Big Boost In December Allowable

By JACK KEEVER

AUSTIN (AP) The Texas Railroad Commission increased the statewide oil allowable today to 36.5 per cent of potential for December, the highest factor since the percentage system was adopted in January 1963.

The previous high on the percentage system was 35 per cent last May.

The December percentage factor will permit maximum production of 3,322,712 barrels a day, compared to the November factor of 34.5 per cent, which permitted an allowable of 3,205,042 barrels daily.

"The crude oil market is extremely tight. The demand is extremely strong," said commission Chairman Ben Ramsey.

He said he expected the demand would remain strong for the next several months.

The only company spokesman who made a comment was R. W. Pitcher of Pan American. He said: "We strongly recommend a substantial increase in the December allowable."

He also said the November percentage should be amended to provide "additional needed supplies."

The allowable last December was 3,084,545 barrels a day under a 31.4 percentage factor. The U.S. Bureau of Mines had forecast a 1966 December demand for Texas crude of 2,945,888 barrels.

Of the 14 major purchasers making nominations, 12 asked for a percentage or barrel increase. Only Sun Oil Co. and Shell Oil Co. did not seek an increase.

Purchasers nominations, in percentage and barrels a day, at today's statewide commission hearing:

36.5—Mobil, 264,300.
36—Sinclair 106,900.
35.5—Cities Service 76,000.
35—Atlantic Refining 81,000; Continental 38,000; Gulf 218,400; Phillips 125,565; Pure 50,332, and Standard of Texas 44,300.
34.5—Sun 121,565.
34—Shell 176,400.

Although they did not nominate by percentage, Humble, Pan American and Texaco all sought an increase in daily production per barrel.

Viet Nam Addresses

More addresses of Scurry County men serving in Viet Nam are being received daily and all of those received by Saturday morning will be published.

The daily lists will be discontinued after the issue of Nov. 20 since Christmas season mailing deadlines for overseas points are approaching. The addresses are being published for the convenience of area residents who want to send Christmas cards and other remembrances to men serving in Viet Nam.

The latest addresses received include:

UF Drive Is In Stalemate

The Scurry County United Fund Campaign apparently has hit a sort of stalement after moving within $5,500 of its goal.

The total amount of contributions and pledges this morning was $22,192.50. The goal to support operations of five local agencies and a small allotment to the Texas United Fund (USO), is $27,500.

Meanwhile, campaign leaders were hoping to organize forces for one last-ditch effort. They have been trying to return all contact cards to the campaign headquarters in the Chamber of Commerce office. Most of them have now been returned, and those not worked probably will be reassigned in a clean-up effort.

The current total represents slightly over 80 per cent of the goal.

SHEPPARD IS FREED — Samuel H. Sheppard and his second wife, Ariane, leave courthouse in Cleveland after the last witnesss were heard in his second degree murder trial. The jury cleared Sheppard in the bludgeon murder of his first wife.

Jury Frees Dr. Sheppard

By ARTHUR EVERETT

CLEVELAND, Ohio (AP) — Samuel H. Sheppard, cleared after 12 years in the bludgeon murder of his first wife, savored his complete freedom today and quietly vowed to build a new life with his second wife.

The balding, graying man of 42, who served nine years in prison for the crime of which he was acquitted by a jury Wednesday night, said: "How can I have anything in my heart left of bitterness. I have no bitterness. I have love in my heart."

His lawyers said they expected his osteopathic license, suspended while he was in prison, to be restored. But when asked if he will return to his career as a neurosurgeon, Sheppard replied: "I don't know if I will. If people need help, I will. If people are sick and need a neurosurgeon's help, I will."

As for immediate plans, Sheppard told a news conference an hour after the 10:18 p.m. acquittal verdict: "I plan nothing. I would like to go see our parents in Germany."

As he spoke to newsmen in a downtown hotel, he kept his right arm tightly around his second wife, Ariane Tebbenjohanns Sheppard, who has a 13-year-old daughter, by a first marriage, in her native Germany. Sheppard's parents died 11 days apart shortly after his 1954 conviction, his mother by suicide.

A jury of seven men and five women, acting just under 12 hours after receiving the case, found Sheppard innocent in the July 4, 1954, slaying of Marilyn Sheppard. She was 31 and five months away from bearing his second child when she was beaten to death in the bedroom of their suburban Bay Village home. Sheppard said she was slain by an intruder.

Later, in a corridor separating the courtroom where he was convicted in 1954 from the one where he was acquitted 12 years later, Sheppard exulted: "Christmas never has arrived this way!"

Big 4 Agree To Censure Israel

UNITED NATIONS, N.Y. (AP) — Security Council members conferred privately today on a resolution to censure Israel after the Big Four powers, in a rare display of agreement, joined in condemning the Israeli raid on Jordan last weekend.

Speaking at the start Wednesday of an urgent council debate called at Jordan's request, U.S. Ambassador Arthur J. Goldberg said the "inexcusable" attack violated Israel's armistice agreements. British Ambassador Lord Caradon said the attack increased the risk of "continued and wider conflict" in the Middle East.

Soviet Ambassador Nikolai T. Fedorenko said the American and British statements should be followed by measures to prevent such raids from recurring. French Delegate Roger Seydoux also denounced the Israeli raid but said France took note of the border incidents that had led to it.

Goldberg also urged the council to consider the "total situation" between Israel and its Arab neighbors. Although he said the Israeli raid far exceeded the "cumulative total" of the preceding acts of Arab terrorism, he said the council should condemn the terrorist activities as well as the Israeli reprisal.

It seemed unlikely that such a balanced resolution would get the council's approval. The Arabs were not expected to accept any resolution censuring Arab terrorism and the Soviet Union presumably will use its veto on their behalf as it always does.

Israeli air and ground forces invaded Jordan last Sunday and clashed with Jordanian forces during a large-scale attack on three Jordanian border villages. Jordanian delegate Muhammad El-Farra told the council that at least 20 Jordanians, including eight civilians, were killed and many were wounded. A U.N. report said 125 buildings were destroyed.

BIG CRASH — The 1966 Model Chrysler operated by Walter E. Hukill of Big Spring was in collision with a utility pole on the east side of the Big Spring Highway near the Tiger Drive-In Theater about 9:30 p.m. Wednesday. Hukill was taken to Cogdell Memorial Hospital by Snyder Ambulance Service for treatment of undetermined injuries. Later, he was transferred to the Veterans Hospital in Big Spring. Damage to his car was estimated at $800.

Cong Mortar Attacks Batter Five Outposts

By ROBERT TUCKMAN

SAIGON, South Viet Nam (AP) — The Viet Cong unleashed mortar attacks on a provincial capital and five government outposts during the night and today in the Mekong Delta.

The barrages struck the town of Ben Tre, 45 miles southwest of Saigon, and a string of militia posts 48 to 78 miles southwest of the capital.

Two women were reported killed and nine other civilians wounded in the shelling of Ben Tre during the night. Fifteen militiamen manning one watchtower suffered moderate casualties, a Vietnamese spokesman said. Casualties at the other posts were reported "very light."

U.S. military headquarters reported only small-scale probes and patrol skirmishes.

In the largest action, U.S. Marines reported the number of Communists killed Wednesday in a fight below the demilitarized zone rose from 14 to 28. The action, 10 miles south of the zone, was the first of any size in Operation Prairie since late September.

The U.S. command reported that American troop strength in Viet Nam rose to 358,000 last week, an increase of 6,000 over the previous week.

U.S. headquarters reported American casualties last week totaled 952 men, most of them in the bloody fighting in Communist War Zone C in Tay Ninh Province. The casualties included 126 killed, 810 wounded and 16 missing or captured. These compared with 127 killed, 605 wounded and eight missing or captured the previous week. Enemy casualties reported by the U.S. command increased much more, from 917 dead the week before to 1,525 last week.

Vietnamese headquarters reported 237 government troops killed last week compared with 113 in the previous week.

On the economic front, police in Saigon closed down "PX Alley," the maze of sidewalk stalls near the U.S. Embassy that formed the capital's big black market in U.S. Post Exchange goods stolen or bought or bartered from U.S. servicemen.

Brothers Sentenced In Bank Closing

SAN ANGELO, Tex. (AP)—Elmer Dean Sliger and T. J. Sliger, Brownwood brothers who pleaded guilty Nov. 4 to a charge of mail fraud in connection with the Jan. 26 closing of Blanket State Bank in Blanket, were sentenced in federal court here today.

Judge Joe E. Estes sentenced each of the Sligers to 18 months in the federal penitentiary and $1,000 in fines.

UP BEFORE DAWN

Johnson Holds Budget Confab

By WALTER R. MEARS

WASHINGTON (AP) — President Johnson was up before dawn in his hospital room today, talked at length with former President Dwight D. Eisenhower and summoned four top federal officials for a full-scale conference on budget and fiscal problems.

Although he was paying quite limited heed to the doctors who recommended after his successful double operation Wednesday that he take it easy for a while, Johnson spent 45 minutes chatting with Eisenhower.

The President's doctors have urged him to favor his throat for several weeks, but he seemed to be prepared to talk freely—if in a softer-than-normal tone.

After escorting Eisenhower to the elevator, Johnson called in a few newsmen and spent another 20 minutes in a wide-ranging discourse with them.

Then Johnson had another visitor: House Democratic Leader Carl Albert of Oklahoma, who had stopped at the Bethesda Naval Hospital for a medical checkup.

After that, the White House announced, Johnson arranged for a noon-hour meeting with Secretary of the Treasury Henry H. Fowler, Budget Director Charles L. Schultze, Chairman William McChesney Martin of the Federal Reseve Boad and Arthur O Kun a member of Johnson's Council of Economic Advisers.

Eisenhower, after leaving Johnson's room, expressed astonishment that he was using his voice after removal of a throat polyp so recently.

