WEST TEXAS: Partly cloudy this afternoon, tonight and Wednesday. Warmer this afternoon.

THE SNYDER DAILY NEWS

VOL. I—NUMBER 2 TUESDAY, MAY 2, 1950 5c COPY

Evening

Rain Measures More Than Inch None In Night

Added life was given to Scurry county range and farm lands as a results of heavy rainfall in the Snyder area yesterday.

The rain that ushered in May started at noon and ended about four o'clock yseterday afternoon. Mrs. D. P. Strayborn, weather observer, measured 1.05 last night. Another reading this morning showed that no additional rainfall accumulated during the night.

Added to the 2.65-inch total which was recorded in rains here during mid-April, the Monday figure gave Snyder 3.70 inches of precipitation for the year. In comparison to the yearly average of 7.58 inches Scurry county is left with a deficiency of 3.88 inches. At this same time last year the area had recorded a rainfall total of 4.25 inches.

The downpour that fell here yesterday afternoon caused a slight rise in Deep Creek, but caused no flood in its banks. Following a check this morning it was revealed that no families living near the creek bottom had been forced to evacuate.

Several streets in the downtown area ran like rivers during the yesterday afternoon's thunderstorm. Some farmers undoubtedly will begin within the next week to plant cotton, row crops, and grain sorghum, to take advantage of the moisture. However, the optimum season for planting most of these crops in Scurry County is around mid-May, according to Oscar Fowler, county agent.

Some cotton already has been planted, following the April rainfall.

Streams slopped over their banks in North Texas today after heavy rains last night and Monday, but clearing skies this morning lessened the threat of serious flood.

The Trinity River rose to 31.7 feet—more than three feet above flood stage—at Dallas this morning. Levees kept the excess water under control. Dallas had two inches of rain last night.

Texarkana recorded 3.51 inches; Fort Worth 1.93 inches, Bonham 2.38 and Wichita Falls 1.43.

Abilene and Big Spring reported light drizzle early this morning.

DALLAS GETS DELUGE

The rains began Monday in North Central and Northeast Texas during the morning and spread south and west.

Streams in the Texarkana area surged upward after 2.18 inches of rain poured down between 4:30 in the afternoon and darkness.

Creeks on the Bonham area also were on the rise after a 2.38 inch rain.

Standard of N. J. Head Advocates Big U. S. Imports

By STERLING F. GREEN
AP Staff

WASHINGTON, May 2. — The president of the Standard Oil Co. (New Jersey) told fellow business leaders today that, to win a stable peace, this country must import greater volumes of foreign goods.

In an address for the United States Chamber of Commerce, Oilman Eugene Holman predicted that widening the gates for imports will help, rather than injure, the prosperity of this country.

NO HURT

"I do not think we should hurt our own economy by a flood of foreign goods," he said in a paper for the chamber's 38th meeting, "nor should we expect any one American industry to bear the brunt of any needed adjustment.

"But it seems clear that increased imports, within reason, are very necessary."

The closing of Europe's "dollar gap"—the deficit between dollars spent and dollars earned in world trade could be achieved if this country devoted only five per cent of its national income to the purchase of overseas goods, instead of the present three per cent, Holman said. Five per cent was the ratio which prevailed in 1925-29.

"Imports are not only a means of helping other nations; they are a positive contribution to domestic prosperity," he went on.

"We cannot long continue to sell abroad unless we buy goods from other countries. Further, about two-thirds of imports into this country normally consist of raw materials. . . They provide manufacturing employment in this country. In addition, imports enlarge the quantity and variety of goods available to the American consumer."

Bob Davie To Speak At Graduation Here

Bob Davie, Snyder lawyer, will be the principal speaker at the ninth grade graduation ceremonies, it was announced yesterday by school officials.

The Junior High School graduation will be held in the High School auditorium Thursday, May 25. Complete arrangements were not announced.

TEXAS COAL MINE—About 30 tons of soft coal are shown above ground at Will Haas' coal mine near Mingus, in Palo Pinto County. A handful of miners bring up the coal from an old mine which Haas and John Culpepper of Cleburne have reopened. Haas' believes it is Texas' only coal mine.

Voters Today Settle Fate of Pepper In Florida, Dixiecrats in Alabama

By The Associated Press

Florida Democrats decide today a primary election attracting national interest on whether Sen. Claude Pepper can win re-nomination over Rep. George Smathers.

The veteran Pepper carried into the deciding day a record of supporting almost all the Truman "fair deal" program. Smathers, 36, has been accusing Pepper of dodging the Fair Employment Practices Commission (FEPC) issue and of being too friendly with Red-tinged organizations.

DIRTY LITERATURE

Pepper has in turn blasted the Smathers camp for circulating "dirty, vile literature trying to discredit me."

The Democratic primary in Alabama today—a test of States Rights-ers 1950 strength—combined with Florida's as Deep South attention-pullers that overshadowed primaries in Ohio and Indiana. In both Florida and Alabama the primary winners were certain of election in November.

In the four states, nominations are being made for three Senate, 49 House and two governors seats (Alabama and Ohio).

In Florida, around 600,000 registered to go to the polls. The Alabama turnout was estimated at 400,000.

PERSONAL RACE?

The possibility of a Pepper defeat was taken into account in advance by both Republicans and Democrats. The former said that his defeat would indicate a trend against the Truman administration nationally. The Democrats held that the Pepper-Smathers race is more of a personal one.

In Alabama, 158 persons are running for 72 places on the state democratic committee which will control the Albama party machinery for the next four years.

Of these, 92 say they favor returning to the National Democratic Party organization, 59 want to stick with the states rights group where Alabama's presidential vote went in 1948, one entry is claimed by both sides and six by neither.

Sen. Lister Hill, seeking Democratic renomination, has been in the forefront of the fight to return the Alabama organization to the national party.

In the north, interest centers on Ohio, where Democrats are picking a November opponent for Sen. Robert A. Taft from a seven-man field. Taft has no opposition in the Republican primary.

In Indiana, a primary battle involving a woman first-term member of Congress, Rep. Cecil Harden of Covington, is stealing the show in an otherwise dull election to pick nominees for 11 House seats.

Rig Accident Is Fatal to Worker, Injures Another

One man was killed and another injured as the result of an oil derrick accident which occurred 9½ miles north of here about 10:15 o'clock today.

H. H. Richardson, about 42, a driller, was killed instantly when an oil derrick collapsed above him this morning at rig No. 6 of parks Lease. His second cousin, William E. Richardson, 22-year-old rotary helper, of Colorado City, was slightly injured in the mishap. Attendants at the Snyder Hospital said the young Richardson received minor arm lacerations.

George W. Nunez, who had just been relevied of duty by the older Richardson, said that the derrick collapsed during drilling operations and the southeast rig leg struck Richardson from behind, pinning him to the derrick floor. The rig leg had to be cut in two places to remove the body.

The derrick was 128 feet high and weighed several tons.

The upper part of the rig—about two-thirds of it—toppled toward the southeast and fell across the drilling engines. The lower part of the rig crumpled on the derrick floor.

Richardson is survived by his parents, his wife, and three children. Funeral arrangements were not complete this afternoon.

Both Richardsons were employes of Whitman Drilling Co. of Houston.

SCHOOL BOARD TO MEET

The board of directors of Snyder public schools will meet at 7:30 o'clock it was announced by M. E. Stanfield, superindendent. The meeting will be held in the superintendent's office of the high school.

Nationalists Take 1,284 in Mass Arrests of Reds

By SPENCER MOOSA
AP Staff

TAIPEI, Formosa, May 2.—Chinese Nationalists in a Red hunt arrested 1,284 persons Sunday on the big island of Formosa, authorities disclosed today.

Reports from east coast centers and the Pescadores Islands off southwestern Formosa are expected to swell the number.

Most were detained for entering Formosa illegally or lacking proper credentials.

213 SEIZED

In Taipei, 213 were seized. At Kaohsiung, the naval base on Southwest Formosa, 113 were arrested.

About 91,000 persons took part in the "census" between midnight and 8 o'clock in the morning.

The Nationalists asserted that new Yak-21 fighters of Russia's Far East Air Force are flying combat missions with the Chinese Communist Air Force. A communique said "this openly proves that Soviet Russia, in total disregard of international faith, has openly joined the Chinese Communists in extending the scope of the war."

GUERRILLA ACTION

The Nationalists told belatedly of small guerrilla combat actions. They said:

The warship Yungtai Saturday shelled Kanmen, on the east coast of Yuhwan Island, 215 miles south of Shanghai. A few hundred guerrillas stormed ashore at 11 o'clock at night, battled Communist defenders and withdrew in two hours.

