

Briefly

Church meeting

The Crockett & Smiley Street Church of Christ in Loraine, will hold a weekend meeting, July 31-August 4.

The speaker will be Alvis Fisher from Brownwood.

Services will begin each night at 8 p.m. Sunday morning worship will be at 10:30 and Sunday evening at 6.

Everyone is invited to attend.

Silver reunion

The annual Silver homecoming is scheduled for Sunday, July 28 at the recreation hall of the Silver Baptist Church.

The Silver homecoming committee extends an invitation to all former residents and surrounding communities to attend the event.

A barbecue dinner will be served at noon. Meat, bread, beans, ice tea and coffee will be provided. Those attending are asked to bring salads and desserts.

All-star game

The annual Red and Black Farm League All-Star game will be played this coming Saturday at Ruddick Park's Little League diamond.

The game is set for 8 p.m. and will follow a 6 p.m. Mother's game. Rain prevented the games from being played last Saturday as originally scheduled.

Garage sale

Mitchell County Day Care Center on E. 10th Street, will have a garage sale, Friday and Saturday, Aug. 2-3.

Friday, the time will be 8:30 a.m.-5 p.m. and Saturday, 8:30 a.m. to Noon.

Saturday, everything will be half price.

All proceeds will go to the Center.

Benefit dance

A benefit dance will be held Friday, Aug. 2 at the VFW in Colorado City for a queen candidate for St. Joseph's Catholic Church's annual festival in Loraine.

The dance will begin at 8 p.m. and conclude around midnight.

A variety of music will be provided by Alfonso Pantoja. Admission is \$5.

Band practice

Steve Smith, Colorado High School band director, announces that summer band practice for all high school students will begin Monday, Aug. 12 from 8 a.m. to noon daily at the band hall.

All senior band students are asked to meet at the band hall on Friday, Aug. 9 from 10 a.m. to noon.

Indictments

A Mitchell County grand jury Friday returned 19 indictments, 16 of which were sealed.

The unsealed indictments included Carlenia Jan Springer and Byrant DeWayne Williams for the unauthorized use of a motor vehicle. The pair is charged with the July 15 theft of a 1979 Datsun from Jerry Dossey.

Ben Garcia was indicted for driving while intoxicated on June 28, subsequent offense.

Around Town

Happy Birthday NELL CLAXTON...Also to JUDY CHITSEY...RAYMOND FULLER stops in to visit...DICK BURNETT says he hopes Mitchell County enjoyed the rain he sent...MARGARET BAUM draws a great picture...Congratulations to SANDY McSPADEN...TERRY BEIGHTS busy with a garage sale...JOY PILAND on a shopping spree.

Park Board begins fund-raising drive

By Ray Mayo
Editor

The Colorado City Parks Board Friday officially kicked off its fund-raising drive with \$125,000 as its goal in order to match a grant from the Texas Parks and Wildlife Commission.

Ruddick Park will receive a major overhaul and a new swimming pool as a result of the grant.

The finance committee agreed Friday to sponsor a "A Day in the Park" on Aug. 24 as a fund-raising event as well as to point out to the county residents the need for the proposed improvements.

Gay Houston, finance committee chairman, made a number of committee appointments to make sure that "A Day in the Park" becomes a county-wide project with activities for the entire family throughout the

day.

Tentative activities for the day include a carnival, watermelon feast, high school band concert, talent show and food booths.

Mrs. Houston said the committee hopes to have the fund-raising drive completed by Oct. 5.

Max Shaw, Robert Alford and Mike Burt were appointed to a committee to solicit donations from utility companies and large corporations.

A separate committee will be named to seek donations from civic clubs and organizations within the county.

Mrs. Houston announced that the Kiwanis Club Friday had pledged a \$500 contribution to the drive.

She said another fund-raising activity planned for the Homecoming Festival on Oct. 5 will be

a fun-run from Ruddick Park to the downtown area. She said a number of age divisions is planned.

The Park Board is hoping to have enough of the \$125,000 raised by this fall so plans can be finalized to have the new pool built by next summer.

The present pool was built in the 1930s by the WPA, and the facility is antiquated and needs a major overhaul. Water loss through surface cracks, expansion joint cracks and piping leaks amounted to about 6.2 million gallons of water during the summer of 1983 and caused the pool to be closed for most of the summer of 1984.

The existing playground equipment is also outdated and inadequate for full utilization of the park. The lack of a sprinkler

See PARK, Page 2

Rich co-authors paper

Lee Head with Freese and Nichols, Inc., the city's consulting engineers on the recent sewer plant renovations, will present a paper at the Texas Section SSCE fall meeting in El Paso he co-authored with Buz Rich, public works director for the city.

The sewer plant renovation and improvements were the result of a bond issue approved by voters and was recently completed.

There will be a number of slides used in the Sept. 27 presentation and Head and Rich

will be able to present the program to civic groups in Colorado City as well.

A synopsis of the paper, as presented by Head, reads:

"When Colorado City discovered the irrigation market for its wastewater effluent had dried up, the crisis forced its wastewater treatment methods to change. High improvement costs and the threat of TDWR (Texas Department of Water Resources) fines made conventional treatment alternatives infeasible, but a study of several alternatives assured consultants

that the city could utilize its existing facilities if the TDWR would agree to an 'unorthodox' treatment plan. Colorado City's treatment plant became the first facility in Texas to utilize a trickling filter for primary treatment with ponds for secondary treatment, and to receive a 30 mg-l BOD, 90 mg-l TSS discharge permit. Because the primary treatment removes 80 percent of the influent BOD and 85 percent of the influent TSS, the ponds were designed to be one-half the size which normally would have been required."

Youth remains critical

A 15-year-old Colorado City youth remained in critical condition at Hendrick Medical Center in Abilene Friday afternoon following a one-car rollover near Westbrook Sunday night.

Randy Hernandez, son of Mr. and Mrs. Paul Hernandez, suffered severe head injuries in the mishap which also injured two

other persons.

Hernandez was a passenger in the front seat of the 1981 Datsun driven by Lydia Vigil, 19, of Westbrook when the accident occurred at 10:50 p.m. Sunday 6.2 miles southwest of Westbrook on county road 262.

Vigil and a passenger in the

back seat, Terry Jackson, were taken to Root Memorial Hospital with injuries.

