NUMBER 26

Bill Retop No. 117 From City to County Line

Local C of C to Sponsor Amateur Programs

DATE FOR CONTOURING EXTENDED TO JULY 20

County Agent J. T. Stovall has received word that the time limit for contour listing in connection with the Agricultural program has been extended. The date has been set up to July 20, the previous deadline was July 1.

Program Soon

Trainer Studio and Use Public Address System for Programs

Plans call for amateur programs on Tuesday afternoon and Saturday afternoon. The program will be inaugurated with regular contests. Final details are now being worked out by the Merchants' committee of the Chamber of Commerce. Members of the committee are J. M. Anderson, W. W. Boyer and E. C. Campbell.

RA LOANS FARMERS \$22,325.88

RESETTLEMENT ADMINISTRATION MADE MANY LOANS TO FARMERS IN OCHILTREE COUNTY

The Resettlement Administration has loaned farmers in Ochiltree county a total of \$22,325.88, according to Jess C. Bell supervisor for this county.

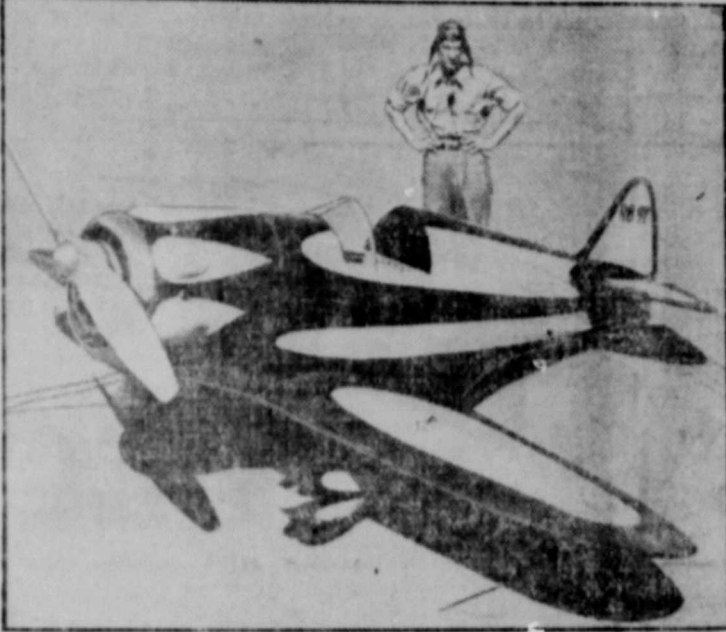

Purpose of this rehabilitation loan program, he explained, is to enable individual farm families to get a new start under more favorable conditions. In emergency cases this agency has provided money for food and other necessities until they were able to provide for themselves. The loans have been made for the purchase of necessary farm supplies, livestock, household needs, feed, seed, for payment of rent, taxes and for food.

When these rehabilitation loans were made the county supervisor provided agricultural assistance and guidance and in most cases the home management supervisor assisted the farm women in home management plans. While the county supervisor works on a farm plan to show which crops can best be grown on the farmer's land and how he can make the most money from his farm, the home management supervisor work with the farm women in connection with the home.

It is interesting to note that many farmers do not need a loan after their farm plans have been worked out by a county supervisor and they have produced one crop. The rural rehabilitation program of this federal agency has been welcomed in every section of the county. It has been shown that a small loan for necessary items on the farm and proper farming practices would put many of the country's temporarily distressed families on their feet permanently.

Rehabilitation loans made to farmers in Region Twelve of the Resettlement Administration from July 1, 1936, to June 12, 1937, amounted to \$2,522,838.20.

World's Smallest, Enters Air Race

Said to be the world's smallest airplane, this little ship, constructed in spare time by five members of a San Diego aircraft company, will enter the National Air Races in Cleveland late this summer. Twelve feet long, with a wing spread of 14 feet, the plane develops a top speed of 235 miles per hour. Though carrying but 12 gallons of gasoline, it has a cruising radius of 525 miles. It is powered with a 90-horsepower motor and weighs but 404 pounds. The pilot, Tony Levier, stands by.

BUSINESS AS USUAL ON INDEPENDENCE HOLIDAY

From all indications, July 5 will not be much of a holiday in Perryton. The 5th is the official day for celebrating the Fourth of July. The First National and Perryton National Bank will be closed, also the postoffice. There is no question but what that other business institutions will close on July 5, but there will be no general closing rule in effect. Among those that will close for the entire day is the Stewart Printing Co. The Soil Conservation Service will observe the 5th as a holiday. Many people from this vicinity will attend the final program of the Anvil Park Rodeo at Canadian.

Mrs. John North, Norman, Okla., spent the week-end in Perryton visiting in the home of her mother-in-law, Mrs. J. M. North. She was accompanied by Arlo Sue North and Christine Thurman, Dallas. Arlo Sue remained to spend the summer with her grandmother, Mrs. J. T. Guthrie.

Representative Max Boyer is Home from Special Session of the State Legislature

Representative and Mrs. Max W. Boyer returned to their home in Perryton Saturday after the adjournment of the special called session of the Texas legislature. Mr. Boyer represents the 124th legislative district composed of Dallam, Hartley, Sherman, Moore, Harford, Hutchinson, Ochiltree, Roberts, Lipscomb and Hemphill counties.

Mr. Boyer has resumed his law practice at offices in the Ellis Theatre building but has announced that he will move to larger quarters in the Ideal Food building on July 10.

Speaking at the Lions Club Tuesday noon, Mr. Boyer expressed his appreciation for the cooperation, assistance and suggestions received from citizens over his district. He expects the Governor to call another special session in September to enact revenue legislation, and that there will probably be another special session later in the year.

Max Boyer has made the 124th district and the entire Panhandle a valuable representative. Early in the year, he became recognized as one of the leaders of the Panhandle group and was successful through this leadership and contacts he made with leaders from other sections of the state, to pass legislation of direct benefit to the Panhandle, and also to kill proposed legislation that would have been detrimental. In many instances a legislative bill was defeated.

MAX W. BOYER

LEGAL SALE OF BEER STOPPED

COUNTY ATTORNEY FLOWERS ORDERS DEALERS TO MAKE NO SALES AFTER JUNE 29 IN THIS COUNTY

Pursuant to the will of the majority of the voters of Ochiltree county and the order of County Attorney Oscar C. Flowers, the sale of beer became illegal in this county at midnight, Tuesday, June 29, and officers report that former licensed dealers are complying with the law. Inspector Earl C. Carter of the Pampa District of which Ochiltree county is a part, accompanied by Inspectors Meldon Leslie and M. T. O'Neil of the Amarillo district, were in Perryton Wednesday afternoon. They are anxious to cooperate with local county and city officials in seeing that the mandate of the voters in regard to sale of liquor is enforced. Ochiltree county citizens have emphatically stated by their ballots that they do not favor the sale of liquor of any kind. It is understood that the Inspectors of the State Liquor Control Board called on those who were formerly legal beer dealers in the county, invoiced the stock of beer that they had on hand when legal sales were outlawed and discussed means for disposing of their stocks. It is understood that "stock on hand" can be sold only to a wholesale dealer in a wet territory. Attorneys for those that contested the March 20 "beer" election have filed with the Court of Civil Appeals for a rehearing but no action has been taken on their petition.

POST OFFICE TO HAVE LEGAL HOLIDAY JULY 5

It has been announced by M. R. Coffee, local postmaster, that the post office will be closed all day on July 5. The legal holiday is to observe Independence Day which comes on Sunday this year. The mail will not be delivered on the city or rural routes on that day.

CONTRACT FOR DOUBLE ASPHALT COURSE WILL BE LET JULY 6TH BY STATE HIGHWAY COMMISSION

Bids Asked for on 17.459 Miles of State Highway No. 117 from Perryton Southwest to Hansford County Line Near Waka

PLANS AVAILABLE HIGHWAY OFFICE

State Highway No. 117, from Perryton southwest to the Hansford county line, will be retopped at once with a double asphalt treatment course, according to an announcement made last week by J. E. West, resident state highway engineer of this city. The mileage of this section of highway is 17.459. The contract will be let on July 6 by the State Highway Commission at Austin.

WHEAT HARVEST IS UNDER WAY

COMBINES ARE HUMMING IN ALL PARTS OF PERRYTON AREA WITH GREAT VARIANCE IN YIELD

With combines humming in all parts of the Perryton area, the golden grain is commencing to trickle into the elevators of Ochiltree county. Many combines have been started during the past few days, while many others will not start until next week. Continuance of dry, hot weather has eliminated many fields of late wheat from the possible column but the yield and high test of the wheat is surprising. It is impossible at this time to make anything like an accurate estimate of the amount of wheat that will be raised in this territory but it will be the largest in many years. Reports coming in range from a few bushels per acre up to 20 bushels.

Hopper Poison Here

County Agent Requests All Who Want Supply to Call Immediately at His Office

Forty tons of poisoned bran are being distributed by County Agent J. T. Stovall and his assistants, to be used in poisoning grasshoppers. This is the second consignment to be received here, on ton, having been placed with farmers a few weeks ago. Mr. Stovall requests that anyone wanting to obtain the mash call immediately.

In the southeastern part of the county the hoppers have damaged crops some. Mr. Stovall says, in the Tax and Notia communities the yield has been cut from three to four bushels per acre.

Where the poison has been distributed the kill has been heavy, according to Mr. Stovall, but nevertheless the area continues to be heavily infested owing to the great number of the hoppers.

Call 67 when you have company!

According to the notice of the commission to contractors, the following wage rates shall apply as minimum wage rates on this project. The rates for pay are based on a minimum daily wage with an eight hour working day.

Shovel and crane operators, and powder men, \$6.00. Crusher, roller, distributor, blade and air hammer operators; and broom men and mechanic, \$4.00. Truck drivers (over 1 1/2 ton), blacksmiths, firemen (asphalt plant), form setters; and tractor, compressor and spreader box operators, \$3.60. Truck drivers (1 1/2 tons and less), flagmen and unskilled labor, \$2.50. Watchmen, \$2.40. Water boy, \$2.00.

FARM MACHINE DEMONSTRATION

JOHN DEERE DAMMING LISTER, SUCCESSOR TO THE PEACOCK MACHINE TO BE SHOWN SAT. JULY 2

Demonstration of the John Deere No. 751, five-row Damming Lister, successor to the Peacock machine, will be held at the Glen McGibbon farm, one and one-half miles north of Perryton, all day Saturday, July 2, says L. D. Stinson, manager of the Perryton Implement Co., local John Deere dealer.

This new lister, which is centered around the farming plans of C. T. Peacock, Arriba, Colo. wheat farmer, is brought out to meet the demand from those who wish to conserve moisture and prevent erosion by either water or wind to the greatest extent.

