Congo Will Expell All It's Neighboring People Said Aiding In Rebellion

By ROBIN MANNOCK

LEOPOLDVILE, the Congo (AP) — Premier Moise Tshombe's government announced today all citizens of two neighboring nations who are in the Congo will be expelled on the ground their governments are aiding a Communist-backed rebellion among his people.

The nations are the Congo Republic (Brazzaville) on the north and the kingdom of Burundi on the east. A communique said the Brazzaville government is harboring Congolese responsible for massacres, pillage and destruction while Burundi is giving material and moral support to the rebels.

It was not known how many people would be affected. But several thousand residents of Brazzaville work in Leopoldville. Only the Congo River separates the two capitals. It's a 20-minute ferry run.

Tshombe said personal belongings of those expelled will be held until Brazzaville authorities hand back $300,000 worth of confiscated property. Estimating the rebels have done damage of $130 million, he said the Congo is determined to end foreign interference.

The decision came amid conflicting reports about one of the most-notorious of the rebel leaders, Peking-trained Pierre Mulele.

Radio Leopoldville said he had been killed in Kwilu Province. Its announcement was based on the discovery there of clothes and a passport belonging to Mulele, 33-year-old former Congolese education minister who turned to Red China during two years of exile.

But there was no official confirmation and diplomatic sources said Mulele is alive and well in Brazzaville, where the Peking-oriented rebels have a western headquarters.

A dispatch from Bukavu, in Kivu Province announced two Congo air force T28s, U.S.-made trainer planes, attacked the village of Mamba where two French U.N. officials were killed Monday on a mercy mission to a Watusi refugee camp.

A spotter plane and ground patrol which reached the area after the attack said they found the village empty and no sign of the jeep used by the Frenchmen.

The driver reported to U.N. authorities Tuesday that the two Frenchmen were hacked with machetes and hit with a burst of machinegun fire by a mob of Watusi warriors and Congolese rebels.

As the crowd hurled itself on him, Jean Plicque, 33, head of the Bukavu branch of the International Labor Organization, pleaded: "Gentlemen, we are here to help you and not for anything else."

A Congolese rebel then fired a dozen shots at Plicque and his companion, Francois Preziosi, 43, Bukavu representative of the U.N. High Commission for Refugees.

Plicque and Preziosi had gone to the encampment just north of Bukavu on Lake Kivu in the eastern Congo to free 120 refugees held by authorities and investigate reports of threatened reprisals against Watusi refugees.

The tall and fierce Watusis have been fleeing Rwanda since 1959 when their former slaves, the Bahutu, gained control of the country. About 60,000 Watusis are in the Congo.

George Yogolero, the Congolese chauffeur of the U.N. officials, said the two men had been warned that the Watusis sympathized with Communist-supported rebels in the area, but that they insisted on carrying out their mission.

HAZARD REMOVED—Snyder firemen are shown washing a pool of oil from the highway following a mishap at the Highway 84 by-pass and Huffman Avenue at 3:50 p.m. Tuesday. The pictured car was driven by Melvin Rohla of Perryton, and collided with a transport truck owned by Fluid Transports, Inc., driven by E. H. Kenney, Rt. 3. Mrs. Rohla, 19, was taken to Cogdell Hospital by Bolger Ambulance service where she was treated for minor head injuries. Mr. and Mrs. Rohla are university students in Oklahoma, and have been married for three months.

Good News May Come In Leukemia

By FRANK CAREY
AP Science Writer

WASHINGTON (AP) — A new cancer research development, which a Senate group says foreshadows a likely major breakthrough in pin-pointing the cause of the highly fatal leukemia of childhood, became known in detail today.

The Senate Appropriations Committee referred to the development in general terms in a report released Tuesday. Commenting on it and other scientific findings reported in recent hearings, the committee said: "Effective methods of prevention and cure (of leukemia) seem distinct possibilities in the light of several observations, some old and some new."

Perhaps the key finding — made so recently that the scientists involved have not yet had their findings published in medical literature — is that virus-like particles found in the blood of som human victims of leukemia can apparently be made to grow in laboratory test tubes.

The development — climaxing three years of effort dating from the time when such particles were first found in leukemia patients — is a necessary prelude to pinning down whether the particles are truly viruses and whether, indeed, they are directly or indirectly involved in causing human leukemia.

It could also be a first step towards trying to develop a vaccine against leukemia.

WORDS BEFORE SIGNING — President Johnson addresses those gathered at the White House before using a bevy of pens to sign the $1.4 billion hospital construction and modernization bill. In signing the five-year extension of the Hill-Burton Act, the President hailed the present Congress as a "better health Congress." (AP Wirephoto)

TO FIXED POST

Syncom 3 On Course

By HOWARD BENEDICT

CAPE KENNEDY, Fla. (AP) — The Syncom 3 communications satellite, intended to relay television pictures of the October Olympic Games in Japan quickly to North America and Europe, rocketed into a preliminary orbit today en route to a planned stationary post high above the Pacific Ocean.

Officials were cheered by the early success of the mission. But the "Olympic Star" satellite must execute a number of complex maneuvers in the next 12 days to shift its orbit and reach its goal as the world's first truly synchronous — stationary — satellite.

While Syncom 3 is a research vehicle and television is not its main job, successful intercontinental transmission of Olympic pictures would be the most dramatic perforance so far by communications satellites.

U.S., Japanese, Canadian and European interests plan to spend nearly $1 million to demonstrate Olympic television capability with Syncom 3. Practically none of the transmission will be live, primarily because of time differences, and ironically, Canadian and European viewers probably will see more of the film relayed by Syncom 3 than will those in the United States.

The three-stage TAD—thrust augmented Delta — rocket barreled away from Cape Kennedy at 7:15 a.m. (EST) to propel the drum-shaped satellite into the "transfer" orbit — a great eggshaped route ranging from about 700 to 22,300 miles above the earth and requiring about 11 hours for each pass.

The National Aeronautics and Space Administration reported 30 minutes after launching that all three rocket stages had performed as planned and the 145-pound package of communications instruments was on course and sending strong signals.

Syncom 3's next hurdle will be reached about 28 hours after launching—about 11 a.m. Thursday—when it reaches the 22,300-mile-high point of its orbit for the third time. Then a small rocket is to be fired by ground command to jockey the satellite out of its wideswinging transfer path into a circular orbit about 22,300 miles up.

This is to occur above Sumatra. Then ground monitors, commanding small payload jets by radio, plan to guide Syncom 3 delicately for more than 10 days to the desired mid-Pacific position. The jets are to arrest it there.

Vote Due Today On Key Issue

By JOHN BECKLER

WASHINGTON (AP) — The Senate keeps talking, but the House votes today on what has become a key issue in the fading session of Congress — apportionment of state legislatures.

A Senate filibuster is holding back action on a proposal by Senate Republican Leader Everett M. Dirksen of Illinois that would permit states to delay court-ordered reapportionment. But a bill much tougher on the federal courts is up for a vote in the House.

Offered by Rep. William M. Tuck, D-Va., it would remove jurisdiction over state-reapportionment cases from the lower federal courts and prevent the U.S. Supreme Court from reviewing such cases decided in state supreme courts.

Both the Senate and House moves are aimed at undoing a Supreme Court ruling that both houses of a state legislature must be based on population.

There is strong opposition in the House to the Supreme Court ruling, but the very toughness of the Tuck bill is causing some misgivings among those who would like to see the ruling overturned.

They feel there is more question of the constitutionality of the Tuck bill than there is of the Dirksen proposal and thus more likelihood that it might be vetoed by President Johnson.

Mrs. Gray Dies; Rites Thursday

Funeral services will be held at 2 p.m. Thursday at the Dunn Baptist Church for Mrs. Florence Mary J. Gray, 84, of Route 3.

Mrs. Gray died at 7:40 a.m. today at Snyder Hospital.

The Rev. Alex Campbell, pastor of the Dunn church, will officiate at the services. He will be assisted by Bill Denton of the First Baptist Church in Snyder. Burial will be in the Dunn Cemetery under the direction of Bolger Funeral Home.

Mrs. Gray is survived by one son, Doyle of Snyder; one sister, Mrs. E. J. Anderson of Fort Worth; one brother, T. C. Lanthrip of Midland; two grandsons, Don Gray and C. D. Gray, Jr., both of Snyder; and three great-grandchildren.

Mrs. Gray was the widow of the late W. L. Gray who died in 1948. They had come to Scurry County in 1943 from Mitchell County.

Pallbearers will be W. J. Fuller, Hack Billingsley, T. A. Rainwater, W. W. Hester, Harold Lester and Perry Echols.

LBJs Report On Finances

WASHINGTON (AP) — An accounting firm hired at the direction of President Johnson reported today that the Johnson family fortune totals $3,484,098.

The firm of Haskins & Sells said the President and Mrs. Johnson and their two daughters, Lynda Bird and Luci Baines, had total assets of $3,682,770 as of July 31.

On the same date, the family had liabilities of $198,672, which reduced their net worth to $3,484,098.