Nationalist guerrillas killed or wounded more than 160 Reds in raids April 11 and 15 on Yuhwan.

RACING VICTIM GAINS

Jack Edwards, race car driver from Pekin, Ill., who received back injuries and a disclocated shoulder Sunday afternoon when his race car turned over and was struck by another continued to improve today at the Snyder Hospital.

Baptist Church Is Entered, $25 Taken

The First Baptist Church was entered Sunday night sometime following evening services, and approximately $25 in cash and checks were taken, it was reported by Miss Ruby Bruton, church secretary.

Miss Bruton said thieves entered by breaking a glass door on the northeast corner of the building.

The Baptist pastor's desk and a filing cabinet also were ransacked during the raid. An instrument presumedly a screw driver, was used to open the desk and cabinet.

COUNCIL AUTHORIZES SMALL BUILDING AS AUXILIARY JAIL

The construction of a small building, to serve temporarily as a city jail and later as a storehouse, was authorized by the city council at their regular meeting last night.

Councilmen voted unanimously to have plans drawn for a small concrete block structure, approximately 16 feet square, to be built below the warehouse, about 75 feet south of the city hall.

In speaking on the proposal before its passage last night Forrest G. Sears, mayor, described as unwholesome the situation which exists now in the city jail. There is little privacy for prisoners, and no means for segregating first-time offenders from hardened criminals.

AS AUXILIARY

The new building will not supplant the present jail, but will augment its facilities.

The council also authorized the chief of police to make an agreement with a restaurant for the purchase of prisoners' meals. When this arrangement goes into operation, the police department each morning will order meals for all its prisoners from a certain cafe. They will be delivered by the police department to the jail in a container in which they can be kept reasonably warm.

Following discussion by the council of the removal of part of the fence at the city tabernacle and the parking of trailers there, it was decided by a unanimous vote that the tabernacle should be advertised for lease. The property lies between Twenty-third and Twenty-fourth Streets, from Avenue T to an alley between Avenue T and Avenue R.

The council voted to pay 15 days' salary to John Lynch, in view of the fact that Lynch had worked for the city more than a year but had not had a vacation. Lynch recently resigned from the police force.

RESOLUTION LATER

Bob Patterson appeared before the council on behalf of R. E. Patterson, regarding a small tract once designated an alley but never used as one. A resolution will be drawn by Bob Patterson and will be presented at a later meeting of the council for its action.

W. P. Martin of Lubbock discussed with councilmen the possibility of getting city facilities on a tract he is developing directly south of the Morningside addition. There are 12 blocks in the 30-acre plot. Martin also discussed the possibility of bringing his development into the city limits.

Phil Burns, chairman of the steering committee for the clean-up drive and Bill King a member of the committee asked the council for suggestions for filling vacancies among campaign workers. When to make the house-to-house canvass are particularly needed, they said, and trucks and men to manage the removal of rubbish also are needed.

The council indicated its approval of a plan by which trash at the Snyder dump will be buried without charge to the city as a demonstration by the state health department. Neighboring towns will be invited to send representatives and equipment to the demonstration. Rubbish and cans, which offer, be buried by heavy machinery.

An inquiry was made by Roy Davis and R. B. Atwood, both of Odessa, C. L. Noble and Lawrence Dumas concerning procedure for applying for admission of a tract into the city limits. The property involved is south of Snyder.

The applicants were informed by James Rosser, lawyer and one of the city attorneys, that applications for admission of settled areas which did not connect with the city at some point could not be considered. The land in question does not meet the city at any point.

STOLEN CAR FOUND

An automobile stolen Sunday in Mineral Wells was found abandoned east of Snyder late yesterday

Two weeks ago Big West Drilling Company started drilling on the land of W. E. Bentley in Union and almost crowded the Taylor Grocery Store onto the highway. Store employees say that business has increased considerably since the rig moved in. Many people who enter, however, are merely curious visitors. Drilling had reached a depth of 1,804 feet last week.

Continuation Of Draft Law Urged

LATTIMORE AGAIN DENIES ANY RED CONNECTIONS OR TINGE

WASHINGTON, May 2. (AP) — Owen Lattimore declared under oath today that charges he was a Communist and Russia's top spy "are not supported by a shred of evidence, perjured or otherwise."

Lattimore called Sen. McCarthy, his chief accuser, "clearly a bad policy risk" and tore into the Wisconsin Republican's background.

He alluded to official criticism of McCarthy's conduct as a state judge and asserted difficulties over wartime income tax returns.

As for ex-Communist Louis Budenz—who swore high Communist officials regarded Lattimore as a Communist — Lattimore termed him a liar—"either" a plain old-fashioned liar or a pathological liar."

HITS AT UTLEY

Of Freda Utley, who said only yesterday that if Lattimeore isn't a Communist, he acts like one, the witness said: "An equally strong case can be made that Utley herself for a time followed the Communist line long after she says that she ceased to be a Communist, and that she subsequently followed the Nazi line."

Lattimore, far eastern affairs expert and Johns Hopkins University professor, hit back in sworn testimony to the Senate foreign relations subcommittee investigating McCarthy's charges that the State Department is harboring a lot of Communists and Red sympathizers.

It was Lattimore's second trip to the witness stand and he said again:

DENIES BEING RED

I have never been a member of the Communist Party, or subscribed to a conspiracy to overthrow and subvert established government."

When Lattimore testified the first time, on April 6, he challenged McCarthy to produce any witness who would swear he was a Communist.

McCarthy turned up with Budenz, who was managing editor of the Daily Worker until he renounced Communism in 1945. Budenz swore he had been told that Lattimore was a member of a Communist cell, and that the party leaders had disciplinary power over him.

Referring to Budenz today, Lattimore told the committee:

"The screen of lies behind which he disguised his lack of information is very thin, indeed."

West Texas Singers Will Convene Here Over This Week End

For the first time Snyder will be host Saturday and Sunday to the West Texas Annual State Singing Convention in the Snyder High School auditorium.

Silas Clark, president of the convention, expects an attendance of about 500 participants.

Well-known singers expected to attend are Frank Stamps, Eddie Williams, Stamps Quartet, San Angelo Quartet, Mitchell County Quartet, Tankersley Brothers Quartet, Roscoe Quartet, Murff Brothers Quartet, Juvanettes Quartet, Henry Shipp Quartet, Odis Echols Quartet, Abilene Stamps Quartet, and many others.

Starting time is 7:30 o'clock at night and the general public has been invited to join in.

County Netted More Than $111,000 From Motor Registration

Scurry County recently paid the Texas State Highway Department $61,781.11. That was the state's part of $176,801.42 collected here in motor vehicle registration fees.

Nearly 7,600 vehicles were registered in the county during the registration period this year, Holly Schuler, county tax collector, said. The disbursement system governing registration fees in Texas is that the county retains all of the first $50,000 received and half of the next $125,000, with the exception of 50 cents per vehicle which is placed in the county officers' salary fund. The salary fund commission remains the same and is taken from each registration, regardless of total amount.

All fees received after the total reaches $175,000 are sent to the state highway department, except the county's commission.

This year the county treasury received $111,672.71, and the salary fund commission to the treasury was $3,347.60.

Crime Syndicates Get Governor's Ultimatum

AUSTIN, May 2. (AP) — Crooks and gunmen of national crime syndicates today had Gov. Allan Shivers' ultimatum to keep out of Texas.

Texas Rangers will be told to take off the "kid gloves" in dealing with such criminals, the governor said in a statewide broadcast. He also called on citizens and all arms of law enforcement to cooperate in combating a 53 per cent increase in general crime in Texas during the past seven months.

CRIME REPORT

The governor's remarks were based on a crime report to him from Department of Public Safety Director Homer Garrison. Garrison called the crime picture in Texas "critical."

"To the big-time crooks and small-time gunmen of the national crime syndicates we say: 'It may be true that you have your eyes on Texas—but don't forget—the eyes of Texas are on you.'

"If you are thinking of coming to Texas, we're warning you—stay out!

"If you are already in Texas—get out!"

The governor outlined some jobs for the individual citizen in the fight against crime in general:

"It is your responsibility to see that good, strong men are named to interpret and enforce our laws—and to back them up as long as they are doing their duty. You should accept jury service as one of the duties of citizenship. You and —— must insist that our legislature, our appellate courts, our prison board, our parole boards and other agencies connected with the writing of laws and the administration of justice place the public interest above other considerations, including the maudlin sentimentality that too often tries to block the punishment of vicious criminals."

