TEXAN SLAIN RESISTING ROBBERS

Geologists Must Get Permit

PARRISH BILL SMACKS 'PRIORITY RIGHTS'

AUSTIN, Feb. 15.—Geologists will be required to obtain permission of the land owner before they make any explorations or surveys on Texas lands, a bill, another of the "priority rights" vintage, which has been introduced by Senator Pink Parrish of Lubbock is passed.

The bill has been reported favorably by the senate committee and is now on the calendar.

This law has become necessary, Parrish explained, "because knowingly or unknowingly some geologists have taken big advantage of West Texas land owners, some of whom were in bad financial circumstances. This bill will not affect, in any way, geologists who give the land owner a square deal, and I realize there are many who do deal fairly, and since they are not harmed, they should support this measure wholeheartedly."

But it happens that some geologists have explored property without permission in West Texas, have located rich oil pools under the surface, have informed farmers and ranchmen there was no oil, leased the land at next to nothing and then good oil wells were brought in, the land owner being the victim.

"So many citizens of the West Texas oil fields have called incidents such as this to my attention that it is up to the state Government to protect the rights of its citizens. In one case a man, without permission, investigated a farm, realized there was oil underneath, leased the land to a widow who was ill in bed in a distant town and got a lease for a few cents an acre."

"It has been represented to me that many of the geologists always go to the land owner to obtain his or her permission before beginning an exploration. If so, how can they complain against this proposed law, which merely stops those who would defraud?"

"Any Texas citizen would resent a stranger digging around in his back yard without permission and this is a parallel situation. This bill ought to pass with a unanimous vote in both houses. It is merely protection to the home owner."

PAPELO ISLAND, Ga., Feb. 15 (AP).—Col. Charles A. Lindbergh landed on the island at 11:25 a. m., to be the guest of Mr. and Mrs. Edward E. Coffin.

BORDER GUARD OFFICERS HERE

UNDESIRABLES FROM MEXICO MAY BE DEPORTED

In an effort to rid this section of undesirable criminal type Mexican, two border patrol officers were sent to Lubbock this morning in connection with a tour over West Texas.

The officers are N. D. Collier of the 25th immigration district, and C. Courtney of Marfa, chief patrol officer. Coming here last night from San Angelo, the officers will next go to Amarillo.

It was thought this morning that several Mexicans in the county jail were on various charges would be deported by the officers. Inspector Courtney explained the purpose of the peace enforcement officers of the different counties, securing their co-operation in keeping the undesirable Mexicans out of this state.

From this district, which includes Pecos, New Mexico and a part of Texas, 8,000 Mexicans have been deported across the border, since July, Courtney said. He stated that Mexicans convicted on certain charges could be prosecuted if they returned to the United States after having been deported.

FAIRFIELD, Tex., Feb. 15 (AP).—Following examining trial, Mrs. W. D. Deakle, charged with murder for the fatal shooting of her husband at Deakle, was released under \$2,000 bond here today.

RULE AGAINST HEARING ON RACING BILL

NORRIS MOVE TO MAKE TALK BRINGS FIGHT

RESOLUTION TO PERMIT SPEECH BY PASTOR IS VOTED DOWN

(By Associated Press)

AUSTIN, Feb. 15.—An attempt to hold a public hearing on the so-called racing bill, passed out favorably by committee and now on the house calendar, was defeated, 38 to 63, today.

The name of Rev. J. Frank Norris of Port Worth, was flung across the hall in heated debates by Representatives J. C. Duvall of Port Worth and Frank Baldwin of Waco as Baldwin attacked the minister as the instigator of the move.

The senate turned down a resolution by Senator Tom Pollard of Tyler, inviting Rev. Norris to address that body. The vote was 12 to 10.

Rev. Norris was seated on the floor of the senate when the vote was taken.

Duvall and others tried to howl down Baldwin as he scathingly criticized Rev. Norris, but his voice rose above the din as he shouted out his denunciation.

"Unfortunately Norris has already accomplished his purpose of obtaining statewide publicity in this matter," Baldwin stated. "This resolution was inspired by Norris."

The fight was brought on when Duvall and Representative Ray Holder of Lancaster and Frank Patterson, jr., of Port Worth, sent up a simple resolution providing for a public hearing on the bill, which opponents claim would legalize horse racing in Texas, in the house on February 13.

Rev. Norris was on the floor of the house before it was called to order.

Duvall said as a "citizen of Texas and as one of the constituents," Rev. Norris had a right to be heard.

"McLennan county does not need a resolution."

Wilson Makes Plea In Train Robbery

PORT WORTH, Feb. 15 (AP).—Facing a jury in federal court, Travis H. Wilson, 22, pleaded guilty today to the \$56,000 mail robbery November 9 in a Texas and Pacific baggage car between Aledo and Port Worth. Pleas of not guilty were entered by Mesling E. Pruett, 48, mail clerk, and Mrs. Ottilie Bridges, 30, charged with being accomplices.

The defendants were asked to stand and enter their pleas. The court room was crowded with spectators. Witnesses were sworn for the government. Announcement was made that defense witnesses would be sworn in later.

LEVELLAND ROAD MEETING LATER

Proponents Of Designated Route To West Delayed

Scheduled to meet at Levelled last night, proponents of the designation of a highway from Lubbock west through Levelled to the New Mexico state line postponed the meeting until a later date, it was announced this morning by Charles F. O'Neill, chairman of the good roads organization.

The fact that several unsolved problems concerning the proposed highway were given as the basis for the postponement. Date of the meeting has not been announced. It had been planned for representatives from all points to be touched by the proposed highway to attend the meeting.

Stock Exchange Rises, Then Falls

NEW YORK, Feb. 15 (AP).—The New York Stock Exchange opened with a burst of strength today, as retention of the 5 per cent red-emption rate by the New York Federal Reserve bank last night precipitated a flood of short covering, but the movement soon spent itself, and the market began to slip, a wide assortment of issues showing net losses of \$2 to \$11 by early afternoon.

LUBBOCK GETS MAIN GAS OFFICE

LARGEST AIRCRAFT PREPARES TO VISIT U. S.

Final preparations are being made for the flight of the R-100, largest lighter-than-air craft in the world from England to the United States. It is almost half again the size of the Graf Zeppelin makes 100 miles an hour and is manned by a crew of 40 men. One hundred passengers can be accommodated above the R-100 and inset of its commander, C. D. Barney.

OFFICERS TO BLAME FOR KILLINGS, RUMOR ASSERTS

HERRIN MAYOR IS CONVICTED IN BOOZE PLOT

CHICAGO, Feb. 15.—Major Fred D. Sillway, assistant prohibition administrator, today advanced the theory that police officers themselves killed the seven gangsters shot to death in a North Side gang stronghold yesterday, and declared he believed the names of the actual slayers would be known before night.

Commissioner of Police Russell who hurried to the scene of the slaying yesterday was quoted as saying, "This will be the end of gang war in Chicago. The police will fight it out to the death with the gunmen." He has ascribed most of the gang killings to bootleggers.

The case was given to the jury last night and a sealed verdict was handed to Federal Judge Fred L. Wham this morning.

The mayor was accused of having been in collusion with the Charlie Birger gang of gunmen in wholesale liquor traffic and to have kept the town "wide open" to bootleggers and saloonkeepers. His brother and sister-in-law were also named.

Another city official accused in the conspiracy, Alvin Misker, water superintendent, pleaded guilty at the outset of the trial and turned government witness.

Judge Wham gave the four men eight days of grace in which to return to Herrin, resign from their offices and close up their affairs. He set February 23 as the day for passing sentences.

The maximum sentence which each may receive is two years in prison and a \$10,000 fine.

CATTLE THEFTS CHARGED HERE

Indictment Recalls Days Of "Cattle Rustling"

Five indictments, four charging violation of the liquor laws and one charging cattle theft, were returned yesterday by the 72nd district grand jury in session at the court house. This brought the total to ten indictments since the jury was empaneled last Monday morning. Nine of these have been on liquor violation counts.

District Attorney Durwood Bradley is aiding the jury in its investigations. Scores of witnesses have been called in for testimony. J. H. Teague of Slaton is foreman, and the other members include J. W. Henry, J. H. Brewer, G. C. McLean, P. C. Selman, Jack Parsons, Van Stokes, J. M. Denman, K. M. McRay, Paul Hardwick, J. S. Eum and C. C. Sheldon.

DEATH DECREED TO STRAY DOGS

Immediate Execution For Footloose Canines

Following numerous complaints from various parts of the city concerning stray dogs, the city commission yesterday ordered all dogs, not registered this year, to be killed upon apprehension.

It was learned that only about 55 dog licenses had been paid this year as compared to more than 300 last year. The dog license tax is \$1.

