

AT FRIDAY LUNCHEON

Soil Awards For Girvin, McCarley

Awards will be presented here Friday to two Mitchell County farm and ranch leaders in conservation.

Presentation will be a special joint luncheon of Colorado City Lions, Kiwanis and Jaycees in Civic House with District Judge Austin O. McCloud as master of ceremonies.

L. S. (Bunky) Girvin Jr. and A. K. McCarley Jr. will be the landowners honored as Girvin as the year's outstanding conservationist and McCarley as the comeback farmer of the year.

THEIR AWARDS are presented in the Fort Worth Press Save the Soil and Save Texas program in Mitchell Soil & Water Conservation District.

The luncheon and presentation with Bob Barnes, minister of Austin St. Church of Christ as principal speaker, also will inaugurate local observance of Soil Stewardship Week which begins April 30 and continues through May 7.

Girvin's accomplishments in a program of range and crop land conservation earned him the award as the district's outstanding conservationist.

TECHNICIANS of U. S. Soil Conservation Service point to Girvin's operation as an example of utilizing and making the most of natural resources while at the same time improving those resources with a working coordinated plan for soil, water and plants.

Girvin, who has ranched south of Colorado City for more than 20 years, views his grass as his capital stock in ranching.

And his conservation operation is based on the idea of taking inventory of this capital stock. In other words it is designed to convert grass to pounds of meat he sells.

THIS APPROACH, too, recognizes that he cannot abuse his capital stock — grass — and continue to have grass. Therefore, Girvin's operation is based on taking no more than 50 per cent of each current year's growth of plains bristle grass by April 1.

In this manner he also is able to keep valuable litter on ground to slow up water and assist penetration of moisture when rain does come to this West Texas area.

Wheat Acreage Deadline Near

Producers have only five more days to certify wheat acreage seeded or substituted under the federal wheat program.

Deadline is May 1 at the Mitchell County Agricultural Stabilization & Conservation office.

Certification is necessary for any producer to be eligible for wheat program benefits — certificate, price support or substitution.

"If a producer does not plant wheat, he still is not eligible for substitution and certain tolerances unless he had made proper certification at the ASC office by May 1," emphasized Eddie Braswell, ASC office manager.

May 1 marks another sign-up period also at the Mitchell County ASC office.

This will be the beginning

date for signing up for second quarter of ACP cost-sharing practices.

Aerial spraying of mesquite and summer cover crops will be included in the second quarter along with other applicable ACP practices.

A total of \$11,000 is available for the second quarter program — this includes carryover of funds from the opening quarter of 1967.

Cost share for aerial spraying of mesquite is \$1.25 per acre and contractors can begin application May 10 under the program.

Summer cover crops forage sorghums, cow peas and guai — will have a \$2 per acre cost share.

Another deadline nearby is April 30 — final day for grazing land to be diverted under the ASC program.

Millington Rites Here

Funeral for Hugh L. Millington, 66, former citizen of Colorado City, was conducted in First Methodist Church at 3 p.m. Saturday by the pastor, Rev. Billy Wilkinson.

Mr. Millington, who lived here from 1928 until 1945 as a Shell Pipeline employee, died in a Killeen hospital Friday at 5:30 a.m. after a long illness.

In Killeen he was owner and operator of a restaurant, a member of the Methodist Church, and a 32nd degree Mason.

Born in Ardmore, Okla., Nov. 5, 1900, he was married to Miss Bessie Matthews in Abilene, Sept. 27, 1931.

His wife and two sons, Jerry H. of Houston and Johnny Joe of Killeen survive. Also surviving are a sister, Mrs. Rosabelle Pruitt of Ardmore; one granddaughter; three nieces.

Mrs. Millington is the sister of three Colorado City residents, Mrs. A. A. Herrington, Mrs. R. M. Reed, and Mrs. Wilfred Fox.

Masonic rites were in Colorado City cemetery where burial was directed by Kiker & Son.

Pallbearers were George Mahoney, Sims Palmer, Leonard Henderson, Charles Godwin, Herbert Gunn, and Lewis B. Elliott.

Bounty For New Jaycee Recruits

Colorado City Jaycees are on the hunt, so to speak, for new members.

They are starting a month long membership drive with bounty offered for recruits.

Director approved this week a \$10 gift certificate to the Jaycee who sponsors the most new members during the special campaign.

Valedictorian, Salutatorian, Honor Girl

Highest scholastic honors for the 1967 graduating senior class, Colorado High School, go to Carol Cooper, extreme left, valedictorian of her class with a three-year average of 95.875. Stetson Cowan, center, will deliver the salutatory address at graduating exercises. His average is 93.885. Donna Hall Mize, at right, earned the honor of second high girl with an average of 95 points. Seven other honor students were also named. (See story, page 4, section 2).

Jaycees To Stage It

Battle Of Bands

Jaycees are mapping two major projects for June. They will stage a battle of bands — pop and big — here with \$150 in cash prizes June 3.

They will be right back in action in early June, too, sponsoring concessions and ticket chores for Western Riding Club's Annual Junior Rodeo.

The rodeo is scheduled for June 15, 16 and 17 and draws contestants from all over the Southwest.

Jaycees directors approved the two projects at a meeting Monday night in Texas Electric Service Company's Reddy Room.

The battle of bands is a new, unique event for the Mitchell County area — offering both an opportunity to musicians to present their combos to the public, and also offering entertainment for all age groups.

Jaycees are hopeful at least 10 musical groups will enter the battle for \$150 in cash prizes.

The combo acclaimed No. 1 in the event will receive \$100 and the No. 2 group will be paid \$50.

The event will be staged in Colorado High Gymnasium to provide ample seating capacity.

In the rodeo, Jaycees again will be cooperating with

Western Riding Club in staging the three-day program that brings in young contestants for arena competition. Club officials invited Jaycees to join with them in the 1967 rodeo and the Jaycees accepted the invitation to cooperate.

Teen Baseball Gets Support

Colorado City's Pony League baseball may be expanded into a full teenage program.

That's the report from E. B. (Bin) Carlock, who announced that a meeting for the program is scheduled for Thursday night.

The meeting will be at 7:30 o'clock in Community Center.

All those interested in the Pony League and teenage baseball are urged to attend, Carlock said.

have been held for Pony League baseball for boys 12, 13 and 14 years of age.

