Schoeppel Slings More Charges At Interior Officials

By JACK BELL
(Associated Press Staff)

WASHINGTON, Sept. 8 — Sen. Schoeppel (R-Kans) demanded and was promised today the right to call his own witnesses in an effort to back up his charges of Communist infiltration into the Interior Department and the Alaskan statehood fight.

Schoeppel made the move at a public hearing of the Senate Interior Committee investigating his charges against Secretary of the Interior Chapman and others — charges which Republican colleagues said privately seemed to be backfiring.

COUNTER-CHARGES

Randolph Feltus, a publicity man whom Schoeppel had denounced in a Senate speech Tuesday as an "agent for the Kremlin," angrily denied the charge again today and said the senator had raised a question of "guilt by association" that could "cut both ways."

Schoeppel had accused Feltus of working "for the Kremlin via Warsaw" at a time he was serving as publicity man for the Alaskan Statehood Committee. He based that charge on the fact Feltus also was on the payroll of the ambassador of Communist Poland, as a public relations man, while working for the committee earlier this year.

Feltus testified today that while working for the Polish ambassador, he also wrote a letter, in behalf of another client, which Schoeppel and 25 other Republican senators signed and sent to President Truman in 1948 demanding that the United States back Indonesia's fight with the Netherlands.

RAISES QUESTION

Thus, Feltus said, Schoeppel had "raised a question of guilt by association that could work both ways."

Angrily he said he never has been a Communist, never has been an agent of the Kremlin, and doesn't even know any Russians.

Chapman vigorously denied Schoeppel's charges against him when he appeared yesterday. The secretary dared Schoeppel to repeat them where he would not be immune from suit for damages.

Producer Is Extension Of Salt Creek Pay

General Crude Oil Co. has completed its no. 1-193 D. R. Coleman, as a north extension to the Salt Creek field in West-Central Kent County.

This new producer potentialed for a 660 barrel of 40.5 gravity oil, plus .3 of 1 per cent of water a day through a one-quarter inch choke on open hole at 6,091-6,510 feet. This potential is based on an actual 16-hour natural flow of 400 barrels a day.

Gas-oil ratio was 374-1. Casing pressure was 900. Tubing pressure was 800 pounds. Exact location is 660 feet from the south and east lines of section 193, block G, W&NW survey, and is eight miles northwest of Clairemont.

SCURRY FAILURE

Honolulu Oil Corp. No. 1 J. R. Canning has been plugged and abandoned as a failure in the Diamond M field of Southwest Scurry county.

Operator drilled this test to a total depth of 7,284 feet in the lower Pennsylvanian formation. No shows of production were encountered.

Location is 1,951 feet from the west and 584 feet from the north lines of section 147, block 35, H&TC survey, 13 miles southwest of Snyder.

EILAND WELL

Delta Gulf Drilling Co. and associates No. 1 H. H. Eiland, Central-West Scurry County wildcat, 14 miles west and two miles north of Snyder, is bottomed at 8,230 feet in Ellenburger lime and has shut down for repairs.

This venture topped the Ellenburger at 8,180 feet on an elevation 2,467 feet.

It drilled to 8,199 feet and took a two-hour drillstem test at 8,185-99 feet. The water cushion was flowed out in one hour. And the next 90 minutes, the project flowed 60 barrels of fluid. Estimated to have been 20 barrels of oil and 40 barrels of water.

It then deepened to 8,230 feet and had to suspend drilling for a machinery repair job. It probably will be drilled a little deeper as soon as the equipment is in working order.

Location is 660 feet from the east and 616.7 feet from the south lines of section 283, block 97, H&TC survey. It is four and one-half miles northwest of the Diamond M field.

The Delta Gulf exploration failed to find any possibilities of production in any section of the Pennsylvanian.

Nolan Watson Made Director Of Chamber

Four committees of the Chamber of Commerce were appointed and a vacancy on the board was filled last night at a meeting of the board of directors.

Nolan Watson, president of the West Texas State Bank, will succeed C. T. Hubbard as a director. Hubbard resigned when he left Snyder to take a job in a Colorado City bank.

OTHER GROUPS

In addition to the four committees named, 12 others must be filled by Oct. 1, R. A. Schooling, chamber president, said today.

Those committees are aviation; city planning and beautification; sports, parade, and recreation; housing; trade extension; education and religion; special events; legislative; publicity and public relations; and agriculture and livestock.

Each member will serve on a committee.

The following were the ones appointed in the meeting last night:

Membership, W. E. Holcomb, chairman; Bruce L. Greer, co-chairman; Robert H. Hargrove, Jr., Eugene C. Harper, Robert R. Patterson, and Frank D. Stephenson.

L. M. Deffebach heads the fire prevention and safety committee, and is aided by Harold P. Brown. Members are Hugh Boren, Jr., J. V. Baze, and Frank Bayouth.

Merchants and Christmas activities will be led by Malven Stevenson. Jake Springer is co-chairman, and members are Jim Mixon, Ed Owens, A. C. Kincaid, John Pratt, Tom Carney, L. C. Johnson, Charles Mathews, and Clyde Godwin.

Serving as head of the petroleum committee is C. T. McLaughlin. Other members are J. T. Cramer, A. W. Simpson, and Ross H. Hemphill.

NEW COURSE

The board voted to sponsor a distributive education program in the city offered by the University of Texas.

Under this program, Schooling said, about 30 courses may be given to workers here. A 30-hour course will be offered to merchants and employees at convenient hours for a low price.

"This is still the beginning stage," Harold Bennett, manager, said "and we do not yet know just when the course can begin."

Classes will be taught by experts in their fields and sent out by the University of Texas, Bennett added.

Stadium Ready For Opening Game Tonight

The recently completed high school football stadium west of the Highland Park addition in the extreme southwest part of town was getting final touches today in preparation of the first game of the season which will be played tonight between Snyder and Winters.

Numbers were painted on 1,426 reserve seats yesterday, leaving 2,574 seats unreserved.

Steel goal posts were being set yesterday, and the bermuda grass was being mowed.

Vote Contest To Be Heard In Court Monday

District court will convene Monday to hear the election contest case of Cullen H. Toombs vs. F. J. Chapman for the office of county commissioner in Precinct No. 2, A. S. Mauzey of Sweetwater, district judge, said this morning.

The suit was filed Sept. 1 by Toombs who—according to the official canvass of the election by the County Democratic Committee — lost the race to Chapman by four votes in the run-off held Aug. 26. The canvass declared 218 votes for Toombs and 222 for Chapman.

CASE DROPPED

Notice to file a similar case was filed the following day by Walter Ellerd who, according to the canvass, lost to Doyle Parmer by 11 votes in the run-off for commissioner in Precinct No. 4. This case, however, in which no petition was filed, was dropped this morning by Ellerd.

Represented by Wayland G. Holt and Renal B. Rosson, Snyder lawyers, Toombs will seek to prove 11 points of alleged illegality in voting.

In his complaint, Toombs states that he will seek to prove that all 12 votes cast in the Arah voting box No. 17, were invalid, requesting that they be declared invalid, or—in his alternative petition—that eight of the 12 votes be declared invalid. The canvass reported 10 votes for Chapman and 2 for Toombs in this box.

OTHER POINTS

Toombs has alleged in his petition that no ballots in the Arah box were signed by the presiding judge, "nor any other judge as required in Article 3018 of the Texas Revised Civil Statutes."