The accounting firm said President Johnson's assets amounted to $477,417 and his liabilities were $99,336.

The detailed statistical table made it evident that most of the Johnson wealth is held in the name of the First Lady. Mrs. Johnson's assets were said to total $2,225,634 with liabilities of $99,336.

This gave Mrs. Johnson a net worth of $2,126,298 compared with $378,081 for the chief executive.

Lynda Bird Johnson's assets were put at $490,141. Those of her sister Luci Baines were given as $489,578.

The table listed no liabilities for either of the daughters.

During recent months, published estimates of the size of the Johnson fortune have ranged from about $4 million to $14 million.

It seemed apparent that much of this broad spread could be accounted for by using different methods of estimated the Johnson wealth.

If wealth is figured on the book value of securities held, it can conceivable be many times lower than if figures on the basis of the current market value of the same securities.

Dallas Arrest Becomes A Free-For-All

DALLAS (AP)—An attempt by officers to arrest a Negro at a rock 'n roll performance resulted in a battle Tuesday night in which two officers were attacked and a spectator shot.

Police sent home the crowd of about 4,000 at the affair.

One officer was struck in the mouth, another hit by bottles thrown from an upper floor, and a Negro suffered a minor bullet wound police said was fired from the crowd.

The trouble began when officer E. W. Williams sought to arrest a Negro he said was causing a disturbance. Another spectator objected and the man Williams sought to arrest got away.

Spectators on upper floors of huge Municipal Auditorium began throwing bottles at officers. Police were called obscene names. Police on duty there called for assistance and the place was cleared.

Mrs. Taylor Dies Today

Funeral services are pending at Bell - Seale Funeral Home for Mrs. Annie Lee Taylor of Hermleigh.

Mrs. Taylor, who would have been 79 years old Friday, was found dead at her home this morning by a daughter, Mrs. Mildred Simmons of Hermleigh, when Mrs. Simmons stopped to pick her up to go to the funeral of Mr Henry Thomason. Mrs. Taylor was apparently ready and waiting for her daughter when she died.

In addition to Mrs. Simmons she is survived by two sons, Robert Taylor of Gorman and Bryant Taylor of Sweetwater; and 11 grandchildren. Two of her grandchildren, Jerry Robertson of Roby and Mrs. Virginis Roemisch of Odessa were reared by Mrs. Taylor.

Noxious Fumes Rout Floridians

TAMPA, Fla. (AP) — Hundreds of persons were routed from their homes by noxious fumes Tuesday night after a 55-gallon drum of underwater weed killer exploded at a chemical plant.

More than 100 persons were treated at hospital emergency rooms for eye and nose irritations, cramps and nausea.

The fumes, from a chemical called acrolein, billowed from open doors and windows into the heavily populated, mostly Negro neighborhood. Mass traffic jams caused by curious onlookers hampered firemen and police trying to reach the area in gas masks.

"First you choke, then you get abdominal cramps and nausea," said Vernon Barchard, photographer for the Tampa Tribune. "I vomited 15 minutes."

Police Capt. L. J. Buchanan and fireman Lionel Hernandez, were hospitalized for observation.

Herbert Friedman, president of Southern Mill Creek Chemical Co., where the explosion occurred, said the chemical fumes were not poisonous.

Friedman said he was in the plant office when he heard an explosion about 8 p.m. He said the chemical apparently built up pressure inside the container, blowing off the top and spewing snowflake-size powder over a store room.

Firemen, wearing gas masks and rubber suits, entered the four-story building to cap the drum. Many were overcome when fumes seeped through loose masks.

Police, using sound trucks, ordered evacuation of a 16-square block area around the plant. Firemen using hoses, brought the fumes under control shortly before midnight.

Rites Here For Youth

Funeral services have been tentatively set for Friday for Richard Dwayne Sanders, 16, son of Mr. and Mrs. John Sanders, 502 Thirty - fourth Street.

The boy died early this morning in a Denton hospital. He was born in Wichita Falls, Apr. 15, 1948.

In addition to his parents he is survived by one brother, Johnny Sanders; and his grandparents, Mr. and Mrs. R. C. Sanders of Wichita Falls and Mr and Mrs. J. N. Davis of Gainesville.

Funeral arrangements are under the direction of Bell - Seale Funeral Directors.

Tension Down In Dixmoor

DIXMOOR, Ill. (AP) — Tension in this racially troubled community eased this morning after a night relatively free of violence.

The hope was that the rioting that began Sunday had run its course.

It had resulted in about 50 persons injured, heavy property damage and 70 persons arrested in the six-block area in the largely Negro suburbs of Dixmoor and Harvey south of Chicago.

The only incident Tuesday night was a fire at a golf course club house near the trouble center.

"It looks like arson," said Fire Chief Edward Mulder of Harvey.

Although three Negro youths were seen near the club house shortly before the fire, officials declined to speculate on any connection with the racial trouble.

Helen Krol, daughter of the owner of Dixie Hi golf course, said both whites and Negroes use the course and that it has had no racial trouble.

LAUNCH PAD DAMAGED

Project Gemini To Be Delayed

By HOWARD BENEDICT

CAPE KENNEDY, Fla. (AP) — A series of lightning bolts which caused considerable damage on the Project Gemini launching pad apparently has erased any possibility of a two-man orbital flight this year.

Officials said the mishap probably means that astronauts Virgil I. Grissom and John W. Young will have to wait until early 1965 to make the first tandem flight. They were to take a three-orbit, five-hour space ride in mid-December.

As an electrical storm swept over Cape Kennedy Monday night, Several lightning bolts struck the Gemini launching complex. They damaged systems in a Titan 2 rocket on the pad and in the ground support equipment.

It was the first recorded incidence of lightning damage to a rock in the 14-year history of the cape. All rocket gantries here are supposed to be lightning-proof.

The Titan 2 was being groomed to boost a fully equipped spacecraft, which was not on the pad, on a 2,000-mile ballistic flight to test all systems, the re-entry protective heat shield and recovery techniques.

The launching, the final unmanned shot before the Grissom-Young flight, had been scheduled for Oct. 6.

The National Aeronautics and Space Administration said Tuesday, "The effect on the launch date is not known at this time. But some equipment replacement, launch complex revalidation and systems retest will be required."

"The over-all effect of this condition may result in a delay of the first manned flight into next year," the agency said.

A spokesman said the lightning caused no visible damage — that apparently all of it took the form of short-circuits and other electrical-type damage to delicate components.

WEATHER

SNYDER TEMPERATURES: High Tuesday, 96 degrees; low 68 degrees; reading at 7 a.m. today, 72 degrees; precipitation, .02 inch.

North Central and Northeast Texas: Partly cloudy this afternoon and Thursday. Scattered afternoon and nighttime thundershowers. Low tonight in the 70s. High Thursday 94-102.

Northwest Texas: Clear to partly cloudy this afternoon and Thursday. A few thundershowers this afternoon and evening. Scattered thunderstorms and turning cooler in west and north Thursday. A little warmer in Panhandle this afternoon. Low tonight 68-78. High Thursday 82 in northwest to 1 in southeast.

Coast: Southerly winds 8-18 knots this afternoon, tonight and Thursday with isolated thundershowers along upper coast.

South Central Texas: Partly cloudy and hot this afternoon, tonight and Thursday. Low tonight 70-80. High Thursday 95-105.

Southeast Texas: Partly cloudy and hot this afternoon, tonight and Thursday with isolated afternoon and evening thundershowers. Low tonight 72-82. High Thursday 88-99.

Southwest Texas: Partly cloudy and hot this afternoon, tonight and Thursday with widely scattered afternoon and evening thundershowers in extreme north. Low tonight 68-78. High Thursday 97-106.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: An extremely attractive woman and I have been seeing each other exclusively for the past year. I am in my early 40's and she is in her early 30's. She has recently begun to pressure me for a marriage date. She told me that she was a widow, but I learned quite accidentally that she had had three husbands. Her first she divorced, her second died, and her third she also divorced. When I confronted her with these facts, she readily admitted they were true. When I asked her why she didn't volunteer the truth about herself in the first place, she said that she had been "counseled" not to. What kind of a "counselor" would advise a woman to withhold such pertinent information from the man she intended to marry?

WONDERING

DEAR WONDERING: One without integrity, obviously. But it's the WOMAN you are interested in, not the counselor. And any woman who would accept the counsel of deception is no better than her counselor. What else do you want to know?

* * *

DEAR ABBY: I have a 14-year-old daughter who rushes outside when she hears someone honk a horn. I tell her it is not right, that if a boy wants to see her, he should come to the door. She says I am old-fashioned, and that if she had a date with a boy then she would expect him to come to the door. But if he just happens to be driving by and wants to see if she's home, there is nothing wrong with honking his horn. All this horn honking and her running outside is getting to be too much for me. Maybe if you told her, Abby, she would listen. Or am I old-fashioned?

GIVE UP

DEAR GIVE: You are not old-fashioned. A boy who respects a girl will not "honk" his horn outside her home. And any girl who runs outside at the sound of a "honk" is a silly goose.

