**BISMARCK'S DAUGHTER.**

**ROMANTIC ATTACHMENT OF THE YOUNG LADY TO A CATHOLIC LIEUTENANT OF THE ARMY.**

In a number of the *Coerser Courier*, of Berlin, an incident is related of Prince Bismarck's domestic life, which is uncommonly interesting. Most people who read the newspapers have heard of the great Chancellor's daughter. The young lady, though not beautiful, is amiable and accomplished, and accustomed to the homage of the high society in which she moves. With her father she has been a great favorite ever since she grew up. When in Berlin he has been wont to spend with her whatever leisure moments he could snatch from his laborious occupations, and in the country his idle hours have been usually passed in her society.

The Prince observed with concern that his daughter repelled all proposals of marriage made to her.

Though wooed by the most eligible suitors, among the heirs of the richest families, members of the most ancient nobility, gentlemen filling the highest official positions, even a prince, the young lady declined them all. After brooding for a long time over the possible reasons of his daughter's conduct the Chancellor, believing at last that she had fathomed the secret of her severity, opened his heart to her on the subject. He told her he felt sure that she must have become profoundly attached to some person inferior to herself in position and wealth. He then begged her to mention the name of the man to whom she had given her heart, as he, her father, was rich enough and powerful enough to change the conditions which might seem to render her lover an ineligible match. With flowing tears the young lady confessed that she did cherish such an affection, that was returned, but that her lover was a simple lieutenant in the army. The next day the lieutenant appeared in the presence of the father. The Chancellor hardly gave him time to speak before saying, "I know why it seems to you impossible to become my son-in-law; notwithstanding the difference of social position your wish shall be accomplished. Though I do not know you, the love of my daughter is to me sufficient guarantee of your worth." But instead of the joyful thanks which the Prince naturally expected, he received a reply of the following tenor: "I thank you for your infinite goodness, but this union is impossible. I belong to an old Catholic family. I cannot take home as my wife the daughter of him whom my family regard as an enemy of the Church, whom I am myself compelled to look upon as such." The officer then sadly took his departure, leaving the Chancellor utterly confounded, who had little anticipated such a rejection of his condescension. Having summoned his daughter, the Chancellor told her that the officer wholly refused her hand and that she must forget him. The daughter, becoming paler than ever, replied: "He is too honorable to deny his religious faith. I will not ask of him such a sacrifice, and if he desires it I—less believing than he—will adopt his religion to render our marriage possible."

**GENERAL CUSTAR'S** Black Hill expedition consists of ten picked companies of cavalry, a battery of Gatling guns, fifty scouts, three companies of infantry, a professor of geology from Yale College, together with mineralogists and scientists sent out by the Government, and also several experienced miners. 'Tis well that Gen. Custar has selected his men, as the Indians will make it warm for them—all the young men of the various tribes having concentrated at all the objective points of the expedition. It is at this point that Indian tradition locates the hunting ground of the Great Spirit, and it may be that the object of their present visit is to keep it from being desecrated by the whites. This will not thwart Custar's design of visiting that region. Humanitarians may howl about it and weep oceans of tears over the probable results to be, but this will not clog the wheels of Custar's baggage-wagons.

The American Sardine Co.'s Boneless Sardines are much better, and less than half the cost of imported Sardines.

A. SIEMERING & CO., Proprietors.  
Official Journal of the United States  
OFFICIAL JOURNAL OF BEXAR COUNTY.  
A. SIEMERING & CO., Publishers.  
TUESDAY, JULY 21, 1874.

TIME between Galveston and Philadelphia is three days and nine hours.

THE Galveston News thinks that if the Grangers want to go into politics, they have a perfect right to do so; and we think so too. Why not?

KILLING cattle for their hides prevails to an alarming extent, and the Oakville Tribune says it must be encouraged by traders who buy hides without official inspection. We think this must be so. Let the Grand Jurors begin to look sharply after such dealers.

THE Indianola Bulletin says that the 6th district is Western Texas; and what Western Texas wants to make it the garden spot of the Union, is population; and to give it population it is only necessary to improve the harbors on its coast, and the only way to do this is through the aid of the general government. That it is the duty of the government to extend its aid to these improvements cannot be denied.

