According to announcement made by the owners, Root Memorial Hospital in Colorado City will be closed October 15. This will leave Colorado City and the west part of Mitchell County without hospital facilities.

As was to be expected, the announcement of the closing of the hospital caused a flurry of activity on the part of Colorado City and Mitchell County officials in an effort to save the hospital. Various avenues have been explored, including a City-County Hospital, forming a hospital district and perhaps other means to save the hospital. So far as we know at this time, no definite plans have been formulated. Colorado City needs and should have a hospital and we hope they find a way to have one.

As soon as the announcement was made that Root Hospital would close city officials of Lorraine sensed the possibility that a proposal would be made that Colorado City and Mitchell County form a City-County Hospital.

Since Lorraine and a large segment of Mitchell County, as well as parts of Nolan County, Scurry County and Coke County are served adequately by the Johnson Hospital in Lorraine, the Lorraine city officials passed a resolution asking that the Commissioners Court of Mitchell County exclude this part of the county in any plan to form a city-county hospital. It would be unfair to the property owners of this area to have to be saddled with a tax for the upkeep of a hospital in Colorado City when the area is adequately served by a hospital located here.

This columnist has talked with our Commissioner and the County Judge about the hospital situation and they have assured me that any plan brought forth for a hospital in Colorado City would take into consideration that Lorraine has a hospital and every effort would be made to protect it. Some seem to think that to form a hospital district would be the best way to solve the problem for Colorado City. A hospital district may include all or any part of a county, so a district could be formed without including the East part of the county. Personally that is what I hope is done.

Johnson Hospital To Remain Open

After the announcement that the Root Memorial Hospital at Colorado City would be closed on October 15, rumors were spread that Lorraine's Johnson Hospital would also close.

In contacting doctors at the hospital, regarding the truth of these rumors, both Dr. Johnson and Dr. Terry say they have never had, and do not have now any intention of closing their hospital and want the people in this area to be informed of this effect.

The Lorraine doctors say they are well pleased and the hospital is operating very satisfactorily under the Medicare set up and they expect to keep the hospital here to serve this area as long as there is a town to serve.

This is good news for Lorraine people, as well as others in this area that are served by the hospital here, and all were deeply concerned thinking there might be a possibility of the hospital closing after such rumors started.

Lorraine is fortunate indeed to have such an institution and well trained staff of doctors and nurses that render such valuable and priceless service to the town and entire area, and are happy to know that they will be here to serve the people for years to come.

Donnie Phillips, Randy Britton Share Bulldog of Week Spotlight

Donnie Phillips will be out for the next three or four weeks because of a fractured collar bone suffered in the middle of the third quarter of the Homecoming football game Saturday night.

Before the injury, Donnie had caught two passes on fourth down situations that got the Bulldogs out of trouble. Donnie caught one pass for 23 yards and the other for 15. Both were thrown by Stanley Hackfeld.

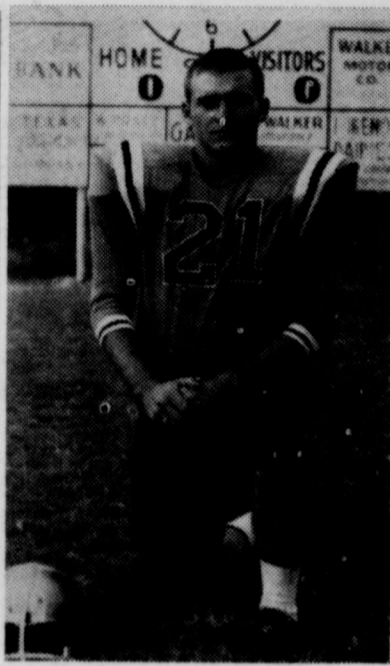

On defense, Donnie, from his left defensive end, continued to throw the Hamlin backs for loss of yardage.

Donnie has improved every ballgame this season and we are really going to miss him.

Randy Britton is the other "Bulldog of the Week." Randy played mostly on offense and carried the ball 14 times for a total of 91 yards, an average of 6.8 per carry.