"But these meetings also produced plenty of interest also for teenage baseball beyond the Pony League ages," Carlock said.

"So, the idea has developed for expanding the program to also include teenagers 15, 16, 17 and 18 years of age."

It is for this expanded program — from age 12 through 18 — that the meeting is planned Thursday night.

Performance Classes In Horse Show

Forrest Smith Shows A Winner

Deputy Sheriff Forrest Smith exhibits Beau Dodge winner in the halter class for 1965 stallions Saturday at Colorado City's Quarter Horse Show. Smith's big stallion made the finest showing of any

Mitchell County horse in the fourth annual show which attracted entries from an area reaching from Austin into New Mexico.

A special Chamber of Commerce membership meeting May 1 will look to the possibility of hiring a chamber manager.

The professional post has been vacant for the last three months since resignation of Mrs. Don Gular.

Frank Derogibus, Chamber of Commerce president, will conduct the meeting with all chamber members are invited to attend.

THE MEETING will begin 7:30 p.m. in Civic House and will be followed by coffee and doughnuts, according to Frank Derogibus, Chamber of Commerce member, who is in charge of arrangements for the session.

"The question of proper management for our Chamber has been studied by the board of directors during the last few months," Piland said.

"And the board recognizes the need for capable, full-time professional management."

"HOWEVER, OUR Chamber of Commerce — like all towns of this size — is limited in ability to compete for professional management. "So, the board of directors is urging that all members join together in this special meeting Thursday night to study the problem and its best solution," Piland said.

JACK SPRINGER, executive vice president of West Texas Chamber of Commerce in Abilene, an organization which has completed a special "task force" study into the problems of towns under 10,000 population in West Texas, is expected to attend the special meeting and discuss the management problem.

Also speaking will be Charles C. Thompson, former Chamber of Commerce president and head of Colorado City Industrial Team, and Derogibus, the current president, and Joe Bell, former president.

Jeff Taylor, who has served two terms as Chamber president, will report on the financial capabilities of the organization.

Cowan Gets AF Academy Appointment

Stetson Cowan, salutatorian for Colorado High's 1967 graduating class, has been accepted for United Air Force Academy.

Congressman Omar Burleson notified the Record Wednesday of Cowan's appointment.

Conservation district points out that a local "pioneer" in controlling mesquite, cactus and other competitive growth. His successful control methods include mechanical grubbing, basal oil spray of both mesquite and cactus, chemical crown treatment by aerial application.

His range land was cross-fenced prior to brush control operations so that deferrment periods could follow the control practices.

Griffin's emphasis on range deferrment grazing is another reason for his selection as the district's outstanding conservationist. His attitude is not to spend money to control brush without resting the control area after treatment.

This deferrment allows grass to use water that would have been taken by the brush.

ALTHOUGH MUCH of his award winning conservation program is devoted to ranch and range, Griffin's cropland program also is cited for outstanding accomplishments. These include:

Conservation cropping system in sorghum, small grains and cotton with crop rotation, strip row seeding for windstrip cropping.

Contour farming with utilization of terraces as guide lines.

Use of crop stubbles for maximum soil protection against wind, water erosion.

Installation of terraces on the level for maximum use of available water, including 32,166 feet of new construction.

Installation of sprinkler irrigation system to meet needs of crop and soil conservation.

GRIVIN'S OVERALL conservation practice has applied both proper use and deferred grazing plans to 740 range acres, applied brush control to 650 acres, constructed 7,240 feet of cross fences, constructed for livestock watering 2 wells, 2 storage tanks and 5 troughs accomplished cover-cropping on 169 acres, conservation cropping system, crop residue use and contour farming on 232 acres; built 54,250 feet of terraces and 2,035 feet of diversion.

Washington Visit Review At Federation

Mrs. J. W. Watson, president of the Mitchell County Federation of Women's Clubs, gave a report of her recent visit in Washington, D. C., Tuesday when the federation met in Hesperian Room, Mitchell County Public Library.

Returning to Colorado City Saturday, Mrs. Watson had been a delegate to the National convention of Daughters of the American Revolution.

While in Washington she toured Constitution Hall, Memorial Hall, the White House, the Smithsonian Institute, and visited the official home of the General Federation of Women's Clubs Mrs. Watson is also president of the Hesperian Study Club here.

Program for the afternoon was presented by Mrs. Evelyn Kealey, member of the 1949 Study Club, who discussed "The HemisFair of Texas."

Garden Club Show Off

Colorado City Garden Club's annual spring flower show, originally scheduled for Saturday, April 29, has been cancelled.

Members in a called session voted not to stage their traditional show because of drought conditions throughout town and county, and shortage of show-quality flowers this season.

Garden Club shows are usually held in the Community Center each April.

Dale Mathis At TTCAA Convention

Dale Mathis of Colorado City attended the recent convention in Dallas for Texas Television Cable Antennae Association, April 20 through April 23.

Operators and cable owners from 240 systems registered. Mathis is chief engineer for the cable TV systems in Colorado City and Abilene.

Highlight of the convention was a 25-minute video taped television program for cable systems, "A Cable Visit With Your Legislator."

The program is one of several taped in Austin for exclusive showing to subscribers in several Texas cable systems. The program was seen April 17 in Colorado City, cable channel 3.

Glenn Sealhorn of Del Rio, president of Frontier Electronics, was elected president of the Texas Association for the next year. Johnny Manikin of Tyler is secretary of the association.

Mrs. James (Mary Sue) Hull is local manager for Frontier Electronics.

Wolves Trail At Regional

Colorado High's track season closed Saturday in Lubbock in regional competition. The Wolves' unbeaten mile relay team and 880-yard specialists, Larry Campbell, trailed for the first time this season.

So did Coach Dell Riley's pair of miler, Paul and Apolinar Molin, and sprinter Dan Steakley.

The relay team of Bobby Pineda, Robert Brown, Donnie Higginbotham and Campbell, ran their fastest time of the season—3:22.1. However, it was good enough only for third place behind Memphis, winner with 3:21.5 and Hale Center, 3:21.8.

Thus, the Wolves, who had been counting on the relay team qualifying for the state meet, didn't earn the trip to state meet in Austin.

