Hermleigh Has Good Growth In Past Year

Advice from Hermleigh brings the good news that they are steadily moving toward the goal of promoting their booster little city.

Hermleigh proudly proclaims to the world the starting of a new \$15,000 water system, something they have been years in starting; a new ladies ready-to-wear store and general dry goods store being added, a general feed store, together with the organization of a Parent-Teachers' Association, a live newspaper and a chamber of commerce that is affiliated with the West Texas Chamber of Commerce, a one variety Cotton Club, and they were the first in Scurry County to start this remarkable improvement, with a general spirit that prevails that means the further upbuilding of a town that has stood still for a long time, but which, like any other town on earth, must be resurrected every so often to maintain an even progressive method of going forward.

According to the Herald, thirty-five men have paid memberships into their newly organized chamber of commerce, among whom are a number of farmers who have paid their memberships the same as any business man.

The Times-Signal enjoys this onward march of Hermleigh, and hopes the efforts of their citizenship can keep them moving forward in ever direction. Snyder carries no animosity against Hermleigh such as some folks would like to think that way.

MRS. DARBY FOR DISTRICT CLERK

In the proper column of this issue will be found the announcement of Mrs. Louise Ellis Darby of this city as a candidate for the office of district clerk, subject to the action of the Democratic primary.
 Mrs. Darby has resided in Snyder and other places in Scurry County since 1902, her father, the Rev. J. H. Ellis, being one of the pioneer preachers of the county. Mrs. Darby is a graduate of the Snyder High School, has always claimed Snyder as her home, and at present she and her small son are residing with her mother, Mrs. J. H. Ellis, in West Snyder.
 For the past year Mrs. Darby has been especially fitting herself for this sort of clerical work, and is eminently qualified for the office to which she aspires. Besides having had considerable experience in abstract matters and other legal matters, she is at present employed as first deputy clerk under Mrs. Mabel Y. German, and her work in this capacity fully attests her ability to discharge the work that appertains to the office of district clerk.
 These qualifications, as have already been set forth, along with her wide acquaintance in Scurry County, peculiarly fit her for this very important office, and will no doubt be a strong contender for the place, as she says she fully expects to meet all the voters of the county and solicit their support.

ZACK EVANS FOR WEAVER

Zack Evans of this city authorizes the Times-Signal to announce in this issue his name as a candidate for public weaver of this, the Snyder precinct, subject to the July Primary.
 Mr. Evans is one of the county's old-timers, having been a resident of Scurry County for the past 24 years, and is well known by practically all of the older residents of the county.
 The office of public weaver is one with which Mr. Evans is thoroughly conversant, he having served the people of this precinct in that capacity for two terms, 1914-1918, and he declares that he is willing to have the voters of this precinct investigate his past record as a weaver and as a loyal citizen.
 For some time Mr. Evans has filled the position as building superintendent at the court house, and he says his efficiency in this capacity will be attested to by the court house office holders and employees who are in a position to know of the services he has rendered.

J. A. WOODFIN FOR CITY MARSHAL

The Times-Signal is authorized to announce J. A. Woodfin as a candidate for re-election to the office of city marshal. Mr. Woodfin has served only one term as city marshal, and it is said that he has given as good service as any peace officer the city has had in many years.
 Although kind and cool-headed, Mr. Woodfin is firm and fearless, which are among the most essential requisites in the making of a good peace officer. He is always ready to listen to one's claims in a question of one's guilt, and it has been said that he will always treat a fellow right if he is given even half a chance to do so.
 Mr. Woodfin is popular both as a citizen and as a peace officer, and since he has served only one term, it is not likely that he will have any opposition.

FRANK BROWNFIELD FOR RE-ELECTION

"Yes, I'm going to run again, and so far as I'm concerned, I hope no one will run against me," remarked Sheriff Frank Brownfield to a Times-Signal reporter a few days ago. "And I want you to tell your readers so in the next issue of your paper," continued.

MRS. TINKER FOR RE-ELECTION

In the proper column in this issue will be found the name of Mrs. Edna R. Tinker as a candidate for re-election to the office of treasurer of Scurry County.
 Mrs. Tinker has served only one term as treasurer, and with a clean, clear record back of her, she feels that she is justly entitled to the office for another term.
 With two years experience in her favor she says that she feels even more competent than ever to perform the duties that come within the regular channels of the office or to take care of any other duties that may arise.
 So far as the Times-Signal's knowledge of Mrs. Tinker's work extends, she has given entire satisfaction; furthermore, it has not heard one word of criticism on the part of anyone. And, as she is asking for only the second term, she will probably have no opposition.