The driver of the car apparently lost control of the vehicle which rolled four times before coming to a stop. All three victims were thrown from the vehicle.

Crime Stoppers Reward offered in burglaries

Sometime between closing time Tuesday night July 23 and opening the next morning, the dental offices of Drs. Billy and R. D. Bridgford and Dr. H. J. Steakley were burglarized. A clamping device was used to open one door and the other door was opened by prying open the door knob.

Approximately \$200 in cash was taken along with an undetermined amount of gold

scrap, several gold crowns, and a porcelain gold bridge. Three checks made out to Dr. Bridgford were also taken. Dr. Bridgford's office was not damaged very badly but Dr. Steakley's office was ransacked.

Crime Stoppers of Mitchell County will pay up to \$1,000 reward for information leading to the arrest and indictment of

any person connected with this crime.

If you have any information about these burglaries call 728-TIPS. You will not be asked to give your name. Crime Stoppers wants only your information. You will be assigned a number to use when you call back to collect your reward, if you want one. Out-of-town callers may call collect: (915) 728-8477.

Local burglaries part of state-wide ring

POLICE ROUNDUP

Bridgford's office.

"We later found out that on the same night, a dental office in Snyder was burglarized with the same type of entry," said Sparks. He said the next night, two dental offices in Lamesa were broken into. Thursday night, two offices in Tahoka were burglarized. There also have been similar break-ins in Lubbock and in

East Texas.

"I think we've got the only fingerprints," said Sparks of the local investigation. "Sgt. Pat Taylor managed to get some good fingerprints" from the local break-ins.

He said other towns have gotten descriptions of the car they believed was used in the burglaries.

In each break-in, cash and

scrap gold was reported taken. Also taken from Bridgford's office was some new gold crowns.

Sparks said his department and other departments in towns that have been hit by the burglaries are trying to notify other towns to be on the lookout for the burglars.

Three Colorado City juveniles, ranging in age from 12 to 15 were arrested early Friday morning following a rash of false alarms and obscene telephone calls.

Sparks said that at 2:30 a.m.

Friday, the police department received a false report of vandalism in the Colorado City Cemetery. At 3 a.m., the fire department received a false alarm south of Joe Weaver Chevrolet. At about 3:30 a.m., Root Memorial Hospital received a call for an emergency ambulance in the same general area.

Shortly after that, officers Tim Atkins and David Clark questioned three juveniles who were later arrested for making false reports, said Sparks. The

DR. ROD CALDWELL, right, examines one of his patients, Mrs. Oledo Seay. Colorado City's newest physician says he's enjoying small-town life and intends to stay here.

Physician likes small-town life

By Ray Mayo
Editor

The slow, easy-going pace of a small town is something that many people in larger towns dream about.

However, "slow" is hardly what Dr. Rod Caldwell found when he opened his medical practice here in January.

Caldwell, 29, says seeing 45 patients in one day can't be considered slow in anyone's terms, but that's exactly what he did during the winter when patients filled every chair in his waiting room.

The busy "season" has passed and patients can find chairs to sit in to wait, however, Caldwell says he's still waiting for that slow pace.

But slow or fast, Caldwell says he's enjoying Colorado City and plans on making this his home. He and his wife, Serena, have purchased a country home and they are quickly settling into the lifestyle offered by Colorado City. Mrs. Caldwell works parttime with her own graphic design business.

As far as Colorado City is concerned, Caldwell says living here is "nice," adding with a laugh that "it certainly is easy to get from one side to another."

"Really, I'm enjoying it very much," he said.

Caldwell came to Colorado City from Amarillo where he had just completed his residency training. The native of Amarillo went to two years of medical school at Texas Tech University in Lubbock and the final two years at the Amarillo branch of Tech. It was while he was a resident that he first became acquainted with Colorado City and Root Memorial Hospital.

Last fall, when only two physicians were trying to staff the emergency room, Caldwell was one of the medical students hired to work weekends at the hospital.

Although he only worked one weekend, he said he was impressed with the hospital and the town, and that, combined with the recruiting efforts of Ray Mason, hospital administrator, was enough to convince him to start his practice here.

"Root Memorial is very well equipped for a small hospital and it has an excellent nursing staff," says Caldwell.

Caldwell explains that there have been some adjustments since he started his family practice, with one being that he has an opportunity to use all the skills he learned in medical school rather than being specialized as are physicians in larger towns. "I have to depend a little more on clinical skills and a little less on diagnostic skills here," he explains while taking a break between patients at his office at 505 Chestnut.

The medical clinic in which his office is located is designed for three to four physicians, and Caldwell says he hopes the recruiting efforts for more physicians is successful, adding that some help "would be nice."

In the meantime, Caldwell says he will be content with his fast-pace in a slow-pace town.

Magazine honors Loraine coach

McSpadden named coach of year

By Tony Franco
Sports Editor

Sandy McSpadden, who is headed for his second year as head football coach at Loraine High School, was in a dressing room adjacent to his office in the LHS gym when a man entered carrying the latest edition of Top-O-Texas Football magazine.

As McSpadden recognized, the man was no ordinary deliverer but none other than Top-O-Texas publisher, editor and advertising director Sam Mayo of New

Deal, Texas—the magazine's headquarters.

Of course, Mayo does not make a habit of hand-delivering every copy of Top-O-Texas magazine, which is a yearly publication of college and high school football teams in the biggest and best football-playing part of Texas that covers West Texas and the Panhandle.

Mayo had another motive for the personal touch.

As McSpadden tells it, Mayo handed him the magazine so he could see what was written

about the coming Loraine Bulldogs.

McSpadden turned to page 464 for the Loraine listing and under the Bulldogs' schedule he found a picture of himself.

Under the picture were the words: Coach Sandy McSpadden—Top-O-Texas Class A Coach of the Year.

"I don't really know what to say," said McSpadden. "I was dumbfounded. I didn't know until then."

Just what makes McSpadden so popular.

For starters he was at the helm of the past 1984 squad that finished with a 5-5 season record and a 3-2 district mark.

Big deal, huh? It is, considering that the wins were more than the past several years combined.

One of two 1,000 yard rushers, Aundra Rose, originally signed to play college ball at Cisco Junior College, but jumped ship over the summer to play football and run track for Howard Payne University in Brownwood.

"I guess I was just lucky,"

said McSpadden in an interview Friday morning before leaving for seven days of relaxation at Ruidoso, New Mexico.

