Commerce Department Reorganization Plans Gain Senate Approval

WASHINGTON, May 23. (AP) —The Senate upheld today President Truman's plan for the reorganization of the Commerce Department.

A vote of 43 to 29 defeated a resolution by Sen. Wiley (R-Wis) to kill the plan.

Votes were slated later in the day on two other plans, both dealing with the general services administration.

DEADLINE

The Senate is up against a midnight deadline for action on the 21 plans that President Truman sent to Capitol Hill last March 13.

The law provides that a reorganization plan submitted by the President shall become a law after 60 days, unless specifically disapproved by either House. A House recess for Easter extended the deadline in the present instance until tonight.

Mr. Truman submitted the 21 plans in the aftermath of a long study by a bi-partisan commission headed by former President Hoover. Opponents of some of the Truman plans said they went beyond the Hoover recommendations. A citizens committee backing the Hoover reorganization ideas endorsed 20 of the 21, taking no stand on one to reorganize the National Labor Relations Board. This plan has been rejected.

49 VOTES

Forty-nine votes are required in the Senate to adopt a resolution of disapproval which kills a plan. The first five plans to come before the Senate were killed off in the space of two weeks. Then, in an about face, senators last Friday endorsed the plan to abolish the independent Maritime Commission.

They followed the new trend yesterday by endorsing, in effect, plans for the federal trade and power commissions.

Offsets to No. 1 McDonnell Staked

Magnolia Petroleum Co. has scheduled east and south offsets to Esperado Mining Co. and others No. 1 McDonnell, recently completed one mile north and west extension to the Kelley-Snyder field in Central-Northwest Scurry County.

Magnolia No. 1-D, one location east offset, is to be 600 feet from south and west lines of the southeast quarter of section 336, block 97, H&TC survey.

Magnolia No. 1-C McDonnell, the one location south offset, will be 660 from north and east lines of the northwest quarter of section 297, block 97, H&TC survey.

Slated depth will be 6,950 feet to tap the Canyon pay in that area. Both well sites are approximately six and one-half miles northwest of Snyder. Drilling on each of them is to begin immediately.

The Esperado extension has completed the first of the week for a potential of 627 barrels of pipeline oil in 25 hours from open hole at 6,775-6,936 feet.

WELL TO 2,700

Standard-Fryer Drilling Co., King Wood Oil Co., and associates, No. 1 I. G. Harrell, northeast Scurry County wildcat to 8,000 to explore the Ellenburger, had progressed below 2,700 feet in anhydrite and shale and was drilling deeper.

This prospector is 10 miles northeast of Snyder and 660 feet from north and west lines of section 81, block 2, H&TC survey.

It is on a spread of acreage assembled by Fred J. Hill of Midland and John H. Dorlon of Dallas and New York. They turned some of the acreage to King Wood to drill the wildcat. Drilling contract was awarded to Standard-Fryer. It is understood that the contract called for Standard-Fryer to take an interest in the well and to have the operation of it.

Some sources had reported recently through error that Standard Oil Co. of Texas was to drill this wildcat.

IN HUNT-YOUNG

Official completion has been reported for the second and third producers in the Hunt-Young area of Central-West Kent County, eight miles northwest of Clairemont.

Both the new oil wells were finished in the Canyon Reef lime, the pay horizon in the discovery well of that region.

Caroline Hunt Trust Estate No. 2 Young, three-eighths of a mile southwest of the same operator's No. 1 Young, the pool opener, finished for a 24-hour potential of 727 barrels of 39.5 gravity oil.

The flow was through a three-eighths inch choke and came front perforated sections at 6,480 feet to 6,520 feet.

Top of the Canyon Reef was at 6,220 feet, which is 4,137 feet below sea level. This exploration drilled to total depth of 6,558 feet, and developed water at 6,535-58 feet. It then plugged back to eliminate the water, and completed through the perforated section in the casing.

Location is 2,560 feet from north and 1,720 feet from east lines of section 145, block G, W&NW sur-

Stolen Documents Case To Will Get Full Investigation

By BARNEY LIVINGSTONE
(Associated Press Staff)

WASHINGTON, May 23. — The newly-revived Amerasia case of wartime theft of government secrets has stirred fresh interests in Congress, along with Republican charges of "cover-up."

"Promises of "the full and complete story" were made today by Sen. Tydings (D-Md), who declared "a lot of people are drawing conclusions about things of which they know nothing."

The 1945 Amerasia Magazine case copped up recently in connection that Communists have infiltrated charges by Sen. McCarthy (R-Wis.), with the Senate investigation of the State Department. Tydings is chairman of the Senate subcommittee investigating McCarthy's charges.

ABANDON SECRECY

It came before the whole House late yesterday when Rep. Hobbs (D-Ala) threw aside the official secrecy which has shrouded congressional hearings on the case since 1946.

Hobbs was chairman of the 1946 investigating committee.

He told the House he was speaking out now in answer to "a large number of unwarranted statements which won't bear the light of day."

The record disclosed, among other things, that some in the Navy suspected Lt. Andrew Roth of being a "fellow traveler," Troth was one of six persons arrested in the case. He was later cleared.

1946 TESTIMONY

A naval intelligence officer testified in 1946 that, in his opinion, the Navy was forced to accept Roth because of pressure from "some higher source."

Also disclosed was testimony by one "Brooks"—who Hobbs revealed to the House as the wartime cover name of Frank Bielaski, chief investigator of the Office of Strategic Services (OSS).

Brooks-Bielasko testified in 1946 that a raid in the Amerasia Magazine office in New York revealed hundreds of secret and confidential government documents.

"Everyone of them bore the stamp that possession of the documents is a violation of the espionage act," his testimony related.

Science Enters Fight Against Cattle Rustlers

FORT WORTH, May 23. (AP) — Modern crime detection methods are being used to solve an old problem of the western cattleman.

No longer does a grim-faced "neck tie" party ride down and string up the cattle rustler.

Instead, Joe G. Montague, counsel for the Texas and Southwestern Cattle Raisers Assn., goes into court with such evidence as blood tests and almost always walks out with a criminal conviction.

Cattle rustling is not just a robust memory of the old West.

But it is bad news to the cattle thief when he faces Montague in a courtroom.

NINE CASES

Since March 1 he has prosecuted nine cattle theft cases. The box score stands at eight penitentiary sentences and one acquittal.

In 1949, 45 cases were called by Montague "as few as any in a similar period in more than 11 years I've represented the association." He prosecuted 81 alleged offenders one year.

Montague's services are available to the more than 9,000 members of the association in Texas and Oklahoma.

The "blood test" conviction obtained in Mason County a year ago was one of his most unusual victories.

A Mason County rancher discovered the head, hide and offal of a cow from his herd which had obviously been butchered on his own land the night before. The ground was blood soaked.

AXLE SCRAPES

Close to the scene was a big sandstone rock bearing a mark where a car axle had scraped it. Immediately over the rock was a dead limb hanging from a tree and one end of the limb bore marks of green paint. The limb was the right height to scrape a car top traveling beneath it.

Officers combed their memories for a likely suspect and examined the man's car. There was a long scrath on top of the car and they took a sample of green paint from it for analysis.

Samples of a brownish stain in water recovered from the recently washed "turtle" of the car were found to be animal blood. There was a conviction.

ONLY FEW

Most of today's cattle theft cases involve only a few head. But one case last year concerned 70 stolen cows.

"There's one standard defense," Montague said, "it is that the meat was bought from a dark-complexioned man in blue overalls and a dark hat who spoke both English and Spanish that the defendant just happened to meet along the road.

"I hope to meet that many some day, I've heard him described in almost every state in the union."

Luncheon Tomorrow At Country Club For Fort Worth Group

Snyder service clubs will merge their regular meetings this week with a Chamber of Commerce luncheon to be given at Snyder Country Club tomorrow noon in honor of a visiting group of Fort Worth businessmen. The visitors tour sponsored by the Fort Worth Chamber of Commerce.

Today the group is scheduled to visit Midland and Odessa, then stop in Big Spring for the night. It will proceed here from Colorado City for the luncheon and go on to Sweetwater and Abilene to complete the tour.

Snyder businessmen who are interested in attending the luncheon have been invited as guests of the Fort Worth group. They will be welcomed by Forrest G. Sears, Mayor.

Those present will include Charles G. Cotton, manager of the territorial relations department of the Fort Worth Chamber of Commerce; M. H. Roe, president of the Snyder Lions Club; Alfred Leib, Rotary Club president; Billy Brown, president of Kiwanis; and R. A. Schooling, president of the Scurry County Chamber of Commerce.

Individuals interested in attending are urged to contact Schiebel immediately, so that reservations may be made.

City Names Park And Hemphill As Legal Counsels

Woodrow W. Park and Ross H. Hemphill of the Park and Hemphill law firm have been retained as attorneys of the city of Snyder at a meeting of the city council recently.

Park and Hemphill will fill the vacancy created by the resignation of the firm of Scutell, Beene and Rosser, as legal advisors to the city.

Park, who became a resident of Snyder one year ago, after living in Dallas since 1940, is a graduate of the South Texas School of Law in Houston. He also attended Southern Methodist University in Dallas two years.

Hemphill came to Snyder in March. He is a graduate of the University of Texas where he received both his B.A. and law degrees.

Both partners are married and each has one son.

Park and Hemphill served together in the 102nd Infantry "Ozark" division during World War II.

They were discharged in 1945 as captains after serving 18 months in the European theater of operations. Park was in chage of a mortar crew, while Hemphill commanded a machine gun platoon.

The lawyers will continue their private practice in addition to their duties with the city.

Defer Decision On Adjournment Of House, Senate

WASHINGTON, May 23. (AP) —Administration leaders today put off until next week a decision on when to seek an adjournment of Congress.

Senate Majority Leader Lucas (Ill) said after a White House conference, President Truman will discuss administration legislative goals with his leaders next week.

The question of how soon Congress might quit to give its members an early start on re-election campaigns had been slated for discussion today when Lucas, Vice President Barkley and House Majority Leader McCormack (Mass) called at the White House.