THE Brownsville Ranchero is one of our ablest and most interesting exchanges, but we are annoyed on the reception of every issue by finding the editorials eaten through in the middle by mice, or something else, on both the outside and inside. This break is just as regular as the appearance of the paper. We hope our valued contemporary may be able to remedy the evil.

THE Brownsville Ranchero is terribly but justly severe upon the demagogues who persecuted the people to elect them to the control of State affairs by large promises, which they have violated, and by violent denunciations of the previous administration, which was a thousand times better than the present one. If the people of Texas elect a single supporter of Coke's administration to Congress this fall, they will deserve all they are now suffering, and all the contempt that will be heaped on them at Washington City.

The Ranchero has learned that yellow fever has reached Pascagoula, between New Orleans and Mobile, by a foreign vessel. That is just the way it slipped into Shreveport last year in a Mexican circus company. Let every avenue be closed against it this year, for there is great danger. We trust the Galveston Citizen will not do itself and the State the injustice of confounding our cautions with sensational reports. We are thoroughly posted in all these matters.

THE Indianola Bulletin supports ex-Gov. Stockdale for Congress from the sixth District. He is a very worthy man, but he is a supporter of Coke, and of his Supreme Court, who have cut Western Texas out of railroads, while the Centre and the East have an abundance of railroad facilities. No one of these old timid, time-serving, wire-working, shuffling janty lacks for Western Texas. She needs an independent Congressman. She has been slaughtered by the politicians for twenty years. Will she go to the slaughter-house again, bound hand and foot, now that her eyes are open?

### Western Texas and its Railway.

We learn from good authority that freight can be delivered over the Gulf, Western Texas and Pacific Railway from this city to Cuero, and from thence to San Antonio by Wagon, much cheaper than through Galveston. In consequence of which much of the freights for that city are coming back to their old and legitimate channels. We ardently hope that our railway connection with San Antonio may be pushed forward with some show of reaching there at an early day. The owners of the road, we feel confident, are

suffering much loss peculiarly in not completing the seventy miles yet unbuilt to San Antonio from Cuero, the present terminus. The completion of our railway to Austin and San Antonio would command all the freight and passenger travel through Western Texas, and give employment to a large fleet of steamships and sail vessels, both from domestic as well as foreign ports.

It has already been intimated to us that should our bar be improved to a greater depth, no delay would be manifested in placing immediately a direct line of steamships to New York.—Ind. Bulletin.

We hold the same politics as our contemporary—the politics of internal improvement, and we belong to the same party—the party for the development of Western Texas. We have taken hold of that work in downright earnest, and we do not intend to stop until there is a million population West of the Colorado; until we have railroad connection with the Gulf via Indianola and Galveston, and railroad connection with the rest of the Union via Houston and New Orleans, the International railroad, and the Texas and Pacific railroad, as well as by the Central railroad; and until the harbors of Western Texas are improved, and railroads built West across the Rio Grande through Mexico to the Pacific.

We give the figures of the Bulletin without having examined into their correctness. But we want the three roads—to Indianola, Galveston, and via Austin to St. Louis. We want the advantage of competition, and the increased trade and immigration. And we are bound to have the three outlets in a very short time. And Indianola will certainly have her bar looked after at the coming session of Congress. There is a bright future before Western Texas.

AN ANTI-RAILROAD PARTY is clearly sought to be established in this State, and Gov. Coke, Judge Ireland, and other opponents of the just rights of the International Railroad are at the head of it. An Austin correspondent of the Galveston News, speaking of the late Supreme Court decision, says:

It is impossible to say what may be the effect of this strange decision on the politics or material interests of our State. I can not but fear the worst, though it is to be hoped I may be mistaken. I think it has been the object of certain ambitious men to get up a great anti-railroad party, and to prescribe all who have ever had any connections with railroads, or who honestly desire to see the improvement and development of the State. Whether demagogues are to be successful in humbugging the people against their best interests, and ruling the State for their own individual importance, remains to be seen. I confess to a deep disappointment in regard to some of our high officials, whom the noble Democracy of Texas have placed in position.

And the Galveston News, in defense of Gov. Thompson against the charges of the same ring, says:

Just here we broadly assert that for a man of his intelligence, of his relations, of his influence, not to have been a railroad man, would have been recreant to the best interests of Texas, faithless to one of the most imperative duties of a citizen so prominent and so capable.