The petition further alleges that the judges placed a number opposite each voter's name on the list of those voting to correspond with the voter's ballot number, "violating the voting procedure set out in Article 3012."

Also alleged is that "the presiding judge went to six homes, not the official voting places, carrying with him unmarked ballots, and allowing six persons to mark their ballots in their homes."

Awards Made Thursday On Clairemont Rd.

Awards for right of way on the Clairemont road were tentatively made yesterday by five men owning eight pieces of property on Avenue S, north of the Santa Fe depot, in a meeting with a special commission appointed by Edgar Taylor, county judge, for condemnation hearings.

The property owners are J. S. Williams, Armour McFarland, William H. Morrison, and two partners, E. A. Crowder and J. E. Murphy, all of whom discussed the right of way and awards with the commission.

According to law, the owners will be allowed 10 days in which to appeal their cases to district court if they are not satisfied with the awards of the commission, Judge Taylor said. W. W. Park, attorney for the city, said all the owners were apparently satisfied with the awards.

The property includes six vacant lots and two residences. The right of way is 10 feet except on that belonging to Crowder and Murphy, which is on a curve in the road and will require more. All the property is in the Chambers addition.

Members of the special commission are W. R. McFarland, W. J Ely, and Giles Bowers.

Rescue Units Trying To Save 128 Trapped Scottish Miners

NEW CUMNOCK, Scotland, Sept. (AP) — Rescue teams worked at top speed today to open an escape tunnel for 128 miners trapped 700 feet down and threatened with drowning in a river of mud.

"There are reasonable hopes for the trapped men," a mineworkers' union official said in Edinburgh.

The miners were entombed last night when a rain-soaked surface area the size of a football field sank into the workings of the Knockshinnoch Castle colliery, 30 miles south of Glasgow. The sodden earth mass cut off their path to the exit.

WORK ALL NIGHT

Rescuers tried all night and through the morning to clear dangerous gas fumes from an adjoining mine tunnel so they could cut through a 30-foot wall of coal separating them from their imprisoned co-workers.

The entombed men were in telephone communication with the pit head.

"We are in good spirits," one of them reported.

None was reported injured and telephone reports indicated they were getting enough air.

The miners were believed to be together in one room. The mass of mud clogged most of a tunnel through which they were getting air.

They telephoned that there was a six-inch gap between the mud and the roof of the tunnel.

EIGHT ESCAPE

Eight men escaped before the earth caved in late last night, two hours before the night shift was due to leave.

Relatives and friends of the trapped men gathered at the pit entrance, as rescue teams attempted to dig their way from a neighboring mine into the collapsed shaft.

One of the eight men who escaped said the group saw the sludge seeping toward them, then roar down.

"We had to run for our lives," he said. "We ran to the pit bottom and gave the alarm and then came right up."

Prison Inmate Confesses To Old Murder

CARRIZOZO, N. M., Sept. 8. (AP)— A prison inmate's confession in a 10-year-old death previously believed a suicide Thursday brought murder charges against the prisoner and another man.

A Texas druggist and the prisoner were accused of slaying a man who said on his deathbed he shot himself.

Made to appear a suicide and accepted by many at the time as such, the killing was all but forgotten by residents of nearby Ruidoso, southern New Mixico resort town.

Hounded by the crime he said he committed, Glen Thornton went to Warden Lon Walters of the Arizona State Prison and told a story which at first had officers astounded and skeptical.

PROBE

An investigation followed. Leon Todd, Mineral Wells, and Thornton were charged with the murder by Sheriff S. M. Ortiz of Lincoln County. They were accused of the fatal shooting in August, 1940, of William Henry Hewitt, 30, Ruidoso, storekeeper.

Thornton contended he was paid $100 cash to get rid of Hewitt and promised $500 more which he never received.

Dying in a Ruidoso doctor's office, Hewitt first said the shooting was an accident then whispered that he shot himself.

THE STORY

The prisoner's confession told this story:

Hewitt threatened to commit suicide over a quarrel.

After drinking with Thornton for several hours in a Ruidoso cabin, Hewitt picked up a rifle and held it to his chest, again saying he was going to shoot himself.

"I set my glass of whiskey down," related the prison inmate, "stepped up to him, and pulled the trigger." Hewitt died several hours later.

Marine League Asks Johnson To Be Ousted

WASHINGTON, Sept. 8. (AP)—The Marine Corps League today demanded the ouster of Secretary of Defense Johnson, but defeated a similar proposal that Secretary of State Acheson be fired.

The Johnson resolution asked President Truman to replace the Defense Department chief "with a competent and far sighted statesman."

TWO MORE

The organization of Marine veterans also adopted resolutions urging:

1. That the President "take immediate and drastic action to oust every known Communist sympathizer, leftist and fellow traveler from the State Department or any other department or government office where they may be found."

2. That Congress pass legislation providing for membership of the command of the Marine Corps on the joint chiefs of staff.

The resolution asking the discharge of Secretary Johnson passed with only one dissenting vote — that of retired Brig. Gen. Robert C. Kilmartin of Washington.

When the resolution proposing Secretary Acheson's removal was submitted, Kilmartin gained the floor to remind the league that "President Truman asked our support and we ought to give it."

Explaining that he had wished to speak before the Johnson resolution came up for a vote but was unable to gain the floor, Kilmartin reminded the league that President Truman had pointed out that criticism of individuals in his cabinet was criticism of him.

Clay Nixon, Seattle, league commandant, supported the Acheson removal resolution.

Nixon said Sen. McCarthy (R-Wis) has "put the finger on Reds in the State Department and there are still a lot of them in the secretary of state's office.

Accuser and Accused

Seated beside one another at the witness table, Senator Andrew F. Schoeppel (R-Kan), left, and Oscar L. Chapman, Secretary of the Interior, meet at a hearing in Washington before the Senate Interior Committee into charges by Schoeppel that Chapman had ties with Communism. The cabinet member asked the public hearing to answer the senator.

Fighting Over Whole Korean Front Calms; Reds Rebuilding Again

Regiment X On Naktong River Line Shows Fighting Spirit

By DON HUTH
(Associated Press Staff)

WITH U. S. 2ND DIVISION, Korea, Sept. 8. — A U. S. Army Second Division regiment has fought a little heralded but bitter and effective action that will stand as one of the highlights of the second battle of the Naktong River bulge.

The regiment cannot be named now because of the Army ban on locating units smaller than a division.

Its story, which has been only sketchily told because communications with its sector are meager and difficult, begins the night of Aug. 31. The Reds, after a weird night torchlight demonstration on the west bank of the Naktong, hit the Second Division line about 11 p.m. with elements of three infantry divisions and units of two mechanized divisions.

REGIMENT X

The regiment of this story, which shall be identified as Regiment X, was holding along the Naktong west of Changnyong. An enemy force estimated at one reinforced regiment poured across the river. The attack was aimed at Chaingnyong and the main road leading through American positions.

Maj. Frank Mezar, whose wife is in Tuscaloosa, Ala., said:

"The Reds came pouring over in waves. One wave would hit our line and then the next one came following right along. We gave them everything we had and they still kept coming. Some of the men fired until they ran out of ammunition before they withdrew."

The North Koreans swept over hill positions from which many Americans had to fight their way out.

PROUD SIGHT

"It was a proud and inspiring sight to see how these boys handled themselves," said Capt. Niles McIntyre, Salina, Kan. McIntyre, historian for the regiment, shouldered a gun when the Red surrounded its command post. He said he chalked up one Red in the fight.