Crackdown Clears Saigon 'PX Alley'

By EDWIN Q. WHITE

SAIGON, South Viet Nam (AP) Saigon's "PX Alley" was cleared today of the maze of sidewalk black market stalls that offered all buyers everything from combat uniforms to hair spray. The crackdown was announced in advance and the dealers moved much of their stock beforehand.

Vietnamese police moved in early in the morning, dragged some of the goods into small piles and poured gasoline over them. Clothing, foodstuffs and toilet articles went up in flames. Bottles of whisky were smashed and cans of beer and insecticide were ripped open with bayonets.

The articles seized and destroyed were only a small part of the stocks that formerly were spread along the curbs of the streets near the U.S. Embassy, nearly choking off movement along the sidewalks.

The police action was aimed chiefly at shutting down the sale of illicit goods obtained from U.S. Post Exchanges and commissaries. Some of this was stolen before it reached the American installations, while some was brought or bartered from U.S. servicemen.

The sidewalk merchants also offered goods imported from Hong Kong and Japan as well as locally manufactured products. "Made in America" labels on some of the items — whisky bottles bearing PX stamps, for example—often were phony.

"Things sell a lot better if they think they come from America," one street vendor said recently.

Although the South Vietnamese government ordered the crackdown, American authorities are known to be concerned over the operation of what is euphemistically called the "open market." The section raided today was only one of four black market areas operating in Saigon, but its location in the heart of the downtown area so close to the U.S. Embassy was particularly embarrassing.

Pentagon Opposes Bombing Lull

By SEYMOUR M. HERSH

WASHINGTON (AP) — Like other Johnson administration officials, top Pentagon leaders are steadfastedly against another Christmastime pause in the U.S. bombing of targets in North Viet Nam.

The Pentagon officials are known to believe there is no evidence now that Hanoi would respond affirmatively — either by taking steps to reduce the fighting or to begin peace talks — if the bombs stopped falling over the North.

As of today, officials believe the North Vietnamese would use any lull to do what they did during last year's pause — "take maximum advantage," as one official put it.

In a series of interviews, officials voiced concern that a bombing pause would give the enemy a chance to repair bridges, railroads and improve the distribution of badly shattered petroleum and oil stocks.

"They went full blast last year," said one well-informed source. "They'll do the same thing again. Anytime you have one day or 37 days in which you aren't hampered, you do what you can."

There have been reports that Pope Paul VI again will call for a Christmas cease-fire and bombing pause in Viet Nam.

President Johnson ordered a pause in the bombings last Dec. 24 and called for their resumption Jan. 31 after reporting the United States had received no indication that Hanoi was willing to begin peace talks.

Opposition to another pause at this time has strongly united the Pentagon's top military and civilian leaders — men who don't always see eye to eye. Secretary of Defense Robert S. McNamara and the Joint Chiefs of Staff (JCS) are reliably reported to be against any lull.

Priority Given Soldiers' Mail

Snyder Postmaster H. D. Moreland announced today that henceforth all first class mail, personal sound recordings (voice letters) and parcels weighing five pounds or less and measuring not more than 6 0inches in length and girth combined, will be airlifted on a "space - available" basis between the United States and all military post offices overseas.

Also, under Public Law 89-725 (The Dulski Military Mail Act), which was signed Nov. 2 by President Johnson, second class publications such as newspapers and magazines published weekly or more often and featuring current news of interest to the military, will be airlifted from San Francisco to the armed forces serving in Viet Nam.

Moreland explained that the parcels weighing five pounds or less and not exceeding 60 inches in length and girth combined, paid at surface rates, will be moved by surface transportation within the United States from the points of mailing to the port of embarkation.

To speed up separation and delivery of these smaller parcels falling within this category Postmaster General Lawrence F. O'Brien directed that all such parcels be clearly marked upon acceptance at the post office with the letters SAM (surface airlift mail).

This will eliminate the task of re-weighing and measuring the parcels at the San Francisco Concentration Center prior to dispatch to Viet Nam or other overseas military post offices.

Although such parcels will be given airlift priority from San Franisco to Viet Nam on a space available basis, they should be mailed no later than Dec. 1, said Moreland. Airmail should be sent no later than Dec. 10. The deadline for Christmas packages weighing more than five pounds going to Viet Nam and other military post offices by surface means was Nov. 10.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I am 21 years old and am very much in love with a young man I'll call John. He is 24. My problem is his parents. They are violently opposed to our marrying because of a religious and nationality difference. I can do nothing about my nationality, but I'd be willing to change my religion to his. John says it wouldn't help, they would still be opposed.

Abby, what hurts is I have never even met them. They refuse to see me. John says he knows if they ever got to know me they would love me, and I'm sure they would. Should I take matters into my own hands and go over there and introduce myself? John says he can't marry me while his parents are living. What shall I do? We love each other.

HEARTBROKEN

DEAR HEARTBROKEN: Face it. If John loved you as much as you love John he would either persuade his parents to meet you, or he would marry you without their consent. You are both over 21. I see no marriage in your future with this young man.

* * *

DEAR ABBY: Will you take a chance and ask your readers to answer this thru your column, or are you afraid of what might follow? Are men and boys cleaner than women and girls? Sign me—

"CLEANER THAN THOU"

DEAR "CLEANER": If "thou" are a man or boy, (and I assume thou art) come forth and speak thy piece. And show thy evidence.

* * *

DEAR ABBY: Orville and I have been married for 30 years. We usually retire about 11 o'clock. But there are times when Orville would like to retire at 8:30 or 9 because he's "tired." Well, that's all right with me, but I am not ready to go to sleep that early.

Orville refuses to go to bed without me! I think he is being very unfair. I wouldn't insist that he adjust his schedule to suit mine if he didn't feel like it. What is your opinion of this?

BETTER HALF

DEAR BETTER: I'll bet when Orville was a baby he wouldn't go to sleep unless his mother lay down beside him. Well, tell him you aren't his mother, and he's no baby, and it's time he went "beddy-by" alone.

No More Half Dollars?

BOSTON (AP) — The vice president of the Federal Reserve Bank of Boston thinks the half dollar is going the way of the silver dollar.

"The public apparently has accepted a half-dollar-less economy," Gordon Watts said Wednesday.

While "merely guessing," Watts said he "wouldn't be surprised if the Treasury just discontinued production of halves."

He said people began collecting half-dollars when the U.S. mint began producing 50-cent pieces bearing the likeness of John F. Kennedy, but says what began as a fad has become standard practice.

Watts told a reporter he believes the Treasury Department is coming to the conclusion that minting more halves, or at least minting in present quantities, "may be just a waste that's depleting our silver stocks."

Watts said there is an ample supply of other coins.

China Bans Red Guard

TOKYO (AP) —Communist China has banned the movement of youthful militant Red Guards from Nov. 21 until next spring, Japanese reports from Peking said today.

The order was decreed by the Chinese Communist party leadership and the National People's Congress because the Red Guards were tying up vital means of transportation for Communist China's third five-year plan.

The decree ordered all Red Guards presently in Peking to return to their provincial homes and prohibited provincial Red Guards traveling to Peking, Japanese newsmen in Peking said.

Reports said the Red Guards would be refused passage on trains and ferries beginning Nov. 21.

Uncounted numbers of Red Guards had made the long march to Peking similar to the one the Communists made to Yenan in 1937.

Powell Ordered To Begin Serving Term

NEW YORK (AP)—State Supreme Court Justice Matthew M Levy today ordered Rep. Adam Clayton Powell, Harlem Democrat, to surrender to the sheriff on Nov. 23 to begin serving a 30-day jail term for criminal contempt of court.

In his order, Levy said Powell would be liable to an additional 60-day term if he defaulted in paying a $500 fine which was part of the sentence imposed on Nov. 4.

Plaques Mark Site Of Assassination

DALLAS (AP) — Bronze plaques marking the site of the assassination of President John F. Kennedy have been placed in Dealey Plaza about a block from where the shooting occurred.

The plaques describe the assassination and bear a relief map of the site.

There was no ceremony as workmen installed the markers Monday. The big plaques, weighing 500 pounds each, were stuck in place with epoxy glue and held firm with clamps, which will be removed Monday.

A ceremony is planned for 11 a.m. Nov. 22, said Mrs. Harry J. Langley of Richardson, who has headed The Committee for a Kennedy Assassination Site Memorial.

She said she would invite the Rev. Oscar Huber, of Holy Trinity Catholic Church, who gave the last rites to Kennedy.

Mrs. Langley said the Council of Democratic Clubs also will take part in the Tuesday morning ceremony.

Her group is largely responsible for the wording on the plaque. Originally the Dallas Park Board intended to put the story of the assassination beneath eight paragraphs of Dallas historical data.

Mrs. Langley protested the inclusion of the historical data before the park board, and the city council later deleted the information.

"I think people who come here will be very happy to find the name of Kennedy there," she said.

"It's too bad that it took so long."

Farm Bureau Reelects DeVaney

CORPUS CHRISTI, Tex. (AP) —The Texas Farm Bureau convention has re-elected C. H. DeVaney of Waco as its president for another year and given him a vote of confidence on a controversial issue.

Before re-electing the veteran farm organization official Wednesday, the convention's 2,000 delegates voted 5-1 against the provisions of the Cotton Research and Promotion Act which will be voted on by farmers in a Dec. 5-9 referendum.

The organization, however, voted to support a voluntary check-off of a $1 per bale to be used for cotton research and promotion.

Supporters of the Cotton Research and Promotion Act, passed by the last session of congress, say it would save the American cotton industry by expanding markets which would reduce surpluses and permit production.

The Farm Bureau, under DeVaney's determined leadership, has fought the provisions of the act, claiming that it would provide a compulsory check-off system.

