NUMBER 22

HERE IN HICO

By E. V. M.

ANKS . . . neighbor. Last May night, we enjoyed a football game at Stephenville between State College and the Rangers. More especially we enjoyed the half-time performance by the world-famous Kilgoreettes, a 63-piece drill team which has performed at such places as Cotton Bowl, Sugar Bowl in Orleans, and at various professional football games in the

was quite a show and we are indebted to Rufus Higgs, publisher of the Stephenville Empire Tri-Weekly and Daily Empire, for his helpfulness in sending the two seat tickets. Thanks again

WELCOMER . . . election campaign soon. In just one short week, November 5, an election will be held for the purpose of voting on changes to the constitution of the State of Texas. A contest will be given on the merits between now and the date, in order that local citizens may have some idea of what they are voting for or against.

WELCOME . . . the return of a column which has been greatly missed for the past months. Morgan Garrett, Methodist pastor, said he was up to snuff again, and he was willing to set the staff for the week. Naturally we didn't give him an affirmative answer. One of our subscribers threatened to discontinue her subscription if he wasn't permitted to write the weekly feature so to satisfy all concerned, we find this week's paper. (The throwing of the threats around to discontinue her sub if she didn't do so happens to be a case of ours and doesn't pay, so she quit under those circumstances?)

WELCOMER . . . Area church news is always by this newspaper, and we try to give the information submitted by any of the top billing. The same applies to area school news. It has been a policy of this management to use any and all church news submitted to us, and we hope to continue doing so. We run short of space and never remember leaving an article which pertains to any news item which you would be of interest to your neighbors.

QUESTION . . . One man has been quoted that the News Review is "flat-footed" against Indians in the local public schools. As nearly everyone in the know, there is not a single Indian living in Hico, and for that matter, we don't expect any to be in soon. But to satisfy all readers, we're again 'it.

NEIGHBORS . . . We always contended that when in Hico needed a little help in any way, they always rely on their neighbors to come to their aid. One of the most recent cases was reported last Friday afternoon Saturday morning when a man went to the home of M. Cox and plowed approximately 35 acres of land for him. The readers will remember that Cox suffered a very severe attack two years ago and was physically unable to do manual work since that time. The picture on this page shows the equipment right when they had finished the plowing in the group were M. Cox, Powlledge, Loyal Carr, Martin Taylor, Claude Rainwater, and George Powlledge.

SHOWN ABOVE are the men who last week went to the farm home of Mr. and Mrs. P. M. Cox with tractors and equipment and plowed approximately 35 acres of land. The group worked last Friday afternoon and Saturday morning. This week, W. B. Hill and son, W. B.

Jr., sowed the land with oats. In the picture, from left to right, are Loyal Carr, Martin Taylor, Claude Rainwater and George Powlledge. Another neighbor, who was unable to be present when the picture was made, but who helped with the work, was George Holladay.

GOT IT; HAD IT; OR TAKING IT; THAT'S THE BIG QUESTION

Old Man Flu has taken its toll locally this week among residents. Unless a person has either had the flu, is taking it, or has it now, they're not in style.

Hardest hit institution this week has been the local schools, with reported large absences throughout the week.

Erath County Judge Will Be Guest Speaker At P-TA Meeting

Erath County Judge Dale Harbin will be guest speaker at the October meeting of the Parent-Teacher Association at 7:30 p.m. Monday night, October 7, at the high school auditorium. His subject will be "Meeting Responsibility Cooperatively."

Opening entertainment will be provided by the Fourth Graders, who will present a play, "Building a Better World," in tribute to the United Nations. The children, directed by their teacher, Mrs. Berrell Jernigan, will represent different nations at a festival of the United Nations.

Refreshments will be served in the luncheon.

The regular executive meeting will be held at 7 p.m.

CLUB BAKE SALE SATURDAY, OCTOBER 5

The bake sale sponsored by members of the South Hico and Fairy Home Demonstration Clubs, at Herrington's Grocery, will be held this Saturday, October 5, rather than the date given in last week's publication of the News Review.

There will also be a grab bag for adults and children.

Members of the two clubs will have an assortment of baked foods for sale this Saturday.

Mr. and Mrs. Jimmie Ramage and children spent Friday and Saturday of last week in Midlothian visiting her parents, Mr. and Mrs. W. C. Curry.

Stores to Remain Open Thursday Nights

Several local merchants have indicated they would keep their places of business open on Thursday night to accommodate the large number of construction workers now in town.

The request came last week from some of the workers who stated that Thursday was pay day for the group, and they preferred to cash their checks on that day.

Arrangements were made for the bank to stay open a while Thursday night. No definite hours have been set but the general feeling among merchants is that they will probably remain open until at least 8:30 p.m.

Fairy Drops First Game of Season Last Week to Sidney

By HARLAN WOOD

The Fairy Tigers journeyed to Sidney to play the Sidney Eagles last Thursday night, September 26. Fairy lost a close one, 24-19, in a hard-fought, well-matched game.

Fairy kicked off to Sidney who fumbled on the second play. Fairy recovered the ball and drove to the Eagles' five-yard line, where they lost the ball on downs. After that, midway in the first quarter Sidney scored, but failed to make the extra point.

Early in the second quarter Sidney again chipped up 6 points, making the count 12-0.

