Russians Rule Out 4-Power Crash Inquiry

Britain Is Blamed For Tragedy In Policy Reversal

(By The Associated Press)

The Russians today ruled out a four-power investigation of the British-Soviet plane collision over Berlin Monday and called the British version of the clash a slander.

Marshall Vassily D. Sokolovsky, the Russian commander in Germany, blamed the British for the crash. He declared that unless he is assured the British will observe four-power flight rules, the Russians "will take measures for the protection of the safety of air traffic over the Soviet occupation zone."

Exact Action Unknown

Skolovsky did not say whether he intended to use fighter planes. The British and Americans alerted fighters for escort duty after the Monday incident, but rescinded the order when the Russians gave what the British called "a satisfactory explanation."

The crash killed 14 aboard the British plane, including two Americans, and the Soviet fighter pilot. A few hours later Sokolovsky expressed regret. He assured the British the Russians did not intend to interfere with flights along the air corridor to Berlin.

However, both the Russian investigating commission and the Moscow radio yesterday blamed the British for the crash. Sokolovsky's new line, expressed in a letter to Gen. Sir Brian Robertson, British commander, tallied with the Moscow radio version.

Probe Said Unwarranted

Sokolovsky said the Russians will agree to a British-Russian inquiry, but a four-power investigation is not warranted.

Sokolovsky's apparent reversal was the newest development in the Berlin crisis arising from Soviet restrictions on Allied rail traffic to and from Berlin.

U. S. Gen. Lucius D. Clay, the U. S. military governor, said in his monthly report today the Russians and their satellites have grabbed the lion's share of industrial reparations from the U. S. zone of Germany—nearly twice as much as was delivered to 12 western Allied nations.

Ready With Veto

Russia, despite the crucial April 18 Italian elections, appeared ready to veto Italy's application for membership in the United nations. She insists that all former German Allies, including Finland, Romania, Hungary and Bulgaria, be admitted in a bloc.

Moscow accused Italy of two

New Curbs On Labor Hinted

WASHINGTON, April 8 (AP) — Congress will be under mounting pressure next year to tighten up the Taft-Hartley labor act, Senator Ball (R-Minn) said today.

Among possible changes he mentioned are revival of the government's power to seize struck plants and application of the anti-trust laws to labor unions.

Bungling Is Rapped

The chairman of the Senate-House "watchdog" committee set up to observe operation of the 1946 law struck out at what he called administration "bungling" in the current soft coal and meat strikes.

In his weekly news-letter to his constituents, Ball wrote:

"The delay in utilizing the procedures of the Taft-Hartley act is inexcusable in these two industry-wide strikes, both of which are bound to have serious repercussions on all the people and on our economy.

"Steel mills already are shutting down for lack of coal and more will do so the next week. With steel already in short supply, that will really hurt."

Forced To Hold Animals

He said the meat packing strike has forced farmers to hold animals on the farm after they were in prime marketing condition.

John L. "Digs In" For Fight

HIS LOVED ONES WAVED GREETING

Flier Drops Gifts For Wife, Child Before Death Plunge

(By The Associated Press)

THOMASTON, Me., April 8.—Baby "booties" and an affectionate note, tossed from an Air Force plane, were the unforseen last gifts of a young father to his wife and 19-month-old son who saw him crash to his death moments later.

Sgt. Francis A. Haraden, 21, of Rockland, and Dow Air Force base, Bangor, died of multiple fractures in the plunge of a light training plane into swampland yesterday.

He had just dropped a parcel containing the booties and note onto a lawn where his wife, Dorothy, 19, and baby, Douglas, waved a greeting.

"I won't be able to get home tonight but will tomorrow," a relative said the note told Mrs. Haraden. It was signed, "Love, Fran."

Eye-witnesses said the plane appeared to develop engine trouble and went into a steep dive. It broke in half on impact but did not burn. Haraden's body was found in cockpit wreckage.