* * *

DEAR ABBY: So many of our friends and relatives have been dying off lately, my husband and I decided to go over our wills. They originally stated that our estates would be divided among our children, and they would all share and share alike. We have changed them. Our eldest daughter has given us more attention and respect than any of the others. We also have a son who has never gone out of his way to show us any consideration. They will all get what we think they deserve. Nuts to this share and share alike business.

MATER AND PATER

* * *

CONFIDENTIAL TO DANNY: If you cannot inspire a woman with love of yourself, fill her above the brim with love of herself; all that runs over will be yours." These are the words of C. C. COLTON, an English clergyman (1780 - 1832), and times have not changed very much.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

DR. ROGER D. GEE

Roger Gee Completes Doctorate

Roger D. Gee, former director of choral music in Snyder Public Schools, received the degree Doctor of Education in educational administration at George Peabody College for Teachers in Nashville, Tenn.

Dr. Gee was among 450 who received degrees conferred Saturday by Dr. Felix C. Robb, Peabody president, at the college's 185th commencement.

Dr. Gee, son of Mr. and Mrs. L. D. Gee of Odessa, was with the Snyder Schools from 1957 until 1963, first as music teacher at Central Elementary School and then as choral director at Snyder High School.

He will now become assistant superintendent of the Wharton, Tex., Consolidated Independent School District.

While in Snyder, he served as president of the Classroom Teachers Association, regional vice president of the Texas Music Educators' Association, was president and board member of the Scurry Concert Association, and was sponsor of the Future Teachers' Association.

Mexicans Seat Solons

MEXICO CITY (AP) — The electoral college has begun the formal seating of members of the next Mexican congress, certain to be heavily dominated by the ruling Institutional Revolutionary Party (PRI).

With the possibility still remaining of some changes, the congressional lineup showed for the Senate a complete PRI membership and for the Chamber of Deputies 177 PRI members and one member of the National Action Party (PAN).

The opposition probably will gain more chamber seats when "party deputies" are named later on the basis of last July's national election. The party deputies are in addition to regularly elected ones and exercise the same rights.

Both Pan and the Popular Socialist Party (PPS) indicated they would challenge the seating of some PRI members on the basis of alleged irregularities in the election.

The new Congress will begin its session Sept. 1.

Righters Pushing Strong Platform

WASHINGTON (AP) — Civil rights leader Roy Wilkins urged Democratic platform writers today to pledge vigorous enforcement of the new civil rights law and give the country a contrast with what he called the "squeamish circumlocution" of the Republican plank.

Wilkins, chairman of the Leadership Conference on Civil Rights and secretary of the National Association for the Advancement of Colored People, declared that "the riots which have shaken several urban communities cannot be condoned." He said they must be understood against a background of deprivation and frustration.

Wilkins' testimony was prepared for the Democratic platform committee as it concentrated on the civil rights issue, considered the most difficult to treat in a plank acceptable to all wings of the party.

A trial balloon floated by some Southern moderates for a compromise statement that might avoid a floor fight appeared to have been shot down when Pierre Pelham, a committee member from Alabama, said Tuesday he could accept nothing less than a call for repeal of the Civil Rights Act.

The Republican platform language that aroused Wilkins' scorn includes a call for "full implementation and faithful execution" of new and old civil rights laws, improvements as needed and any necessary action to ensure the right to vote.

But Wilkins said the slogan, "leave civil rights matters to the states has become the hallmark" of Sen. Barry Goldwater, the Republican presidential candidate. Goldwater has said he accepts the Republican platform and, as president, would enforce the laws.

May Revoke Estes' Bond

EL PASO (AP) — A government attorney has asked a federal district court to revoke Billie Sol Estes' $100,000 appeal bond so he may be sent to jail without further delay.

Asst. U.S. Atty. Fred Morton said Tuesday the condition on which Estes was granted bail from serving his 15-year fraud sentence was erased last week when the U.S. Fifth Circuit Court of Appeals in New Orleans upheld the El Paso federal court verdict.

The 30-year-old Estes has served only three days in jail since his giant agricultural-financial empire collapsed in 1961. In addition to the El Paso conviction, he is appealing state court convictions.

Morton said Estes has 20 days to ask the appellate court for a new bond pending appeal to the U.S. Supreme Court. No date was set to hear Morton's motion to revoke the bond.

The appellate court confirmed Estes' conviction on four counts of using the mails to defraud and on one count of conspiracy to defraud.

Estes moved from his Pecos home last year to Abilene. He has declared himself bankrupt.

Cypriots Await Blockade Lifting

By ALEX EFTY

NICOSIA, Cyprus (AP) — Turkish Cypriots waited with skepticism today for President Makarios to fulfill his promise to allow food, fuel and medicine to enter blockaded Turkish Cypriot areas.

A Turkish Cypriot spokesman welcomed the pledge as "an encouraging first step." But he accused Makarios, a Greek Cypriot, of breaking agreements before and said, "Therefore, we will have to wait and see."

Makarios' pledge to the U.N. Command Tuesday to allow movements into some beleaguered communities could eliminate a source of trouble, but other developments indicated the Cyprus crisis could come to a boil again.

After another round of talks with Greek leaders, Cyprus Foreign Minister Spyros Kyprianou disclosed in Athens Tuesday night that he would fly to Moscow to negotiate an arms deal with the Soviet Union.

Turkish Premier Ismet Inonu warned that his country would act again if the Greek Cypriots renew attacks on Turkish Cypriots. The new warning came in a message to heads of government released by Turkey's U.N. delegation in New York.

Turkey underscored Inonu's words with a series of air and naval maneuvers off eastern Turkey, 110 miles from Cyprus.

Turkish Foreign Minister Feridun Cemal Erkin announced the return to North Atlantic Alliance control those Turkish air force units withdrawn during air strikes on Greek Cypriot military positions.

Erkin said Greece withdrew part of its military units from the alliance using "our move as a pretext." He suggested there was no longer a reason for Greece's withdrawal.

BIRTHS

Mr. and Mrs. Jackie Pevehouse, 1811 Avenue T, are the parents of a 6 lb. 7 oz. baby girl born at 10:49 a.m. Aug. 18 at Cogdell Hospital.

Damson plums get their name from the city of Damascus. The small, nearly round plums are prized for jam and plum butter.

Note Agitates Jack Ruby

DALLAS (AP) — Jack Ruby rebuked his lawyer Joe Tonahill during his county jail conference with U. S. Supreme Court Justice Earl Warren, the Dallas News said today.

The News said Ruby became agitated when Tonahill handed a message during the conference to J. Lee Rankin, chief counsel for the Warren Commission investigating the assassination of President Kennedy.

The note concerned Ruby's statement that he discussed the President's death the night of Nov. 23 with a former city detective. According to the newspaper, Tonahill scribbled a message to Rankin that this conversation had triggered Ruby's murder of Lee Harvey Oswald, accused presidential assassin.

Quoting an unnamed source, the News said:

"Ruby insisted upon seeing the note. He indicated that he wouldn't answer other questions until it was shown to him. When he learned what Tonahill had written, he said the message was not true and the conversation with the former detective had nothing to do with his decision."

Ruby also reportedly told Warren that Melvin Belli, his chief attorney then, had prevented him from taking the witness stand and "telling everything."

FAMILY NIGHT was held Monday evening at the VFW clubhouse with a free dinner. A large group attended and were greeted by Jack Sparks, commander, and Louise Williams, president of the VFW Ladies Auxiliary. The event, held in conjunction with the regular meeting, hopes to encourage membership and participation in club activities which include programs on Americanism, charitable, and youth activities.

China Grove News

BY MRS. N. F. HALL

Mr. and Mrs. Everett Haggerton and family have returned home from a week vacation in New Mexico.

Mr. and Mrs. M. E. Adams and family are vacationing at the Sanora Caverns and other points in south Texas.

Terry Clark of Maryneal visited Tommy Mize the past week.

Recent guests of Mr. and Mrs. D. L. Cotton were Mr. and Mrs. Bill Leslie and Allen of Eastland, Mr. and Mrs. Don Goss, Charlotte Ann and Ray Damon of San Angelo, and Tommy Lee Cotton of Buford.

Weekend guests of the N. F. Hall's were Mr. and Mrs. J. D. Hall, Jackie, Judy and Julia of Amarillo, and Mr. and Mrs. Herman Hoover and Julie of Colorado City.

Mr. and Mrs. T. J. Webb visited Mr. and Mrs. Hubert Webb and Mr. and Mrs. Jack Webb and children of O'Donnell, and Mr. and Mrs. Cecil Webb of Lubbock this week.

Mr. and Mrs. Johnny Brown and children of Colorado City visited Mr. and Mrs. Jess Brown recently.

Miss Sharon Harlow of Thompson Ranch near Colorado City visited Miss Donna Hall over the weekend.

Mrs. W. C. Wood has returned home after being with her brother, Ross Marshall, who underwent major surgery at Hendrix Memorial Hospital in Abilene recently.