Campbell ran a 2:00.2 time in the 880—2 second slower than his best time during the season—and finished fourth behind Dal DeBerry of Olton, Derrell Munday of Floydada and Bill Vance of Panhandle. DeBerry's winning time was 1:59.2 followed by 1:58.6 and Vance's 1:59.2.

Steakley, the sophomore, did not qualify for the 100 finals but moved into the 200 finals. However, he did not place in the top 6.

Also out of the running were the Molinas who had finished one-two in District Cowan.

See Cowan Page 4

The student, son of Dr. and Mrs. W. R. Cowan, competed with five other young men, all nominated by the congressman, and has been found fully qualified for academy admission.

If he accepts the appointment, he will join the class scheduled to enter the academy June 26.

However, Stetson informed the Record he had not definitely decided upon the academy appointment and also was considering Southern Methodist University and Rice University as possibilities for his college studies.

Buy Bonds where you work.

They do.

They work in Vietnam—for freedom. They're helping to pay the bill for freedom, too. Like many of our servicemen overseas, they're investing in U.S. Savings Bonds. Bonds are a good deal: A good way to save up for college... or for a

home... or just for a future that's free and worth having. There's a good way to show these men you're on their side. Buy U.S. Savings Bonds where you bank, or join the Payroll Savings Plan where you work. You'll walk a bit taller.

U.S. Savings Bonds

Bond facts: Savings Bonds pay you back \$4 for every \$3 in only seven years... are replaced free if lost, destroyed or stolen... have special tax advantages... can be redeemed whenever the need arises.

CONVERSATION CORNER

ENJOY yourself. It's later than you think, beginning Sunday. It's gonna be bedtime before it gets dark, which will delight all the little youngans and disgust all the weary mamas.

Enjoy yourself the rest of this week. And remember to turn the clocks and watches UP ONE HOUR at bedtime, Saturday.

Daylight Saving Time becomes legal at 3 a.m. Sunday, April 30. It's gonna be legal all right, all right.

But that still doesn't make it sensible.

WHAT do you enjoy, speaking of enjoying yourself. here just before DST (Dern Shabby Trick) turns all Int'l confusion?

Well, now... let's see... the very idea of rain brings joy — or would it we never got any. (Shall we now sing a song entitled "Into Each Life Some Rain Must Fall, But Not Much Is Falling In Mine")

Do you enjoy yourself with any of these... uninterrupted reading of the Sunday papers... coming across your old high school or college annual... the first box of new season strawberries... the sound of First Methodist chiming... the special green of mesquite trees... nylon next to the skin?

HOW ABOUT a leisurely drive just before sundown... the pungent smell of garden tomatoes... cartoons that tickle the funnybone... poetry you can understand?

The taste of homemade bread like that baked by Alice Coles (Mrs. Roy Davis) and Addie V. Payne (Mrs. Jimmie) mysteries about Nero Wolf by Rex Stout... a red rose in a bud vase?

Eating lunch in a ribw "fatish" and different place — like the Golden Stagecoach Restaurant at Old Abilene Town... seeing a good movie on TV that you had missed on the wide screen... taking time to watch how the birds play in the spray from the lawn hose... answering the door bell to see an unexpected favorite person?

WHATEVER it takes for you... enjoy yourself, it's later than you think — or is gonna be beginning Sunday. Theoretically, everybody will inherit an extra hour a day for putting off things that need to be done today until tomorrow... for forgetting good intentions... for making more mistakes... and for keeping up with the neighbors.

Actually, very little good will come of the whole thing. Except, of course, that those of us who expect to gripe about it all summer long will have one whole extra hour to do our fussin' in.

ANSWERED the door bell, Sunday, to look upon the six foot plus form and pleasing countenance of Pvt. Jamie Anderson, here on a weekend pass from Fort Sill in Lawton, Okla. He's due to finish his National Guard active duty with the regular Army in about three weeks now. Jamie, former Record editor, will then resume his position in Austin with the publication of the Texas Co-op.

Looked up the typewriter to see two favorite members of the 21 Study Club, Sadie Hardison (Mrs. U. G.) and Winnie Quinney (Mrs. J. Floyd) office visiting.

Mrs. Hardison, by the way, leaves May 5 for Houston to help daughter Ruth, her husband Ross Glover and Ross Jr. get settled in their brand new home.

Winnie, on the other hand, plans to fly to California for her spring visit with her daughter Nina Katherine, her husband H. L. Crout Jr., and their son Don, May 8. The Crouts live in Tustin.

What with us on DST by then and the change to mountain, then the Pacific time zones, Winnie will arrive in California about the time she leaves Midland, Texas... if you follow, and am not sure I do.

SEEN LATELY'S included Evan Campbell... Virginia Dearen, wife of Toby and mother of bride-to-be, Connie. Connie will wed Wayne Williams at the Farmers Branch home of his parents because his father, officiating minister, has been seriously ill.

Saw Pat and Jimmie Kelley and their youngest daughter in a charming threesome at lunch... Billie and Elmer Martin in a twosome.

One of CCity's most beautiful gals, Sandy Landau Ringle, wife of Herma, was here last weekend from Denison.

Saw Dale Redman and Clorine Stewart (Mrs. A. B.) at the library... Talked via Southwestern Bell to an F.P. (favorite person) named Mrs. W. L. Joyce of East 9th St. and caught a glimpse of pretty Janice Miller, HD Agent.

OFF THE CUFF: Did you know that Mamie and Eli May spent a recent weekend visiting their daughter Gloria teacher in El Paso school, and taking in the races?

Have you heard that there is at least one cruel heart among us somewhere? At least, several family dogs and cats have recently been fed poison.

What kind of a monster mind does it take to think up the deliberate murder of other people's beloved little pets? For shame! Suppose somebody's toddling child gets a bite of whatever it is?

It must require a steady hand and an unsteady mind to think up that one.

FAMILIAR and nice faces, various places, belonged to Mrs. N. F. Hall, Record's correspondent from China Grove... Billie and Don Henderson... Gus Chesney... Mrs. Dell Riley, wife of CHS track coach.

Saw George and Mozelle Callender... Arlene Morris, P.M. which in his case does not mean afternoon. It means post master.

Hear tell the Jimmie Paynes were at Arlington Tuesday night to see daughter Arla Jo receive the Col. Earl D. Irons award as most valuable band member. First-time it's ever been won by an Arlington College GIRL.