And just here we unhesitatingly say that any man who shall come before the people of this State and bond as a special agent, that he is an anti-railroad man, must be either a scoundrel or an unscrupulous and pestilent demagogue.

It would seem almost incredible, indeed, that any political aspirant in Texas should think of being floated into Congress, or into any other high public position, on an anti-railroad platform, when it is so clear to all intelligent observers that, at this moment, the greater part of the State would be a vast wilderness, but for the redeeming changes wrought by railroads. Depend upon it, they are not to be captivated by the anti-railroad cry of a very thin demagogism. Keenly alive to the vital importance of railroads to the future destiny of this grand State, they are not going to be led into a suicidal warfare upon railroad enterprise. The anti-railroad politicians are mistaken. Texas does not contain the elements of a formidable anti-railroad party.

### Telegraphic.

A man was badly hurt by the International train on Friday, at Houston.

Treasurer Spinner informs the President that he wants to be let alone in the management of his department.

Incendiaries were discovered during the Chicago fire.

Eugene Hale is re-nominated for Congress from the 5th Maine district.

The steamships Faraday and Ambassador have finished their cable work at Rye Beach, N. H.

The Baltimore Central National Bank is to be transferred to New York.

Mrs. Barbara Dehart, 101 years old, has died at Harrisburg, Pa., the mother of 10 children, 43 grand-children, 77 great-grand-children, and one great-great-grand-child.

The Arkansas constitutional is organized, and is at work.

Sid Wallace, a desperado of good family was hung by a mob at Clarksville, Texas, and Kline, a leader of the mob, has since been killed by the friends of Wallace.

Bismarck.

The Standard says later accounts from Kissengen represent that Bismarck's con-

dition is not as favorable as was at first reported. He has feverish symptoms, and slept little on Tuesday night. Bismarck has had another interview with Kullman. The latter now asserts that he planned the shooting himself; that he was instigated to the deed by nobody, and has no accomplices.

Bismarck says that his escape with so slight an injury was miraculous, as his hand was touching his hat when wounded. His coachman, fearing a second shot, struck Kullman across the face. Police have been sent to Kissengen to prevent a repetition of the attack. Evidence has been discovered of a conspiracy to take his life.

### Affairs in France.

The debate on Magné's tax proposals was continued in the Assembly to-day. The Minister, in referring to the vote on the salt tax, accused the Republican Deputies of subordinating the financial interests of the country to political considerations. This was followed by a scene of tumult and disorder, which compelled President Buffet to suspend the sitting.

Subsequently, the Minister's proposition to increase certain taxes was rejected by 330 to 256. This result involves the defeat of Magné's entire financial plans.

Ventavon made a report on the various constitutional propositions. The committee recognizes the irrevocability of President McMahon's powers. The committee decides to set aside Perrier's bill and substitute their own, which consists of six clauses.

The first maintains the title of President of the Republic; the second establishes ministerial responsibility; the third confers legislative power upon the two Chambers—the appointment of members of the Upper House, or Senate, to be the subject of a future bill; the fourth provides that the President alone is authorized to dissolve the Lower House or Chamber of Deputies; the fifth prescribes that Congress, or both Chambers, shall provide for the continuation of the government in case Marshal McMahon dies, resigns, or reaches the end of his term; the sixth says no modification in the constitutional law is to be allowed, unless first proposed by the President.

The assembly appointed Monday next for debate on the report.

All Parliamentary parties are disappointed. The Left Center Committee's bill aims at a dictatorship, without putting an end to party agitation.

The Legitimists and Imperialists are also against it, and its rejection is considered certain.

Magné, Minister of Finance, tendered his resignation. He will continue in office until his successor is appointed.

A special dispatch to the Times, from Paris, says M. Pagnon Dupont gave notice of an amendment to the bill reported from the Committee of Thirty, by Ventavon, providing that the Senate shall consist of 100 members, to be nominated by McMahon, and 130 members of the Assembly, to be selected by the deputies from separate departments; that cardinals, marshals, and admirals shall be Senators ex-officio; that the first Senate shall sit three years, and the next six, or more, according to the decision of the Assembly; that the President of the Republic, in the event of a vacancy between the adjournment of the present assembly and the meeting of the next one, shall be empowered to dissolve the Assembly, with the approval of the Senate.

