Panel Chief Plans Move To Impeach Mack

WASHINGTON (AP)—The chairman of the House Committee investigating the FCC said today he will seek to impeach Commissioner Richard A. Mack, and that "certain senators" who intervened in a Miami television case are going to have to come before the committee.

Chairman Harris (D-Ark) made this pronouncement after G. T. Baker, winner in the TV case rocked by charges of influence, protested that it appeared Mack was to be crucified while others escaped.

Baker demanded that senators and others be investigated for what he called their improper activities in behalf of a rival applicant for the TV license.

Harris told Baker he was going to try to re-establish the confidence of the American people in the FCC.

"Just as soon as I can get to it, I am filing a resolution bringing about the impeachment of Mr. Mack," Harris said.

Harris said Baker's statement was so strong that it appeared certain senators are going to have to come before the committee.

Baker, president of National Air Lines and its television subsidiary, had made his demands in a lengthy statement read to the committee.

"You have made a very interesting statement, Mr. Baker," Harris said when Baker finished his statement.

"As a matter of fact it is like some other statements that we have received—very revealing. You have made a very strong statement, in fact."

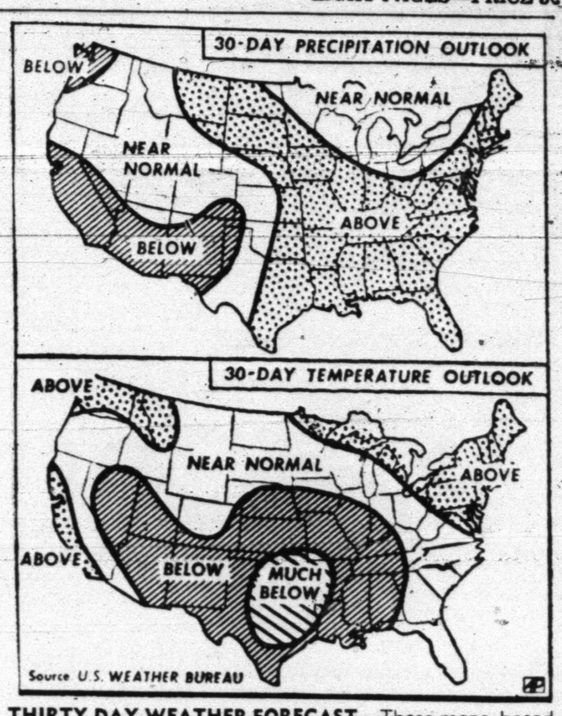

Harris went on that Baker's statement "confirms that something needs to be done...You have stated that you wanted action and you're going to get it."

Harris said he didn't see how anyone or any side in the Miami Channel fight could be proud of the gyrations that went on.

Harris said also that Baker's statement confirms Harris' comment of last week that Mack was to be pitied.

Mack has remained publicly silent since he told the House Investigators last Friday he would seriously consider demands that he resign. The demands came after several weeks of hearings on the role played by Mack in the Miami TV fight.

Baker spoke of Mack as being broken and asked what about others involved in the case.

THIRTY DAY WEATHER FORECAST—These maps, based on those supplied by the U.S. Weather Bureau, forecast probable precipitation and temperatures for the next 30 days. (AP Wirephoto Maps)

Soviet Envoy Has 'Useful' Talk With Ike

WASHINGTON (AP)—Soviet Ambassador Mikhail Menshikov met for 30 minutes today with President Eisenhower and reported afterward they had a very useful conversation.

Menshikov brushed aside questions about whether his call dealt with a summit conference.

Soviet sources said that Menshikov met with Eisenhower for the second time in three weeks to discuss the Kremlin's proposal for an East-West foreign ministers meeting in April.

The Soviet ambassador, who went to the White House alone, hinted that Eisenhower talked bluntly with him about Soviet problems with the West.

"I found the President looking healthy, and he's very cheerful," Menshikov said.

"He's frank and straightforward and openhearted — qualities we Russians like."

The White House stressed that the Soviet envoy asked for the appointment before the Kremlin sent a note Friday proposing a foreign ministers conference in April to pave the way for an East-West summit meeting.

Foreign Minister Andrei Gromyko handed to U.S. Ambassador Llewellyn Thompson in Moscow the proposal for a foreign ministers meeting to discuss the time, place, participants and agenda for a summit conference.

Eisenhower and Dulles reportedly decided the proposition was a move in the right direction but does not go far enough. It was found wanting in these respects:

1. It made no provision for a substantial discussion of the issues which might arise at a summit conference but only for deciding which of them should be placed on the agenda.

2. It emphasized Soviet proposals for banning nuclear weapons, suspending nuclear tests, signing an East-West nonaggression pact and similar steps almost to the exclusion of Western proposals.

Meanwhile, it was reported that the administration is preparing to review and possibly revise its policy which now opposes suspending tests of nuclear weapons unless the Soviet Union agrees to a related cutoff in the manufacture of such weapons.

Dulles is expected to give this task to a group of citizens, all former high government officials, whom he named last week as advisers on disarmament policy.

SPOT MUSE

THE CHAMBER OF Commerce board of directors is to hold its monthly meeting tonight, and at that meeting it will decide the 1958 program of work. The board will use suggestions gathered several weeks ago from the membership for the 1958 program. The meeting is set for 7:30 p.m. at the Manhattan Coffee Shop.

SEVERAL EARLYBIRDS have been seen driving around Snyder with 1958 Texas license plates on their cars. Those examples could serve as a reminder to others that long lines usually form near the deadline for securing license plates Long lines of another type can also be avoided by automobile owners who must also have their cars given a state safety inspection. Deadline for securing new license plates is March 31, and for the safety stickers in April 15.

Troublsome Youths In New Schools

NEW YORK (AP)—A first batch of troublesome teen-agers started work today in two new city schools geared to their special problems and needs.

The boys are from among 945 pupils recently suspended by the Board of Education in a crackdown on adolescent violence.

Classes began quietly and without incident as 18 youngsters, averaging 14 years of age, entered P.S. 701-Manhattan and 3 others were processed at P.S. 701-Brooklyn.

Altogether 81 boys have thus far been referred to the two schools from among those suspended. Pupils are to be added each day until eventually each of the schools will have about 100 students.

All-male teaching staffs have been assigned.

A Board of Education spokesman said that the fate of 811 suspended pupils is still to be determined at hearings. Forty-seven pupils have been discharged from any further education.

The pupils are to be kept within the school grounds until dismissal from class each afternoon. Free lunches and free transportation passes are being provided.

Ike May Disclose 'Understanding' Soon

WASHINGTON (AP)—White House press secretary James C. Hagerty said today he might have something to disclose soon about President Eisenhower's understanding with Vice President Nixon on presidential disability.

Eisenhower told his news conference last Wednesday that he and Nixon have a clear understanding of exactly what Nixon would do if a disability emergency arises. He kept details a secret. But various members of Congress have demanded they be made public.

Asked about continued requests that the agreement be revealed, Hagerty said he had no comment at this time.

DESRIBES SLAYING—Mrs. Patricia Ann Ledbetter, 18-year-old mother of two small girls and central figure in a child welfare probe which resulted in two killings, tells Odessa, Tex., police how ex-convict G. F. McMichael, 36, shot and killed a deputy sheriff. The sheriff was killed when he went to the couple's two-room apartment to investigate a complaint that one of Mrs. Ledbetter's children had been offered for sale. Mrs. Ledbetter denied that she was implicated in the attempted sale. McMichael was slain attempting to flee a house where he was hiding out. No charges have been filed against Mr. Ledbetter. (AP Wirephoto)

Scurry Citizens Denied Ballot On College Proposal

AUSTIN — Scurry County citizens today were denied the right to vote on a proposal to establish a junior college.

The State Borad of Education, meeting in its regular March session concluded that the proposal was "premature," following vigorous opposition by a group of oil operators in the county.

H. H. Allen, SACROC Unit Manager, who told the board that he represented a group comprising 60 per cent of the oil production in Scurry County, headed the opposition.

"The oil industry has passed its peak in Scurry County and it is questionable that enrollment will be sufficient for the support of the college," Allen told the state board.

Allen said he did not question that adequate tax monies were available in Scurry County, but there was a question in his mind whether the money would be spent efficiently."

In announcing the board's action Board Members Paul Greenwood, of Harlingen, who headed the committee which studied the application said the project was premature. However, Greenwood said if the group would broaden the the base and include more counties it might be feasible.

The oil producers opposed the proposal as premature and "not necessary at this time in the best interests of the state."

Arthur Blanchard, who spoke in behalf of the group submitting the proposal said the Citizens Committee of Scurry County felt that the junior college was needed.

Under statute, State Board of Education approval was needed before residents of Scurry County could vote directly on the question.

The decision came as a blow to hundreds who had worked on preparing the proposal, spokesmen for the Scurry County Citizens Committee said.

The proposal was advanced originally several years ago, then revived last summer when it became apparent that Scurry County scholastic population was approaching the minimum required by the statute.

The required petitions were prepared last December, and the state board's subcommittee went to Snyder in January to make its studies. The final decision was delayed at the request of major oil producers in the county.

The state board also was considering a junior college application from Galveston today, and that election was approved late this morning.

ACC Exes To Gather Here

A special get-together has been planned for tomorrow night by the Abilene Christian College Exes Club here to follow the ACC-Wayland College-NAIA basketball game here.

The gathering will be held in the high school cafeteria immediately following the game, at about 9:30 p.m., for members of the club, other exes, ACC students and others here for the game, and any other persons interested, according to Curtis Wise, head of the local club.

Wise said refreshments will be served at the gathering and asked women who are attending and desire to take cakes or cookies to leave them at the cafeteria between 7 and 8 p.m. if they are attending the game. There will be someone at the cafeteria to receive them, he said.

Pope Cancels Celebration

VATICAN CITY (AP)—Pope Pius XII in an unprecedented action today suspended the celebration of his coronation anniversary in "bitterness, sadness and outrage" over the conviction of a bishop on charges of defaming an Italian couple.

The celebration was to have been held on March 12, the 19th anniversary of his coronation as head of the Roman Catholic Church.

The dramatic action was the latest development in mounting resentment in Roman Catholic circles.

The Vatican's brief communique announcing the Pope's decision said he had received expressions of grief and sorrow from many parts of the world.

These expressed sorrow over a Florence court's verdict Saturday against the bishop of Prato, Pietro Fiordelli. He was convicted on a defamation charge brought by a Prato grocer who professed himself an atheist and a former Communist.

The Vatican newspaper L'Osservatore Romano declared that members of the court may have incurred automatic excommunication for their action against the bishop. The bishop himself forgave them.

Bishop Pietro Fiordelli of Prato had called the grocer, Mario Bellandi, and his wife public sinners because they married outside the church.

The couple sued the bishop for damages, and the court awarded them $672. The court also fined the bishop $64 but suspended it. Payment of the damages depends upon the outcome of an appeal.

The case has been taken up by Italy's Communist party as an election issue. The Communists and some others claims it demonstrates Vatican dominance in Italian affairs.

The bishop, who refused to appear in court, said in a letter to the court, that his action was within his churchly duty.

Bergman May Seek Divorce In Mexico

NEW YORK (AP)—Ingrid Bergman's attorney arrived today by plane from Rome. He refused to say whether the trip was for the purpose of filing divorce papers for the Swedish actress.

The lawyer, Ercole Graziadei, said he expected to go to Mexico City sometime next week, but he would not reveal the reasons for this trip.

"I have more than one client," he said. "It is offensive to think that I could have only one client that could justify a trip abroad."

Miss Bergman and Rossellini, who separated last November, were married by proxy in Mexico May 24, 1950. A month and a half ago they asked a Rome court to annual that marriage.