McIntyre said he went out to see what he could do to help.

"There was a wounded man in a foxhole," he said. "I made my way to the man. He was hit pretty bad. I didn't have any first aid equipment with me. Then a voice in a nearby foxhole said, 'Do you need a first aid packet?' Someone threw one over.

BRAVE ACT

"When I looked around to see who had given me the packet, I saw it was a lad who had been badly wounded, too. Blood was streaming down his face. He would wipe the blood from his eyes, fire a shot, wipe the blood away again. To think that that boy who was badly wounded would give his first aid packet to someone else made me realize how proud we should be of these men. It was one of the finest things I have ever seen."

The Reds pushed small harassing parties into Changnyong and for three days the city was infiltrated but never captured.

Regrouped and recovered from the initial asault by the Reds, Regiment X began its counterattack. Doughboys burned huts on the outskirts of Changyong to flush out snipers. Air and artillery pounded enemy lines.

DRIVEN FROM HILLS

But it was the slogging doughboys of Company X who shoved the Reds off the hills and drove them back toward the river.

"Last Monday night the Communists tried another counterattack at night," Mezar said.

"The attack started about 10 p.m. and lasted until 5 a.m. They never let up. We had gooks all over this place. We stayed in position and really clobbered them."

Regiment X secured another objective yesterday — a high commanding ridge that left it only one more ridge to go before reaching the river less than two and a half miles away.

The attack began at 11 a.m against heavy enemy artillery and mortar fire and without air support. Casualties from that first hour of fighting streamed back from the forward air station by the truckload. But the objective was secured within two hours.

The Reds were driven off the hills into a village on the west side of the newly captured position.

Regiment X is holding its positions after a tough week of fighting against a numerically superior enemy. Officers and men feel confident they can handle anything the Communists can throw.

Slight Gains Made By U.S. On 2 Fronts

Pressure On Northern Sector Continues As Defense Lines Hold

By RUSSELL BRINES
(By The Associated Press)

TOKYO, Saturday, Sept. 9. — Allied troops hacked out slight gains at opposite ends of the rain-lashed Korean warfront Friday against dangerous rebuilding Red forces.

Little fighting took place on the whole 120-mile battleline. Americans surmised this meant a North Korean building during the lull for a new offensive smash.

A U. S. 8th Army spokesman said the Red drive by 50,000 men on Taegu, main allied base on the central front, had "petered out," probably from lack of supplies and sufficient manpower for the present.

The Reds had pushed to within seven miles of Taegu before the U. S. First Cavalry Division and South Koreans broke the back of their drive.

Gen. MacArthur's Tokyo headquarters summary early Saturday confirmed this general picture of the front. It said in the northern sector enemy pressure continued but had diminished while the defense front remained intact.

HOLD YONGCHON

Near the east, it noted that allied forces continued to hold Yongchon and advanced against slight enemy resistance.

Headquarters warned of a possible new offensive either in the southwest, north or east.

The buildup seemed greatest on southern coastal approaches to Pusan port, chief allied base in Korea.

In Masan post, 27 airline miles west of Pusan, allied authorities ordered removal of all civilians not needed in the war effort.

This was a precautionary measure in the face of a reported offensive buildup to the west and threat of infiltration by Red agents ordered to stir up trouble among the 75,000 population.

5,000 OUT

Five thousand were evacuated from Masan in the first batch Friday.

Battle Mountain, a rugged peak about 12 miles northwest of Masan on the southwestern front, was retaken Friday by the U. S. 25th Infantry Division. It was the ninth time the peak changed hands.

American and South Korean troops gained a few yards near the east coast in their efforts to close a five-mile gap in their lines. AP Correspondent Bill Ross at the front reported the U. S. and South Korean troops opened separate attacks through the murky weather to try to close the gap.

At dusk the doughboys had made little progress. They were halted by rugged terrain plus the drenching rain which reduced air support to six sorties Friday.

Taegu, threatened by 50,000 of the 130,000 Reds on the battleline, appeared safe for now.

Texas Cotton Crop Is Below Aug. 1 Forecast

WASHINGTON, Sept. 8. (AP)—Texas' 1950 cotton crop was estimated at 2,775,000 bales today by the Agriculture Department. This was a decline of 225,000 bales from the Aug. 1 forecast.

A sharp decline also was forecast for the nation. Production was estimated at 9,882,000 bales, a drop of 426,000 bales from the forecast a month ago.

If the department's forecast is carried out, it will be the smallest production for Texas since 1946, when only 1,669,000 bales were harvested.

POOR GROWING

The Texas decline probably reflected poor growing conditions in some sections and heavy insect infestation.

Fears that production will be less than usual per acre and government acreage controls have been reflected in a price rise which saw some cotton futures contracts go above the 40-cent mark.

Four per cent of the Texas cotton acreage has been abandoned, the Agriculture Department reported, bringing acreage to 6,912,000. Production is forecast at 193 pounds per acre with the condition of the crop 70 per cent of normal.

The national figures compare with 16,128,000 bales grown last year and with a 10-year (1939-48) average of 11,599,000 bales.

Production is down from last year largely because of the effects of a government control program designed to prevent the accumulation of a burdensome surplus. But the government had not sought such a drop. Some farmers did not plant all they were entitled to under the program.

Nevertheless, reserves from past crops assure ample supplies of most grades and staple lengths until the 1951 crop is harvested.

In addition, the government today restored strict controls on exports of cotton.

In a report accompanying the crop forecast, the census bureau said 863,633 bales of 1950-crop cotton had been ginned prior to Sept. 1 compared with 1,247,576 bales to the same date last year and 1,444,355 two years ago.

Adjournment Of Congress Is Discussed

WASHINGTON, Sept. 7. (AP) — President Truman may have to resolve an argument between Senate and House Democratic leaders about whether to keep Congress on a standby basis or wind up its affairs next week.

Sen. Lucas of Illinois, the Democratic leader, said he will bring the subject up at next Monday's White House conference when House Speaker Rayburn of Texas and his colleagues return from a long Labor-Day holiday.

Rayburn has made it plain he thinks it would be good for the country if Congress packs its bag and goes home until January, since President Truman has the right to call the lawmakers back in any emergency.

ONE VIEW

An adjournment would calm the country's fears that the international situation may be getting out of hand and thus would be good politics, Rayburn argues.

Rayburn's re-election is reassured. But Lucas, who has a campaign fight on his hands, doesn't agree.

Lucas told reporters he doesn't think an adjournment would be to the public interest. He said the people wouldn't understand why Congress should take a vacation while there's a war going on in Korea.

He said the Senate Democratic Policy Committee unanimously backed his plan for either a recess until a fixed date or for a series of three-day recesses with no business transacted.

Improvement Noted In Condition of Dr. Ward

Dr. Harry Ward, Snyder physician, was reported to be in an improved condition today at the Parkland Hospital in Dallas. Dr. John O. Broaddus of Snyder, who is in Dallas with his medical associate, made the report shortly after noon today.

Dr. Ward underwent an appendectomy here about 10 days ago, and was removed to the Dallas hospital Monday night.

Truman Makes Peace With Marines

President Truman, standing right, makes a personal apology to members of the Marine Corps League at their annual convention in Washington, saying that when he makes a "mistake, I try to correct it." He referred to his statements in a letter to a congressman that the Marines were merely the navy police force and had a "propaganda machine that is almost equal to Stalin's."

