High Court Backs Up Decision for Lyndon Johnson

WASHINGTON, Oct. 5. — The United States Supreme Court Tuesday approved Associate Justice Hugo L. Black's action putting Lyndon B. Johnson on the Texas ballot as the Democratic nominee for United States Senator.

The decision appeared a knock-out blow for former Gov. Coke R. Stevenson in his legal fight to keep Johnson off the ticket.

Stevenson is left free to carry his case to the Supreme Court again on an appeal from the Fifth Circuit Court, if he loses there, but he seems to have been caught by the time element.

His only practical course of action appeared now to take a contest to the United States Senate.

Under the Constitution, the Senate is the final judge of the qualifications and eligibility of its members. It has the power to refuse admission to a person holding an election certificate.

Additional information on a test to be drilled by Carter & Campbell, Houston, as No. 1 A. L. Vick places it southeast of Shell Oil's Paluxy discovery at Mitchell Creek just inside Hopkins County. Scheduled to test the Paluxy, the operation is spotted now in the northwest corner of the S. McCrary survey.

Mt. Pleasant Child Instantly Killed

Little Gary McCauley, 3-year-old son of Dr. and Mrs. L. C. McCauley, was instantly killed Wednesday morning when he was struck by a city street maintainer in Mt. Pleasant. The tragic accident occurred when the huge rear wheels passed over the child's body while the machine was being backed up.

Mr. and Mrs. J. L. Hughes and family returned Tuesday evening from Gatesville, where they attended the funeral of Mrs. Hughes' father, Mrs. Hughes had been with her father a week before his death on Saturday night. Mr. Hughes and children went to Gatesville Saturday.

Discounts Given Early Taxpayers

Tax paying time is here again and discounts are offered for prompt payment by most collecting agencies.

The maximum discount of three per cent will prevail during the month of October.

In November the rate falls to two per cent and in December only one per cent can be deducted. Payments made in January will be net. Penalty will be applied after January 31.

Bulk of all taxes assessed locally will be paid during the month of October when the three per cent discount prevails. For several years the first tax paying month has been the heavy period, accounting for practically all the larger accounts and a majority of the medium and smaller payments.

Trojans Edge Hughes Springs 26 to 19 Friday

By CLAUDE PARR
An end skit by Bill Duke in the last two minutes of play resulted in the Talco Trojans 26-19 victory over the Hughes Springs Mustangs Friday night at Talco stadium.

This being the Red and Blues third conference victory, put them in good spirits for the Mt. Pleasant Tigers Friday night.

A highly offensive ball game, both teams took turn about scoring. The Mustangs scored twice in the first quarter to the Trojans' once. In the second half the Trojans scored three times and the Mustangs only once. Lon Jones, J. B. Walker, Billy Duke and Jimmy Cox counted for the Trojans and Big Edward Frye pulled Talco ahead by plunging two extra points. Being mostly a ball carriers game, T. G. Temple, Jerry Spruell and Freddy Owens did much to help the Trojans toward paydirt.

Trojans opened the game by kicking to the Mustangs who took a march down field and reached paydirt on a 25-yard end run by Boughner. Still in the fighting spirit the Trojans received the kick and started on the march. J. B. Walker picked up extra yardage on a series of end runs. Then on the 1 yard line Lon Jones pulled the old quarterback sneak and reached paydirt.

Late in the second stanza the Mustangs counted again when Bugs Davis pulled an 8 yard run off tackle. In the third the Trojans received the ball on the 50 yard line and ran back to the 45. Then the Red and Blue's most spectacular play came: Lon Jones faked back to pass, found Jerry Spruell in the open, but the pass looked bad, Spruell reached and plucked the ball about six inches off the ground. On the 10-yard line Lon Jones found Jimmy Cox in the end zone, cocked his arm and found the mark for the second Trojan TD. Edward Frye plunged for the extra point.

