Beck and Sons To Build New School

The School Board of Aransas County Independent School District has agreed to employ O. J. Beck and Sons, Corpus Christi construction firm, to build the new elementary school near Dupnik Corner.

Beck was low bidder among six construction companies bidding on 1) building the new school and for alterations and additions at the Junior and Senior High Schools, 2)

building a new industrial arts shop, and 3) additions at the Fulton Elementary School.

The bids were as follows: Beck, \$804,000; A. and A. Construction Co., Victoria, \$814,700; Laphier Construction Co., Corpus Christi, \$816,000; Braselton Construction Co., Corpus Christi, \$817,718; Casey & Glass Construction Co., Corpus Christi, \$821,400; and Burnett Construction Co., Corpus Christi, \$824,000.

Superintendent of Schools J. D. Gray said that since all of these bids exceed available funds by approximately \$75,000 that the School Board, the architect and Gray are busy now "making plans to pare down some expansion and improvement plans to stay within our budget."

He pointed out that \$800,000 is available as the result of the successful passage of the School Bond issue for this amount.

"But," he said, "the bids naturally do not include architect fees, site improvement costs, paving and water, bond handling cost, and cost of equipment."

"Therefore, the School Board decided to employ Beck to build the new elementary school since this is an emergency situation, while we decide how to trim down part of the remaining expansion program," Gray added.

Last August the School District architect estimated that \$800,000 would be sufficient to cover total costs for the entire program, the superintendent explained.

"However, contractors now state that since last August construction costs have gone up 20 per cent mainly due to rising labor costs," Gray said.

Along The Waterfront

J. D. Gray, Willis Corbin and Pat Greene went fishing last Saturday and caught about 250 pounds. Gray and Corbin said they fished in "Crozier Flats" and that both of them caught several 6, 7 and 8-pound trout.

Gray and Corbin said Greene fished in "Tuloso Flats" and that the fish in "Crozier Flats" were much larger.

County Stays Within Budget In Past Year

Aransas County's expenditures for 1966 were \$32,192.82 less than the amended budget for the year, according to the annual financial report of County Auditor Robert D. Mosier, Jr.

The amended budget for the year was \$514,725.81, and the amount spent was \$482,532.99.

The balance of all county funds as of Dec. 31, 1966 was \$516,007.74 compared to a balance of \$465,742.59 on Dec. 31, 1965—an increase of \$50,265.15.

RYSKO Completing Its Largest Trawler

Rockport Yacht and Supply Co. is finishing the largest trawler ever built in its local yard, John P. Mitchell, Jr., vice president, announced today.

The vessel which will be used exclusively for shrimping operations is scheduled for delivery to Marion A. and Ante Duzich, Aransas Pass independent commercial fishermen, late this week.

Designed by A. B. Silchenstedt, vice president in charge of design and production, the 340-horsepower trawler exemplifies the latest ideas for crew comfort.

It has such features as air conditioning, electric heating and cooking facilities and hot water for the showers and galley. All electric appliances were furnished by Ankele's Hardware.