UN To Decide On Letting Red China Sit In

By STANLEY JOHNSON
(Associated Press Staff)

LAKE SUCCESS, Sept. 8. — The United Nations Security Council will discuss Monday Russia's demand that a Communist Chinese representative be invited to sit in during debate on Red Chinese accusations against the United States. The charges are that the U. S. is guilty of aggression against Formosa and that U. S. planes bombed Manchuria.

WINS OK

Russian Delegate Jacob A. Malik won the council's consent yesterday to consider such an invitation. That was just after he took a beating on his effort to get the council to condemn "barbaric", U. S. Air Force bombing in Korea.

The council voted yesterday, 7-3, to take up the question of Red Chinese participation in that debate its next session. The United States abstained in line with its policy of letting other UN members decide the question of Red China's representation at Lake Success.

The vote in favor of the Russian proposal followed a 9-1 defeat of a Soviet resolution denouncing United States air action in Korea as a violation of the rules of warfare. Yugoslavia abstained.

IMPORTANT

Council consideration of Malik proposal to invite Red China for the Manchuria-Formosa debate doe not directly affect the Peiping government's chances of supplanting the Chinese Nationalist representatives in the UN, but it creates a situation filled with international and domestic political dynamite for the American administration.

A. U. S. vote against the proposal might be interpreted as an attempt to muzzle the Peiping accusers; a U. S. vote fo it, might be viewed as a softening in America's opposition to the Chinese Communists.

Band And Pep Squad To Be At Game Tonight

Rolls of drums and a loud blast of "Victory March" may be heard at the Snyder-Winters football game here tonight as the band makes its first showing of the season.

Clad in black uniforms trimmed in gold which they received this week, about 45 bandsmen will march onto the field in a half-time show, led by twirlers in white and a twirling drum major in black.

New band director Jimmie Frank Verner said Richard Elliott, former leader, left the young musicians in good shape. The band is at a disadvantage, however, because of the first chair players it lost in graduation last year. The average student is a sophomore and lacks experience to make a perfect player this year.

Sections lacking players will gain at the beginning of school, Verner said, when about 20 more will join them to finish filling the 60 uniforms the band has. There will possibly be more students than uniforms, and Verner is hoping students who have uniforms or parts of uniforms from last year will return them for re-issue.

Sitting on the home bleachers at mid-field, the band will be accompanied in their backing by the high school pep squad, led by cheer leaders Islasu Blakely, Barbara Lewis, Betty Joyce White, Martha Gayle, and Martha Carey.

Led by drum major Janell Smith, twirlers are Lucie Barton, Glynell Clark, Shirley Teague, Wanda Griffith, LaNelle Green, Jane Houston, Georgia Fay Wall, Jenell Darby, and Sandra Blackard.

Marching along with the drum major will be the four-year-old mascot, Jan Johnston, daughter of Ralph Johnston of the Fish and Johnson Service Station.

Congressmen Live The Lives Of Recruits

FORT DIX, N. J., Sept. 8. (AP) — Three congressmen leaped out of bunks as reveille blew here this morning.

Reps. Hugh Addonizio and Peter Rodino of Newark, and Rep Charles Howell of Pennington, began a semi-official tour yesterday to study induction and training facilities.

The three New Jersey Democrats said they wanted to be treated just like inductees. So they donned fatigue uniforms, ate in the soldier's mess, and made their own beds.

However, they differed from inductees in that they had napkins a lunch, a sergeant brought their sheets and pillow-cases — and they can get out of the Army whenever they choose.

All But Two Major Fires Under Control

SAN FRANCISCO, Sept. 8. (AP) — All but two of California's major forest fires were reported controlled today — after week-long fights in which 10 million worth of timber was destroyed and 150,000 acres was burned over.

The two big fires still raging, in Stanislaus and Mendocino National Forests, cover 47,500 acres.

Tallulah Bankhead Suit Settled Out Of Court

CINCINNATI, Sept. 8. (AP) — A $1 million suit brought by Actress Tallulah Bankhead against the Procter & Gamble Co. has been settled for $5,000, the company said yesterday.

Miss Bankhead had sued the company because of use of the name Tallulah in a radio jingle about a shampoo.

13 Planes Credited To North Korean Youth

TOKYO, Sept. 8. (AP) — Red China's Peiping radio boasted today of the exploits of a 19-year-old North Korean. He was credited — on the radio — with shooting down 13 American planes with an anti aircraft gun.

Soothsayer Reads Her Crystal Ball To Find Sentence Of Judge

DETROIT, Sept. 8. (AP) — Just as the crystal ball said, Fortune Teller Hazel Spurlock must either start a 100-day jail term or pay a $90 fine.

She read the sentence in her own crystal ball yesterday after Recorder's Judge Joseph A. Gillis practiced a bit of practical soothsaying.

For $5 it was charged, Mrs. Spurlock's clients all got black futures but for an extra $10 they got predictions of handsome husbands and families and fine homes.

Mrs. Spurlock's crystal ball was on the judge's desk. He fingered it, gazed into it for a while, then handed it back to the defendant, asking what she saw.

"It says $90 or 100 days," gasped Mrs. Spurlock.

"So be it," said the judge.

He had lettered the sentence on a piece of paper and pasted it on the ball.

Farmers In The Northwest Are Dumping Crops

SPOKANE, Wash., Sept. 8. (AP) — There's no place to store it and no place to ship it so farmers in this rich wheat-producing area have had to dump more than 6,100,000 bushels out on the ground.

They have had to dump wheat before but never in piles like the ones that dot the inland empire of eastern Washington, eastern Oregon and northern Idaho today. The biggest before was 5 million bushels in 1946.

ALL WEATHER

It sits out in the wind, the sun and the rain. It might even be there when it snows. It sits alongside warehouses already bulging with wheat. Unless prolonged wet weather sets in, much of it can be salvaged.

The Pacific Northwest Grain Dealers' Assn. got out a report on the situation yesterday and took a dim view.

The harvest in the three-state area is estimated at 107 million bushels, a 12 per cent increase over last year. That goes in with 32 million bushels carried over from 1949.

HUGE STOCKPILE

"We now have 139 million bushels of wheat in the area," said Peter Stallcop, managing secretary of the association. "The most wheat that the Pacific Northwest can use for feed, seed and human consumption during the next 12 months is 35 million bushels.

"The Commodity Credit Corp. has promised to move 10 million bushels before the end of the year. It's beginning to look like we'll have to move 70 million bushels out of the Pacific Northwest between Jan. 1 and the harvest next year to be in as good position as we were this year. Frankly I don't think we can do it," Stallcop said.

Insecticides are most effective on sheep when sprayed while the wool is short.

Alleged Communist Jet Scientist Faces Deportation Order

LOS ANGELES, Sept. 8. (AP) — With the perjury conviction of Dr. Sidney Weinbaum behind them, federal agents today take up the case of another jet propulsion scientist with an alleged Communist background.

Dr. Hsue-Shen Tsien, 40, alien Chinese specialist, is held without bond pending a deportation hearing by the U. S. Immigration Service which charges he is in this country illegally because of membership in a group that advocates overthrow of the government by force.

Russian-born Dr. Weinbaum, 52, was found guilty by a federal court jury yesterday of lying about his membership in the Communist Party.