MORE THAN 1,000 ATTEND MEET

Production Credit Officials Selected

More than 1,000 persons from nine South Plains counties gathered in the Merchants' building at the Panhandle-South Plains fair grounds today for the 14th annual meeting of the Lubbock Production Credit association.

The day's program was highlighted by an address by W. J. McNally of Houston, president of the Federal Intermediate Credit bank, annual election of officers and a big barbecue at noon.

Davis Is Reelected

E. R. Davis of Acuff was re-elected president of the association for the fourteenth year. A. B. Roberts of the Oklahoma Flat community in Hockley county was named a director, succeeding A. M. Riley. Other directors were re-elected. They are: C. E. Hicks, Meadow, vice president for the ninth year; E. L. Carlisle, Ralls, and Fred McGinty, Tahoka.

Progress of the association in the 14 years was revealed in the secretary's report given by Derrell Henry, assistant secretary-treasurer, who appeared on the program in the absence of Lee York, secretary-treasurer, who is ill in a hospital. Production Credit corporation capital has decreased from $300,000 to $5,000 since 1934 and the amount of loans made from $201,189 in that year to $3,769,000 last year.

Houston Man Speaks

Leland Campbell of Houston, assistant to the vice president of the Production Credit corporation, also spoke on the morning program, which was called to order by President Davis at 10 o'clock.

Music was given by a Lynn county group during the program. The barbecue was prepared and served in the new livestock judging barn by Director Fred McGinty of Tahoka.

Farmers and their wives attended the meeting from Lubbock, Hockley, Lynn, Terry, Crosby, Lamb, Dawson, Garza, and Gaines counties.

Merchant Ship Hike Indicated

WASHINGTON, April 8. (U.P.)—President Truman will ask Congress to boost merchant ship construction funds from 39,500,000 to $100,000,000 for the next fiscal year, the Navy disclosed today.

Secretary of Navy John L. Sullivan made the disclosure in testimony before the House merchant marine committee. The committee is holding hearings on the status of the U. S. merchant marine in the light of the world situation.

Beginning July 1

Saying that he was speaking for the national military establishment, Sullivan asserted that he was authorized to say that the President would submit to Congress a request for an increase in his original budget estimate for merchant ship construction beginning July 1.

The original budget estimate caled for $39,500,000 of which $10,000,000 would have been for improving existing vessels and the remainder for new ship construction.

"This total will now be increased to a new total budget request of $100,000,000 for fiscal 1949, of which $90,000,000 will be available for new ship construction to be undertaken during that year," Sullivan said.

405 Babies Found Dead In Streets

SHANGHAI, April 8. (AP)—Bodies of 405 Chinese infants were found on Shanghai's streets in the first week of April.

Most of them were victims of an epidemic of measles.

Bodies of 26 adults also were found.

The toll of disease, starvation and cold totals 7,307 for the first three months of the year—6,957 of the victims children.

Fall In Brush Fire Is Fatal For Man

BONHAM, April 8 (U.P.) — I. F. Whisenhunt lost his life yesterday when he fell into a brush fire near the New Hope community.

Whisenhunt, 67, was helping to supervise the burning of the underbrush when he stumbled and fell into the midst of a big fire. He was burned fatally before he could get out.

Santa Fe Worker Killed In Mishap

NEWTON, Kas., April 8 (AP)—A Santa Fe extra gang worker was injured fatally and several others were hurt yesterday when a railroad motor car jumped the track near Peabody, east of here.

Arley Tatum, 52, Sherman, Tex., died in a Newton hospital yesterday.

Seven of the injured remained in the hospital today

Party Offices Are Wrecked By Students

WINDSOR, Ont., April 8 (AP)—A group of angered students who objected to their high school being used for labor-progressive party meetings wrecked the party headquarters last night, Windsor police reported.

Officers said three party officials were hurt slightly as more than 500 young people paraded through the downtown area and smashed through barricades to invade the second-floor offices. There they pushed over furniture, dumped files on the floor, and tore up papers.