Mrs. Don Wester, Rickey Don and Angelia of Midland visited Mr. and Mrs. Pete White and Rayburn the past week.

Benchley Shows Promise

TIME AND A TICKET. By Peter Benchley.

College boy sees world. Not just an average college boy, but a better than average young observer and recorder.

The author came out of college in '61 and was fortunate to have a family stipend (yes, these are the writing Benchleys, and Peter is the third generation) for a wander - year.

Peter had some advantages in the way of personal contacts because of his father, all the way across the globe; and his companion Charlie had some contacts too.

The first part of the narrative, especially in France, is utterly hedonistic, full of parties, leisure and fun, but the social awareness begins to grow in Berlin.

Then there is a quick view of Egypt's anti - European atmosphere, followed by a touch of the Middle East, a dip into Iran. There is an episode in which the author seeks out a station of the Peace Corps in India, and is frankly impressed by the dedication of the Peace Corps volunteers. And at the end, some minor adventures in the Far East.

Peter may have made no great discoveries Predictably, he runs into anti - American needlers in many countries, and brings to the surface his own reactions as a young American.

Such is the substance of the book — an interesting record of an American youth, learning many things about his own land as he runs through a quick journey toward the other side of the earth. Young Benchley's account has the valid freshness of youth. And the precocious skill of a promising writer.

Taste Buds Take A Trip

Here's a way to provide a tour of exotic lands for your family at the dining table.

It will send your family's or guests' taste buds to the South Seas with this intriguing concoction.

POTATO CHIPS POLYNESIAN

1 large onion sliced
2 green peppers sliced long way
1 cup celery chopped coarse
1 tsp. salt
1 large pkg. potato chips
1 can water chestnuts
6 slices ham, sliced thin
1 c apricot nectar
¾ c pineapple juice (from 1 can pineapple spears, drained)
1 tbsp. lemon juice
2 tbsp. ketchup
6 pieces cooking foil (12" square)

Cover onion, peppers, celery, salt with water, cook until tender.

Put ½ pkg. potato chips in fry pan. Slice water chestnuts, arrange in layer on top potato chips. Put balance of chips on top.

Mix together apricot nectar, pineapple juice which you have drained from pineapple spears, lemon juice and ketchup. Pour over potato chips. Heat until most of liquid is absorbed. Sprinkle liberally with monsodium glutamate.

Cut potato chip mixture in 6 equal parts. Remove one at a time with pancake turner and place on each piece of foil. Drain vegetables. Spoon on top of potato chips. Place slice of ham on top of vegetables. Place two or three pineapple spears on top of ham.

Roll by pulling edges of foil together to fold tight and seal ends by folding.

Heat for about 20 minutes in 250 degrees oven before serving. Serves 6.

If your preparation time is limited this recipe may be made ahead of time and stored in the refrigerator. This is an excellent party or patio main course because it is so easy to serve.

Mrs. Allen Bryan Speaker For Toperettes

Snyder Toperettes met Tuesday evening at 7:30 with approximately 23 members weighing in. Two visitors were also present. Weight lost for the week was 14¾ pounds with 7 pounds gained.

In the Group contest group 6 won with 63 points. Others were group 1-20, group 2-30, group 3-30, group 4-25, and group 5-38.

Guest speaker for the evening was Mrs. Allen Bryan who spoke on "Women's Influence."

Members will go to Town House for salads next week.

'Oh, my aching back

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation . . . with that restless uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain-relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys — tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable . . . with restless, sleepless nights . . . don't wait . . . try Doan's Pills . . . get the same happy relief millions have enjoyed for over 60 years.

For convenience, ask for the large size. Get Doan's Pills today!

Doan's

Library Notes

With the coming of the 1964-65 school term, 250 classroom teachers and school librarians in Snyder public schools, together with approximately 3,700 elementary, junior high and senior high school students are turning their thoughts to the opening of the new school year. Scurry County Library stands ready to complement and supplement the very fine school libraries of the Snyder school system. Also the library's bookmobile will begin its regular weekly trips to schools at Fluvanna, Hermleigh and Ira with the opening of the new term.

Beginning August 31, the Scurry County Library will go back to the opening time of 9 a.m. weekdays from Monday through Saturday. The library is open two nights through the week, Tuesday and Thursday, until 8 p.m., and Sunday afternoons from 2 to 6 p.m., for the benefit of students and other citizens wishing to use its facilities. The library is widely used by all age groups.

College students home on vacation are among its regular patrons during the summer months and on special holidays during the school year. Those taking special college courses and commuting between Lubbock and Snyder, or Abilene and Snyder are also avid users of the library's facilities.

Several members of the high school graduating class of 1963-64, who plan to enter college this fall, have used the library extensively during their spare time this summer. These industrious young people have used this time to famliarize themselves with various college subjects such as higher mathematics, the sciences as well as languages and other subjects. This farsightedness on the part of young Scurry countians will pave the way for a smoother transition from their accustomed high school routine into the new courses and the new experiences of college life at the beginning of their college careers.

The idea that a good education is a necessity is not new. Diogenes, Greek philosopher 400 years B.C. wrote, "The foundation of every state is the education of its youth." Today the accepted fact is that a good education is a necessity to every individual if he or she is to achieve desired goals in life. Although formal schooling may have ended early for some, this need not mean that the doors of learning are closed to them if they will but avail themselves of the open doors of public libraries.

Today, the term 'self - made man' is not used as often as it was in years past, but it is not impossible for one to gain such a status if he applies himself. Anyone can add greatly to his knowledge after the doors of formal education have closed to him. The learning process need not and should not end with the finishing of formal schooling. It can be and should be a continuing process in an ever changing world, and many senio citizens of the county are among the library's most famliar patrons. With good literature being published continuously, adding to the great wealth handed down through the centuries, no man or woman needs to neglect broadening their knowledge of the world about them.

Scurry County Library receives almost continuously new materials in all fields of endeavor. These materials include information in scientific fields; social subjects including mental health and physical fitness; pros and cons of topics of political significance; new and uptodate histories of the ever changing world at large; as well as books of lighter vein, and even instructive books on 'how to do it yourself' in the arts and crafts fields.

No Scurry County citizen need lapse into a state of mental deterioration. When the learning process stops, it has been pointed out by educators, the mind begins to collect the proverbial cobwebs. To be alert and keep alert, the mind must have food for thought. The human mind can be kept active only by its use. Use of the library not only gives citizens an opportunity to keep up with changing historic events and adds to their knowledge of many and varied subjects, but more importantly keeps its patrons interested and active in the world about them. A citizenry with live interests makes for a more active and productive community, state and nation.

Many retired Scurry County citizens make good use of the library. W. M. McMath, 2400 Avenue N, is a prime example of the many senior citizens who use the library regularly. Mr. McMath retired in 1960 and in his own words, "The Scurry County Library has been a source of much satisfaction to me since my retirement. I read for pleasure and for good basic information on a variety of subjects. All my life I have liked to read. The library came in just rignt for me and gives me an opportunity to keep occupied, and at the same time keeps me entertained and informed." He adds laughingly, "I like variety in my reading as well as my meals."

Education has long been recognized as a determining factor in a Democracy. James A. Garfield, in accepting nomination for the Presidency of the United States in 1880, said, "Next in importance to freedom and justice is popular education, without which neither freedom nor justice can be permanently maintained." In 1828, Lord Brougham, in a speech to the House of Commons, declared, "Education makes people easy to lead, but difficult to drive; easy to govern, but impossible to enslave."

Public education and public libraries go hand in hand.

Round Top News

By MRS. B. D. DURHAM

Mr. and Mrs. Billy Durham, Brinda and Billy Jr., and Mr. and Mrs. Dumas Shelton and Johnny of Tahoka, are on vacation this week in Calif. They will visit Mr. and Mrs. George Shelton and family while there.

Linda May Durham is visiting Dennie Wood and her family at Bryan this week.

Terri and Carson Meador spent last week in Abilene with their uncle and aunt, Mr. and Mrs. Billy Ryanheart.

Mr. and Mrs. Van Meador and family has as their guests Sunday their cousin, Mr. and Mrs. Wendell McCrary and children of Weatherford.

Mrs. Walter Brown visited last week in Dallas and Fort Worth. She attended a family reunion in Dallas and visited Mrs. Dorothy Brown and children, and Mr. and Mrs. Richard Brown and daughter Brinda in Roanoke.

Mr. and Mrs. Mark Holms spent the weekend in Wichita Falls with their daughter and husband, Mr. and Mrs. Dale Cates.

Visiting Mr. and Mrs. Blake Durham and Mark Sunday were Mr. and Mrs. John Adkinson of ACC, Abilene, their visiting preacher, and Eulene Koch of Snyder.

Recreation Rooms

The recreation or all-purpose room often is the most popular room in the house, and when constructed of such durable materials as quarry tile floors and hardwood walls will be able to stand the gaff of round-the-clock activity. By building cabinets into the walls you'll be able to shield television sets, glasses and other fragile objects from the tom-foolery of the recreation room.

