### CITY'S NEWEST INDUSTRY OPENS RECENTLY; MAKES TOP RODEO EQUIPMENT

The magic of the name of Burkburnett was one reason for choosing the city as the site of its newest industry.

Since the name carries such a high reputation among rodeo cowboys, and because so many of the nation's top contestants live here, it was natural for a firm serving that great sport to locate here.

The firm is Jim Houston's Championship Rodeo Equipment, and is already in business, making deliveries of top quality rodeo equipment to all parts of the nation.

Owned by Houston and Winston Le Juene, the firm is located on the Oklahoma Cutoff.

It manufactures and distributes leather equipment, including bareback riggings, handholds, bronc saddles, spur straps, bull ropes, and all other rodeo equipment.

Metal work is done by Championship Rodeo Equipment in Tijeras, N. M., which maintains a working agreement with the Burkburnett plant with the Burk plant doing all leather work, and the New Mexico shop doing all metal work.

Le Juene has been in Burk for 2½ years, and formerly taught school here. He came to Burk from Lake Charles, La. Houston, World Champion bareback rider in 1964 and 1965, has called Burk his home for four years.

Since Burkburnett is known as the Cowboy Capital of the World, with many top cowboys living here, it was only natural that the city be chosen for the new industry.

Among the top rodeo cowboys who call Burk home are C. R. Boucher, world champion bulldogger in 1964; Jim Houston, now second for all-around cowboy title this year. He is also second in the bareback riding, and third in the bulldogging events.

Then there is Clyde Vamvoras, world champion bareback rider in 1967, and leading for this year.

Kay Whitaker, second for the world championship title in barrel racing is another Burk resident.

And you can add Ross and Shirley Loney. He rates high in saddle bronc riding, and she is a trick rider.

And you can count Dude and Frances Smith. He is an all-around cowboy, and she was the

1967 National Finals Rodeo winner in barrel racing.

Others include Raymon Hulin, bareback rider, who got a late start after being honorably discharged from the service after Viet Nam duty. There he won a Bronze Star.

And Ben Bates, who ranks No. 8 among the bulldoggers. And speaking of Vietnam, the firm has been sending catalogs, and receiving orders, from servicemen there. Several shipments have already been made.

Other orders have gone to just about every state in the union, including Alaska and Hawaii, with the exception of the far New England states.

Rodeos attract more spectators than professional football. At Houston recently, a crowd of 46,000 paid their way to see a rodeo.

But LeJuene said last year he was at Calgary, Canada, where 100,000 were on hand.

LeJuene says Burkburnett's fame in rodeo circles began years ago when Aubrey and Dixie Rankin made this their home. They conducted a non-paying school for cowboys who wished to brush up on their work.

Their fame spread, and so did Burk's. Aubrey was killed in a rodeo mishap in 1964, but Dixie continues active in the sport, serving as a secretary for a producer.

The swashbuckling drinking, brawling rodeo cowboys of days past is gone, says Le Juene, although he still enjoys a good time and adventurous life.

Now the typical rider is more likely to be a college graduate, as 60 per cent of them are, to whom riding is a serious business.

They may travel by plane, and may take part in two or three rodeos simultaneously, or 70 to 80 per year.

He is most likely to be unmarried, since the hazards of the sport, the gruelling weeks and days, if not months of travel, seem to have little appeal to a prospective bride.

Or maybe the cowboys refuse to have their lady fair endure the hardships.

Paywise, rodeo serves its contestants well. Houston has accumulated 36,000 points this year, and Vamvoras 24,000.

Expenses run high however, but a top cowboy still commands a respectable paycheck for his efforts.

### FHA Members Attend State Fair

The Future Homemakers of America made an exciting trip to the State Fair in Dallas last Saturday, Oct. 5, 1968. Two bus loads of girls were on the road bright and early at 5:00 a.m. We reached the fairgrounds about 10:00 a.m. We enjoyed a wonderful day and returned back to good old Burk about 10 p.m., tired but happy.

## Burk Meet BTW At Wichita Falls Sat.

After a week's lay-off, the Burkburnett Bulldogs will journey to Wichita Falls Saturday night at 8 p.m. to resume the gridiron wars.

The opponent will be the always tough Eooker T. Washington Leopards, and the game will mark the opening of the district race.

Washington will be striving to avenge the unexpected defeat inflicted upon them last year by the Bulldogs.