The No. 751 lister is built along the lines of the No. 635 John Deere lister except it has five beams instead of three. The two extra beams are placed between the regular beams giving twenty inch spacing center to center. The axle is longer giving sixty inch wheel tread. This allows the wheels to center properly when relisting the twenty inch rows.

The Perryton Implement Company extends an invitation to all interested in conserving moisture and preventing erosion to attend the demonstration.

Local Showers Fall

Good Shower Falls in Southeast Part of County Saturday Night; Trace Here Monday

A good shower fell over the greater part of the southeast quarter of the county Saturday night and parts of the same area received some rainfall Sunday night. The precipitation in Perryton was .07 inch Sunday night.

Total rainfall for the month at the Perryton station was 3.69 inches as follows:

June 1	1.67
June 7	.11
June 8	1.82
June 11	.02
June 28	.07
Total	3.69

COUNTY RENEWS SCS AGREEMENT

SOIL CONSERVATION DISTRICT CONTRACT EXTENDED FOR ONE ADDITIONAL YEAR FROM JULY 1

Ochiltree county has renewed its agreement for one year, beginning July 1, with the Soil Conservation Service, whereby the county and the Federal government enter into a cooperative agreement to combat wind erosion and rebuild damaged land. Technical service is furnished by the Soil Conservation Service also machinery, while labor is supplied by the county.

Much of the recent work done by the Conservancy District in Ochiltree county has consisted of leveling fence rows and hummocks while in Lipscomb county it has been building terraces.

Scott Amend represents the Soil Conservation Service as Conservator, being assigned to the two counties.

Mrs. Cecil Dodd and daughters, Nancy and Addy Lou, Mrs. Vance Apple and Mrs. A. H. Nichols went to Higgins Sunday for a short visit with Mrs. W. C. Sanders of San Angelo, who was in Higgins for the week-end.

"Charity" Career Blasted by State WPA Administrator

If any employees of the Works Progress Administration, whether they be administrative, supervisory or enrolled clients, contemplate making federal relief a "career" they are just fooling themselves.

This warning was broadcast by Ron Stephens, Oklahoma State WPA administrator, in an emphatic bulletin instructing everyone on a WPA payroll to "be consistently and aggressively in search of suitable private employment" and to "take advantage of the first opportunity to separate themselves from the Works Progress Administration payroll."

The bulletin was addressed to all district directors and staff officers who were instructed to give it as wide circulation as possible.

"I would direct attention to the fact that the Works Progress Administration program, like its predecessors, ERA, CWA, etc., has never been anything but expedient and temporary to meet the existing emergency," Stephens said in the bulletin.

"It appears to be a foregone conclusion that further reductions must be made and the provident thing for anyone to do is to accept this fact and be prepared, if possible."

Project workers themselves should not accept the idea that their temporary employment on government projects may be considered by them as permanent security for the future. There is every indication of returning normalcy in business activities, industrial operations, agriculture, etc. This justifies the government's position that reductions must be made. Individual resourcefulness and energetic effort to again assume full responsibility for personal welfare must again be established.

The greatest possible degree of cooperation on the part of everyone concerned is hoped for. The necessity for this cooperation includes private industry in general in the offering of employment to the employable persons now employed by the federal government," the bulletin concluded.

CLUB TO CAMP 20TH

WEEKEN FEED SCHEDULE LAST FRIDAY IS POSTPONED UNTIL LATER DATE

Members of the members of the Perryton Lions Club being the fried chicken feed scheduled to be held at Perryton last Friday night and until July 20. At the luncheon of the club, Mr. W. Boyer and R. T. members of a committee will be available in the afternoon of the camp fire.

noon-day luncheons of the club resuming on the first Tuesday in

WOMEN WANT WORK AT CAMP EXPENSE

Hartman, deputy Boy Scout commissioner for the District, states that a Perryton Boy Scouts camp is to get odd jobs such as grass, etc. in order to pay their expenses. The summer camp of the Ochiltree State Park will be held July 25. If you need a job, call Mr. Hartman at the camp office.

Home Demonstration CLUB NEWS

THE STORY OF MY BEDROOM

The following story was written by Beryl Dodson, winner of the 4-H girls' bedroom contest. Beryl's room will be entered in the district contest in which there are 12 counties competing.

"I was elected bedroom demonstrator of the Busy Bee club in January. I looked at my room with a faint heart to think I was to be a demonstrator. My room is a shed room on the northwest side of the house, and it had to be completely renovated to make an attractive and comfortable room.

"Our bedroom goals for this year are: 1. Have sufficient slats; 2. Provide mattress pad; 3. Provide one piece of light weight covering or a bedspread; 4. Have all sheets three yards long; 5. Make bed each day according to suggestions. Being a demonstrator instead of a cooperator, I had to go farther than just to improve my bed.

"The south wall was made of twelve inch boards and stripped. The sloped ceiling extended to the north. There were no baseboards in the room, and the floor had a wide crack of about an inch on the north side near the wall which was caused by a windstorm. The floor was rough and unpainted and the walls were painted a deep pink. The first thing I did with the help of my father and grandfather was to place the frames of the windows, which extended three inches from the wall, next to the wall. The frames for the screens were made out of scrap lumber and hung with discarded hinges.

"In order to make the south wall smooth for papering, I removed the strips and covered the wall with slightly damaged sheetrock. I then papered my room with a very light paper which made my room look larger, lighter and cooler. The paper has a small pink and blue flower in it to harmonize with the rest of my room. I bought twelve inch boards and had them cut half into for the base boards. The door in the south wall had no facings, so we made some out of one by four boards. All the woodwork was painted a cream color to add further in making the room lighter.

"The closet was papered with left over paper and the floor covered with linoleum. The hole in the floor was covered with sink I then painted the floor with a walnut color and after drying, I varnished and waxed it.

"I had the broken pieces of the foot board of the bed welded and varnished it walnut too. To supply sufficient slats, I had a twelve inch board cut into three inch strips. I have found that to put a slat under each row of coils of my springs, makes the bed more attractive and comfortable. The spring cover was made from old overalls. My mattress was made from two old mattresses. I bought unbleached sheeting and made the mattress cover. My mattress pad was made from an old quilt which was covered with unbleached muslin then tacked. I had my sheets three yards long and a light covering. My spread is tufted with a pink background and white tufts. My pillows are protected with a protector made from sacks.

"For my bathing facilities, my grandfather built a washstand out of twelve inch boards and apple boxes. The inside is made of two compartments. The upper part for towels and wash cloths and the lower part for bed linens. This was varnished walnut, and I bought a white granite wash pan and pitcher. I made a screen out of two inch boards and light tan cotton crash to place around my wash stand.

"My cream colored shades were taken off the rollers, the bad parts cut off, and changed, and tacked on the rollers. My curtains are made from pink scrim.

"My desk was an old walnut table of my mother's. The base of my lamp is made from a peanut butter jar. Three hook rugs have been added and an easy chair.

"The total cost of my room was \$21.94. I have enjoyed renovating my room and believe I have accomplished a worthy goal by making the shed room comfortable and attractive."

4 IN 1 CLUB TO MEET NEXT THURSDAY, JULY 8

The next meeting of the 4 in 1 Home Demonstration Club will be in the home of Mrs. Harvey Urban on Thursday, July 8, 2:30 p. m. The lesson will be on "The Scoring of Vegetables."

Members urged to be present. Visitors welcome.

NEW HOPE HOME DEM. CLUB TO MEET WED. P. M. JULY 7

The New Hope home demonstration club will meet in the country home of Mrs. J. E. Cudd on Wednesday afternoon, July 7, two o'clock. The program is on vegetables. Miss Wertha Tarter, home demonstration agent, will be present and give an interesting demonstration.

4-H Achievement Day

Winners in 4-H Bedroom Work Named Last Friday with Beryl Dodson Placing First

The Girls' 4H bedroom work was completed Friday, June 25, and winners were announced. Beryl Dodson of the Busy Bee Club won first place, Doris Cox of Hustlers Club placed second and Ruth Huston of Clover Leaf was third. Judges were Mrs. J. R. Stump and Mrs. W. L. Lovett.

The girls renovated the whole room, if necessary, and made it more livable and comfortable. Each girl was proud to exhibit her attractive room as most of them stated, it is now a room in which they enjoy sewing, studying or resting. Each girl is to be commended on the good work she has done.

Miss Dodson, winner of first place, has written an account of her work in beautifying her bedroom. Her story will be found in this week's Herald.

4 IN 1 CLUB

Mrs. Harvey Urban
"Pillows should be aired and sunned regularly if they are to be kept soft and fluffy," said Mrs. Willis Hardy, president of the 4-in-1 club, which met in the home of Mrs. D. P. Tarbox, Thursday June 24, at 1:30 p. m.

It is best to use two covers made of good weight ticking, so the outer one can be taken off and washed without changing the feathers to another each time. Dirty pillows can be cleaned and the feathers renovated by washing the feathers in the tick. This is best done by using warm suds and placing the pillows in the washing machine. They should be rinsed and hung on the line and shaken and turned from end to end until the feathers are entirely dry and fluffy. This usually takes about two days.

After a short business meeting, delicious refreshments were served to the following: Mrs. J. L. Bryan, Mrs. S. P. Waide, Mrs. B. L. Barnes, Mrs. F. Forgy, Mrs. A. C. Dial, Mrs. B. E. Plummer, Mrs. James Caldwell, Mrs. Willis Hardy, Mrs. James Hardy, Mrs. Harvey Urban and Misses Lucile Hardy, Rose Barnes, Helen Hardy, Julia Hamilton, Wanda and Levada Bryan and the hostess, Mrs. D. P. Tarbox.

HUNTOON 4-H CLUB

Carrie Nell Bremmer, Reporter
The Sunshine Girls met with Carrie Nell Bremmer on Thursday. Miss Tarter was unable to be present at the meeting. The girls worked on a tufted bed spread after which the hostess served delicious refreshments.

REPORTERS MEETING

"A reporter has three duties, announcing meetings, reporting meetings, and visiting the editor," stated Mrs. J. R. Stump chairman of the reporters meeting held at the home demonstration agent's office, Saturday afternoon, June 26.

A report of a meeting may be in four short paragraphs. The first paragraph should contain a piece of information briefly told, name

and title of person giving information, name of group holding meeting, place and date of meeting. The second paragraph contains more information. The third paragraph giving news of the meeting, and the last paragraph, names of those attending meetings. All names should be spelled correctly and first name or initial given.

Some of our news clippings were read and discussed. As a measuring rod, we asked ourselves this question—Does this article carry a piece of information that will be useful to those that were not at our meeting?

Those attending were: Mesdames J. R. Stump, Alvin Koehn and Harvey Urban, Misses Geddes Morris, Beryl Dodson, Lillian Williams and Wertha Tarter.