INTENSIVE MANHUNT IS CONTINUED FOR BAND OF MURDERERS

(By Associated Press)

DRIVERS MUST STOP AS FIRE SIREN SOUNDS

Automobile drivers who fail to pull to the curb at the sound of the fire siren or who drive through an amber light when the trucks are making a run are to be penalized.

This was the decision of the city commissioners in session at the city hall yesterday, who authorized the police department to arrest and assess fines to anyone interfering with the speed of a fire truck.

About twenty or twenty-five license numbers of cars getting in the way of a fire truck have been taken down by firemen since the first of the year. This list will be turned over to the police department and arrests made from the list.

Enforcement of the city ordinance requiring motorists to pull to the curb as soon as the fire siren is sounded was decided upon by the commissioners as the only remedy for the problem.

Elihu Root, 84 Today, To Sit In World Court

NEW YORK, Feb. 15 (AP).—Elihu Root, who is 84 years old today, will sail for Europe at midnight on the Italian liner Augustus to accept an invitation of the League of Nations to sit with jurists to revise the statutes of the World Court. Although not acting as a representative of the United States government he is expected while in Europe to try informally to lay the ground work for acceptance of the American reservations.

Hoover Leaves For Tour In Florida

MIAMI BEACH, Fla., Feb. 15 (AP).—President-elect Hoover left his vacation home on Belle Isle at 8:30 a. m. today for a two-day automobile trip through the Lake Okechobee district of Florida.

He is making the journey at the invitation of Governor Doyle E. Carlton so he may have a close-up view of the conditions which in the view of Florida officials call for Federal aid both for flood control and the improvement of navigation.

MAIN HOUSE NOW LOCATED AT AMARILLO

CHANGE MEANS WHOLE NETWORK WILL BE DIRECTED HERE

Removal of the general offices of the West Texas Gas company from Amarillo to Lubbock was announced here this morning by H. S. Brown, manager of the local gas company.

The change will be effected sometime early next summer, Mr. Brown said. The fact that Lubbock is located at a central point of the plants owned by the company is given as the reason for the change in location of the headquarters.

The general offices have been located at Amarillo for the past two years since time or organization of the company, and have controlled the plants over a vast section of West Texas, extending from Canyon to Midland. The general offices are in charge of 25 gas distributing plants, including the ones at Canyon, Happy, Tulsa, Hereford, Floydada, Plainview, Abilene, Idalia, Lorenzo, Ralls, Crosbyton, Lubbock, Southland, Slaton, Post, Wilson, Tahoka, O'Donnell, Lamesa, Stanton, Midland and Odessa.

Establishment of the general offices here will necessitate the erection of a building to house the headquarters, in addition to the transfer of a large number of gas company employees from Amarillo to Lubbock. No location has as yet been made for the offices.

With the location here of the offices, the entire organization will be controlled from this city.

Neff Confirmation May Be Sidetracked

WASHINGTON, Feb. 15 (AP).—Some doubt as to whether the nomination of Pat Neff of Texas as a member of the railway board of mediation could be disposed of before adjournment of congress on March 4 was expressed after an effort to set a time for consideration of the nomination was blocked in the senate last night.

Funds To Begin On Cruiser Work Voted

WASHINGTON, Feb. 15 (AP).—Carrying \$12,370,000 for the first two years program of the newly authorized cruiser construction, the navy department appropriation bill was reported to the senate today by its appropriations committee.

WHAT YOU MIGHT CALL TOUGH LUCK

Chrysler Valet Out \$405, 82 Bottles Of Liquor

HONOLULU, Feb. 15 (AP).—William Reid, who came to Hawaii as valet to Walter P. Chrysler, American automobile magnate, was fined 81 bottles of assorted liquors and \$405 in cash today because the 82nd bottle broke.

Mr. and Mrs. Chrysler and their daughter, Bernice, and son, Walter P. arrived here on the steamer Malolo from San Francisco Wednesday for a short vacation enroute to the far east.

When the Chrysler luggage was being removed from the boat there were certain bags that Reid refused to let porters handle. He took them off himself. An odor of liquor attracted the attention of suspicious customs officers. The bags were found to contain whiskey, gin, rum, and champagne. The odor came from a broken whiskey bottle.

A fine of \$5 a bottle was levied on the valet. Reid appeared at the customs office yesterday and paid \$504 at that rate. He did not say to whom the liquor belonged.

Mr. Chrysler made no comment for publication.

SHE DETESTS MEN

Spinster, 100, Glad She Never Married; Happy Without 'Em

BOSTON, Eng., Feb. 15 (AP).—Miss Wilhelmina Robinson has reached the age of 100 years.

"I detest men," she avowed on reaching the century mark, "and I put down my long and happy life to the fact that I was never foolish enough to marry one."

Miss Wilhelmina wears a frilly cap and shares her rooms with two milk-white cats—both ladies.

"Single women have a far better life than any wife," said the white haired little spinster. "The girls of today are a scandal. It is men, men, men, all the time."

Courtship and the technique of proposing—Leap year or any year—never concerned her at any time, Miss Robinson declared emphatically.

"I never asked any man to marry me and no one ever asked me to marry him," she said.

SHIP ADRIFT IS MENACING OTHER CRAFT

WARNING BROADCAST AS VESSEL MOVES ABOUT UNMANNED

(By Associated Press)

SEATTLE, Feb. 15.—Warning that the disabled freighter Alloway was adrift and menacing navigation at Unimak Pass, Aleutian Island, was broadcast by the naval radio station here today after unsuccessful efforts had been made by the coast guard cutter Cheilan to tow her to safety.

The hopes of James L. Posey, of Seattle, oiler, and storekeeper of the Alloway, of receiving a generous reward in salvage because he stayed with his ship after the other 33 members of the crew had been rescued, Tuesday night all of the crew except Posey took to lifeboats as the Cheilan reported the derelict had been lost in the fog and darkness.

Posey was called "The Mad Oiler of the Alloway" because he refused to leave the ship last Tuesday as a fierce storm drove her toward the rocks of Alaska Island. After serving single-handed for two days as the captain and crew of the freighter Posey was taken aboard the Cheilan last night. The Cheilan's physicians pronounced him physically and mentally sound.

The Alloway, a freighter carrying a cargo of 1,000,000 feet of lumber and 600 tons of wheat, was bound for Japan to be scrapped when the storm overtook her last week. Attempts of the steamers Bronnony and Montauk to tow her were unsuccessful. Tuesday night all of the crew except Posey took to lifeboats and were picked up by the Montauk. Posey refused to leave the ship.

The Montauk, believing the Alloway would be dashed to pieces and that Posey, crazed by the storm, would go with it, steamed away to Dutch Alaska.

Posey located the emergency radio set of the Alloway and without experience in operating it, managed to keep the air full of meaningless dots and dashes for two days. Meanwhile the Cheilan went to his rescue.

Fate Of Methodist Schools Unsettled

GEORGETOWN, Feb. 15 (AP).—The future of 10 of the leading Methodist schools of Texas was in the hands of a sub-committee of the Texas Educational commission of the Methodist Episcopal Church, South, here today as that sub-committee, appointed to report on the advisability of relocating and merging the schools, continued its deliberations behind closed doors.

BODY OF MAN FOUND AFTER HOTEL FIGHT

SPECIAL GRAND JURY MAY BE CONVENED AT GREENVILLE

(By Associated Press)

GREENVILLE, Tex., Feb. 15.—Apparently shot to death when he resisted robbers, Glenn A. Coulson, 60, retired jeweler and a pioneer citizen of Greenville, was found dead in a hotel room here today.

Coulson was alone. Mrs. Coulson was in Dallas visiting a daughter.

Guests in the hotel were awakened about 3 a. m., by a series of pistol shots. Coulson was found on the floor, a bullet through his head and a pistol clutched in his right hand. His trousers, with the pockets turned inside out, were in the hallway.

A money sack, a purse and a cash box also had been rifled. The pocketbook was on a window ledge leading to a fire escape, and the window was shattered, either by a bullet or a brick, which was found on the ground underneath. Three bullet holes were in the walls of the room. Coulson was clad only in his pajamas.

Patrolman James Orr, who was on a nearby street, held three men for questioning after the shooting, and a fingerprint expert from Dallas was called to aid in the investigation.

Officials were to confer today as to whether a special grand jury session for investigation should be called.

Rumor Trotzky Has Left Constantinople

CONSTANTINOPLE, Feb. 15 (AP).—Departure of a Soviet steamer today in the direction of Mudania, across the Sea of Marmara in Brusa, Asia Minor, gave rise to the belief that Vladimir I. Lenin, leader of the Russian revolution, might be aboard. Under Turkish law only Turkish boats are permitted to ply between Turkish ports.

Lubbock Man Held For Selling 'Jake'

Charged with peddling "Jake", owner of a local confectionery was arrested by city and county officers yesterday afternoon. No formal charges have been filed. About two cases of Jamaica ginger were confiscated in connection with the arrest.