A Mexican divorce, which could be arranged without either Bergman or Rossellini going there, might be quicker than annulment. It would be as valid in Italy as their marriage had been.

Both, the Swedish actress and the Italian film producer have been described as anxious to end their marriage quickly.

Rossellini wants to get back to India to finish film work he started there a year ago. His name has been linked romantically with Indian script writer Sonali Das Gupta.

Miss Berman's name has been linked romantically with Swedish theater impressario Lars Schmidt.

The next Rome court hearing of the annulment suit is scheduled March 12, but a court aide said it might well be months, or even a year before there is a final decision.

Reds Reject Proposal For Return Of Quartet On Plane

PANMUNJOM, Korea (AP)—A six-hour Allied-Communist meeting on the possible return of two Germans and two Americans held in North Korea ended in a deadlock today over Red demands for negotiations between governments.

The Communists flatly rejected a U.N. Command proposal that the two American pilots and two West German passengers of the South Korean commercial airliner held in North Korea since Feb. 16 be handed over at once to U.S. and West German diplomatic representatives present at a meeting of secretaries of the Allied-Red truce commission.

The North Koreans demanded that arrangements first be worked out by meetings between officials of the United States, West Germany and North Korea, which would like to get recognition in any form from the Western powers.

After arguments lasting into the night, U.S. Navy Capt. George W. Kehl, the U.N. representative, told the Reds the Allied side "has no intention to arrange a political meeting between government representatives."

The session adjourned indefinitely.

The Communists also refused to treat with representatives of the South Korean Red Cross concerning the 30 Korean passengers on the plane.

Earlier the Reds' Pyongyang radio had said that North Korea was ready to return the pilots, the West Germans and any South Koreans who wanted to leave.

But today North Korean Col. Kim Choon Kyang told the commission that return of anyone wanting to go home "will be realized expeditiously" if the South Korean, U.S. and West German governments 'made a concrete response to the Red proposal.

U.S. Navy Capt. George W. Kehl, the U.N. Command's representative, finally replied that representatives of the West German and U.S. governments and the South Korean Red Cross would be on hand at a meeting tomorrow with specific information as to how and when the passengers might be returned.

After the airliner was seized the Communists had said any aboard wanting to go South could do so only after negotiations between the South and North Korean governments. The proposal was rejected. South Korea, like the United States, does not recognize North Korea.

Kehl accused the Communists today of holding the plane's occupants as "hostages for their political purposes."

$30,000 Worth Of Teeth Are Stolen

FORT WORTH (AP) — Burglars took $30,000 worth of teeth from Metcalf and Thomas Dental Supplies Co. Sunday.

They made off with an estimated 10,000 unmounted false teeth, mounted on cards according to size and color.

Manager Norman Franks said "The teeth are going to be awfully hard to get rid of. We're the only firm in Texas that handles them."

No Contests Due In City Election

Deadline for candidates to file in the city general election April 1, passed at midnight Saturday night without any new candidates announcing, K. O. Bitner, city secretary, said.

Deadline for filing as a candidate in any of the school elections in Scurry County is 5 o'clock Wednesday afternoon.

Candidates in the city election whose names will be placed on the ballot are: Harold Bennett, incumbent for mayor; Steve Birdwell, incumbent, for Place No. 2 on the city council; Stanley Noah, for place No. 4 on the council now held by Dr. Robert H. Hargrove who is not a candidate; and Rex Fields, for place No. 6 on the council now held by Worth Sayner, who is not a candidate.

Absentee balloting in the city election begins March 10, and ends three days prior to the election — March 28.

In the school board elections set for April 5 in the various school districts in the county there are seven candidates in the Ira race, six in the Fluvanna race, four in the Snyder race, and two in the Hermleigh election.

Candidates for the Ira school board are: M. E. Wilson, Clifton Thomas, Preston Morris, Floyd House, Johnny Weir, C. L. Jones, and C. M. (Corky) Kruse.

Candidates for the Fluvanna school board candidates are: Dee Pollard, Leo Beavers, incumbents, Bobbie Warren, Harry Kingston, Paul Turner, and Dean Ball.

Snyder school board candidates are: Dr. John F. Blum, J. L. (Broadway) Browning, Max West and J. W. Phillips.

At Hermleigh two incumbents are candidates for reelection. They are G. E. Chorn and O. C. Darden.

WEATHER

SNYDER TEMPERATURES: High Sunday, 48 degrees; low, 29 degrees; reading at 7:30 a.m. today, 33 degrees. High Saturday, 36 degrees; low, 29 degrees; reading at 7:30 a.m. Sunday, 33 degrees; precipitation .25.

North Central Texas—Considerable cloudiness through Tuesday, occasional rain Tuesday and in southwest tonight. No important temperature changes.

West Texas — Cloudy through Tuesday with occasional rain tonight and Tuesday, except for some higher elevations. No important temperature changes.

East Texas — Considerable cloudiness through Tuesday, occasional rain Tuesday and near the coast tonight. No important temperature changes.

South Central Texas—Considerable cloudiness through Tuesday with occasional rain. No important temperature changes.

Snow's Moisture Measures .25 Here

A surprise snowfall over the weekend produced .25 of an inch of moisture.

The Snow, which melted rapidly as temperatures edged upward early Sunday, piled up to a depth of as much as four inches Saturday night. However, temperatures were relatively mild, with a low of 29 degrees recorded over the weekend, and high readings of 36 degrees Saturday and 48 degrees Sunday.

Forecasts indicated that cool weather would prevail in West Texas for most of this week, with a chance for more moisture about mid-week.

By The Associated Press

Freezing weather nipped into the Panhandle, with Dalhart, Lubbock, Amarillo, Childress and Wichita Falls all reporting 32 or below Monday morning.

Snow dumped over much of West Texas Saturday night melted rapidly Sunday. Lubbock had as much as 5 inches.

Rain was blamed for highway accidents killing seven persons Saturday night.

The snow extended across a broad line from Alpine in Far West Texas eastward to Abilene, with the heaviest fall on the South Plains near Lubbock. Alpine and Lubbock both got two inches.

Rainfall reports for the 24 hours ending at 6:30 p.m. Sunday included Abilene .16 of an inch, Alpine .03, Austin .01, Brownsville .03, Corpus Christi .04, Dallas .02, Fort Worth .03, Lubbock .46, Midland .01, San Angelo .04, San Antonio .01, Lufkin .04, Beeville .01, Mineral Wells .05 and Childress .03.

The nation's weather showed little change Monday, with patches of light rain or rain snow in scattered areas and temperatures around normal levels.

Light snow or flurries continued from the Rockies across the north central states and through the Great Lakes region.

Rain which hit sections of Florida spread into parts of Virginia during the night. Showers sprinkled areas in Pennsylvania and snow flurries in the New England region changed to light rain in most areas. Rain was indicated near the coast from Virginia to Florida.

No severe cold was reported across the country; although readings dipped to near zero in some high mountain areas.

DEFINITE STARTING DATE UNKNOWN

Snyder School System Is At Least 75 Years Old

(Ed. note—This is Texas Education Week, which is being observed in the Snyder schools. This is the first in a series which will deal with history and improvements in the Snyder schools.)

Apparently no one can put his finger on a definite date as to when the Snyder schools actually got their start, but they are at least 75 years old.

It is believed by some that during the first settling of Snyder during the late 1870's, there was little in the way of schooling for children here.

In the early 1880's, however, even before organization of Scurry County, some type of schooling was underway, according to belief. There is record of some provision of schooling here at least 74 years ago, when a school fund had been set up for this county. The county was organized during that same year.

In 1885, the county commissioners court set up a special tax for the purpose of building a schoolhouse. As far as can be determined, that first schoolhouse, a small wooden building, stood at about the same location as that of the First Methodist Church now.

It was not long, however, before the school campus was located where the present junior high school now stands. The first high school was built as an L-shaped four-room wooden structure at that location in 1890. At about the same time summer normal schools for teachers were begun. In 1890, according to The Coming West, early day newspaper in Snyder: "Mr. E. A. Baugh, who has recently completed the scholastic census, reports that there are 186 children of scholastic age in this district. He also reports that the population of this district is 702, which no doubt will be increased to something near the 1,000 mark by the time school begins."

The district, at that time, was not nearly as large as it is now. It covered only five square miles of area.

The common school district lasted here until 1900, when it became an independent district. In June, 1900, a vote to levy a special tax of 25 cents on the $100 valuation to pay interest and create a sinking fund to pay the principal of $600 in bonds to be issued carried, with only one person voting against it.

Soon afterward the first brick school building was constructed on the central campus and the wooden building torn down. The new building housed all grades, including high school, and had external balconies, many gables, and a center steeple and belfry. It was of English style architecture and was a two-story affair. It stood just north of where the present junior high gymnasium is located.

Isam Peter Skinner, known as "a very brainy man with an excellent reputation as an instructor," apparently was the first superintendent here, followed by men named Cochran and Word and Virgil Tyler.

The first class to observe a for-

See SCHOOL Page Two

Bid Accepted By County

The county commissioners court this morning accepted the low bid of T. E. Shelburne & Son, Inc., of Snyder for revision of the filter system at the swimming pool in Towle Memorial Park.

The new filter equipment being installed can be operated at a saving of about $175 a month in comparison to the old one, M. C. Butler of the Lubbock architectural engineering firm of Butler & Kimmel, said.

Shelburne's bid was $14,942. Other bids were $15,900 by H. E. Taylor & Co., of Lubbock, $16,500 by Roundtree & Co. of Lubbock, $16,985 by BMFP Construction Co. of Lubbock, and $17,888 by Lubbock Plumbing Co.

SCHOOL

Continued From Page One

mal graduation was in 1894, while Tyler was superintendent. Reportedly the population of Snyder in those days was above average in culture, with the schools held at a high level, and Tyler was frequently speaker at "the institute" gathering and wrote cultural columns for the newspaper. B. W. Hudgins, superintendent in 1901, succeeded in getting the high school accredited with the state.

In May, 1895, The Coming West said, "We have good schools and churches in Snyder. The schools are under an able educator, assisted by two excellent teachers, which schools, altogether enrolled this year about 150 pupils."

The first brick building constructed in 1900 was followed in 1907 by two other school buildings, these ward schools of brick. One was located about three blocks north of the present location of the Santa Fe tracks on what is now Avenue M, the other about two blocks west of Avenue Z on what would have been Thirtieth Street.

Both those buildings housed elementary grades. Similar in construction, they had two floors, double archways on two corners and combination balcony - steeples on the front corners.

They lasted only about 15 years, however. Those two buildings were used for all classes during the 1921-22 school year while the central building was being torn down and another school building started.

The new school building was a T-shaped brick two - story structure which was to house all grades. The top of the T faced Twenty-sixth Street. When it was complete, all students were moved to it and the two ward buildings were abandoned, later torn down.

A portion of that building still stands, it being the southern portion of the present junior high building and what was once the high school portion of the central building. On March 10, 1938, fire destroyed the auditorium and connecting structure between the two wings and all the north wing of the building.

Students attended school in churches, the gymnasium, which was built in 1936 with labor of the Work Projects Administration, and the American Legion hall. That lasted for about one and one-half year while rebuilding was underway at the central campus, the new building being the one which now is the junior high.

All records of enrollment, grades, graduation classes, activities, and many other important items were destroyed with the building, furniture, and books.

C. Wedgeworth was school superintendent at the time. In the early 1940s, he was succeeded by E. L. Farr. M. E. Stanfield became superintendent in 1948, and after he resigned to become assitant superintendent Dr. Cecil Yarbrough came here as superintendent in 1952.

The first schoolhouse, first graduation class, first brick building, and the big school fire were all significant things in the the history of the Snyder schools.