Scouting reports state the Leopards are tough, and any of several of their men could break the game wide open at any point.

Coach Ervin Garnett has only four starters from last year in the lineup, but among the other 18 lettermen back are several who have gained a wealth of experience this season.

## JOHNSON NAMED DEMOCRATS NOMINEE FOR CONSTABLE

Louis Johnson has been selected as the Democratic nominee for constable, Precinct 2, of Wichita County.

The selection was made according to the Election Code of Texas, by F. T. Felty, Ruth Larson and Joe Jancke, the three Democratic Precinct Chairmen in Burkburnett, following the death of George Willingham, the Democratic nominee.

Johnson was selected unanimously, and have requested Dora Davis, county clerk, to place Johnson's name on the ballot for the November 5 general election.

Johnson was a candidate for the office, but lost in the Democratic election to Willingham.

## VOTE FOR PROGRESS

(Editorial)

Monday, voters of Burkburnett will decide whether the city shall levy a one per cent sales tax.

The choice is not whether the city taxes should be increased.

The choice is HOW they could be increased.

There is no doubt, Burkburnett, just as many cities throughout Texas, must have more revenue.

The Burkburnett Star-News endorses the sales tax as the most equitable and economical way to increase revenue.

The Burkburnett City Commission has agreed that one-half of the sales tax revenue should be devoted to increasing salaries for city employees.

The Burkburnett Star-News believes this is commendable.

A low wage structure tends to increase employee turnover. The employee turnover rate since January 1 has been 36 per cent.

This is expensive and time-consuming, as new employees must be trained.

The other half of the sales tax revenue will be channeled into permanent improvements in all parts of the city.

We agree that this is not only commendable, but sorely needed.

We believe the city sales tax, while not only fair, will allow Burkburnett to progress and grow.

We do not want to go backward. But to go forward, the city must either raise property tax rates, now its main source of revenue, or adopt the sales tax. The Burkburnett Star-News is convinced that the wiser choice would be to adopt the sales tax.

The Star-News recommends voter approval of the city sales tax for two practical reasons. We believe it is preferable to high property taxes, and we believe the city needs the money to help build a better community for all.

**THE FRUIT OF COERCION**

Among the finest fruits of the earth are the luscious grapes grown in the valleys of California. Eaten as desert or made into wines that have become immensely successful in recent years, they are understandably popular. Moreover, the grapes, or the wine made from them, are the basis of a valuable agricultural industry. Sales of the grapes and of the wine provide tax revenue to the federal government and the states.

Unfortunately, this agricultural industry is threatened by a radical union boycott that would turn the delicious grapes into grapes of wrath. A small, militant union—the United Farm Workers Organizing Committee (AFL-CIO), which represents no more than one or two percent of the farm workers in California, is carrying out a nationwide boycott campaign directed at the California grapes.

The union is waging a propaganda battle, aimed at portraying the grape-pickers as victims of capitalist exploitation. Cesar Chavez, head of the union, has enlisted some predictable allies, including the Student Non-Violent Coordinating Committee—the Stokely Carmichael-H. Rap Brown outfit, along with the notorious Students for a Democratic Society. Various "liberal" groups have been duped into providing financial assistance to the union effort. The Office of Economic Opportunity, in a typical piece of political interference, have devoted \$268,000 to the Chavez cause.

The boycott has met with a certain amount of success. Two knee-jerk "liberal" mayors—

California has the largest number of veterans of the 50 states, 2,783,000. New York is second with 2,456,000.

Benefits for today's veterans include special assistance for young veterans with limited education.

Cavanaugh of Detroit and Lindsay of New York—have cancelled orders their municipalities placed for California grapes. Various AFL-CIO unions have persuaded food chains in New York City not to stock California grapes. Persuaded in the polite way of putting it. One grower, in a complaint filed with the National Labor Relations Board, used the words "coerced and restrained" to describe the union dealings with the food chains.

The situation is scandalous in several respects. It is outrageous, for instance, that a union effort on one coast can produce a boycott at the opposite end of the country. This long arm of coercion should give all good citizens cause for concern.

Secondly, the United Farm Workers Organizing Committee simply isn't a grape-pickers union. The American Farm Bureau Federation reports that "virtually none of the workers employed in the production and harvesting of grapes for fresh-market are union members." Indeed, there is another group—the Agricultural Workers Freedom to Work Organization—that is on record as opposing the harassment of grape-pickers by the Chavez group.