Kicking to the Mustangs, the Trojans found the Ponies in a galloping mood. They advanced to the 20 yard marker and Toby Witt ran off tackle for a tally. McKinney kicked the extra point. In the final chapter Talco received the kick and marched down the field; gave J. B. Walker the ball, who went off tackle for the third TD. Frye backed up and jammed through the line for extra point.

But it was anyone's ball game. The Trojans only held a 1 point lead. Talco kicked to the Mustangs, but on a play the ball slipped from a Mustang's hands. After the boys were unpiled, Freddy Owens was found on the ball. Then most unexpected to the Mustangs, Bill Duke tucked the ball under his arm and raced 10 yards for the final tally of the game.

Hughes to Direct Drive in Talco March of Dimes

Ray R. Roberts, Titus County Campaign Director of the March of Dimes has notified Supt. J. L. Hughes that he has been selected to direct the 1949 campaign in Talco.

The March of Dimes campaign is for the National Foundation of Infantile Paralysis. Because of the great number of persons stricken with infantile paralysis this year the success of this campaign is very urgently needed. In the near future, Supt. Hughes will select helpers for this work.

Articles Added to School Museum

Billy Ray Whitney and Minerva Easterling have loaned two cap-and-ball pistols to the museum. Bob Parker has on exhibit in the museum a gas mask and helmet used by his dad during World War I. A locket reported to have been over 150 years old has been placed in the museum by Lavon Harper.

It is requested that anyone having articles of historical interest, lend them to the school museum.

Mr. Branch gave up the post to become connected with the Irvin-Sandlin Chevrolet Company.

Spotlighting Men T. H. S. Athletics

By CLAUDE PARR
Our Spotlight Trojan, the first in a series, is Jimmy Cox, one of Talco's three returning lettermen. One of the truly good sportsmen of THS, Jimmy has participated in the Trojan workouts for four years.

Jimmy began his athletic career last year when he started the Trojan gridiron team on the right end position. He played the maximum and took home a Red and Blue letter.

He also started the baseball nine on first base, hit a consecutive .300, was a left handed batter, but is a right handed thrower.

This year you may see Jimmy on the Trojan eleven at right end and occasionally as line backer. Jimmy started his school life at THS, is now a senior, stands 6'1" high, weighs 160 pounds and is making above average grades in five subjects. He also is president of the Student Council.

Second of the Spotlight Trojans is Eddy Dunagan. Eddy also started his school life at Talco High, the second of the Trojans' three-letter men. Eddy started the Trojan football team last year at right guard; played this position well and came home with the Trojan "T".

On the Trojan basketball team he played at a guard position and substituted for the A squad. Eddy played enough quarters to letter, but was unable to receive a jacket because of his football letter. We also saw a great deal of Eddy on the baseball team; played right field and second base, was a right handed batter and hit .225.

This year finds Eddy on the gridiron's right guard or center position.

Eddy is now a senior, is about 5'11" tall, weighs 165 pounds, is making good grades in five subjects and is rep. to the Student Council.

Mays Reburial at Talco on Sunday

Reburial of Cpl. Willie Mays, Cuthand, was made in the Belcher Cemetery near Maple Springs Sunday afternoon at 3 o'clock. Arthur Bond, Bogata minister, conducted the service and the Clarksville American Legion post conducted the military rites. Pallbearers were Otto White, Fred White, Eugene White, Joe Carr, Clinton Carr and Sam Shirfield. Corporal Mays was killed in Holland, Oct. 28, 1944. He was born at Talco Jan. 22, 1912. He received his military training at Camp Polk, La., and Camp Hood, before going overseas in 1943.

He leaves one son, Sammie Dean Mays, and these brothers and sisters: Ed Mays, Bogata; John Albert Mays, Odessa; Robert Mays, Cuthand; Mrs. Lewis Williams and Mrs. Willard Covington, Frederick, Ok. He was the nephew of Moody, Lett and Jess Belcher. Corporal Mays was the son of Mr. and Mrs. Will Mays, Bogata Rt. 1. He served in France and Holland and received the Purple Heart with three battle stars.