But in the late 1940s, two events which were even more significant occurred. First came the mass consolidation. The Snyder school district, which had covered only a small area including Snyder and a small part of the land surrounding, had at one time been one of more than 30 school districts in the county. There had been two-room schoolhouses spotted throughout the county, and they usually had eight grades. A student who went on to high school would, after finishing one of those schools, go on to school at Snyder, Hermleigh, Fluvanna, Ira, Dunn, or another community near his home which had high school instruction.

That had been a regular practice, but a problem arose in that many students in all grades were transferring to the Snyder district, which was educating many more children than expected in facilities provided for a smaller district. There had already been some consolidation, and the district had 35 square miles. In 1948, Stanfield and the Snyder board worked with boards and parents of 10 other school districts and brought about a mass consolidation, taking all those districts into the Snyder school district. The new Snyder Independent Consolidated School District had a total area of 650 square miles.

Shortly afterward, in 1949, the oil boom hit here. School enrollment had been 962, and the teacher staff numbered 43, during the 1947-48 school year, and the enrollment was 1,258 in 1948-49. It more than doubled the next school year with 2,596. By the 1952-53 school year there were 3,104 students and 159 teachers. Tax valuation of the school district was $2.7 million in 1947-48 and this school year is $137 million.

Since the oil boom, practically every move the schools here have made have been significant in the school history, including the constant building program to keep up with enrollments and constant improvements in curriculum.

BIRTHS

Born during the weekend in Snyder Clinic-Hospital:

A seven-pound two-ounce daughter to Mr. and Mrs. Guy Turner, Box 778, Fluvanna, at 9:19 a.m. Friday.

A son, seven pounds, one and one-half ounces, to Mr. and Mrs. James Floyd, Box 337, at 9:40 a.m. Saturday.

A seven-pound, 14-ounce son at 5:30 a.m. Sunday to Mr. and Mrs. Rene Montez, Gen. Del.

Born in Cogdell Memorial Hospital:

A seven-pound, seven-ounce daughter to Mr. and Mrs. Billy Davis, 3802 Muriel Drive, at 11:38 a.m. Friday.

A daughter weighing six pounds, 14 ounces, to Mr. and Mrs. Garland Newman, Route 3, at 8:02 p.m. Sunday.

A seven-pound, seeven-ounce son at 12:19 a.m. Saturday to Mr. and Mrs. Burl B. Loving, 311 Thirty-third Street.

A daughter, five pounds, seven and one-fourth ounces, to Mr. and Mrs. William Machel, 3004 Forty-first Street, at 6:31 a.m. Sunday.

A son weighing nine pounds, six and one half ounces to Mr. and Mrs. Stanford Land, 304 Twenty-third Street, at 5:33 p.m. Saturday.

HOSPITAL NOTES

SNYDER HOSPITAL

ADMISSIONS — Olene Putts, Box 1092; Ruel Ryan, Hermleigh; Mrs. J. T. Thomas, 1705 Eighteenth Street; Mrs. Domina Montez, Gen. Del.; W. L. Gregory, 7011 Hemlock, Dallas; Lloyd Grant, 3307 Avenue N; Norma Leta Clayton, Route 1; Robert Barton,2803 Avenue N; Mrs. James Floyd, Box 337; Mrs. P. E. Harris, Roby highway.

DISMISSALS — George Patton, 607 Thirty-fourth Street; Raymond Kirkland, 207 Hickory; L. L. Beard 708 Twenty-eighth Street; J. T. Hughes, 3700 Austin; Larry Hooper, 303 Twenty-fourth Street; Jack Hooper, 303 Twenty-fourth Street; Nelda Steadman, Arah Route; Olene Butts, Box 1092; A. B. Sanders, 2511 Avenue Y; Mrs. Helen Curry, Box 1174.

COGDELL MEMORIAL

ADMISSIONS — L. M. Braley, 105 Thirty-fourth Street; Vera Loving, 311 Thirty-third Street; Allene Scott, 213 Thirty-fifth Street; Wanda Killian, Clairemont Route; Nettie Starnes, 2105 Twenty-sixth Street; Juanita Land, 304 Twenty-third Street; Bertie Machel, 3004 Forty-first; Lonita Eason, 607 Twenty-ninth Street; Barbara Newman, Route 3; Julia Williams, Route 2; Bill Smith, 1102 Edinburg Avenue, Denton; John Weber, 1913 Coleman; Ellis Reed, 1011 Twenty-eighth Street; Dora Morris, 1906 Twenty-ninth Street.

DISMISSALS — Brenda Townsend, Route 1; Dale Rhodes, Snyder; Lonita Eason, 607 Twenty-ninth Street; Patrick Shaw, Snyder; Nettie Starnes, 2105 Twenty-sixth Street; Wanda Killian, Clairemont Route; Buddy Williams, Sulvester; Barbara Bigham, Hermleigh; Fred Finley, 2316 Forty-second Street; Joe Stroud, Route 3; Mrs. Harry Scott, Snyder.

Photography Course Ends

An eight-day school for professional photographers and studio employes was completed during the weekend at Wolfe Studio & Camera Shop here.

The courses were in freehand and machine retouching, light oil coloring, and lighting, posing, and business methods.

Instructors were Homer English of Troy, Ohio, and Mr. and Mrs. Chuck Wolfe, owners of the studio. Wolfe said another school will be scheduled next year. He added that this is the only school conducted by professionals for professionals in photography south of Topeka, Kan.

Those enrolled included Dempsey Northcutt of Lubbock, Mr. and Mrs. Fred Hillman of Boerne, Mrs. Marilyn Martin of Wingate, Mr. and Mrs. Robert Nymyer of Carlsbad, N.M., Mrs. Evelyn Shipman of Denver, City, Arthur Koog of Del Rio, Mrs. Ethel Lambrith of Carlsbad, N.M., and Shirley Price, Mrs. Gene Whitley, and Mrs. R. C. Patton, all of Snyder.

Car Saved From Storm Kills Man

SHAWNEE, Okla. (AP)—Last September a tornado ripped across the Amos Batt farm destroying almost everything except an old model auto.

Batt, father of 11 children, was working on the car Saturday.

SNYDER THEATRES PRESENT TODAY:

PALACE—"THE DEEP SIX"
Adventure Drama In Technicolor
Starring Alan Ladd
STARLITE—"MY MAN GODFREY"
In Cinemascope & Technicolor
With June Allyson - David Niven
SECOND FEATURE
"STAGE COACH TO FURY"
Western With Forrest Tucker

Any user will tell you...

...Golden Esso Extra will improve the performance of your car

People who are particular about the performance of their cars use Golden Esso Extra gasoline.

Any of them will tell you: Golden Esso Extra *improves performance.*

Of course it does!

Golden Esso Extra leads all other gasolines in quality.

It has highest octane rating. It develops maximum power. It gives quickest starting and warm-up. And according to users, it improves gasoline mileage.

It's a better gasoline than "premium," a better gasoline than "super-premium." By every standard, Golden Esso Extra gives you more performance value for your money.

Use this superb gasoline in your car. Fill up under your neighbor's Humble sign.

HUMBLE

THREE FAMOUS GASOLINES:
Golden Esso Extra, *world's finest gasoline;* **Esso Extra,** *No. 1 "premium" in Texas;* **Humble Motor Fuel,** *second to none among the "regulars."*

World's finest gasoline!

Golden Esso Extra

HUMBLE OIL & REFINING CO.

LENTEN MENUS will be used so much of the time from now until Easter. For the many times that fish is featured on your meatless menus, this Splendor Sauce will help homemakers achieve variety in family meals.

WOMEN'S CALENDAR

MONDAY

The High School Parent-Teachers Association will meet at 7:30 p.m. in the school cafeteria.

The Eastern Star Study Club will meet at 7:30 p.m. in the home of Mrs. Margaret Wood, 3758 Dalton Drive.

TUESDAY

Womens Circles of the First Presbyterian Church will meet at 9 a.m. and 7:30 p.m.

Beta Sigma Phi will meet at 7 p.m. at the Martha Ann Woman's Club. A benefit bridge, canasta and 42 will be held for the public starting at 7:30 p.m.

Women's Culture Club will meet at 3 p.m. at the Martha Ann Clubhouse with Mrs. A. C. Martin, hostess.

Art Guild will meet at 7:30 p.m. at Martha Ann Club with Mrs. Ivan Gatlin, hostess.

Iota Psi Chapter of ESA meets with Mrs. Avanell Corbell, 2303 Forty-first Street at 7:30 p.m.

The Hermleigh Home Demonstration Club meets with Mrs. Annie Patterson, 321 Twenty-ninth Street at 2 p.m.

Snyder Beauticians Association will meet at Donnies Beauty Salon at 7:30 p.m.

W. W. Circle meets with Mrs. Marie Kruse, 2201 Forty-first Street at 7 p.m.

The Scottish Rite Audiliary meets at 7:30 p.m. in the home of Mrs. R. P. Ware, 3403 Fortieth Street. Mrs. Fred Cullum, hostess

WEDNESDAY

Helen Clemmer Circle of the Trinity Methodist Church will meet at 9:30 a.m. with Maydell Schaeffer, Clairemont Road.

Rebecca Circle of Trintiy Methodist Church will meet at 9:30 a.m. with Shirley Eaten, 402 Twenty-ninth Street.

Cosmorama Club will meet at the Martha Ann Clubhouse at 3:45 p.m. with Mrs. John Boren hostess.

Acacia Study Club meets at 3:45 p.m. at the Martha Ann Club with Miss Nancy McCelland, hostess.

A committee meeting will be held at the First Christian Church at 8:15 p.m.

Rebecca Circle of the First Baptist Church meets at 4 p.m. with Mrs. J. M. Long, 2304 Forty-second Street for their monthly social and business meeting.

THURSDAY

Snyder Book Review Club will meet at 3 p.m. at the Martha Ann Clubhouse to hear "Green Willos" by B. J. Chute, Guest reviewer, Mrs. Billie Bryant of Lubbock.

Suburban Study Club meets with Mrs. W. M. Peacock as hostess.

St. Elizabeth's Altar Society will meet at the church at 7:30 p.m.

City County P-TA meeting will be held at 1:30 p.m. in the administration building.

FIRDAY

Altrurian Club will meet at 3 p.m. at the Martha Ann Clubhouse with Mrs. C. T. McLaughlin, hostess.

Leather Bags And Belts Echo Fashion's Slim Shape

This spring's collection of handbags and belts proves that the slim shape of fashion doesn't stop at the chemise.

Influenced by the soft, easy lines of ready-to-wear, these two important accessories turn up in new versions designed to complement the slim silhouette.

Rich, smooth leathers are featured in the favorite envelope hand bags, pouches, satchels and bos-styles — but all have been trimmed to a new slenderness without sacrificing roominess. This is accomplished with flat outside patch pockets, deep center pockets, and with cleverly cut and folded bases that allow for expansion.

Some of the newest shapes include the large, wafer-thin square, the round-top satchel with trapunto detailing, the low-slung tunnel style that goes off in a horizonal direction, and the larger clutch — the foldover or handleless design.

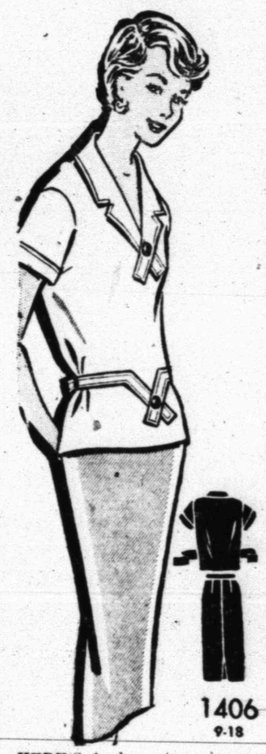

Since detailings and trimmings are more simple, leather colors enter the picture stronger than ever. Along with the important hot hued leathers — and of course, black, brown and navy — comes a new bone-colored leather which is highlighted as this spring's neutral.