Then also in the second period, Harry Thornton threw a pass to Robert Barnett who scored for Fairy with a dash of thirty yards, but the extra point try failed, leaving the score 12-6 in Sidney's favor at the half.

The Tigers came back early in third quarter when Thornton again passed ten yards to Robert Barnett, who ran seventeen yards more for the score. The try for the extra point failed again.

Sidney scored in the middle of the third quarter, and again early in the fourth, doubling their lead, which stood at 24-12.

Fairy changed the picture, however, when late in the fourth quarter Thornton romped twenty-seven yards through a mass of Eagles for Fairy's third touchdown. Thornton

also ran the extra point over the line as the game ended, reducing Sidney's lead to 24-19.

Several penalties, recalling long gains, and two passes intercepted by Sidney hurt Fairy's offensive game. The two teams were well-matched and played close football.

Fairy's first conference game was scheduled for October 3, with Iredell at Iredell.

Hico Band Parents Will Sponsor Box Supper October 14

The parents of the Hico Band students will sponsor a box supper Monday night, October 14, at the High School Gymnasium. The box supper will be preceded by a short concert by the band.

Proceeds from the supper will be used for the purchase of new band uniforms. The increase in students playing in the band makes the purchase of new uniforms an urgent matter.

The participation of the community is urged by Mrs. George Griffiths, president of the Band Parents, and Mr. Bradley, director of the band.

Additional details of the supper will be carried in next week's issue of the News Review.

Former Prominent Resident Buried Here Tuesday Afternoon

Funeral services were held Tuesday afternoon at Stephenville for William Forrest Hooker, who passed away Sept. 29 in the Stephenville Hospital where he had been a patient for two days.

Mr. Hooker was born in the Olin Community near Hico, Nov. 1, 1877, the son of the late Mr. and Mrs. W. H. Hooker. He was married to Miss Jo Anna Tisdale. To this union three children were born, two sons and one daughter: Thomas E. Hooker of Stephenville, Jack H. Hooker of Jackson, Ohio, and Mrs. A. M. Swygert of Cleburne.

Other survivors are six grandchildren; one brother, C. H. Hooker of Fort Worth; one sister, Mrs. J. A. Smith of Stephenville.

Mr. Hooker's wife preceded him in death in 1949.

Mr. Hooker was in business at Hico until 1928 when he moved with his family to Stephenville and established a 'tin shop' which he operated until his retirement in 1950. He was a good citizen, a wise father, and a good neighbor.

Interment was in the Hico Cemetery under the direction of a Stephenville funeral home.

Pallbearers were Zeph Carter, Clairette; Burk Simmons, Breckenridge; J. D. Harper, Hamilton; Seth Moore, Hamilton; Brow Johnson, Waco; Joe Little Dublin.

Honorary pallbearers were Scott Harrell, Breckenridge; E. C. Ramsey, Shallowater; Will Clay, Fort Worth; H. A. Louthback, J. W. Clements, C. O. McMillan, W. E. Lyle, T. A. Tunnell, and Joe Chandler, all of Stephenville.

Injury - Plagued Tigers Try Elks Tonight at Evant

Still looking their wounds from the pasting received at the hands of a good Tolar football team last Friday night at the local stadium, the Hico Tigers will hit the road tonight, Friday, for another non-district game, this time going to Evant to take on the highly-touted Elks. No relief from the one-sided scores of past games is expected

Fair Attendance Noted At Industrial Survey Meeting Tuesday Night

At the industrial meeting Tuesday night of this week, 19 visitors from Dublin and Stephenville, and 13 local business men heard a very interesting discussion of the possibility of new industry for this area. Mr. L. S. Paine of the Texas A & M College System, was speaker.

Mr. Paine had worked up charts of the Hico area showing the average income locally, the population trend for the past 15 years, and other data which applies to this particular vicinity. The figures given by the speaker were anything but bright, and showed the trend which both income and retail sales had declined.

The speaker then gave figures showing what industry would mean to an area such as Hico, and how this industry could be secured.

Main purpose of the meeting was to set plans in motion among the three towns to map the area and show what resources exist for possible new industry. A future meeting, which will be held between now and December, has been scheduled to be held at Stephenville when more concrete plans for the organization will be made.

Those present from Dublin were Nathan Siegel, Lusk T. Randalls, Joe T. Kennedy, Dick Harbin, C. E. Leatherwood, M. Hoffman, T. C. Grunberry, James Brown, Joe B. Henderson, Walter Hamilton, and Albert Jackson. Present from Stephenville were Art Anderson, Bryon Singleton, Joe Howell, L. B. Howard, Dr. Vance Terrell and Edwin Keller.

Mrs. Inez Burleson, 43, Buried in Coleman

Funeral services were held Monday afternoon, Sept. 30, for Mrs. Inez Burleson, 43, of Coleman, who passed away in El Paso Saturday. Funeral services were held at Stevens Memorial Chapel at 4 p.m. Monday, with the Rev. U. A. Schulze, pastor of First Methodist Church, and the Rev. R. E. Streetman, First Baptist Church pastor, officiating. Burial was in Coleman Cemetery.

Mrs. Burleson was born at Mullin, Texas, on Nov. 16, 1913, the daughter of the late J. E. Burleson, and Mrs. Bureson. She moved near Hico at an early age and grew up in this area. Mrs. Burleson, who was a beautician, had lived in Coleman for the past 20 years.