"I owe a lot of it to Ronnie (ex-Loraine coach Ronnie James) and the kids. The kids are the ones that got the job done."

McSpadden had three times been named district coach of the year, in 1977 and '78 in Fort Hancock and in 1980 at Gallop, New Mexico.

"It's the first time for something this big."

"We played well last year and were very competitive every game but one."

"It's a tribute to everybody and I mean that sincerely."

As for the coming year, which kicks off August 12th with two-a-days, McSpadden says, "We're under the gun and looking forward to it. If we're competitive, good things will happen to us."

Top-O-Texas says the Bulldogs are strong at speed, experience and size (only one lineman lost to graduation). Weaknesses are depth and inexperience in the backfield.

THESE YOUNGSTERS were recognized by swimming instructor Mark Merrell for their accomplishments. Swimming the mile were from top Brian Smith, 7; Terry Lee, 9; Larry Lee, 8; Billy Joe Robinette, 10; and Brady Robinette, 8. Nikki Walla, 10, swam a half mile while Cory Carlock, 9, swam 17 laps. Ava Ramirez, 6, and Mica Merrell, 4, swam 10 laps.

Swimming students presented awards

Swimming students of Mark Merrell have completed their lessons for the summer and each was recognized for the accomplishments achieved during the classes.

Students learned basic strokes including the cross stroke, crawl back stroke, side stroke and

breast stroke. They also learned water survival and life saving techniques as well as conditioning. The last day was the mile swim.

Mike Redwine and Joel White from Root Memorial Hospital demonstrated life saving techniques to the class.

Those swimming the mile (52 laps across the pool) included Brian Smith, 7; Terry Lee, 9; Larry Lee, 8; Billy Joe Robinette, 10; and Brady Robinette, 8. Swimming the half mile (26 laps) was Nikki Walla, 10.

Cory Carlock, 9, swam 19 laps and Ava Ramirez, 6, and Mica Merrell, 4, each swam 10 laps.

Honey of a recipe

DUTCH HONEY BREAD
2 cups unsifted all-purpose flour
1/2 cup brown sugar
1 tablespoon baking powder
1 teaspoon baking soda
2 teaspoons cinnamon
1/4 teaspoon cloves
1/4 teaspoon nutmeg
1/4 teaspoon salt
1 cup buttermilk
1 well-beaten egg (or 2 egg whites or egg substitute equivalent to 1 egg)
1/4 cup honey
Mix all dry ingredients together. Add the buttermilk, egg and honey; blend well.
Pour into an oiled 9x5-inch loaf pan and bake at 350 degrees F. for 45 to 60 minutes. When done, this bread has a very firm crust.
Yield: 1 loaf (16 slices)
Approx. Cal-Serv.: 1 Slice equals 90

three youths will be turned over to juvenile authorities.

A 22-year-old Lubbock man pleaded guilty to forgery Friday at the Mitchell County courthouse and was ordered to pay a fine and restitution and was placed

on probation.

Sgt. Pat Taylor of the Colorado City Police Department said Lester Melton pleaded guilty to three counts of forgery which occurred the last week in June and the first week in July of 1984 on checks given at White's Auto, Taylor's 66 and Country Corner.

Park

From Page 1

system creates a dusty environment, discouraging usage, city officials note. This, along with the weeds, prevents full enjoyment of the creek and the open space adjacent to it. The one restroom facility for general use is also inadequate and not located for maximum usage.

The project includes engineering, site preparation, new pool surfacing, piping and filtering system, new fencing and patio surfacing around the pool.

Other proposed park development includes 10 aluminum benches, 5 small tables, 1 large table, a child play area, 2 water fountains, an older child timber scape, restrooms, a sprinkler system (including a water well)

and a hike-bike trail.

The improvements are to be constructed in a centralized location, except for the sprinkler system and the trail, which will be laid out for maximum coverage. The improvements are designed to allow residents to take advantage of and enjoy the creek.

City Manager Brenda Tarter said that the cost of the swimming pool is expected to be \$120,000 and that the city must have its funds raised before the matching funds can be received.

"If we send them a bill for \$1,000, then they'll send us a check for \$500," she told committee members Friday in explaining how the matching grant program works.

Mendenhall, Seay united July 27

Cheryl Lynn Mendenhall, daughter of C. L. and Shirley Mendenhall of Midland, and Eric A. Seay, son of Fred and Carolyn Seay of Midland, exchanged wedding vows Saturday, July 27 at 2 p.m. in the Wilshire Park Baptist Church in Midland.

The bride is the granddaughter of Mr. and Mrs. Roy Wells of Loraine who also attended the wedding.

Rev. Chris Osborne performed the ceremony.

The bride wore a dress of satin and podasau over lace tiers scalloped at the hemline with roses in the scallop and train of lace tiers. The neckline was accented by ruffles. The head

band of seed pearls and baby roses held a waist length tulle veil.

Pam Mendenhall, sister of the bride, was maid of honor. Stephanie Mendenhall, another sister, was bridesmaid.

They were attired in red dresses with a ruffled neckline to match the bride's dress. The hemlines were accented the same as the bride's and trimmed with white piping. The junior bridesmaid, J'Lyn Robinson of Aspermont, cousin of the bride, and flower girl, Amanda Barron of Midland, wore white dresses with red piping styled the same as the other attendants.

Best man was Gary Mariott of Midland. Christopher Hamlin, also of Midland, served as ring bearer. Ushers were Robert Hendrix of Midland, Allen Mendenhall, brother of the bride, Terry Thompson of Midland, Tim Mariott of Midland and John Dale Robinson of Aspermont, cousin of the bride.

For something old, the bride wore her great-grandmother's wedding band.

The church was decorated with an array of flower baskets. An archway was fashioned out of a rainbow candelabra and the altar area was flanked by matching candelabras. The bride's colors of red and white were carried out in the flowers and

attendants' flowers.

A reception was held in the fellowship hall of the church.

A three-tiered wedding cake highlighted the bride's table. Crystal and silver appointments along with the attendants' flowers completed the setting.

The groom's table was accented with gold and featured a German chocolate cake and coffee service.

The girls serving at the reception wore red tea aprons accented with white lace.

After a wedding trip to Cloudcroft, N.M., the couple will reside in Midland where the groom is employed by Tracer Laboratories and the bride by Elcor Corporation.