Nick Moore, grandson of Mrs. Newt Miller, has been selected for and has accepted the appointment to Coast Guard Academy, New London, Conn.

Dois Pace's Pupils Take Sweepstakes

Dois Pace, first-year teacher and director of Lamesa Junior High School Band, led his band to sweepstakes honors with ratings of one in sight reading and in concert in UIL competition at Odessa, Saturday.

LJH Band won the rating I in earlier marching contest at Big Spring. The band was awarded a sweepstakes trophy for outstanding performance in all three categories. In March the band students were in Midland for solo and ensemble contests and won 33 one division medals. Junior High stage band at Lamesa will present a May 14 concert, with the all-band spring concert to be May 19.

Pace, a 1962 graduate of Colorado High School, was band pupil of Dwight Tomb from the seventh through the twelfth grades here in Colorado City. He holds his degree in music education from West Texas State University in Canyon.

His parents are Mr. and

Mrs. P. H. Pace, 1021 Locust. His wife is the former Miss Jimmie James.

Junior High Band Scores

Junior High School's band of 81 members won a rating of one (highest honor) in concert during University Interscholastic League contests at Madison Junior High School in Abilene Saturday. Colorado Junior High placed second in sight reading. Bands are judged against a standard.

Accompanied by Bob Newman, director, and Dwight Tomb, head band director for Colorado Schools, the band left Colorado City at 6:30 a.m., played at 8:50 a.m., and returned home at 1:30 p.m.

No. 1. "Moonlighting Wives" Plus "Girls Of The Night"

Leslie Smith Going to UIL State Finals

Colorado High School took first place honors in combined points for journalism regional contests held in Lubbock, Saturday, with a total of 265 points.

Leslie Smith, daughter-of Mr. and Mrs. Jack Smith, scored second high for individual points with her first place in copy-reading, second in headline writing, fourth in newswriting.

Jennifer Reeves placed second in headline writing. University Interscholastic League contests in journalism are scored in five contests — news, features, editorial, copy-reading, and headlines.

Leslie Smith will next go to the state competition for UIL in Austin, May 4 and 5.

Mrs. Gerald Gordon, journalism teacher and sponsor for the Howl, CHS school paper, and the Quill & Scroll, accompanied the students to Lubbock and will accompany Leslie to Austin.

This is the 13th time out of 18 "tries" that Colorado High School journalism students have won their way to state competition.

Journalism Teacher & Winning Student

Mrs. Gerald Gordon, journalism department teacher and sponsor of Colorado High's newspaper, The Howl, and Leslie Smith, at right, will be in Austin May 4 and 5 where Leslie will compete in the University Interscholastic League state contests for high school journalists. Leslie, one of the top ten honor students in '67 class at CHS, placed first in copy-reading at regional contests in Lubbock, Saturday, and scored second high in individual points. Colorado High took first place in total combined points, with Jennifer Reeves placing second in headline writing.

IN CORPUS CHRISTI

Wolf Band Headed For Music Festival

Four bus loads of Wolf Band members, 87, in all, were due to leave Colorado High School Thursday at 4 a.m. for the annual Bucaener Music Festival in Corpus Christi.

With the CHS' Band are Dwight Tomb, director, Bob Newman, assistant director, six chaperones and four bus drivers, making a grand total of 99 Colorado Citizens headed for the coast.

Main highlight of the band trip will be their contest performance at 8:50 a.m. Fri-

day as one unit of the 70,000 bandsman-in-Corpus Christi for the National Music Festival. Colorado City will compete against Class AA bands from Texas, Oklahoma, New Mexico, California, and Louisiana.

Also on the agenda for Wolf Band is a trip to Padre Island with a beach party to be featured; a stop in San Antonio; a visit to Del Mar College.

Complete schedule follows

Thursday leave at 4 a.m.; rest stop at Eden, 6:30 a.m.; picnic-lunch Kerrville Park, 11:45; rest stops at Kerrville, and Pleasanton enroute to Ranch Motel in Corpus, arriving there 4 p.m. Ship O' Hey diner party at 7:30; lights out, 11 p.m.

Friday breakfast at 6 a.m.; inspection, 7 a.m.; warmup 8-15; contest, 8:50 Memorial Coliseum; visit to Del Mar College to hear Snyder High Band play at 10:05; lunch in Del Mar cafeteria, 11 a.m.; back at Ranch Mo-

tel, 1 p.m.; rest at Padre Island, 1:30 p.m.; beach party 6:30; lights out, 11 p.m.

Saturday leave Corpus 10 a.m.; rest at Piedmont, at 12 noon; lunch at San Antonio, 2 p.m.; rest at Mason, Dalinger, back home at 8:30 p.m.

Funds for financing the annual band trip are made by band students in their annual sale of Colorado City Record subscriptions, and by the Band Boosters, produce, fruit cake sales, and a band concert.

Good Conservation -

Few efforts deserve attention any more than our soil and water conservation.

That's why I think it is a fine thing—that combined luncheon for Kiwanis, Lions and Jaycees — Friday saluting outstanding soil stewardship.

I'm for saluting every farmer and rancher who helps us build for tomorrow by renewing our natural resources with good conservation practices. They are valuable to our community and nation — just like the businessman who practices community conservation with civic service for a better, progressing town.

Lower Age For Voting Senator Says 18-Year-Old Ready

By RALPH YARBOROUGH
United States Senator

On January 12 of this year, Senator Mike Mansfield of Montana, the Majority Leader of the United States Senate, introduced a proposal to lower the voting age to 18 through an amendment to the United States Constitution. It was my great privilege to join with 37 other Senators to sponsor this proposal, known as Senate Joint Resolution 8.

Four states already have voting ages lower than 21 years of age: Georgia and Kentucky permit those 18 years of age and older to vote; while Alaska has a voting age of 19 and Hawaii, 20 years of age.

It is estimated that there are over 10 million young Americans in the 18-to-20 age bracket. Young Americans between the ages of 18 and 21 have proven that they are responsible members of society, playing a vital role in our economy, improving their education, serving in the armed forces, and supporting families.