WASHINGTON, May 2. (AP)—Gen. Omar N. Bradley today asked Congress to keep the draft law alive because, as far as he can see, "There has been no letup in the aggressive extension of communism toward its goal of world domination."

The chairman of the joint chiefs of staff was the first witness as the House Armed Services Committee reopened hearings on proposals to extend the draft. It is due to expire June 24.

LITTLE COMFORT

Speaking of recent events such as the Baltic plane incident, Bradley said the situation "frankly gives us little cause for comfort and little excuse for delay.

"Certainly it does not support discontinuing the selective service act."

At the outset, Chairman Vinson (D-Ga) recommended the committee approve a two-year extension of the draft but leave to Congress the power to say when anybody would be inducted or any industry seized under the law.

At present, the Defense Department can call men up for service at any time. However, there have been no draft inductions since January, 1949.

Vinson said the proposed draft act is not perfect but would serve until such time as a better overall mobilization plan can be written.

VINSON WORKING

Vinson said that he is recommending that Chairman Stuart Symington of the National Security Resource Board draw up such a plan for consideration by Congress at its next session.

Bradley, Secretary of Defense Johnson, Secretary of State Acheson and other leaders appeared before the committee last January urging retention of the draft.

But Vinson came up then with a bill that would have repealed all provisions of the draft except registration and classification.

He reversed his position last week because of "present world conditions."

O'Daniel Is Moving, May Announce For Governor's Office

DALLAS, May 2. (AP) — W. Lee O'Daniel is moving to Dallas today, and speculation immediately arose that he is about to announce for governor.

Several recent statements by the former senator and governor indicated he was contemplating this step.

O'Daniel hinted strongly in an interview that he was on the verge of entering the race, but still remained silent on a definite announcement.

He confirmed that he has rented an apartment in Highland Park West. He and Mrs. O'Daniel planned to move in their furniture this afternoon.

Still Seek Escapee From Scurry Jail

Law enforcement officers at noon still were conducting a state-wide search for James Ewell Amos, 53-year-old Alice, Tex., man who escaped from the county jail here Saturday morning.

Amos escaped in a green 1947 DeSoto automobile with Texas license plates KZ7822, L. E. Haynes, deputy sheriff said. The escape was made by removing bricks from beneath a window.

GARZA WILDCAT FINDS POOR TO GOOD POROSITY AND OIL

L. M. Glasco and Spartan Drilling Co. No. 1 Emery Trust, Northeast Garza County wildcat, found poor to good porosity and bleeding oil in a ten foot core recovered at 6,194-6,204 feet.

Operators started in to run a drillstem test. The rig broke down. Taking of the test will be delayed until repairs can be made. This prospector had some porosity and some oil saturation in a 20-foot core at 6,174-94 feet in a Pennsylvanian lime, thought by some geologists to be the Canyon.

Those observers called top of the Canyon at 6,170 feet, which gives it a datum of minus 3,895 feet. That would make the prospector 65 feet high to Gulf Oil Corp. No. 1-B Swenson, a deep dry hole one and one quarter miles to the southwest, which flowed oil and water from the zone at 7,325-32 feet, before being abandoned as a failure several years ago.

It is 1,649.5 feet from north and 330 feet from west lines of section block 2, H&GN survey.

The No. 1 Emery is one and one quarter of a mile north of the Ted Weiner, Sohio Petroleum Co. and associates No. 1 Swenson which is located in section 17, blocck 2, H&GN survey.

That venture had reached 6,839 feet in dry lime and was making more hole.

A new Pennsylvanian lime discovery in Central South Kent County has been officially completed and will be put on regular production as soon as a tank battery is erected.

Barnsdall Oil Co. and Seaboard Oil Co. of Delaware No. 1 Spires, six and one-half miles north of Cogdell Canyon field, reported a calculated 24-hour potential of 400 barrels of 42 gravity oil, flowing through a one-half inch tubing choke. Gas-oil ratio was 584-1. Flowing tubing pressure was 200 pounds.

The production came from perforated section in the lower Canyon lime at 6,755-71 feet. That zone had been washed with 1,500 gallons of acid. There was no information water.

The new discovery is 3,300 feet from north and 1,980 feet from west lines of section 22, block 4, H&GN survey.

Why Live With Litter?

Immediately following a rain, when the world is clean and refreshed, is an ideal time to think about keeping our town clean.

At least two movements toward civic cleanliness have broken out recently, and should excite the willing and wholehearted co-operation of the whole Snyder population.

Sanitation is the main aim of a clean-up drive which will get under way May 16. It is being directed by a citizens committee, under the supervision of the city-county health unit, using the help of school children.

Another movement has been directed against the trash and rubbish which litter our streets. The Junior Chamber of Commerce has ordered several barrels, which will be placed about the square as depositories for trash. When these barrels are installed, there will be no excuse for the candy wrapper, the newspaper and the circular tossed into the street.

Both of these measures, the city-wide clean-up drive and the Junior Chamber trash barrel enterprise, are essential steps in civilizing the boom town. But they can succeed only with the co-operation of the whole community.

Clean-Up Drive Postponed For Personnel Lack

The clean-up drive originally scheduled for May 9, has been postponed to May 16, Phil Burns, chairman of the steering committee, announced today.

The postponement, which will affect all phases of the campaign, was made partly because of the steering comittee's inability to procure zone managers and workers soon enough to conduct the private premises survey with which the drive will start, Burns said.

Anotker factor in the postponement was the sudden rain and comparatively cool weather. "Flies have not reached the adult stage in large numbers," he said, and it would probably be better to wait until the warm weather brings them out before waging an all-out war against them."

The pre-campaign projects, to be conducted by public school students in their homes, was likewise postponed one week. On May 9, students will be given lists of methods by which they can help make the drive successful. The form letters given them will also request a pledge of co-operation from the parents.

The steering committee will choose four men— a zone manager for each quarter of the town—to supervise a house-to-house survey of the sanitation conditions in Snyder. A crew of several women will work under each zone manager and will make inspections of homes and suggestions as to more efficient sanitation measures.

Women interested in offering their services to promote good health in the city should contact the city-county health unit, radio station, White Auto Store, or King & Brown appliance company, Burns said. "We will need several women who are conscientious about the health and welfare of the public to volunteer for this essential work."

Sponsors of the campaign, including service clubs, the Chamber of Commerce, the Junior Chamber of Commerce, and some other clubs and organizations, are urging citizens to clean their premises firms to pick up rubbish and things offering breeding places for flies and mosquitoes.

On the second day of the drive, trucks will be furnished by business firms to pick up ribbish and garbage, Burns said.

"We can actually make Snyder the cleanest and most healthful city in Texas if every person does his part," he added. "And Snyder can also be made absolutely free of flies and mosquitoes."

Maragon Due For Sentence Today

By DOUGLAS B. CORNELL
(Associated Press Staff)

WASHINGTON, May 2. — John Maragon, once on friendly terms at the White House, gets a jail sentence today for lying criminally to Senate investigators.

Maragon was convicted last Wednesday on two charges of perjuring himself about his bank accounts and jobs.

POSSIBILITIES

Federal Judge Jennings Bailey could give him as little as eight months to two years or as much as 40 months to 10 years on each count. The maximum penalty seldom is imposed.

Because of other court business occupying the morning session, it appeared unlikely that Maragon would hear his sentence before late afternoon.

Maragon's lawyer, Irvin Goldstein, said he would ask that his client be put on probation. He told a reporter he would appeal the case within a few days.

GREEK IMMIGRANT

Now 57, Maragon came to this country as a Greek immigrant, became a Kansas City shoeshine boy, and later built up Washington friendships that included Presidential Military Aide Harry Vaughan.

He got in trouble last summer when he testified to the Senate committee that investigated five percenters—persons who charge a fee that usually is five per cent for representing others in business dealings with the government.

He was convicted of lying.

Snyder National Puts In Night Depository

Installation of a night depository for the Snyder National Bank began this morning and the unit is expected to be ready for use by the end of this week.

The new unit, which will enable patrons of the bank to make deposits after banking hours, is being installed on the northwest side of the establishment. Customers desiring to make night or weekend deposits will be issued a key to the depository.

The new unit is of the type that can only be entered through a safe located on the first floor of the bank. After making a deposit customer has to wait until regular hours to claim the money and check pouch.

Videla Winds Up His West Texas Jaunt

LUBBOCK, May 2. (AP) — "Sure am glad you folks could come out here," said George P. Livermore as the president of Chile and his party prepared to board their plane for New Orleans.