Survivors include her mother, Mrs. Burleson of Coleman; a daughter, Mrs. Katherine Lacy of El Paso; two brothers, Roy Burleson of Anchorage, Alaska, and Lloyd Burleson of Temple; two sisters, Mrs. Ellis Randalls of Hico and Mrs. Roger Moore of Lynchburg, Va.; and one grandchild.

MISSION DAY TO BE HELD AT OLIN BAPTIST CHURCH

The Olin Baptist Church will observe Mission Day, October 6, with Missionary Finely Graham speaking at 11 a.m. and 8 p.m.

Missionary Graham has served as a Southern Baptist Missionary in Egypt and Lebanon.

The public has been invited to attend these services.

ERATH COUNTY SINGING SUNDAY AT STEPHENVILLE

The regular Erath County Singing Convention will be held Sunday, October 6, at the Court House in Stephenville, at 2:00 p.m.

A friendly welcome awaits everyone.

in the encounter tonight, as Evant has a big experienced team which is capable of winning on any given night. Their won-lost record isn't too impressive, but their schedule has included such teams as Copperas Cove and Cranfills Gap.

Injuries have again riddled the local team of a key player, this time the victim being Gary Duncan, letterman quarterback and halfback, who received a broken foot in the skirmish with Tolar last week. In starting the season Coaches Taylor and Hall had seven boys who had experience on the varsity squad. To date three of those seven have been sidelined with injuries. First Van Hooper went down with a broken arm, followed by Buddy Ales with an injured knee, and the injury which will keep Duncan out of the lineup the remainder of the season.

Other than the injuries listed above, more than half of the entire squad has missed practice sessions this week and the coaches are having a difficult time filling the gaps. Unless other complications set in the game with Evant will be played as scheduled.

For the remainder of the schedule the coaches will have to rely upon the sophomores, freshmen and juniors to carry the load, with the hopes that the experience gained will be beneficial in future years. Coach Taylor has changed the formation for this week's game in an effort to bolster the running attack. Switching from the T formation to single wing could be the solution to the success of the team in future games.

Game time for tonight is 8:00 p.m., and will be played on the Evant field.

The game played last week with Tolar featured long-gainer plays, with all seven touchdowns coming on runs of more than 18 yards. Don Deaver was the big noise for the visitors, scoring five touchdowns on runs of 60, 46, 18, 56 and 19 yards. He was assisted in the scoring department by his running mate, Kenneth Swain, who scored on runs of 41 and 19 yards.

On the fifth play of the game Swain got the Rattlers rolling to their 49-0 score with the initial TD of the evening, coming on a 41-yard run. Hico bounced right back and moved to the Tolar 21 yard line where a fumble—one of several—which cost the locals dearly in the game—stopped the drive. Big gains in the drive, which started on the Tiger's own 35, were turned in by Red Wagner, Bobby Boone, and Royce Samford.

Tolar's second touchdown came moments after recovering the fumble. On the fifth play Deaver scampered 60 yards for the TD which put the visitors ahead 14-0 with just little more than five minutes gone in the game.

Tolar's third TD was set up by a Tiger fumble, this time on Hico's 44. The Tigers got a brief respite from the third score, as the Rattler's first effort was called back. But on the next play Deaver scooted 46 yards for the score. The first quarter ended with Tolar holding a 21-0 lead.

The second period started with Tolar in possession on the Tiger 20. Four plays later and Deaver darted the end zone from the 18 yard line. One exchange of punts and Tolar had upped the score to 35-0, this time the TD coming on a 19-yard run by Swain. The half ended with Tolar knocking on the Tiger goal line, having moved down to the local five yard line.

The Tigers buckled down as much as any team could after being behind 35-0, and held the visitors to one touchdown in the third period. Deaver swept Hico's end for 56 yards and the score.

The story was the same in the final period, with Tolar only managing one TD. Deaver climaxed the scoring for the night with a 19-yard burst to pay dirt.

Don't forget the game tonight. Even though the somewhat down and serve a good representation at the game.

IT HAPPENED HERE OR NEAR—

Pioneers Gave Lives For Settlement of Country

By E. E. DAWSON

A mile northwest of Carlton, in the pasture of Miss Willie Johnson is a lone grave, surrounded by scrub oaks and broomweeds. On a limestone slab about twenty-six inches left to right, and about fourteen inches from front to back, and rising about twelve or fourteen inches above the surface is a bronze plate with a story on it that is certainly intriguing. It is a story that began a hundred and forty-eight years ago and culminated in 1941.

On that bronze plate is this story in capitals: SAMUEL E. ROGERS BORN IN TENNESSEE 1809 MARRIED ELIZABETH SPARKS IN MISSISSIPPI CAME TO TEXAS IN 1833 SETTLED IN NACOGDOCHES WAS A TEXAS SURVEYOR FOUGHT IN TEXAS REVOLUTION WAS CAPTURED AND KILLED BY INDIANS MAY 3, 1863

The plate then states that the monument was erected on July 4, 1941, by Grandson of same name, Samuel E. Rogers, 3815 Case St., Houston, Texas.

Now that is a story of real interest. I plan to write to the grand-

son and get further information as to the capture and death of the Surveyor Grandfather, and you may be able to read the story later.