MAY CHANGE DAIRY RULES

DIRECTORS OF SHOW IN SESSION TALK OVER NEW CONSTITUTION

Revision of the constitution of the Panhandle-Plains Dairy Show association was sought by the meeting of a committee of the organization in the offices of Lubbock County Agent D. F. Eaton.

R. B. Davis, Terry county agent, of Brownfield; R. L. Milhollin, Hale county agent, of Plainview; W. L. Stangel, Tech college professor; Murrey Hopkins, manager of the Plainview Chamber of Commerce, and D. F. Eaton, Lubbock county agent, attended the meeting.

One of the changes sought is a clause which would permit the location of the show at Plainview. This point is not definitely clear in the original constitution, and as Plainview is planning the erection of a large, expensive building to house the annual show, officials of that city want the question definitely settled before the proposed expenditure is made. In addition to this, a complete revision of the constitution is asked for.

Action of the sub-committee here will be presented to the directors of the organization in session Feb. 28 at Plainview. A copy of the amended constitution will be given to all members of the association so that a vote can be taken at the annual meeting in April.

CREW OF 25 RESCUED FROM SHIP GROUND TO PIECES OFF ALASKA

(By Associated Press)
SEATTLE, Wash., Feb. 15.—Twenty-five Japanese, snatched from the freighter Meito Maru while it was being ground to pieces on the rocks of the Aleutian Islands, were safe aboard the steamer Illinois and the Japanese ship Mankoh Maru today.

Messages last night told of the exciting rescue, but details were lacking.

The rescue was effected by shooting breeches buoys from the Illinois and the Mankoh Maru to the doomed ship and pulling the crew of the Meito Maru to safety.

In a pounding sea and with the rescue ships working dangerously near the rocks, the buoy lines often sagged until their human cargoes were dipped into the surf.

The Meito Maru, a freighter of 5-

400 tons, ran aground Tuesday during a storm. Several hours later the Mankoh Maru reached the scene, but was unable to effect a rescue. Yesterday she stood by until the Illinois arrived.

At Dutch Harbor, Alaska, the crew of the freighter Alloway was recuperating after having been picked up by the steamer Montauk about 100 miles from the wreck of the Meito Maru. Thirty-three men all but one of the crew, abandoned the Alloway as it seemed about to crash into the rocks of Unimak Pass. One member of the crew, an older named Poey, refused to leave the Alloway.

Latest advices here were the Alloway anchors were holding her a few yards off the rocks and Poey was still aboard.

LINDY'S FIANCEE NOT FLAPPER TYPE

FRIENDS OF ELIZABETH MORROW DESCRIBE HER AS IDEAL MATE FOR FLYING COLONEL

NEW YORK, Feb. 15 (AP)—Miss Anne Spencer Morrow, the future Mrs. Charles A. Lindbergh, was described by friends today as an ideal mate for the Flying Colonel.

Both are of the old-fashioned type as contrasted to the modern flapper and the slick-haired youth of today. But Miss Morrow is not averse to a bit of fun and to her intimates is known as a frolicsome young woman, just as "Slim" Lindbergh in his mail flying days was known for his practical jokes.

Born in Englewood, N. J., a fashionable suburb across the Hudson from New York, Miss Morrow is 22 years old, five feet, five inches tall, and has large brown eyes and dark brown, unobbed hair. The Colonel is 27 years old, more than six feet tall, and a blonde. Both are Presbyterians.

At Smith College, Northampton, Mass., from which she was graduated last year, Miss Morrow was one of the most popular girls of her class. Besides showing a decided aptitude for her studies, she was prominent in many social and extracurricular activities.

She wrote the Ivy Day song for her class and a senior song as well.

She was a member of the Manuscript Club, the International Relations Club and the Alpha Fraternity, and was an usher at the junior prom.

Her mother, Mrs. Elizabeth Cutter Morrow, is a trustee of the college. Although known as a studious young woman, Anne is less so than her sister, Elizabeth, a few years her elder, who is a teacher at the exclusive Dwight School for girls at Englewood. Anne is said by friends to be fond of attractive clothes and to have a greater interest in people than books.

Rumors that Colonel Lindbergh was interested in the Morrow girls persisted almost from the time he first met them a year ago on his first good will flight to Mexico. But even members of the Morrow family professed not to know which of the girls it might be. Generally he was seen with them together, and both had made flights with him.

FORTY GYPSIES DROWNED

ZAGREB, Yugoslavia, Feb. 15 (AP)—Forty Gypsies were drowned today in the Brave river, near Tolovets, when they attempted to cross the ice in heavily laden caravans.

THE TINYMITES

BY HAL COCHRAN

(READ THE STORY, THEN COLOR THE PICTURE)

The Trouble Tots and Tinymites was in store. Said Clewney, "We are faring bad, but now they all were more scared than they'd ever been before. The basket they were riding in was very big, but rather thin. They knew that it would sink and wonder just what things like that again. You may call

this a thrill, but it's a think I'd gladly miss."

"Oh, shucks," said Scouty, "please take note that we are safe and still afloat. You're always crying over spilt milk. Now, what good does that do? The rest of us are in for fun, and there is heaps beneath the sun. If we do not wait like you."

Poor Clewney hushed up right away. There wasn't much that he could say. So everyone kept quiet while the basket drifted slow. A wave came rolling from far back, and hit the basket with a smack. It swamped the bunch, and Clewney cried, "I told you. Here we go!"

And he was right as he could be. The whole bunch flopped into the sea. The basket promptly sank from sight, and left the bunch to swim. Brave Scouty then began to roar. "Don't give up hope. Strike out for shore. We all have had a lot of rest."

and ought to feel in trim."

It was a rather funny sight to see them swim with all their might. One Tiny set a speedy pace, and toward the shore they went. Just when the land was within reach, they saw the Sea Man on the beach. "Ha, ha," said he. "Look what you got for being pleasure bent."

(The bunch dry their clothes in the next story.)

WHAT WON'T MEN DO FOR A HYDROX?

Are we becoming a nation of cookie-snitchers?

The power of Sunshine Hydrox cookie-sandwiches over the average man's appetite is almost sinful. It makes husbands pilfer pantries... It makes them reach at table or take two at a time... Well, we're not going to destroy the most glorious biscuit recipe in all the world just because it's nullifying the Book of Etiquette... no ma'am... you'll always find Sunshine Hydrox at your grocer's in charming bon-bon packages... or by the pound.

JTHWESTERN ACE IS LEADING FOR HONOR AS BEST SCORER

AKAHACHIE, Feb. 15 (AP).—Whittle, Southwestern University's star center, is making a big bid for scoring honors in the Conference basketball race. "Rusty" Hill, Trinity University's sensational goal shooter, however, has still a slight lead.

In four games to play, Whittle has 21 points behind Hill, who has participated in only two more games. In eight games Hill has 94 points, while Whittle has 73 points in six games. Regg of Simmons has scored two points than Whittle, but has two more games to play. Whittle will have a chance to go the lead this week-end as the team play the Simmons Cowboys. Howard Payne Yellow Jackets and Hill and the Tigers are idle.

Leading 18 scorers follow: Trinity, 94; Grege, Simmons, 84; Whittle, Southwestern 73; Griffin, Austin 66; Milam, Austin 63; Grege, Austin 53; McCollum, Simmons 50; Marecek, Howard 48; Janzine, St. Edwards 46; Howard Payne 46; Herron, Edwards 40; Sullivan, St. Edwards 38; G. Smith, Southwestern, Fitzgerald, Simmons 37; Matlock, Simmons 36; Mikulik, Southwestern 35; McDouglas, Howard Payne 34; James, St. Edwards.

Swimming Champ Beats Own Record

AUGUSTINE, Fla., Feb. 15.—Martha Norelius, national and Olympic swimming champion, eclipsed more than three seconds from her own 500 yard dash record in an exhibition event here last night. Time was six minutes 29 seconds against her previous best mark of 32:25.

HORSEBACK RIDING IS FAVORITE RECREATION FOR LINDY FIANCEE

(By Associated Press)
MEXICO CITY, Feb. 15.—Hours long horseback rides about the shaded paths of Bosque de Chapultepec (Chapultepec Weeds) afford Miss Anne Morrow time these days for introspective pondering about the life which will soon be hers.

It is a romantic setting—one which charmed her husband-to-be, Colonel Charles A. Lindbergh, who flew over it often while in Mexico City.

Small lakes by the side of the paths are dotted with white swans which swim up to riders for possible bits of food. Tall Mexican cypress trees, as much as 200 feet high, some of them antedating the conquest, abound and make the park cool and peaceful.

Lovers make it a trying place, and from its higher spots the valley of Mexico may be seen in all its beauty. Mexicans and Americans alike frequent it. And there some one seeking solitude and her own thoughts may find it without difficulty.

Not Always Alone
Miss Anne is not always alone in her riding however. Yesterday she chose as her companion Miss Suzanne Beck, daughter of Emanuel Beck, American business man here. They are close friends and may often be seen together on the paths.

