Bailey County Crop Damage Estimated

Consequences of last Sunday's storms, together with three days of wind and rain are still being felt by Bailey County farm producers and agri-businessmen. To top that off, the results of the storms willbe felt for a while to come also.

A late Sunday hail storm swept through the southernmost part of Bailey County cutting about a six mile swath from Eastern New Mexico on past Littlefield, destroying ready-to-harvest cotton in area producer's fields.

By Friday, many farmers were still unable to tell the extent of damages due to the wetness of the fields. Although some were lucky enough to miss the hail, the last few days of cold and rain has also taken it's toll on the cotton crop. In many fields - only stalks remain, while in some others, the cotton can be seen stringing from the stalks into the ground.

Rain amounts vary over the county. Close to Three Way School, amounts surpassing six inches were reported since last Sunday, while at Maple about 3½ inches fell over the last few days. A total of five inches of moisture was received on the state line west of Stegall. In the Bula area about 5 to 6 inches has been recorded and at Enochs some reported form 3 to five inches. The Needmore area received approximately 3½ to 4½ inches of rain over the last week, and the Muleshoe Wildlife Refuge recorded 3 and 3/10 inches. Near the YL and Lazbuddie areas, reports varied from 2½ to 4 inches.

On Friday, the Journal made a survey of area gins and producers to attempt assessment of damages, however, most producers reserved comments on cotton still left in the fields now. "It's hard to tell right now," said Craig Kirby, who farms in the Maple-Three Way area. "A lot of the cotton is stringing out pretty bad. Even though we didn't get hail as bad as the Bula-Enochs area, we had some." Kirby also said that the rain had hurt some farmers almost as badly as the hail. "When it starts drying up, a lot of the cotton that is left now will start falling out of the bolls onto the ground," Kirby said. Some producers are considering the possibility of using machines to pick the cotton up out of the rows, if it is not too badly damaged.

Bennie Claunch of Claunch Gin at Bula told the Journal that about 50 to 100 percent losses will be in evidence in the Bula area. "A lot of our farmers around here got wiped out," Claunch said. The Claunch Gin had ginned about 60 bales of cotton just prior to the storm, the farmers had just begun their harvest. "A lot of the fields will never be harvested, because there's not enough left to warrant the expense," the gin operator said.

Claunch said that a lot of wheat would probably be planted in the Bula area now that there is enough moisture to plant.

Farmer's Coop Gin at Enochs has a total of 68 members in the cooperative. Louise Newton, a gin employee told the Journal: "Maybe four or five of our members still have some cotton left." The Enochs gin had ginned 249 bales before the storm, and according to Mrs. Newton, the turnout had been "real good." Now, gin officials do not expect to gin over 500 total bales this year. In an average year, the Coop will likely gin around 5 to 6,000 bales. "About 90 percent of our customer's cotton is gone," Mrs. Newton stated. A total of about three inches was recorded at the gin over the week.

A spokesman for the Needmore Cooperative Gin told the Journal that from 3½ to 4½ inches of rain was reported there during the week. The hailstorm on Sunday did not severly damage cotton in the Needmore area, according to reports: but, the rain and wind has caused a lot of "stringing out" of the bolls. Gin officials figure about 20 percent damages in that area. "We did have some hail southwest of Needmore, but on the whole, we did not have the extensive damage that producers had further south and east," said a gin employee.

Marvin McCaul, manager of the Maple Coop Gin, told the Journal that he expected approximately 30 to 50 percent damage to be about average for the area there. "It will be at least a week, before any real determination can be made on damages," said McCaul. He pointed out that as the cotton dried out, more of it would fall from the stalk.

MCCARTY MAKES A TRY AT IT--Jeff McCarty, #44, Mule 185 pound wingbacker made an attempt at a Hamilton pass Friday night, and just almost made it. The Mules fell to the Cats 24-0, but still maintain their opportunity at this point to go into the playoffs if they can contain Friona and Tulia. Mule defense was really on the prowl in the last half of the game, proving that "Mule Pride" is alive and well.

Mules Lose Battle - Not War

Although the Muleshoe Mules lost a battle Friday night to the Littlefield Wildcats, they've not lost the war. While the Mule offense had trouble moving the ball and holding on to it, the defensive unit showed power and some to spare. Mule defenders held Wildcat's top ranked runner, Steve Greene, to a mere 85 yards rushing in a jam - packed Benny Douglass Stadium Friday, where almost 5,000 people gathered to watch the battle. Greene has been averaging 200 yards rushing per game this year.