Presumably Mr. Rogers was in that vicinity surveying a tract of land which had been granted a pioneer family, and was surprised and later slain by his captors. Likewise the Indians were presumably Comanches, for they frequented this area and stole horses and slew whole families and burned homes and left a trail of desolation. It took pioneers with real hardihood to face the dangers of this country, especially during the Civil War when things were so upset that no adequate state protection could be given.

Another possibility as to the occasion of the death of Mr. Rogers may be that he was with a band of citizens who had chased a party of Indians from some community south and east of here and so met death after being captured by the Indians.

In George Powlledge's field is a small cemetery that was started by the burial of a man killed by Indians. One wonders how many cemeteries had their beginning in the slaying of a brave pioneer who was out to subjugate this country

and make it what we have at present. For such sacrifices for us, we are forever grateful.

And what shall we say of the grandson who fifty-eight years after his grandsire was killed felt it in his heart to honor that worthy kinsman and secure the marker and make the trip up here and put the marker at the head of the woodland grave? He is worthy of genuine appreciation one may be sure. Having the same name as his grandfather he is a worthy successor to that hardy pioneer.

If you want to see the marker, you can go out by the cemetery northwest from Carlton and on by Jim Pierce's home and where the road makes a turn to the left beyond the Pierce home, go straight ahead through the gate and down under the hill is Miss Johnson's home and she will show you where the grave is. Miss Johnson and Mrs. Fred Geye are sisters, and you know who Mrs. Geye is, for she writes the Carlton news every week.

I am indebted to Otho Stuckey for taking me to the location, of the grave, and Mr. Davis, pharmacist at Howard Drug, for telling me of it in the first place.

Sunday & Monday—

Rarely does a western film with such high emotional content as in "The Way to the Gold," which plays Saturday midnight, Sunday and Monday at the Hico Theatre, find its way to the screen.

"The Way to the Gold" is the story of a young man, Jeffrey Hunter, released from prison with the knowledge of the location of a cache of stolen gold. In the Arizona town where he starts the search he meets a waitress, Sherree North, who like him, has been mistreated by life generally. They fall in love and go after the buried loot together, but are trailed by the family of one of the bandits who have spent years searching for the hiding place. The search for the gold thereafter, is marked by a series of thrilling incidents as the two parties challenge each other's right to the precious mineral.

Miss North, in her first straight dramatic role, makes the change from her usual singing and dancing parts with much effectiveness. She and Jeffrey Hunter are an ideal pair in their struggle against adversity. Barry Sullivan, Neville Brand and Walter Brennan play their roles with equal facility to promote the suspense that sur-

Robert Wagner, Jeffrey Hunter and Hope Lange are starred in "The True Story of Jesse James," playing Friday and Saturday at the Hico Theatre. Agnes Moorehead is featured in a top supporting role.

rounds the action which, at times, becomes quite violent. The film was made mostly in

Arizona and Nevada. There are some breathtaking scenes at Lake Seguro and Horse Mesa Dam, in the Superstition Mountains, at Lake Mead and the Hoover Dam.

Friday & Saturday—

In "The True Story of Jesse James," which plays Friday and Saturday at the Hico Theatre, Twentieth Century-Fox has scored again in a violent, hard-hitting drama of the James Boys which could well become an important contribution to Americana.

With Robert Wagner as "Jesse" and Jeffrey Hunter playing his brother, Frank, one cannot help but recall the resounding success of Tyrone Power and Henry Fonda, who created these roles some 19 years ago. This picture promises to do for Wagner and Hunter what the fore-runner accomplished for Power and Fonda—top stardom.

Jeffrey Hunter and Sherree North are pictured in a romantic interlude in the suspense drama, "The Way to the Gold," playing Saturday midnight, Sunday and Monday at Hico Theatre. Barry Sullivan and Walter Brennan are also starred in the picture.

THE LOCKER PLANT DOES IT BEST!

PROCESSING

Cutting, grinding, boning, and trimming of meat can best be done by the locker plant which has the equipment, the experienced help, and the "know-how" to do the work economically, and expertly—without waste.

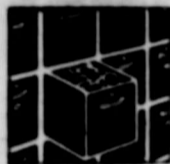

WRAPPING

Proper packaging of foods for freezing is all-important. The locker plant uses the correct moisture-vaporproof wrappings and applies them with the latest methods.

SHARP-FREEZING

It is essential that foods for storage in a locker or home freezer be quick-frozen at sub-zero temperatures. We have refrigeration equipment capable of freezing huge quantities of foods.