Bags also are billed as a double feature with matching leather belts that follow the straight and narrow are softly contoured. One arresting duo is fashioned of multicolored pastel leather, styled in a patchwork quilt pattern. Another features lime green leather is a slim, flat handbag with a crushed effect at the top closing, and a matching straight belt caught with a spray of fruit at one side.

With the drooping of waistlines, belts have shifted to a position of new prominence. There will be occasion enough to wear them where nature intended. But with the loose-fitting styles, their place in fashion is around the top of the hips — loosely fastened.

As a result of this attention, belts have gone giddy. Typifying the trend are the new leather belts which encompass flower-garden colors and feature such novelties as beaded poodles, foreign-looking coins, charms, quotations sheels and fake out fashionable jewels. Suedes also appear in all the bright new colors, and like the classic cowhides and smooth leathers, are shown this spring with a neater narrowness and often accented with novel fastenings.

The New Chemise Dress

HERE'S A clever two piece version of fashion's favorite, the youthful chemise dress. Note the pretty detail, the ease of sewing.

No. 1406 with PHOTO-GUIDE is in sizes 9, 11, 12, 13, 14, 16, 18. Size 11, 31½ bust, blouse, 2¾ yards of 35-inch; skirt 2 yards.

Send 35c in coins for this patern to IRIS LANE, (care of Snyder Daily News), Box 438, Midtown Station, New York 18, N. Y.

When you are preparing candied orange peel, cover the large pieces of peel with cold water, and simmer until tender — 30 to 45 minute Drain and use a scissors to cut the orange peel into narrow strips before cooking it in a sugar syrup for about 20 minutes. Let the strips of peel stand in the syrup overnight before draining on a rack and then rolling sugar.

Exquisite Embroidery!

Trim linens or wearables with these lovely flower baskets worked in simple embroidery stitches and blending colors. No. 359-N has hot-iron transfer for 8 motifs of various sizes; color chart; stitch illustrations.

Send 25c in coins for this pattern to MARTHA MADISON, (care of this newspaper), Box 438, Midtown Station, New York 18, N. Y.

Sack Dress Gets Starlet Movie Roll

By JAMES BACON

HOLLYWOOD (AP) — Paris' new fashion look — the sack and the trapeze — found a champion today in the last persons one would expect — an amply-endowed starlet.

So far Hollywood, where bosom is queen, has not adopted the look that tries to hide the fact that girls are girls. But Blonde Juli Reding is all for it.

"I came to Hollywood two years ago from Branson, Mo.," she declares, "and all I have done since is take drama lessons and pose for cheesecake photos. I couldn't get a part in a movie until the House of Dior made sack dresses."

Judi is quite a dish. She has legs like Betty Grable and a bosom line like Jayne Mansfield. She's pretty too.

"Every time I went on an interview at a studio, I always got the same answer: 'Honey, this is a serious role, not a comedy, not a comedy. You're just too much for the part.'"

She speaks the truth. Movie producers look upon the volptuous girls only as comediennes, especially if they're blondes. Academy records show that a girl with a 40-inch bosom or larger has never ever been nominated for an Oscar.

"I'm not a comedy type girl," Juli moans. "I study serious dramatics."

So far she has helped pay for her lessons with walk-on bits on the George Gobel and Steve Allen TV shows.

"All I have to do is walk across a stage in a brief costume while the comic ogles me. I get more laughs than he. It's horrible."

Juli wore a sack dress a few months ago.

"My agent called me in a restaurant and told me to be at Columbia Studios in 15 minutes to read for a party in 'Cowboy' starring Glenn Ford and Jack Lemmon. They wanted sexy-looking party girls for a brawl scene in a Chicago hotel. I didn't have time to change into a revealing dress so I wore my sack."

It was about her 50th movie interview — all without much success — but the casting director took one look at her and said: 'Honey, the part's yours.'"

Since then her sack dress has gotten her roles in such pictures as "The Helen Morgan Story," "Darby's Rangers" and "The Deep Six."

If a suit or dress needs alteration when you buy it, have the changes made at once. Many women wear a dress that's too long through the waist or too wide through the shoulders in order to save money. This is a poor way to save since the total effect of th dress is ruined.

A New Quick Recipe, And Ladies It's Low On Calories

Many Splendored Sauce is a jiffy recipe which is also described as a "no-lump" sauce because of the procedure developed by home economists with instant nonfat dry milk. This eliminates the necessity of making a roux, the combination of flour and butter for thickening of sauce.

Today's recipe features a basic sauce with four variations—cucumber-onion, dill, chive and capers-pimiento. Any one of the four will add extra zest to fish.

And a basic item for the family pantry shelf is versatile instant nonfat dry milk. Use it as you use milk—for drinking, cooking, baking and whipping. It mixes immediately, even in ice water, or it can be used in many recipes in the powder form.

Instant nonfat dry milk, which is top-quality pasteurized milk with only the fat and water removed, is known as "the heart of milk" for it is an important source of milk's vital nutrients—protein, calcium and riboflavin. It also is most economical. The family-size package makes 12 quarts of nonfat milk for as little as eight cents a quart.

MANY SPLENDORED SAUCE
(Makes 2 cups)

Basic Sauce:
1 vegetable bouillon cube
2 cups boiling water
½ cup instant nonfat dry milk
6 tablespoons flour
1-½ teaspoons salt
⅛ teaspoon pepper

Dissolve bouillon cube in boiling water in top of double boiler; cool slightly. Sprinkle remaining ingredients over surface. Beat with rotary beater until blended. Cook over hot water, stirring constantly, until thickened. Any one of the following variations may be added to the basic sauce. Serve over baked whole fish or fish fillets.

Variations:

Cucumber-Onion —½ cup finely diced cucumber 1 tablespoon minced onion.

Dill — 1-3 cup finely chopped fresh dill and ⅛ teaspoon tarragon.

Chive—1-3 cup finely chopped chives.

Capers-Pimiento— 2 tablespoons capers and 2 tablespoons diced pimento.

Storm Wrecks Power Lines

ST. JOHNS, Nfld. (AP)—Residents along the Avalon Peninsula today faced two weeks without lights, radio and television in the wake of a sleet storm that left transmission lines an ice-coated tangle.

St. Johns, without power since Saturday, was told to expect more sleet and freezing weather today.

People huddled before fireplaces. At night they depended on candles and oil lamps.

V. A. Ainsworth, general manager of the Newfoundland Light and Power Co., said it would be "at least two weeks before power services are returned to normal here." He called it the worst tieup in Newfoundland's history.

CUDDLE TOYS. . .This stuffed clown a perfect bedtime companion for a small child, is easy to make.

Make A Gay Toy Clown

By DOROTHY ROE

EVERY YOUNGSTER loves to collect pillows, stuffed toys and dolls to decorate the bedroom. In fact, plenty of college girls still treasure the toys they loved as babies.

Since dolls with just the right personality are sometimes hard to find, local sewing center experts suggest you whip one up on your sewing machine. Here, for example, is an appealing clown 14 inches tall and a perfect bedtime companion.

The toy clown is made from a standard pattern and requires only a half yard of white fabric for the body, three-eighths yard each of solid red and red and white fabric for his suit and one-eighth yard bright blue cotton for the ruffle around his neck. A magic envelope takes care of his face.

He may be stuffed with shredded foam rubber, or with cotton batting. Use scraps of black felt or plastic for his shoes and bits of yarn from the knitting bag for his pom pom button set, his hair and his shoe laces.

The embroidery on his face may be done with an automatic sewing machine. Simply dial a narrow satin stitch for his eyebrows and use the stitch of your choice to applique his red mouth.

The clown may be dressed to blend with the bedroom decor — in pink and white, for example, or yellow and green.

NEWS FROM CHINA GROVE

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Relieves Pain, Stops Itching as it Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all — results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*) — discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H.** At your druggist. Money back guarantee.

OUR VIEW

Belated Vote On H. R. 8002

The United States House of Representatives is scheduled to take action Wednesday on H. R. 8002, a piece of proposed legislation that has been hanging fire in that branch of the legislature for many months.

H. R. 8002 is a bill which would put into effect a recommendation of the Hoover Commission, which was assigned the task long ago of seeking methods for injecting more efficiency and economy in the Federal government.

H. R. 8002 deals with something that probably puzzles John Q. Public from time to time when various agencies of the government request their appropriations.

For example, say an agency asks for a billion dollars, which may appear somewhat small in this day of financing in the multi-billion realm. The billion might be the same amount approved for that agency the last time around, and congress just might whack off a few millions here and there on the new request, in the interest of economy, of course.

Still, the agency might not be practicing economy at all, if it happened to have some long-range project going—one for which appropriations had been made in the past. It could be that this long-range project had not got off the ground, or at least was making slow progress, resulting in a chunk of unused but duly appropriated funds lying around.

H. R. 8002 would place appropriations, both long and short range, on a year-to-year basis. Agencies would be required to make annual progress reports on all of their respective projects. In short, the agencies would have to present evidence of actual need for all projects every year.

It appears practical if the Congress itself is willing to take on the responsibility of seeing that the funds are used properly.

Benson Likely To Stick In Cabinet

By OVID A. MARTIN
AP Farm Reporter

WASHINGTON, March 3 (AP)—A new drive is afoot to unseat Ezra Taft Benson as secretary of Agriculture, but the view prevails here that he will still be on the job until the votes are counted in the November congressional elections.

A group of Midwestern members of Congress, worried over their re-election prospects in farming districts, want President Eisenhower to replace Benson. They seek a farm chief who would be more acceptable, they say, to producers harried by financial difficulties growing out of high production costs, relatively low farm prices and restrictions on production.

Benson is determined to stick to the job and to carry out his controversial farm policies.

He has become—in the words of the critical congressmen—a symbol to farmers of "antifarmer" programs and policies. This of course, the secretary and his friends staunchly deny.

Two factors are working strongly in Benson's favor. They are (1) President Eisenhower's known high regard for his secretary of agriculture and (2) the Republican party's past espousal of the Benson policies.

It would do no good, the Benson defenders say, to change secretaries unless the administration changed farm policies. It could hardly toss these policies overboard. To do so would open the administration and the party open to charges that it was abandoning principle for possible political advantage.

The Eisenhower-Benson farm policy looks to eventual withdrawal of government from the field of agricultural production, marketing and price-fixing. It would use the power of the government to help farmers increase their efficiency, develop new products and help open new markets. Only in times of emergency would the government intervene in markets to prevent price collapses or to control production.

The antiadministration farm policy forces contend that government must continue to play a major role in agriculture if farmers are not to suffer economically. They want greater use made of price supports, production payments and foreign surplus disposal programs than favored by both the President and his secretary of agriculture.

The predominant view here is that much stronger opposition must be raised against Benson than has expressed itself so far if he is to be forced out. It is pointed out that there is no strong, concerted or organized move against Benson involving leading GOP senators, governors, national committeemen and others in position of party influence.

But this is not to say what might happen in this respect after the forthcoming election.

Should the Republicans lose heavily in Midwestern farming areas, it is conceivable that ranking party leaders—with the 1960 presidential election in sight—might organize to press Eisenhower for Benson's removal. This, of course, presupposes that Benson himself would not resign or that the President would not ask for his resignation.

Yet, such a party move would raise questions: What farm policies would the party pursue? Would there be changes? If so, what would they be? Or would a new secretary be asked to take the present ones and try to administer them in a softer, easier way designed to placate dissatisfied farmers?

Business In State Is 'Mixed Picture'

By LEDGERWOOD SLOAN
The Associated Press

Texas businessmen entered March looking at a mixed picture of conditions.

