"Starts the Day On the South Plains"

LUBBOCK MORNING AVALANCHE

ERIN GO BRATH! Twenty-seventh Year, No. 98 Lubbock, Texas, Thursday, March 17, 1949 26 Pages Today

Entered as second Class Matter at the Post Office at Lubbock, Texas, under Act of March 3, 1879 Full Leased Wires: (AP) And (INS)

Compromise Plan On Filibuster Delayed

Another Cold Front Moves Into Plains

SOUTH Plains residents today were given a fresh introduction to the vagaries of March weather as a fresh cold front whipped out of the Panhandle and sent the mercury skidding toward the freezing mark.

Readings of 32 degrees were predicted early today by the weather station north of town. Strong north winds ranging from 25 to 30 miles an hour will accompany the front across the Plains, the weather station said, and low clouds may deliver some precipitation, however, only a possible light drizzle is expected. A 45 to 50 degree maximum is foreseen in the afternoon.

Friday will continue partly cloudy and cool, the station said, with temperatures ranging from 35 to 55 degrees. The cool weather probably will be of short duration, the station indicated.

A front which swept into the Plains Monday brought some freezing drizzle and snow to the Panhandle-South Plains Tuesday morning, but faded out under a warm March sun. Yesterday the mercury soared to 74 degrees from an early morning low of 34 degrees. At 10:30 last night the temperature stood at 59 degrees and the station said there would be little fall before the cold front swept in from the Panhandle area.

Front Hits Amarillo

Amarillo felt the front at 7 p. m. and at 10:30 p. m. the mercury had fallen to 33 degrees from an earlier high of 78 degrees. Winds up to 30 miles an hour whipped dust into the air behind the front, and several hours later a velocity of 20 to 30 miles an hour was being maintained.

Although some light snow or freezing rain was forecast in the Panhandle the weather station said no reports of such precipitation had been received shortly after midnight.

The Associated Press reported that early Wednesday the mercury had dipped below freezing in several places in the Panhandle. Amarillo reported 29 degrees, Clarendon 31, Childress 33. But by late afternoon Amarillo had 78 degrees, Clarendon 75, and Childress 71.

There was no rain. Other high readings included 82 at Laredo,

Rent Bill Okayed By Senate Group

WASHINGTON, March 16. (AP) A Senate Banking subcommittee Wednesday voted for a 15-month extension of rent controls and authorized rent increases of up to 15 per cent over the June 30, 1947 level in certain cases.

The bill approved by the committee by voice vote also provides for letting the individual states take over the rent control program if the governor certified that an adequate state law was on the books.

That section differs from a provision of the House approved bill which lets state or local officials remove rent controls whenever they please.

To Go To Full Committee

The present rent control law expires March 31. The bill approved by the Senate subcommittee would continue them through June 30, 1950.

Chairman Sparkman (D-Ala.) of the banking subcommittee said he plans to put the revised rent measure before the full banking group Thursday.

The subcommittee's bill also provides for:

1. Giving the housing expediter authority to write eviction regulations which would apply uniformly throughout the country. The effect of the present law is to let local eviction laws govern.

2. Criminal penalties of up to one year in jail and $5,000 fine for wilful violation of the rent control law or the expediter's regulations. These wartime penalties

'Mild Tornado' Uproots Trees In Area Near San Francisco

SEBASTOPOL, Calif., March 16. (AP)—Tornadic winds smashed a number of buildings and uprooted trees today in orchards about five miles east of Sebastopol, 50 miles north of San Francisco.

A violent rainstorm accompanied the disturbance. No injuries were reported.

Weather bureau observers said the storm apparently was moving in a northerly direction. They described it as a "mild tornado."

FUND CAMPAIGN BOOSTED—S. E. Cone, seated left, is shown above as he presented a $20,000 check to Bob Fuller, chairman of the Lubbock Cerebral Palsy clinic finance committee, immediately after Wednesday's Rotary club luncheon. Standing, left to right, are Irving L. Jones, Rotary president; Alex McDonald, director of the Lubbock Crippled Children society; Dr. Bill Gordon, vice-chairman of the Cerebral Palsy clinic; and Robert Maxey, chairman of the clinic board. Cone's $20,000 gift signals a financial drive which begins Monday to raise $65,000 for the Cerebral Palsy clinic. See story Page 6, Sec. 2. (Staff Photo.)

MAHON SAYS DATA GIVEN POTENTIAL ENEMY

'Leak' Of Secrets Hit

By WILLIAM F. ARBOGAST
Associated Press Staff Writer

WASHINGTON, March 16—Angry protests against leaks of reportedly secret military information to "potential enemies" stirred up a congressional inquiry today.

Members complained they are particularly disturbed by recently published stories that the United States already has mapped strategic targets in Russia for bombing if necesary, and by an Atomic Energy commission publication of maps and pictures of atomic installations.

Both the House Armed Services and Appropriations committees disclosed that informal investigations are under way. They promised a full dress inquiry if necessary.

Inquiry Underway

Chairman Vinson (D-Ga.), of the armed services committee told newsmen he has requested an explanation from W. Stuart Symington, secretary of the Air Force.

"I would not call this an investigation, call it an inquiry," Vinson said.

"I intend to find out," he added, whether secret information has been made available to "potential enemies" by military officials or whether "the published stories were merely the conclusions of the men who wrote them."

Rep. Case, (R-SD), a member of the appropriations committee, said a subcommittee handling Atomic Energy commission funds has questioned AEC officials about publication of pictures and maps in the commission's annual report.

A reply from the commission, Case said, contended that none of the information published in the report was classified as secret and all of it had been published, or made available for publication, previously. Many of the photographs, he said, were made by the Army and released by the Army.

"But so far as I know it was the first time the pictures and maps were put together in one handy book," he said.

Case pointed out that an agent of a foreign government could buy a copy of the report at a nominal cost from the government printing office.

Case called for a full-scale inquiry to place the blame for the recent "leaks" after Rep. Mahon

OVER 2,000 EXPECTED FRIDAY

Opening Sessions Of West Texas Teachers Convention Set Today

OFFICIALLY opening the 14th annual convention of the West Texas Teachers association, the house of delegates will meet tonight at 7 o'clock in Lubbock Senior High school auditorium.

Dr. Doyle D. Jackson, president of WTTA, will be in charge of the session.

The nominating committee headed by Frank Monroe, superintendent of Midland schools, will hold a pre-convention session at 4 p. m. today on the Hilton hotel mezzanine, to decide on recommendations for new officers. The committee will report and a new slate of officers will be named at the house of delegates meeting tonight.

Top Educators To Speak

The first general session will be held in the high school auditorium at 10 a. m. Friday, and will feature laymen as speakers, highlighted by an address by Delbert Downing, secretary of the Midland Chamber of Commerce.

Between 2,000 and 2,500 teachers from District IV of the Texas State Teachers association who hold membership in the WTTA are expected to attend the gatherings.

Featured speakers will include Dr. Henry H. Hill, president of George Peabody college, Nashville, Tenn.; Dr. D. M. Wiggins, president of Texas Technological college; William B. Deaderick, Odessa attorney; Joe C. Humphrey, Abilene, president of the TSTA; Murry H. Fly, president of Odessa Junior college; G. C. Dowell, member of the board of education of Lubbock public schools; and I. T. Graves of Floydada, membership chairman of the WTTA.

At the first session, at which laymen will speak, Downing will talk on "Education as a Joint Enterprise," which also is the general theme of the convention. Dowell's address will be "A Veteran's Viewpoint of Modern Education," and Deaderick will speak on "The Necessity of Adequate School Plants and How to Acquire Them."

The second general session will be held at 1:15 Friday in the auditorium; and the third will be conducted at 7:30 p. m.

An administrator's banquet will be held at 5:30 p. m. Friday in Hilton hotel ballroom, with Fred Miller, superintendent of Abernathy schools, in charge. A panel discussion on administrative problems will highlight the dinner. Tickets are $1.50 by reservation.

Suspect Indicted On New Espionage Count

WASHINGTON, March 16 (AP)—Judith Coplon, former Justice department employe accused of aiding a Russian agent, was indicted today for a second time.

The indictment, returned by a District of Columbia grand jury, charges the 27-year-old woman with removing secret data from Justice department files, including summaries of reports of the Federal Bureau of Investigation on espionage and counter-espionage activities in the United States.

A grand jury in New York indicted her last week on a charge of giving secret information to Valentin A. Gubitchev, Soviet engineer employed at United Nations headquarters in New York.

Gubitchev was indicted in New York on an espionage count.

Miss Coplon was released under $20,000 bond in New York. Justice department officials said she will be re-arrested and brought to Washinton to answer the indictment here.

Contracts Let On New School Addition

Contracts totaling $89,687.90 for construction, heating and lighting of a new addition to Cottage school were let last night at a meeting of the board of trustees of Lubbock Independent School district at the school business office.

Contract for general construction was let to Sampson Bros. Construction company on a low bid of $73,299.90, and contracts for plumbing and lighting went to McKinley Plumbing company and Nelson Electric company on bids of $13,300 and $3,095 respectively.

Other bids on general construction were as follows: Gilstrap Construction company, $74,385; Tom McAbee, $74,695; Tidmore Construction company, $76,374; and Givens Construction company, $76,720.

The board also let a contract to Cyclone Fence company to fence in Chapman field with a six-foot Cyclone fence. The company submitted a bid of $5,375, lowest of four submitted.

The trustees also authorized A. C. Jackson, business manager, to proceed with plans for lighting the baseball diamond at Chapman field.

Board members present at the meeting included Clyde G. Tatum, president, Dr. M. M. Ewing, Glenn Woody and G. C. Dowell. Superintendent of Schools R. W. Matthews and O. R. Walker, architect for the Cottage school addition, were also present.

RUMORS ARE DENIED

TOKYO, March 17 (Thursday), (INS)—General Douglas MacArthur took occasion today to deny rumors that he plans to retire. The supreme allied commander also spiked reports that the allied occupation of Japan may be turned over soon to civilian control.

SERIES TO START SUNDAY

Shocking Conditions In Texas Mental Institutions Revealed

A STARTLING story of neglect, fire dangers, filth and in some instances almost unbelievable conditions under which people are forced to live in Texas mental institutions can now be told.

Ripping off the cloak of obscurity which has covered such institutions in this state for many years, J. P. Porter of Austin will present eight highly informative—and in some instances shocking—articles in a series starting in The Lubbock Avalanche-Journal Sunday, March 20. Illustrated with pictures taken in on-the-spot investigations, the series will appear daily thereafter, in The Morning Avalanche.

Revealing conditions reported to be among the worst in the nation, the series shows how 400 patients are being treated daily at Austin, patients sleeping on floors where beds are lacking, patients being fed on 21 cents a day, men and women living in what amounts to teeming cages. Don't miss this shocking revelation about conditions in your state! It starts in Sunday's Avalanche-Journal!

HST May Take Stump In Fight For Program

By ROBERT G. NIXON
INS Staff Correspondent

KEY WEST, Fla., March 16 — A presidential "stump" tour of the nation to rally support for the Truman program appeared a virtual certainty tonight.

Sources close to the vacation White House at Key West indicated that the revolt in Congress against Mr. Truman's legislative program has only stiffened his determination to carry out his campaign pledges.

If the congressional revolt continues, the Chief Executive may start to "stump" the nation within the next six weeks.

News Conference Slated

The President will hold a news conference at 9:30 a.m. Friday, the day before he leaves to return to Washington.

It is anticipated that the President then will make his views known officially on the three decisive defeats handed the administration program in the last two days.

The president fished for a couple of hours this afternoon with members of his staff. He caught two fish.

The tub-thumping tour, as reportedly planned now, would take the President from coast-to-coast in an attempt to bring pressure on Congress.

Determined On Program

The President made two such trips in campaigning for election last November. Both took him to the Pacific coast and return. On the first pre-nomination trip Mr. Truman made 73 speeches in big cities and whistle stops.

The new trip would be expected to last two week to 16 days.

The President was represented as preferring to get along with the new Congress, which has Democratic majorities in both houses.

At the same time, he is determined to carry out the program on which he won a political victory last November.

Much will depend upon the mood of Congress in the next two or three weeks.

The President first revealed his discontent with the slowness of Congress to act on his program when he addressed the annual

Four Injured In Headon Collision

Four Texas Tech students were injured at 11:15 p. m. last night in a headon collision at Broadway at Avenue X.

Lubbock police reports showed that a 1939 Ford sedan driven by Vestal Chester Shipman, 2414 North Third, was travelling west on Broadway, when it was in a collision with a 1936 Chevrolet sedan driven by Jack Kaler, West Hall, Texas Tech, and whose permanent residence is Sabinal. Both vehicles were badly damaged.

Shipman, a Tech sophomore, suffered a bruised head and arm and several minor cuts. Kaler, a senior agriculture student, was treated for a broken right kneecap and minor cuts and bruises.

Two passengers in the automobiles, Gailon Freeman, 2410 Fourteenth and a junior physical education student, underwent treatment for a severely lacerated face and a fractured wrist, and Frank Claborn, 1416 Fourteenth and a freshman at Tech, required several stitches to close cuts about the face and neck. He also suffered a cut and bruised leg.

All were treated at West Texas hospital.

Bonds Total $16,000 For Levelland Men

Two Named In Bank Burglary At Morton

(Special To The Avalanche)

MORTON, March 16 — Otis Dwight Simpson and Otis Black, both 26 and of Levelland, were charged this afternoon with two cases of burglary each, and were held under bonds totaling $16,000.

The charges, sworn to by Sheriff, Herman D. Crockett were filed by assistant District Attorney E. G. Pharr of Lubbock in the justice court of Alvin O'Pry.

The two men were arrested about midnight last night when allegedly attempting to break into Truett's Food store here, just a short while after they alledegly had burglarized the Morton State bank.

They failed to break into the bank's vault, so gave up and went to the food store, Simpson said in a statement to Pharr. Late tonight, Black had made no statement to investigators. Officers were questioning the two in connection with other offenses in the area.

Chief of Police Tommie Thompson of Roswell, N. M., was in Morton tonight to question the suspects in connection with several recent safe burglaries in Roswell, but his questioning yielded

PROSPECTS FOR ADOPTION BRIGHT

System For Naming Streets Presented City Commission

By H. I. KIEFER
Avalanche Staff Writer

PROSPECTS for early adoption of an orderly system of street naming for Lubbock were brightened at two meetings Wednesday afternoon.

A new alphabetical system of re-naming many of the thoroughfares was recommended to the city commission by the city planning commission at a noon luncheon in the Hilton hotel.

Members of the city commission, meeting later at the city hall, voiced approval of the plan proposed. But they delayed official action upon it until City Manager Steve Matthews and City Attorney Vaughn Wilson can prepare an ordinance which will embody the planning commission's recommendations and insure that they comply with the technicalities of law.

Public Hearing Indicated

Their report probably will be ready for submission to the commission's regular meeting either on March 24 or April 14—depending upon the detail involved in the preparation of the proposed ordinance.

At least two readings will be required to put the ordinance into effect, thus insuring that anyone who might wish to object to the plan will have plenty of time to be heard.

A public hearing may be held on the proposition before the city commission takes any final action. Mayor W. H. Rodgers and Commissioners W. B. Price, Clarence Whiteside and John Spikes said they would favor such a hearing if there is any question as to general public approval of the name changing plan. Commissioner E. K. Hufstedler, jr., whose father died last week, did not attend the meeting.

Features Explained

Principal features of the renaming plan recommended by the planning commission and outlined at the luncheon by K. N. Clapp, chairman, were these:

Streets now bearing the names of letters of the alphabet (Avenues A, B, C, etc.) or of numbers (First, Second, Third, etc.) would remain unchanged.

Except for some short streets here and there, the area bounded by Avenue A on the east, College avenue on the west, First street on the north and as far south as the city may grow between Ave-

Irish Warned Of Impending Doom On St. Patrick's Day

By RICHARD O'REGAN
Associated Press Staff Writer

FRANKFURT, Germany, March 16—Irishmen, watch your step. Tomorrow's St. Patrick's day but, for the love of Mike, there are Germans who predict you will never live to see it through.

'Tis the end of the world they say that is coming.

Who it is that's at the back of all this, who it is that would be spoiling the fun, nobody in Germany seems to know.

Germans Excited

But somebody started a rumor the world will end and thousands of Germans are excited.

Sure, they're even writing editorials in the newspapers about it.

"Ach, there is no truth to it," said a German astronomer. "It is the astrologers who started it. They make a lot of people worried.

"Everybody calls me today and says it is true or it is not true, is it, that the world will end? Even the politicians call me.

"But the astrologers, they cannot get together. They don't even agree."

"Serious Happenings" Seen

An astrologer said "it's true that we don't always agree."

"Somebody predicted the end of the world, but most of us believe only there may be serious happenings," he said. "The sun and Mars are in conjunction. Always that is a dangerous time.

"Most astrologers believe there will be storms, natural catastrophes, explosions or deaths of prominent persons."

And what about Ireland and the Irish on March 17?

"If the world doesn't end, they probably will be all right," the astrologer said.

To all this, the Frankfurt Neue Presse commented:

"The starry heaven is not as dangerous as the diplomacy of human beings. Don't worry about heaven."

Cross-Country Endurance Fliers Refuel Over El Paso Airport

EL PASO, March 16. (AP)—Bill Barris and Dick Riedel, Fullerton, California pilots seeking a world's flight endurance record, refueled their 145-hoursepower Aeronca plane this afternoon over Municipal airport.

The fliers arrived here at 1 p. m. today from Phoenix, Ariz., on the second lap of their transcontinental journey. They plan to remain aloft six weeks while flying from California to Miami.

The pilots will be here for 24 hours.

THIS PORK CHOP LOOKS LIKE A SPARE RIB—Tootsie, a terrier puppy, looks at a 4½-inch pork chop bone which is held by forceps, center, after being removed from the dog's stomach. In the x-ray photo the bone, arrow, wedged crosswise, looks like an extra rib. But Tootsie isn't interested in any pork chops, thank you, after forceps successfully retrieved this one at the Anti-Cruelty Society in Chicago. (AP Wirephoto.)

Final Dixie Triumph Seen In Vote Today

By ROGER D. GREENE
Associated Press Staff Writer

WASHINGTON, March 16.—The Senate held a stormy night session tonight as a prelude to the signing of "peace" terms in the battle of the filibuster.

Then it recessed shortly after 7 p. m. (CST), until 10 a. m. tomorrow.

The climatic vote—and the end of the great talkathon struggle of 1949—is expected tomorrow.

The actual cease-fire order came an hour before midnight Tuesday night. But the terms were still the subject of hot debate.

Settlement Seen

Southern Democrats and Republicans, linked in a powerful coalition, appeared almost certain to drive home their "compromise" settlement of the war of words that has clogged the Senate's legislative machinery since Feb. 28.

The southerners have been fighting to block an administration-backed proposal to change the Senate's rules so that a simple two-thirds majority of those voting — so m e times a comparative handful—could halt debate at any time.

Dixie leaders contended any such change would destroy their traditional defense against passage of civil rights legislation. The southerners maintain that it is up to the states themselves, not the federal government, to enact any such legislation.

Coalition Is Assailed

Under the proposed compromise, it would require two-thirds of the entire Senate—64 of 96 seats—to gag debate.

With the Dixie-GOP bloc holding the whip hand, leaders of the rival faction lashed out in a series of shouting speeches against the coalition.

Majority leader Lucas (D-Ill) sought to pin responsibility directly upon the GOP leadership for the turn of events which he said would spell the death of civil-rights legislation in this session of Congress.

Lucas accused Senator Wherry of Nebraska, the Republican floor leader, of "abject surrender" in the anti-filibuster fight.

The Democratic leader said that

State Rests In Trial At Lamesa

LAMESA, March 16 (Special)—The aggravated assault case of R. D. Taylor, about 35, charged with severely beating Lamesa School Principal Ray Culp, went on trial today before County Judge R. W. Herndon in a crowd-packed district courtroom here.

The trial continued until 11 o'clock tonight, then court was recessed until 9:30 a. m. Thursday.

Culp, who said the difficulty with Taylor came about as the result of a whipping which he had administered to Taylor's son at school, was the state's first witness this afternoon after selection of a jury.

Culp testified that he had struck Denver Taylor, the defendant's son, five times with a piece of rubber tubing after the boy had run through the hall of the school shouting. He said it was the fourth time this year the boy had been punished.

Injuries Described

On the night of Feb. 18, the date of his alleged beating at the hands of Taylor, Culp said that Taylor and his brother-in-law, Jack Alldredge, named in a companion case, had come to his home and called him to the porch.

There, he said, Taylor beat him while Alldredge held Mrs. Culp to keep her from coming to her husband's aid or going for help.

Culp said that he had suffered several broken ribs, a cut over one eye and multiple bruises at Taylor's hands.

Dr. Sam Frazier, another state witness, was called to corroborate the testimony in connection with Culp's injuries.

The state also placed Mrs. Culp and other school personnel on the

MOVIES CREATE YOUTH PROBLEM

Child Education Society Allays Parents' Fears Of Comic Books

By BOB CONSIDINE
INS Staff Correspondent

NEW YORK, March 16 — In the course of burning a stack of gore-and-gangster books recently, while the back of one of our kids was turned, I received the latest pamphlet of the Public Affairs committee, inc.

The non-profit, educational committee's new tract, which can be obtained at 22 East 38th street, N. Y. C., for two thin dimes, as we used to say in the Johnny J. Jones exposition, is aimed at book-burners like myself. It allays fears possessed by most parents I know.

Fears Unfounded

It is called "Comics, Radio, Movies — and Children." The author is Josette Frank, of the staff of the Child Study Association of America. She reaches a number of interesting conclusions, including this: That there is no truth in recent alarms that blood-and-thunder "comics" contribute to juvenile delinquency.

The astonishing total of 98 per cent of all children in the U. S. between the ages of eight and 12 read "comics" and can no more be broken of the habit than they can be broken of liking ice cream and candy. They read from Park avenue penthouses to the lee side of Tobacco Road shacks. The I.Q. rating of the kids cuts no ice.

Comics Follow Pattern

Miss or Madam Frank writes that fudamentally the "comics" follow the old patterns of children's reading: adventure, fantasy, magic, crime and detective, westerns, human interest, nonsense, humanized animals, thumbnail biographies, history and current events.

They are picked up by children in place of the books we wish they would read because they are more easily digested, more easily bought or bartered.

She believes it would be better to concentrate on improving the "comics" — without making them tedious — than it would be to attempt to ban them, as some have suggested.

Contribution Cited

She sees children getting more than useful information, excitement and amusement out of the pulpy booklets. She sees them obtaining a certtain security as they witness the rudimentary plots of right triumphing over might and evil.

The old fairy tales of grandmother's time were, if anything, more gory, La Frank argues, and she reminds us that Huckleberry Finn and Gulliver's travels were regarded as unfit for juvenile consumption when those classics first appeared.

As for the sex-laden and paranoic booklets, they can be cleaned up "without depriving millions of children of their pleasure in Donald Duck and without terrifying parents into battling with their children over comics reading." She mentions, incidentally, that an astounding number of U. S. adults regularly buy and read comics. But she sees more hope for the children involved. They, she says, are more inclined to move on to books.

Radio Shares Blame

Radio has been blamed for keeping children away from their studies, athletics and creative activity. But she believes this is incidental to the knowledge that it manages to spread. Radio's stress on children's programs has been helpful, and she would leave it up to parents to police any over-indulgence in listening.

Movies are more of a problem, the pamphleteerette believes. More than 9,000,000 children attend movies every Saturday afternoon, but only 2,500 U. S. movie houses show children's films.

Even these can be called children's films only by a stretch of the imagination. Hollywood, she says, does not make pictures specifically for children because it fears they would not make money, though children are an integral part of the backbone of movie patronage. She urges a strict parental hold on the movie-thirst of the young.

Television Has Good Start

Television has gotten off to a good start in the education of children, the pamphlet's research shows. Puppet shows, cartoons and antique westerns are harmlessly amusing and sometimes educational. But the great contributions of the new medium are in travelogues, newsreels, sports and drama, she says.

Josette Frank urges parents and teachers to recognize that comics, movies and radio are deeply rooted interests. "Don't ignore them."

She suggests that parents familiarize themselves with the comics, movies, radio and television programs their children absorb, learn to discuss such likes with them, and sternly advises, " . . . Don't throw away their comics without their consent, don't shut off their radio, don't drag them out of a movie in the middle."

There will now be a brief pause for face-reddening, followed by "the lone ranger" — turned on nice and loud.

Undertakers in South Africa are advocating an agreement to stop Sunday funerals, because it is so difficult to find clergymen to officiate on that day.

CRACK QUARTET COMING HERE—The Keynoters quartet of Newton, Kans., pictured above, will be one of the featured groups in the Parade of Quartets at Lubbock Senior High school auditorium Saturday night at 8 o'clock. They are district champions of the Central States district of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing In America, Inc., (SPEBSQSA). Left to right, they are, standing: Dr. Robert W. Myers, tenor; Paul Kliewer, bass; seated: Bill Getz, lead; and Jean Coleman, baritone. The quartet will be one of nine visiting quartets here for the Saturday night program. Tickets for the show are on sale in the lobby of the Hilton hotel. Reservations may be made by dialing 3-7892. Twenty per cent of the proceeds from the show go to the Lubbock Boys' club building fund.

Little Theater To Hold Tryouts For Parts In Three-Act Comedy

Five women and three men will be chosen in tryouts tonight and tomorrow night for the cast of Claudia, three-act comedy to be presented here April 25 by the Lubbock Little theatre.

Tryouts are scheduled at 8 p.m. both nights in the County courthouse, according to Mrs. Charles Cobb, who will direct the play. Persons interested in backstage positions are also invited to the tryouts, Mrs. Cobb said.

Cast will be selected by the director, two representatives of the Little theatre and two other persons.

Mice have destroyed 100 pounds of sausage meat in Workingham, England.

UN May Revoke Boycott Of Spain

WASHINGTON, March 16. (AP) U.S. officials predicted Wednesday that the April session of the United Nations General Assembly will see a determined effort to lift the diplomatic boycott of Franco Spain.

They said that South American and Arab nations plan to introduce resolutions revoking the boycott established in 1946, and that the U.S. "in all probability" will support the move.

The State department has made no secret of the fact that it feels the boycott has strengthened Franco's hold on the Spanish people, and that the Western powers were "taken in" by Russia when they voted for it.

Marshall Opposes Boycott

Former Secretary of State George C. Marshall said last October that the boycott, under which all UN members agreed to recall their ambassadors from Madrid, "is no longer applicable to the present situation."

Nine South American and Arab states have already returned their ambassadors to Franco's capital. In addition, Iceland, which did not have diplomatic relations with Spain prior to the ban, established such relations last year.