Both scientists were engaged in jet research work at California Institute of Technology.

Dr. Weinbaum was removed from a government-sponsored secret laboratory at Caltech after a U. S. security check. Dr. Tsien has headed the institute's Guggenheim jet propulsion center, dealing mostly in research for civilian and commercial use.

Caltech issued a statement that the school has "always had complete confidence in Dr. Tsien's integrity and loyalty."

Albert del Guercio, assistant immigration director here, said Dr. Tsien was arrested under a section of the 1918 immigration act forbidding entry into the United States of a member of any organization seeking overthrow of the government by force or violence. Dr. Tsien was admitted for permanent residence as a professor in 1947, after having been here for many years previously on a student's visa.

Del Guercio said a hearing date for Dr. Tsien will be set soon.

McCarran Says Veto Will Help G.O.P. Victory

BY OLIVER W. de WOLF
(Associated Press Staff)

WASHINGTON, Sept. 8.— Sen. McCarran (D-Nev) said today President Truman's avowed refusal to sign his stringent anti-Communist bill, if Congress passes it, might lead to a Republican victory next November.

The Nevada Democrat said Mr. Truman's statement that he would not sign the McCarran bill if it was sent to the White House was "the most colossal mistake I have ever heard of being made by the President."

"I should be very unhappy to know that the President would veto this bill, and not the least of my unhappiness would be the fact that the people of the country want the bill enacted into law," McCarran told newsmen.

"This desire of the people in that respect might be very emphatically expressed in November."

The 74-year-old lawmaker, just renominated by Nevada Democrats for a fourth Senate term, was asked if a veto might mean a Republican Congress next January.

"It could be," he replied.

The Senate, meanwhile, agreed to start voting on the anti-Communist legislation, beginning at 12 noon Tuesday.

Mr. Truman told his news conference yesterday the McCarran bill was a little worse than the Republican Mundt-Nixon Communist registration bill which passed the House last week under a Democratic label. He said he wouldn't sign it if it was sent to the White House.

Mr. and Mrs. Little Westbrook and Mr. and Mrs. C. E. Allen spent the week end in Crane, visiting relatives.

Beauty Winner and Son

Mrs. Irma Hamilton gets a hug from her son Ronald, five, after she won the title of Mrs. South Florida and the right to go to Atlantic City to compete in next week's Mrs. America finals. Her title was confined to South Florida because a recent rash of hurricanes kept some contestants from reaching the state finals at Miami Beach.

Traffic Ticket Is Prelude To Wedding Bells

DALLAS, Sept. 8. (AP)—When Miss Dean Williams, a pretty, 25-year old office worker, made an illegal left turn in her car, a cop nabbed her permanently.

Involved was a $1 fine, a cup of coffee and a practical joking lawyer.

Sparks flew during the curbside meeting between Miss Williams and Officer Homer MacNamee, 32, two months ago. She got a ticket anyway. She turned it over to a lawyer in the office where she works, but she paid a $1 fine.

The attorney as a practical joke arranged a meeting between Miss Williams and MacNamee. The officer was in civilian clothes. He invited the young woman for a cup of coffee. She accepted.

"I didn't recognize him at first, but then all of a sudden it struck me that he was that darn' cop,' she said today.

But a dinner date followed. Love blossomed. They were married last Monday—in the home of the practical joking attorney.

"Now every morning before he goes to work," Mrs. MacNamee said, "I tell him to think twice before he gives another woman a ticket."

Thief Waits While Woman Calls Police

MEMPHIS, Tenn., Sept. 8. (AP)—A man walked into Mrs. Fred Murphy's store Tuesday and robbed her of $25.

Yesterday he returned and apologized. He said, "call the police I'll wait for them."

Mrs. Murphy accommodated him. Police identified the man as John Leonard Holt, 43, of Memphis. They charged him with robbery.

Hurricane Stalled Off Bermuda Island Resort

MIAMI, Fla., Sept. 8. (AP) — A hurricane with winds up to 140 miles an hour was stalled 200 miles southwest of Bermuda today, threatening the tiny British island resort.

Future movement of the storm is uncertain, the weather bureau said, but added it is not expected to be more than five miles an hour for the next few hours.

Tigers Tangle With Blizzards Under Lights At New Stadium

Floodlight will shine tonight at eight on a new field when the Snyder Tigers plod into a rough tumble with the newly-stocked Winters Blizzards.

Sporting new black and gold uniforms, the Moffettters will meet the team clad in blue and white which lost to Snyder 18-0 on their field in last year's first game.

Both teams are in good shape as they go into the game. Speedy Moffett is using his split-T offense while Winters coach Gordon Wood employs a one-arm T used by Hardin Simmons University, his alma mater.

Heading the Winters staff for his first year there, Wood carried his team at Seminole to a close second in its district last year. He is running a largely new squad of boys on the field tonight.

Thinking not only of the physical shape of the Tigers, Moffett is depending on the spirit his captains, Coffee and Teaff, can keep them in.

Coaches Mule Kayser and Jack Blanchard will have a line weight average of 165, about three pounds over the Winters average. Backfield coach Hal Battle has a quick crew of backs about ten pounds lighter than those of the Blizzards. Our backfield averages 137.

These are the starters Moffett has chosen for the offense along with the Winters line-up.

On the defensive team, Voss is end; Tate and Keller are guards; Teaff and Bearden back the line; and Coffee and Grimmitt are backs. Others are Head, 147, No. 88, end; Birt, 217, No. 79, tackle; Thornton, 205, No. 78, tackle; and Sims 124, No. 22, back.

Assisting coaches for the winters team are Howard McChesney and Otis Holladay. Captains are Gayland Broadstreet and Melvin Kurtz.

These are the starters Moffett has choosen for the offensive along with the Winters lineup.

A Chance For Changes In Last Four Days Of Longhorn League Play

(By The Associated Press)

The Longhorn League race may have a little excitement in its last four days of regular play.

Right now there's just two and one-half games between third place Big Spring and fourth place San Angelo. Vernon is just a half game back of third place Big Spring.

The excitement, of course, will be over the battle for fourth place and the last spot in the Shaughnessy playoff.

San Angelo didn't help itself last night. The Colts split with Vernon, winning the second game, 4-0, after dropping the first, 1-0. Cotton Russell won his 24th game with a no-hitter for Vernon in the opener and singled home the winning run in the sixth inning.

Roswell blasted Big Spring, 16-7, pounding out 20 hits — two home runs by Tom Jordan.

Midland jumped on Sweetwater, 9-4, while league leading Odessa had an easy time with Ballinger, 11-2.

Dallas Bows To Fort Worth; Narrow Chances Of Making Playoff

By WILBUR MARTIN
(Associated Press Staff)

Dallas' chances of slipping past San Antonio into the Texas League playoff get slimmer by the day.

Last night the Eagles took it on the chin from Fort Worth, 7-3, while San Antonio jumped on Shreveport, 8-2. That gave the Missions a two-and one-half game edge on Dallas with the season's end coming up Monday.

Tonight, Tulsa is at Dallas; Fort Worth and Oklahoma City play a doubleheader at Oklahoma City; San Antonio and Beaumont must finish one tie game and play a regular scheduled tilt, while Houston entertains Shreveport.

Dallas touched Pat McGlothin for 13 hits, but left 15 men stranded on base as Fort Worth scored one run in the first inning and broke a 1-1 tie in the fourth. The Cats were never headed after this.