Mrs. Eric Seay

Myth vs. truth; facts about seat belts

COLLEGE STATION—It is indeed strange thinking about seat belts that permits so much death and suffering in the name of personal convenience and unwrinkled clothing, says a safety official.

Most of this "strange thinking" is based on a number of common myths about seat belts, says Dr. Gary Nelson, safety engineer with the Texas Agricultural Extension Service, The Texas A&M University System.

—Myth: Seat belts are unnecessary for short trips.

Fact: More than 70 percent of injury-causing traffic accidents occur within 25 miles of home, according to the National Safety Council. More than 80 percent of all collisions happen at speeds of under 40 mph. People who were not wearing seat belts have been killed in accidents that occurred at speeds as low as 12 mph—about the speed you would be driving in a parking lot.

Myth: Seat belts trap people inside cars, and I'd rather be thrown clear.

Fact: "Thrown clear" is a misnomer. Being thrown from a vehicle usually means flying through the windshield or catapulting out a door. The force of a collision can fling you as much as 150 feet onto a roadside object, into the path of oncoming

traffic or scraping along the pavement. For these reasons, if you are thrown from a vehicle in an accident, your chances of being killed are 25 percent greater. What's more, instead of being trapped, belted occupants are likely to be conscious and unhurt, and therefore better able to escape in the rare situation where fire or submersions are added dangers.

Myth: Seat belts cause injuries.

Fact: Study after study in the United States and abroad show a substantial decrease in the number of serious injuries in actual auto accidents among those who are belted versus those who aren't. In the rare instances where injuries due to belts have been reported, either the belt was inappropriately worn or the crash was so severe that the occupants would have been killed or seriously injured if they had been unbelted.

Myth: I don't need belts since I'm a careful driver.

Fact: No matter how good a driver you are, you can't control the other car. There's no way to protect yourself against someone else's bad driving, poor judgements or mechanical failures. Even good drivers can be killed or injured in a crash.

Myth: I don't need seat belts; I can brace myself.

Fact: The force of an impact at just 10 mph is equivalent to catching a 200-pound bag of cement thrown from a first-story window, according to the National Safety Council. At 35 mph, the force of an impact is even more brutal. There's no way your arms and legs can brace you against that kind of force—even if you could react in time.

Ceiling fan industry expands to suit needs

By Debbie Christian
County Extension Agent

Ceiling fans have won their place in the hearts and homes of energy-conscious Texans. If you have a ceiling fan in the family room or bedroom, and are thinking of buying another, you may be in for a surprise.

Manufacturers continue to make changes in ceiling fans to make them even more practical and appealing.

One of the biggest design changes is the close-to-the-ceiling fan. These fans are more practical in smaller homes. The increased clearance also looks better and allows for more flexibility in the design of accessory lighting kits.

About five percent of all ceiling fan sales in 1984 were in models with eight inches of clearance or less.

One company has introduced a heat fan which pushes out warm air heated up to 3500 BTU with the fan in reverse position. It operates for less than 10 cents an hour, and the company claims it can trim heating bills 35

percent in a 2000 square-foot home.

Other companies are making remote-control fans in response to consumer demand for this convenience.

The price of ceiling fans has also come down. In 1981, roughly 20 percent of all ceiling fans retailed from \$49 to \$99. In 1984, about 80 percent of all fans fell into that price range.

New designs on the drawing boards treat fans as "ceiling furniture." Until now, emphasis has been on big 52-inch main-room fans. But companies are now turning their attention to second fans in smaller sizes for kitchens, bedrooms, and other areas.

Industry-watchers predict that manufacturers will soon be turning out fans with upholstered sidebands to coordinate with other elements of a room. Stenciled blades, custom-look grills and designer colors will likely be used in promoting ceiling fans as real pieces of furniture that make fashion statements.

If you are an adult who did not finish high school, here's your chance to prepare for the GED test in your own home by completing the 12 lessons which are appearing in the RECORD each Sunday for 12 weeks.

MATHEMATICS

RULES FOR MULTIPLYING AND DIVIDING SIGNED NUMBERS AND TERMS

1. Like signs multiplied or divided have positive answers.
a) $-6 \times -2 = +12$
b) $-15 \div -3 = +5$
2. Unlike signs multiplied or divided have negative answers.
a) $-6 \times 2 = -12$
b) $-15 \div 3 = -5$

- PROBLEMS
1. $-7 \times 3 =$
 2. $-8 \div -9 =$
 3. $-4 \times -7 =$
 4. $100 \div -25 =$
 5. $-36 \div 6 =$
 6. Are both sides of this equation equal in value?
 $-4 \times -5 = 40 \div (+2)$

COMBINING OF LIKE TERMS
A term is one of the parts of an algebraic expression such as $4x$, $2y$, etc. When solving an equation, combine all like terms. Solve this equation for x .

1. Combine like terms:
 $3x + 7x = 50$
 $10x = 50$
 $x = 5$
2. Get the x alone by dividing both sides of the equation by 10:
 $\frac{10x}{10} = \frac{50}{10}$
 $x = 5$

- PROBLEM 1
Solve for x : $5x - 2x = 30$
- PROBLEM 2
Solve for b : $2b + 3 = 75$

PARENTHESES
A parenthesis is used to indicate that several items are to be treated as one term. When there is a number in front of a parenthesis, it means to multiply everything inside the parenthesis separately by that number. The parenthesis is removed after the multiplication has been completed.

- Examples
1. $4(3) = 12$
 2. $4(a) = 4a$
 3. $4(3a) = 12a$
 4. $4(3a + 3b) = 12a + 12b$

Always remove the parenthesis before combining like terms.

Example:
 $5x + 3y + 4(x + 2y)$
 $5x + 3y + 4x + 8y$
 $9x + 11y$

PROBLEM 1
Remove the parenthesis and combine terms:
 $3(x + y) + 2(x + y)$

SETTING UP NEW EQUATIONS
It is possible now to solve word problems by making an equation, removing parentheses if necessary, combining terms and solving for the unknown. Jerry has 3 times as much money as Pat. Together they have \$12.80. How much money does each one have?

