Jail inspection is scheduled Mar. 19

In a called session of the Commissioners' Court of Mitchell County on Tuesday, March 5, members learned of an upcoming inspection of the Mitchell County Jail by the Texas Commission on Jail Standards.

According to County Judge Ray Mayo, the March 19 inspection will require the conducting of a fire drill, evacuation exercise, and the operation of life safety equipment to include smoke detectors, smoke and fume removal system and emergency illumination systems.

Actual movement of inmates will not be required, and the results of the inspection will be revealed in a meeting of the inspector with Sheriff Wendell Bryant, Mayo, and other representatives of the Commissioners' Court.

In other business, members

heard from Precinct Two Commissioner Carl Guelker regarding his desire to seek and advertise for bids on a medium-sized, used road compactor.

The compactor, he said, would be useful in many areas of road maintenance, and in working with caliche.

A road compactor works on much the same principle as a steam roller, but is hydraulic and features a vibrating motion for greater efficiency.

Specifications for the bids will be available soon in the offices of the county auditor and county judge, Guelker said, and he said he expects to open, discuss, and accept the best of the sealed bids in a meeting of the Court on Tuesday, April 2.

C-City gas war rumor unfounded

Rumors of a gasoline price war at Skinny's and Sav-M outlets in Colorado City have proven, at least thus far, to be unfounded.

The rumors among Mitchell County residents apparently started with a story in a nearby

city's daily newspaper, in which officials from the Abilene headquarters of those two stores were questioned in regard to a price war in Sweetwater.

Joe Bob Davis, Skinny's representative, was quoted in that

On Sunday, March 3, the Pink Ladies of Mitchell County Hospital Auxiliary hosted a reception in City National Bank's C.C. Thompson Room.

The reception honored Colorado City's newest doctor, Royce McNally, his wife Sharan and their daughter Audra, as well as Mitchell County Hospital Administrator Wendell Alford, his wife Glenda and their daughters Ashlin, Shelby and Whitney.

Over 200 visitors attended throughout the afternoon.

(Gene) Parker and his wife Joan, and Jay Craddock and his wife Marian, joined the McNally and Alford families in the receiving line.

Members of the Hospital

Auxiliary who were in attendance as hostesses were: Jessie Mae Merket, Bonnie Farrar, Lena Bullard, Geneva Killian, Mary Ellis, Thelma Howell, Minnie Howell, Dorothy Sneed, Anita Sanderson, Angie Harris, Faye Spivey, Juanita Schafer, Blondie Hamilton, Edna Pace, Aya Hardcastle, Betty Oyler, Frances Godwin, Frances Cooper, Madge Shepherd, Iris Preston, Sibyl Walding, Linnie Williams, and Vera Carroll.

Museum move almost complete

L.B. Elliott, chairman of the Colorado City Museum Board, said on Monday that he wishes to thank the volunteers who have worked tirelessly and ceaselessly to achieve the goal of cataloging, cleaning, repairing and moving all of the inventory from the museum's present location to its new location in the old Kiker-Seale building.

Thanks to those volunteers, he said, the move is almost completed.

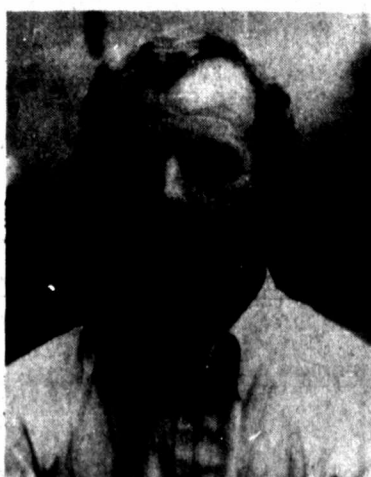

Don Neumann, the Austin-based museum exhibit consultant who visited in January, plans to return on Saturday, Elliott said.