They were dispersed by 25 city police and five Royal Canadian Mounted officers who rushed to the scene to rescue the party members.

Girl Is Killed In Automobile Crash

DALLAS, April 8 (U.P.) — Betty Fuller, 17, of Pleasant Grove, was killed last night and three of her companions injured when their automobile collided with a truck on Buckner boulevard between Pleasant Mound and Pleasant Grove.

Injured were Danny Hoffman, 18; Ann Morris, 15, and Dolores Evans, 16, driver of the car. Toy Sexton, 18, escaped injury.

All live in Pleasant Grove.

UMW Lawyers Take Citation For Contempt

Court Fight Will Start Monday To Halt Stalemate

(By The Associated Press)

WASHINGTON, April 8. — John L. Lewis confronted the choice today of ending the 25-day coal strike or risking heavy contempt of court penalties to reach day it continues.

There was little to indicate, however, that the United Mine Workers chief meant to comply immediately with the back-to-work order despite the contempt citation slapped on him late yesterday.

CHARGE TO BE FILED

WASHINGTON, April 8 (AP)—Joseph E. Moody, head of the Southern Coal Producers association, said today he will file a charge of unfair labor practices against John L. Lewis' United Mine Workers.

Top government officials said Lewis instead appeared to be digging in for a finish fight in the courts.

Fight Starts Monday

That fight is scheduled to start Monday before Justice T. Alan Goldsborough, the same judge who fined him and the union $3,510,000 in 1946 for defying a similar court order. The fines later were cut to $710,000 by the Supreme court.

The government paved the way for a possible new contempt trial when it asked Goldsborough to order Lewis to "show cause, if any" why he and the UMW should not be punished for ignoring the strike-end directive issued last Saturday night.

Goldsborough promptly signed the order, which also calls upon Lewis to say why he shouldn't be held in both criminal and civil contempt. This leaves any possible penalties entirely up to the judge.

Lawyers Take Citation

Lawyers for Lewis accepted a copy of the contempt action barely two hours after the citation was issued.

Lewis had made no move to halt the strike since the first court order was issued by Federal Judge Matthew F. McGuire. Instead, his attorneys asked Goldsborough to dissolve the McGuire order on the grounds that it is unconstitutional. They argued that the 400,000 soft coal miners are free agents, striking because they want the pensions authorized by the 1947 contract.

On Monday, Goldsborough will dispose of these three major questions:

1. Whether the McGuire order should be upheld;
2. If so, whether it should be ex-

Texas City Firm To Sue For $50 Million

ST. LOUIS, April 8. (AP)—A $50,000,000 damage suit will be filed at Galveston, Texas, today against the United States government by the Monstanto Chemical company.

A company spokesman said the suit will charge that government negligence in failing to insure proper handling of an explosive was responsible for the disaster at Texas City, Texas, a year ago. was wrecked in the succession of

Monsanto's Texas City plant explosions which started aboard a freighter in the harbor. More than 500 persons were killed and about 3,000 injured.

LOSES LEG—Robert Earl Searcy, Jr., Amarillo workman lost his balance while mixing cement and fell, clings to a fellow worker as he awaits help in extricating him from a cement-auger. Welders worked with acetylene torch for thirty minutes to cut the auger and free him. Searcy was taken to a hospital where his leg was amputated at the knee.

State To See Cool Weather

(By The United Press)

Weather from five to 15 degrees cooler than the scorching temperatures of the last two days was moving into Texas today, the U. S. Weather bureau reported.

Texans welcomed relief from the heat, after the mercury yesterday soared as high as 102 degrees at Laredo. The 100-mark also was reached at Junction, with numerous points in the state reporting readings in the high nineties.

San Antonio and Crystal City had 98 degrees, Del Rio 96, Mineral Wells 94, Fort Worth and Rock Springs 93, Alice, Austin, Fredericksburg and Waco 92, Brady 91, San Angelo, Bryan, Wink, Texarkana and Dallas 90.