- THINK
1. How much money does Pat have? (x)
 2. If Jerry has 3 times that of Pat, Jerry has 3 times x , or $3x$.
 3. Together they have \$12.80. That means the amounts have been added:
 $x + 3x = \$12.80$
 4. Combine terms: $4x = \$12.80$
 5. Solve for x by dividing both sides of the equation by 4.

GIANT STEP 9

$$\frac{4x}{4} = \frac{\$12.80}{4}$$

$$x = \$3.20$$

6. Pat has \$3.20

Jerry has 3 times \$3.20, or \$9.60

PROBLEM 1
Nancy is 3 years older than Diane. Their ages added together equal 75. How old is each girl?

THINK

Diane is y .

$3y = 3y + 3$

PROBLEM 2
Dorothy and Jane have \$8.40 together. Jane has five times the amount that Dorothy has. How much money does each have?

PROBLEM 3
I am thinking of a number. Five times the number equals 240. What is the number?

EXPONENTS AND SQUARE ROOTS
An exponent is a small number written at the upper right hand corner of another number. It is mathematical shorthand to indicate the number of times you have to multiply the number by itself. For example:

$$3^2 = 3 \times 3 = 9$$

$$10^4 = 10 \times 10 \times 10 \times 10 = 10,000$$

To square a number you multiply it by itself once. For example 5 squared (5^2) is 5×5 or 25 and 25 is the perfect square (the square of a whole number).

The sign $\sqrt{\quad}$ indicates the "square root of". To find their square root of a number, find the number that when multiplied by itself gives you the original number. For example:

$$\sqrt{16} = 4 \text{ because } 4^2 = 16$$

$$\sqrt{100} = 10 \text{ because } 10^2 = 100$$

WRITING SKILLS

COMPARISON OF ADJECTIVES AND ADVERBS

Adjectives and adverbs are often used to compare things with one another. Add *er* or *est* to short adjectives and adverbs (one or two syllables) when expressing comparison. Use *more* or *most* with longer adjectives and adverbs (more than two syllables).

Examples
Her brother is stronger than mine.
Her brother is the strongest in his class.
This exercise is more difficult than the other one.
This exercise is the most difficult of all.

A few adjectives and adverbs use different forms when expressing comparison.
For example:

good (well)	better	best
little	less	least
bad	worse	worst
many	more	most

PROBLEMS
Write the correct form of the adjective or adverb in these sentences.

1. (changeable) The weather seems more than it seemed yesterday.
2. (quick) Lester seems to be the fastest of all the players.
3. (fast) Doris is the runner of the two boys.
4. (little) Mary has less money than Jack.

DOUBLE NEGATIVES
Negative adverbs such as "not," "never," "hardly," and "scarcely," should not be used with other negatives such as "no," "nothing," or "none." It is incorrect to say: "We couldn't see nothing." Change this sentence to read either: "We could see nothing," or "We couldn't see anything."

PROBLEMS
Change these sentences to read correctly by eliminating one of the negative words.

1. We don't have no water pressure.
2. I haven't solved none of my problems in today's lessons.
3. Don't give me no presents.
4. I can't hardly wait for Friday night.
5. You never get nothing done.

PREPOSITIONS
A preposition is a word that shows a relationship between a noun and another word in a sentence. "The book is on the table." The word "on" is the preposition. It shows the relationship of the book and the table. A few prepositions are about above, among, at, in, on, of, to, by, for, over. Here are a few clues for troublesome prepositions.

1. One agrees to a thing and with a person. (We agreed with Fred. We agreed to his suggestion.)
2. One may be angry at a thing and with a person. (He is angry at his car and with me.)
3. Between refers to two; among refers to more than two. (The money was divided

THE EIGHT PARTS OF SPEECH

By Mrs. Carrie Stegall

A noun's the name of anything.
A man, a lake, a thought, a game.

A pronoun only takes noun's place.
As he for man and it for fave.

A verb must act or merely be.
As is and are or run and swim.

Adjectives paint pronoun and noun.
As "It was short" and "Balls are round."

Adverb paints itself and others.
So fast, not strong, and quietly hovers.

The prepositions now you see
Upon, beyond, around a tree.

Conjunctions join one to some more.
Not girls or boys but house and store.

An interjection may exclaim.
As Ah! in wisdom or Quint! in pain.

As surely as you learn this rhyme,
The parts of speech will fall in line.

Study the lessons and complete the problems. Participants should either call 728-2392 between 8:30 a.m. and 4 p.m. Monday through Friday for the answers.

Christy Dockrey

Cook's Corner

Dockrey enjoys cooking for family

When Christy Dockrey was growing up, she didn't cook very much.

"I guess I learned the basics when I was 8. I was a member of the 4H Club and my mother showed me how to cook."

"Even though I took 4-H, I just set the table and usually made salad for supper. I made deserts, but never the main meal."

Mrs. Dockrey says she really learned to cook after she got married.

"I knew the basics, but that's when I had to prepare the whole meal."

She prepares quite a few casseroles, because "I've been going to school and it's easier to have that for the kids than try to prepare a big meal."

Supper is the main meal at the Dockrey home and her family are not picky eaters. She usually doesn't have any leftovers "because we have pretty big appetites."

Mrs. Dockrey likes to try new recipes and she goes by the recipe.

Her favorite things to make are deserts—especially at Christmas and she does cook from

scratch.

Now that Mrs. Dockrey knows how to cook she remembers an incident that happened after she got married.

"We were living in Stephenville and we had invited a friend over for Sunday dinner."

"While we were gone to church I was going to let the roast bake in the oven."

"I put potatoes and carrots in the roast and put it in the oven."

"I hadn't used the oven for very long and the oven cooked too fast."

"When we came back from

church, we opened the door and smoke was everywhere."

"The roast as charcoaled, so we had sandwiches instead of roast."

Mrs. Dockrey and her husband Jim, have three children—Justin 10; Lori 8 and Lance 6.

Today she is sharing four of her recipes with RECORD readers.

TEX-MEX DIP

- 3 medium ripe avocados
- 2 tablespoons lemon juice
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 8 oz. sour cream
- 1/2 cup mayonnaise or Miracle Whip
- 1 package taco seasoning mix
- 2 cans (10 1/2 oz. each) plain or jalapeno bean dip
- 1 large bunch green onions with tops, chopped
- sharp cheddar cheese
- 2 cups chopped tomatoes, optional
- 2 small cans pitted ripe olives, sliced, optional

Spread bean dip in long dish. Mash avocados and mix with lemon juice, salt and pepper. Spread over bean dip. Combine sour cream, mayonnaise, and taco seasoning. Spread this over avocado layer. Sprinkle with chopped onions, tomatoes and olives. Cover with shredded cheese. Serve chilled with round tortilla chips. Better made ahead—keeps several days.