Neumann, who offered valuable advice and assistance in preparation for the move during his earlier visit, now will begin the job of helping to ready the museum's new site for its grand opening.

Neumann's advice has helped educate the museum staff on such

subjects as the repair and preservation of artifacts, the establishment of a museum theme, display techniques, and methods for determining which objects to keep and which to sell or trade.

He seemed impressed on his last visit by the museum's potential, and museum board members and volunteers are looking forward to working with him in making the museum the very best it can be.

Gary Parker

Parker announces transfer

Gary Parker, 41, office manager of Lone Star Gas Company's Colorado City office, has been notified that he will be transferred to Eastland on April 1, 1991.

Parker and his wife Dianne both grew up in Robert Lee. They and their four children Greg, 17, Cody, 15, Brandi and Brandon, 13, arrived in Colorado City in May, 1986.

In the time he has been a citizen of Colorado City, Parker has been named Citizen of the Year in 1989, was the fire chief for two and one-

half years, is a past president of the Colorado City Chamber of Commerce and is the present president of the Colorado City Industrial Team.

Parker said he has "enjoyed it here," and that he and his family "really hate to leave."

The feeling is mutual. The citizens of Mitchell County hate to see the Parker family leave, but wish them all the best in their new home in Eastland.

Advisory council meetings to continue

County Judge Ray Mayo wrote recently to Jim Cronin, representative of National Waste and Energy Development, on behalf of the Citizens Advisory Committee and at the request of that committee's chairman, Marion Bassham.

In his letter he stated the consensus of that committee that its regular monthly meetings might best be discontinued until such a time as the state decides what it will do, "in regards to the proposed moratorium by the Water Commission on any permits for hazardous waste facilities."

Mayo stated that Ms. Bassham wished to learn what Cronin thought about the idea.

In response to Mayo's letter, Cronin's letter of February 27, 1991, read as follows:

"Dear Ray,

"The purpose of this letter is to respond to the issue of whether the meetings between the Mitchell County Citizens Advisory Committee and National Waste should be suspended because of the

moratorium on permits imposed by the Texas Water Commission.

"In her letter of February 6, to the Texas Water Commission, Governor Ann Richards requested legislation to 'require the Commission to provide greater opportunities for public involvement in the permitting process.'

"We have worked together diligently to establish an open and honest relationship with the citizens of Mitchell County. The complexity of this project demands an ongoing orderly process of education for the community to develop an objective understanding. Without such a background the community is vulnerable to being whipsawed by the claims of opposing experts during the brief public hearing part of the permitting process. Similar objectives are the basis of the Keystone Siting Process sponsored by the Texas Water Commission.

Local names included on Money Fund list

Kay Bailey Hutchinson, State Treasurer of Texas, has released the state's annual Texas Treasury Unclaimed Money Fund.

Persons whose names are listed in this publication may have \$50 or more in an account which has been dormant for a period of three years or more.

The list also includes the names of owners of stocks or safe deposit boxes, regardless of value.

Money or property might have become lost or forgotten in dormant checking and savings accounts, uncashed money orders and cashier's checks, unclaimed insurance benefits, mineral interest payments, unused gift certificates, unclaimed security deposits, cash dividends, court deposits, and utility deposits.

This year the list also includes the names of those who purchased Northwest Financial Express money orders during the summer of 1986, as a portion the money order

value is being held at the Treasury.

Those names, however, are listed, along with names of persons whose addresses are unknown, on a strictly alphabetical basis, and there is no way to tell whether those referred to are Mitchell County residents.

The rest of the list is arranged alphabetically under the names of specific Texas cities.

Since this service was initiated, the Texas Treasury has helped reunite over 170,000 owners or heirs with unclaimed, lost, or abandoned property.

This year more than \$90 million has been reported to the state treasurer's office.

The list of individuals and businesses in its entirety was enclosed in the Sunday edition of several area daily newspapers, and the Colorado City Record has excerpted those names which See LIST, page 2

story as having said that price wars were under way in Colorado City, Lubbock, and Snyder. Davis, however, when reached for comment, said he must have been misquoted.