Yesterday afternoon Miss Anne played golf with her mother, also a poet. Ordinary social affairs bore her and she is not going to have any more of them than is necessary with life at the embassy. She wishes for nothing more than quiet and the opportunity to live her own life until after her marriage.

There is continued indefiniteness as to plans of Colonel Lindbergh to visit Miss Anne sometime before their wedding. And little more is known as to when that will take place, beyond the first information that it probably will occur in May or June, and either in Mexico City or Englewood.

Fans To Have More Good Games Thanksgiving

(By Associated Press)
WACO, Feb. 15.—Football enthusiasts in Texas will have an opportunity to see more good games during the Thanksgiving holidays this year than ever before, owing to a change in the schedules of several teams, which will provide a good game on the Saturday before Thanksgiving, the annual Texas-Aggie battle Thanksgiving day and a good game the Saturday following Thanksgiving.

Texas Christian university and Baylor, two teams which have been playing traditional battles for many years have decided to play the Saturday before Thanksgiving, while Rice and Southern Methodist university will postpone their traditional Thanksgiving set to until the Saturday after Thanksgiving. This scheme will give Rice, S. M. U., T. C. U. and Baylor a better opportunity to book a late season game with Arkansas.

THERE IS A CHAIR FOR EVERY NOOK AND CRANNY

BY HILDA HUNT

A chair, according to Mr. Webster is: "A movable seat with a back for one person." That's all Mr. Webster seems to know about chairs. He is decidedly emphatic about "the one person" and that's just where I can prove him to be wrong. There are, for I have seen them at tr., headma, furniture salons, chairs for one or two, or three or four, or more persons, just as you choose.

Mr. Webster also has mentioned nothing about the style of a chair. Really the only thing he says about a chair is that to be a chair it must have a back. There I agree with Mr. Webster. Chairs must have backs. He doesn't seem to attach much importance to the various types of chairs on hand. He never mentions the difference between the graceful Louis Quinze, the sturdy early American, the comfortable massive Victorian period and the futuristic modernist type of furniture that has come into vogue.

It takes all kinds of chairs to make a world, as it does all kinds of persons as the above sketch proves. At the upper left is the fat, glazed, china covered chair which holds out comfort with a capital C. At the lower left is shown the "lovers-seat" that fits in the concealed corner under the staircase or in the most secluded nook in the conservatory. A couch-chair, shown at the upper right, seems to offer the nicest spot for the "we-three-together" chat, and if placed in the library in front of a blazing fire, the best place in the house for the after-dinner coffee and cigar. In the center of the sketch is the graceful meditation chair, upholstered in mid-lady's favorite colored satin which harmonizes perfectly with the other pieces in the charming boudoir. At the extreme lower right is shown the favorite for the den or the smoking room. Its padded cushioned seat and back seems to offer red leather upholstery strikes a note of color in a masculine room.

ALCOHOL BLAST ROCKS BIG CITY

Fire Reaches Dockhouse At Buenos Aires

BUEENOS AIRES, Feb. 15 (AP)—A series of explosions, occurring when fire reached a large quantity of alcohol in a dock house at the water side here, rocked Buenos Aires today.

Owing to the thick smoke and the fierceness of the blaze it was impossible to tell if there were any victims. A strong south breeze carried the flames from the blazing structure away from four buildings which contained immense deposits of explosives and which if fired would have endangered the entire dock district.

Two hours after the fire broke out it was apparently under control.

Mr. and Mrs. M. L. Williams and children, Leajana and Laura Jean, of Childress, will arrive Saturday for a two weeks' visit with Mrs. Williams' parents, Mr. and Mrs. J. Chauncey, 1924 Thirteenth street.

Mrs. Brooke And Mrs. Tyler Honored Yesterday Afternoon At Club Affair

Tea guests were Mrs. Roger Pierce, Mrs. Albert Taylor, Mrs. J. H. Hankins, Mrs. E. E. Buckner and Miss Helen Thomas.

Living and Loving

One admires the good person, we may even rhapsodize over him in private, but how often, oh, how often, we do love the graceless scamp that does all the things he ought not to do and cheerfully leaves undone all the things he ought to do.

Personally—I say it with shame—I have always secretly sympathized with the good brother of the prodigal son. I think it was pretty hard to go on working and slaving and suppressing his desire to rove, and then have such a fuss made over the prodigal when he got to the end of his rope and came home for help. I realize that it shows what a nasty disposition I have, but I'm going to be brave and acknowledge that that is how I've always felt about it. I know that I'd have done just as he did when he groused about that fatted calf business to his father.

A young girl asks me to decide which of two lovers she should marry, and here is her letter.

"Dear Virginia Lee: You have helped others and I am sure you can help me. I need advice and need it quick. I love two boys, both of the same age. Now I have to choose which one I will be. "No. 1 is kind and considerate, always willing to do his part. Not a spendthrift, but not a tightwad, either. Seems to love me in a kind and tender way and has always acted a gentleman in my presence. Also, he is a member of my church. "No. 2 is not so thoughtful of anyone except himself. I have to pet him up to keep him in a good humor. Also he is the kind that hates to turn a nickel loose. But he is just the kind that you can't resist, and I am always happier when I am with him. He is not a member of any church. "Now, Mrs. Lee, which would make a better husband? I think I know which one you will say, but do you believe I could be happy with No. 2? When I am with him I don't think I could be happy without him, and when I think about No. 1 and how sweet he is to me, I think I love him best. So what am I gonna do? I love both, but each in a different way. Please, dear Mrs. Lee, answer me before it is too late. JENAN."

I don't like to advise you to marry either when you can't decide for yourself which one you like best, but I can tell you in short order which would make the best husband, and that is, No. 1—absolutely. Heaven deliver any woman from the kind of man who has to be coaxed to be nice, with whom you can help me. I need advice and need it quick. I love two boys, both of the same age. Now I have to choose which one I will be. "No. 1 is kind and considerate, always willing to do his part. Not a spendthrift, but not a tightwad, either. Seems to love me in a kind and tender way and has always acted a gentleman in my presence. Also, he is a member of my church. "No. 2 is not so thoughtful of anyone except himself. I have to pet him up to keep him in a good humor. Also he is the kind that hates to turn a nickel loose. But he is just the kind that you can't resist, and I am always happier when I am with him. ITY TO HELP DONATE SITE

COMMISSION RECEIVES FIRE TRUCK BIDS, HANDLES WORK

City Attorney E. L. Klett yesterday was authorized by the city commission to prepare a waiver for city to sign in the friendly injunction suit filed in the 99th district court in an attempt to clear title on the southeast corner of court house square, offered to government as a site for the proposed federal building here.

The suit named Lubbock county, city, and the original donors of property as defendants. The city commissioners last week authorized County Judge Robert H. Klett to co-operate with the suit.

Name Assistant Fire Chief meeting in regular semi-monthly session in the court house, the city named C. C. Casey as assistant fire chief to fill the vacancy caused by the untimely death of Bryan. Casey has been a member of the department for a number of years.

Bids for a new fire truck were received by the commission, though no action was taken. The bids were taken under advisement.

On the request of Bill Izard, the commission granted permission to the city bus line to extend its route north from Broadway Avenue M to 7th street, then on 7th to College Avenue.

Shop signs were ordered placed on the side of Avenue H at 18th street. The gas fitters bonds of King and Pratt and E. L. Law were approved as was also the member's bond of E. L. Law.

In addition to Mayor Harley D. Klett, there were present at yesterday's meeting, City Commissioner A. V. Weaver, D. N. Leaverton, J. P. Bacon, City Attorney E. L. Klett, City Manager G. W. McHenry, City Secretary W. H. Rodgers.

GIRL WHO SEEKS QUARTER-MILLION

An exclusive photo of Miss Frances Porter, posed for a Central Press cameraman in Atlanta, Ga., where Miss Porter filed suit for \$250,000 against C. P. "Conkey" Whitehead, Atlanta millionaire sportsman. Whitehead countered with a statement that Miss Porter stuck pins in him. Refusing to get off Whitehead's yacht at Havana, Miss Porter was taken to Florida, while Whitehead stayed in Havana, according to wire stories at the time.

COOLIDGE SUGGESTS START NEXT YEAR ON CRUISER CONSTRUCTION

(By Associated Press) WASHINGTON, Feb. 15.—President Coolidge has suggested that work on the first five of the fifteen cruisers authorized in the naval construction measure begin in the next fiscal year. Within a few hours after his recommendation, a senate sub-committee voted \$700,000 for an immediate start on the five cruisers.