The Mules started out on a discordant note, which followed them at least through the first half of the game. They came back in the second half, moving the ball against the Cats and holding them on defense with expertise. Blakely's crew will be likely to know they played the Mules for several days to come, as Mule defenders put some super good blocks, stops and tackles on not only Greene, but any other runner, as well as the quarterback.

The high ranked Littlefield Wildcats moved into Mule Terror-tory on Friday night with all guns blazing to shut out the Mules in a 24-0 victory.

In the first seconds of the game, the Mules fumbled the ball on an opening kick-off play on the 23-yard line and the Cats pounced on it. Williams' Mules found that, you don't make this kind of mistake around the Wildcats.

The fumble recovery led to a short drive headed mostly by Littlefield's speed burner, Steve Greene, who turned the fumble into a touchdown in the first 16 seconds of the game. The PAT was good and the Cats were on the board 7-0 over the Mules.

After a Mule series where Garcia, Jones, Moton and Hysinger, along with Jeff McCarty, moved the ball some, the Mules had to rely on Hamilton's punt. Hamilton put a foot into it for a 33 yard one and the Cats took it on their own 20, bringing it up to the 29 yard line.

With 7:30 left in the first quarter, Littlefield put on a drive which took them to the Mule 28 yard line and well within field goal range for Sierra. Sierra put a 37 yard field goal through the uprights to boost the Cats up to 10 points, with the Mules still "0".

Mule defense was in operation Friday night and held the Cats on some pretty important plays. However, the elusive Cats capitalized on every break and every mistake made. Both teams suffered some penalties in the first quarter.

Coming right back in the last remaining seconds of the first quarter, the Mules had a short, unproductive drive and again the Cats took control after a Hamilton punt to the 43 yard line. This punt set up the series which led to a long drive by Littlefield, and just as the quarter ended Steve Greene baled over the goal line from 5 yards out to score another TD for Littlefield. The PAT was good and the Cats led by 17-ZIP.

It was about this time that the Muleshoe defensive unit really began to take a strong stand and broke through to stop Greene and veteran Ferrante Lewis. After a drive by the Cats that took

Three Way Eagles Fall To Southland Team

Coach Brett Fountain's Three Way Eagles took a licking Friday night at the hands of Southland, but they never stopped playing. Southland scored a total of 69 points to the Eagle's 24 during the four quarters of play.

In the first quarter, which ended with a tied score of 8-8, Dewayne Williams recovered a Southland fumble in the end zone for an Eagle touchdown. The extra point was good. However, Southland came back with one of their own and scored on a one yard plunge over the goal line. The kick for the extra points was good and resulted in the 8-8 score.

Coming into the second quarter, Southland really got to moving and scored on a two yard scramble with a good kick. They scored on a 37 yard touchdown pass with a good kick and then on another 2 yard run for the third touchdown of the quarter. The kick was good also and put Southland up to 48 points to the 8 for the Eagles.

In the third quarter, the Eagles came back and rallied with a 15 yard touchdown pass from Brett Stegall to brother, Brad. The extra point booted by Roberts was good and the third quarter ended with the score 48-16 with Southland in the lead.

Southland really let fly in the fourth quarter, scoring on a 65 yard bomb pass. They also passed for the extra point and made it. Southland came back again to score on a 20 yard TD pass with a good kick and a 10 yard pass in the last two seconds of the game for a total of 21 points during the quarter.

The Eagles were still flying and scored in the last quarter with a 45 yard TD pass from Brett Stegall to Steve Roberts. The extra point kick was good, but the whistle blew on a 69-24 game with Southland in the front.

The Eagles had a total of 48 yards rushing and 151 yards passing for a total of 199 overall. Southland total-

Economic Recession Over Says Bullock

State Comptroller Bob Bullock told Texas officials Tuesday the worst of the economic recession is over in Texas but the state Treasury shouldn't expect any windfalls.

Bullock released a revised estimate of available revenues to top state officials and members of the Legislature.

"The worst of the state's economic slump is behind us," Bullock wrote state leaders. "However, there has been no dramatic overall change in the revenue estimate I gave you last May."

Bullock predicted Texas will have about $15 million more than necessary to meet state expenses when the current 1984-85 state budget ends on August 31, 1985.

"That's a good deal better than the $36,866 left unspent at the end of the special legislative session last summer," Bullock said.

