DRUG MANUFACTURING - A large transport trailer, equipped for manufacturing methamphetamines and amphetamines (speed) was seized near Cuthbert Wednesday afternoon by local and state law enforcement officials. One person was arrested and more arrests are expected.

CHEMICALS STORED - Large quantities of chemicals, such as this vat of sulfuric acid, were seized when officers raided a mobile drug manufacturing lab Wednesday afternoon near Cuthbert.

Drug lab 'on wheels' seized

A mobile drug manufacturing lab, which authorities describe as a "very large operation", was shut down in Mitchell County Wednesday afternoon at a remote site near Cuthbert.

Narcotics enforcement officers with the Texas Department of Public Safety, the Mitchell County Sheriff's Department and the area Drug Task Force converged on the site after obtaining a search warrant.

One person was taken into custody and other arrests are expected.

The drug lab was contained in a large white transport trailer which, along with a travel trailer, was parked in a field alongside Farm Road 1229 about a mile from Cuthbert. There were no vehicles at the site and electricity was run to the trailers from an electrical pole used to supply electricity for nearby oil field equipment.

Don Bush, a sergeant with the DPS narcotics division, said the lab was used to manufacture methamphetamines and amphetamines, more commonly referred to as speed.

Several thousands dollars worth of chemicals, including highly volatile ether, used to make the illegal drugs were found in the trailer and a bomb squad truck from Abilene was called in to transport the ether to Abilene.

The drug site had been under surveillance by the Mitchell County Sheriff's Department for several weeks, said Bush.

Bush said that it's become more common for drug labs to be set up in the country away from the more populated areas.

Proposed reservoir called 'septic tank'

Rancher Harold Brennand told Mitchell County commissioners Friday morning that it is on his land that the Colorado River Municipal Water District is planning to construct a reservoir to act as an evaporation pond to hold diverted water from the Colorado River and Beals Creek.

Brennand said the water district is planning condemnation proceedings to acquire 1,864 acres of his land which will split the 4,320-acre ranch in half.

The land is located in northwestern Mitchell County, north of Iatan.

Brennand said that 40 percent of the water which will be diverted into the reservoir via pipeline will be treated sewage water and the rest will be salt water.

"You're not going to be benefited by this 'septic tank'," Brennand told the commissioners before the start of their special meeting Friday morning.

"I'm not asking you to do anything, but I wanted to inform you of what is going on," he said, adding that the water district is seeking a restraining order against Brennand in order to obtain core samples from the area.

The proposed reservoir would have a 70-foot, one-mile long dam and would have a 28,000 acre-foot capacity. The project is expected to cost $6 million and is being built to improve the water quality of Lake Spence in Coke County which supplies water for the Odessa-Midland area.

Construction on the project is anticipated to start in the second quarter of 1990.

O.H. Ivie, CRMWD general manager, told the *Record* Monday that an exact dam site has not been pinned down and won't be until core samples are taken and analyzed. Freese and Nichols of Fort Worth, consulting engineers, was hired to begin plans for the dam.

Consolidated Savings to close local office

Consolidated Savings Bank, which took over the failed First Western Savings and Loan this past December after the the local institution was placed in receivership of the Federal Savings & Loan Insurance Corporation, will close its Colorado City office, the *Record* has learned.

Consolidated's Scott Davis confirmed Friday afternoon that the local office will close, but when pressed for details said a news release from the home office would be forthcoming sometime later Friday afternoon. However, no news release was delivered as promised.

From information gathered by the *Record*, the local office will close on August 22 and the accounts will be moved to the Sweetwater office where Davis has been named branch manager.

The closing of the Consolidated office will leave Colorado City with two banks and a branch office of another savings association.

First Western had its beginnings in 1934 when Colorado City Federal Savings and Loan was founded by L.B. Elliott.

At the grand opening of First Western's new building in March, 1985, Elliott recalled that the first board meeting was held on Oct. 8, 1934 in the office of Burton Lingo Company.

The first office was located in Elliott's abstract business above the old City National Bank building. As the savings and loan grew, the office was moved to the building on Second Street next to the alley which is now a part of Tumbleweed Furniture.

After a number of years at that location, the savings and loan was moved to where the Federal Land Bank office is now located. When City National Bank moved into its present location, the savings and loan bought the old bank building at the corner of Second and Walnut streets.