President Gabriel Gonzalez Videla wound up a brisk two day visit to this South Plains area yesterday afternoon as the guest of Livermore, a Lubbock oil man who has drilled 35 oil and gas wells for Chile.

In the two days Gonzalez Videla inspected a natural gasoline plant at Levelland, an irrigation project at New Deal, Tex., ate chuck wagon barbecue at a ranch near Lubbock, watched square dancers and a cowboy band, made an unprogrammed speech in a football stadium and attended two luncheons.

The president began an official visit to the United States April 12 and will leave New Orleans Wednesday for his home country.

JOE MERRITT GAINS

Joe A. Merritt, 77, widely-known Scurry County farmer, was reported improved today after being taken to the Merkel hospital Thursday because of his second attack of influenza this spring.

Commissioners In Study of Sites For New Hospital

The commissioners court yesterday inspected seven plots of land in the city as possible sites for the new county hospital.

None of those inspected, however, yet has been considered, Edgar Taylor, county judge, said. The commissioners plan to see several more sites in the city before attempting to purchase one.

When a location is decided upon, the commissioners will ask for a price on the property. If the price is not too high, an attempt will be made to secure an option from the owner to purchase the plot. The state hospital board will then be asked to approve the site.

After the state board has approved the site, the federal government will supplement funds enabling the state to pay half the total cost of the ground. The county will pay the other half.

The architectural firm on the project, the Butler-Brasher Co., of Lubbock, is advising the commissioners on the choice of a site, Judge Taylor said. They recommended a site of two square blocks, adjacent to each other on the east and west, so the hospital could be built with a north front. In such a building, most of the beds would be toward the south, accessible to more sunshine.

The project, which was approved by county voters in a bond election April 1, calls for an $800,000 hospital and health unit combination. Half the total cost will be paid by joint state and federal funds.

The architectural firm will have complete charge of construction bids.

In 1949, a total of 520 stakes races with a value of $7,701,979 were run at tracks in the United States.

Motel 180 Will Be Air-Conditioned

Modern tiled shower rooms, heat control, and air-conditioning will be features of Motel 180, a 20-unit tourist court now under construction at 1207 Twenty-fifth Street.

Other attractions will be lime oak furniture and Beauty Rest Mattresses. All floors will be tiled and rooms will include desks, mirrors, and chairs.

E. P. Kenner, Snyder contractor, is building the motel for R. J. Butler of Kermit and A. T. McMillian of Abilene. Both owners have been here several months. Butler will reside at 401 Twenty-eighth Street, and McMillian will live at 2411 Thirtieth Street.

MRS. LOCKHART BETTER

Mrs. Tennessee Ann Lockhart, 90, who suffered a broken leg Sunday night when she fell from a chair in her home, 2905 Avenue Y, was reported by attendants at the Snyder Hospital to be feeling much better last night.

General Says Russia Probably Has Set Date for an Attack

GEORGE C. KENNEY

WICHITA, Kan., May 2. (AP)—Gen. George C. Kenney says a diplomatic blunder could touch off a war with Russia "at any moment."

He added, however, that he did not think the Russians were in a position to go to war now.

Aggressor nations "usually go to war when they have war power sufficient that they're pretty sure they can win," the four-star general said yesterday.

"I don't think they (the Russians) are in that position now. I think that they're trying to reach that point as fast as they can."

He said Soviet leaders probably have already set a year for their attack and that he believed war with Russia is coming.

Kenney, wartime head of the allied air forces in the Pacific, made his remarks at a press conferece and at a wichita rotary club luncheon.

Wrestlers from 22 states were among the 231 entrants at the recent 60th annual national AAU grappling championships at Hofstra College.

Invitations Out For Junior-Senior Banquet Friday

A committee of the junior class of the Snyder High School began Monday to make early plans for the annual junior-senior banquet. The banquet, in honor of the seniors, will be held in the school gymnasium at 8 o'clock Friday night.

Formal invitations were given out last week to faculty members and students of the junior and senior classes.

Speakers will be from the student body of the two classes. Miss Zaide Brown and Mrs. Forrest Beavers are junior class sponsors.

Included on the planning committee are Wanda Jean Rainwater, Jay Fish, and Iralyn Newby. The arrangement committee is composed of Shirley Miller, James Franklin, Virginia Hicks, Charlene Stewart, Shirley Houston, and Merry Bodie.

Other committees are: program—Grant Teaff, Billy McCormick, Joye Graham, and Jo Ann Gee; decorating—Janet Saffel, Patsy Pogue, Patsy Woolever, Ilasu Blakely, Max Coffee, Benny Sims, Grant Teaff, Anne Richardson, Jo Ann Gee, and David Harlin.

Favors committee—Janell Smith, Margie Handin, Bonita Lyons, Otis Sneed, Billy Hicks, Mae Jean Leath, Charlene Stewart, and Shirley Teague; finance—Betty Yarbrough and Lowell Bynum; invitation—Cary Allen, Geraldine McDanfel, Ann Grubb and Wanda Jean Rainwater; and Freida Whitehurst, Kay Tate, and Eva Zay Arnold are the cleanout committee.

HOBBS RESIDENT DIES

Funeral services for Jackson Willingham of Hobbs community, will be held at 3 o'clock tomorrow afternoon in the home. Mr. Willingham, who died Monday, was a resident of Fisher County more than 50 years and was well known in Snyder and Scurry County. Burial will be in Hobbs Cemetery.

MRS. WALKER RETURNS

Mrs. C. E. Walker, Twenty-fifth Street, spent from April 26 until Saturday visiting at the home of Mr. and Mrs. j .d. martin of Forsan, Texas. From Forsan she went Sunday to Big Spring where she visited Mr. and Mrs. Trasdell Gross, and Sunday night she attended a Church of Christ meeting under the direction of Brother Lester Hathaway of Mobeetie, Tex.

Hospital Notes

Admitted to Snyder Hospital Clinic this week were:

Mrs. Ilene Wishert, general delivery.

J. E. Shipman, general delivery.

Mrs. Marie Riley.

Miss Vita Mae Cumbie, 2606 Avenue K.

Mrs. Pearl Soape, Big Spring.

Tom Hairm King, Sweetwater.

Harold N. Hensley, general delivery.

Mrs. Juliet Box, Fowler's Trailer Camp.

Roma D. Heddin, Route No 2.

James A. Stafford, Hobbs, N. M.

Mrs. Roberta Browder, general delivery.

Still under treatment last night were:

Jack Edwards, Pekin, Ill.

Mrs. Tennessee Ann Lockhart, 2905 Avenue Y.

Joe H. Archie, general delivery.

Mrs. Strlene Morgan, 2808 Avenue M.

Mrs. Alton C. Krutledge, Box 608.

Lloyd J. Whitfield, 1901 Nineteenth Street.

Discharged were:

Mrs. John H. Washam, 1412 Thirtieth Street.

William D. Boyd, general delivery.

Kenneth E. Branch, Gail.

Dinner for Business And Professional Women Set Thursday

An organization dinner will be held at 7:30 Thursday night at the Sage and Sand for the Business and Professional Woman's Club of Snyder. Any one wishing to join the club should telephone Vera Miller at number 85 or Lee Small at 442-J for information and reservations to the dinner.

The district director of the Business and Professional Woman's Club from Colorado City, Addie V. Payne, will be at the dinner to explain the work of the national association. The club is principally a civic organization with chapters over the United States.

Good for lunch is Oyster Stew with crackers. Finish off with a fruit salad and cottage cheese.

Little Girl Who Waved At Trains Will Be Given Trip In Private Car

By WILLIAM C. BARNARD
(Associated Press Staff)

Myrtle Lou Martin started waving at trains when she was four.

For one thing, she lived at the big, white, two-story home of her grandfather, J. N. Terrell. The residence adjoined the Texas and Pacific railroad tracks near Cheneyville, La. . . a mighty handy spot for train-waving.

As early as Aug. 18, 1843, she received a coloring book from Freight Conductor R. R. Tusson of Gretna, La., one of the many railroaders who noticed the friendly child.

EVERY TRAIN

As Myrtle Lou grew older she waved at every train that passed the house. At night she signaled the railroaders with a flashlight.

Starting a run from Alexandra to New Orleans on an unpleasant wintry night, Philip Trepagnier, New Orleans, a conductor, told his crew: "Betcha we don't see Myrtie Lou tonight." But when the train thundered past the darkened farmhouse, a flashlight beamed a greeting from an upstairs window.