Coolest 72

Coolest point in the state was Guadalupe Pass with 72 degrees. Only other readings in the seventies were 76 at Pampa and Galveston and 77 at El Paso and Amarillo.

Minimum temperatures early today ranged from 40 at Pampa, where a mass of cool air from the north already had dropped the mercury several degrees, to 73 at Laredo.

Other minimums includded El Paso and Lubbock 44, Lufkin 65,

Police Investigate Kerosene "Bombs"

FORT WORTH, April 8 (U.P.) — A sixth attempt to set a fire by kerosene "bombs" was under investigation by fire department and police authorities here today.

Mrs. Marjorie Crayton reported to police late last night that a flaming bottle of kerosene was hurled against her home. She said her husband returned to work yesterday at the strikebound Armour & Co. packing plant.

Had Asked Settlement For Losing Arm

Lonely Old Man Blows Himself To Bits In Commission Office

(By The Associated Press)

LOS ANGELES, April 8.—A lonely, frustrated old man blew himself to bits yesterday with a crudely - fashioned bomb that wrecked the offices of the state industrial accident commission. Four persons were injured by the explosion.

The man was identified as Charles W. Hunter, 65, who lost his left arm in an industrial accident in 1927. The commission was paying him $6.57 a week disability and had under consideration his application for a lump sum settlement, officials said.

The deafening blast shattered scores of windows, blew out a big portion of a wall in the commission waiting room, on the fifth floor of the California state building, and brought throngs from nearby buildings in the civic center.

Referee J. J. Batistich of the commission said Hunter originally had demanded $50,000 for his disability, but scaled the figure down and had appeared at the commission offices nearly every day, disgruntled over his status.

Police investigators said Hunter detonated dynamite sticks that he carried in his trousers pocket. Wire concealed in his clothing ran from the sticks to a series of small batteries and a plunger. The lower part of the man's body was blown away by the terrific explosion.

Senate, House To Rush Action On Air Power

$725 Million For Expansion Asked For Army, Navy

(By The Associated Press)

WASHINGTON, April 8—President Truman asked Congress today for an immediate appropriation of $275,000,000 for expansion of the Air Forces.

The House appropriations committee, to which the President's request was directed, called a special meeting for this afternoon to consider the request. It plans to report to the House next week a bill carrying the new funds.

The additional money is for use during the fiscal year starting July 1.

Given Advance Notice

The President last week notified Congress that such a request would be forthcoming. It is part of an additional $3,000,000,000 to be sought for overall defense purposes for the next fiscal year.

Of the $725,000,000 requested, $195,000,000 would be in cash and $530,000,000 in contract authorizations for which cash must be furnished later.

The Army Air Force would receive $135,000,000 of the new cash and the Naval Bureau of Aeronautics $60,000,000.

UMT Shunted Aside

The bigger-and-better Air Force drive temporarily has shunted aside plans for universal military training.

The aerial expansion program moved forward in both House and Senate as lawmakers sought to balance manpower and money demands and yet provide the speediest and most effective national defense.

Fast Action Assured

These were the developments:

1. The House appropriations committee hauled a $775,000,000 Air Force bill onto the legislative runway with assurance from Chairman Taber (R-NY) of a fast takeoff. Taber assigned top priority to this item in the $3,000,000,000 asked by President Truman to augment the $11,000,000,000 already budgeted for defense. The extra Air Force funds are for aircraft purchases, research and development.

2. Rep. Clason (R-Mass) announced his armed services subcommittee would begin hearings on legislation to expand the Air Force from 55 to 7 combat groups.

Request Is Studied

3. The Senate armed services committee weighed a "formal request" by Secretary for Air Symington for a 70-group Air Force.

Members of the Senate committee confided after the closed door session yesterday that they are considering linking the air force expansion with a temporary draft. They indicated UMT action would be delayed for the time being.