The adjusted revenue estimate shows oil severance tax receipts are higher than first estimated but this increase is offset by lower receipts from natural gas severance taxes.

Farm Reminders Issued By Local ASCS Office

Producers in Bailey County need to turn in proof of production when harvest is complete on wheat, corn or grain sorghum, says Bailey County ASCS Executive Director Danny Noble. The proof of production filing will enable yields to be proven in future years. The required forms for this can be completed by the bookkeeper at the elevator where the grain was taken. Additional forms will be completed in the ASCS office.

Another reminder for producers who are eligible to receive cotton from CCC inventory. Those who harvest a sufficient quanity shall obtain loans on a quantity of their 1983 production that will satisfy 40 percent of their PIK needs. The remaining 60 percent will be satisfied from CCC inventory. Producers who have "zero" planted acres will continue to receive 100 percent of their PIK pounds from the CCC inventroy, according to ASCS officials.

Noble also would like to remind area producers that Conservation Use Acres (CUA) still have to be maintained, even though the year is almost over. Some farmers have become lax again in this matter, and it is of extreme importance that this land be maintained, Noble stated.

Governmental regulations issued recently require any foreign person who acquired or transfers any interest other than a security interest in agricultural land to submit a completed ASCS-153, to the Secretary of Agriculture not later than 90 days after the acquisition or transfer. Failure to submit this report or to submit one which is incomplete, misleading or false may subject one to civil penalty not to exceed 25 percent of the fair market value of the land on the date of assessment of the penalty.

Notification has been received by the ASCS office from a few producers that they have not received a PIK entitlement for wheat for their farm. Noble says

Muleshoe ISD Sponsors Make And Take Workshop

Tuesday evening was filled with learning and fun for parents who gathered at the Dillman Elementary School Cafeteria for the "MAKE AND TAKE WORKSHOP" for parents of kindergarten students. Tables were piled high with materials furnished by the school which parents used to make things to reinforce at home what their children are working on at school.

A puppet production under the direction of the kindergarten teachers allowed "Prunella" to explain to the parents that kindergarten stresses teaching students in four different area -- visual discrinimation, auditory discrimination, language, and motor skills. Prunella also explained how parents might help their young students master the necessary handwriting skills.

Teachers and aides had done a lot of preparation so that all those attending could finish their projects during the evening. Parents made tools to help their children with handwriting, math, and language development skills. They learned just what kindergarten is all about and how very important it is for them to become involved in their child's learning process.

Parents were welcomed to the workshop by Georgia Pena, Federal Program Director who then introduced the kindergarten teachers, Tracy Ellis, Norma Jo Prather, Virginia Bowers and Pat Brewer and their aides Shirley Aguirre, Francis Perez, Margie Alarcon and Yoland Jaramillo.

High School students from the Muleshoe F.H.A. Chapter assisted with the workshop by furnishing babysitters for the small children so that the parents could concentrate on what they were doing. Refreshments of cookies and punch were served to all. This workshop, sponsored by Muleshoe I.S.D. served as a small reminder that PARENTS ARE A CHILD'S FIRST TEACHER!

Sudan Booster Club News

On October 10th, approximately 30 Hornet Booster Club members met in the new cafeteria at 7:30 p.m. The film of the Sudan-Amherst game was viewed by all while Coach Dwayne Sexton made his comments about the plays. He stated that he was proud of the team.

It was voted on and approved in the business meeting to purchase ad space in the Caprock Holiday Tournament program. The Sudan Basketball Hornettes (Varsity Girls) will be in this tournament December 29, 30th and 31st.

Karen Sexton won the contest this week.

Refreshments were provided and served by Pat Lacewell and Pam Humphreys.

Everyone was pleased with the Cassette of the Homecoming Pep Rally, Pre-game Presentation of Queen and attendants with the Hornet Band, as well as the pre-game interview with Coach D. Sexton and the game with Mike Nix commentating as it was viewed on Channel 6 of the Cable TV Saturday morning. This was one of the projects that the Boosters had discussed.

Denmark Youth Visits Cousin In Muleshoe

Miss Lisbeth Christensen, daughter of Lina and Henry Christensen, of Denmark visited from Saturday until Thursday, Oct. 15-20 in the home of her cousin, Mrs. Bill Taylor.