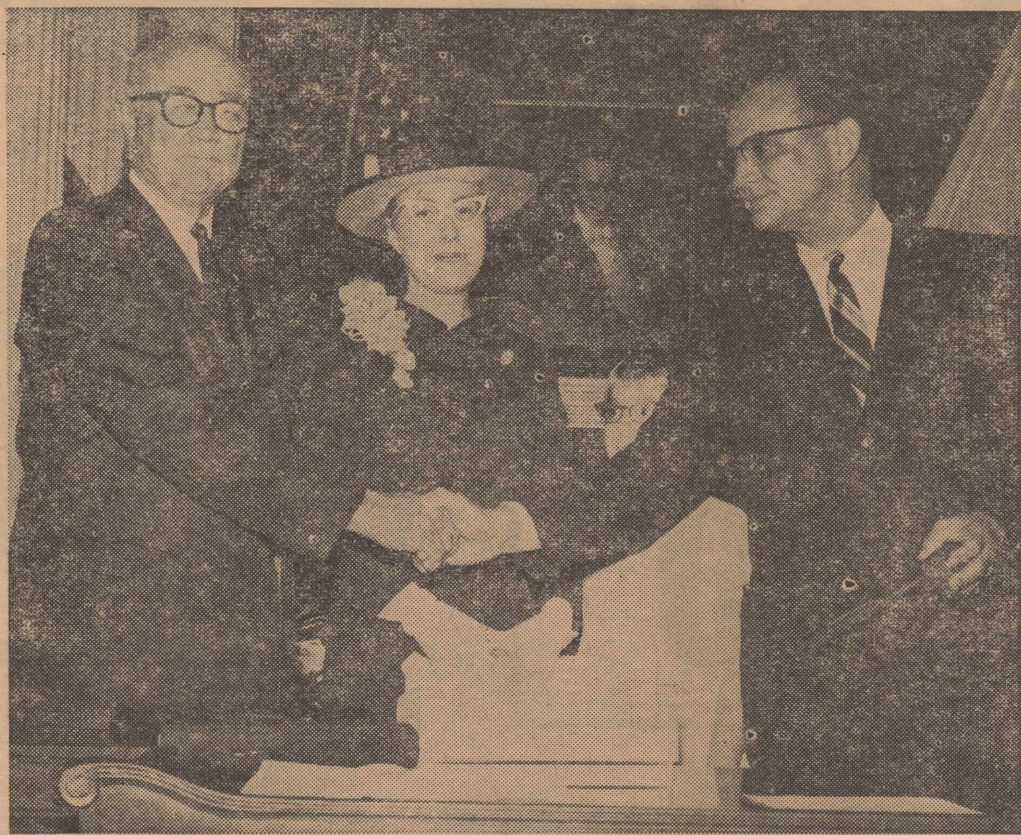

ARANSAS PASS MAN GUILTY OF ASSAULT

Judge John D. Wendell on Monday found Charles A. Willingham of Aransas Pass guilty of aggravated assault and sentenced him to 30 days in Aransas county jail.

Willingham was charged with assaulting V. C. Aleman when ordered to leave Aleman's tavern in Aransas Pass.

BAKE SALE

Young people of the Rockport Church of God will hold a bake sale Saturday, Jan. 21 in front of the H.E.B. Food Store.

Senator Bill Patman being congratulated by Lt. Governor Preston Smith, after the 18th District Senator was unanimously elected President Pro Tempore of the Senate, during the opening of the Legislature last Tuesday. Patman's wife and 10-year-old daughter are shown proudly looking on.

Rockport Lions To Aid Cerebral Palsy Telethon

The Rockport Lions Club for the third year will sponsor the local telephone center for the annual Cerebral Palsy Telethon on Saturday and Sunday, Jan. 21 and 22.

The phone center will be located at the Chamber of Commerce building, and the number for local residents to call is SO 4-6445.

Members of the Lions Club will be assisted in operating the phone center by ladies of the Rockport Volunteer Fire Department Auxiliary.

Local people may phone in their contributions between 10 p.m. and midnight Saturday and from 9 a.m. until the telethon ends on Sunday afternoon or evening.

Appearing on the annual telethon, which will be on KZTV, Channel 10, will be television actress Marta Kristen who plays Judy on "Lost in Space," and Jack Smith, well known master of ceremonies on radio and TV who is returning for his second show in Corpus Christi.

Also scheduled to appear are Johnny Tillotson, popular recording artist, and Frank Sutton, who plays Sgt. Carter on "Gomer Pyle—USMC."

Eileen Smith, "Miss America" runner-up of 1965, and San Antonio songstress Rosita Fernandez are returning by popular demand for their second show. Thirty or more top amateur acts from throughout the Coastal Bend area will be selected to appear with the stars on the show.

The telethon will raise funds to help victims of cerebral palsy. United Cerebral Palsy of the Coastal Bend area is sponsoring the community effort.

Theme of this year's telethon is "Happiness is Helping," according to Mrs. Edward Ettel, telethon general chairman. She said that this expresses the good feeling that both volunteers and contributors gain when they give their time or donations to help their less fortunate neighbors.

FULTON LIQUOR STORE OPENS

The Fulton Beach Liquor Store, next door to the Post Office, is now open for business with a wide selection of liquors at popular prices. Wines, ales and beers are also available, according to S. C. Rozzell, owner.

PTA BOARD TO MEET

The Executive Board of the Aransas County High School PTA will meet at the Junior High School, Room 1, Friday, Jan. 20 at 3 p.m.

Voter Registration Deadline Jan. 31 For Aransas County

Aransas county voters have until Jan. 31 to comply with Texas' new registration system in order to be eligible to cast ballots in 1967. Only 413

had registered through Jan. 13.

All voters in the county under 60 years of age are required to register at the tax-assessor-collector's office in the courthouse.

There is no charge for the registration which has replaced the poll tax in Texas.

Because Aransas falls in a low-population bracket, residents over 60 are not required to register, just as they formerly were not required to pay poll tax or obtain an exemption.