CLOVER LEAF CLUB

Geddes Morris, Reporter
The Clover Leaf club met for a business meeting Tuesday afternoon, June 29, at 3:30 o'clock in the home of Miss Geddes Morris. Club affairs were discussed and plans for future activities and achievements were completed.

Clover Leaf club welcomed a new member, Miss Olive Nowlin. After the business meeting light refreshments were served to the following members: Lucy and Eula Copeland, Ruth and Edna Huston, Olive and Charline Nowlin, Neva Morris, sponsor Julia Morris, a visitor, Miss Pauline Hummer and the hostess.

OCHILTREE CLUB

Mrs. Jim Dodson, Reporter
"Mitered corners are used for wide hems to avoid bulkiness," stated Mrs. Jack Dodson, bed room demonstrator at the Ochiltree Home Demonstration club meeting held in the home of Mrs. Kirt Williams, June 23.

Mitered corners were made by each member present. Mrs. Kirt Williams was given first place by the 4-H girls. Miter corners are good on table covers, sheets and scarfs and make much more attractive edges.

Roll call was answered by "How I Care for My Pillows." Some very good suggestions were given by the members. The club completed three-fourths of a tufted bed spread during the session.

The members present were Mrs. Claude Crouch, Mrs. Charles McCartney, Mrs. Jack Dodson, Mrs. Jim Dodson, Waldeen and Beryl Dodson, Myriell Kelly, Vivian and Virginia Williams and the host Mrs. Kirt Williams.

MISSOURI AVE. CLUB

Mrs. G. M. Dietrich, Reporter
"Life is just what we make it, that is why some people are happy," stated Mrs. Fred Huston, president of the Missouri Ave. club which met in the home of Mrs. French Lawrence, Wednesday 23, at two o'clock.

Roll call was answered by the members relating how they cared for their pillows. It was brought out that as pillows are much easier to keep clean than to wash, they should be protected from cold cream and hair oil. They should be aired several times a week but care should be taken not to allow too much sunshine as this would fade the ticking.

Refreshments were served to the following members: Mesdames Fred Huston, H. C. Barlow, Curtis Roach, French Lawrence, Ecton Lawrence, J. H. Key, A. W. Henery, W. A.

Henery, L. H. Kaup, Jim Putman, G. M. Dietrich, G. M. Cooper, G. L. Bozeman, J. H. Kershaw, Ralph Headlee, L. E. King, J. D. Copeland, E. W. Witt, Cora Lawrence and Miss Ruth Huston.

OCHILTREE H. D. CLUB WILL HOLD NEXT MEETING, JULY 7

The Ochiltree Home Demonstration club will hold its next meeting in the home of Mrs. Jack Dodson, July 7, at 1:30 p. m. Vegetables will be scored by the Home Demonstration agent at the meeting. Everyone is asked to come.

THE MISSOURI AVENUE CLUB HOLD NEXT MEETING, JULY 14

The Missouri Avenue club will hold its next meeting on Wednesday, July 14 at two o'clock in the home of Mrs. J. W. Putman. Visitors are always welcome.

FARNSWORTH NEWS

Joe Copeland, Reporter
Mrs. R. G. Cogdill, Hobart, Okla., came in Saturday to be with her sister, Mrs. Bud Smith who is ill. She will also visit in the homes of her nieces, Mrs. Ben Peckenpaugh

and Mrs. Herman Hardgrove. Mr. and Mrs. Simpson moved to the John Powell property Sunday. Everett Wernske and son came in Sunday from Hinton, Oklahoma, and will visit in the home of P. W. Wernske until after harvest.

Mrs. A. L. Truax and Mrs. O. R. Truax called in the home of Mr. and Mrs. R. Hendrix Monday afternoon.

Mr. and Mrs. G. E. Green motored to Liberal, Kansas, Sunday to take to Lloyd Stevens who went on to Hutchinson, Kansas, where he will join an orchestra for the summer.

Mr. and Mrs. H. E. Brown and June and Mr. and Mrs. E. J. Copeland were visitors Sunday in the home of Mr. and Mrs. Roger Pearson.

BALKO NEWS

Mrs. J. W. Cayler, Reporter
Some people in the community have harvested their fields in places as the wheat has ripened only in spots.

Mrs. Bertie Wood went to Beaver Wednesday and her nephew, James Slater, returned home with her to spend the week-end.

Mr. and Mrs. C. W. Woods and grandson, Richard, of Perryton,

spent the day Sunday in the home of Mr. and Mrs. J. W. Cayler.

The Young Peoples Sunday school class enjoyed an evening on Clear creek last week.

Mr. Holiday and son, Raymond, have been plowing and planting on the Loofborrow Place this week.

The B. T. U. Zone meet, which was held in Beaver Sunday, was well attended and interest was shown in the work.

Rev. McWerton of Higgins delivered both the morning and evening services Sunday. His son was with him.

Mr. and Mrs. Cayler visited in the home of Mr. and Mrs. C. E. Presnel Sunday afternoon.

"RELIABILITY AND HONEST VALUES"

Best Polar Developments Forecast Eventual Use for Ends of the Earth

Best onslaught of the Soviets on the vast polar regions was this move to establish a camp on Franz Josef Land. Here Russian scientists studied polar weather conditions for one year. And the next step was the North Pole observation station itself. Stopped amidst a mountain range of ice, the icebreaker Rusanov is shown unloading supplies. Prof. Otto Schmidt, leader of the Polar expedition, is shown inset.

EPID Soviet armen and scientists establish a weather station on the North Pole, there is a meteorological condition for an entire year.

Britain prepares to formal demand for sovereignty over a vast area of the Arctic in opposition to disclaims by the United States and three other nations. During aviators fly from the North Pole, there is a Trans-Polar air route! increasing emphasis the spotlight turns on the two use for these vast, barometrically uncharted territories which until now have generally defied ingress, except for periploration.

South there's talk of a Pole weather base and of capitalization of the resources that are the South. What then are the prospects of these areas? What are the poles like? What is the extent?

South Polar region, scientists have reason to be optimistic. A wealth of coal and other minerals. Rear Admiral Richard E. Byrd, who led two expeditions, says

there is sufficient coal beneath the ice and snow "to supply the world." Byrd points out that it must necessarily be a long time before these coal supplies are utilized—after cheaper supplies have run out—but they're on hand, awaiting use. That's significant.

The vast South Polar area is landlocked for the most part. Ownership of the area lies chiefly between the units of the British empire, the United States, Argentina, France and Norway. Lincoln Ellsworth, late in 1935, flew over a large section of previously undiscovered Antarctic land and claimed for the United States a wedge-shaped piece of about 350,000 square miles. This new wedge adjoined Marie Byrd Land, previously claimed for the United States by Commander Byrd.

Somewhat different picture is that of the North Polar area. Here is a vast Arctic sea and the establishment of a year-around weather base by the Russians, if only temporary, is one of the most spectacular gestures ever made in the polar regions.

What is the North Pole? Nothing more than a drifting and broken ice field; a spot where one may walk around the earth in a few paces, but with extreme care! The basin of the pole is ac-

tually a huge depression, 12,000 feet deep at its lowest point. Its shores are doubtless the most monotonous in the world. Even down into Siberia there is little life. But the land is warm during the summer. And the Russians intend to take advantage of this.

So they have laid plans for a vast Arctic empire, extending up from Siberia. And a weather station atop the pole, floating on perilous ice packs, is but one step in the fantastic scheme. Whether this station is to be established permanently, is questionable. What is not questionable, however, is the Russians' intention to capitalize on a quick route to North America, via the pole.

The flight of Pilots Bellakov, Baidukov, and Chekalov, more than 5000 miles from Moscow to Vancouver, Wash., where they were forced down, marked the first move to prove the feasibility of the route. No one expects regular trans-polar trips as yet, but the trend has been indicated.

So the poles come into a new significance—the South Pole for its vast mineral resources and the North Pole for its possible navigation and commerce. The frontier is moving back to its last stand!

Uncle Jim Says

"Contour furrows help keep land in place, hold rainfall, and reduce damage from blowing."

The practice of terracing Texas farms, once confined largely to East Texas and designed primarily to hold soil in place, has spread rapidly to the west, north, and northwest sections of the State. The reason for terracing and contouring in the less humid areas of the State is not so much to hold the soil as it is to hold the rainfall.

Wheat farmers of the northwest are reporting exceptional yields through the use of contouring practices, while fields not treated to hold rainfall are far behind in their per acre yield.

In the Texas Panhandle 1,738,762 acres were treated in the spring of 1936 to control wind erosion. Over the State as a whole, more than 13 million acres have been terraced or contoured since 1916, of which almost 4 million acres were treated in 1936.

Contouring and terracing have spread from cultivated land to pastures and to ranges. At the Spur Experiment Station, it was found that contouring tripled the yield of grasses.

The value of these soil and water conservation practices to the State as a whole and to individual farmers and ranchmen cannot be disputed. Under the Agricultural Conservation Program, farmers and ranchmen receive grants for terracing and contouring which carry part of the cost of the construction work.

Jots in Jest

THESE trans-polar flights look all right to us, but the Soviet pilots will need simpler names if they're going to popularize the trip.

Attorney says we'll always have loopholes in our tax laws. Coming from a lawyer that ought to settle the matter.

And then there are the Russian generals who found out that liquidation had nothing to do with their assets.

Rocketeer's \$25,000,000 estate will shrink to \$10,000,000 after tax deductions. Even so, it's not bad to have something to shrink.

A gentleman of leisure is now a fellow on a 30-hour week with time to spare on a picket line.

GIRL SCOUT NEWS

Troop II of the Perryton Scouts met in the scout room at the American Legion hall on Friday afternoon, 3:30 o'clock. Mrs. J. Malvin Jackson, leader, and Mrs. W. H. Lance, assistant, were present and enjoyed an ice cream party with the girls.

The Flaming Arrow patrol of Troop II had a visitor, Betty Ann Kershaw and the following members present: Doris Jines, Margaret Mary Pletcher, Neida Beth Dodson, Ruth Neufeld and Margaret Jean Orrill.

Those present for the Butter Cup patrol were Joan Boston, Francis

Mae Dodson, Polly Ann Holmes, Mary Kathryn Allen, Eulene Wade, and a visitor, Darlene Bull. Polly Ann Holmes was appointed scribe.

THE HORSE OF THE YEAR

New York City—By capturing the \$50,000 Belmont Stakes, Samuel D. Riddle's War Admiral, sensational winner earlier this season of the Kentucky Derby and the Preakness, has been acclaimed the horse of the year. This son of Man o' War is the fourth horse to win these three events in a single season, but will probably retire for the rest of the year, due to a slight injury to his foreleg.

MOOT QUESTION SETTLED

Washington, D. C.—For 5 years the U. S. Court of Customs and Appeals has struggled with the question, When does an infant become a child? Two New York department stores fighting a 75 per cent duty on infant's clothing as against 50 per cent on children's garments, held that an infant becomes a child on its second birthday. The court held that the government was right in placing the transition at 6 years.