The young adults of today are better educated and better informed than ever before in our nation's history. Twenty years ago, in 1947, only 24.3% of the 18 and 19 year olds were enrolled in school. By 1965, 46.3% of the 18 and 19 year olds were

continuing their education. At age 18, young adults are at the usual age for graduating from high school and are either starting a career or furthering their education. Most have just completed courses in school studying the governments of their state and their nation, as well as our history; these 18, 19, and 20 year olds are better informed than this age group has been at any time in our history.

One of the ideas which these young people have learned stands out in history. It was the great revolutionary act of "No taxation without representation." This could well be used by those 18 years of age today. In 1966, 3 1/2 million of the 18 and 19 year olds were employed; they were earning money and paying taxes. They contributed to our economy through their efforts and services; and they have helped finance our nation through their taxes. They deserve the right to a voice in deciding where their taxes go.

Today there are over 416,000 18 and 19 year olds serving in the armed forces of the United States. A great many of them are risking their lives daily in Vietnam. And we are fighting and dying for a country which does not even allow

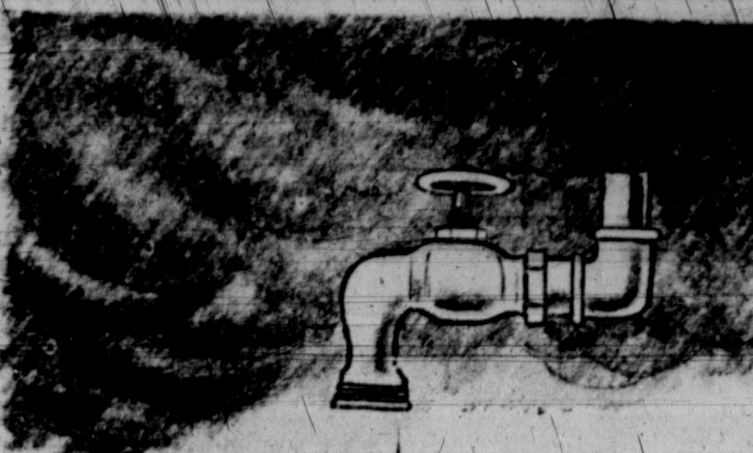

them a vote in selecting the officials who may determine their destiny.

These young people also should have a greater responsibility today at home. In 1966, 306,000 of our 18 and 19 year olds were serving as heads of households.

Too often we let the sensationalism of our news media obscure the truth of the situation concerning our young adults. The 400,000 young men in uniform, and the millions working their way through college, and the hundreds of thousands who are supporting their families are usually forgotten when we hear of a small minority committing crimes or burning flags and draft cards.

A person who supports our nation through taxes and may be called upon to die in Vietnam as a result of decisions by his nation's leaders, also deserves the right to cast his vote in selecting these officials. The recent Gallup Poll shows that 64% of all the people in the United States now favor the right to vote by those who are 18 years of age and above.

It is for the millions of good citizens of this age bracket that I appeal, for people at 18 years of age in America today are better educated and informed than ever before in our history.

WAITING GAME

Legislators Fall In Line They Follow Governor's Budget Plan

By VERN SANFORD
Texas Press Association

Legislature showed signs of quick response to the request by Gov. John Connally to postpone writing a tax bill until next year and to adopt a state governmental budget for only half the fiscal biennium.

Both House and Senate budget-writing committees will scrap their biennial appropriations measures and have one-year bills ready for action this week.

In an unusual night speech to a joint session of the House and Senate, Connally pledged to call a special session next year to pass a 1969 appropriations bill and consider necessary new taxes. Overall purpose was to break legislative logjams on major legislation.

State financial picture appears to be this: Under the one-year budget plan, about \$137,000,000 in additional spending can be done in the year starting next September 1 out of the general revenue fund. Because in past years the estimates of Comptroller Robert S. Calvert have been conservative, there generally is a surplus left at the end of each year. Connally thinks a surplus of \$50-60,000,000 might be in sight a year from now. This size of the tax bill to be passed could be that much less than it would have to be if it were passed now.

CRIMINAL CODE — Major revisions in code of criminal procedure to meet criticism of law enforcement officials is being speeded to House floor by Criminal Jurisprudence Committee.

Major changes deal with warnings of rights of accused by judges; arrests of suspicious persons without warrants; notice of pre-trial hearings; sentencing procedure; and requirement that witnesses to crime identify themselves at request of a police officer. Committee voted down effort to allow greater freedom in use of oral confessions in trials.

AG OPINIONS — Atty. Gen. Crawford C. Martin held he could not approve bonds supported by Trinity River Authority tax of 15 cents on \$100 valuation as proposed in Senate bill amendment because notice of intent to introduce measure was not published locally as required by constitution.

In other recent opinions, Martin concluded that:

- A sheriff is authorized to release a prisoner "laying out" his fine in jail after he satisfies sentence and court costs at the rate of \$5 a day.
- State Building Commission can enter a contract, prior to September 1, for a liquor tax collection station at Cordova Crossing, El Paso, although construction will begin before transfer of site to the U.S. under the Chamizal agreement.
- Texas Water Rights Commission is not barred from canceling unused water permit for five years following public hearing where permittees ask partial cancellation without hearing.

Outdoor In Texas They're Flying Now To Fishing

By VERN SANFORD
Texas Press Association

If you have to go fishing in a hurry—don't have long to stay, or it is too far to drive—take wings! Fly, man, fly!

Use of planes for fishing trips is becoming quite commonplace. Individual plane owners have been flying to their favorite fishing spots for a number of years.

Today, however, hundreds and hundreds of Texans are using regular commercial planes or special flights to get them there and bring them back in a hurry.

There are organized "group" trips, too!

Perhaps the best of the "group" air-fishing-lunkets by Texans are staged by the Texas Game Fishing Club of Dallas. Members of this club have been just about everywhere on the North American continent, with several chartered trips a year!

Other clubs, such as the Dallas Woods and Waters Club, and a new one in Austin also have promoted these organized trips to Canada and other hot spots of fishermen.

There's always a thrill in going to some new, far away place to cast a few lures. However, Texas should not be overlooked.

Texas has fine fishing in more inland waters than any other state. Most of these waters are reachable by commercial air lines. You can fly between cities, then rent a car at the airport, spend a day at your favorite lake

and return home at night. If your time is worth anything it generally will be cheaper to fly than to drive any great distance.