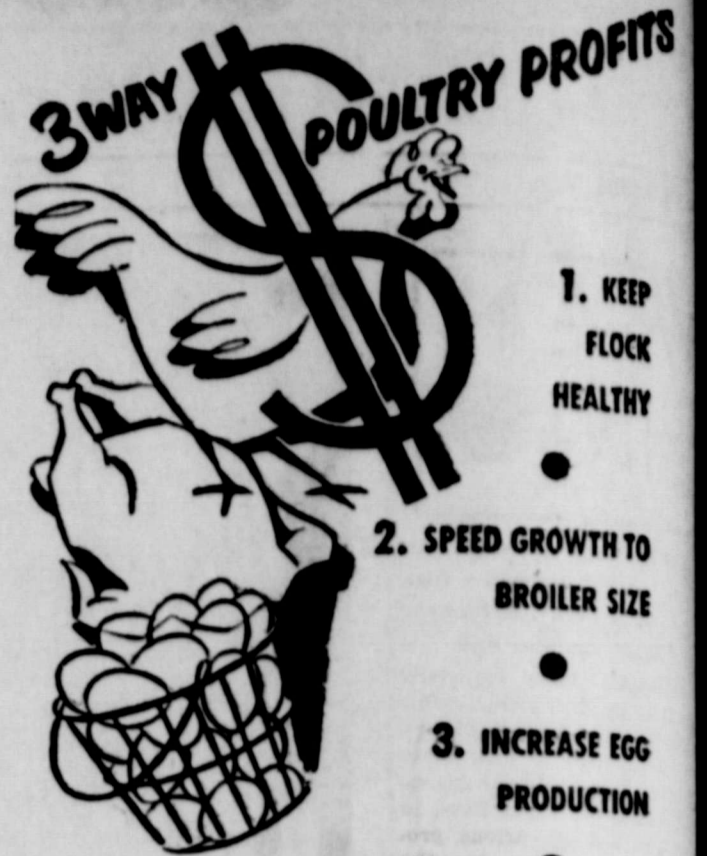

ZERO STORAGE

All frozen foods should be kept at a constant zero temperature. The zero service we offer is the cheapest refrigeration in the world . . . a frozen food locker at the cost of a daily newspaper!

Garden Club Presented at State Meeting in Galveston

Delegates from Arkansas, Oklahoma, New Mexico, Arizona and Texas were greeted by the Texas Garden Clubs, held last week in Galveston.

J. E. Lincoln, president of the Garden Club, attended the meeting. Headquarters were at the Hotel and Moody Center. Mattie Mae Bennett of Dallas was Convention Chairman.

At the Wednesday meeting they also discussed the sale of Christmas cards, with the Homemaking class appointed to manage the sales.

The next meeting will be Oct. 21, when a sack picnic supper is planned.

Hico F. H. A. Will Attend State Fair

"On to the Fair" was the slogan as the F. H. A. girls met in a business meeting Wednesday, Sept. 25, in the High School Auditorium, with Kendall Hamrick, president, in charge.

The F. H. A. girls plan to leave the Homemaking Cottage Saturday, Oct. 5 at 6 a. m. on a school bus for Dallas to attend the State Fair. They will be accompanied by Mrs. Leonard McLendon, FHA mother.

High score was won by Mrs. Hyles, and Mrs. R. G. Burwell, homemaking teacher.

They will leave the Fair en route home at 5 p. m. The students have been given passes to the Fair and tickets for lunch.

At the Wednesday meeting they also discussed the sale of Christmas cards, with the Homemaking class appointed to manage the sales.

COLOR IN ACCESSORIES

Accessories should accent or complement a costume, not call or hold attention to themselves.

Choose them to add spice to a simple solid color dress or suit, or to supply the unifying note with a striking print dress or plaid suit.

Plan your accessories carefully before you buy, remembering the color and design of your basic dresses or suits. Avoid bargains with which you have nothing to wear.

Avoid too many different colors in one costume. The eye jumps from one spot to another, and you lose the effect of unity. A general rule for the use of contrasting color, texture or pattern in accessories is never to repeat more than three times—generally two are smarter; for—example, shoes, bag and gloves, or shoes, bag and hat, or bag and hat.

Intensity of the color is important. Don't overdo it. The more brilliant or intense the color, the more it should be used.

Beautiful! Have Golden Age Tea in October.

Sincere thanks are extended by the local delegate who attended the meeting, Mrs. J. E. Lincoln, to the club, for making possible this trip to the State Convention.

REPORTER.

smaller the area it should cover. Unusual colors draw the eye just because they are complex in make-up. Use them with care.

Basic colors in accessories, namely black, brown or navy, are always in good taste and easy to use. Color in shoes is a fashion to be used with caution. It calls attention to the feet and ankles. Be certain yours can stand the spotlight.

A final suggestion: Look smart but not extreme. Don't overdress. The best dressed women are often the most simply dressed.

Everyone likes hot bread. Now with fall in the air hot breads are especially good with all our meals. Hot breads for breakfast may help to wake up an otherwise lazy appetite. Send your family off each morning to their days work with a good breakfast. And isn't that hard to do sometime? Try some of these things for something a little different for breakfast or any meal.

Cheese Biscuit—Add 1 cup grated cheese to sifted dry ingredients and make in the usual way.

Nut Biscuits—Add one-half cup chopped nuts to sifted dry ingredients and make in the usual way.

Breakfast Muffins—To your standard muffin recipe add three-fourth cup diced cooked ham or bacon.

Raisin Muffins: Add three-fourth cup chopped raisins to your standard recipe.

It might help speed things up for you if you had on hand a mix to use for your quick breads. The Extension bulletin "Quick Breads" contains just such a recipe which is available in my office.

Here is a mighty good recipe for a quick loaf bread that will be a favorite with the children and enjoyed by all family members.

PEANUT BUTTER BREAD

2 cups flour
One-half cup sugar
2 teaspoon baking powder
1 teaspoon salt
Three-fourth cup peanut butter
1 egg, well beaten
1 cup milk.

Sift flour, sugar, baking powder and salt. Cut in the peanut butter with a fork. Add egg and milk and stir just enough to moisten all the dry ingredients. Bake in a greased loaf pan in a moderate oven, 350 F. for about 1 hour.