Sandy Doby, a Sav-M official, was credited in that same article with saying that the price war apparently was started by an independent dealer in Sweetwater.

Attempts to reach Doby for further comment, however, were unsuccessful.

Representatives of local Skinny's and Sav-M stores were unaware of any price war in Colorado City.

Commissioners voted to purchase six new tires, complete with tubes and liners, for the first-response fire truck of the Westbrook Volunteer Fire Department.

According to Guelker, on a recent run, that fire truck suffered a blow-out. While no one was injured, the occurrence pointed up the need for the new tires.

In the past, he said, the fire trucks have been able to use second-hand tires from the school buses, but the school buses are now using their tires for a longer period of time.

among active projects in Texas. Its existence is consistent with the request of Governor Richards and will be a model for legislative review.

"It isn't clear at this time what impact the moratorium will have on the development of the Iatan Flats facilities.

"For all of these reasons, I believe we should continue our dialogue until the future becomes clearer.

"In the meantime, we can postpone the scheduled March meeting and in a few weeks set plans for meeting in April."

That letter is signed "Very truly yours, James T. Cronin." Ms. Bassham, reached for comment, said that the meetings will probably continue in light of Cronin's letter, but that she had not as yet had the opportunity to discuss it with all the other board members.

She said the next meeting will most likely be scheduled during the second week in April, if everyone agrees.

The Colorado City Rotary Club inducted its newest member on Wednesday, February 27 at the Villa Restaurant during the regular noon meeting.

The Reverend Sharon Sarles, pastor of First Presbyterian Church, was inducted by Club President Don Wood. She and other members were then treated to a demonstration of rattlesnake handling and safety tips by members of the Sweetwater Jaycees.

Laverl Stephens, president of that club, showed Rotarians the Sawyer Extractor, a suction device for first aid treatment of snakebites. He also mentioned new studies in progress regarding the effectiveness of electric shock in treating snakebites.

The Sawyer Extractors are in wide use, and in fact are provided in all of the service trucks and company vehicles used by Texas Utilities Electric in the Sweetwater, Colorado City and Snyder areas.

Stephens discussed the

upcoming Sweetwater Rattlesnake Round-Up, which is sponsored by the Sweetwater Jaycees and dedicated this year to the troops in the Persian Gulf.

The event begins on Thursday night, March 7, with a parade and a Miss Snake Charmer Queen Contest, and then gets into full swing the next day, and continues through the weekend.

Stephens said there will be rattlesnake hunts and guided tours, a gun and coin show, a carnival, dances on Friday and Saturday nights, a chili cook-off and a flea market, among other things.

Billed as the World's Largest Rattlesnake Round-Up, the event is in its 33rd year, according to Stephens.

He said rattlesnakes will be purchased this year for \$5.50 per pound.

Admission costs for the Round-Up, which will be held at Nolan County Coliseum, will be \$5 for adults and \$2 for children.

CHIEF LONE WOLF

Would you vote to spend tax dollars to have a municipal band in Colorado City? It has happened before. The year was 1928 and on October 8, 128 property owners signed a petition asking that an election be held to determine whether a band should be "established and maintained by the city."

The city council received the petition, probably verified the signatures on the document, then Mayor R. H. Looney and aldermen G. B. Slaton, J. Ralph Lee, R.O. Pearson, R. L. Spalding and W.W. Whipkey voted to set the election for November 20, 1928. Colorado citizens would vote either "For" or "Against."

Let's fast forward now to election day. 277 qualified voters went to the polls. To say the least, the town was divided over the issue. 140 voted "For" and 137 voted "Against." At any rate, regardless of how thin the margin, taxpayers were getting ready to foot the bill for a city band.