L. N. Thatch, of New Orleans, a conductor, made the rounds in New Orleans during the war days to buy candy bars, gum and other scarce items to throw to the girl.

GIFTS GALORE

Engineer Emmett R. Strehle of New Orleans made a large kite with Myrtie Lou's name on it to toss from his train; Conductors Thatch and G. C. Platt of New Orleans threw her other kites. An unnamed trainman pitched her an expensive silk scarf. And there was a music box from E. J. Campbell of Bunkie, La.; a bird book from Engineer Charles Israel of New Orleans—and many other gifts

Myrtle Lou is 10 now, and as faithful to the T&P as ever. She has a scrap book full of letters from railroaders addressed in such affectionate terms as "Little Miss Bright Eyes"; "Little Girl Who Waves at the Trains"; "Dear Little Pin-Up Girl." All were written to be tossed off a train, with gifts. A sample letter: "My wife made this candy for you.

TO GET RIDE

Recently Conductor Russon wrote a note to J. B. Shores of Dallas, director of public and employe relations for the T&P. Shores this month sent Chris Hobson, his assistant, to Louisiana, to find out more about Myrtle Lou. Chris talked to the little girl with the big smile for railroaders—and found she had never ridden on a train.

So at 3:45 o'clock Friday afternoon, May 5, T&P's Passenger Train No. 28, bound for New Orleans, will stop at the farm home of Myrtle Lou. There will be a "President's Car" attached—a private car just for the little girl and her mother, Mrs. Myrtle T. Martin. They'll ride to New Orleans where they'll be met by every T&P railroader in town.

The group will go straight to a noted restaurant in the French Quarter for a banquet. Gifts will be presented to Myrtle Lou and her mother. Next day the two will go sightseeing. . . even have a steamboat ride. And Sunday morning they'll ride back hom in the "President's" car.

The train will make another unscheduled stop at the big, white farmhouse. And, very probably, Myrtle Lou will go right on waving at trains.

Sardines make a good sandwich spread. Mash them with lemon juice and chili sauce and add a few chopped pimento stuffed olives if you like. This spread is good on both white and whole-wheat bread.

Hawaiian Is Speaker At Baptist Meeting

Approximately 60 young people attended the Associational Youth meeting held at the First Baptist Church Sunday afternoon.

Marai Haratoni, Hawaiian student of Wayland College Plainview, made the principal address of the afternoon. Winfred Walker, also of Wayland College, led the singing.

Jim Boyd, of Snyder, was in charge of program arrangements for the afternoon.

NO INJURIES

No one was injured in a minor automobile accident Friday night at the Y of State Highway 101 and U. S. Highway 84, south of town.

The two cars were damaged about $300, Bill Zimmerman, highway patrolman, said, when one driven by Guy Wilson, 55, of San Pablo, Calif., and one driven by Stanley Ewing White, 40, of Snyder, collided.

Wilson paid a fine of $14 in justice of peace court today after pleading guilty to disregarding a stop sign at the time of the accident.

BOGUS CHECK CHARGES

Four persons were charged in county court yesterday with swindling by worthless checks made in amounts less than $50, making the cases misdemeanors. Their names are witheld, pending apprehension.

Onion Growers Set Limit on Shipments

LAREDO, May 2. (AP) — A co-operative marketing plan limiting daily shipments to 85 carloads has been adopted by onion growers in this area.

The plan will be effective the remainder of the season, which has about 15 days to run.

Shipments last week were limited to 85 rail shipments. The new plan cuts rail shipments to about 50 daily and the remainder by truck.

Ennis To Vote Again On Parking Meters

ENNIS, May 2. (AP) — A special election has been set for June 3 here to determine action on parking meters.

The meters, installed last October for a six-month trial, were voted out by a 378 to 373 count April 4. But the meters haven't been taken out yet.

The city commission set the special election yesterday at the request of 287 petitioners.

A QUARTER LUNCH

REDLANDS, Calif., (AP) — Marsha Gumpert, 6, had a quarter for lunch—literally. Given a 25-cent piece to buy her noon meal at school, she amused herself by tossing it in the air and catching it in her mouth. It was fun until the time the quarter kept right on going, down her throat.

A physician said there was no cause for alarm.

The Baltimore oriole is Maryland's state bird.

Murphy News

Mrs. Ben Weathers, Correspondent

Mr. and Mrs. Joe B. Smith and children of Genoa, Mrs. Cora Weathers and Gene Warren of Snyder, visited Saturday in the Harley Smith and Ben Weathers' homes.

Mr. and Mrs. Lloyd Murphy visited Wednesday night in the Buford Sterling home to celebrate Mrs. Sterlings' birthday.

The Rev. Rex Roades and J. William Arnett, District Missionary of Big Spring, presented a Biblical show at the church Wednesday night. Mr. Roades spoke on the importance of Vacation Bible Schools for children.

Mr. and Mrs. Walter Weathers visited Wednesday in the Edd Murphy home.

Mrs. D. W. Stell last Thursday attended the funeral of a brother-in-law at Mulshoe.

Gene Warren spent the week in the Ben Weathers home.

Mr. and Mrs. Winfred Tucker and daughter were week-end visitors with Mr. and Mrs. J. E. Sorrells, relatives and friends.

Mrs. Edd Franklin and Linda Kay Murphy are ill with the mumps.

Owen Gray was a Big Spring business visitor Thursday.

Mr. and Mrs. Hawley Weathers and niece were visitors in the Harley Smith and Ben Weathers' homes Sunday.

WRECK FATAL TO WOMAN

PALESTINE, May 2. (AP) — Mrs. R. E. Gandy, about 40, of Longview was killed yesterday in a head-on auto-truck collision near here.

Her daughter, Barbara Sue, 5, was injured critically.

WORK DAY AT PYRON

A Pryon cemetery work day has been scheduled for Friday, Louie Brock, cemetery trustee, announced today. Volunteers are requested to bring garden tools and their lunches, Brock said. In case of rain, the work will be postponed until the following Friday, he said.

Cornmeal, salt, or talcum powder should be worked around a fresh ink spot on a rug until it is absorbed

"I've Operated A Local Business for Several Years Now, And I'm Sure . . .
"I DON'T WANT BEER IN SNYDER

"Yep, I've been in the grocery business in Snyder several years now. I've seen hard times and good times, but . . .
"It gets to be a little annoying this old argument the wets are using about beer making business better in general in Snyder. If we only had beer the town would be financially better you hear some of them trying to argue.
"As a matter of fact, I'd be pretty worried about how some of the beer guzzlers would be able to pay their grocery bills if the town voted 'wet' next Saturday.
"And I think a lot of my friends in the clothing business, in the drug business and other legitimate businesses in Snyder think the same as I. If the money goes for beer, how is it going to help us?
"And, besides, I have a couple of sons of school age. I want no part in being responsible in placing all the temptations that go along with the beer hall before them. Nor will I have any part in making our downtown Snyder resemble the Bowery . . . either from the sight that meets the eye or the alcoholic odor yeilded by the joints dispensing the stuff.
VOTE AGAINST BEER!"

Cardinals' Wins Redden Faces Of the Experts

By JOE REICHLER
Associated Press Sports Writer

The St. Louis Cardinals are up to their old tricks again. Next to beating the Dodgers, the Redbirds get the greatest delight out of making the experts look foolish.

Remeber those pre-season reports on the Cards? Too old. No reserves. A one-man ball club. Tsk, tsk. Is our face red.

HATTEN JERKED

With a lineup shot as full of holes as a slab of swiss cheese, the scrappy St. Louis gang has managed to win five of its last six games. They capped it off last night with a thrilling victory over their hated rivals, the Brooklyn Dodgers.

The score was 3-2. Until the last half of the ninth, Brooklyn was in front, 2-0. Starter Joe Hatten had held the Redbirds to three hits up to that point.

Hatten began the last inning by walking Chuck Diering. Enos Slaughter singled Diering to second. Marty Marion, making his first appearance of the season, batted for Steve Bilko and fanned.

Eddie Kazak, another pinch hitter, lined out. One more out to go and the Dodger lefthander would own two straight shutouts. But it never come.

Red Schoendienst singled, scoring Diering. That was all for Hatten. Another pinch hitter, Bill Howerton, faced Willard Ramsdell. Howerton singled to right scoring Slaughter with the tying run as Schoendienst raced to third.

LANIER POUNDED

A wild pitch by Ramsdell allowed schoendienst to cross the plate with the winning run. Hatten was charged with the loss.