Saturday night Miss Christensen saw her first football game, a game between Texas Tech University and Rice. She stated that the football game and rodeo she attended in Houston were the most American things she had seen. While visiting in the Taylor home, she visited Carlsbad Caverns at Carlsbad, N.M., which she found very interesting.

"The climate here is very different from Denmark for instance when it is 86 degrees in Denmark, it is very hot and it only last for a few weeks" says Miss Christensen. She also finds the food very different. She stated that she enjoys Mexican food. It's really different here, but I like it, the people are nice and kind, she continued.

Some of the other places she has visited with cousins in Texas include: Jacksonville, Houston and Littlefield. She flew to Denver, Colo. on Thursday.

Miss Christensen graduated from High School this summer and is taking this year off from school, although she does plan to attend a five month art school at Copenhagen after Christmas. Next August she plans to attend college in Denmark, where she plans to become a teacher.

She has three brothers, Hance, who visited in Muleshoe last year; Flemming and Preben.

Cystic Fibrosis Door To Door Drive Scheduled Oct. 25

Xi Omicron Xi Sorority will sponsor a door to door drive for Cystic Fibrosis Tuesday, Oct. 25, between the hours of 4 and 5 p.m. They will be assisted by the high school Home Ec. Department.

"There are a number of reasons to kiss your baby and one is a matter of life an death," says the Cystic Fibrosis Foundation. One of the signs of Cystic Fibrosis (CF) is an extremely salty taste to the skin. The next time you kiss your children if you notice a strong salty taste you should consult your doctor about the possibility of cycstic fibrosis. Early diagnosis and treatment help to prolong life.

CF, the number one genetic killer of children and young adults in the United States, is a disease that attacks the lungs and digestive system. CF is not caught-it is inherited by a child who receives one CF gene from each parent. One in twenty Americans is an unknowing symptom-free carier of the CF gene.

Some of the symptoms of CF are: a salty taste to the skin, recurrent wheezing, persistent coughing, excessive appetite, poor weight gain, clubbing (enlargement) of the fingertips, bulky, fatty stools and nasal polyps.

A brief and painless "Sweet Test" for CF can be performed at any of the 125 CF Medical Centers located throughout the country. These centers are supported by the CF Foundation, your local Cystic Fibrosis Foundation chapter can give you information concerning the CF Center nearest your home.

The CF Foundation is the nation's caretaker of CF-related programs of research, care and education. The mission of the Foundation is to find the means for the prevention, control and effective treatment of cystic fibrosis.

Xi Omicron Xi Sorority urges you to be generous when these girls come to your door because this is a very worthy donation, and is tax deductable.

Large Crowd Attends Sudan Homecoming Festivities

Approximately 120 persons registered Saturday for the 1983 Sudan Homecoming Festivities. Many who attended the homecoming football game didn't attend the tea or banquet so there is no way of knowing how many ex-students or teachers that did attend.

Festivities began with the Snake dance Thursday evening when the Hornet football team was taken on the fire truck and escorted by other firetrucks and the Sudan Victory Bell to the bon fire. Hundreds of fans turned out for the bonfire which was the largest seen in Sudan in several years. Cheers were lead by the Sudan High School and Junior High cheerleaders while the Bulldog "outhouse" slowly burned.

Friday afternoon during the pep rally, led by both groups of cheerleaders in a near capacity filled gym, with dozens of black and gold banners and posters decorating the gym, the football boys were led to the rally by Son on a gold carpet, to the victory song by the band and hundreds of boosters.

The three Homecoming Queen candidates were introduced, Danene Cox, escorted by Joe Martin, Missy Fisher who was escorted by Terry Peck and Kim Powell who was escorted by Randall Damron.

Miss Cox was crowned queen for 1983, and received the traditional gold football and long stemmed red roses. Each candidate was presented flowers as they were introduced.

The Queen and her court were introduced to the crowd at the Hornet Stadium prior to the game. The Hornets defeated the Amherst Bulldogs.

Saturday morning Sudan residents were treated to a showing of the pep rally and game on Channel 6.

At the banquet Saturday evening, the Band Parents Organization served the meal with members of the band serving tables.

In the absence of Jerry Damron, president, Jerry Ray introduced the classes of honor being classes of 1923, 33, 43, 53, 63, 73, and 83. Nine persons from the class of 1933, were present to help observe their 50th anniversary; no one from the class of 43 attended; five from the class of 1953 attended, one from the class of 1963 attended and one from the class of 1973, while several of the class of 1983 attended.