FAIRY

By MRS. EUNICE DANIEL

We were very sorry to learn of the death of the former Inez Burleson of Coleman, at the home of her daughter, Mrs. Jack Lacy of El Paso. Funeral services were held at a funeral home in Coleman Monday afternoon at 4:00 o'clock. Burial was in the Coleman Cemetery. Inez formerly resided here. She is survived by one daughter, Mrs. Katharine Lacy and one grandson, her mother, Mrs. J. E. Burleson of Coleman, two sisters, and two brothers. Our deepest sympathy is extended to all in this time of sorrow.

Those from here attending the funeral services were Mr. and Mrs. Audie Clark and Mrs. Gladys Cox. They were accompanied by Mrs. Ben Wright of Hico. Mrs. Burleson and Mrs. Clark were former classmates while attending Hico High School.

Mr. and Mrs. Frank Hanes and Mike spent the week end in Dallas visiting with their daughter, Miss Martha, who was ill of a cold or flu.

Mr. and Mrs. Dalton Driver of Grand Prairie spent the week end here visiting their parents, Mr. and Mrs. Frank Driver and Mr. and Mrs. H. H. Wolfe.

Several from this community attended a telephone meeting at Hico Monday night.

Mrs. D. E. Allison and daughter, Mrs. Wayne Pittman and daughter, Karen of Dublin spent Monday visiting in the home of their sister and aunt, Mr. and Mrs. Carl Ray Sellers and family, and also visited a short while in the Ed Allison home. The writer spent Monday afternoon in the Sellers home to be with them while here.

Miss Virginia Anderson of Dallas has been visiting with her mother, Mrs. Grady Anderson, for the past week or more while on vacation from her duties at a telephone operator. They went to Johnson City Monday of last week where they visited in the home of Mr. and Mrs. Hoyt Walker, formerly of Fairy. From there they went to Junction where they visited in the home of their daughter and sister, Mr. and Mrs. Harion Guinn and children. They returned home Friday.

Mr. and Mrs. Raymond Wilson and children of Fort Worth visited during the week end with his mother, Mrs. Stella Wilson and at Hamilton with her aunt, Mr. and Mrs. Frank Sellers and family.

Mrs. Homer Smith of Jonesboro the former Miss Lucille Pittman of Hico, and former faculty member of the Fairy school, stopped at our home a short while Thursday afternoon of last week. She was driving a new Ford, which she said they had recently purchased and was practicing up a little on the new methods of operations of the late model cars. She also visited the W. E. Goynes while here.

Mr. and Mrs. E. M. Hoover left Friday for a visit with their daughter and husband, Mr. and Mrs. Lloyd Bolstad of Lauriel, Miss Mrs. Hoover stated that they surely enjoyed the trip and seeing the beautiful scenery en route. They arrived at the Bolstads about 3 p.m. Saturday and left for home Sunday afternoon. Their stay was cut short by a day as it was raining there and the change of climate had seemed to have given them a cold. They greatly enjoyed their short visit with the Bolstads in their new home.

Mr. and Mrs. Raymond Driver and Pat of Texas City spent the week end here visiting in the home of their parents, Mr. and Mrs. Frank Driver and Mrs. M. E. Parks and Audie. Other dinner guests in the Parks home Sunday were Mr. and Mrs. J. T. Leonard and baby and Mrs. Nettie Parks of Fairy.

Last Friday was vaccination day for dogs and other pets at the Fairy Agriculture building at the Fairy School. Dr. Tolbert of Ham-

ilton vaccinated about 22 dogs and pets. His wife accompanied him.

Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don visited Sunday afternoon in the home of his parents, Mr. and Mrs. N. S. Sellers of Hamilton.

It's time of year to be on the look-out for rattlesnakes, since the cool nights and fall weather is driving them to the mountains. Audie Clark killed a large one just east of Fairy on the farm road in front of the Newman homestead place last week, and after killing the snake he noticed another large one nearby that had been killed shortly before. They have been reported seen crossing highways in many sections of the county.

Since there was no singing we knew of in the county last Sunday we gathered up a few song books and spent the afternoon visiting the sick and former neighbors and friends. First we visited at the home of Mr. and Mrs. J. B. Jaggars of Carlton. We carried them a mess of fish to fulfill a promise made some time back at our last visit. Mr. Jaggars had asked then that we play and sing some for him, but having no books with us, and not having any numbers memorized we made a promise we'd bring our books the next time we came. So we played and sang several sacred numbers for them. As most readers may probably know Mr. Jaggars received a broken neck and back injuries more than a year ago in a car wreck. He stated that he could now sit up a short while in a chair. J. B. had led such an active life, farming, attending auctions and trading. We know it has seemed an awful burden to have been a shut-in for so long, but there's always those good friends and neighbors who drop in from time to time to help pass away some of those dreary hours. Just as we were about to go on our journey Mrs. Avery Coffman came in. Our next stop was with a good friend and former neighbor, Mrs. Marie Turner and son Sammie. Since the short afternoon seemed to be slipping by so fast and still another home of the sick to visit, our stay was short. We drove on to Duffau where we visited a short while with Mrs. F. M. Holland and her daughter and family. Mr. and Mrs. Elmer Giesecke and their daughters, Mrs. Lee King and two children, who are staying there at present helping to take care of her mother, who is ill. She is able to be up and down, but our visit with her was very short since she wasn't feeling too well at the time of our visit. We hope to go back later when she is feeling better.