It is tragic that the church and civil liberties groups that have become involved in the boycott have not examined the nature of the complaint made by the Chavez organization. Despite claims of exploitation, the facts are that the grape-pickers are getting a good wage for the kind of work they do. Sen. Eugene McCarthy, who has inserted himself into the dispute, charged that the grape-

pickers receive "\$1.40 an hour with no fringe benefits."

The California Senate Fact-Finding Committee has the facts. It has reported that the average wage paid pickers exceeded this figure by 30 or 40 cents. In addition said the Senate committee, "there are numerous fringe benefits." And according to the U. S. Department of Agriculture, the farm workers of California earn hour-

ly wages that average 42 percent above farm workers in New York State!

The truth is that the Chavez organization is on a quest for power. Radical elements in the nation believe that agriculture is an area of major opportunity insofar as agitation and strife are concerned. They envision frequent use of boycotts, utilizing minor disputes in the countryside to carry out coercive ac-

tion in the nation's towns and cities.

Unquestionably, the New Left see the struggle against California grape-growers as a test case—as a dry run for similar conflict operations in other areas of American agriculture. If boycotts can be organized

against grapes, every type of agricultural produce becomes a possible source of agitation and pressure. For the peace and well-being of farm workers, producers and consumers, it is important that the New Left be defeated in the battle of the grapes.

**VOTE MONDAY for PROGRESS**

**Vote For The Burkburnett Sales Tax**

The Following Questions And Answers Will Help Explain Why You Should Vote Yes

**Why A City Sales Tax?**

To provide wage increases for city employees, and for needed capital improvements in all parts of Burkburnett. Your City Commission has promised that sales tax revenues will be allocated about equally to these two categories.

**How Much Is The Proposed Tax?**

A penny on a dollar's worth of certain purchases. It is a sales and use tax on items now subject to the state sales tax. The same exceptions allowed by the state tax would apply to the city sales tax. Exempt are certain essential items such as groceries, drugs, automobiles and gasoline.

**When Will The Election Be Held?**

Monday, October 21, 1968.

**Why Do We Need Additional Revenue?**

As a growing city, Burkburnett needs revenue for strengthening services and providing capital improvements in all sections of the city. There are only two alternatives to raise this revenue, the sales tax, or an increase in the property tax.

**How Will It Be Collected?**

It will be collected right along with the state tax, by the state, and the city's share will be paid to the city by the state comptroller's office. This will make it possible to collect the funds without additional clerical help or expense to this city.

**How Much Revenue Will The City Tax Produce?**

It is estimated that the City of Burkburnett will receive about \$40,000 a year. However, other cities have received far more than their estimated return.

**Do Other Cities Have A Local Sales Tax?**

Yes, at last count, 241 Texas cities have approved the tax.

**What Is The Advantage Of A City Sale Tax?**

The penny city sales tax is the fairest of all. Everyone who benefits from city services helps pay for them. The tax will be paid by visitors to Burkburnett as well as local citizens. Property taxes are paid entirely by people who live in the city, or who own prop-

erty in the city. This includes renters, of course, because the level of rents reflects property taxes. The sales tax would make it possible for visitors to share in the costs of operating the city.

**Is The Tax Fair?**

The sales tax has many elements of equity. In the case of most individuals and families, it is as fair for persons of lower income as the property tax. A local penny tax, with the specified exemptions, provides that citizens pay in proportion to what they spend. Since groceries and medicine, as well as certain staple items are excluded from the tax, the impact of the penny tax is greatly lessened on families of moderate incomes.

**Who Can Vote On The Sales Tax?**

Any registered voter in the city of Burkburnett. It requires a simple majority to pass.

**When Will The Tax Be Effective?**

If approved by the voters Monday, October 21, it will become effective April 1, 1969.

### The Churches Of Christ

The church of Christ of the 20th Century is the restored church of the first century established by Jesus with the advent of the Holy Spirit on the first Pentecost following His resurrection from the dead. It is the same church not by succession, but by planting the same seed of the kingdom which is the word of God. (Luke 8:11)

The churches of Christ are made up of people who seek to be "Christians" only. Nothing more and nothing less than Christians. This is the name by which Christ's followers were known in the Bible and is the name by we glorify God. Peter the apostle said "If any man suffer as a Christian, let him not be ashamed; but let him glorify God in this name." (1 Peter 4:16)

Never does a human name prefix this God-given name. Paul, Peter, John and the other apostles were only Christians, servants of Jesus. You can be a Christian only.