If approved in the growers' referendum, the act would allow $1 per bale checkoffs, but the money could be reclaimed if an individual applied for it in writing through his county agent.

Other officers elected included Sidney Dean, Victoria, vice president; M. F. Frost, McAllen secretary - treasurer; and two directors, Dee Coleman of Wellington and J. M. Price of Corpus Christi.

Cooler Air Nears Texas

BY THE ASSOCIATED PRESS

Cooler air approached the Texas Panhandle today, and it was expected to drop overnight temperatures close to freezing in places.

Temperatures remained mild throughout the state this morning.

Low clouds and fog spread from South Central Texas toward the north and east during the night. Skies were mostly clear in other areas

Forecasts called for temperatures as low as 34 degrees early Thursday in the north part of the Panhandle. Official observers said it would turn cooler by Friday over most of West Texas and the north part of East Texas.

British Coast Pounded By Heavy Seas

LONDON (AP) —Heavy gale-whipped seas pounded the British and Normandy coasts today and kept the liner United States waiting off Le Havre. But the French oil rig Neptune in the North Sea with 45 men aboard reported she was out of danger.

The United States arrived Wednesday off Le Havre from Southampton to take aboard 260 passengers for New York. Six-foot waves and winds up to 70 miles an hour kept the pilot from boarding the liner, and the ship cruised around to wait out the storm.

A radio message from Neptune 1, the drilling platform standing on three fixed legs off the Yorkshire Coast, said there was no longer any need for a Royal Air Force helicopter to stand by to lift off the rig's crew.

During **most of the night the** slowly round Neptune 1. Winds gusting at times to 100 miles an hour sent waves crashing onto the platform 35 feet above normal sea level.

Ships were sheltering all along the coast of eastern England on the third day of the storms. Sea, air and land communications were disrupted from Scotland to the English Channel.

A seaman was swept overboard and drowned as the German trawler Rudolph Wendt plowed through heavy seas off Ireland's southeast coast Wednesday. No other deaths were reported.

City Firemen Are Called Three Times

City Firemen answered three calls Wednesday.

Two of the calls were to grass fires at Hermleigh at 4:20 p.m. and at 903 Avenue Q at 3:10 p.m.

The other call was to the Planters Gin in Fluvanna at 12:50 p.m. when some cotton burrs caught fire.

WOMEN

MOHAIR GIVES a royal glow to the princess coat. The perennially young and flattering princess coat emerges with fresh new beauty this season in a magnificently rich mohair tweed in this beavered-collared style. Designed for the going-places young crowd, with its double-breasted buttoning and trio of flapped pockets, it's a coat that spells fun and up-and-doing. The soft, lofty-textured fabric moves with unexpected animation and lightweight grace, with no confining weight to inhibit freedom.

History Is Brought To Life

THE MASK OF APOLLO. By Mary Renault.

Here is the sort of fiction that gives history pulse and emotion from the hand of the author of "The King Must Die" and "The Bull From the Sea."

It is a story narrated by Nikeratos a wandering actor in the Greek world of the fourth century. Its background is filled with war and civil war, philosophy, statecraft and treachery. The philosopher Plato is one of the major figures. Aristotle and the young Alexander are just coming upon the scene.

Nikeratos is only partly a member of this political world, for he is concerned with his career as a tragedian. But as dedicated artist he also is a student of his fellow men, and his travels take him into the heart of a fearsome struggle for power.

Most of the action takes place in Greek Sicily, at Syracuse, where a weak young Dionysius has succeeded his father as tyrant. His kinsman Dion is the noble idealist of the plot, loyal to the new tryant, but fully aware that he is not equipped to rule.

Dion persuades Plato to come to Syracuse and try to put his scholarly political theories into practice by tutoring Dionysius in the art of governing by law-not debauched whim. But Plato, the uncompromising theorist, fails to keep the power-drunk Dionysius out of the hands of his military men, who want to use him as a puppet. The aging Plato barely escapes, discredited, to Athens.

Then begins the bitter struggle of Dion, a general as well as a philosopher, against a series of double - dealing traitors. Dion's fortunes rise and fall in the assembly and on the battle field. The author makes him, as a disciple of Plato, so generous and magnanimous to his open and hidden enemies that he becomes a doomed man. The moral is that idealism and theory fail to survive against human, animal passion; in the end, all Syracuse goes down to destruction.

The novel's sub-theme of Nikeratos' career on the stage is filled with the atmosphere of the place and period, and constitutes a slow but majestic, tragic narrative.

Those who are able to appreciate history in the flesh will find this book amply rewarding.

Exiles Want To Go Home

BIRDS OF THE NORTHERN FOREST. By James Fenwich Landsdowne and John A. Livingston.

This handsome volume, the first of several on Canadian birds, contains 56 of the best color plates I have ever seen.

Landsdowne, the artist, who lives in Victoria, B.C., is not yet 30 years old. The birds he depicts so vividly are typical denizens of the northern evergreen forests that cover most of Canada and extend into the United States. The selections of course are by no means exhaustive, but include representatives of most major groups.

The text by Livingston, a former executive director of the Audubon Society of Canada, is readable and informative and brings to mind that wildlife in the wilds of Canada, as well as in the more settled United States, is threatened by man. For instance the fish hawk and the peregrine falcon are diminishing rapidly in numbers because of the adverse effects of DDT residue on fertility.

A sample of the fascinating information that the book gives on a single species:

There are nine or ten subspecies of the Canada goose, ranging from the 3-pound Alaskan to the 18-pound prairie variety. In migrating, it follows religiously the advance of the 35-degree isotherm across the country, and nests right after the ice breaks up. It mates for life. In summertime the adult moults most of its feathers at once, so that it is grounded for three weeks, and then is ready to take to the air again at the same time the young birds fly south.

Snyderites Attend Regional In Midland Saturday

Nine members of Zeta Lambda Chapter of Delta Kappa Gamma Society, an International Honorary Society of women educators, participated in the State Regional on Saturday, November 12 in Midland with Epsilon Eta and Zeta Xi Chapters of Midland as hostesses.

Mrs. Ruby Lee Lafferty, Alpha State President, and Mrs Frances Lowrance, Alpha State Corresponding Secretary, were co-directors for the Regional.

Mrs. Dorothy Miller, president of Zeta Lambda, met with the other chapter presidents for breakfast at the Downtowner Motel in Midland at 7 a.m.

Registration and coffee began the day's activities for the other members at Midland Woman's Club at 9 a.m.

The theme of the Regional was "Make No Little Plans."

During the morning general session Zeta Lambda Chapter, with Barbara Bigham as chairman and other members as psrticipants, presented a model initiation ceremony carrying forth the theme "Make No Little Plans for Beautiful Chapter Initiations."

Delta Iota and Zeta Kappa Chapters of Odessa presented "Make No Little Plans for Improving Delta Kappa Gamma Scholarship Program and the International Educational Foundation."

Delta Phi Chapter of Andrews led the group in a sing-song period to emphasize the theme "Make No Little Plans for Better Music in Your Chapter."

Beta Kappa Chapter of Big Spring presented "Make No Little Plans for a Better Program Through All-Member Planning Sessions."

The day's activities were concluded with a luncheon. Mrs. Lafferty was the guest speaker. Special music for the luncheon was presented by choral groups from Andrews High School directed by Mr. Tom Adams.

Zeta Lambda members attending besides ones mentioned above were Ruby Anderson, Evelyn Boone, Georgene Galloway, Leota Burris, Bess Johnston, Lida Rhoades, and Zaida Brown.

Miss Virgina Grove, Zeta Lambda member and Alpha State Chairman of publications and publicity, was co-director of a similar Regional held in Kermit on Saturday.

Rev. Robinson Speaks To Travis FHA

On Tuesday, Nov. 15, the Travis FHA was called to order by the Vice President Elaine Chester. Guest speaker was the Rev. Miller Robinson, pastor of Colonial Hill Baptist Church.

Rev. Robinson stressed the importance of respect for: parents, other people, and also law and order. He also spoke on the importance of morals for teenagers, with an emphasis on honesty and truthfulness. He left these two thoughts with the members: "Put away doing anything you have to hide", and "Am I the kind of person I want to live with all my life?"

The chapter discussed one of their projects for December, in which members will bring stamped Christmas cards and send them to Big Spring State Hospital for the patients to mail to friends and relatives.

Refreshments were served at the close of the meeting.

Enemy Losses Up Sharply

SAIGON, South Viet Nam (AP) — Enemy dead in the Viet Nam war rose to 1,525 last week, the U.S. command said today, while the number of Americans killed in action was virtually the same as the week before.

The weekly casualty report said 126 Americans were killed in action. The toll for the previous week was 127. It had been expected that the American casualty figure would be higher, because of the bloody fighting in Tay Ninh Province.

The U. S. announcement said, however, that 810 Americans were wounded in action during the seven-day period that ended Saturday. The total wounded in the previous week was 605.

The enemy toll increased more than 600. A total of 917 dead was reported the week before. U.S. spokesmen say almost 1,000 Communist troops have been killed in the past two weeks in Operation Attleboro in Tay Ninh Province.

Vietnamese government casualties also soared during the week of Nov. 6-12, from 113 killed the week before to 237 last week. The Vietnamese no longer disclose the number of their wounded.

They reported 1,637 enemy soldiers killed during the week, a figure higher than that reported by the U.S. command. The figures of the two commands often vary. The Vietnamese reported 149 enemy captured while the Americans reported 193.

Vietnamese headquarters said more than 50 per cent of the casualties on both sides occurred in the fighting in Communist War Zone C, in Tay Ninh Province.

Other allied forces reported higher losses last week with 21 men killed and 45 wounded. The totals for the previous week were eight killed and 14 wounded.

The U.S. command said the number of Americans missing for the week was 16, double that of the previous week.