PLAN TALK

They had planned to talk over with Mr. Truman how much of his so-called "fair deal" program he is willing to delay.

"We didn't get to talk much about adjournment," Lucas said.

He said there were too many other matters to take up. McCormack, who is acting speaker, had to leave the conference for the opening of the House, which met an hour earlier than usual.

Lucas said House Speaker Rayburn is in Texas and could not be consulted on his ideas about adjournment.

Strong pressure was building up among senators and representatives who have re-election campaigns to cut short the working schedule and get Congress out of town by Aug. 4.

Sen. Lucas of Illinois, the Democratic leader, has a hot campaign on his hands. He told reporters he would like to get going early. Lucas plans to take five days off beginning Thursday for a series of speeches in Illinois, where he is opposed by Former Rep. Everett Dirksen, Republican.

EARLY AIM

Sen. Taft of Ohio, chairman of the GOP Policy Committee, said he doesn't see any reason why Congress couldn't shoot for a July 15 adjournment. Taft also has a tougl campaign ahead.

Reds To Ignore Plane Protest

MOSCOW, May 23. (AP) — Pravda indicated today Russia will ignore, officially, the latest United Stats note on the Baltic sea plane incident.

solely responsible for the loss of a U. S. Navy privateer plane and its crew of 10, which Russian fighters shot down over th open Baltic sea April 8. It accused Russia of ignoring international responsibilities in dealing with hte incident, and left the way open for possible future appeals to the United Nations.

The Communist Party newspaper said the American note was "a collection of unsupported declarations in sharp contradiction with exactly established facts which are known now to the entire world."

Big Three Tell Russia 'Disband German Force'

By JOHN SCALI
(Associated Press Staff)

WASHINGTON, May 23. — The United States, Britain and France accused Russia today of creating 2 50,000-man German military force and called on the Soviets to disband it.

The three Western Powers sent separate protests to Moscow saying Russia had broken its postwar pledges by establishing a police force in eastern Germany with "the character of an army."

The United States note called on Russia to prove its "Pacific intentions" by dissolving the "militarized units."

The State Department said British and French notes took the same general line.

GRAVE CONCERN

Expressing "grave concern" at Russia's action, the American note said the Soviets have "destroyed world confidence in the sincerity" of their repeated protestations of peaceful intentions.

It cited five specific Soviet written agreements against militarizing Germany, including the promises made at Yalta Feb. 11, 1945.

The three-power decision to send protests to Moscow was reached at the London Conference of the big three foreign ministers—Secretary of State Acheson, British Foreign Minister Bevin and French Foreign Minister Schuman.

The notes went to Moscow at a time when a week end of possible crisis in East-West relations in Germany is approaching.

Communist youths from the Soviet zone have laid plans for a march and demonstration in Berlin next Sunday. West Berlin's Mayor Ernst Reuther has warned Russia his sector will "defend its freedom" against any effort to "suddenly overrun free Berlin."

SECCRET REPORT

Secretary Acheson is to give Congress a report next week on the discussions that led to the decision to send the notes.

Members of Congress, with all others barred, will hear the secretary Wednesday of next week.

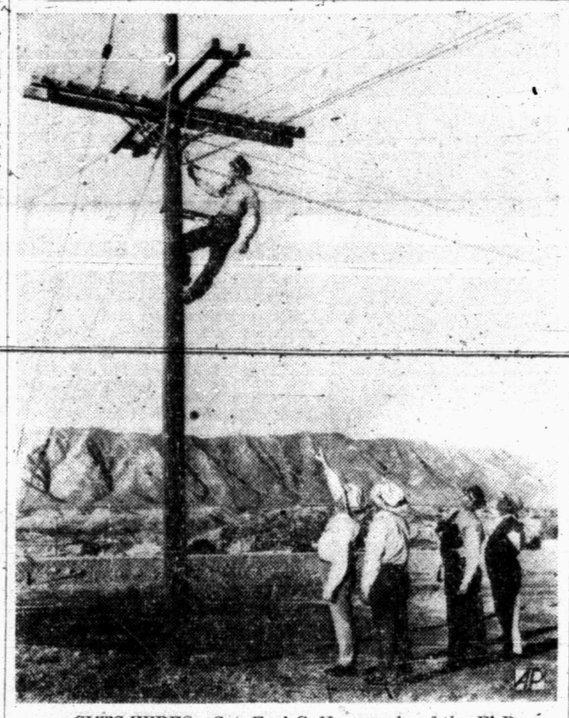

The United States note said of the German force:

"It is not an ordinary police force, and it does not have ordinary police duties.

"It receives basic infantry, artillery, and armored training, and is equipped with military weapons including machine guns, howitzers, anti-air craft cannon, mortars, and tanks.

"It must be regarded, therefore, as a military force."

The American note also said that by creating the force Russia has "destroyed world confidence in the sincerity of its promises" and aroused world-wide doubt "as to its Pacific intentions."

CUTS WIRES—Sgt. Earl C. Hammock, of the El Paso County Sheriff's office, is shown clipping Western Union wires serving an Anapra, N. M., news service. Sheriff Joe Campbell (pointing upward) directs the operation. Campbell said this disrupted Continental Press Service's relay of racing news to the West Coast, Mexico and Las Vegas and Reno, Nev. Watching are (left to right behind the sheriff) sheriff's deputies Rubio and J. J. Roberts and T. V. Garcia, former justice of the peace at Anapra, N. M.

Austria Resigned To Long Occupation by Allies, Reds

VIENNA, Austria, May 23. (AP)—Austrian officials today accepted calmly Russia's latest deadlocking of the Austrian treaty negotiations in London. They said it indicated their country was in for an indefinite occupation, probably longer than the seven years in Nazis stayed.

The Soviets in London again locked negotiations progress yesterday, this time with a demand that the Western Powers first answer Russian charges that they have been violating the Italian peace treaty in Trieste.

'RIDICULOUS'

Western deputy foreign ministers meeting with the Russians asserted the Trieste issue had no connection with the Austrian question. One government source here termed the Soviet demand "ridiculous."

Vice-Chancellor Adolf Schaetf blamed the cold war for the lack of an Austrian treaty.

STRONGHOLD

"Two power groups regard Austria as a stronghold, a field that is not to be given up to the other," he declared. "They both say they would go if the other would go, so they both stay."

The western allies, after 254 meetings of U. S., British, French and Russian delegates to the treaty talks, now consider prospects of agreement with the Russians on a treaty to be hopeless and have taken steps to ease occupation controls over Austria.

Goodyear To Open A Snyder Branch

A Snyder service store branch of the Goodyear Tire and Rubber Co., will open Saturday morning at 1918 Twenty-fifth Street, a location formerly occuppied by Oil Well Supply Company.

The store will sell Goodyear tires, tubes, batteries, and accessories. It also will feature a complete line of General Electric appliances and Magic-Aire Evaporative coolers.

Rex Fields, 32-year-old manager, said that he is primarily concerned with selling service. Fields was born and reared in Scurry County, and lived here until 10 years ago. He came here from Paris, Tex., where he was budget manager for the Goodyear branch.

The Snyder store will employ three other employees, one of whom, Jack Golightly, came from the Fort Worth branch to serve here as budget manager. The other two, H. A. Smith Jr. and Vernon Paine, are Snyder residents.

Fields expects to bring his wife here shortly.

Who Makes New York's Rains Is Still A Puzzle

By JOHNS RANDOLPH
AP Staff

NEW YORK, May 23. — Who's making New York City's rain these days— a Harvard professor or old mother nature?

They tried to thrash that question out last night for the umpteenth time and got the same old answer —nobody knows.

But it has been raining a lot lately, slowly filling the big city's long-parched reservoirs and making the city fathers dance for joy.

Maybe it's just a coincidence, but during most of that time the city's $100-a-day offical rainmaker, Dr. Wallace E. Howel of Harvard, has been attacking the local rain cloud with scientific wizardry from above and below.

PLENTY MAD

But if the city fathers are dancing, a lot of other folk are plain hooping mad.

Some of them are worried farmers in the watershed area. Some belong to civic groups worrying about possible floods. Others are resort owners whose crowds have turned sour during the long wet spring.

One New Jersey amusement park on the Hudson River palisades has even gone so far as to hire two "anti-rainmakers" at a (reported) salary of $500 a day to keep Howell's flood away from their door. Their success so far is open to question, but it hasn't hurt the park's publicity any.

CAUTIOUS

Howell explained why he has been so cautious about claiming credit for the recent rainfall.

"It's like a marksman's nightmare, in which he shoots at a target while other men are shooting indiscriminately. You take one shot and find six holes in the target. Then a reporter asks you if you hit it."

As for the U. S. Weather Bureau—it's staying out of the argument.

"We just measure the stuff," one forecaster said.

B-36 Flight Held Up For Repairs

FORT WORTH, May 23. (AP) — The take off for a mass flight of B-36s bound for Puerto Rico, originally scheduled for last night, has been postponed because of necessary modifications to three craft.

An Air Force spokesman announced last night that changes on the windows of three B-36s would relay the flight—for at least a day.

The trip would have marked the first time that B-36s have landed outside the North American continent, although they have landed in Alaska and have flown non-stop to Honolulu and back.

The planes, led by Brig. Gen. C. S. Irvine, commanding the 7th Bombardment Wing at Carswell Air Base, were to undertake radar bombing gunnery and navigation training on an indirect course before landing at Ramey Air Base in Puerto Rico.

High School Band To Record Program

The Snyder High School band, afternoon at Radio Station KSNY, will record a 30-minute concert this under direction of Richard Elliott, it was announced this morning.

Elliott said that the recording, which will consist mostly of marches with some conbert overture, selections, would be used by the radio station for broadcasting purposes at a later date.

Effeminacy Rides The Rails When Diesels Play Chimes

BALTIMORE, May 23. (AP) — They're tooting tuneful whistles on the B & O line.

The Baltimore and Ohio has installed musical whistles on one train and put single-chime whistles on eight yard engines. It has ordered more.

And it must have brought great sadness to the ghost of Casey Jones.

The famed Casey could sign his name through the Tennessee night with a locomotive whistle.