He scored three of Lorraine's touchdowns. The first came late in the third quarter when he plowed over from the two yard line. His second came in the middle of the fourth, as he swept around end for 9 yards. His third came with only 15 seconds left on the scoreboard, as he ran another sweep for 29 yards. Randy scored a total of 18 points.

It was difficult to choose a Bulldog of this week as the

RANDY BRITTON

coaches feel their win was a team effort. The line was blocking well and everyone else was carrying out their assignments as they should have been carried out.

"We are proud to present these two boys, Donnie Phillips and Randy Britton as Bulldogs of the Week," said Coach Bryan.

Mr. and Mrs. Jap Doyle were dinner guests of Mr. and Mrs. Pat Denson at Westbrook Sunday.

LORAIN WINS HOMECOMING GAME OVER HAMLIN 'B', 28-0

The Lorraine Bulldogs used an explosive second half to break a close game into almost a runaway on Homecoming night when the Bulldogs played Hamlin "B" team.

Throughout the first quarter a tremendous defensive battle raged. Late in the second quarter, Lorraine scored on a sustained drive that came from their own 23 yard line. Stanley Hackfeld scored on an option and Terry Brewer caught a pass for the two extra points.

Late in the third period, Randy Britton started his scoring spree by running over from the 4-yard line on a sweep. The extra point try failed and the score was 14-0 at the end of the third quarter. This score was set up by Tim Hamilton covering a fumble on Hamlin's 4-yard line.

In the middle of the fourth period, Randy Britton scored from the nine after Ken Graham covered a fumble to set up the score. The extra point try failed. With 15 seconds left to

play, Britton ran another sweep for the final touchdown for 29 yards. Stanley Hackfeld hit Keith Hackfeld in the end zone for the two-point conversion, making the score 28 for Lorraine and 0 for Hamlin.

Statistics show that the Bulldogs led in first downs 15 to 5; in rushing yardage, 205 to 87; passing yardage 120 to 30; and the Bulldogs intercepted 2 passes and Hamlin 1. Both teams recovered two fumbles.

Britton was leading ground gainer covering 91 yards in 14 carries.

The coaches feel that this was a team victory and we cannot single out any one or two boys for the victory. Everyone was aggressive and trying to do their job as a team.

I would like to mention an outstanding job done by Louis Rose, Jesse Watkins and Chris Huber on defense.

Our next game will be played here against Roby, the District opener.

Coach Bryan

The carnival atmosphere that predominates a Fair crowd will be enhanced this year by "Uncle Joe's Carnival," which will be in Lorraine for the two day activities.

Herbert Mearse, chairman of Fair plans, announced this week that this added attraction had been contacted and promised to be here and set up just back of the exhibit building. The show will have rides for the children, or grownups, and concessions, etc.

There will be other entertainment for Fair visitors, as planned by the entertainment committee.

Exhibits that are not brought in Thursday, from 2 to 6 p. m., must be in by 9 a. m. Friday, with the exception of the flower booth entries. They will have to be in from 8 a. m. to 10:30 a. m. Friday.

Chairmen of all divisions, agriculture, flowers, needlework, art, etc., want the booths to be attractive and well filled, so bring what you have and help fill these booths with your best and most attractive canned fruit, vegetables, your needlework, etc.

And -- everybody loves a parade -- so Wiley Walker urges all the business places in Lorraine, along with clubs, churches and organizations to help make the Fair parade a good one by entering a float.

The parade is set for 10:30 a. m. Saturday.

See you at the Fair Friday and Saturday.

200 Exes On Hand For Homecoming

Every year brings a larger number of high school exes to Lorraine for the annual high school homecoming. This year was no exception. More than 200 registered, along with many visitors.

Eldon Mahon, class of 1936, was speaker for the afternoon. The class of 1936 had charge of the program and each told something of what had happened to them since their high school days, who they married, and where they lived.

In the business meeting, Ronald Bruce was elected president, Mrs. Rex McDaniel, secretary, and Supt. J. B. Cushing, vice president for 1967.