The latest casualty reports pushed the unofficial total of the number of Americans killed in the Viet Nam war to 5,949 and the number of wounded to 23,354.

GIs Find Competition For Hanoi Hannah

By DORIS KLEIN

HOLLYWOOD (AP) — Remember GI Jill, Tokyo Rose and Axis Sally of World War II days?

Well, the Viet Nam war has a sweet-voiced broadcaster too, Hanoi Hannah.

And to combat her, U.S. Armed Forces Radio is about to launch a blonde, green-eyed weapon of its own.

She's starlet Chris Noel, a mini-skirted 5-foot-6 and 115 pounds, with a slightly husky voice and a wide-eyed look that makes her girl next door one moment, woman of the world the next.

"It's going to be a gas," Chris told an interviewer. "I'm picking the records myself and saying just whatever comes into my head.

"I've been talking to a lot of servicemen and they give me ideas about what they like to hear — but mostly, I think, it's just a feminine voice from home."

Chris is nothing like the World War II radio sirens, says Navy Lt. Richard B. Howard of Armed Forces Radio.

"Even Hanoi Hannah isn't the same. During World War II, you'd get Axis Sally and Tokyo Rose broadcasting to individual GIs. They'd say, for instance, to a single soldier or a battalion, you're wife is cheating on you, or you're going to go into such an action at 0400 tomorrow. It really shook up some of the guys.

"But Hanoi Hannah just plays music the guys like to hear and throws in a little talk to make them homesick. We don't even know who she is — and she's not nearly as effective."

Chris, a onetime baton twirling champion from Palm Beach, Fla., high school, has spent a lot of time lately touring hospitals, visiting wounded GIs from Viet Nam.

"But what I really want to do is go over there," she said.

"For now, I'll do the broadcasts from Hollywood, and they'll fly the tapes to Viet Nam, then to Armed Forces Radio all over the world.

"Would you believe it? Those guys sitting in rice paddies and cruising in the South China Sea — and I'll be able to talk to them all."

Good Coach Ends Career

By JACK DONOVAN

DENTON, Tex. (AP) — Forty-two autumns ago Odus Mitchell sent his first football team onto the field at Post High School in West Texas.

He makes his last trip to the sidelines here Saturday when North Texas State closes its 21st season under his leadership against Chattanooga.

"I'm not letting myself think about it," Mitchell said. "It kind of leaves a little pain to realize this is the last one.

"Forty-two years is a long time in your life to let go of, but I don't want to concern the team with that. I just want them ready to win another game."

Soft-spoken and friendly, Mitchell has spent his entire career as a head coach. The first half was at Texas high schools in Post, Slaton, Childress, Pampa and Marshall, where his teams won 165 games, lost 44 and tied eight.

After World War II North Texas State summoned him in 1946 to become only its seventh head coach in more than half a century.

Before the start of the current season, Mitchell announced his coaching retirement because "it's time someone else does it." During the two decades here his teams won 114, lost 83, tied nine and captured or shared nine championships in the Lone Star, Gulf Coast and Missouri Valley conferences.

With a 7-2 won-lost mark this fall and the nation's fourth best forward passing team, the Eagles just might get a bowl offer.

"This kind of talk happened when we were winning good and went to Drake," he said, "and everyone knows what happened to us up there." North Texas was upset 17-13.

As he prepares for his 433rd and final walk into the field, Mitchell finds "it isn't easy but I guess it is over."

Georgia In Cotton Bowl?

DALLAS, Tex. (AP) The Georgia Bulldogs will be named to oppose the Southwest Conference representative in the Dec. 31 Cotton Bowl football game, the Dallas News said today.

Bowl officials will make public the name of the visiting team Monday, the day the National Collegiate Athletic Association permits such announcements.

The Southwest Conference champion is the host team each year. It is expected to be Arkansas, which needs only to defeat oft - beaten Texas Tech Saturday to win its third straight title.

Both Arkansas and Georgia have won eight of nine games going into their finals. Georgia, ranked ninth in the latest Associated Press poll, closes against No. 5 Georgia Tech Nov. 26. Arkansas is sixth.

Aztecs Command Top Poll Spot

BY THE ASSOCIATED PRESS

The San Diego State Aztecs have taken a commanding lead over a new runner-up, Tennessee State, in The Associated Press' small college football poll.

North Dakota State, the leaer until replaced by the Aztecs a week ago, slipped from second to ninth.

San Diego State collected 13 first place votes and 156 points in this week's balloting by a national panel of 17 sports writers and broadcasters.

Tennessee State had 110 points, including 20 for two first place votes. Points were awarded on a basis of 10 for a first-place vote, 9 for second, etc.

San Diego State, 8-0-0, blanked San Fernando State 21-0 last Saturday. Tennessee State defeated Lincoln of Missouri 28-6 and lifted its record to 7-0-0.

Montana State, a 13-10 loser to Tulsa, a major college, held the No. 3 spot. Northwestern State of Louisiana is fourth followed in order by Weber State, Parsons, North Dakota, Muskingum, North Dakota State and Clarion State.

Northwestern, La. State advanced one place after beating Southwestern of Louisiana 21-8. Weber climbed three places to fifth. The Wildcats from Ogden, Utah, downed Portland State 51-6.

Parsons, a 13-8 winner over Idaho State, held the No. 6 spot. North Dakota moved up two notches to seventh after trampling Morningside 62-0. Muskingum advanced from 10th to eighth on the strength of a 27-19 victory over Hofstra.

North Dakota State, which fell to second place after losing to San Diego State, dropped its second straight last weekend, 41-14 to State College of Iowa.

Clarion State replaced Arkansas State in the rankings. Clarion, 9-0-0, trounced Slippery Rock 40-0. Arkansas State, seventh last week, was beaten by Arlington State 16-6.

Foot May Trip Titan?

By JERRY LISKA

SOUTH BEND, Ind. (AP) — The rustiest weapon of either football juggernaut, kicking, may resolve the titanic battle between top-ranked Notre Dame and No. 2 Michigan State at East Lansing, Mich., Saturday.

"When two powerful defenses meet, the kicking game takes on significance for good field position and ultimately scoring," Irish Coach Ara Parseghian stressed today as tense expectancy vibrated over the Notre Dame campus.

But Notre Dame, in its relentless drive to eight straight victories, has punted only an average of 3.3 times per game and tried only two field goals both made good by place kicker Joe Azzaro.

Michigan State's bare-footed kicking star, Dick Kenney, has punted an average of 4.6 times per game. Hawaiian Kenney was something less than automatic Richard with only four hits on 10 field goal tries.

For the most part, neither Notre Dame nor Michigan State —seeking a second successive perfect 10-0 regular season—had to worry about putting the boot to outclassed opponents.

"Last year Kenney punted exceptionally well, and so did our Dan McGin,, when we lost to Michigan State 12-3," Parseghian recalled.

"This year, our punting is adequate with Bob Bleier and Bob Gladieux averaging 38.5 yards between them on 27 kicks. "Azzaro has made his only two field goal tries, but two years ago his pressure field goal gave us a 17-15 win over Pittsburgh just before we beat Michigan State 34-7."

Azzaro has converted on 28 of 30 extra point tries, compared with Kenney's 29-for-34 record.

'JUST LIKE A CAT' — That was the remark that heavyweight champion Cassius Clay (Muhammad Ali) made to Cleveland "Big Cat" Williams, left, just before he made this facial expression. The bit of levity took place before both fighters underwent brief physicals in preparation for their title fight scheduled for Nov. 14 in Houston's Astrodome. Bulldogs Host Highland In Showdown Battle

A showdown battle looms in District 3 of area Six-Man football Friday night when Ira's Bulldogs host the Highland Hornets.

Coach Lynn Jackson's crew can throw the race into a three way tie with a victory over the Hornets. Should Ira win, it would be tied with Hobbs and Highland for the title, and a coin flip would decide the play-off representative. A Highland win would give the Hornets a clear title.

Last week, Coach Johnson's Hornets upset Hobbs, 24 - 16, to put themselves into position to win it all this week.

Highland and Ira both started the season with a slow pace, losing their first three games. And both teams have come on strong during the later stages of the race. The Bulldogs have won five of their last six clashes, including an impressive 47-22 triumph over Divide last week.

Coach Jackson can call on a fine group of running backs who have wracked up a total of 304 points this season while the defense has limited Bulldog foes to 179 points.

Aaron Crawford has been the most consistent ground gainer, and he is in the thick of the fight for district scoring honors. Billy Sterling also can be counted on to turn in a creditable running performance. Another talented ball toter, Johnny Lindsey, will be on the sidelines Friday nursing a bruised knee.

Ira has two top notch quarterbacks in Gene House and Gary Weir. Either one can move the team with precision. The Bulldogs also are expecting yeoman service in the line from veterans Dennis Grizzle, Jim Wilson, John Rogers, Ricky Holliday and John Ezell.

If the game should be close, as most observers expect, then Ira can count on Dennis Grizzle to come through with the important extra points. He's one of the best kicking specialists in the area.

Kickoff in this important Six-Man contest is set for 7:30 p.m. Friday on Bulldog turf.

Hobbs defeated Ira 12-8, but the Bulldogs had the ball on the five yard line and possibly could have pulled it out if time had not expired.

Ira Holds Key To Six-Man Race

Hobbs continues to set the pace among area football teams, although the Panthers, despite the loss, still sport the best record with seven wins in nine outings.

