U. S. Ready For Cease-Fire Talk Without Formosans Taking Part

GIRL SAVED, DOG LOST—Nell Haynes, 17, of Washington, D.C., is saved from the Potomac river after clinging to a rock 200 feet from shore an hour while trying to rescue her dog "Mopsy." Top: a rescuer stands on a small dam and throws a rope to the girl, left. Center: Miss Haynes moves toward the men with "Mopsy" in her arms. Below: she is in a rescue boat being pulled to shore. "Mopsy" slipped from her grip during the rescue and disppeared. Charles Rogers of Bathesda, Md., an amateur photographer, made these pictures.

President, Zhukov In Correspondence

★ ★ ★ ★ ★ ★

WASHINGTON (AP)—President Eisenhower disclosed today he has been in private correspondence with Soviet Defense Minister Zhukov within the past three weeks. He said the correspondence holds out some slim hope of betterment in United States-Soviet relations.

Eisenhower told of the correspondence at a news conference, and said he has a feeling world peace prospects are on the upswing.

As to Red China, the President said the United States is willing to confer alone with the Communists regarding a Formosa area cease-fire but not on matters affecting Nationalist China.

In saying he feels peace prospects are improving, Eisenhower said it is also possible, however, to balance every encouraging development—such as Russia's willingness to agree on an Austrian peace treaty—with an adverse development, such as the Red Chinese air buildup in the vicinity of Formosa.

He said that at this time he sees no reason for a meeting between himself and the British, French and Russian heads of state as a result of the Austrian treaty negotiations. But he said such a meeting is always possible.

Secretary of State Dulles, British Foreign Secretary Harold MacMillan and French Foreign Minister Antoine Pinay have scheduled a meeting May 8 in Paris to discuss a meeting with the Russians.

NO DETAILS

Eisenhower declined to give details of his correspondence with Zhukov until the Soviet government official gives the word.

Eisenhower and Zhukov became well acquainted during occupation days in Berlin immediately after the defeat of Germany in World War II.

At that time, Zhukov once made plans—never carried through—to visit the United States. At a news conference last February, Eisenhower was asked whether he might now extend a new invitation to the Russian. The President called it an idea worth considering.

Today, in the talk about Eisenhower's correspondence with Zhukov, the President was asked specifically about a published report that he asked Zhukov to intervene to seek the release of American airmen imprisoned by Red China.

The President replied he was not at liberty to discuss the contents of the correspondence exchange. He added that he would not want to be a party to possibly jeopardizing any world betterment that might flow from the exchange. He described the exchange as personal and confidential, and added that it would be up to Zhukov as to whether it should be made public.

The report of the correspondence was published by Newsweek magazine which said Zhukov initiated it.

MANY TOPICS

This was Eisenhower's first news conference in a month and it dealt with this broad range of topics:

POLITICS — the President touched off a round of laughter when he said that on V-E day marking the end of the war in Europe 10 years ago next month, he thought that he had reached the end of his career. With a somewhat wistful smile, Eisenhower added that he envisioned peaceful days of retirement on his farm at Gettysburg, Pa., but that retirement there still seems to be a long way off.

Thinking they may have unearthed a clue to a presidential decision to seeking a second term next year, newsmen laughed heartily.

The President joined in the laughter, then remarked that at his age, 21 months—the length of the remainder of his first term—still seems like a long time.

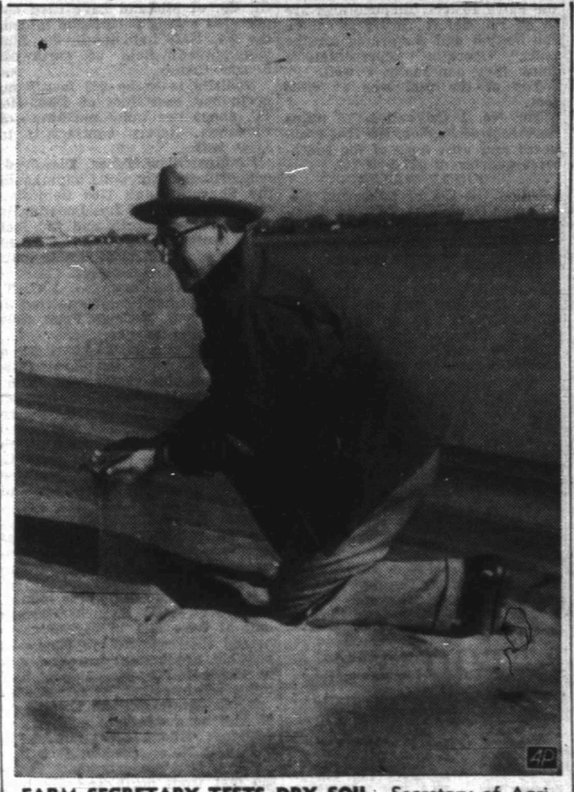

CONGRESS—The chief executive declared it is still too early for any assessment of the record of the Democratic-controlled 84th Congress.

He added, however, that one amendment put into the bill by the committee is a very fine one. That was the proposal sponsored by the committee chairman, Sen. Byrd (D-Va), giving the President discretion to impose import quotas on certain commodities, where national security might be involved.

GOVERNMENT INFORMATION—Eisenhower declared he is unalterably opposed to publication of any technical military secrets merely because, as he phrased it, one or the other federal department desires to be first with the announcement of the data.

He can see no reason, Eisenhower added, for having to make public information about a U.S. airplane which is able to fly straight up. The Navy has developed such a vertical takeoff craft.

The President's remarks were in reply to a request for comment on the Defense Department's new information policy, which has done much to dry up military news.

FARM SECRETARY TESTS DRY SOIL—Secretary of Agriculture Ezra T. Benson sifts the powder-dry soil through his fingers on a Colorado farm 15 miles east of Denver. His tour of the dust storm area will take him through drought-battered areas of Colorado, Kansas, Oklahoma, Texas and New Mexico.

No 'Deal' On Chiang Fate

WASHINGTON (AP)—President Eisenhower said today the United States is willing to confer alone with Red China regarding a Formosa area cease-fire—but not on matters affecting Nationalist China.

Backing up the position of Secretary of State Dulles, the President told a news conference it may have been a bit of an overstatement for the United States to say last Saturday that it would "insist on free China's participation as an equal in any discussion" concerning the Formosa area.

The State Department put out such a statement Saturday, after consultation with the President, when Red China offered to negotiate with the U.S. to relax the tension in the Formosa area.

Dulles told a news conference yesterday, however, that the United States is willing to negotiate with Communist China regarding a possible cease-fire in the Formosa Strait.

He emphasized, however, that this government would not deal alone with Red China on any matters concerning the Chiang Kai-shek Nationalist regime.

Before the President stated his own views, Sen. H. Alexander Smith (R-NJ), a strong backer of the Chinese Nationalists, endorsed a move for face-to-face talks with the Reds on a possible end to the shooting.

Smith, a Foreign Relations committeeman, said he thinks Secretary of State Dulles took the right track yesterday in announcing the United States is exploring the possibility of such discussions.

EUROPE APPROVES

Dulles' statement was received with approval in London and Paris official quarters. But at Taipei, a Nationalist spokesman voiced disappointment, saying: "We strongly believe that any contact with the Reds will be fruitless."

Smith, speaking out in an interview, said "I think we should be willing to sit down and talk with the Communist Chinese on the question of obtaining a straight cease-fire."

"In any question where property is involved, the Nationalists must be represented," he added. "I think this country is in the mood to stop the killing now."

Smith said he thought Dulles had drawn an "important distinction" between cease-fire and other talks in saying this country intends to try to find out if Red China's Premier Chou En-lai was sincere in proposing a two-nation conference to seek relaxation of Far East tensions.

Sen. Bridges (R-NH), Senate GOP Policy Committee chairman, told newsmen:

"Personally, I think it would be a great mistake to sit down in any conference and ignore the Chinese Nationalists who have been our allies through thick and thin."

Senate Republican Leader Knowland of California, one of the Nationalists' chief backers in Congress, withheld comment.

But Chairman George (D-Ga) of the Foreign Relations Committee said he "wouldn't lose the opportunity" to sit down with the Chinese Communists to discuss present tensions even if the Nationalists weren't represented.

RED MANEUVER

In the House, Rep. Judd (R-Minn) said "we would be falling... for a characteristic (Red Chinese) maneuver' 'in agreeing to direct negotiations with Peiping over Formosa.

Judd said "this is the same maneuver" Chou En-lai used in 1946 to win a truce in the battle with the Nationalists for the Chinese mainland and later to obtain protracted Korean truce talks.

Judd, a House Foreign Affairs committeeman, suggested that Red China's offer to negotiate be referred to the United Nations. He said, too, any U.N. negotiations should await concrete concessions such as 1. Release of American prisoners held "in violation of the Korean truce," 2. Chinese evacuation of North Korea and reduction of "their illegal buildup" there, and 3. An end to strengthening of Communist North Viet Nam "in complete violation" of Geneva armistice terms.

The administration has indicated it would prefer United Nations handling of Formosa cease-fire negotiations.

Chairman Richards (D-SC) of the Foreign Affairs Committee said in a separate interview Chou's offer to negotiate was "not encouraging" in view of a subsequent Chinese statement of unchanged intention to "liberate" Formosa.

Meanwhile, Dulles was expected to ask Premier Mohammed Ali of Pakistan to seek clarification of Chou En-lai's intentions concerning Formosa negotiations. Mohammed Ali has emerged in the role of go-between.

Dulles told his news conference yesterday he was uncertain what Chou meant in saying no conference should deny Red China's "sovereign right" to "liberate" Formosa from the Nationalists.

Ike Asks Boost For Farmers

By D. HAROLD OLIVER

WASHINGTON (AP) — President Eisenhower called today for a "many-sided attack" on the problems of low-income farmers.

"We must open wider the doors of opportunity to our million and a half farm families with extremely low incomes — for their own well-being and for the good of our country and all our people," he said in a special message to Congress.

The message transmitted recommendations by Secretary of Agriculture Benson which the President said had his "general approval." It urged, among other things, 30 million dollars of lending authority and strengthening of off-farm employment opportunities for farmers barely able to make ends meet.

Benson's proposals were based on a study requested by the President more than a year ago. The President also sent Congress a report on this study, saying it emphasizes the long-range nature of the problem and that it would serve to stimulate continuing study and action.

Eisenhower told Congress "an immediate start is extremely important." He said in a nation where per capita income is the highest in the world, more than one fourth of the farm families still have cash incomes of less than $1,000 a year.

Part of the assistance program would require new legislation. The President said requests for this and for necessary appropriations will go to Congress shortly.

Sen. Aiken of Vermont, one of the Republican senators who got a preview of the administration proposals said yesterday "very little new legislation" would be required to put the program into operation.

In a letter to the President Benson said parts of the program are now and other parts have been operating though not fully developed. Benson recommended launching "pilot operations" in not less than 50 of the 1,000 low-income counties during the year starting July 1.

He said action by Congress will be needed to:

1. Authorize the Farmers Home Administration to make loans to part-time farmers.

2. Concentrate special funds outside the present agricultural extension formula to conduct pilot programs and to extend aid to low-income farmers.

3. Appropriate new money outside the regular budget for extension, research, soil conservation, farm loans and related service.

4. Authorize 30 million dollars of loans by the Farmers Home Administration. (The report itself said these loans should be made available to supplement private and cooperative services.)

Brownell Sues Hotel Empire

WASHINGTON (AP) — Atty. Gen. Brownell today filed suit to whittle down the size of the Conrad Hilton hotel empire.

The action under the antitrust laws was brought against the world's largest hotel owner in Federal District Court here.

It specifically charged the Hilton Hotels Corp. with violating the antimerger section of the Clayton antitrust law when it acquired the Statler hotel chain late last year.

The suit also named as a defendant the Statler Hotels Delaware Corp., newly organized to hold some of the acquired Statler properties.

The Attorney General asked the court to order Hilton to dispose of some hotel properties in Washington, D. C., St. Louis and Los Angeles.

At the Hilton Corporation's headquarters in Chicago, Conrad Hilton Jr. said he could not comment on the government suit at this time.

He said his father, Conrad Sr., head of the corporation, is in Spain negotiating to build a hotel in Madrid. The elder Hilton is due back in New York Friday.

The complaint alleged that prior to Hilton's acquisition of the Statler hotels between August and November, 1954, these two chains were in direct competition in these cities.

It said they also competed generally throughout the nation for routine hotel business and for national and regional conventions.

The Justice Department contended that the merger eliminated Hilton-Statler competition, particularly with regard to servicing large conventions.

One Man Dies In Flash Fire

ROCKDALE, Tex. (AP)—A crackling flash fire which swept through the metals building of Aluminum Co. of America's Rockdale plant killed one man and injured five others last night.

The injuries were minor.

Victim of the blaze which badly damaged the smelting division of the plant was Clarence N. Frosh, 40, Lexington, Tex., father of five children.

His body was found in the wreckage of the building after the fire was brought under control.

Alcoa was unable to give a damage estimate and said they were baffled as to the cause of the fire which originated in the roof and also damaged the side structural steel.

Rising Breezes Due To Bring Some Dust

By The Associated Press

Partly cloudy weather, with sultry temperatures, covered Texas Wednesday but there had been no rain since midnight, the Weather Bureau said.