Consultation Planned

U.S. Charge D'Affairs Paul Culbertson, who has been responsible for American affairs in Spain since the U.S. ambassador was withdrawn two years ago, returns to this country for consultations later this week. Officials said Culbertson's views would be taken into consideration in drafting U.S. policy on the Spanish question in the UN.

At the same time, they said there is little chance of American economic aid to Spain, until Franco alters his economic policies. They said the State department order forbidding the Export-Import bank to extend credits to Franco continues in force. Many private bankers are known to consider Spain a bad credit risk.

Officials said American military strategists are divided on the question of Spain's military importance in event of a third world war. They said that while Spain's geographic position is strategic, this advantage is partly offset by bad roads and poor communications.

Methodist Women To Hold Services Today

Women of Asbury Methodist church will have charge of "A Day Apart" service at 10:15 a.m. today, one of a series of services at the church this week in observance of Dedication week, which is being observed throughout the Methodist church.

This morning's meeting, to which all women of the church are invited, is scheduled to close about 2 p.m. Lunch will be served.

Men of the church and young people had charge of a special service Wednesday night. Special music was offered by men's quartets and a quartet of young people. The program also included a series of brief talks.

Men's fellowship will have charge of a supper and men's meeting at 7:30 p.m. Friday at the church when Temple Morrow will be main speaker.

Texas Flying Farmers To Hold Annual Meeting In Kingsville

COLLEGE STATION, March 16 (AP) — The Texas Flying Farmers —some 75 to 100 strong — will buzz into Kingsville Friday for their annual meeting, Ama Lee Jameson of Spofford, secretary-treasurer, said today.

The meeting will be held on the campus of Texas A & I college Friday through Sunday. Officers and directors will fly in Thursday afternoon for a directors' meeting at 7 p.m.

A tour of the King ranch is scheduled for Saturday morning. At noon, that day, the Flying Farmers will fly to Port Isabel for a fish dinner, then to McAllen, getting a view of the Lower Rio Grande valley on the way.

Check Itching First Application

Agonizing itching of ugly eczema, Rash, Tetter, Ringworm, Pimples, Scabies, Toe Itch is checked on ONE APPLICATION of BLUE STAR OINTMENT. Repeat as needed as nature helps heal. Money back if FIRST jar fails to satisfy. Try it today.

Internal Troubles Plague Yugoslav Chief

Reds Renew Attacks On 'Renegade' Tito

(By The Associated Press)

TRIESTE, Mar. 16—Devoted followers of the Kremlin again are crying for the scalp of Premier Marshal Tito of Yugoslavia.

Moscow's apparently renewed drive against the "renegade" Yugoslav leader is reported to have internal, as well as external, aspects.

Reports filtering out from behind Tito's private little iron curtain via travelers, foreign embassies and other sources tell of domestic difficulties in Yugoslavia. These reports, none of them confirmed, have popped up in several places.

The conservative newspaper Ultimissimo here said yesterday Tito soon will meet "some Western world personalities in view of the internal situation of Yugoslavia."

The Italian news agency Astra said the internal situation in Tito's domain is "particularly delicate in Macedonia, where Bulgarian and Macedonian Communists faithful to the Cominform continue to push an active propaganda campaign against the Belgrade government."

Ultimissimo also said pro-Cominform propaganda "is spreading successfully" in Yugoslavia.

Diplomatic and intelligence sources in Istanbul said yesterday "something may be about to pop" in Yugoslavia. One source who refused to be identified said he believed the overthrow of the Tito regime is imminent.

Criticism from Moscow-line Communists outside Yugoslavia has been loud since the Yugoslav Reds split with the Kremlin and Cominform (Communist International Information bureau).

They accused Tito of straying from the Marxist-Leninist line as expounded by Stalin and pursuing a policy "hateful" to the Soviet Union.

The atest blast came from Communist Vice Premier Matyas Rakosi of Hungary. Rakosi, reported to be the "strong man" of the Communist-dominated Hungarian government, said Tito and his followers "betrayed the cause of peace and joined the imperialists."

"The people of Yugoslavia will return sooner or later to the family of the peoples' democracies (Communist nations)," he said.

Answer to Previous Puzzle

Thomas P. Gore, Ex-Senator, Dies

WASHINGTON, March 16. (AP) Former Senator Thomas P. Gore (D-Okla.), 78, first blind man ever to serve in the U.S. Senate, died at his home here Wednesday.

Death came at 8:50 a.m. (CST). He had been unconscious most of the time since Sunday when he suffered a cerebral hemorrhage.

Blind since boyhood, Gore was one of the first two senators sent to Washington from Oklahoma after the state entered the Union in 1907. He served two Senate terms ending in 1921, and then, after a lapse of 10 years, came back for a third term ending in 1937.

Accidents Caused Blindness

Gore lost his sight through two accidents. When he was 8, a stick thrown at a cow by another boy destroyed his left eye. Three years later, he lost the other eye in the accidental discharge of a toy gun.

As a lawyer and lawmaker, he relied on a prodigious memory.

Members of the family planned to leave Wednesday night with the body for Oklahoma City where burial services will be held on Friday.

Besides his widow, Mrs. Nina Kay Gore and a daughter, Mrs. Roberts Olds, both of Washington, survivors include a son, Thomas N. Gore, of El Paso, and two brothers, E. E. Gore, of Altus, Okla., and Richard Gore, of Miami, Fla.

Animal Husbandry Department At Tech Acquires Jersey Bull

The animal husbandry department at Texas Tech has recently purchased a five star Jersey bull for future use in the artificial breeding program at the college, according to Koy Neeley, lecturer in the department.

The bull, which is less than a year old, was purchased from the Chester Elliff farms in Tulia. Its sire was Observer Blonde's Signal and the dam was Welcome Astor Lady. The former is a very good gold and silver medal bull. The dam is the daughter of Welcome Volunteer, a good plus bull that is also rated as a superior sire.

STOOPS TO SAFETY

FORT WORT (U.P.)—John Lucas, jr., 11, stooped to tie his shoe while dressing and saved his life. A .22-caliber slug whistled by him, crashing into the wall. A horse skinner at a rendering plant near his home had missed an animal he was trying to shoot.

VISITORS PAY WELL

DENVER (U.P.)—E. C. Yoursell, head of the Denver convention and visitors bureau, said conventions and tourists brought more than $50,000,000 to Colorado's capital city last year. Yoursell said 75,000 delegates attended 251 conventions in Denver and spent about $6,641,000.

Chile has a new Springhill producing oil well—No. 18—in the Magellanes area.

JUNIOR'S NUMBER UP

SALINAS, Cal., (U.P.)—Lawrence J. Westcott, jr., holds selective service registration number 4,652,383 but he won't be called for a long time. Junior Westcott is only two years old. The number was assigned him through a clerical error that confused him with his father.

Common Grave Provided For Two U.S. Fliers Killed In War

MEMPHIS, Tenn., March 16 (AP) Two flag-draped caskets provided the meeting place in National cemetery here for grieving parents from Texas and North Carolina.

In one casket was the body of Lt. Herman C. Austin, 22-year-old son of Mr. and Mrs. Clyde D. Austin of Hickory, N. C. The other held the body of Staff Sgt. James H. Giffin, son of Frank R. Giffin of Wichita Falls.

The men were killed in the crash of an Army bomber at Bari, Italy, on Nov. 5, 1944. Army authorities were unable to distinguish between their bodies, and the government decided on a burial in a common grave equidistant from Wichita Falls and Hickory.

The parents met to bury their war dead yesterday. Neither Mr. and Mrs. Austin nor Giffin knew which body lay in which casket.

New Argentine Constitution May Imperial Foreign Business Firms

BUENOS AIRES, March. 16 (U.P.)—American and other foreign businessmen expressed serious concern today over their future in Argentina under the new constitution because one article of the document authorizes the government to expropriate certain companies.

The greatest concern has been shown by officials of American, British, Swedish and Belgium-owned utilities who said that article 40 of the constitution "hangs as a sword of Damocles" over their properties.

The article states that the government can expropriate foreign-owned utilities, paying the cost of the original investment, less amortization and any reserves shown to be above a reasonable return on capital.

Texas Tech Faculty Member To Attend Dallas Meeting

T. W. Alexander, geology and language instructor, will leave Friday for Dallas where he will attend the Goethe Bicentennial festival at Southern Methodist university.

A series of scholastic papers in German and English will be given by speakers from Texas university, Tulane, Newcombe college of New Orleans and Louisiana State university.

Part of Goethe's play "Faust" will be presented by the SMU students. Texas Tech foreign language students will celebrate the festival this summer.

MORNING COUGHS

Don't let morning and night coughing, recurring attacks of Bronchial Asthma ruin sleep and energy another day without trying MENDACO. This great internal medicine works thru the blood, thus reaching the bronchial tubes and lungs. Usually starts helping nature immediately to remove thick, sticky mucus, thus alleviating coughing and promoting freer breathing and more refreshing sleep. Get MENDACO from your druggist today. NEWS

STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS

and such complaints as Headaches, Nervousness, Acids Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite, Underweight, Dizzy Spells.

Drugless Health!

REGARDLESS of how long you have been a sufferer, and how many medicines you have tried before, you can now hope for relief if you try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth — Nature's laboratory. Contains NO alcohol, NO preservatives, NO oil. NO harmful drugs, NO dope — is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments — highly recommended by the medical profession.

FOR THOUSANDS of years ever since Hipocrates was he father of medicine, minerals and other natural medicines were a reliable remedy for most of our common ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what GEO-MINERAL will do for you.

Amazing Results

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

RHEUMATISM, arthritis are dreadful diseases. Acid coddition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ills. People, on the advice of their doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there twice a year.

Wonder Minerals

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wondrous springs of Lourdes, France, and famous Thronion in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

GEO-MINERAL contains minerals you get at the world's best springs. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will SEE it! Also examine your urine. You may see impurities — poisonous waste — coming out of your kidneys, relieving you. And then realize the priceless value of GEO-MINERAL.

Read What They Say!

"We wish to state that after selling Geo-Mineral for eight months, this product has broken all sales records in the medicine line in our drug store"—reports Jack Wright, owner of Economy Drug Co., Anderson, S. C. "Users report almost miraculous results helping sufferers with rheumatism, arthritis, weak kidneys, and various stomach ailments. We believe that there exist very few items on the druggists' shelf with the merit of this natural mineral medicine. Of thousands of bottles sold on guarantee basis, there have been very few refunds."

100% Guaranteed!

WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.

REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need!

TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

GEO-MINERAL: 1 bottle $1.10, 6 for $5.00

THE WEBER FROZEL HAS INCREASED SALES OF ICE CREAM AND FROZEN FOOD

BETTER THAN 200%—

SAYS — HARRY COCHRAN
SUPER MARKET OPERATOR, CALIFORNIA

According to the owner of this vast super market—"The amazing thing about the open self-service Frozels is that they keep frozen foods and ice cream at a uniform low temperature . . , and to us this means protection of the flavor, which results in repeat business. We've had better than 200% increase in less than six weeks. There's no doubt about it, these Weber cases are the best made for ice cream and frozen food."

The Woman's Angle
By Margaret Turner

SURE and if it's Irish you are and are having in a few friends for tea, or just to amuse the family, you'll enjoy making Blarney Stones. The recipe came from Ireland years and years ago.

The ingredients needed are four eggs, one and one-half cups sugar, two cups flour, one cup boiling water, two level teaspoons baking powder and flavoring to taste. Beat the yolks until thick, gradually add the sugar, then the boiling water and flour and lastly the four egg whites, beaten to a froth. Bake in cooky tin about 25 minutes in a moderate oven. Let cool in pan, then cut in strips 3 or 4 inches long by 2 inches wide.

Cover each piece with the following icing: Half pound butter, one pound powdered sugar, mixed together until they form a smooth paste. Spread over cookies and roll in ground peanuts or any kind you prefer.

Lauritz Melchior, Met star who appeared with the Lubbuck Symphony orchestra last fall, began a concert tour of South Africa this month. He has been on a hunting trip in East Africa for the past seven weeks.

• • •

THIS SHALL PASS

WHILE we are grappling with the world and finding ourselves in a more or less state of perpetual dither, suppose we pause and consider. One time we read about a little lady in her nineties, the gist of whose philosophy was that having lived to see the causes for which people worked themselves into marked frenzy eventually becoming part of the social pattern, she no longer exerted the energy to flail with fury, for the flow of time solved all problems.

Crises are often like a case of the mumps. But being in the center of events, it is difficult for the world's governments subjected to these visitations to not behave as though "feeling poorly."

Yet each crisis somehow becomes transitory. Anyway, probably the world-wide upheaval will continue straight through this century. Cultivating the long view may do a lot to preserve the kind of rock-ribbed sanity which produces sagacity.

"A stray sunbeap" is either the title or a line of a poem which a pupil at Smyer wants to find. Anyone having information on it may telephone Mrs. D. J. Wilhelm at 5040 after 6 p.m. or mail it to her at 2718 Second.

PLAN CELEBRATION—The upper picture of Mr. and Mrs. L. A. Dunn of Southland was taken on their wedding day, March 19, 1899, in Sweetwater, Ala.; the lower picture was made recently. To celebrate their Golden Wedding anniversary, they are to hold open house Sunday afternoon at 3 o'clock in their Southland home where they have lived the majority of the time since 1921. Mrs. Dunn was born August 26, 1874, and Mr. Dunn was born March 4, 1877; both are natives of Alabama. Until 1945 when they retired, the Dunns were in the general mercantile business. Their seven children, 11 grandchildren and four great-grandchildren are to attend the celebration. The children are V. O. Dunn and M. A. Dunn of Abilene; Mrs. Naomi Robinson, Fort Worth; Mrs. Laura Brazil, Mineral Wells; H. C. Dunn and J. W. Dunn, Slaton; and D. I. Dunn, Post.

Bride-Elect Honored

A miscellaneous shower which was given for Miss Barbara Leon Tuesday night by six hostesses was attended by 80 guests. The young woman is the bride-elect of Walter S. Scheef of Houston.

The party was in the home of Mrs. L. D. Marshall, 2322 Twentieth. Assistant hostesses were Mesdames E. L. Lansford, Wayne Martin, Russell Denison, Sam H. Batton and L. E. Settle.

Mrs. Settle greeted guests and Miss Mary Settle presided at the register.

Assisting in hospitalities were Mesdames Charles Kelley, Tom Kelley and Miss Mary Katherine Fincher.

Mrs. L. C. Weaver of Plainview and Mrs. M. T. Leon, aunts of the honoree, presided at the refreshment table which was decorated in the honoree's favorite colors of yellow and blue.

An unbrella to which wedding bells are attached centered the table and streamers extending from the bells were caught to arrangements of daffodils, jonquils and fern.

Party Guests Are School Friends

Jean Carolyn Williams invited girls in her room at school to a party celebrating her birthday Monday afternoon at the home of her mother, Mrs. Marguerite Williams, 3024 Twentieth.

Games, story telling and reading were diversions.

Mrs. Max T. Davis assisted in hospitalities.

Guests were Suzanne Davis, Carolyn Abel, Johnita Taylor, Jimmie Louise Scott, Delna Jean Keller, Susan Philbrick, Elaine Adams, Myrna Browder, Dolores Robertson, Kay Lynn Walker, Suzanne Hinson, and Judy Nutt.

Gifts were sent by Dolores McKee and Gloria Stewart.

CLASS PLANS STUDY

First Baptist Homemakers class is to attend an executive meeting and Bible study at 9:30 o'clock this morning in the Gleaners classroom.

St. Patricks Day Origin Discussed

When Asbury Methodist Crusaders class met for a covered dish supper, served Tuesday night in Fellowship hall, a St. Patrick's motif was emphasized in decorations. Juanita and Anita Reynolds sang Irish songs and George Holman talked on "The Origin of St. Patrick's Day."

Rev. Cecil R. Matthews also gave a talk.

Dr. and Mrs. C. A. Bickley were special guests and 29 class members attended.

Misses Ruby Jackson and Una Vay Street were hostesses.

FRIDAY NIGHT MEETING

Needle Club Bee will have a meeting Friday night at 7:30 o'clock in the home of Mrs. Earl Burnett at 2116 Twenty-third.

IN NEEDLES HOME

Daleth chapter of Delphian society is to meet at 9:30 a.m. Thursday with Mrs. B. E. Needles, 2430 Thirtieth.

Pla-Mor Forty-Two Club At Meeting

Mrs. J. G. Wadsworth was hostess to Pla-Mor Forty-Two club Wednesday afternoon in her home at 2512 Twenty-fifth.

Eight members and five guests, Mesdames Lillian Slay, O. B. Trinkle, Jess Wells, Ida Holmes and Bob Saverance, attended.

Today's Town Talk

Mrs. Robert S. Prothro and Mrs. James H. Milam will entertain with a tea today in the Prothro home at 1717 Thirty-first. Carrying out the holiday theme of the party are the clever invitations printed in white on a shamrock green background which read:

"Please come and have a cup of tea
With another Irishman and me
We'll laugh and talk and be quite gay
To celebrate St. Patrick's Day."

The hostesses have chosen informality as the keynote of their entertainment, and are using verse forms in decorations through-out the house. Green and white will be used as a color scheme, and centering the serving table will be an arrangement of green carnations and white snapdragons. Shamrocks will complete the decorative arrangement, and from an improvised old Irish well will be served rice cakes, which were specially shipped from Chinatown, San Francisco.

About 200 guests are expected to call.

A St. Patrick's tea was given Tuesday at the Lubbock Country club by Mesdames M. L. Shepherd, G. R. Kennedy, Bryan McDonald and Irving Jones, sr.

In the house party were Mesdames W. C. McManus, C. H. Scales, J. C. Edwards, R. C. Young, Irving Jones, jr., G. P. Kuykendall, R. P. Coats, J. E. Winder, Don Brooks, John Spikes, J. R. Weiss, M. C. Butler and John T. Glover.

About 275 guests called between 3 and 5:30 p. m., and Mrs. Lillian Butler, pianist, played background music during the afternoon.

A large shamrock of white star foam outlined with green confection, centered the table and was topped by white carnations and a large green satin bow with streamers reaching to the floor. A smaller star foam shamrock on each side held three green tapers. Ruffled white net circled the linen laid table at each corner of which were two large green bows with trailing streamers.

A silver tea service and a tray of white iced cakes topped with green confection shamrocks completed the table arrangement. Green tapers in candelabra were placed on the mantels at either end of the room.

MRS. ARCH UNDERWOOD, 3107 Nineteenth, was hostess at a Wednesday breakfast honoring Miss Martha Bucy, who will marry Julius Hegyi on April 2.

Pink carnations centering the table laid with a white cutwork cloth carried out the bride-elect's chosen colors. A silver compote was the hostess gift.

Covers were laid for the honoree, her mother, Mrs. R. T. Bucy, and Mesdames G. H. Nelson, John King, Don Davis of Midland, E. J. Parsons, Floyd Beall, Sam G. Dunn, Charles A. Guy, L. E. Davis and W. O. Daniels, and the hostess.

As an additional courtesy to Mrs. Joseph Andrews of New York City, who is visiting in Lubbock, Mrs. W. B. Gates, entertained with a luncheon for 20 guests in the Chimayo room of the Hilton hotel Wednesday.

Accenting the decorative theme of the room, a green Indian pottery pitcher, was chosen to hold the arrangement of yellow acacia centering the table.

Mrs. T. E. Buckner, 2107 Eighteenth, and Mrs. C. W. Zenker, 3103 Twenty-seventh are spending a week in Forth Worth and Dallas visiting friends.

Mr. and Mrs. Silas Foster and Mrs. Alice Verity of Baldwin, Long Island, N. Y., have been visiting in the homes of Mr. Foster's sister and brother, Mrs. O. H. Johnston of 2302 Tenth, and Paul Foster of 2306 Tenth.

Mr. Silas Foster has recently been retired by the Nassau County Police force of Long Island, which he served for over 21 years.

The New York visitors plan to leave on their return trip home the latter part of this week.

Officers Installed By Evangel Class

Mrs. Lattimore Ewing conducted a candlelight installation ceremony for First Baptist Evangel class at a Tuesday luncheon held at Mackenzie State park Party house. Twenty persons attended.

The meeting was concluded with a prayer by Mrs. Roy Bass, teacher.

Kongenial Klan Works On Quilt

The 19 members of Kongenial Klan who met with Mrs. E. J. Ford, 1924 Eighteenth, Wednesday afternoon worked on a quilt. Mrs. C. M. Mitchell was co-hostess.

April 20, the club will meet with Mrs. Erle Thompson, 1911 Sixteenth, with Mrs. S. H. Scott as assisting hostess.

Club At Party

Mrs. W. H. McKelvy and Mrs. C. W. Coffee were new members at a Wednesday afternoon party given for Tech Newcomers club in the home of Mrs. W. L. Stangel at 2605 Twenty-second. Mrs. Alfred B. Strehli was co-hostess.

The program was presented by Mrs. Alfred Schlafli who has spent some time in the Philippine Islands. She discussed the Islands and showed slides made there.

Mrs. D. M. Wiggins presided at the tea table which was laid with a white cloth and centered with a bouquet of fruit blossoms and silver candelabra holding white tapers. Blossoms were arranged throughout the house. Thirty-five persons attended.

On April 20, the club will meet at the home of Mrs. William G. Dingus, 2502 Twenty-first.

Mother-Daughter Banquet Planned

Miss Martha Graves, director of home and family life education at Texas Tech, will be guest speaker at a Future Homemakers of America Mother- Daughter banquet at Abernathy at 7:30 o'clock tonight in the school cafeteria. "The Forty-Niners" is the banquet theme.

Mrs. Avis Fuchs, Tech graduate, is sponsor of the FHA chapter and is a home economics teacher in Abernathy.

Luncheon, Meeting Scheduled For Club

Group 1 of Merry Sixteen Needle club will entertain with a 12 o'clock luncheon Friday at Hector's. Afterwards, members are to go to the home of Mrs. G. E. O'Neal, 2112 Twenty-seventh, for a regular meeting.

OES Is Invited To Shallowater Party

Members of Lubbock chapter No. 76, Order of Eastern Star, who plan to attend a benefit forty-two party in Shallowater Thursday, March 31, are asked to make reservations with Mrs. Burton S. Burks, 4003.

At a meeting of the chapter held Tuesday night at Masonic hall, Mrs. Roy Cocanougher was initiated. Mrs. Burks, worthy matron, presided and Mrs. L. V. Risinger, sr., was in charge of the refreshment hour.

CLASS PLANS SOCIAL

Calvary Baptist TEL class will attend a monthly social and prayer service at 7:30 o'clock tonight at the home of Mrs. J. H. Comer, 1640 Ave. Q.

Resident To Move

Mrs. T. S. Brown, who is leaving Friday to make her home in Oklahoma City, was honored at a farewell party given Tuesday night in the home of Mrs. T. C. Ingram, 2411 Twenty-fifth. Mesdames Durward Mahon and Conway Clingan were assistant hostesses.

Bridge games were played.

Jonquils, flanked by white tapers in crystal candelabra, centered the refreshment table.

A hostess gift was presented to the honoree.

Guests were Mesdames T. S. Brown, C. W. Ratliff, Roy Grimes, W. H. Garrett, L. E. Brown, Paul Schaefer, Roy Riddel, jr., Edwin G. Young, John Cochran, W. H. Melton, L. O. Buchanan, Robert Prothro, R. R. Marquis, C. J. Quinlan, Vera Salmon and M. D. Lakey.

Field Trip Series Opened By Brownies

Brownie Troop 63 visited Baldridge's bakery Tuesday afternoon in order to study baking methods employed there. This was the first of a series of similar trips planned to Lubbock businesses.

Mrs. Dick Beesinger and Mrs. Earl Jones, troop leaders, and Mesdames Weldon and Glynn Wallace, accompanied the girls. Attending were Carol and Jackie Beesinger, Alveda Bishop, Sandra Carter, Mary Edith Crone, Johnnie Drury, Verna Jones, Barbara Maynard, Roberta Richardson, Glenda Walker, Shirley and Patricia Whited, Tommy Kirk, Tommie Coker, Laneta Dillon, Doris Simpson, Janice Skaggs and Myrna Carter.

St. Patrick Theme Used

Lubbock Business and Professional Women's club luncheon held Wednesday at Hilton hotel featured a St. Patrick's day program. Mrs. Elois Elliott spoke on "The Origin of St. Patrick's Day" and musical numbers were presented by Don Elliott who sang Irish songs and the "Notables Quartet" which sang several selections.

Guests were Mrs. C. I. Cutchings, Miss Fern Ball and Grace Ann Potts. The new treasurer, Mrs. Julie S. Ray, was introduced.

Sewing Clubs

The recently organized Busy Fingers club met Wednesday afternoon with Mrs. M. Zukov at 2622 Twenty-sixth. Dessert was served to the nine persons attending.

Next Wednesday's meeting will be held at the home of Mrs. Charles Lasky, 1702 Thirty-first, at 1:30 p. m.

• • •

A chow mein luncheon for Friendly Nine Needle club was served Wednesday in the home of Mrs. L. E. Heim, Rt. 1. Present were Mesdames Audis Moore, H. W. Breedlove, John Box, E. C. Caviness, John Stephenson, and guests, Mesdames Clarence Jordan, Mary Bell, J. F. Earthman and Roy Moore.

The club is to meet next Wednesday morning at 9:30 o'clock with Mrs. Tom Ogg, 1629 Seventh.

• • •

Meeting with Mrs. Jimmy Veal Wednesday afternoon were the following members of Friendly Needle club:

Mesdames Cecil Stanton, A. L. Mansker, Robert Davis, O. P. McCall, Dick Lesh, C. T. Riggs, C. E. Combs, and a guest, Mrs. Floyd Hudgins. The women mended for the hostess and presented a layette shower to Mrs. Lesh.

Mrs. Davis will be hostess March 30 at 2 p. m. in her home at 3017 North Fourth.

• • •

New members at a meeting of Forty-Niners Needle club Wednesday afternoon were Mesdames Earl Davenport, R. S. Hobgood, F. Jopling and Bryan Landers. Nine other members and a guest were present, also, in the home of Mrs. E. J. Smith at 1513 Twenty-third.

The club will meet April 20 at 1:30 p. m. with Mrs. Hobgood, 3601 Thirty-fourth.

Hungary expects to produce 120,000 bicycles this year.

IN CAPSULE FORM
News Briefs

Almost 800 boys attended the showing of an Abbot and Costello movie, "No Indians, Please" at the Boys club Wednesday night. Also shown was the final chapter of a serial, "Adventures of the Flying Cadets." A full-length movie will be presented at the club next Wednesday night at 7:30 o'clock, it was announced.

A county court jury of which C. H. Tubbs was foreman, returned a verdict of guilty about 6 p. m. Wednesday in the liquor law violation trial of Curtis H. Mince, 31, of Lubbock, and recommended a fine of $100 and court costs. County Attorney Waggoner Carr prosecuted before County Judge Walter Davis, and the defendant was represented by Attorney John Steele.