From North Texas it's only a little more than an hour to the Texas coast. You have a choice of scores of good places, all the way from Port Arthur to Brownsville. All are served by commercial airlines.

If you live in South Texas and want to fish one of the seven Highland Lakes it's but a short hop into Austin or you can go on to Waco, Fort Worth, and Dallas for an abundance of good sparkling water. Or fly into East Texas—ray to the Longview-Lufkin-Nacogdoches area—fast becoming the fisherman's paradise.

You can go west too, young man, clear to the Rio Grande. You can land in Laredo or El Paso—or any number of spots in between.

And there's some good new fishing waters in the Panhandle area—all reachable by air.

Texas has more than 200 inland lakes and reservoirs, some of them mighty, mighty big, too. You can't visit them all, but you can try. Go by air and have a day to spare.

I've made a number of these flying trips, especially on the week-end.

Most recent one was out of state—a weekender to Little Rock-Ark.

Four of us flew up there, rented a car and drove to Heber Springs where we got in a day and a half of fish-

ing on Greer's Ferry Lake. It's a new impoundment built by the Corps of Engineers.

We flew Trans-Texas from Austin to Dallas, to Little Rock. Flying time was slightly more than two hours. Then I took my only a little more than an hour to drive from Little Rock to the lake. Total time to get from our homes to our fishing waters, a distance of almost 600 miles, was less than five hours.

At an average car speed of 50 miles an hour, which is pretty hard to maintain, it would have required 12 hours each way, or 24 hours. We would have been tired when we reached our destinations and even more tired when we arrived home. Even worse we would have lost an awful lot of good fishing time... not to mention sleep.

Naturally you travel light, when you fly. Each of us took along two rods, an ample amount of tackle and a camera.

For trips of this kind, a person should carry his rods and reels in a good sturdy case to protect them from breakage. Although we took more lures, a dozen well chosen ones would be ample. For example... two spinners, two spoons, two deep running plugs, two topwaters and an assortment of leadhead jigs plus a first full of plastic worms and weedless hooks.

Include an extra spool of line, a pair of small pliers and a flash-light... and that's about all you need. Your boatman will have a landing net, stringer and the other necessary items.

But be sure to carry a warm jacket and light raincoat. You might not need em but they're good insurance against rainy weather or a sudden norther.

Take wings—and try one of these flying trips sometime. You'll local airlines representative will be glad to help you work out a schedule.

Most of the good fishing communities have alert Chambers of Commerce. A ring to even the smallest of them will bring you an abundance of material about lodging, etc., including guide service.

And believe you me a good guide is the best investment you can make—especially when you're not familiar with the area.

RAILROAD CROSSINGS

A measure acceptable to both the Texas Motor Transportation Association and the Texas Joint Railway Labor Board now is awaiting action before the House.

Bill provides that trucks carrying explosives or inflammables stop when crossing railroad tracks within city limits but only slow down to 20 miles per hour or less when crossing tracks outside of cities.

SAFETY BILL

An occupational safety bill, subject of bitter controversy and deadlocks in past legislative sessions, was passed by the House 143-0. A compromise version was hammered out after usual friction over terms developed. Senate passage is likely.

Bill calls for Division of Occupational Safety in State Department of Health, with three-member board to formulate standards. A safety engineer would inventory all industrial accidents and advise the board on needed rules.

CRIMINAL CODE

Major revisions in code of criminal procedure to meet criticism of law enforcement officials is being speeded to House floor by Criminal Jurisprudence Committee.

Major changes deal with warnings of rights of accused by judges; arrests of suspicious persons without warrants; notice of pre-trial hearings; sentencing procedure; and requirement that witnesses to crime identify themselves at request of a police officer. COMMUNITY CENTERS

Bill by Rep. Billy H. Williamson of Tyler to make more cities in Texas eligible for grants-in-aid for community mental health centers has passed both House and Senate.

State now may make such grants-in-aid to cities of 100,000 or more population. This bill would lower that minimum to 75,000. It also would allow grants-in-aid to a center serving less than 75,000 population, if the state commissioner of mental health and mental retardation declares it eligible.

EDUCATION

House of Representatives passed two measures of the education package sponsored by Rep. Alonzo Jansin of Denton.

One would allow some col-

School Racial 'Mixing' New Court Ruling Disturbs Burleson

By OMAR BURLESON
United States Congressman
17th District

The Supreme Court has just made another ruling which will have far-reaching effects. By upholding a Federal Trial Court, a new doctrine has been created to the effect that the States have an affirmative duty to mix the races in public schools.

Previous court decisions had laid down the rule that the Constitution does not require integration. It merely forbids discriminatory racial segregation. Under this theory the assignment of pupils by race to achieve a balanced distribution would be unconstitutional as the assignment by race to prevent integration. As a matter of fact, all the Civil Rights legislation passed in recent years has as a central objective the prohibition against disallowing children entering public schools because of race, creed or color. No part of the Law contempla-

tes the forcing attendance of the races in order that an approximate equal number would attend a particular school.

The court has not explained why it has shifted its position. One dissenting Judge of the Court of Appeals called the ruling of that Court "an abrupt and unauthorized departure from the mainstream of judicial thought."

"GUIDELINES" Imposed by the U. S. Department of Health, Education and Welfare look to a racial balance in all public schools. This means that if not enough negro parents chose to send their children to white schools, the Federal Government will do the choosing for them. It also means that if not enough negro teachers are assigned to schools where a large number of white pupils are in attendance, the Federal Government will refuse funds unless the imbalance is corrected. The so-called "Guidelines" indicate percentages that must be achieved in order to satisfy requirements.

The court has, in effect, taken over the legislative function in sanctioning virtual control of the public schools systems by the Federal Government.

This decision affects mainly six states in the deep South.

AN EDITORIAL in the New York Times says that "The Supreme Court was wise in refusing to entertain further frivolous delaying actions by States in the deep South on school desegregation and the decision should hasten constructive development." This, in spite of the fact that no city or State has a greater problem in attempting racial balance in schools than does New York.

The rightness or wrongness of these goals as a legal or moral principle is beside the point. The point is the tremendous power of the Federal Government by use of the Federal purse-strings. Long ago the Courts held that the Federal Government can control that to which it contributes.