### Our Plea To All

We have a distinctive plea is that we strive to get all men to return to the **Bible Only** for all authority in religious matters. The Bible claims this authority (II Timothy 3:16, 17) and the apostle Peter said "If any man speak, let him speak, let him speak as the oracles of God" (1 Pet. 4:11)

We speak where the Bible speaks, and we are silent where the Bible is silent. We desire to have all men unite on the only basis of real unity, the Bible.

We plead for the restoration of Christianity as it was during the lifetime of the inspired Apostles. We do not seek to reform anything, but rather to restore to its original pattern as it is revealed in the New Testament.

### How Would You Like To Find A Church ...

- BUILT ON CHRIST AS ITS FOUNDATION? (1 Cor. 3:11)
- A church that is undenominational? (Matt. 16:18)
- A church with Christ as its only head? (Col. 1:18)
- A church that speaks as the Oracles of God? (1 Pet. 4:11)
- A church with only a divine name? (Rom. 16:16; 1 Cor 1:2)
- A church organized by New Testament pattern? (Phil. 1:1; Acts 14:23)
- A church with a divine rules of faith and practice, the New Testament? (2 John 9-11)
- A church without any amusements to draw crowds? (1 Cor. 1:21; 2:1-4)
- A church supported by the free-will contributions of its members? (1 Cor. 16:2. No begging, rummage sales, pie suppers or amateur programs, etc.)
- A church that observes New Testament authorized worship? (Acts 2:42; 20:7; Col. 3:16; Eph. 5:19; 1 Cor. 16:1-2)

### LOCAL GIRL SCOUTS TAKE PART IN RECENT CAMPOUT

Seventy-five Burk Burnett Girl Scouts were among those who attended a "Do-it-yourself" troop camping weekend at Lake Pauline near Quannah last weekend.

Burk's Senior Mariner Girl Scout Troop No. 70 won first place in "Klean Kampsite", senior division. They received a flag to fly at the 1969 Do It Yourself Camp.

Burk troop and advisors attending were Senior Mariner Troop No. 70, Fern Bloodworth; Nancy Sutton and Glenda Stob-

be with Cadette Troop 48; Vera Delchlagger and L. Madge O'Leary with Junior Troop 45; Marion Garrett with Junior Troop 94; Mamie Ward and Louise Newton with Junior Troop 25.

Earl Martin, vice-president of NorCenTex Girl Scout Council, was chairman of the camp committee six years ago when "Do it Yourself?" began.

He has been on hand early each year to ready the campsite for the event, and remain through the final program.

He is better known to the Scouts as "The Jolly Green Giant."

### HARDIN HD CLUB HAS OCT. MEET IN MAHAFFEY HOME

The Hardin HD Club met October 9, in the home of Mildred Mahaffey. The meeting was called to order by Carol Roderick.

Opening exercise was given by Sallie Hewell. Roll call was answered by "How I Stretch my Clothing Dollar."

Julia Roderick gave the council delegates report and urged all club members to go on the Home Demonstration county tour October 30.

Thelma Wirges, our County Home Demonstration Agent, gave the program "On Basic Wardrobe". She said we should think about our clothes.

Make a list of clothes we need, and don't buy clothes we will not need. Buy clothes that will coordinate with everything and wear them out because the next year styles may change.

Have a small wardrobe of good clothes, ones that look good, and are in style.

Have basic garments in dresses, suits or coat, one that can be changed, every time you wear them by adding a jacket, pin, bow or scarf.

This fall hem lines are short, medium and long. It depends on you. Skirts and sweaters are coming back, jumper dresses are good for all ages. Large hand bags are coming back in style. Shoes have larger heels. Hosiery are textured or patterned.

Mildred Mahaffey, our recreation chairman, gave a poem and had the chairs we sat in numbered. Jewel Goins won the prize by having the lucky number on her chair. We adjourned to meet October 23 at 1:30 p.m. in the home of Jewel Goins.

Members present were Icie Howard, Jewel Goins, Sallie Hewell, Carol Roderick, Nora Williams, Lila Jacobs, Fern Hatfield, Vada Eoling, Johnnie Hagerman, Julia Roderick, Nellie Askins, Thelma Wirges, our HD Agent and the hostess, Mildred Mahaffey.

