Heavy Bombers Reported Over Jugoslavia

Invasion Coast Is Target For Second Consecutive Day

(By The United Press)

LONDON, April 6—Eighth Air force Liberators attacked the French invasion coast for the second straight day today and Berlin reported bombers over southeast Germany, indicating a two-day assault by American planes striking from Britain and Italy.

The Nazis said American heavy bombers and their strong fighter escort fought air battles with German defense planes over northern Jugoslavia in the areas of Zagreb and the border town of Maribor (Marburg).

Repair Plants Attacked

Heavy bombers of the Royal Air force put the Allied offensive back on a full time basis last night with a destructive blow at German aircraft repair plants at Toulouse, in southern France near the Spanish frontier.

Thunderbolt fighters escorted the Liberators in the daylight smash at German military targets in the Pas de Calais coastal area of France across the Straits of Dover.

Light Anti-Aircraft

The Liberators and Thunderbolts encountered light anti-aircraft fire but no German fighter opposition and all returned safely.

Nearly two hours after reporting that aerial formations were approaching southeast Germany, a Nazi broadcast said bomber forces which had been over that region were on their way out.

Royal Air force heavy bombers, in their first attack since the record loss of 94 planes over Germany a week ago, wrecked German aircraft repair plants at Toulouse, the Air ministry reported.

Attack Effective

First reports indicated the attack, carried out by a force consisting entirely of Lancasters, was effective, an Air ministry communique said. Mines also were laid in enemy waters and one aircraft was lost.

Inclement weather presumably had grounded the RAF's heavyweights following their costly raid on Nurnberg and western Germany last Thursday night, though twin-engined Mosquito light bombers made several nuisance

Moody, Morrow To Represent Demos

Lawyer Group Named To Study Opinion; Moody To Argue Motion For Rehearing

HOUSTON, April 6. (AP) — Former Gov. Dan Moody of Austin and Wright Morrow of Houston will file a motion for rehearing in the Supreme court for the Texas Democratic executive committee of the decision ruling that negroes can vote in Texas Democratic primaries, Committee Chairman George A. Butler announced today.

Moody will go to Washington to argue that motion in behalf of the Democratic party of Texas, Butler told a press conference.

He announced appointment of a committee of Texas lawyers to study the opinion and the Texas election laws and make recommendations to the committee on what course of action to pursue to regulate the membership of the Democratic party in Texas.

URGES TWO-THIRDS RULE

HOUSTON, April 6 (AP)—Chairman George A. Butler of the Texas Democratic executive committee announced today that "I am renewing my efforts among all of the state executive committee chairmen and governors of the southern states for the restoration of the two-thirds rule at national conventions."

"I believe more than ever that the restoration of this rule is absolutely necessary as a protection to our party rights throughout the South," Butler told a press conference.

This committee includes Wilbur L. Matthews of San Antonio, James L. Lipscomb of Dallas, Sidney Sammuels of Fort Worth, and James L. Shepherd of Houston. Other attorneys may be named to the committee later.

Membership Regulated

Butler asserted that the opinion was written to cover not only the primary election laws in Texas but to regulate party membership in all southern states.

"The opinion may be so far-reaching as to make it a criminal offense under the civil rights bill, which was adopted by Congress during the reconstruction period, to prevent any citizen from participation in any primary election," Butler said in a statement

Japs Exerting Pressure Along Assam Front

Heavy Pounding Of Enemy In Other Sectors Continues

(By The Associated Press)

Allied troops continue to kill and wound Japanese in India, but the enemy is still exerting pressure along the Assam front north of Imphal, Admiral Lord Louis Mountbatten's headquarters reported today.

There were, however, three bright spots in the India-Burma picture. Mountbatten's headquarters said the Allies have inflicted casualties on the Japanese in ambushes laid along the roads north and south of Imphal.

Chinese Forces Advance

Chinese forces in northern Burma are driving the Nipponese steadily southward in the upper Mogaung valley and are advancing on the village of Wakawng. Twenty-four Japanese planes were destroyed in an air commando attack on the Aungban airfield in central Burma Tuesday, the Mountbatten bulletin reported.

At Wewak, northeast New Guinea, Fifth Air force bombers dumped 206 tons of bombs Tuesday, destroying 13 Japanese planes on the ground and starting large fires without having a single shot fired at them.

Australians moving toward the enemy's Madang base, southeast down the coast, was last reported nine miles from Bogadjim, 20 miles south of Madang. An American contingent is 13 miles from Bogadjim.

Day-Long Attack On Rabaul

In a day-long attack on well-pulverized Rabaul, New Britain, 150 medium and light bombers let go with 110 tons of bombs on airdromes and other Japanese installations.

Mitchell bombers of the 7th Army Air force Monday gave Ponape, Japanese eastern Caroline's outpost, its 27th bombing since Valentine's day. Two Navy search Liberators paid Wake a visit, Admiral Chester W. Nimitz reported, sinking a small cargo vessel. Four enemy positions in the Marshall islands were bombed.

Twenty-five Japanese fighters, not seven as first reported, were shot down by American Liberators over Truk Sunday, it was disclosed by 5th Army Air force headquarters.

Army Of 200,000 Troops Pinned Down In City

Three-Pronged Soviet Drive Converging On Great Black Sea Port; Roar Of Battle Sounds Through City; Escape Line Cut

By RICHARD McMURRAY
Associated Press War Editor

Russian troops pushed through the outlying suburbs of Odessa today within nine miles of the heart of the besieged Black sea port, and the roar of battle already filled the ears of the estimated 200,000 Germans and Rumanians pinned down there.

The Third Ukrainian army of Gen. Rodion Y. Malinovsky pressed in for the kill from three sides and Soviet bombers laid a barrage on sea and ferry escape channels.

The Russians at Odessa appeared to be massing for storming operations. To the northwest, the capture of Baden placed the Soviets at the top of the trackless swamps which merge into the Dniester river estuary. This, in effect, formed a loose encirclement of the seventh largest Russian city.

The doomed Nazi garrison of Tarnopol in old Poland fought on. The Russians boiled down more of the survivors of 15 divisions trapped in the Skala "kettle." The capture of 30 settlements pushed Russian lines in Bessarabia within 24 miles of the capital, Kishinev. From inside the old kingdom of Rumania, the Russians sent no reports.

The right flank of Malinovsky's Third Ukrainian army pushed through the quagmires west of the city heading for the Odessa-Ovidopol spur railway—the last remaining escape route to Rumania for the defenders of Odessa, the dispatches added.

Hazardous Trip For Nazis

Even if the trapped Germans and Rumanians succeed in reaching Ovidopol, they must still make the hazardous trip by ferry to Ankerman and thence by a winding single-track railway to Rumania.

Malinovsky's cavalry and tanks had cut off the main escape route to Rumania by capturing Razdelnaya, 38 miles northwest of Odessa, and then pressing southwestward to take Strassburg, which commands a side road from Odessa to Tiraspol on the lower Dniester river.

Four Red army pushes are being aimed at the heart of Odessa, but the units which are closest to the city appear to be advancing down the banks of Lake Kuialnitzki from the captured rail station of Kubanka, 14 miles away.

A Red Star dispatch reported that "big forces" of Germans are tied up in the direction of Odessa and that "violent fighting" is raging on the approaches to the city.

Dewey Is Top GOP Contender

Nomination Minus Strings Looms

WASHINGTON, April 6 (AP)—A presidential nomination without strings floated enticingly close before Gov. Thomas E. Dewey of New York today as Wendell L. Willkie quit the Republican race after losing a long-shot gamble for Wisconsin delgates.

Dewey, who reached for the prize at Philadelphia in 1940 only to find Willkie had grabbed it, stood far out as the leading possibility for the nomination in the wake of Willkie's dramatic bow out of a contest.

MAY RUN WITH FDR

BOSTON, April 6 —The Boston Post, in a dispatch from Washington, said today that some political observers predict that President Roosevelt would propose Wendell Willkie as the vice-presidential candidate on the Democratic ticket. The Post said the idea was to form a coalition government while the war was on and for settlement of the peace, and that the President was understood to feel that such a ticket would have bi-partisan appeal.

Willkie failed to win a delegate in Wisconsin, where 15 pledged Dewey representatives were elected despite the New York governor's previous plea for them to withdraw.

Characteristically, Dewey busied himself at Albany with a stack of legislative bills and said nothing about his future plans—a silence some of his backers said he might maintain up to the time of the June nominating convention.

Hasn't Barred Acceptance

(He has said he is not a candidate—but never that he would not accept).

With a minimum of 132 convention delegates pledged or claimed for him, as compared with 26 pledged to Lt. Cmdr. Harold E. Stassen and three to Gen. Douglas MacArthur, Dewey seemed well started. His other major opponent, Gov. John W. Bricker of Ohio has yet to show publicly in any of the 276 convention delegate selections made.

While Dewey was on all counts top man in the party as of today, the question of what Willkie might do held the intense interest of Republican politicans, who speculated on these possible developments:

1. Willkie might plump for a Republican with liberal international views such as Stassen, thus giving that candidate's chances a boost.

Might Return To Demos

2. He might return to the Democratic party which he quit before 1940—might even support a fourth term for President Roosevelt in preference to aiding a

Essential Work Asked Of 4-F's

WASHINGTON, April 6 (U.P.) — All 4-F draft registrants under 26 were asked today to find employment in essential industry as the government pressed the drive to free younger, able-bodied men for the armed forces.

The appeal was made by the House military affairs committee as it studied legislation to force into war jobs all 4-F's who fail to do so of their own accord.

The committee asked Selective Service Director Lewis B. Hershey to obtain from the War Manpower commission a list of the "appropriate activities" which would exempt 4-F's from Army labor battalions or any other type of compulsory service that Congress may enact.

4-F's Needed For Replacements

Members said it was urgent for 4-F's to go into war jobs to replace the thousands of men now being reclassified and drafted under the new policy of limiting drastically all deferments to men under 26.

Those 4-F's unable to get essential work, the committee said, "should notify at once their local draft boards of their willingness to accept such work when and where needed."

The committee's appeal coincided with other developments aimed at releasing younger men for the armed forces:

1. WPB officials were revealed to have decided not to support deferments for men under 26 in public utilities even if it means temporarily impairment of power and communications services. However, they said they would fight strongly to retain deferred men in the 26-32 year age group —reportedly the next to feel the no-deferment policy.

Seamen Recruiting Stopped

2. The War Shipping administration revealed it has stopped recruiting seamen from among the ranks of draft-eligible men under 26 "unless they are already skilled as licensed officers, radio oper-

Eight Believed Dead In Blast

Explosion Is At Ammunition Depot

(By The Associated Press)

HASTINGS, Nebr., April 6—An estimated hundred thousand pounds of high explosives—depth charges and mines—went up in a terrific blast at the Hastings naval ammunition depot today that shook the entire countryside for miles around, and claimed eight civilian depot employes as victims —three killed outright and five missing "presumed to be dead."

Three workers who were in a heavily reinforced concrete cooling shed that contained the high explosives managed to survive but were in a critical condition.

Capt. D. F. Patterson, commander at the depot, said a railroad box car beside the shed went up first, and the shed followed.

In addition 35 people sustained injuries described as minor. Damage was estimated at $50,000, Capt. Patterson said. All the dead and injured were civilian depot employes living near here.

Business Houses "Collapsed"

The explosion shattered windows in about 20 stores in Hastings, an estimated 10½ miles from the explosion scene. Glenvil, small village on the outskirts of the plant, was hard hit, with business houses there "practically collapsed," Marshal Wert Bruns said. There was no loss of life or serious injury to village residents.

Capt. Patterson, who said the cause of the blast was unknown, gave his report:

"This explosion occurred at 1:20 a. m., first in a railroad box car that was on a siding beside a cooling shed for bombs and mines. This box car was being loaded.

Shed Built Of Concrete

"After the explosion of the box car the cooling shed exploded. It was filled with mines and depth charges. The cooling shed, about 100 by 100 feet, is built of concrete, heavily barricaded. Three people in the shed survived, but they are quite badly hurt."