Beaumont dumped Houston, 6-3, while Oklahoma City licked Tulsa, 9-6, in other games last night.

Bob Marquis' two run homer in the seventh helped Beaumont keep its two one-half gabe edge over second place Fort Worth.

San Antonio spoiled Shreveport's last home game with its decisive victory.

A six-run rally in the seventh inning won for Oklahoma City. Buck Frierson got two singles this inning and one of them drove in two runs.

Oklahoma City ... 011 010 606—9 12 2

OMAHA, Sept. 8. (AP) — Oakland, Calif., today held its second consecutive American Legion junior baseball championship.

Rio Grande League Is All Even Up Again

(By the Associated Press)

Things are even in the Rio Grande League playoff.

Corpus Christi and Brownsville squared series with Laredo and Harlingen respectively last night at one game each. Corpus Christi beat Laredo, 12-4, while Brownsville went 13 innings to nudge Harlingen, 5-4.

The teams switch playing sites tonight. They'll be at Corpus Christi and Brownsville.

Corpus Christi pounded out 19 hits for its one sided victory. Red Davis and Pepper Martin each hit a double and three singles.

A double by substitute outfielder Tom Brophy scored Bobby Brown from first base with Brownsvilles' winning run.

Tigers In Right Spirit For Tonight's Bout With Winters

Football weather is coming in made to order with the season and the young Snyder Tigers are in the right mood to melt the ice in tonight's non-conferenee tussle with the Winters Blizzards.

Coach Speedy Moffett is ready to throw his boys into the game if he can get them out to the stadium through the mud.

"We're going into this game blind," Speedy told Lions this week. "They have a new coach, new information, and new boys."

But new boys may mean green boys bucking against our few veteran gridmen. Although Speedy is still wondering why, the old Blizzards didn't blow over so well last year when the Tigers took them for a score of 18-0 on their field after a 42-0 loss the year before.

Speedy thinks some of the arm chair coaches around town are a little too optimistic. He said they're always around on the practice field telling him how the team is really going to pop. They may be right, he agreed, but the cold facts are that we lost six starters last year, and not all the present gridmen here are Doc Blanchards or Sammy Baughs, including now eligible transfers.

On the other hand, the coach has decided rugged training and perfect knowledge of plays does not stand alone in importance.

"It's not the guy who's smartest, but the one who can get them right mentally," he said of the captains. "If they're in the right spirit, they are going to beat somebody. I believe these kids have it."

And the old custom of backing the team has not gone out of style. If Mom and Dad and the local merchants are out there tonight helping the high school girl friends yell for them, they will be helping or make the opponent work for their yardage. If we make the 4,200-seat bleachers overflow, they may do both.

Ted Kroll Comes Out Ahead In First Round Of The Reading Open

READING, Pa., Sept. 8. (AP) — Thirty-one-year-old Ted Kroll, a 12-year veteran of the golfing wars but always an also-ran, was the man to beat today as the nation's leading golfers began play in the second round of the $15,000 Reading Open.

The 6,456-yard Bershire Country Club layout is a putter's paradise and if Kroll can control his putter today as well as he did yesterday, he'll be far enough ahead by nightfall that he'll be well-nigh impossible to catch.

Kroll posted a record-equalling 64 over the par 72 course yesterday.

Sammy Snead of White Sulphur Springs, W. Va., was four strokes off the pace at 68 and fourth place. He was deadlocked with Lloyd Mangrum of Niles, Ill., and Jim Ferrier of San Francisco as well as Doug Ford, from Briarcliff, N. Y.

Trailing Ted were a pair of habitual also-rans, Glenn Teal of Jacksonville, Fla., who fashioned a 66, and Jimmy Clark of Hamilton Beach, Calif., who came home with 67.

TALK OF THE TOWN

BY FRANCES BIOW

MRS. BEN WEATHERS, who is usually identified as the newspaper correspondent from the Murphy community with no mention of her adventures as a grower of fine fruit trees, wishes to thank the public for a wonderful fair turnout this year. Seems the Weathers have turned away dozens the past week, all the trees stripped. Pears, apricots, peaches, plums, pears. . . they've had them all. Early and late found visitors smacking their chops over the delicious new brand of peach the Weathers grow—Hale Haven. Asked how long they had been in the ochard business, she said, "Well, Ben is 43 and he's been there all his life!"

* * *

Two long red picnic tables and a wonderful old timey brush arbor for picnicking in real country style are all to be had at Weathers Orchards. According to Mrs. Weathers, they do all their work, pruning, cleaning, picking, assorting, guarding the health of the fine trees. But Mr. Weathers must find his time for relaxation, as she described his collection of antique firearms. He is a hunter through and through; is even now off after elk in the northern states.

* * *

"Fifteen deer head hang in our house," stated Mrs. Weathers, who has a dry sense of humor. You wonder if she is complaining or exulting over this fact. Mrs. Weathers taught in Union schools, now gets her real satisfaction out of growing fine fruit for the Snyder Daily from the Murphy Community. All within a radious of 10 miles.

* * *

"We promise bigger and better peaches next year. Thanks for coming this year!"

Ira Revival

The Ira Church of God began a revival meeting last night with the Rev. Robert E. Bowden, above, conducting services.

Services will be held each morning at 11 and each night at 8 o'clock throughout the meeting which will continue through Sept. 17.

Mr. Bowden has been pastor of the First Church of God in Sweetwater for the last six years. He preaches for the Ira church, which is temporarily without a pastor, on the first Tuesday night in each month.

Deacons Will Meet To Hear Report on Funds For New Church Site

The board of deacons of the First Christian Church will meet Sunday afternon in a special called meeting to hear a report of the building committee on the funds raised for a new church site, the Rev. Clifford Taylor, pastor, announced today.

The committee is canvassing the church membership for funds to purchase a square block on Avenue Z between Thirty-sixth and Thirty-seventh Street, where the church hopes to erect a new edifice. The site will cost about $4,500.

The church recently voted to build a new 2-story brick building and to sell its present downtown location, Mr. Taylor said. Cost of the building has not yet been determined.

Rural Churches the Topic of Methodist Circle's Study Series

The Mary-Martha Circle of the Women's Society of Christian Service of the First Methodist Church met yesterday afternoon to begin a study of rural churches.

The study will continue for three more consecutive meetings under the leadership of Mrs. W. W. Adcock, using the book "Toward A Christian Community" by Mark Rich. The book is a publication of the Federal Council of Churches.

The circle met at the home of Mrs. Lyman Yoder, where she and five others participated by giving parts in connection with the lesson.

The meditation and worship service was led by Mrs. Evelyn Holt. Others participating were Mrs. W. W. Park, Mrs. Lyle Stein, Mrs. Frank Rose, Mrs. H. W. Sanders, and Mrs. H. F. Clark, Jr.

The circle chose 1-year-old Louise Stein, daughter of Mrs. Lyle Stein, for baby lifetime membership in the circle, contributing $5 in her name for missions.

Young Adult Group Has Social and Supper Party

The Young Adult Class of the First Christian Church met in the church basement last night for a supper and canasta party.

Record Attendance Is Reported At First Baptist's Revival

The First Baptist Church reported 107 persons attending the morning service of the revival meeting yesterday.

Record crowds are reported at the night services, and plans are being made for an all-time record attendance in the Sunday School this Sunday.