### Local 8th Graders Win Game, 16-0

The Burk Burnett eighth grader gridlers notched their first win of the 1968 season by defeating Big Pasture, 16-0, at Randlett Tuesday night.

The young Bulldogs kept the Rangers in check though, scoring early in the second quarter, and again in the final minutes of the game.

The Junior High team will journey to Powie Tuesday to tangle with the Bowie Cotton-tails in a 7 p.m. game.

### Calendar of Events

Friday night, October 25, will be a great night for ex-Burk high school students and all their kids.

That's the annual Homecoming, with the Burk Bulldogs tugging with the Bowie Jackrabbits in the main feature.

But before the game, a chili supper will be served at the high school auditorium, sponsored by the Rotary Club.

The chili, hot and tasty, will be served from 5 to 7:30 p.m., just prior to the game.

Adults will be served for only \$1.25, and children for 75 cents.

Come on out, not only to eat, but to renew friendships of other years.

And there will be fun, frolic and food on the following night, too. On Saturday, Oct. 26, the annual fun night for Southside School will be held. Mark that date on your calendar, too.

Don't forget, the Burk Burnett Bulldogs open district play with the potent Washington Leopards at Wichita Falls Saturday.

## VOTING OPENS FOR CHAMBER OF COMMERCE DIRECTORS

Balloting to choose five new directors for the Burkburnett Chamber of Commerce is now underway. Ballots have been mailed, and are to be returned to the Chamber office as soon as possible, but must be returned not later than Oct. 31 to be included in the tabulation. Candidates are Joe Ray McCluky, Bob Carter, Marvin Taliaferro, Dr. Jerome Adams, Irv Smith, Mrs. Marge Kauer, Morris Simonson, Dr. Bill Boardman, Joe Gillispie and Jack May. The new directors will be installed at the annual Chamber banquet on the night of January 12.

## POSTAL RATES GO INTO EFFECT ON SATURDAY

Postmaster W. T. Zimmerman reminded postal customers today that higher parcel post and catalog rates will go into effect Saturday (October 19). The rate increase will average 10.5 per cent and in most cases will mean an additional ten cents postage per parcel. The higher rates were approved by the Interstate Commerce Commission in July. Under the new rates the minimum charge for local parcel delivery will go from 40 to 50 cents. The minimum charge for parcels destined outside the local delivery areas will be raised from 50 cents to 60 cents. Almost all parcels that are charged up to \$1.10 under present rates will go up 10 cents. This accounts for more than 80 per cent of all parcel post. Zimmerman pointed out. There will be a 15-cent hike on most parcels now charged between \$1.10 and \$4, and a 20-cent increase on parcels now charged over \$4. Parcel post rates are based on the weight of the package and the distance it is mailed. Higher rates for the delivery of packages and catalogs are required to bring revenue from this type of mail within four per cent of operating costs, as required by law, the postmaster explained. The higher rates are designed to put parcels and catalogs, which are fourth-class mail, on a break-even basis. Additional revenue is needed from parcel post and catalogs to offset higher costs resulting from pay increases approved last year for postal employees.

## YAMS AND PRUNES—A MELLOW COMBINATION

What are yams and what are prunes? Yams are Louisiana's answer to the best sweet potatoes ever grown, while prunes are a special variety of royal-purple plums that thrive in California.

Louisiana yams are copper-colored; prunes are often called the "sunshine fruit". Certainly their natural sugars and high vitamin A content make them desirable partners in many good dishes.

Fresh Louisiana yams will be in markets everywhere starting in October. Team them with moist pasteurized prunes as in this casserole.

### SUNNY YAM AND PRUNE CASSEROLE (Makes 4 servings)

- 4 medium Louisiana yams, cooked, peeled and quartered or 2 cans (1 pound each) Louisiana yams, drained
- 1/2 cup sliced California prunes
- 1 1/2 cups sliced red apples (about 1 medium)
- 1 can (8 3/4 ounces) pineapple tidbits, undrained
- 1 tablespoon sugar
- 1 teaspoon cornstarch
- 1 teaspoon frozen chopped chives
- 1/4 teaspoon salt
- 1/2 teaspoon each: ground allspice, ginger and monosodium glutamate

In 2 1/2 quart baking dish, combine yams, prunes and apple slices. Drain pineapple; reserve syrup. Add pineapple to yams. In saucepan, blend sugar, cornstarch, chives and spices. Add enough water to reserved syrup to measure 1 cup; gradually add to sugar mixture. Cook over low heat, stirring constantly, until sauce is slightly thickened and clear. Remove from heat; stir in lemon juice and butter. Spoon over yams and fruit. Bake, basting occasionally, in 375° (moderate) oven 15 to 20 minutes or until apples are tender. Sprinkle with coconut, bake 5 minutes longer.