Trojan-Tiger Clash Friday

By CLAUDE PARR

Talco Trojans meet the Mt. Pleasant Tigers at Mt. Pleasant on Friday night. The Trojans go into this game with only three last year's lettermen to Mt. Pleasant's eight oldtimers.

Being a friendly rivalry with Mt. Pleasant during district competition in previous years, gave the Trojans a desire to meet them again.

Mt. Pleasant outweighs the Trojans about 10 pounds per man and have a speedy ball club.

The Trojans are composed of small boys who have participated in practicing for many years, have the fighting spirit and the proper coaching to win over great odds.

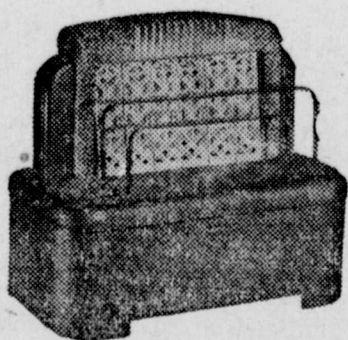

Voc. Agri. Teachers Meet at Commerce

Sixty-nine vocational agricultural teachers were in Commerce Tuesday attending an area meet. The meeting was held at East Texas State Teachers College with the area president, Tom Cunningham of Trenton, in charge. J. C. Miller of Deport, was among those attending.

Deport has been designated as the location for the monthly meetings which are held the first Thursday in each month for the Central District. This district is composed of 18 schools, with Morris Trimm of Bogata, as president and J. C. Miller of Deport, as secretary.

which was torn down, was the first house to be built in Talco. Although the Kelleys, as is everyone in Talco, are very proud of their new six room house, they are no prouder than when they moved into the old one, their first.

FRIDAY, OCTOBER 8, 1948

Truman's mis-named Democratic forces are certainly in doubt about what Texas will do politically on Nov. 2 or Truman would not have visited the state. His endorsement of Lyndon Johnson was resented by supporters

of Coke Stevenson, and there are a lot of them, as the August primary proved. Instead of a statesman-like discussion of the problems confronting the nation, both at home and abroad, he rambled and abused the Eightieth Congress which refused to pass his proposals, which even a New Deal congress turned down two years ago. There was not a word about the FEPC, our tidelands claims nor the acute Beglin situation. If you ask the opinion of this country editor who voted for Al Smith when Texas went Republican in 1928, Truman lost votes by coming to Texas.

Seed Cotton House Burns at Blossom

The seed cotton house of the Blossom Gin was destroyed by fire of undetermined origin early Wednesday morning. Total loss from the blaze was estimated about \$10,000. About 20 bales of seed cotton were in the house and loss of the cotton was estimated at about \$5,000. Air blowing equipment, the structure and other equipment accounting for the remainder of the loss. The gin was not damaged.

THE CHURCH

Whenever the definite article "the" is used before a word it points out something in particular. Especially is this true when the article appears before the word "church." In the first century, this expression meant that there was but one church, and it still means that in the sight of God. Several illustrations in the New Testament teach that there is but one church.

The human body is used as an illustration teaching that there is but one church. "For as the body is one, and hath many members, and all the members of the body, being many, are one body; so also is Christ." 1 Cor. 12:12. "And he is the head of the body, the church..." Col. 1:18. "There is one body..." Eph. 4:4.

The family is also used as an illustration teaching that there is but one church. "Behold what manner of love the Father hath bestowed upon us, that we should be called children of God; and such are we." 1 John 3:1. "So then ye are no more strangers and sojourners but ye are fellow-citizens with the saints, and of the household of God." Eph. 2:19. God has only one family and that family is the church.

A third illustration is the fold, or the flock. "And other sheep I have, which are not of this fold: them also I must bring, and they shall hear my voice; and they shall become one flock, one shepherd." John 10:16. Christ is the good shepherd and the church is the flock. There is one flock and one shepherd.