Services are being held at 10 o'clock each morning and 8 o'clock each night. The Rev. L. D. Ball of Greenville, Tex., is preaching, and song services are being directed by Joe Trussell, of Houston.

Philathea Society Studies Missions

The Philathea Circle of the Women's Society of Christian Service, an auxiliary of the First Methodist Church, met Monday afternoon and began a new study from the book "The Near East" by Weisner.

The study, which concerns mission work and various religions in the countries of the Near East, is being led by Mrs. Ellis McCawley.

Those participating in the program were Mrs. R. L. Gray, Mrs Pat Brown, Mrs. Lois Willsford, Mrs. W. L. Hayley, Mrs. I. W. Boren, Mrs. J. C. Dorward, Mrs. Joe Strayhorn, amd Mrs. W. W. Adcock.

The next meeting of the circle will be held at the church Monday afternoon, Sept. 18.

Anti-Nationalization Trend In Britain Follows Public Opinion

Gallup Poll

By GEORGE GALLUP

The Political Box Score

Director, American Institute of Public Opinion

PRINCETON, N. J., Sept. 8 — The recent report of the General Council of the British Trades Union opposing further nationalization of industry came as no surprise to those who have studied recent trends of British public opinion.

As far back as last winter, before the general election in which the Labor government was returned to office by a very narrow margin, surveys by the British Institute of Public Opinion indicated that the British people were opposed to further nationalization.

For instance, in January of this year, a month before the general election, a British Institute survey reported a 2½-to-1 vote against government ownership of the steel industry, and equally large proportions against nationalizing the British film making industry and the breweries and pubs.

Morevover, there is widespread feeling throughout England that the laboring class is not as well off under the British Labor Party regime as many other classes are. A survey in June brought out the fact that whereas an overwhelming majority of voters say that farmers, miners, doctors and manufacturers are "well-off" today, a majority of Britons with opinions classify laborers, clerks and salaried workers as "badly off."

This underlying sentiment undoubtedly was a major factor in the decline of popularity of the Labor Party since its heyday in the general election of 1945. In the election of February, 1950, the Attlee regime barely managed to stay in office in one of the closest elections in British history.

Today the political situation remains virtually unchanged, with the Labor regime clinging to its precarious popular lead.

If a new election were to be held now the outcome would be substantially the same as in the February election, judging by latest surveys of the British Institute of Public Opinion.

Here is the trend since the election:

"If there were a general election tomorrow, how would you vote?"

ELECTION	(February)	May	July
Labor	46	46½	46
Conservative	43½	44½	43
Liberal	9	8	9
Other	1½	1	2

Shut-In Pupil Goes To School In Flesh

LITTLE FALLS, N. J., Sept. 8. (AP) — Nine-year-old Bobby Filippello, first shut-in pupil in the East to go to school by telephone, went to school in the flesh yesterday.

Bobby, who suffered from asthma from infancy, had a special teacher in his home until last year, when he got a special two-way loud-speaker connecting his bedroom with the classroom.

Publicity about the telephone set led to his parents' hearing of a clinic in Louisiana, and after a visit there this summer Bobby was cured.

UN Spraying Koreans With Latest War News

TOKYO, Sept. 8. (AP) — United Nations forces are spraying Red Korean areas with "The Parachute News." It is a Korean language pamphlet that tells of UN progress in resisting Communist aggression.

Parachute News No. 11 says the North Koreans have lost the ground they won in their "biggest and perhaps last Communist offensive."

This is one of six items in the leaflet dropped to villagers and refugees behind UN lines. The leaflet carries a masthead design which includes both the Republic of Korea and UN flags.

Newscast Proves It Can Be Valuable

CINCINNATI, Sept. 8. (AP) — Mrs. Virginia King of Homstead, Fla., heard a radio newscast here last night about the finding of a $10,000 savings bond belonging to a woman from Homestead, Fla.

She didn't hear the name of the woman mentioned but just to be sure she checked her own purse.

She was the woman who had lost the bond.

Police Ask Public To Report Any Offenses

Public cooperation is necessary in a public service.

That is what police are saying in reference to several citizens who have failed to report offenses in Snyder.

A more efficient police force can be had if residents will report any offense on their property or any they happen to witness, officials said.

35,000 Pennies Stolen From Scranton Home

SCRANTON, Pa., Sept. 8. (AP) — Burglars escaped with $350 from a Scranton home the hard way.

Police reported yesterday that 35,000 pennies had been stolen from the home of John Vournakee.

BEMUS POINT, N. Y., Sept. 8. (AP) — Retail liquor dealers reported a theft at their outing.

The loot: Several cases of soda pop.

New Superintendent Of Schools At Ira Takes Up His Duties

New superintendent of schools at Ira is Houston E. Stevens, who comes to Scurry County from the Texline Independent School near Dalhart, Tex.

Stevens had been superintendent at Texline for the past three years and before that was superintendent for two years at Sunray, Tex.

He attended North Texas State College, Denton, Weatherford Junior College, Weatherford, Tex., and is a graduate of West Texas State Teachers College, Canyon.

Stevens is married and has three sons. Don Edward Stevens, 17, and Barnett Elliott Stevens, 14, will live at Ira. Elgin Leon Stevens, 24, lives in Dumas, where he is employed by the Shamrock Gas & Oil Co.

The Stevens family are members of the Baptist church.

Tigers Bounce Back Into Lead; Red Sox Moving Up On Outside

By RALPH RODEN
AP Sports Writer

The Detroit Tigers are back on top in the pulse-pounding American League pennant race today but they had one eye cocked on Steve O'Neill's Boston Red Sox, moving up fast on the outside.

Boston, which has just deflated the New York Yankees in two straight games, is the hottest team in the league. The millionaires have won 20 of their last 23 games, including 18 of 19 in their own Fenway Park.

Their two victories over the Yanks knocked the New Yorkers out of the lead and restored Detroit to the top by the skimpy margin of two percentage points. The snorting Sox are third, a game and a half behind.

The situation at a glance

TEAM	W	L	Pct.	GB
Detroit	82	48	.631	....
New York	83	49	.629	....
Boston	82	51	.617	1½
Cleveland	80	54	.597	4

BUMS RISING

Creating almost as much furore as the Red Sox are the Brooklyn Dodgers in the National League chase. The Brooks have knocked off the league-leading Philadelphia Phils three straight times in the Quaker City to move to within 4½ games of Eddie Sawyer's reeling Whiz kids.

The big question facing the Red Sox is: Can they keep up their terrific pace on the road? Or will they tail off as in the last two seasons? They hit the rails after a week end series with the Philadelphia Athletics, whom they've beaten eight straight at Boston.

Boston's road record is 33-32 compared to 49-19 in their own ballyard.

The Red Sox road record against contenders is pretty sad. They have won only two of seven in Cleveland, three of six in New York and four of nine in Detroit.

The Sox and Yanks are idle today while the Tigers take on the sixth-place White Sox in Chicago.

Both the Red Sox and Tigers had on their hitting clothes yesterday. The Sox outslugged the Yanks, 10-8, while the Tigers battled the Cleveland Indians to a slambang 13-13 10-inning tie that was halted by darkness.

The Red Sox pounded four Yankee pitchers for 12 hits with big Walt Dropo leading the way. Dropo drove home five runs on a double and his 31st and 32nd home runs.

TED APPEARS

Ted Williams of the Red Sox made his first appearance since he was injured in the all-star game and received a tremendous ovation. Ted, pinch hitting in the fifth, was intentionally walked.