One box will be open at the city hall, with Francis T. Felty serving as presiding judge.

All duly qualified resident electors of the city will be eligible to vote.

The election is to determine whether or not the city of Burkburnett shall levy a one per cent sales and use tax within the city.

To be taxed are all items and services now taxable under the State sales tax laws.

Ages of the 26 million U.S. veterans range from below 20 to over 100. Average is 44.2 years.

## Area Witnesses Attend Meeting In Ardmore

L. M. Dugan, district minister of Jehovah's Witnesses, in Ardmore, said "Man's survival on earth depends on the decision of each individual to exercise the godly quality of love toward his creator and his neighbor."

Speaking on the subject "God's Way Is Love", Dugan said to an audience of 1,330. "The way of life and happiness in a paradise earth is to show love to others by sharing the good news of God's loving provision through his only-begotten Son, Jesus Christ."

The purpose of the 16 congregation assembly, from Ardmore to Wichita Falls and from Fort Worth to Sherman, was to discuss the theme, "Share Fully in Preaching the Good News".

Harold P. Bruce, supervising minister of Jehovah's Witnesses in Wichita Falls, said, "We hope to share the things we learned at Ardmore in our local house-to-house ministry and some Bible study service."

## GET OUT THE VOTE

In the last election, one third of the nation's eligible citizens failed to vote and thereby carry out the first obligation that every U.S. citizen owes to himself and his country. Between now and election day, every voter should make sure that he is registered and take the time to familiarize himself with candidates and the point of view they represent.

In this year's general election, the American people will select a President and thousands of other office holders including U.S. Senators and Representatives, governors and state legislators. These officials will make and administer the laws of the land under which we all must live. They will decide on the role of government in our lives, the amount of taxes we must pay, the wars we must fight and how many of our young men must serve in which branches of the armed forces and for how long. Every voter owes it to himself to take part in selecting the best men and women to carry out these vital functions.

If you expect to be away from home on election day, November 5, arrange to cast an absentee ballot. It is estimated absentee voting accounts for from one per cent to six per cent of the total vote. This can mean victory or defeat for the candidates of your choice. This November, know the issues and the people—then VOTE.

## 13 Accidents On Rural Roads In September

The Texas Highway Patrol investigated 13 accidents on rural highways in Wichita County during the month of September, according to Sergeant D. S. Lawson, Highway Patrol Supervisor of this area.

These crashes resulted in one person killed, ten persons injured and an estimated property damage of \$9,580.

The rural traffic accident summary for this county during the first nine months of 1968 shows a total of 188 accidents resulting in six persons killed, 126 persons injured, and an estimated property damage of \$145,861.

"Accidents Go Up When The Sun Goes Down," is a slogan so true. Darkness hides danger, giving the driver a false sense of security. That is the reason traffic accidents increase during October's shorter days and longer nights. Statistics prove that traffic deaths will increase over 40 percent during this period of shorter days and longer nights.

At sundown, long shadows and fading light make it increasingly difficult for drivers to spot traffic hazards and stop in time. The veteran patrol supervisor said, "Make it a habit to turn on your driving lights at the first sign of fading light and falling shadows."

## WOULD YOUR CONGRESSMAN VOTE FOR GEORGE WALLACE?

Some fine Texans are tempted to vote for the 3rd party candidate because they admire his stand and his statements on some of the major campaign issues . . .

### STOP AND THINK WHAT WILL ACTUALLY HAPPEN . . .

The best that Wallace supporters can hope for is enough strength to throw the election into the turmoil of a Congressional election by the House of Representatives . . .

### THEN WHAT HAPPENS?

The answer is certain and simple. Wallace supporters are at the mercy of Washington Politicians! Every vote for George Wallace automatically becomes a vote for Hubert Humphrey!

### THERE IS A BETTER CHOICE . . .

A vote for the NIXON-AGNEW ticket is a positive vote for "change" with the definite promise that our National Affairs will take a new direction . . . the direction you want it to take!

### YOU CAN TAKE OUR WORD FOR IT!