While employment and retail sales sagged in some cases, construction was up.

And an economist-advisor to the Dallas Federal Reserve Bank, Dr. Charls Walker, listed more points of strength than weakness in the business outlook.

The Dallas Federal Reserve Bank's survey of department store sales showed January was equal to the same month last year over the district as a whole. But sales eased in the four weeks ending Feb. 22 by 10 per cent. This decline was less noticeable in the one week ending Feb. 22, when sales were down only 7 per cent.

Th University of Texas' Bureau of Business Research reported sales of both durable and nondurable retail goods were higher in January than in 1957. It has not yet reported its February figures.

On the downside, the Reserve Bank set unemployment totals of non-farm workers at 181,200, or 5.7 per cent of the Texas labor force at the end of January, somewhat less than the national decline. But the Texas Employment Commission reported 257,088 unemployed claims filed for the first three weeks of February, showing an increase in unemployment.

Distinctly on the cheerful side was the report by the Texas Contractor, a weekly construction magazine, of an increase in amount of construction contracts awarded.

Although state contracts for highways played an important part in the increase, a 10-million-dollar spurt in home construction in February over January showed that the lag in that field appeared over. The January figure for homes costing more than $10,000 was $4,038,239, compared with $14,355,271 in February.

Dr. Walker listed weak points in the economy as lower business capital expenditures and less foreign demand for U.S. products.

He listed these strong points: Lower interest rates and more money available; a continued steady uptrend in spending by state and local governments; and increased federal defense spending.

He also said that barring unforeseen developments the United States can expect to end the year on an economic upturn.

The Reserve Bank noted local reductions in crude oil prices spread further in the Southwest during the first half of February. District crude oil production remained unchanged at a level 15 per cent below a year ago while imports rose to a record high, it added. District refinery operations were cut back 10 per cent in the first of February.

The Dallas Times Herald reported that oil imports are expected to go under forced U.S. control in the near future.

Cold wet weather during the past month held agricultural activities at a low level, the Reserve Bank reported.

It added:

"Low temperatures resulted in some damage in vegetable areas, but winter wheat prospects remain excellent. Warm, open weather is needed virtually throughout the district.

"Numbers of most livestock on farms and ranches declined during 1957, but sheep numbers increased.

Moderate to substantial gains, particularly in soft goods, were reported in January. Sales of home furnishings—including furniture and major household appliances—were off 10 per cent from January 1957 and were the lowest January volume since 1954.

New car registrations in the metropolitan areas of Dallas, Fort Worth, Houston and San Antonio declined 12 per cent from December and 5 per cent from January, 1957.

Overflow Of Students Is Under Study

By G. K. HODENFIELD
AP Education Reporter

CHICAGO (AP) — The nation's educators, foreseeing colleges filled to capacity in a few years, today tackled the problem of deciding who shall be admitted and who shall be turned away.

There appeared little or no hope of finding an answer that would please everyone.

A Florida educator summed up his views: "Not all the students who desire to go to college can or should be admitted. Living in a democracy does not in itself confer the right to a college degree. . . . The pressures will become so great that there can be little justification for admitting college students who are not qualified to carry college work successfully."

J. B. Culpepper of Florida A&M told the 13th Conference on Higher Education there is no easy way to separate the wheat from the chaff. He said high school grades are probably the best single indication of a student's potential, but that other factors must be considered.

There must be new tests, he declared, to determine a student's intellectual curiosity, his creative ability, his stability and his motivation. Above all, he said, "judgment, common sense and flexibility must prevail."

Culpepper said the nation's college population would double by 1970 — from three to six million, at the same time that parents are demanding more and more that their children be given the best possible education.

To meet what he called the greatest challenge American education has ever faced, he said present institutions must be expanded and new institutions built. New teachers also must be found, he said, and new techniques and methods must be explored.

Archbishop Under Guard After Threat

BOSTON (AP) — Police maintained a guard over Catholic Archbishop Richard J. Cushing today after a telephoned threat against him.

A man who telephoned police yesterday and said: "I'm going to kill the Archbishop. I'm also going to blow up the Cathedral."

Despite the threat, the Archbishop kept speaking engagements in Chelsea and Lowell. In both cities he was under heavy guard.

ACC, Wayland 5s In Playoff Here Tuesday

College basketball returns to Tiger Gymnasium tomorrow night when the Abilene Christian College Wildcats battle the Wayland Pioneers in a NAIA playoff game.

It will be the first college game to be played in Tiger Gym since the Canyon Reef Tournament three years ago. The Canyon Reef tourney formerly included a college field but it has been an all-high school tournament the past two years.

Ironically, one of the teams that will be playing here tomorrow night, Wayland, played in the last Canyon Reef tournament that included a college field.

Wayland gained the finals in the 1955 tournament but lost to Midwestern for the title, 89-75.

Wayland and ACC finished in a two-way deadlock in the West Zone of District 9 in NAIA, each with 4-2 records, necessitating a playoff for the title.

It will be a one-game "sudden death" affair with the winner of tomorrow night's game to meet the East Zone champion, Austin College, for the District 9 NAIA title.

Tomorrow's winner will play Austin College Thursday night for the district title and the right to compete in the NAIA tournament at Kansas City. Site of Thursday's game will be either at Abilene or Plainview, pending on who is the victor here tomorrow.

Wayland apparently had this Zone title all sacked up when it swept its first four games while ACC had only a 2-2 showing at this point. But Wayland hit a slump, losing an overtime thriller to ACC, 76-74, and then bowing to Midwestern, 79-61, both coming last week.

ACC won its last two Zone starts by nipping Midwestern in the final second of play, 83-82, and then the overtime win over Wayland.

The other member of the West Zone is McMurry, who split with ACC and Midwestern but dropped both games to Wayland.

Tipoff time tomorrow has been set for 8 p.m. Admission prices will be $1 for adults, 50 cents for students.

Following is the final standings in West Zone of District 9 NAIA:

FINAL STANDINGS

TEAM	W	L	PCT
ACC	4	2	.666
Wayland	4	2	.666
McMurry	2	4	.333
Midwestern	2	4	.333

TIGERS AWARDED TROPHY—Snyder High School gained another trophy at Lubbock Saturday when the Tiger basketeers edged Kermit, 54-52, for third place honors in the Region 1-AAA tournament. Gene Gibson, right, former Tiger basketball coach and new assistant cage coach at Texas Tech, presents the trophy to Coach J. P. Ward while three Tigers look on, Bill Phillips, John Ward and Gary Vice, left to right. Gibson was the regional tournament director. The three Tigers shown finished their schoolboy cage careers in the tournament as did five other Tiger seniors, Leon Reed, Israel Hinojos, Dwayne Merritt, Bill Jennings and David McIntosh, (Lee Watson Photograph).

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THE TIGER CAGERS despite their opening loss to the champion-to-be, Hereford, in the Region 1-AAA tournament at Lubbock Friday night, closed out their season rather gracefully, nevertheless.

The Bengals came back Saturday afternoon to turn in a respectable performance in downing the Kermit Yellow Jackets in an overtime thriller for third place honors in the tournament.

It took the Tigers a while to get going but once they did "come to life," it was no stopping them then.

The Bengals, like they've done so many times this season, battled right down the wire in both games in the regional tournament.

Even when it was a hopeless case in the waning minutes of the game with Hereford, the Tigers never let up. You can't help but admire a team with that kind of spirit.

The Tigers' down - to - the-wire scrap in the Hereford game drew some favorable comments along press row.

We've never seen a team that had such hard luck with its shooting than the Tigers had in the game with Hereford. The Tigers got off a record 73 shots at the basket against Hereford but could make only 18 of 'em stick for their poorest single game percentage of the season, 24.7.

So Close--Yet So Far

Many of the missed shots were near misses, the ball rolling around the rim and then off. The Tigers got off 25 more shots than did Hereford but the difference was that the Whitefaces were experiencing a warm night.

Hereford hit an amazing 23 of 48 attempts for 47.9 percent. What hurt even more was that the Whitefaces were forced outside for most of their shots but the Herd made them good, anyway.

The Tigers weren't particularly warm in the Kermit game, either. They did do a little better than they did against Hereford, hitting 22 of 65 for 33.8 percent. This is even slightly below their shooting percentage for the season of about 36 percent.

Another thing that slowed the Tigers down in the region games was their free-throw percentage. The Bengals fell below the 50-percent mark in both games, hitting 11 of 23 for 47.8 in the Hereford game and only 10 of 23 for 43.5 against Kermit.

Nothing But Praise Due

After all is said and done, though, you've got to hand it to Coach J. P. Ward and his Tigers for a job well done this season.

No one expected the inexperienced Tigers to come close to even winning the district title. We heard some fans here say before the season started that the Tigers would be doing well to even win one district game. On the surface this is the way the picture looked because all other teams had the Tigers bested on experience.

One district team, in fact, had all its starters back from last year, Colorado City.

Three of the Tigers who were starters this season played on the "B" team last year, Bill Phillips, Leon Reed and Gary Vice. Phillips moved up to the varsity at them middle of the season last year.

Jimmy Browder of the Abilene Reporter-News, who went out on the limb to predict the outcome of 11 schoolboy districts in this area, made his biggest blunder in forecasting the 3-AAA race.

Browder predicted five champions and five others he picked for second place won the crown. In the other conference, 3-AAA, he had the Tigers ranked fourth. Browder had picked Colorado City first, Sweetwater second, Lamesa third, Snyder fourth and Lake View fifth in the 3-AAA race.

So, you can see the Tigers defied the odds in winning the 1957-58 District 3-AAA title.

Graham And Kermit Cagers Make All-State

By The Associated Press

Only Waxahachie; among the state tournament teams, landed a player on the class AAA all-state basketball team selected Monday by the Texas Sportswriters Assn.

Bill Reynolds, who averaged 23.2 points per game, was picked at one of the guards.

Forwards are Robert Ledbetter of Killeen and Bobby Barnard of Graham. The center is Gene Williams of Kermit. The other guard is Johnny Cleveland of Dumas.

Lewis Qualls, 7-1 Smiley center, wound up on the second team.

Forwards on the second team are Gene Stansell of Mt. Pleasant, and Rex Wilson of San Angelo Lakeview. Guards are Jan Overstreet of Garland and Boyce Hollis of Smiley.

The third team is made up of Jim Curtsinger, Hereford, and Mac Percival, Vernon, forwards; Paul Shamburger, Carthage, center; and Donnie Gaines, Phillips; Bud Foreman, Birdville; and Fred Watson, Sulphur Springs.

Honorable mention went to Jimmy Muldrow, Monahans; Guy Gibbs, Graham; Herry Harris, Jacksonville; James Barrum, French of Beaumont; Mark Woolward, Waxahachie; Tommy Borders, Waxahachie; Bobby Jancik, Lamar Consolidated; Dale Bullock, Robstown; John Driver, Garland; Billy Roland, Alvin; Valdemar Delgado, Kingsville; J. B. Watson, Smiley; Alex Castillo, South San Antonio; Jay Sherrard, Andrews; Ronnie Wells, Killeen; and Ed Treadway, Greenville.

Venturi Wins 3rd '58 Title

BATON ROUGE, (AP)—Ken Venturi, 26-year-old San Franciscan with an almost errorless golf style, holds his third 1958 open tournament victory, a four-stroke triumph in the $15,000 Baton Rouge Open.

The confident Californian moved on to New Orleans today for a crack at the $20,000 prize money in the Greater New Orleans Open after yesterday's lopsided victory in the Baton Rouge event.

Venturi carded four consecutive three-under-par 69s for a 276 total, one stroke over the tournament record set by Sam Snead in 1953.

The $2,000 first money, plus a $1,500 bonus from a golf ball manufacturer for using his product, boosted Venturi's earnings for 1958 to $13,738, tops among the pros.