Cloyd Boyer, who has taken over the ailing Ted Wilks' relief chores, was the winning pitcher. He relieved starter Max Lanier in the ninth and kept the Dodgers away from the plate in the one inning he worked.

The victory moved the Cards into a virtual tie for second place, a game and a half behind the front-running Dodgers.

It was the only game played in the National League. All other teams were idle, resting up for their intersectional classes. There was no action in the American League. Philadelphia and Boston, only clubs scheduled, were foiled by the weather. A steady Boston drizzle decided matters for them.

Valley League Now Playing As Expected

By The Associated Press

Last year when the Rio Grande Valley League was a step-child Class D league you could expect anything, and you usually weren't disappointed. This year, now that it is a "high class" Class C league, everything goes according to Hoyle.

Last night was no different. The teams that were suppoed to win, won, and those that were supposed to lose, lost. Corpus Christi won from McAllen, Del Rio won from Harlingen, Laredo won from Brownsville and Robstown won from Donna-Weslaco.

The Aces got good hurling from Louis Colella as they were winning from McAllen, 7-2. Colella supported his own chunking with a 365-foot home run.

Robstown handed Donna-Weslaco another loss, 11-8. Robstown had to use four hurlers to protect its win.

Frank Mormino singled with the bases loaded and two out in the tenth inning to give Del Rio a 4-3 win over Harlingen. Harlingen had pushed a tally across in the top of the tenth to take a temporary one-run lead.

Joe Valencuela's two-run homer in the sixth was the margin of victory as Laredo won from Brownsville 6-4. Curtis Ray had a circuit clout for the Charros in the fourth.

Games Called Off, May Be Tonight

Rain for the second time this season caused the postponement of a Scurry-County Softball League game. This time the Tri-Service game with the Legion was rained out, but the field may be dry enough for the two games tonight.

Slated to play tonight starting at 8 o'clock are the V. F. W.-Office Supply tilt and the Ira-Vincent game. The games will be played at the V. F. W. field.

Wildcat North Of City Produces

The Warren Oil Corp. No. 1 Cunningham, Central-North Scurry County wildcat, 15 miles north of Snyder, has been completed as a flowing producer from the Canyon reef.

The well made a calculated 24-hour potential of 1,224 barrels of pipe line oil flowing through a 1-inch opening on 2-inch tubing. There was no water.

Production was from pay in the reef between 6,849 feet and the total depth at 6,900 feet. That zone has been treated with 1,500 gallons of acid.

This new producer is one and one-half miles southwest of Castleman & O'Neill No. 1 Feldman and Pardo, the nearest completed producer.

Location of the Warren well is in the southeast corner of section 653, block 97, H&TC survey.

The top of the Canyon reef was at 6,830, 4,405 feet below sea level.

Warren is to move one location north and start drilling at once on its No. 2 Cunningham.

BACK INJURED IN FALL

Harold N. Hensley, 28-year old employee of the Westlund Drilling Co., was admitted yesterday to the Snyder Hospital for treatment of back injuries suffered Friday when he fell of a swivel onto a pile of drill pipe.

He was employed on a rig 21 miles northwest of Snyder.

Hearing May Be Set For Texaco Strike Compensation Cases

AUSTIN, May 2. (AP) — Public hearings may be necessary to decide unemployment compensation claims by approximately 2,000 Texas Co. workers at Port Arthur and Port Neches.

That possibility was seen yesterday by a Texas Employment Co. spokesman who described the situation as "unusual."

An actual study of the claims is not permitted until sometime after May 3, the end of a one-week waiting period requested by law, a statement issued by the commission said.

LOOK-OUTCHARGE

The workers tried to end a three-weeks strike April 26 but the company issued a statement saying the Port Arthur plant would not be reopened "without assurances from the unions that operations will be maintained for a reasonable period of time." The union charged that it was a lock-out.

TEC's statement said:

"Under the Texas unemployment compensation act, workers in order to obtain unemployment insurance must first serve a one-week waiting period. Actually the Texas Co. to obtain unemployment insurance must first serve a one-week waiting period. Actually the Texas Co. workers have not yet filed claims for unemployment insurance although several thousand reported at offices of the TEC in Port Arthur and Beaumont last Wednesday for the purpose of registering for work and notifying the commission of their intention to file a claim for unemployment insurance.

WEDNESDAY

"Actually their first claims can not be filed until Wednesday of this week when the one-week waiting period will have been served. The claims filed on that date will be forwarded to TEC's state headquarters at Austin for review."

Autopsy Ordered In McLennan Deaths

WACO, May 2. (AP) — An autopsy is to be held to determine the cause of death of two persons found yesterday in the ashes of a house destroyed by fire at Elk, McLennan County.

The badly burned bodies of Miss Mattie Shead, 76, and a roomer, L. M. Hamilton, 78, were found in the remains of the house. A double-barreled shotgun with two empty shells in it was found near the bodies.

Medical Association Opens Meeting Today

FORT WORTH, May 2. (AP)—The 83rd annual meeting of the State Medical Assn. of Texas was to open here today.

The morning's session includes an address by Dr. G. V. Brindley of Temple, president of the state association, and talks by Cecil Palmer of London, Dr. Robert J. Crossen of St. Louis and Dr. Orvan Swenson of Boston.

Philadelphia's Ex-Mayor Dies Today

PHILADELPHIA, May 2. (AP) — J. Hampton Moore, two-term mayor of Philadelphia and a member of the U. S. Congress for seven terms, died today after an illness of two years. He was 86.

Moore was president emeritus of the Atlantic Deeper Waterways Association which he headed from its foundation in 1907 until his retirement in 1947.

He was the author of two published books of poetry and drew from personal experiences to write two other works, "Roosevelt (Theodore) And the Old Guard" and "With Speaker Cannon Through the Tropics."

Moore served as a representative in the U. S. House from 1905 through 1919. He was elected as a Republican from the Third Pennsylvania District.

McCarthy Sells Big Tract Near Houston

HOUSTON, May 2. (AP) — Oilman Glenn McCarthy has sold a 4,000-acre tract of land to a group of Houston businessmen for a reported $2 million.

David C. Bintliff, spokesman for the purchasers, said the land will be developed into the city of Westmoreland, a self-contained sub-division or separate municipality.

The Houston Post said last night it was the biggest acreage land deal in the history of Harris County.

Almost one forth of Holland is below sea level.

ORDERS 30 AND 60 DAYS AHEAD SHOW BUSINESS FAITH IN FUTURE

By SAM DAWSON
(Associated Press Staff)

NEW YORK, May 1. — More and more businessmen are betting on good days ahead. Executives are backing their bets with forward orders. Many who were buying on a 30 to 60 day basis are switching over to 60 to 90 day buying.

This inventory boom is in direct contrast to the inventory recession which the same businessmen were staging just a year ago.

During the year corporate inventories dropped by $4.7 billion to $43.8 billion. Now they appear to be on their way up again. But production and sales are on the way up, too.

FASTER OUTPUT

And some companies are producing at a much faster rate than they had expected. As a result, they find their stocks of raw materials dwindling and rush to replenish so that they can keep going full blast for at least 90 days ahead.

New orders placed with manufacturers in March hit a post-war high, the Department of Commerce reports. They were 14 per cent higher than in February, and also 14 per cent higher than last year. The largest gain in new orders was in durable goods, with orders exceeding sales.

Manufacturers' sales in March were highest in 15 months. Biggest sales gains were reported in lumber, furniture, general machinery, motor vehicle and non-ferrous metals industries.

In fact, sales were so good that in spite of the increased ordering inventories in durable goods rose only slightly in March.

NO RUNAWAY

Moreover, the business survey committee of the National Assn. of Purchasing Agents, in its April report published today, sees little chance of a runaway inventory boom. In most companies it finds cautious buying policies continuing. The fact that "with few exceptions, industrial materials can be obtained in the time required" helps the cautious buyer to keep from getting caught short.

But the production department in many companies is putting more pressure on the purchasing agent. The NAPA finds that increased production in the first weeks of the year was cutting into stocks a little faster than there were being replaced.

Potatoes were brought to Europe from South America by Spaniards.

Potatoes were introduced to North America by Irish immigrants.

The first potatoes in North America were planted in Rockingham County, N. H.

POLIO
Strikes without warning. No one can predict when or where. But when it does strike it's costly. For less than 3c per day you can have FREEDOM FROM WORRY for every member of the family. This policy pays up $5,000 aggregate for all of these dreaded diseases:
Polio — Leukemia — Scarlet Fever — Small Pox — Spinal Meningitis — Encephalitis — Tetanus
Perhaps none of these dreaded diseases will ever strike your family. But you can protect the entire family for only $10.00.