LITON CREEK NEWS

Mr. and Mrs. Lloyd Cowan were in Perryton Wednesday shopping.

Mrs. Frank Davenport called in the home of I. J. Cowan Monday night.

Word has been received from Alvin Cowan that he likes his work in Woodward.

Mr. Wilson was a visitor in the L. J. Cowan home on Tuesday evening.

Mr. and Mrs. George Terrell and son, Don of Balco, were on the creek fishing Sunday.

Frank Brooks called at the L. J. Cowan home last week.

Chicago, Ill.—A moribund State law permits any citizen to sue the winner of a wager for three times the amount of his winnings. Last November John Theros won \$50,000 in the Irish Hospital Sweepstakes, and now Miss Francis Moore 21 has asked the Illinois Superior Court to award her \$150,000 as a test of the all-but-forgotten statute.

NORRIS TEST 3200 FEET DEEP: AWAITING CASING

The oil test being drilled on the W. R. Norris farm thirty miles southeast of Perryton, just off the highway to Canadian has been shut down that casing may be set. The depth of the test is now 3200 feet, according to Mr. Norris, with 2800 ft. of open hole. A 8 1/2 inch pipe will be set.

Now, Joe, What About Max?

BY IRVING DIX

JOE LOUIS the new world heavyweight boxing titleholder, says that he will be a fighting champion.

"I'll fight every month," says Mistuh Joe, "and anybody they pick for me."

All of which is most courageous talk, but the trouble with it is that no matter how much fighting Mistuh Joe does, a lot of folk won't recognize him as a fighting champion or any other kind of champion unless he meets and beats Herr Max Schmeling.

Der Maxie, you may remember, is the beetle-browed Teuton with the heavy right hand who belted the Brown Bomber here and there and up and down and around and about last summer and who was dodged neatly by James J. Braddock this summer.

By all rights, Der Maxie should have been in there with Mr. Braddock. And, by all rights, inasmuch as Der Maxie has whipped the present world champion, it would seem that he is the titleholder.

But, as we say along the Rhine, das is nicht.

Of course this is not meant to plead Der Maxie's case because, although he has gotten quite a run-around he never was much of a hand himself at giving a guy a crack at the title. Der Maxie was pretty good at giving the run-around himself. Remember how Jack Sharkey outwitted him after Maxie thought it was a strike and won the title sitting down?

Be that as it may, Der Maxie should have the first crack at Louis' crown, but it looks like he won't. On the eve of the championship fight the cables buzzed with reports that Max had signed to meet Tommy Farr, champion of all England, and Max Baer's fight in London this September. This would be considered a title bout in most sections of Europe.

However, it seems that Der Maxie may be cheated out of even this because Mike Jacobs, Twentieth Century Club promoter, up and announced that Louis, and not Schmeling, would meet Farr and the fight would be in July and not September.

Hand upraised, a somewhat tired but triumphant Joe Louis pronounced the new heavyweight champion of the world after his eighth-round knockout of James J. Braddock in Chicago.

Louis is expected to belt out Mr. Farr in short order. He will then be matched with Schmeling. That is, of course, if Der Maxie is willing, which he probably will be despite a rumor that Hitler, the big boss man, is supposed to have barred him from appearing in this country.

It might be just as well for Schmeling that he steer away from Louis, at that. The decisive eighth-round knockout of Braddock proved two things in Louis' favor:

1. The Bomber is not gunshy as the result of the Schmeling shelling. He took some stiff punches.

2. He is not such a sucker for a right hand as he was once.

One question remains in doubt. There still is reason to believe that Joe's chin has traces of china in it. He was dropped by the putty-knuckled Braddock in the first round. Braddock himself absorbed 100 times that many stiff punches.

But, of course, if Joe fights as smartly as he did against Braddock he'll never have to worry about taking punches. The other guy won't be around long enough, nor have time enough to throw any.

LIVING UP TO MY AD

Giving you tops in Mileage

I know the trouble. So many oil ads yell mileage, that you can't tell one way or another. I don't want my own ads to be in that class, so I'd like you to know all I'm staking, when I personally recommend Conoco Germ Processed oil to you. In my case, you see, I'm the owner of my business. And there's nothing makes repeat customers for me like my Germ Processed oil... or I ought to say, the long mileage it gives you. The patent Germ Process makes this oil get fastened real firm to the bearings and cylinders and other parts—as if they'd been built with an actual plating of oil that can't separate... can't thin out and burn right up. Neither is it going to run down every time you stop. Then you can't make any "dry starts" with Oil-Plating, and right there is where engineers say you will end a good half of all the wear you used to get in Summer. The less wear, the less oil your engine eats. You'll get on to this yourself, from your cool quiet Oil-Plated engine. And that's how I make another good friend for my Conoco Germ Processed oil.

NOTICE DOG OWNERS

This is to notify all persons owning dogs in the city of Perryton that in the next few days a license tag must be issued for every dog. The tags must be worn by the dogs at all times. The charge for males is \$1.00, females \$2.00. The tags may be had at the city hall.

People are cautioned not to harbor dogs on which tax has not been paid as a fine of \$25.00 will be imposed upon them. The City of Perryton does not wish to impose such a fine upon any of its citizens but will be forced to in the event that dog owners do not take out licenses on their dogs.

All stray dogs will be placed in the city pound for three days after which if they are not called for and license paid, they will be disposed of. This takes effect immediately and all dog owners are notified to procure their license at once.

Leonard Robertson
Chief of Police

Here's the SURPLUS POWER You Need on Your Farm

It's surplus power at the drawbar with an Oliver Hart-Parr Tractor! And that's where power counts! You will not only do more work in a day—and better work—but you will do every farm job more economically.

Oliver Hart-Parr 18-28 and 28-44 Tractors transmit the power from the engine to the drawbar with less friction, less waste and lower cost. They give you real fuel economy as well as longer life and longer service.

For a big day's work hook a plow or fallowator to an Oliver Hart-Parr. Come in and let us show you a real combination of surplus power, long life and fuel economy.

People's Cry

International Uniform School Lesson for July 4.
Exodus 1:6-14; 2:23-25.

... of prosperity and problems prosperity as old as the human race. The children of Israel, for they had gone from their native land to the land of Egypt, had an era of great protection of the power-ful in their new home. These and powerful are described in the Bible! It is so complete a picture of the people of Israel and prosperity as is found in the words that "the children of Israel were increased abundantly, and the land was fruitful, and waxed exceedingly, and the land was fruitful." How long this continued, but about 300 years after the time of the rise of this people with a king over them who knew not Joseph.

... began one of the great epochs in the long history of the world. With the rise of the Jews, who were persecuted and driven from Germany, a king aroused his substantial prejudice. The same motives which have been used in anti-Jewish movements of our own time, he used in the growing power of the Jewish people and the fact that he believed they were the children of God.

Heard by God

Israel are more and mightier than we." There was probably no more truth in this assertion than there is truth in similar prejudicial statements concerning the Jews today.

In the ancient time, as today, anti-Jewish prejudice took to itself high-sounding phrases and the profession of idealistic ends. "Let us deal wisely with them," said this persecuting monarch, but his wisdom consisted in enslaving the people, in setting taskmasters over them, and in binding them with heavy burdens.

THE persistency and strength of the Jewish people, then as now, were manifest in their continued growth despite their oppression. Bitterness and hard service could not destroy the spirit of that people. In their distress and groaning also, a new spirit began to move among them. They were concerned less about the ease, and comfort, and wealth, that had been taken from them, and they were forced to think of higher things, of freedom and right and truth.

The record is that though earthly covenants had been broken, God heard the groaning of the people, and remembering His covenant with Abraham and Isaac and Jacob, "He saw the children of Israel and took knowledge of them."

The truth is that the people began themselves to be mindful of that covenant. God never forgets or breaks His covenant. His attitude is unchanging, and the people, in their distress, discovered realities that they themselves had forgotten.

**HAWK BELLED BY BOOKER MAN
20 YEARS AGO DIES IN CANADA**

W. V. Shouse, wholesale and retail oil dealer of Booker has a number of hobbies, principal among these is studying the migration of wild fowls and collecting Indian relics. Mr. Shouse's interest in wild fowls has recently brought inquiries from the United States government, also Canada, as a bird he marked twenty years ago was recently found in that section.

Back in 1917, Mr. Shouse and his family lived on a homestead ten miles from Clayton, N. M. While there Mr. Shouse had some trouble with coyotes and he set traps. On Jan. 7, 1917, he caught a large, full-grown prairie hawk in one of these traps. The hawk, uninjured, was turned loose, but not until Mr. Shouse had put a leather collar around its neck to which a small metal bell, measuring approximately 1 1/2 by 1 1/2 inches was attached. On a key ring name plate attached to the collar he stamped the following:

"Write to W. V. Shouse, Jan. 7, 1917, Clayton, N. M."

For two years, Mr. Shouse continued to live on the New Mexico land, moving away in 1919 when it was proven up. During that time each winter he would see the belled hawk. It always returned. After he moved, the hawk was almost forgotten until recently he learned it had been found dead in Canada and the bell collar and tag mailed to him—more than twenty years after he had placed it on the bird.

The hawk which is described as having been a large bird with a spread of four feet was found by an eighteen-year-old Norwegian boy, Orvald Amrud, living near Strongfield, Saskatchewan, Canada. The bird and its mate had been nesting in the same tree each summer for the past five years, the boy wrote Mr. Shouse. As no wounds were discernible it was supposed that it died of old age. Amrud wrote to Mr. Shouse at the Clayton address and given on the tag and when the letter was returned to him, made inquiry of the Clayton postmaster, who located Mr. Shouse.

Inquiries have come to Mr. Shouse regarding date and locality of marking the bird and where recovered, from the U. S. Department of Agriculture, Bureau of Biological Survey. A record will be made on the bird and placed in the miscellaneous files of the department. The National Parks Bureau, Department of Mines and Resources, Ottawa, Ontario, Canada is also interested in obtaining a record on the hawk.

In 1927 Mr. Shouse put a bell on a young hawk near Booker. This hawk was seen in that vicinity as late as 1934 he says, but has not been noticed recently. He plans to bell at least two more hawks this summer.

Wedding Glitters for Two Stars

Two of Hollywood's leading stars were principals in a glittering wedding, as bright as a film premiere, when pretty Jeanette MacDonald, singer, and Gene Raymond, blond leading man, were married. The bride and bridegroom are shown here as they posed after the wedding.

Released Under Bond

Youths Charged with Magnete Theft Now at Liberty Under County Court Bond

Jack Hughes and David Jones, Spearman youths who have been confined in the Ochiltree county jail, charged with the theft of magnetos from tractors in the Waka community have been released on bond.