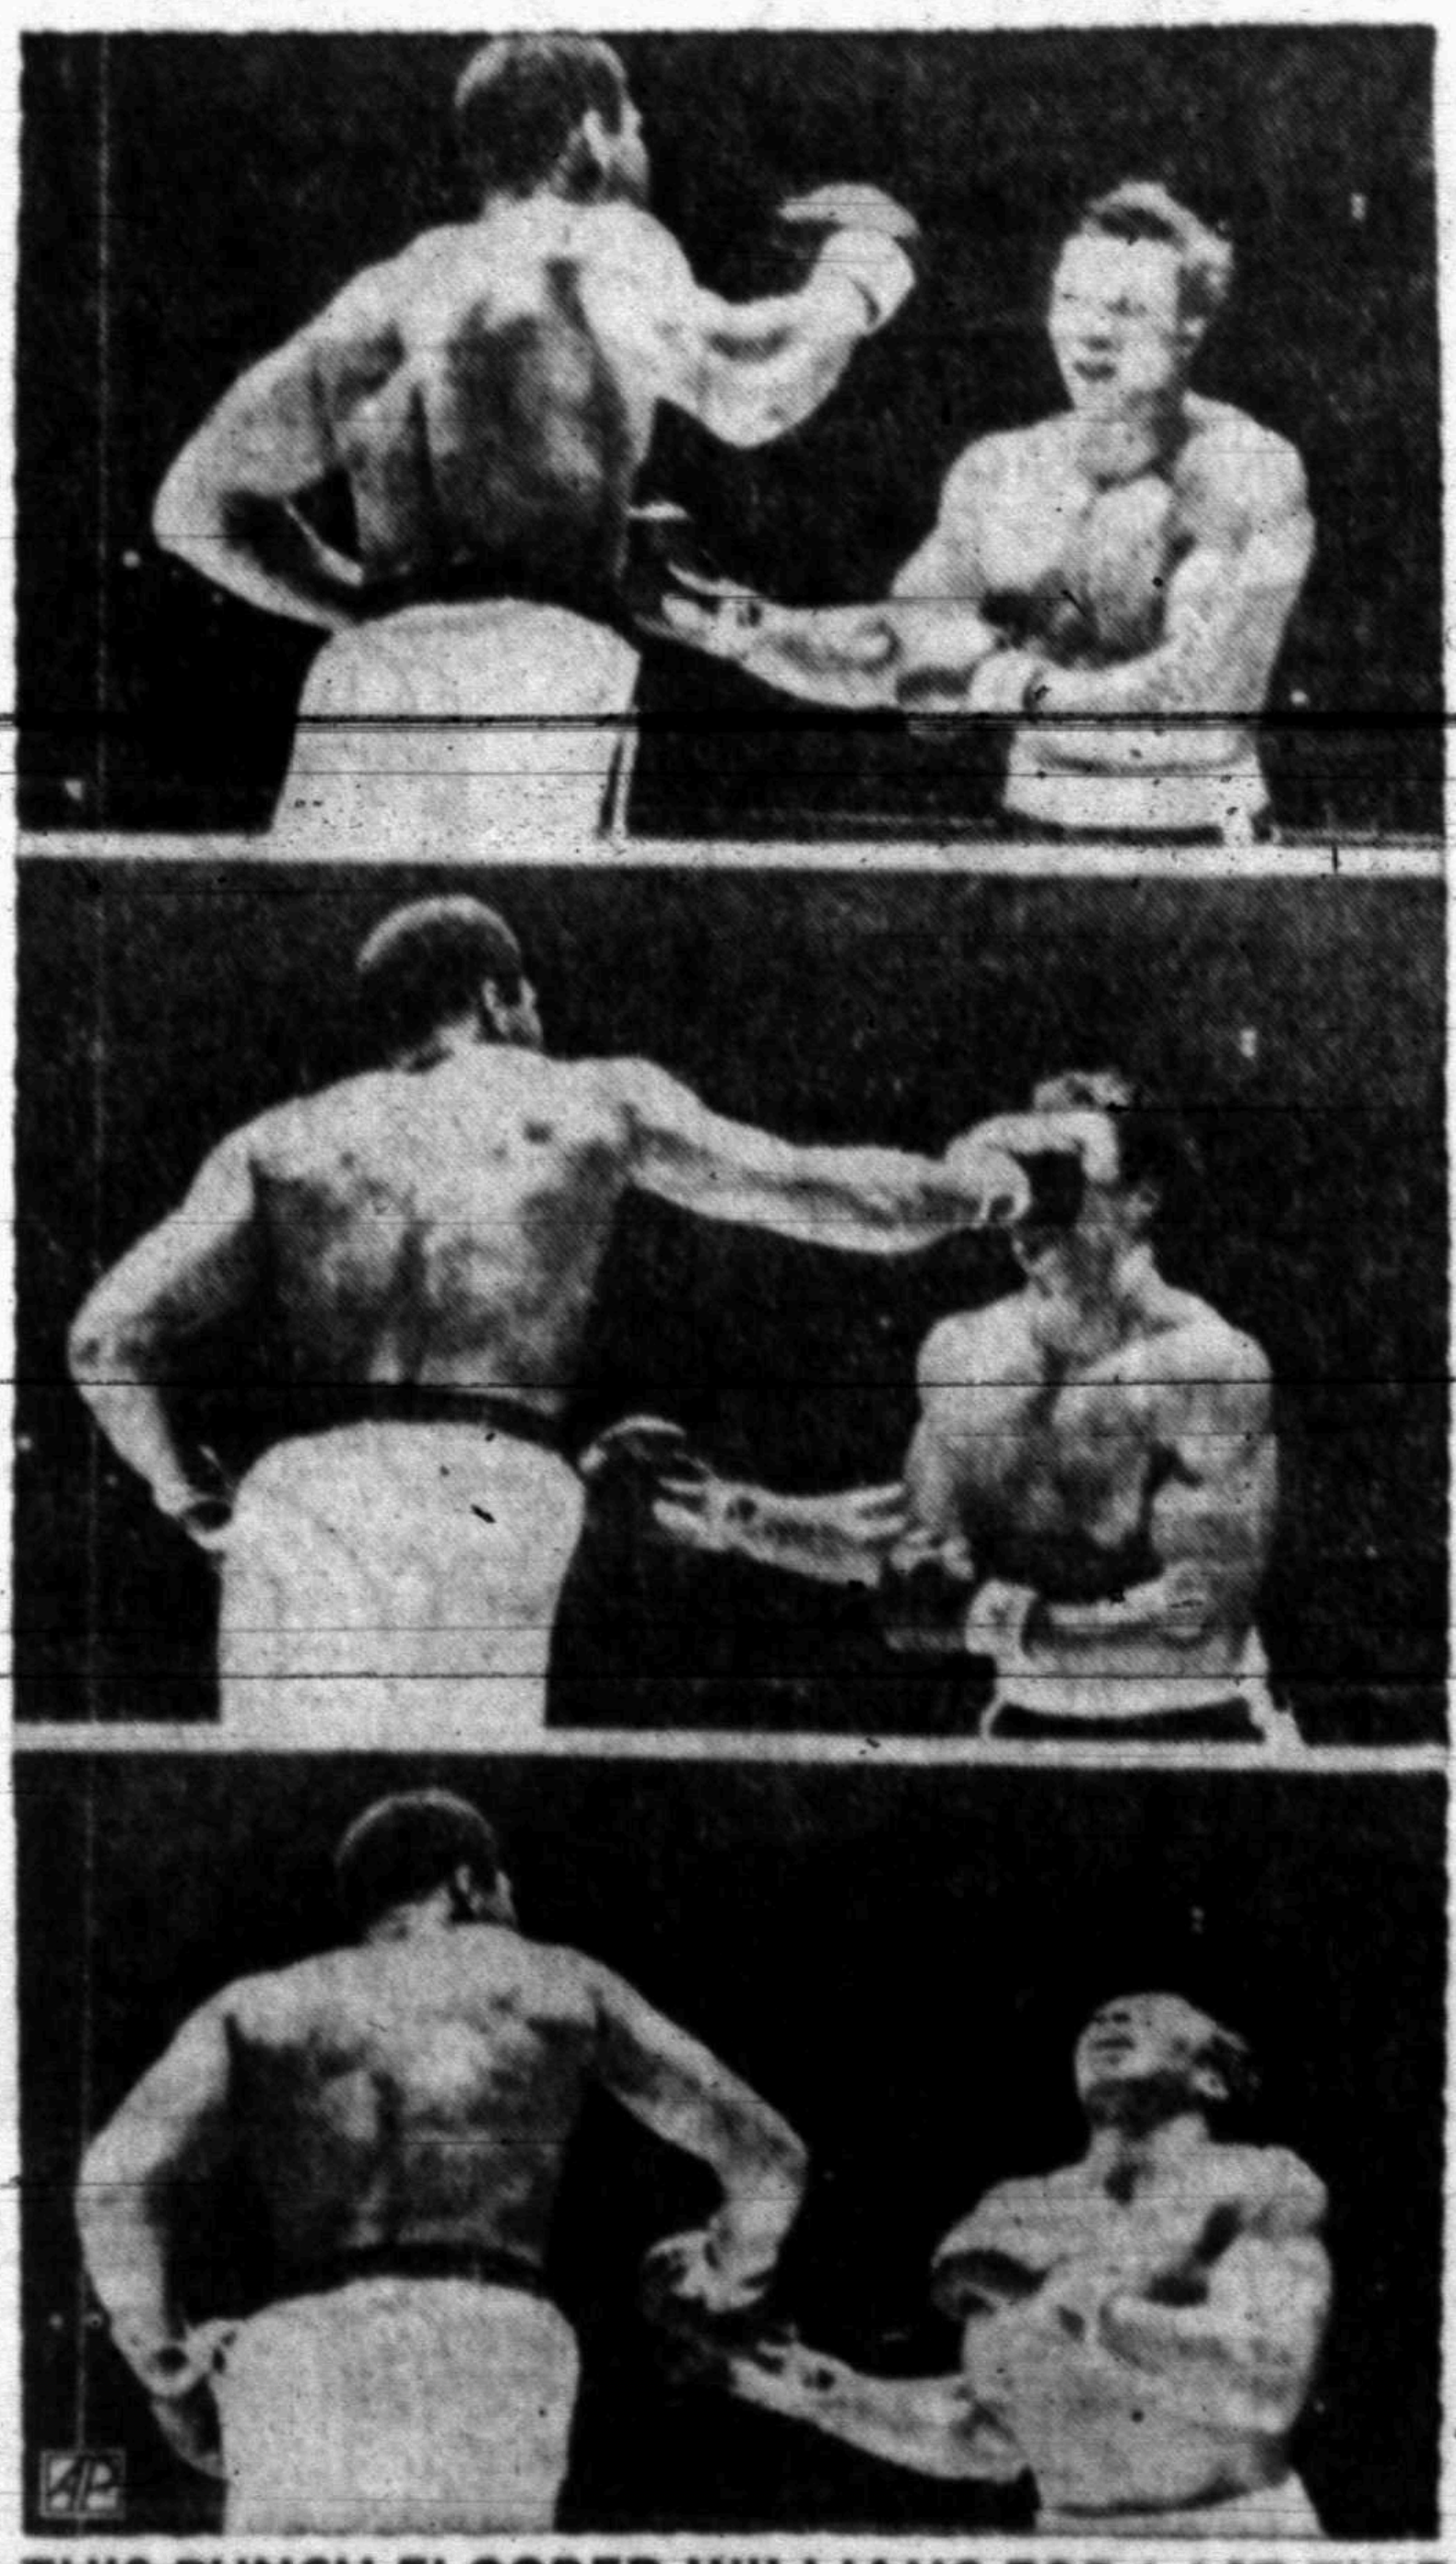
All of the other area gridiron crews came out on the winning side last week as Ira thumped Divide, 47-22, Hermleigh blanked Roby, 32-0, and Gail tripped Sands, 36-16.