Registration is a simple process. A spokesman at the tax office said the procedure was much like that of obtaining a poll tax. Registrants are required to sign the application form.

Registrants must be at least 21 or turning 21 during 1967. In the latter case the registrants will be required to state his birthdate. Other requirements include residence in Texas at least one year and Aransas county at least six months.

Registration also may be accomplished by mail. The tax office has mail forms which it will supply on request. They must be completed in full and returned before a registration certificate will be issued.

The tax office noted that registration forms printed on old tax statements no longer are acceptable.

The applications will be held for two years as required by law.

Only relatives who may act as agents in registering for another are husbands, wives, fathers, mothers, sons, or daughters. Brothers and sisters cannot sign for each other.

The poll tax was declared unconstitutional last year following the conclusion of the paying period and a registration period was held during March, but 1967 will be the first real test of the new system.

Mrs. Margaret Weber, Aransas County tax assessor-collector, announced schedules for voter registration.

Registration will be conducted at the county courthouse here from 8 a.m. to noon and from 1 to 5 p.m. Mondays through Fridays, except on the final day of registration, Jan. 31, when the tax office will be open until 9 p.m.

The tax office also will be open for registration Saturday, Jan. 28 from 8 a.m. to noon and 1 to 5 p.m.

Mrs. J. C. Turpin of Dallas visited in the home of Mr. and Mrs. Byron Bushart from Thursday until Sunday. Mrs. Turpin is a cousin of Mrs. Bushart.

R. L. Eckman, chairman Audit Committee.

City Council Interested In Water From San Patricio

The City Council took a step Tuesday night which may have far reaching consequences for the Rockport area by assuring an adequate supply of good water for at least 20 years.

At a special meeting in the District Courtroom, the Council instructed Mayor Delmar R. Hiller to inform the Aransas County Conservation and Reclamation District of the City of Rockport's:

Sanders Elected Director of Port Lavaca Bank

Stockholders of the First State Bank and Trust Co., Port Lavaca, at their annual meeting held Wednesday, Jan. 11, re-elected all directors and added three new members to the board.

Jack Sanders, of this city, one of the new directors is the owner of the Sandollar Motel Corp., Laguna Const. Co., and other diversified companies with offices Rockport and New Orleans, La.

Sanders resides in Rockport and New Orleans, with his wife and family. He is a member of St. Peter's Episcopal Church, U. S. Chamber of Commerce, South Texas Chamber of Commerce, International House of New Orleans, U. S. Marine Corps Retired Officers Assn., and the Society of American Military Engineers.

Fire Association Meets In Taft

The first quarterly meeting of 1967 for the South Central District Firemen and Fire Marshals Association was held in Taft on Jan. 15. Rockport was represented by about 20 firemen, auxiliary members and guests.

The district auxiliary officers for 1967 are: President, Mrs. Kathy Migura, Orange Grove; first vice president, Mrs. Jeanette Schmidt, Orange Grove; second vice president, Mrs. Gilbert Hill, Sr., Rockport; and chaplain, Mrs. Margaret Jones, Portland.

The pumper race was won by ladies from Rockport using a five-lady team instead of the regular six-lady team with time, 29.3. Ladies racing were Mrs. Gilbert Hill, Sr., Mrs. Gilbert Hill, Jr., Mrs. J. C. Gurley, Mrs. Edward True-love and Mrs. Jimmy Ankele with Miss Sarah Belle Smith as captain of the team.

The men's race was won by Alice with 20.7.

The next convention will be at Robstown in April.

C of C President Praises Council

In behalf of the Chamber of Commerce, I want to congratulate the City Council and Mayor Delmar Hiller on the action taken Tuesday night, Jan. 17 regarding the future water supply for the Rockport area.

As explained elsewhere in this issue, the Council "expressed interest" in a long range plan of the Aransas County Conservation and Reclamation District to bring treated Nueces River water to our area.

I believe most local people feel certain that the day will come when wells no longer will supply an adequate amount of good water.

The plan offered by the Conservation District seems the best for the future growth and prosperity of the Greater Rockport Area.

John E. Ross, President Chamber of Commerce

Miss Hettie Weber of Fulton has returned home after three weeks' visit with Mr. and Mrs. Elbert Haynes in Combes, Texas.

mutually satisfactory contractual arrangements under which the City may receive from your District's facilities its municipal and industrial water needs for distribution to its customers."

This action by the City will increase the Conservation's District chances of getting a \$1,197,000 Federal grant to help build a water supply system from a point near Ingleside to the Rockport area.