HOMEMADE ICE CREAM

- for 1 1/2 gallon freezer
 - 8 eggs
 - 3 1/2 cups sugar
 - 1 package ice cream mix (optional)
 - 2 large cans evaporated milk
 - 1 1/2 teaspoons vanilla
 - Approximately 2 quarts milk
 - Desired flavoring
- Mixing in order given, beating thoroughly. Add desired flavoring mixture and mix well. Finish filling bowl with regular milk and stir well. Pour into freezer can and finish filling can with milk, being sure to leave about 2" at the top to allow for expansion. Freeze. I use about 3/4 carton Morton table salt and plenty of ice. Later pour off the water and pack with more salt and ice.

Flavoring suggestions:
Butterfinger—add 4 to 6 chopped Butterfinger candy bars
Banana Nut—add about 3 mashed bananas, 1 cup chopped pecans
Chocolate—use chocolate flavored ice cream mix
Strawberry, peach, chocolate chip, pineapple, etc.

JIFFY BROWNIES

- Two-thirds cup melted butter
 - 2 cups sugar
 - 1 cup flour
 - 1/2 cup cocoa
 - 4 eggs
 - 1 teaspoon baking powder
 - 1 teaspoon vanilla
 - Two-third cup chopped nuts
- Mix all ingredients together and bake approximately 30 minutes at 350 degrees in greased and floured 9x13 pan.

CHEWY PRALINES

- 2 sticks oleo
 - 2 cups sugar
 - 1 1/4 cup white Karo
 - 1 1/2 cups evaporated milk
 - 1 teaspoon vanilla
 - 2 cups pecans
- Stir oleo, sugar, Karo and milk in sauce pan and cook to the firm ball stage (244-248 degrees on candy thermometer or until it keeps its shape when tested in cold water). Add vanilla and pecans. Stir until thick and drop by spoonfuls on buttered plates. Let set or chill till firm and wrap in Saran Wrap.

Fair plans discussed by Lake Club

The "C" City Lake TEHA Club met Tuesday, July 23 at the home of Lilly Farrar, hostess.

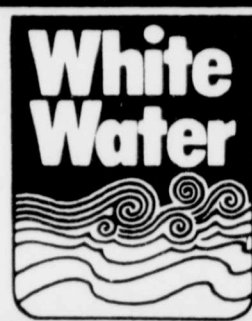

A patio brunch originally scheduled was moved inside because of the rain. A short business meeting was held with members discussing plans for the fair. Everyone is to bring some item to be sold in the booth.

Answering roll call with "My Favorite Picnic Food" were Belle Snider, Ozella Brookshire, Jessie Dorn, Billie Patterson, Bea Harlow, Marie Harlow, Dorothy Sneed, Vada Carlile, Fannie Morris, Lilly Farrar and daughter Susan and guest Flora Sanford.

Tana Osbourn and Stefan Jameson

Engagement announced

Mr. and Mrs. Carroll Osbourn of Valley Springs announce the engagement and approaching marriage of their daughter Tana to Stefan Jameson of Silver, son of Mr. and Mrs. Jerry Jameson of Early, former Colorado City residents.

The wedding will take place Aug. 17 in Llano.

The groom-to-be is the grandson of Mrs. Wyone Jameson of Colorado City and the late Myrie Jameson and Mrs. Helen Williams of Indianapolis, Ind. and

the late John Reeves of Colorado City.

The future bride and groom are both former students of Tarleton State University and will be residing at Silver where Jameson is engaged in ranching.

Hammond attends school

Jerry Hammond, volunteer fireman of the Colorado City Volunteer Fire Department, is attending the 56th Annual Texas

Firemen's Training School, July 21-26. The school, attended by nearly 2,000 students representing about 750 cities from more than 25 states, is being held on the Texas A&M University campus in College Station this week.

Firemen can choose their course at the school from a list including Fire Fighting, Fire Prevention, Fire Department Officer Training, Fire Department Pump Maintenance, Specialized Fire Protection, and Disaster Rescue Training.

Hammond is being sponsored by Mitchell County Farm Bureau and Texas Farm Bureau

Insurance Companies by contributing toward the cost of the school. One hundred county Farm Bureaus and the Texas

Farm Bureau Insurance Companies in the statewide program have sponsored 100 firemen at the school.

"The Farm Bureau Insurance Companies believe Volunteer Fire Departments have been very effective in reducing the amount of loss involved by fire in rural areas," said president S. M. True Jr. of Plainview. "It

is our hope in sponsoring this program that the fireman will help the Colorado City Volunteer Department to better serve the residents of Mitchell County."

Be on look-out for white grubs

By Mike Mauldin
County Extension Agent

White grub in lawns is important during the summer season. May or June beetles are emerging from the soil and starting to swarm in late evenings. Females are laying eggs and white grub worms that hatch will soon

Melinda Selvera

Selvera receives scholarship

Melinda Selvera of Colorado City has been named the recipient of a four-year scholarship for Midland College and UT Permian Basin at Odessa.

The 1985 scholarship was recently presented by the Permian Honor Scholarship Foundation, Inc. She was granted a \$1,600 four-year scholarship as well as a grant for gasoline and moving allowance.

The Permian Honor Scholarship Foundation has given scholarship grants to the upper 25 percent of graduating high school students since 1976. Their purpose is to provide opportunity to high academic students within the Permian Basin. Permian Honor Scholarship Foundation has committed \$244,000 to 112 honor students from the Permian Basin for the 1985-86 school year. Of these, 24 students are attending UT Permian Basin at Odessa.

Miss Selvera is the daughter of Mrs. Lydia Shane.

be feeding on roots of bermuda grass and St. Augustine grass in home lawns. Once grubs begin feeding, control measures should be taken.

Treatment time varies with the particular area of the state and ranges from early July in South Texas to mid-August in the Panhandle. Homeowners in Mitchell County will need to treat between late July and mid-August. Timing of application is critical for adequate control.