Another example is that of the king-

dom. "... upon this rock I will build my church; and the gates of Hades shall not prevail against it. And I will give unto thee the keys of the kingdom of heaven..." Matt. 16:18, 19. There are but two kingdoms: the kingdom of Satan and the kingdom of God. Christ taught that he would build just one church.

Still another representation which describes the church is the vineyard. "For the kingdom of heaven is like unto a man that was a householder, who went out early in the morning to hire laborers into his vineyard." Matt. 20:1. Those who are in the church are in the vineyard of the Lord. He has only one vineyard and laborers have to work in His vineyard to receive wages from Him.

The vine and the branches indicate that there is but one church. "I am the vine, ye are the branches..." If a man abide not in me, he is cast forth as a branch, and is withered; and they gather them, and cast them into the fire, and they are burned." John 15:5, 6. Christ is the vine and each Christian is a branch. The Christian must abide in Christ—and to be in Christ is to be in his body, the church.

If there are many churches, why did Jesus use the singular number when he said, "I will build MY CHURCH?" If there are more churches than the one church, why did Paul say "There is one body"? How can there be many churches when Christ said there would be one flock, one shepherd? Surely God has only one family. The important question is "Are you in His family?"

"WE WELCOME YOU TO THE CHURCH OF WHICH YOU CAN READ IN THE NEW TESTAMENT."

Bogata Fire Truck Damaged While Answering Alarm

As Fire Chief W. C. Kelly, driving Bogata's fire truck, was responding to a fire alarm call at the home of Mr. and Mrs. A. H. Denny in South Bogata about 9 o'clock Wednesday night, he was met head-on at the intersection of Highway 37 and Main street by a large oil machinery truck, belonging to the Grevers Trucking Co. of Tulsa, Ok., the 24-foot trailer crashing into the front of the fire truck as Kelly made the turn down South Main.

Damage to the fire truck was approximately \$200 and put Bogata without fire fighting equipment until repairs can be made on the truck. The driver of the other truck was uninjured and damage to the trailer of his truck was slight.

Fire at the Denny home was caused from the wiring in the ceiling and was put out before much damage was done.

Urge Planting of Fall Gardens

Cut the cost of food by planting a fall garden. Fall is officially here and as soon as there is a little moisture in the soil a variety of fall vegetables can be planted, according to County Agents.

Tender vegetables recommended which should mature before frost include beans, Irish potatoes, mustard, leaf lettuce and radishes.

Semi-hardy vegetables which will withstand a light frost include carrots, cabbage, beets, Swiss chard and turnips.

Hardy vegetables which withstand heavy frost are collards, English peas, onions, head lettuce and spinach.

Fine Arts Club With Mrs. Johnson

Talco Fine Arts Club met Tuesday afternoon in the home of Mrs. Howard Johnson, hostess. After reciting the Club Collect in unison, roll call was given with Biblical quotations on the home.

Mrs. M. E. Jones presided and during the business session more complete plans were made for the Halloween carnival to be held Saturday, Oct. 30 at the American Legion hall.

Mrs. C. C. Collins introduced the following program on "Spiritual Life in the Home": "Finding a Blueprint," Mrs. Weatherall; "Building Material," Mrs. Collins; and "Making the Home Church-Centered," Mrs. Johnson.

Emphasis on Christian home living is one of the greatly needed influences today. The breakdown of the home, all will not doubt agree, is the very greatest present threat to America. To save our cherished civilization we simply must bring a positive spiritual influence to bear on family life which will establish a new solidarity in the home.

During the social hour refreshments were served to the following members: Mmes. C. C. Collins, M. E. Jones, Howard Johnson, Bert Crowder, T. C. Little, Floyd Parish, Hansen Rikard, G. G. Ryan and J. H. Weatherall. The club will meet in the home of Mrs. Bert Crowder on Oct. 19.

B. E. Dunagan, superintendent of Irving Schools, and his son, Hugh Dunagan, superintendent of Pleasant Grove School, are in the same football conference. Irving coach is C. C. Holden, former Talco coach and Pleasant Grove coach is Cecil Johnson, former student of B. E. Dunagan, and played football under Holden. They play a conference game on Nov. 5.