### Indian Fight in Jack County.

The Indians have the Whites Surrounded.

Last Friday about 25 miles north-west of this place a band of Indians and a portion of the wise county rangers collided; the former being in superior force, caused the rangers to retire with the loss of one man killed and several wounded. Later in the day the Indians attacked J. C. Lovings ranch in Last Valley, Jack county, 15 miles distant. After a hard fight the Indians got off with several horses and killing one John Heath, an employee of Mr. Loving, who was shot through the head.

A courier was immediately dispatched to Fort Richardson for arms and assistance, and in one hour and twenty minutes twenty cavalrymen were at full speed for the seat of war. On their arrival there, not an Indian could be seen nor a trace found.

### LATER.

During to-day the Indians with a heavy force again attacked the combined force of rangers, and after five hours' hard fighting, night closed the fight, leaving the Indians holding the field, and having the rangers surrounded. Maj. Jones, of the rangers, sent a courier to the post commander for immediate assistance, stating that he had three men killed, five wounded, and fifteen missing. He reported also twelve horses killed. Mr. Loving writes that the Indians with their long range guns were able to keep the rangers off, who are armed with Winchester rifles.

Within an hour 100 cavalrymen again mounted their horses, and going at the top of their speed, would put them in the Valley at one o'clock this morning.

The estimate of the number of Indians puts them at from 100 to 150.

Alarming reports are in circulation that fresh disorders have broken out in DeWitt county. The company of mounted men now being raised in Washington county will reach DeWitt about the 26th inst.

Collis, Cook, and other counties go strongly for Throckmorton for Congress from that District.

### DR. W. BILLE,

FROM

#### New Orleans,

A graduate from the University of Copenhagen, Denmark; Honorary M. D. from the University of Padova, Italy; for several years assistant physician to the celebrated Prof. Ricord, Paris.

Having been for years a student at the large hospitals of Paris, London, Vienna and Copenhagen, and a thorough, large and varied practice during 15 years, has gained the most thorough knowledge of the nature of all chronic diseases and the treatment thereof, and he has in his extensive practice had an unparalleled success, and very often effected a cure where every remedy had been tried and all hope of restoration of health had been despaired of. Nobody who has suffered of the tedious and life debilitating disease—DYSPEPSIA—has ever in vain called on Dr. Bille. In every case has he by his new method of treatment restored the functions of the stomach, and with it the health and vigor of the patient, and many a person who today, with gratitude, recalls the moment he placed himself under Dr. Bille's care. For his treatment of LADIES' DISEASES—Dr. Bille is deservedly renowned, and no lady suffering from AMENORRHOEA, HYSTERIA, PRLAPSUS UTERI or any other disease peculiar to the female system, should fail to call on Dr. Bille, as they will quickly be relieved of their sufferings, and ultimately restored to perfect health.

#### Diseases of a Private Nature

Dr. Bille made a specialty, and this course of humanity, unobtrusively treated by most practitioners, is able and quickly overcome by his new treatment. Being a pupil of the most renowned physician for syphilitic diseases in the world, Prof. Ricord, of Paris, Dr. Bille will always guarantee a cure in any case of syphilitic disease which may come under his treatment; and he holds in this city and vicinity can testify that in cases of syphilitic nature, where other physicians have failed, Dr. Bille has always been successful.

#### NERVOUS DEBILITY, SEMINAL WEAKNESS, IMPOTENCY,

either caused by age or abuse, quickly and permanently relieved, and full power restored. Dr. Bille wishes to call particular attention to his new discovery, by which he can, by the help of microscope and chemistry, discover if there is any syphilitic poison in the blood, which is of the greatest importance, as persons having had venereal diseases often believe themselves cured, and the poison still remains in the blood to break out sooner or later. Dr. Bille has resided in New Orleans for years, and is endorsed by the best citizens there, and by his skill, knowledge and successful cures has obtained a great reputation as a specialist.

**LOCAL AFFAIRS.**

**THE RAIN** was very slow in coming to this region, and fell in very light showers for many weeks. But for several days past, we have had soaking rains, and the once thirsty people are beginning to cry enough. It rained Sunday and Monday very heavily. The traditional cracks in the earth are all gone. We have no cotton worms, and don't wait any.