Yanks Bag 40 Nazi Planes

By EDWARD KENNEDY
Associated Press Staff Writer

ALLIED HEADQUARTERS, Naples, April 6—American heavy bombers and their fighter escorts shot down more than 40 enemy planes during yesterday's big raid on Ploesti, Rumania, Germany's main source of oil, Allied headquarters announced today.

The main targets on this raid were rail yards choked with tank cars. Bombs were showered over tracks, rolling stock and adjacent buildings, causing many fires and explosions, an announcement said. Adjacent oil refineries also were hit.

Smaller formations of Flying Fortresses and Liberators attacked railways at Nis and Leskovac in Yugoslavia.

Nazi Communications Hit

Mediums and fighter-bombers continued their intensive campaign against German communications in Italy. It was announced that all rail lines from northern Italy to the front area have been cut and that the Germans have been unable to move through trains since March 28.

Air Marshal Sir John C. Slessor, deputy commander-in-chief of the Mediterranean Allied Air forces, discussing the importance of the air campaign in the Balkans, said the Ploesti oil fields were vital to the Germans "on anything like

Burglary Ring Is Smashed

(Special To The Journal)

LEVELLAND, April 6—A five-county burglary ring that allegedly extended its activities over a great part of Texas and into New Mexico and Arizona was declared smashed, and Sheriff Ed Hofacket has returned to Hockley county with a load of tires, tubes and suspects."

Ten persons are held for action of grand juries, under charges in Hockley and adjoining counties.

Arrests have cleared four burglaries reported here in approximately the last 30 days, and seven others recently in adjoining counties. Other sheriffs assisted Sheriff Hofacket in the roundup.

Tires, Tubes Recovered

Nine tires and 80 tubes have been recovered for Perry Smith Auto garage alone. Twelve tires and 100 tubes were taken from the place.

Sheriff Hofacket, breaking down first one suspect then another, drove thousands of miles in recent days. Complaints in Hockley county were filed by Sam H. Davidson. Hockley county attorney, and bonds were set at $1,500 and $2,000.

Some of the loot had been "sold on credit to prominent persons at a distance," it was announced.

Investigation is continuing, it was announced, assisted by several statements.

OIL WORKER KILLED

BEAUMONT, April 6. (U.P.) — Homer V. Evans, an oil worker, was killed yesterday when a boiler fell on him while he was at work on a lease near Stowell. Evans lived at Hankamer and was employed by the Edwards Drilling company of Houston.

Young Girls Are Held By Juvenile Officers

Two 11-year-old girls who had surprised their parents by appearing at various times recently with "new dresses teacher gave us" were in custody of juvenile officials this morning.

Eleven dresses that had been taken from Dunlap's, Ward's, Hanna-Pope and Sears had been recovered, and two pairs of shoes from Lubbock Sales Co. Three other dresses, allegedly taken from the girls when in their possession in a downtown store, were returned to merchants from whom they had been taken Wednesday afternoon.

Both girls are members of families "stuffed into small living quarters." One of them has five sisters and a brother and they and their parents live in a three-room apartment. The other has two sisters and a brother and her parents living in a two-room residence.

The one belonging to the larger family recently lost all her clothing when the family residence was burned.

Both needed clothing, juvenile officials said.

It was not decided immediately whether to charge them formally with delinquency, officials explained.

Nazis On Move Near Cassino

ALLIED HEADQUARTERS, Naples, April 6 (U.P.)—Violent artillery duels have broken out on both flanks of the main 5th army front in southern Italy, a communique said today, as official reports revealed a sudden increase in German troops and supply movements around Cassino.

The roar of Allied and German cannonading rose to a furious pitch in the hills around Cassino and on the coastal sector 16 miles t the west as both sides sent hundreds of shells into the opposing battle lines.

Allied shellfire particulrly was heavy on the Cassino sector, and headquarters spokesmen said the 5th army gunners "successfully engaged" big German motor columns and targets inside the town.

Counter-Thrust Seen

There was no official explanation for the new activity in the German lines, but the reference to large-scale transport movements suggested the Nazis might have been moving in troops and equipment for a counter-thrust against the Allied positions in and around the town.

Headquarters reports said the bombardment inflicted considerable casualties on the Germans.

Nazi trench mortars countered the Allied fire, centering on New Zealand infantry positions on the slopes of Castle hill, just northeast of Cassino.

Minor patrol activity and artillery exchanges continued on the

Allied Bombs Kill Own Men

ALLIED HEADQUARTERS, Naples, April 6. (AP) — Lt. Gen. Ira C. Eaker disclosed today that a number of Allied soldiers had been killed by bombs which accidentally fell far from the target during the great Allied air assault on Cassino March 15.

This disclosure by the commander of the Allied Mediterranean Air forces came during a press conference in which he discussed many aspects of the bombing and declared that while the operation had failed to break German resistance it had "accomplished all that was expected of it by the air force commanders . . ."

Eaker indicated his belief that the outcome should not be construed as a reflection on the potentialities of aerial bombardment, declaring frankly that air power has its recognized limitations and it was not to be expected that such an attack could wipe out all resistance.

Mechanical Failure Blamed

Some of the bombs which missed the target at Cassino fell wide of their mark because of a "mechanical failure," he said, investigation showing that "the bombs had become dislodged from their racks and when the bomb doors were opened they became free."

Others which dropped at Venafro, far behind the front, killing a number of Allied troops, were the result of a mistake in target identification, Eaker added.

In discussing various aspects of the bombing he emphasized that his remarks should not be considered as a criticism of the ground forces or their commanders.

"Air force commanders advised the ground force commanders of

Army Day Observed Quietly Over Nation

WASHINGTON, April 6 (AP)—Lest you forget while reading about seven and a half million soldiers at war, this is Army day.

By resolution of Congress in the peaceful late '20s, the anniversary of America's entry into World War I was set aside as a day on which to remember the Army. It was just a little Army then.

Today the parades and the trek of visitors to Army posts are being omitted. There is neither time nor necessity for the parades. The American public knows about the Army. And so does the enemy—for today it is deployed around the world.

The Army expects to have five million men overseas before this year is out. That is more than all the troops mustered at home and abroad during the other war; only 2,059,629 served overseas.

The Army is nearing its goal of 7,700,000, having reached the seven an done-half million figure at the beginning of the year.

Tokyo Reports New Air Raids On Truk

SAN FRANCISCO, April 6 (U.P.) Tokyo radio said today Allied planes attack Truk atoll in the Carolines again Monday and Tuesday nights.

The new attacks, if confirmed by Allied headquarters, would be the seventh and eighth consecutive raids against the Japanese island stronghold.

(The last raids against Truk announced by Gen. Douglas MacArthur and Adm. Chester Nimitz were carried out Sunday April 2, the sixth consecutive day Truk had been attacked.)

The enemy broadcast, recorded by United Press, said both raids were carried out by forces of approximately 10 planes. The Japanese claimed two of the Tuesday night raiders were shot down and another damaged.

"D" Day Has Been Set, But Only A Few Know Date

WITH THE UNITED STATES ARMY Somewhere in Britain, April 6 (AP)—"D" day has been set.

The Allied western invasion timetable has been worked out to the minutest detail.

Only a few high-ranking officers know the date, however, and only a few will know it beforehand.

But topflight commanders in talks with their officers and men are being amazingly frank in some respects—even to the extent of telling the troops the job cut out for them.

Among American troops who will participate in the initial assault on Adolf Hitler's fortress a growing tenseness can be noticed.

In their barracks the soldiers talk among themselves but there is tremendous security consciousness among them when they are outside camp.

Investigation Of Hunt Slayings To Resume

PLAINVIEW, April 6 (AP)—District Attorney Harold M. Lafont says witnesses have been subpoenaed from Galveston and Houston to appear before the Lamb county grand jury which Monday will resume its investigation of the slayings last October of Dr. and Mrs. Roy Hunt at Littlefield.

On Feb. 26 the grand jury recessed after hearing 30 witnesses testify, among them Jim Thomas, held in the Lubbock jail since a few days after the Hunts were found slain in their bed.

Argentine Doctor Says Quintuplet Births Authentic

BUENOS AIRES, April 6 (AP)—The Dionnes appeared today to have an authentic set of rivals for quintuplet honors.

Dr. Jose Alejandro Beruti informed the Argentine Medical association that after a careful investigation he saw no reason to doubt that Senor Franco Diligenti of Buenos Aires bore quintuplets last July 15—two boys and three girls.

Dr. Beruti, head of the obstetrical department of the University of Buenos Aires school of medicine and first recognized medical authority to report on the case, said that skepticism which greeted first newspaper announcement of the births apparently was unwarranted by the data he had uncovered.

The skepticism arose when no trace of quintuplets could be found in official birth records. The parents explained then that they had tried to keep the event secret because of the fear of publicity.

The doctor said that according to his inquiry Senora Diligenti was attended only by a midwife in whose home the births occurred.

Byrd-Farley Ticket Suggested By Solon

WASHINGTON, April 6 (AP) — Expressing doubt that President Roosevelt would seek a fourth term, Senator Bailey (D-NC) today proposed a Byrd-Farley ticket for the Democrats.

Said Bailey:

"I seriously question whether President Roosevelt will seek a fourth term. I think most of the delegates probably will be for him, but I question whether he will run."

He suggested Senator Byrd (D-Va) and James A. Farley, former Democratic national chairman, "would make a fine ticket and the Democrats could win with them."

Young Woman Admits Swindling Father Out Of Money Under Strange Influence Of Tulsa Widow

TULSA, Okla., April 6 (AP) — Plump, brown-eyed Virginia Evans testified today she helped swindle her father out of thousands of dollars while Mrs. Fay Smith, mysterious Tulsa widow, held her under a strange, almost hypnotic influence.

Common Pleas Judge Carter Smith's courtroom was packed with curious spectators as Miss Evans took the stand, the first witness in Mrs. Smith's preliminary hearing on fraud and conspiracy charges.

There were excited calls for a doctor as one woman in the audience fainted.

Miss Evans said she went to live in Mrs. Smith's fashionable apartment to take religious treatments and came under a spell so strong that for seven years she was the woman's virtual slave, submitting to inhuman treatment while Mrs. Smith appropriated her earnings.

Mrs. Smith, a pudgy, dwarf-like woman, sat at the counsel table between her two attorneys and kept her pale blue eyes glued to the witness.

At first, Miss Evans testified, Mrs. Smith charged her only $25 a month, but gradually this was raised until at the last she was turning over almost her entire earnings as an office worker, retaining only enough for the barest necessities of life.

Had Absolute Confidence

"I thought Mrs. Smith was a sacred, godly woman," she said. "I had absolute confidence in her. Anything she told me to do, I would do without question."

Miss Evans said that four years ago her father, Tom Evans, a Stroud, Okla., merchant, began sending her $31 a week for living expenses, thinking she was ill and unemployed. All of that, she testi-

Hatcherymen Facing Crisis

Three chick hatcheries here have gone out of business temporarily, and a fourth has put on its last "batch" of eggs for hatching this chick season, it was announced Wednesday afternoon in connection with rumors that hundreds of chicks might have to be killed unless the present distressed market on chicks improves.

Hatcherymen discounted rumors that chicks were being offered at "just any price without takers," and agreed that the complexity of the moment is due to at least some of the following elements:

Surplus of poultry and eggs from last spring's heavy chick buying; failure of the government to keep the price of eggs stable; rising prices of feed in the face of maintenance of the ceiling price for broilers and fryers; recent cold weather which caused numerous backyard growers of poultry to "wait a few days" before taking a chance; efforts of producers to stretch protein feed requirements; and investment fears resulting from stories, some of them true, of thousands of chicks' having been drowned of chloroformed in other chicken centers because of a temporarily distressed market.

Some hatcherymen will tell you now is the time to keep up with hatchery schedules! that an alarming shortage in poultry and eggs will begin reflecting itself the last six months of the years unless hatcheries and chick buyers "get together" and "watch out for the remaining war period."