Harold Picton, president of the Conservation District, explained that total costs of the project would be \$2,394,000 and that the Federal grant would take care of half the

County Accepts Plat for New Lamar Subdivision

The Aransas County Commissioners Court has accepted a plat submitted by surveyor Tommy Griffith for the new Lamar Oaks subdivision which will consist of 39 lots.

The subdivision is a development of Charles Hale and Ellis Clark of the Rockport area and Paul M. Jones of Houston.

The Commissioners Court set a bond of \$3 per "running" foot of the main road in the subdivision which will be about 1,300 feet long.

In another action, the Court voted to comply with a request from Travis A. Long, district manager, Texas Highway Department. In cooperation with the Federal government, Long explained that the State of Texas is attempting to get from every county information regarding the use of signs, pavement marking, traffic signs and traffic islands. Forms are to be filled out listing this information.

Attending the Commissioners Court meeting were County Judge John D. Wendell, Commissioners W. B. Allen, Jack Sparks, Raymond Owens and Albert Wofford, County Clerk W. E. Beasley and County Auditor Robert D. Mosier, Jr.

Two Automobile Crashes Jan. 13

Two collisions occurred just south of here Jan. 13, State Highway Patrolmen reported.

One involved cars driven by Alvin L. Brundrett and Farley Fisher, College Station, and took place two miles south of the city limits on Highway 35.

Brundrett sustained chest injuries and Fisher received a cut on his head, according to State Patrolmen. Both cars were virtually demolished, with damage estimated at about \$2,000. Fisher received a traffic ticket charging him with passing with insufficient clearance.

In the other accident a delivery truck driven by John W. Lassiter and a car operated by Billy E. Brown of Aransas Pass collided near the fruit stand just south of town.

Damage to both vehicles was estimated at between \$400 and \$500. Brown was given a ticket charging him with failure to yield the right-of-way after stopping at a stop sign.

Square Dance Club Welcomes Many Guests

The Paws and Taws Square Dance Club welcomed an outstanding group of visitors last Friday night, including 11 couples who square danced and three couples who were spectators.

These folks are members of the Texas Hill Country Unit of Airstream trailer owners, and they held their monthly rally in this area last weekend, before proceeding on to Mexico. In all there were 28 trailers participating in this month's rally here.

Mr. and Mrs. Art Bunnell, from Marble Falls, were celebrating their 33rd wedding anniversary. As spokesman for the group, Bunnell gave an interesting resume of some of their trailering experiences.

He told of a 13-month trip around the world completed last year in which 105 people with 45 Airstream trailers traveled 33,000 miles on land, 15,000 miles on water and 3,000 by air on side trips abroad where they couldn't take their trailers.

Among many other interesting stops, they spent three months in India, 30 days behind the Iron Curtain, and nine days in Moscow. They made a full length movie of their trip and were issued a cordial invitation to visit the square dance club at a later date for a showing.

These folks were all excellent square dancers and added much to the enjoyment of the regular club dancers. Visiting square dancers were:

Mr. and Mrs. Carl Quigg, Mr. and Mrs. Paul Cates, Mr. and Mrs. Ben Bielenberg, Mr. and Mrs. George Liese, Mr. and Mrs. Art Bunnell, Marble Falls; Mr. and Mrs. Charles Clark, Shipshenona, Ind.; Mr. and Mrs. Jesse Brown, Oregon, O.; Mr. and Mrs. Walter Lemmon, Pierpoint, S. D.;

Mr. and Mrs. Len Fick, Estherville, Ia.; Mr. and Mrs. Delmer Mennem, Medford, Okla. Mr. and Mrs. Fran Gillet, Fall Church, Va.

Visiting spectators were: Mr. and Mrs. Marvin Roop and Mr. and Mrs. Milton Lemmon, Pierpoint, S. D.; Mr. and Mrs. Bob Borg, Suffield, Conn.

The Club also welcomed as new members David and Loyce Ogle who recently moved to Rockport from Victoria. Mr. Ogle is an engineer for Reynolds Metals Co.

Bethany Class Holds Meeting

Mrs. Roy Ivey was hostess to the Bethany Class of the First Baptist Church, Monday night.

The members were invited into the family room where a fire burned in the fireplace. A business meeting was held, presided by Mrs. Lillian Sorenson, vice president. After a prayer, the minutes were read by the secretary, Mrs. Ruby Mundine. Old and new business was brought to the attention of the class.