Section 18. Penalty.

Any person violating this Ordinance shall be fined not less than five ($5.00) dollars nor more than one hundred ($100.00) dollars for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

ANY person violating this ordinance shall be fined not less than five ($5) dollars nor more than one hundred ($100) for each offense. Each day that a violation is permitted to exist shall constitute a separate offense. For further details of this ordinance, see the issues of the Scurry County Times of April 17, 1950 and April 25, 1950.

LEGAL

THE STATE OF TEXAS

TO: J. L. Williams, Jr., GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 22nd day of May, A. D., 1950, at or before 10 o'clock A. M., before the Honorable District Court of Scurry County, at the Courthouse in Snyder, Texas.

Said plaintiff's petition was filed on the 19th day of January, 1950.

The file number of said suit being No. 4677.

The names of the parties in said suit are:

MAURICE MCCLINTON WILLIAMS as Plaintiff, and J. L. WILLIAMS, JR. as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for Divorce and for the care, custody and control of Larry Jack Williams, a minor.

Issued this the 6th day of April, 1950.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 6th day of April A. D., 1950—Eunice Weathersbee, Clerk, District Court, Scurry County, Texas.

4-11 4-18 4-25 5-2

Six Airmen Killed In Illinois Crash

LEBANON, Ill., May 1. (AP)—Six Air Force crewmen were killed yesterday in a crash of their B-25 bomber in a vacant lot of a residential area.

The dead were listed by the Air Force as Col. Richmond A. Livingstone, the pilot, Pawtucket, R. I.; Maj. Donald H. Bruner, Coral Gables, Fla.; 2nd Lt. Richard L. Watson, Little Rock, Ark.; S-Sgt. James A. Strum, Nashville, N. C., and T-Sgt. William I. Ball, Ozan, Ark.

Ohio State Slaying Trial Starts Today

COLUMBUS, O., May 1. (AP) — James D. Heer, former Ohio State freshman, goes on trial today in the "fraternity row" slaying of the managing editor of the university's daily newspaper, the Ohio State Lantern.

University officials have been summoned to testify.

Jack T. McKeown, a member of Delta Tau Delta Fraternity, was shot last Nov. 12 after a fraternity homecoming party. Heer was a pledge of the fraternity.

Movie Producer in Night Club Fight

HOLLYWOOD, May 1. (AP) — Michael Luft, movie producer and husband of Actress Lynn Bari, is the victor of Hollywood's latest one-punch night club fight.

Luft said an unidentified man picked a fight with him Saturday night at Ciro's on the Sunset Strip. The man kicked him in the shins and then threateped him with a broken cocktail glass, he said. Luft crashed a right into the man's face and waiters separated the two.

Luft said Miss Bari was in New York appearing on television shows.

Crash on Highway Fatal to Five Men

TOMAH, Wis., May 1. (AP) — Five men were killed near here tonight when the car in which they were riding collided with a loaded automobile transport.

Some of the victims are believed to have been soldiers stationed at Camp McCoy, Sparta, Wis., Sheriff H. R. Biegel said.

The transport, carrying several new automobiles from Milwaukee to Sparta, was driven by Donald Bellman, 39, Winona, Minn.

He was not seriously injured.

Fast Electric Waves in Brain Cause Headache

By HOWARD W. BLAKESLEE
Associated Press Science Editor

DETROIT, May 1. — Restless? Got a headache? Dizzy?

Maybe the reason—a new one shown to the American Psychiatric Association today—is buzzing electricity in your brain.

The buzzing is exceedingly rapid pulses of electrical energy, 30 to 40 per second. That is half to more than half as fast as the pulsations of alternating current in your house electric lights. It occurs in both the central and forward parts of your brain.

IN EXHIBIT

The discovery was shown in an exhibit by the Veterans Administration Hines (Ill.) Hospital and University of Illinois College of Medicine. Exhibitors were Frederick A. Gibbs, W. A. Stephenson, Pearce Bailey, H. A. Kildee, E. L. Gibbs and F. M. Lorimer.

Eighty-five per cent of persons with these fast waves suffered from headaches, 70 per cent were restless and 55 per cent complained of dizziness. Also 75 per cent said they had "spells of some sort," and many of them had suffered personality upsets.

These waves were discovered by taking brain pulses during drowsiness. The pulses are picked up by pasting little electrodes on the skin or scalp, with fine wires attached to carry away the current.

BRAIN WAVES

The drowsiness readings are part of a new way of detecting important brain waves during sleep. The report said that sleep "takes the blanket off the brain" and lets the waves out better than during wakefulness.

The sleep studies showed that sometimes one side of the brain beats faster electrically than the other. This happens in hemiplegia, a common trouble among wounded GI's. In hemiplegia part of the body is paralyzed, but only one side. This paralysis comes from the brain.

Police Department Reports 300 Arrests

Chester Barrington, chief of police, reported yesterday that his department has made more than 300 arrests, excluding traffic violations, within the past two weeks.

J. C. Blakely, desk sergeant, recorded for the period from April 17, when the department first started giving receipts for fines, until yesterday a total of 94 arrests for traffic violations, including traffic light running, driving without license, and reckless driving. These do not include, of course parking violations, for which no arrests have been made to date.

THE TRENTMAN CO. OF FORT WORTH

Discrimination Is Charged In Bowling Suits

MILWAUKEE — The American Bowling Congress, which lists on its rolls more than one and one-half million alley athletes, has legal problems to spare.

It's all because of a 34-year old membership restriction of obscure origin.

Three suits are pending in Wisconsin, New York and Illinois demanding that the ABC strike from its constitution the clause limiting membership to white males. That's discrimination, charge the Attorneys General of Wisconsin and New York and the State's Attorney of Cook County (Chicago), Illinois.

The Wisconsin and New York suits ask injunctions preventing the ABC from doing further business in those states. The Cook County action asks revocation of the Congress' Illinois charter, or a fine and an order directing the bowling organization to amend its white male clause. The congress is incorporated under the laws of the state of Illinois with its national office at Milwaukee.

Stock comment of ABC spokesmen when discrimination is mentioned is that the congress is a social and fraternal group and its members, like the members of any association, have the right to determine who or who shall not be admitted. The ABC has declared it has ample authority under Illinois law to set its own membership.

Complete New York Hearing

Hearing of the New York suit has been completed, but Supreme Court Justice Benjamin F. Schreiber is reserving his decision until after the ABC National Convention at Columbus, O., beginning May 12. An attorney representing the congress told Justice Schreiber the membership restriction would be "thoroughly discussed and considered in good faith" at the convention. An assistant state attorney general then stated deletion of the caucasian clause from the ABC constitution and rules would put an end to the litigation.

It is reasonably certain that such a deletion also would put an end to the Wisconsin and Illinois suits.

However, three previous conventions have considered and upheld the white male qualification.

The controversy has been growing since labor and civil rights groups picketed the ABC's 1946 convention and tournament at Buffalo, N. Y. The following year at Los Angeles the delegates rejected a proposed constitutional amendment to open the ABC to all races. It was brought up again at Detroit in 1948 and again turned down. Last year at Atlantic City the delegates once more upheld the restriction.

Under the ABC rules, a proposed constitutional amendemnt must be submitted by a certain deadline prior to each convention. Deadline for the coming convention was Dec. 1 and no white male amendment was filed, according to a Congress official. This means any change will have to be proposed from the floor. Approval of two thirds of the delegates then would be necessary to pass the amendment.

Charge Monopoly

The Wisconsin suit also accuses the ABC of being monopolistic in that it denies to non-member bowlers full and equal enjoyment of places of public amusement.

To this, Elmer Baumgarten, secretary of the Congress, replied: "We stop nobody from bowling. We don't control the alleys and we make no objection to the use of alleys by other groups."

No one can—or will—say why the caucasian clause was adopted or who was responsible for it. The ABC was formed in 1895 and incorporated in Illinois in 1903. It was not until 1916 that the membership qualification was inserted in ABC by-laws.

A congress official explained that no full record of conventions was kept until 1930. Prior to that, convention minutes contain bare results of the annual meetings with no details.

ABC membership is measured in units of teams. The current count is a huge total of 313,107 teams, representing 33,441 leagues. There are slightly more than 1,500 associations affiliated with the congress, including bodies in Canada, Alaska, Mexico, the Canal Zone, Peru, Puerto Rico and Saudi Arabia.

The ABC owns no alleys but exercises a form of control by certifying lanes. The certification is in regard to alley length, width and levelness. To date the ABC has approved 53,067 alleys in 6,391 establishments.