A. A. BULLOCK ANNOUNCES

The Times-Signal is authorized to announce A. A. Bullock as a candidate for re-election to the office of county school superintendent subject to the action of the Democratic primary.
 Inasmuch as Mr. Bullock has filled his present office in a manner that has merited universal endorsement, the Times-Signal feels that he needs no introduction to the voters of the county, but that on the other hand the people of the county are entitled to know some of the things that have been done, benefiting the rural schools of the county, during Mr. Bullock's term of office.

"After much deliberation and upon the solicitation of a number of school patrons from all parts of the county, I have decided to announce for the office I now hold," said Mr. Bullock to a Times-Signal reporter Monday. And Mr. Bullock is presenting his claims for re-election on the following record, which speaks for itself:
 All teachers' vouchers on cash basis.
 Seventeen new buildings and additions.
 Eighteen teachers added to faculty of rural schools.
 Five teachers' homes.
 Average term lengthened from 6 to 7 months.
 Permanent record on all children in rural schools, making entrance to affiliated schools easier, keeps children from being demoted.
 Rural score card brought schools up 50 per cent in equipment and efficiency.
 Rural School News, a paper full of school news for all the people free of charge to the schools.
 County School Fair, creating interest in industrial and vocational work in schools.
 Vocational agriculture and manual training and home economics introduced in rural schools.
 Parent Teacher Associations in a greater part of the schools.
 Spent most of time in the schools, visiting, advising, etc.
 Reduced one-teacher schools from 14 to 4.
 Reduced schools from 38 to 34.
 Wide-awake Teachers and Trustees Association meeting once a month with various schools.
 (Political Advertisement)

Mr. Brownfield, with one of his characteristic smiles, "for I am right in the race right now."
 All right, Frank, your name will appear in our regular column, and the Times-Signal is more than pleased to make your announcement for re-election to this very important office. In this age of so much crime, it seems highly important that the people should support men rather than issues for offices which require a strict enforcement of the law. The more experience an officer has in running down and bringing lawbreakers to justice, the better equipped he naturally would be to serve in such an important capacity. Mr. Brownfield has had considerable experience in the work incident to the office he now holds and to which he again aspires, and the people of Scurry County should be very careful and considerate before casting their votes for men for this very important and responsible position, and should vote for the man best equipped and qualified for the office.

MRS. MABEL GERMAN ANNOUNCES
 The Times-Signal is authorized to announce Mrs. Mabel Y. German for re-election to the office of county clerk, subject to the action of the Democratic primary.
 Mrs. German is serving her first term as county clerk, but her years of experience in clerical

work before entering the duties as clerk, had fully prepared her for her new work, which proved entirely satisfactory. It is, therefore, because of her service during her present term that she is asking the support of the voters of Scurry County for the second term as their county clerk. The Times-Signal is well pleased with Mrs. German's services as clerk of Scurry County, and feels that she will have no difficulty in being again elected to the office which she now holds.
 (Political Advertisement)

LEE GRANT FOR RE-ELECTION
 Lee Grant is announcing his issue his candidacy for re-election to the office of commissioner, Precinct No. 2, subject to the action of the Democratic primary July.
 "Little early to announce," Mr. Grant to a Times-Signal reporter, "but it will give me plenty of time to investigate, which I am not at all of, for I feel that I have a full duty to the very best ability."
 Mr. Grant is serving his first term as commissioner, and as the Times-Signal knows, he has made a good officer, as it is said that Scurry County in the past year has had one of the best commissioners in many years. The people have been spent in a judicial

work before entering the duties as clerk, had fully prepared her for her new work, which proved entirely satisfactory. It is, therefore, because of her service during her present term that she is asking the support of the voters of Scurry County for the second term as their county clerk. The Times-Signal is well pleased with Mrs. German's services as clerk of Scurry County, and feels that she will have no difficulty in being again elected to the office which she now holds.