Gail closed out its season in second place in its district behind Sterling City. Hermleigh closes its schedule this week in a Thursday clash in Cardinal Stadium with Loraine providing the opposition. In other season ending tussles, Hobbs is at home against McCaulley while Ira hosts Highland on Friday night.

In Ira win Friday night would throw the area Six-Man league into a three-way tie between Ira, Highland and Hobbs.

The record:

Team	W	L	T	Pts	Opp
Hobbs	7	2	0	303	115
Gail	6	3	1	336	162
Ira	5	4	0	304	179
Hermleigh	4	5	0	[illegible]	[illegible]



THIS PUNCH FLOORED WILLIAMS FOR LAST TIME — Heavyweight champion Cassius Clay uncorks a right to the head of challenger Cleveland Williams which knocked him down for the fourth time in their title bout in Houston's domed stadium. The punch was landed in the third round and moments later referee Harry Kessler put a stop to the match, awarding Clay a technical knockout. (AP Wirephoto)

Coyotes Clip Mustangs, 36-16

GAIL — The Borden County Coyotes socked the Sands Mustangs, 36-16, here Saturday night before a happy Homecoming crowd. The game ended the season for Gail, and Coach Jack Aldridge's crew completed the campaign with a 6-3-1 record.

Garden City hosts Sterling City Friday night. A victory by the Bearkats would throw the district eight-man race into a 3-way tie between Gail, Garden City and Sands. However, Sterling City can win the title with a victory over Garden City.

Don Nunnally, Gail's fine quarterback, sparked the win over Sands. He threw five touchdown passes and ran over the bonus points three times following Coyote tallies.

Left End Dale Kite was on the receiving end of three of the TD passes. He caught scoring passes on plays that covered 46 ,5 and 15 yards. Right halfback Tony Isaacs pulled one in for 35 yards, and left halfback David Lansford made a 3-yard TD reception.

Mustang Quarterback Kynn Maxwell scored both of Sands' touchdowns. He crossed the goal on a one-yard keeper play, and he sprinted around end on a 40-yard bootleg play. Merwin Beal ran over two conversion plays for Sands.

Outstanding on defense for the Coyotes were Don Smith and Tony Isaacs.

Wildcats Can Claim 3-AAA Crown Outright

The curtain rings down on the District 3-AAA football season this week, and Littlefield can win the crown outright with a victory or a tie at home over Lake View.

A Littlefield loss combined with a Lamesa triumph at Sweetwater would make the Wildcats and Tornadoes co-champs. However, Littlefield already has sewn up a playoff berth by virtue of its 15-0 verdict over Lamesa.

Should Littlefield win the crown outright, it would be the sixth year in a row for a different team to win all of the marbles. One has to go back to 1960 before finding a repeat winner within the past six years. In that year, Snyder, Sweetwater, and Colorado City tied for the title and Snyder won the coin toss to represent the district in the playoffs.

Since then, Colorado City has been relegated to Class AA status. However, the Wolves are due back in AAA circles eventually with a boosted enrollment due to the integration with Wallace High School.

Integration also will bring another team into the 3-AAA league next season with Lubbock Dunbar due to compete against the other member schools as the district presently is constituted.

Meanwhile, another Friday night clash featuring Levelland at Brownfield is on tap in the final week of grid activity. Snyder closed out its season at home Friday night on a losing note, dropping a 24-13 decision to Sweetwater.

Littlefield sewed up at least a tie for the title last week with its 21-6 decision over Levelland while Lamesa was bombarding Brownfield, 43-7, to keep alive its co-championship hopes.

Littlefield will collide with the winner of Friday night's 4-AAA battle between Brownwood and Vernon in the bi-district round. The time and site for the collision will be announced after representatives of the Wildcats and the 4-AAA victor get together to work out details.

The Record:

(SEASON)

Team	W	L	T	Pts	Opp
Littlefield	8	1	0	194	92
Lamesa	7	2	0	162	47
Brownfield	6	3	0	143	136

Sweetwater	1	4	0	73	108
Levelland	1	4	0	30	97
Snyder	1	5	0	77	139

LAST WEEK'S RESULTS

Sweetwater 24, Snyder 13; Lamesa 43, Brownfield 7; Littlefield 21, Levelland 6; Lake View open date.

THIS WEEK'S SCHEDULE

Lake View at Littlefield; Lamesa at Sweetwater; Levelland at Brownfield; Snyder has already closed out its season.

Distance Runners Vie

LAWRENCE, Kan. (AP) — Olympians Oscar Moore of Southern Illinois and Gerry Lindgren of Washington State, Pacific-8 champ Tracy Smith of Oregon State and Big Eight champ Chris McCubbins of Oklahoma State are among the top individuals for the 28th NCAA Cross Country Championships Monday at Kansas

The race will be run at six miles for only the second time in meet history and away from Michigan State for the second time. John Lawson of Kansas, the winner in excellent time of 29:24 last year, has graduated.

Western Michigan, the defending champ, is favored to get its third straight NCAA team cross country crown, matching Drake's 1944-45-46 sweep under Bill Easton, former Kansas coach and now Mexico's Olympic track coach.

Washington State, Miami of Ohio and Kansas State's Big Eight champs also rank among the best teams.

The 29-year-old Moore won the Central Collegiate Cross Country Crown last Friday at Chicago in 24:49.2 over a five mile course.

Pro Title Tilt In Los Angeles?

LOS ANGELES (AP) — The first professional football championship matching the National and American leagues — the Super Bowl—will be played Jan. 15 in Memorial Coliseum, the Los Angeles Times reports.

The Times said it learned Wednesday that NFL Commissioner Pete Rozelle was in town to make arrangements for the game. But Rozelle was unavailable for comment, the Times said.

The leagues must approve the site, the story said, but are expected to do so at a meeting Nov. 28 in New York.

The Pro Bowl game, matching all-star teams from the NFL would be played Jan. 22 in the 95,000-seat Coliseum.

Waco Golf Better?

WACO (AP) — A pro-amateur event today kicks off Waco's first venture into big - time professional sports, the $10,000 Success Open Women's Golf Tournament.

The 54-hole tournament starts Friday over the 6,100-yard par 72 Lake Waco course.

GRID SEASON ENDS: LAMAR IS UNBEATEN

The Snyder football teams closed out their season last week with the annual Lamar - Travis 8th and 9th grade battles in the spotlight.

Both schools broke even as Travis 9th turned back Lamar 9th, 8-0, in a tight defensive battle while the Lamar 8th breezed to a 40-14 verdict over Travis 8th.

The other two teams in the local School System both lost. Sweetwater whacked the Varsity, 24-15, and the "B" team fell a 19-0 victim to Midland.

Lamar 8th completed the season with the best overall record, winning eight straight without a loss while the junior varsity finished with the worst record being able to gain only a tie in nine outings.

The record:

Team	W	L	T	Pts	Opp
Lamar 8th	8	0	0	192	48
Travis 9th	4	2	2	98	74
Lamar 9th	4	5	0	122	93
Varsity	3	7	0	117	205
Travis 8th	1	6	1	42	152
Junior Varsity	0	8	1	39	210

Attendance Record Up

DALLAS (AP) — With six games still to be played, football attendance in the Southwest Conference is up seven per cent over last year's record high of 36,996 per game.

The conference office said today the eight teams have averaged 39,650 persons for the 35 games played. This is 1,387,761 persons.

Three schools showed decreases but only one, Southern Methodist, is contending for the championship. SMU averaged 41,227 for four home games, compared to 42,781 last year.

Texas had a nine per cent drop from 60,393 to 54,784. However, the Longhorns' game with Oklahoma in Dallas is counted as a home game on odd-numbered years.

Texas Tech, a title challenger in 1965, had an attendance decline of 3.5 per cent from 36,008 59 34,751.

The biggest increases were by Rice, 47 per cent, and by Texas Christian, 41 per cent.

Young All-Stars Thump Lamesa

The Snyder Boys Club All - Stars won one and tied one with Lamesa last Saturday.