In January of 1929 a committee was appointed by Mayor Looney to make a thorough investigation of what would be needed to establish and maintain a band. In early February the committee reported it had decided to appoint another committee. So, J. Lee Jones, J. Ralph Lee and J. Ford Morris accepted the assignment.

Then, in March of '29, that trio recommended to the full council, a resolution appropriating funds for the city band. It was the opinion of the committee that the cost to taxpayers would be approximately \$225 per month.

Thus, the council voted to expend the funds which actually would be used to hire a director. His contract would run from April 29, 1929 until March 30, 1930. He would be directed to "take charge" of the band and was required to give necessary instructions, without charge, to all band members.

The director (when hired) was to organize a Junior Band and give its members instructions "as may be necessary." He was to be the "sole judge" of the qualifications of members of the senior and junior bands.

Additionally, he was to "devote his entire time, skill and attention to his job," during the one year contract. He would be paid \$225 per month. Further, the director was to take over direction of the Colorado school band and orchestra, as well as the junior high band. For those additional services he would receive an extra \$25 per month.

That must have been music to the ears of the man eventually hired for the job.

A booster band, for Colorado City. And it all took place in 1929.

Bake sale, Flea Market set

The Wallace Center Senior Citizens are sponsoring a giant Bake Sale and Flea Market on March 23, 1991, from 8:30 am to 12:00 noon at the Wallace Center in Colorado City. The Bake Sale and Flea Market is a fund raising project of the Center.

Individuals or groups from all area towns are invited to rent a table or space in the Wallace Gym for \$10.00. Space will be 9 x 9 feet. If more space is needed, items can be

sold outside on the grounds. You may sell crafts, garage items, used furnishings, outdoor equipment, appliances, tools, anything goes!

Articles to be donated and sold by the Center will be accepted Monday through Friday from 8-4:00 p.m.

Soil Conservation Service Report

by Kevin Wright, District Conservationist

Representative Charles W. Stenholm publicly announced that the Big Country Resource Conservation and Development Area (RC&D) had been approved and authorized for funding by the Secretary of Agriculture.

Stenholm made the announcement Thursday, February 14 at a meeting held at the Texas Electric Reddy Room in Snyder. Approximately 100 sponsors and others interested in rural development were present. The Big Country RC&D Area is composed of 12 counties: Borden, Fisher, Garza, Glasscock, Howard, Jones, Kent, Mitchell, Nolan, Scurry, Sterling and Taylor.

Those attending the meeting from Mitchell County were Jimmy Harrison, George Martin, Travis Turner, County Judge Ray Mayo, D.M. Smith, Ben Lancaster, Buddy Hertenberger, Bob Reily, Ronald Bruce, David Stubblefield, Kevin Wright, Elmer Martin, Bobby Lemons, Tande Curlee and Dorothy Shurtleff, representing Representative Rob Junell.

Jimmy Harrison, vice chairman of the Big Country RC&D Area from Colorado City, explained to the group present that the purpose of the RC&D program is to accelerate the resources to enhance the environment and standard of living.

Harry W. Oneth, state conservationist for Texas, informed the group of the Soil Conservation Service's role in RC&D. Oneth emphasized that the local people determine what goals they want to accomplish. The SCS provides assistance in the form of coordination between various organizations, groups and individuals and carries out an action-oriented plan to meet these goals.

The RC&D Program was established 29 years ago. RC&D areas have improved local water supplies, marketed local products, improved local community facilities, including hospitals, schools and water and sewage treatment plants. They have also accelerated efforts to control erosion, improve recreation facilities and provide flood protection.

Big Country RC&D Area was one of fifteen new applications authorized and approved this year nation-wide. Local sponsors currently include: Soil and Water Conservation Districts, County Commissioners' Courts, City Councils, Ground Water Conservation Districts and the West Central Texas Council of Governments.

Programs and services of the Soil Conservation Service are offered on a nondiscriminatory basis without regard to race, color, national origin, age, sex, religion, marital status or handicap.