It was the second time the president's wishes with regard to the cruiser bill have been disregarded. He first sought the removal of the time clause requiring that work on the fifteen cruisers and one aircraft carrier begin before July 1, 1931, but both houses left the time clause in when they passed the measure, and now he has lost the first skirmish to have the inaugu-

DATE OF AUTO SHOW DELAYED

KUYKENDALL ELECTED TO HEAD DEALERS AT MEET HERE

The Lubbock Automobile show, scheduled for February 28 and March 1 last night was postponed until March 28 at a re-organization meeting and banquet of Lubbock automobile dealers held at Our Cafeteria.

George P. Kuykendall was elected president of the organization, and Hub Jones was named vice-president, and C. E. Gough, secretary. It is planned to hold meetings every two weeks, the next one being scheduled for Feb. 28.

At last night's gathering, W. W. Royalty presided until the election of officers. Those present, in addition to Mr. Royalty were, O. W. Moore, Hub Jones, J. V. Spikes, L. H. Quinn, T. Noble, Quincy Hancy, C. W. Price, D. P. Brown, Byron Brown, C. E. Wheelock, R. E. Nabors, D. E. Bibbee, M. O. Crane, E. S. Stewart, L. C. Davis, George E. Benson, H. C. Ragland, Ted Tipps, Joe Hilton, C. E. Gough, G. P. Kuykendall and C. C. Arnold.

MOVES TO SEMI-FINALS

ST. AUGUSTINE, Fla., Feb. 15 (AP)—Joe Capo, St. Augustine, moved into semi-finals of the annual Kanan cup golf tournament here today with a one up victory over the medalist, Harold Webber, of Toledo.

While the president's recommendation and the action of the sub-committee revived interest in the cruiser bill, there were reports that another naval armaments conference would soon be proposed by Great Britain. This was received in official circles without comment, but close friends of President-elect Hoover intimated they believed his attitude on such an armaments conference to be favorable.

Commission Studies Summer White House

WASHINGTON, Feb. 15 (AP)—A special commission to investigate the advisability of erecting a country White House was suggested by the senate public buildings committee today as a counter proposal to the recommendation of President Coolidge that \$48,000 be appropriated to repair a government building for that purpose at Mount Weather, Virginia.

It appeared the President's selection of Mount Weather perhaps had incurred disfavor among congressmen desiring that other localities be considered before a decision is reached.

BEWARE OF DIETS WITHOUT BULK

Kellogg's ALL-BRAN Will Protect You

People are more careful than ever before about diet. They diet to clear complexions. They avoid certain foods to stay thin. They eat others to get fat. But many are running a serious danger because they are missing the "roughage" or "bulk" foods that every person must have to keep well.

As a result, constipation gets in its deadly work. Headaches, listlessness, circled eyes are only the first symptoms. In the end, constipation ruins health, wrecks beauty and may cause serious disease.

Don't neglect your daily roughage. That is nature's rule. Kellogg's ALL-BRAN will supply it. A healthful cereal to eat each day. To use in cooked dishes or to serve with milk or cream. To mix with other cereals.

ALL-BRAN is guaranteed to relieve constipation—to prevent it. Two tablespoonsful daily—chronic cases, with every meal. It is 100% bran. Doctors recommend it. Your grocer sells it. Served by hotels, restaurants, dining cars. Made by Kellogg in Battle Creek.

NEWCOMERS FEATURE REALM OF SPORTS THIS SEASON

TEX COULD MAKE HIM

Der Herr Max Schmeling, with all the pleasant publicity that has fallen upon him would have been natural for the exploitation of the good old Rickard process.

Rickard always had his agents scouting the field for foreign fighters with a lot of color and his two greatest shows were put over largely by the colorful personalities of Georges Carpentier and Luis Angel Firpo.

The customers had been warned expertly and generously that neither the Frenchman nor the South American had much of a chance against Dempsey, but it isn't recalled that many kicked about the value they received for their money.

There was only one big thrill in the Dempsey-Carpentier fight and it was supplied by the one right hand punch that the Frenchman landed on the champion, a punch which made Dempsey mad and hastened Carpentier's end.

The Dempsey-Firpo fight, of course was perhaps the most exciting fight of history and it was the foreigner in this fight who furnished the real big moment of the evening when he blasted the champion clear out of the ring.

GET THE KING THERE

After he had demonstrated to the American public that there was practically nothing in the way of prize fight promotion that he could not accomplish, he dreamed of staging a fight in one of the big European cities.

He like to put on a big show in Paris or Berlin, he confided to the writer four or five years ago. "Exhibition" is all against it now and a knife off your whole hide in taxes.

"I'd rather do something in London. They have a club over there where all the dukes and the lords go in their soup-and-fish to see terrible fighters. If they had one good fighter I could get Dempsey over there and show 'em a real show. I bet I could even get the king there to watch it."

WATCH HIM, JOE!

The Schmeling fellow has about two dozen managers and at least one of them, little Joe Jacobs, is a smart manager. Schmeling ought to do well with Joe because he won't be rushed into any bad matches.

The German is primarily a counter-puncher and there are any number of fighters around the country who could make him look not so good by waiting back to counter him.

Paulino and Heeneey are two of the very few prominent fighters who will risk a lead and Schmeling might do very well indeed against them. He could certainly get some swell publicity if he beat either one or both of them and they are both ready to be taken.

If Godfrey ruined Rako by the beating he gave him, Paulino didn't derive any benefit from the punching he took from the giant negro, and the beating that Heeneey took from Tunney certainly didn't do him any good.

FIELDS WILL BATTLE GANS

OLD FEUD IS RENEWED TONIGHT AT NEW YORK ARENA

NEW YORK, Feb. 15.—Now a welterweight Jackie Fields, clever Los Angeles product, renews the feud he began as a featherweight with his fellow Californian, Baby Joe Gans, in a 10-round bout in Madison Square Garden tonight.

Fields outpointed the negro star in a close match on the Pacific Coast several years ago when both were fighting in the 126-pound class. They renewed their struggle with Fields, a full-fledged 147-pounder and Gans a junior welterweight.

Perhaps because of his sensational record of the last few months, Fields has been established as an 8 to 5 favorite. Since he lost a decision to Sammy Mandell, light-weight king, early in 1928, Fields has trounced Young Jack Thompson, the Coast negro who spilled champion Joe Dundee for the count in Chicago, knocked out Sammy Baker, New York welterweight contender, KO'd Mike Ryan, San Diego Indian, and outpointed Jack McCarthy.

Denton Teachers Down South Texans

DENTON, Texas, Feb. 15 (P).—North Texas State Teachers strengthened their hold on first place in the T. I. A. A. basketball chase by defeating Sam Houston Normal of Huntsville 28 to 27, in a hard fought game last night. The visiting cagers held a one-point lead at the half.

The win gave the Teachers seven victories and one defeat in their conference campaign.

Van Ryn And Hunter Will Play In South

NEW YORK, Feb. 15 (P).—Johnny Van Ryn, youthful conqueror of Bill Tilden and Frank Hunter, will start South next week in quest of new tennis laurels. He and Hunter will pair together in doubles in the leading Southern tournaments, he said today, in addition to competing in singles.

SCHMELING IS BEST IN CROP OF PUGILISTS

HORTON SMITH PROVES 'FIND' OF YEAR IN GOLF CIRCLES

By BOB MATHERNE

NEA Service Sports Writer

New faces as sport headlines? Well, who can throw asparagus at the big parade in athletics these days? In almost every branch of sport newcomers rank among the topnotchers.

There's Max Schmeling. He stands out as the most important newcomer of the day, and with proper reason.

A few months ago, Schmeling came here from Germany, boasting a string of victories over continental heavyweights, none of whom meant a thing in this country. It was said of him at the time that he looked like Jack Dempsey. He does—with those beeting eyebrows and a wearing motion in the ring.

Today, after four fights, it is said of him by many important judges of fighters that he will be the next heavyweight champion of the world. Schmeling's most important victory was his recent ninth-round technical knockout of Johnny Risko, the Cleveland rubberman, and while some attempt to discount this as not such a spectacular event, it happens to be a feat that few heavyweight fighters can boast of.

Another new face in the boxing world is the old mug of K. O. Christner. He came into prominence when he felled Knute Hansen in Cleveland in December and again pleased the mob when he fought Jack Sharkey in New York and held that worthy to a slim victory.

Christner, however, is not a championship prospect. He's too old to classify there, but he is a fellow with a lot of power in his right mitt and a lot of ambition and energy. In his crude but colorful way he has caught the fancy of the mob who pays, and, as a result, he is much sought after by the promoters.

Spider Pladner, the French flyweight, is also in this group of newcomers. He hasn't been here yet, but his record looks to be the best of the flyweight fighters.

Smith Newcomer in Golf

The one new face in golf is that of Horton Smith, the kid pro at Joplin, Mo. This young fellow didn't win enough tournaments during the winter to classify as the sensation of the winter meets, but for rare consistency he must be termed the champion runnerup of the season.

He was among the first four at the top of nearly every finish. Smith's big break in the money meets by landing first in the Pensacola open.