When you turn cake batter into its pan, it's usually a good idea to have the sides a little higher than the middle.

WOMEN'S CALENDAR

THURSDAY

Snyder Duplicate Club, 1:30 p.m. at Sallie's Open.

Order of Eastern Stars, 8 p.m. at Masonic Hall. Rob Morris Hostesses, Florence Leftwich, Margaret Woods and Nell Walker.

WHO ... ME?

Campaign Promises To Be Roughest, Toughest Ever

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Rock 'im and sock 'im and belt 'im every chance we get.

Ths clearly seems the Johnson administration's policy against Sen. Barry Goldwater in the presidential campaign which, before it even starts, promises to be the roughest, toughest in memory.

Goldwater didn't spare President Johnson's feelings when he called him a "phony." Johnson and some of his top aides have already set the pattern of not sparing Goldwater's.

One prime example this week's performance by Secretary of Defense Robert S. McNamara at the Democrats' hearings on the platform they are trying to stitch together.

Another example: Johnson's blazing attack on Goldwater, one of the first personal assaults he has made since becoming president.

Last week Goldwater criticized this country's defense program: "Under our present leadership, with its utter disregard for new weapons, our deliverable nuclear capacity may be cut down by 90 per cent in the next decade."

The Defense Department promptly fired back that this statement of the Republican presidential candidate was "without foundation," was "contrary to the facts" and was "totally false."

McNamara followed this up in his personal appearance before the platform committee.

"Let me assure you that our strategic forces are and will remain in the 1960s and 1970s sufficient to insure the destruction of both the Soviet Union and Communist China under the worst imaginable circumstances accompanying the outbreak of war," McNaara said.

"There should be no doubt about this in the mind of any American. There is none in the minds of our enemies."

Then he unloaded a mountain of statistics to show this country not only is superior to the Comist world in weapons, but it is prepared for any kind of war, big or little.

He called American defenses an "aggregation of force without parallell in human history."

All this will probably not discourage Goldwater from future criticisms. But, judging from the speed and magnitude of McNamara's response, plus that of Johnson himself, the administration apparently is set to smash into Goldwater from now on.

Last week Goldwater told a news conference that in dealing with the Southeast Asia crisis Johnson seemed to give military comanders authority to use the "whole inventory" of American weapons. The "whole inventory," of course, would have to include nuclear weapons.

Johnson himself, in telling the nation Aug. 4 that he had authorized American carrier-based planes to hit North Viet Nam PT boat centers, explained he had ordered only "limited action."

The next day McNamara told a news conference that the naval commanders of U.S. ships off North Viet Nam had been instructed to protect themselves with "whatever force is necessary."

The State Department in the name of McNamara and Secretary of State Dean Rusk issued a statement calling Goldwater's interpretation of Johnson's remarks "unjustified and irresponsible."

Last Saturday at his own news conference Johnson said of Goldwater's interpretation:

"Loose charges on nuclear weapons without any shadow of justification by any candidate for ofice, let alone the presidency, are a disservice to our national security, a disservice to peace, and, as for that matter a great disservice to the entire free world."

And the campaign hasn't even started.

Purslane and chickweek, both weeds, can continue to produce seeds for days after being uprooted.

Junior Editors Quiz on BLUE SKY

QUESTION: Why does the sky—as well as a distant mountain—look blue?

• • •

ANSWER: Our earth is covered with a dense layer of the precious air we must have in order to breathe. Suspended in this are countless specks of dust and other materials. It is the sunlight, glancing off these, which makes the sky look light; without an atmosphere containing such particles, the sky would appear blackas it does in outer space. The white light from the sun holds within it all the colors of the rainbow. But the particles in the air bend or refract this white light and so scatter the rainbow colors. Blue is the color, which because of its particular 'wave length,' is more widely scattered than the other colors, and this is why the sky appears blue on a sunny day. When you look at something distant, you are looking through air with its widely scattered blue rays, so things far away take on a faint bluish tinge. Since there is always some water vapor in the air, distant things will also look lighter. When there is a great deal of water vapor, as on a cloudy day, this will overcome the blue rays and everything will look gray. On a sunny day, the water vapor merely softens and lightens distant colors, and this, together with the air's blue rays, gives to distant mountains their beautiful smoky blue shades.

• • •

FOR YOU TO DO: Jack is holding up a bright green leaf and contrasting it with the different color of the distant mountains, which he knows are covered with the same green leaves. Make the same experiment. If there is no mountain in your area, use a distant tree to check the color against. 8-19

(Judy Ruzicka of Springfield, Mo., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win the weekly grand prize of Compton's Pictured Encyclopedia.)

Pollster's Task Is No Cinch

By RELMAN MORIN

NEW YORK (AP) — Some years ago, in a Broadway musical, they sang a song called "Leave My Pulse Alone," or words to that effect.

It kidded polls, pollsters, market researchers and those who attempt to measure trends and discover what people are thinking about. This of course includes newspaper reporters.

In every presidential election year, I try my hand at political pulse-taking. You have some interesting experiences, and frequently they recall that song.

For example, the elderly gentleman in Springfield, Mass., in 1956. He was the soul of courtesy when he answered the doorbell. I explained that I would like to hear his opinions about candidates, issues, etc., his Yankee features froze.

"That, sir, is an invasion of privacy," he said. "Why, I wouldn't even tell my wife what I think about those matters. Now, you get off my porch or "I'll sic the dog on you."

Another time, in Passaic, N.J., a housewife made a deal with me. "I have some work to do upstairs," she said. "If you will sit here and watch junior, I'll talk to you."

So I watched junior for about 15 minutes until she returned. It wasn't a very rewarding interview.

No, she hadn't voted in the previous presidential election. Too young. No, she didn't know how she would vote this time "because I don't know what my husband thinks."

But it doesn't always work that way. In Dallas, Tex., I questioned a man about his preferences. When he left the room, his wife, whispered, "He says he's going to vote for Eisenhower, but don't you believe him."

"Why not?" I asked.

"He knows I always vote opposite to the way he votes. He told you that so that I'd vote for Stevenson. But he isn't fooling me. He will vote for Stevenson and I'll vote for Eisenhower," she said.

Another time, I stood outside a factory gate in Connecticut hoping to catch the pulse of some workers. Presently one emerged. I buttonholed him.

"Listen, Mac," he said, not unpleasantly, "I had a fight with my wife this morning. I've just had another fight with the boss. Now I've got a date with a bottle of beer and I don't feel like talking to nobody about nothing."

Frequently, when a candidate tours a factory, I stay some distance behind and then ask the men, who have just shaken his hand, what they think of him. Typical replies in Detroit — "He's all right, I guess," "Seems like a nice fella," "I don't trust none of 'em."

How would you count these in your poll?

Smokers Again Puffing Furiously

By ADREN COOPER

WASHINGTON (AP) — Cigarettes have rocketed back from the slump that followed a government report in January linking them to lung cancer and heart disease.

U.S. factories shipped almost 45.2 billion cigarettes in June — an increase of about 8.5 per cent over June 1963, the Internal Revenue Service announced today.

While cigarettes were making their comeback, cigar sales dropped in June.

Small cigars, to which many switched early this year, took a nosedive. Shipments dropped from 190 million in May to 38 million in June. But the June figure was still double that for small cigars in June 1963.

The slump in cigarette sales had set in right after the government committee headed by Surgeon General Luther L. Terry issued its report in January. There was a considerable rebound in April, but June was the first month to show a sizable increase over the corresponding month of 1963.

June's 8.5 per cent increase compares to a normal year-to-year increase of 2 or 3 per cent.

A report issued by the Council for Tobacco Research — U.S.A., said 10 years of tobacco industry-supported studies had produced no laboratory proof of a link between smoking and lung cancer or evidence that smoking contributes significantly to heart and circulatory ailments or stomach ulcers.

Dr. Wendell G. Scott, president of the American Cancer Society, said Tuesday in New York that the report by the industry group was "self-serving and published without regard for the public welfare."

The American Cancer Society has said cigarette smoking is a serious health hazard.

Anderson Would Resign As Trustee

VERNON (AP) — Robert B. Anderson, former secretary of the Navy and the treasury, has filed a petition in 46th District Court asking to be allowed to resign as a trustee of the Guy L. Waggoner trust.

Anderson, who formerly was general manager of the W. T. Waggoner estate, said in his petition that he had continued as a trustee since Waggoner's death in 1950 because of a "strong obligation" to the deceased and the Waggoner children.

His request to withdraw was the latest development in complicated legal maneuvers involving the vast Waggoner interests.

A grand daughter of Guy Waggoner, Mrs. Elsie Waggoner Hay of Fort Worth, had filed a court petition asking that Anderson and the Valley National Bank of Arizona at Phoenix, be removed as trustees.

She alleged that Anderson and the bank loaned $200,000 in trust ' nds without security. She also alleged he arranged for himself a pension as a trustee and also used trust funds to buy bonds from Loeb, Rhodes and Co. of New York, in which he is a partner.

Hey, Horse— Wanta Ride?