Showers had dotted the state Tuesday and recurring lightning in many sections hinted at showers to come.

Weather Bureau observers, noting rising breezes, said there was "almost sure to be some dust during the day," a day when Agriculture Secretary Ezra Taft Benson was to tour the dry Panhandle-Plains area.

Return To Grass Won't Be Forced

By OVID A. MARTIN

LIBERAL, Kan. (AP)—Drought-plagued farmers of the Great Plains had the assurance of Secretary of Agriculture Benson today the government will adopt no measures to compell them to return eroding crop land to grass.

While stating that some land should be put back into permanent vegetation to tie the soil down, Benson said this will be a decision that will be left to land owners.

The secretary gave this assurance in a speech before a meeting of farmers from drought-affected areas of Kansas, Oklahoma, and Texas.

Accompanied by some of his department aides, Benson is touring dust-blowing areas of Colorado, Kansas, Oklahoma, Texas and New Mexico to get ideas on how the government might help establish and maintain a prosperous agriculture in the semi-arid areas of the Great Plains.

Motoring through Southeastern Colorado and Southwestern Kansas yesterday, Benson found strong sentiment against suggestions that the present farming pattern—emphasizing wheat—be changed.

Most ranchers and farmers expressed faith that rains will return, again bringing good crops and prosperity. All most want is government financial aid in tiding them over.

Today the Benson party arranged to move into the Panhandle areas of Oklahoma, Texas and New Mexico. The party will fly back to Washington Thursday.

Benson knocked down reports that the government is planning to engage in what he called a "wholesale land grab" of buying so-called marginal land and retiring it from cultivation.

"There is no truth to rumors to this effect," he said. "I assure you that no idea of this kind is in our minds."

The secretary encountered criticism of some of his emergency drought aid programs. Some farmers objected to recent action of the department in raising the interest rate on emergency loans from 3 to 5 per cent, others objected to recent decisions to withdraw crop insurance from high risk areas in the drought area.

Defending his policies, the secretary said that the lower interest rates had subjected the loan program to abuses. On the matter of withdrawing crop insurance, Benson said the law required him to establish a self-sustaining insurance program. He said this program had proved to be unsound in some counties in the drought area because government indemnity payments had greatly exceeded the insurance premiums.

"You cannot mix relief with insurance and have a sound insurance program," he said.

Burglaries, Thefts Under Investigation

A mysterious series of felonies committed at Ira, Hermleigh, Roby, and the Hobbs community last night and this morning, including two burglaries and two car thefts, are believed to be related.

The school building at Ira was burglarized sometime between 10:30 o'clock last night and dawn today, a car was stolen during this period at Hermleigh, another was stolen in Roby, and the Hobbs school was burglarized of $138.30 in cash.

E. E. (Buddy) Norris, deputy sheriff, said connection of the events was likely. He said both felonies committed in this county were determined to have occurred after 10:30 o'clock last night. Only about $6 in cash was taken from the Ira school, where the superintendent's office had been burglarized. The keys to a soft drink box were taken from the office and used to rob the box of coins.

A Mercury automobile was stolen from the home of Buel Lewis in Hermleigh and abandoned near Hermleigh on Farm Road 644 between there and U.S. Highway 180 (the Roby highway). It was found about 7:30 o'clock this morning by Harold Mason of Hermleigh.

Prior to reports of the car thefts and burglaries, Emory Hall, who resides in Hermleigh and operates a drug store in Snyder, called the sheriff here at 2:30 o'clock this morning and reported he and his wife had seen a man attempt to steal their car from the driveway of his residence.

Hall was quoted as saying his wife investigated a noise in the carport and awakened her husband, both of them then seeing a man run from the car to another parked car about a block away.

The motor of that car was left running, and it was believed another person had remained in it. Hall said he shone a spotlight on the car as the man ran to it and that it as driven away fast as soon as the prowler boarded it.

A door to Hall's car was left open by the prowler.

Hall said the car he saw was a late-model Ford two-door, either a club coupe or coach. Whether this incident occurred before or after the Lewis car was stolen was not known.

Norris learned this morning that a tan 1954 Ford coach was stolen in Roby during the night. The license plate number was CE198.

Besides the $138.30 taken from the Hobbs school building, six checks were also taken, one of which was for $329.54. The other checks were small. All were taken from a small safe.

Rayburn Raps Demotions

WASHINGTON (AP)—House Speaker Sam Rayburn today accused the Eisenhower administration of trying to force 10 Texas supervisors of the Farmers Home Administration to resign to make jobs for Republicans.

He said the agency had moved to lower civil service ratings of its regional supervisors in Texas by two grades and this had greatly "flustered" its Texas personnel.

"When they try to slap these people down two grades," Rayburn said, "I assume what they want is for them to resign. I can't see any reason for it except to get rid of the people in there now and put in Republicans."

At the same time Texas Reps. W. R. Poage and Clark Thompson denied in a telegram to Walter McKay, the agency's Texas administrator, that the House Agriculture Committee of which they are members had approved demotion of the 10 supervisors. Their telegram said in part:

"Have just been advised you have publicly stated that the Agriculture Committee of the House agreed with and approved of last week's demotion of the FHA present supervisors and the tripling of their number.

"This is a mistake.

"We did not either endorse or condone calculated discourtesies heaped upon 10 supervisors who we feel have done a remarkably good job."

WEATHER

NORTH CENTRAL TEXAS: Mostly cloudy and windy with scattered thunderstorms this afternoon and tonight, cooler northwest tonight. Thursday clearing and cooler.

WEST TEXAS: Clear to partly cloudy this afternoon, tonight and Thursday, widely scattered thunderstorms east portion South Plains and east of Pecos Valley this afternoon and early Wednesday night. Cooler Wednesday night and Thursday. Lowest 40s in Panhandle tonight.

High Here 96 Again

A fairly strong wind failed to keep the temperature in Snyder from rising to 96 degrees yesterday afternoon. The overnight low was a warm 65 degrees. At 7:30 this morning the reading was 70 degrees, David Strayhorn, weather observer, said.

Vet Land Program Is Given Confidence Vote By Solons

AUSTIN (AP)—Texas lawmakers gave the veterans land program a vote of confidence yesterday, declaring maladministration has caused its past troubles.

House and Senate endorsed parallel propositions to let the people of Texas vote on doubling the size of the program and changing its administrative setup.

In the House, where 100 of the 150 members must approve proposed amendments to the constitution, the vote on Rep. Buckshot Lane's measure was 118-15. The Senate, which must line up 21 of its 31 members for such proposals, recorded a 22-4 vote for Sen. George Moffett's plan.

Opponents, some of whom said they also favor the land program, warned against expanding it from 100 to 200 million dollars too soon. They said corrective legislation to assure proper operation of the program should be passed first.

Those favoring expansion said the small percentage of bad deals which have produced unfavorable publicity should not kill a basically good program.

Both Lane's and Moffett's plans call for replacement of the governor and attorney general with two appointive members on the land board. The two appointees—nominated by the governor and confirmed by the Senate—would serve with the land commissioner.

Either Lane's or Moffett's measure must be approved by the opposite House.

In other action, Sen. Dorsey B. Hardeman of San Angelo said his Committee on State Affairs would decide today when to hold public hearing on the administration's 50 million dollar a year tax bill. The measure passed the House Monday.

With the end of the constitutionally suggested 120-day session less than two weeks away, bills already passed by the Legislature were beginning to pour across Gov. Allan Shivers' desk.

The governor signed into law yesterday a bill to cut bus registration fees. This was the measure that set off a record-breaking filibuster of 28 hours, 6 minutes during debate four weeks ago.

Also signed were bills to:

Change the name of the Sabine River Authority to the Sabine River Authority of Texas, raising the directors' fees from $10 to $25 per day and increasing the amount of bonds authorized.

Establish a county juvenile board in Harrison and Rusk counties.

In the House, a resolution was introduced by Rep. Joe Ed Winfree of Houston to order a study of whether Eastham State Prison farm might be converted to a hospital for the criminally insane. The proposal was referred to the State Affairs Committee for action.

A proposed constitutional amendment authorizing future Legislatures to match federal funds for aid to mentally and physically handicapped persons was approved, 125-4, and sent to the Senate. Rep. Will Smith of Beaumont is the author.

House concurrence in Senate amendments to a bill allowing Tyler and Athens to vote themselves into the Neches River Water Authority advance the bill to governor's desk.

Directors Elected For New Boys Club

Boys Club of Scurry County completed its preliminary organization in a meeting last night when it adopted a constitution and elected 30 directors.

The directors will carry on the business of the club now by electing officers, incorporating the club, and making plans for facilities and activities for Scurry County boys.

Mrs. Amon Weaver, president of the city council of the Parent-Teacher Associations here, was chosen as temporary chairman of the board last night, and she called a meeting of directors for next Tuesday night for the board to organize.

The club, a non-political and non-sectarian organization to provide recreation and guidance for boys, still must choose several constitutional committees. These committees will be made up partly of directors and partly of regular members. Any persons who take part in activities of the club, whether it be by contribution or work, are members.

The 30 directors of the organization were chosen by ballot vote from a field of 60 candidates nominated by a committee headed by Max West. Ten of the directors will serve one-year terms, 10 will serve two-year terms, and 10 three-year terms. When the terms of each group expire, directors elected then will serve three years. In that way, at least one-third of the board will change each year.

Three-year directors elected were J. T. Hughes, Dr. Tom Hartley, Dr. Carl Dillaha, Bill Ballard, Pat Falls, Herman Trigg, Bob Crowell, Max West, Rex Miller, and Mrs. Bill Atwood.

Two-year directors are Herbert Feather, C. T. McLaughlin, D. M. Cogdell, Frank Weaver, Edgar Taylor, John Boren, Mrs. Amon Weaver, Dr. Cecil Yarbrough, W. W. Park, and Forrest Beavers.

Those chosen to serve one-year terms T. D. Wiman, Joel Griffin, Hubert Cargile, Mrs. B. V. Gillean, Herman Doak, the Rev. J. Lennol Hester, Buddy Norris, Walker Dabbs, Dr. B. J. Weaver, and Marvin Key.

Scout Roundup Is Scheduled

The Buffalo Trail Boy Scout Council has scheduled the 29th annual Boy Scout roundup for this weekend at Big Spring.

About 150 Snyder boys will leave here Thursday evening or early Friday morning in various groups for the encampment, which will be at the Boy Scout encampment grounds south of Big Spring.

Scout officials expect 1,250 boys from the entire council, composed of 17 counties, at the camp.

Included in activities at the camp will be patrol contests in signaling, height judging, first aid relay, flint and steel bow drill, knot relay, blanket rolling, chariot race, stick relay, water boiling, silent signals, pony express, nature study, tent pitching, scout law relay, fire building and pancake cooking.

Patrols will be judged on total score from all the contests. There will be no individual scoring kept. Ribbons will be awarded to troops on camp inspection and the combination of patrol contests.

For Explorer Scouts, boys 14 years old and older, there will be a field sports tournament, including blindfold compass, marksmanship, skeet shooting, bronc riding, pioneer lashing race, and bread baking contests.

About 50 men will take part in the encampment as judges and directors. Troops will take three meals for themselves, and the boys will be served one meal a barbecue at noon Saturday, when the encampment closes.

One study indicates that a cow will eat 125 pounds of grass a day in pasture where the grass is five inches high but only 45 pounds where it is three inches high.

More than 10,000 men work in Ontario, Canada's 33 producing gold mines.

AREA OIL ROUNDUP

Scurry Well Tests In Pennsylvanian

B. F. McFarland Drilling Co. No. 1 J. S. Criswell, wildcat in northeast Scurry County, is preparing to set casing for tests of the Pennsylvanian reef lime after making shows there.

The reef was tested from 6,326-362 feet with the tool open three hours. Recovery was 3,500 feet of free gas, 10 feet of oil and 50 feet of heavily oil and gas-cut drilling mud. No water was present.

The hole was then deepened to 3,672 feet, with no tests made on the extra 10 feet. Electric logs are to be run before casing is set on the bottom and perforated for the tests. Operator representatives think they can make a well.

Top of the reef was at 6,226 feet.

The No. 1 Criswell is 15 miles northeast of Snyder, 660 feet from north and west lines of the southwest quarter of 137-2-H&TC.

FINDS WATER

Union Oil Co. of California No. 1 Evelyn Daniels, west Nolan County wildcat six miles south of Roscoe, made only sulphur water in a drillstem test of the Ellenburger.

That zone was tested from 7,085-303 feet with the tool open one hour. Recovery was 5,004 feet of sulphur water with no signs of oil or gas. The hole is bottomed at 7,303 feet in Ellenburger dolomite now. Operator probably will run casing to test a show of possible production developed in the Mississippian on a test from 7,029-074 feet.

The No. 1 Daniels is in 93-23-T&P.

TO TEST STRAWN

General Crude Oil Co. was preparing to take a drillstem test in the Strawn lime at the No. 163-1-5 J. W. Young, northwest Kent County wildcat.

Operator cored from 6,660-670 feet and 6,670-681 feet. The first interval cored returned nine and a half feet of Strawn with a fair show of oil and bleeding oil in the top five feet.

The second core was 10½ feet of Strawn lime with nine and a half feet bleeding oil.

A drillstem test from 6,648-681 feet, open 45 minutes, recovered 25 feet of drilling mud. Top of the Strawn was at 6,641 feet on a datum point of minus 4,498 feet.