Cawthron takes singles title

Sheila Cawthron, a senior at Colorado High School, won the girls singles division on Friday, March 1, at the Sweetwater High tennis tournament.

Cawthron struggled in her first match as she lost the first set, 4-6, but she came on strong to win the next two sets quite easily, 6-1, 6-2.

Moving to the winners bracket, Cawthron faced a Snyder opponent and buzzed by her 6-3, 6-3 to advance.

The Lady Wolf then met up with the top girl from Lake View in the semis, but she two fell to the stroke of Cawthron in straight sets, 6-4, 6-3.

In the Championship match,

Cawthron had to face another top seed named Leslie Sandoval from Snyder, but she too was no match for the power and technique of Cawthron as she fell, 6-3, 6-2.

Liz Garcia also played in the singles division. Dropping her first match 1-6, 2-6, Garcia came back to win her next match 6-0, 6-1 against Lincoln. Garcia lost then her next match, but kept her composure as she defeated Eaver for the eleventh place spot, 2-6, 6-4, 6-0.

In girls doubles, Marcia Cawthron and Nicole Smith had the best showing as they finished in the eighth place spot.

As they dropped their first

match, Smith/M. Cawthron had to play a duo from Roby. After defeating them 6-0, 6-2, the two Lady Wolves had to play a tough couple from Snyder. Smith/M. Cawthron met the challenge though, as they won 7-5, 6-1 which allowed them to meet Rodriguez/McKelney from tourney host Sweetwater.

The Lady Wolves played well and had as they played one set in which Smith/M. Cawthron won 8-6.

Other doubles competitors were Krishna Lamb and Michelle Molina. They too had success on the day long tennis tournament. Winning

their first match in a lengthy manner 3-6, 6-4, 6-2; Lamb/Molina lost the next match to Harding/Crowder in straight sets, 6-1, 6-2. Lamb/Molina also fell in the next game to Bates/Thompson from Sweetwater in yet another three set match 7-5, 4-6, 2-6. In the last game for the two Lady Wolves, another third set was needed to determine victor as Lamb/Molina suffered a loss 7-5, 4-6, 2-6.

In boys singles, Jay Kay fared well as he won a set and lost two sets before defaulting due to a nagging injury. In his victory match, Kay won extremely easily,

"God is still on his throne and prayer changes things."

We were happy to hear that Marcey Brantley was able to be back in church last Sunday. She has been ill for a few weeks.

Kenneth Butler was able to attend the nursing home service with his mother who lives there. Juanice Butler was also along. All this tells us that Kenneth was some better.

After Rev. Brantley had finished his message the Ready Sunday School class served refreshments to those present. That was nice of them

Bertha Faye Snyder and Iva G. Armstrong went to the nursing to have birthday cake and bring gifts to Mrs. Clyde Kidd Hiser. Since Mrs. Hiser doesn't give away her age we will all just say many more birthdays, Clyde.

Skin cancer increasing each year

Now is the time to start thinking about skin cancer.

More than 600,000 cases of skin cancer are diagnosed each year, and most of these are highly curable.

The most serious skin cancer is melanoma, which is increasing at the rate of four percent per year. There will be an estimated 8,800 deaths this year with 6,300 from malignant melanoma and 2,500 due to other skin cancers.

The American Cancer Society urges you to watch out for:

- *Any unusual skin condition, especially a change in the size or color of a mole or other darkly pigmented growth or spot;
- *Scaliness, oozing or bleeding;
- *Any change in the appearance of a bump or nodule;
- *Spread of pigmentation beyond its border; and
- *Any change in sensation, itching, tenderness or pain.

To prevent skin cancer, Doris Scales, R.N., B.S.N., O.C.N., at the Hodges Cancer Center, recommends staying out of the sun between 10 a.m. and 3 p.m., when the sun's ultraviolet rays are strongest. Scales advises you to limit exposure during these times, use sunscreens and wear protective clothing. These are especially important rules for children to follow because of the possible link between severe sunburn in childhood and greatly increased risk of melanoma in later life.