GOOD EXCUSE

If his ghost looks with contempt on his modern railroad brethren speeding down te rail to the tune of musical chimes, the B&O at least has a good excuse.

"There are a lot of people who shudder at the harsh blast of the modern diesel locomotive horn," a company spokesman said.

To ease the sleep of residents in earshot of the B&O and to cut down on the gripes, the railroad arranged with a New York concern to produce a chime whistle for its diesels.

The result, company officials say, is one with a "sound that is pleasing, but penetrating."

NO VOLUME CHANGE

The B&O contends the newfangled warning device produces an effect similar to the traditional steam whistle that Casey played.

Although different models can produce from one to five chimes, each plays but one tune. And the volume never changes.

No longer will you be able to read an engineer's personality from the moans of his toots.

Casey, on his legendary Cannonball, had complete control over his "whipporwill whistle."

But no more, as it was in 1900 when, according to the ballad:

"All the switchmen knew by the engine's moans

"That the man at the throttle was Casey Jones."

Another Hot Day Throughout State

The sun began work early on Texas today. Warm weather was in prospect.

Before 9 a.m., except for San Antonio's low clouds and some fog, skies were bright and clear or held wisps of high clouds.

Temperatures were mostly in the 70's and 80's and moving upward.

The U. S. Weather Bureau forecast called for partly cloudy skies in both East and West Texas this afternoon through tomorrow. Some scattered thundershowers were expected in the Panhandle late tomorrow.

The only rain reported in a 24-hour period ending at 6:30 a.m. was a trace at Childress and Dalhart.

Temperatures soared into the 80's and 90's yesterday. The highest maximum was 96 at Presidio, in the Big Bend area. The lowest maximum was 81 at Marfa.

Five members of the Snyder chapter of the Future Farmers of America are applying for Lone Star Farmers degrees, one of the highest honors that can be achieved in the boy's organization. They have already passed preliminary examinations and are in line for the degree. Pictured are back row (left to right) are Max von Roeder, Earl Madding; front row, Billy Arthur Smith, Tommy Pherigo and Donald Bransom.—(J. Lawrence Devers Photograph).

Fashion Honors Go To Class of 1950

This is a great year to be a girl graduate, because seldom has there been such a wide selection of frothy, flattering commencement dresses to do justice to the importance of the big event.

Whether it's a grade school, high school or college commencement, the right dress is ready and waiting at practically every local shop, in crisp sheer fabrics lovely enough for a bride. Prices also are surprisingly reasonable, making it possible for every girl to look pretty as a picture on graduation day.

Top favorite this year is the sheer white dress, in fine imported organdie, starched chiffon, marquisette, dotted Swiss, old fashioned lawn, batiste or voile. Fabrics have never been lovelier, as both American and imported sheers are available in quantity, both at yard-goods counters and in attractive ready-made frocks.

Most of the styles are planned so that the dresses may double for dates and dress-up occasions throughout the summer. Fitted bodices and full skirts are tops in popularity for graduation sheers, in either long or short versions. Trimmings range from fine embroidery and lace to more tailored tucks and fagoting.

Besides the cotton sheers, nylon marquisette, net and dotted Swiss are in high favor with smart graduates, because of their crisp texture, resistance to rumpling and easy washablity. The nylon sheers are not so likely to wilt in damp weather as some of the others, and they're just as gauzy and dainty as the traditional cotton sheers.

HEAD OF THE CLASS . . . Here are two versions of mid-century styles for graduation day, by New York designers. At left is the almost-sleveless sport dress in fine embroidered organdie with demure buttoned bodice and black velvet belt. At right is the formal commencement dress in gauzy white marquisette with double cap sleeves, tucked bodice, self-covered buttons and grosgrain ribbon sash.

Nelson Bunker Hunt Trust Estate No. 1 Mary Couts Burnett Trust Estate (T. C. U.) one location west of the opening of the Hunt-Young field and 1,110 feet from north and 467 feet from east lines of section 3, D. R. Stout survey, completed for a 24-hour potential of 645 barrels of 39.5 gravity oil, with a gas-oil ratio of 547-1.

The production was flowing through a three-eighths inch drilling choke from perforated sections in the Canyon Reef lime at 6,464-85 feet and at 6,495-6,516 feet. A total of 4,000 gallons of acid had been injected into the pay formation through those perforations.

HIT N' RUN

Sultry Parisian Advises Yanks To Treat 'Em Rough

LOS ANGELES, May 23. (AP) — Browbeaten American husbands, arise! Mlle. Stella Danfray speaks:

"Do not be slaves any longer. If it is necessary, do not be afraid to slap your wives when they need it. No woman minds one little slap, eh?"

Mlle. Danfray, 24, recently voted "the most sultry Parisian," delivered this homily yesterday as she arrived on a goodwill mission for French fashion and perfume industries. She softened it a bit with:

"Of course, the American men make very good husbands, that is true. But the French men make better lovairs."

Which do French women prefer?

"Well, I think maybe the husband," she said, hesitating. "But it is much better if the husband is also a lovair."

Thrift Ordered for Isreal

TEL AVIV, Israel, (AP) — If you want to buy toothpaste or shaving cream in Israel, you've got to return the used container. Adding a little more austerity to an austere country, the salvage control secion of the ministry of supply and rationing is out to save just about everything that can be saved.

Winnipeg Starts Gigantic Flood Repair Efforts

INNIPEG, May 23. (AP) — The raging Red River dropped steadily from its flood crest today. Winnipeg, catching its breath, began relief and rehabilitation.

Barring a heavy, prolonged rain, the worst seemed over for the twin cities of Winnipeg and St. Boniface. Public and official attention was focussed on a gigantic job:

The homes of 80,000 persons have been damaged or destroyed by the floods, worst in 100 years for the Red River Valley.

MANY FLEE

About 100,000 refugees have fled the flood zones. The Canadian army still is calling upon others to leave the flood area, but the outward stream of refugees is about ended now.

Greater Winnipeg has 350,000 people.

The army has warned of a grave risk of epidemic disease if flooded homes are occupied before decontamination. Some homes have been under muddy water a month.

PROBLEM

All major dikes in the flood areas of greater Winnipeg are reported holding. The problem is to maintain the metropolitan area dikes while flood waters covering hundreds of square miles are funnelled off into Lake Winnipeg.

The river was dropped at the rate of one and a half to two inches a day. D. M. Stephens, top flood expert here, said the rate of fall will increase gradually. At 29.9 feet the river was at its lowest point since May 12.

Youth Killed While Playing Roulette

WESTMINSTER, Md., May 23. (AP) —George William Martin, 17, found a pistol in a drawer at Carol Miller's home last night. So he was showing his date how "russian roulette' was played.

Carol wanted him to put the gun down and stop "showing off."

"I thought he would stop that foolishness if I walked out of the room," the 15-year-old girl told State Police Corp. James Simmons later.

As she went out the door, she heard a report.

Martin died on the way to a Baltimore hospital, a bullet wound in his temple.

Mobile, Ala.'s New Year's carnival originated spontaneously in 1831 and has been carried on since as an organized affair.

New Year's Eve and New Year's Day together are known as the "daft days" in Scotland.

Man Acquitted In Mercy Death

DETROIT, May 23. (AP) — A jury of nine women and three men yesterday acquitted Eugene Braunsdorf of murder in the "mercy killing" of his crippled daughter.

The jurors, who deliverated two hours, found the 52-year-old former symphony musician innocent by reason of insanity.

Braunsdorf shot and killed his daughter, Virginia, 29, a year ago. Court testimony indicated that Virginia, a spastic, was hopelessly crippled and could never enjoy normal life.

Braunsdorf, a bass fiddler in the Detroit Symphony, pleaded temporary insanity from worry over the girl's future, partly because of the loss of his job in the orchestra. The orchestra had folded some time before.

Draft Inductions May Be Needed Soon

INDIANAPOLIS, May 23. (AP) — Draft inductions may be necessary soon, says the nation's selective service director, because military enlistments have been slumping.

Maj. Gen. Lewis B. Hershey said yesterday that manpower experts in Washington are worrying about the recruiting slump. He was here inspecting the selective service organization.

However, Gen. Hershey said no inductions will be ordered until after Congress has taken action on extending the peacetime draft law beyond June 24.

Fertilizer applied to the farm fish pond will increase the growth of plants on which fish feed, hence will increase the fish yield.

Communists Set For Demonstration In East Berlin

BERLIN, May 23. (AP) — A vanguard of militant Communist youth arrived here today in preparation for Whitsuntide demonstrations the Reds are organizing for the coming week end.

As they assembled, West Berlin's Mayor Ernst Reuter, in a broadcast to the Russian occupation zone, warned that his sector would "defend its freedom" against any "putsch attempt . . . to conquer and suddenly overrun free Berlin."

Meanwhile the Soviet sector was festooned with flags and numerous reviewing stands were under construction. The Communists have advertised that 500,000 members of their Free German Youth (FDJ) would assemble in the city for a week end of demonstrations.

Sherman Citizens Give $110,000 To College Fund

SHERMAN, May 23. (AP) — The citizens of Sherman have given Austin College $110,000 in honor of the Presbyterian school's 100 years of operation.

The gift was announced when the college gave 120 diplomas last night. The money will be used with the $165,000 the college already has for a $275,000 student union building.

Ten honorary degrees were presented. Those honored included Houston Harte, San Angelo newspaper publisher; Speaker Sam Rayburn; the Rev. Hubert H. Hopper, president of the First Presbyterian Church, McAllen; the Rev. Harry M. Moffett, Jr., pastor of the University Presbyterian Church, Austin; and Dr. David L. Stitt, prsident of the Austin Presbyterian Theological Seminary, Austin; J. Leighton Stuart, U. S. ambassador to China.

In making ice, commercial plants use city water purified of its mineral content.

Replica Of Liberty Bell to Be Brought Here for Bond Drive

The voice of American liberty and independence will ring out here on Friday when a bronze replica of the original Liberty Bell will be brought to Snyder to help promote the sale of United States Savings Bonds during the Independence Drive, May 15 through July 4, according to Mayor Forrest G. Sears. Scurry County savings bonds chairman.