Mrs. Giesecke, the former Amanda Holland, is a former schoolmate of the writer while attending Duffau school. We enjoyed our short visit with all those mentioned and hated so much to have to leave Carlton without a short visit with our dear friends, Mrs. J. A. Richardson and Mrs. Lilla Byrd, but left word with our good friend, Mrs. Turner to explain for us.

We received a beautiful friendship card and short letter from Mrs. Richardson Monday which we highly appreciated, and we're going to make it up there to see her soon if we have to go during a week day.

A wedding shower honoring Mr. and Mrs. Bobby Joe Bullard of Hico was held at the school gym last Saturday night, with Mrs. Carl King, Mrs. W. E. Cunningham, Mrs. Chester Wood and Mrs. O. E. Whitson as hostesses. A very good number were present and they received a nice assortment of nice and useful gifts which they highly appreciated. The hostesses served home-baked cake squares and fruit punch as the guests arrived. Mrs. Chester Wood presided at the registration table. Decorations were home grown cut flowers. Mrs. Bullard is the former Miss Wanda Howard, daughter of Mr. and Mrs. A. E. Howard, now of Yuma, Ariz., but formerly of Fairy.

Mr. and Mrs. Thackerson and two children of San Angelo were here Saturday night to attend the wedding shower of her sister and husband, Mr. and Mrs. Bobby Joe Bullard.

Our sincere thanks to the following for donations for the Fairy Cemetery: Mrs. Addie Adams, Fort Worth, \$5.00; S. N. Akin, Stephenville, \$5.00; Mr. and Mrs. Dick Jones, Hamilton, \$2.50; and Mr. and Mrs. Ernest McCoy, Fairy, \$2.50. We are contacting a party near Hamilton at this time in hopes of hiring him to work the cemetery and also have another party in view in case this man can't take the job. And we try at all times to give special attention to the lots of those who make donations but are sometimes delayed in getting help. We took it on ourself recently to work the Anderson lot since Mrs. Ovie Brummett had handed us \$4.00, but being handicapped due to the nail piece we have

been unable to do as we would like, but are doing our best to serve you.

We would like to state that we have ordered a supply of samples and also some extra boxes of greeting cards, thank you notes, and many others, which we plan to try to keep at our home and probably at the Goyne store to sell. All proceeds derived from the sale of these cards and other supplies will go for the benefit of the Fairy Cemetery. So please see me or the store for anything in this line. We can make it a paying investment if the public will give us your support and we trust you will.

Mr. and Mrs. Walter Prinz, Karen and Karol of Fort Worth spent the week end with her parents, Mr. and Mrs. W. E. Cunningham.

Bill Lackey of San Antonio was a week-end visitor, and looking after business interest here. While here he visited their son, Harold of Hico. They attended church at the Fairy Church of Christ.

Mr. and Mrs. Marvin Porterfield and baby of Evant visited here last Friday with his father, Walter Porterfield.

Hurry Your Pullets Into the Nest on Purina

Egg prices are beginning to climb. This should mean just one thing to you. Get your pullets into production as early as possible. Get the most from them while egg prices are strong.

Records from a million and a quarter birds show growers saved from five to seven cents below average feed cost per dozen eggs produced last year on Purina.

Whatever your grain situation is there's a Purina Laying Chow to fit your needs. Get your pullets on Purina Laying Chow as soon as they come into production. Ask us to help you work out the feeding program that best fits your own needs. We'll be glad to show you how PURINA helps produce lots of eggs... at low cost per dozen.

LEGAL PROTECTION FOR FARMERS

Texas farmers should beware of doing business with unknown or "traveling" fruit or vegetable buyers on a credit basis unless the buyer is licensed by the Texas Department of Agriculture. "Hot check" dealers and fly-by-night buying contractors of past seasons are experiencing a crack-down by the Department this year. An Agricultural Protective Act is now in force over the entire state requiring fruit and vegetable buyers to be licensed and bonded unless they operate on a cash basis. Growers are urged to check an unknown buyer's TDA license before turning over their crops on a pay-later basis. Purchase agreements must be made in writing. A licensed buyer is a bonded buyer and the farmer is protected from bad checks or contract failures. Penalties of up to \$1,000 fine and a year's jail sentence are provided to snuff out unscrupulous operators of past years.

REGULATIONS AFFECTING OKRA

The constant battle against the destructive cotton pink bollworm has resulted in the placement of okra under insect control regulations. Okra, like cotton, provides excellent breeding, feeding and hibernating quarters for the pink bollworm. Many commercial fields of okra pose a threat to area control measures long after cotton has been plowed under as a preventive against insect build-ups. This year, the Texas Legislature placed okra under the same con-

TEXAS CITRUS ENTERS FLORIDA

A quarantine of more than 20 years' standing against the movement of Texas citrus fruit into Florida has been lifted. Negotiations by the Texas Department of Agriculture succeeded in removing the barriers which had shut off an important market for state products. Florida citrus has been sold in Texas during most of the nearly three decades that our own fruit was barred there. Rio Grande Valley fruit growers and the entire citrus industry will benefit from the new agreement.

HOMER ALLOWS...