Some More Optimistic

Another also was optimistic.

"Six weeks ago I sold 100 roosters at 2 each," he said. It took five sacks of feed, or about $20, to finish them for sale—and the buyer sold them for $75—making $50 clear. I've had other buyers from over the years tell me they'll keep buying—that they can foresee such a drop in production that, by Christmas after next, they'll be selling eggs by the pound, and at higher prices. Farmers who are taking 22 cents a dozen for eggs now will make lots of money if they don't quit buying pullets. It won't be anytime now until hens get wormy and begin moulting. Then you'll see the beginning of an egg shortage. You can put me down as saying it's smart to buy chicks now."

Disparity In Prices

Others hit at the disparity of feed prices and prices of eggs and poultry. High maize prices—described as nearer than ever to the price of prepared feed—are at the bottom of the feed problem, one said. Others said that when the public increased poultry raising 16 per cent last year, instead of the 13 per cent asked, that the predicate for today's problems was laid.

"Despite the fact that 75,000 chickens were drowned in a batch the other day in another section of Texas and that midwestern and eastern hatcheries have reported some chloroforming and shutting down, we'd better think this thing out," another hatcheryman said.

"We face the prospect of sliding back to the 1940 status when we were short of hens and eggs. Next fall may see one of the worst shortages in the country's history."

Too Much Surplus

"We simply had too much surplus resulting from last year's buying, and now we may get a 20 per cent reduction as compared with last year. If there were storage space sufficient . . . But there isn't. You'll probably see 30-cent eggs in June."

Down to what the hatcherymen will agree on: "We expected to make perhaps 60 per cent this year of what we did last year—we'll do well to make that much, and some of us won't make 50 per cent as much."

"It's the worst situation that ever has hit the hatcheries," one operator explained.

Hutchinson And Guy Declared Elected

Officers of the board of trustees of Lubbock independent school district were re-elected at a special meeting Wednesday night at which returns in last Saturday's trustee election were canvassed and Dr. J. T. Hutchinson and Chas. A. Guy were formally declared the successful candidates.

Dr. Hutchinson was re-elected board president, a position he has occupied since 1914. W. G. Alderson was named vice president and R. F. Bayless secretary.

In a brief session on school matters the board accepted the resignation of Mrs. Harvey Turnbough, Senior High school teacher, and elected to the Senior High faculty Miss Nancy Binford.

Present at the meeting were Dr. Hutchinson, Guy, Alderson, Bayless, H. L. Allen, and Paul Hardwick, board members, R. W. Matthews, acting superintendent of schools, and A. C. Jackson, school business manager.

The next regular meeting of the board will be held April 25.

Food From Blood Of Live Animals Eaten

MOSCOW, April 6 (AP)—Dr. A. I. Vysochina announced today the use of food made from the blood of live animals.

He said that patients at the Tagan hospital in Moscow using the food had stimulated appetites. From the blood, the physicians make porridge, spaghetti, crackers, cocoa, coffee and chocolate.

Maundy Thursday Is Observed In Churches

Maundy Thursday services are planned in many of the churches of Lubbock today.

First Christian church will have a candle light Communion service tonight at 8 o'clock, with the Communion meditation by Rev. W. P. Jennings. Miss Ruth Towne, educational director, and the church choir will furnish special music. The service will be presided over by Rev. H. G. Gantz. Invitation has been extended to the public.

Bishop A. Frank Smith spoke at 10 o'clock this morning and will speak at 7:30 o'clock tonight at the First Methodist church for the congregations of St. John's Methodist church and the First Methodist church.

Holy communion was observed at 7 o'clock this morning and will be again at 7:30 o'clock tonight at St. Paul's on the Plains Episcopal church. Sermon will follow.

Adoration of Blessed Sacrament will be observed all day, Holy Thursday at St. Elizabeth's Catholic church, with holy communion at 7 and 7:30 o'clock this morning. Mass and procession began at 8 o'clock this morning, and the day will close with evening devotions to be conducted by Rev. Edward Lawler.

"The Comforting Christ" will be the topic subject at a service tonight at the Asbury Methodist church.

Missing Fishermen Return To Galveston

GALVESTON, April 6 (AP) — While the U. S. Coast Guard continued its search for five persons missing since Sunday's squall on Galveston bay which resulted in the drowning of two others, James O. Collins and J. D. Harris returned from their fishing trip to learn they, too, had been the objects of widespread search.

Collins and Harris said when the squall struck, they found refuge on Tiddlum Taddlum island, about 30 miles west of Galveston, and resumed fishing when it was over. They said they saw searching planes over the area but did not know there was any alarm over their absence.

American-Born Japs To Vote, Mostly By Absentee Ballot

By MARLOW AND ZIELKE
Associated Press Staff Writers

WASHINGTON April 6—American-Born Japanese will vote this year, just like other Americans, but most of them will have to do it by absentee ballot.

The reason: So many of them are in relocation centers, outside the states where they lived before Pearl Harbor, and were moved there by the government.

There are 120,000 Japanese in this country, 40,000 of them aliens and 80,000 American-born who therefore are citizens.

Three Things Done

After Pearl Harbor the government did these three things with the Japanese in this country:

1. It placed enemy agents in camps operated by the Army. These are not relocation centers.

2. It gathered up 107,000 Japanese—Aliens and American-born—from the three coast states and southern Arizona and placed them in relocation centers distributed as follows:

California (2), Arizona (2), Arkansas (2), and one each in Coloroda, Utah, Idaho and Wyoming. All are operated by the specially-created war relocation authority.

Others Not Moved

3. The other Japanese living elsewhere, including aliens, were permitted to stay where they were and go about their usual business.

Of the 107,000 put in relocation centers, 17,000 were released to live and work elsewhere when places were found for them. More will follow.

Of the 90,000 still in the centers, 30,000 are aliens, 15,000 children, and 45,000 American- born of voting age.

All the Japanese, including some American citizens, who professed loyalty to Japan have been separated from the others and segregated in the relocation center at Tule Lake, Calif.

The only exceptions to the law against permitting citizenship to foreign-born Japanese were about a dozen who were given citizenship by Congress for fighting for this country in the first World war.

DECISION POSTPONED

LONDON, April 6 (AP) — Prime Minister Churchill has postponed a decision on whether to relieve Anthony Eden of foreign office duties, The Daily Mail said today. There had been widespread reports that Eden's resignation would be announced this weekend.

American Women Facing Ungirdled Future Due To Rubber Shortage

By DOROTHY ROE
Associated Press Staff Writer

NEW YORK, April 6—American women faced an ungirdled future today as the corset industry announced stocks of rubber for foundation garments now are practically exhausted.

Issuing an urgent appeal that home-front corset buying be cut to a minimum, the Corset and Brassiere Association of America and the Associated Corset and Brassiere Manufacturers, Inc., announced that existing stocks are barely sufficient to supply the needs of women war workers.

So that these workers would not be subject to non-support, the industry pleaded that the rest of the American womanhood abandon plans to streamline Easter suits with new girdles and urged all to hang on to what they had because there might not be more for the duration.

It added that hoped-for development of rubber substitutes has thus far failed to snap the corset industry out of its dilemma.

"The corset industry has now practically exhausted stocks of rubber and rubber fabrics which were on hand in the spring of 1942 when further manufacture of rubber-containing fabrics for civilian goods was stopped," the industry statement read in part. "No satisfactory substitute for rubber has been found . . . the rubber shortage is critical because only supporting garments made with a certain amount of rubber are sufficiently flexible to be comfortable in active work. These are the garments which are needed by women workers in war plants, and which the corset industry is now asking women on the home front to conserve."

Miss Jones Is Tea Honoree

BROWNFIELD, April 6 (Special)—Miss Earlene Jones, a Tech student, daughter of Mrs. W. T. Howze and bride-elect of Mark Olson, son of Mr. and Mrs. Andrew Olson of Worthington, Minn., was named honoree Wednesday when seven hostesses gave a tea and bridal shower in the home of Mrs. E. G. Akers. They were Mesdames Akers, Roy M. Wingard, Wilson Collins, Lee O. Allen, Sam Teague, J. M. Teague and Mon Telford.

Mrs. Allen greeted guests and presented them to a receiving line made up of Miss Earlene Jones, Mrs. Howze, Miss Evelyn Jones, sister of the honoree and Mrs. Akers.

Mrs. J. L. Barton of Lubbock, maternal grandmother of the bride-elect, registered guests at a table covered with a ruffled organdy cloth and centered with sweetpeas.

Assist In Hospitalities

Assisting in hospitalities were Mrs. Ned Self, aunt of the honoree and Misses Sue and Gertrude Jones, her cousins. All members of the houseparty wore corsages of white carnations.

The refreshment table was covered with a floor length white ruffled organdy colth over peach satin. White satin bows decked the table which was centered with white carnations and calla lilies and lighted with white tapers in crystal candelabra. Calla lilies and white tapers were on the mantel.

The wedding is to take place in Brownfield, April 14.

Lubbock guests at the tea were Mesdames George, Irene and J. L. Barton and Miss Ruby Nell Smith.

Rice-Kennedy Marriage Takes Place In McLean

The marriage of Mrs. Harriett C. Kennedy, daughter of Mrs. G. P. Conway of Colorado City, and H. V. Rice, chief petty officer and son of Mr. and Mrs. C. S. Rice of McLean, took place Sunday in McLean. A single ring ceremony was read.

The bride wore an imported English worsted suit of RAF blue and white accessories. Her corsage was of white sweet peas.

The bridegroom's parents and sister, Miss Verna Rice, attended the wedding.

Mrs. Rice is a teacher in Lubbock Public schools where she will continue her work. C. P. O. Rice has been in the Pacific for the past two years. He will return to California soon for a new assignment.

Scout Den Mothers Have Session On Wednesday

Scout Den Mothers Training course met with Mrs. A. A. Bruckner Wednesday afternoon for an exhibit of handicraft given by the hostess. Mrs. O. L. Byrd, 2421 Twenty-second street, will be hostess next Wednesday afternoon at 2:30 o'clock.

Col. Coiner Inspecting ROTC Unit At Tech

Inspection of the senior unit of the ROTC at Texas Technological college is underway today by Colonel Beverly H. Coiner of New Mexico, director of the Army Specialized Training division which includes ROTC training.

The one-day visit will include the annual inspection of the complete cadet corps in formations, inspection of first and second year basic ROTC classes, and general inspection of the military building on Tech campus. President Clifford B. Jones, Major Frank Hangs and other personnel at the college are accompanying Col. Coiner on the inspection tour.

Demonstrations of classes included an attack on a fortified position by the drill platoon of the unit and the extended order platoon of the unit, booby traps, exhibit on chemical warefare, map reading, rifle marksmanship, foxhole replacement, sand table problems and other practical demonstrations.

Highest rating of an ROTC unit is "Excellent," a rating which Tech's ROTC unit has received each year after inspection since its beginning.

Open House At Hilton Saturday To Highlight Truman's Visit

An open house at the Hilton hotel Saturday afternoon where the public may meet Senator Harry S. Truman will highlight the Missouri senator's visit to Lubbock, according to plans made by the steering committee.

Senator Truman will speak at a gigantic area-wide Democratic rally Saturday night at 8 o'clock in Senior High school auditorium.

L. C. Ellis, county Democratic chairman, who with Mark Halsey, state Democratic executive committeeman, and Mrs. Clyde F. Elkins, co-chairman of the county committee; head the steering committee for the rally, announced that C. A. Bestwick would direct the transportation committee and H. L. Allen the reception committee. James L. Quicksall and W. C. O'Mara are vice chairmen of the reception committee.

The chairman of the now famous Truman Investigating committee of the upper house of Congress is scheduled to arrive in Lubbock late Friday night from Big Spring. Saturday morning he is scheduled to visit the two Army air fields near Lubbock and will also make a tour of the Texas Technological college campus.