Early detection is important. A simple ABCD rule can help detect warning signals for melanoma.

A = Asymmetry. One half does not match the other half.

B = Border Irregularity. The edges are ragged and blurred.

C = Color. The pigmentation is not uniform.

D = Diameter greater than 6 millimeters. Any sudden or progressive increase in size should be investigated by a physician.

For more information on cancer and its warning signs, contact your physician or the Hodges Cancer Center at 793-4214.

Arthur and Jennifer Zungia are at home from Hendrick Medical Hospital where Arthur had back surgery last week. We hope he will soon be well and strong again.

Last Saturday we had young men up and down our street selling tickets to a wrestling match in Snyder. If we help sponsor it our Sports Boosters Club will receive some profit from it to use as our school finds a need for it. These young guys selling tickets were out of our school and they acted so nice. They were Butler, Shy and Henderson.

Lester and Lela Richburg had their great granddaughter visiting them last week while the rest of her family went to the Houston Stock Show. She is D'Neice Smith from Hart, Texas.

On Friday of last week the Richburg's and D'Neice spent the night in Midland with a great niece Joyce Ray. They all went to the Modessa Porcelain Doll Banquet. On Saturday morning they went to the Doll show and sale where each one was given a doll.

David and Pat and Shillie Smith of Hart came by the Richburg's from the Houston Show and picked up D'Neice. All returned to Hart on Saturday night.

David Smith got a good report on a medical report he received from M. D. Andersons Hospital.

The Williams family celebrated the birthday of four of their children, Rita Robinson (2-24), Teena Williams (2-25), Cleon Williams, (2-28). The party was held of Cleon Williams and Dorothy Williams of Colorado City on Saturday 2nd. All the family and friends gathered together for this special occasion. Also in attendance was their older sister Linda Joyce Williams of Palm Springs, California.

The Williams family would like to thank everyone for their prayers and support. A personal thanks goes to the Rev. R. Barcy and the St. James Baptist Church of Colorado City. We would also say thanks to the Loraine Canaan Baptist Church.

For all our many friends who have helped in any way and for your prayers, we thank you all.

Aren't you glad our war was short and to the point. One person missing or dead or seriously injured was too much, but it could have been so much worse. Our heartfelt sympathy goes out to all the dead one's families and also all the injured. One ray of sunshine I noticed was that at least three of the first captured ones they showed us on TV were still alive and look so much better than they did at first.

The Leonard Brown's of Ft. Worth stopped by for a short visit Sunday. He was a native of Mitchell Co.

Spring is almost here, trees putting fruit trees blooming and the whole bit about. I have some Janquills blooming in my backyard.

Anna Lisa Cardenas

She is the granddaughter of Mr. and Mrs. Lloyd Smith of Spade Ranch, and of Mr. and Mrs. Truman Nix of Waco.

She is the great granddaughter of Inez Webb of Loraine.

Kobi has been selected to represent P.S. Images Modeling Agency at the International Modeling and Talent Association Convention which will be held in New York July 7 through 14 at the New York Hilton.

Kobi is a first grade student in Greenwood ISD.

She wants to be a model, an actress, a teacher, and a mom when she grows up.

GRADUATE-- Julie Sanchez of Loraine was one of the cosmetology students at Western Texas College honored at a reception on February 19 as they near the end of their training. Stenholm announces art contest

Congressman Charles Stenholm announced plans today for the tenth annual art contest for high school students in the 17th District of Texas. Since it was first launched in 1982, the nationwide competition has generated more than 2,200 district art competitions

involving nearly 250,000 high school students. One winning entry from each congressional district will be displayed in the U.S. Capitol in Washington, D.C. this summer.

Students in grades 9 through 12 in Fisher, Mitchell, Nolan, and Scurry counties should enter a preliminary contest to be held in Colorado City on Tuesday, April 9, 1991. Entries must be brought to the lobby of the First National Bank in Colorado City by noon that day. The art work will remain on display in the bank.