The bell will arrive here at 10 o'clock in the morning and depart at noon. While here it will be in charge of the county savings bonds Chairman and his committee, who are planning appropriate public ceremonies to mark the visit.

This county is one of 87 in Texas that will be visited by the bell Mayor Sears said. The bell will make its appearance in about 120 Texas cities and towns which represent 85 or 90 per cent of the state's population.

North Texas State Is Still Golf Champion

DENTON, May 23. (AP) — Joe Conrad of North Texas State and Doug Higgins of Texas Wesleyan split the No. 1 match yesterday as NTSC's national champion golfers defeated TWC, 4 to 2.

Pinza Gives His Home For Cancer Research

NEW YORK, May 23. (AP)—Singer Ezio Pinza and his wife have donated their 18-room Entuba, N.Y., home to the Damon Runyon Memorial Fund for Cancer Research.

The costar of "South Pacific" values the property at $50,005, subject to a $14,005 mortgage.

The Runyon fund announced the gift last night. It said the property will be offered for sale after June 2. Profits above the mortgage will go to the cancer research program.

Pinza will leave the "South Pacific" cast May 31 for a motion picture career in Hollywood.

Okinawa Gets University

OKINAWA, (AP) — The first university in the Ryukyu islands is opening its doors to 500 students. Ryukyu University has been built on the site of Shuri castle, which was leveled by shellfire during the American assault on Okinawa in 1945. It already has eight classroom buildings, and an administration building.

Arthur E. Mead, director of civil information and education for the Okinawa military government, said the university program would include adult extension courses throughout the islands.

Idaho is the largest silver producing state.

Degrees from Hardin-Simmons To Snyder, Hermleigh Students

Four students from Snyder and one from Hermleigh are among the 290 who will receive degrees at Hardin-Simmons University Monday. They are Robert George Taylor, Allie Beth Rosson, Leslie Kelly, and and Nelda Bille York of Snyder and Frances Fargason from Hermleigh.

Taylor, son of Mr. and Mrs. Ernest Taylor, will receive a Bachelor of Science degree from the university.

Miss Rosson, daughter of Mr. and Mrs. Oscar C. Rosson, will also receive a Bachelor of Science degree While attending Hardin-Simmons she was a member of the Homemaking Club, Physical Education Club, Young Women Association, and Life Service Band.

Kelley, son of Mrs. Dock Kelley, will receive a Bachelor of Science degree. At Hardin-Simmons he was a member of the minsteral council.

Miss York, who is the daughter of Mr. and Mrs. Joe York, will receive a Bachelor of Arts degree. She was a member of the Brand staff, the school newspaper.

Miss Fargason, daughter of Mr. and Mrs. W. C. Fargason of Hermleigh, will receive a Bachelor of Science degree from the university.

More than 500 candidtes receiving degrees in five various fields will hear Dr. John Wesley Raley, president of Oklahoma Baptist University, speak at Hardin-Simmons University's fifty-eight annual commencement exercises May 29.

Preceding the commencement address at 10:00 a. m. Monday morning, Rev. James Landes, pastor of the First Baptist Church of Wichita Falls, will deliver the baccalaureate service Sunday morning at 11 o'clock.

Bonus Hurler Makes Phils Choice Over Other Teams

NEW YORK— "Which of your rookies is worth a story?" Manager Eddie Sawyer of the Phillies was asked as he put on one of his bright red socks during his last visit to the Polo Grounds.

"You can write about Bob Miller," was his frank reply.

Two days later Miller, a 23-year-old rookie pitcher, made his first major league start a winning one, handcuffing the Boston Braves, 2-1.

Few people had ever he ard of Bob Miller before, except around Detroit, Youngstown, O., and the Three I League (Indiana, Iowa, and Illionos).

But four big league clubs besides the Phillies were after him back in 1947.

"It was even before 1947 that Detroit was interested," says the six-foot-three 190 pounder.

"The Tigers were afer me in high school. But they beat arond the bush too much after I lost two Catholic high school city finals to Art Houtteman in Briggs Stadium. That was before I had 26 months in the infantry." Houtteman today is Detroit's top pitcher.

Miller, afer one month of combat on northern Luzon during six months in the Philippines, spent a ear in Japan where he pitched the entire summer of 1946.

"Before I went into the Army I pitched American Legion ball around Detroit," says Miller. "I was on the same team with Stan Lopata. It was a big thrill to have him catch my first big league victory against the Braves."

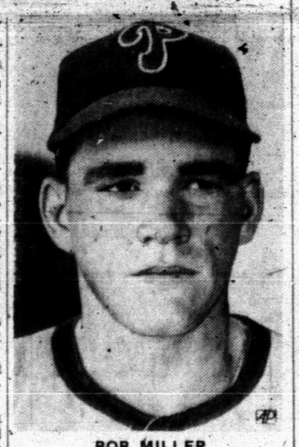

Incidentally, it was a poor throw by Lopata that led to he only run the Braves scored. It came in the first inning and was unearned. Miller's victory over the Braves ran his big league unearned run record to 13 straight scoreless innings.

Last fall he hurled three innings in relief without allowing a run. In two relief effots this spring he blanked both the Dodgers and Giants two innings each.

It was at Youngstown in 1947 that five clubs were after Miller.

"During one week in the National Amateur Baseball Federation tournament I won three games," says the big right hander. "Tha's when he scous came faer me. The Reds, Cardinals, Whie Sox, Tigers and Phillies were ho on my rail.

"I tmet Eddie Krajnik, the Phillies' Ohio scout, in a hotel elevator in Youngstown. Detroit wanted to sign me but I liked the Phillies' terms and signed the following January while still at the University of Detroit."

BOB MILLER

Miller is a bonus player, one of the four on the Phil roster. He received slightly more than the $6,000 baseball allows free agents before they are classified as bonus players.

"I pitched at the university in '48, believing it was all right since I had played no semi-pro or pro ball. In mid-June I reported to the Terre Haute Phillies in the Three I League and won my first three games. But then I got my knocks."

Miller, who feature's fair speed with a good curve ball, finished '48 with a mediocre record. But last season he set the Class B Three I League on fire. He won 19 and lost 9 with a 2.72 earned run average. His record would have been even more startling but for the fact that of the 112 runs scored against him, 34 were unearned.

Miller was the Three I workhorse. H eled the loop in complete games (25), innings pitched (255), batters faced (1,018) and in strikeouts (207). He walked only 59.

The k difrom Detroit was one of three Terre Haute pitchers brought p by the Phillies this spring. The others, Bill Koszarek and Paul Stsffel, not being bonus men, are on option to Toronto.

Miller pitches with a peculiar overhand motion. But as long as his motion remains peculiar to National League hitters, prophet and philosopher Sawyer will be mighty happy.

Sports Climbing With Five Game Winning Streak

AP Sports Editor

Shreveport's Sports are making the most notable gains in the Texas League race these days and it's about time.

The Sports started but well this season then hit the skids at an alarming rate. They did it right in the middle of a flock of publicity that told how they could always be fighting for the pennant although going it alone — independent and proud of it.

Today the Sports are just a half-game out of sixth place on the heels of a five-game winning streak. Last night they beat Beaumont 7-2 to knock the Roughnecks out of fourth place.

San Antonio took over Beaumont's spot by downing Houston 2-1 in 10 innings.

Meanwhile, front-running Fort Worth shook off the effects of two lickings from Dallas to whip the Oklahoma City Indians 4-1 while runnerup Tulsa was downing Dallas 11-6.

Chris Van Cuyk, giant Fort Worth southpaw, won his eighth pitching victory of the campaign with a five-hitter. The Cats got all their runs early. Oklahoma City's lone tally was Bob Lemon's eleventh home run of the season.

Charley Grant singled in the tenth to drive in the winning run in San Antonio's victory over Houston. Each team pounded 11 hits.

Shreveport shoved over four runs in the fourth and three in the fifth to lick Beaumont as Roy McCall held the Roughnecks to seven hits.

Tulsa whammed Dallas in a loosely-played game with eight errors showing up in the box score. Dallas outhit Tulsa 15-12 and made fewer errors but they were more damaging.

Tulsa again is at Dallas tonight, with Oklahoma City at Fort Worth, Houston at San Antonio and Beaumont at Shreveport.

Omaha Will Be Scene Of Legion's Junior Baseball Tourney

Omaha has been selected for the second time in a row to be host to the American Legion Junior Baseball tournament. This is the first time in the 23 year old history of the organization that a town has been selected two years in a row. The usual practice is to change towns each season.

The reason that Omaha has been selected was the large attendance at last years games. 45,358 fans attended the five nights last season. Omaha Post No. 1 with 16,000 members is the sponsoring unit.

Bill Erwin Post Club of Oakland, California won the 1949 crown over the four sectional champs in al 8. Other states in the regional the finals.

Texas is in regional 6 of section-are Louisiana, Arkansas, Mississippi, and Texas. Atlanta, Georgia represented the section last year.

Boys in this area who are interested in playing on Snyders Legion team should contact Forrest Beavers at the county superintendents

The 1950 Rutgers football team will face, in order, Syracuse, Princton, Temple, NYU, Lehigh, Brown, Lafayette, Penn State and Colgate.

Newhouser In Form Again As Tigers Stop Washington 5 - 1

SP Sports Writer

If Hal Newhouser and Don Newcombe have sore shoulders, there are a flock of strong-armed, healthy looking hurlers who would like to have some of the same.

Nothing appeared to be wrong with either of the pitching aces yesterday as each turned in a fine performance in a winning effort.

SENATORS STOPPED

Newhouser, the veteran Detroit southpaw, stopped the surprisingly potent Washington Senators with eight hits in pitching the Tigers to a 5-1 triumph. Newcombe gave a similar eight-hit exhibition against the Cincinnati Reds as the Brooklyn Dodgers won by the identical 5-1 score.

Both hurlers were plagued by ailing arms all spring. Each traced his misfortune to an aching shoulder muscle. Newhouser fasted only three innings against the St. Louis Browns in his only other appearance of the season.