Present plans for the rally call for its start at 8 o'clock at the auditorium with a broadcast of the Senator's speech over KFYO and possibly a state-wide hook-up slated for about 8:30 o'clock.

State Leaders Coming

A number of state officials and party leaders have accepted invitations to the rally. Included in the group are: Armstead Brooks of Dallas, Myron Blalock of Marshall, national Democratic committeeman from Texas; Bascom Giles, state land commissioner; Dr. L. A. Woods, state superintendent of public instruction; Fred Erisman of Tyler, president of the County and District Attorneys association of Texas; John Ben Shepperd also of Tyler, member of the state executive committee of Young Democrats and past president of the Texas Junior Chamber of Commerce.

A party of Dallas and Fort Worth newspapermen is scheduled to arrive here Saturday to attend the rally.

County judges and Democratic county chairmen of 53 West Texas and Eastern New Mexico counties have been sent special invitations to the rally. Word from Clovis Wednesday advised that a large delegation from that area would be here as their Senator, Carl Hatch, is a member of Truman's Senate committee.

Senator Truman's talk here is to be keynoted by an effort for party harmony. He is a member of the Appropriations, Military Affairs and Interstate Commerce committees of the Senate and is considered one of the party's outstanding leaders in the upper house.

His appearance here came as the result of an invitation extended to him at a recent Jackson Day dinner at Dallas at which he was principal speaker.

Navy Officials To Be In City April 11-12

The office of Naval Officer procurement in Dallas has announced a special procurement board, with Lt. Ralph E. Binnion as officer-in-charge, will make its headquarters at the Hilton hotel in Lubbock on Tuesday and Wednesday, April 11-12.

The board will also consist of Lt. J. W. McMurry and Comdr. C. D. Hunter, senior medical officer of the Dallas office.

During their stay in Lubbock the officers will be prepared to interview and give physical examinations to qualified applicants for commissions.

Lt. Binnion said his party will arrive in Lubbock Sunday night, but will not be able to interview applicants for commissions until Tuesday. The full day Monday must be devoted to processing 40 V-12 applicants who already have been notified of their selection.

Requirements for a commission in the naval reserve remain substantially unchanged, the Navy said. Physical requirements have not been relaxed and a college degree is still necessary. While it has been announced that the program for procurement of general sea duty officers is proving most successful, there is still a need for young men with engineering degrees. Physically qualified men, 34 years of age or younger, with at least two years of college and 5 years of good business experience, are requested to contact the procurement board during its stay in Lubbock.

Mrs. Olive Fluke, U. S. commissioner of the Lubbock division of the Northern district of Texas, announced Wednesday afternoon that three 17-year-old boys, who are now in custody of authorities in Dickens county, were charged with forcibly breaking into a building at Gilpin which was used in part as a United States postoffice, and with carrying away for their own use the sum of $74.63, property of the United States.

A son was born in a Chicago hospital to Walt Newton, WGN radio announcer, and Mrs. Newton, daughter of Mr. and Mrs. Frank Mitchell of 2218 Sixteenth street, Mitchell said he had been informed. Mrs. Mitchell will return home "any day now." The son was named for his father but—wouldn't you know it?—the nurses gave him a fancy nickname. No doubt he'll be 'Fig' Newton from now on!" Mitchell is an inspector for Texas Liquor Control board.

The case of J. B. Fowler, charged with murder of Pfc. Jake Weaver, home on furlough from Fort Hale, Colo., was submitted to a 99th district grand jury and passed without action, it was said this morning. The grand jury voted 10 indictments naming 10 defendants in other cases, and reported Wednesday to Judge J. E. Vickers. The soldier was shot Jan. 30 at Fowler's residence.

Members of Allen Bros. post of the American Legion will present the program at an Army day observance in the USO center, 1211 Thirteenth street, tonight at 8:15 o'clock, according to Miss Leona Gelin, supervisor. She reminded also that a luncheon for the all-wives group is scheduled at 12:30 o'clock Friday afternoon, followed by the weekly Aerondonnas' dance Friday night at 8 o'clock.

Farm Slayings Still Mystery

OKLAHOMA CITY, April 6. (U.P.)—Investigators hunting a negro triple killer today ran into a dead end when another "good suspect" was found to have no connection with the case.

Deputy Sheriff Frank Lynch said an Oklahoma City negro, whose wife had reported him missing since Monday morning, had located "but he was working another job and could not have done it."

The search intensified yesterday with discovery of the body of Roy Schat, 47, Cleveland county farmer, in a vacant house south of Oklahoma City.

Officers reported they were still uncertain of the slayer's motive, since $21 had been found in Schat's purse.

Robbery Thought Motive

Earlier, the investigators theorized robbery was the motive since the killer had stolen Schat's truck, gone to a farm near McLoud, Okla., slugged and slashed Mrs. Walter Gorski, 38, and her three year old daughter, Martha, and stolen three cows from the Gorski farm.

Officers traced the animals to the Oklahoma City stockyards where the slayer had sold them Monday afternoon. Schat had marketed a load of hogs Monday before his disappearance, and officers thought it possible the negro killer had taken that money from him, overlooking the other $21.

Two suspects arrested at Chickasha were virtually eliminated from suspicion, Lynch reported.

ators or able-bodied seamen." The government's inter-agency deferment committee was said to be studying whether some 64,500 merchant marine personnel under 26 should be made subject to the draft.

WSA officials pointed out, however, that drafting these younger men would create a serious problem in the growing merchant marine, which will need an additional 70,000 to 80,000 men this year.

Representatives Named

3. The Army Services forces announced that a representative has been named in each of the WPB's 13 regional districts to consult on production problems and help determine which workers under 26 should be deferred.

In connection with public utilities, WPB officials said they probably can "get by" without younger men but that extension of the "no-deferment" policy over the 26-year mark would prove "disastrous." They noted that one Michigan gas company already has been forced to shut down because of a manpower shortage.

The military affairs committtee appealed to 4-F's to get into war work after a series of conferences with Hershey and high Army and Navy officials.

Cassino Bombing

(Continued From Page One)

the destruction which could reasonably be expected from such a bombardment and that the obstruction would not be completely devastated nor could the air attack be expected to dislodge all enemy opposition."

In his opinion, Eaker remarked, accuracy of the bombing had little effect on the general overall result.

"Over a long and more sustained period a greater degree of devastation could have been caused in Cassino," he said, "but it probably would have had little bearing on the final result. The enemy forces in their cellars, deep dugouts and underground passages would not have been affected."

Eaker said that the air forces had, nevertheless, been highly efficient in knocking out German guns behind the front. He listed the big jobs of the air forces in this theater as knocking out the luftwaffe, both in shooting down planes and destroying the factories producing the planes; attacking German war industries and communications generally, and aiding the partisans in Yugoslavia.

Texas Democrats

(Continued From Page One)

released at the conference.

"Therefore it seems to me that this is an effort on the part of the supreme court to anticipate and forestall any legislative or executive committee action to determine who may be members of a political party."

Legality Said Settled

"The constitutionality of the procedure of the Democratic party which permits it to select its own membership was settled years ago in the case of Grovey versus Townsend, as pointed out by Mr. Justice Roberts.

"Thus it is difficult to believe that this decision was brought about through any earnest desire of the court to apply and uphold the constitution. You are compelled to look elsewhere for the motivating reasons behind the decision and the decision as so rendered by the majority of the court, does, indeed, seem to be for other purposes and timely, too."

Referring to what he said was comment by Democratic party leaders in other states than the decision would not affect their primary elections, Butler said:

"I anticipate Mr. Biddle, attorney general of the United States, will soon render an opinion that under this decision no political party has the right or privilege to exclude anyone because of race, color or creed from party activities to select nominees for the general election to follow later.

Far-Reaching Effect

"I do not believe that the citizens of Texas or the South realize how far-reaching is the effect of this opinion.

"However the present decision is to be interpreted, all is not gloom. The supreme court upheld the constitutionality of our right to prescribe the membership of the Democratic party a few years ago. In its present decision the court states that the circuit court of appeals quite properly held our present procedure to be constitutional on the authority of the Grovey versus Townsend case. It is quite likely that the changes of the next few years will show the supreme court the error of its way and witness a reversion to the prior ruling upholding our rights."

The committee of attorneys named to study the opinion will report to the executive committee not later than May 1, Butler said, in order that he may advise precinct and county chairmen of their recommendations prior to the precinct and county conventions of May 6 and 9.

Reds In Edge Of Big Port

(Continued From Page One)

Mikhailov to Red Star said the Germans lost 1,000 dead and 20 tanks in their first big attempt to break out of the Skala area trap yesterday, and a second effort cost them even more dead.

The Russians were said to be seizing one street after another in Tarnopol, killing a large number of Germans.

At Skala, Junkers transport planes were reported making numerous trips in attempts to evacuate Nazis trapped in that sector west of Kamenets Podolsk, Mikhailov's dispatch said, and 11 of them have been shot down within the past 24 hours.

Yanks Raid Ploesti

a long term basis."

It was estimated that the oil field installations were 40 per cent destroyed in last summer's big raid on them by U. S. Liberators from the Middle East, but the Germans are said to have repaired most of that damage.

Encountered Intense Flak

Liberators, which were the first to go over Ploesti yesterday, encountered intense flak and more than 125 German planes. The Fortresses arriving later met fewer Germans.

As the big bombers left, the fliers said, the rail yards were in flames and tank cars exploding.

While unfavorable weather did not permit full-scale air operations in Italy yesterday, attacks were made nevertheless on Colleferro, northeast of the Anzio beachhead; at Terracina and Formia, on the west coast above the main Fifth army front; at Frosinone, beyond Cassino, and along the coastal railway beyond Rome.

Warhawks attacked a battery of German heavy guns at Procula, north of the beachhead, and bivouac areas and a supply dump northeast of Cisterna.

157 Nazis Downed

Slessor announced that the total number of enemy planes shot down in Sunday's big raid on Steyr, Austria, now has been found to total 157—by far the biggest bag ever scored by planes from the Mediterranean theater in a single raid.

Allied fliers say that one reason for the large number of enemy planes destroyed in recent raids is the reduced quality of the German airmen.

Lt. Gen. Ira C. Eaker, Allied air commander in the Mediterranean, says he believes the Allied air forces can knock the German air force out completely. The time may not be far off, he added, when there will be little effective opposition.

"Then," he declared, "it will become practically a transport service merely carrying bombs."

Dunbar Choral Club Sings For Kiwanians

The Dunbar (negro) High school choral club furnished the entertainment at the weekly luncheon on the Kiwanis club today in the Lubbock hotel, making their third appearance in as many weeks at Lubbock service club luncheons. The choral club, under the direction of Lillian Struggs, had made previous appearances at the Rotary and Lions club luncheons.

Ada Bell Houston, talented vocalist of the group, sang "City Called Heaven" as an added feature of the program. The group sang several negro spirituals. E. C. Struggs, principal of the school, announced the numbers.

Rev. H. G. Gantz was program chairman and the luncheon was presided over by the president, T. E. Buckner.

A purse of $40.17 was presented the chorus by members of the club following their program. The purse which will go for music and equipment for the singers, was raised by a voluntary collection among Kiwanians.

Citizenship Case Of Dr. Meyer Dismissed

NEW ORLEANS, April 6 (AP)—A contention by the southern Texas district court that Dr. Heinrich Karl Ernst Meyer, 39, had obtained his naturalization certificate through fraud was overruled yesterday by the U. S. fifth circuit court of appeals.

The appellate court set aside the cancellation of Dr. Meyer's citizenship and ordered the government's petition dismissed. He was a former professor of German language at Rice institute, Houston.

In its opinion the appellate court said Dr. Meyer came from his native Germany to this country in 1930, was naturalized in 1935 and that the charges were based upon Dr. Meyer's assertions about the war prior to December 1941.

The court said the Texas court based its conclusions without benefit of a later decision by the U. S. Supreme court in the Schneiderman case, when the Supreme court was quoted as saying in effect that "a naturalized citizen has the same freedom in thinking and speaking as a native citizen has."