Other regional shows will be held in Abilene, Big Spring, Gainesville, Graham, Post, Stephenville and Weatherford. Winners from the entire 35 counties of the 17th District will be announced at an awards brunch in Abilene on April 27. Charlie and Cindy Stenholm will host the honors brunch.

Artwork must be no larger than 30" by 30" (unframed) and two-dimensional. If a student chooses to do a landscape, it shall portray a Texas scene. Eligible categories are paintings, prints, drawings, or collages.

For more information and entry forms, contact Stenholm's office in Stamford at 915/773-3623, his office in Abilene at 915/673-7221 or Leola Anderson in Colorado City at 915/728-2557.

News from...

Kristi Lee Manor

February has been a busy month at Kristi Lee. During the Resident's Council Meeting at the first of the month the residents nominated nominees for resident King and Queen who would reside over the Valentine's Day Party. Evelyn Butts was chosen to be Queen and Floyd Hemphill was chosen as King. Mrs. Butts was presented with a red and white boutonniere and were seated on their throne of honor. The "Lioness" made cupcakes to serve during the party. We had a great time reminiscing about Love songs of the past and famous lovers or couples.

Residents celebrating their Birthdays during the month of February were, Mrs. Martin, Gladys Mize, Esteban Hernandez, Floyd Hemphill, and Armondo Ortiz. The Birthday cakes were provided this month by Vergie Goodlett and they were really appreciated.

The Resident of the month was Wenona "Myrl" Robinson. Myrl has been a resident at Kristi Lee for three years now. She has one daughter, Louise Taylor, who resides in Colorado City. She also brags about her three grandchildren and her greatgrandson. Myrl loves to play bingo and dominoes. She also enjoys the monthly dance.

We have nine new residents, they are: Waldo Anderson from Colorado City, Edna Crabtree from Abilene, Nell Dowhower from Abilene, Ethel Dunn from Colorado City, R.J. Echols from Coahoma, Fred Rabe from Odessa, A.G. and Minnie Mae Anderson from Westbrook and Clarence Robinson from Midland.

Several of our Residents went out to the Renderbrook-Spade Ranch to watch the cowboys work cattle. They really enjoyed the outing to the country.

We would like to thank Dairy Queen for treating our residents on their outing this month.

KLM now has a Reverse Osmosis drinking water system and a commercial water softener. This is just another Service that we have provided for the health and well being of our residents as we continue to remodel our building.

Our resident and staff continue to pray for our troops. We pray for Gods leadership in this battle and for our troops safe return.

Remember your special day with beautiful wedding candids by

6-1, 6-2, but then lost in straight sets to Delgado from Abilene High 6-0, 6-0. Kay's final match was somewhat closer as he had to face Wilhelm who was from Lake View, 4-6, 3-6.

Justin Edwards also played in the singles event. Edwards dropped his first match to Howard, 0-6, 0-6 as he then had to face Johnson from Roby. Edwards lost the next match but went down fighting as the match extended the game to three sets, 6-4, 3-6, 0-6. Closing out his singles contest, Edwards had to default to play in the doubles event.

In the boys doubles competition were the two teams of Anthony Alvarez/Adrian Garcia and Justin Edwards/Jeremy Lelek.

In round one for the duo of Alvarez/Garcia, a Snyder tandem proved to be a little more experienced as they earned the victory, 1-6, 2-6. Lelek/Edwards also suffer a loss by to a couple from Cooper High School by the score of 0-6, 0-6.

Alvarez/Garcia also lost their next match to a couple from Roby, 5-7, 1-6. Hoping to win their final match of the day, Alvarez/Garcia had to face their own teammates of Lelek/Edwards who had also dropped their second match. The team of Lelek/Edwards elected to default in the final match because of Edwards excessive play during the heat of the day.