Capt. and Mrs. Clarence Poff and two daughters, Cynthia Ann and Karen, of Fort Leavenworth, Kas., are guests in the homes of Mr. and Mrs. J. W. Poff of 3008 Thirty-first and Mr. and Mrs. E. L. Campbell of 1306 Arnett. The guests will return to their home today. Mrs. Clarence Poff is the former Elizabeth Campbell, daughter of Mr. and Mrs. E. L. Campbell.

Rev. H. M. Hilliard, returned missionary from Puerto Rico, will teach the Awakened Wesley Sunday school class of Asbury Methodist church at 9:45 a.m. Sunday. All members of the class are urged to attend the class meeting.

Children in all of the Lubbock schools where cafeterias have been installed will experience the "Luck of the Irish" today when they go to lunch. According to Mrs. Dora Nell Carroll, cafeteria director, the menue will include Irish stew, topped with a green shamrock biscuit, buttered green beans, apple sauce, hot rolls, butter and milk. Dessert will be chocolate cake topped with a green shamrock. Some elementary schools of the city have planned to observe the day with the "wearing of the green."

Inter-City Dinner For 20-30 Club Held Here

Fourteen members of the Amarillo 20-30 club met with the Lubbock club at an inter-city dinner meeting Wednesday night at the Lubbock hotel on the occasion of Dep. Gov. J. Howard Miller's visit to the Lubbock club.

Miller, who lives in Amarillo, represents the Second district, 20-30 clubs.

Gene Blackburn, secretary-treasurer of the Lubbock group, presented a report on the safety campaign conducted here during the past six months. Members of the local club distributed booklets, "Invitation to Live," among elementary school children here. The books were financed by subscription from local business men, and profits will be used for purchase of safety material, he said.

Robert G. (Buddy) Cobb, president of the Amarillo club, reported that during the past six months his group had participated in the March of Dimes campaign, purchased "Safety Sallies" for all schools, and been responsible for "welcome" and population signs around Amarillo. The group also was host to a district 20-30 convention and expects to participate in the approaching drive to raise funds for cancer treatment.

The program also included guitar and vocal selections by Rex Glimp. A. L. (Chuck) Hawkins served as master of ceremonies for the dinner, first inter-city meeting to be held in Lubbock.

Reburial Rites Slated For Pfc. H. R. Badley

Final rites for Pfc. Herbert Raymond Badley, who was killed in combat on Okinawa, June 16, 1945, at the age of 25, will be held at 2:30 p.m. Saturday at the First Methodist church.

Rev. H. I. Robinson, pastor, will officiate, assisted by Rev. E. H. Crandall. The body is expected to arrive in Lubbock Saturday.

Lubbock V.F.W. will have charge of graveside services. Burial will be in Lubbock Memorial cemetery under direction of Plains Funeral home.

PFC. BADLEY

Pfc. Badley was born July 20, 1920, at Wheeler. He joined the Methodist church at the age of eight. He attended Wheeler schools, graduating in 1937.

He worked at Douglas Aircraft plant at Long Beach, Cal., from 1942 until Sept. 1944, when he joined the Army. After training at Camp Roberts, calif., he was sent overseas in February, 1945, with the 96th Division, 381st Infantry, company L.

Survivors include his parents, Mr. and Mrs. J. L. Badley, 2205 Twenty-fifth; a brother, J. D., 1314 Twenty-seventh; and a sister, Mrs. Jack W. Boone of Houston.

Beauty shops in Tangier, Morocco, now may operate only a few days a week, because of a crucial shortage of electric power for their apparatus.

SAVE-A-DAY ROLLS

Make these delicious All-Bran rolls in a spare moment . . . bake them when you need them.

1 cup shortening
¾ cup sugar
1 cup Kellogg's All-Bran
1½ teaspoons salt
1 cup boiling water
2 eggs, well-beaten
2 cakes compressed yeast
1 cup lukewarm water
6½ cups sifted flour, or more

1. Measure shortening, sugar, All-Bran, salt, into large bowl; add boiling water, stir until shortening melts. Cool to lukewarm. 2. Stir in eggs and yeast softened in lukewarm water. 3. Add ½ the flour; beat 'til smooth. Add remainder, beat well. 4. Cover bowl closely. Refrigerate overnight or until ready to use. 5. Shape balls of dough to fill greased muffin pans about half full. Let rise in warm place about 2 hours or until double in bulk. 6. Bake in hot oven (425° F.) about 15 minutes. Yield: 3½ dozen delicious rolls.

World's most famous natural laxative cereal — try a bowlful tomorrow.
Kellogg's ALL-BRAN

Mrs. West To Talk On P-T Convention

Highlights of the approaching convention of the fourteenth district, Texas Congress of Parents and Teachers, will be discussed by Mrs. M. E. West at the Roscoe Wilson Parent-Teacher association meeting this afternoon at 3:30 o'clock at the school. The convention will be held in Lubbock April 27-29.

Mrs. F. C. Stanley will direct musical numbers.

An election of officers will be conducted.

Program On Dreams Led By Mrs. Rice

Mrs. L. B. Rice was in charge of a program on "Dr'eams" when Shallowater Study club met with Mrs. D. R. Weber Tuesday afternoon.

Attending were Mesdames Newman Casey, Edwin Merrell, J. T. Scott, George Leftwich, J. K. Giles, A. F. Reese, James McMenamy, Rudolph Rice, R. W. Woodruff, Frank Adams, J. E. Adams, W. E. Beecher, Granville Doggett and a guest, Mrs. L. R. Wienke.

NEW... CREAM DEODORANT safely STOPS PERSPIRATION 1 to 3 DAYS

1. Instantly stops perspiration, keeps armpits dry. Acts safely, as proved by leading doctors.
2. Does not rot dresses or men's shirts.
3. Removes odor from perspiration on contact in 2 seconds. Has antiseptic action.
4. Does not irritate skin. Can be used right after shaving. Preferred by 117,000 nurses.
5. A pure, white, stainless vanishing cream. Arrid, with the amazing new ingredient Creamogen, stays smooth and creamy—will not crystallize or dry out in the jar.

NOW WITH CREAMOGEN will not crystallize or dry out in the jar

MONEY-BACK GUARANTEE! Arrid with Creamogen is guaranteed not to crystallize or dry out in the jar. Tech Trackmen Readied For Meet

Raiders Hope To Show Up Well

Winter's brief return slowed up Texas Tech track and field event specialists only one day, with Coach Maxey McKnight getting his 11-man varsity and five-man freshman squad ready for the Annual Southwestern Track and Field Meet at Fort Worth over the weekend.

The Red Raiders have been handicapped this spring by the cool winds sweeping over the campus and the squad, generally, isn't as advanced as it was last year. But Coach McKnight is looking for the runners to make a good showing.

He is taking primarily a track squad to Fort Worth, with only one man going along for the field events. Jim Elliott has been throwing the javelin well in practice and might earn a place in the big meet. So far his best distance is 180 feet, which isn't bad and it might earn him win, place or show. For that matter, he might heave the iron even farther.

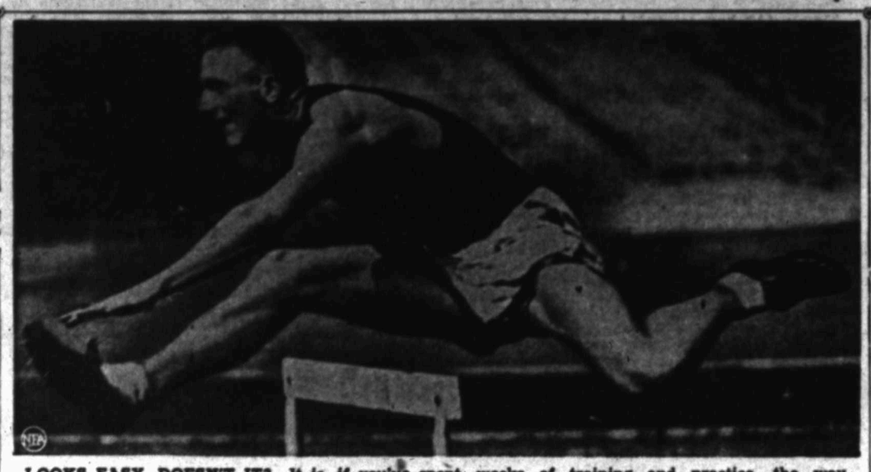

Track times have been somewhat off championship pace to date, but the Raiders haven't faced competition, nor have they run too hard. Last year, with no more training than they have had so far, the Raider squad placed third in Fort Worth.

In the 100-yard dash, all three runners have failed to crack 10 seconds, with 10.1 the best time to date. Charley Reynolds, Seth Murphey and Moon Mullins have all turned in this time and under meet conditions probably can run it faster.

Murphey has turned in a 22.5 time in the 220-yard dash, best of the three sprinters in that event, and the best quarter so far has been 51.5, equalled by Ben and Joe Wilson and Costin Bufkin.

Harold Barber of Midland has turned in the best half-mile mark so far of 2.08, while Edgar Hawkins, in an unpaced mile, ran the distance in slightly under five minutes. Rounding out the track events entered by Tech is the mile relay team, which has turned in a 3:28.2 mark. The sprint relay team is untested.

This is the major portion of the squad going to Fort Worth by bus Friday morning, with Charley Pinnell, Joe Overton and Ed Clepper for hurdles and broad jump events. Freshmen making the trip will be Earl Hutcheson, Norm McNeil, Charlie Ritchie, John Shinn and Albert Stanford.

LOOKS EASY, DOESN'T IT?—It is, if you've spent weeks of training and practice, the way Jim Gehrdes, shown above, has. Gehrdes is one of several leading timber toppers and is expected to make headlines this year. This is the type of form that Texas track stars are expected to display Friday and Saturday at Fort Worth in the annual Southwestern Track and Field meet.

Boys Club Cards Nine Bouts Friday

Nine bouts are scheduled for Friday night's boxing card at Boys Club, beginning at 7:30 and basketball letters will be awarded to 10 players on each of the four teams the past season.

A complete boxing card is unknown at this time, but Jack Godfrey, 120 will get another shot at Ray Thornton, 114. In the only split decision last week, Thornton was awarded the fight on a 2-1 vote by the judges. Jimmy Godfrey, 79, will tangle with Tinker Carlen. Both boys were winners last week.

Awards to the basketball players will be made during the night by Joe Kelly, Avalanche-Journal sports editor. The presentation of the Boys' Club "L" will be made to the following boys as chosen by the coaches, Jerry Starkey and Glen White.

The Pee Wees are Roy Lee Tunnell, Roy Day, George Jones, Paul Sikes, Hugh Carlen, Wendell Hester, Jack Easterwood, Kenneth Stevenson, Jay Ledbetter and Nelson Starr.

Midgets receiving letters are Jerry Martin, Wray Clark, Jerry Shipp, Don Tucker, Dennis Calvert, Ira Owens, Eugene Ward, James Beck, Billy Long, and Glen Akin.

Receiving letters as Juniors are Don Washington, Allen Rosen, Sammie Adams, Charles Rand, Ray McLarty, Gene Seward, Jimmy Johnston, Bobby Naylor, Sawnie Spinks and John Terry.

Seniors are Eugene Tollison, Roger Van Cleave, Jackie Cook, Billy Bohner, Mackie Lawrence, J. B. Elliott, Jack McLarty, Dan Adkisson, Bobby Nabors, and Billy Everheart.

Mrs. Soash, Mrs. Markham Win Ladies Golf Meet Honors

Mrs. George Soash and Mrs. John Markham tied for strokes to the green honors during the Ladies Weekly Golf association play at Lubbock Country club Wednesday. They played over 18 holes.

Mrs. K. L. Riggs won on low putts over the 18 hole flight.

In the nine hole flight, Mrs. Tom Duggan was low on strokes to the green and Mrs. Culver Hill carded low scores on putts.

BUFFS DROP BEAUMONT

SEGUIN, March 16 (AP) — Fine pitching by Ross Grimsley, Jim Curley and Nelson Nocheck carried the Houston Buffs to a 4 to 1 exhibition game victory over the Beaumont Exporters today.

Pitching Staff Experienced

Lamesa Will Field Strong 3-AA Nine

(Special To The Avalanche)

LAMESA, March 16—Lamesa High school's Golden Tornado baseball squad has been working out since early March under the direction of Coach Jack Wetzel, and indications are that the local nine will be one of the teams to beat for the District 3-AA title.

Approximately 25 lads are vying for places on the team including seven lettermen and 5 squadmen returning from last year's entry that won seven games, dropped five decisions and earned third place in the district race.

San Angelo's Bobcats are preseason favorites to retain the title they won last year, but the Golden Tornadoes are expected to be one of their strongest challengers for the district bunting.

Hurlers Experienced

A strong, experienced pitching staff is expected to help make the Tornadoes a title contender. Included on the mound roster are Jamie Pearson, Donald Conner, Royce King, Bill Hart, Jerry Phillips and Ronald Chapman. Most of this sextet saw considerable service last season.

Other top prospects for regular diamond berths include catchers Walter Massengale, Jim Bob Boothe and Don Holt; infielders Warren Massengale, Lewis Duncan, Larry Lattimore, Jerry Millisapps and Frank Loop; and outfielders Frank Rose, Bill Cox, Delbert Dickenson and Edwin Thomas. Team manager is Winford McNeill.

Coach Wetzel says it is unlikely that any practice games will be carded since the squad has but little time to get ready for the district opener with Odessa's Bronchos here March 25. He said that one pre-season tilt may be scheduled with a team in this area.

Will Meet 4-AA Titlist

The District 3-AA champion will be the team with the best won-lost record at the completion of the schedule; and will meet the 4-AA titlist in a best two-out-of-three game series for the right to go to the state meet. All games will be 7-inning affairs. The Tornadoes will play their home games at Lobo field, home of Lamesa's West Texas-New Mexico league entry, as soon as the newly-planted grass there can withstand play. Otherwise, home games will be staged on the team's new practice field in north Lamesa near the site of the new senior high school which is under construction.

Lamesa's complete 12-game, district schedule follows: March 25, Odessa here; April 1, Abilene here; April 5, Midland there; April 8, Sweetwater here; April 12, Big Spring here; April 15, San Angelo there; April 19, Odessa there; April 26, Abilene there; April 29, Midland here; May 3, Sweetwater there; May 6, Big Spring there; May 10, San Angelo here.

Fenton, O'Dowdy Gain Tag Match

In the main event, an Australian tag team match, at Sled Allen's wrestling arena last night Rod Fenton and Pat O'Dowdy defeated Buck Weaver and George Overhauls in one minute of the third fall.

The first fall of the match went 19 minutes before Fenton of Edmonton, Canada, pinned Overhauls with a body slam and shoulder pin in a very good fall.

Weaver came back in the second fall, however, to give O'Dowdy a real working-over. In 15 minutes of the fall he stopped O'Dowdy with a hammerlock and a punishing arm stomp.

The referee wasn't looking and Rowdy went to the aid of Fenton and helped him dispatch Weaver in one minute of the final fall with a crab hold. Only one team was supposed to be in the ring, but O'Dowdy has ways of getting by with work that isn't in the books.

The first match of the night was won by Dory Funk in two falls. In a very clean exhibition of wrestling Funk went to work on the man from Toledo, Ohio, and succeeded in pinning him after 16 minutes with a spinning toe-hold.

Sandow showed much improvement since his last appearance here, but he was a sucker for a spinning toe-hold, and Funk used this same hold to end the match after only four minutes of the second fall. The match was scheduled for two out of three falls with an hour time limit, but Funk proved too wise for Sandow.

Westerners Head For Cinder Duels

A badly crippled Westerner cinder squad will leave for Fort Worth and the Southwestern Recreation Track and Field meet this morning at 9 o'clock.

This year's meet will mark the twenty-sixth running of the classic, and some of the top track performers in this part of the country will participate.

There will be five separate divisions, and fifteen events will be recorded in each division. They are university, college, junior college, prep schools and freshman, and high school divisions. Last year 1,557 athletes were entered.

It was previously announced that nine boys would make the trip, but Wayne Stroud has been ill for several days and will be unable to go. So only eight will participate in the meet, to be held March 18-19.

To make matters worse, Charlie Williams, who had been turning in a good performance in practice in the 100-yard and 220-yard dashes has been limping the past two days from a sprained muscle in the back of his right leg, suffered in a practice meet Monday with the Texas Tech freshmen. Therefore his effectiveness at Fort Worth may be sharply reduced.

These two sprinters have been counted on heavily in the two dashes and the 440-yard relay team, Without Stroud, the team turned in a time of :45 Monday against Tech. If Williams runs in Fort Worth the 440 team will be composed of Williams, Malcolm Young, Donald Decker, and Danny Boone. Boone will replace Stroud.

In addition to running on the relay team Decker will be entered in the 220-yard low hurdles. The 120-yard high hurdles will be run by Donnie Rawls.

The half-mile, 880-yard, run will be entered by Eddie Goetze. His best time this year has been 2:09 against the Tech freshmen, but he trailed the Techsan all the way and did not set his own pace. He can be expected to run the course in a faster time this weekend.

In the field events, Douglas Ross will handle the discus, and Alfred Adair will enter the shot-put, high jump, and pole vault. He vaulted 11 feet earlier this year.

The broad jump will be left up to Boone and Williams, and Williams and Young will be in the 100-yard dash.

Making the trip with the team are Coaches Fred Brown and Pat Ferris, and the manager Davis Hopper.

Bowling Green Five Picked In NIT Meet

NEW YORK, March 16 (AP) — The four Cinderella teams of the National Invitation Basketball tournament will square off against each other in the semi-finals of the Madison Square Garden meet tomorrow night.

Loyola of Chicago will face Bradley U. in the 8 p. m. (EST) opener and towering Bowling Green, the tourney's new favorite, will take on hustling San Francisco in the 9:45 p. m. windup. The first game is rated a toss-up. Bowling Green is a four-point choice to down San Francisco.

The victors then will play it out for the championship Saturday night with the losers clashing in a consolation contest.

The four survivors made a clean sweep of the meet's four seeded quintets, Kentucky, St. Louis, Utah and Western Kentucky, on "mad Monday." It was no doubt the greatest series of upsets in basketball history.

Brazos Amateur Baseball Loop Will Open Season On April 10

MINERAL WELLS, March 16 (AP)—The Brazos amateur baseball league will open the 1949 season Sunday, April 10.

The six-team circuit is composed of Cleburne, Granbury, Glen Rose, Dublin, Weatherford, and Mineral Wells.

HOUSTON BEATS RICE

HOUSTON, March 16 (AP)—The University of Houston took its second straight baseball game from Rice Institute today 2 to 1.

Lubbock Wins Practice Game

Westerner baseball practice is in the middle of the second week, and practice has been running smoothly except for an indoor workout Tuesday caused by bad weather. But the weatherman has been giving the boys a break this year so far.

A practice game was held yesterday with a team composed of Texas Tech students, and the Westerners set them down, 10-7, in a six-inning game.

In doing this the high schoolers only made four safe hits, one a long home run by Jessie Fullerton into deep right field in the third inning. But they worked the Tech hurler for 10 walks, and three men reached first base on errors.

Fullerton Homers

Three of the Westerner runs came in the first inning on a hit and six walks given up by Archie Campbell. Two were made in the second frame on no hits, a walk, a passed ball, and two errors by the shortstop. Fullerton homered in the third; three more crossed the plate in the fourth inning, and Morris Turner crossed the plate in fifth inning after getting on base on an error.

All told, the Tech crew made no less than eight errors in the field and possibly more.

Their scores came in the third, fourth, and fifth inning. With the bases loaded in the fourth on one hit, a fielders choice, and a walk, Sam DeStefano belted a pitch from Mac Taylor for a triple and three runs.

Hitting Is Weak

One of the most obvious weaknesses of the Westerners at this time is hitting, and another is in the catching department. We hope both are corrected before district competition begins.

It is to be expected, however, that a team will take time to get its batting eye on the ball and that other flaws will be noticed in the early games. The catching situation evolves from the inability of the catchers to make their throws to second and other bases in time to catch a runner stealing.

Pitching has shown much improvement. In the two innings he worked yesterday Jim Wilson struck out six consecutive batters, not allowing a single man to reach first base. He seems to have developed a curve to go with the speed he possesses. Other pitchers showing up well are Jimmy Hamilton and Bennie Day. Taylor and Jack McCabe have not rounded into shape yet, but all saw action.

When Bob Brown returns to practice, the Westerners will have a sharp infield with Fullerton at first, Charles Galey at second, Brown at shortstop, and Powell Hinson on third.

BENGALS DEFEAT TIGERS

BRADENTON, Fla., March 16 (AP) — Detroit's Tigers made two walks, an error and two singles good for four runs in the fifth inning today as they defeated the Boston Braves 7-3 before 1,993 customers.

Swimmer Ann Curtis was named in four events on the AAU All-American women's swimming team, from 100 to 880 yards.

Blair Cherry To Visit In Lubbock

Longhorn Coach Here Saturday To Address Members Of Texas 'Exes'

Football Coach Blair Cherry of the University of Texas will be in Lubbock Saturday night to address members of the embryo Texas "Exes" club, which is in the process of being formed.

Cherry, former Amarillo High school coach and recently the recipient of offers to coach professional teams, will arrive here late Saturday afternoon. His visit will be brief, but he will take time off to meet with exes living in the city.

Bowl Movies Slated

Pictures of the Orange Bowl game between the Longhorns and the University of Georgia, which Texas won, will be shown at 6:30 p. m. in the ballroom of the Hotel Lubbock. The public is invited to attend and view the films.

Ex-students of the university are asked to dial 4212, office phone of A. C. Becker, district manager for Sheffield steel. Becker, a former Texas student, is making arrangements for the appearance here of Cherry. The phone will be available between 8:30 a. m. and 5 p. m. daily and ex-students are urged to indicate whether they will be present.

Arrangements also may be made for Coach Cherry to issue a formal invitation to the Texas Tech football squad to be guests Saturday night. The Raiders meet the Steers Sept. 17 in Austin.

As almost any sports follower knows, the Texas eleven that played Georgia last fall was termed "third rate" by Georgia sports writers and fans. The remark so angered Steer players and coaches that they turned in their best game of the year.

Layne Lauds Steers

Bobby Layne, former All-American at Texas and last year quarterback for the Chicago Bears of the National Professional Football league, saw the game. Afterwards, Layne said that the Texas eleven that particular day was unbeatable. He said that the players had worked like professionals.

Many of the Steer players in that particular game will not be back next fall, when the Raiders journey to Austin. But several of them will be on hand and local football fans will have a glimpse of what may lie in store for the Techsans.

Lubbock is the only city of its size in the state which does not have a Texas "exes" association and efforts are being made to promote one. This is the first step toward that goal, but the public is invited to attend.

Hubbers Sign Up Two New Players

GREENVILLE, March 16 (Special) — Southpaw Herby Pitts, Indian hurler optioned to Odessa last year, and Lloyd Pearson, an outfielder, yesterday returned signed contracts to the Lubbock Hubbers.

Signing of the two limited service players brings the Hubbers under contract up to 15.

George Schepps, Hubber general manager, said today that the baseball tryout camp now being conducted here by managers of the Greenville, Lubbock and Corpus Christi clubs, becomes more successful each day.

"There are 11 or 12 kids who really show great promise," Schepps asserted. "We are giving them every chance in the world to show what ability they have and they're blinding us. Most of the boys will wind up with Corpus Christi, the Class D league club, but a couple may land with Lubbock. After all, we must carry two rookies under West Texas-New Mexico League rules."

Already here and waiting the Hubber reporting date of Sunday are Manager Jackie Sullivan, Pitcher Cotton Russell and Catcher Mike Dooley. Pitchers Royce Mills and Oscar Kuver, along with Infielder Jackie Wilcox, will leave Lubbock Sunday in the Hubber bus.

Other Hubbers will come here from their homes.

Los Angeles Police Win Game In NAAU Meet At Oklahoma City

OKLAHOMA CITY, March 16 (AP)—Los Angeles' Police broke loose for 13 points in the last two minutes tonight to defeat the Lincoln, Neb. Nut House, 65-55, and advance to the quarter-final round of the National AAU basketball tournament.

Los Angeles Cliftons pulled the first major upset of the national AAU tournament today, blasting seeded Winston-Salem Hanes 78-53 in the third round.

Tornado Track Squad In Meet

LAMESA, March 16. (Special)—Track coach Bob Harrell announced Wednesday that the Lamesa high school Golden Tornadoes would send an 8-man track squad to compete in the annual Southwestern Exposition at Fort Worth next Friday and Saturday, the first time in years that the locals have entered a major cinder meet.

Slated to leave here Thursday at noon to compete in the annual affair at Cowtown are Bobby Hawkins, Dick Echols, T. J. Womack, Johnny Montgomery, Don Hackney, Benny Eggleston, Lowell Fancher and Don Fennell.

Tornado track hopefuls have been working out under Harrell's direction since March 1, but the local cindermen are lacking both in quantity and quality of material.

The stand-out prospect for honors at Fort Worth and in future meets is Hawkins, who has turned in a 2:05 half-mile in practice despite the fact that the Tornadoes are working out on grass-covered McCollum field. A new track will be ready before another season rolls around.

Other entries at Fort Worth will include Echols and Fennell in the 100-yard dash along with Hackney; Womack in the 200-yard low hurdles; Womack, Montgomery and Hackney in the 220-yard dash; Fancher in the 440-yard dash; and Eggleston in the shot-put and discus throw. The sprint relay foursome will consist of Echols, Womack, Montgomery and Hackney.

Coach Harrell said the Tornadoes would possibly send several entries to the Bluebonnet Relays at Brownwood late in March, depending on the results attained at Fort Worth.

Mexican, U.S. Player Raids Slated To Stop

MEXICO CITY, March 16 (AP)—The "player raid" wars between organized U. S. baseball and the Mexican league apparently were at an end today.

Dr. Eduardo Quijano Pitman, Mexican league president, announced yesterday that "four years of difficulties" had been terminated by an "amicable" telephone conversation between him and A. B. (Happy) Chandler, U. S. baseball czar.

The Mexican doctor said Chandler, talking from his winter residence in Sarasota, Fla., had joined him in ratifying the terms of "A non-aggression pact" which he said they had.

Chandler, Pitman said, stated he had instructed all club presidents in U. S. organized baseball "To abstain from hiring Mexican players."

IT'S NEARLY WITH US—Second Baseman Bill Rigney is shown laying down a bunt in the above picture and making a fast start for first base in the Giants' Phoenix, Ariz., training camp. Catcher Mickey Livingston throws off his mask in hustling to field the bunt. They are two of the players who will be seen at Rosenthal Field April 5, when the Giants play the Cleveland Indians. The Giants won in Lubbock last year 10-2.