Tied for second at 280 were Lionel Hebert of Lafayette, La., who blew a third round tie for the lead with Venturi with a 73, and Arnold Palmer of Latrobe, Pa., alternately brilliant and terrible in posting a 71.

Fullmer Eyes Title Shot

SALT LAKE CITY (AP)—Ex-middleweight champion Gene Fullmer, 26, stakes his prestige and claim for a shot at the title tonight in a 10-round bout with ringwise Milo Savage, 32.

Fullmer will be pitting his youth and stamina plus a "secret" offense cooked up by his manager against the punching prowess and ring tricks Savage has picked up in 87 pro fights dating back to 1945.

The bout has been dubbed a grudge battle between two back yard rivals.

WITH REALIGNMENT

Attendance Should Climb In Majors

NEW YORK, March 3 (AP)—Everybody expects Los Angeles to break attendance records with its 100,000-seat Coliseum, San Francisco expects to do real big for its limited capacity. And Milwaukee will be Milwaukee as usual.

How about New York? Will the departure of two clubs from an area with a population of about 14 million mean a new busher at Yankee Stadium?

A quick check of the turnstile count at the three cities that have lost major league baseball clubs in the last five or six years, shows no positive pattern.

The Phillies reaped a harvest, increasing about 28 per cent in the three years immediately following the movement of the Athletics to Kansas City. The club finished no better in the standings, a little lower, if anything.

St. Louis also gave stronger support to the Cardinals after the Browns left following the 1953 season to take up their new role as the Baltimore Orioles. The Cards had a run of third-place finishes in the three years before the Browns left and then dipped to 6-7-4 for the next three years. However, the attendance showed an increase during the three-year span of about 4 per cent. Many park improvements could have been an important factor.

While the Braves struck gold at Milwaukee after finishing in the red in Boston in 1952, the Red Sox didn't appear to pick up much of their following. In fact, the Red Sox dipped about 16 per cent in the 1953-54-55 period with the city and most of New England all to themselves.

Several factors, of course, are involved in baseball attendance including weather, television competition, attractiveness of the pennant race and so on. The Red Sox, for instance, have a limited capacity at Fenway Park.

The Yanks already have cashed in neatly by peddling 140 of their games (instead of the usual 77 home games plus a few road games) to television. Undoubtedly they will branch out over a wider area with their secondary coverage.

About six weeks ago the Yanks announced an advance sale of $1,500,000. There is reason to believe the figure now has passed the club record of $1,700,000 and will be close to two million by opening day.

East Texas, TWC Resume Series

By The Associated Press

East Texas State won the Lone Star Conference basketball championship last week with a 92-78 victory over Sul Ross.

East Texas beat Texas Wesleyan 82-64 in the first game of a playoff for a spot in the NAIA tournament at Kansas City. The Lions play Wesleyan again Monday at Commerce.

Southwest Texas beat Sam Houston 52-46 to finish second and show the best season record, 18-4.

Stephen F. Austin beat Howard Payne 73-58, Lamar Tech downed Texas A&I 78-59 and Sul Ross swarmed Howard Payne 100-85 in the other closing conference games.

4-WAY TIE POSSIBLE

Dreary SWC Race Ends Tomorrow

By WHITEY SAWYER

SMU and Arkansas were the top choices, but Texas A&M looked like the best team in the league as the Southwest Conference basketball race reeled into its final week.

Three times last week the Aggies smashed down leading teams—Arkansas, Texas Tech and SMU. The victory over SMU Saturday broke the Mustang home court jinx, caused the most controversy of any game this year, and left SMU and Arkansas tied for first with 8-5 records.

Tied at 7-6 and next in line are Texas Tech, Rice, TCU and the Aggies.

Texas shows 5-8 and Baylor is 3-10.

This week Arkansas closes out against Texas at Fayetteville Tuesday. SMU must play Baylor, another big upsetter late in the season, on its home court at Waco, also Tuesday.

TCU plays Texas A&M at College Station Tuesday while Texas Tech hosts Rice at Lubbock.

The league could wind up in a four-way tie. The most to tie for the championship previously was three.

A&M beat the Methodists at Dallas 43-42 Saturday and ended the Mustangs' home court conference streak at 45. SMU could have clinched a tie with a victory.

Neil Swisher of A&M fired at the goal just before the final buzzer, and Referee Dan Watson ruled that Wilbur Marsh of SMU had gone up above the basket and knocked the ball away. The goaltending call gave A&M two points and the victory.

SMU Coach Doc Hayes called it "the greatest mistake I've ever seen, the biggest injustice." Marsh claimed he didn't come anywhere near the rim of the basket.

Earlier last week, A&M whipped Arkansas 61-59 and Texas Tech 76-63.

Rice beat Arkansas 61-59, SMU dumped Texas 89-73, Texas downed Rice 86-78, TCU beat Texas Tech 78-73 and Arkansas whipped Baylor 79-55.

A conference rule says when two teams tie for the title the one that beat the other in regular season play gets the NCAA tournament bid. If Arkansas and SMU tie, they'll play it off because they split their two games.

Ronnie Stevenson of TCU pushed his scoring record to 416 points last week to cling to the lead. Rick Herrscher of SMU is second with 401.

IN COLLEGIATE RANKS

Five Conference Titles Unsettled

By ED CORRIGAN

With coveted berths in the NCAA Tournament at stake, no fewer than five major conference races remained far up in the air today as the basketball season roared into its final week of regular play.

Actually, seven NCAA league champions still must be decided, but the Southern and Atlantic Coast conferences send the winner of their annual tournaments.

West Virginia, which has won 33 straight games, is expected to represent the Southern Conference.

Duke is the favorite in the ACC, but North Carolina, North Carolina State or Maryland could come out on top.

Here, briefly, is how the others stand:

Big Ten—It looks as if Saturday's Michigan State - Indiana game will be the showdown, although Iowa and Purdue still have hopes. Indiana must get past Illinois tonight, while Iowa meets Purdue, the loser to be eliminated.

Southwest Conference — Southern Methodist and Arkansas are at the top, but there is a possibility of it winding up in an unprecedented four-way tie. Arkansas is in the best position. The Razorbacks play much-beaten Texas tomorrow while SMU must go against Giant killer Baylor.

Pacific Coast Conference—This one, too, could wind up in a tie between California and Oregon State. Oregon State has three games this week starting with Washington tonight. California has only one left.

Skyline — Wyoming is a game ahead of Colorado State. Each has two games left to play.

Border—Arizona State at Tempe (7-2) appears to be in the best spot. New Mexico A&M (9-3) still can overtake the leader.

Already in, having wrapped up their league championships, are Temple, Connecticut, Miami of Ohio, Kentucky, Kansas State, San Francisco, Idaho State and Tennessee Tech.

Seven of its allotted eight at-large choices already have been made. That list includes Oklahoma State, Notre Dame, Pitt, Manhattan, Boston College, Seattle and Loyola of New Orleans. The other berth is reserved for Dartmouth, the Ivy League winner, which does not automatically qualify.

The rival National Invitation Tournament already has selected 9 of its 12 teams. One of the remaining three is certain to be defending champion Bradley.

St. Bonaventure, Niagara, Dayton, St. Peter's of Jersey City, Fordham, St. John's, Utah, Xavier of Ohio and St. Joseph's of Philadelphia already are in.

Lincoln Ends Season With 101-37 Win

Lincoln's basketball teams closed out their season here Friday night with a clean sweep of a doubleheader from Anton.

Lincoln won the boys game by a whopping 101-37 score while the local girls triumphed by 50-30.

Four players hit in double figues in the boys game. Lloyd Hood led with 23 points, followed by J. B. Archie with 20, and Mack Taylor and Terry McLain with 12 each.

Others getting in on the scoring act for the Lincoln boys were Randoply Williams with 7, Joe Arthur Phillips and John Choyce, 6 each; W. C. Stillwell, 5; Johnny Garcia, 4; and Buford Thompson, James Choyce and A. C. Thompson, 2 each.

David Bradley led Anton with 10.

Karen Sue Gift led the Lincoln girls to victory with 22 points, followed closely by Maxine Cobb with 18.

Louise Archie and Frances Rainell hit four each to round out the Lincoln girl scoring. Bobbie Taylor led the Anton team with 14 points.

All but two of the Lincoln boys squad will return next year while the local girls team doesn't lose a single player. Seniors on the boys squad were McLain and Stillwell.

Calvin Edwards coached the Lincoln boys cagers while Elizabeth Grandison and Shirley Ann Brown coached the girls.

Lincoln now turns to track with the first meet set for March 29 at the Odessa Invitational meet.

Tempe Seeks BC Clincher

By The Associated Press

Arizona State Tempe can clinch the Border Conference basketball championship Monday with a victory over Arizona.

Arizona State sewed up a tie for the title two weeks ago, but the pressure was kept on by a determined New Mexico A&M squad. The Aggies, early conference leaders, closed out with two league victories and now are only one game back of the Sun Devils.

Should Arizona win Monday a playoff would be necessary.

The only other change that can be made now in the standings involves Arizona. The Wildcats could climb to a 5-5 mark and deadlock Texas Western for third place. Or, if beaten Monday, they would drop to 4-6 and a tie with Hardin-Simmons for fourth. West Texas is in the cellar at 2-8.

Texas Western, defending champion, closed out its conference campaign last week by winning two in a row—first a 78-67 decision over West Texas and then 69-60 over Hardin-Simmons.

The Aggies tripped Hardin-Simmons 62-48.

Besides the big Arizona-Arizona State clash, only one other game is on tab this week. Abilene Christian visits New Mexico A&M Saturday.

TWO DEFENDING CHAMPS BACK

State Schoolboy Cage Field Set

By The Associated Press

Pairings for the schoolboy basketball tournament at Austin were scheduled Monday with games starting Thursday and running through Saturday.

The four Class AAAA teams are Pampa, Dallas Woodrow Wilson, Austin and Port Arthur, the defending champion.

The only other defending champion in the tournament is Big Sandy of Class B. Both are favored to repeat.

Smiley of Class AAA, Buna of Class AA and White Oak of Class A, other champions last year, failed to make it.

Class AAA representatives this year are Hereford, Waxahachie, Beaumont French and South San Antonio. Seminole, New London, Belton and Clear Creek will fight it out for the Class AA crown. Plains, James (Simms), Brownsboro and Boerne are the Class A contenders.

Claude, Wall, Blossom, Cayuga, Big Sandy, Kyle, Agua Dulce and Van Horn vie for the Class B championship.

Port Arthur swept through a regional tournament at Houston. The Yellow Jackets whipped Houston Bellaire 54-49 in the finals and will take a record of 34 victories and three defeats to the tournament.

Pampa and Austin were in the tournament last year. Pampa has a 26-2 record, Woodrow Wilson 26-5 and Austin 22-4. Pampa lost to Port Arthur in the finals last year.

In Class AAA there isn't a single repeater from last year. Beaumont French is considered a slim favorite.

Seminole and Clear Creek were in the Class AA tournament last year. New London beat a heralded Terrell team 63-43 in the regional finals.

All four Class A teams are newcomers.

Big Sandy, Van Horn and Kyle were in the Class B tourney last year.

Cincinnati MVC Champ

By The Associated Press

Cincinnati's Bearcats, pointing for their Midwest NCAA basketball tournament game with Kansas State of the Big Eight March 14 in Lawrence, Kan., complete their regular schedule this week.

Oscar Robertson and his Bearcat playmates, ranked No. 3 nationally last week, meet No. 10 ranked Dayton tomorrow night and Xavier Saturday. Both games will be played in Cincinnati.