Newcombe was knocked out of the box in his first three starts before Manager Burt Shotton decided to give his Negro righthander a 10-day rest. Don came back to pitch a strong game against the St. Louis Cardinals last week, but the jury was still out. The critics wanted to see how he fared in his next outing.

They saw plentyl last night. The 6-3½ Newcombe struck out seven batters, four of the strikeouts coming after the Reds had scored their lone run in the eighth. The tally was unearned, Peanuts Lowrey scoring from second base as Eddie Miksis threw wild in an attempt to complete a double play.

The Dodgers bunched five of their eight hits off Howie FFox and Harry Perkowski in the first and fourth. Singles by Jackie Robinson, Carl Furillo and Gil Hodges and an error by Fox gave Brooklyn four runs in the fourth.

The victory increased the Dodgers' first place lead over Philadelphia in the National League pennant race to a full game. The Phils were one of the six clubs in the loop to enjoy an off day.

LIPON LEADS

Newhouser had a six-hit shutout going into the ninth. He made Merrill Combs his second strikeout victim to open the last inning. Sherry Robertson beat out an infield hit, moved to second on a groundout by Eddie Yost and scored Washington's lone run when Sam Dente singled to right.

Dick Kryhoski and Johnny Lipon led an 11-hit attack on Ray Scarborough and Mickey Harris. Kryhoski got the Tiger scoring under way with a three-run homer in the second inning. He doubled and scored on a single by Lipon in the fourth. It was one of four hits made by the Tiger shortstop.

Scarborough, the loser, pitched even though he was notified a couple of hours before game time that his father had died at Mt. Gilead, N. C. The righthander left immediately after the game.

Vic Raschi of the New York Yankees, pitched a strong game in subduing the Cleveland Indians, 7-2. Raschi, who missed his last turn because of an elbow injury, allowed the Indians only five hits in registering his fourth triumph against two losses.

BOSTON LOSES

The victory enabled the front running Yankees to retain their two and a half game lead over Detroit in the American League race.

Vern Stephens rapped two home runs for Boston but it was not enough to stop the Chicago White Sox from defeating the Red Sox, 10-9, in 10 innings.

Stephens' second homer and his eighth of the season, came in the top of the 10th with a man on and put Boston in front, 9-7. The White Sox, however, came back with three in their half of the 10. A pinch single by Eddie Malone scored Jim Busby with the winning run.

Stephens' first four-bagger came in the fifth to highlight a five-run rally. That evened the count.

Odessa Whips Swatters 20-8 To Hold Lead

By The Associated Press

Odessa is leading the Longhorn League and it doesn't mean maybe.

Emphasizing their high and unmighty position, the Oilers last night battered Sweetwater 20-8 with a barrage of 18 hits. Six homers were hit in the game four by Sweetwater. In fact all of Sweetwater's runs came on circuit smashes.

Second-place Roswell lost 4-3 to Ballinger. The Cats cashed in on two unearned runs in the last of the ninth. With two out and two on Johnny Jones hit a long fly that was dropped and there went the ball game.

Big Spring trimmed San Angelo 9-2 as Bert Garcia pitched a three-hitter. In fact, he had a no-hitter until the ninth when San Angelo got three safe blows.

Vernon edged Roswell 10-9 in 12 innings. Joe Berry made the winning run when he came home on a long fly. He had singled to start the twelfth inning, advanced on a single and stole third.

Aces Leading League With Narrow Margin After Close 9-8 Win

By The Associated Press

Simon Luna cut loose with a wild pitch last night that had a most profound effect on the Rio Grande Valley League race.

It gave Corpus Christi a 9-8 win over Laredo and pushed the Aces into first place. Corpus Christi today is 16 points ahead of Harlingen which couldn't stand properity and lost to Del Rio 7-5.

Corpus Christi licked Laredo by scoring three runs in the last of the ninth.

Del Rio halted Harlingen's winning streak at seven. Bob Hamric's homer with one on in the eighth put the game away for Del Rio.

Gene Chaon drove in five runs, four of them with a couple of homers, in leading Brownsville to a 14-4 victory over McAllen.

V.F.W. vs. Paco-Tex Tonight In Softball

The last regularly scheduled Scurry County Softball League game of the first half season is to be played at 8:15 tonight at the V.F.W. Memorial Park when the V.F.W. takes on Paco-Tex.

The Tri-Service ran over the Office Supply last night at the V.F.W. field 18-4. This was the fifth victory for Tri-Service against no losses, and the Office Supplies second loss with no wins.

Five rained-out contests that were postponed will be played in the near future according to Forrest Beavers, who keeps the records for the league.

Charles A. (Rip) Engle, Penn State's new football coach, competed in football, boxing, basketball and baseball during his undergraduate days at Western Maryland College.

Dukes Take Over Second Place In Win Over Lamesa

By The Associated Press

Albuquerque's Dukes made a giant stride in the West Texas-New Mexico League last night. They went from a tie for third into second place.

Lubbock's front-running Hubbers beat Borger 6-2 to maintain their game and a half lead over the field.

Albuquerque Whipped Lamesa 6-4 with a four-run splurge in the fifth while Don Cantrell did some fine clutch pitching.

Chris Haskins pitched Lubbock to its victory, giving up nine hits but fanning 11 batters.

Don Failing of Amarillo went Haskins two better — he struck out 13 as the Gold Sox downed Pampa 12-5. He walked nine and had his team in hot water most of the time.

Abilene won 9-0 by forfeit over Clovis. Umpire Simon called the forfeit because of remarks made by Clovis Manager Paul Dean which he termed were "detrimental to the good conduct of the game." The argument arose over whether or not a pitched ball hit Bob Malan on the hand or was a foul.

Dick McKissack Will Play With L. A. Rams

LOS ANGELES, May 23. (AP) — Dick McKissack, SMU fullback, has signed a 1950 contract with the Los Angeles Rams of the National League.

Hogan Favorite In Big Colonial Golf Tournament

FORT WORTH, May 23. (AP)—The 36-man field for the $15,005 Colonial National Invitation Golf Tournament will be completed today. The first news is that Ben Hogan still knows every blade of grass on tough Colonial Country Club course.

It hasn't been called "Hogan's Alley" for nothing—the mighty mite has won two of the three Colonial tournaments held to date and tied for second in the other. He also holds the competitive record of 65 for the 7,035-yeard course.

Hogan, who had been ailing for a week from influenza, laid down a one-under-par 69, yesterday, shooting 17 pars and a birdie on No. 17 where he rammed down a 12-foot putt.

The only tune-up round thus far better than Wee Ben's was the 68 Raymond Gafford of Fort Worth shot last week.

Fourteen entries in the tournament have arrived and all shot practice rounds except defending champion Clayton Haefner, who got in too late.

Harry Todd of Dallas and Norman Von Nida each had an even par 70 while Toney Penna turned in a 71.

Sam Snead the year's leading money-winner, is due in today. He has just finished winning the Western Open at Los Angeles where a number of others who will compete here played last week-end.

HOMES FOR AMERICANS

A CALIFORNIA PLAN that can be used for any section of the country, this is design 716 by J. Lloyd Conrich, architect of 593 Market St., San Francisco 5, Calif., who describes it as a perfect circulation plan. The combined length of living room and dining room is 32 feet. Large glass doors open on the rear terrace from both of these rooms. The 32-foot garage is ample for two cars and a trailer, or can double as a rainy day play room. The bath has a shower stall, tub and two entrances. This house covers 1,681 square feet and the garage has an area of 645 square feet.

Difficulties In Plan to Restore Brandenberg Gate

BERLIN, May 23. (AP) — Brandenburg Gate, dividing East and West Berlin, is an artistic victim of the cold war.

The tall Grecian columns a yard eastward of the Soviet-British sector boundary were formerly topped by a quadriga—a bronze statue of a goddess driving a four-horse chariot.

Half destroyed in wartime, the statue was taken down early this year by the East Berlin Government to be melted as scrap.

Eastern officials said they intended to cast a duplicate and restore Brandenburg gate to its old glory. But complications were admitted today.

The original plaster form of the quadriga is in West Berlin. It's valued at 12,005 West marks (approximately $3,005) and the Soviet sector of the city doesn't have funds to buy it.

The cost of bronze and labor for a new quadriga is estimated at more than 100,005 West marks (about $24,005) which the East Government also lacks.

Princesses Of Egypt Go Their Different Ways

SAN FRANCISCO, May 23. (AP)—An Egyptian princess and her commoner husband, summoned to Cairo by King Farouk, start their homeward journey today while another princess and commoner plan a marriage which Farouk opposes.

Princess Faika, sister of the king, and her bridegroom, Fouad Sadek, planned an afternoon plane departure, confident their wedding would be given Farouk's blessing—and the bridegroom a new diplomatic office—when they reach Egypt. Both are Moslems.

But there appeared to be no such hope for Riad Ghali, 31, a coptic Christian, as he and Princess Fathia, 19, youngest sister of Farouk, planned a Moslem ceremony at the royal suite in the Fairmont Hotel on Nob Hill.

Ghali said that ceremony is not planned for today nor would he be pinned down as to just when. But the delay was occasioned by an indisposition of Queen Mother Nazli—and today she was reported virtually recovered.

Ghali has another date coming up—May 25 at which time he has promised the U. S. immigration service he will divulge the date on which he will be prepared to leave the country. His right to stay has expired with the lifting of his diplomatic status by the king.

Hill Prince Due To Run Soon at Belmont

NEW YORK, May 23. (AP) — The next outing for Hill Prince, the Preakness winner and three-time conqueror of Middleground, probably will be Belmonts' $5,0050 Suburban Handicap on Memorial Day.

Trainer J. H. (Casey) Hayes announced the C. T. Chenery colt, being pointed for the Belmont stakes June 10, definitely will be sent out May 30.

Reception In School To Follow Graduation

Mothers of Snyder High School reception tohvaallegedNre- graduating seniors will hold a reception for the 1950 class and their friends following the commencement excersises Friday night.

The reception will be held in the Primary School cafeteria immediately fater the graduation program in the High School Auditorium. The commencement exercises are scheduled to start at 8 o'clock.