Vern Preston, graduate with the 1961 class, and his wife, came the farthest distance, 1275 miles, from their home in Ontario, Calif., and Cecil Hurd, class of 1915 and his wife, Pearl Gandy Hurd, came from their home in Glendale, Ariz., a distance of 750 miles.

At halftime of the football game Saturday night, between the Lorraine Bulldogs and Hamlin B team, Jimmy Ruth Glass Ronay, class of 1936 was crowned Homecoming Queen, and Marsha Padgett, sophomore student, was crowned high school sweetheart.

The Bulldogs gave the large crowd a thrill by their win of 28-0 over the Hamlin team.

Activities began for the exes with the bonfire, pep rally and powder puff game Friday night. Registration started at 10 a. m. Saturday and lunch served at noon.

Lynn Hamilton, 1966 president, called the meeting to order at 1:30 p. m., and Clyde Bennett of Waco gave the Invocation.

Supt. J. B. Cushing gave the welcome, after which Mrs. Lynn Hamilton read the minutes.

Mr. Mahon called on Mrs. Cora Johnson, a former teacher who has published a book of poems, to read from her book. She chose "Feather In My Cap" and "An Everlasting Friend."

Mr. Bennett, former superintendent, brought the group up to date on what had happened in the Bennett family since they left here in 1936, after he had been superintendent six years.

After some humorous stories, Mr. Mahon gave a timely talk on "Laws Of Our Land." He spoke of the importance of each of us having respect for the law and obedience to them, and not take the law into our own hands obeying the ones which suited our fancy, and not agreeing to them if we saw them different.

Jr. High Defeats Robert Lee, 8-0

The Lorraine Junior High team beat Robert Lee 8-0 last Thursday night, to remain undefeated.

Benny Madrid scored from the three on a blast up the middle. Felix Granado scored the two extra points on a sweep around end.

The entire defensive unit deserves praise as Robert Lee's backs outweighed many of our men as much and sometimes more than 100 pounds.

The Junior High team travels to Bronte Thursday night for their third district game.

"I wish I had a million of 'em"

Jimmy Durante has been a friend of Savings Bonds for a long time. He was already one of America's best-loved comedians when the Treasury Department issued the first Series E Bond on May 1, 1941.

Working hand-in-hand with a team of other volunteers from all walks of life, Jimmy has helped sell more than \$150 billion in Savings Bonds to the American people. Bonds for education, new homes, retirement, emergencies. Dollars that grow to make your future more secure.

And dollars that help our fighting men in Vietnam. Buy U.S. Savings Bonds where you bank or work. Better start now, if you ever expect to have a million of 'em.

NOW—Savings Bonds Pay 4.15%

Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.

AUSTIN — Texas Research League unveiled its tentative recommendations for heading off "disaster" in growing urban counties following a statewide study ordered by Gov. John Connally.

Plans contains sweeping and controversial proposals to overhaul local government in 24 major and middle-sized counties. It proposes four statutory changes and two constitutional amendments. Test public hearings have been held in Austin and Dallas-Fort Worth and more discussion meetings will be set over the state.

Basically, the recommendations aim to encourage regional planning and cooperation among units of government in solving common problems and performing services on an area-wide basis and to permit big counties to adopt a modern governmental structure best suitable to their needs. State aid to carry out these recommendations would be available under League suggestions.

A cabinet-type agency -- The

Texas Local Government Agency - is proposed to advise metropolitan areas and to police new municipal incorporations.

Probably the most controversial recommendation is a constitutional amendment to permit -- on popular vote -- the reorganization of governments in 24 counties, making it optional whether most county administrative officers are to be appointed or remain elective.

Counties directly concerned are Bell, Bexar, Cameron, Dallas, Ector, El Paso, Galveston, Gregg, Harris, Hidalgo, Jefferson, Lubbock, McLennan, Midland, Nueces, Orange, Potter, Smith, Tarrant, Taylor, Tom Green, Travis, Webb and Wichita.