DEAL MAY INVOLVE $150,000

Report Says Mike Jacobs May Sell Out To Louis And Company

By DAVIS J. WALSH
INS Sports Writer

NEW YORK, March 16 — Mike Jacobs, known to be broken in health and not a little beaten in spirit, was represented in published reports today as about to sell his once-great boxing empire to the Norris-Wirtz-Joe Louis axis for $150,000.

With the reputed deal would go, per se, an unchallenged domination of New York boxing and, to a degree, the nation's as well.

The story, appearing in an advance copy of "Sports Illustrated's" April issue above the signature of editor Stanley Woodward, didn't specify when the supposed secret deal would be consummated.

From other sources, however, it was known that the fabulously wealthy and influential James D. Norrises—senior and junior—had practically beaten all others to the punch with one decisive move that may end boxing's "cold war," namely:

May Take Over Lease

They are believed to be at the point of taking over the boxing lease on the Polo Grounds, key-gambit in the promotional grapple for survival. They also are known to have first-call on the services of featherweight champ-

That, by the way, is being widely accepted today as bordering on certainty, due to owner Horace Stoneman's friendship with both ion Willie Pep—and, therefore, the inside track on the Pep-Sandy Saddler $300,000 third fight.

Jim Norris, jr., and Arthur M. Wirtz.

If they're in accord on this dicker, it would relegate the CBS Tournament of Champions combination to the melancholy outlook of that certain guy in an old song:

"All dressed up, and no place to go with their Marcel Cerdan middleweight championship fight—for which welterweight champion Ray Robinson was virtually set as a $300,000 party of the second part.

Field Will Be Theirs

Meanwhile, if Mike is ready to capitulate to the Norrises, as reported, the field is definitely and almost completely theirs.

He, or rather Mrs. Jacobs, who is running his business these days, is . . . asking the syndicate $150,000 for its New York rights."

These include, until 1951, boxing promotions at Madison Square Garden and the Yankee stadium, which had a working agreement with the Polo Grounds.

The Norris-Wirtz coalition, incidentally, controls one-quarter of Madison Square Garden's voting stock, besides holding title to the Chicago stadium, Detroit Olympia; arenas in Indianapolis and Omaha, and a reputed "interest" in the indoor sport edifices at St. Louis and Cincinnati.

Kid Azteca Gives Up Mexican Fight Title

MEXICO CITY, March 16 (AP) Kid Azteca formally renounced his national welterweight title last night. He won it 16 years ago from David Velasco.

The kid, whose real name is Luis Villanueva Parano, wept during the ceremony at the National Boxing Commission. His official record, dating from 1932, shows 154 bouts of which he lost only 31, five of them by knockouts. He won 54 by knockouts.

The kid's career included appearances in California, Texas, Oklahoma, Cuba and Argentina.

The Mexican welter title goes to Babe Zavala, leading contender.

OKLAHOMA AGGIES WIN

WACO, March 16 (AP) — Oklahome A. and M. handed the Baylor Bears their first loss of the season today as they squeezed out a 4-3, victory to square their series at one each.

JIM FERRIER FINISHES SECOND

Ransom Wins First Prize Money In Seminole Golf Club Tourney

PALM BEACH, Fla., March 16. (INS)—Henry Ransom, of St. Andrews, Ill., won first prize money Wednesday in the $10,000 Seminole golf club tournament at Palm Beach for the second year in a row. Ransom posted a 36-hole score of 137 and will collect $1,500 for his efforts.

Jim Ferrier of San Francisco, fresh from a co-victory in the International Four-Ball tourney in Miami, finished in second place, one stroke back of Ransom.

Cary Middlecoff, Ferrier's partner in the Miami Four-Ball, shot a 139 to wind up in a three-way tie for third place with Eric Monti and Lloyd Mangrum.

Johnny Revolta fired a par-equalling 140 for fourth money while Sam Snead and E. J. (Dutch) Harrison shot 141's to finish deadlocked for fifth place.

The lucrative pro-amateur phase of the tournament—in which the leaders split a giant "Calcutta sweepstakes" pot—produced a three-way draw for the lead.

Skip Alexander and A. B. Chase, Ed Furgol and George Rasmussen, and Dave Douglas and Joseph Scheerer all turned in best-ball cards of 128 for the 36 holes.

The score was greatly enhanced by the stroke handicap allowances carried by the wealthy amateurs.

The teams of Jimmy Thompson-Tom Shelvin and Cary Middlecoff-Charles Amory tied for second place with scores of 129.

The winning teams in the pro-amateur division reportedly will share in a $60,000 "Calcutta sweepstakes" pot in which the millionaire amateur participants contributed.

Professionals who played on the teams with the victorious amateurs are said to gain 10 per cent of the cash allotments distributed among the wealthier tyros.

The exact distribution of the pot is unannounced.

ATHLETICS BEST DODGERS

VERO BEACH, Fla., March 16 (AP)—Sam Chapman's triple behind a walk to Hank Majeski enabled the Philadelphia Athletics to beat the Brooklyn Dodgers, 4-3, in 11 innings today. It was the Dodger's first defeat in four exhibition games.

Patty Berg Will Defend Title In Annual Titleholder Event

AUGUSTA, Ga., March 16 (AP)—Twenty-seven of the country's greatest women golfers aim for Patty Berg tomorrow when she begins defense of her titleholders crown.

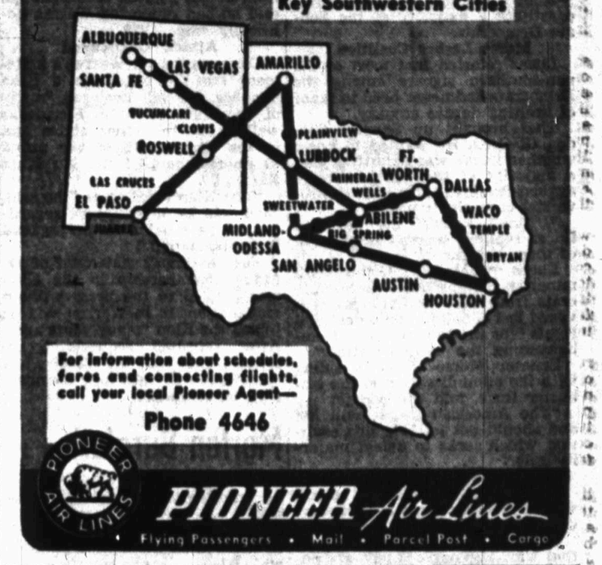

Not only is the stumpy Minneapolis girl a four-times winner of titleholder tournaments but she's the favorite to do it again. The field includes Babe Zaharias, Louise Suggs, Dot Kielty and the rest of the best.

CARDS NIP SOX

ST. PETERSBURG, Fla., March 16 (AP)—A triple by Stan Musial, the National league's leading hitter last year, featured a two-run ninth inning rally that gave the St. Louis Cardinals a 5-4 decision over the Boston Red Sox in an exhibition game today.

Final Vote On Filibuster Looms

(Continued From Page One)

while the filibuster was in progress, Wherry had voiced GOP demands for round-the-clock sessions and had criticized administration lieutenants for making only "pink tea" efforts to break the talkathon.

Wherry was a leader in working out the compromise.

Senator Knowland (R-Calif) called Lucas' attention to the fact that 12 northern and western Democrats — in addition to 18 from the south—had signed a petition supporting the compromise proposal.

Knowland said those signers constitute a majority of the Senate Democrats.

Morse Lashes Coalition

Lucas retorted that most of the non-southern signers among the Democrats had never been in favor of limiting debate anyway.

That brought up Senator Cordon (R-Ore.). He wanted to know whether Lucas was admitting that a majority of the Democrats are against President Truman's controversial civil rights program.

"I don't know," the harassed Lucas replied. "I can't keep track of them over here."

Lucas charged that the GOP minority had prodded the Democrats from the day Congress convened last Jan. 3 for action on civil rights "for the sole purpose of embarrassing the administration."

Senator Morse (R-Ore.), siding with the administration in the filibuster issue, told the Senate:

"The American people will not and should not tolerate this coalition which seeks to defeat majority rule."

Truman Democrats Outflanked

Morse continued his long speech with a reference to the Civil war (1861-65) and said:

"I sometimes wonder who won that war. The negroes who are denied civil rights must say the north didn't win it so long as they are denied the rights for which the war was fought."

Truman Democrats, twice routed in the fight over changing the Senate's rules, appeared to be completely outflanked in the complex battle. The southerners halted their filibuster at 11 o'clock Tuesday night after a majority of the whole Senate was lined up for the compromise plan.

But administration leader Lucas (D-Ill.) angrily told newsmen he would demand a record (roll call) vote on the final showdown to find out "just who has surrendered."

Terms Outlined

After further discussion, the vote was expected Thursday on the Dixie-GOP compromise formula introduced by Senator Knowland (R-Calif.).

It would:

1. Allow unlimited debate on a motion to take up a rules change —thereby effectively blocking any future move to tighten debate limitation rules.

2. Permit the Senate to limit debate on all other matters by a two-thirds vote of the entire Senate: 64 of its 96 members.

Administration Bitter

In advance of the climactic vote, the Republicans and southerners claimed at least 52 pledges of support, or four more than the majority needed to write the compromise on the books. (There are 95 senators at present; a majority is 48.)

Administration leaders were bitter over just how much — or how little — of a "compromise" Knowland's formula represented.

Since Feb. 28, they had been fighting to change the rules so that a two-thirds majority of senators voting could limit debate at any time.

And they were only too well aware that it would be extremely difficult, if not impossible, to muster the 64 votes needed to kill off any future filibuster against President Truman's anti-lynch, anti-poll tax and other 'civil rights' measures.

Changes Appear Doomed

Southerners, professing themselves ready to talk until doomsday, had battled the administration-backed rules change on the ground that it would clear the way for passage of Mr. Truman's "civil rights" program.

Lucas told reporters the GOP-Dixie terms, notably the provision for unlimited debate on a motion to take up a rules change, would probably make it impossible for the Senate "ever to change its rules again."

Lucas said the administration forces planned a finish fight against the Republican-southern-Democrat hookup. But he said that so far as he was concerned, there would be no last-ditch filibuster on the part of Truman Democrats to block the compromise.

Program Faces Threat

First of all, the Democratic leader said he wants to get action on legislation to extend rent controls — another Truman administration measure which was kicked around by a GOP-Dixie coalition in the House yesterday. After that, he indicated, will come Senate consideration of a proposed $5,580,000,000 second installment in Marshall plan funds for European recovery.

The paramount fact, chilling to administration leaders, seemed to be that as a result of intense behind-the-scenes political jockeying during the filibuster, southern Democrats and Republicans have envolved a working majority that could tear the Truman program to shreds.

The backbone of this coalition appeared to be the 40 Democrats including several northern and western members, and the 22 Republicans who signed the Knowland compromise.

Senator Morse said the GOP leadership had entered into an "unholy political marriage" with the southerners.

However, Senator Hayden (D-Ariz), chairman of the Senate Rules committee, remarked philosophically that it "must be a good compromise" because no one was entirely satisfied.

German hospitals are using a new artificial respiration machine with a leather hemisphere, said to be better than the iron lung.

Florida Governor Is Ex-Member Of Klan

TALLAHASSEE, Fla., March 16 (AP)—Gov. Fuller Warren voluntarily stated yesterday he once was a member of the Ku Klux Klan.

The governor, who has announced he will ask the 1949 legislature to outlaw the hooded organization in the state, said he quit the Klan in disgust after attending two or three meetings.

He branded Klansmen as "hooded hoodlums, covered cowards and sheeted jerks," after they paraded past the state capitol building here in January.

A short time later, he revoked the honorary lieutenant colonel's commission he had issued to W. H. Brough of Wildwood after the man identified himself as grand titan of the Florida Klan. Brough said he had supported Warren politically since 1929.

Attack Challenged

Commenting on Warren's statement that he once was a Klan member, Brough declared "many of our best citizens in Florida as well as in the other states and in the highest offices are proud to be members of the Ku Klux Klan . . .

"The Klan rides again," he said, "and will be in existence regardless of personal attempts against the organization."

The governor's statement of his former membership in the Klan was handed to the press without explanation. In it, Warren said he joined the Klan "many years ago" After repeated requests by a friend who said he received a commission on each new membership he obtained.

Morton Burglaries

(Continued From Page One)

no information of value, it was said.

Simpson is held under $5,000 bond on each of the two charges, and Black's bonds for the two cases were set at $3,000 each, Justice of the Peace O'Pry said. Neither had posted bond.

Statement Is Signed

Sheriff Crockett said the men were arrested by City Marshal Hazel Hancock, a former Cochran county sheriff, and George Newman, Morton nightwatchman. Simpson was taken by Sheriff Crockett and T. A. Rowland, a state highway patrolman, to Lubbock, where he executed and signed a statement before Pharr.

Pharr and state rangers then returned the suspect here so that he and the other suspect could ask bond of the court in which charges were filed.

Quick reaction of Hancock probably prevented a shooting at the arrest scene, Sheriff Crockett said. One of the suspects had a .32 pistol held loosely under his armpit and made a grab for it. Hancock was faster and snatched the weapon before it could be fired.

The statement given to Pharr said the men went to Morton Monday and into the bank. One of them bought 50 pennies, allowing the other a chance to "get the layout."

Decided To Try It

Back in Levelland, they decided to try the bank vault, estimating there would be "$10,000 to $15,000 in it," the statement continued.

But there were "too many people and cars around Tuesday night to pull the job," so the two were alleged to have driven to Whiteface, where they ate dinner. It was about 10 p. m. when they returned to Morton.

They, according to the statement, got into the bank after one had used a pinch-bar in the door. The other, armed with an automatic pistol, kept watch. After opening the door the two got in their car and "drove around a while," allowing time to see whether any burglar alarm had been set off. They returned after satisfying themselves, but their tools were not sufficient to break into the vault, either through the combination or the back of the vault, the statement said.

Had Broken Window

The statement said the two then went to the food store and had broken a window when a car drove into the alley and fastened the men in the beam of a spotlight.

There had been seven burglaries in Morton Saturday night, Sheriff Crockett said, involving a monetary loss of approximately $1,000. Places entered were: Doss grocery; Willis grocery (where $700 to $800 was taken); E. L. Banks' International Harvester place (where about $200 was taken); Farmer's Supply (the Case agency); Arnn's garage, the Pontiac agency (where about $15 was taken); Green Supply company, the Massey-Harris distributor, and Forrest Lumber yard.

Safes and cash registers that were found locked were broken by the burglars, Sheriff Crockett said.

State rangers and federal officials were assisting in the investigation of the case today, as was the Lubbock sheriff's department.

Railroad Employes Remain On Strike Despite Truman Order

ST. LOUIS, March 16. (INS)—Some 3,500 Wabash railroad operating employes remained on strike today despite President Truman's order appointing a fact-finding board to investigate the dispute.

Spokesmen for the four striking unions gave no hint of directing any back-to-work movement. One of them, John E. Donnelly, assistant grand chief engineer of the Brotherhood of Locomotive Engineers, said he saw little prospect of ending the walkout today. Donnelly explained: "There is nothing new in the situation."

Earlier Donnelly had said prospects were good for an early end to the work stoppage which halted Wabash passenger and freight train operation in six states.

PREMIER BACKED

ROME, March 17 (Thursday), (INS)—The chamber of deputies gave Premier Alcide De Gasperi an overwhelming vote of confidence today on his plan to bring Italy into negotiations on the North Atlantic defense pact. The session was marred by fistfights and Communist heckling.

New Executive Director Named At Columbia; Comedies, Island Film Scheduled At Studio

By LOUELLA O. PARSONS
INS Staff Correspondent

HOLLYWOOD, March 16—There is a new boss on the Columbia lot named by head man Harry Cohn as the one next in importance to him. He is S. Sylvan Simon, who has been made executive director of production. Not only will Simon produce all of his own pictures, but he will be supervisor of all the Buddy Adler and Alex Gottlieb movies.

Mr. Simon's own pictures to be made this year are "The Fuller Brush Girl," with Lucille Ball; "The Good Humor Man," with a comedian to be selected, and "Pleasure Island," which Cohn of Columbia just bought from its author, William Maier. This is set for June publication. There are eight starring roles and the movie will be filmed in the Virgin islands.

Ray Milland, who goes to Columbia on a lend out, is to be starred in "Woman Of Distinction," produced by Gottlieb and supervised by Simon.

Bride's Name Revealed

My old friend, Joseph Von Sternberg, gives me the name of his bride. She is Mary Willner, and he says he married her in October.

Says Joe:

"You're right about the marriage, but wrong that I have given up the film business. I am preparing to make two important pictures—one to star Jose Ferrer, and when all the arrangements have been made, I'll let you know.

Elsa Maxwell, who is visiting the Darryl Zanucks in Palm Springs, and the Jack Warners in Beverly Hills, is, as always, bubbling over with excitement and interesting comments.

Invited To Wedding

She has been invited to the Rita Hayworth-Aly Khan wedding, which takes place in five weeks, and she's bought herself a new Hattie Carnegie dress in case she can go.

"I'll weigh 170 pounds then," said Elsa, "I'm down to 173 now." (Three pounds in five weeks, Elsa?)

"Don't give your new dress away before the wedding," I said.

Elsa gives away everything she owns.

From the McCarthy special: Said Joan Davis when she landed in Houston, "I've been here two hours and haven't struck oil yet."

Dorothy Lamour, according to the travelers on the train, was the first one out at each stop. At Clovis she was given a calf.

Girls listen to this. Peter Lawford, darling of the co-eds, has enrolled at UCLA for night classes in English literature and economics!

Henry Ward and wife to Clyde Winn, lot 13, block 16, Clayton Carter addition, $185.

Rent Bill Okayed

(Continued From Page One)

were discontinued in 1947 and the House measure does not contain these provisions.

Provisions Given

3. Authority for the housing expediter to sue for treble damages in the behalf of tenants in case of rent overcharges. Only the tenant can take such action now.

4. Recontrol of permanent residential hotel units and a rollback of those rents to the level of Oct. 31, 1948. The administration had asked for a rollback to June 30, 1947.

5. Recontrol of trailer camps used for permanent residences.

6. Decontrol of so-called luxury apartments renting for $290 or more a month. The housing expediter could lower that figure if there were luxury apartments available at less rent in a particular area.

Substitute Proposed

7. Recontrol of all apartments which were decontrolled in 1947 on the ground that they had been off the market as rental units for the two previous years. Sparkman said the purpose of the 1947 action was to bring those places back on the market, but that the result has been "quite disappointing."

Sparkman earlier had proposed the "states rights" substitute for the "home rule" plan adopted by the House Tuesday. Under the home rule plan the governing bodies of states, counties or municipalities could end rent controls in their areas by adoption of a resolution to that effect.

The rent increase provision in the Senate bill is a substitute for a House bill provision which requires, so far as practicable, a "reasonable return" on a landlord's investment.

Boosts Provided

Under the Senate plan landlords automatically could boost rents five per cent on Oct. 1, 1949, over the level which prevailed June 30, 1947. They could make another five per cent increase each six months over the same base period as long as federal rent controls are in existence.

But in no case could the cumulative increases exceed 15 per cent, including increases granted under the so-called 15 per cent voluntary increase provision of the present law, and increases granted to an area as a whole.

An official of the housing expediter's office said that under the plan, the rents for about half the rental units in the country would be subject to at least the first five per cent increase on October 1.

Actually, the subcommittee left it for the full committee to decide whether to aprove (1) a flat 15-month extension of controls, or (2) a flat 12-month extension with a provision that there could be no evictions and no rent increases for another three months.

House Gives All-Out Okay For 70-Group Air Force

WASHINGTON, March 16 (INS)—The House voted overwhelmingly for a 70-group Air Force today and was warned that unless it appropriates money to build up to that strength "the program stops dead—an open invitation to disaster."

Approval of a 70-group authorization bill, which also legalizes an 837,000-man Army, came on a 368 to one test vote.

The vote was taken on a motion to bring the bill up for debate.

Final, formal passage of the bill is assured. This action had been expected today but was blocked until Monday by Rep. Marcantonio, New York American-Laborite.

TWO DIE IN CRASH

BOISE, Idaho, March 16. (AP)—Two Idaho National Guard airmen were believed killed Wednesday night when two planes crashed in mid-air about 10 miles west of Boise. The Ada county sheriff's office said one other occupant of the planes was taken to a Boise hospital in a dazed condition.

Truman Tour Hinted

(Continued From Page One)

Jefferson-Jackson day Democratic fund raising dinner in Washington three weeks ago.

He threatened then to "stump the nation" if necessary in behalf of his program.

In his state of the union message in early January, the President asserted he would carry out every single one of his campaign pledges.

Some presidential advisers believed it would be a mistake to push a showdown fight on the President's civil rights program. They felt the battle was certain to end in an administration defeat, and that the emotions aroused would affect the rest of the President's program adversely.

Others supported the "showdown" which resulted in the Senate filibuster fight.

It has become increasingly apparent at the presidential vacation retreat that the revolt in the House on the rent control extension bill and the refusal of the Senate Armed Services committee to approve the President's nomination of Mon Wallgren have been at least partly influenced by the bitterness over the civil rights fight.

Details of presidential strategy to combat the congressional revolt were not being volunteered at the temporary White House today. As a matter of fact there was not even an outward admission that there is any strategy.

Presidential silence has been so complete on the recent setbacks in Congress that correspondents speculated on whether the President had some surprise move up his sleeve to spring when he returns to Washington Saturday afternoon.

UN Admits Failure To Settle Currency Dispute In Berlin

LAKE SUCCESS, March 16. (AP)—United Nations efforts to settle the Berlin currency dispute have ended in failure, the president of the Security Council said tonight.

The western powers an hour later issued formal statements blaming Russia for the breakdown. At that time Russia had no comment.

The negotiations had been undertaken late last year by a committee of so-called neutral experts in the hope of ending the Berlin blockade by ironing out currency troubles between the four occupying powers.

OPEN MEETINGS OKAYED

AUSTIN, March 16. (AP)—Closed meetings of state boards would be banned under a bill approved Wednesday night by the House State Affairs committee. By a 14-to-1 vote, the committee recommended passage of a bill by Rep. Preston Smith of Lubbock, requiring boards, agencies and bureaus spending state money or forming public policy to hold open meetings at all times. Exceptions would be possible only by express legislative action.

IN CAPSULE FORM

News Briefs

Master plumbers of Lubbock and the West Texas area were guests last night at a barbecue given by the Economy Supply company, 1944 Ave. T. City inspectors were special guests. G. C. Anders of Fort Worth, sales manager, assisted Morris Clinton, local manager, in entertaining.

Gordon Morts, of Cheri-Casa apartments, 2406 Main, reported to police last night that two ladies purses, a billfold, three cigaret lighters, two dresses, two blouses, and four pair of shoes were stolen from his apartment. He placed the value of the property at $100.

Building Systems Of U.S. Cities Scored

HOUSTON, March 15 (U.P.) — Frank Lloyd Wright, leading American architect, deplored today the "capitalistic" building systems in our cities, and cited Houston as a prime example.

Here to receive the American Institute of Architect's gold medal award in ceremonies during the group's convention Thursday night, the silver-haired Wright said, regardless of his statements, he intended "to be agreeable."

"Houston is following a typical capitalistic pattern," Wright stated. "The wealthy are building tall monuments to themselves on the hard pavement, while the rest must live in one-story homes in the outlying mud."

Calls Cities "Vampires"

He commented that the nation's architecture reflects what the nation is, as a whole, and viewed today's cities as "vampires that must continually renew their lives from the countryside."

Wright has received architectural honors from numerous foreign countries, and designed the Imperial hotel in Tokyo, built to withstand earthquakes.

He is also author of several books, and was presented the royal gold medal of the Royal Institute of British Architects in 1941.

The A.I.A. convention, in its second day, was to hear addresses today from Federal Works Agency administrator Philip B. Fleming, Washington; Carl E. Foss, color consultant, Princeton, N. J., and Faber Birren, also a color consultant, New York City.

'Leak' Of Secrets

(Continued From Page One)

(D-Tex) said military officials had denied releasing any secret information and had voiced "concern over unauthorized press reports."

Mahon Protests Releases

Mahon started the discussion when he protested in the House against "the action of military officials in permitting release to the press and our potential enemies of important military information."

Some of the information "bandied about in the press," he said, involved "secret discussions before the joint chiefs of staff, alleged information as to how we expect to hit 70 vital Russian targets, and information as to the content of top secret maps in the Pentagon (military headquarters)."

Mahon is chairman of an appropriations subcommittee handling Army, Navy and Air Force funds.

"I wish the people who are apprehensive about war would quit giving away important military information to our potenial enemies," Mahon said.

Other Offenders Cited

"It is not exaggeration to say that America is giving away billions of dollars worth of information each year to potential enemies."

Mahon was quoted as saying "All of this reckless disregard of our national security must stop," Mahon asserted. "I hope my colleagues will join me in calling a halt."

The military, Mahon said, is not the only offender. He cited the Atomic Energy commission report as an example of free information of value to potential enemies, and said that in "some instances Congress has not been blameless."

Democratic leader McCormack of Massachusetts told the House Russia would have been willing to pay "millions of dollars" for published pictures now accessible to the Soviets for the price of a national magazine or a government publication.

Other members who joined in the protests included Representatives Short (R-Mo.) of the armed services committee and Hinshaw (R-Calif) and Durham (D-NC) of the joint Senate-House Atomic Energy committee.

New Cold Front

Glittering Shamrock Hotel All Ready For Colorful Opening Today; Stars On Hand

HOUSTON, March 16 (U.P.)—Oilman Glenn McCarthy's fabulous Taj Majal of hostelry, the 1100-room Shamrock, glittered from its ornate lobby to its shiny white kitchen today, awaiting the most gala opening the Southwest has ever known.

The buzzing activity, noticeable since the first guests moved in ten days ago, was a calm compared to the planned Saint Patrick's day celebration Thursday when the huge, glass doors will open the $20,000,000 hotel to recipients of special invitations.

The deep-carpeted floors, mirrored walls and luxurious dining rooms served as a drawing card for the opening party. Stars of screen and radio, many of them McCarthy's personal friends, accepted invitations and made the trip by air and a special train arriving from Los Angeles.

The guest list read like talent assembled for a command performance:

Dorothy Lamour, Errol Flynn, Wayne Morris, Ed "Archie" Gardner of "Duffie's Tavern," Don McNeil and his "Breakfast Club," Pat O'Brien, James Cagney, Sonja Henie, Joan Caulfield, Chester Morris, Bud Abbott and Lou Costello.

Also Stan Laurel, Oliver Hardy, Van Heflin, Gale Storm, Marguerite Chapman, Walter Brennan, Eddie Bracken, Ellen Drew, John Wayne, Joan Davis, Charles Coburn, Dennis O'Keefe, Andy Devine, Wanda Hendrix, Audie Murphy, Edgar Bergen and Dorothy Shay.