Cincinnati clinched the Missouri Valley Conference crown and an NCAA tournament berth by beating Wichita 86-82 in a hard fought battle in Wichita Saturday. Wichita had a 10-point lead with 10 minutes remaining when Robertson and his teammates rallied.

Robertson scored 50 points to take over the national scoring lead from Seattle's Elgin Baylor. Robertson has a 35.08 point average to Baylor's 34.55.

In other games Saturday Bradley clinched second place by beating Tulsa 60-46, Houston beat St. Louis 81-76 and Drake upset Oklahoma State 61-54 with Red Murrell hitting 32 points and taking over seventh place in national scoring with a 25.71 average.

Games this week:

Monday—Bradley at Wichita, Oklahoma State at St. Louis, Houston at Drake. Tuesday—Dayton at Cincinnati. Thursday—St. Louis at Tulsa. Saturday—St. Louis at Houston, Wichita at Oklahoma State, Xavier at Cincinnati, Detroit at Bradley.

Bradley has a game remaining with Seattle in Seattle March 10.

Dallas Slates 36-Round Card

DALLAS (AP)—Gale Kerwin of Ottawa, Canada, and Davey Dupas of New Orleans meet tonight in the feature 10-round lightweight bout of a 36-round card.

Franz Szuzina of Germany, and Chicago's Abie Cruz fight in a 10-round middleweight tilt. Texas Lightweight Champion Donnie Fleeman of Midlothian tries Reuben Hernandez of San Francisco in another 10-rounder.

Punishment Demanded For Tormentors

SEOUL (AP) — The South Korean Home Ministry demanded punishment today of three Americans it named as tormentors of a 14-year-old Korean thief who was beaten and nailed into a small wooden box last week.

A ministry spokesman said a "strong protest" note was sent the U.S. Army via the Korean Foreign Ministry and the U.S. Embassy.

The U.S. Army announced the Korean shoeshine boy, Kim Choon Il, is beginning "a new life full of love and hope" at an American-supported orphanage near Ascom. The Army had said he was caught stealing at the U.S. Army flight center there.

The Korean government demanded punishment for Maj. Thomas James, Plymouth, Pa.; Capt. Marvin E. Kemp, Kilmichael, Miss.; and M.Sgt. Robert E. Weidensaul, Pottstown, Pa.

The Army had no comment and would not say if charges would be filed against them.

Kim said that after he was caught, Kemp hit him several times and stabbed him three times on the knees and arm with a fruit knife. The Army admitted that the boy was put in a box 39½ inches by 16¼ by 13 inches, that Weidensaul "allegedly" nailed down the lid and that James then flew the box in a helicopter to Uijongbu, 25 miles away.

Fuchs Kept Confidence

AUCKLAND, New Ealand (AP) — Dr. Vivian Fuchs says the idea he might fail to cross Antarctica never entered his mind, but he sometimes wondered how long it would take to make the hazardous 2,150-mile trek.

Fuchs and his nine-man British expedition arrived at Scott base 99 days after leaving Shackleton station on the other side of the Antarctic Continent. It was the first time man had ever crossed the frozen continent.

Sir Edmund Hillary, conqueror of Mt. Everest, had gone to the 700-mile point and shepherded the expedition along a route he had marked and stocked with supplies on his trip to the South Pole late last year.

Snyder Soldier Completes Course

Pvt. Sidney C. West of Snyder recently completed the eight-week automotive maintenance course at Fort Chaffee, Ark.

The Army private, 18, is a Snyder High School graduate and the son of Mr. and Mrs. Lee R. West, Route 3. His wife, Laveta, lives here with his parents.

TRYING OUT some of the yard furniture featured in Ward's Pay-in-May Sale are employes of the Montgomery Ward store here. Left to right, they are Mrs. Thelma Brinkley, Donna Wilson on the lounge chair, Helen Breeden, credit manager, Dorothy Bonner, manager, and Virginia Johnson, inventory clerk. In the foreground is a lawnmower included in the special sale.

Ward Store Offers Variety Of 'Ways To Pay' In Event

Outstanding values have been made available through the Snyder Montgomery Ward store, 1923 Twenty-fifth Street, during its big Pay-in-May Sale.

Mrs. R. H. Bonner, manager of the local store, said there are three ways to pay in the big sale: 1. Pay in May. A small deposit with the order holds the item. The balance can be paid any time until May 1, and Wards will ship the item promptly. Additional payments may be made prior to shipment, reducing balance due. 2. Pay each month, by including the down payment with the monthly payment order. Specify shipping date, any time until May 1. First payment is due 30 days after the merchandise is shipped. 3. Pay cash now. If requested, Wards will hold the item as long as May 1.

The low sale prices in the sale will be in effect until March 15. Wards guarantees these will be the lowest prices of the spring season.

Recently, Wards acquired additional display space next to the order office here and has many more items than usual on display. Mrs. Bonner said anything on display on the floor can be delivered immediately.

One of the top values now on the floor is a barbecue brazier with electric spit, 24-inch bowl, steel hood, chromed legs with easy-pull handle, six-inch wheels, and a large grill which revolves and cranks up and down for instant heat control. Its sale price is $14.88.

Numerous items which will be on the want list of many Snyder area residents this spring and summer are included in the Pay-in-May sale, including evaporative coolers with savings of $17 to $25, boat motors with savings from $35 to $118 and ranging in price from $99.88 for the three-horse Sea King to $378.88 on the largest motor, boats and trailers with savings up to $89, tents, and bicycles.

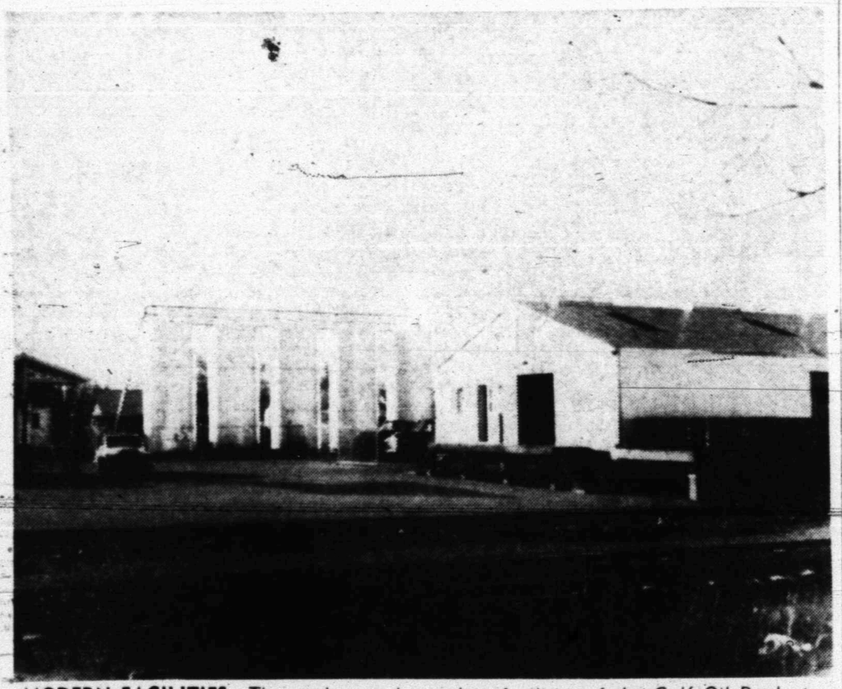

Five different power mowers are included in the sale at big savings, including a $35 saving on one mower. The mowers range from $54.50 to $107.50 in price. There are also tiller-mowers, rotary tillers, and riding mowers.

Garden furniture, much of which is on display at the local store, includes outstanding values in chairs, chaise and umbrella set, and picnic set. There are swim pools and swing sets for the children. There are several braziers or barbecue wagons on sale.

In addition to the evaporative coolers, there are many values on various types of fans, and there are price cuts of up to $50 on air conditioners.

Those are only a few of the specials being offered by Wards in the Pay-in-May Sale.

Also being featured now at Wards is a carload sale on refrigerators and sewing machines. There are also home freezers, such as a 15-foot upright on sale for $266. One two-door combination refrigerator which regularly sells for $359.95 is on sale for $277, while a $219.95 refrigerator is now selling for $179.

MODERN FACILITIES—The modern and complete facilities of the Gulf Oil Products distributor, Herman Doak, are pictured above. Five stations in Snyder and two others in this area are providing Gulf service to motorists here. (Lee Watson photograph)

Gulf Crest Gasoline Made To Provide Top Performance

Have you tried new Gulf Crest gasoline in your car yet?

If not, you may be in for a surprise when you get your first tankfull of Gulf Crest, because it will give your car superior performance, Herman Doak, Gulf Oil products distributor here, said.

"Gulf Crest is a special gasoline made to the high quality specifications manufacturers of new automobiles have set up for the high-compression engines being put in modern automobiles," he said.

"Especially if you have a late model car, you should try Gulf Crest just once in your engine to see for yourself the distinct difference in its operation the higher quality gasoline will make," Doak said.

Gulf Crest is available in Snyder at five Gulf Service stations and two other Gulf Service Stations in this area.

Not only will Gulf Crest give your late model, high compression car engine more power and better performance at all times from the first start on a cold morning through the heat of long runs at mid-day, but it will give older car engines better performance, features — and longer milage per gallon of gasoline, he said.

Gulf makes a complete line of specialties for farmers, ranchers, industrial and business firms and all home owners, in addition to the basic Gulf products of Gulf Crest, Gulf No-Nox, Good Gulf gasolines, Gulfpride HD Select and Gulfprice Motor oils and industrial oils and greases.

Some of the specialties produced and distributed by Gulf are Gulfspray aerosol bombs and Gulf spray, Gulf Trak Moth bombs and spray, and Gulf livestock spray.

Doak invites anyone who needs any of these special Gulf products to call for them at any Gulf Service Station, or at the Gulf warehouse, Twenty-ninth Street and RS&P tracks, or by telephone to HI-3-3832, for business or industrial delivery.

Descendant Of Bryan In Race

NORTH HOLLYWOOD, Calif. (AP) — A granddaughter of the late William Jennings Bryan hopes to follow him and her mother to Congress.

Mrs. Rudd Brown, 37, has been endorsed as a candidate by the 21st Congressional District Democratic Council.

Her grandfather, "the silver tongued orator," was a three-time Democratic candidate for President and once represented Nebraska in the House of Representatives. Her mother, the late Mrs. Ruth Bryan Owen Rohde, was twice elected to Congress from Florida and was minister to Denmark.

Mrs. Brown, wife of Harrison Brown, a professor of the California Institute of Technology, has never held elective office. She seeks the seat held by Rep. Edgar W. Hiestand (R-Calif).

Boy Slain While Protecting Dog

SACRAMENTO, Calif. (AP) — Six-year-old Jack Richard Rook Jr. was afraid his father's second shot at a rabbit would hit his dog, who was chasing the wounded animal.

The boy darted toward his dog just as Jack Sr. fired.

The bullet went through the boy's head and he died half an hour later.

Home Is Put Under Guard

LOS ANGELES (AP) — Private detectives apparently are guarding the Santa Monica home of heiress-actress Marjorie Durant Waller, 28, and her husband Ron, professional football player.

But neither the actress nor her attorney Milton Zerin would say why they're there.

Zerin is representing the actress in her current trial on a misdemeanor drunk driving charge.

Mrs. Waller, heiress to a cereal fortune, referred newsmen to Zerin for information. Asked if the reason for the "stake out" on her home would come out in her trial, she replied: "It might."

Mrs. Waller, a tall blonde, has testified in the trial that the two police officers who arrested her last Jan. 13 made improper advances to her and a woman companion. The trial continues this week.

Junior Editors Quiz on ANIMALS

QUESTION: Are animals as dumb as they say?

* * *

ANSWER: Never doubting that he is the most intelligent member of the animal kingdom, man has never been quite sure how to rate the intelligence of other animals. In recent years, however, scientists have developed various tests for this.