Damron stated that the decorating was done by Al and Glynna Harrison as co-chairmen and others assisting were Pattie Miller and James Withrow.

Mrs. Dean (Beauchamp) Blind of Ohio received the gift for having traveled the most miles (1400) to attend; Mrs. Sadie Wills for being the oldest ex attending and Robbie Kent who was the youngest ex present

Claudine's Country Club Comments

By Claudine Elliot

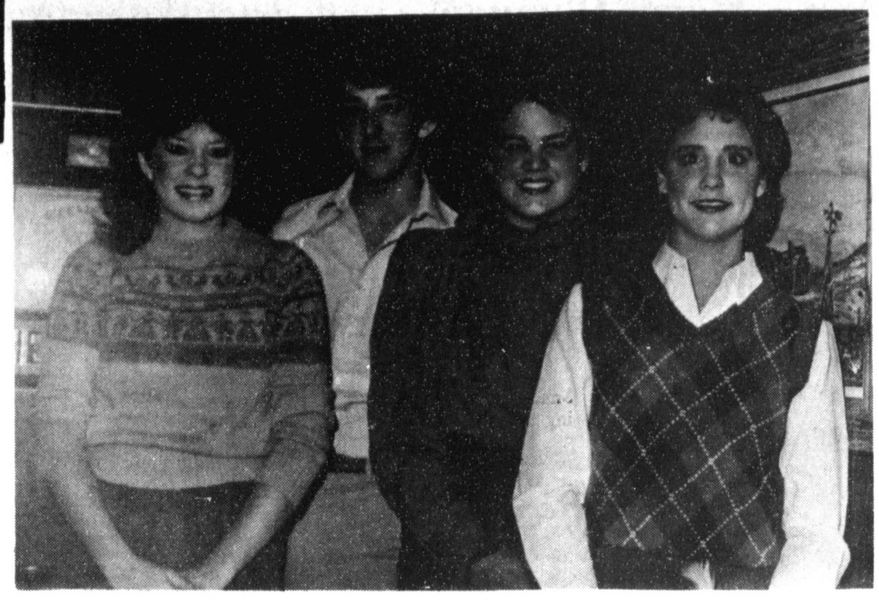

This has been a great year for the ladies. A lot of good times and good golf together. Wednesday, Oct. 19th., was our last meeeting for this year. New officers were announced for next year -- Marlene Martin, president; Marlene St. Clair, vice president; Carelean Hamilton, secretary/treasurer; Claudine Elliott, reporter; Neats Foster, play day chairman; Helen Templeton, Hi Plains Director. All the officers are looking forward to next year and are making plans for a lot of new activities.

Jeanetta Precure was given a gift of appreciation from the ladies for her year as our president. We all appreciate her good work this year.,

Our Hi Plains Tournament was this month, with Muleshoe as hostess to end the year's Playdays. It was a big success, thanks to the weather and to the work of our Hi Plains Directors, Neats Foster and Helen Templeton and our president of Hi Plains this year, Analita Haley. There were 49 ladies here for the day. Some of our Muleshoe ladies represented us well, Jeanetta Precure won low net in Championship Flight with a score of 80; Helen Templeton won low net in the Second Flight with a score of 82; and Analita Haley won low putts in Championship Flight with 27 putts. A delicious lunch was served the Hi Plains ladies by D.J. Homecooking--Dana Heathington and Jana St. Clair. They also served us Wednesday. Ladies you don't know what you are missing by not coming out and eating their delicious food with us.

Neats gave out Playday Awards for the month: Sept. 21st.-Scramble winners were Jeanetta, Melzine, Jo and Lynn; Sept. 28-Low and Hi on hole 18 were Cookie and Helen; least with Dorothy for most. Claudine won a ball on Hole 9; Oct. 5th. For the one who played the longest without a par to Argilee and Analita.

Our next meeting will be in January, 1984. Of course, the ladies will still be playing golf every pretty day until then-so come on out and join us. See you in January!

Newly Organized SCAC Club Signs Constitution

In a formal c.ganizational meeting held Tuesday, Oct. 18 at 6 p.m. in the Corral Restaurant dinning room, a new Muleshoe High School Club was organized. This club developed out of the students interest in saving the Muleshoe Depot for future generations and from this came the idea of a club to be organized for the betterment of both the school and the community of Muleshoe.