The man recently was in Oklahoma state penitentiary, police said.

Value Of Thompson Estate Over Million

CHICAGO, April 6 (U.P.) — The value of the estate of former Mayor William Hale "Big Bill" Thompson, originally estimated at $150,000, rose to $1,500,000 today after the discovery of $70,000 in securities yesterday, and authorities prepared to open the last of his safety deposit boxes in search of an additional $2,000,000.

The latest cache, discovered in the third of his safety deposit boxes, was in securities with a face value of more than $100,000 and an estimated current value of $70,000. The first two boxes, opened last week, contained $1,427,350 in cash.

James W. Breen, Thompson's attorney, said he believed the former mayor, who died March 19, had another $2,000,000 secreted in the two boxes which will be opened Saturday. The money, he said, represented the proceeds of the sale of investments in 1929.

Educator Warns Of School Changes To Be Made After War

DALLAS, April 6 (AP)—Dr. Umphrey Lee, president of Southern Methodist university, warning that changes will have to be made in the field of student counseling after the war is over, says:

"That stale stuff we've been giving students the last 25 years won't work with the boys back from the front."

He made his remarks before a meeting of the Association of Texas colleges, adding that schools must be ready in the postwar period to operate two types of programs: One along conventional lines and the other an accelerated program for returned veterans.

Lt. Col. C. L. Brownell of the Army Air forces training command predicted an expanded physical fitness program which might include compulsory correction of remedial defects. He said also that military training for students is coming and that it will be more "than just close order drill."

Paul Carrington, chairman of the Dallas Chamber of Commerce postwar planning committee, told the educators a prime postwar objective should be an educational program which would train youth to world citizenship and tolerance of other peoples.

Return Of Livestock Slaughter Foreseen

WASHINGTON, April 6 (AP)—Rep. Martin (R-Iowa) said today he had received a "forecast" that the 1934-1935 "economy of scarcity" slaughtering of millions of pigs and calves may be repeated.

The Iowan expressed alarm over a letter he said was written him by Price Administrator Chester Bowles in reply to an inquiry about steps taken to assure adequate grain and feed production.

"From our knowledge," he quoted Bowles' letter, "it would seem there is a possibility there will have to be some curtailment of the amount of livestock which this country can maintain and still have sufficient grain to take care of the commercial requirements in the best interests of the war."

Martin said he interpreted that part of Bowles letter to mean that the government plans to "repeat the slaughtering of 6,000,000 little pigs and calves as it did in 1934 and 1935."

Bird Downs Ellington Field Training Plane

ELLINGTON FIELD, April 6 (AP)—An "unidentified bird" yesterday downed an Ellington field training plane near Conroe but the two Army fliers parachuted safely, the public relations office announced today.

Cadet Warren G. Speller and 2nd Lt. John T. Tucker said one wing of their plane collapsed after the bird ripped a large hole in it.

NASHVILLE FIRE COSTLY

NASHVILLE, Tenn., April 6 (AP)—Flames swept through nearly a block of buildings on lower Broadway late last night destroying at least six large business concerns and damaging others. No official estimate of damages was made but loss was unofficially estimated at $1,000,000 or more.

Butane Equipment Said Installed In Cars Of 40 Actors

LOS ANGELES, April 6 (AP) — Charged with installing equipment in automobiles to permit use of unrationed butane gas instead of gasoline as fuel, Lawrence W. Zonker was named Wednesday in a 10-count federal criminal injunction charging violation of war production board regulations.

James E. Harrington, chief of the war frauds unit of the Department of Justice here, said Zonker sold the equipment for as high as $1,000 per automobile to more than 40 motion picture actors and other wealthy Los Angeles citizens.

These included, Harrington said Gary Cooper, Bob Hope, Eddie Cantor, L. B. Mayer, Producer William Goetz, Barbara Hutton, Carey Grant and Director Henry Hathaway.

He is charge specifically with selling butane tanks, regulators and mixers, made of strategic materials, without permission of the War Production board and without keeping required records.

Gumbert Is First Hurler To Go Route

Texan Is Set To Win 100th Game

NEW YORK, April 6. (AP) — Harry Gumbert, towering hurler for the St. Louis Cardinals, champions of the National league, is getting set to win his 100th major loop game.

The tall guy from Texas is the first of the big league pitchers to go the nine-inning route, and he did it impressively yesterday in holding the second team to six hits and a single ninth-inning run.

Gumbert has won 98 games, and hopes to get over the century hump early in the season. Only seven pitchers now in the big leagues have broken the 100 mark.

Gumbert has proved a fine investment for the Cards since 1941 when Branch Rickey traded "Fibber" Bill McGee to the Giants for him. Since then Gumbert has won 30 games and lost 15, and six of his wins were at the expense of the Giants, against two losses. McGee won two and lost nine in 1941 for the Giants, and hasn't been with 'em since.

The lowdown on the high spots:

AMERICAN LEAGUE

St. Louis: General Mgr. Bill Dewitt said all Browns now in training have signed contracts, and Manager Luke Sewell grinned broadly over the 10-2 victory over Toledo.

Washington: Weather has put the whammy on the Nationals, and Owner Clark Griffith and Manager Ossie Bluege fears rains, snows and cold have set pitchers too far back for team to get off to a good start.

Boston: Joe Cronin, elated over recent showing of Pitcher Emmet O'Neil who won one and lost four last year, expects his to be club's No. 1 hurler.

Yanks Handed Setback

New York: Yanks will try to eliminate today the reasons the Athletics handed them that 9-1 setback yesterday.

Detroit: Paul Trout, who won 20 and lost 12 last year, finally has been nicked for a run, Rochester getting it yesterday. But it was the first marker yielded by Trout in 11 exhibition innings.

NATIONAL LEAGUE

Pittsburgh: Holdout Vince Di Maggio still on fence as Prexy Benswanger makes no move after confab on wage demands

New York: Giants, snowbound, stayed in hotel lobby yesterday, but 50 teen-age kids arrived for tryout camp. Steve Filipowicz, former Fordham grid ace signed contract, and Ernie Lombardi, catcher, arrived from coast.

Cincinnati: Bucky Walters and Elmer Riddle of the Reds will hurl against their team mates for Indianapolis in an exhibition today.

Brooklyn: Manager Leo Durocher, 38, intimated he might start season at second base, despite "acorns" in right elbow region.

Changes Announced For County Meet

Two changes in the athletic schedule of the County Interscholastic League meet this weekend in Lubbock were announced yesterday by Roy Boyd, county superintendent. The changes moved the tennis and playground ball to Saturday and to Texas Tech fields.

It was first announced that all events would be staged Friday with tennis carded for Dupre courts and playground ball for Lubbock Junior High school. These were the only changes in the schedule.

The tennis play is scheduled to get under way at 12:30 Saturday afternoon while playground ball will start at 1 o'clock.

The Friday schedule calls for Junior and Senior track at Chapman Fied to get under way at 1:30 o'clock Friday afternoon and Senior girls volleyball scheduled to start at the Lubbock High school gym at the same time.

The number of entries for each event has not been announced.

Baseball "Bombing" To Drill Fielders

LAKEHURST, N. J., April 6 (U.P.) —A baseball "bombing" from a blimp in which players of the New York Giants and their Jersey City farm club will attempt to snag flies dropped by crew members from a level of 300 feet will highlight an exhibition game between the teams at the U. S. Naval Training station today.

Players on both teams have volunteered to try to catch the baseballs which will be traveling at a rate of 121.6 feet per second or roughly 74 miles per hour when they reach the ground.

Tahoka, Olton Are Favorites

Both Are Strong For 4-A Meet

TAHOKA, April 6—The Tahoka Bulldogs will be favored along with Olton in the district 4-A track and field events at Lubbock's Chapman Field Saturday afternoon with most critics expecting the two teams to fight it out for top points of the meet.

Coach Leo Jackson will take a equad of 21 men to Lubbock Saturday and will be the only squad in the meet with three men entered in every event, and will have some men shooting for district records in the show.

Tahoka has long been a track power in the District shows of the past, and gained state wide fame in track by the exploits of it's famed Max Minor who established an interest in track in the city that has caused many boys to try to follow in the fast footsteps of the famed Minor.

Lane Jones Dash Star

One lad that bids fair to be in the thick of the scrap when records start falling is Lane Jones, who has already stepped the 100 yard dash in exceptionally fast time and has broad jumped better than 20 feet this season.

Tahoka will have some busy men in the track meet in Lubbock with Bill Woods as busy as the proverbial one armed paper hanger. Woods is entered in both high and low hurdles, high jump, shot put and discus to lead the parade of events.

Speedy Roy Huffacker will be entered in four events, the 100 yard dash, 220 yard dash, sprint relay and pole vault. LaVaughn Caraway will enter both the high and low hurdles and the 440 yard dash.

Other members of the team are Billy Barrington, Dan Curry, Cecil Dorran, Charles Dollins, Jerry Edwards, Bobbie Fults, Bill Grider, A. L. Hodge, W. T. Hines, Irvin Lehman, Clois Leverett, J. T. Miller, Wayne Miller, Glen Newton, Bobby Scott, Billy Joe Steven- and Buddy Gene Bragg.

DUPRE WINS PAIR

The Dupre Dogies romped off with both halves of a double header volleyball game with the K. Carter Coyotes Wednesday afternoon with the Dupre boys winning by a 27 to 20 count while the girls nosed out a closely fought 37 to 35 victory.

Charley Parker Boosts Win Streak To 43 Races In Row

SAN ANTONIO, April 6. (AP) — Charley Parker, San Antonio Jefferson High school's great sprinter, boosted his three-year winning streak to 43 races in a row by winning the 100-yard and 220-yard dashes in record time in San Antonio's city track meet yesterday.

Despite a faulty start, the "Pony Express" sped the century in 9.8 seconds. His time for the furlong, around the turn, was 22 seconds. As a climax, Parker ran the quarter-mile for the first time this season in the mile relay and anchored Jefferson's team to a record of 3 minutes, 35 seconds.

Eight Records

Eight records fell during the meet and one was tied. Other impressive marks besides Parker's were a 14.5 high hurdles by August Erfurth of Brackenridge, a 51 flat 440 by James Bodiford of the same team and a measured leap of 6 feet, 2 inches in the high jump by Brackenridge's James Suthworth.

Brackenridge scored 71½ points to win the meet, handing Jefferson its first loss of the season. The Mustangs made 66½ and San Antonio Tech 10.

Pitcher May Replace Lindell In Outfield

ATLANTIC CITY, April 6 (AP) —If Marse Joe McCarthy of the New York Yankees is real hard up for a replacement for Johnny Lindell, he may find that gentleman where he found his Navy-bound centerfielder—right on his own pitching staff.

In Al Lyons, a rookie righthander who won four and lost six for Kansas City last year, he has a husky candidate who can do a better than fair job in the outer gardens where it is conceivable he might follow in Lindell's footsteps.

When Lyons broke into baseball in Los Angeles, he was a pitcher but due to an Army injury he turned to outfielding when he joined the Yankee chain at Joplin, Mo.

Lindell took his draft physical yesterday and passed a preliminary test. The doctors are giving him another once over and will pass him for the Navy if X-ray tests prove that he will not be troubled by an old head injury.

Sports Roundup

BY HUGH FULLERTON, JR.
Associated Press Sports Writer

NEW YORK, April 6. (AP)—Since Jan. 1, in New York alone, 29 boxers have been discharged from the armed forces mostly for trick knees and ear troubles . . . Sammy Baugh, who has been devoting his spare time to putting the Rotan, Texas high school football team through spring practice, claims he has been getting a kick from the experience. And no doubt some of the kids have been getting a kick, too, and probably a pass.

TODAY'S GUEST STAR

Ash Wing, Tallahassee, Fla., News-Democrat: "Gil Jarvis, an 18-year-old catcher from Oklahoma City, was a .400 hitter last season with the Oklahoma Natural Gassers and this spring sought a big league tryout. He got one—with the Brooklyn Dodgers ... Hmmm. Natural Gassers? Brooklyn? Oh well, probably just a coincidence."