The project is 10 miles northwest of Clairemont in 163-G-W&NW.

SCURRY COUNTY

The Superior Oil Co. and Intex Oil Co. of Midland have filed application asking permission to drill the No. 1-536 Lanham in the Fluvanna-Strawn field of northwest Scurry County.

Drillsite is to be 660 feet from north and east lines of 536-97-H&TC, about two miles northwest of Fluvanna. Rotary contract is to 8,500 feet.

Empire Oil of Texas, Dissolved, will drill the No. 6-B Chapman in the Sharon Ridge 1700 field two miles southeast of Ira. Location is 330 feet from north and 560 feet from west lines of the northeast quarter of 100-97-H&TC. Cable tools are to drill to 1,800 feet.

Felmont Oil Corp. No. 1 C. T. McLaughlin has been completed in the Diamond M-Clear Fork field southwest of Snyder.

The well pumped 24 hours for a potential of 128.25 barrels of 28.8-gravity oil plus 14 per cent water. Production is from open hole at 3,135 feet, top of the pay where casing is set, to 3,190 feet, total depth. The pay was acidized with 500 gallons. Gas-oil ratio was nil.

The well is 480 feet from east and 330 feet from south lines of 179-97-H&TC.

NOLAN COUNTY

A wildcat failure, a new wildcat location and an offset to a discovery have been reported in Nolan County.

General Crude drilled the failure, the No. 1 L. D. Monroe. It was quit at 6,664 feet in barren Cambrian, and reported no shows of possible production. Location was in 284-64-H&TC, one and a half miles southwest of Nolan.

B. G. Byars and T. C. Billups of Abilene and others will drill a 6,660-foot Ellenburger wildcat in northeast Nolan County. It is the No. 1 C. R. Ware. Drillsite is 1,980 feet from north and 579 feet from west lines of 290-64-H&TC, two miles south of Dora and four miles east of the Divide field.

In southeast Nolan County, General Crude Oil Co. staked an east offset to A. W. and Blair Cherry and others No. 1 Osward Everett, a recently completed Ellenburger discovery.

The new test will be the No. 1 R. L. Alderman, 660 feet from north and west lines of the southeast quarter of 107-1A-H&TC. It is to dig to 7,000 feet.

DRILLING REPORT

Forest Oil No. 1 Love, southeast Dawson County prospector, is preparing to rig up a pump after moving off the rotary. It is at total depth of 7,627 feet in lime.

Sun Oil No. 1-D Shannon, Scurry wildcat, is drilling in shale and lime below 5,485 feet. Ashmun & Hilliard No. 1 Root, southwest of Snyder, has spudded to 26 feet and is drilling ahead.

In southeast Garza County, Warren Oil No. 1 W. Williams is drilling in chert, shale and lime below 7,750 feet.

Warren No. 1 Sieber in Kent County is preparing to drill ahead after a two-hour drillstem test from 6,675-690 feet. There was a very weak blow during the test. Recovery was 21 feet of slightly oil and gas-cut mud. Flowing pressure was zero, with 20-minute shut-in pressure also zero.

Battle Due On Trade Bill

By JOE HALL

WASHINGTON (AP) — President Eisenhower was credited with a foreign trade bill without major changes, but it still faces a tough floor battle.

The committee approved the bill late yesterday 13-2. Senators Kerr (D-Okla) and Malone (R-Nev) were the only dissenters.

Chairman Byrd (D-Va) hailed this virtual unanimity as a sign that the bill could be put through the Senate without any damaging amendments.

Nevertheless, sponsors of administration-opposed amendments rejected in the committee laid plans to carry the battle to the floor. Debate may begin Monday.

This was particularly true of Senators who seek relief from import competition for specific commodities. One powerful lineup favors a sharp cutback on oil shipments into this country.

The Senate committee preserved, as the House had done on close votes in passing the bill earlier, the key powers sought by the President. These are a three-year extension of the 21-year-old reciprocal trade pacts law and new authority for the President to cut tariffs 15 per cent. The law gives the President power to reduce import duties in exchange for similar concessions from other nations.

Two Persons Plead Guilty

Two persons pleaded guilty to misdemeanor charges in county court this morning, and bond was set for another man who pleaded innocent.

Bond was set at $350 for Eldred Lee Condry, 45, of 1904 Nineteenth Street, when he pleaded innocent to a charge of driving while intoxicated. The charge was filed this morning. Condry was arrested Monday by city police officers. He was still in jail at noon today in lieu of bond.

H. L. Bailey, 30, Midland, was assessed $45.50 for swindling by worthless check. He pleaded guilty to passing a worthless check for $10 to Redwood Courts. Of the assessment, $10 was fine, $23.50 regular court cost, and $12 mileage court cost in returning him here from Midland. The charge was filed Jan. 25.

Also returned from Midland by Howard Gibbons, deputy sheriff, was Ivan O. Bevel, 25. He pleaded guilty today to a charge of swindling by worthless check, but sentence was withheld and is pending.

The charge to which he pleaded guilty today alleged he gave a worthless check for $20 to Furr Food Store. The charge was filed April 8.

Bevel was previously convicted on a similar charge here in January.

Prisoner Released From Jail On Bond

Daniel E. Faniel, 38, Snyder Negro charged yesterday with aggravated assault in the throat slashing Sunday of another Negro man, was released from the county jail on bond of $250 yesterday afternoon.

The bond was presumably set by the sheriff in the absence of the county judge. Sureties were listed as Garland Armstrong, attorney, and R. W. Burney.

Faniel is alleged to have assaulted Willie Miles, 31, who was not seriously hurt.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: Mrs. L. D. Foreman, Snyder; K. E. Hollon, 1802 Avenue Q; Mrs. Emma Beal, 2607 Avenue W; O. H. Hooper, route 2; Virgil T. Brown, Clairemont route; D. C. Brunson, Bronte.

Dismissals: Mrs. Emily Teague, route 1; Mrs. Earl B. Ryan, 1907 Nineteenth Street; Robert Green, 1904 Fifteenth Street; Mrs. Bob Sutton, 2101 Forty-second Street; Jimmy Brown, route 1.

COGDELL MEMORIAL

Admissions: Ross Carroll, Snyder; Otis Chaffin, 2708 Avenue S; Mrs. Plum Rose Wills, Fluvanna; Mrs. T. B. Green, 3001 Avenue C; Mrs. B. M. Medley, 418 Thirtieth Street.

Dismissals: James O. Bennett, route 1; Mrs. Rubio Cantu and baby, 1904 Nineteenth Street; Charles Duran, 202 Thirty-first Street.

BIRTHS

Mr. and Mrs. T. B. Green, 3001 Avenue C, are the parents of a son born at 10:11 a.m. today in Cogdell Memorial Hospital. He weighed five pounds, nine and three-fourths ounces.

Mr. and Mrs. B. M. Medley, 418 Thirtieth Street, are the parents of an eight-pound, 11-ounce son born in Cogdell Memorial Hospital at 3:10 a.m. today.

Mr. and Mrs. L. D. Foreman of Snyder are the parents of a son weighing seven pounds, 12 ounces, born at 7:36 p.m. yesterday in Battenfield-Jones Clinic-Hospital.

COFFEE ANYONE?—The man casually reading his paper is dwarfed by the gigantic coffee pot display at the industrial fair in Milan, Italy. The cup and saucer complete the display. What appears to be coffee pouring from the pot—a model of an electric pot—is a large metal rod that supports the pot. The fair is a yearly event at Milan.

Bricker Makes Plea For Treaty Curbs

WASHINGTON (AP)—Sen. Bricker (R-Ohio) said today his proposal to curb the treaty power should be written into the Constitution to block the designs of "advocates of world government (who) seek to repeal the American Declaration of Independence."

Bricker said such persons seek to achieve world government in various ways, including amendment of the United Nations Charter, and he declared:

"The end result is the same—the United States would cease to be a sovereign, independent nation. When independence is destroyed, our liberties are lost. That is one of the most important reasons why we need a constitutional amendment safeguarding the power to make treaties and executive agreements."

He made these statements in testimony prepared for the start of new hearings before a Senate Judiciary subcommittee on his proposed amendment. The Eisenhower administration has opposed the amendment. A revised version of it was narrowly defeated last year in the Senate.

In a prepared opening statement, Sen. Kefauver (D-Tenn), the subcommittee chairman, said, "It will be difficult to continue long with these hearings, involving as they do the basic questions of the powers of the presidency, until the administration has presented its current position."

Secretary of State Dulles had been scheduled to appear today, but Kefauver disclosed Monday that the White House had ordered an indefinite delay. Dulles said yesterday he remains opposed to the Bricker amendment. He said the delay had been ordered because some other administration officials were not prepared to testify.

The Bricker amendment would provide that:

1. No treaty or other international agreement which conflicts with the Constitution shall have any effect; and

2. No treaty or executive agreement shall be effective as U.S. internal law except through legislation which would be valid in the absence of a treaty.

Bricker contends there is a real danger that a treaty, or even an executive agreement not requiring the approval of the Senate, may be used to take away basic constitutional rights or to encroach upon legislative fields which the Constitution reserves to the states.

Bricker, tatking note of the argument that his proposal would tie the President's hands, said they already are tied by restraints written into the Constitution, and he continued:

"My amendment would . . . tie the President's hands . . . only to the extent that he could not make international agreements in conflict with the Constitution nor make one-man law for the people of the United States by executive agreement.

"Why shouldn't the President's hands be tied to that extent?"

". . . My amendment would not tie the President's hands in the sense that he could not act promptly in time of emergency or carry out an effective foreign policy."

Fort Worth Man Heads County Judges Group

AMARILLO (AP)—Tarrant County Commissioner Bryan Henderson, Fort Worth, is the new president of the West Texas County Judges and Commissioners Assn.

Henderson, elected last night at closing sessions of the group's annual convention here, defeated Andrews County Judge Milton Ramsey 74-41 for the post after nomination from the floor.

Other officers elected included: George Green, Slaton, Lubbock County Commissioner, vice president; Pecos County Judge Paul Counts, secretary-treasurer; Erath County Commissioner Fred Allen, Stephenville, executive committeeman.

Mineral Wells was decided on as next year's meeting site.

New Vaccine Is Due Soon, Doctors Told

FORT WORTH (AP)—The Texas Medical Assn. was told today the Salk vaccine is not the final answer to polio.

"Work is proceeding rapidly on a live vaccine. . . that may prove more reliable and effective," said Dr. S. Edward Sulkin of Dallas, microbiologist at Southwestern Medical School.

The TMA ended its convention with announcement of new officers at today's luncheon. Dr. Milford O. Rouse, 52, Baylor University graduate from Dallas, was named president-elect, to take office next year.

Taking office as president at the convention was Dr. J. L. Cochran of San Antonio, succeeding Dr. F. J. L. Blasingame of Wharton. Galveston was selected for the 1956 convention.

Dr. Sulkin explained the Salk vaccine is made from killed polio virus. He said that "extensive research" was being done on the live kind even though the Salk vaccine has started to be marketed.

"It still [illegible] as possible that a simpler, attentuated vaccine" may be the answer," Dr. Sulkin said. By "attentuated" he meant that the live polio virus is put through certain processes to make it lose its disease-producing capacity but not its immunization ability. Vaccine for smallpox and yellow fever is of this type.

Dr. Sulkin said live virus might require only one shot and be effective for many years or life. The Salk vaccine requires two shots, followed by a third, and duration of immunity is undetermined.

Mrs. Joseph H. McCracken Jr., Dallas, was installed as president of the TMA auxiliary. Other auxiliary officers elected and installed included: Mmes. R. C. Bellamy, Liberty, president-elect; W. C. Barksdale, Borger, second vice president; H. Scott Martin, San Angelo, third vice president; and O. W. Robinson, Paris, parliamentarian.

FRIDAY

Ladies Day, 9:30 a.m., Country Club; Mrs. Weldon Johnson hostess for bridge.

El Feliz, 3 p.m., with Mrs. Watt Scott, 130 Twentieth Place.

Many Fail To Get Stickers

Apparently, many Scurry County motorists failed to obtain their vehicle inspection stickers before the deadline of April 15.

Four persons paid fines of $14 each, including court costs, yesterday on justice court charges of operating vehicles without valid inspection stickers.

These four brought the total number of charges filed for such offense to eight since the April 15 deadline. There were no charges of this kind filed from April 1 through April 15.

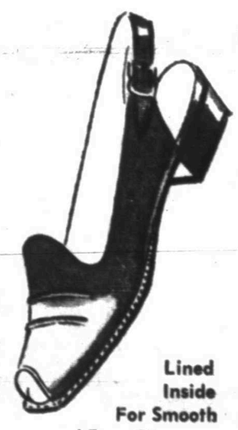

Violation of the law pertaining to inspection stickers is punishable by fine of any amount not exceeding $200, plus court cost. This is the standard range for violation of any laws in the Texas Uniform Traffic Code. Court cost in justice court here is $9, making the fine range, including cost, from $10 to $209.

There are numerous vehicle inspection stations at the several automobile dealerships in Snyder. The fee for an inspection and sticker is $1.

Pile mashed potato into a shallow baking dish. Sprinkle with bits of bacon. Broil until potato is heated through and bacon bits are browned.