The congress is guided by a 43-member board of directors headed by a president and 10 vice-presidents. Other officers are a secretary and an assistant secretary. There are 14 standing committees and special committees are formed when the need arises.

Journal Cancels Journey

Opposition to the white male clause takes other form than court action. A recent example is the New York Journal-American's cancelation of its annual men's bowling tournament. The meet had been scheduled for March 17 with some 8,000 bowlers entered.

Despite the growing resentment, ABC officials are firm in their contention that their is no unhappiness on the alleys.

Secretary Baumgarten recently declared,

"I'd say that 999 of our members out of every 1,000 want the white male rule as it is."

In Milwaukee, the mayor's commission on human rights polled the eight teams in the city's top league—the greater all-star league—on the matter. The commission found that seven of the eight teams didn't want any change in the ABC's membership qualification.

FBI Asked To Help In Rustling Case

WICHITA FALLS, May 2. (AP) — Dist. Atty. Clyde Fillmore has asked the FBI to conduct the investigation of a three-state cattle theft ring centered here.

Fillmore said yesterday he had made the request because of difficulty in obtaining testimony from out-of-state witnesses.

Cattle theft charges against at least five men have been filed in several North Texas counties and in Oklahoma. Officers have located some stolen stock in Texas, Oklahoma and Arkansas.

Florida Mayor Dies

FORT LAUDERDALE, Fla., May 2. (AP) — C. E. Farrington, 72, former Decatur, Tex., resident and mayor of Fort Lauderdale, died yesterday.

Farrington, a lawyer, came here from Texas in 1913 and served as the city's mayor from 1918 to 1919.

The Athletics are the sentimental choice of the nation to win the American League pennant because everyone wants to see the dean of major league managers, Connie Mack, win another flag before he calls it a day and retires. At 87 he can't possibly be expected to have many chances letf to score again and match John McGraw's great of ten pennants. His last championship team scored in 1931.

The fact that the current season marks Mack's 50th year in the American League as manager of the Athletics has been duly recognized with fitting Golden Jubilee dinners, presentations of mile-long scrolls bearing good wishes and signatures of millions of fans and sundry other compliments. All well-meaning gestures, as he starts his pennant drive, but they are flying in the face of baseball's time-honored jinx — that of honoring a baseball player before a game. Almost invariably, the honored player has a bad day in the field. Let's hope that the "jinx" gives Mack a break during the season ahead.

The picture of Mr. Mack, flanked by Vice-President Alben Barkley and Clark Griffith, president of the Washington club, marching to the flag pole with head high on opening day in Washington so perfectly indicated that, after 50 years, Mr. Baseball had no fear of what the future held in store for him and his Athletics.

Fred Walcott, Blond Blur, Still On Top of Heap in Track World

By HAROLD V. RATLIFF

DALLAS, May. 2. (AP) — They called him the blond blur and that's what he was going down the stretch.

Fred Walcott belongs to the greatest of all time when you speak of track and field.

RECORDS STAND

He rewrote the record book in the hurdles. He ran 100 yards in 9.5. He tried broad jumping only once and went over 24 feet.

Almost a decade after he retired Walcott still holds the world's record for the 200-meter hurdles at 22.3 and is tied for the world's records in the 220-yard low hurdles at 22.5 and the 110-meter high hurdles at 13.7.

In his collegiate career at Rice, Wolcott lost only two hurdles races and those because each time he struck a hurdle and fell.

He was noted for his blazing finish. Often he would be behind going over the last hurdle but his great speed would win him the race in the final 20 yards.

Walcott was as great in the hurdles indoors as well as outdoors and still holds a flock of records in the former.

Flying Freddie was picked by Texas sports writers as the greatest track man of 50 yards in the state—in that period from 1900 to 1950.

He won easily; he racked up 168 points. The closest man to him was Earl Meadows, who still holds the olympic games record in the pole vault at 14 feet 2¼ inches. Meadows won the title in 1936. In 1948 Meadows made a comeback and vaulted over 14 feet. He once soared 14 feet 11 inches.

OTHER STARS

Meadows scored 40 points in the poll which is to establish the outstanding athletes and sports events of Texas in the half-century period. Third was Charley Parker, great University of Texas sprinter, with 32 points.

Others receiving votes were Cy Leland, the Texas Christian sprinter of 20 years ago; Clyde Littlefield, who was a hurdles star at Texas more than 35 years ago; Leon Baldwin, who won the state track title for Wichita Falls single handedly in 1924; Joe Bailey Ceaney, the former Howard Payne sprint star.

Baylor's 1950 basketball team had five players who answered to the first name of "Bill".

Confusion Reigns In Longhorn Standings

By The Associated Press

A statistical nightmare exists in the Longhorn League after last night's play.

Odessa took advantage of Big Spring's idleness to pick up a half-game on the Broncs with a 7-6 victory over San Angelo. Now, though in the won and lost records, Odessa is a half-game ahead of Big Spring, the latter nevertheless retains the lead by 11 percentage points due to the fact that it has lost one less game than Odessa, which, however, has won two more games than Big Spring.

Ar you still with us please?

Bill Carley singled home the winning tally in the last of the ninth as Odessa shaded San Angelo. Bob Crues hit two homers for San Angelo, with one on base each time.

In the only other game played last night, Roswell took a slugfest from Midland 15-13. Roswell got away to a five-run lead in the first inning but had to come up with another five-run inning — the eighth— to clinch the win.

Vernon at Big Spring and Sweetwater at Ballinger were postponed due to cold and rain.

Albuquerque Downs Amarillo 12 to 5

By The Associated Press

The spacious gardens of the Albuquerque Dukes' home park in the West Texas-New Mexico league are a fielder's nightmare. At least Amarillo found them so, as Gold Sox outfielders chased balls all over the place while the Dukes were tying a league record of six triples in one game, and pasting the Amarilloans, 12-5 last night.

The Pampa Oilers found the Lamesa Lobos' hurling to their liking, and bounced the league leaders, 13-6. Roy Parker went the route for the Oilers, fanning 11, and aiding his own cause with three hits, one a home run.

Borger took advantage of seven Clovis errors plus 18 hits to bury the Pioneers under a 19-3 count. The win caused Borger to move past Clovis into second place, only a half-game behind Lamesa.

Abilene at Lubbock was postponed due to wet grounds.

Houston, Dallas Vie for Cellar

By HAROLD V. RATLIFF
Associated Press Sports Editor

There are opposite extremes in the Texas League picture these days.

Tulsa and Fort Worth are in a race to see which can win the most; Dallas and Houston are battling it out to see which can lose the most.

Houston got a head start on Dallas and thus far is leading in the struggle for the cellar.

Fort Worth last night drew into a virtual tie with Tulsa for the top as the Cats beat Houston 5-1 while Tulsa was idle at Shreveport because of rain.

Dallas kept pace with Houston's losing streak by taking a 4-1 licking from San Antonio.

In the other game played Beaumont downed Oklahoma City 5-1.

Chris Van Cuyk's stinginess with hits brought Fort Worth it's win. He allowed the Buffs just five and gave the Cats their third straight victory over Houston.

Bob Ferris of Beaumont also did some fancy elbowing as he limited Oklahoma City to four solid blows and had it not been for his wild pitch in the second inning would have scored a shutout.

Pitching predominated in the Dallas-San Antonio game, too. Johnny Pavlick allowed only six hits and Dallas' lone run was unearned. San Antonio got 10 hits as Dallas used four hurlers.

The clubs change stands tonight. Dallas moves to Beaumont, Fort Worth to Shreveport, Oklahoma City to San Antonio and Tulsa to Houston.

Junior House SWITCHMATES

summer's smartest wardrobe builders!

Wear 'em alone . . . pair 'em off . . . mix 'em and match 'em and see what you've got! Wear the halter and skirt and you've a sun dress. Substitute the jacket and Lo!—a town dress. You've got a sun suit and a swim suit. Here's a whole wardrobe of crisp, cool SWITCHMATES . . . all teamed together to give 8 complete outfits.

All designed by Junior House in PLAYTONE by FULLER, a crinkled sailcloth-like cotton that takes to suds like a stocking, needs no ironing. All with sail-hook closings. Sizes 9 to 15.

Colors: Ming Jade Green, Burnished Amber, Hot Yellow.

Halter, bra and swim skirt all seaworthy.

Loafer Shirts: $5.95

Shorts: $3.95

Jockey Cap: $1.95

Halter: $2.95

Full Skirt: $5.95