They will be tried before Judge Dave Shanks at the next term of the Ochiltree County Court.

Mr. and Mrs. W. B. LaMaster and sons, Henry, Philip and Kenneth, returned Saturday evening from a three weeks visit with her mother, Mrs. C. S. Tandy and other relatives in Carrollton, Ky.

Mad Party
Miss Letha Corbin entertained with a party for a number of her friends Friday evening in the home of her grandparents, Mr. and Mrs. Ed Littleton, 1104 Southwest Third street.

Brownie Club
Trixie Caldwell was the gracious hostess to the Brownie Club at her home Wednesday afternoon. This club is sponsored by Katherine LaMaster and Rosamond Jarvis. It is the object of the sponsors to have a Brownie Scout group in the fall when they hope, to have an experienced Brownie worker to lead girls of 7, 8 and 9 years of age.

Celebrate Golden Wedding Anniversary
Mr. and Mrs. W. E. Smith, 702 Southeast Second street, celebrated fifty years of happy married life on Sunday. They were married at Bolivar, Mo. June 28, 1887 and have lived in Ochiltree county since 1918.

Children present were Mrs. O. T. Hallingsworth, Mrs. Aaron Diehl, Mrs. Lois Stone, and Dale Smith; grandchildren were Mr. and Mrs. Don Hollingsworth Mr. and Mrs. Norman Lewis, Mr. and Mrs. Claude Sore, Mr. and Mrs. James Hall, Mrs. Marion DeFever, Mr. and Mrs. Alvin Diehl, Carlos and Colleen Smith, Billy D. Bobby Gene and Shirley Lois Stone and four great grandchildren.

Complimented
Honoring Miss Louise Solomon, vice-direct of Mr. Gerald Tindle of Perryton, Mrs. Albert Brown, Mrs. Carl Hair and Mrs. Don Deleater of Amarillo entertained with a pre-wedding shower at the home of Mrs. Brown, 1702 Second Avenue, Wednesday evening.

Guests upon arriving, signed the bride's book and were shown into the living room. Pink and blue colors were featured in the bowls of tartar and baby's breath which formed a setting for the attractively decorated table placed in the center of the room. Ribbons of pink and green cellophane hung from a large circular ceiling piece, reaching almost to the table where the gift packages for the honoree had been arranged.

At the serving hour the table was laid with a lace cloth over pink and green cellophane and centered with a wedding cake placed before a background of flowers. White tapers burned at each side of the cake. The cake was cut and served with the cream and pink and green tarts.—Canyon News.

Breakfast
Several members of Just-a-Club met Tuesday morning in the home of Mrs. Oscar Flowers and went to Creek for a delightful outdoor breakfast, cooked over a camp fire.

Chi Sigma Phi
Mrs. Cromwell Rogers entertained the Chi Sigma Phi club at her home in Farnsworth Thursday evening. A delicious pot luck dinner was enjoyed at 7:30 o'clock and followed by games of pleasant bridge.

Entre Nous
Mrs. A. W. Blue was hostess for the regular Wednesday afternoon session of the Entre Nous bridge club at the Hotel Perryton, June 30. Score awards were given to Mrs. Christopher, high, and Mrs. Norris, second high.

Party Honors Guest
Miss Grace Shoemaker, who is visiting here from Bartlesville, Oklahoma, was the inspiration for a lovely party Friday afternoon when her niece, Mrs. James Blasingame entertained with four tables of bridge at the Blasingame home south of Perryton.

Miss Grabeel Honored
Mrs. C. C. Carter and Mrs. Ray Grabeel entertained Tuesday afternoon with a bridge party as a courtesy for Miss Gladys Grabeel, who is visiting here from Rose Hill, Va. The affair was held in the Carter home, 801 Southwest First street.

Enjoy Outing
Several carloads of friends motored to the ranch home of Mr. and Mrs. R. T. Kelley Jr. in Lipscomb county, Wednesday afternoon, and enjoyed several happy hours before a tempting fried chicken dinner was served.

At the serving hour the table was laid with a lace cloth over pink and green cellophane and centered with a wedding cake placed before a background of flowers. White tapers burned at each side of the cake. The cake was cut and served with the cream and pink and green tarts.—Canyon News.

Bridge Foursome

Enjoying interesting games of bridge in the home of Mrs. Kenneth McGibbon, Thursday afternoon, were Mrs. C. L. Craig of Borger, Mrs. Kirt Kiene and Mrs. Ray Christopher.

Celebrate Birthdays

In celebration of the 81st birthday of E. C. Cudd, which was on Saturday, June 26, and the birthday anniversary of M. M. Cudd on Sunday, relatives gathered in the W. G. Yearly home in the New Hope community, Sunday, and spent a most enjoyable day visiting and eating.

Those present were E. C. Cudd, Mr. and Mrs. M. M. Cudd, Roy and Mary Ann, Mr. and Mrs. J. E. Cudd and Warren, Mr. and Mrs. C. R. Cudd, Wayne, Kenneth and Meri, Mr. and Mrs. Fred Furnish, and Mr. and Mrs. Yearly, Clyde and Grady.

Family Gathering

The country home of Mr. and Mrs. S. P. Whippo, fifteen miles southwest of Perryton, was the scene of a merry gathering Sunday when a crowd of relatives and friends assembled to spend the day.

Those present were E. L. Whippo, J. B. Cartwright Sr., Frank R. Phillips, Dean of Agriculture N. W. T. S. T. C. Canyon, Rev. M. K. Griffith, Mrs. Hattie Stroop of Mineral Wells, Miss Louise Klee, Vancouver, Columbia, Mrs. C. H. Black, Follett, Miss Gabriella Black, Shattuck, Oklahoma, Mrs. Gertrude Butcher, Mr. and Mrs. J. B. Cartwright, Suzanne and Jerry, Mr. and Mrs. R. T. Correll, Archie Edmund and R. T. Jr., Mr. and Mrs. W. E. McMullen, Mr. and Mrs. E. R. Thurman, Mr. and Mrs. A. K. Wilson and family, Mr. and Mrs. Rex Clark and children, Mr. and Mrs. Alfred Pittman and Marcia, Mr. and Mrs. C. E. Whippo, Garland and Phil Cartwright and Mr. and Mrs. S. P. Whippo.

Entertain for Visitor

Mrs. C. D. Rendleman of Little Rock, Ark., has been a Perryton visitor since Thursday and has been complimented by several hostesses.

Monday, Mrs. W. B. LaMaster entertained at the Hotel Perryton with a one o'clock luncheon. Plates were laid for Mrs. Rendleman, Mrs. Cecil Dodd, Mrs. C. B. Rogers and Mrs. LaMaster.

Following the appetizing menu, games of interesting contract were enjoyed in the Cecil Dodd home where the above mentioned guests were joined by Mrs. Giltner LaMaster, Mrs. A. H. Nichols, Mrs. Vance Apple and Mrs. Max Boyer, Mrs. Dodd served an iced course after the games.

On Tuesday afternoon, Mrs. C. B. Rogers was the gracious hostess at her home, 900 Southwest second street, and contract was the happy diversion. Those playing were Mrs. Rendleman, Mrs. W. B. LaMaster, Mrs. Cecil Dodd, Mrs. A. J. Kelley, Mrs. Virby Conley, Mrs. Liel Lewellen, Mrs. Jack Allen and Mrs. Rogers.

A red, white and blue color motif was used in the table appointments and in the delightfully refreshing course served at the close of the play.

The guest list included Misses Margaret Rupprecht, Pauline and Kathryn LaMaster, June Phelps, Mary Beth Johnson, Carmen Cofer, Mary Lee Wilson, Esther McLarty, Lucille McMillen, Mesdames Ike Vernon, Giltner LaMaster, Pat Pattison, Tom McLarty, Harry Cayler, James Blasingame and Joy Hergert.

Summer Trends in Hollywood Hats

Smart types in Hollywood's summer millinery trend are the four hats above. Upper left, a black and white Toyo with a flatiron crown and a bunch of white gardenias over one eyebrow. Upper right, a striking white Toyo with a novel crown and accents of black grosgrain. A black and white print completes the costume. At lower left, a skull-cap of white straw with a pleated visor over the eyes. A charming combination of colorful poses serve as smart trimming. And lower right, a Homburg with a wisp of veiling around the brim. The band, toast color, matches the blouse.

Y. W. A. Meets

The Young Women's Auxiliary of the Baptist Church met in the home of the president, Miss Okla Mae Lawrence, Monday, June 28, for an all day meeting. The day was spent in making garments for the Orphan's Home. At noon a delicious pot luck luncheon was enjoyed. The business session and program was given in the afternoon.

Those present were: Belle Marie Wright, Viola Skulley, Julia Morris, Minnie Gamel, Rosamond Jarvis, Effie Jones, Carmen Cofer, Geddes Morris, Elsie Lee Thornton, Doris Cofer, Mrs. Elmer Holt, Rev. and Mrs. S. R. McClung and Mary, Almon Norris, Cloyd McClung and the Lawrence family.

Miss Kathryn Stear, Miss Mildred Hogland and Miss Mary Louise Butler who are attending summer school in Canyon, were home over the week-end.

Mr. and Mrs. J. H. Neufeld and Ruth were Sunday dinner guests of Mr. and Mrs. Clarence Neufeld.

Mr. and Mrs. Frank Cox and Anna Belle and Mr. and Mrs. A. C. Nies were in Canadian Thursday to attend the funeral services of Mr. Nies' cousin, Mrs. H. C. Vaught, who passed away on Tuesday. Burial was made in the Lipscomb cemetery.

Party Goods at Herald Office!

Mr. and Mrs. R. C. Allen and Winona, Jack Harris Allen and Chester George went to Penrose, Colorado, Saturday returning Tuesday. Mrs. A. L. Carter, who has been visiting there with the H. H. Carter family for the past month, returned home with them.

Ervin Gerlach went to Clarendon Sunday for Mrs. Gerlach and daughter, Connie, who have been visiting relatives there and at Memphis for two weeks.

J. B. Oxford, Lamesa, came in Saturday for a few days visit with friends in Perryton.

Miss Pauline Shifflett, who has been visiting the past week in the W. P. Haggard home and with other friends here, left Tuesday for Bowie to join a sister and other relatives for a trip to El Paso. Mrs. W. P. Haggard, Mrs. Jack Todd, Mrs. A. H. Nichols, Mrs. Vance Apple and Mrs. Ray Jeffroy accompanied her to Amarillo.

Mrs. H. T. Cropper and daughter, Geraldine, came in Saturday from Wichita Falls to be with Mrs. Cropper's mother, Mrs. J. F. Smith, who is receiving treatment in the Shattuck, Okla. hospital, and to visit with relatives in Perryton.

A son, Billy Jack, was born Tuesday, June 29, to Mr. and Mrs. Leonard Wright at the Perryton hospital.