The 9-10 year-olds thumped the visitors, 6-0, as Don Burns sprinted 15 yards around left end for a touchdown in the second quarter. John Boren's excellent punting helped pave the way to victory. The try for extra points was stopped.

Lamesa and the 11-12 year-old team fought to a scoreless tie. Lamesa drove to the one yard line in the final stanza, but couldn't push the ball across. Snyder's older lads couldn't get past the 25 yard line.

Paul Douglas Leaves Print On Much Major Legislation

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — Sen. Paul H. Douglas, tall, white-haired Illinois Democrat, with lines in his face, shows his age at 74, and no wonder. His has been a tremendous life.

Intellectual, teacher, soldier, politician, his main concern has been people and how to make life more endurable. Yet, much he did, because scattered over years of trying, is easily overlooked or forgotten.

He was independent, idealistic, a liberal with intense feeling and emotion. He wept several times in public, once on the Senate floor, which is not the best way to make an impression in that hard-boiled and pragmatic place.

But in his 18 years there much major legislation of our time had his fingerprints on it, directly or obliquely. Douglas and President Johnson arrived in the Senate the same year, 1948.

There was never much similarity between them, and for long never much love lost. Although their relations mellowed later, Douglas had little of Johnson's restlessness, his relentless aggressivenes, his indefatigable attention to detail of politics and the senate.

Where Johnson, always called a practical politician, could bring opposite sides together through compromise, Douglas was not a ready compromiser.

If for only this reason alone he could never be Johnson's dish.

These few examples show why Johnson would always have been a more effective leader than Douglas. But Douglas' role in the Senate lay in a different direction.

He envisioned, proposed or sponsored, and pursued social and economic programs often years ahead of their time. But he persisted for years.

In an age like this — when pettiness, ugliness and avarice color the flavor of the day, as they have in every other age — the Athenians no doubt would have considered Douglas a truly noble man.

He worked his way through Bowdoin College while playing center on the football team and won a Phi Beta Kappa key; he got a Ph.D. at Columbia University, taught economics at the University of Chicago, wrote numerous books on the subject, and in World War II at age 50 enlisted in the Marines. He came out a colonel with a shattered left arm.

In the first half of this century in Illinois he worked for social welfare programs which became national programs. And Douglas, one-time president of the American Economic Association, got himself elected a Chicago alderman in 1939.

Three years after the war he was elected, and later was twice re-elected, to the Senate.

Here is some of the major legislation which, as he says, he drafted, advocated, sponsored, or co-sponsored although it took years for all to get through Congress:

Raising the minimum wage; providing for the disclosure of union and management pension and welfare funds; bringing industry and jobs to depressed areas through redevelopment; civil rights; a general tax cut to stimulate the economy; federal aid to education, Social Security improvements, and more.

This year he tried for a fourth term in the Senate. His opponent was Charles H. Percy, a Republican businessman without congressional experience.

On a trip to Illinois to campaign for Douglas, Vice President Hubert H. Humphrey, listed some of the achievements of Douglas who in 1961 was named by the American Political Science Association — as the Senate's No. 1 Democrat of that year.

Humphrey said "few come in our time of this quality. He has worked his heart out for you. How could anyone turn away from this man? Is there no appreciation? Is there no gratitude?"

On election day the voters chose Percy.

Columnist Jumps To Conclusions

NEW YORK (AP) — Jumping to conclusions:

Teen-age kids would have brighter eyes and clearer complexions if they ate nothing but canned dog food instead of the gunk they now eat. The dog food is more nutritious.

Men who wear plaid hats have plaid personalities.

You can usually tell how the children are doing in school by the amount of dust on the family encyclopedia.

Half the American people are now under the age of 25, and half of the remaining half act as though they were.

The older the cop on the beat is the more likely he is to buy old-fashioned, high-top shoes that give him ankle support. Check your neighborhood cop and see.

America is undergoing a cultural explosion, but it is still all but impossible for a politician to get re-elected if the public finds out he secretly writes poetry.

Few things are sadder than the sight of old-fashioned gold watches hanging forlornly side by side in a pawnbroker's window. You can't help but think how each, once upon a vanished time, made some forgotten human heart tick happily. And now their white faces peek out at you through silent hands.

Life gives most of us a bittersweet philosophy. This probably explains why children like milk chocolate, but elderly people prefer the tartness of sourball candy.

This would be a far more courteous world if it were fashionable for men to wear dress swords on buses and subways.

SPONGES DRYING
GREEK SPONGE FISHERMEN FROM TARPON SPRINGS, FLORIDA.
COULTON WAUGH

QUESTION: If a sponge is the skeleton of an animal, what is the animal?

• • •

ANSWER: Sponges are very low on the scale of animal development. They do not have hearts or brains. Their nervous system works in a primitive way. The sponge swims freely only just after hatching from the egg. Soon it settles to the bottom and attaches itself for life. The shape of one sponge animal is shown in (1). It is a tube, open at the top; water can come inside through pores, or little openings. Flexible hairs on the inside move the sea water up through the top and are able to screen out tiny animals which the sponge digests. Many sponges group together in colonies of different shapes. In one kind, the young animals attach themselves to the parent, and a large colony forms. The tubes of the animals become connected and are held together by a skeleton of a flexible substance, spongin. After the animals have been taken out and the skeleton dried (2), it becomes the well known bathroom sponge which can absorb water so well. Off the Florida coast (3), Greek sponge divers hook up the live sponges. The animals are removed; the soft skeletons are dried, brought into port and sold.

• • •

FOR YOU TO DO: To understand more about animals, find out to what large animal group, or phylum, the sponge belongs.

LT. GARY E. FURNACE

Gary Furnace Commissioned

Gary E. Furnace, son of Mr. and Mrs. William W. Furnace, 2405 Fortieth Street, Snyder, was commissioned a second lieutenant in the Ordnance School (OCS) at Aberdeen Proving Ground, Md.

During the nine-week course Lt. Furnace received instruction in weapons, combat vehicles, ordnance supply and maintenance management.

Lt. Furnace will now attend a course in a more specific ordnance field.

The 27-year-old lieutenant entered the Army in 1962 and was last stationed in Germany.

He was graduated from Borger High School in 1957 before entering the Army, Lt. Furnace was employed as a bookkeeper by Snyder National Bank.

His wife, Carolyn, lives at 2334 Sunset, Snyder.

Incident Of Lost Weapon Cleared Up

WASHINGTON (AP) — The Defense Department says a Navy jet plane accidentally dropped a non-nuclear practice weapon into waters off Puerto Rico last August.

It denied published reports Wednesday that the weapon was a hydrogen bomb, and later the Oakland, Calif., Tribune explained how its story had reached print.

The staff of the Senate-House Atomic Committee confirmed the Defense Department's account that the weapon dropped during practice maneuvers by an A4 jet contained no nuclear material.

The Pentagon said the practice weapon was recovered Aug. 20 because it contained "a small charge of conventional explosives" and electrical equipment.

The Tribune, which published the hydrogen bomb account in its early editions, wrote later that Col. Jack Rosen of the Senate-House Atomic Committee staff had previously answered a Tribune inquiry by saying a "training nuclear weapon" had been accidentally dropped and recovered.

The Tribune said Rosen told news media Wednesday the weapon contained only conventional explosives, but quoted him as saying he had not relayed that changed account to the Tribune earlier because an Atomic Energy Commission report on the incident was secret.

Smoking Banned To Save Carpet

ATHENS, Greece (AP) — Smoking in the Greek Parliament chamber was banned today because the lawmakers have been throwing their butts on the new rug.

Parliament President Dimitrios Papaspyrou issued the order after an inspection revealed the rug put down this year was in danger of destruction.

The lawmakers can smoke in a nearby lounge and closed circuit television will be installed so they won't miss anything.

Refuses To Reconsider Ruling

NEW ORLEANS (AP) The Fifth U.S. Circuit Court of Appeals refused Wednesday to reconsider its previous ruling and ordered Galveston Wharves to bargain with a union over termination of a 1964 contract.

The appeals court also told the federal district court involved that the matter could not be allowed to stand though details of how to unscramble the situation were left to the lower court's judge.

The court said that the judge apparently misunderstood his role. "Discreation granted the district court was not whether to restore the status quo but only how to restore it," the opinion said.

The dispute began in 1964 when the Galveston Wharves leased its elevator and abruptly dismissed the workers.

In its original decision, the circuit court said Galveston Wharves was "required to bargain before it could put into effect, during the term of the collection bargaining agreement, a lease which put an end to the need for its employes."

The court added that normally the remedy would be to return the parties involved to their prelease status for negotiations, but added:

"The district court nevertheless refused, on the ground of hardship, to offer any relief.

"We must and do again emphasize that some suitable relief and sanctions should be imposed so that bargaining, now even longer delayed, can go forward."

The union involved is the United Industrial Workers of the Seafarers International of North America, Atlantic, Gulf, Lakes and Inland Waters District, Marine Allied Workers Division, AFL-CIO.

Trustees of the Galveston Wharves and the City of Galveston were defendants in the original suit.

THE GREAT PUMPKIN — Charlie Brown's eyes probably would bulge at the sight of this 75-pound pumpkin. It will be used for pies at a dinner to be held at the First Methodist Church Dec. 3. Busy with plans to convert the pumpkin into pies are, from left to right, Mrs. J. D. Dodson, Mrs. Alvie Dolen, Mrs. O. R. Rhodes, Mrs. Sid Worrell and Bill Schiebel, chairman of the board. The "great pumpkin" was grown by Porter King and was donated to the Methodist Women for their project.

GOPs To Seek Spending Balance

By JACK BELL

WASHINGTON (AP) — Sen. Everett M. Dirksen predicted today Republicans will direct their efforts in the new Congress toward balancing "Great Society" spending with the needs of a growing economy.