Demonstration Given

A demonstration on hemming was given for the Fluvanna 4-H Club by Ruby Butts, home demonstration agent, at the club's meeting Monday. Opening exercises were led by Jacqueline Martin and Ann Miller directed a game following the program. Eighteen members attended.

Miss Gilmore, Fred Parsons Are Married

Betty Jo Gilmore, the daughter of Mr. and Mrs. J. E. Gilmore of Roscoe, became the bride of Fred Parsons in a double-ring ceremony performed in the Roscoe Methodist Church Saturday night. The bridegroom is the son of Mr. and Mrs. J. R. Parsons of Sweetwater.

The Rev. S. A. Sifford, pastor of the Hermleigh Methodist Church, read the vows as the couple stood before an arch of greenery. White gladioli and white candles in candelabra completed church decorations.

Given in marriage by her father, the bride wore a dress of white net over satin. Her fingertip-length veil was attached to a pearl-trimmed satin headdress. She carried white flowers on a white Bible.

Attending her cousin as maid of honor was Jane Gilmore of Lubbock and Snyder. Mrs. Robert Harrell of Roscoe was also an attendant. Cynthia Richburg of Roscoe was flower girl. Sandra Kay Allen of Dallas and Sharlene Herron of Brownfield lighted the candles.

R. G. Herron of Brownfield, brother-in-law of the bridegroom, was best man. Ushers were K. W. Allen of Dallas and Eddie Dooley of Roscoe.

Mrs. Mark Vaughn of Snyder played wedding music and accompanied Mrs. Donald Marth of Roscoe as she sang "Because" and "Whither Thou Goest."

A reception in the recreation hall of the church followed the ceremony. Mrs. K. W. Allen of Dallas, cousin of the bride, was at the guest register and Mrs. Joe Williams of Roscoe served punch. Assisting in the reception were Mrs. Felix Dooley, Mrs. Cliff Hodges, Mrs. Homer Richburg and Mrs. Red Dee, all of Roscoe.

The couple will be at home in Brownfield, where Mr. Parsons is employed by an automobile firm. Mrs. Parsons, a graduate of Roscoe High School, was employed at Battenfield - Jones Clinic-Hospital here until her marriage.

Mrs. Duggar Is Hostess To Club

Mrs. R. L. Duggar was hostess to 11 members of the Atheneum Study Club yesterday afternoon at her home, 3709 Rose Circle. A guest for the meeting was Mrs. Lela Evans of El Dorado, Ark., a houseguest of the hostess.

Mrs. Fickas Bell led the program discussion on the Netherlands, touching on general living conditions, educational opportunities, flood dangers and other phases of life there.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

Pressure cooking can cut your meal preparation time up into fractions, yet provide a variety of nutritious, palatable foods. Hamburger Goulash was suggested recently by a home economist as a one-dish supper idea. Serve it with a crisp green salad, break sticks or hot rolls to satisfy hearty appetities.

2 slices bacon
1 pound hamburger
2 cans (8 ounces each) tomato sauce
1 medium onion, chopped
¼ cup chopped green pepper
1 clove garlic, minced
1 teaspoon prepared mustard
1 teaspoon tabasco
1 teaspoon horseradish
2 tablespoons catsup
Salt, pepper
1 10-ounce package frozen corn
1 cup water
1 4-ounce package egg noodles

Heat the cooker and brown the bacon. Remove the bacon and brown the hamburger in the bacon fat. Add the bacon, tomato sauce, onion, pepper, garlic, mustard, tabasco, horseradish, catsup, salt, pepper, corn and water. Mix well. Stir in noodles. Close cover securely. Place indicator on vent pipe and cook 12 minutes at 15 pounds. Cool cooker at once.

Add interest to any bread pudding with a new topping.

WALNUT-BRITTLE TOPPING

1-3 cup brown sugar, firmly packed
1 tablespoon cream
1 tablespoon melted butter or margarine
1-3 cup chopped walnuts

Blend the sugar, cream and butter. Add the walnuts. Spread the topping over the hot, baked pudding. Place under the broiler until the topping bubbles and browns slightly. Serve warm or cold.

Fluvanna Coach Honored By Pupils

A surprise hayride honoring Grover Watkins, Fluvanna High School coach, was given Friday night by the boys and girls basketball teams of the school.

Refreshments were served and a gift presented Mr. Watkins following the ride.

Those attending were Mr. and Mrs. Watkins and Sandra, Bobby Lemons, Ray J. Ball, Kenneth Kellner, Don Wills, Royce Holder, Albert Hataway, Victor Fulford, David Gene Smith, Troy Evans, Rex Pylant, Judy McDaniel, Maggie Boatman, Jacqueline Martin, Syble Bley, Barbara Reeder, Mary Nell Boatman, Bertie Lee Kellner and Darlene Lemons.

Met Auditions Are Still Open

DALLAS — Singers in Texas, Louisiana and New Mexico can submit applications for the first regional Auditions of the Air of the Metropolitan Opera until May 2. The original deadline had been April 26.

Application forms were originally distributed to every music school and music group in the three states two weeks ago. Singers are eligible if they maintain official residence in one of the states, have had some voice training, music background and display artistic aptitude. Professional experience is not necessary, but a recognized music school or organization must submit an application form on behalf of the singer. Audition headquarters [illegible] 15 Maple Avenue in Dallas, and auditions will be heard at station WFAA in Dallas. Should a winner be selected from the finalists, he will receive a trip to New York to audition for an appearance on the Metropolitan audition on NBC.

Dance Students On Fluvanna Program

Students of the Elaine Lambert Dance Studio will perform tomorrow night on a program at Fluvanna.

The program, sponsored by the Parent - Teacher Association, will begin at 8 o'clock tomorrow night in the school auditorium.

Admission will be 35 cents for adults and 25 cents for students.

Bridge Club Meets

Mrs. Richard Brice and Mrs. E. J. Richardson, Jr., won high score in duplicate play at the Tuesday Night Bridge Club last night. Hostess for the evening was Mrs. Fred Bullard, 3606 Avenue V. Bingo prize went to Mrs. Wade Pipkin. Four tables were in play.

Ever try this vegetable combination? Add cut green beans to creamstyle corn and season with a little curry powder.

Prime Minister Has A New Wheel Chair

TOKYO (AP) — Prime Minister Ichiro Hatoyama used a new collapsible wheel chair when he appeared in the Diet today. He said it was a gift of P. Deferrari, chairman of the U.S. Amateur Athletic Union's wrestling committee. The Prime Minister was crippled by a stroke several years ago.

Eastman Earnings

ROCHESTER, N.Y. (AP) — The Eastman Kodak Co. has reported record near earnings of $14,763,628 for the quarter ended March 20. The figure is 20 per cent higher than the $12,297,275 reported for the corresponding period last year.

MORE BEAUTY!...

Actual photo of Plymouth Belvedere Convertible

MORE VALUE!...

THAN ANY OTHER CAR IN THE LOW-PRICE 3! HERE'S WHY—

Because Plymouth is *the biggest car* in the low-price 3, and also has *the newest styling*, you'll see more glamor outside, more luxury inside, when you inspect this great new car.

And when you step inside you'll find more comfort, too, because Plymouth is *the roomiest car* of the low-price 3—with the most comfortable seats, most leg room, most hip room, the largest trunk. The glamorous new Full-View windshield gives you *the greatest visibility*, because it's swept back at the sides.

Now, for the greatest thrill of all, take the wheel and drive the new Plymouth. *The thriftiest, smoothest six* of "all 3," the high-compression PowerFlow 117, or the new 167-hp Hy-Fire, *most powerful standard* V-8, leaps to action at the turn of the key. On the road, you'll enjoy *the smoothest ride* in the lowest-price field—the steady, even ride only a truly big car, like Plymouth, can give you.

These are a few of the reasons why value-wise buyers are choosing the big, beautiful Plymouth when they look at "all 3" this year. But why not see for yourself? See and drive a new Plymouth today!

WHY PAY UP TO $500 MORE FOR A CAR SMALLER THAN PLYMOUTH?

Don't be fooled by the claims of so-called medium-price cars that they cost practically the same as Plymouth. When you compare price tags you'll find that, *model for model*, Plymouth sells for much, much less than medium-price cars, and gives you more car for your money!

State Department Goes From One Snafu To Another Quickly

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — The State Department tore its pants again—this time on one word, "discussion"—and quickly did an about-face. Secretary of State Dulles applied the patches, with Red China watching.

The department was just recovering from two embarrassing situations into which it got itself: leaking the Yalta papers and firing Edward Corsi, recently hired immigration adviser.

Suddenly on Saturday the department was confronted with one of the most sensational developments of 1955: Red China offered to talk peace. Neither President Eisenhower nor Secretary of State Dulles was in town.

Both men had hoped mightily for a cease-fire with the Communists but Eisenhower was at his farm near Gettysburg, Pa., and Dulles was resting at his vacation home on an island in Lake Ontario.

Herbert Hoover Jr., acting secretary of state, talked by phone with Eisenhower for an hour. It would seem that on anything as important as Red China's proposal, the department would take time to consider all angles.

But it promptly issued a statement. This statement could have said the United States, while welcoming peaceful suggestions, would like to know a little more of what Red China had in mind. That would have left the next move to Red China.

The Communists had said they wanted to talk of "relaxing tension in the Formosa area." That could mean talking about a cease-fire in the area. It did not necessarily mean the Reds wanted to talk about getting Formosa.

They claim Formosa. But the United States is bound by treaty with Chiang Kai-shek's Nationalist government on Formosa to defend that island. Instead of waiting to find out precisely what the Reds had in mind, the department's statement said:

This country would not take part in "any discussion concerning" the Formosa area unless the Nationalists sat in. That seemed to mean there could not even be a cease-fire talk without Chiang.

The statement got a bad reaction among Asians, even those who had been most critical of Red China. Then early yesterday Sen. George (D-Ga), who sometimes seems to be trying to give the Eisenhower administration a sense of direction in foreign affairs, spoke out.

He said there could be cease-fire talks with Red China without Nationalist China.

A few hours after George's views were known, Dulles, back from his rest, told a news conference there could be cease-fire talks without the presence of Chiang.

But what about that Saturday statement of no agreement which said Chiang would have to sit in on any "discussion concerning" the Formosa area? Dulles replied that the statement had said this country would not discuss a "disposal" of the Formosa area. But he was wrong.

Chiang, the American ally, could naturally be expected to sit in on any discussion concerning the disposal of Formosa or the Chiang-held islands. But the State Department did not say anything about "disposal."

Dulles was asked if he had seen the department's Saturday statement or approved it while he was at Lake Ontario.

"No," said Dulles, "I was away. When I get away I am really away, up there."

GAS EXPLOSION WRECKS HOUSE—Gas from a broken line is believed responsible for the explosion which destroyed this home in Taylor Township, a suburb of Detroit, Mich. A mother and three-year-old son escaped with slight injuries.

Man Shoots Ill Wife In Hospital Room

BELLEFONTE, Pa. (AP) — A retired contractor who said he couldn't bear to see his 72-year-old wife suffer shot her to death in her hospital room yesterday and then attempted suicide.

W. S. Madore, 71, is recovering in the Centre County Hospital from a chest wound.

His wife, Mrs. Nelle Madore, had been a patient at the hospital since she suffered a brain hemorrhage. Madore visited his wife daily. Nurses described them as "very devoted."

"I felt that she was not going to get better," Madore was quoted as saying by Dist. Atty. John R. Miller. "I couldn't see her suffer. I knew I couldn't live without her."

Butler Urges Party Unity

ATLANTA, (AP)—An appeal to Democrats to reconcile their differences over sectional affairs was made last night by National Party Chairman Paul Butler, but he made no reference to a major issue in the South—racial segregation.

Observing that he was addressing a dinner of the Georgia Democratic Executive Committee on Confederate Memorial Day, celebrated annually in memory of Southerners who fought in the Civil War, Butler said:

"I believe . . . the differences that existed between the sections of our country then and now can be worked out . . .

"I don't believe any differences exist in the Democratic party that cannot be adjusted in the 1956 party platform."

Butler criticized President Eisenhower and his administration by saying that "never did any candidate for president promise so much and deliver so little." He said Eisenhower personally must bear the responsibility for what he called the "failure of the Republican administration."

Men Are Men, But Armies Are Armies

By HAL BOYLE

NEW YORK (AP) — The great fact of history 10 years after American and Russian soldiers shook hands gingerly on the River Elbe is that both sides now are shaking fists at each other.

The Allies whose handclasp in comradeship then sealed the doom of Adolf Hitler's ideology are now separated by mutually expressed doubts and fears. They say our ideology threatens them, and we say their ideology threatens us.

The dismal regret in the long view of time is that the wartime unity of the two greatest hemispheric powers has evaporated in a tug-of-peace.

For the brief moment of that handclasp at Torgau there was one world, one common victory. All the blood and sweat and tears it cost were repaid in a splendid bright second.

And then everybody on both sides went back to being himself—and there were two worlds. There have been two big worlds ever since.

Looking back across this crowded decade, I suppose it is wistfully foolish to think that one moment of unity could last forever. But surely all wars that end in a handclasp of strange allies must carry with it the hope in the tired hearts of all, "This is the last one. Surely now there won't be another."

I was among a group of war correspondents who covered the grand linkup meeting of the American and Russian armies at the Elbe.

When we met, we met warily. I suppose the average Russian soldier's first thought on seeing the first American soldier was, "This guy looks pretty much like another German."