After the business meeting, the class honored Mrs. Lily Funderburk with a farewell party. Mrs. Bertha Gilley read a poem that she had written especially for the occasion. Then "boxes for packing" carrying gifts, were presented to Mrs. Funderburk. There was much fun and laughter to go along with the opening of the gifts.

Mrs. Ivey served cake, pie, punch and coffee to the following guests: Mrs. Esther Ballou, Mrs. Vivian Wynn, Mrs. Emma McLester, Mrs. Esther Hougham, Mrs. Lahoma Roaten, Mrs. Ruby Mundine, Mrs. Evelyn Bauer, Mrs. Bertha Gilley, Mrs. Gladys Cessac;

Mrs. Olga McLester, Mrs. Mellinee Shults, Mrs. Mary Wright, Mrs. Georgia Davenport, Mrs. Lillian Sorenson, Mrs. Louise Shults, Mrs. Lily Funderburk, and Mrs. Ivey's mother, Mrs. Alice Ballou.

Mrs. Katherine Hatch won low net with a score of 67 at the Ladies Day golf tournament at Live Oak Country Club Tuesday.

Mrs. Rose McCoy had the lowest of putts, 32. Eight ladies participated in the six-blind-hole tourney.

PIRATE SPORTS

By Robert Oliver

PIRATES DEFEAT CALALLEN 59-42

The Aransas County High School Pirates defeated the Calallen Wildcats 59-42 in a District 28-2A basketball game Friday night in the Rockport gym.

The first quarter saw little scoring for either team. When the first quarter ended the Pirates were leading 8-7.

The Pirates began to hit much better in the second quarter. As a result, the half found the Pirates leading by a score of 26-17.

The third quarter once again found the Pirates on a scoring spree. Calallen now trailed 45-26 as the third quarter ended.

The final quarter found both teams scoring, just about equal points. However, this wasn't good enough for Calallen. Calallen never had a definite lead at any time during the game.

Of the 59 Pirate points scored, Lewis led with 26. He was followed by Chris Edwards with 11, David Nava 8, Charlie Roe 7, Bart Rozzell 4, Joe Valdez 2, and Jerry Brundrett with 1 point. Leading scorers for Calallen were Don Roberts with 19 and Allan Thomas with 10 points.

Rockport drew 16 game fouls while Calallen drew only 11. The Pirates hit 9 of 13 free shots and Callen hit only 14 of 22 free shots.

PIRATES CRUSH MUSTANGS 45-26

The Fighting Pirates of Aransas County High School crushed the Ingleside Mustangs by a score of 45-26 in a District 28-2A basketball game last Monday night in the Ingleside gym.

Rockport fans sat in a daze for a few minutes as the Mustangs came out quick to take a 4-0 lead over the Pirates. The Pirates got together and took a first quarter 10-6 lead. The Pirates came out ready to play the second quarter and found themselves with a 34-14 half time lead.

In the third quarter the Pirates moved slow as they only scored 5 points to have a third quarter lead of 35-23.

The Pirates got the pressure back on in the fourth quarter and came off the court with a 45-26 victory.

The 45 Rockport points were scored as follows: David Nava and Thomas Lewis both had 16 points. They were followed by Charlie Roe with 5, Chris Edwards with 4, and Joe Valdez and Bart Rozzell both with 2 points.

Ingleside drew 10 game fouls while the Pirates drew only 5. The Pirates hit 9 of 14 free shots and had 18 field goals. The Mustangs hit 4 of 5 free shots and had 11 field goals.

PIRATES WILL MEET WILDCATS JAN. 24

The Fighting Pirates of Aransas County High School will go to Gregory-Portland on Tuesday, Jan. 24 to meet the Wildcats in a District 28-2A basketball game. The game will be played at 8 p.m. and

will follow the Freshman and Junior Varsity games.

The Pirates have already defeated the Wildcats once before earlier in the season. The Pirates should not have too much difficulty in doing the same once again.

However, the Pirates will have no room to let up at any time during the game. To gain a victory, the Pirates will have to play hard and alert basketball.

PIRATES HOST BISHOP JAN. 20

The Aransas County High School Pirates will host the Bishop Badgers in a District 28-2A basketball game on Friday, Jan. 20. The game will start at 8 p.m. immediately following the Freshman and Junior Varsity games and will be played in the Rockport gym.

The Badgers, who defeated the Pirates earlier this season, have lost two previous district games which put them in the same district standing as the Pirates.

Tuloso-Midway and Taft were the two teams that defeated Bishop. The Pirates lost to Tuloso and beat Taft.