MALIBU, Calif. (AP) — Some men in sleek, little convertibles pick up girls.

Gordon F. Buck Jr., 29, picked up a horse.

One minute, Buck was doing 65 miles an hour in his little German Porsche on Highway 101A.

The next, he had a passenger in the front seat — a horse named Gambler.

Buck's car hit Gambler in the rear, flipping him into the seat, said the California Highway Patrol.

Buck swerved off the road. Gambler got out and galloped off.

A veterinarian said Gambler, who lives on a nearby ranch, suffered only a few bruises and slight emotional upset.

Buck's car was dented, the windshield was broken and the inside needed sweeping — but it still runs.

Meat Import Bill Ready For Inking

By WILBUR MARTIN

WASHINGTON (AP)— President Johnson is expected to sign a compromise measure which would limit meat imports to 15 per cent below last year's record.

The Senate completed action on the measure Tuesday night, approving by a voice vote. The House had cleared it on a 232-149 vote.

In the Senate, the measure was both praised as a boon to U.S. livestock producers and criticized as a half-hearted gesture.

Proponents several times assured the Senate the administration would accept the controversial proposal to limit meat imports. One senator said passage could be considered the "Democrats' answer" to Republican charges the administration had hurt the country's livestock producers with unchecked meat imports.

The State Department's concern over the effect of such a measure came in for criticism, with Sen. Gordon Allott, R-Colo., accusing the department of "too much interference in legislation which Congress finally passes."

Sen. Wayne Morse, D-Ore., said the State Department was worrying too much about items "upsetting" foreign affairs" and not enough about its own citizens' interests.

The bill sets a basic limit of 725,400,000 pounds per year of fresh, chilled or frozen beef, goats and sheep (except lamb). But a 16 per cent estimated growth factor is added and a 10 per cent leeway is allowed. This means that imports would have to reach about 913 million pounds next year to trigger the imposition of quotas.

The President has the power to suspend the limitations if he decides it is in the national economic interest.

Congress has "no business passing this bill," declared Sen. Jack K. Javits, R-N.Y., declared, adding it was an attempt to bail feed producers "out of their own mistakes of overproduction by penalizing the whole foreign trade of the United States."

Texas Water Reserves Low In July

AUSTIN (AP) — The Texas Water Commission reports conservation storage in major Texas reservoirs dropped in July to the lowest percentage of capacity since March, 1957.

Conservation storage July 31 was 54 per cent of potential, the commission said Tuesday. At the end of March 1957, storage stood at 49 per cent of potential capacity.

The reservoirs dropped more than 700,000 acre-feet to conservation storage of 6,405,800 acre-feet. An acre-foot is 325,851 gallons.

Only the San Antonio subdistrict reported appreciable streamflow during July.

All but three of 19 Weather Bureau stations had rainfall below the July average, the commission said.

"Little effective moisture fell except along the upper coast," the commission reported. "Dryland crops and pasture suffered heavily, and the municipal water supply of many small towns reached the critical state."

Pampa Man Killed

DECATUR, Tex. (AP) — James Donald Johnson, 55, of Pampa, Tex., was killed Tuesday night in a one-car accident five miles south of this North Central Texas town.

Barry Allen Gabbert, 18, a passenger, was in a Decatur hospital in serious condition. Investigators said the car went out of control and overturned twice.

Demolays To Meet

AUSTIN (AP) — Some 1,200 teen-age boys from 94 Demolay chapters are expected Thursday for the 34th Texas Conclave. The meeting ends Saturday.

BREAK IN THE PLANNING SESSION—Republicans here are shown during a coffee break in a meeting Tuesday evening. Pictured are Jim Stowe, field representative of the Republican Party in Texas from Abilene; Tom Porter, county chairman of Nolan County; Fred Stevenson, secretary of Nolan County executive committee; Doug West, local precinct chairman; S. P. Hulen, Scurry County chairman; Mrs. Clifford Terry, executive committee member; and Mrs. B. J. Bartels, precinct chairman. The group heard reports from the national convention from Gene Dulaney, alternate delegate, and from Gayle Browning, distrirct committeewoman of the Young Republican Clubs of Texas and a member of the executive board of the Texas Tech club. During the second half of the program the Republicans discussed campaign plans and issues.

Bernard Baruch Turns 94; Keeps His Eye On Future

By ROBERT HOLTON

NEW YORK (AP) — Bernard Baruch turned a spry 94 today with an off-handed vow to continue the kind of thinking that brought him fame and fortune and had presidents asking his advice.

"I don't want to dwell on the past," Baruch said at a news conference Tuesday. "Today and tomorow concern me more than yesterday."

The financier, who had earned a fortune by his 30th birthday, added: "It seems to me that our country's problems, domestic and foreign, are today more complex and difficult than any we have known in the past.

"Yet, despite these problems and perils, the future holds out infinite possibilities and promises for the perfection of democracy and for the improvement of life, not only in this country but in every land."

Standing erect and supported lightly by a cane as he walked in and out of a midtown hotel suite for his news conference, the 6-foot-3 Baruch looked many years younger than his 94.

Except for the time it took to read a brief statement, Baruch lightheartedly traded banter with reporters.

Asked what was the greatest lesson he had learned, Baruch smiled and quipped: "To mind my own business."

He said he seldom goes to Central Park anymore. He gained such fame for passing out advice from a bench there that one was dedicated to him and a plaque bearing his name was attached to it. The same honor was given him in a Washington, D.C., park.

A spokesman said Baruch swims three or four times each week and still makes trips to his plantation in South Carolina.

The forest industries in the United States consist of 57,000 different companies in all categories of size, most of them small and family - owned.

Valley Residents Say Show Distorted Area's Economy

By BOB M. GASSAWAY

WESLACO (AP)— Civic leaders say an NBC television show Sunday on poverty in the Lower Rio Grande Valley was distorted.

Jack Drake, executive vice president of the Valley Chamber of Commerce, said the program made the valley appear to be a "pocket of poverty."

Coincidentally, the same phrase has been used this week by speakers at the Texas State AFL-CIO convention underway in Brownsville.

The labor group is considering a proposal to begin a massive recruiting effort here, saying valley workers are among the most underpaid in the nation.

They also endorsed the NBC program Tuesday.

Drake said the chamber believed that the segment of NBC's "Sunday" show featuring the valley was "a very slanted piece of reporting, very controversial and very poorly done." He said the chamber had written NBC asking for equal time, with a copy of the letter to the Federal Communications Commission.

NBC said Tuesday it had received no requests for equal time and had no comment on the situation.

Several civic leaders criticized Dr. Ramiro Casso of McAllen for helping narrate the program.

The doctor, however, defended his appearance: "The Valley Chamber of Commerce and the Valley Farm Bureau have been ignoring the poverty picture, sweeping it under the rug. Not only do they support the policies that perpetuate the situation, but they reject outside help to alleviate the problem."

The McAllen Chamber of Commerce executive committee has joined the valley chamber's effort to seek equal time.

"It was not a factual presentation. It distorted the issue and was not a true picture of the Lower Rio Grande Valley, and the points stated were most controversial," the committee said.

The program showed families living in rundown houses, people suffering from various illnesses, and talked of their annual income.

"They can go within two miles of the White House and find the same thing," Drake said.

AUSTIN (AP) — Vehicles licensed in Texas this year total 5,632,373, the State Highway Department says. This is a new record and 5 per cent more than were registered in 1963.

Cardinal Visits Mexico

MEXICO CITY AP)—Eugene Cardinal Tisserant began his first full day in Mexico Tuesday by receiving a small group of persons in his private quarters.

The dean of the Roman Catholic Church's Sacred College of Cardinals began his public activities today by visiting the Mexico City Cathedral and saying mass at the shrine of the Virgin of Guadalupe. He will be in this country 17 days.

Army Has New Program For Nurses

The U.S. Army is sponsoring a new nursing program that leads to a college degree and a second lieutenant's commission in the Army Nurse Corps.

Each year, 135 high school graduates will be selected to participate in a four - year program of study, training and clinical experience. Successful participants will be awarded a bachelor of science degree in nursing by the University of Maryland. The program is open to both male and female enlisted members of the Army who qualify.

Students accepted will enroll for two years at an accredited college or university. The third and fourth years, the clinical phase of the program, will be spent at Walter Reed Army Medical Center.

Financial assistance by the Army, pay and allowances, will be given during the entire program. Also, cost of tuition, books and incidntial fees required during the first and second years will be paid by the Army.

Those who are eventually commissioned will be obligated to serve a minimum tour of three years with the Army.

Age limits are 17 to 24 years, and applicants must be citizens of the United States. They must be high school graduates accepted for enrollment by an accredited college, and they must complete an approved college aptitude test. Women applicants must be single, but male applicants may be married.

More information may be obtained by writing to the Surgeon General, ATTN : MEDPT-MP, Dept of the Army, Washington, D. C. 20315.

Malaya, part of the Federation of Malaysia, produces a third of the world's supply of tin.

Dark Miffed Over Arms

By MIKE RATHET
Associated Press Sports Writer

If you see it Al Dark's way, the San Francisco Giants were beaten in the first game of their vital home stand by three arms.