But we shook hands, and broke bread and beans, drank long draughts of whatever spirits our hoarded stores or the German countryside provided, and trusted each other enough to hand our weapons back and forth.

It was all done with friendly gesture and sign and pantomime, the eternal language of strangers. The war was done and we were one together.

What a brief high cliff of world goodwill we stood on! Such a peak of ecstasy! But when the bread had been broken, the wine drunk, and the relief of victory and weariness slept off, we woke up.

Ivan Ivanovich and GI Joe looked at each other and realized one was a Russian soldier and one was an American soldier, and that men may be men but armies are armies.

New York City Has Record Budget Set

NEW YORK (AP)—The Board of Estimate yesterday adopted a 1955-56 fiscal year city budget of $1,782,335,683. It was the largest budget in the city's history, exceeded in the United States only by the federal budget.

The new budget exceeds the current one by $138,845,556.

The budget now goes to the City Council, which may reduce or delete any item but may not increase it.

Simply beautiful...
beautifully simple!

motoramic CHEVROLET

Chevrolet's modern beauty, like that of modern architecture, springs from clean, uncluttered design

Fortunately, good taste is not shackled to price, and no car in America . . . not even the most costly . . . can surpass the sculptured elegance of Chevrolet's lines. They have the classic purity that is the mark of all superb design—and the secret of its lasting appeal.

The crisp simplicity of the grille, for example, says *tomorrow*, unmistakably. And, when tomorrow comes, today's Chevrolet still will warm its owner's heart with pride. It will not be outdated by exaggerated "massiveness" or bolted-on decoration—and that is a dividend only truly modern design can pay!

Nor is styling all . . . it is merely a clue to the radical advances made in every single phase of performance, roadability and handling ease. We have said that the new Chevrolet is stealing the thunder from the high-priced cars . . . and we would be deeply pleased to show you, on the road, exactly what that means. Why don't you call us, soon, and set a date for a demonstration?

COMPLETE and OFFICIAL figures show that again in 1954—for the 19th straight year—
MORE PEOPLE BOUGHT CHEVROLETS THAN ANY OTHER CAR!

Pony Loop Tryouts To Begin Tomorrow

Tryouts will begin at 5 o'clock tomorrow afternoon here for one group of prospective Pony League players.

Pony League officials asked that all boys from any part of the county who are 14 years old or will be 14 by Aug. 1 report tomorrow to the softball diamond in the southwest corner of Towle Memorial Park, just south of the Pony League playing field, for the tryouts. Those who will be older than 14 by Aug. 1 will not be eligible for Pony League play. Workouts for boys who are 13 will be held next week, starting on Monday at 5 o'clock.

Officials urged that those reporting for tryouts bring their birth certificates with them.

Also, all Pony League managers have requested that boys already assigned to teams and carried over from last year report at the same time tomorrow to meet with their managers. The managers are Jeston Corbell for the Von Roeder Red Sox, assisted by Jake Hodges; Pat Patterson for the Scurry Butane Dodgers, assisted by Junior Corbell and Arlon Stokes; Bill Valentine for the Courthouse Tigers, assisted by Lester Gladson; and Zelmer Glover for the Lions Club Phillies, aided by Lloyd Rinker.

Tryouts for the 14-year-olds will be held tomorrow and Friday, while those for 13-year-olds will begin Monday and continue for several days through the week.

The Pony League's area covers the entire county, so boys who live in the county are eligible, whether they attend school at Snyder, Ira, Hermleigh, or Fluvanna.

Each of the four teams will begin play with rosters of 15 boys. League play is scheduled to begin May 16 and to end about July 12. After that time, an all-star team representing all the teams will go into playoffs with teams from other cities.

The Pony League will play games on Monday, Thursday, and Friday nights each week.

ABOVE THE BLEACHERS

By DALE WALTON

Seems that good fortune just doesn't follow the Snyder Tiger baseball team.

The Tigers were doing alright yesterday in their game against Wichita Falls, leading 3-1 in the top of the fifth, and it looked as if rain might pour down at Wichita Falls.

But the rain didn't come. Wichita Falls poured it on from the bottom of the fifth to the end of the game.

And what happened just as soon as the game ended? It rained. Coach Speedy Moffett said that was one of the biggest rains he had seen in a long time.

• • •

Garey Lawhon, well-known around West Texas as an end for Levelland, has signed a letter of intent to go to Baylor.

Lawhon will make Baylor a good one.

• • •

Cage coach J. P. Ward says his prospective 1955-56 basketball squad will wind up spring drills tomorrow night in a scrimmage with ex-players.

The scrimmage will be held at 8 p.m. in the high school gymnasium.

The two teams had one scrimmage last Saturday night, with the future varsity coming out on top 61-50.

• • •

Anyone who can't make it to the state track meet next week might see something almost as good at the Red Raider Relays at Lubbock Saturday.

Only qualifiers for the state track and field meet will compete in the meet. The whole meet has now been scheduled to be held Saturday afternoon, starting at 1 o'clock.

Abilene Gains Lead In WT-NM League

By The Associated Press

Abilene's Blue Sox, working behind the steady pitching of veteran Edd Kapp, forged out to a full one-game lead Tuesday night over the pack in the West Texas-New Mexico League.

The Blue Sox, playing at an .833 clip, bounced El Paso 7-3 while Clovis slipped from second to fourth place.

In other games, Lubbock outscored Albuquerque 13-9, Plainview moved past Clovis 8-2 and Pampa came up with a 6-4 verdict over hapless Amarillo.

Tonight, the clubs switch with Clovis visiting Pampa, El Paso in Plainview, Amarillo moving to Lubbock and Albuquerque in Abilene.

DWAYNE PRINCE
. . . outstanding losing effort

Coyotes Trail Until Fifth But Win 9-3

The Snyder Tigers were downed by Wichita Falls again yesterday afternoon in a baseball game, but they gave the Coyotes quite a scare for half the game.

The Tigers were ahead 3-1 going into the fifth inning of the game. It was in that frame that the Coyotes got three runs home to move ahead.

Working behind the pitching of sophomore Dwayne Prince, the Tigers led off 2-0 in the first inning when Tommy Prichard and Joe Reaves got home on wild pitches. Prince had allowed the Coyotes only one hit in the first. In the second, Wichita Falls' first score walked in. The bases were loaded at that time, but a throw from catcher Don McNew to third baseman Reaves caught one runner off base for the third out.

The score stayed at 2-1 until the fifth, when Prichard doubled and then got home on Reaves' single. In the bottom of that inning, Lloyd Stone's double brought in one runner, and Stone got home on a hit-and-run ball by Elgene Brooking, who made first base by fielder's choice. Stone went home on a single by Allred, and Brooking got in following a fly in the field.

That put the Coyotes ahead, and in the sixth they got five more runs on one walk, four errors, and two singles.

Prince went four and one-third innings in the game before being relieved by Ronnie Baker. Prince allowed two hits, walked three, and struck out six in that time. Baker, in the last one and two-thirds innings, gave up three hits, walked none, and fanned one. Winner was Morgan, who went in for the last third of the fourth inning. He allowed four hits, struck out five, and walked four. Franklin, who started the game, gave up two hits, fanned five, and walked none.

The loss gave the Tigers a district record of 0-3, while Wichita Falls has a 3-1 mark. Abilene which downed Vernon 16-1 yesterday is leading the district with 3-0. Vernon's record is 0-2.

The Tigers will host Abilene Saturday and will wind up district play next week in a doubleheader at Vernon.

Port Arthur In Tie With Corpus Now

By The Associated Press

Port Arthur has pulled into a tie with Corpus Christi for first place in the Big State League and at the rate the Seahawks now are traveling they'll be all alone at the top shortly.

Tuesday night the Hawks edged Austin 3-2 while Corpus Christi was losing to lowly Texas City 10-9.

Jim Newberry came in in the ninth to throttle Austin and give Port Arthur its victory. Austin had a run in and the tying run on second when Newberry got one batter out on an infield out and forced Manager George Hausmann to hit into a double play.

Texas City slammed six runs across in the ninth inning to beat Corpus Christi. The big blow of the uprising was a bases-loaded triple by Junior Griffin.

Pete Ethier was the hero as Harlingen blasted Tyler 12-6. The Capitol second baseman drove in seven runs to personnally lead Harlingen to the victory that put it in undisputed fourth place. Either socked two home runs to turn the trick.

Waco and Galveston were idle.

San Antonio, Dallas Battling For First

By The Associated Press

San Antonio and Dallas were off by themselves Wednesday in the battle for first place in the Texas League.

Only a half-game separated the two as both won their games Tuesday night. But Houston the third place club, was three games away from Dallas.

San Antonio clubbed Beaumont 8-4, slamming three runs across in the first inning and staying well in front throughout the game.

Dallas humilated an old foe, Fort Worth, 9-4, combing Cat pitching for 12 hits. The Eagles bashed seven runs over the plate in the third inning.

Houston climbed over Beaumont into third place as Willie Brown, the erstwhile slugging Buff outfielder, got back into the groove. Willie hit two home runs, batted in four runs and scored four in a 10-4 rout of Shreveport.

Tulsa snapped a 10-game losing streak with an 8-7 decision over Oklahoma City. Jim Cleverly singled in the winning run in the ginth.

Texas Teams Fall In Sooner State Games

By The Associated Press

Invading Texas teams went down to defeat by identical scores in two games played in the Sooner State League Tuesday night.

Bob Bleyenburg pitched a three-hitter as the McAlester Rockets took the measure of the Paris Orioles. Ron Marston came through with a five-hit performance as the Shawnee Hawks leveled the Gainesville Owls, 5-2.

The game between the Seminole Oilers and the Ardmore Cardinals in Ardmore was called in the second inning because of rain. The contest between Muskogee and Lawton in Lawton was postponed because of rain.

Games tonight find Lawton at McAlester, Muskogee at Seminole, Paris at Shawnee and Ardmore at Gainesville.

SMU Almost Has Southwest Title

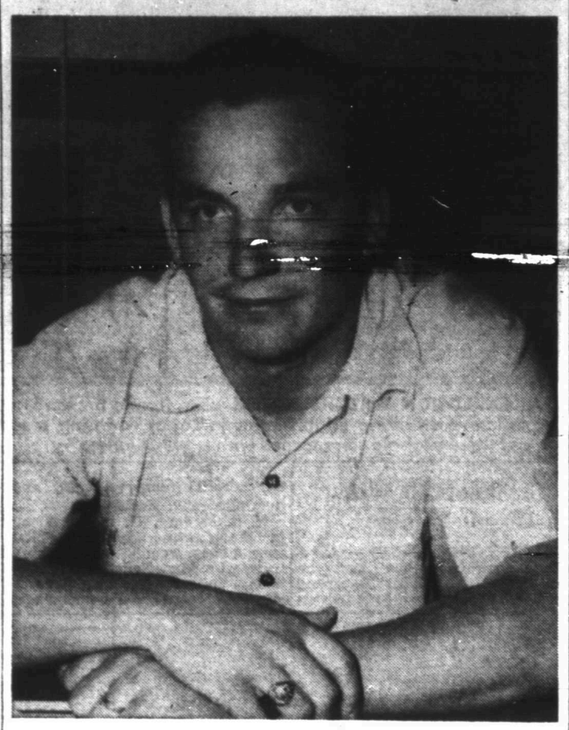

DALLAS (AP)—Southern Methodist can sew up the Southwest Conference golf championship by breaking even with Texas A&M at College Station Saturday. The Methodists whipped Texas Christian 6-0 yesterday to arrive at that stage and lead the Aggies by a half-point.

Phillips To Return To Tech As Coach

LUBBOCK (AP)—Aubrey Phillips, former All-Border Conference center at Texas Tech, will return to his alma mater as freshman football coach, a new position at Tech.

Phillips has been assistant coach at Boca Ciega High School in St. Petersburg, Fla., the past two years.

SPORTS

ROY CARTER
. . . moving in summer

Carter Named Head Coach At Dalhart

Roy Carter, seventh grade coach here for the past year, has been named head athletic coach at Dalhart High School beginning next fall.

The coach will move to Dalhart this summer and may be employed at a swimming pool while awaiting the fall football season. The class AA school hired Carter at a salary of $4,800 annually.

Carter said that the Dalhart football team finished the season with a 4-6 record last year. The high school has a membership of 385 this year and is expecting 400 next year, Carter said. Carter is replacing Dave Kline, who resigned to become head coach at Throckmorton.

After taking over at Dalhart, Carter will have two assistants to name, both of them helping on football and one to serve as basketball coach. The school now has a junior high coach who will remain on the staff.

Carter came here last fall from Littlefield, where he had served as line coach one year. He had served as seventh grade coach at Abilene prior to that time.

He is a 1953 graduate of Hardin-Simmons. A center for four years for the H-SU Cowboys, Carter was all-Border Conference center in 1952. When in high school at Rotan, he lettered four years in football and was picked to an all-district team. He also lettered in basketball two years there.

As seventh grade coach here, Carter trained boys who had never played football previously, teaching mostly fundamentals. His seventh grade team last year was undefeated in six games. He also coached basketball in the junior high, and his team had an 8-2 record last season. The football team was one of the few which had ever completed a season undefeated here.

Carter and Charlie Storrs work together in the junior high and have been conducting spring training for those who will be in junior high next season. Storrs has also resigned to accept a post as junior high coach at Lubbock.

