of Roby has plenty of company when she drives over for the weekly rehearsals of the choir. With her come her son, Buck Franklin Hughs, band director for Anson High School; her youngest daughter, Evelyn Hughs, a Roby High School sophomore; Pauline Kelso, an Anson High School choir member, and Harris Davis, a Roby businessman. In Snyder, Mrs. Hughs meets two other daughters who are also members of the choir, Mrs. Frances Perry and Jackie Hughs. Mrs. Perry works for radio station KSNY, and Miss Hughs for SACROC.

Mrs. Hughs, who is a special in Fisher County, alternates between the schools in Roby, Hobbs and McCaulley to teach music. She concedes that her family seems to have inherited a full measure of musical ability. Only her husband does not sing, but he enjoys listening. Mrs. Hughs' only lament is that a fourth daughter, Mrs. Darrell Sims of Wilson, isn't near enough to join them.

The Community Choir presented choruses of "Messiah" in its initial program last year. This year eight choruses are to be given, including the most-often "Hallelujah" chorus.

Local Students At Howard Payne

BROWNWOOD Nov. 20 — Three Snyder residents are enrolled as students at Howard Payne College here.

They are: Myrle Wayne Neal, freshman, daughter of Mr. and Mrs. Ralph Neal, 701 24th Street; Kenneth M. Baker, sophomore, son of E. N. Baker, 3732 Austin Avenue; and Marilyn Thomas, sophomore, daughter of E. L. Thomas, Route 3.

Reminder to weight - watchers: Eggs are relatively low in calories — only 77 in one medium-sized egg.

Slice a banana thin and overlap the rounds on hot buttered whole-wheat toaste. Small fry usually enjoy this snack!

Culbertson Service Held Here Saturday

Funeral services for Almon L. Culbertson of Big Timber, Mont., were held yesterday morning in the First Baptist Church. Mr. Culbertson, 76, a former resident of Snyder, was the brother of Mrs. Neva Ware of Snyder.

Pallbearers were Bentley Baize, Ed Franklin, Alvis Minton, P. A. Ware, J. F. Stephens and Bill Smedley. Services were directed by Bell Funeral Home.

Men Late Shoppers In Yuletide Season

Though stores in almost every community have set up shopping nights for "men only," personal shoppers' assistance, special aisles and booths of gifts for men's choosing — still they tend to be "last minute shoppers."

No matter what "last minute absorbers" are created — no matter how early and broadly, wives, sweethearts, mothers and sisters may hint as to what they want— the last few days and hours before Christmas Eve, find the men flocking to the stores wearing a "do-it-now-or-die" expression, in complete bewilderment as to what to buy.

These late, late shoppers — retailers say — generally spend more money and less thought for their gifts than if they had shopped earlier.

There's the late - shopper type who buys his wife a sheer black negligee though she's dropped oodles of hints for a new steam iron. And, the gentleman who hurriedly selects an exorbitant bottle of perfume, which the little woman later puts aside to "look at," because she hates to squander the precious liquid.

So, gentlemen — if you still haven't made out your gift list, here are a few ideas that are budget and women-pleasing, too.

No woman ever seems to have too many smart pieces of jewelry. Just take note whether her fancy is for necklaces, pines, earrings or an armful of bracelets. This year's collection is dazzling and exciting.

If she's the suit type or the blouse and skirt type — then "circle her middle" with a handsome belt — or give her a lovely blouse or wrap her in the elegance of a cuddly soft sweater. Here your choice can be the luscious miracle yarns of orlon or nylon— or the ultimate in luxury —cashmere!

Handbags too, always are most appreciated by the gals— as will be smart leather gloves— or a trim, new umbrella.

So many exciting little, little furs, can be big gift news for the feminine gender — such as a gay fox collar to wear on dresses or sweaters. Or a pretty muff — or a furry beret! Yes, Christmas can be a furry flurry of enchantment when a man is truly giftwise.

If she's a smoker — perhaps she'd like a trim lighter — or a slim cigarette case — or a gay cigarette holder.