Smith, hardly 21, deserves his place among the best.

The new heavyweight wrestling king is Gus Schumacher, a former Dartmouth and Detroit football star. Sonnenberg learned as a football player that a fellow standing still took the risk of being smashed up quite a bit when he was tackled hard and he has put that lesson into his methods of attack on the mat. The flying tackle has made him a champion.

And, incidentally, Sonnenberg's arrival seems to have put new life in a game that was practically dead in most circles.

The new faces among the college stars in baseball—they are always coming up!

The major league clubs will start for their annual spring training activity and, as always, will clutter their camps with newcomers from the minors and the college ranks.

The outstanding newcomers to the majors are Lyn Lary and Gordon Rhodes, with the Yankees; Dale Alexander and Roy Johnson, with the Tigers; Earl Averill and Dick Porter, with the Indians; Charley Gelbert and Carey Selph, with the Cards; Steve Swenson, with the Pirates; and—why go on? Every club has promising rookies, and plenty of them.

Track, as it always does, will furnish many new faces among the college ranks and one of the fellows to watch is Fred Sturdy of Yale. He's a pole vaulter and has gone as high as 13 feet, 7 inches, in practice already. He aims at the height of 14 feet.

Racing Horses Now In Best Condition

CHICAGO, Feb. 15 (P).—Racing thoroughbreds will be in better physical condition this spring than ever, Dr. J. M. Kaiser, veterinary at most Chicago tracks, reports after a tour of inspection in the South.

"The annual visitations of influenza and fever have hit the horses early this year and now they are recovered and fit for their training periods," Dr. Kaiser said. "It means that tracks having early seasons will have the services of many turf stars instead of having them laid up with illness."

Pirate Backstop To Indianapolis

PITTSBURGH, Pa., Feb. 15 (P).—Roy Spencer, catcher for the Pittsburgh Pirates today was sold to Indianapolis of the American Association after he had failed to agree on terms of his Pirate contract.

FOUR NEW FACES

who have taken their places among headliners in sports in recent weeks are those of Max Schmeling, K. O. Christner, Horton Smith and Gus Schumacher. Schmeling, a German heavyweight, is being heralded as the next champion of the world. Christner, while not a championship prospect, seems to have struck the fancy of the mob by his willingness to fight and a dynamite right hand. Smith goes down as the champion runnerup of the winter golf tournaments. Sonnenberg is the new heavyweight wrestling king.

GIANTS OPEN WORK FRIDAY

ADVANCE GUARD FROM GOTHAM ARRIVES AT SANTONE

SAN ANTONIO, Tex., Feb. 15.—The Texas baseball fan had his first look at the 1929 season here today as the New York Giants took a workout at their training camp here.

The advance guard of the Gotham team arrived last night under the wing of Ray Schalk for years the star catcher of the Chicago White Sox, now registered as assistant manager, coach, and catcher for the Giants. The party included a number of newspapermen, coaches and scouts.

Pitchers who arrived last night are Larry Benton, Joe Genewich, Warren Ogdin, Floyd Johnson, Frederick Fitzsimmons, John Scott and Carl Mays. They will warm up with Joe Wherry, Jack Cummings, Bob O'Farrell and Frances Hogan, who comprise the staff of catchers. John Kavanagh, an outfielder was the only non-battery player in the party.

Manager John McGraw is expected to arrive from Havana, Cuba, any day and Charles Stoneham, owner of the club, is expected to visit the camp soon.

TWO BIG RACES ARE SCHEDULED

NEW YORK, Feb. 15 (P).—Two international races, one at a mile and the other at 5,000 meters, are on the program for the annual Knights of Columbus games at Madison Square Garden March 16.

In the mile, Ray Conger, Phil Edwards, Sam Martin and Glen Elliott already have entered and the entry blank of Eino Purje, young Finnish star, is expected soon. Purje holds several decisions over Paavo Nurmi at 1,500 meters, the metric equivalent of the mile.

Nurmi and Leo Lemond, Boston A. A. distance ace, are entered in the 5,000 meters and invitations have been extended, as well, to Edwin Wide of Sweden and Willie Ritola, of Finland.

Frank Brennan, director of the games, has also announced he hopes to persuade Lloyd Hahn, former Boston A. A. flier, to reconsider his retirement and enter the mile event. Hahn won this event last year, defeating Conger and Dr. Otto Pelzer of Germany, and also in 1927, beating Wide.

ARMY POLO FIVES ARE ELIMINATED

Two Civilian Teams Battle For Supremacy This Week

SAN ANTONIO, Feb. 15 (P).—Army riders, accustomed to figure prominently in the annual Southwestern Mid-Winter Polo tournament, will sit on the sidelines Sunday while two civilian teams battle in the finals of the Southwestern circuit cup competition, a part of the mid-winter tourney.

Yesterday the Wichita Falls Blue Jackets romped on the air corps training center four from San Antonio, 14 to 8, while the San Antonio Short-horns, another civilian quartet, was eliminating the Ft. Sam Houston Indians, 9 to 8.

DAVENPORT, Iowa—Jack Dillon, Louisville, outpointed Ray White, New Orleans, (10).

MANAGERS ARE GIVEN ORDERS

ST. RIBLING-SHARKEY REFEREE WILL BE NAMED TODAY

MIAMI, Fla., Feb. 15.—Promoter Jack Dempsey today was prepared to use the big stick, if necessary, to maintain peace and quiet between "Pa" Stribling and Johnny Buckler, managers of the principals in the February 27 battle at Flamingo park, when they met to spar over the selection of a referee.

He expected to take no part in the actual selection, he said, as long as the managers seemed to agree, but he warned Stribling and Buckler that any unnecessary loud talking would end negotiations. In that event, Dempsey will name the third man in the ring tomorrow.

While Sharkey hammered the heavy bags and went through three rounds with sparring partners, Young Stribling left his brother "baby" for Melbourne, Florida, to second the youngster in a fight tonight. The Georgia battler will return here late today.

WILSON STILL PONY NEMESIS

DIMINUTIVE BEAR STAR LEADS BAPTISTS IN WIN OVER S. M. U.

DALLAS, Feb. 15.—Little Jake Wilson, nemesis of Southern Methodist University, led the Baylor University Bears to a surprising 23 to 19 victory over the Mustangs in a Southwest Conference basketball fray here last night.

Wilson, whose long punts enabled the Bruins to hand a supposedly stronger Pony football team a licking last fall, was a thorn in the Methodist side. In addition to scoring nine points he was a whirlwind on the floor, wrecking the Mustangs' offensive efforts and playing havoc in general.

The Ponies, who a week ago looked like they might finish high in the "Conference" chase, played listlessly and were humbled from the start. Although they had as many shots at the basket as the visitors they could loop only five field goals. At one time they were behind seven points. The absence of Elmo Johnson, regular forward, hurt the Mustangs' team play.

It was the second Conference victory of the season for the downstaters and pulled the Mustangs below the 500 mark, practically knocking them out of a chance to finish as high as third.

The Baylor team employed stalling tactics to good effect, a phase of the game the Mustangs have featured all season.

LUBBOCK AND MONROE LOOM AS FAVORITE

WESTERNERS EXPECTED TO COP TITLE BY HARD STRUGGLE

Finals in the Lubbock county basketball championship race begin 2:30 this afternoon in the gymnasium with Monroe, winner the "B" tournament, meeting Lubbock in the opening engagement. The six game series which will decide the county representative of the District meet here February 23 and 24.

The round robin schedule for a game between each of the four teams entered in the first Slaton and Lubbock will meet the second game this afternoon.

Competition for the county title is unusually keen this year as Lubbock's rivals continue to strengthen. Special interest centers around the second meeting of Lubbock and Monroe, both of which considered contenders for the championship. In an early season game the Monroe five handed the Lubbock cagers a decisive beating, but Coach Blankenship's cagers will meet altogether different team in county meet.

Saturday afternoon and night remaining four games will be played, including the deciding tilt. These are: Slaton vs. Monroe. Lubbock vs. Idalou. Lubbock vs. Monroe.

SHALLOWATER, ACUFF ARE GIRL WINNERS

Shallowater and Acuff were winners of the first round of the C. B. county girls' basketball tournament which began Thursday afternoon at the high school gymnasium. The Shallowater sextet had the trouble in downing Woodrow the opening game of the meet. The score was 11 to 3. But the second and final game of the first round was a thriller from start to finish. The Acuff team nosing out Canyon 15 to 13.

NOON RAPID GAIT IN BUILDING HERE

MAINTAIN HIGH MARK IN CONSTRUCTION WORK FOR CITY

The week's building total of more than \$100,000 was given an additional boost of \$5,675 this morning with the granting of two permits from the city engineer's office. Yesterday's permits totalled \$23,900.

February's total now stands at \$310,922, a record figure for this month and with half of the month yet to go. Thirty-four permits have been issued since the first of this month, and of this number all but six have been for the construction or repairing of residences. One hundred permits, issued since January 1, aggregate \$372,650.