From vast experiences and associations I am thoroughly convinced I have never associated with any person but what I believe have qualities like platinum and gold.

In this old world of disappointments and blessings it is never practical to hold a grudge against any person. Perhaps if we could see the other person's point of view we would not be so hasty to criticize.

It is best to remember the pleasant things of life and not go around with a chip on our shoulder like somebody has imposed on us, for I am pretty sure we wouldn't go very far until somebody would knock it off. We are made happier by each others' notice and appreciation. No person can go far with their own strength in the weary struggles of life, and the death of friendship is always tragic.

Cling to your friends after having chosen them with proper care. If they grieve you, forgive them.

If they praise you, love them. Indeed the right kind of friend who is worth his salt will dare to stand forth in your defense when character assassins are ridiculing your good name blowing off steam and hot air talking about a subject superior to their intellect. Generally speaking, critics tear into stalwart souls of whom they know nothing about their personal business relations or social affairs, and too, maybe they haven't spoken to the person in ten years.

I have an idea if their life were an open book they would jump out of the highest window.

Promotion Day Observed Last Sunday At Methodist Church

Promotion day was observed at the Hico First Methodist Church during the worship hour last Sunday morning. Members of different Sunday School classes shared in the worship hour.

The Intermediate group led the congregation in the responsive scripture reading. Four members of the Primary class portrayed Bible characters. They were Steve Knudson as Isaac, Mike Reeves as Joseph, Jim Bill Lackey as Samuel, and Cherry D. Ramage as a little Hebrew girl who helped Naaman the Syrian be cured of leprosy.

Members of the Primary and Junior classes sang two hymns, "All Things Bright and Beautiful," and "Look for the Beautiful."

Members of the Nursery and Kindergarten classes also sang two songs, "Every Day With Jesus," and "This Little Light of Mine."

Those promoted from the Nursery to Kindergarten were Robyn Roberts and Nolan Lewallen. Those promoted from Kindergarten to Primary were Danny Rightmer, Ellen Blair, Tula Lewallen, and Mary Eather Ebers. Those promoted from Primary to Junior were Linda Duncan, Glenda Ogle, Claudia Hafer, Judy Jameson, Sandra Elkins and Kay Tooley. Promoted from Junior to Intermediate were Barbara Rands, Barbara Patterson, Dixie Lackey, Judy Ogle, Sylvia Sherrard, Margaret Prater, and Janell Ogle.

Intermediates promoted to the Senior class were Judy Griffiths, Carolyn Patterson, Pat Lackey, Mike Lackey and Alan Hedges.

Hico, Texas, Friday, Sept. 27, 1957.

By HUGH WILLIAMSON

An outdoorsman, as you would expect, is more sensitive to the weather than other folks. And that doesn't merely mean that he is interested in whether it's hot or cold, wet or dry.

He watches the fishing calendar, the solunar tables, the barometer, and the weather predictions. He is aware of water temperatures at various depths, and he looks for the signs of nature.

All this goes for the hunter as well as the fishermen. As the dove hunter contemplated the season opening in the South Zone, Oct. 1, for example, he recalled heavy rains in the area late in September, and he thought about cooler weather.

His conclusions were that dove hunting around tanks would not likely be productive because there's water everywhere for the birds. And he figures that doves would be migrating southward in search of warmth.

Weather Signs.

Old timers were keen about the weather. Far more so than moderns who live in conditioned air and didn't depend directly on agriculture for their livelihood.

The old folks didn't depend on gadgets to know whether the fish were biting. They understood that their is a rhythm in nature, and they watched for signs that they knew were reliable.

If the old cow rested quietly under a shady tree, if the dog slept by the front steps, if there were no birds singing or flying—if all nature seemed at a standstill—that was no time to go fishing.

But when the cow got up and started grazing, the dog stretched himself and dug up a bone, and the birds suddenly appeared in the sky—that was fishing time.

The system still works. One friend of mine keeps a bowl of goldfish and can tell by their action—or inaction—whether to head for the creek or not.

Solunar Tables.

Another fellow tells me that by watching the solunar tables he can tell when the workers in his office are going to be the most alert, active, and industrious. These times coincide with the best fishing hours as indicated by the tables.

It has long been known that the weather affects the way we feel. Benjamin Franklin advised that we do "business with men when the wind is out of the northwest". That's because a northwest wind is a sign of fine weather.

Thus it's not surprising that anglers say "fish bite the best when the wind's from the west."

Barometer Readings.

Many salesmen refuse to call on customers when the barometer is low. They know that the prospect is likely to be feeling depressed at such times. Likewise, old fishermen know that the fishing is best when the barometer is high or rising.

September rains were good for the angling situation. They washed food from surrounding land into the lakes and streams for the fish to eat.

Some big fat bass are going to be caught in Texas during the next two months.

Incidentally, the better the land along the shore line, the more good washed into the water rains. No lake surrounded by poor land can be rich in fish. Consequently, your earnest angler is a booster of soil conservation.

System for Bass.

Getting back to black bass fishing for a minute... there's a fellow around here who catches them regularly from the Colorado River lakes. He gave me this system the other day, and I'll pass it on for you to try:

He gets in a boat at daybreak and moves slowly along, casting a surface lure to the edge of the weed beds, and into pockets among the weeds. He gives the lure plenty of time, twitching it ever so slightly at long intervals.

Recently he has scored one five