"It It's Advertised We Have It"

Business Good in Eastern Part of Nation

This map represents business conditions as of June 1, 1937, as shown in "Nation's Business", official publication of the United States Chamber of Commerce.

With more time to consider the full meaning of the quieting down that occurred in April and May a more cheerful view seems to be taken of things generally. Inquiry at some 125 cities reveals that the reduced buying was not so great as some feared. The early date of Easter apparently prevented a full expansion of retail buying, which later sought expression in a more orderly fashion. This was reflected in expanded retail buying and a gain in collections in May. On the other hand, the reduction in wholesale buying was not great. Manufacturing held up and, in addition, the Barometer chart of Business Activity shows almost a flat line during March, April and May. Steel production, car loadings and electric power output all increased in May. Business failures were almost identical in number with a year ago but liabilities were smaller. Bank clearings gained 6.6 per cent over May a year ago. The commodity price index showed a further drop of 1.5 per cent.

THE MAP

High prices and scant supplies have proved a marked stimulus to early planting of food crops which have profited by good growing conditions in wide areas.

THE BAROMETER

The relatively high level of industrial and business activity during May is reflected in the practically unchanged Barometer chart line.

HARLEY SADLER MONDAY NIGHT

TENT SHOW ONE NIGHT STAND UNDER AUSPICES OF CITY FIRE DEPARTMENT, JULY FIFTH

When Harley Sadler's own company erects their tent south of the Haven Hotel, across Main street from the Ochiltree county courthouse, Monday, July 5, the amusement loving people of this section have a treat in store for them in the way of a good stage show. The Sadler show will play under the auspices of the Perryton Fire Department.

There is an old saying that "variety is the spice of life" and Harley Sadler promises just that. They carry a band and orchestra and the band will give a concert in front of the big tent at 7:00 p. m. The orchestra and high class vaudeville will be presented between the acts of that romantic play of the Southwest "Rose of the Rio Grande."

The doors open at 7:00 p. m.; orchestra concert starts at 7:45, and curtain rises promptly at 8:00 o'clock.

IN CAR WRECK NEAR ENID LAST SAT. AFTERNOON

W. E. Foglesong, who has been buying wheat at Kell, Oklahoma for the past few weeks, escaped injury when his car was demolished in a wreck near Enid last Saturday afternoon. Mr. Foglesong was returning to his home in Perryton at the time of the accident. He was on a main highway, when a car dashed out of a side road, hitting his car broadside, and rolling the Foglesong car down an embankment.

Mrs. Homer Anderson, and son, Kelly Bruce, returned Sunday from a six weeks visit in Dalhart and various points in Oklahoma.

Mr. and Mrs. Otis Burk and Mr. and Mrs. Charles Pyles returned Monday evening from a weeks visit in Dallas.

HANSFORD COUNTY FARMER IS CONSERVING FIELD MOISTURE

The beneficial results of the practices of the Soil Conservation Service are becoming more apparent every day. In order to substantiate this one need only visit the farm of R. C. Chase, seventeen miles northwest of Spearman.

Mr. Chase is not a cooperator with the Perryton Soil Conservation Camp, but the fact that he is too far from Perryton to avail himself of the services offered by the camp did not diminish his determination to have his land terraced. During the summer of 1936 he observed the increased yield of wheat on some terraced land over an adjoining unterraced field and immediately decided on a terracing program of his

own. On 640 acres of land he constructed terraces of a very fine type last fall, and his wheat crop now is better than that on the average unterraced field.

Like practically every other farmer in the high plains region, Mr. Chase depends on wheat largely for his livelihood. In regard to this he says: "While I am living here I have to raise wheat or quit farming, and we need every drop of water that nature gives us to raise wheat; therefore I am going to employ every resource at my command to raise the stuff. I believe that the methods being advocated by the Soil Conservation Service, especially terracing, pasture contour furrow-

Hiked 8000 Miles to Scout Meet

Pair of real adventurers were Scouts Juan Carmona, left, and Rafael Petit of Caracas, Venezuela, who hiked 8000 miles from South America to attend the international Boy Scout jamboree in Washington. Shown as they arrived in the capital city, the scouts reported they had been captured by roving bandits in Honduras and later had been arrested by Honduran officials, until their credentials were verified by Venezuelan authorities.

ing, and contour tillage methods will be the ultimate solution of our moisture worries. Any structure a man can get on his land to hold the water, or retard the run-off, is well worth his time and effort. I am convinced that had my land not been terraced this year I would not be fixing up my combine now."

At the present time Mr. Chase estimates he has forty inches of subsoil moisture and his land is in condition to hold the usual rainfall between now and fall, thus insuring plenty of moisture at seeding time.

A daughter was born to Mr. and Mrs. A. L. Carter Jr. at the Perryton hospital, Saturday June 26. The name, Jackie Nell, has been selected for the young lady.

Miss Virginia Correll left Sunday for a weeks visit in Dallas and Denton.

Jack Dodson started harvesting Monday.

BLUE MOUND NEWS

Mrs. H. E. Pattison, Reporter

Miss Laura Bell Morris entertained her friends with a party Wednesday night. The evening was spent playing games after which cake and lemonade were served.

HAPPY FAMILY

MAKE WAY FOR TOMORROW

Victor Moore and Barbara Reed are granddad and grandchild in "Make Way for Tomorrow", a timely story of American family life shown on Tuesday and Wednesday at the Ellis Theatre. The play was written by Vina Delmar and the cast includes Beulah Bondi, Fay Bainter, Thomas Mitchell, Porter Hall and many others.

The U. S. Dust Bowl

This dust storm sweeping over the town of Dalhart, is a scene from "The March of Time" to be shown at the Ellis Theatre Thursday, Friday, July 1 and 2. The March of Time production unit spent weeks in the Texas Panhandle filming the story of causes and effects of wind erosion and methods used in combating it. Much of the film is centered around Dalhart.

THE MARX BROS. NEW FILM HERE

"A DAY AT THE RACES" IS TO BE SHOWN AT ELLIS THEATRE SUNDAY-MONDAY IN MERRY COMEDY

"A Day at the Races" brings the Marx Brothers—Groucho, Harpo and Chico—to the screen starting with Groucho as the maddest, most amusing piece of mania that these inimitable triplets have ever delivered to an audience. Directed by Sam Wood, who filmed the Marx Brothers triumph in "Night at the Opera", the new film boasts a stellar cast of supporting names, including Maureen O'Sullivan, who sings several songs.

Miss O'Sullivan plays the girl who is trying to keep the deep-dyed villain, Douglass Dumbrille, from foreclosing on her sanitarium.

Jones plays the struggling singer who owns a race horse. Miss Dumont, enacting the type who likes to talk about her operations, is all for Groucho because he has told her that she has double blood pressure. Esther Muir is the sly vampire who tries to "frame" Groucho but who gets pasted to the wall by Harpo and Chico, posing as paper-hangers.

The Marx Brothers, with Sam Wood, who directed "A Night at the Opera", and a group of writers, worked for a year preparing "A Day at the Races" for Metro-Goldwyn-Mayer. Laughs were submitted to the finetooth-comb test; nothing less than a "belly-laugh" was kept in.

LAW-ABIDING DOBBIN

Cowego, N. Y.—Police Chief Earl Sibley was hotly chasing a runaway horse when a corner traffic light flashed red. Dobbin obeyed so quickly that the Chief reported, "his hoofs actually screeched as he skidded to a stop and sat down on his haunches."

Soviets Ended Trans-Polar Hop

But extremely nappy were the three intrepid Russian explorers, Belakov, Chkalov, and Baidukov, left to right above, after they landed at Vancouver, Wash., in the plane above, ending their journey of more than 5000 miles from Moscow via the North Pole. They were forced down barely short of their goal, San Francisco, by poor visibility. Aloft more than 63 hours, the flyers were the first to determine the feasibility of a proposed Moscow-San Francisco air route via the Arctic.

ANVIL PARK RO-DEO THIS WEEK

FIFTEENTH ANVIL PARK SHOW AT CANADIAN OPENS FRIDAY FOR THREE DAY CONTESTS

Canadian, Texas, July 1—With a devil-may-care gleam in her eyes and a grin that would melt lead, the fifteen annual Anvil Park rodeo was pawing at the chute gate today ready to be turned loose on Friday for three days of gyrating, double-distilled action.

And, when the flame of western color is kindled by the old west on parade in the grand entry of the contestants, thousands of visitors will join with Canadian in celebrating three thrill-studded days—Friday, Saturday and Monday, July 2, 3 and 5.

The finest riders and ropers and bulldoggers will be here, seeking their share of the \$2,000 in purses and merchandise awards given by the association.

Already many of the top hands of the rodeo world have arrived, with their educated rope horses riding in style in comfortable trailers. Others will be on the road heading for Canadian from every nook and corner of the southwest.

Recognized as one of the outstanding rodeos in Texas, Canadian has a cowtown ancestry and the glamorous setting of the Canadian river country to add the proper atmosphere to a western fete which provides unusual thrills.

There will be Cecil Cornish and his educated horse "Smoky". Cecil will also participate in the trick and fancy riding, and will jump a team roman style over a barrier. Mart Stacy and others will be featured in the trick and fancy roping. Last but not least, Virgil Stapp and his mule "Jerb", who will entertain the crowds with his antics.

In the afternoons at the rodeo arena—one which the top hands themselves admit is the fastest in the southwest—the kings and queens of rangeland will compete in bronc riding, bulldogging, calf roping, steer riding, and wild cow milking. At night there will be dances in Canadian's spacious City Auditorium to the music of Avil Schneider.

Saturday, July 3 has been set aside as old timers day where they will have an opportunity to renew old friendships, and make new ones with a full program arranged at the City Auditorium.

Chief Maurice Medicine and his Indians from the Cheyenne Reservation will arrive Thursday afternoon at the park where they will erect their tents. The Cheyenne's will give their first war dance at 2 p. m. Friday just following the grand entry of contestants.

Melodrama at Ellis

"Slim" is Title of Film Showing at Local Theatre Thursday and Friday, July 8-9

A class of American workers whose trade has never before been touched by the movies—those adventurous and hardy lads who string electrical power wires across the remote waste places—are depicted for your entertainment in the melodrama, "Slim", which is scheduled to open at the Ellis Theatre on Thursday and Friday, July 8-9.

The popular Henry Fonda, borrowed from another studio for this one picture, carries the title role of "Slim", a young farm lad who, fascinated by the work of a wire-gang crossing his father's land, becomes one of them, with the aid of "Red", a jovial and gallant wire-stringer who is portrayed by that perpetual favorite, Pat O'Brien.

They are both in love—after a while—with "Cally", a hospital nurse, who is none other than the lovely Margaret Lindsay. But there's no enmity between them; they're great pals and comrades, each willing to offer his life to save the other's—and that's what it comes to in the end.