The hearts of the great cities of the country are experiencing an exodus of people to the suburbs. This leaves an increasing percentage of negro families in the city proper and, of course, greatly increases the imbalance of the city schools. Therefore, a balance will require the bussing of children from within the city to the suburbs and from the suburbs into the city. This is a great issue in the City of New York at this very time. It will become an issue and a problem for every large city, creating insoluble handicaps. But this is seemingly the intent of the Department of Health, Education and Welfare.

How will the requirement be enforced? Simply by donating funds to any school district which does not comply.

HEARINGS are being conducted by Committees of the Congress on the so-called Guidelines involving new authorization of funds, as well as appropriations for Laws already on the books.

The withholding of funds for failure to carry out instructions formulated by the administering Agencies is not limited to the schools. It is applied to highways, hospitals and other programs financed by Federal funds. It is to be applied to defense contractors, research grants and grants-in-aid of all sorts and kinds, even to the Agricultural Program administered at the local level.

Sermon of the Week -- "When God Is Pleased" --

By CARL LEE
Pastor

Oak Street Baptist Church

Enoch walked with God and one day he went walking with God and enjoyed himself so much, that he never returned. "God translated him that he should not see death."

It could have very well been engraved on Enoch's tombstone, had he had one, the following inscription: "HE PLEASED GOD."

I would suppose, that among all of the worthwhile epithets, this one would be the most noteworthy. The saying is short, but it is the greatest compliment that could ever be made to an individual.

It could very well be that your family, friends, employer, co-workers, and others with whom you are associated, would find you pleasing in every respect.

However, I would like to ask you the very serious question: Is God pleased with you? After all, is it not God, The Eternal Judge, whom you must ultimately answer for your way of life?

(Heb. 4:1) — Furthermore, we are admonished to "hold fast the profession of our faith without wavering" (Heb. 10:23) because, "the just shall live by faith; but if any man draw back, my soul shall have no pleasure in him" (Heb. 10:38).

One might ask "what is faith?" Barclay states Hebrews 11:1 in this manner: "Faith means that we are certain of the things we hope for, convinced of the thing we do not see."

We see by this description, that faith is not a guess or a leap into the dark. Faith is confidence.

Faith is coming to God with the firm conviction that He exists. Faith is a confidence in God, that "He is a rewarder of them that diligently seek Him" (Heb. 11:6).

Enoch has the eternal reputation, that "he pleased God." Are you pleasing God today? Perhaps you should cry out with that one of old, "help thou mine obligation."

Boating Tips...

DISTRESS SIGNALS

With today's finely engineered motors and modern boats, there's seldom need to summon aid while afloat. Statistics show that the major reason for distress cries is simply "running out of gas."

If you ever find yourself in this embarrassing position, here's how to attract attention, say the Mercury outboard people. If other boats are in sight, stand with your arms spread and move them up and down like a bird's wings. Or you can attach a white shirt to a fishpole or oar and wave it back and forth above your head.

Some other ways are: signal "SOS" (three dots, three dashes, three dots) with a flashlight; activate one of the smoke flares designed for just such situations; continuously sound any fog-signal apparatus; raise a square flag with a ball or something resembling a ball underneath it; carry emergency flares with you and set one off whenever anyone approaches in a boat or airplane.

Better still, carry enough gas.

Art Featured By Speaker At 1921 Study Club Meet

One of the highlights of the 1921 Study Club year was their art program, presented by Mrs. A. O. Hickman in the Hesperian Room, Mitchell County Public Library.

Art lecture by Mrs. Hickman was accompanied by color slides illustrating her subject.

The speaker began with American painting from 1560 to 1915. "The great bulk of American painting was portrait work with few landscapes surviving," she said.

She followed her introduction with a discussion of the influence of trained artists from Europe on American art and artists.

"First pictures of the primitive type gradually became

more sophisticated as a closer relationship developed between American painting and the main current of European art," she noted.

She mentioned Benjamin West and John S. Copley as two of the greatest American artists from the 18th century.

Mrs. Hickman then showed color slides illustrating work of outstanding artists from the 18th and 19th centuries with brief biological sketches of each artist.

Among artists she chose were John Smibert, Robert Fels, Matthew Pratt, John Copley, Gilbert Stuart, John Audubon, 18th century; Thomas Cole, George Inness, Wislown Home, John Singer

Sargent, James McNeil Whistler, Albert Ryder, Mary Cassatt and Childe Hassam, 19th century.

Mrs. Ruth Dozier, librarian, presented a short resume of art books available in Mitchell County Public Library.

Club members will meet Friday in the home of Mrs. W. C. Hooks, 544 East 13th, for a program featuring music with Mrs. Doris Martin, Loraine member, in a skit, "Piano for the Parlor." Mrs. J. F. Quinney will be leader.

Final club session of the year will be Friday, May 12, with two guest artists, Mrs. James E. Payne and Mrs. J. C. Garrett to present the program.

Mexican Food Sale Saturday

Real and homemade Mexican food will be served at Community Center, Saturday, beginning at 11 a.m., by several members of St. Ann's Catholic Church Youth Fellowship.

The food sale will be for the benefit of the candidacy of Miss Gloria Amezcua, one of the CEX Elesta Queen candidates. The queen will be crowned Saturday, May 6. Tacos, enchiladas, tamales, guacamole salad, Spanish rice, frijoles, will be offered "to go," by calling RA 8-3971.

Mexican plates and orders will also be served at Community Center from 11 a.m. until the food is all sold.

T.E. Hall Drowns At Falcon

WESTBROOK — Theron E. Hall of Victoria, a former resident of Westbrook, was accidentally drowned Friday, April 21, in Falcon Lake while on a fishing trip with friends.

His body was recovered at 6:00 a.m. Monday. Burial was Tuesday, in Victoria.

Hall, better known here as "Little Bud," was the son of Mrs. Gertrude Hall Manning of Victoria and the late W. L. Hall. The Halls moved from Westbrook to the Magnolia Oil Camp at laton where the late Mr. Hall was foreman of the company.

The victim is survived by his wife, Margaret, his mother, two daughters, Susan and Mary, and one grandson, all of Victoria, and one brother, Jay C. Hall of Dallas.