KOREAN QUITS POST

SEOUL, May 23. (AP) — Minister of Justice Kwon Keung Yul resigned today. He was the fifth Korean cabinet member to bow out in three weeks.

Fist-fighting is one of the most popular events of the "balseria", an annual spring festival among the Indians of Panama.

Segregation Remains In Effect in South Africa Despite Order

CAPETOWN, Union of South Africa, May 23. (AP) — South Africa's Nationalist Government today announced it would continue to enforce racial segregation on state-owned railways despite a court ruling yesterday against the practice.

Minister of Transport Paul Sauer said persons violating segregation regulations would be prosecuted because the legal basis of the ruling had been "radically altered" by an amendment in 1949 to railway legislation.

The union's highest appeal tribunal, the appellate division of the Supreme Court, ruled yesterday the regulation resulted in unequal treatment of non-whites. Such partiality was not authorized by the railway act, the court said.

The U. S. produced nearly 5,000,000,000 tons of coal between 1940 and 1948.

Fire House Is A Fire Hazard

LISBON, N. Y., May 23. (AP) —The fire-fighting equipment for this village of 250 will be housed in a public garade for awhile.

The fire house is a fire hazard, state inspectors say.

Aid Is Offered Quake Victims

CUZCO, Peru, May 23. (AP) — Offers of help came from all parts of the Americas today for this thousand-year-old city, digging itself out of earthquake-strewn rubble which was expected eventually to yield 60 or more bodies.

From as far away as Washington and Santiago, Chile, came sympathy and aid for the survivors of the violent quake Sunday which left centuries-old historic buildings in ruins.

PRESIDENT DUE

Peru's president, Brig. Gen. Manuel Odria, with his ministers of public education and public works, was flying here today from Lima after a cabinet meeting yesterday which voted 3 million soles (about $200,000 for relief and rehabilitation.

Six transport planes loaded with relief supplies and workers already had been sent from Lima.

As workers continued to search the rubble of the city, 43 bodies had been recovered. City officials total at least 60. About 250 were said the death list was expected to injured.

RUINS

The brief shock left ancient churches and some of Cuzco's most beautiful historic buildings in ruins.

The huge Inca ruins in the stricken city were not disturbed by the quake. But the Church of Santo Domingo, an architectural gem built alongside the ancient Inca Temple of the Sun, was left a heap of ruins. Other historic religious buildings also were badly damaged.

Door Still Open For American Aid to Formosa

TAIPEI, May 23. (AP)—Dr. Raymond Moyer, head of the ECA in Formosa, said today Washington had requested his views on continued American aid to China.

The ECA program for Formosa is scheduled to end June 30.

Dr. Moyer said the request for his advice was "sent presumably in expectation of favorable action" by Congress on a proposal to extend aid to Formosa. He added "this appears to indicate that ECA in Washington is not closing down the program in Formosa."

Moyer denied reports that his office had been alerted to close.

A quick survey by the Associated Press showed no American in this Nationalist capital was preparing to leave. None seemed worried about any impending crisis.

The U. S. Consulate has suggested that Americans without any compelling reason to remain should leave while normal transportation is available.

Most Americans—business men, missionaries and staffs of official agencies—plan to leave if Red invasion seems imminent.

The Nationalist defense ministry announced Russia planned to send 400,005 Soviet residents to Manchuria under the Sino Red-Soviet agreement signed in Moscow. The ministry said more than 20,005 Russians already had arrived in Harbin, Changchun, Mukden and other Manchurian cities.

No Luck in Hollywood

LOS ANGELES, May 23. (AP) — Selene Walters, who dated the Shah of Iran not so long ago, isn't having much luck in Hollywood.

She admitted yesterday that acting opportunities haven't come her way here, and she asked superior court to let her take her 20-month-old daughter, Scarlett to New York, where she says offers await her.

The mother, 24, received custody of the child, restricted to California, when she divorced Dr. Alfred Huenergardt last October. The ex-husband has countered with a demand for complete custody and elimination of $225 monthly support payments. The court has taken the case under advisement.

A tennis court on one of the lighthouse Farallon Islands, offshore from San Francisco, is graded to divert rainwater to cisterns.

Mexico claims certain islands off California because the Treaty of Guadalupe Hidalgo of 1848, ceding territory to the U. S., failed to mention them.

Aquatic Actress Due Stork Visit Soon

HOLLYWOOD, May 23. (AP) — The Esther Williams-Ben Gage nursery can stand some enlarging, come next December.

The swimming actress said last night that she is expecting a second baby, due just before Santa Claus. The Gages' first child, Benjamin Stanton, was born last Aug. 6.

Polio Foundation Claims It's On The Right Track

NEW YORK, May 22. (AP) — The National Foundation for Infantile Paralysis says that research for a polio cure is "on solid ground."

The foundation emphasized that it still is impossible to promise a practical means of control within a given number of years. But it added:

"The foundation's program of research has developed scientific reasons for the belief that such control is attainable, and it has promising leads that indicate that drugs, serums, and vaccines against polio are all within the realm of possibility."

TURNING POINT

"It appears likely that 1949 will prove to have been a turning point in the history of infantile paralysis," said the foundation's president, Basil O'Connor. "We may be able to halt the rising tide of polio in the not-too-distant future."

The predictions were contained in the foundation's 12th annual report —which also told the story of 1949, the country's worst polio epidemic year in history. Texas had more cases than any other state.

The report said the foundation aided 80 per cent of the 42,375 new patients last year, sent out a record number of respirators —803— to hospitals and spent more than $27 million on patients.

CASH

The cash payments totaled $11,326,387 from the national headquarters, and $16 million from the foundation's 2,822 local chapters. The strain of the epidemic exhausted the funds of nearly half of the chapters, or 1,089, and forced the national organization to raise nearly $4 million more in an emergency drive.

This was in addition to the regular March of Dimes fund, half of which goes to the local chapters and half to the national office.

O'Connor said about 17,005 of last year's patients will need continuing care in 1950.

ON RESEARCH

On the research front, the foundation reported these new advances:

Growth for the first time of the polio virus in non-nervous tissue in test tubes. This would be important if a vaccine is ever developed, as it would aid in producing the great quantity of virus needed.

Classification of three distinct types of polio cirus. The search for all types is expected to be complete by the end of 1951.

Improved methods and devices to reduce to "an absolute minimum the number of patients who suffer permanent disability."

Mimeographed Letters Link Snyder Man To Former Army Outfit

Bill Schiebel, manager of the Chamber of Commerce, is one of the few war-time commanding officers whose enlisted men still keep in touch with them. He receives about 150 letters annually from the men with whom he soldiered.

Schiebel said that he received so many letters after his discharge that it occurred to him to mimeograph a news letter rather than write to each one personally. The letter, dispatched twice each year, has enabled barracks mates to keep track of each other since the plan was instituted in 1945.

Schiebel spent four of his five years in the Army as a captain and commanding officer of Battery C, 69th AAA Gun Batalion and was discharged as a major.

GOLD-MEDAL ARTIST AMUSED BY HIS BELATED RECOGNITION

NEW YORK — John Sloan became a professional painter about six years ago when he was 72 years old. This year he will be awarded a gold medal by the National Institute of Arts and Letters, the first gold medal by the National Institute of Arts and Letters, the first gold medal in painting awarded by the institute in 10 years.

The gray-haired artist, however, is no male grandma Moses. He has spent a lifetime painting. It's just that people including museums, started buying his works recently.

"By every dictionary definition, I was an amateur painter until I was past 70," Sloan says without rancor. "That means I couldn't

JOHN SLOAN

support myself by my profession. I had sold four paintings in my life by the time I was 50. Had to fend of the landlords doing book illustrations and teaching."

And what is selling?

"Paintings I did 40 years ago," said Sloan.

HIS OPINION OF CRITICS

He's a gentle-mannered man who looks about 60. He seems more amused than impressed by the fact that he has "arrived" in the art world. He maintains that the art critics are completely ignoring his current output—but that doesn't bother him, either. He calls critics a bunch of "fashion writers."

All his life he has been experimenting in oil and developing techniques—"I'm still trying to paint a Sloan"—but he has a strong prejudice against popular success.

"Whenever I've found that something will sell, I won't produce it," he maintains. "Success has always ruined artists, particularly young artists.

"Success halts painters in their tracks. They find something that will sell—and they keep repainting it until they can't do anything else."

CLOSE SHAVE WITH FORTUNE

Once, at the end of 1928, Sloan himself came perilously close to success. A rich importer walked into his studio and picked out $40,000 worth of paintings. Before Sloan had a chance to conclude the deal, October, 1929, arrived and wiped out the man's business and fortune. Sloan got his paintings back.

"Just as well," he commented philosophically. "The importer was going to show me how to invest money so I could double it. This way I at least got the paintings back and a number of them are the ones that are selling today."

Sloan's delayed reputation is bound up in his nostalgic New York scenes—ones which the critics have referred to as "black," "revolutionary," and even "psychopathic," in the passing of years he has changed his style so that his current works are full of light color and he has developed a technique he calls "linear glaze." This is achieved by an open-work mesh of colored lines on top of the painting. He indicated that a few critics don't like it.

HE TRIED BEING A REBEL

The habit of rebellion is strong in him. He was one of eight American painters at the turn of the century to break with traditional Academy-type art and form an independent artists' group of which he is still president.

Shortly after that he and a number of old-fashioned socialists started a little magazine of social comment called The Masses. Max Eastman was the $35-a-week editor and founders and contributors included Walter Lippman, Mary Heaton Vorse, Will Irwin and Louis Untermeyer. The Communist New Masses borrowed the name but that's all.

Most of those fervent young Socialists have changed their thinking with the passing of time but Sloan still believes in the revolution by evolution concept.

Sloan and his wife—a former pupil—live comfortably in the old Chelsea Hotel in New York, famed as the home of the late Thomas Wolfe and many other writers and artists of renown. They have an apartment and spacious studio where they paint side by side.

"It's good, the difference in age," Mrs. Sloan said. "There's no competition between us. We can help each other."