If she's neat 'n' fastidious, there are many, many purse accessories for tidy arrangements of cosmetics, money, keys, papers, addresses, etc.

And now — if you're still in doubt, give her a gift certificate in the amount you would have spent — at her favorite shop— and, let her do her very own choosing.

See! Early gift shopping can be simple. So men — let's go shopping now!

Men's Gifts Truly Varied For Christmas

Here is — Christmas "Male Call"—and time to settle down to what to buy for that man of yours.

First check his wardrobe needs —shirts! Remember when you shop that he has favorite style notes—such as french cuffs, a particular collar style, pattern and color preferences.

If sport shirts are what he needs, think before you buy him long or short-sleeved styles; rayons, wools, cottons or others.

When it comes to ties — color and pattern should be your primary considerations. Is he conservative, daring or middle-of-the-road? Let the tie you select reflect his taste, not yours!

Hosiery can make every man happy; pajamas, miracle fiber shorts, easy-to-slip-into terry robes, and flannel ones, all find favor with the men.

For his dress-up times, new designs in jewelry accessories make gift choosing of smart, cuff-links, tie bars, belts, billfolds, pocket accessories and key chains an interesting hunt.

For good grooming — toilet kits, fitted or not — clothes brushes, military brush sets, electric razors, or ever-favorite safety razors — manicure kits, stud boxes, shoe shine kits — and others, find favor with the meticulous man.

If he spends a lot of time outdoors in pursuit of business, a nylon raincoat that folds into a compact, pocket-size kit, makes a practical, welcome gift.

Give him the luxury of a smart, zephyr wool or cashmere sweater, a dressy wool jersey sport shirt or gift of a luxurious suede jacket.

For his relaxation times, give him a poker chip and rack set— a miniature roulette set, a complete game chest that has checkers, chess, and other games included.

Hardly any man these days, ever turns up his nose at a gift of fine toiletries — so, from "male-flavoured" colognes, after-shave lotions and powders, men's deodorants, etc. . . . there are many gifts for every man's "scentimental" moments.

Christian missionaries first went to the Hawaiian Islands in 1820.

Jaycees To Urge Big Turnout Of Voters

Members of the Junior Chamber of Commerce Friday afternoon voted to conduct a "get-out-the-vote" campaign for the Dec. 11 special election for state senator.

Zane Gilbert was appointed chairman of a committee to make plans for the campaign.

The group also voted to stage a minstrel show here next spring. Last spring the Jaycees and Lions Club joined in presenting a minstrel show.

LEGAL NOTICE

Sealed bids will be accepted until 12:00 o'clock (noon) December 30, 1954, by Shell Pipe Line Corporation at its Colorado City, Texas, office on three 5-room, frame, 1370 sq. ft. houses; one 6-room, frame, 1415 sq. ft. house; one garage 16'-8" x 24'-0", metal clad on iron frame; one 4-stall CIWF, 30' by 30' garage; and two CIWF 8'-2" x 20'-2" coal sheds, all located at their Scurry Station, approximately 3 miles south of Hermleigh, Texas, on Highway F.M. 644 and 2 miles west. Bids may be given on individual items or on the entire property as a unit; however, Shell reserves the right to reject any and all bids. The successful bidder will be required to give a certified check in full for the item purchased prior to removal. Successful bidders must remove buildings within 30 days from the time they are notified of acceptance. Bids shall be addressed to: Shell Pipe Line Corporation, Attention Mr. G. G. Billings, Box 1191, Colorado City, Texas, and the envelope plainly marked "Bid." The seller in no way guarantees the condition of these buildings and all bids shall be given on a "where is, as is" basis. Buildings may be inspected during the hours from 8:00 A.M. to 5:00 P.M. daily by contacting I. F. Bearden, Chief Tank Farm Gauger, at Shell Pipe Line Corporation's Scurry Station.

Salmon packed in ice often was sent from the Rhine to Rome by the ancient Romans.