Early visitors dug deep into their stock of superlatives to describe the massive 18-floor structure, boasting its own complete shopping center, a block-square garage, and several plush penthouse suites renting monthly at a four-figure sum.

Eyes bulged several weeks ago when McCarthy revealed the opening night's dinner on the Shamrock's gilt-edge plates would be served at $42 per person. That, he explained, would be the price in the glamor-steeped Emerald, Shamrock and Grecian rooms, while a $33 level would prevail in the Pine grill and small third-floor dining rooms.

Directing the art of eating at the Shamrock will be Ramon Bayasca, internationally-known maitre d'hotel, known professionally as "Ramon." Bayasca came from the Bellvue-Stratford in Philadelphia to supervise the dining service. He has been faitre d'hotel at the Knickerbocker in New York, the Ritz-Carlton and Windsor in Montreal, and at the Willard in Washington.

Guests will sample prize beef that McCarthy bought in Houston and Chicago at more than $10 per pound. Besides the "blue ribbon steak a la Shamrock," the sumptuous menu includes pompano, pate de pheasant, and a rich, frozen pistachio mousse.

There'll be dinner-dancing to the music of Russ Morgan and Nat Brandywine in the dining rooms and along the 165-foot swimming pool terrace.

Flawless service, said the management, would be rendered by 1,200 employes, each of 19 groups dressed in different uniforms. Room service waiters sport tailored white wool jackets with gold buttons emblazoned with the Shamrock "S."

Opening night traffic around the hotel will be directed by a special 20-man police force, with 50 additional officers assigned to patrol the lobbies and palm-covered grounds.

Congratulations To:

Mr. and Mrs. M. I. Sells of 2409 Tenth on birth of a son weighing 6 pounds 11½ ounces at 5:55 a. m. Wednesday in West Texas hospital. The father is a Tech student.

Mr. and Mrs. Joe Thompson of Abernathy on birth of a daughter weighing 6 pounds 12 ounces at 9:01 a. m. Wednesday in St. Mary's hospital. The father is an implement dealer.

Mr. and Mrs. S. A. Berramp of Wilson route 1 on birth of a son weighing 8 pounds 6 ounces at 9:55 a. m. Wednesday in St. Mary's hospital. The father is a farmer.

Mr. and Mrs. T. C. Quigley of Lubbock Air Force base, on birth of a daughter weighing 7 pounds, 2 ounces, at 10:25 a. m. Wednesday at West Texas hospital. The father is a Texas Tech student.

Mr. and Mrs. W. B. Hollingsworth of 1413 Fourteenth, on birth of a son weighing 9 pounds, 13 ounces, at 2 p. m. Wednesday at West Texas hospital. The father is a mechanic.

Contract Violation In Coal Strike Claimed

PITTSBURGH, March 16. (AP)—Hard coal operators Wednesday called the three-day old mine shutdown a violation of the anthracite mine contract.

The Eastern Pennsylvania operators disputed hard coal miners' right to stop work in a "mourning period." That was one of the reasons cited for calling the work stoppage which halted hard and soft coal mining Monday east of the Mississippi.

The operators urged UMW President John L. Lewis to end it at once in the public interest. Rumbled Lewis in reply: "Gratuitously offensive and untrue."

Leaders of the big anthracite industry centered in eastern Pennsylvania fired off telegrams to Lewis in which they:

1—Called the Lewis work stoppage order a contract violation;

2—Urged him to rescind his order in the public interest.

Lewis replied it was untrue his mine workers were breaking their contract.

Trial At Lamesa

(Continued From Page One)

stand before resting its case about 5 p.m.

After a recess of two hours, court was resumed with testimony from defense witnesses.

Taylor, called to the stand, made counter charges against Culp and Mrs. Culp, saying that they had attacked him when he went to the house.

When he asked Culp why he had not whipped the other boys involved in the school incident, Taylor said that Culp replied he "whipped them as he caught them."

He testified further that he was pulled into the house by Culp where Mr. and Mrs. Culp went after him "like two tigers." He said that Mrs. Culp struck him near the left ear with what he "thought was a flat iron," causing serious damage to his hearing. He also alleged other injuries at the hands of the plaintiff and his wife.

Verbal Clashes Numerous

Mrs. Taylor, Alldredge and his wife, and Denver Taylor were called to the stand during the course of the night session, along with several character witnesses.

The trial was characterized by repeated verbal clashes between County Attorney Vernon Adcock and District Attorney Stansell Clement for the state and the defense attorneys, George and Clyde Thomas of Big Spring.

Court was recessed for the second time at 11 p.m., to convene again at 9:30 a.m. Thursday.

Members of the jury hearing the case are J. C. O'Brien, F. D. Deatherage, Shelby Howell, Fred Flaniken, Dalton Myers and J. D. McPhaul.

Man Charged In Transportation Of Stolen Car Posts $1,000 Bond

Bond of $1,000 was posted Wednesday afternoon by Joseph Aaron Melot, 26, of Lubbock route 2, on a Dyer act violation charge, the sheriff's department said.

Melot was sent under final commitment to the jail after a hearing before Mrs. Olive Fluke, U. S. commissioner here. The complaint, sworn to by Curtis L. Perryman, resident agent of the FBI, accused Melot of transporting a stolen car from St. Louis, Mo., to Lubbock on Feb. 27.

Word was received here by way of an Associated Press dispatch from Austin that Gov. Beauford H. Jester has granted a conditional pardon to Grisham May, sentenced in 1947 to seven years in the penitentiary for robbery with firearms.

The pardon is subject to a "hold" order from the U. S. marshal at Houston, the dispatch said further.

Burglary of a well house of G. C. Thurman of Ropesville route 1 and theft of two batteries has been reported to the sheriff's department.

Thieves left a path marked with blood when they took 10 hens and roosters Tuesday night from John Knowles, a negro of 2404 East Ave. D, the police were informed.

Knowles valued his property at $20.

A bike valued at $40 was reported stolen from Russell Patterson of 1409 Ave. M.

Mexico City school children are being vaccinated against smallpox.

Defendants In Tallulah Bankhead 'Jingle' Suit To File Answer

NEW YORK, March 16 (INS) — Defendants in the million dollar radio jingle suit were expected today to file an answer shortly to Tallulah Bankhead's charges that she has been humiliated by a singing commercial, plugging a shampoo.

The National Broadcasting company, Columbia Broadcasting system, the Benton & Bowles Advertising agency and Procter & Gamble were named by the husky-voiced, Dixie-born stage and screen star in her suit filed in Manhattan Supreme court.

Her attorney said Miss Bankhead brought the action over the radio jingle, "Tallulah The Tube." "personifying a 'tube' of Prell as Miss Bankhead."

West Claims Red Bloc Secretly Arming Despite Peace Treaties

LONDON, March 16. (AP)—Western powers accused Soviet Russia and three of her satellites today of going back on their commitments.

Britain declared Communist-ruled Bulgaria, Romania and Hungary, now in the Soviet block after wartime partnership with Germany, were secretly rearming—in violation of their peace treaties—with Russia's connivance and support.

The U. S. State department, in a note to Moscow made public today, accused Russia of violating at least six separate promises to return all German war prisoners in Soviet hands by the end of 1948. It renewed a demand that they be turned loose.

After running his car into a ricksha while trying to swat a bee that flew into his auto, Frederick E. Smith, of Pietermaritzburg, South Africa, told the judge: "I am allergic to bees; I've always been afraid of them"—and paid a $4 fine.

Street Naming System Studied

(Continued From Page One)

nue A and College avenue, no changes would be made.

But west of College avenue the streets, mostly named for presidents now, would be re-named alphabetically for cities east of the Mississippi river. The present Washington avenue thus would be renamed "Atlanta;" Adams avenue would be renamed, "Albany;" Jefferson would be named "Baltimore." Continuing this system through the alphabet would take care of street names until the city has expanded approximately 50 blocks—more than four miles—westward from College avenue.

Other Means Proposed

North of First street, thoroughfares would be given the names of colleges and universities. North Second street, for example, would become "Amherst." North Third would become "Alma." North Fourth would become "Baylor." Prevision for orderly naming thus would be made until the city has grown about four miles north of First.

East of Avenue A, trees would supply the names for streets. East Ave. B would become "Ash." East Ave. C would be renamed "Aspen." East Ave. D would become "Birch." And so on through the alphabet.

Provision for orderly street naming thus would be made in every direction of possible growth. Streets in suburban additions could be given names fitting into the pattern when, and if, the growing city should engulf them.

System Believed Ample

If and when the names supplied by these methods should be exhausted—and Lubbock would be a city of 300,000 to 500,000 population if that happened—Clapp suggested counties of Texas or cities west of the Mississippi as two of many sources for new material.

Present at the luncheon, additional to Clapp, were Planning Commission Members J. H. Murdough, J. D. Hassell, jr., W. L. Bradshaw, Homer D. Grant and Chas. A. Guy; Mayor Rodgers and City Commissioners Price, Spikes and Whiteside; City Manager Matthews; City Engineer R. L. Oldham and assistant city engineer J. C. Griggs.

Following the joint session, members of the city commission went immediately to the city hall for a recessed meeting devoted almost entirely to the disposition of routine business.

Proposed Ordinance Tabled

A proposed ordinance which would involve licensing and other severe regulations operating to the advantage of commercial photographers now established in business in Lubbock was tabled without action.

A call was issued for bids to be opened April 14 for salvage rights, including maintenance, at the city dump ground. This was recommended by Gerald E. Jarvis, director of the city-county public health and welfare program.

Also on Jarvis' recommendation, the commission authorized the purchase of three war surplus buildings at the former South Plains Army Air field for $150. Plans are to convert them into a city health center. They are well adapted to that purpose, Jarvis said.

Lease Proposal Rejected

The commission likewise approved the purchase for $3,000 of another SPAAF building which will be moved to Northeast Lubbock for use as headquarters by the State Highway Patrol and Texas Rangers. The city will receive about $200 a month rent for the structure.

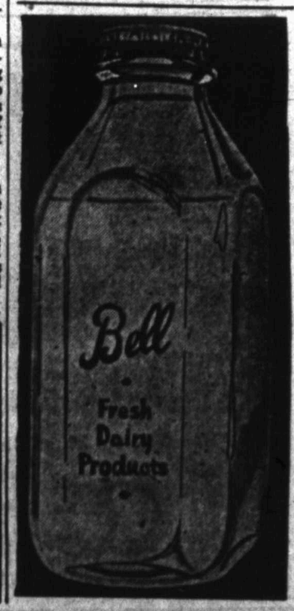

A proposal from the Texas & Pacific Oil and Gas co. to renew a mineral lease expiring April 3 on a city-owned 320-acre tract northeast of the city limits for $15 an acre was rejected. The land is only about a mile from proved oil production. Members of the commission said others will be given opportunity to bid if the mineral rights are leased. But the indications were that the commission will wait awhile to watch developments before doing anything.

Hasle & Green, consulting engineers, were awarded a contract to make contours of 16 sections of city owned suburban land on a bid of $2,320, the lowest of three submitted.

Increases of approximately 8 per cent in pay rolls, amounting to about $535 a month, for the city engineering department were approved for inclusion in the city budget for the fiscal year which starts April 1.

Czechoslovakia has closed 400 of its 2,000 nationalized banks and made their employees "available for production," Prague reports.

ILLEGAL WEIGHING RELATED

Jury To Receive Charge Today In McKinney 'Grain Deal' Trial

McKINNEY, March 16 (AP)—Three days of testimony in the trial of C. K. Denison on charges of illegal grain dealings ended this afternoon. Judge V. M. Johnston said he would have his charge ready for the jury tomorrow morning.

Denison, 32-year-old Colorado native, is the first of 19 men to be tried on charges of illegal grain dealings. He is accused of swindling the Burrus Feed mill here of $171.02 on Oct. 25, 1947, by causing a load of grain to be recorded at 5,030 pounds more than its real weight.

Denison, one of seven defense witnesses today, said that at the time he allegedly tampered with the Burrus mill scales he was playing dice. He testified that the game lasted three or four hours.

Testimony Heard

M. B. (Bully) Jernigan of Bells testified yesterday that he heard Denison agree to place an unlawful weight on the scales used to record the truckload of grain. When the truck was being weighed, Jernigan said, he saw Denison in the scale room. Then, he testified, he saw Denison accept an $85 check.

Denison, testifying in reply today, said he was "shooting dice on a McKinney street" at the time the grain was being weighed. He said Jernigan and a group of McKinney men were in the game.

Jernigan said it was M. A. Hudgeon, Sherman trucker also under indictment, with whom Denison made a deal. Jernigan said he saw Hudgeon give Denison the check.

Denison said Hudgeon gave him the check on a farm near Sherman before they came to McKinney on the day in question. He said Hudgeon asked him to cash the check so he could use the money for a trip to West Texas. Denison said he cashed the check immediately.

Defendant Denies 'Deal'

Denison denied that he made a deal to falsify the weight of the grain.

In reply to a direct question whether he ever put a weight on scales at the Burrus mill, he said, "No, and I never saw anyone else put a weight on the scale."

Denison said he let Jernigan ride back to Sherman with him after the sales ended because Jernigan was "too drunk to drive his own truck."

On Oct. 25, 1947, Denison said, he was driving a truck for Shelton Mitchell of Sherman. Early that morning, he said, he arrived at Mitchell's farm with a load of grain and saw Hudgeon adding to a load of grain already on a truck he drove for Mitchell.

Mitchell and W. M. Odneal, another truck driver, were present when Hudgeon gave him the check, he said. Denison testified that Odneal cashed the check for him after he had cashed it for Hudgeon.

The 19 indictments involve theft of grain and swindling by manipulation of scales during the 1947 harvest season. District Attorney Paul Worden has declined to estimate the total amount of money involved.

William A. Pinkerton, manager of the Edmonson Wheat Growers plant, testified yesterday that on Oct. 24, 1947, he sold Hudgeon 24,080 pounds of Milo maize. W. A. Sorrells, manager of the Burrus mill, said he paid Hudgeons the next day for 29,110 pounds of maize.

A. M. Beadles of Dallas, shop foreman for the Dillon Scale company, testified today that any difference in the weights recorded because of defects in the scales should not have been more than 300 pounds. Normally, he said, the difference would have been a loss rather than a gain.

Grady Jones of Irving, Burrus Feed mills co-ordinator and general superintendent on Oct. 25, 1947, testified he was familiar with the McKinney scales on that date and believed them to be accurate.

Beadles and Jones were the last witnesses called before the state rested its case this morning.

Examinations For U.S. Civil Service Posts Announced Here

The U. S. Civil Service commission has announced examinations for federal positions which include radio engineer, teacher (elementary, secondary, and vocational), and teacher-advisor.

The radio engineer positions are in the Federal Communications commission and are located in Washington, D. C., and throughout the United States, its territories and possessions. Salaries are $2,974 and $3,727 a year. Appropriate college study or technical experience is required.

Starting salaries for teacher positions are $2,498 and $3,351 a year, and for teacher-advisor positions, $2,724 and $2,974 annually. These positions are in the Bureau of Indian Affairs, and are located in various states and in Alaska. No written test is required, but applicants must have had appropriate college education or education and teaching experience.

Applications for the radio engineer posts must be on file not later than April 12. No closing date has been announced for the teacher positions.

Further information on these examinations may be obtained from the commission's Lubbock secretary, Elmer Potts, room 217, Federal building.

Two Lubbock Quartettes Are On Program Of Exchange Club

Two popular Lubbock quartets shared top billing on the Exchange Club program Wednesday. The "Noteables," Dick Richards, J. Ray Dickey, Jim Black and "Tiny" Jones, were in the scheduled spot and the "Plainsmen," on today's Rotary program dropped in to offer a couple of numbers.

Despite an unannounced change in meeting place the club had a good attendance of membership. Because of a style show at the Lubbock Hotel the Exchange group met today in the Hilton.

In addition to the musical entertainment a film, "The Soap Box Derby," was shown. The picture was taken at the national boys' event at Akron, Ohio last year and showed the results of that now famous project.

Charles Cathey presided over the meeting and introduced one new member, Marvin McLarty, and four guests: Travis Shelton, Max Rutledge, Joe Phillips and John Wilson. Wilson made an announcement of the Lubbock Boys' club boxing program which is scheduled for Friday evening. All Exchange club members were invited to attend the show.

Tech Delegates To Attend Textile Meet

The Texas Tech chapter of Phi Psi, national honorary and professional society of textile engineers, is planning to send several delegates to the 1949 national convention to be held at the Biltmore hotel in Atlanta, Ga., May 6-7, according to Prof. L. E. Parsons, head of the textile department.

The chairman of the forthcoming convention is Fred Williams, a former Texas Tech student who is now general superintendent of the Piedmont Cotton mills. Assisting him with the arrangements is Frank B. Williams, jr., president of the Georgia Tech chapter. The Georgia Tech textile department will act as host for the visiting delegates.

Textile Men To Aid

Several outstanding men in the industry will work with Williams to make the convention a success. They include: James I. Teat of Whittier Mills; Alex Fife and W. C. Gibson of Scottsdale Mills; A. Kempton Haynes of Rohm & Haas; George D. Ray of Southern Mills and another Texas Tech graduate, J. W. McCarty, now of Georgia Tech.

Student chapters which will be represented are: Philadelphia Textile institute, New Bedford Textile institute, Lowell Textile institute, Bradford Durfee Technical institute, North Carolina State college, Georgia Institute of Technology, Clemson college, Texas Technological college and the Alabama Polytechnic institute.

Lamesa Man Sentenced To 90-Day Term For Aggravated Assault

LAMESA, March 16 (Special)—Ramsey Westmoreland early today was sentenced to a $1,000 fine and 90 days in jail, after he had been convicted of aggravated assault by a 106th District court jury.

The verdict was returned, and sentence passed, shortly after midnight Tuesday.

The defense at once gave notice of appeal and Westmoreland was released on his own recognizance.

Westmoreland was tried on charges of assaulting J. W. Howell with a knife on Nov. 3, 1948, in East Lamesa.

Judge Louis B. Reed had instructed the jury to return a verdict based on one of four counts: assault with malice, assault without malice, aggravated assault, or simple assault.

Elmo Smith was jury foreman.

Wilson Voters Okay $175,000 School Building Bond Issue

WILSON, March 16 (Special)—A $175,000 bond issue for construction of a new high school building and remodeling of the present combination school plant for a grade school was approved by voters of the Wilson school district in a recent election, Supt. J. P. Hewlett announced today. Vote was 109 for, to 12, against.

Voters also approved the maximum tax rate from $1 to $1.50 per $100 valuation, he stated.

Hopes that the new high school building would be ready for use by the opening of the 1949-50 school year were voiced by Hewlett. A Lubbock architectural firm is drawing up plans now, he said.

The present three-story school is to be remodeled into a two-story structure and modernized throughout, the superintendent said.

BY HOOK OR CROOK

BAIRD, Tex. (AP)—A prisoner in the county jail put a hook on the end of a pole made from broom and mop handles and fished keys out of a drawer in an office adjoining his cell. He unlocked the doors and walked out.

58 Wilson Students Listed On Honor Roll

WILSON, March 16 (Special)—Fifty-eight pupils of the Wilson public schools were listed on the honor roll for the fourth six-week period recently completed, it has been announced by Supt. J. P. Hewlett.

Students making an average grade of 90 or above, by classes, are:

Seniors: Jimmy Coleman, Alton Kelley, Lucille Perkins, Balfa Joy Rector, Patricia Smith.

Juniors: June Covey, Bessie Kindrick.

Sophomores: Willene Klos, Thomas Mason, Margie Owens, Richard Preas.

Freshman: Shirley Bartley.

Eighth grade: Evonne Preston, Nelda Roper, Edwin Foster, Charlene Lackey.

Seventh grade: Onita Ehlers, R. J. Bednarz, Barbara Montgomery.

Sixth grade: Verlene Ehlers, Eileen Maeker, Evelyn Ruth Ginsdorff.

Fifth grade: Jerry Church.

Fourth grade: Mary Lou Lichey, Larry Maeker, Ida Pearl Mason, Patsy Spears, Mary Johnson, Joyce Raymond, Chester Campbell, Eunice Bukemper, Dixie Hewlett, Martha Varee Crooks.

Third grade: Jane Williams, Joyce Church, Waymon Tamplen, Martha Pair, Shirley Campbell, J. L. King, Paul McMillian.

Second grade: Elizabeth Parker, Wayne Harper, Jeanette Schneider, Mary Lou Hagens, Nancy Cook, Willie Pat Baxley, Audry Klaus, Martha Sue Oats, Tommy Galneau, Linda Kay Batsell, Jimmy Blankenship.

First grade: Erva Owens, Helen Crowson, Donald Klaus, Linda Roper, Ross Preas, Jerry Swope, Sue Campbell.

CALF HAS HAIRLIP

WARRENSBURG, Ill. (AP) — A hare-lipped calf was born on the farm of Green V. Creason, near here. According to veterinarian C. A. Lemon, the animal has no difficulty feeding and is exceptionally strong.

Grant Is Named Head Of Journalism Meet

Franklin P. Grant, jr., a senior journalism major from Pyote, was elected student president of the Southwestern Journalism Congress in a special election held at Texas Tech Wednesday.

Clint Formby, student council president, said that around 30 students who are either majoring or minoring in journalism cast ballots. Grant will serve as student president of the tri-state congress that will be held at Tech in April. He takes the place of Ray Cook, a senior journalist, who was elected to the office last year when the congress met in Austin.

Prof. Cecil Horn, head of the Tech journalism department, will serve as president of the congress. Horne said that speakers who were nationally known in journalism were being contacted to take part in the event. The entire program has not been released.

'BOURGEOIS SCIENTISTS' SCORED

Great Strides Claimed Made By Soviets In Atom Research

By HENRY SHAPIRO
United Press Staff Writer

MOSCOW, March 16—A Russian academician said Wednesday in an article on atomic research that Soviet scientists had used all the real achievements of foreign physics and now were able to solve problems beyond the grasp of other scientists.

"Soviet scientists possess all the possibilities and wherewithals to match bourgeois science with their own newest achievements in physics," the academician said.

Anglo-American Monopoly Denied

The assertions were made by M. Mitin in the Literary Gazette. He denounced "Anglo-American reactionaries of science who imagine the study of atomic nucleus is an exclusive monopoly of Anglo-American scientists."

(The Moscow article on atomic power extended slightly but still left obscure the Russian claims to progress in that field. Only last week Prof. Werner Heisenberg, German Nobel prize winner in physics and wartime head of German atomic research, said he was "almost certain" that Russia was making atom bombs at two remote Siberian industrial centers.)

Decisive Step Ahead

"After enriching physics with new researches and using all the real achievements of foreign physics, Soviet scientists are able to solve scientific problems of theory and method on such a high intellectual level as to be inaccessible to the narrow-horizoned bourgeois scientists," Mitin wrote.

He said the Russian scientists, armed with materialistic philosophy and first-class discoveries, "now face the task of making a decisive step forward in the development of physical theory.

"This is necessary for the decisive and grandiose tasks imposed by the construction of Communism in our land."

In that connection Mitin urged the uprooting to the very end of reactionary, idealistic views held by certain Soviet scientists for whom certain western scientists in the field of atomic research "are the highest authorities."

Bill Passed To Allow Alien U.S. Residence

WASHINGTON, March 16 (AP)—Congress has passed a bill to let a Chinese woman scientist stay in this country after being told she knows too much to go back to her Communist-overrun land.

The measure, which is now up to the White House, would grant permanent residence to Dr. Chung Kwai Lui, who first came to the United States in 1936, and has been here since under extensions of her original student's visa.

Doing Secret Work

A graduate of Oregon University, she has been employed as a scientist by the Westinghouse Electric Corp., where, the house judiciary committee said, "she is doing confidential and secret work for the Army and Navy."

The committee reported that a Westinghouse official said she had information "which might be dangerous to the United States should she be forced to divulge it in an unfriendly country, and that he feels that due to the civil war in China it would be unwise to compel her to return to that country at this time."

Dr. Chung, 48, and unmarried, was described as "an exceptional scientist." During the war she worked on the atomic bomb project, among other things.

TALENT CONTEST WINNERS—Sandra Pritchard, left, and Lloyd Thompson, jr., won top honors in last night's "Youth Talent Contest" staged in Lubbock Senior High school auditorium. Both won the right to advance to a regional contest April 1, the winner of which will receive an audition with Horace Heidt, nationally-known conductor of radio's "Youth Opportunity program." The eight-year-old Pritchard girl took first place in last night's contest here with her Jolson-styled singing of "Mammy." Thompson, a clear-voiced tenor, won second with his singing of an Irish ballad, "Mother Machree." (Staff Photos.)

★ ★ ★

Talent Honors Go To Sandra Pritchard For 'Mammy' Song

Sandra Pritchard, an eight-year-old girl who doesn't know the meaning of the term "stage fright," last night took first place in the Junior Chamber of Commerce "Youth Talent Contest" in Lubbock Senior High school auditorium.

A crowd of 350 persons saw 26 entries compete for local honors.

Lloyd Thompson, jr., 19, a tenor, won second place, and with the Pritchard girl is scheduled to compete in a regional contest April 1 at Lamesa.

The top winner at Lamesa will receive an audition for Horace Heidt's "Youth Opportunity Program."

"Mammy" Rendition Wins

Sandra, the youngest of four girl singers in the Pritchard family, walked off with top honors for singing "Mammy" in Al Jolson style, but without the blackface makeup she wore last fall when she appeared in the Lubbock Lions Club Minstrel show here. She is the daughter of Mr. and Mrs. John Pritchard, of 1218 Ave. N, and is a third-grade student in George M. Hunt school. She has had considerable experience on Lubbock amateur talent shows, and had one year of speech study under Mrs. C. M. Kaigler of Lubbock. For last night's song, she was ac-

WELL FLOWS 122 BARRELS

Good Production From Devonian Shown In Andrews County Well

Good flowing production from the Devonian has shown for Frank and George Frankel No. 4-I University, slated Ellenburger exploration on the southeast side of the Fullerton field in Northwest Andrews county.

A two-hour drillstem test in the Devonian at 8,520-8,585 feet had gas to the surface in five minutes and oil in one hour and four minutes. The well flowed at an estimated rate of 122 barrels of oil per hour for the remaining 56 minutes of the test. On last report, it was still flowing out of the drillpipe.

This development, 1,321 feet from north and 330 feet from west lines of section 32, block 13, University survey, was to make a little more hole then drillstem test again.

Lease Acquired

Humble Oil & Refining company has acquired an oil and gas lease on a one-quarter interest in a 370-acre tract in Southwest Scurry county for a cash bonus of $550 per acre cash, plus $2,000 per acre to be paid out of oil, plus attorney's fees of $2,700.

The lease is in section 164, block 97, H&TC survey, and about 14 miles southwest of Snyder. It is in the same section with Humble's No. 1 Bishop, recently completed flowing wildcat discovery from the Canyon lime of the Pennsylvanian.