"Slim" was made from a best-selling novel by William Wister Haines. It has what are described as breath-taking scenes, with the high-tension gang building towers 100 feet high, scrambling up and down them, and stringing wires across them, sometimes in the face of blizzards and dust-storms. It's no easy life, apparently, that these linesmen lead. They're always on the move—town to town, state to state.

Mr. and Mrs. I. M. Corbin, Waxahachie, came in last week and are visiting in the home of their son, Paul Corbin and family.

Miss Mary Madolyn Sherman, who recently went to Los Angeles, Calif., to spend her vacation with her parents, Mr. and Mrs. Paul Sherman, has accepted a position with the Bank of America, Los Angeles.

Dr. Powell, Eye, Ear, Nose and Throat Specialist, will be at Dr. Kengle's office, Tuesday, July 6. Glasses fitted, tonsils and adenoids removed.

M. O. Willis and son, Lloyd, Amarillo, were transacting business in Perryton over the week-end.

NEW ROMANTIC TEAM

MOUNTAIN MUSIC

Love interest in "Mountain Music", the comedy with Bob Burns and Martha Raye which comes to the Ellis Theatre, Thursday and Friday, July 1 and 2, is supplied by handsome John Howard and Terry Walker, both seen above. Miss Walker makes her film debut in the picture, a comedy of hillbilly life by MacKinlay Kantor.

At Ellis Sunday-Monday

Harpo, Groucho and Chico Marx in "A Day at the Races"

Mr. and Mrs. C. M. Bryan were Amarillo visitors Saturday and motored to Dalhart to visit over Sunday with their daughter, Mrs. S. M. Edmundson and Mr. Edmundson.

The A. B. Hamman family returned Sunday morning from a three weeks trip through southern Oklahoma and Texas points. They returned by Mineral Wells and spent several days.

This Week at the ELLIS THEATRE

THURSDAY AND FRIDAY JULY 1-2
Bob Burns and Martha Raye in— 'MOUNTAIN MUSIC'

Hear that singin'! See that swingin'! Mountain music's ringin'! It's a hillbilly honeymoon for Bob Burns and Martha Raye! "Mountain Music" is the story of Bob Burns running into Martha in a strange city. Bob thinks he's wealthy, and so does Martha, and when they discover that he's really only a hillbilly who ran out on marriage to a girl he didn't love, it's a shock to both of them.

SATURDAY, JULY 3
Jack Holt and Grace Bradley in— 'ROARING TIMBER'

Set against the awesome eye-filling majesty of the Rocky Mountain timberlands, the story of "Roaring Timber" tells the dramatic tale of one man's battle against nature's fury and man's treachery for supremacy in the north woods. It is climaxed by a breath-taking scene of a log-jammed mountain gorge flaming like an inferno.

THEY'RE LOOSE AGAIN
A melange of Music and Madness... Girls and Guffaws!

Learn how not to wallpaper a room! Get an eyeful of hundreds of gorgeous gals! And yell your head off at the dizzy adventures of Dr. Hackenbush.
HARPO as the hungry jockey who wins The Hot Dog Handicap!
CHICO as the tout who sells bum tips and worse ice-cream!
Marx Bros. IN A DAY at the RACES

with **ALLAN JONES** and **MAUREEN O'SULLIVAN**
A SAM WOOD PRODUCTION
— A Metro-Goldwyn-Mayer picture —

TUESDAY AND WEDNESDAY JULY 6-7
Victor Moore and Beulah Bondi in— 'MAKE WAY FOR TOMORROW'

This is the story of a typical American daughter, Barbara Reed whose conceptions of a good time not only conflict with those of her parents, but those of her grandparents. Barbara's mother is too busy with her contract bridge to bother about the girl. When the grandmother undertakes to advise and warn the girl, the mother resents the intrusion. The vital problem of the relationship between old parents and their middle-aged children is intelligently and sympathetically handled.

Admission: Night, 15c-35c; Matinee, 10c-25c
Week Day Shows: 7:30 p. m. and 9:30 p. m.
Saturday Matinee: 3:00 p. m.
Sunday Shows: Matinee, 3:00 p. m.; Night, 9:00

There's a Spirit of Neighborliness in Perryton

AND THIS is one reason why we have such a progressive little city and why it's such a good place to live and rear a family . . . we're neighbors. Perryton is not too small to be progressive, be modern, still it is not so large but most everyone knows everyone else. Truly, Perryton is a good place to live. Let's keep it that way! Let's cooperate even closer . . . work continually for our community and we'll all profit.

One way to do this is to whenever possible buy in Perryton. Of course we all want to get all we pay for . . . we want our money's worth, but full value cannot be determined by either the yard stick or the scales. You may get full measure or full weight, still not get "your money's worth" if you send your dollars out of town.

In Your Own Interests BUY AT HOME

Perryton business men are eager to give courteous, satisfactory service. They're interested in maintaining their customers' patronage, year in and year out—their's is not a one-time transaction. This oftentimes is not true of the transient salesman or the out-of-town merchant . . . they are not your "neighbors."

CLASSIFIED AD RATES: 10¢ per line for first week and 5¢ per line additional for each successive week. Six average words to the line. Black face heads and signatures at double rate. Minimum charge of 25¢ per classified ad.

BOOKER PRODIGY SCHEDULED FOR PART IN FOUR BIG FILMS

Little Dorothy Dean Lehman, age 9, daughter of Mr. and Mrs. A. J. Lehman, Booker, already a recognized radio artist, will probably win honors for herself and publicity for the Texas Panhandle, where she has been reared, as she is scheduled to appear in three major screen productions in the near future.

Dorothy Dean, a talented pianist with a beautiful contralto voice, with her two brothers, Eldon, 11, and Olan, 6, make a team which is fast gaining national publicity. The children broadcast their songs over two major broadcasting systems in Los Angeles, regularly last winter, many of their programs including Dorothy Dean's own compositions, "You'll Gain the Whole World for Your Own," has been published and "Mother's Crooning" has been copyrighted and is ready for publication. Two other compositions have been prepared by the young artist. All words, music and arrangements are by Dorothy Dean.

When the Lehmans returned to Texas this spring from the west coast where Dorothy studied piano and all the children attended school, Dorothy Dean was billed for Eddie Cantor's musical revue. Had they remained in Los Angeles, Mrs. Lehman said, Warner Bros. station, KPWB, would have contracted the children for broadcasts for the entire year.

Pictures in which Dorothy Dean is scheduled to have a part include a Hal Roach musical feature; a Universal film, in which she will have the little girl part, Irene Dunne and John Boles having the parent parts; and a Paramount production, a Bing Crosby picture. None of these will be filmed before late fall or winter, Mrs. Lehman says. It is not likely that the children will return to California before August.

Assigned to Settle Steel Strike

Efforts to settle the seven-state steel strike had reached an impasse when the government named the three-man mediation board, above, to seek a solution. Left to right as they were photographed after the initial session in Cleveland are Edward F. McGrady, U. S. Labor Department conciliator; Lloyd K. Garrison, dean of the University of Wisconsin law school; and Chairman Charles P. Taft, Cincinnati. The board met stonewall defiance at the outset when Tom Girdler, head of the strike-bound Republic Steel Corporation, indicated mediation was "futile" and that his corporation would never sign a contract with the C. I. O.

DRUGLESS AID In High Blood-Pressure

Frederic Damrau, M.D.

HOW to lower high blood-pressure and at the same time relieve the attending symptoms of headache and dizziness without recourse to depressing drugs, has been a constant problem to the medical profession.

To be sure, it has long been known that more rest and less food will accomplish wonders. That is why so many physicians put their high blood-pressure patients on a restricted diet and also order definite periods of complete relaxation.

But doctors have always felt that something more positive in its action is needed—something the patient can be told to do rather than not to do.

Recently French physicians solved the problem in a way you would never guess. They found the answer to be—GARLIC. In very many tests, conducted by noted scientists, they observed that continued use of garlic in regular courses tends to lower the blood-pressure in the great majority of cases.

That is not all. Those distressing symptoms of headache and dizziness, a bane to every high blood-pressure sufferer, usually cease while the garlic is taken. Yet garlic is not at all a drug like aspirin, but a food.

Ugh, you say! Garlic will give me a bad breath. No, that problem too is soon solved. By combining the garlic with parsley in a coated tablet, all the proverbial odor of garlic has been removed. People can take such tablets for months without the slightest halitosis.

My own studies with the garlic method of helping high blood-pressure patients were made by prescribing Essence of Garlic-Parsley in the form of tablets in 26 cases. I found that with continuous use of such tablets in specified doses at prescribed intervals, there were substantial reductions of blood-pressure in most cases. The blood-pressure readings fluctuated, as is always the case, but in the main tended to keep considerably lower during the period when the tablets were taken.

What about the headaches and dizziness? Using the method described above, I observed relief of headaches in 82% and relief of dizziness in 100% of the test cases.

So garlic, long popular with chefs, now promises to come to the aid of doctors in relieving the suffering of their high blood-pressure cases.

LUNATIC KILLS PLAINVIEW MAN

DERANGED MAN SPENDS NIGHT IN HOME OF BEN JOHNSON ON TUESDAY BEFORE ARREST

It was disclosed here this week that Henry Egbert King, transient, now being held in Plainview on a murder charge for the wanton slaying of Dr. E. F. McClendon, Plainview physician, who had been summoned to the jail to administer a sedative to King who was shouting, praying and breaking windows, was in Perryton Tuesday and Wednesday prior to his arrest late Thursday near Plainview for disorderly conduct.

King, although apparently deranged while here, was taken to the home of a former acquaintance, Ben Johnson, who had known him several years ago, by Leonard Robertson, Chief of Police, who was "tired fooling with him." King seemed to be suffering from the illusion that four men were trying to kill him and asked to be placed in jail. After being told "the jail was full of crazy people already", he asked to be taken to the jail in Spearman. It was refused.

In the Johnson home he told Mr. and Mrs. Johnson that he was being followed by four men who were going to kill him because they thought he gave a gun to his brother, Beaumont, and two companions to use in a jail break from Huntsville, in which all three were killed, about four years ago. The men were relatives of his brother's companions he claimed. Failing to obtain a gun, hammer or butcher knife from Mr. Johnson, who by then suspected that he was insane, he placed chairs against the doors and opening his pocket knife went to bed where he talked and babbled all night, getting up frequently and peering from the windows.

Arising early next morning he left the Johnson home and was last seen on the highway south of town hitch-hiking for Plainview.

It is common knowledge that scores of people are killed by lunatics each year, and it is regrettable that the unfortunate man was not placed under mental observation at the first sign of violence, thus avoiding the needless loss of life at Plainview.

OPENS CREAM STATION

The Fairmont Creamery Co. with M. H. Harrison as manager, is opening a cream station in the building south of the Allen Tire Shop. Mr. Harrison comes from Strafford.