The club is named Student Community Action Club (SCAC) and the new officers include: president, Jimmie Lee; vice president, Chad Williams; secretary, K-K Flowers; treasurer, Melissa Wilbanks; reporter, Kelly Hamblen; historian, Candy Long, (appointed by executive committee) and sponsor, Jean Allison, teacher at MHS.

Jimmie Lee, president, called the meeting to order and John Isaac gave the opening prayer. H. John Fuller, Superintendent of the MISD, was introduced and he gave some encouraging words to the club members, saying that this club was one of the most unusual and desirable he had experienced since he became involved in the public school system. Fuller then signed the club's new constitution, which had been written by the club members.

K-K Flowers, secretary, read the by laws for the club, one-by-one for the approvel of the members.

Dues for membership will be $3.00 per member to be paid at the beginning of the school year.

At the close of the meeting, a special "Signing" of the club's new constitution was conducted and each member present signed the constitution.

Creative Woman

By Sheryl Borden

Topics to be presented on "The Creative Woman" show on October 25 and 29 include monster cookies, shadow applique and cooking for two. The segment on monster cookies will be especially interesting to kids. They're delicious and easy to make and this will be presented by Nina Swan, Director of Consumer Relations with the National Oats Company in Cedar Rapids, Iowa.

Kathy Albright is a quilting instructor with The Quilt Works in Albuquerque and she will demonstrate how to do shadow applique by making a Victorian Needlecase. This is a quick, inexpensive and very pretty gift idea.

The final segment, "Cooking for Two" will be presented by Diane Duncan, home economist and spokeswoman for The Rice Council in Houston, Texas. When you're used to cooking for a large number of people, it's sometimes hard to readjust cooking habits. Ms. Duncan will share several ideas and recipes for cooking for one or two persons.

On October 27 and 30, viewers will learn to make wreaths from nature's materials and discuss storage areas in the kitchen. Dee Money, County Extension Agent from Odessa, Texas will demonstrate making lots of different wreaths, suitable for many different holidays or everyday use.

Another guest will be Linda Newberry, Kitchen Designer with T-Bird Home Center in Artesia will share ideas for creating additional storage space in the kitchen, and will do a kitchen evaluation.

"The Creative Woman" is produced and hosted by Sheryl Borden for KENW-TV. The show is seen on Tuesday and Thursday at 12:00 noon, at 2:00 p.m. on Saturday and at 7:00 p.m. on Sunday on Channel 3. The show is also carried by KRWG-TV in Las Cruces and by KNME-TV in Albuquerque.

Mules vs. Cats

Con't From Page 1

them to the goal line, the Mule defense held them with a firm goal line defense forcing the turnover of the ball at 1/2 yard from the goal line.

The rest of the first half was back and forth for four plays each for both teams, with the Mules holding the Cats in check. The first half of the game hurt the Mules point-wise, but their pride never faltered. The Mule defense really came to the fore-front, holding the Cats stationary on several series. However, the half ended with the Cats on top by 17 points.

Coming back into the second half of the game, the Mule defense continued with their super effort, while the offensive unit had trouble moving the ball. The Wildcat defense was also strong, and managed to contain the Mule offense through the game.

Late in the third quarter, after the Mule's containment of Greene, the Wildcats went to Ferrante Lewis once again with a 50 yard touchdown pass, boosting the Cats to 24 over the Mules.

Going into the last quarter of play, Hysinger, workhorse for the Mules began to move the ball some on the Cats. However, after a long drive, the ball was fumbled by the Mules on the Cat's 32 yard line and they recovered.

The Mule defense continued the holding pattern and Hysinger continued to make some yardage throughout the fourth quarter, along with help from Orozco, Jones and Hamilton; but, they just could not break open the big play against the Cats. As far as stats go, the Mules second half looked better than Littlefield's, but, Littlefield came in and played straight-up ball and took no chances.

Although the Mules lost the game to the Cats, the last quarter was played on *PRIDE* - Mule Pride, that is. The team has the satisfaction of knowing that they can contain Littlefield and they held them to less than 100 yards in the last half of the game.

The Mule offense also moved the ball on the Cats in the last quarter, but it just came too late. According to Williams, this was not the war, only a battle, and the Mules still have two games to go. They will play Friona next Friday and after that, Tulia. By winning these games, they will still be in a playoff berth, with the new two team ruling enacted last year. There is no doubt about it, the Mules are impressive and had some of the breaks gone differently, the game might well have come out a different way.

ceived a net payment this period of $9,883.68, up slightly from the $9,526.94 or 1982. Overall payments to date for 1983 for Littlefield totaled $195,188.9C, up from $190,568.40 in 1982 total payments to date. The City of Littlefield reflected a 2.42 percent change to date, although the County wide change was 1.38 percent to date.