Weather

Yes, weather is the main topic of conversation as we cross the border between two years—the old and the new—the year that did not leap and the one that does leap. We had not seen any ice since Tuesday, the 22nd. The weather had been mild with some three days of thick cloudiness and some rain. Then we had four days of south to southwest breeze. The Christmas period being covered by a high barometer, but by Tuesday afternoon, Dec. 27, the barometer had dropped to a comparatively low reading. Acting on this nudging V. P. gave out the warning that rough weather might be expected within 24 hours (the ordinary range of a barometric forecast), but the 24 hours passed without disturbance. Forty-eight hours passed and still no storm felt. This was Friday afternoon. The rest of the story is soon told. Saturday morning a reliable thermometer registered a minimum temperature of 14 which ranged upward to 34 during the day. Sunday the readings were 8 to 21. Monday was clear with temperatures ranging from 10 to 43. Tuesday morning the thermometer registered a minimum of 13 degrees, but the weather was clear and calm. Thus, we have just passed through the coldest spell that we have had for several winters.

Now, while dealing with weather conditions, please allow this scribble to offer a few suggestions. Of course people will say "never mind the weather," but, why not? We have to deal with it every day of our lives. It is one of the most important conditions with which we have to do. The fact that we do not, and cannot, know all about it is no reason why we shouldn't know something about it. Her signals are flung before our gaze every day. We hear people say "The storm broke without a minute of warning." This is not true. A disastrous storm never comes without ominous warnings. The trouble is, we do not read the warnings which a most beneficent providence is constantly furnishing. We cannot discuss signs here. It should be remembered, too, that "the weather mill" is a

tremendously machine and does not operate where alike at the same. Nevertheless, a good barometer the safest guide—always fang the surest warnings that family can have on hand. At every low barometer bringer or serious disturbance, area involved is some measure that a low reading will be off without bringing in out disturbance, but a wise mill always watch a low reading.

WARREN DODSON FOR RE-ELECTION

"I'm out for re-election to the office of prosecuting attorney for Scurry County," said Mr. Warren Dodson to a Times-Signal reporter Monday. "And I want you to make such an announcement in the Times-Signal this week," Mr. Dodson added after a moment's pause. "Just say whatever you think—I'm perfectly willing to let you and the other voters of the county to decide my case in the July primary." All right, here goes. The Times-Signal has found very little if any criticism with Mr. Dodson's official record. He seems to have been fearless, yet reasonable and equitable in his prosecutions, and willing to let the law and the juries decide in all matters of guilt or innocence. As a result, Mr. Dodson seems to have kept the confidence that was placed in him when he was elected by such an overwhelming majority at the election which declared him Scurry County's prosecuting attorney two years ago. He has prosecuted without fear or favor. A number of cases seem to have won favor for himself among all classes, and if public sentiment and popular favor count for anything, Mr. Dodson will not have any opposition for his second term.

TEXAS WINNER OF TURKEY SHOW PRIZES

All-Texas turkey exhibit sent to the first International Turkey Show, which was held at Chicago December 1 to 4, took more premiums than any other state exhibit and centered the attention of packers, commission men and hotel men on the fact that Texas turkeys excel in early maturity and equal those other states in quality. The Texas exhibit was sent to Chicago in an effort to create a greater demand in the eastern markets for Texas turkeys and the Lubbock Chamber of Commerce cooperated in financing the exhibit. Lubbock is the concentration point for all turkeys raised on the South Plains and approximately sixty car loads of dressed turkeys have been shipped from Lubbock this season to the markets of the east. Any effect that an exhibit might have on the demand for Turkeys will therefore be a direct benefit to hundreds of South Plains farmers who have found it profitable to raise the fowls. Increased interest in turkey raising has been registered year after year on the South Plains. The Texas exhibit contained 15 March hatched turkeys representing the standard breeds. The purpose of this state exhibit was to show to the North and East that Texas turkeys equal those grown in other states and they mature

earlier, making well-matured for the Christmas market. Many other states their birds an extra month.

SAUCE FOR GOOSE—SAUCE FOR GANDER
 Yes, Mr. Farmer, there are a number of business men right in Snyder that send out orders for their printing, and yet will romp on you farmers, for patronizing the mail order houses. It seems to the Times-Signal that a business man ought to set the great example of trading at home by putting this spirit of co-operation into effect.