Carter is married and has one small daughter, Barbara. Mrs. Carter teaches science in the high school.

Kentucky Derby To Have Record Crowd

By GAYLE TALBOT

NEW YORK (AP)—It is a safe bet that the greatest crowd ever to watch a horse race will have its eyed glued on Churchill Downs a week from Saturday, when Nashua and Summer Tan renew their blazing rivalry in the Kentucky Derby.

Every man, woman and child who saw the two game colts put on their thriller in last week's Wood Memorial at Jamaica will want to see if they possibly can match that performance, and those others who only heard or read about it will try to be on hand for the second show.

Far from reducing interest in the first of the 3-year-old classics, Nassau's neck victory in the Wood—actually, it was but a long head, the pictures show—only whetted the nation's interest in the continuing duel.

Even after "cooling out" for a number of days, veteran track writers who watched spellbound during Saturday's race still are calling it the greatest they ever saw and predicting it will be remembered as long as the sport endures. They are pretty well split up too on what will happen the next time around, despite Nashua's present 4-1 lead in the series.

When Nashua let Summer Tan set the pace all the way in the Wood and then came lunging up to nail him in his last long jump at the wire, some were satisfied that the Belair beauty finally had asserted his mastery for good and all. Their opinion is that, with another eighth of a mile to go at Louisville, he will pull away and break Summer Tan's heart.

Diehard admirers of Mrs. John Galbreath's colt, on the other hand, are not convinced that the Wood proved anything. Their contention is that this is the first real distance test for Summer Tan since he recovered from his near-fatal illness during the winter, and that it probably was just what he needed as a tightener for the big events to come.

NCAA Cracks Down On Athletic Policies

By JOE MOOSHIL

CHICAGO, (AP) — The NCAA cracked down on the Universities of Oklahoma and Cincinnati yesterday with a warning that the two clean up their athletic policies or face possible expulsion.

Oklahoma was placed on two years probation by the policy-making council of the National Collegiate Athletic Assn. Cincinnati was given one year probation and was ruled ineligible to participate in NCAA championship events.

No such clause was attached to Oklahoma's penalty, which means Oklahoma, perennial Big Seven football champion and a major grid power nationally, can participate in the Orange Bowl next New Year's Day if the Sooners win the conference title.

The council reprimanded three other schools and terminated the probation periods of two others.

One-year probationary sentences for Kansas State and North Carolina State for "athletic malpractices" were terminated effective May 7.

The University of Dayton (Ohio), Bethune-Cookman College of Daytona Beach, Fla., and Virginia Union University were reprimanded.

Dayton was reprimanded for holding a basketball tryout and the others two for engaging in the Tropical Bowl football game at Jacksonville, Fla., Dec. 12, 1953. The game was not certified by the NCAA.

The council reported it was found that Oklahoma staff members offered prospective student-athletes cost-free education beyond the athletes' normal period of eligibility.

The school also was accused of paying medical expenses for immediate families of student athletes, specifically the wives and children of such athletes.

The council said university patrons provided student-athletes "fringe benefits" in the form of clothes, miscellaneous gifts of cash and other gifts of relative nominal value.

Some members of the Cincinnati football coaching staff were found to have offered athletes aid in excess of that permitted by the university and the NCAA and to have provided transportation for prospective football players to visit the campus during the years 1951 through 1953.

Cincinnati President Raymond Walters blamed former Coach Sid Gillman, now of the Los Angeles Rams, for the practices which brought NCAA censure. He said the practices no longer exist.

4,500 Watch Bout

HOUSTON (AP)—A crowd of 4,500 paid $13,000 here last night to see Joey Giambra of Buffalo, N. Y., middleweight contender, decision Jimmy Welch of Columbus, O., in 10 rounds.

Giambra, now in the Army at Fort Hood, had Welch in trouble several times but couldn't floor him.

Grimm Prides Self In Having Thomson

By ED WILKS
The Associated Press

Charlie Grimm watched the rain bounce off the sidewalks of New York from his hotel room yesterday afternoon and figured both his Milwaukee Braves and his ulcers were in good shape, what with Bobby Thomson hitting and all.

Jolly Cholly agreed with preseason talk that had his guys winning the National league pennant. And he was sure the Johnny Antonelli-for-Thomson deal with the Giants was going to swing in Milwaukee's favor already. Perhaps, of course, Thomson was useless with a broken ankle while Antonelli was the pride of New York's pitching staff as the Giants swept to the world title.

"Thomson already has won two games for us in the field," said Charlie, "and three with his bat." That accounted for five of the seven won by second-place Milwaukee so far.

It might have been six games chalked up for Thomson last night—except for a guy named Antonelli. The young lefty, beaten in his two previous starts, put down the Braves with three hits in a 3-2 New York victory. And he made Thomson, tied for the league lead in runs batted in (17), look like just another batter.

Twice he fanned Thomson, who went hitless in four trips. In the eighth, a rally fizzled as Thomson dribbled the ball in front of the plate for the final out with the tying run on third.

That was the only National League game played, with rain and cold putting the rest on the shelf. But the American got off all four games, topped by Bob Turley's one-hit pitching in a 5-0 victory over the Chicago White Sox that moved the New York Yankees into first place, one game up on the Sox.

Boston had a chance to tie the Yankees, but dropped one to Kansas City 8-7 in 11 innings. That tied the Red Sox for third with Cleveland's Indians, who beat Washington 3-2 as Bob Lemon won his fourth with a home run.

Al Kaline's ninth-inning blast beat Baltimore for Detroit 3-2.

Yesterday's was the fourth straight Polo Grounds defeat for the Braves, who won every road series but the one in New York last year.

New York had its three runs on a walk and four singles before Bob Buhl had retired a man. That did it. After the second, the Giants didn't make a hit off Buhl and two relievers, Dave Jolly and ace Warren Spahn. Hank Aaron tripled home the first Braves run in the third and they got another in the eighth on Aaron's single and a pair of infield outs with the help of an error and a passed ball.

Turley ran his strikeout total, tops in the majors, to 27, whiffing 10. It was his third decision without defeat. Sherm Lollar's single in the second was the only hit he allowed, although he walked nine.

The Sox's right-hander tactics against the Yanks failed. Mike Fornieles was tagged for three runs in the first. The Sox lost shortstop Chico Carrasquel, who was spiked on the ankle by Hank Bauer in a double-play breakup.

Boston's relief pitching, by Russ Kemmerer and Tom Hurd, no-hit the A's from the fourth to the 11th. Then Joe Astroth tripled and Jim Finigan smacked a single to win it after Hurd loaded the bases intentionally. Finigan also homered for three runs in the first. Tom Gorman was the winner, coming on in relief as Boston tied it in the eighth at 7-all against Art Ditmar who replaced starter Arnie Portocarrero.

Charles Will Meet Holman

MIAMI BEACH, Fla. (AP) — Ezzard Charles, former world's heavyweight boxing champion, and John Holman, a "hungry" fighter, square off tonight in a 10-round bout at the City auditorium.

CBS will telecast at 9 p.m., EST.

Charles, 33-year-old veteran of 100 fights, hopes to work his way back to a title shot at Rocky Marciano. He was beaten twice last year in attempting to dethrone the champion.

Holman, 27-year-old Chicago Negro, will be making his first start against a "big name" opponent. It will be his 38th fight in a 10-year ring career.

Charles, who fights out of Cincinnati, is a fancy boxer and knocked out 55 of his opponents in winning 87 fights. He has lost 11 and 2 ended as draws. He is expected to weigh in at 190 pounds and will be giving away 10 pounds.

Solman's chief claim to fame is that he knocked out Cesar Brion here earlier this year, the first time Brion was flattened. Brion had gone the limit with both Charles and Joe Louis.

In his 37 fights, Holman scored 15 knockouts and lost 10.

Midland Returns To Longhorn Top Spot

By The Associated Press

Midland took advantage of weak pitching and shoddy Roswell infield play to return to sole possession of the Longhorn League lead Tuesday night.

The Indians kicked Roswell 9-5 and shoved the Rockets back into third place in the two teams' see-saw battle for the top spot.

In other games, Big Spring punished Artesia 12-3, Odessa got past Hobbs 11-8 and San Angelo rallied to nip Carlsbad 8-6.

Tonight the clubs switch with those on the road returning home. Carlsbad is at Odessa, Hobbs at San Angelo, Midland at Artesia, and Big Spring at Roswell.

CONFERENCE EVALUATION PANEL—Visiting educators here for the Snyder High School career conference yesterday praised the career guidance program being carried out here, and predicted that it will spread to other school systems throughout the country, in the evaluation panel discussion above. Students, educators, and business representatives participated in the panel. They are from left: Dr. Anthony Hunt, of Howard Junior College, Big Spring, William Brownfield, Myrtle Scott and Eleanor Browning, students; T. D. Wiman, Snyder High School principal; Perry Bolger and Sandra DeFore, students; Renal B. Rosson, district attorney representing the bar profession on the panel; Ollie Peek, teacher, and Frank Wilson, school administrator.

HERMLEIGH STUDENTS AT CONFERENCE—The group of school students above are all Hermleigh High School students who attended the career conference at Snyder High School here yesterday. Students from Fluvanna and Gail high schools also attended. Shown in the front row from left are: Patricia Davis, Jean Robinson, Patsy Davidson, and Jonelle Light. Back row from left: Clarence Stahl, Lorene Roemisch, and Henry Tolleson. (Lee Watson photographs)

Publishers Hope Wilson Will See Error In Curbing News

NEW YORK (AP)—The head of the American publishers expressed hope today that Defense Secretary Charles E. Wilson will "see the error in his recent resort to censorship" in the Pentagon.

Richard W. Slocum, president of the American Newspaper Publishers Assn., also hit at former President Harry S. Truman's recent assertion that the press threw a protective cloak around the Eisenhower administration.

Slocum called too for an end to strikes that cripple newspapers. He said the recent "death" of the struck Brooklyn Eagle was "shocking."

Criticizing "the ever - present urge to censorship and a limiting of news sources," Slocum, executive vice president of the Philadelphia Bulletin, said in a prepared address at the NPA convention:

"Our problem sometimes lies more with the high-principled loyal and conscientious public servant who just does not realize that full operation of the people's right to know is more important than any single decision.

"We shall hope that our well-intentioned secretary of defense will quickly see the error in his recent resort to censorship in an effort to check alleged secret leaks."

Wilson told a Washington news conference April 12 that he tightened Defense Department rules on giving out military information to keep potential enemies from learning too much but insisted his directive did not constitute censorship.

Slocum said the ANPA convention this year is more than an annual meeting—that it is time for an accounting of the newspapers as "trustees of a fundamental freedom—the people's right to know."

"The more other media of communications develop," he said, "the clearer it is that newspapers have an enduring strength in their basic function—the gathering and publishing of the news.

"We do not have to depend on chasing the will of the entertainment wisps.

"We are helped in our task by the critical eye and voice of our readers. Quickly they sense any lack of fairness or evidence of partiality in news presentation. We profit by their expressions."

Then in obvious reference to Truman he said:

"The complaints of a few disappointed and disgruntled partisans even an ex-president, merit no deep concern."

Truman said in a Washington speech April 16 that the press has thrown an unparalleled "cloak of protection" around the administration and "tried to keep much of this bad management from the people."

In discussing strikes, Slocum said:

"Some way must be developed that a single group cannot decide that the people are to be deprived of their newspaper."

Slocum said further:

"The death of the Brooklyn Eagle, the deaths of some other newspapers with strikes as the executioner, are shocking things."

The Eagle discontinued publication last month during a strike by the CIO American Newspaper Guild. Other unions declined to cross picket lines.

"It is a shameful blot on the record of normally stable newspaper unions," Slocum said, "when their membership joins in 'concerted action,' in violation of contractural commitments, particularly so when the immediate result is the death of a voice of expression to the people.

"It is time for union leadership at all levels to quit pussyfooting on this issue; this looking the other way when their members are not living up to their contract work obligations."

Continental Buys Planes

Directors of Continental Air Lines announced the purchase of $10-millions in new equipment and re-elected all officers at a board meeting in Dallas Tuesday.

Continental is purchasing five new DC-6B's, and three new Convair liners in the new equipment program. Robert Six was reelected president of the company for his 18th successive term.

Delivery of the new 68-passenger DC-6B's is scheduled for early in 1957. They will be added to present DC-6B equipment owned by Continental and will replace services currently served by Convair 44-passenger liners on routes from Denver to Kansas City, from Denver to El Paso and from El Paso to Kansas City. An additional third trip DC-6B schedule from San Francisco to Houston has been planned in service provided jointly in interchange with American Air Lines. At completion of the equipment project in 1957, Continental will be operating a fleet of 10 four-engine DC-6B's, nine twin-engine Convairs and 10 DC-3 transports on its six-state system of approximately 5,000 route miles serving 50 major communities.

The new Convairs will be put into use of Dallas-Albuquerque, Houston - Albuquerque and Amarillo-Houston routes.

Payments Of SS Due Now

Almost all household employes became covered by old-age and survivors insurance of the Social Security Act in January, according to R. R. Tuley, Jr., district manager for the Social Security Administration.

Tuley said that the employes are now covered if they are paid $50 or more in cash wages by one employer during a calendar quarter. Even a babysitter will be covered and must have social security taxes paid on wages if paid as much as $50 during a quarter.