Should the Pirates play their best basketball, they should be able to score a win over the Badgers. The public should give a good turn out to help the Pirates gain the spirit necessary to win. This game will no doubt be a fine one.

JUNIOR VARSITY NIPS CALALLEN

The Aransas County Pirates Junior Varsity squad nipped the Calallen Junior Varsity squad 37-36 in a basketball game last Friday night in the Rockport gym.

The game was one of average fouls and errors for both teams. Neither team was able to do a great deal of scoring.

The final 31 seconds of the game found the Pirates, trailing by a score of 36-35. Pirate player Jimmy Hill was fouled by Calallen and was entitled to two free shots. Hill made both shots and gave the Pirates their one point victory.

JR. VARSITY GETS 33-27 VICTORY

The Junior Varsity squad of the Aransas County Pirates got a 33-27 victory over the Ingleside Mustangs in a basketball game played last Monday night in Ingleside.

The Pirates were in complete control of the ball game until the fourth quarter. In this quarter, the Mustangs began to hit the basket repeatedly, while they held the Pirates to a minimum of scoring.

The Mustangs drive started too late and the Pirates were able to keep their opponents under control as the last seconds ticked off.

Neither team had any great number of fouls or fundamental errors.

About a dozen snakes are born at a time.

U. S. NOW FIGHTING VIET CONG WAY

U. S. armed forces in South Vietnam are catching on to the Viet Cong way of fighting a war, and this may be one reason why the tide seems to be turning.

Using 150 well-protected soldiers as a decoy, the Army's First Infantry Division, ambushed 2,000 Viet Cong regulars and reports said 200 of them were killed and the rest scattered into the bushes.

When the decoy went along a road, the Viet Cong starting firing from a bamboo thicket. They didn't know, of course, the U. S. forces were laying for them with air power, artillery and four battalions.

This is the kind of fighting the Cong has been using against our forces. But now the strategy seems to be changing. We're fighting their way, too. It may make a difference.

TV TEMPERANCE

Down in Brazil tavern keepers are squawking because TV stations are running soap operas during the evening hours and the practice is hurting the sale of drinks.

Customers aren't coming in while the shows are running.

Tavern operators have asked TV stations to reschedule the strip shows so the customers will return.

Around North America the soap operas are usually scheduled during the afternoons or mornings. There's a different reaction, too. Telephones stop ringing. The ladies don't want to gossip while the shows are on. We've heard of women who refuse to even answer the doorbell. Men head for the bars.

EYE APPETITE

Pull out the file of useless information, there's an item to be placed in it.

A food technologist at Texas A&M College said people eat with their eyes. They look at food and decide whether it will taste good before it ever reaches a taste bud.

So what else is new? Any housewife, who has doctored up left-overs from the refrigerator knew that all along.

A portion of first class mail is now being transported by air. Odds are that the bills manage some way to get on planes while checks still come by land transportation.

Visitors Like Rockport Weather

Mr. and Mrs. Mervin Sours were visitors here from Dec. 5 to Dec. 17, enjoying some wonderful weather.

Now they are back in their home town, Wisconsin Rapids, Wis., here is part of a letter from them, received last week by Mrs. Sours' sister, Mrs. John R. Kinsey:

"Well, since last Thursday night we have had over eight inches of snow and because of the high winds we had some king-sized drifts that our shovels had to hack through on Friday.

"Then, since it snowed again Friday night the boys had a big job of shoveling to do again on Saturday and our neighbor took his big tractor and widened and scooped out the entry way to our driveway and everything was fine—

Until midnight when the big highway plows came through and left another problem—a nice big ridge of crusty snow in the entryway to the driveway. "You can't win. Merve says it's Rockport for him!! And the sad ending to this weather report is that more snow is predicted. Oh, me!"

THE SQUEEZE IS OFF-

United Savings now has money to lend to finance the construction or purchase of new homes and new commercial buildings.

Throughout the nation money for construction has been scarce for months. People have been unable to buy homes. Commercial and industrial building projects have had to be cancelled or deferred.

Now, by making loans for construction projects, we hope that we can help to make more jobs, increase the purchase of construction materials, and improve the area economy.

We invite loan applications from individuals who want to buy or build from home builders and contractors.

FALL HUNT SEEN OKAY STATEWIDE

Austin — The anticipated abundant 1966 wildlife harvest has been borne out by actual successes in most hunting categories, reports the Texas Parks and Wildlife Department.