Say, fellow editors, isn't it a "grand and glorious feeling" to have some fellow business man along about the first of the month present you a big bill on a statement printed by Sears, Roebuck & Company or by some other out-of-town printing concern? Fine, isn't it? And yet, that same business concern expects you to fight mail order houses and roast the farmers for sending their money to such concerns. Great world, isn't it, boys? The philosopher who once remarked that "Man is a funny little cuss," must have smoked

neighbor has three of them, while at the present time practically 90 per cent of hospital cases is going to Lubbock. According to the legal notice that appears in this issue, payment for the retirement of the bonds has been worked out on such a basis that there is not a taxpayer who would really realize the small amount that would be added to his tax check."

Following, State Press, in his own inimitable way, wrote: "Even in as healthy a county as Scurry somebody is always sick. And the modern manner is to take the sick, the wounded, to a hospital. Hospitals are equipped in the curative arts, and this means that the poor can have access to the most costly machinery of surgery as well as the latest discoveries in medicine. In older and less sympathetic times the poor were allowed to die in their flimsy houses, or by the roadside, or in some out-building of the manor house, with little done to save them or ameliorate their pain. The modern hospital remedies that. The hospitals, asylums, schools, refuges for the aged and all the kindred philanthropies of a social nature are in truth reactions to the gentler cult which the Man of Galilee established, and which his disciples propagated, two thousand years ago. The ancients were cruel, they were callous to the sufferings of their fellows. The medievalists were not much better, but what we call the modernists, by which we mean ourselves, certainly have softened our ways of moral responsibility. It has come to the point where we really dislike to hang a depraved murderer, so keen are our sympathies. If Scurry County shall elect a county hospital it will redound to the general good of that subdivision. It will afford skilled attention, adequate shelter, suitable food and general encouragement to the sick. And always, the less sickness the less poverty."

BORDEN COUNTY NEWS FROM GAIL
 This new year is look forward to with much hope. As hope springs eternal, we anticipate better things, and yet the forward look may not be without the shadow of fear, for it often has an undertone of fear as to how we shall get through. Most of the farmers around Gail are through picking cotton. The cotton crop was very small in this part, but most everyone made more than was expected. All the farmers made good feed crops, considering the drought of the summer. The school opened again Monday with a good attendance. Maurice and Kelvin Dorward, who are in school at Arlington, spent the holidays here with their parents. Misses Nora Sealy and Frances Jenkins visited home folks during the holidays. They left Sunday for San Marcos where they are attending school. Mr. and Mrs. Rob Ally are visiting in South Texas. Mr. and Mrs. Alvin Jackson spent the holidays visiting in Alpine. Rev. S. D. Wilkinson, pastor of the Baptist Church here, will preach each second Sunday and Sunday night. Rev. W. H. Harris, pastor of the Methodist Church, preaches every fourth Sunday. The quilt made by the Do Better club girls and W. M. S. for Buckner Orphans Home was sent to the home Christmas.

DERMOTT NEWS
 We have been having some zero weather the past ten days, and from the looks of things we will have some more. Luther Edmonson and family spent the holidays in Dermott with Mr. and Mrs. A. N. Edmonson. Mr. and Mrs. Henry Elkins have returned to their home in Crownpoint, N. M., after spending the holidays with the Elkins folks at the L. P. ranch. Miss Sherman Steel of this place and a Mr. Fletcher of near Snyder were married Tuesday, Dec. 20. This wedding was quite a surprise to everyone, but we wish them much happiness and success. We were very sorry to hear that Mrs. Jacobs was injured in a car accident in Snyder Monday, Dec. 26. She sustained painful injuries around the head, but it is thought they were not very serious. Mr. and Mrs. Johnny Browning spent the week-end in Snyder with Mr. and Mrs. Tom Huffman and family. Miss Evelyn Elkins and Mr. Johnny Browning were quietly married at the home of the bride on Christmas day, with Rev. Will Harris officiating. Only a few close relatives and friends were present. The bride is the daughter of Mr. and Mrs. Roy Elkins of this place, and the groom is the son of Mr. and Mrs. Harve Browning. Both bride and groom are well known in Dermott and have a host of friends who wish them a successful married life.

AUTO ACCIDENT
 Supt. C. Wedgworth happened to an accident Wednesday that cost him a pretty good disc wheel and a spare attached. During the day Wedgworth had a flat. He had the flat tire and wheel in the garage and some time during the night both wheel and casing ran off so far have not been seen or found from. The professor supposed his wheel and casing are going and perhaps at a terrific rate, as it came off a high-power tubebaker. If you see it coming you had better get out of its way, but if you should decide to capture it, Wedgworth might pay you a sizeable reward.