Mrs. Luther Oldman and sons of Greenville, N. M., were guests for the night Tuesday in the M. M. Cudd home.

Lynn Roper, Darrouzett, visited the past week with his sister, Mr. and Mrs. George Schollenbarger.

Jots in Jest

NOW that trailers are being air conditioned there seems to be nothing left for the stationary home but paying assessments.

Looking back on the restrictions and pressure the British government has recently placed on the royal family, we agree Edward was right—there's no future in the job.

The paranoiac, says an American doctor, is one with delusions of grandeur. But in Europe they call them dictators.

It is now possible to talk to China by telephone. Imagine the day if this ever becomes a party line!

"Eggs, better fish" reported this year in Atlantic. Which shows that recovery has gone pretty deep after all.

Shaving Strike Hits Steel!

At the seven-state steel strike turned to good humor on the picket lines of the Youngstown Sheet & Tube Co. plant in Indiana Harbor, Ind., when the Matczus brothers, above, launched on a shaving strike. They ceased shaving when the strike started and announced they would remain whiskered until the C. I. O. contract was granted.

FREE THEATRE TICKETS WITH HERALD WANT ADS

Here is the most astounding offer ever made to patrons of the Herald classified ad page. A free ticket, either adult or child, to the Ellis Theatre with each cash want ad amounting to 50c or more. How's that for a real double barreled bargain offer? There's no strings attached. Just bring your want ad to the Herald, if the cost is 50c or more, you pay for same and get a ticket to the Ellis Theatre, the Southwest's leading picture house, good for one admission to see Pat O'Brien, Henry Fonda and Margaret Lindsay in "Slim" on either Thursday or Friday, July 8-9.

HERALD WANT ADS PAY! Every home and every farm has furniture, farm machinery or "what-have-you" that is of no use whatsoever to the owner. Just look around today and you'll find something. Only last week, a Herald want ad sold a discarded washing machine and electric sweeper. The want ads cost 80c and the owner received \$15.00. He's just \$14.20 ahead. You can do the same.

Williams to Preach

Former Pastor to Fill Pulpit at Church of Christ Sunday Morning and Evening

A. C. Williams, for the past four years pastor of the Church of Christ will fill the pulpit of the local church next Sunday morning and evening. Rev. Williams is now visiting in Wichita, Kansas. He has accepted the pastorate of the Church of Christ at Wellington, Kansas, but will fill a series of evangelistic engagements in California, before taking up his Kansas work.

Sunday services at the Church of Christ as follows: Bible study, 10:00 a. m. Preaching, 11:00 a. m. Young peoples bible study, 7:45 p. m. Preaching, 8:15 p. m.

RALPH'S LUNCH INSTALLS AIR CONDITIONING SYSTEM

Customers at Ralph's Lunch are finding it very comfortable these warm days as Ralph Adams, owner, has installed a modern air conditioning system. Last summer when Mr. Adams opened his lunch room he built an air conditioner himself from which much benefits were derived.

Since opening his cafe less than one year ago Mr. Adams has enlarged it to approximately twice its original size and added new counters and other equipment.

Mr. and Mrs. Herman Welch and S. D. and Bernate Rho of Hooker, Okla., were Sunday guests in the home of Mr. Welch's cousin, Mrs. J. W. Herrell. Mrs. M. C. Welch of Amarillo, mother of Mrs. Herrell, who has been visiting here several weeks, accompanied them back to Hooker.

MAX BOYER-

(Continued from page 1)

lator can be of more benefit to his constituency in killing laws than he can in making them.

A brief resume of Representative Boyer's record brings out the following high lights. Served on four important standing committees: Privileges, Suffrage and Elections; Insurance; Highways and Motor Traffic; Oil, Gas and Mining. As a member of the highway committee, he fought against every proposal that would divert highway funds from the highways. He also led the fight against the creation of Ports of Entry at Texas boundary lines.

Was author of bill permitting re-appraisal of over 57,000 acres of land in Dallam and Hartley counties. Passed by record vote in both houses. A major accomplishment for his district. Was active worker in passage of the Panhandle Conservation Authority bill. Every county in 124th district is included in measure.

Co-author of bill designed to abolish certain departments in state government, thus effecting a saving of nearly three-quarters of a million dollars to the old age assistance fund.

Co-author of resolution calling for interrogation of director of old age assistance commission as to report that 30,000 aged were to be removed from rolls. Obtained reinstatement and assistance for many aged citizens of his district.

Handled in house the Senate bill to conserve sour gas in Panhandle. Voted for repeal of many laws that have outlived usefulness. Represented the Texas legislature in a Red River controversy with Oklahoma, conferring with Oklahoma legislators at meetings in Oklahoma City and Dallas. Appointed by Speaker of the House as a member of a committee of five to investigate nepotism in the state departments.

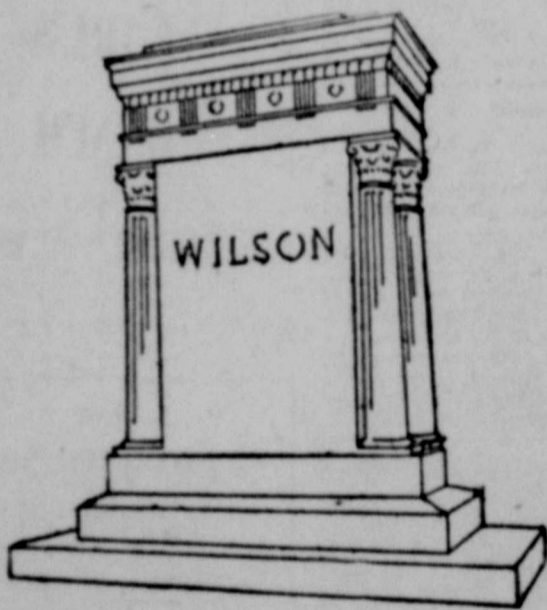

Mr. and Mrs. John McCarthy, daughter Evelyn Jean and son Wilbur Don of Amarillo were guests of Mr. and Mrs. David E. Autry Friday and Saturday. While there they also visited the LZ Boys' Camp where their son, James Louis, is enrolled and enjoyed a chuck wagon dinner.

J. F. Stark came in last week from Oklahoma for a visit in the home of his daughter, Mrs. J. W. Penn and family.

Miss Mildred Silsbee and her cousin, Miss Aline Willis of Amarillo, returned Friday from a weeks vacation. They enjoyed the sights of Carlsbad Caverns, Juarez, Mexico, El Paso and various scenic points in New Mexico.

J. T. Carlson, Clovis, N. M., came in Sunday for a few days visit with his daughters, Misses Josephine and Marie Carlson.

G. C. McCrohan of the Wheeler Cotton Seed Oil Co., Wheeler, Texas, was a business visitor in Perryton last Thursday.

Remembered

I've built a tribute o'er this place, Where dwell the names that are my race. —In endless honor, timeless grace, I have remembered them.

I've crowned this quiet place with art, To set their hallowed sleep apart. —With love—to live beyond my heart, I have remembered them.

I've marked this place that they be known, That silence need not watch alone. —With memories shrined in votive stone, I have remembered them.

—E. L. Stockinger.

We offer our counsel and help to you in selecting a monument without putting you under any obligations whatever.

SPECIAL RATE AVAILABLE ON AMARILLO DAILY NEWS

The Herald is now able to offer to the people of the Perryton trade area a special rate on the Amarillo Daily News and Sunday-Globe. Here it is—for only \$1.75, we can enter your subscription for 100 days to this great Panhandle newspaper. This offer of 100 days will bring you the paper until early in the fall when the regular Christmas special rate will go into effect. Get the news of the world from eight to twelve hours ahead of any other newspaper, also page after page of Panhandle news. This special rate is good only in Texas, Oklahoma and New Mexico. Mail or bring your \$1.75 to the Herald office and we will put your name on the list.

Assign Engineer Here

James H. Miller to do Engineering Work in this Soil Conservancy District Permanently

James H. Miller, Duffee, Miss. arrived in Perryton Tuesday to report for duty Wednesday as assistant engineering aid for the Soil Conservancy District, being assigned permanently to Ochiltree and Lipscomb counties. Mr. Miller will do any engineering work specified by the governing body of the conservancy district and will be assistant to Scott Amend.

Before coming to Perryton Mr. Miller was assistant engineer in a CCC camp located at Meridian, Miss.

Mr. and Mrs. George Lewis and children, Dickie and Sue Anne, and Mrs. Lewis' sister, Miss Ruth Sharpe, who had been visiting them a month, came in Saturday from their home in Altus, Okla. Mrs. Lewis and children will make a three weeks visit with her parents, Mr. and Mrs. Ike Sharpe, and in the Fred Lewis home. Mr. Lewis returned home Sunday evening.

CHEVROLET AUTOMOVIE HERE

PERRYTON MOTOR CO. TO PRESENT THEATRE ON WHEELS IN PERRYTON ON WEDNESDAY, JULY 7

A. J. Kelly, manager of the Perryton Motor Co., local Chevrolet Dealer, announces that he is sponsoring a program of interesting and entertaining talking motion pictures to be presented from the Chevrolet Automovie, the complete theatre on wheels, in Perryton on Wednesday, July 7, at 8:30 p. m.

This unit is mounted on a 201 inch wheelbase truck chassis and contains a theatre type sound motion picture projector, amplifier, public address system and has its own complete electric power plant. The unit is so constructed that the top raises and the pictures are shown on a translucent screen, which makes pictures visible to very large audiences.

This unit is in charge of a professional operator, thoroughly trained in this type of work.

Every one is invited to attend the showing from this most unusual vehicle.

BLODGETT NEWS

Helen Austin, Reporter

Mr. and Mrs. A. D. Reed and Margaret Aline returned Sunday evening from Oklahoma City where Mrs. Reed consulted a nerve specialist. After returning, they visited with her parents, Mr. and Mrs. C. C. Beck of Gruver.

A number of old friends and neighbors gathered in the home of Mr. and Mrs. B. Monroe last Tuesday afternoon for a farewell surprise as the Monroes are leaving after harvest. They were presented with a beautiful picture. The community will miss them and wish for them much success and happiness in their new home. Ice cream and cake were served to the following: Mesdames P. M. Maize, H. H. Crooks, Ralph Blodgett, J. M. Blodgett, E.

Independence

IT IS one of the characteristics of a free people that they should seek for themselves as individuals the independence that they have achieved collectively as a nation. There is no more clearer reason, then, why America is a country in which thrift and financial foresight have been the twin keystones of progress.

JUST as the financial well-being of the United States rests upon its banks, so the integrity of these banks rests in turn upon the thrift, industry and confidence of the American people. As one of those banks it is with pride that we, on the Fourth of July, greet those persevering men and women through their banking institutions have made America a great and prosperous nation.