The Senate Republican leader said in an interview that so far as he is concerned there will be no GOP effort to join with conservative Democrats in any attempts they might make to wipe out Johnson administration programs.

"We want to take these programs, perfect them and keep them within due bounds," he said. "In doing this, we must measure the capacity of the country's economy to sustain government spending at the level these programs now call for.

"How to sustain the economy, with all of its capital expenditures, high price levels and its threat of inflation will be a big problem. What we will work for will be a balance between private and government spending that will permit us to achieve a decent national growth."

Dirksen said he foresees no effort on the part of the enlarged Republican minorities in the House and Senate to scuttle the antipoverty program.

"You don't repeal the poverty program," he said. "You look at it item by item to see where it is failing and then try to make constructive suggestions."

As an example, Dirksen cited a letter he just had received from Sargent Shriver, director of the Office of Economic Opportunity, defending use of the agency's legal branch in obtaining divorces for poverty-stricken persons.

"To me," Dirksen said, "divorce is a personal matter and not something that should concern legal talent paid for by the taxpayers. But Shriver indicated in his letter he is not about to give up using the lawyers on his pay roll for this purpose. We'll see."

Dirksen said Republicans have not yet decided what position they will take on rent supplements and the Teacher Corps, two of the most controversial of the 'Great Society" programs.

He said these and other issues will await Republican Senate and House conferences about the time the 90th Congress convenes Jan. 10.

Paying Fine Big Task

DENVER, Colo. (AP) — Two pretty girls paid a $100 traffic fine in County Court Wednesday with 10,000 pennies, but it took longer than they planned.

Clerk Orville Holben ordered the girls to put the name Shelly Horn, 18, on each of the 200 rolls of 50 pennies. That took an hour.

Miss Horn and Stephanie Allan, 18, each lugged a cosmetic case filled with the pennies into the clerk's office to pay Miss Horn's fine for a second offense of driving without a license.

I didn't think it was fair for them to fine me $100," Miss Horn said, "so I wanted to do something to get even."

After Holben's order, Miss Horn, near tears, said, "You don't have people write their name and address on dollar bills."

"We know how much a $1 bill is worth," Holben told her. "We don't know how many pennies are in each of the rolls."

Saturn 1 Booster Is Fired Successfully

HUNTSVILLE, Ala. (AP) — An uprated version of a Saturn 1 booster rocket fired its powerful engines successfully for 35 seconds Thursday.

The test conducted by the Chrysler Corp. at the Marshall Space Flight Center with the rocket on a stand was the eighth in a series of 12 uprated tests of the same design.

The Saturn 1 engines generated 1.6-million pounds of thrust during the test.

A second test firing of 145 seconds is planned in about two weeks. The vehicle then will be shipped to the Marshall Center's Michoud assembly facility at New Orleans for post static firing checkout.

Big Pumpkin Has A Role In Festival

A big pumpkin grown by Porter King will have a big role in a "Festival of Talents" to be held Dec. 3 by the Woman's Society of Christian Service of the First Methodist Church.

Members of the WSCS will make pies of the 75-pound pumkin. The pies will be a delicacy on the menu for the meal they plan to serve at noon on the day of the festival.

The "talents" of the church members will be set up in the north end of Wesley Hall. These will include items which will make appropriate Christmas gifts.

Tickets will be on sale in advance for the noon meal.

Identifies Bandit By His Kiss!

MIAMI BEACH, Fla. (AP) — The state hopes to send a man accused of armed robbery, Eugene David Massaro, to jail with a kiss.

The kiss, planted on the cheek of a bandit who robbed Miami Beach socialite Phoebe Morse of $2,000 in jewels Aug. 30, is a key to the identification of Massaro in a criminal court trial that opened Wednesday.

Mrs. Morse testified she asked for the kiss, explaining she did so to get a better look at the man, who was wearing dark sunglasses.

On the witness stand, she said the man who kissed her was Massaro.

Massaro's lawyer has said he will present more than two dozen witnesses who will testify that Massaro was somewhere else when the robbery took place.

BY STARR CO. JURY

Workers Strike Found Unlawful

By GARY GARRISON

RIO GRANDE CITY (AP)— Starr County grand jurors asserted Wednesday that a Rio Grande Valley farm workers strike is "unlawful and un-American" and abusive of rights and freedoms granted them as citizens."

The special grand jury returned five indictments after a three-day session devoted largely to activities of the United Farm Workers Organizing Committee.

Names of the indicted persons were withheld pending their arrest.

County Atty. Randall Nye would not say whether the indictments were connected with the farm workers.

Speaking of the labor organizers, the grand jury report stated:

"We find that this group of individuals is led by non-residents of Starr County, a number of whom are not even agricultural workers.

"This group has initiated a course of activity, incident to their wage demands, interlaced with threats, violence and breaches of the law and of the peace in an attempt to terrify and force the true farm laborers from their work."

The grand jury reportedly heard testimony from Missouri Pacific Railroad officials about the burning of a trestle near here Nov. 3 after a demonstration by the workers.

Jurors also heard testimony about destruction of property, obscene and threatening phone calls, other threats "to the safety of workers" and intimidation of workers, they said.

"We feel this action on the part of this purported union is unlawful and un-American," the report continued.

Describing the union's demands as "the insincere cry of oppression," the grand jurors said they were asking further investigations and assistance from state and federal agencies.

The report recommended that the President detail men to this area "to assist in preserving the rights of all concerned" and asked that representatives of the attorney general's office and a Texas Ranger remain in the county to assist local officers "during these extraordinary times."

It also urged that court officials and peace officers consult with "other law enforcement bodies who have had the misfortune to be confronted with this type of action, up to now foreign to our community."

The district and county attorneys were advised to be "vigilant and observant so as not to allow one instance of violence to go without attention and prosecution."

The farm workers strike began June 1. They seek a minimum wage of $1.25 an hour for stoop labor in the fields and say they are now paid 40 cents to $1 an hour.

After delivering the report, the grand jurors recessed until next week but said they would continue to investigate the strike.

Two More Texans Killed In Combat

WASHINGTON (AP) — Two more Texas men have been killed fighting in Viet Nam, the Defense Department reported Wednesday. They were:

Marine Cpl. Grover L. Dickson, husband of Mrs. Grover L. Dickson, 1104 Cora Ave., La-Marque.

Air Force Capt. John L. O'Brien, husband of Mrs. Janet O'Brien, 104 North Broadview, Del Rio.

Snyderite Is Elected To MBA Post

Mrs. Carl Stokes of Northside Baptist Church in Snyder was named yesterday to the post of secretary of the Women's Auxiliary of the Missionary Baptist Association.

Mrs. Luther Crawford of Hillsboro was named president during the election which was held at the annual MBA state meeting at Denison.

Rev. W. H. Brown of Longview will serve as the Baptist Unit president with Rev. Gordon Shaffer, Hobbs, N.M., vice president. The Rev. William H. Hitt, Lone Star, is secretary of missions.

In other action, delegates voted to recommend continued refusal of federal aid to Baptist educational institutions.

The organization also voted recommendations to oppose the current ecumenical movement and for Baptists to remain separate from all other denominations.

SCOUT DISTRICT LEADERS — Here are leaders of the Lone Buffalo Boy Scout District who were on hand for the district's annual meeting here Tuesday night. Seated are L .T. Vaughan, left, health and safety chairman, and Elmo Weyel, district chairman for 1966-67. Standing, from left, are Jim Patterson, district commissioner for 1965-66; Lyle Deffebach, executive board member; Jack Gorman, chairman for 1965-66 and vice chairman for 1966-67; and Bob Stewart, district commissioner for 1966-67.

Females Make Showing In Alabama State Politics

MONTGOMERY, Ala. (AP) The petticoat's place in Alabama politics seems assured with women holding six of the state's top elective offices.

During the Nov. 8 elections, most of the national attention was focused on Lurleen Wallace's smashing victory over two male opponents.

But, when the 40-year-old blonde succeeds her husband, Gov. George C. Wallace, to become Alabama's first, and the nation's third, woman governor, she will be joining five other members of her sex who have been chosen by Alabama's voters.

Moreover, a woman never has been defeated by a man in a contest for statewide office in Alabama.

This year, Sibyl Pool, who started the feminist movement at the state Capitol, drubbed a male foe for re-election to the Public Service Commission. The only other woman challenged by a man, Secretary of State Agnes Baggett, handily moved over to the treasurer's office.

Two other women were elected without male opposition. Melba Till Allen defeated Republican Alice Hudson for state auditor while Mabel Amos was unopposed for secretary of state.

In addition to the women elected this year, the presiding judge of the Alabama Court of Appeals is a woman, Annie Lola Price. Her six-year term did not expire this year.

Miss Pool opened state office doors to women when she was elected secretary of state in 1946 after serving in the Legislature. She has held state office ever since.

The Public Service Commission member also devised a system of rotating office among the ladies which has proved highly successful.

Mrs. Baggett, for example, has been state auditor, state treasurer, secretary of state and now will be treasurer again.

The rotation is made necessary by state law which allows only one consecutive four-year term in these offices.

Cubans Ask Bigger Refugee Influx

MIAMI, Fla. (AP) — Cuban exiles sent "get-well" telegrams to President Johnson today, and asked him for a Christmas present — a bigger refugee influx from Cuba.

Hilda Lazo, a housewife who organized the telegram campaign, said about 100 persons had sent the President this message: "We Cuban exiles pray for your health, and beg you for an increase of freedom flights as a Christmas gift."

Two planeloads of refugees arrive each week day from Cuba at U.S. government expense and 43,000 persons have been airlifted since last December.

For a festive dinner during the holidays have a whole leg of fresh pork boned and rolled for roasting in the oven or in a rotisserie.