DUNN DOINGS

Happy New Year! Sorry to have been absent during the past three issues of our most excellent paper, but Christmas with all its attractions and the side issues have furnished us with the excuse.

Three Christmas trees at Dunn (one at each church), also one at China Grove! All were well attended and the showing was that of unusual prosperity as well as the evidence that the folks all love each other and that old Santa Claus loved us all.

Oscar Worthington and Miss Bernice Benton were quietly married at the home of Mrs. J. W. Ivy on Dec. 27, 1927.

A social at the home of Miss Johnnie Ivy was enjoyed by a large number of young people on Tuesday of Christmas week.

Grandma Taylor slipped and fell at her home Dec. 26, suffering a broken hand and other injuries thought at the time to be serious, but we are glad to report her much improved and anticipate an early recovery.

Much moving is in evidence due to the usual change of places at the "first." We are losing a few good church workers as well as good citizens from our community but trust they are being replaced by others.

Paschall Nail left for Abilene this week to enter Simmons University, declaring his purpose to be the fitting of himself for a more useful life.

Miss Helen Tucker is attending Draughon's Business College at Abilene.

James Welch is completing a nice residence near his store on main street. This makes five new residences and several repaired in Dunn for the year.

There have been over two thousand bales of cotton ginned up to date, and the "bollies" are rolling freely this week.

School opened Monday of this week, and everything is going good for the home stretch.

Register your car, pay your poll tax and renew your notes, and pay up your subscription. Going to have a splendid time this year with the political pot boiling, new railroads building, town lot and stock salesmen to mingle with and insurance agents of every nature.

"M" SYSTEM STORE PAINTS UP FOR 1928

The "M" System store operated by Mr. Lloyd Thompson has brightened up their exterior and interior with paint which adds a remarkable improvement to that part of the public square.

TOM CHANGES POSITIONS

Genial, good-natured Tom Evers, as popular a salesman as ever strode down a Snyder street, has resigned his position with the Snyder Drug Company and gone with J. C. Dawson.

COLDEST—9 ABOVE

The coldest temperature thus far this winter occurred Saturday and Sunday nights when the temperature registered 9 above zero, reports Weather Observer Wilsford.

SELLING LIKE HOT CAKES

Tickets for the annual Good Fellowship Banquet of the Scurry County Chamber of Commerce are selling like hot cakes. It looks now as if plates for more than 200 guests must be furnished.

Mrs. J. R. Taylor, mother of Mrs. J. W. Card, east of Snyder, died at her home near O'Donnell Saturday and was buried at Plainview cemetery near that place Sunday.

MRS. A. J. TOWLE HOSTESS AT LUNCHEON

At the table where Mrs. A. J. Towle entertained with a most elaborate three-course buffet luncheon Monday, the lovely combination of white, silver and crystal was the dominant note. The event opened the New Year's season of social festivities at which time cheer, beauty and uniqueness in plan and appointment abounded.

A miniature tree of crystal encircled by tall tapers of white in holders of the chosen hue graced the table which was laid in real lace and madiera and prettily combined with many varieties of fall chrysanthemums and carnations. Replicas of the flowers and candles were likewise used in charming decoration throughout the entertaining room.

The third course of the luncheon was a delicious English plum pudding around which burned a glowing alcohol flame. The dish of savory food replaced the table center, and each guest was asked to recognize the festive board and dine sufficiently in the good old-fashioned way.

The occasion was one of delight for Mesdames E. J. Anderson, C. H. Cooper, J. O. Dodson, A. D. Erwin, H. G. Towle, Dixie Smith, C. C. Higgins, Fritz R. Smith, W. SEVENTH DISTRICT PRESIDENT'S MESSAGE

For the first time I am privileged to bring to you the policies and plans for this administration of the Seventh District Texas Federation of Women's Clubs. Like all beginnings, the launching of our purposes has required much time and effort. Through the personal interest and help of every club member we hope to quicken and spread federation ideals into the remote corners of our great district. Let us set our goal high, even to touch the silvered clouds, else we have nothing to work to, and would necessarily become stagnant. Since history began, since Neolithic days women have striven to take the better way, beckoning humanity to follow them; striving and achieving much for civilization. Women's clubs are a recognized power in the affairs of our nation, a power keenly interesting and beneficial to all people. At times our viewpoints are especially interesting to some leaders of national and state government, because we are alert to recognize destructive propaganda which has for its purpose the disintegration or weakening of our government. We are a power to proclaim permanency of purpose by pursuing the even tenor of our way and offering the fruits of labor that are of good logic, good reason, common sense, with experience rich from a woman's heart and life that are in accord with the laws of God.