Delighted with the results of the state's wildlife management program, biologists reported one of the greatest over-all game bags in modern times. Naturally, they know it was all possible because of an extraordinary combination of weather and planning.

Deer not only were plentiful but field men agree the condition of trophies and venison was never better. The wild turkey harvest also was satisfactory.

From the Panhandle to deep south Texas, the quail crop has the scatter gunners exclaiming about a seemingly endless surplus. They ecstatically have responded to wildlife biologists' observations that, unless there is a substantial harvest of the bobwhites and blues that seem to prevail in equally enormous numbers, there will be an inevitable heavy die-off, mainly from predators, disease and starvation.

The technicians stress that this is also true of deer since many ranges are struggling to sustain a bulging deer population totaling possibly more than the conservative pre-season estimate of 2,500,000.

Even participants in the

public hunts conducted by the Department on its wildlife management areas have had conspicuous success. For example, on the Matador Area near Paducah, 37 quail hunters bagged 219 birds on the first day. On the Engeling Area near Palestine, 133 hunters killed 402 squirrels. Hunters on the Cherokee Area near Lufkin got 575 bushytails during the first 3-day hunt.

On the Kerr Area near Kerrville, hunters killed 28 deer, mostly bucks, by noon of the second day after the season opened.

DUN & BRADSTREET REPORTS MAILED TO 138 COUNTY FIRMS

Walter L. Frazer, manager of the San Antonio office of Dun & Bradstreet, Inc., announced that statement requests were mailed to 138 businesses in Aransas County. He said these figures were obtained from a physical count of the Dun & Bradstreet Reference Book for January, 1967 and included manufacturers, wholesalers, and retailers in this area.

The Dun & Bradstreet Reference Book lists those manufacturers, wholesalers, and retailers who seek or grant commercial credit but it does not include some service and professional businesses such as beauty and barber shops, security dealers and real estate brokers.

Aliens Must File Address By Jan. 31

The United States Immigration and Naturalization Service reminded all aliens in this area today that non-citizens must file their annual address reports by Jan. 31 as required by law.

Joe F. Staley, District Director of the Immigration and Naturalization Service, pointed out that address report forms are available at the nearest Immigration and Naturalization Service office and at all Post Offices for the convenience of non-citizens required to report their addresses to the Government each January under a provision of the Immigration and Nationality Act of 1952.

Staley said the only non-citizens not required to report their addresses are persons in diplomatic status and foreign representatives of certain international organizations.

Staley stated: "It is hoped that all persons subject to this law will go to the nearest Immigration and Naturalization Service office or Post Office and fill out an address report form before the Jan. 31 deadline to avoid possible serious penalties."

Jobs Open With Dept. Of Public Safety

Immediate employment is now available with the uniformed services of the Texas Department of Public Safety, Col. Homer Garrison, DPS Director, announced today.

Garrison reported that employment practices have been drastically changed to allow qualified applicants to begin work immediately, in contrast to previous policy of not hiring until time for a patrol-training school to begin.

"We realize," Garrison said, "that a person looking for career employment often must begin work as soon as possible to support himself and his family. We have made the changes necessary in our procedure to provide immediate career placement for such a person."

Under the new procedure an interested person may make application for employment at any of the regional, district or sub-district DPS offices over the state, where the written examination will be given. Each applicant will be told immediately if he has qualified for further consideration. Successful applicants will be given an ability test, and arrangements will be made for a physical checkup. Those persons who are accepted for employment may be placed on the payroll within 10 days, and will be assigned temporary duty until a recruit-training school begins.

Periodic patrol training schools will be held at the DPS Law Enforcement Academy in Austin. This training is designed to equip the cadet to handle any of the various situations he may encounter as a patrolman, and will start hi moff on the right. Garrison encouraged all interested high school graduates from the ages of 20 through 35 to contact their nearest Department of Public Safety patrolman for complete details on becoming a commissioned officer with the Department of Public Safety.

Local Youth Wins Green Beret

Private William C. Vandiver, 21, son of Mr. and Mrs. William P. Vandiver, Jr., became a member of the "Green Beret" Dec. 15 upon completion of Special Forces training at the John F. Kennedy Center for Special Warfare, Ft. Bragg, N.C.

As a special Forces candidate, he received several months of training in guerrilla tactics and counter-insurgency. He also received instruction in the methods of teaching modern warfare to a rewarding career in law enforcement.

Special training was given in infiltrating hostile territory to train, equip and advise guerrillas in combating the enemy.

He will now be assigned to one of seven Special Forces groups around the world.