SHORTS AND SHELLS

Jim Tabor, Red Sox third baseman, went to college at Alabama on a basketball scholarship but was signed by the Sox after a season of freshman baseball . . . Cpl. Billy Conn is scheduled to box a four-round exhibition at the London, Ohio, prison farm April 19 . . . When a few English-speaking baseballers turned up at the Chattanooga, Tenn., baseball park, Sports Editor Wirt Gammon of the Chattanooga Times wrote: "The Americans established a beachhead at Engel stadium yesterday."

SERVICE DEPT.

The Camp LeJeune Globe, official voice of the big North Carolina Marine station, is campaigning editorially for a camp "varsity" baseball team. There are 27 ex-professionals in camp . . . Former Notre Dame footballers Jim Mello, Jim White, Bob Hanlon, Bob Palladino, Jim Tharp and Lou Rymkus have been assigned to the ships company at Great Lakes, which means they'll probably still be there next fall . . . Lou Plummer, former heavyweight wrestler, is in charge of the M. P. detachment at the Anzio beachhead.

LEAVE OF ABSENCE

TYLER, April 6 (AP) — Ralph Morgan, professional at the Willow Brook Country club here for the past eight years, has been given a leave of absence as a result of his induction in the armed forces. Assigned to the Navy, Morgan expects a call to active duty within 90 days.

BOXER PASSES PHYSICAL

LOS ANGELES, April 6 (U.P.) — Henry Armstrong, only triple-champion in boxing history, has passed his physical and will be in the Army within three weeks, Manager George Moore said today.

Fights Slated At Petersburg

Meet Scheduled With Amarillo

PETERSBURG, April 6 — The Petersburg beak busting brigade will defend the home ring Friday night before the invasion of Coach Joe Scroggins' Amarillo ringmen in a 15-fight dual meet.

This will be the second meeting between the two teams, Amarillo winning the first match by an 8 to 6 margin with a late rally among the heavier class fighters.

Pairings for the Friday night card, with Amarillo boys named first, are: Charles Hagerton, 89, vs. Clubb, 89; Bobby Conners, 90, vs. Bobby Fowler, 92; Jimmy Hamilton, 93, vs. Frank Mannon, 95; Johnnie Mitchen, 111, vs Coyt Thompson, 112; Wilton Todd, 112, vs Frankie Stanton, 110; Cloys Webb, 118, vs Neal Eaves, 118; Joe Sharp, 118, vs Ray Shields, 118; Phillip Merril, 118, vs. Danny Krouse, 118.

Glen McDowell, 122, vs Hollis Black, 128; Jack Thurman, 135, vs Billy Pittman, 135; Dean Oldfeather, 135, vs Ralph White, 135; Morris Watson, 135, vs Harold Jeffcoat, 135; Eugene Tate, 125, vs Bob Reynolds, 127; Ed Gill, 145, vs Wendy Surratt, 139; Joe Morgan, 156, vs Fluff Myers, 155; Bob Campbell, 170, vs Sammy Hale, 170.

PAPERS TRANSFERRED

BEAR MOUNTAIN, N. Y., April 6 (AP) — Bill Hart, Brooklyn Dodgers' infielder who was expected to fill Arky Vaughan's place at third base this season, received notice today from his Asheville, N. C., draft board that his papers had been transferred to Brooklyn. He probably will be called for a pre-induction examination May 1, 2 or 3.

Maj. Tarbox Says China Will Bear Watching In International Sports Following War

China is a nation that in the near future will take its place alongside the rest of the world in the post-war athletics on an international scale, according to the belief expressed Wednesday night by Major Elmer Tarbox in a brief talk before the Lubbock Touchdown club at the West Texas Gas company offices.

Tarbox gave an inside picture of the athletic future in China, and his arguments gives the goal tending war of the past basketball season the complete horse laugh as he told of the "American All-Stars" battle with the champions of Southern China.

Tells Of Cage Game

Tarbox told of picking a gang of six-footers, of which he was the runt of the ball club, and booking a game with the Chinese team. The American fliers, from which the team was made up, looked over the Chinese players at the far end of the court, judged the some 5 foot, 5 inch average in height boasted by the home team, and figured the coast.

When the ball game started, the Chinese players went in and out of the American formations like a playful pup, and when the game was over the Americans had lost face and a basketball game by some 20 points. The Yankee fliers tried again later—and only lost by ten points.

Speaks Highly Of Program

Tarbox spoke highly of the Chinese sports program that has become a National feature of the future China. He pointed out that it not only gave the boys a part in the picture, but the girls as well, and the girls take part in every event that the boys tackle.

Tarbox freely predicted that in about two generations, the Chinese people would be a nation to be contended with in the international sports programs of the post war world. The program was started in 1935 and produced it's first Olympic Games entries in the 1936 games in Berlin. China then failed to win great honors, but their advancement has been rapid since that date.

Prior to the introduction of Tarbox, moving picture films were shown of last year's Texas-Longhorn-Texas Aggie classic and the Notre Dame-Pittsburgh game of last year.

The Notre Dame film was obtained through the courtesy of Doug McKeever, former Texas Tech star and now an assigned coach at Notre Dame.

The word turnpike originated from the early American custom of blocking toll roads with pikes or poles—when the toll was paid, the pikes were turned aside.

MORE ARMY NEWS: A nice letter from Col. Marvin B. Durrette, formerly in command of the West Texas Recruiting and Induction Center and now commanding Fort Brown, at Brownsville, says he likes his new station fine but frequently is homesick for Lubbock. Also from the good colonel, a basket of grapefruit to be split between The Plainsman and Parker Prouty. The colonel says he knows the fruit is good (and he's not foolin'!) because he picked it with his own hands from the trees which surround the c.o.'s quarters at Fort Brown.

A couple of local anti-New Dealers were discussing next November.

"I like Dewey," said one.

"So do I," said the other. "He made a great record as a prosecutor. Now he's making a great governor of New York. He has trained himself for the Big Job."

"Yes," agreed the original commentator. "He's all right, but . . ."

"But?" broke in the other, "what do you mean 'but'?"

"But," said his friend, "I sure wish he'd shave!"

OF prime import, as the result of Tuesday's Republican primary elections in Wisconsin, is the dramatic withdrawal of Wendell Willkie from the GOP presidential derby. But also important, as well as interesting, is the support shown in the Badger state for Gen. Douglas MacArthur, despite the fact that the latter has held complete silence on political matters and has given all his time and attention to doing a jam-up job against the Japs in the South Pacific.

If there should be a stalemate in the Republican convention in Chicago next June between the forces of Dewey and Bricker, or supporters of Dewey and any other aspirant, don't be surprised if the forces of MacArthur "blitz" the convention in a whirlwind assault in the last 12 or 24 hours of the gathering and thereby secure nomination of their man. That isn't probable, but it is possible.

What a great many people do not know is that "MacArthur-for-President" groups and individuals have been working busily under cover for months. Many, if not most, of those working for the general are men who served with and under him in World War 1 and have for him something akin to worship.

We don't hear anything about it down here, but MacArthur men —especially in the Midwest—are everywhere, quietly but efficiently building fences for him under the surface of the Dewey, Bricker, Stassen activities.

A lot of commendation is being heard around town this week for the Rev. Dr. Frank Smith, Methodist bishop of Houston, who heads special Easter services for Rev. Dr. H. I. Robinson's congregation and all others interested. The commendation comes not only from those one would expect, but also from others not directly connected with Methodism here.

It seems that Bishop Smith follows a policy somewhat different from that usually employed in the pulpit—especially in connection with a special series of sermons.

Instead of aiming his thrusts at case-hardened sinners, who are never calculated to be in any preacher's audiences, he has been speaking to and about those Christians who are so complacent that they think their reservations already are confirmed in Heaven.

Bishop Smith is not a convert of the Lash-'em-over-the-back school. He speaks forcefully and sincerely, and logic is the chief weapon he employs.

He hasn't knocked over a single straw man yet and his efforts are being rewarded by good crowds and intelligent reception.

Because he has good sense and good taste is just one of the many reasons he is ticketed for one of the highest posts in his denomination in the U. S.

AS Carl Slaton, Lubbock's only three-term mayor, prepares to relinquish the job he has held for six years he deserves a rousing salute and a pat-on-the-back from the citizens he has served so well.

Quiet, unruffled Mayor Slaton is proof of the old adage that "still waters run deep." Without any fanfare, he has given his job the best he had and a look at the records at City hall will show that his best has been a very good best, indeed. An Avalanche-Journal reporter, scanning city records for material from which to write a news story, has discovered that many forward steps have been taken under the Slaton regime. From such standpoints as city planning, parks expansion; improvement of fire-fighting facilities, etc., the six years during which Mr. Slaton has been mayor have been highly productive.

* * *

If there is any remuneration involved in being mayor of Lubbock, it comes in honor, rather than in material gain.

The job pays $75 per month, which does not compensate a mayor for his time and, in fact, does not cover incidental expenses in connection with his work.

Since all the honor involved can be squeezed out in one two-year term, the mayor who serves two or three terms contributes to his town and his fellow citizens much more than he possibly can gain from the experience. We've never heard Mayor Slaton make any reference to the subject, but if we were guessing we'd say in the matter of expenses, donations, etc.—and not counting the value of his time—it has cost him several thousand dollars more in actual cash than he has received to spend six years at the helm of city government here.

* * *

THIS much The Plainsman knows: Carl Slaton did not wish to serve a third term as mayor. In his first two terms, he had his fill. He offered for a third term, to our certain knowledge, because his commission colleagues at City hall and a great number of local business and professional men urged him to do so.

As he turns his job over to Overton Ribble, Mayor Slaton must do so with a sigh of relief. He's certain to be glad to get away from the many extra duties; from the added thought and worry.

But if he winds up his official connection with the City of Lubbock with a feeling of satisfaction over a job well done, he certainly has that right.

No person can please everybody —even his family and closest friends—all of the time. Certainly no man in public office can please all of his constituency all of the time and Carl Slaton would be the last to claim the ability to work miracles. But his over-all job undoubtedly is viewed by the overwhelming majority of his fellow citizens as being highly satisfactory, which is accolade enough for any man.

In Mayor Slaton's return to private life, we wish him all the best fruits of his labor.

And to that, most Lubbock citizens we give an amen.

PROLOGUE: A Colorado farmer, looking for some strayed calves on a September evening in 1919, comes upon a sick stranger who burdens him with an important written message. Seeking help, the farmer falls and knocks himself out. When he revives both stranger and message are gone. No one believes his tale.

THE STORY: After the Ku Klux Klan burn down his barn, Jan Mesrik is visited by Judge McNamara who persuades him to take the case to court.

* * *

OLD JAN VS. JIM NORBERG

XI

I ATTENDED the trial, going daily with my mother and father. Even a boy of my age needed no Gallup Poll to tell him where public opinion stood in this case. Naturally there were those who were in sympathy with my grandfather, but they were decidedly in the minority.

Once, during the first day of the trial, I went into the hall to drink from the fountain. A boy, a little older than I, pushed me to one side as I was about to drink.

"This fountain is for Americans," he said. "Your grandfather is a Bolshevik. Why don't he wear whiskers?"

I stayed close to my parents after that.

The question in the trial was whether Norberg actually was on the Mesrik property the night the Klan called and the barn was burned. Old Jan, on the stand, told of uncovering him at the barn door, definitely identified him. But Norberg had an alibi in a substantial witness, the proprietor of the store in which the defendant worked. He testified that Jim and he were at the store all evening, working in the back room on the books. It was Old Jan's word against Jim's and Sam Washburn's.

If the attitude of the public was any indication, the jury was anxious to take the word of the defense witnesses. Any discrediting of my grandfather as a reliable witness would be welcomed, making it possible to acquit the more popular Norberg with a clear conscience, eliminating all possibility of censure. The defense attorneys knew the situation, had anticipated it. The next witness was called:

"Dr. James Morton."