**BONNEY'S BUSINESS COLLEGE** will reopen on September 1st, 1874, with great improvements. 12-7-74

**THE QUARTERLY MEETING** of the African M. E. Church commenced last Thursday evening, and was continued over Sunday. The church is in a prosperous condition. The congregation is a very large one, and they are rapidly paying off the debt on their lot and building, for which they gave \$2,000. Their services are conducted in good order, their Sunday school is a very fine one, their music is excellent, and they deserve encouragement.

FOR all the styles of spring and summer hats go to **PANCOAST & SON.** 14-3-dtf

**COL. C. C. GILLESPIE** has been invited to deliver an address on next Monday evening before the Agricultural, Stock-raising, and Industrial Association of Western Texas, at Frimmen's Hall. Ample accommodations will be made for the ladies, who are cordially invited to attend. A full house is expected.

**GENTLEMEN'S** furnishing goods of the very best quality always to be found at **PANCOAST & SON.** 14-3-dtf

**REV. R. H. BELVIN**, President of Coronal Institute, at San Marcos, is in our city on a visit to his many friends. Mr. Belvin was formerly a resident of San Antonio, has been a resident of Western Texas for over a quarter of a century, and has given the prime of his life to its development, morally, socially, and intellectually. His school is an excellent one, is an honor to the West, and deserves a liberal patronage.

**READY MADE** clothing in style and make not to be surpassed, always on hand at **PANCOAST & SON.** 14-3-dtf

We beg to inform our friends and customers that we have moved our large stock of Dry Goods, Notions, Boots, Shoes, Hats, Clothing &c., from 38 & 40 Commerce Street, to the spacious store fronting the San Antonio National Bank on Commerce and running back to Market Street.

We hope to see all our old friends and a great many new ones there, and shall take pleasure in showing them through our extensive and well assorted stock.

**THE CHOIR** at the Methodist Church on Sunday and Sunday night made excellent and most satisfactory music. It is improving continually. It meets every Saturday evening for practice. Great interest is beginning to be felt in its success, both by its members, and by the congregation. Some new members have recently joined it. More ought to join. About four more ladies with fine soprano voices, two more gentlemen with fine alto voices, two more gentlemen with fine tenor voices, and two more gentlemen with good bass voices, would make a very attractive and powerful choir. Then the congregation should join in singing, at least all who can, and should sit near enough to it to follow. But-but-a better organ is much needed. Send us one, somebody, do, by way of advertising a music establishment.

**PANCOAST & SON** are constantly receiving a good assortment of cloths, cassimeres and chevots for custom trade. The New Brunfels cassimeres for sale.

**THE "GENTLEMAN IN BLACK,"** who is the infernal demon of dram-shops, assumes his worst aspect when the rapid progress of **VINEGAR BITTERS** is reported "down below." The people's Vegetable Tonic is playing the mischief with his bitters fired with rum. All diseases with those demoralizing nostrums aggravated, under pretense of relieving, such as indigestion, sick headache, constipation, rheumatism, gonorrhea, and intermittent fevers are cured by it.

**Fraud Love a Shining Mark.**  
A great medicine is always a target for fraud. Shallow chests, without the talent to originate anything useful, or the decency to perform an act of superior excellence to perform its mission without striving to turn a dishonest penny by attempting to substitute trash in its place, are now engaged in imitating and counterfeiting **Hostetter's Stomach Bitters**, the most popular tonic and restorative in the civilized world. A brood of lead bitters, mixtures of damaged drugs, and a worse liquor, has cropped out all over the country. Although the sales of these pernicious slops are too insignificant to affect the interests of a staple remedy, it seems a duty to warn the public against them. The color of the true specific may be simulated, but its cures of dyspepsia, liver complaint, rheumatism, intermittent fever, constipation, nervous debility, &c., cannot be imitated.

The **Waco Advertiser** says that a lawyer named Adamson was killed at Houston on the 7th by a man named Hughes.

**Prepare a Piece of Bread or Meat** with gastric juice, and it will dissolve. This is digestion. Add to this a measure of a little alcohol, and it will not dissolve. This is indigestion. Beware, then, of the use of tonics, or decoctions containing spirituous liquors. Shun all rum "tonics," and rely solely on **DR. WALKER'S VINEGAR BITTERS**, the finest digestive invigorant known, and free from the fiery curbs of Alcohol. 6-2-74