Dark, whose Giants are trying to overhaul National League-leading Philadelphia, wasn't too happy about the job done by Jim O'Toole's left arm as the Cincinnati ace pitched the Reds to a four-hit, 1-0 victory Tuesday night.

But what made the San Francisco manager furious was the feeling that the Giants were really given the business by Vada Pinson's waving arms.

The situation that angered Dark arose in the eighth inning of a scoreless duel between O'Toole and Bob Bolin, who had limited the Reds to two hits when they suddenly parlayed a walk, a bunt single, an error and Pinson's arms into the game's only run.

With one out in the eighth, Chico Ruiz walked and reached second on Marty Keough's bunt single. Pinson then lofted a short fly to center, shortstop Jose Pagan brushing into center fielder Willie Mays as the ball dropped between them. That filled the bases and set the stage for the key play.

Frank Robinson hit a grounder to second baseman Hal Lanier, who flipped to Pagan for a force, but the Giants missed the double play when Pagan's relay to first pulled Orlando Cepeda off the bag. Ruiz entered the Reds' dugout after scoring as Dark came storming out of the Giants' dugout.

Dark protested that Pinson had interferred with Pagan's vision by waving his arms as he came into second base, but was overruled. He also was ejected.

The loss cost the Giants an opportunity to gain ground on the front-running Phillies, who maintained their five-game bulge despite a 4-3 loss in 16 innings to the Chicago Cubs.

Joey Amalfitano's two-run double won it for the Cubs in a 5-hour and 23-minute struggle which was the first to go past the 12:50 a.m. local time curfew since NL President Warren Giles lifted the time ban to allow all games to be played to a decision.

The St. Louis Cardinals, meanwhile, moved into fourth place as Ray Sadecki posted his 15th victory in a 5-2 triumph over Houston, Milwaukee's Denny Lemaster four-hit the Los Angeles Dodgers 3-1 and Joe Christopher slammed a homer, two tripies and a double in the New York Mets' 7-3 walloping of Pittsburgh.

American League-leading Baltimore defeated Boston 5-2, the Chicago White Sox edged the New York Yankees 4-3 in 10 innings, Minnesota whipped Washington 6-1, the Los Angeles Angels and Detroit swapped 1-0 shutouts in a twi-nighter and Kansas City thumped Cleveland 13-9 before the Indians took the nightcap 5-1.

Amalfitano put an end to the Cubs-Phillies' marathon with two out in the 16th when he doubled after Andre Rodgers singled and pinch hitter Dick Bertell walked. The Cubs needed both runs as Philadelphia catcher Clay Dalrymple, who had committed a costly two-base error earlier, homered in the bottom of the 16th.

Dalrymple's error came after Amalfitano had homered in the eighth for the first run off Dennis Bennett, who had allowed only four hits and held a 1-0 lead. Dalrymple fired wild on a high bouncer in front of the plate by Leo Burke, who then scored on a double by Ernie Banks.

The Phillies tied it in the ninth when Alex Johnson, running for Wes Covington, who had singled, stole second and scored on Tony Taylor's single.

Sadecki, 15-9, won his own game in the seventh inning when he tripled and scored the run that broke a 2-2 tie on Lou Brock's single. Sadecki then turned the pitching over to Barney Schultz, who held the Colts in check the rest of the way.

Lemaster, bringing his record to 13-8, got the only runs he needed when batterymate Ed Bailey singled home two in the sixth inning after the Braves loaded the bases on an error, Lee Maye's single and a walk. That tagged Don Drysdale, 13-13, with the loss.

Christopher carried the load for the Mets, driving in three runs and scoring two. Ron Hunt chipped in with three hits in support of Al Jackson, who was tagged for a homer by Gene Freese but extended New York's winning streak to three games.

QUALIFYING—Retha Pickering and Bernice Parker are shown after winding up qualifying rounds for the Ladies Invitational Golf Tournament scheduled at the Snyder Country Club for Aug. 25.

Sooners Favored In A Tough Race

By JIM VAN VALKENBURG
Associated Press Sports Writer

KANSAS CITY (AP) — Oklahoma is starting a new football era under Gomer Jones, but with almost the same players who won 16 games in the last two years. This is reason enough to give Oklahoma the edge in a hot four-team title race in the Big Eight.

Missouri, Kansas and Nebraska all have the talent, size and depth to win, but none matches Oklahoma in experience. Iowa State could finish third or fourth, but lacks the depth to go all the way. Oklahoma State gets the nod over Colorado and Kansas State for sixth.

The conference has never been so deep in top backfield men. It has prime All-America candidates like Gale Sayers of Kansas, Jim Grisham of Oklahoma, Tom Vaughn of Iowa State and Johnny Roland and Gary Lane of Missouri. And each of the top five clubs has an outstanding four-man unit.

Line talent is almost as impressive, with the likes of tackle Ralph Neely and guards Newt Burton and Ed McQuarters of Oklahoma, end Mike Shinn and tackle Brian Schweda of Kansas, and tackle Larry Kramer and end Tony Jeter of Nebraska.

Jones, formerly Bud Wilkinson's chief lieutenant, has 27 players who were on the 1962 championship team and on last year's squad which lost only to Nebraska and No. 1-ranked Texas.

Jones feels his defense must be improved and the deep secondary rebuilt. Quarterback is a problem that likely will be solved if Mike Ringer returns in top form. The Oklahoma line is one of the nation's best.

Dan Devine at Missouri will have a far better backfield with Roland's return after a year's absence and the addition of Charlie Brown, explosive sophomore.

Lane, the league's passing and total offense leader, won't have to throw as much this fall. Mizzou's backfield depth and talent is second to none.

The Kansas backfield is the equal of any Big Eight club with the fleet Sayers. But Jack Mitchell has defensive problems. Rookie linemen must come through for a Jayhawk title push.

Nebraska has the momentum of a 19-3 record the past two years under Bob Devaney. The young talent is reputedly the best in school history. Halfbacks Bob Hohn and Kent McCloughan and quarterback Fred Duda are top returnees.

Clay Stapleton calls his Iowa State team the best in seven years. Vaughn, a fine two-way man, was moved from fullback to tailback, making room for Mike Cox. Center John Berrington and tackles Norm Taylor and John Van Sicklen are solid.

Phil Cutchin at Oklahoma State will have a tougher defense. OSU's line isn't as good as Colorado's, but rates a slight edge over the K-State line. Colorado's Eddie Crowder must find some backs to escape the celler.

Doug Weaver's K-State club has plenty of experience but team speed is still a problem. The backfield is better, with Ron Barlow the power runner and Ed Danieley a key man at quarterback.

13 Athletes Get A Second Chance

Associated Press Sports Writer

NEW YORK (AP) — Thirteen athletes, including Jim Beatty, are getting an unprecedented second chance to make the Olympic track and field team.

The athletes, including seven track men and six field event specialists, were passed into the final Olympic trials, to be held Sept. 12-13 in Los Angeles by a board composed of five members of the Olympic Track and Field Committee Tuesday.

This is the first time it has been possible for athletes to have a second chance to make the team after failing to qualify in the tryouts. The Olympic committee allowed appeals by those who felt their showing in the New York trials should not be considered a true test of their capabilities. Others were injured and didn't compete in New York.

A total of 48 athletes made written appeals, although a complete list was not disclosed.

Beatty, of Los Angeles, was the most prominent of the athletes advanced. The former world record holder for the indoor mile, withdrew from the 5,000-meter race in the New York trials with a leg cramp, and has had a relatively poor outdoor season.

It was felt, however, that his 8:38 clocking in the two-miles earlier this year was an indication that he hasn't passed his peak.

Other athletes passed into the Los Angeles trials were Cliff Cushman, Air Force colonel and 1960 silver medalist at Rome, in the 400 meter hurdles; Bernie Rivers, New Mexico U. sophomore, 200 meters; Dave Archibald, San Diego, 400 meters; Ron Larrieu, Los Angeles and Dick Macy, Houston, 10,000 meters; Pat Traynor, Philadelphia, 3,000-meter steeplechase; Bob Humphreys, Pasadena, discus throw; Bill Floercke, Kansas, and Les Tipton, Oregon, javelin throw; Jim Pride, Iowa, hammer throw; and Ken Florcke, Kansas, and Norm Tate, North Carolina College, triple jump.

14-Year-Old Ranks High

HUTCHINSON, Kan. (AP) — Petite, refreshing Marsha Houghton, the youngest player in the U.S. Women's Amateur Golf Tournament, seems not the least surprised at being ranked high in today's first round of play.

"I'm impressed by all these big names," said the 14-year-old Modesto, Calif., school girl after posting rounds of 77-77—154 in the 36-hole qualifying.

She was three strokes off the pace set by JoAnne Gunderson of Seattle, Barbara McIntire of Colorado Springs and Polly Riley of Fort Worth, who shared medalist honors at 151.