ATTORNEY GEN. SPEAKS — Coordinating Board, Texas College and University System, can purchase life insurance on student borrowers and pay the premium directly to an insurance company from Opportunity Plan Fund. So held Attorney General Waggoner Carr in an official ruling.

Other recent opinions concluded that:

Petition of September 9, nominating an independent candidate for merged Jim Wells County J. P. precinct, is valid.

Where a doctor is not available a technician may take blood from drunk-driving suspect, on his consent.

Texas Aeronautics Commission has no regulatory authority over airline service with origin or destination points outside the state.

Auto sales tax is due on cars transferred from subsidiary to parent corporation.

Appointed lawyers are due a separate fee for each appeal to final conclusion in Court of

Criminal Appeals.

TEACHER PAY — Texas State Teachers Association has served notice it will push for a pay raise in 1967, regardless of views of the Governor's Committee on Public School Education.

TSTA blamed a 5,500 teacher shortage mainly on pay scales and renewed its plea for a "national average" wage with built-in escalator clause.

Texas Association of School Administrators joined teachers in urging an interim committee report on the need for better teaching salaries.

Stage may be set for one of the next Legislature's biggest money controversies.

FUSION FUNDS — The University of Texas, putting together a team of physicists and electrical engineers to work on conversion of thermonuclear fusion directly into electricity, has won a \$70,000 research contract from the Texas Atomic Energy Research Foundation. Previously, the contract had been held by a California firm.

Governor Connally hailed the contract's coming back to Texas as marking a big step in his drive for excellence in higher education. The University committed a dozen faculty tenure positions to attract top men in plasma physics to join the UT Center for Plasma Research and Thermonuclear Physics.

SCREWORM EPIDEMIC — Texas is in the midst of its worst screwworm infestation since the statewide eradication program was initiated in February, 1964.

Two weeks ago, there were 33 confirmed cases. But last week (just through Thursday) 106 cases were confirmed.

Federal, state and private funds are being used to fight the infestation through dropping sterile flies from airplanes and treating infested animals. "But things don't look too good," said Dr. S. B. Walker, executive director of the Texas Animal Health Commission.

SHORT SNORTS
Department of Mental Health and Mental Retardation has outlined priorities for \$58,300,000 worth of construction projects for submission to the next Legislature.

Garden Club leaders from over the state reviewed the Governor's Mansion landscaping plans initiated by Mrs. Connally.

Texas Securities Commissioner William M. King revoked the secondary trading exemption of Westec Corporation of Houston.

Governor Connally approved Neighborhood Youth Corps projects in Cameron County and San Diego Independent School District and a Head Start project for Uvalde, Kinney and Real Counties.

Austin District Judge Jack Roberts was sworn in here Monday (Oct. 3) as a U. S. District Judge for the Western District of Texas.

An election law study subcommittee has agreed that all voters should have to register, including those over 60 in cities of less than 10,000 that are exempt.

Mr. and Mrs. Ferrell Costin of Haskell spent the weekend with her mother, Mrs. S. E. Meadows and attended the high school Homecoming. Others visiting Sunday were Mr. and Mrs. Forest Meadows and two sons of Winters.

Mr. and Mrs. Marlin Gibson of Ackerly and daughter, Mrs. Tommy French of Corpus Christi left Monday after spending the weekend with her parents, Mr. and Mrs. Jeff Davis.

Mrs. R. H. McDaniel carried her brother and two sisters, John Rone and Misses Minnie and Lizzie Rone to their home in Cross Plains Monday after they had been here to attend the funeral of their brother.

Mr. and Mrs. Clyde Parnell of Stanton visited his parents, Mr. and Mrs. Virgil Parnell Saturday and attended the Bulldog-Hamlin football game.

The Texas Highway Commission today approved the spending of \$106,100 for highway safety and betterment and improvement of the farm to market road system in Mitchell County during 1967, District Engineer J. C. Roberts of Abilene said.

The work is part of the Highway Commission's combined 1967 Farm to Market Road Improvement and State Highway Safety and Betterment Program.