In Parmer County, the City of Farwell showed a net payment this period of $997.07, up from the $824.48 of 1982. Total 1983 payments to date for Farwell are $19,199.30, up from the $17,927.68 of 1982, a 7.09 per cent change. Friona showed a net payment this period of $5,291.68, up from the $4,121.98 of 1982. Total 1983 payments to date for Friona are $73,893.75, down from he $75,038.79 of 1982, a minus 1.53 percent change. The City of Bovina also showed a minus 7.79 percent change to date, giving the county a minus 1.18 percent chanbe to date overall.

Bullock said this October's payments are 7.2 percent higher than October 1982 but year-to-date totals are still less than what the cities had received by this time last year.

"We're looking at areas that still have economic problems and other areas that show some economic growth. But taken as a whole, nobody's going any where--up or down--very fast," Bullock said.

Houston's check was the largest with a payment of $6.7 million to bring the city's 1983 total to $109.5 million, down 10 percent from last year. Dallas received $4.6 million for a total $67.5 million, up 6 percent over 1982. San Antonio's Ocotber check was for $2.4 million for a 1983 payment total of $33.5 million, up more than 9 percent.

Austin's paymemt of $1.6 million pushed its total to $22.3 million, a 15 percent jump over last year. Fort Worth received $1.4 million for a $21 million total, a 5 percent increase.

El Paso was sent $924 thousand, making a total $12.5 million, a drop of 7 percent.

Bullock also sent checks to the state's two Metropolitan Transit Authorities. Houston's MTA check for $7.7 million pushed its yearly total to $125.1 million. San Antonio's October payment was $1.3 million for a total of $18.5 million.

October checks were for taxes collected on sales made in August and reported to the Comptroller by the end of September.

Storm Damage

The Maple Gin had already ginned about 250 bales of cotton and usually average from 9 to 10,000 bales each year. McCaul could not estimate how many bales would be ginned this year.

Although many farmers had not begun to plant wheat, due to the lack of moisture, the past few days of slow, soaking rains will allow them to plant now, as soon as fields dry up enough. Many producers were covered by crop insurance, which will likely prove to be worth the money now. Some producers mentioned the rumor that crop insurance will be required on 1984 crops.

A meeting of the Bailey County Emergency Board is scheduled for the week of the 23rd, to make damage assessments on the recent storms. The assessment figures will then be sent to the state offices for further processing.

ed 198 yards rushing and 283 yards passing for a total of 481 yards.

Brett Stegall connected on 13 passes out of 21 for two TDs and two interceptions. Roberts gathered up 43 yards rushing on 9 carries, while Zapata had 23 yards in 10 carries.

Defensively, the Eagles Brad Stegall had two sacks and Dewayne Williams recovered two fumbles, one of which led to a touchdown.

Roberts caught 4 passes for 69 yards and a TD; Brad Stegall caught four passes for 36 yards and a TD and Zapata had three carries for 31 yards.

The Eagles now stand 1-3 in District and 4-3 overall.

Other factors which appear to be trade-outs, according to Bullock, include increased income from franchise taxes and insurance taxes, but lower-than-expected sales tax receipts.

Bullock also knocked out $27 million in potential tax receipts as the result of credits allowed insurance companies to offset insured losses to Hurricane Alicia.

"There aren't any pennies from heaven in this economic forecast," Bullock said, "but there aren't any hailstones either."

The painting will be given away on the night of the Carnival and was painted by Mrs. Sandi Chitwood.

The Art Deparmtnet has used their previous money from the Fine Arts Dept. Halloween Carnival on a drawing rack and kiln. The money is also used to send art-work to contest.

The Speech Department will be sponsoring the haunted house, the jail house and the pool table. The money that the Speech Department receives from the Boosters has been used in previous years for costumes for the one act play, classroom materials, props for plays, and expenses at overnight invitational tournaments.

The Halloween Carnival is one of the Boosters main money-making projects of the year. The Boosters also raise money by selling at the concession stand on Fridays during home football games. The money that both Jr. High and High School Fine Arts receive from the Boosters overall totals about $9000. This is for all three departments, which at high school includes band, who gets about $3000, Speech who gets about $1500, and Art who gets about $600.