MEDICARE CLAIMANTS GET ASSISTANCE FROM SOCIAL SECURITY OFFICE

Medicare beneficiaries in the Corpus Christi area who have paid doctor bills but have not yet claimed their doctor bill insurance are invited to have their claims checked by the social security office before mailing them to the insurance carrier, according to H. M. Cleveland, district manager.

"During the six months in which Medicare has been in effect, some benefit payments were delayed because the applicants did not include all the necessary information with their claims," he said.

"The Medicare Handbook, which is given to all beneficiaries, explains how to make the claims," Cleveland said, "and the form is relatively simple, but applicants may need some advice the first time they apply. We're glad to assist, and we believe we can help avoid delay in the payment of some claims."

Social Security health insurance claims may be made either by the patient or by the doctor, if he accepts assignment. If the doctor applies for payment, he bills the patient only for the \$50 deductible and for 20 percent of the remainder.

"When the patient pays the bill, he sends the request for payment to the medicare carrier. A statement from the doctor showing the treatment that was given and the amount paid must be furnished.

Doctor's offices, which are accustomed to filling out insurance forms, should have no difficulty providing the information, Cleveland believes. Applications which are received directly from beneficiaries are sometimes delayed because some essential item of information has been omitted. In either case, when the request for payment form is incomplete or incorrect, the medicare carrier has to write back, thus delaying the payment.

"The social security office does not pay claims," he said. "In Texas, Blue Cross-Blue Shield is the carrier. But we can answer general questions about medicare and help people in this area to get their applications ready for the carrier, and we are pleased to help out."

The social security office for this area is located at 1802 South Staples Street, in Corpus Christi. The telephone number is TU 3-5511.

CITY COUNCIL—

(continued from page 1)

cost. Picton and the other members of the Conservation District attended the meeting.

"We have to have the application sent to the Department of Housing and Urban Development, with a statement of the Rockport area's interest, by Feb. 15," Picton explained.

Assuming that the Federal grant would be received, the remainder of the cost would be financed by a water bond revenue issue if the voters of Aransas county voted in favor of such a project.

The water would be treated Nueces River water obtained from the San Patricio Water District and piped to Rockport, Fulton, West Terrace, Oak Terrace and the Copano area.

Under the Aransas County Conservation and Reclamation District plan, a 200,000-gallon elevated storage tank would be built at the point of supply at the intersection of FM 632 and Avenue A, near Ingleside.

A 24-inch pipeline through the middle of Aransas county would convey the water to the Rockport area. A 1,500,000-gallon storage tank would be erected west of Rockport near the Dupnik Corner. An elevated storage tank with a capacity of 350,000 gallons would be put up west of Fulton.

At the special meeting attended by the City Council officials, C. R. Marks, an engineer associated with the Houston office of Lockwood, Andrews & Newnam, Inc., said studies indicate that the supply of fresh water from wells in the Rockport area "might peter out in five to 10 years."

Asked by a member of the audience attending the meeting if the proposed new supply of water would be better than well water now used in the Rockport area, Marks said:

"Tests show that your present area water contains three quarts of solids in every 420 gallons, which is the average amount of water used by one person every day."

"The treated Nueces river water contains not more than one pint of solids per 420 gallons."

Regarding consumer costs for water, it was brought out that water supplied by the proposed system would cost Rockport not more than 55 cents per 1,000 gallons. The City's present charge is 43 cents per 1,000 gallons.

Approximately 600,000 foreign cars will be sold in the U. S. in the next 12 months, automotive sources estimate.

VISITS HERE

Carol Ann Vadas of Corpus Christi recently visited her grandparents, Mr. and Mrs. Henry Schnabel at Mobile Inn Trailer Park. There were two highlights of her visit: 1) A cruise on the Sea Gun motor vessel "Whooping Crane" during which she saw a number of whooping cranes, and 2) the memory of her grandfather catching a 50-pound drum assisted by Pancho Nayer.

BOSS MUST ISSUE FORM W-2 BY JAN 31

Employers, Internal Revenue Service has a reminder for you—employees should receive two copies of a Withholding Statement, Form W-2, on or before Tuesday, Jan. 31, 1967.

Asa L. Crow, administrative officer of the Internal Revenue Service, Corpus Christi, said, "This statement shows the total wages paid and the income tax and social security tax withheld if any, during the calendar year 1966."

Total wages shown on an employee's W-2 must include amounts received as sick pay. Sick pay is not required to be shown separately.

If it becomes necessary to correct a W-2 after it has been given to an employee, a revised statement must be issued and marked "corrected by employer."