White grubs in excessive numbers can heavily damage lawns. Check for white grubs by cutting a square foot section of sod with a shovel and examining the

roots and soil to a depth of 4 inches. Examine at least one square foot of sod for 1,000 square feet of lawn area. Chemical treatment is needed if there are more than four grubs per square foot of sod.

Diazinon, Dursban or Dylox provide adequate control and should be used at recommended rates given on the chemical container label. The granular form is easier to apply and to wash into the soil than liquid or spray formulations. After using granules, drag the grass with a tow sack or water hose to knock them down to the soil. Then apply enough water to soak the granules into the soil.

Apply diazinon sprays at the rate of 25 gallons of water, including the insecticide, per 1,000 square feet to wash the insecticide into the soil. Wetting the lawn before spraying also helps. Always keep children and pets off the treated lawn until the grass is dry.

The key to white grub control in home lawns is proper timing of chemical applications and getting the insecticide through the grass to the root zone where grubs are feeding.

Further information is provided in the publication, "White Grubs in Texas Turfgrass," available at the County Extension Office.

From the producers of
The HIDING PLACE and JONI...

"I believe THE PRODIGAL may be the most powerful film ever made to reach people for Christ."

—Billy Graham

"How long I've longed for films of this caliber to be produced—the realism of the story line—the dialogue—the relevancy of the lyrics of the songs—all of it is first class—plus the incredible message."

—Joyce Landorf, Author

"THE PRODIGAL is a profound commentary on our present condition... a mirror in which we all see ourselves. It is a Christian film in the best and deepest sense. I hope and pray it will reach a wide audience."

White Sox place second in District Tournament

The Wilson Wyatt V.F.W. Post 9178 White Sox ended their 1985 baseball season at Roscoe last Thursday night where they won second place in a Texas Junior Teenage League district tournament.

In winning second place, the Sox represented Colorado City in the district finals for a second consecutive year.

The Sox, who won the local Teenage League with an impressive 11-1 record, entered the district tournament as the defending champions.

Snyder won the tournament to advance to the state tournament to be held in Belton next week and the Buffaloes did so by beating the White Sox in the second round and again in the finals.

The White Sox were clearly

the best hitting ballclub at the tournament and used an assortment of pitchers, but a few errors proved very untimely and even more costly.

The Sox opened the tournament with a first round 8-7 victory over Merkel—the Tri-City League representatives.

That game was played at 2 p.m. Monday. Rain washed away all games scheduled for Tuesday and the tournament resumed with the second round contest between the Sox and Snyder at 2 p.m. Wednesday.

The Buffs won the game 4-1 with only four base hits while the Sox committed nine errors.

Starting pitcher Joe David Rodriguez took the loss even though he gave up only two hits and one earned run before being relieved by pick-up player Is-

mael Silva.

The Buffs broke a scoreless deadlock in the top of the fourth when left fielder Manuel Espinoza singled on Rodriguez to score Joey Felon, the winning pitcher who had reached base on balls. The score came with two outs and after a Sox error that gave the Buffs new life.

Rodriguez walked the first batter of the next inning before being replaced by Silva. He also walked the first batter he faced and then both runners were scored on a Sox error. A second single by Espinoza scored a third run for a 4-0 Buffs lead.

The White Sox left seven runners on base. The Sox loaded the bases in the sixth but only managed their one run when J. D. Rodriguez singled to score Greg Rodriguez.

The real White Sox rebounded from the loss though and worked their way back into the finals with hitting that carried them through two victories in the loser's bracket.

After the Wednesday afternoon loss to Snyder, the Sox defeated the Sweetwater Astros 7-4 in a 10 a.m. Thursday game and followed that win with a 17-1 pounding of the Roscoe Tigers in a game played at 5 p.m. Thursday.

Eddie Benitez pitched the entire game in the Sox victory over Sweetwater while Sam Garcia went the distance in the victory over Roscoe in which the Colorado City squad committed only one error.

The Sox collected seven hits in the Roscoe win and the Tigers made 10 errors.

The Sox entire lineup connected with the ball at the plate and the team was led by consecutive two-run doubles by David Garcia and by two hits each from J. D. Rodriguez and Silva. Also in the game, pickup player Beau Rees hit a line drive that hit the left field fence.

The victories over Sweetwater and Roscoe put the Sox back into the finals against Snyder, where they lost 12-2.

Losing pitcher Rodriguez began by striking out the first two Buffs batters but fielding errors gave Snyder new life and a 2-0 lead.

The Sox answered with singles by Benitez, Rodriguez and Rees with Rodriguez' hit scoring Benitez for a 2-1 score.

Errors again helped to give Snyder two runs in the third and then the Buffs pulled away with seven runs in the fifth on four hits and two errors.

Ray Rivera scored the Sox second run in the seventh inning with Rick Arispe batting. Arispe struck out but, because the catcher missed the ball, outran the throw to first.

Despite the loss, the Sox remained in good spirits and reflected on a second consecutive good year following the game and again during a steak dinner at Trucktown.

Pirates settle for third

Colorado City's Little League champions, the Freshman League Pirates, got off to a fast start at the district tournament held at Hawley the past week and went on to a third place finish.

The Pirates, sponsored by the Methodist Men, and pick-up players Brandon Raschke, Spencer Taylor and Avan Ceballos, began the tournament with respective first and second round victories over Sweetwater and Baird.

The Pirates beat the Sweetwater Yankees 4-2 and then followed that victory with an 8-7 win over the Baird All-Stars.

The victory over Baird put the Pirates into the winner's bracket finals against the Sweetwater Lions.

Sweetwater pitcher Randall Leopard struck out 10 Pirates batters through six innings, including six of the first seven, and the Lions won the game 11-1.

Shortstop Spencer Taylor, who also saw action as a relief pitcher, first baseman Mark Monroe and second baseman Bobby Silva were the only Pirate batters to reach base with a hit.

Taylor and Monroe hit singles in the fifth and sixth innings respectively while Silva hit a double in the fourth.

Losing pitcher Raschke reached base by being hit by a pitch and stole home for the Pirates only run.

The Lions scored in every inning.

The Pirates' loss to the Lions sent them to the loser's bracket finals for a rematch against the Sweetwater Yankees.

A second victory over the

Sweetwater team would have put the Pirates into the tournament finals, but the Yankees won 13-2 to leave the Pirates in third.

Gabriel Salazar took the loss with relief from Taylor.