In the deal Humble secured a lease on the 93.25-acre interest of Lindsay A. Marchbanks, jr., 15-year-old minor son of Lindsay A. Marchbanks, sr., in section 164.

The full 370-acre Marchbanks tract in section 164, block 97, H&TC survey, is owned by Lindsay A. Marchbanks, sr., the minor son and the widowed mother of the elder Marchbanks.

The sale of the lease on the minor's interest was handled in a public auction by the county judge of Scurry county.

Lion Oil company, owner of the remaining three-quarter lease interest in the Marchbanks 370 acres, also entered a bid for the tract, but it was less than the offer made by Humble.

The Humble lease is for three years.

To Be Completed

Texas Pacific Coal & Oil company No. 2-F University, one-quarter of a mile extension to the proven limits for flowing production from the Ellenburger in the Shafter Lake area of North-Central Andrews county, and 1,923 feet from south and 1,983 feet from east lines of section 13, block 13, University survey, has shown that it will be completed as a good oil well from the deep horizon.

It took a drillstem test at 11,745-817 feet in the top of the Ellenburger. Gas showed at the surface in 11 minutes. Fluid appeared at the top in 34 minutes.

The well was flowed to pits for 15 minutes to clean, and was then turned to tanks. In the first 60

Foes Win First Test On Plan

By DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, March 16—A close vote was indicated tonight in the House Education committee as it heard witnesses for and against a proposed law drastically reorganizing state control of the public schools.

Proponents contended the bill creating a central education agency would eliminate confusion and increase efficiency, that it might stall off possible federal control of the state's public schools, that it followed a Democratic process similar to the plan used in local school districts now that elects boards which appoint superintendents.

Jester Attends Hearing

Opponents said it would be un-Democratic in that it was likely there would not be a large turnout of voters in elections for state board members, that it might leave the door open for control of the public school system by special interests, and that the present plan works very well.

Backers of the bill testified during the first three hours of the hearing. Indications were that it would last until long beyond midnight. Among late arrivals and standees in the gallery was Gov. Beauford H. Jester.

Foes of the Gilmer-Aikin school proposals won a preliminary skirmish as the hearing opened.

Big Crowd On Hand

By an 11 to 9 vote they put over a motion to consider one bill at a time instead of all three school reorganization measures that have been approved by the Senate, and tonight faced their first House test.

A late-arriving member who did not vote on that question was for the bill, and indications were the showdown would be close on whether or not to recommend house passage of Senator Jim Taylor's central education agency measure.

More than 3,000 persons including hundreds of schoolteachers in flossy bonnets and their Sunday best jammed the Senate chamber for the hearing. They took every seat, borrowed chairs from nearby offices, sat in the windows and on the floor, and stood in an orderly, packed mass around the walls of the Senate chamber and balcony.

After the early test run of committee strength, Taylor explained his bill. It would reorganize state supervision of the schools, set up a 9-member board of education and do away with the elective office o fstate superintendent of schools.

Under the Taylor bill, the elected board would appoint a state

Lubbock Man To Head Business, Population Survey

Area Census Supervisor Named

L. D. Whiteley of Lubbock has been appointed supervisor of the Lubbock district of the Bureau of the Census.

The appointment, which calls for Whiteley to direct the district's business census this year and its population census in 1950, was made by bureau officials, and was announced Wednesday in Washington by Congressman George H. Mahon of the 19th Texas Congressional district.

To Cover 25 Counties

The population census will cover the 25 counties of the 19th Congressional district, while the business survey will include the entire Congressional district plus a few bordering counties.

Counties in the 19th district, are Andrews, Bailey, Borden, Cochran, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Haskell, Hockley, Howard, Kent, King, Lamb, Lubbock, Lynn, Martin, Mitchell, Scurry, Stonewall, Terry and Yoakum. In 1940, the total population of these counties was 275,339.

Whiteley, manager and partner of Lubbock Nursery, said that he understood his duties in connection with the business census will begin in the immediate future. He will leave active management of his business to associates until the census job is completed.

Was Cancelled In 1944

The business census, usually taken once every five years but cancelled in 1944 because of the war, includes a survey of all wholesale, retail, and service trades, according to Walter L. Kehres, assistant area supervisor for the Bureau of the Census with offices in Fort Worth.

The business census, however, does not include manufacturing concerns, Kehres said.

"The purpose of this census," Kehres explained, "is to supply general business information which businessmen can use in determining trends, employment, and volume of business. It enables each businessman to analyze his own business in comparison with averages of all business in that field."

Information Confidential

Kehres emphasized that all information gathered from any individual business is strictly confidential, and is not available to anyone outside the bureau.

He said the survey will be made in great detail, much along the lines of the better-known population census.

This year marks the first time, Kehres said, that the Census bureau has had a field organization for taking the business census, for this reason the 1949 survey is expected to be the most complete ever taken.

It should be completed, and all its results published, before the end of the calendar year, he added.

Graduate Of Texas Tech

Whiteley, the newly-appointed supervisor for the Lubbock district, is 30 years old and an economics graduate of Texas Technological college. He currently is state vice president of the Texas Junior Chamber of Commerce, and will be a candidate for national Jaycee director from Texas at the March 31 elections at the state convention in Galveston. He is a member of the board of directors of the local Jaycee organization, and has taken a prominent role in its recent activities. He also belongs to the Lubbock Exchange club, but at present is on the club's inactive list.

He was graduated from Kelton High school, Wheeler county, in 1933 at the age of 14. After attending Tech, he entered the U. S. Army Air corps in 1941, later serv-

MOVIE-TV MERGER IS FORESEEN

O'Keefe Sees Great Future For Video Despite Present Faults

By CHOC HUTCHESON
Avalanche Staff Writer

★ ★ ★

Television is coming, and coming fast, says Dennis O'Keefe, but so far it hasn't reached the stage to convince the movie stars that they should dive wholeheartedly into it.

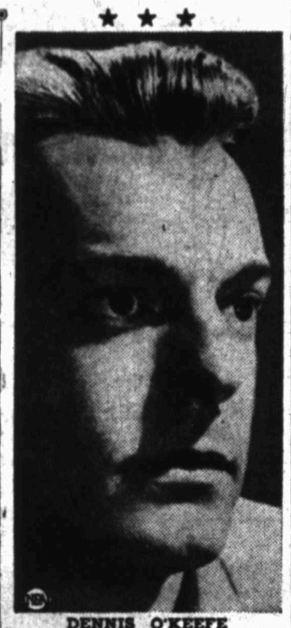

O'Keefe, one of 20 actors aboard the Shamrock Special train which stopped briefly Tuesday night in Lubbock en route from Hollywood to Houston, said he doesn't doubt for a moment that television has a great future.

Video Too Uncertain

But, he quickly added, it's too uncertain right now for established stars to give up well-paying screen careers to take a flyer on TV.

"The big trouble with television at present is that it's making the same mistake sound movies made in their early years," said O'Keefe, who, as a one-time "boy genius," is generally considered one of Hollywood's more intelligent personalities. "Television is in the hands of technicians, and not dramatists, and the technicians are always saying 'You can't do that—it's too difficult.'"

"These technicians," O'Keefe continued, "know plenty about coaxial cables, and three-way plugs, and other technical points. But they simply don't understand the proper way to put across a show that people will like. They hesitate to try anything new and

DENNIS O'KEEFE

methods, in O'Keefe's opinion. The New York TV people, he says,

Live Wire Kills Fort Worth Man

Johnny J. McGowan, 43, of Fort Worth, was killed about 10 a. m. Wednesday when he came in contact with a 60,000 volt electric wire at the Southwestern Public Service company's plant at Tuco, a short distance north of Abernathy.

The victim was an employe of the Fishback-Moore Electric company. He had been employed at the Tuco plant about three months while his company was completing a new addition to the plant building. His home was in Fort Worth, where his wife and two children are living.

Working On Line

It was understood that McGowan was working on an electric line when he came in contact with the highly-charged wire. Rix Funeral home ambulance made an emergency run to the plant, but McGowan had already been pronounced dead by a physician when the ambulance arrived at the scene.

The body was sent to Shannon Funeral home, Fort Worth, by Rix Funeral home last night. Definite funeral arrangements were not known here.

McGowan was a native Texan. He was a member of the Masonic lodge of Dearborn, Mich.

Survivors in addition to the wife include a daughter, Donelee, 14; and a son, Lionel, 13, both of Fort Worth.

Water Project Meet Slated Here Monday

Representatives of 11 towns in the immediate Lubbock area were asked in invitations mailed Wednesday to send representatives to a meeting in the Lubbock city hall at 1:30 p.m. Monday for further discussions of proposed water developments on the Canadian river.

Towns on the invitation list are Plainview, Levelland, Floydada, Dimmit, Slaton, Brownfield, Tahoka, Post, Lamesa, O'Donnell and Littlefield.

Lubbock City Manager Steve Matthews is calling the meeting at the request of Harry T. Burleigh, of Austin, chief engineer for Texas of the U. S. Reclamation service.

Burleigh advised R. L. Oldham, Lubbock city engineer, that he expects to have more definite information than has been available previously as to the probable cost of supplying water to the towns on the list via pipeline from a Canadian river reservoir. The nature of the information being compiled was not disclosed.

The meeting will be held in the city hall council chamber and will not be preceded by a luncheon, Matthews said.

Fire Chief Issues Warning On Dangers Of Trash Fires In City; Caution Is Urged

Control that urge!

With spring at hand and people's fancies turning to thoughts of yard and trash cleanups, a warning from the local fire department is in order.

Last year, the Lubbock fire department was called to a total of 581 fires, a great part of which occurred in the spring and fall when "cleanup fever" is in its most contagious stages.

Fire Danger Cited

These seasonal cleanups apparently are not completely fulfilled without a fire, and local residents all too frequently touch a match to their trash piles without first having taken weather conditions into consideration or made advance preparations.

Fire Chief W. E. Twitty stresses especially this matter of preliminary preparation. "We know that regardless of the ordinance prohibiting fires there are going to be trash fires," he said, and advised Lubbockites to take these precautions:

First, trash should be kept until weather conditions are favorable, and should never be burned when winds are high.

Second, choose a spot to burn trash that will not cause the fire to spread and destroy property. This spot should be free of dead weeds and grass and should be accessible by water hose in the event that the fire does get out of hand. Never should trash be burned near fences, garages, or houses.

Preparations Are Necessary

Third, adequate preparations should be made before the trash is fired. A water hose should be accessible to keep fire from spreading. Garden tools, too should be at hand to fight flames if they start to spread.

To summarize, Chief Twitty said, "Think about the fire awhile before you start it."

Choosing a quiet day is especially important for burning paper, Chief Twitty said, since paper has a tendency to catch fire and then blow away while still aflame.

Should Watch Fire

One of Chief Twitty's most important suggestions is that a person should never begin a fire if he does not have time to watch it until the trash is completely consumed. He cited several examples of costly local fires which started as small trash fires and got out of hand after persons who ignited the trash piles either grew tired of watching over the fires or were called to other duties. Better to extinguish a burning trash pile and finish it later than to neglect it and risk costly property damage, Chief Twitty said.

People residing in outlying sections of Lubbock should be especially careful in starting fires, the fire chief said, since they may be as far as three or four miles from the fire department. In case a fire should get out of hand in a suburban area, it could do extensive damage before fire fighting equipment could reach the scene.

Lubbock Couple Attends Rites For Two Of Family In Boyd

Mr. and Mrs. Harold Munn, of 2604 Thirty-third, earlier this week attended funeral services at Boyd for Mr. Munn's brother, Bryan Munn, 49, and their father, W. E. Munn, 72, both long-time residents at Boyd.

The father died Monday in a Fort Worth hospital, following a slight stroke and a severe heart attack. The brother died Saturday in an Electra hospital after suffering a severe stroke.

Funeral services for the brother were conducted Monday in the Methodist church at Boyd. Services for the elder Mr. Munn were held Tuesday in the Boyd Baptist church.

Burial for both was in the cemetery at Boyd, where their wife and mother was interred last August.

Survivors of the elder Mr. Munn include a daughter, Miss Ina Mae Munn of Boyd; and five sons, Harold Munn of Lubbock, Raymond Munn of New York City, Arlie Munn of Bridgeport, and Paul Munn and Silas Munn, both of Boyd.

The younger Munn, in addition to the sister and brothers, is survived by his wife and one son, Donald Munn of Boyd.

Mrs. Harold Munn returned to Lubbock Tuesday night. Mr. Munn will return here today.

Thieves stole 312 alarm clocks from a freight car at Alexandria, Scotland.

Rites Planned Today For S. A. Richmond

Last rites will be held today for S. A. Richmond, 93, former Lubbock resident who died at 7 a. m. Tuesday in the home of his daughter, Mrs. W. O. Tubbs of Dallas, with whom he made his home.

Dr. J. Ralph Grant, pastor of the First Baptist church, will officiate. Services will be held at 2 p. m. in Sanders Funeral Home chapel. Burial will follow in Lubbock cemetery under direction of Sanders Funeral home.

The body is to arrive in Lubbock this morning.

Mr. Richmond was born July 24, 1855, while his parents were en route with a wagon train from Virginia to Texas. The site of his birth was Richmond, Ark., which was named for his father.

The family continued on to Texas two weeks later and located in Stonewall county. He was married to the late Sarah Elizabeth Burton, who died during the 1918 influenza epidemic.

Mr. and Mrs. Richmond moved to Lubbock in 1900. He acquired 400 acres north of the city, donating the land for the railroad "Y" there.

He moved to Dallas in 1919 and made his home with Mrs. Tubbs, his daughter, during the remainder of his life.

Mr. Richmond was a member of the First Baptist church and of the Masonic Lodge of San Angelo.

Survivors in addition to his daughter include one niece, Mrs. Bob Crump of Shallowater; a grandson, Solon Tubbs of Dallas; a granddaughter, Mrs. R. F. Rayburn of Joinerville; five great-granddaughters and one great-great-granddaughter.

Pallbearers will be Roscoe Clark, Jack Boren, C. A. Tubbs, Fenner Tubbs, Frank Revier, jr., and Paul Revier.

Army Reserve Officers Needed For Special Training Courses

Eight Army reserve officers of company grade are desired for active duty training for periods of 60 to 90 days, Major James Samsel, unit instructor of the organized reserves, announced Wednesday.

Six field artillery officers of company grade are desired for 60 days training with ROTC summer camp at Fort Sill, Okla., beginning about June 15.

Two reserve officers, preferably in grade of captain, are desired for 90 days training to assume duties of mess officer and supply officer for the ROTC summer camp at Fort Bliss, beginning about May 15.

Interested qualified reserve officers may obtain additional information on this training at the instructor's in the basement of the Lubbock county courthouse. Final selections will be made by Fourth Army headquarters.

That's the dial tone. Be sure you always listen for it before you begin to dial.

Tech Band Group To Make Concert Tour

Eighty members of the Texas Tech spring band will make a three day tour through five West Texas and New Mexico cities beginning Tuesday.

Prof. D. O. Wiley, director of the band, said that it would play from two to three concerts daily on the trip. Stops are planned in Big Spring, Midland, Odessa, Kermit and Jal, New Mexico.

Air Force Reserve Squadron To Meet In Special Session

Members of the 707th bomb squadron, West Texas Air Force Reserve unit, will meet in a special called session at 7:30 o'clock tonight in Building 62, Lubbock Air Force base, to meet their new instructor and get a new flying and training program underway.

The Auxiliary will meet at the same time in the Squadron club.

Three airplanes have been returned here and will be available for flying daily, beginning today, according to Capt. C. E. Jennings, assistant operating officer.

CRIME EXPENSIVE

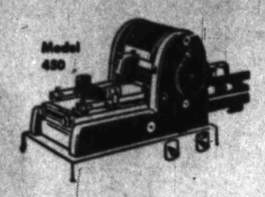

SAN FRANCISCO (AP) — The cost of crime in California runs to nearly $50,000,000 per year, the district attorney of San Francisco reported. He said the cost to San Francisco alone is some $8,000,000 a year, $2,000,000 of which is earmarked for the juvenile department.

EQUATOR 'ENERGY' TESTS MADE

Apparently Aimless Naval Cruise Supplies New Cosmic Ray Data

(EDITOR'S NOTE: A Navy carrier sailed into the Caribbean recently on a "hush-hush" scientific mission for new data on cosmic rays—with a power potential which physicists say will dwarf that of nuclear energy. In the following article, third of a series on these mysterious rays which ceaselessly bombard the world, Professor Marcel Schein of the University of Chicago tells the story of that seemingly aimless voyage off the coast of Cuba.)

* * *

By PROFESSOR MARCEL SCHEIN
University of Chicago Physicist
(As told to Robert N. Schwartz, INS Staff Correspondent. World copyright, 1949, by INS. Reproduction in whole or in part strictly forbidden.)

CHICAGO, March 16—A Navy aircraft carrier wandered leisurely about in the blue waters of the Caribbean off the coast of Cuba on a strange expedition last month.

It cut an apparently aimless path, but in reality it had been carefully and meticulously charted by physicists who spent long hours over maps and charts.

It was anything but a leisurely cruise, as a look at the deck would have told anyone. Principal cargo of the huge ship was six great plastic balloons made by a Minneapolis firm.

Balloons Aid Research

Those balloons were vitally important tools in the study of cosmic rays — a mighty potential source of energy which may one day dwarf atomic power.

In the gaily painted yellow gondolas that dangled from the balloons was valuable scientific equipment to record the presence of cosmic radiation, mark its strength and note its behavior.

The Navy and the scientists took no chances on losing that equipment—and knowledge.

Pursuit planes were held in readiness to track the balloons as they began their descent toward earth. A fast destroyer was assigned to recover the gondolas and their precious equipment.

This use of large plastic balloons near the equator is new, but physicists at the University of Chicago have been working with balloons in cosmic ray research for more than 10 years.

Most of the balloon work at Chicago has been confined to the campus and to occasional sorties into Minnesota. In those areas assurance that the equipment will be recovered after having been sent aloft is almost certain.

In fact, only one cluster of balloons was lost at Chicago this year of the hundreds sent up—and that because we did not heed the advice of our meteorologist that the wind was likely to shift out toward Lake Michigan. It did.

Navy Aids Scientists

Physicists have been anxious to make balloon tests near the equator for some time, but until the Navy made an aircraft carrier available for the recent tests, there was no practical way to recover balloons in that area.

The earth, you see, is surrounded by a magnetic field thicker at the equator than it is at the poles. Particles of matter zooming earthward from somewhere in outer space are deflected and bent by this magnetic field.

To accurately correlate the information about primary cosmic rays, scientists had to test their concepts of the behavior of this radiation against the reality of what they found at the equator.

* * *

(TOMORROW: How the pursuit of knowledge about cosmic rays is pushed in specially-stripped pressurized B-29s that rise to heights of 40,000 feet).

India's Madras Government has named a Prohibition Committee to find employment for some 4,400 toddy tappers thrown out of their jobs by prohibition.

New Deal Class To Present Play Tonight

The Junior class of New Deal High school will present its annual class play at 7:45 o'clock tonight in the school auditorium at Monroe.

This year's play is "Look Me In The Eye," a three-act play which deals with hypnosis. Directors are Floyd Sumrow, English teacher in the high school and Toby Wagner, school principal.

Members of the class who are cast in roles in the play include Raynell Agnew, LaRuth Faubion, Leonard Harris, Sue Benningfield, J. R. Landry, Floy Mae Teeter, Kathleen Atterbury, Chick Holbert, Alton Abbe, Freddy Harkey, Murle Billingsley, and Jimmy Lilly.

Members of the Senior class of the high school comprise the programs and ushers committees. On the programs committee are Bobbie Young, Marjorie Snider, Mary Belle Rowell, and Marie Wales. Ushers will be Paul Crosnoe, Bob Beaver, Herbert Holbert, and Perry Looney.

Admission will be 15 cents for grade school students, 25 cents for high school students, and 50 cents for adults.

Tech Informed Of Cartoon Strip On Cotton Textiles

The National Textile information service of New York City is making an educational cartoon strip on the history of cotton textiles available to college and high school newspapers in textile manufacturing areas, according to Prof. L. E. Parsons, head of the Texas Tech Textile engineering department.

The strip which is drawn by Andrew Petersen is presented in 23 installments. It shows the beginning of the industry and traces its growth down to the modern day mill. It was designed originally for textile mill publications.

Organization Meet Of Former ACC Students Planned Here

An organization meeting of ex-students of Abilene Christian college will be held at 7:30 o'clock Friday night in the Junior ballroom of Hotel Lubbock.

Charles Damron, executive secretary of the ACC Development fund, is to be principal speaker.

In addition to the business session, varied entertainment and serving of refreshments is scheduled.

All former ACC students now residing in the South Plains-Panhandle area are invited to attend.

TEXAS LADY LOSES 47 POUNDS

The following remarkable story shows conclusively that Barcentrate DOES take off fat.

It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcentrate, the original grapefruit juice recipe, takes off fat quickly, safely and you eat plenty.

Here is proof

Here is what Mrs. H. P. Bishop, Route 2, Stamford, Texas, wrote us:

"I am very glad to endorse Barcentrate, so please accept my sincere thanks and appreciation for the great benefit I derived from its use. I not only lost weight, but also looked and felt better in every way.

"I had to have a very serious operation and was told that I must lose a lot of weight before the operation could be performed. I went on a diet and tried very hard to reduce, but wasn't losing much weight until I heard of Barcentrate. I began taking it and could soon tell the difference in the way I felt and the weight I was losing. I weighed 200 pounds when I started and I lost a total of 47 pounds and was able to undergo my operation. I can truthfully recommend it to others, since it did so much for me."

At all druggists

If you are overweight and want to take off ugly fat, just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. If the very first bottle doesn't show you the simple, safe way to take off weight, return the empty bottle for your money back.

FIVE HUNGARIANS ARE BARRED BY U.S.

22 Delegates From Russia, Satellite Nations Admitted To U.S. For New York 'Peace' Meet

WASHINGTON, March 16 (AP)—The State department today reluctantly granted permission for 22 delegates from Russia and Soviet bloc countries to attend a "peace" conference in New York.

At the same time, the department charged that Communists plan to "use" the conference for propaganda.

Dmitri Shostakovich, Russian composer, was among those cleared for entry.

The Russians, however, were denied special diplomatic visas which their government sought for them.

Hungarians Barred

Five Hungarians who asked to attend were ordered barred, however, because of Hungary's recent expulsion of Minister Selden Chapin and other American diplomats.

The State department declared that none of the delegates from Communist-run eastern Europe will be "free to express any view other than that dictated by political authorities in Moscow."

A formal statement by the department said the entry permits were granted only because of this government's "unswerving devotion to freedom of information and free speech on any issue, however controversial it may be."

Atlantic Pact Attack Seen

Assistant Secretary George V. Allen told reporters the conference will be used as a forum to attack the new Atlantic security agreement on the eve of its signing by the western countries.

The conference was arranged by the National Council for the Arts, Sciences and Professions.

It is due to open March 25.

A House Un-American Activities committee spokesman said the New York conference will be under "constant committee surveillance." The committee now is scanning a list of potential foreign delegates, this source said, "and a preliminary check shows that many of them are Communists or have strong Communist affiliations."

Ford Draws 60-Day Jail Term On Los Angeles Dope Case

LOS ANGELES, March 16 (INS)—Robin Ford, last of the all-star quartet of defendants in the Robert Mitchum marijuana case to face the judge, drew a 60-day jail term today.

Convicted on a charge of conspiracy to possess marijuana, Ford was sentenced by superior Judge Clement D. Nye to serve a year in the Los Angeles county jail. The jurist suspended the sentence, placed Ford on probation for two years and ordered him to spend the first 60 days of the sentence behind bars.

Both Mitchum and starlet Lila Leeds drew the same sentence when they appeared in court last month. The fourth defendant, dancer Vicki Evans, was found not guilty.

Sabotage Evidence Sought In Pier Fire

OAKLAND, Cal., March 16 (U.P.) Evidence of sabotage was sought today in the embers of a $1,000,000 fire that destroyed a huge dock warehouse at the Oakland Army base.

FBI agents and Army officers sought to determine whether the fire was caused by arson. The flames consumed supplies of every description destined for Japan and Okinawa. The supplies included barrels of oil, auto parts and tires.

The fire broke out shortly after midnight yesterday and raged for more than three hours.

Harry S. Thompson, 61, Berkeley, Cal., was cleared of suspicion after intensive questioning. He was found sleeping near the debris and in his possession were newspaper clippings telling of recent fires here.

Thompson told questioners he "just loved fires." He said he was burned out of his home in Waukegan, Ill., and had gone through the 1906 earthquake and fire in San Francisco. He said he was particularly interested in yesterday's fire because he worked at the base for five years.

Veterans' Association Opposes Cut In VA Hospital Facilities

Disabled veterans in the Lubbock county area have been asked to participate in a national effort to prevent a reduction in the number of Veterans Administration hospital facilities, Carl M. Smith, DAV Chapter 44 commander announced Wednseday.

General Jonthan M. Wainwright, national commander of the Disabled American Veterans, has pointed out in a letter to Smith that a recent VA executive order has cancelled the building of 24 news hospitals and plans a reduction of 14 others. Wainwright says this would mean a decrease of 16,000 beds available to needy veterans.

The General also took a slap at the Hoover commission recommendation that the VA hospitals be merged with other agencies. He sees total destruction of the VA program if such a step is undertaken.

Smith said that General Wainwight's letter was very urgent in its request for local chapters to exert pressure to have the full hospital program restored. Smith said that such urgency was obvious in view of the fact that facilities were inadequate even before the proposed cuts.

Navy Abandons Mass Search For Jet Plane Lost On Test Flight

WASHINGTON, March 16. (AP) The Navy said Wednesday the mass search for a missing high speed jet fighter has been called off.

Individual planes and surface craft, however, are continuing the hunt in the Chesapeake bay area where the plane is believed to have crashed on a test flight Monday over southern Maryland.

12 PLAY DAY EVENTS SLATED

Spring Recreation Program At Elementary Schools Is Opened

A spring recreation program for Lubbocks 13 elementary schools started Wednesday when the first of 12 preliminary play days was held at East Broadway school. Marlin Hayhurst, coordinator of health and physical education, is in charge of the spring program which will include softball competition as well as play day activities for all students in grades four, five and six.

Scheduled games between two conferences, north and south, began Monday and will continue through May 13. Schools in the north conference, with their coaches, include: McWhorter, R. B. Durham; Central Ward, Clyde Gee; K. Carter, George Mills; Guadalupe, R. P. Swofford, George M. Hunt; Filmore Hendrix; Sanders, Miss Grace North; and East Broadway, W. E. Lowrance.

12 Play Days Planned

In the south conference are: Overton, Howard Price; Roscoe Wilson, Milton Greer; P. F. Brown, W. F. Latta; Dupre, Mrs. F. Eric Ming; George R. Bean, A. H. Smith and Chris Harwell, Max Walthall.