One permit of \$175 was issued to W. E. Welch this morning for the construction of a garage for W. H. Haiding at 2119 16th street, and another of \$4,500 was granted to C. Person for the erection of a residence for Mrs. E. O. Early at 1302 11th street.

A list of Thursday's building follows: J. A. Phipps, sr., 2519 20th street, 6 room brick veneer residence, \$4,000. F. L. Jones contractor; M. M. MILK TEST BY MAIL PLANNED

SYSTEM TO COVER ALL OF PLAINS REGION NOW ADVOCATED

Covering the entire South Plains territory, a system of cow testing by mail in operation by May 1 was seen as a possibility following a conference with Sterling C. Evans, district agricultural agent this week. Lubbock County Agent D. F. Eaton and other local agricultural experts worked out plans for the proposed system with Mr. Evans.

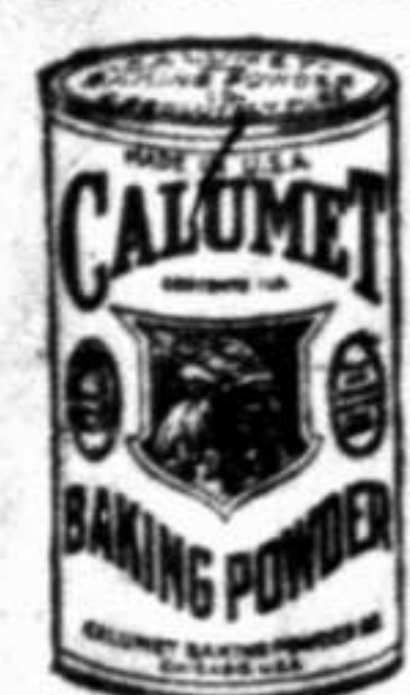

It is planned to establish a well equipped station at some point probably Lubbock, with a superintendent in charge. Milk will be sent in here from all parts of this section, tested and then returned to the dairymen. It is thought that more than 100 herds can be reached in this way.

This plan is being sponsored by the Panhandle Plains Dairy Show association and the agricultural extension service, and will be carried on in co-operation with the various county agents throughout the section, with only a nominal cost to the herd owners. A similar system to this is now in operation in Iowa.

WASHINGTON, Feb. 15 (AP).—A total of 148 witnesses were called by the house ways and means committee today for testimony on the sundry schedule in connection with its hearings on tariff revision.

'INNOCENT SPECTATOR' WAS KILLED BY BUTCHER-GANG

(By Associated Press)

CHICAGO, Feb. 15.—The near North Side, shooting gallery of the gang gunmen, never saw such slaughter as reddened its record today.

Seven men, six of them gangsters, the other a doctor of good reputation, were lined against a wall before a firing squad of self-appointed executioners, and shot dead.

Every law enforcement agency of the city, after a day of excited investigation, still sought a definite clue; but the record of 72 previous gang killings in the last four years without a conviction gave little hope in the present inquiry, police declared.

There were no witnesses when the assassins entered the S. M. C. Carthage Company garage at 2122 North Clark Street about 10:45 a. m., yesterday, and committed the seven murders. One of the victims, Frank Gusenberg, survived his

the garage to chat with Frank and Peter Gusenberg, both of whom were killed.

Peter Gusenberg was indicted with Big Tim Murphy (himself an assassin's victim) in the \$100,000 Polk Street station mail robbery and served a three year sentence in the federal penitentiary at Leavenworth.

James Clark, another of yesterday's dead, was a brother-in-law of Moran, with a reputation as a crack marksman with a rifle. He is listed by police as a member of the "punishing squad" of the gang.

Alfred Weinshank was a North-side cafe owner whose affiliation with Moran took place comparatively recently. John May, at first believed to have been only an automobile mechanic and an innocent victim, was known to police as a safe blower before joining Moran.

Adam Meyers, the other "dead man, was the "front" for the gang, taking care of the legitimate activities such as renting "plants" and buildings required in conducting the gang "business."

STOCKS HAVE STRONG TONE

NEARLY ALL ISSUES AT ADVANCE IN INITIAL TRADING TODAY

(By Associated Press.)
NEW YORK, Feb. 15.—Stock prices displayed a strong undertone at the opening of today's market. International Combustion Engineering opened with a block of 5000 shares at 102 5/8, up 1 3/8, and a new high record. Johns Manville opened 4 points higher. Curtiss 3 3/4 General Electric and Union Carbide 2 each and Nevada Copper, National Cash Register, and Coto showed initial gains of a point or so. Marine, preferred, and American & Foreign Power moved into new high ground.

Many traders, who went short of the market early in the week on expectations of a rise in the discount rate or some other form of credit restriction, hurried to cover when large buying orders appeared in the market for a number of leading copper, steel, merchandise, public utility and railroad shares.

Andes Copper opened with a block of 10,000 shares at 53 3/4, up 1, and then moved up to a record high at 57 1/4. Anaconda changed hands in large volume, selling around the year's high price. Granby, Miami, American Smelting, American Metals and Kennecott advanced 1 to 2 points.

Early gains of 3 points or more were recorded by Radio, National Biscuit, St. Paul, May Stuen, Westinghouse Electric, A. M. Byers, and American and Foreign Power, the last named touching a new high at 122 1/2, as contrasted with a low last year of 22 5/8.

Foreign exchanges opened firm, with sterling cables quoted 3-32 of a cent higher at \$4.85 7/16.

University Lands Subject To Taxes

AUSTIN, Feb. 15 (AP).—University lands in West Texas would be subject to taxes for county purposes under a proposed constitutional amendment reported favorably by the house committee on constitutional amendments last night. LUBBOCK WOMAN IS GLAD THAT SHE FOUND IT

Says Her Troubles Disappeared After Taking One Bottle Of Orgatone

"I was in a generally run-down condition and couldn't digest a thing I ate hardly before I started taking Orgatone, but now I can eat and eat three square meals a day and enjoy them and am gaining in weight every day I live," is the statement of Mrs. R. Wynn, residing at 2012 Ninth St., Lubbock, Texas, the other day.

"I was all run-down in general and was so nervous that I couldn't get but very little rest at night. I was awfully constipated and everything I took to relieve it just helped me for a little while and I was worse than ever after awhile. I didn't have any appetite at all, and what food I had to cram down me just worried the life out of me, because I didn't digest it properly. A friend of mine recommended Orgatone to me so highly and told me what it had done for them, so I thought it would benefit me and I gave it a trial.

"Well, Sir, I feel a hundred percent better in every way since I finished that first bottle of Orgatone. Why, I can just eat like a farm hand and I have already gained in both weight and strength. I began to pick up in strength and to improve after the first few doses I took and now I can go to the table three times a day and enjoy the biggest meal I ever had before me as well as any woman. When I go to bed at night I can drop off right away and sleep like a healthy baby and when I get up in the morning, I feel full of life and energy as I ever did in my life. Orgatone is the only thing that is responsible for the remarkable improvement in me, and I gladly recommend it to anyone suffering from a general run-down condition like I was. I am sure glad that I found it when I did."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific treatment containing no alcohol or other false stimulating drugs and is sold in Lubbock exclusively by the Bowers Drug Store under the personal direction of the special Orgatone representative.

COTTON OPENS STEADY TODAY

FIRST TRADES REVEAL GAINS OF FROM 2 TO 4 POINTS

NEW ORLEANS, Feb. 15 (AP).—The cotton market opened steady with first trades showing gains of 2 to 4 points. Demand continued due to favorable weather. May advanced to 19 1/2 and July 19 1/4, or 4 to 5 points above yesterday's close, but not realizing which carried the price level off 5 to 7 points from the top.

The favorable consumption outlook and rather too much rain in the belt were the main stimulants behind a demand which carried near months to level 13 to 14 points above yesterday's close. Later positions gained only 6 to 7 points. At noon the market was steady and at the highs.

NEW YORK, Feb. 15 (AP).—The cotton market opened steady at an advance of 3 to 6 points in response to relatively steady Liverpool cables. The advance to 20.04 for May and 19.44 for new October was checked by a renewal of liquidation and the price dropped back to 19.96 for that position, with the general list ruling about 1 to 4 points net higher at the end of the first half hour.

Demand increased somewhat just below the 20 cent level for May and the market steadied up later. May worked up to 20.07, or about 10 points net higher. The market was quiet later in the morning. The tone was steady at midday, with active months showing net advances of about 7 to 8 points.

AUSTIN, Feb. 15 (AP).—Investigation of the general land office was nearing an end today, with announcement that only a report of the auditors checking records of the department and the testimony of Commissioner J. T. Robison, continued to be heard. It is probable that the committee will consume several days. The committee has adjourned subject to call to await completion of the auditors.