FFA Chapter Sends Team

Richard Lee, agriculture teacher at Colorado High School and sponsor of the local Future Farmers of America chapter, took a land judging team to Stephenville, Thursday, for the State FFA Judging contest.

Boys on the CHS land judging team won first place in the Sweetwater last month, making them eligible for state.

Competing in the State contest were Tony Sparks, Jim Forbes, Jim Hearin, Wesley Smith, Pat Sadler, and Frankie Harper.

GRADUATING CLASS

CHS Announces '67 Honor Students

Honor graduates for the 1967 class at Colorado High School have been announced by Joe Burchard, principal.

Carol Cooper, daughter of Mr. and Mrs. Billy Cooper of Cooper's Cove, is valedictorian of her class with a scholastic average of 95.875 for the three-year high school years.

Stetson Cowan, son of Dr. and Mrs. W. K. Cowan, 505 Chestnut St. is salutatorian. His three-year grade average is 93.885.

To be listed as second honor girl is Donna Hall Mize, daughter of Mr. and Mrs. N. F. Hall of China Grove and wife of H. H. Mize Jr. Her average is 95. Mrs. Mize was not eligible for valedictory or salutary honors because she had dropped out of school before she returned to complete her senior work. All three (continuous) years as sophomore, junior and senior grade averages are used to name the top two girls.

Competition was exceptionally keen between the other seven of the annual ten honor graduating students.

Joyce Godwin was fourth with 92.851, Jennifer Reeves, fifth with 92.800, Dana Craddock, sixth with 92.500, Debbie Hines, seventh with 92.500, Dale Redman, eighth with 92, Donna Carter, ninth, 91.931, and Leslie Smith, tenth, 91.667.

Academic jacket awards for senior class members have also been announced by Burchard. The white jackets with

red academic letters are awarded for highest grades made during the current school year by students carrying not less than four academic subjects.

Jennifer Reeves placed first in the jacket award category with her senior average 95.111.

Stetson Cowan and Joyce Godwin tied for second and

third places with senior averages of 94.750 each.

Pearline Mize was fourth with her senior average 95.625 and Donna Hall Mize was

Sophomore Still Leads Top Five

Patricia Bell, sophomore student, leads for the fifth straight six weeks period the Westbrook National Honor Society Chapter's TOP FIVE selected on the basis of scholarship, character, service, and leadership.

The names and ranks of the TOP FIVE Westbrook NHS students for the fifth six weeks period are Patricia Bell, Junior, 1st - 96.67; Vee Iglehart, Senior, 2nd - 95.40; Sue Bell, Sophomore, 3rd - 94.75; Doyce Edwards, Junior, 4th - 94.21; and Dana Craddock, Sophomore, 5th - 93.20.

The NHS Chapter voted at their meeting on Thursday to contribute \$5.00 towards purchasing the Encyclopedia of Careers and Vocational Guidance.

Preston C. Lightfoot is sponsor of the Westbrook NHS.

Academic jacket award winners in the junior, sophomore and freshmen classes will be announced May 26, Burchard said.

Garden Party Fetes Senior Wolverines

First of the pre-graduation festivities is planned for Thursday night (tonight) when the annual Wolverine Garden Party is scheduled for the garden at the home of Dr. and Mrs. H. Jene Steakley, 1621 Watson St.

Honor guests at the affair will be graduating members of the Wolverine pep squad at Colorado High School.

"Exhilarate in Paris" theme will be carried out in decorations for the formal-semi-formal party.

Music will be by a combo, the "Unknown Four," made up of Sammy Majors, Keaton Grubbs, Leslie Ellis, and Kenny Key with Jean Keeth as band soloist.

Rose Ann White, incoming president of the Wolverines, is in charge of plans which include installation of

new officers for the '67-68 school year.

Rose Ann will follow Maynette Davis as president with Gloria Richardson to follow Susan Kischbaum as senior business manager.

New junior business manager, Christy Stubblefield, will follow Jean Keeth, Mary Beach, will be installed secretary following Linda Moran.

Candy Curlee is recently elected treasurer to succeed Jennifer Reeves. Christy Hammond, parliamentarian, follows Candy Curlee, parliamentarian this year. Peggy Blair, new reporter, will be installed in place of Carol Gintel, prospective '67 graduate.

New student council representative Sally Smith will take the place of Dale Redman, '67 senior.

China Grove Happenings

By MRS. N. F. HALL
Record Correspondent

CHINA GROVE—Sydney W. Williams left Saturday morning for revival music at the Baptist Church.

Weekend guests in the N. F. Hall home were Billy Adams of Anson, Miss. Cherry Nobles of Colorado City, Truitt Moore, student of A & M University, and Hollis Mize Jr., currently of Ft. Worth.

Mr. and Mrs. Dick White of Colorado City were recent guests in the home of Mr. and Mrs. Charlie White.

Mrs. Gladys Duncan of Coahoma was a Sunday visitor in the home of Mr. and Mrs. Pete White.

Mr. and Mrs. Rocky Allen and family of Big Spring were guests, recently, in the

home of Mr. and Mrs. Leary and Allen.

Mr. and Mrs. Floyd W. Merket were visited Sunday by Mr. and Mrs. Lucky Merket of Colorado City.

Mrs. Collier Honored at Pink & Blue

Mrs. Chester Collier of Loraine was named honoree at a pink and blue gift shower in the home of Mrs. Jess Smith at Roscoe, Thursday. Refreshment table, laid in white linen, held a centerpiece of a white lamb centering an arrangement of pink rosebuds.

Cake squares centered with pink sugar buds were served with pink punch to 22 guests from Loraine and from Roscoe.

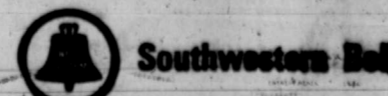

Mrs. Collier is daughter of Mr. and Mrs. Jasper Doyle of Loraine.

Can You Match These Mothers and Daughters?*

Mother-daughter and father-son combinations aren't unusual at Southwestern Bell. There are many reasons for this happy state of affairs. For one thing, ours is a good company to work for. For another, we offer a real opportunity for serving the public, an opportunity that calls for a true "spirit of service." We're pleased and proud so many of our Texas employees suggest a telephone career to their children. By doing so, they help insure the business will be in good hands for many years to come. We think this is a good thing for Southwestern Bell and for our customers.