For play day activities the elementary schools are divided into four quadrants, Hayhurst said. They are: First quadrant, Harwell, Bean, and Hunt; second quadrant, East Broadway, Sanders, Guadalupe and K. Carter; third quadrant, Brown, Wilson and Overton; fourth quadrant, Dupre, Cottage, McWhorter and Central Ward.

Twelve preliminary play days will be held for students in grades four, five and six, and each preliminary event will take approximately two hours. Activities include, for girls: over and under relays, tug of war, rope skipping, volley ball, shuttle races and 25 yard dash.

For the boys, activities are: baseball, relay, tug of war, softball throw, shuttle relays, chinning the bar and 25 and 50 yard dashes. The final play day for all elementary students is scheduled on April 14 at Chapman Field, Hayhurst said.

Youth Committee To Be Organized Here

A meeting for the purpose of organizing a permanent county committee under the Texas Committee for Children and Youth is to be held at 9:30 o'clock this morning in the offices of County Judge Walter Davies, according to announcement by Mrs. H. F. Godeke, newly-appointed chairman of the county organization.

Mrs. Godeke said Wednesday that the county committee will work with the state organization in obtaining information to be used in planning for the White House Children and Youth conference which is to be held in 1950.

Data to be obtained will include child care and protection, education, health, handicapped children, housing, library service, recreation, and religion.

Mrs. Godeke's recent appointment was made by Mrs. George H. Abbott of Dallas, state chairman, and the executive committee of the Texas Committee of Children and Youth.

Sentence Reversed In Lubbock Trial

A five-year sentence assessed Sept. 25, 1948, against Brewster E. Dillard, convicted by a jury verdict of murder with malice in the Oct. 31, 1947, shooting of Garlon Weaver, was reversed and remanded by the court of criminal appeal, it was announced by the Associated Press Wednesday from Austin.

The action was tried in the 99th district court of Lubbock county.

Dillard, who entered into $5,000 recognizance with the court pending outcome of his appeal, was represented by Burton, S. Burks and J. E. Vickers, Lubbock attorneys.

The appeal was presented upon oral argument of the appellant March 2. Burks went to Austin to argue the case.

The appeal brief presented nine assignments of error, several of which were directed at the summation of two special prosecutors, Victor H. Lindsey and L. A. Howard, and of District Attorney Lloyd Croslin. Another assignment criticized evidence of the prosecution anent a "remote" conviction of the defendant in a case not of similar nature.

The legal point or points, however, upon which the case turned will not be known definitely until a copy of the appeal court's opinion is received here, possibly today.

Youth.

Among those who have been asked to attend this morning's meeting are Judge Davies, County Superintendent Roy Boyd, and John W. Wilson, as well as representatives of the Salvation Army, the City-County Welfare organization, and the health department.

IN CAPSULE FORM

News Briefs

Prof. L. E. Parsons, head of the Texas Tech textile engineering department, will leave Friday for Charlottesville, Va., where he will attend the spring semi-annual meeting of the National Council of the Textile school deans. Parsons is immediate past president of the organization.

Recruit Charles M. Jones, son of Mrs. C. M. Jones of Route 1, has been assigned to duty as surgical technician with the 537th medical general dispensary in Luzon, P. I. Rct. Jones completed medical field service school at Fort Sam Houston, Tex. before being sent overseas in January. He is a former student at Matador High school and was employed by the Avinger Lumber company of Lubbock.

Movie-TV Merger

(Continued From Page One)

different. Instead, they try to put on practically every show in the same manner. As a result, many television shows — even those starring capable personalities—fall flat."

New York's television is far ahead of current Hollywood video are now presenting plays which have much the same appearance as a movie—complete with fade-outs, closeups, and other movie camera techniques.

"Technically, television has come a long way," O'Keefe said, "but it still needs improvement. Television images frequently are badly blurred, and it's often impossible to distinguish objects pictured at long range. Of course, these difficulties will be straightened out in due time, and I think eventually TV and the movies will be working hand in hand. I don't think the two will ever be breached by the gap that has separated the movies and radio."

O'Keefe hesitated to forecast a date as to when such a movie-video merger would come.

Favors Western Roles

"There might be some radical new development tomorrow, for instance, that could speed up the process," he said. "You never can tell what's coming next. But I definitely think that the two will get together some day. Once television is put on a national scale, the variety acts now being used on TV won't hold up. When a TV audience has seen a juggler, for example, they've seen him — and he's 'dead' insofar as entertainment value goes. Once television goes all over the country simultaneously, it will have to turn to dramatics or else all the talent soon will be exhausted."

As for his own career, O'Keefe said he hopes to do a few Western pictures in the near future, rather than the documentary type films, such as "T-Men," which have returned him to popularity during the last two years.

"I'm afraid sudio officials are overdoing this documentary film business," he explained. "For that reason, I've turned down two recent scripts for that type picture. I think 'Red River' proved that the public wants first-rate Westerns. People still want the mangets-girl routine in their movies, too. That's one big weakness of the documentary film — the U. S. government is always the leading lady, which means that there isn't enough romance to suit many movie-goers."

Thord Dockray Named President Of Presbyterian Men's Group

Thord Dockray was elected president of Men of the Church at a dinner meeting in First Presbyterian church last night. He succeeds Lt. T. N. Mallard.

Other officers chosen were Don King, vice-president, succeeding John Penick, Ed Hambright and Seth Bertram; R. K. Harty, secretary, succeeding Elmer Haass; and Ben White, treasurer, succeeding A. B. Hunt. They will take office April 1. The single vice-president is a new procedure.

Rev. Fred McPherson, reserve Army chaplain, was guest speaker, discussing Army day, to be observed April 6. Dinner was served to 35 members by the Women of the Church.

Koreans Seize Soviet Weapons

SEOUL, March 16. (AP)—Korean Prime Minister Lee Bum Suk said today Soviet machineguns have been captured from Communist guerrillas on Cheju island.

The Prime minister made the statement at a news conference. He returned yesterday from the big island off the infant republic's southern coast. Guerrilla forces for the past year have been resisting authority of the South Korean government, which is American supported.

Ship Is Sighted

Lee said a 2,000-ton ship flying the Communist - controlled North Korean flag had been seen off Cheju eight days before he arrived. He said the ship's blinker signals were answered from the mountains where an estimated 500 rebels still hold out.

The prime minister was asked whether that was evidence that the guerrillas were receiving aid from the outside. Lee aswered:

"The capture of Soviet machineguns is one proof.".

He said also a submarine had been seen near Cheju two or three days ago.

Lee said Korean republican troops and police are engaged in a drive he believes will clean out the island rebels by the end of this month.

Cheju authorities have been promised food and clothing for islanders left destitute by the prolonged warfare. A Cheju delegation reported here yesterday that 15,000 persons had been killed and 65,000 made homeless in the year's fighting.

Andrews Producer

(Continued From Page One)

minutes of flowing to storage the well made 60 barrels of oil and in the second 60 minutes produced 53 barrels of oil.

Gravity of the petroleum was 53 degrees. Gas-oil ratio was 149-1. Operator was pulling the testing tool at last report.

The project probably will be drilled deeper into the producing formation.

Hearing On Bill

(Continued From Page One)

commissioner of education, who then would employ professional aid in a State Department of education. Opponents of the bill have attacked this as an un-Democratic process.

Taylor, explaining the bill, said he would be agreeable to increasing the size of the board to 15 or even 21 members. He said the process of electing a board which would then appoint a professional executive to direct public school affairs for the state was just like the method used in local school districts.

Several committee members questioned the need for making the state superintendent an appointive instead of elective officer.

The committee allotted one hour to each side on each of the three bills, aside from the time spent answering questions. This indicated the hearing probably would last until the wee hours of the morning before action could be taken.

Joe Humphrey of Abilene, president of the Texas State Teachers association, championed the idea of electing a state board and letting it appoint the commissioner of education.

Talent Contest

(Continued From Page One)

companied by Lawrence Ivy at the piano.

Thompson, the runner-up, won with his rendition of an appropriate St. Patrick's eve song, "Mother Machree." He showed a remarkable tenor voice, although he has never taken professional voice lessons. A member of the choir of the First Methodist church, he has had training under Mrs. R. O. Short, choir director. He is the son of Mr. and Mrs. Lloyd Thompson, sr., of 2823 North Third, and was graduated from Lubbock High school in 1947. He later attended Texas Tech for one semester.

John L. Zimmerman, 18-year-old bass singer, was third place winner with his presentation of "Old Man River." He will be first alternate for the Lamesa contest, and will compete there should either of Lubbock's two top winners be unable to do so. He resides at 2311 Sixth.

Packard Motor Firm Reports Top Year

DETROIT, March 16 (INS) — The Packard Motor Car company today announced its net earnings for the last year went slightly over 15 million dollars, making 1948 "the most successful year in Packard history."

Packard President George T. Christopher said the earnings were equal to a little over one dollar a share on 15 million shares of common outstanding stock.

Christopher added "the company entered 1949 — Packard's golden anniversary year — in the best financial condition in its long history."

In 1947, the company's net income was $1,100,691, or seven cents per share.

Census Supervisor

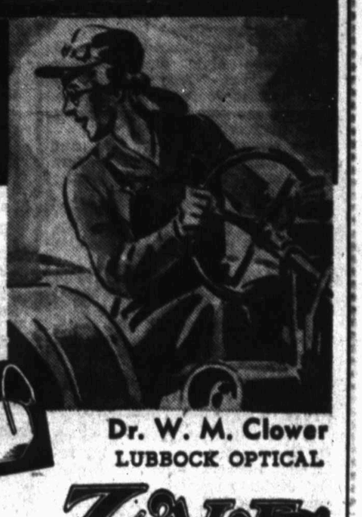

(Continued From Page One)

ing as a B-17 bomber pilot in the Asiatic-Pacific theater. He made 56 combat missions, all in the Solomons islands campaign. His military awards included the Distinguished Flying cross, Air medal, Presidential Unit citation, and seven battle stars. During the latter part of the war, he was an Air Transport command pilot flying litter patients from the Okinawa-Philippines area to hospitals in the United States.

He held the rank of major when discharged from active service in 1946, and is now a member of the Officers Reserve corps.

Whiteley is married and has a two-year-old daughter. His wife is the former Doris Peavy of Slaton. The family resides at 406 N. College avenue.

MEET THE MANAGERS OF THE *Newest and Most Complete* JEWELRY DEPARTMENT in Lubbock, to be located in the NEW LUGGAGE SHOP which will open shortly at the New Masonic Lodge Building, 1110 Ave. K.

SAM SOLTNOFF

BILL KUHN

These two popular experienced local men are well known in jewelry circles, having for years been associated with a local store as manager and assistant manager. They are anxious to again meet their old friends and customers and serve them. I personally have picked these men and I trust that my confidence will be substantiated by your support and patronage—our store policy is that of courtesy, trust and values.

You are cordially invited to attend our Grand Opening which will be announced soon. Come in and browse around among beautiful distinctive nationally advertised jewelry and gift items such as:

- Southern California Pottery
- Flintridge China
- Haeger Pottery Lamps
- All Popular Patterns of Silverplate

• BULOVA • ELGIN • GRUEN • BENRUS • MIDO WATCHES

The most complete line of the latest styles of fine Masonic rings and jewelry

The Famous Art-Carved Diamond Rings and Wedding Bands

I am proud to announce this outstanding addition to my luggage shop.

Meyer Harris
OWNER LUGGAGE SHOP

Here are America's Greatest Washer Buys

And now you can start enjoying a Maytag right away!

All models slightly higher with discharge pump.

DID YOU KNOW that you can get a genuine Maytag for as low as $134.95—scarcely more than for the very lowest-priced washer?

AND DID YOU KNOW that Maytag prices have increased far less that those of washers in general? In fact, Maytag's percentage of increase is less than half as much as the average—comparing all today's washer prices with those of all washers in 1941. Yes, Maytag is your best buy. Easy to pay for too—with a small down-payment and convenient monthly terms.

YOU CERTAINLY KNOW Maytag's reputation for quality and all-around excellence . . . the extra-fast, extra-efficient washing performance . . . the rugged dependability that's built into every part. These are some of the reasons for its being the world's most popular washer. Over five million Maytags have been sold—far more than any other make.

AND YOU DON'T HAVE TO WAIT ANY LONGER to start enjoying Maytag's advantages. See your most conveniently located Maytag dealer, whose name is below, today. If, because of Maytag's great popularity, he can't deliver the model you want immediately, ask about a "loaner" through his Maytag Accommodation Plan. This is for your convenience, easing your laundry problem till your new Maytag can be delivered.

Be sure of earliest possible delivery by talking to your most conveniently located dealer right away.

DON'T DELAY—SEE YOUR LOCAL Maytag DEALER IMMEDIATELY!

ORDER NOW FOR JUNE DELIVERY!

S E. CONE CONTRIBUTES TO FUND

Palsy Clinic Building Fund Is Boosted By Check For $20,000

Presentation of a $20,000 check by S. E. Cone to the Cerebral Palsy clinic building fund highlighted Wednesday's weekly Rotary club luncheon in the Hilton hotel.

The contribution marked the beginning of the club's campaign for funds for the clinic building.

Cone presented the check to Bob Fuller, chairman of the clinic's financial committee, in an informal ceremony immediately after the luncheon, after the gift had been announced during the program.

Drive Is Scheduled

A drive to raise additional funds for construction of the building will begin next week.

Featured speaker on the luncheon program was J. B. Lyn, ranch and farm editor for radio station KGNC of Amarillo.

Lynn warmly praised Lubbock's progressive civic and business spirit, stating, "Even those of us who root most for Amarillo appreciate the things you are doing here in Lubbock."

He remarked, "Why, you can leave Lubbock for just a few days, and get behind on what's happening here."

At the close of his address, Lynn urged future cooperation between the two Plains-Panhandle cities.

"A lot of the energy devoted to competition between Lubbock and Amarillo might best be used in active cooperation," he said.

A feature of his talk was a humorous dissertation on men's clothing styles contending that today's men's fashions are badly outmoded and impractical. He traced the origin of several obviously impractical features of today's styles, such as the notch in coat lapels, coat sleeve buttons, and lengthy shirt tails.

Lynn was introduded by Jack Stone.

"The Plainsmen," local barber shop quartet, appeared briefly on behalf of Saturday night's "Parade of Quartets" in Lubbock Senior High school auditorium.

Visiting Rotarians at the luncheon included Fred McDonald of Ralls, Bob Mansfield of Dallas, and Tom Shelby of Austin. Shelby was given an award as the visitor from the greatest distance from Lubbock.

Jury Returns Answers To Special Issues In Debt Suit Filed Here

A 99th district jury of which D. D. Webster was foreman, returned answers about 8:30 p.m. last night to special issues in the debt suit of Bill Crawford against M. E. Tew.

Based on the answers returned by the jury, it was indicated that both plaintiff and defense would move for judgment, L. A. Howard, attorney for the defense, said. The suit involved a cross-action, it was said. Edward Napier was attorney for the plaintiff.

The jury, in addition to Webster, was composed of M. B. Bird, R. E. Harvey, L. O. Reynolds, Fred Smith, E. A. Wossum, Rufus Avirett, R. V. Ater, T. W. Solley, Chester Gilmore, E. A. Eden and Thomas Ward.

Prohibition Party Maps Election Plans

DALLAS, March 16 (AP)—The state executive committee of the Prohibition party today announced plans to present a full slate of candidates for the next election, with special attention to the legislative race.

Meeting in Dallas yesterday, the executive committee also moved to complete organization of the group by making appointments to the committee from each senatorial district.

Gerald Overholt, committee chairman, said the Prohibitionists entered only a partial slate of candidates in last year's election but said they outran the Progressive party in every race they entered except two.

Louisiana Oil Field Employs 'Practical Conservation' Measure

BATON ROUGE, La., March 16. (AP)—A "practical conservation" practice is saving Louisiana's faltering Longville oil field.

State Conservation Commissioner S. L. Digby reported Tuesday 5,000 barrels of water are being swapped each day for 1,800 barrels of oil.

He said the "water injection" program in Beauregard parish has been in operation for four months and has proved "unusually successful."

He said the process had halted a drop in the field's pressure and has probably assured greater ultimate recovery of oil from the field.

Efforts To Reach Crashed B-29 'Tanker Plane' Fail

MANILA, March 16 (AP)—Efforts to reach a crashed B-29 tanker plane atop 4,800 foot Mt. Irid by helicopter were abandoned today because of treacherous winds swirling around the mountain.

The tanker plane, which refueled the B-50 Lucky Lady II on its non-stop flight around the world, crashed 10 feet from the mountain top on its return to Clark field after the refueling. There were nine men aboard.

Air Force authorities said today that a ground party, waiting to be airlifted to a starting point nearer the wreckage, will set out tomorrow on foot to climb the formidable mountain.

ROSES
From the famous Tyler Rose Fields—all hardy 2-year-old field grown, ever-blooming varieties including such famous varieties as Talisman, President Hoover, E. G. Hill, Etoile d'Hollande, Briarcliff, Columbia. All of these wonderful plants bloomed last summer and they will bloom for you the first year. Rose bushes of this quality normally sell at prices of from 75c to $1.00 each, but by buying from us they're yours at our surprisingly low growers' price.

Young County Farmers Warned Of Invasion Of Grasshoppers

GRAHAM, March 16 (UP) — Young county farmers were advised today to prepare for an invasion of grasshoppers this summer, particularly during May and June.

The warning came from the county agent's office which based its advice on information obtained in surveys of the past week. Large numbers of 'hoppers were reported to have emerged from the ground, especially along fence rows and adjoining fields.

ST. PAT'S DAY

Faith And B'gorra!

LUBBOCK and the South Plains, like practically all other spots in our American melting pot, boast their large share of residents who trace their ancestry, in whole or part, to Ireland.

So there'll be a-wearin' of the green here today—by the Cohens as well as the Kellys and by those whose shades of complexion range from the fairest of Nordic blonds to the deepest ebony Africa could produce.

The Irish are not alone—nor do they wish to be alone—in their fond admiration for Ireland nor for the man whose memory is honored on this St. Patrick's day. It is most appropriate, therefore, that the green should be worn by those who are linked with Ireland and the Irish by ties of affection and admiration, if not by blood.

The man to whom the day pays tribute was one of the most lovable personages of history—one whose deeds and examples transcend such petty things as time and nationalities. And St. Patrick was not an Irishman. He was born in England—or Scotland—then provinces of Rome.

• • •

ACCORDING to a confused mixture of legend and history, St. Pat was captured on his father's English farm while still a youth by raiders from Ireland, where Druidism was the prevailing religion. He herded sheep as a slave for about six years in Ireland before he escaped, entered a monastery in Gaul and later was ordained a priest.

In about 433 A.D., he was assigned, because of his knowledge of the Celtic tongue, to convert Ireland to Christianity. It was quite an assignment. Death by torture was the usual punishment for recaptured runaway slaves. The Irish, too, were about as devout in adherence to Druidism as they later became as Christians. Then, as now, they usually were more than ready to settle disputes man to man.

But Patrick went to Ireland. His task was exceedingly difficult and attended by constant danger. But he succeeded so well that the legendary date of his death—March 17, 493, at the ripe old age of 106— has become an occasion for worldwide observance.

• • •

IN THE United States, the observance has been an annual event for well over 200 years. Even at Valley Forge, where the hopes for the American Revolution reached their lowest ebb, the half-starved and half-frozen Colonial troops paused for a celebration of St. Patrick's day. George Washington cited the significance of the occasion in a special order of the day on March 17, 1780, when prospects were brighter than they had been at Valley Forge, but ultimate success for the revolution still seemed hopeless.

The ratio of Irish-born in the U.S. to total population has declined steadily, and inevitably, during the past 80 years. In 1870, they were the largest foreign-born group in our population. In 1900 there were 1,678,000 Irish-born Americans. In 1940, restrictions upon immigration and other factors reduced the number to 678,000. But estimates are that fully half, and probably more of all Americans today, trace some of their ancestry to Ireland.

That's a mighty good reason for wearing green today—by the Irish because they are Irish, and by others in tribute to Ireland and Erin's patron saint.

Simile: As busy as a housewife with a dusting cloth.

Down Memory Lane

(Taken from the files of The Morning Avalanche, March 17, 1929.)

Recently organized Fraternity Men's club held its first large dance in the Uptown Dance Palace. Members of the society are Clarence Roloo, Dr. dd Smith. . . Walker, L. M. Brown, George Soash, Dr. Walter J. Howard, H. Thompson, Dr. . . . cAllister, Louis Barker, Joe Durham, Charles Bacon, Bubba Gardner, Dr. C. H. Pitzer, Ralph Gibson, R. B. Collins, Clyde Williams, Bill Smith, Dr. J. B. McCorkle, D. A. Blair J. P. Newman, Dr. J. H. Stiles, Leonard Pearson, C. L. Dean, Thord Dockray, Claurice Harris and Weldon Hankins.

Among chaperones for the dance were Mr. and Mrs. Charles Read, Mr. and Mrs. Earl Sproles, Dr. and Mrs. C. M. Ballenger, Dr. and Mrs. O. W. English, Mr. and Mrs. Carl Roberds, Mr. and Mrs. Guy L. McAfee, Mr. and Mrs. Walter Myrick, jr., Mr. and Mrs. Harold H. Griffith, Mr. and Mrs. Velton Spikes, Mr. and Mrs. Dwight Hale, and Mr. and Mrs. Marlin R. Smith, jr.

Keeper Of The Key

Pop Goes The Queen

By BOB WADE and BILL MILLER
Distributed By NEA Service, Inc.

(THE STORY: John Henry and Sin Conover, quiz show winners of an expense-paid week at a swank resort, are visited by Homer Anglin as they dress for dinner in their cottage. Anglin leaves, saying he made a mistake. Later, as Johnny and Sin dine, a Queen of Diamonds, on which was written "Your deal," is left at their table. While searching for the waiter, Anglin appears, fatally wounded. Anglin tells Johnny, "You already got it," before he dies. Barselou, the cafe manager, seems anxious to know what Anglin said. Then Johnny and Sin find their cottage occupied by Faye Jordan and their luggage moved to the cottage next door. Gayner, the hotel clerk, says that Mr. Trim, a representative of the quiz-show sponsor, had given him permission to move the luggage, since Gayner had overlooked Miss Jordan's prior reservation specifying "Cottage 15.")

• • •

X

JOHN HENRY stopped pacing around in Cottage 14 and plopped down on the bed beside Sin. "I know how you feel, honey." She was lying across it, fully dressed, and he stroked her hair gently.

"I'd rather we planned our own evenings. When everything happens at once, I get confused. When I get confused, I get scared. What's so special about Cottage 15 anyway?"

"Beats me."

"That Jordan girl's crazy."

"Sure. Just don't worry, cutie." There were two light taps on the living room door. "There's our boy now."

He was right. Mr. Trim stood blinking on the porch, brown eyes as limpid as ever.

"Come in, Mr. Trim," Conover greeted him. "My wife wanted to see you."

The tooth-paste man sidled in apprehensively, turning his flat straw hat around and around with nervous fingers.

"First of all, let me say I'm awfully sorry the misunderstanding arose—" he began in his high, precise voice.

"We are, too," said Sin, padding in from the bedroom in her stocking feet.

"I tried high and low to find you when Mr. Gayner came to me earlier with the problem. But you had gone somewhere."

"Thinking," the hardening John Henry put in, "that our personal property would be safe while we were gone."

"Mr. Gayner was so wrought up—I couldn't refuse—" The wizened representative scrutinized the inside of his hat as if he had notes there. "It's my fault. I didn't realize a different cottage would actually make any difference to you. It must have been quite a shock to find your clothes gone and—"

• • •

"IT was," John Henry said grimly. "But not so much of a shock as it was to find all our things had been searched."

Mr. Trim sat down abruptly. "Searched!"

"Uh-huh."

"Oh, no!"

Sin said scornfully, "Oh, yes! We wouldn't say so otherwise."

"You see, Mr. Trim—whoever searched our stuff did it in a hurry. Everything's in a mess."

"I'm flabbergasted." Trim fanned himself with his straw hat. "I'm more than flabbergasted."

"Johnny, maybe you should tell Mr. Trim the whole story."

Her husband's head came up in surprise. "You think we should?"

"He might have an idea."

"Well," doubted John Henry. He regarded Trim's anxious expression narrowly. Then he attacked the story, wandering back and forth in front of the other man, trying to remember everything that mattered. The wounded prowler, the robed waiter, the playing card queen, Barselou's hostile attitude . . . Only when Conover got around to the shooting in the alley and Homer Anglin's dying message did Trim squirm and commence puckering his forehead confusedly.

"It'd make more sense if Anglin had given me something," John Henry said. "But he didn't. He just said, 'You already got it' and died. I didn't get anything. There's nothing in our luggage because we looked pretty carefully."

• • •

TRIM reached over and laid his straw hat on the davenport beside Sin and folded his hands in his lap. "But somebody thinks Anglin gave you something, Mr. Conover," he said owlishly.

John Henry showed impatience. "We figured that."

"My point is that that is quite probably why Mr. Gayner was so willing to accommodate Miss Jordan. Moving your baggage would give him an excellent opportunity to search it."

"I don't get it," admitted Sin. "Why should Mr. Gayner want to go through our things?"

"Because he was told to, Mrs. Conover." Mr. Trim sat very straight and looked proud of himself. "You see, Mr. Gayner's boss—in fact, the boss of most things in Azure—is Mr. Barselou. Mr. Barselou owns this very hotel."

First, John Henry just grunted. Then he flung his arms wide like a soap-box orator and said, "Well, how do you like that!"

Sin pounded one small fist against Mr. Barselou's davenport. "No wonder! But why?" Her tan face tied up in a knot of confusion. "Why?"

"Just more weight to your husband's belief that Mr. Barselou is hip-deep in this business, whatever that is. And there's no doubt that Mr. Barselou believes that you, in turn, are working against his interests," Trim asked gently, benevolently, "Mr. and Mrs. Conover—answer me truthfully. Are you?"

"For heaven's sake no!" said Sin and crossed her heart. "All we want is to be left alone."

"Then," said Mr. Trim relievedly, "I suggest we go to the police."

(To Be Continued)

Looking At Life -- By Erich Brandeis

I AM so glad that his Excellency the Royal Postmaster General Wilfred Paling of England convinced the House of Commons that you can't put a three-minute limit on lovers' telephone calls.

BRANDEIS

Wilson Harris, an independent member from Cambridge University, has asked that a three-minute limit should be placed on telephone calls from public booths, or "boxes," as they are called in His Majesty's British Empire.

"Young men with a faraway look in their eyes," he complained "indicating something feminine at the other end of the line, are in phone boxes for anything up to ten minutes, while people are kept waiting."

The House of Commons turned down the request and, while many of the members are quite elderly, they turned it down with an expression in their faces as if at the other end of the line of their memories, something feminine might have lingered.