Sloan thinks the American public is getting more interested in art. He hopes to see the day when the general public will be interested in buying nudes.

"It's still too self-conscious," he commented.

Youth Is Charged With Threatening Hermleigh Man

Hoyl H. Lang, 19-year-old oil field worker, originally from Dallas, was arrested last night at his temporary residence in Hermleigh on a charge of threatening to kill J. H. Hutcheson, owner of the Ken Theatre in Hermleigh.

Hutcheson said that Lang threatened him with a knife when Hutcheson refused to sell him a 10-cent sack of popcorn for a nickel during a show Saturday night.

Hutcheson's wife, Mrs. Agnes C. Hutcheson, confirmed Hutcheson's testimony that Lang forced him from the lobby of the theatre down the center aisle and almost to the screen. Hutcheson then yelled to the operator to turn on the lights and to get Hutcheson's gun, he said.

Hutcheson said he then ordered the show to be continued, and most of the patrons remained in the theatre. "I have always run a decent show, and I didn't want anything like this ever to happen," he told patrons. "I wouldn't have asked the operator to get a gun if I hadn't thought it absolutely necessary.

Mark E. Search, Hermleigh policeman, and Bill Love, chief of police and deputy sheriff, said Lang told them he was drunk and did not realize what he was doing.

Lang said he had boasted to some friends that he could make Hutcheson sell him some popcorn for half price.

The charge against Lang was filed with the county court. If found guilty, punishment may be assessed by a fine of from $100 to $2,000, with an additional jail sentence not to exceed one year. Ben Thorpe, county attorney, said.

Friction Mounts After Fist Fight in Big Toledo Union

TOLEDO, O., May 23. (AP) — A ledo's Big Local 12 of the CIO-Unitsidewalk fist fight is the latest episode in the factional troubles of Toed Auto workers.

The story was told today by Carl Schick, 44, chairman of the local's unit at the Spicer Manufacturing division of the Dana Corp. and Harold Billheimer, chairman of the local's unit at the Toledo Scale Co.

CHARGES

These two, who seek the ouster of UAW International Vice President Richard T. Gosser, claimed one of Gosser's backers, Orville Beemer, went after them with his fists last night.

Beemer is state director of the CIO-Political Action Committee and an aide to Gosser.

Both fights took place across the street from the Toledo Times building and were witnessed by reporters.

Billheimer asserted Beemer knocked him down at least three times as he walked up to the Toledo Union Council building for a meeting of that CIO organization. He suffered a black eye and bruises.

Schick declared Beemer struck him later, knocking him down two or three times.

INTERVENTION

Charles McFarland, a Toledo policeman, tried to intervene. A crowd of bystanders, however, took Beemer inside the building. Macarland said Shick was treated at a hospital for a broken nose.

At the meeting, Gosser deplored the fights.

"If you dn't know how to talk without using your hands, stay home until it is all over," he pleaded.

A resolution was passed by the council taking exception to a statement by Richard Lazete, council presden. Lazette had demanded that Walter Reuther, UAW president, enter the dispute in which a minority of the local seeks to oust Gosser.

Just yesterday a spokesman in Detroit said Reuther would hold no private hearings for those opposing Gosser.

Snyder Woman To Get T.C.U. Degree

Miss Mary P. Leonard of Snyder will receive a bachelor of arts degree from Texas Christian University in Fort Worth May 31.

Miss Leonard is one of 584 students receiving degrees from the university. This will be the largest class to graduate from the institution in its 77-year history, according to S. W. Hutton, registrar. The 1949 class totaled 531, which was then the all-time record.

Appeal of Convicted Man Approved In District Court Here

A. S. Mauzey, district judge, yesterday approved an appeal reconnaissance for Hop Wooten, 24-yearold Kermit oil field worker, convicted here April 4 of assault and battery.

The appeal bond was granted pending a hearing by the criminal court of appeals.

Wooten was sentenced to serve five years in the state penitentiary when a district court judy here found him guilty of assault and robbery of Bill Cauble, 31, of Snyder.

Wooten was accused of taking about $80 from Cauble on Dec. 15. 1949, while they were en route to Eunice, N. M. The robbery was alleged to have occurred near Snyder on U. S. Highway 180.

way 180.

Attorney for Wooten is J. Ray Martins of Snyder.

Five From Snyder To Attend Methodist Meet In Big Spring

At least five persons from the First Methodist Church here will attend the annual convention of the Northwest Texas Conference of the Methodist Church tomorrow in Big Spring.

Paul Keaton, delegate to the conference, and Herman Doak, alternate delegate, with the Rev. and Mrs. W. W. Adcock, will attend the meeting which will begin at 10 o'clock tomorrow morning at the First Methodist Church there. The Rev. M. W. Clark, retired Methodist minister, from Snyder, will also attend.

The presiding bishop for the conference will be the Rev. William C. Martin, of Dallas. The Rev. Robert Goodrich, pastor of the First Methodist Church of Dallas, will preach twice a day during the conference which will last through Sunday afternoon.

A report of the Snyder church, to be made at the conference by Mr. Adcock, will include activities of the church during the past fiscal year, ending May 31.

The Ministers' Wives organization of the conference will have a luncheon Saturday. Mrs. Adcock is president of the Sweetwater district of this organization. There are nine districts in the conference.

Huge frescoes in the cathedral of Viborg, Denmark, illustrate Old and New Testament stories.

Presbyterians State Stand On Marriage, Mercy Killing

CINCINNATI, May 23. (AP) — The Presbyterian Church in the U. S. A. was on record today as (1) opposing marriage of its members to Roman Catholics under the Catholic conditions, and (2) disapproving legalization of euthanasia (or "mercy killings").

This is the resolution by the church's special commission on marriage and divorce which the 162nd General Assembly adopted:

"Resolved, that this convention earnestly warns members of our church against contracting marriages with Roman Catholics under the conditions imposed by modern Roman canon law, especially as these conditions involve a promise to have their children brought up in a religious system which they cannot themselves accept."

"And further," the overture read, "because the religious education and spiritual training of their children by word or example is a paramount duty of parents and should never be neglected nor left entirely to others, we assert that in no circumstances should a member of this church give any understanding, as a condition of marriage, that the children should be brought up in the practice of another communion."

The commission then recommended the church unite with the Protestant Episcopal Church in the U. S. A. in the stand and "call upon all ministers of the Presbyterian Church to inform our people of this action in all its implications.

The Episcopal Church made a similar resolution last October at its general convention.

The recommendation frowning on making legal so-called mercy killings was introduced by a Chester, Pa., delegation. Chester was the scene of such a slayng recently.

Mercy killings were attacked as being against the commandment, "Thou shalt not kill." Legalizing euthanasia would "open the door to the most dangerous and vicious practices," the resolution claimed.

Tech Degrees To 12 From County

Yesterday 12 students of Scurry County received degrees from Texas Technological College in Lubbock. Five of them had completed their college work in January.

Those from Snyder who graduated are Ernest William Babb, Jr., bachelor of architecture; Joe G. Baton, bachelor of arts in commerical art; Howard James Turner, bachelor of science in electrical engineering; Robert Wayne Caucle, bachelor of science in agriculture; and Albert Earl Miller, Jr., bachelor of science in petroleum geology.

Four Snyder students who received their degrees yesterday, having finished their work in January, are Neva Joyce Hall, bachelor of science in home economics; Paulien Hicks, bachelor of science in home economics; J. C. Wall, Jr., bachelor of science in agriculture; and Charles Edward Blakey, bachelor of business administration

Ira Odie Layman, of Hermleigh, received the same degree, having completed his work in January.

These were among 1,011 students receiving bachelors or masters degrees.

SCHOOL ANNUAL ARRIVES

The "Tiger's Lair," 1950 edition of the Snyder High School yearbook, arrived here yesterday from the publishers and was distributed to the students. T. D. Wiman, principal, said that this year's annual was one of the best that had ever been published by the school.

Musial Still On Top Of League With .439 Mark

NEW YORK, May 23. (AP) — Stan Musial, the St. Louis Cardinals' one-man gang, holds a 62-point bulge over teammate Joe Garagiola in the race for individual batting honors in the National League.

Musial's average dipped 28 points during the week, but he still sported a robust .439 figure.

Musial, in 25 games, has 43 hits in 98 at bats. The hits are the most in the league. He also has the most doubles, 13, and is tied with three players for the most triples, three.

Five Charges Heard In County Court

Four persons pleaded guilty yesterday to five misdemeanor charges in county court, being fined a total of $942.50, including court costs.

Joe Garcia, 53, of Snyder was charged with driving while intoxicated, paying a fine of $123.50.

Mable Powell, Snyder Negro woman, was charged with assault on Ennis Powell, her husband, with a butcher knife. She was released after her fine of $48.50 was paid by her husband.

James Warner Bynum, 23, of Snyder, was assessed fines totaling $247 on charges of carrying a pistol and driving while intoxicated. He was arrested after a fight with three Negro men in southeast Snyder, one of whom overpowered him, taking the gun from him.

Norris Williams, 29-year-old Snyder Negro was fined $523.50 when he pleaded guilty to possessing liquor for purpose of sale in the county. He was arrested Saturday with seven half-pints of gin, five quarts of wine, six pints of whisky, and 34 12-ounce cans of beer, according to Lloyd H. Merritt, sheriff.

Anderson Davis, Sr., 43-year-old Snyder Negro, was also charged with possession of liquor for sale here but has not been given a preliminary hearing yet. Merritt said Davis was arrested with three quarts of wine and 15 cans of beer in his possession.

New Assignments For Officers Of USS Missouri

NORFOLK, Va., May 23. (AP)—The Navy has reassigned the four top officers who were aboard the Battleship Missouri when she ran aground last Jan. 17 on a sand shoal in Chesapeake Bay.

Three of them—Capt. William D. Brown, Cmdr. John R. Millett and Lt. Cmdr. Frank G. Morris, Jr.—were tried by courts martial and convicted of each charge brought against them as a result of the grounding. Each was reduced in seniority in his respective grade.