Grandfather looked up with surprise from the pad of paper on which he was doodling.

* * *

THE memory of that scene was beaten, literally, into my brain. It was the old courtroom, before they built the new county courthouse. The brown wallpaper made the room appear dark despite the row of tall windows along the right-hand wall. The judge's bench and the jury box to the left were dark oak with ginger-bread decorations.

Before the judge, between him and the spectators, were two long tables. At one sat the prosecutor and my grandfather, and at the other sat Norberg and his counsel.

It was on my grandfather that my attention was now focused. The rest was background. My grandfather was then in his middle fifties. He had on a rough, tweed suit of gray. It fit loosely his muscular body, his more-than-six-feet of height. His face was tanned by the winds of the high prairies. He was a handsome man, with strong features. His iron gray hair, supposedly combed in pompadour fashion, was unruly. A lock now hung down over one of his deep, blue eyes.

These eyes were fixed on Dr. Morton. There was no enmity in them, rather they showed wonderment. I saw the prosecutor move to rise, but my grandfather put a hand on his shoulder, restrained him.

* * *

THE defense attorney established that Dr. Morton had attended my father as well as other members of the family, was well acquainted with Old Jan.

"Did you," the defense counsel asked, "in the fall of 1919, on the night of Sept. 25, attend Jan Mesrik in the capacity of his physician?"

"Yes," the physician replied.

"What was the nature of his trouble?"

"He had had a bad fall, suffering a head injury. It had affected his mind."

"In what way had it affected his mind? How did it manifest itself?"

The prosecutor again attempted to rise, was restrained.

"In hallucinations."

You could feel the audience's reaction, and in a moment you could hear it, a guffaw, snickers, whispering. They would have applauded except that they were in court. I looked at my grandfather. He sat there as if someone had hit him squarely across the face. Then he jumped to his feet. He moved his arms as if gesturing. His lips moved but no sound came from them. Then his arms fell to his sides and he stood there staring at Dr. Morton. He seemed to sense the appalling fact that he was now so unpopular that even his own physician would violate his professional ethics to brand him as, of all things, a crazy man! He slumped to his chair.

It was all over now. There were a few more questions to the doctor. He said that Old Jan had had a fever when he had arrived, that he was talking disconnectedly, that he talked in babbling fashion of meeting one of the mighty of the world, spoke of kings and emperors, But I heard little of what the physician said, and I am sure that my grandfather paid no attention further. We were whipped, mortified, humiliated. The prosecutor did not cross-examine the physician.

"It's no use," my grandfather said. "No one would understand. Let's get it over with. Let's get out of here."

It was over with shortly. Norberg was acquitted. The crowd was immensely pleased.

I cried that night, cried for myself, but I think that I cried particularly for my grandfather.

THOUGHTS ON GOOD FRIDAY

The death of Christ on Calvary nearly 2,000 years ago has a deeper meaning for many people this year who find themselves undergoing a type of crucifixion. From their sufferings, whether physical or mental, emerges a deeper appreciation of the sufferings endured on the Cross.

It happens that, at this moment when the events of Calvary are being memorialized in the service of Christianity, the war which has engulfed most of the people of the world appears on the verge of a greater intensity, with indescribably more suffering and pain in store for the participants. And many of those who must suffer most, both in battle and at home, have lived blamelessly compared with the monsters who are responsible for their tortures.

Those who are guiltless have in Christ the example of One who was wholly innocent, but who gave His life out of love and mercy for mankind.

It should be the prayer of everyone tomorrow—on this Good Friday—that the sufferings imposed by the war shall not have been in vain, but that they will bear fruit in the creation of a post-war council in which right and justice shall prevail, and there shall be respect for the rights of man and his God-given personality.

The Achilles Heel

It's Not Hard To Tell When Men Have Been Through War

Men From Front Have "That Look" About Them

BY ERNIE PYLE

Journal War Cortespondent

With Fifth Army Beachhead Forces In Italy, April 6—(By Wireless)—One day I was driving on a muddy lane alongside a woods, with an officer friend of mine who has been wounded twice and who has been at war a long time.

ERNIE PYLE

On both sides of the lane were soldiers walking, returning to the rear. It was the typical movement of troops being relieved after a siege in the front line. Their clothes were muddy, and they were heavily laden. They looked rough, and any parade ground officer would been shocked by their appearance. And yet I said:

"I'll bet those troops haven't been in the line three days."

My friend thought a minute, looked more closely as they passed, and then said:

"I'll bet they haven't been in the line at all. I'll bet they've just been up in reserve and weren't used, and now they're being pulled back for a while."

* * *

You Tell By The Eyes

How can you tell things like that? Well, I made my deduction on the fact that their beards weren't very long, and although they were tired and dirty, they didn't look tired and dirty enough.

My friend based his on that, too, but more so on the look in their eyes.

"They don't have that stare," he said.

A soldier who has been a long time in the line does have a "look" in his eyes that any one with practice can discern.

It's a look of dullness, eyes that look without seeing, eyes that see without transferring any response to the mind. It's a look that is the display room for the thoughts that lie behind it—exhaustion, lack of sleep, tension for too long, weariness that is too great, fear beyond fear, misery to the point of numbness, a look of surpassing indifference to anything anybody can do to you. It's a look I dread to see on men.

* * *

And yet it's one of the perpetual astonishments of a war life to me, that humans recover as quickly as they do. You can take a unit that is pretty well exhausted, and if they are lucky enough to be blessed with some sunshine and warmth, they'll begin to be normal after two days out of the line. The human spirit is just like a cork.

When companies like this are pulled out for a rest, they spend the first day getting dug into their new position, for safety against occasional shellings or bombings Usually they've slept little during their time in the line, so on their first night they're asleep early and boy, how they sleep.

Next day they get themselves cleaned up as best they can. They shave, and wash, and get on some fresh clothes if their barracks bags have been brought up. They get mail and they write letters, and they just loaf around most of the day.

On both the second and third days, they take on replacements and begin getting acquainted with them. All over the bushy slope where they're bivouacked, you see little groups of men squatting in tight circles. These are machine-gun classes. The classes are for the new men, to make sure they haven't forgotten what they learned in training, and to get them accustomed to the great necessity of knowing their guns and depending on them.

* * *

How Replacements Work

Replacements arrive in many different stages of warfare. The best method is for replacements to come when a whole regiment is out of the line for a long rest. Then the new men can get acquainted with the older ones, they can form their natural friendships, and go into their first battle with a feeling of comradeship.

Others arrive during these very short rest periods, and have only a day or so to fit themselves into the unit before going on into the great adventure.

The worst of all is when men have to join an outfit while it's right in the line. That has happened here on the Fifth Army beachhead.

* * *

There have been cases here where a company had to have replacements immediately. It was in circumstances where no front-line movement whatever in daytime was possible. Hence the new men would have to be guided up at night, establish themselves in their foxholes in darkness, and inhabit that foxhole until it was all over.

I feel sorry for men who have to do that All of us who have had any association at all with the possibility of death know that the main thing you want is not to be alone. You want company, and preferably somebody you know.

It must be an awful thing to go up to the brink of possible death in the nightime in a far-away land, puzzled and afraid, knowing no one and facing the worst moment of your life totally alone. That takes strength.

More than 200 agricultural camps are to be set up in Britain, involving 90,000 work-people, and causing the loss of 232,000 working days.

YOU'RE NOT TOO OLD TO FEEL YOUNG
This is a message for men who have known life but no longer find it thrilling. Testilon, a recent medical discovery combining vitamins and hormones, multiplies the vim and zest and enjoyment you once knew. Your whole approach, your whole attitude toward life, may improve when you begin to use Testilon. Now it is possible for middle-aged men to again enjoy the same spirit, vitality and pleasures that made their youth a thing to always remember. Added years need not subtract from your pleasures when you use Testilon, the new medical formula combining vitamins and hormones. On sale at

AGAIN HICK CHICKS LEAD THE WAY TO GREATER POULTRY PROFITS FOR YOU
OUR PRICES ARE IN LINE
Don't delay your chick buying any longer. When you purchase HICK'S DEPENDABLE CHICKS you get chicks that are hatched right, packed right—DEPENDABLE CHICKS. Even thought you should have to pay a little more in additional cost to get my dependable chicks they will return to you many times over in extra eggs, extra profits. The small additional first cost and long run show you a greater profit, where the inferior low grade chicks lose money for you.
Plenty of oil and butane gas brooder. Also waterers and feeders.

- POWER

The sea is our richest source of animal proteins, vitamins and minerals which livestock must have to be healthy, productive and fast-growing.

STANTONS' PULLET BUILDER
Brings these vital elements straight from the sea and puts them to work in your poultry yard. Stanton's Pullet Builder makes full use of all local grains and by-products, but in addition, it contains ManAmar and B-G Plus, those famous protein, mineral and vitamin rich "products from the sea" which are making extra profits for poultrymen from coast to coast.

B-G PLUS
Is a patented vacuum concentrated extract from fish. This new and potent product, resulting from ten years of ceaseless research and experiment, supplies extra trace minerals and vitamins to Stanton's Pullet Builder.

MANAMAR
In Stanton's Pullet Builder supplies the hard-to-get feeding essentials—fish proteins, food minerals and vitamins, including the important Vitamin B "Complex."
ManAmar and B-G Plus have been developed and are produced in the laboratories of Phillip H. Park, famed livestock nutrition authority. These laboratories have approved the formula for Stanton's Pullet Builder. Let the records of users tell the rest of the story. Get all the facts today.

COTTON SEED
D. & P. L. No. 14
TEXAS STATE CERTIFIED
This is the new, early, high yielding strain now grown exclusively by Deltapine originators of D. and P. L. Made inch-staple and high gin turnouts on the Plains. Kemgas delinted, Ceresaned seed, germination 96% $12 per 100 lbs.

CHAMPION SNAPPER 140
Grown by R. E. Karper from breeding block seed furnished by Chillicothe Experiment Station where the 140 strain originated. This is an early maturing, lightweight bur cotton bred by Texas Experiment Stations for the South Plains where cotton is snapped. Its light burs enable gins to make better grades from snaps and give higher turnouts. Made ⅞ to 31-32 staple. KEMGAS DELINTED, CERESANED SEED, $10.50 per 100 lbs.

OLD TIME HALF & HALF
Grown in Wilbarger county by Arnold Seed Farms. This is the old-time high linting, early, short staple cotton. In Lubbock county in 1943 1500 lbs. of snap made 500-pound bale. Planted in May it made lots of cotton of 13-16 and ⅞ inch staple. Planted the middle of June it was gathered before other cotton planted at same time. We sold several cars on the Plains and have found only satisfied customers. KEMGAS DELINTED, CERESANED SEED, $11 per 100 lbs.

Send your order with deposit of $2 per 100 lbs. and we will hold seed for May delivery. Other varieties of Kemgas delinted, Ceresaned seed can be supplied by Kemgas delinting plants in Texas, Oklahoma and New Mexico. For further information address—

Irish On New Ship In Strong Force

ABOARD CARRIER FLAGSHIP, Central Pacific, March 17. (Delayed) (AP) — All the Irish in San Francisco wept at her christening, and all the Irish in the land sent their blessings with her as the destroyer The Sullivans put to sea. And now the admiral has added his.

Named for the five young Sullivan brothers of Waterloo, Ia., who went down with the cruiser Juneau, the Sullivans received this blinker message from Rear Adm. A. E. Montgomery, aboard this carrier flagship:

"On her first St. Patrick's day in the fleet, the task group commander sends greetings."

Responded the skipper, Cmdr. Kenneth M. Gentry:

"We hope that we may have some results worth of our Irish names to celebrate by this time next year."

He wasn't fooling about the Irish names, either. There are approximately 30 Sullivans aboard.

Tulsa Swindling Case

fied, went to Mrs. Smith.

Last July, she continued, Mrs. Smith "told me she thought my father needed to be saved and that by making him suffer he would see the light and be saved."