The Tigers waged an uphill battle to tie the Indians. The Indians jumped on Art Houtteman for seven runs in the first inning.

Detroit came right back and disposed of Feller in their half with four runs and squared matters at 7-7 at the end of the fifth.

The Indians entered the eighth leading, 11-9, but Hoot Evers socked a two-run homer to send the game into overtime.

Larry Doby clouted a two-run homer for Cleveland in the top of the 10th but the Tigers came right back to tie on a fly ball and pinch hitter Charley Keller's single. Ev ers pounded two triples, a double and single in addition to his homer.

In other American League games Dick Starr pitched the St. Louis Browns to a 6-0 victory over the Chicago White Sox and Philadelphia downed Washington, 4-2.

A brilliant relief stint by Ralph Branca in the eighth and ninth featured Brooklyn's 3-2 conquest over the Phils in a night game at Philadelphia.

Branca relieved winner Carl Erskine in the eighth inning after Richie Ashburn tripled to begin the frame and promptly struck out Willie Jones and Del Ennis and got Jack Mayo to foul out. He nailed the Phils in order in the ninth. Ennis homered to account for both Philadelphia runs.

The third-place Boston Braves also gained ground by stopping the New York Giants, 6-4.

Cincinnati edged Pittsburgh, 6-4 Ralph Kiner slugged his 43rd homer for the Pirates.

Abe Lincoln Will Not Coach Loraine, But Goes to Cedar Rapids

Abe Lincoln, who finished his football playing at Abilene Christian College last fall and got his college degree Aug. 25, will go soon to Cedar Rapids, Ia., as a preacher of the Church of Christ.

The former all-state class AA center of Sweetwater high school will join several other young ministers from Texas who in the past four years have established new congregations of the Church of Christ. With him will be his wife, the former Dorothy Dollar of Memphis.

Lincoln, whose real name is Charles Wesley Lincoln, played on the Texas Christian University freshman team before transferring to A. C. C. He is a son of Mr. and Mrs. Hudson Lincoln of Sweetwater.

Lincoln had accepted a position as teacher and coach at Loraine high school and was to continue preaching at a nearby rural church.

Ft. Worth and Denver Asks To Discontinue South Plains Branch

LUBBOCK, Sept. 8. (AP)—The Fort Worth and Denver Railroad says its Lubbock-Childress branch has been losing money since 1946.

The firm entered statements to this effect in a railroad commission hearing yesterday. The railroad's application to abandon service on the run is being opposed by Lubbock, Plainview and other towns along the line and the Brotherhood of Railroad Trainmen.

Another hearing was slated for Plainview today.

Lubbock And Lamesa Could Change Place In WT-NM League

(By The Associated Press)

There's a chance third place Lamesa and fourth place Lubbock will swap places before the end of the West Texas-New Mexico League Monday, but this news doesn't mean much to second division clubs.

Pampa, Albuquerque, Lamesa and Lubbock are thinking of that Shaughnessy playoff.

Last night Pampa beat Borger twice, 2-1, 11-8. Roy Parker won his 27th game in the first tilt.

Lubbock split with Amarillo, winning the first, 3-2, but dropping the second, 11-3.

Clovis came from behind with five runs in the ninth to nick Lamesa, while Albuquerque banged out 27 hits for a 20-5 decision over Abilene.

Mustangs Have Power To Build New Team With

DALLAS, Sept. 8. (AP)—Southern Methodist University—off the spot as Southwest Conference favorite—has more than 60 eager gridders to try for their third championship in four years.

The Mustangs are in an entirely different position from a year ago when they were seeking their third consecutive title. This season the Ponies will be after revenge, for they won only two of their six conference games last season.

Offensively the Methodists look potent with such veteran backs as Kyle Rote, who led the conference in rushing, punting and touchdowns scored last year; Johnny Champion, the fleet little back who caught six passes in the Notre Dame game; Pat Knight, a bruising fullback; H. N. Russell, Jr., a smart quarterback and a good pass receiver; Henry Stollenwerck, who led the sophomore ball carriers last year; Fred Benners, the passing specialist who completed 47 throws for six touchdowns last season; and Gene Roberts, who lettered in 1948 but was out all of last year with injuries suffered in a car accident.

To help these lettermen the Mustangs have some promising first year backs in Bill Forester; Benton Musslewhite; Val Joe Walker; Sam Stollenwerck; Gene Gillis, Ken Duke and others. In addition, Bill Richards, who devoted most of his time to defensive duties last season, may be used on offense some this year.

MANY PROBLEMS

Coaches Rusty Russell, J. M. Keaton and Herman Cowley have several defense problems. Last season more points — 204 — were scored against the Mustangs than in any other year in history except 1916.

One of the defensive problems is at end. Ben White, who played only 67 minutes all last year, is the only letterman at the position and he may be used at halfback on defense, can be used at right end on defense. Players battling for starting positions include Bill Sullivan; Bill Rippey, Dave Powell, Harry Dean, Jimmy Hawn, Bob Hooks, Leland Mayo, Sonny Payne and Jim Mahew.

At guard, the Ponies also have only one letterman—Herschel Forester, but squadman Ike Robb and newcomers David Riley, Paul Turk, Ralph Hendrickson, Pat Collier, Jimmie Thompson and Louis Drosd offer plenty of heft.

The Mustangs lost both regular Bobby Folsom and Dick Ellis defensive halfbacks — Co-Captain sack: D. C. Chancey, Ray Cleckler and Bill Crisler showed promise in spring training.

Lack of experienced material at key positions will keep the Mustangs from using the two-platoon system. Practically every man will be trained for both offensive and defensive duty.

Russell says he is not in a position to pick a stating lineup after such a short, time of practice. Best guess on the offensive backfield would be Rote, Knight, Champion and Russell.

2 Lawmakers Asking Larger Marine Corps

WASHINGTON, Sept. 8. (AP)—Two Democratic lawmakers, both former Marines, called on Congress today to increase greatly Marine Corps strength and give it equal representation on the joint chiefs of staff despite President Truman's wishes.

Reps. Mansfield (D-Mont) and Sen. Douglas (D-Ill) said they will introduce bills to:

(1) Raise the basic strength of the Marines to 300,000 men; (B) Authorize four divisions and four air wings; (c) Create an assistant secretary of the Navy for the Marines, and (D) place the Marines commandant on the joint chiefs of staff.

By mobilizing their reserves, the Marines are now building toward a maximum strength of about 200,000 men. They are represented on the joint chiefs only by a Navy man.

Mansfield and Douglas disclosed their plans as the furor subsided over Mr. Truman's reference to the Marines as a "police force" with a "propaganda machine that is almost equal to Stalin's."

Marine veterans, satisfied with the President's public apology and his appearance before the Marine Corps League yesterday, took out after Secretary of State Acheson and Secretary of Defense Johnson instead.

Officers of the league predicted that the annual convention of this Marine veterans' organiation would vote overwhelmingly to demand that the President fire the two cabinet members.

Faces Trial For Rape Of Four Daughters

MONTREAL, Sept. 8. (AP) — Leopold Bergeron, 42-year-old groom for the city's mounted police, today faced trial, charged with the rape of four of his daughters, incest with two others and indecent assault on the seventh.

The daughters, who range in age from 12 to 21, all appeared at the preliminary inquiry yesterday before Judge T. A. Fontaine in criminal court.