It is now necessary, Tuley said, for most employer housewives to keep records for workers in their homes. To make a correct report and pay the taxes, a person who pays one or more household workers $50 or more during a calendar quarter should keep a record of name, social security number, and total cash wages paid each person during the quarter; deduct two per cent of those wages paid or pay the full four per cent herself, and report the workers name, social security number, and amount of cash wages paid and remit the tax to the Bureau of Internal Revenue on regular quarterly report forms.

Glen McNatt, field representative from the Abilene SS office, said the first report of wages and payment of taxes for household workers is payable this month. The Abilene office has recently received a supply of informational materials explaining these duties and obligations fully. McNatt asked that all those wishing the information write the office at 766 Cedar Street in Abilene.

Baptists Elect Lubbock Man

MIDLAND, Tex. (AP)—Latimore Ewing, educational director of the First Baptist Church, Lubbock, today was elected president of the Texas Baptist Sunday School convention.

Ewing succeeds W. H. Souther, Dallas.

Dr. Andrew Q. Allen, Dallas, continues as Sunday School secretary of the Baptist General Convention of Texas with Miss Ruth Waldrep, also of Dallas, recording secretary.

Convention sites are chosen two years in advance, and Dallas was selected for the 1957 meeting. The 1956 convention will be held in Houston.

"The conquest of tomorrow's America will be the conquest of today's youth," Dr. John W. Raley declared in the closing address of the three-day convention. "Our churches constitute the parade ground for the conquering army of the future."

Sunday School teachers are the masters of strategy and tactics, the president of Oklahoma Baptist University said.

"With documentary authority, they skillfully lead the students. They attack the age-old problems of human relations men have faced in the past, seeking solutions through the principles of Christ."

Convention resolutions commended Dr. Jonas Salk for his polio vaccine, and took note of FBI Chief J. Edgar Hoover's assertion that Sunday School attendance is the best answer to the rising crime rate in the United States.

More than 2,000 Sunday School workers, from every section of Texas, were here for the meeting. They represented a million Texas Baptists.

Texaco Reports Its Quarterly Income

NEW YORK (AP)—The Texas Co., major integrated petroleum firm, today reported net income of $56,021,212 or $2.04 a share for the first three months of this year. That compared with net of $50,848,438 or $1.85 a share in the same period a year earlier.

Chairman J. S. Leach told the annual meeting he was optimistic about the outlook for the rest of the year.

Dallas Taking Bids On Terminal Building

DALLAS (AP)—The City Council has asked for construction bids on a new five-million-dollar terminal building for the municipal airport, Love Field. Mayor R. L. Thornton Sr. called it "one of the greatest steps in a long time for the forward advancement of a great city."

Annual Meet Proposed For Legislature

AUSTIN— May be Texas would get along better if its Legislature met oftener for shorter periods.

Rep. Truett Latimer of Abilene, wondering if that might be true, will ask through a resolution that the Legislative Council study the situation to see if it would be a wise course to change the Constitution.

If so, a Constitutional amendment calling for the change might be advanced next session.

As it now is, the Legislature meets in regular 120-day session every two years. Special sessions can be called by the Governor.

Latimer would like a study to see if it would be better to meet every year for two or three months at a time.

He advances two reasons for a possible change: 1. A one-year plan for spending would be better than the two-year program now followed; 2. By meeting every year, three months at a time, the Legislature might have more time to do its work and might come up with better legislation.

"We have to make our appropriations now on a two-year basis because the Legislature meets only every other year," Latimer pointed out. "Oil and gas incomes fluctuate, causing fluctuations in tax income for the state. Our population grows. Conditions change, and it's difficult to forecast wisely what we'll need."

If spending were set up on an annual basis, the state's business could be handled more efficiently, Latimer believes.

The annual session might result in better lawmaking in general, he thinks.

"As it is now, we're pulled in here every two years and 'they' (he declined to identify 'they') get what they want and we all go home," he said.

Latimer said the annual legislative sessions are set up now in various states.

Such a change in the Texas system could not be put in without vote by the people, a change in the Constitution.

Legislators, on approval of voters last year, now draw $25 per day for the session. Latimer said some adjustment might need to be made in pay scale if the more frequent sessions were ordered. The Constitution now provides that the lawmakers can set their pay up to $25.

Rabbitt To Multiply

FT. DIX, N.J. (AP)—Sgt. John T. Rabbitt of Pennsauken, N. J., is assigned to the classification and assignment section of this big Army post—where the adding and multiplying takes place.

Tulip Time Arrives Early In Michigan

HOLLAND, Mich. (AP) — Flower lovers waiting for tulip time in Holland can start packing their bags. The bulbs are blooming in this western Michigan city.

City Supt. Dick Smallenburg said an early spring has brought the tulips into bloom earlier than usual. But there will be plenty of late varieties for the city's nationally famous tulip festival May 11-14.

Prisoners Break Out With Chickenpox

INDIANAPOLIS (AP)—Two prisoners at the Marion County Jail, Alfonsger Eddington, 38, of New York, and Charles Wallace, 33, of Indianapolis, yesterday broke out —with chickenpox. Both were hustled to a hospital while authorities considered imposing a quarantine on their 50 cellblock mates.

Lt. Robert Preuitt Now At Fort Lewis

Lt. Robert C. Preuitt of Snyder was recently transferred to the Second Infantry Division at Fort Lewis, Wash.

Preuitt, 23, the son of Mrs. Irene Preuitt, 3104 Avenue U, is a 1954 graduate of the U. S. Military Academy at West Point. His wife, Nancy, has moved to Tacoma, Wash.

Pvt. Charles Osborne Arrives In Hawaii

Pvt. Charles Osborne, son of Mr. and Mrs. Cecil M. Osborne, 2609 Avenue J, recently arrived in Hawaii and is now a member of the 25th Infantry Division.

Osborne, former Snyder High School student, recently completed basic Army training at Fort Bliss, Tex.

Families Evacuate Area Near Volcanoes

MANILA, (AP) — Two hundred families today began an evacuation of the Makaturing and Rorowanga volcano area on Mindanao Island, the Social Welfare Administration said. The two volcanoes south of Lake Lanao were reported "spewing heavy smoke and hurling small boulders from their craters."

DA In Waco Raps Veto Of Pay Increase

WACO (AP)—Criminal Dist. Atty. Tom Moore Jr. has accused Gov. Allan Shivers of "ruthless political vengeance" in vetoing a bill that would have raised Moore's salary.

The Waco News-Tribune said Moore supported Ralph Yarborough in last summer's race for governor. Shivers beat Yarborough in a runoff.

Exercising his veto the first time this legislative session, Shivers returned to the House yesterday a measure setting the salary for the criminal district attorney of McLennan County.

Shivers called it "an arbitrary salary." He said the bill does not give the county commissioners any discretion and no means to care for the cost increase.

The governor told the House in his veto message: "It does not take into consideration the salaries of other county officials, and, in my opinion, salary bills affecting county officials should be a matter of general legislation and not favor any particular individual."

At Waco last night, Moore gave newsmen a copy of what he called a letter he had written Shivers.

He said Shivers used "ruthless political vengeance" in vetoing the bill and added, "Such pettiness cheapens the great office you now occupy."

Moore said Shivers has approved bills in past sessions raising the salaries of criminal district attorneys in other counties. He said similar bills have been passed for Harris, Tom Green, Gregg, Brazoria and Bexar Counties.

Moore said state Atty. Gen. John Ben Shepperd and former Atty. Gen. Price Daniel both ruled the office of criminal district attorney is a state office, not a county office. He said commissioners court can't raise his salary because of the attorney general ruling.

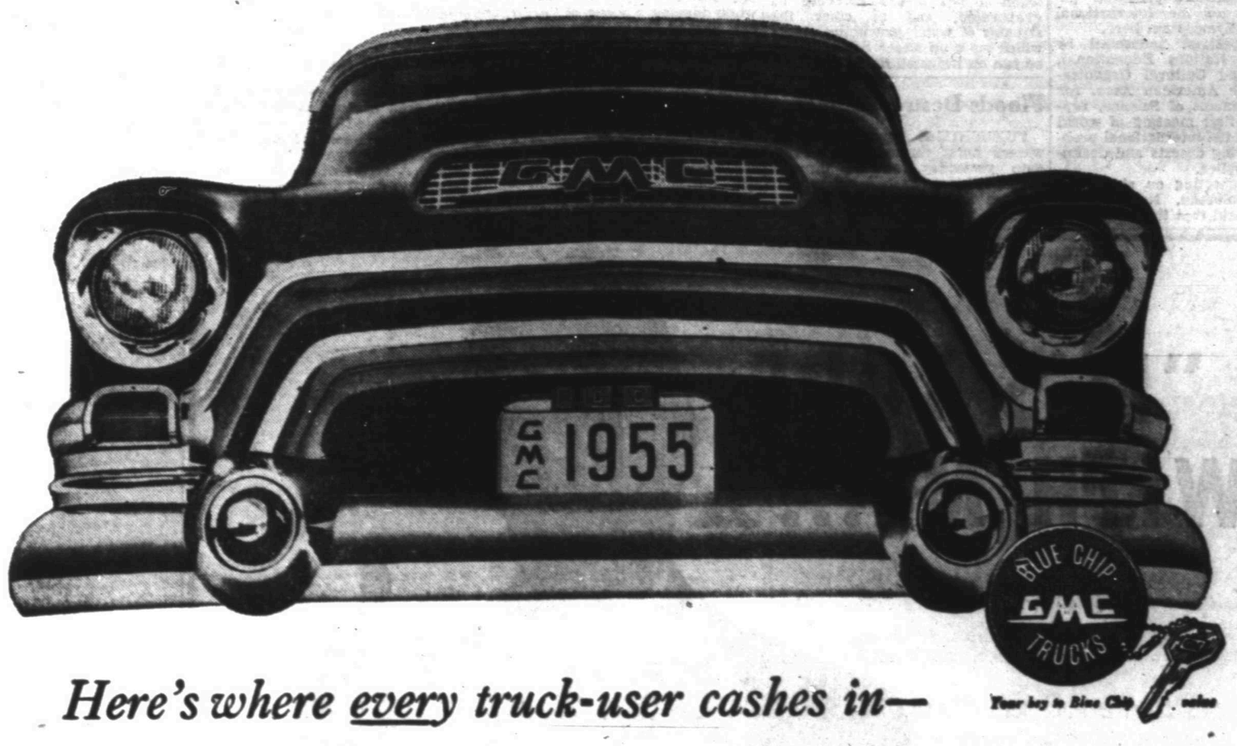

Moore called himself McLennan County's lowest paid elected official "on my level." He said all other officials hve been given raises by commissioners court.

Moore made speeches for Yarborough, who carried McLennan County, the News-Tribune said.

Here's where every truck-user cashes in—

The Blue Chip GMC's

TRUCK-USING circles are buzzing about the new generation of trucks – the new GMC Blue Chip line just introduced!

Engines are more powerful. 2 V8's have been added. There are 5 Truck Hydra-Matic Drives* to fit any model, any job.

There are sturdier frames and axles, bigger clutches –a total of over 500 improvements all told!

This we believe: no other truck can match the new Blue Chip values, modernity and performance. For a real Blue Chip buy, come in and see us!

Highlights of GMC's new Blue Chip Line:

- New truck-designed V8 engines, 155 to 175 H. P.
- New 6-cylinder gasoline engine power from 125 to 225 H. P.
- A range of 5 Truck Hydra-Matic Drives to fit any size or type truck
- New ten-wheeler models from 28,000 to 59,000 GVW
- Shorter wheelbases for greater maneuverability
- New Diesel line—150 to 230 horsepower, low weight, greater economy
- New frames and axles for longer, trouble-free service
- New oversize clutches for tough operations
- New cabs with greater comfort, unequaled visibility, plus revolutionary new dual-purpose cab models

GMC BLUE CHIP STYLING brings boulevard smartness up through even our biggest, toughest models. Panoramic windshield—wide-horizon visibility—airplane-type instrument panel—the most luxurious driver's "office" on wheels!

*Truck Hydra-Matic is standard on many models; optional at extra cost on some others.

SUSAN HAYWARD FOUND UNCONSCIOUS — The limp form of actress Susan Hayward is carried from a car at a receiving hospital in North Hollywood, Calif., after she was found unconscious on the floor of her home by police who had to batter their way into the house. Police Det. G. W. Wilkerson, right, said two empty sleeping tablet bottles were found by her side and that she apparently was the victim of an overdose of the medicine. The 35-year-old redhead's stomach was pumped out at the hospital and her condition described as fair. She is divorced from actor Jess Barker. At left is Det. K. L. Brondell.

Hess Transfer Is Discussed

BERLIN, (AP)—Allied doctors are reported discussing a U.S. proposal to transfer Rudolf Hess to a mental home. Informed sources revealed yesterday Adolf Hitler's former deputy, now serving a life sentence as a war criminal, recently attempted suicide in Spandau prison.

These sources said Hess has deteriorated mentally in recent weeks and a special guard has been placed on him. He reportedly is convinced that he has cancer, although medical examinations disclosed no evidence of the disease.

Hess, Hitler's first deputy in the Nazi party, is one of six Nazi leaders held in Spandau prison under joint American, British, Russian and French guard. Any decision to remove him would have to be approved by all four powers.