Asked For More Money

To make him "suffer," she related, Mrs. Smith wrote to him, told him Virginia was in a dangerous mental and physical condition and suggested he send an additional $35 a week to pay for a nurse.

Miss Evans said she faithfully backed Mrs. Smith in the scheme and when the weekly checks arrived she turned the money over to Mrs. Smith.

County Attorney Dixie Gilmer accused Mrs. Smith of covering a high pressure confidence scheme under a cloak of religious asceticism. He charged that Miss Evans and Miss Willetta Horner, who lived with Mrs. Smith five years, existed in a state of miserable serfdom while Mrs. Smith used their earnings to live in luxury.

ADDITIONAL CONSPIRACY CHARGES ARE FILED

TULSA, Okla., April 6 (AP) — County Attorney Dixie Gilmer today filed additional charges of conspiracy to defraud against Mrs. Fay H. Smith who allegedly employed psychological influences to defraud two young women of thousands of dollars of their earnings.

Named as victim in the latest criminal action was Miss Willmetta Nell Horner, 30, who already has a $10,000 damage suit pending against her erstwhile spiritual adviser and who declared she was induced to donate her earnings as an office worker to Mrs. Smith over an 8-year period while under a hypnotic spell.

Lake C. Walker Dies In Local Hospital

Death claimed Lake C. Walker, 38, merchant marine for several years, of Galveston, at 4:26 a. m. today following surgery Wednesday morning in West Texas hospital.

Walker was here visiting his mother, Mrs. Lela Barrett of 1513 Twenty-sixth street. Funeral services are pending arrival of relatives, according to Sanders Funeral home which has the body.

He is survived by his wife, his mother, a brother, J. W. Walker of the Navy; a half brother, Jim Barrett of the Army overseas; two sisters, Mrs. Ben Turner of Oklahoma City and Mrs. Wynona Eppler of Causey, N. M.; and a half sister, Miss Lela Mae Barrett of Brooklyn, N. Y.

Produce Market

KANSAS CITY REPORT

KANSAS CITY, April 5 (AP)—Produce: eggs specials 32-33; extras 30.5-31; standards 29.5; current receipts 28; quoted 3.1-5.2; under ceilings on graded eggs and 5.1 under on current receipts; other prices unchanged.

Stock Market

MANY LEADERS LAGGING

NEW YORK, April 6 (AP)—A few rails, motors and specialties gave the stock market another moderate and selective lift today although many leaders again found difficulty in negotiating recovery.

Quotations improved after a mixed opening and plus signs of fractions to a point or so predominated near the close. Turnover approximated 700,000 shares.

International Telephone and Willys-Overland touched peaks for 1944. Ahead the greater part of the time were Delaware Lackawanna and Western, Morris and Essex, U. S. Rubber, Chrysler, Dome Mines, American Can, Johns-Manville and U. S. Gypsum. Steels, Utilities, Aircrafts, oils, coppers and mail orders were narrow. The recently bounding American and Foreign Power 2nd preferred dipped.

Cotton Market

NEW YORK REPORT

NEW YORK, April 6 (AP)—Cotton futures marked time today with much of the trade representing eveningup operations prior to the long holiday week end. Mill price fixing strengthened the May position as only scale-up offerings appeared through spot firms. Other months were barely steady under the influence of scattered liquidation.

Futures closed 40 cents a bale higher to 25 cents lower.

	High	Low	Last
May	20.91	20.81	20.91
July	20.59	20.54	20.55-57

Grain Market

CHICAGO REPORT

CHICAGO, April 6 (AP)—Favorable weather for the development of the winter wheat crop and reports that efforts will be made to import 20,000,000 bushels of Canadian oats by May 15, combined to create a little selling in grain futures today. Declines were confined to minor fractions in a quiet trade.

At the close wheat was unchanged to ⅛ lower, July $1.71 ⅝, oats were unchanged to ⅜ lower, July 78 ⅝, rye was down ⅛-⅜, May $1.31 ⅛-¼, and deferred barely contracts were off ⅜-1 cent, July $1.28 ⅞. May barely was bid at $1.28.

Food Shipments To Greece To Be Hiked

LONDON, April 6. (AP)—The Allied blockade of Europe has relaxed to permit a 50 per cent increase in shipments of food to Greece, the British Ministry of Economic warfare announced today.

The decision was reached last January at the request of the neutral relief commission in Greece to boost the monthly allotments from 20,200 tons to 31,200.

The Swedish government has offered to make available three additional ships to carry the extra tonnage. Hiring of ships engaged in Greek relief is paid through lend-lease funds.

Europe's highest birthrate is in Jugoslavia, where the rate is 35 per 1000 population.

OPA To Steer Clear Of AAA Friction

WASHINGTON, April 6 (AP) — The Office of Price administration said today that it instructed local OPA boards March 15 to abandon, in event of friction or complaints, a long-standing practice of consulting war food or triple "A" committees on farmer-applications for non-highway gasoline rations.

The boards were advised, it was added, that OPA "should not be drawn into any quarrel over AAA."

The March 15 order was issued after members of Congress had reported complaints from farmers that they had been threatened with loss of gasoline rations if they did not cooperate in the AAA food program.

Officials of the OPA and the AAA both said that so far as they knew there was never any order for local OPA boards to consult AAA committees on farmer applications for gasoline.

An AAA spokesman said it apparently was a practice which developed more or less spontaneously in some sections. He put it this way:

When gasoline was rationed, it became necessary for some one to decide whether gasoline asked for farm work would actually be used for that purpose. Some OPA boards began consulting with AAA committees because the latter groups knew who were farmers.

Nebraska Explosion

(Continued From Page One)

filling area, said he was looking out of a window at the time and saw the box car explode, followed by the cooling shed.

Capt. Patterson said a court of inquiry has been ordered by the commandant of the Ninth Naval district.

The blast rocked an area within a 50-mile radius of the depot.

All Roads Kept Open

Ambulances were dispatched to the depot and all roads between the plant and Hastings were ordered kept open.

Naval officials in Washington said the explosion was confined to one unit of the plant, which is the largest in Nebraska, embracing 48,000 acres.

"The entire sky was lighted up — it was like an earthquake," said Ellis Price, a taxicab driver who was driving to the depot from Hastings.

Mr. and Mrs. E. B. Decker of Glenvil said they were wakened by a small explosion and that when they went to the window a second and much more intense blast knocked them to their feet. They were cut by flying glass and brought to Hastings for treatment.

MUSTANGS SHOOT UP AIRFIELD IN FRANCE

LONDON, April 6 (AP) — Mustang fighters of the Ninth Air force yesterday swept into France, zoomed down through the clouds to zero altitudes at 450 miles per hour to shoot up the Bourges airfield, 100 miles south of Paris. They destroyed six enemy planes and damaged many more.

The group was led by Capt. Jack Bradley, Brownwood, Tex., who whipped across the field at altitudes from 10 to 20 feet. Hits were scored on a hangar, apparently filled with combustible material, for it burst into flames.

Other Ninth Air force Mustang and Thunderbolt fighters strafed airfields near Tours, Laval and Charters. Many pilots reported intense flak but no enemy planes. Two fighters falied to return.

Lt. Robert L. Shoup, Port Arthur, Tex., destroyed an ME-410.

FATHER, SON PASS EXAMS

SYRACUSE, N. Y., April 6 (AP) —A 46-year-old father of 14 children and his 17-year-old son passed Navy physical examinations today and were ordered to report to Buffalo for enlistment tomorrow. They are Leo Thesier, Lowville, who already has a 23-year-old son, Roger, in the Army, and Paul, his fourth-eldest.

Change Would Test Eden's Leadership

By DEWITT MACKENZIE
Associated Press War Analyst

If Anthony Eden resigns the British foreign secretaryship in order to devote his whole time to government leadership in the House of Commons, as is reported to be scheduled, it will put squarely to the test his qualifications as possible successor to the great Churchill as prime minister.

That will be the significance of the move if it eventuates. Many British prophets feel that Churchill's historic task of leading his people is drawing to a close. He and the chiefs of the Conservative party are said to feel that the comparatively youthful Eden — he is 46 — is the man to shoulder the burden, and they're going to put him through the mill to find out.

Conservatives In Power

One important side-light is that if and when Eden takes the helm it will at long last bring the so-called "young conservatives" into power after many decades of battling with their elders for a place in the sun.

England, like the rest of the world, is on the verge of great changes, and coupled with those will be the post-war problems of reconstruction. It certainly is a period when political adaptability and correct perspective will be at a premium.

Many London observers think Lord Cranborne, secretary of state for dominion affairs, will become foreign secretary if Eden quits the post. That fits the picture well enough, for Eden and Cranborne are great friends and think alike on foreign policies.

Leader In Commons

Eden of course already is government leader in Commons, but his foreign office duties require so much time that he hasn't been working very hard at his other job. Regular leadership in Commons would put him on a hot spot, where he would either make or break himself in short order. It's one of the toughest assignments in British politics. It calls not only for the inspiring qualities necessary for leadership, but for supreme tact.

Eden should make a good leader. He inspires confidence, has a pleasing personality, and is possessed of considerable tact, which may be an acquired quality. Anyway, he needs the experience in domestic affairs.

Former Lubbock Man Killed In California

Alfred T. Howell, 68, Roscoe, Calif., former Lubbock resident, was killed instantly Friday afternoon, March 24, when he was struck by a train at a crossing behind the Lockheed Aircraft plant, Burbank, Calif., where he was employed.

Carrying a radio under one arm and a lunch kit under the other, and holding his head down against a strong wind, he stepped onto the tracks directly in front of a short work train that was backing. Screams of frantic onlookers failed to halt him until he looked up just as he was borne down to his death.

He and his family lived in Lubbock county and in Lubbock itself for many years.

He is survived by five children, the youngest three of whom attended the Lubbock public schools: Lt. Woodrow G. Howell, Tank Destroyer Battalion, based in England; Sgt. James P. Howell, Ft. Bragg, N. C.; Murray T. Howell, U. S. N. R., based in Hawaii; Mrs. Alton G. Goldwater, (Annie Wood Howell), Big Pine, Calif., and Mrs. Carl R. Twyford (Mary Loch Howell), 406 Avenue X, Lubbock.

Other survivors include his wife, Mrs. Agnes L. Howell, whom he married last year; Mrs. Serena Akeson, Hale Center, a sister; and R. B. C. Howell, Plainview and El Paso, a brother.

Local Relatives Attend Jack Brownlow Rites

Several Lubbock relatives returned Wednesday from Gould, Okla., where they attended funeral services for Rev. E. V. (Jack) Brownlow, 49, a Baptist minister more than 20 years, who died in a Dallas hospital Sunday after an operation.

Mr. Brownlow was pastor of Fargo Baptist church at the time of his death. His former pastorates in Arkansas, Oklahoma and Texas have included the South Plains, Sumnerfield and Pansy churches near Plainview, which he served while a student in Wayland Baptist college. He also was a graduate of Southwestern seminary, Fort Worth.

Survivors include the widow; a son, Douglas, now in the Navy; two daughters, Pvt. Louise Olson, a WAC stationed at Fort Oglethorpe, Ga., and Jackie, of Fargo; a sister, Mrs. Ross Kirk, 2606 Twenty-ninth street, Lubbock; two brothers, Oscar of Ropesville and Guy of Lubbock, route 1; and a half-brother, J. M. Brownlow, of Dougherty, near Floydada.

Mr. Brownlow visited Lubbock and the South Plains numerous times and had preached in many churches here and in the area.

Scottish Rite Group To Hear El Paso Man

Ethan Allen Wells, of El Paso, a 33rd degree Mason, will deliver the principal address here tonight at 8 o'clock when members of the South Plains Scottish Rite club hold their annual observance of Maundy Thursday in the main ballroom of Hotel Hilton.

Parker Prouty, president of the club, said 100 or more Scottish Rite Masons of Lubbock and the surrounding territory will be present to hear Wells, secretary of the El Paso Consistory, to take part in ritualistic ceremonies and for a dinner.

A number of Master Masons will be special guests of the members of the rite, he said.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