TEMPTATION

"Chris," I called to my young daughter, "what are you doing in the pantry?"

"Nothing, Mother," came the solemn reply, "just fighting temptation."

One boycott is the dady of another. No sooner than Dallas women started their telephone boycott against meat than cattle growers suggested a boycott against Dallas.

Achin Alcorn Says Dewey's Method of Tackling Problem Has Possibilities

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur apparently has found out a presidential campaign is underway. This makes the news universal.

Dear Editor: I know a lot of big city papers have come out for Dewey for President and while I am following my policy of not stating my opinion as long as there is a chance left of getting a cigar from either side, as my experience has been that most candidates do more for me before they're elected than after and I guess a cheap cigar is better than nothing. I was read in a copy of a paper which I borrowed out of my neighbor's mail box and will return if he misses it and starts this way, where Thomas Dewey has a method of ending high prices.

According to Dewey, what the country should do is send to Washington a man who is able and honest, for example him, who "has the courage to tackle this problem of high prices and inflation, and to tackle it effectively."

Now that's what I been wantin to hear, and I read on. But how do you reckon Dewey wants to "tackle" the problem of high prices?

He wants to tackle it by havin the country produce more. "A great upsurge of production" is what he favors.

I cooled off right quick. Tackling a problem by havin somebody else work harder and produce more is all right providin I'm doing the tacklin, but when you're on the producin end, the story's different. High prices is bad in some respects, but thunder, workin harder is worse. There may be folks who'll do it, but swappin high prices for hard work, windin up with low prices and yourself played out, ain't my idea of getting anywhere.

However, if Mr. Dewey can do it, I may get on his band wagon a certain extent and start tacklin a few problems myself. Will tackle the Johnson grass in my abandoned cotton patch by gettin somebody else to fight the stuff for me. Will tackle the wood pile by gettin my wife to chop harder. A great upsurge of stove wood is what we need, I'll tell her. Will tackle the food problem my urgin my neighbor to produce more. May even tackle my readin problem by urgin you to produce more papers and get some out this way.

Yours faithfully, A. A.

Driest September Here Since 1939

With .34 of an inch of measured precipitation, September was the driest month of 1948 and recorded less rainfall than any September since 1939, according to the U. S. Weather Bureau station at Clarksville. Several times within the last forty-four years no precipitation has been recorded in September at Clarksville.

This type of weather has been ideal for the harvesting of crops, particularly cotton, the grade of which declines when subjected to moderate to heavy rains.

Producers of late vegetables and feed crops have sustained appreciable losses because of the moisture deficiency. Ranges have suffered and meadows will yield less hay. Water hauling has been far above average.

The close of the month found the average farmer ahead of schedule in crop gathering here. His labor problems have been less serious than expected because of the long period of favorable harvest weather.

All outdoor activities, including road building, construction projects, etc., have likewise benefited from the long dry period.

C. E. Jones of Talco and Leo Wilson of Mt. Pleasant, have returned from an inspection of their deer lease 30 miles north of Uvalde. They report a 4½ inch rain in the area three weeks ago that helped vegetation and that there is a good acorn crop. Deer hunters will be glad to have this information.

*From where I sit ... by Joe Marsh***Get The Truth!**

Called on my good friend "Cappy" Miller, who edits the County Bee, the other day. And hanging up on the wall of Cappy's office is this slogan for his paper:

"Remember there are two sides to every question. Get both sides. Be truthful."

A good slogan . . . not just for a newspaper—for people, too. Because there'll always be two sides to every question: the side of those who vote one way, and those who vote another—the side of those who enjoy a temperate beverage

like beer or ale, and of those who swear by nothing but cider.

And from where I sit, once you've got both sides—and faced them truthfully, you realize that these differences of opinion are a precious part of what we call Democracy—the right of the individual to vote as he believes, to speak his mind, to choose his own beverage of moderation, whether beer or cider.