Brown, former skipper of the Big Mo, has left Norfolk to assume command of Submarine Group Five, of the Atlantic reserve fleet, at the "mothball fleet" base of Green Cove Springs, Fla.

The former operations officer, Millett, has been assigned to the Department of Defense's Research and development board in Washington. Morris, former navigator, has been sent to the surface anti-submarine detachment at Key West, Fla.

Cmdr. George E. Packham, the ship's executive officer, has been relieved of his post and has been ordered to Stanford University for graduate work in personnel administration.

HIGH-FLYING CHAMPION — Nancy Lee Parker, twice national senior women's roller figure skating champion, demonstrates acrobatic form in a training session at Detroit.

seniors will be graduated anyway without final exams.

The blast occurred while the munitions were being loaded from 12 railroad cars to four self-propelled barges. It included military mines for Pakistan and blasting dynamite for Afghanistan.

Frankie Returns Bearing Gifts

by GENE HANDSAKER
AP Staff

HOLLYWOOD, May 23. — Frank Sinatra's swank suburban home was due for a visitor sometime today — Frankie boy himself bearing gifts.

The slim crooner returned by air last night from a vacation on which he saw glamor Queen Ava Gardner in Spain.

From Paris he brought his estranged wife Nancy a gold charm bracelet with a tiny "Eiffel Tower and stuff" on it.

For their three youngsters he had a little music box from Paris and toys from New York City.

Reporters asked if there might be a reconciliation with his wife, who has filed a separate maintenance suit.

"I'd rather not answer that," he said.

He denied a report he had taken her an emerald necklace worth $10,000.

What he did take Miss Gardner, he said, was "12 bottles of Coke, some chewing gum, a magazine and two pounds of chocolate. She wrote and asked me to bring them."

'NO COMMENT'

As for Mario Cabre, the Spanish bullfighter, reported in love with Ava: "No comment; I don't know anything about it."

Cabre is acting in a picture with Ava. Frank said, "I assume the publicity men are making the most of the fact. He is a member of the cast."

Asked if he planned another trip to Spain, Sinatra said:

"Spain was just one of the places I went — I don't go to Spain every month."

The singer said he did some fishing and saw Miss Gardner — most recently last Wednesday.

He termed Ava "wonderful—very sweet, a very wonderful girl."

As for what she thinks of him:

"I never got around to asking her."

Before his vacation, he said, he suffered "a throat hemorrhage from overwork." He said a doctor told him yesterday it was healing.

Frank left the airport to discuss last night a proposed movie role in "Two Tickets to Broadway," with Producer Howard Hughes. The singer was met at the airport by RKO's casting director, Fred Schuessler, and Hughes' publicity man, Johnny Meyer.

Sinatra said he probably would spend the night "with friends" before visiting his family today.

NEW YORK, May 23. (AP) — A new front opened up today in the Frank Sinatra-Ava Gardner-Mario Cabre game of hearts.

This one involved Bullfighter Cabre's Spanish sweetheart, 22-year-old Pepita Marco, who is dancing in a Greenwich Village nitery.

The word, in English, was slow to reach the Spanish-speaking senorita. But it didn't lack for impact.

When the dark-haired beauty finally comprehended her Mario's passionate outpourings to Ava via the press, she tore up his picture and stomped on the pieces.

"He's a hypocrite, and I do not want to see him again ever," she declared. "I am through with him."

Pepita said they were engaged 18 months ago, and when she left for America they made an agreement to let the other know if they had a change of heart.

"If he had declared a change in his letters I would have respected him," she said. "As it is . . ." And she pointed to the newspapers.

Seven Wells Staked By Magnolia In Fuller Lease Block

The Texas Company has staked seven more Canyon explorations in the Fuller lease block in Central-North Scurry County. The ventures are No.'s 26 through 32. P. L. Fuller.

Three of the proposed sites will be in section 704, block 97, HJTC survey, in the central portion of the Cogdell Canyon pool.

No. 26 Fuller will be 733 feet from south and 467 feet from west lines of the section; No. 27 Fuller will be 467 feet from west and 2,045 feet from north lines of the section; and No. 29 Fuller will be 467 feet from west and 2,005 feet from south lines of the section.

Texaco No. 28 Fuller will be 467 feet from north and east lines of section 614, block 97, H&TC survey.

Texaco No. 30 Fuller will be 467 feet from north and 733 feet from east lines of section 652 Texaco No. 31 Fuller will be 467 feet from north and 3,307 feet from west lines of section 615. Texaco No 32 Fuller will be 662 feet from south and 2,002 feet from west lines of section 564.

Each of the seven ventures is slated to go to approximately 7,000 feet, and are approximately 15 miles north of Snyder.

SIX IN REEF

In the proven reef areas of Scurry County, six new explorations have been staked, according to latest Railroad Commission of Texas reports.

Superior Oil Company will drill its No. 9-180 C. T. McLaughlin in the Diamond M-Canyon lime field, 15 miles southwest of Snyder. Drillsite will be 660 feet from east and 1,980 feet from south lines of section 180, block 97, H&TC survey.

Also slated for the Diamond M area is the Lion Oil Company No. 11 Ohlenbusch, to be 2,326 feet from west and 1,999 feet from north lines of section 181, block 97, H&TC survey, 13 miles southwest of Snyder.

Lion No. 12 Strom will be 2,326 feet from east and 477 feet from north lines of section 198, block 97, H&TC survey, in the Diamond M field, 13 miles southwest of Snyder.

On the north side of the Diamond M, Sun Oil Company will drill its No. 2-A R. J. Randals, to be 467 feet from east and 660 feet from north lines of section 245, block 97, H&TC survey. Drillsite is nine miles west of Snyder.

Two explorations have been staked by Sun Oil Company in the Kelley-Snyder field.

Sun No. 3 Mae Lemons are others will be 467 feet from south and east lines of the southwest quarter of section 205, block 97, H&TC survey, and five miles west of Snyder.

Sun No. 8 H. J. Brice will be 2,898 feet from west and 660 feet from north lines of the south half of section 392, block 97, H&TC survey, and eight miles west of Snyder.

TO ELLENBURGER

Locations for two Ellenburger wildcats in North east Stonewall County have been reported.

C. L. Norsworthy, Jr., of Dallas No. 1 D. J. Herbat is to be 660 feet from north and west lines of section 60, block D, H&TC survey.

That makes it three miles northeast of Aspermont, and nine miles south of Norsworthy's No. 1 Wiley, in section, block G, Alice Stephenson survey, which flowed an estimated 50 barrels of oil per hour during a drillstem test in the Bend conglomerate at 5,990-6,005 feet, and is now preparing to test and complete.

Norsworthy No. 1 Herbat is slated to drill to 6,500 feet to test the Ellenburger. It is on a farmout from Phillips Petroleum Company

Roark and Hooker and A. G. Hill, all of Abilene are to drill their No. 1 C. L. Williams, as a 6,500-foot prospector at a location 467 feet from south and west lines of the southwest quarter of section 6, block C, AB&M survey.

That makes it three miles south and slightly east of the Norsworthy No. 1 Wiley, Bend discovery, and eight miles northeast of Aspermont.

F.D.R.'S Grandson To Marry Today

SANTA MONICA, Calif., May 23. (AP) — Curtis (Buzzie) Dall, or Roosevelt, as he prefers, takes unto himself a bride today.

The 20-year-old grandson of FDR and Robin Edwards, 21, will recite their vows at St. Augustine Episcopsl Church by the Sea, with many of the family, including Mrs. Eleanor Roosevelt, in attendance. The president's widow arrived by plane yesterday and was met by sons John and Jimmy.

Buzzie, who was the favorite grandchild of the late president, is the son of Anna Roosevelt and her first husband, Curtis Dall, Sr. He has said that he intends to carry his mother's family name.

Nell Gwynn May Be Ousted

LONDON (AP)—"Nell Gwynn" by Sir Peter Lely in the National Portrait Gallery may not be Nell after all, and it may not be by Sir Peter. Officials of the solid old government institution pondered this horrid possibility and began searching yellowed catalogues to find out where they stood.

The picture has hung there 39 years with a discreet label setting out that it shows the actress of Charles II's day who "attracted the favor of the king and had apartments in Whitehall," then his palace. But one gallery functionary admitted the identification may be a mistake.

"There are numerous portraits said to be of Nell Gwynn, but all differ," he said. "This one bears no resemblance to any."

Army Studies Effects Of Explosion on South Amboy

SOUTH AMBOY, N. J., May 23. (AP) — This city's explosion disaster has given the Army a chance to study what might happen if America were bombed.

The Department of the Army has sent two scientists here to study after-effects of the munitions blast which shook South Amboy Friday, killing 31, injuring more than 300, and ruining the waterfront.

The American continent escaped bombing in both world wars and army men have only the experience of foreign countries to go on when guessing how bombs might affect American cities. But now South Amboy has become a laboratory that may throw some light on how Americans might behave in a surprise bombing raid.

TALKS

Dr. Leonard Logan, a sociologist, and Dr. J. B. Green, a physicist, said thir report for the Army will discuss the physical, economic, and social impacts of the disaster.

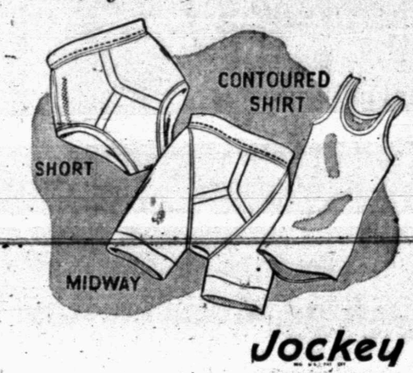

Meanwhile there is still no official explanation of what caused 600 tons of munitions, destined for Pakistan, to blow up at the docks. Witnesses at a coast guard hearing in New York limited themselves to guesses.

Shopkeepers returned to their boarded-up stores here and glaziers and carpenters were at a premium. Explosions continued to punctuate the air as Army demolition squads combed the wrecked area for mines.

SCHOOL OUT

With classrooms damaged beyond immediate repair, school let out for the summer. But the school

for your comfort . . .