These tests include mazes through which bright animals find their way more easily than dumb ones. Another variety consists of mechanical puzzles, and devices that give slight electrical shocks to the dumber animals.

Such gadgets have convinced experimenters that the chimpanzee is the brightest animal. Following in order are the gorilla, orangutan, gibbon, monkey, dog, cat, elephant, pig, horse, birds, reptiles, toads, frogs and fish

* * *

FOR YOU TO DO: See how quickly you can teach a new trick to your dog. This is a test not only for the animal's intelligence but your own intelligence and persistence. Our picture shows a hunting dog trained to retrieve animals without hurting them.

* * *

(Cheryl Adkins of Council Bluffs, Ia., gets $10 for this question. Send yours on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this paper. Tomorrow: How far is the moon?) 3-3

LEGAL NOTICE

THE STATE OF TEXAS

TO:

American Cancer Fund and its unknown members, shareholders, officers, and representatives, and the persons who own stock or interests in and who constitute American Cancer Fund as an entity, corporation, association, firm, company or partnership, if it be any of such; and to the unknown devisee or devisees under a purported will of Clifford Mooers, deceased, dated September 24, 1956, admitted to probate in Kendall County, Texas, on December 10, 1956, and the unknown owners or claimants of any interest in the estate of such decedent or in any property standing in his name at the time of his death on November 13, 1956, including the lands and interests therein described in such suit and as described and identified in this citation, which are owned or claimed by such unknown claimants as devisee under such purported will, Defendants, each of whose identity and residence are unknown other than claimants American Cancer Society, Inc., a New York corporation, and American Cancer Society, Texas Division, Inc., a Texas corporation, who have been joined as defendants in such suit for personal service,

GREETING:

You and each of you are hereby commanded to appear by filing a written answer to plaintiff's petition before the Second 38th Judicial District Court of Kendall County, Texas, in the Courthouse in the City of Boerne, Kendall County, Texas, at or before ten o'clock a. m. on the Monday next following the expiration of 42 days from the date of issuance of this citation, said Monday being the 17th day of March, 1958, and then and there to answer the original petition of Dolores Mooers, a widow, as plaintiff, filed in said court on the 30th day of January, 1958, against H. B. Fuqua as Independent Executor under a purported will of Clifford Mooers, deceased, and in which suit the other named defendants are those persons first named in this writ and to whom it is above directed, and other defendants to be cited personally are:

American Cancer Society, Inc., a New York corporation, and American Cancer Society, Texas Division, Inc., a Texas corporation, and Betty Nuss, Chester Green, R. J. Kelly, Mrs. Gladys Van Pelt, Genevieve Conroy, Ralph Dahlstrom, Sven Lundahl, Russell Baughman, Charley McCluskey, Allah H. Ellington, Paul S. Oles, and Mrs. A. G. Koenig, as executrix under the will of A. G. Koenig, deceased, and the said Mrs. A. G. Koenig, a widow, and Elizabeth Koenig, a feme sole, as the only heirs of A. G. Koenig, deceased, John T. Claybourne, Frank Thomas, Mrs. C. W. Farley and husband, C. W. Farley, Tom Walkers, Leonard Ward, Bruno Brandt, W. B. Davis, and John W. Clark, individually and as constituting and representative of that class of five-year employees given cash legacies of $500.00 each under the terms of such purported will of such decedent.

Said suit styled "Dolores Mooers, A Widow, v. H. B. Fuqua, Independent Executor, et al," being numbered 1525 on the docket of such court and a brief statement of the nature of the suit being as follows:

Plaintiff seeking equitable review asks to set aside a settlement made with her husband, Clifford Mooers, dated May 1, 1956, and this Court's decree of approval entered the next day in cause No. 1464, styled "Ex Parte, Clifford Mooers and Wife, Dolores Mooers," recorded in the minutes, Vol. 6, p. 636, and asks an accounting and for a declaration fixing the identity of the residuary devisee under a purported will of such husband as admitted to probate December 10, 1956, in which suit it is claimed that plaintiff as the wife of such decedent for 27 years before his death was induced to consent to such property settlement and decree by the fraud of her husband and his agents, consisting of false representations and concealment of material facts as to the nature, extent and value of the community property and of plaintiff's true interest therein at such time, and because of further false promises to bequeath and on account of mistake induced by fraud of her said husband and coercion, and it is claimed that a fraud was also practiced by such decedent on this Court, and that the proceedings did not comply with Article 2624a.

It is further claimed in such suit that all or substantially all property in decedent's name at the time of such settlement and at the time of his death was community property, and that had the wife received those properties awarded to her in such settlement, such were greatly less than her share at such time, and such contract was grossly unjust and disadvantageous to her, but that there was further material fraud and deceit practiced on her as to those properties which it was recited she was to receive under such settlement because of failure of title and of consideration in material part and inability to deliver and failure to deliver personal property of the kind and value which it was represented such wife should receive.

Plaintiff offers to do equity and makes a continuing tender to restore that which she has received and asserts that due to her situation, inexperience, ignorance and deception she could not sooner have discovered such fraud and brought this action.

It is further claimed that since such husband's death the defendant H. B. Fuqua, acting as Independent Executor under the purported will of such husband, has come into possession of but has not distributed all of those properties which the husband wrongfully took under such settlement and decree and in which plaintiff had a continuing equitable ownership and interest, and that the other defendants are claiming to own or have some interest in such properties and estate as the respective cash legatees and residuary devisee under such purported will, and that among such properties are lands and interests in lands within the State of Texas including those described, listed and identified in such petition including the following:

1. A 1/128 royalty interest in all the minerals in the following described land:

9.173 acres of land out of the North part of Sec. No. 653 in Blk. No. 97, H&TC Ry. Co., Cert. No. 45-6069, situated in the County of Scurry, State of Texas, and more particularly described as follows:

BEGINNING at a point in the N line of said Sec. No. 653, 1280-1/2 vrs. E of the NW corner of said Section at a rock set in the public road for the NE corner of this tract; THENCE W 269-1/2 vrs. to the NW corner of this tract; THENCE S parallel with the W line of said Section, 155 yds. to the SW corner of this tract; THENCE E parallel with the S line of said Section, 294 yds to the SE corner of this tract; THENCE N 23-1/2 deg. E 231 yds. to the place of beginning.

2. A 1/128 royalty interest in all the minerals in the following described land:

All of the East one-half (E1/2) and the Southwest one-fourth (SW1/4) of Sec. No. 701 in Blk. No. 97, H&TC Ry. Co. Certificate No. 45-6115, containing 480 acres of land, situated in the Counties of Scurry and Kent, in the State of Texas. The west part of Sec. No. 702, in Blk. No. 97, H&TC Ry Co., Certificate No. 45-6113, situated in the Counties of Scurry and Kent, in the State of Texas, and being all of said section lying west of the C/L of the Snyder-Clairemont Public Road, as said road passes through the East portion of said section, and more particularly described as follows:

BEGINNING at a rock in stone mound the SW corner of Sec. No. 702, from whence a mes. stump with sprouts bears S 3/4 deg. E 85 vrs., a mes. stump bears N 86-1/4 deg. W 32.5 vrs.; THENCE N. 120 vrs. S foot of Grand Ridge, 320 vrs. N foot of Grand Ridge, 700 vrs. cross branch, 875 vrs. cross branch, 965 vrs. cross branch, 1430 vrs. cross draw, 1740 vrs. leave Breaks at 1900.8 vrs. a stone mound from whence a mes. bears S 5 deg. 15 feet E 70.4 vrs.; THENCE E 1917.36 vrs. the NBL of said Sec. No. 702 to a point in the C.L. of the Snyder-Clairemont Public Road on the NBL of said Sec. No. 702 from whence the NE corner of Sec. No. 702 brs. E 5.04 vrs.; THENCE Southwesterly 1940.4 vrs. along the meanders of the C.L. of said Snyder-Clairemont Public Road to the point of intersection of said C/L with the SBL of Sec. No. 702;

THENCE W 1306.8 vrs. to the place of beginning, containing 843.2 acres of land. The State of Texas

To The Sheriff or any Constable of any County of the State of Texas, GREETING:

You are hereby commanded to serve the foregoing citation by making publication thereof in some newspaper, of legal circulation, published in the County of Scurry for four (4) consecutive weeks, the first publication to be at least 28 days before the return day of the citation.

Herein Fail Not, but on the return day hereinabove named, have you then and there before said court this writ, with your return thereon, showing how you have executed the same.

Issued and given under my hand and seal of said court in Boerne, Texas, this 30th day of January, 1958.

Party Fetes Negro Family

NORWALK, Conn. (AP)—A Negro family, in the process of moving into an all-white neighborhood, was feted at a party last night by a white family.

Host and hostess Mr. and Mrs. William Atkins said it was a "very successful" gathering. They had 10 other adults and 11 children over to greet the negroes, Mr. and Mrs. Robert J. Randall and their three children.

The Randalls started moving into their $35,000 home in all-white Apple Tree Lane, a development here. Mrs. Randall told a newsman: "We have no qualms. We came here because we needed more room and space for the children, not to try to crash the social life of the community."

Randall works for a New York insurance firm. He is a graduate of Yale University.

LEGAL NOTICE

THE STATE OF TEXAS
TO: ANITA MAE HOWELL

GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 14th day of April, A.D., 1958, at or before 10 o'clock A.M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 28th day of February, 1958.

The file number of said suit being No. 7386

The names of the parties in said suit are:

BOBBY DELL HOWELL as Plaintiff,
and
ANITA MAE HOWELL as Defendant.

The nature of said suit being substantially as follows, to wit: DIVORCE

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 28th day of February, A.D., 1958

Given under my hand and seal of said Court, at office in Texas, this the 28th day of February, A.D., 1958

"AD

now... take the big step ahead

new blue Chevron Supreme

Standard announces a new grade of gasoline...
specially compounded to deliver more
performance from today's super cars

...more value from your gasoline dollar!

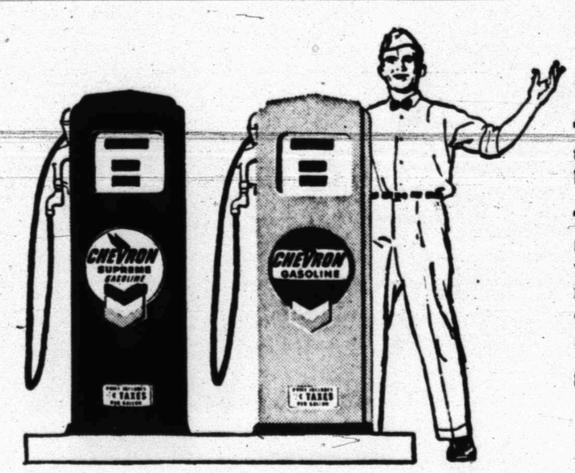

Feeling adventurous? Then take the big step ahead to a new experience in driving ... new blue Chevron Supreme!

Here is a different gasoline ... designed to put your car on a new level of power and performance.

New blue Chevron Supreme is made possible by new developments in refining techniques ... a special compounding of selected gasoline stocks with advanced components of aircraft fuel.

The result is a super gasoline ... road-tested for thousands of hours on powerful new '58's ... on late model cars ... even on older models with high compression engines.

The big step ahead is *here*. Take it today. New blue Chevron Supreme ...

Top performance from Chevron, too. Chevron Gasoline is for all but the highest-compression cars.

The West's most popular economy gasoline, it's the only "regular" with the same compound you get in new blue Chevron Supreme—carburetor-cleaning Detergent-Action, for greater gas mileage.

Stop for Chevron at the red pump.

AT THE SIGN OF THE CHEVRON

we take better care of your car