• • •

Many a time I have fumed and sweated in front of a public telephone booth while some kid seemed to have no conception of time or place.

Many a time I have wanted to to shake the door of the booth and the kid inside, but I never did.

Because, when I looked at the gay and the blithe and the faraway and the very lovely expressions in the faces of those telephoning brats, I always came back to earth—or shall I say to dreamland?—with a jolt.

"Old boy." I'd say to myself, "I'm afraid you are getting old.

"I'm afraid you have reached a point in life where business is more important than romance. Where dollars precede dreams.

"Why don't you wait a few minutes," I'd say to myself, "or go to another booth?

"Let those youngsters have their fling. Youth is so short. Dreams fade so soon. Get the h--- away from that booth."

And I did. And I shall continue to do so.

• • •

TIME and love don't go together, my friends.

I remember my first love affair, although it was many, many years ago.

I was about sixteen and she was somewhere around fourteen.

It was in Berlin, Germany, where I went to school at the time.

Our favorite trysting place was a bench behind the monkey house in the Zoo. There we sat and sat and sat and dreamed until the keeper gently patted me on the shoulder and said: "Time to go home. We now close up."

Home we went, without dinner, without supper, knowing that our parents (who, then we thought, could never have been in love) gave us a good scolding and talked about time and other mundane things.

Then came other loves, some on which time was kept. They weren't so good. Others, timeless again, but not so sweet as that first one behind the monkey house.

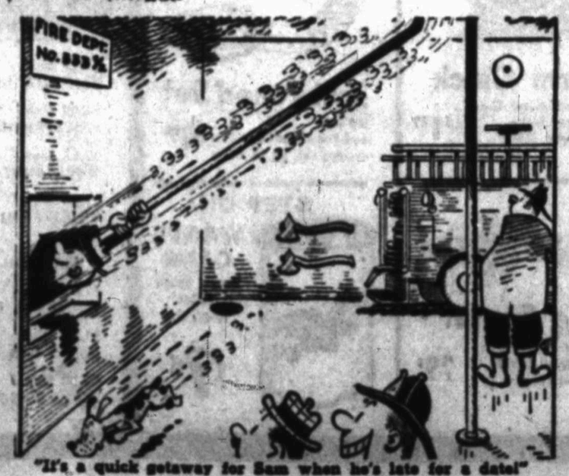

And even now, my wife and I often sit up and chat and reminisce, or just sit together, until one or the other says:

"Come on, dear, let's go to bed. It's almost midnight."

"Isn't it awful the way time flies?"

No, love and time don't go together.

Funny Business

"It's a quick getaway for Sam when he's late for a date!"

ON CREDIT CONTROLS

Economic Confusion

By RAY TUCKER
Special Correspondent

WASHINGTON, — The Federal Reserve Board's recent relaxation of Regulation W's restriction on consumer credit was designed solely to maintain present prices in several lines where the oversupply of goods and customers' buying caution threaten to precipitate sharp declines.

It was not a major move in Washington's war on inflation. It was simply a gesture whose effect, if any, will be largely psychological. It was also a "feeler."

If it inspires a rush to market and excessive purchases "on the cuff," the regulations can and will be tightened overnight. If the lagging customers require further prodding, the controls can be loosened immediately so as to reduce down payments and extend the liquidation period on loans from twenty-one to twenty-four months.

TUCKER

Federal Reserve officials have kept mum over the purpose and possible effect of their new decree. Unfortunately, they maintained such a reserve that they permitted President Truman, who is not a financial or economic genius, to offer an extremely awkward explanation for their decision at a recent press conference.

• • •

INCONSISTENCY: Without knowing how minute effect the revision of Regulation W will have on the nation's economy, Mr. Truman felt called upon to explain the apparent inconsistency of the Administration's attack on high prices. In fact, a few unfeeling and equally ignorant reporters backed him against the wall of his semi-circular office.

"How," they asked, "can you reconcile this easing of credit with your warnings against inflation, your new demand for anti-inflation controls and your insistence on a four-billion-dollar tax raise?"

That was easy, according to Mr. Truman. Two price movements are under way simultaneously, he explained. Some are going up, while others are falling. Therefore, Regulation W was relaxed so as to build a floor under those prices which are dropping. But he requires renewal of controls from Capitol Hill so as to fix a ceiling over those which are skyrocketing.

Federal Reserve officials were amused at this glib essay on economics.

• • •

BUGABOO: Consumer credit has been inflated into a political bugaboo. With the national income, meaning the pile of money people have to spend or borrow, totalling approximately 250 billion dollars, it doesn't amount to a drop in the well-known American bucket.

This sort of credit stands at the moment at about sixteen billion dollars. But the amount which falls under Regulation W restrictions total only eight billion, and half of that figure is invested in the automobile market. Most of the balance has gone into household appliances such as refrigerators, washing machines, rugs, household furniture, radios, television sets etc.

• • •

PIPELINES: These products have become plentiful in recent months. A customer can walk into a store, pick out the model he wants and have it delivered within a few days. But buyers have been holding back, partially in the hope of price reductions, and partially because of a fear that the nation stands on the threshold of another depression.

As a result, pipelines are filled, goods are backing up to the factory, orders have been cut or cancelled—and men have been laid off.

It was in an effort to stimulate buying in these fields that the Federal Reserve boys who are far more conservative than the White House or the Council of Economic Advisers in their economic thinking, eased regulations in a narrow field of consumer credit.

Next time, perhaps, they will tip off President Truman in advance on the relative unimportance of such a policy modification.

• • •

FROZEN: Whereas consumer credit is a minor problem, Federal Reservers concede privately that their secret headache is the tremendous and virtually uncontrollable amount of member bank credit, which totals 133 billion dollars. There is where the danger lies, and their anti-inflationary power in this field is exhausted for practical reasons.

They have boosted reserve requirements to the breaking point. Member banks in New York and Chicago, the great financial centers, must keep a 26 per cent reserve against deposits, although the percentage can be raised to 30. Reserve city banks must keep 22 per cent as against a 24 per cent maximum. In rural areas the respective percentages are 18 and 20.

Maintaining these required reserves means that billions are frozen, whereas these institutions might earn profitable interest if this money could be put to work.

• • •

BLOW: The obvious remedy is to increase reserve requirements, thus forcing member banks to hoard additional billions and remove this inflationary factor from the borrowing markets. If banks have to keep the money in their vaults, they cannot lend it. But here the Federal Reserve shies off for practical reasons.

Member banks, especially in the larger cities, have grown restless under Washington's restrictions. They want to farm out their funds instead of keeping them in a deep, Truman freeze. So, some of the most important member banks have threatened to withdraw from the Federal Reserve system, and go it on their own. Such a breakup would be a politico-economic dagger blow at the White House.

Federal Reserve Chairman Thomas B. McCabe has another weapon against inflation based on bank credit. But he cannot use it without a fight with Treasury Secretary Snyder. Mr. McCabe could sell federal securities to the banks, thus diminishing their cash reserves. But such selling would knock down the price of government bonds, whereas Secretary Snyder and Battery B Mate Truman have guaranteed to peg their price at above par, regardless of their real value.

Perhaps movie attendance could be increased by using a better grade of oil on the popcorn.

"Physicians can't understand why a Massachusetts baby began walking at the age of 10 weeks." Maybe he wanted to go somewhere.

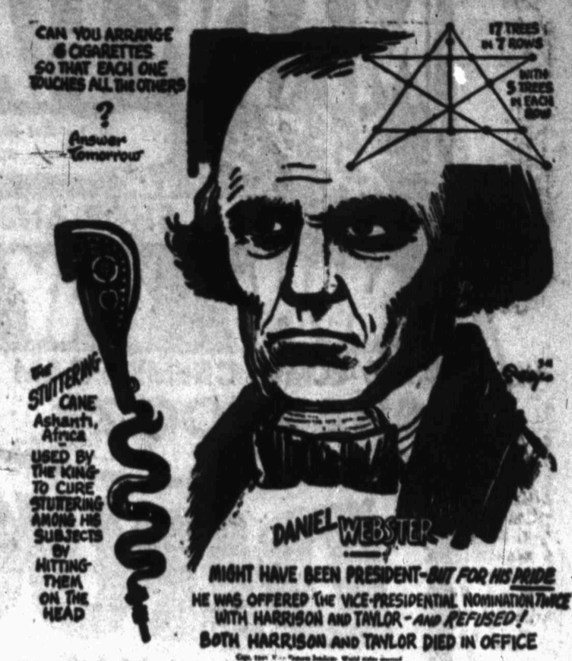

It's high time some one were figuring out the answer to the old song, "What You Gonna Do When the World's on Fire?"

In Colorado a woman had a baby in a motion picture theater. Almost anything may happen during one of those long double-feature programs.

"You can have just about anything you want if you'll work hard for it," says an editor. Yes, but few things are worth so great a price.

"Stolid, unimaginative persons, with dull sensibilities, are happiest," declares a psychologist. It's a great life if you don't waken, eh, Doc?

Believe It Or Not -- By Robert Ripley

MAY AFFECT TAFT-HARTLEY LAW

Lewis' Action Setback To Labor

By THOMAS L. STOKES
Special Correspondent

WASHINGTON, — For all his services to his own United Mine Workers — and they have been many and substantial—John L. Lewis has, unfortunately, been an evil genius for the rest of labor and the cause of labor in recent years.

Every so often, on one pretext or another he beetles his bulgy eyebrows, shakes his shaggy locks and thunderously defies the President of the United States or Congress or some other official or branch of the government and proceeds dictatorially to use the power of coal to paralyze industry and terrify householders at his personal whim.

STOKES

He becomes then, ipso facto, the symbol of the misuse of labor power. Too often his fake Olympian rages have come just at a time when they could be exploited by those interests which would cripple labor.

• • •

Problem For Solons

This has happened often in recent years. If he planned it that way, he could serve the enemies of labor no more effectively. They cherish him privately and chortle over his antics, but denounce him publicly and demand that labor and its leaders be brought to bay and regulated more strictly.

How much of a one-man problem he has made himself was clearly revealed on the very first day of public hearings by the Senate Labor committee a few weeks ago on substitute administration proposals for the Taft-Hartley act. Secretary of Labor Tobin was asked, right off, in effect:

"What about John Lewis? Will this take care of him?"

• • •

Some senators expressed doubt that administration proposals were sufficient to handle Mr. Lewis. In other words, the approach immediately was toward class legislation—the class being John L. Lewis, who is admittedly a class all by himself. Secretary Tobin somewhat timidly ventured that John Lewis might be amenable to public opinion. But John seems to be the same John of old.

For now he has called out his miners on a sit-down strike against President Truman and the United States Senate at what turns out to be the proper psychological moment for the enemies of labor. Now pending before the Senate is the labor bill recently reported by its Labor committee which repeals the Taft-Hartley law and embodies milder provisions proposed by the administration. John Lewis again is capitalized as the terrible example of why Congress should be much tougher.

His grievance this time is personal, and not for the first time. He called out his miners in protest against President Truman's appointment of Dr. James Boyd as director of the Bureau of Mines of the Interior department, now pending before the Senate. He has prevented action on this appointment for two years. During that time President Truman has repeatedly given recess appointments to Dr. Boyd who has been serving without pay. It is suspected that John Lewis is really shooting over Dr. Boyd's head at Secretary of Interior Krug with whom the United Mine Workers chieftain has tangled during frequent shutdowns, as well as at President Truman who has refused to truckle to the union leader.

The Senate Interior and Insular Affairs committee struck back promptly at Mr. Lewis by reporting favorably the nomination of Dr. Boyd. His bulldozing tactics may have a similar effect on the Senate, itself. But the mine leader still remains the whipping boy for those who want to make few, if any, changes in the Taft-Hartley law.

Forced Action On Law

• • •

He was so used very advantageously when the Taft-Hartley law was written originally, for he was acting up conveniently then. That's fresh in memory. But many perhaps have forgotten how successive strikes he called during the war were influential in enactment by Congress of the Connally-Smith "anti-strike law," so-called.

The Connally bill had been pending in the Senate since 1941 without action. When John Lewis called out his miners in 1943 in the midst of the war, that measure was brought forward promptly and passed, with a special provision aimed directly at the mine workers' boss.

• • •

By the time the bill got to the House John Lewis was causing trouble again. There the Military Affairs committee took jurisdiction of the Connally bill from the Labor committee and made the Senate measure, which was strong enough, into a really punitive bill against labor as a whole. Luckily, calmer counsel prevailed in the House and some of its harsher provisions were depleted. But President Roosevelt still thought it not only too harsh but also unworkable. He vetoed it. Congress passed it over his veto.

John Lewis is back again.

GWO No. 502

II

NOTICE

TO THE OWNERS OF PROPERTY ABUTTING UPON THE HEREINBELOW MENTIONED PORTIONS OF STREETS, AVENUES AND OR ALLEYS, AND TO ALL OTHERS AFFECTED:

The Governing Body of the City of Lubbock has heretofore ordered that the following portions of streets, avenues and/or alleys in said City of Lubbock, Texas, be improved by raising, grading and filling and paving and by installing concrete curbs and gutters and storm sewers and drains where necessary on streets designated below:

It is hereby found and determined that the cost of improvements on such portion of said streets, avenues and alleys with the amount or amounts per front foot proposed to be assessed for such improvements against the abutting property and the owners thereof, on the portions of said streets, avenues and alleys are as follows, to-wit:

Avenue M from its intersection with the South Property Line of 23rd Street to its intersection with the North Property Line of 24th Street, designated as Unit No. 783; the estimated cost of the improvements is $1,440.51; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is $1.94 for front abutting property and $1.29 for side abutting property.

Avenue W from its intersection with the South Property Line of 1st Street to its intersection with the North Property Line of 2nd Street, designated as Unit No. 785; the estimated cost of the improvements is $3,022.03; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is $1.77 for front abutting property.

27th Street from its intersection with the East Property Line of Van Buren Avenue to its intersection with the East Property Line of Tyler Avenue designated as Unit No. 787; the estimated cost of the improvements is $6,048.47; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is $2.18 for front abutting property.

U. S. Street from its intersection with U. S. Highway No. 87 to its intersection with the East Property Line of Railroad Right-of-Way, designated as Unit No. 788; the estimated cost of the improvements is $8,518.83; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is $1.97 for front abutting property and $1.32 for side abutting property.

Walworth Street from its intersection with U. S. Highway No. 87 to its intersection with the West Property Line of Avenue X designated as Unit No. 789; the estimated cost of the improvements is $3,095.65; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is $1.99 for front abutting property.

29th Street from its intersection with the West Property Line of Avenue N to its intersection with the East Property Line of Avenue P, designated as Unit No. 791; the estimated cost of the improvements is $2,887.33; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is $1.75 for front abutting property.

Avenue W from its intersection with the South Property Line of 28th Street to its intersection with the North Property Line of 29th Street, designated as Unit No. 792; the estimated cost of the improvements is $1,600.85; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is $1.39 for side abutting property.

Avenue W from its intersection with the South Property Line of 29th Street to its intersection with the North Property Line of 30th Street, designated as Unit No. 793; the estimated cost of the improvements is $1,600.85; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is $1.39 for side abutting property.

Avenue W from its intersection with the South Property Line of 30th Street to its intersection with the North Property Line of 31st Street, designated as Unit No. 794; the estimated cost of the improvements is $1,600.85; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is $1.39 for side abutting property.

Avenue W from its intersection with the South Property Line of 31st Street to its intersection with the North Property Line of 32nd Street, designated as Unit No. 795; the estimated cost of the improvements is $1,600.85; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvement exclusive of curb is $1.39 for side abutting property.

Avenue W from its intersection with the South Property Line of 32nd Street to its intersection with the South Property Line of 33rd Street, designated as Unit No. 796; the estimated cost of the improvements is $1,850.13; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is $1.63 for side abutting property.

Avenue W from its intersection with the South Property Line of 33rd Street to its intersection with the North Paving Line of 34th Street designated as Unit No. 797; the estimated cost of the improvements is $1,878.90; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb is $0.55; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is $1,878.90 for side abutting property.

ORDINANCE NO. 902

AN ORDINANCE ANNEXING ALL OF BLOCKS 1, 2, 3 AND 4, DENISON HEIGHTS ADDITION, TO THE CITY OF LUBBOCK, LUBBOCK COUNTY, TEXAS; DESCRIBING AND EXTENDING THE ALTERED CORPORATE BOUNDARY LIMITS BY METES AND BOUNDS; PROVIDING FOR PUBLICATION AND FINAL PASSAGE UNDER THE PROVISIONS OF SECTION 3A, ARTICLE 1, CHAPTER 1 OF THE CHARTER OF THE CITY OF LUBBOCK.

WHEREAS, Guy L. McAfee and wife Leslie Opal McAfee as sole owners of Blocks 1, 3, 4 and South one-half (S½) of block 2, Denison Heights Addition, have petitioned the Governing Body of the City of Lubbock to extend the corporate limits of the City of Lubbock to include said lands, and,

WHEREAS, the Governing Body finds said area together with the North one-half (N½) of Block 2, Denison Heights Addition, adjoins the existing city limits and boundaries and that all of Block 1, 2, 3 and 4 of said Denison Heights Addition is in the line of development, growth and expansion being experienced by the City of Lubbock and the Governing Body of said City finds that the inclusion of the entire area here referred to and hereafter described by metes and bounds, within the corporate limits to be in the public interest, and,

WHEREAS, the City Commission is empowered by Section 3a, Article I, Chapter 1 of the Charter of the City of Lubbock to annex, by Ordinance, additional territories lying adjacent to the City of Lubbock THEREFORE:

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF LUBBOCK:

Section 1. That Blocks 1, 3, 4 and South one-half (S½) of Block 2, Denison Heights Addition, described by metes and bounds as follows, to-wit:

Beginning at a point in the center of the intersection of Taylor Avenue and 30th Street, in the present City Limits of the City of Lubbock, Lubbock County, Texas, said point being 1320 feet North and 1320 feet West of the Southeast corner of Section 16, Block D, Lubbock County, Texas; Thence West along the present city limits line, a distance of 585 feet to the West line of Fillmore Avenue at the intersection of 30th Street; Thence South along the West line of Fillmore Avenue 157.5 feet to the North line of the alley in Block 2 of Denison Heights; Thence West 685 feet to the center line of Pierce Avenue; Thence South along the center line of Pierce Avenue a distance of 462.5 feet to the center line of 32nd Street; Thence East 1270 feet to the center line of Taylor Avenue, also being a point in the present City Limits; Thence North along the present City limits line 620 feet to the place of beginning.

Be and the same is hereby annexed to and included within the corporate limits of the City of Lubbock.

Section 2. And the North one-half (N½) of Block 2, Denison Heights Addition, otherwise described by metes and bounds to wit, as follows, to-wit:

Beginning at a point 685 feet West of the center of the intersection of Taylor Avenue and 30th Street in the Present City Limits of the City of Lubbock, Lubbock County, Texas; said point being 1320 feet North and 2005 feet West of the Southeast corner of Section 16, Block D, Lubbock County, Texas; Thence West along the present City Limits line and the center line of 30th Street, a distance of 685 feet to the center line of Pierce Avenue; Thence South 157.5 feet to a point on the extension of the North line of the alley in Block 2, Denison Heights; Thence East 685 feet; Thence North 157.5 feet to the point of beginning.

Be and the same is hereby annexed to and included within the corporate limits of the City of Lubbock.

Section 3. The boundary limits of the City of Lubbock are hereby altered and extended to include the areas described in Sections 1 and 2 of this Ordinance so that the altered city limits line shall hereafter be located as follows, to-wit: Beginning at a point in the center of the intersection of Taylor Avenue and 30th Street in the present limits and boundaries line of the City of Lubbock, Lubbock County, Texas, said point being 1320 feet North and 1320 feet West of the Southeast corner of Section 16, Block D, Lubbock County, Texas; Thence West along the center line of 30th Street 1270 feet to the center of the intersection of 30th Street and Pierce Avenue; Thence South along the center line of Pierce Avenue 620 feet to the center of the intersection of 32nd Street and Pierce Avenue; Thence East along the center line of 32nd Street 1270 feet to the center of the intersection of Taylor Avenue and 32nd Street; Thence North 620 feet to the center of the intersection of Taylor Avenue and 30th Street to intersect the existing boundary limits of the City of Lubbock.

Section 4. This Ordinance shall be published in a daily newspaper published in the City of Lubbock one time and shall not thereafter be finally acted upon until at least thirty (30) days have elapsed after such publication and if finally passed in its present form the boundary limits of the City of Lubbock shall thereafter be fixed to include the extension described in Section 3 of this Ordinance.

On motion of Commissioner Price, seconded by Commissioner Whiteside, and unanimously carried by an affirmative vote of the City Commission of the City of Lubbock, Texas, this Ordinance ordered to be published at a Recessed Regular meeting of the City Commission held the 15 day of March, 1949.

At A Glance

NEW YORK, March 16 (AP)

STOCKS — Lower; leaders drift downward.

BONDS — Lower; rails in supply.

COTTON — Quiet; profit taking and hedging.

CHICAGO:

WHEAT—Weak; new crop months down most.

CORN — Weak; unsettled by wheat decline.

OATS—Easy; showed more underlying firmness than other grains.

HOGS — Mostly 25 cents higher; top $21.75.

CATTLE — Steady to 50 cents higher; top $29.00.

Cotton

NEW YORK REPORT

NEW YORK, March 16. (AP)—Cotton futures were steady in dull trading today. Trade buying attributed to mill and export account led to early gains extending to 65 cents a bale but the market subsequently lost part of the advance on profit taking and hedging.

Futures closed 30 cents a bale higher to 35 lower than the previous close.

NEW ORLEANS REPORT

NEW ORLEANS, March 16. (AP)—Cotton futures advanced in the early trading here today on trade buying and covering. However, prices gradually eased off later on long liquidation and scattered hedge selling. Closing prices were steady, 40 cents a bale lower to 10 cents higher.

	Open	High	Low	Close
March	32.15	32.38	32.14	32.16

AVERAGE PRICE

NEW ORLEANS, March 16. (AP)—The average price of middling 15/16th-inch cotton today at 10 designated southern spot markets was 35 cents a bale lower at 32.50 cents a pound; average for the past 30 market days 32.36; middling ⅞ths-inch average 30.51.

Livestock

FORT WORTH REPORT

FORT WORTH, March 16. (AP)—Cattle 1,800; calves 1,250; cattle generally steady; cows strong; spots higher; slaughter calves steady to weak; some sales 25-50c lower; stockers about steady; medium to good slaughter steers and yearlings 21.50-26.00; common kinds 18.00-21.00; beef cows 16.50-19.00; few best 20.00; canner and cutter cows 11.50-16.50; bulls 16.00-21.00; good and choice slaughter calves 24.00-28.00; common to medium 19.00-23.50; stocker calves and yearlings 20.00-27.00; heifers 25.00 down; stocker cows 17.00-20.00.

Hogs 1,000; mostly steady; top 21.00; good and choice 190-260 lb butchers mostly 20.75-21.00; good 150-185 lb 19.00-20.50; good 290-400 lb 19.00-20.25; sows 16.00-17.00; pigs 14.00-19.00.

KANSAS CITY REPORT

KANSAS CITY, March 16. (AP)—Cattle 4,500; calves 500; fed steers 1,150 lb down fairly active, generally steady; heavier steers slow, steady to weak; some bids 25 or more lower; other classes generally steady; high good and choice light weight and medium weight fed steers 25.00-25.50; medium and good steers 1,300 lb down 22.00-24.75; medium and good heifers 21.00-24.50; common and medium beef cows 17.50-18.50; good cows 19.00-50; choice partly fattened around 100 lb steers 25.75.

Hogs 2,500; fairly active, steady to 25 lower, mostly steady; top 21.75; good and choice 174-240 lb 21.00-50; 250-280 lb 20.00-21.00; 290-325 lb 19.25-75; sows mostly 16.00-17.50; stags 15.50 down.

Sheep 2,500; slow, slaughter lamb market not fully established; good to choice clipped lambs with No. 1 skins about steady at 25.50; active, good and choice native spring lambs averaging 80 lb 30.00.

Wall Street

STOCKS DROP SLIGHTLY

NEW YORK, March 16. (AP)—Mild selling whittled away at stock prices in today's market.

At the final bell losses ranged from fractions to a point or more, although most were in the fractional bracket.

The volume of business contracted still further. Turnover of 670,000 shares compared with 730,000 yesterday.

The Associated Press average of 60 stocks declined .1 of one point to 63.2. Of the 195 individual issues which appeared on the ticker tape, 454 fell back while 226 advanced.

Philip Morris reached a new 1948-49 high during the morning but crossed to the minus side soon after news that the directors had voted a quarterly dividend of 30 cents and an extra of $1 a share. The company previously paid 37½ cents quarterly and the preceding extra was 25 cents last April. The stock closed ⅛ lower at 42⅝.

Commonwealth & Southern matched its 1948-49 high with a rise of ⅛ to 2¾, the closing price.

Ending lower were General Motors, Studebaker, Firestone Tire, Woolworth, Caterpillar Tractor, Douglas Aircraft, American Telephone, Southern California Edison, Kennecott Copper, American Smelting, Westinghouse Electric, Dow Chemical, Johns-Manville, Owens-Illinois, American Woolen, Santa Fe, Southern Pacific, Atlantic Coast Line, Sinclair Oil, and Pacific Western Oil.

Grain

CHICAGO REPORT

CHICAGO, March 16. (AP)—An increase in selling pressure late in the session sent all grains lower on the board of trade today.

The selling apparently represented liquidation by bulls who had grown tired of waiting and hoping for a price rally. Wheat lost more than 3 cents and corn more than 2 cents at times.

Selling followed a statement by Rep. Kee (D-W. Va) that there may be a "tight squeeze" in getting the ECA bill through Congress before April 3, the date the ECA says its funds will be exhausted. It is these funds which are used for export grain buying.

Traders also noted wheat receipts again were running well over a year ago. The first seven markets in the Southwest to report today said they received 597 cars of wheat compared with 252 on this date a year ago.

Wheat closed 1 to 3⅜ lower, May $2.14½-¼, corn was 1⅜-2½ lower, May $1.27½-¼, oats were unchanged to ⅛ lower, May 57, rye was ½ lower to 1 cent higher, May $1.24, soybeans were 1⅜ to 3 cents lower, March $2.27¼-2.27, and lard was 27 to 37 cents a hundred pounds lower, March $12.05.

FORT WORTH REPORT

FORT WORTH, March 16. (AP)—Wheat No. 1 hard 2.37¾-42¾.
Oats No. 2 white 90½-90½.
Corn No. 2 white 1.68¾-71¾.
Sorghums No. 2 yellow milo per 100 lbs 2.67-72.

Record food crops during 1948 have increased food supplies and improved the world food outlook. No slackening of consumer demand for food is in sight, unless the number on the pay check drops sharply this year.