The Sweetwater team led off with four runs in the top of the first, but the Pirates answered with their only two runs of the

game.

Taylor, the second batter, hit a double and then reached third with a steal. Silva singled to score Taylor and then was scored himself on a double by Richard Gomez.

Winning pitcher Adam C. retired the Pirates three up, three down in four of the five remaining innings.

Card Of Thanks

Card Of Thanks

We are truly grateful to so many who did so much for us during our recent sorrow. May we take this means of saying thank you for the many comforting expressions.

The Family of Henry Vaught

Card Of Thanks

To My World Here In Mitchell County: I was surrounded with love and prayers while I was in the hospital. I know now that when righteous people pray that miracles can happen because a series of miracles took place in my life. Just being able to drive myself to town is a miracle. "I thank you" is so shallow. Let me say I love you! I will always love you!! Joy to the World!

America's small businesses face difficult odds

Small businesses (those with annual sales of less than \$300,000) make up 92 percent of the nation's business community, but the odds of them surviving in the marketplace for more than five years are stacked against them.

Currently, 50 percent of the nation's 15.5 million small businesses fail within their first four years, according to the Small Business Administration, yet small business contributes roughly half of the United States' Gross National Product.

Why do America's small businesses have such a high failure rate? Leo Lauzen, chairman of Comprehensive Accounting Corporation, says improper accounting records and inadequate financing are to blame. Says Lauzen, one of the nation's leading small business authorities, "Without thorough comprehension of a company's financial situation, planning is impossible and the likelihood of failure is greatly increased."

Lauzen also reports that a communication problem between small business owners and the financial and legal community may also be to blame. He says, for example, that small businesses have a 30-times higher failure rate than their big business counterparts partly

because small business owners cannot understand the language and terminology of their accountants. In fact, says Lauzen, 95 percent of small business owners either cannot or simply do not read their monthly financial statements because they don't understand them. The results can be devastating, he emphasized.

This "communication gap" is a rampant problem within the business community, Lauzen said. "Accountants, bankers, lawyers, etc. all have their own business language which is not always understood by the corner grocer or drycleaner," he stated. "The future of small business if America may very well hinge on the business community's bridging of this communication gap."

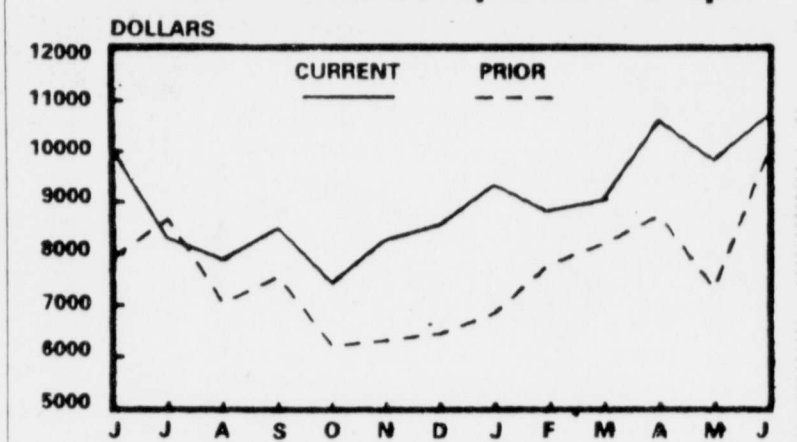

A trend toward better communicating with small businesses is becoming visible. Lauzen cited as an example a pictorial financial statement which Com-

prehensive's 450 accounting and business services franchises are providing small business clients. By taking those figures which are necessary for day-to-day and future planning for a business and putting them in easy-to-read graphs and charts, Lauzen believes Comprehensive's accountants have created

a financial statement that "anyone, regardless of financial background, can read and understand in a glance."

Small business employ approximately 32 percent of the nation's workforce, Lauzen reported, and "it just doesn't seem right to make survival so difficult for them," he added.

Area Vo-ag teachers attend annual in-service workshop

Vocational Agriculture Teachers, some 1600 strong, will gather in Dallas, July 30-Aug. 2 for the Annual In-Service Education Workshop and Meeting sponsored by the Vocational Agriculture Education Department of the Texas Education Agency, Austin, under the direction of Jay Eudy, state director, Vocational Agriculture Education.

Attending the in-service education workshop from Mitchell County, will be vocational agriculture teachers: Frank Brownfield, Colorado City; Mike Herrington, Lorraine, and; J. W. Schlee, Westbrook.

The first general session will begin at 9 a.m. on Wednesday, July 31 in the Amfac Hotel Enterprise Ballroom. Appearing on the program will be

Lowell B. Catlett, PhD, associate professor agriculture economics and business, New Mexico State University, national FFA vice president 1968-69; Dr. Paul Lindsey, associate commissioner for occupational education and technology of the Texas Education Agency; and Bill Clayton, former speaker of the House of Representatives. Clayton has been a leading political figure in Texas for 20 years. Clayton currently is president of Capital Consultants, a political and business consulting firm in Austin. Clayton has sizable farming interests in Springlake.

On Wednesday, July 31 at 7:30 p.m. the association will sponsor the annual awards program to present tenure pins to the membership and other awards to legislators, school administra-

tors, individual teacher awards and to individuals who have contributed to the progress of Agriculture Education and the activities of the Future Farmers of America.

On Wednesday and Thursday the teachers will take part in area meetings and 12 in-service education workshops. Some of the topics for discussion will be: Professionalism-The Image We Display, Public Relations; School Boards and Administrators; Irrigation Water Efficiency; Teaching and Testing the Essential Elements; Farm Business Management; Essentials of a 12 Month Program; and Stress Management-Time Management.

The second and last general session will begin at 8:30 a.m. on Friday, Aug. 2. Appearing on the

program will be Bob Murphey, attorney at law, motivational and humorous speaker. His subject is "The Power of Positive Thinking". State agriculture leaders will be visiting at the conference throughout the week.

A membership meeting for the VATAT will be held on Thursday, Aug. 1 at 6:30 p.m. in the ballroom of the Amfac Hotel. Terry Phillips, association president, will conduct the meeting. On Friday, Aug. 2, the teachers will meet in area meetings and plan their in-service education meeting for the 1985-86 school year.

Activities and entertainment are also planned throughout the four-day meeting for the spouses who will be attending the meeting.