Ricken-Hopson Suit Goes On Trial Today

The civil suit of Ricken against Hopson, dealing with a note and foreclosure of a lien, went to trial in the 90th district court at 10 o'clock this morning. Judge Clark M. Mullican was on the bench. Civil jury cases have been taken up all week in the 90th court, and the time of Judge Homer L. Pharr of the 72nd district court has been consumed by civil non-jury matters. The grand jury of the 72nd district court also is in session this week, conducting a large number of investigations.

GANGSTERS

(Continued from Page One)

The time Siloway made his announcement.
Theory Held "Ridiculous"
Captain James Gleason, Stege's assistant, however, said it was ridiculous to suppose police were involved in the murders. A visored cap was picked up in the garage, he said, but it was that of a doorman. Policemen, he said, would never have marched men out of the garage with their hands over their heads, unarmed, as witnesses described the exit of yesterday.

Those men were gangsters, masquerading as officers," he declared emphatically. "The only thing Frank Guesenberg, who died in the hospital later, would say was that two of the men were wearing uniforms. So that has given the impression policemen were involved."

Erhard H. Jackson, Belton Mayor Siloway expressed the belief that the killings yesterday were the direct outgrowth of a hijacking job here six weeks ago when 500 cases of whiskey were taken from the Moran gang by a West Side hijacker running outfit. Major Siloway said he did not believe the theft of the liquor by one faction from the other could have been carried out in broad daylight on a well traveled boulevard without police assistance. The Moran gang, he said, apparently got the same idea and cut off tribute that the prohibition officer said the gang had paid the police.

Major Siloway said he believed the killings were in retaliation for stopping the protection money and declared he expected to gain information as to the actual killers. He said some of the killers were police uniforms, that an automobile resembling a police squad car with a gong on the side was used by them and that the slayers evidently were well known to the Moran gang as they were admitted without question. Commissioner Russell characterized Major Siloway's theory and statement as "all rot" but added "no matter who did it I am out to get them and clean this case up." He was attending a coroner's inquest when he made the statement. Meanwhile the inquisitorial agent.

OIL NEWS NOTES

WICHITA, Kas., Feb. 15 (AP).—Hazzlett, Bradford 1b Frazier have shut down their No. 1 Welland in the NE NE of 1-18 W-138, Ellis county, a mile southwest of the main Oswald Pool of Russell county. Tankage is being erected to care for an estimated production of 200 barrels.

The Shell Petroleum Company is making preparations to put its No. 1 Funk in 7-19-2, Hillsboro sector of Marion county, on the pump. It has been producing 500 barrels daily on the swab.

Extra Dividend Is Made By Oil Firm

NEW YORK, Feb. 15 (AP).—Directors of the Sinclair Consolidated Oil Corporation today resumed dividends on the common stock by declaring a regular quarterly payment of 50 cents, and an extra of 25 cents. No dividends have been paid on the common since May, 1924, when a payment of 50 cents was made.

Of the government, state, county and city were coordinated in an extensive manhunt, the principal end of which appeared to be the arrest of every man with a police record in the city who would give a definite clue. While scores of suspects were rounded up, the police did not find the men they sought. Those most wanted were Moran himself and three of his lieutenants, Ted Newberry, David Alberman and Frank Foster.

If police are able to find these four they said they were confident the killers could be named by them. Moran was reported in hiding although there were other reports that the gunmen who invaded his headquarters and slain his allies had captured him.

Blames Magazine Story
John A. Swanson, state's attorney declared, "The rule by which the gunmen gained access to the headquarters of their rivals by posing as policemen in uniform is unique. Nothing like it ever was tried here or anywhere else before. I believe the entire plot was hatched after the killers read of a similar exploit in a recent magazine story."

The wholesale killing drew the attention of the state senate in session at Springfield, when Senator Roy O. Woods of Chicago, brought up the matter and said "Something ought to be done about this." Senator James J. Barbour also of Chicago responded that "All Chicago needs is a police department that will function and a state's attorney that cannot be fixed."

WHERE YOUNG FLYERS DIED

NEA New Orleans Bureau

Lay this accident, in which two navy aviators died, to air traffic congestion. The two planes collided in formation at an altitude of 700 feet and were demolished, as you see them in these photos made immediately after the crash at Old Corry Field, Pensacola, Fla. A wing of the craft flown by Donald P. Howell, of Franklin, Texas, a student pilot, is said to have hooked into the tail of the plane piloted by Andrew Brink, of Benthams, Mass., also a student aviator. Both met death.

JUDGE MADE BEER

"Dutch Lunch" In Justice's Home Is Described

OKLAHOMA CITY, Feb. 15

(AP)—While the wheels of Oklahoma's impeachment mill grind slowly through a mass of technical straw, investigators of the house of representatives subcommittee investigating the judiciary are having their sessions enlivened by tales of a "Dutch Lunch" at which a justice of the state supreme court is purported to have served "home brew."

John W. Sartain of Seminole county, testified before the subcommittee that when he went to the home of J. W. Clark, supreme court justice, with an attorney, to consult the justice about appealing a case, a "Dutch Lunch" with "home brew" was served. Ira J. Banta, Wichita attorney, who was representing him in the case, accompanied him to the justice's home. Sartain testified, and told him Justice Clark had assured him the brew would be reversed on appeal.

Montgomery, another witness, testified Sartain had told him he (Sartain) had gone to the home of Justice Clark and that the judge had furnished a bachelor's supper, with some brew of his own make. Sartain told him, Montgomery, he testified that Justice Clark told the attorney "let your case come up to my court and I'll reverse it."

Mystery Surrounds Men Taken Off Yacht

KEY WEST, Fla., Feb. 15

(AP)—Mystery today surrounded the identity of a party of nine persons which late last night was taken off the yacht Diana shortly before she sank on a shoal off the coast. Coast guardsmen brought the party to a hotel here, where they were registered simply as "Mr. and Mrs. Lindbergh and party." Reports that the Lindberghs were relatives of Colonel Charles Lindbergh, could not be confirmed.

Members of the party refused to give their names although one young woman, said the party was from Hartford, Conn.

LONG CLAIMS VICTORY WON

DEATH BLOW IS DEALT GAMBLING IN THAT STATE, HE SAYS

(By Associated Press)

NEW ORLEANS, Feb. 15.—Governor Huey P. Long of Louisiana today claimed a one-up victory in his fight against gambling in New Orleans.

The governor went into the lead in the battle Wednesday night when National Guard troops swept down upon night clubs and confiscated \$11,800 at the Trachina club, after a search of guests. The Trachina club's proprietor, William C. Thomas, evaded the score when he obtained a temporary injunction in a Baton Rouge court restraining state authorities from disposing of the seized cash.

Governor Long jumped back into the lead last night when he announced the money already had been disposed of, deposited to the credit of the state treasury.

"That money belongs to the state of Louisiana now," said the governor, "and the gamblers will have to get the legislature to pass an act to restore the money to them. I don't think they will have much luck with the legislature."

The injunction obtained by Thomas was issued by Judge George K. Pavot in district court last night. The night club proprietor charged in his petition the deprivation of liberty and property without due process of law in the military move allegedly executed without a proclamation of martial law or request for aid from civil authorities.

Americans Acquire British Utilities

NEW YORK, Feb. 15

(AP)—Control of seven of the principal British power companies and property worth \$150,000,000 has been acquired by the Utilities Power and Light Corporation, an American company. Harley L. Clarke, president of the Utilities Power and Light completed negotiations by trans-Atlantic telephone and then announced his company had taken over the entire common stock of the Greater London and Counties Trust, Ltd., which controls the entire capital stock of the seven power companies and their subsidiaries.

Alleged 'Cold Check' Artist Is Sentenced

Mansey Allcorn yesterday pleaded guilty in county court to a "cold check" charge and was sentenced to sixty days in the county jail by Judge Robert H. Bean.

Allcorn was arrested about a week ago after he had allegedly passed a large number of cold checks to local merchants. He is said to have deposited \$30 in a local bank, using the deposit slip as a "front" to the merchants. He purchased a large quantity of merchandise in addition to receiving more than \$40 above the amount of the deposit in change from the checks, officers asserted.

SENATE NEXT MUST PASS ON BOX MEASURE

TIGHTENS REGULATION ON ENTRY OF ALIENS EMPLOYMENT

WASHINGTON, Feb. 15

Without a record vote, the house today passed the Box bill to make more stringent the regulations governing the entry into the United States of persons coming as visitors to seek employment. The measure now goes to the senate.

BRIDE FROZEN

Winter Cheats Girl On Way To Her Wedding

(By Associated Press)

LONDON, Feb. 15.—Europe continued today in the grip of an unprecedented cold wave. Speedy action of the coal mines in Czechoslovakia promised some relief to centers where fuel shortages had reached a serious stage but against this one favorable report there were many others of disrupted train service, isolated towns, and human misery.

One particularly pathetic story came from