Miss Gunderson and Miss McIntire, both former winners, posted second rounds of 74 — one over par for the Prairie Dunes Country Club course — while Miss Riley, finalist in this event in 1953, turned in a 75.

Says Belinsky Will Refuse Option

LOS ANGELES (AP) — Bo Belinsky will refuse to be optioned to Hawaii of the Pacific Coast League, his attorney says.

Belinsky, suspended from his job as a lefthanded pitcher for the Los Angeles Angels, has 72 hours to report to Hawaii or face another suspension, the club said today.

Belinsky was originally placed on suspension after an altercation with sportswriter Braven Dyer.

Ladies Set For Tourney On Aug. 25

Qualifying is underway for the Ladies Invitational Golf Tournament to be held Tuesday, Aug. 25, at the Snyder Country Club.

Several out-of-town women golfers have indicated that they will compete in the tournament here.

Entry fee for the tournament is $3, which includes doughnuts and coffee in the morning and a buffet luncheon at noon.

Tournament play will get underway with a "shotgun" start at 9 a.m. next Tuesday.

NTSU Star Has Share Of Medal Honors

SASKATOON (AP) — Ron Folk, of Saskatoon, a star of the North Texas State University golf team, fired a three-under-par 67 Tuesday and tied for medalist honors in the qualifying play of the Canadian Amateur Golf championship.

Folk, with 74-67—141, shared the No. 1 role with Ed Ross of Saskatoon. Ross had 71-70—141 for two days of play over the par 70, 6,528-yard Saskatoon Riverside course.

George (Bunky) Henry of Valdosta, Ga., was third with 71-71—142 among the field of 107. Sixty-four qualified for the match play starting Wednesday. The tournament ends Saturday with a 36-hole final.

Gusts that approached 50 miles an hour ballooned many of the scores.

Folk, accustomed to playing in strong winds in Texas, never was over par Tuesday as he carded 34-33.

Henry staggered through the front nine in 38 but conquered the mammoth 519-yard eighth hole with an eagle three. He came back in 33.

Track Event Set Thursday

Members of the Snyder Track Club who have been working here all summer will be featured in an exhibition Thursday evening at Tiger Stadium.

All of the local tracksters have been invited to participate. They have been asked to report Thursday morning for lane assignments. First event in the exhibition will get underway at 6 p.m. Ribbons will be awarded in all events.

Parents and other track fans have been invited to witness the exhibition, said Guy Sullivan, coach of the group.

Quarterbackers Pick Slate, Hear Report On '64 Tigers

Quarterback Club officers were elected and the first report of the season on the 1964 Snyder Tigers was heard last night as the Quarterbackers launched their season in the high school cafeteria.

Jim Kincaid was elected president of the Quarterback Club, succeeding Ed Schulz. Other officers are Tommy McMahan, vice president; Roy Meador, secretary, and Arel Faver, treasurer.

Coach Horrace Bostick gave the group a brief rundown on the Tiger team as it appeared after four drill sessions. The Tigers are working twice a day until school starts.

Bostick said a total of 70 boys had reported, including 39 prospects for the varsity team.

'Over-all it probably is the biggest team we have had in several years," Bostick said.

The team also is fairly well off in experience, with seasoned performers available at most positions. There is a lack of depth at quarterback, and only one of three aspirants for that position has any varisty playing time. Richard Waters saw brief service last year, but worked most of the season with the B team. J. N. Wall, up from the B team, and David Cadena, only sophomore on the A squad, are the other quarterbacks. Bostick expressed hope that all three would develop into first class performers.

There are 26 seniors on the squad along with 12 juniors and the lone sophomore.

"We have some boys who did not play last year," Bostick reported. "They are going to have to work hard for about a month and a half, but we have several who are capable of battling for positions on the team if they are willing to pay the price of a few weeks of hard work. I hope they don't become discouraged, because we want every one of them to stay on the squad."

Bostick said he saw a possibility of battles week-by-week for starting assignments at several positions if the boys develop uniformly.

The Tigers have a practice scrimmage session slated with Odessa Ector here next Tuesday evening.

The other scrimmage will be in Midland Sept. 4. The team is allowed only two scrimmage sessions.

FOR BARRY, LBJ

Debate Question Settled By Bill

By JACK BELL

WASHINGTON (AP) — Senate Democrats have relieved President Johnson of the burden of deciding whether to debate Sen. Barry Goldwater in a radio-television campaign confrontation.

They locked horns with Republicans over the issue of who is chicken.

By a 44-41 vote the Senate tabled Tuesday night — and thus killed — legislation to suspend equal time provisions of the Communications Act.

The measure was similar to the one which paved the way for Kennedy-Nixon debates in 1960.

Twelve Democrats joined 29 Republicans in opposing the tabling. All the 44 votes to kill were cast by Democrats.

Sen. Norris Cotton, R-N.H., charged that it was "very evident some influence has been ordered from higher up to junk this bill because of the exigencis of this campaign."

Sen. John O. Pastore, D-R.I., the keynote speaker for the Democratic National Convention opening Monday, voted against tabling the compromise measure which he had supported.

Pastore said Goldwater had once declared on a television program the president of the United States should not be placed in the position of debating an opponent.

The rejected bill would have suspended for 60 days the requirement that if a network offered free time to any presidential candidate, it would have to give equal time to all, including those of perhaps a dozen minor parties.

Although nobody concerned would say publicly that Johnson wanted the bill killed, the action came after Democratic legislative leaders had conferred with him at the White House.

To Head Barry's Texas Campaign

DALLAS (AP)—State Republican Chairman Peter O'Donnell of Dallas will direct the Goldwater-for-president drive in Texas with Tad Smith of El Paso, a former state chairman, serving as a top lieutenant, Republican leaders said Tuesday.

These leaders noted that Sen. Barry Goldwater does not want special campaign organizations set up to boost him for the White House. Instead, he prefers that state executive committees and their chairmen direct his campaign activities in each state.

Rockefeller's Wife Seeks Custody Of Her Children

WHITE PLAINS, N.Y. (AP) — Gov. Nelson A. Rockefeller's wife, Margaretta, has filed suit to gain custody of her four children by a previous marriage.

Her divorced husband, Dr. James S. Murphy of New York City, has asked that the suit be dismissed, and that the couple's 4-year-old daughter, Melinda, be returned to him.

The legal papers, on file in State Supreme Court in this Westchester County seat, are the basis for a hearing scheduled today. It was considered likely that only the attorneys would appear and that the hearing would be in the judge's chambers.

The children, besides Melinda, are James B. 13, Margaretta, 11, and Carol, 8.

Attorneys for both parties have declined to detail what custody arrangements have prevailed since the Murphy's divorce in Idaho in April 1963. The divorce papers were sealed by the court.

Rockefeller and Happy Murphy were married the next month.

Last May 30, Mrs. Rockefeller gave birth to a son, Nelson A. Jr.

Murphy married Victoria Thompson last June 10. He is reported to be on a vacation in Maine.

When Mrs. Murphy and the governor were married in May 1963, her lawyer said that under the separation agreement with Murphy the children were to receive "the continued benefit of the companionship, guidance and affection of both their parents."

More than 5,000 industrial firms in the United States are directly involved in the nation's efforts to put men on the moon.

Paper Says Ruby Testifies Slaying Was His Own Idea

NEW YORK (AP) — Jack Ruby, in purported secret testimony given to the Warren Commission, said it was strictly his own idea to kill Lee Harvey Oswald, accused assassin of President Kennedy.

In a copyrighted story Tuesday by Journal-American columnist Dorothy Kilgallen, Ruby is quoted as having told Warren June 7:

"I was never malicious toward this person. No one else requested me to do anything. I never spoke to anyone about attempting to do anything. No subversive organization gave me any idea. No underworld persons made any effort to contact me. It all happened that Sunday morning."

The Dallas Times-Herald also published an article Tuesday that it said quoted the testimony. Some of the quotes were the same as those in the Journal-American.

The report of the commission, headed by U.S. Chief Justice Earl Warren, is expected to be published in mid-September.

In a Washington dispatch today, the New York Times reported commission officials have expressed distress concerning the Journal-American article which, on superficial examination, appeared to contain verbatim secret testimony.

The officials were not identified by the Times.

Ruby shot and killed Oswald in the basement of Dallas Police Headquarters last Nov. 24, two days after Kennedy was assassinated.

It became known less than a month later that the FBI, and state and city police had concluded that Oswald acted alone and that Ruby had no connection with the plan to assassinate Kennedy.

Miss Kilgallen said she obtained the actual transcript of Warren's interview with Ruby "from sources close to the Warren Commission in Washington." The article was the first of three scheduled articles.

Ruby did not testify during his murder trial and his attorney, Melvin Belli, tried to prove him insane at the time the murder was committed.

The Journal-American quotes Ruby as telling Warren:

"Mr. Belli evidently did not go into my case thoroughly circumstantially. If he had gone into it, he wouldn't have tried to vindicate me on an insanity plea to relieve me of all responsibility, because circumstantially everything looks so bad for me. It can happen — it happens to many people who happen to be in the wrong place at the right time."