Although an American doctor at the prison denied the suicide attempt reports, other sources said Hess swallowed insecticide he had been given for his garden in the prison grounds.

They said the incident occurred several days ago. Word of it seeped out of the tightly guarded jail only yesterday — Hess' 61st birthday. U.S. Army doctors reportedly used stomach pumps and antidotes to save his life.

Expressway Plans For U.S. 75 Are Approved

AUSTIN (AP)—Advance plans to make U.S. 75 through and adjacent to Sherman an expressway have been approved by the State Highway Commission.

The state engineer has been directed to proceed with location surveys and to furnish local authorities with deeds for right-of-way, the commission announced yesterday.

In a previous directive, the commission had declared its intention to make U.S. 75 into a super highway from Dallas to the Oklahoma state line.

In 1953, the commission authorized plans for the freeway to go through an industrial part of Sherman, but Sherman did not accept the route, later agreeing to another plan.

The commission said it expects funds for the project.

Ballerina Floors Partner On Stage

NEW YORK, (AP) — Svelte, diminutive ballerina Nora Kaye knocked out her male partner last night while dancing a scene of "A Streetcar Named Desire," an adaptation of Tennessee Williams' play.

While she was making a quick pivot, her elbow caught Igor Youskevitch in the left eye. He fell unconscious to the stage.

However, the scene ended at that moment and the lights went out, and the audience at the Metropolitan Opera House did not notice the incident. A doctor said the dancer will be able to perform tonight.

Hotoyama Red Negotiations Are Attacked

By FORREST EDWARDS

TOKYO, (AP) — Prime Minister Ichiro Hatoyama was accused in the Diet today of two-faced diplomacy in his policy of maintaining close friendship with the United States while negotiating trade, and diplomatic ties with Red China and Russia.

The attack came in both houses of Parliament from members of former Prime Minister Shigeru Yoshida's Liberal (conservative) party, which has opposed ties with the Communists.

Hatoyama must have Liberal party support if he is to push any program through the Diet. His equally conservative Democrats hold only 185 seats in the all-powerful lower house — 49 less than a majority. The Liberals hold 114.

Liberal Yoshiaki Sato told the upper house that Hatoyama's "two-faced diplomacy puts Japan in a position where she may be resented by the free world and fooled and tricked by the Communist world."

In the lower house, Seiko Ota said the "two-faced, makeshift foreign policy of the Hatoyama Cabinet is hurting Japan's reputation both within and without the country . . .

"This two-faced diplomacy is impossible in view of Japan's international position. Its results will be dangerous."

Hatoyama called the attacks deliberate attempts to misunderstand.

"It is necessary," the Prime Minister told the lower house, "to restore trade and diplomatic relations with Communist nations because it will contribute to slackening the tension of the cold war between the free and Communist camps — a tension that must be relaxed or the cold war may flare into a hot war at any moment."

Hatoyama repeated his contention that negotiations can be undertaken with Communist nations without endangering U.S. friendship and without the risk of Japan going Communistic.

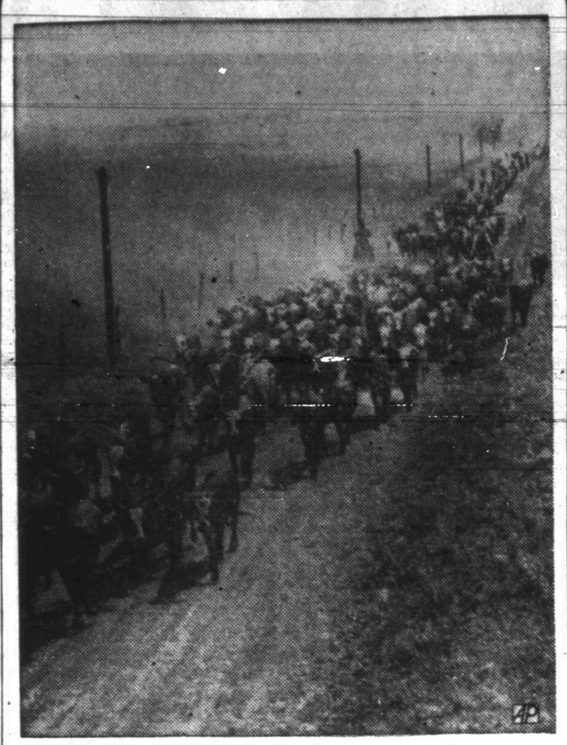

Grant Teaff Named VP Of McMurry Class

Grant Teaff of Snyder has been elected vice - president of next year's senior class at McMurry College, Abilene.

Teaff, the son of Mr. and Mrs. Bill Teaff, 2013 Avenue Z, is a 1951 graduate of Snyder High School. He is a member of the McMurry football squad, IHR social club, Christian Foundation, and has been student council vice-president.

Volcanoes Erupt Again

HONOLULU, (AP)—Volcanos in the Puna area of northeastern Hawaii Island erupted yesterday after nearly three weeks of quiet. Lava shot 50 feet upwards in scattered bursts. A series of eruptions from Feb. 28 to April 8 destroyed homes and rich sugar cane lands in the area.

BOUND FOR BLUESTEM—Cowboy escorted, these steers are bound for lush bluestem pastures in northern Tulsa county's 10,000-acre Cooper Ranch in Oklahoma. They are part of a rail shipment of nearly 700 head brought from Eucanal, Tex., near the Mexican border for summer fattening. The seasonal influx of such herds on high-balling stock trains from the southwest to Northeastern Oklahoma's famed Osage grazing lands a few years ago was as high as 250,000 head each spring. They are diminishing annually as cow and calf herds take over the grass.

Small Amount Of Available Water Is Used

By BILL RICHARDSON

ALBUQUERQUE (AP) — Of every hundred drops of rain which fall on the dry mountain areas of the western United States, only two are ever put to use by man, scientists from 18 nations were told today.

John H. Dorroh Jr., with the Albuquerque office of the Soil Conservation Service, was one of eight experts presenting prepared papers today to the International Arid Lands Symposium here.

The symposium, sponsored by the United Nations Educational, Scientific and Cultural Organization and the American Assn. for the Advancement of Science, represents the first meeting of world scientists on the international problem of growing deserts and declining food supplies.

Dorroh, reporting on studies in Arizona, Colorado, New Mexico and Utah, said that the four states had an average annual rainfall of only 13 inches.

And of that meager amount "98 per cent of the water that falls . . . is either consumed where it falls or is lost in transportation to points of downstream use."

The high, dry air was blamed for much of the loss.

Even an estimate of 2 per cent "is probably high." In especially dry-air areas, only 1 per cent of the rain and snow may ever be used. The rest is sucked back into the air. Arid regions of the four states were found to have a potential of evaporating 29 inches of rain a year.

Dorroh said the best means to solve the problem would be to plant "beneficial" forage grasses which would make use of the water when it fell before it could be evaporated, and to clear the streams of water-consuming plants which suck up water before it can be run on irrigated fields.

Floods Destroy Homes

FUKUSHIMA, Japan, (AP)—Floodwaters burst through a reservoir gate yesterday, swirled through seven villages, washed out several bridges and swept away a dozen homes.

Certified Mail Service Is Set

WASHINGTON (AP)—A "certified mail" service described as having "most of the advantages of registered mail but at a lower cost and less trouble" will become a regular postal operation about June 1.

Postmaster General Summerfield said yesterday the exact date will depend on distribution of millions of new forms needed for the service.

Certified mail, tried out in various sections since the beginning of the year, will cost 15 cents in addition to regular postage. It is intended for mail which has no intrinsic value but on which the sender wants proof of delivery.

Regular registered mail costs 30 cents in addition to postage. It will be continued though it operates at a loss. Much of the loss stems from a requirement that registered mail be kept under guard. Certified mail would not require this.

LAKE THOMAS will be shown in replica form Thursday through Saturday in the Southwestern Sports Show at Lubbock. A Lake Thomas booth will be set up at the show by the recreation committee of the Chamber of Commerce, headed by Phil Burns. The replica, shown above, was prepared by school arts and crafts students here under direction of Norman Neundorf, left. Neundorf is pointing out various parts of the lake as Nolan von Roeder, chamber president, looks on. The small white markers show pipeline outlets and other points around the lake, while the dark line at Neundorf's left shows the Scurry-Borden County line. The replica is 11 feet by four feet. (Lee Watson photograph)

Man Is Held After Shooting Relatives

FRACKVILLE, Pa. (AP)—A man angered by a pending divorce, shot two relatives and then held his mother hostage for four hours until a neighbor surprised and disarmed him early today.

Charles Klevis, 28, was wounded by a fusilade of bullets as he attempted to flee after his disarmament by Joseph Andrushin.

Klevis jeered defiantly at police who demanded his surrender and when captured told them "I'm not sorry for what I did."

He went to the home of his sister-in-law Mrs. Cecilia Klebash, 41, late last night and kicked in the front door, Mrs. Klebash told police as she was rushed to a hospital for treatment of critical wounds of the head.

In the house with her were a daughter, Charlotte, 15, and a sister, Mrs. Betty Klevis, who had initiated the divorce action.

Klevis drew a gun, Mrs. Klebash said, and she asked, "Why can't we be reasonable and talk?"

He replied, "There's nothing to talk about."

His wife tried to push a table against him but he pinned her to a wall and then shot at Mrs. Klebash, who was running to telephone police, and at Charlotte Klebash, who was fleeing the house. The girl was wounded in the arm, back and hip. Her condition was reported as fair. In the meantime, Mrs. Klevis fled.

Klevis then ran three quarters of a mile to the home of his mother Mrs. Anna Klevis, 66. He held her and a visiting neighbor, Mrs. Tony Hancher, at gunpoint as local police demanded his surrender.

State police arrived and Trooper Mitro Karlitskie persuaded Klevis to come to the door.

As he did so, his mother pulled aside and Mrs. Hancher fled to safety.

Karlitskie grabbed at Klevis' weapon, a .45-caliber automatic pistol. Klevis jumped back and shouted at the trooper:

"Im going to kill you."

Karlitskie leaped out of the doorway before a shot could be fired.

Then police barricaded the area, lighted up the house with their car and demanded Klevis' surrender.

Klevis laughed wildly and yelled, "Go to hell."

Andrushin finally persuaded Klevis to open the door. As Klevis came on to the front porch he slapped his mother in the mouth and knocked her against a wall. Andrushin leaped at him. A shot was fired and the gun dropped from Klevis' hand. No one had been hit.

His mother fled through an alley to the back of the house and he fled toward the back yard through the building.

As Klevis came out the back, police sent up flares and shouted at him to stop. He was hit by one shot but continued running and then was brought down by several bullets. His wounds were treated at a hospital.

He was held in Schuylkill County Jail for arraignment on several charges, including assault with intent to kill.

Blast Near Judge's Home

DETROIT (AP)—Police sought to determine today whether a dynamite explosion back of the home of Recorder's Judge W. McKay Skillman last night was an attempt on the jurist's life.

The 61-year-old judge, dean of the Recorder's (criminal) Court bench, has twice headed grand jury investigations of racketeering in Detroit.

Police said a garbage can containing explosives was tossed at the rear of the judge's home from a car that sped away.

The blast dug a two-foot hole in the ground between the curb and the sidewalk.

Judge Skillman said it was a "tremendous blast." He was reading in the front room of his home in a fashionable Northwest Side district. He was alone at the time.

The home was not damaged.

"More noise than damage," the judge said.

Skillman said he had no important cases pending and that he had received no recent threats.

Probe Due On Woman's Death

MINNEAPOLIS (AP) — A special grand jury has been called for Monday to consider evidence in the death of Mrs. Mary Moonen, 21, whose body was found in a Lake District alley here Saturday.

The coroner, Dr. W. G. Guthrie, said the woman died of "asphyxia by manual strangulation." He said the vital organs also were being studied for possible presence of sedatives.

Dr. A. Arnold Axilrod, 49, a Minneapolis dentist, has been held without charge since he admitted to police he had taken Mrs. Moonen for a ride Friday night.

Dr. Axilrod, in a statement to Charles Wetherille, detective inspector, said he "blacked out" when Mrs. Moonen accused him of being the father of her unborn child, the officer reported. Wetherille quoted the dentist that when he came to, Mrs. Moonen no longer was in his car.

Wetherille said several women had made statements about sedatives Dr. Axilrod had administered when they went to his office for dental treatment. One 17-year-old girl reported she had been groggy for about seven hours. There was no indication she had been molested.

Dr. Axilrod, from his jail cell, told a reporter yesterday that he had given some patients capsules of sedatives to "relax them if they were tense or nervous."

Jungle Animals Arrive

KOBE, Japan, (AP) — Forty-three jungle animals, valued at more than $100,000 arrived yesterday from Kenya, Africa, for Japanese zoos and circuses.

Chou Remains For Visit With Soekarno

JAKARTA, Indonesia (AP) — The Prime Ministers of India, Burma and Egypt left for home today as Indonesia slowly settled back to normal after the 29-nation Asian-African conference.

Of the main conference attractions, only Red China's Premier Chou En-lai stayed on, for another two days as a guest of President Soekarno.

India's Nehru, Burma's U Nu and Egypt's Gamal Abdel Nasser left aboard the same plane.

Soekarno entertained Chou last night at a dinner, followed by a reception in the gardens of the presidential palace. The spectators watched Javanese dancing girls perform.