S. R. BRYAN DIES HERE TUESDAY

S. R. Bryan, one of Snyder's oldest and most substantial residents, died at 9:30 Tuesday morning, his death being due to pneumonia. Deceased was about seventy-five years old, and was one of the early settlers of West Texas. He was in good financial condition, owning several sections of good land in Fisher County. He leaves a wife and five children, one son having died three years ago from the effects of having been gassed while fighting in the great World War.

Mr. Bryan was an upright, honest Christian gentleman and leaves many friends to mourn his going. Funeral and burial services will be held at Hobbs either today or tomorrow, conducted by his former pastor, Rev. Leach.

WHAT A PREACHER DOES IN ONE WEEK IS PLENTY
Some people think that all a preacher has to do six days out of the week is to sit back in an easy chair and take life easy. That is a mistaken idea, but it would be hard to convince them that after the services on Sunday the preacher has anything else to do until next Sunday. We list below the old jobs handled by a minister of Snyder the past week, and after reading the list, anyone ought to readily see that his task is no "snap".

Visited and got data on three or four destitute families. Played Santa Claus at ten different programs and took part on another program. Married one couple. Conducted two funerals. Made two out of town trips.

ATTEMPTS SUICIDE
Jack Evans, defendant in the old Gee murder case which would have come up in the present term of court Thursday, is said to have taken strychnine about 6 o'clock this morning. Local physicians were summoned and after a thorough examination of his condition, decided that it was not serious.

ONE COUNTY BOOSTER SELLS \$570.50 WORTH OF BUTTER IN 1927

Mrs. E. C. Payne, Scurry County booster who lives near here during 1927, sold 1,141 pounds of butter to F. T. Wilhelm & Son, realizing \$570.50 on the sale, this in addition to milk that she sold and that used by her family. This amount of money came from three cows.

Mrs. Payne has built up an extensive trade with the wonderful butter that she makes, and the Times-Signal believes this is a record sale.

BEAR SEASON OVER
Last Saturday closed the wild bear killing season, and if you didn't get yours, you must wait until Nov. 16, 1928. The season closes also with the old year on deer, wild turkey, mourning doves, red fox squirrels and gray squirrels.

While the gunners are being shut off from hunting of these animals, the fisherman also comes in for some limitations. It will be unlawful to take rainbow trout after January 1 until June 1. The closed season on terrapin which began November 1, will not expire until February 29. The open season for flounder will begin January 1. Trappers have an open season until February 15.

Mitchell County had 26,027 bales ginned up to Thursday noon.

INADALE GINNER VISITS THE CAPITOL

H. E. Brock, who with a number of associates recently purchased the Granfins gin at Inadale, was a visitor in Snyder Monday. Mr. Brock told a Times-Signal reporter that he and his associates, all of whom are farmers, intend to overhaul and otherwise make a real gin out of their new purchase before another season rolls around. He stated, too, that Inadale had ginned to date about 1,100 bales this season.

When We Say It All Goes--It All Goes

Just a word about our Remodeling and Clearance Sale. Before starting remodeling and equipping the building with shelving in preparation for our new store, we want to clean out our present stock entirely, as we will not have space to care for same while remodeling, painting and building shelving for our permanent store. So in order that we may close out stock we are offering you seasonable merchandise at great saving prices. Note the prices. Be here opening day for first choice of the many bargains we have for you.

So anxious were we to come to Snyder, we moved \$20,000 worth of merchandise from our Abilene store into building now occupied by us, having no assurance of getting to stay more than sixty days, as we could not get a permanent lease on building at that time. Therefore, we did not install fixtures or shelving. But owing to the splendid business with which you have favored us during our 30 days business in your good city we are therefore glad to announce to the people of Snyder and surrounding territory that we have obtained a 10-year lease on the Perkins building, and we are glad to be numbered among your citizens. And if you continue your hearty co-operation, we assure you that we will build a business that you as well as ourselves will be proud of.