The name was changed from Colorado City Federal Savings and Loan to Colorado City Savings and Loan when the association was converted to a state charter after the bank building was purchased. At one time, Elliott served as president of the association and was director emeritus of First Western Savings.

Colorado City Savings and Loan received a name change in the latter part of the 1983 when it became known as First Western Savings and Loan. The Sweetwater branch was opened in 1979.

The modern two-story brick building on Hickory Street has over 18,000 square feet of space.

VA money to veterans told

Estimated VA expenditures for Mitchell County veterans totaled $735,875 for fiscal year 1988. This includes $681,148 for compensation and pension, $11,408 for education and vocational rehabilitation, and $43,3319 for insurance and indemnities.

A report released by Waco VA Regional Office Director Dr. Stephen L. Lemons notes that Texas veterans directly received more than half of the $2,047,4033,102 U.S. Department of Veterans Affairs (VA) expenditures in Texas during fiscal year 1988.

"Texas veterans received $1,091,366,207 as compensation for disabling injuries or diseased incurred while in the armed forces, or as pensions for wartime veterans with limited incomes," Lemons said. "They also received $90,064,0833 for education and vocation rehabilitation benefits."

He added that $101,214,233 for insurance and indemnity payments, $96,367,576 for facility construction and $688,417,903 for medical services administrative costs were expended in Texas.

"Veterans of Texas have earned these benefits through their military service to our country, and my first priority is to serve them," said Lemons, whose office administers benefit programs for 233,833 veterans.

County commissioners approve insurance bids

Mitchell County Commissioners awarded insurance contracts during a special meeting Friday morning after opening and studying the various bids.

At the recommendation of insurance consultant Don Gray of Austin, the commissioners awarded bids totaling $42,500, some $18,000 less than what the cost of the current insurance coverage.

Lovell-Carr Insurance of Colorado City, representing Hartford Insurance Co., received the property insurance coverage while Ratliff Insurance Agency, representing Trinity Insurance Co., received the automobile insurance and the public employee blanket bond insurance.

The Texas Association of Counties (TAC) received the bid for general liability, public officials liability and law enforcement liability.

In other business, the commissioners approved the bond for Justice of the Peace Keith Ruddick who was recently appointed and sworn into office.

Answer to last week's question: Ephesians 3:3-15; 1 Corinthians 2:6-13; 2 Timothy 3:15-16 all emphasize that the very WORDS of the Bible are inspired, not just the thoughts.

QUESTION: If God revealed and inspired the very words of the Bible (and he did), shouldn't a person get a translation that as strictly as possible translates those original words?

POUND KITTY - Junior, a silver and gray striped kitten, is available for adoption from the city pound, located at Mitchell County Veterinary Clinic, Highway 208 South. Junior is one of 9 cats available for adoption as well as a variety of dogs. For more information, call 728-8055.

Films to be shown at library

The following films will be shown at the Mitchell County Public Library on Wednesday at 2 p.m.

Winter Storage - Chip and Dale are looking for some acrons to store for winter, when they see Ranger Donald planting just that.

The Remarkable Riderless Runaway Tricycle - A young boy leaves his tricycle to play with a kite retrieved from a trash can. The tricycle is mistakenly picked up on trash day and taken to a junkyard. Just as it is about to be crushed for scrap metal, the tricycle magically takes off. The tricycle has an amazing adventure through town, finally pedaling its way back to where it was picked up and is reunited with the boy.

Old Mother Hubbard - This is not the traditional story of Old Mother Hubbard. In this version the dog is returning the laundry to the castle and ends up performing for the king, who in turn grants a wish. The dog returns with the king to Old Mother Hubbard's and helps her do more laundry.

Shelli Webb joins group

Shelli Webb of Loraine has been accepted as a junior member of Beefmaster Breeders Universal (BBU).

The Beefmaster breed of cattle, which was founded in South Texas in the early 1930s, was developed on selection for traits of economic importance which have become known as "The Six Essentials" - fertility, milking ability, growth, conformation, hardiness and disposition. Beefmasters were recognized as a pure breed by the USDA in 1954. BBU, headquartered in San Antonio, is the national breed registry for BBU Beefmaster cattle and was chartered in 1961. Since that time, it has grown to rank as the largest of the American Breed registry associations.

With membership in BBU, Webb joins more than 4,200 cattlemen in 36 states and seven foreign countries who hold membership in the association.