Senator Maybank (D-SC) told a reporter:

"I think we can work out a plan

See AIR POWER Page 10

Lubbock Gets New 'Skyway'

A new federal "skyway," No. 17, was officially designated today through Lubbock, the chamber of commerce was advised by the Civil Aeronautics administration in Washington.

The skyway, which is for private and non-scheduled flights, extends from Niagara Falls, N. Y., to El Paso, connecting there with Skyway 34 to San Diego, Calif.

The route consists of a 40-mile strip centered on Lubbock along which air marks visible from an altitude of 1,000 feet are to be placed for the guidance of air traffic.

Skyway 17 is routed through New York, Pennsylvania, West Virginia, Ohio, Indiana, Kentucky, Illinois, Missouri, Arkansas, Oklahoma and Texas.

Negotiations are in progress with the Canadian government to extend it from Niagara Falls to Quebec via Toronto, Ottawa and Montreal, the chamber of commerce was advised.

Dedication ceremonies at points along the route are scheduled April 24, the CAA said. The most elaborate will be in Oklahoma City in connection with a two-day air show in connection with the dedication of the CAA Aeronautical Center and International school. F. B. Lee, acting CAA administrator, is scheduled to be the principal speaker.

Railroads, Unions To Discuss Terms

CHICAGO, April 8 (AP)—Representatives of the nation's railroads and three operating brotherhoods will meet in Chicago Wednesday in another attempt to resolve their wage dispute and avert a strike.

General chairmen of the engineers, firemen and enginemen, and switchmen, who rejected recommendations of a presidential fact-finding board, had requested the meeting.

The carriers accepted the board's findings of 15 1-2 cents an hour wage boost and changes in some working rules. However, they agreed yesterday to meet with the unions to discuss the panel's report.

Tornadoes Hit In Two States

Scores Injured And Property Damage Runs High; Winds On Erratic Course

(By The Associated Press)

CHICAGO, April 8—Three persons were killed and scores injured in tornadoes which skipped over sections of Illinois and Indiana yesterday.

Property damage was expected to run into the thousands of dollars. The heaviest appeared to be in the Calumet City area on the edge of Chicago and in the Gary-Hammond, Indiana, district.

The tornadic winds whipped over an erratic course through rural areas of northern and central Illinois and in northwestern and central Indiana. Scores of homes and business buildings were damaged. Communications were disrupted.

The federal weather bureau said the twisters hit in an isolated area in the belt of thunderstorms which extended from Arkansas to northern Michigan. The thunderstorms moved eastward through the Great Lakes region, the Ohio valley and into Kentucky and Tennessee.

Rain fell today in the Middle Atlantic states. Snow fell in the Dakotas and Minnesota and spread eastward into northern Wisconsin and northern Michigan. Minot, N. D., reported a fall of 12 inches; Williston, N. D., 8 inches and International Falls, Minn., 7 inches.

The dead in the tornadoes included two in Illinois and one in Indiana. They were Fred Engleking, 55, and Ralph Labarg, 14, who were killed on farms north of Grant Park, Ill., when a twist-

COACH IS FOUND IN MIRED CAR

Jock Sutherland In Hospital; Believed A Victim Of Amnesia

(By The United Press)

CAIRO, Ill., April 8.—Dr. John "Jock" Sutherland, coach of the Pittsburgh Steelers professional football team rested in a Cairo hospital today, apparently a victim of amnesia.

Authorities admitted that Sutherland was a patient at St. Mary's hospital and that he was suffering from amnesia, although attendants at the hospital refused to admit they even had a patient by that name.

Dr. F. H. Russell, a Wickliffe physician, notified the Pittsburgh club that he was attending Sutherland and that the coach was "all right."

Russell said he was called into the case by Ballard county officials. They said they found the 59-year-old coach, sitting in his automobile which was mired in a swamp near Wickliffe.

Sutherland refused to talk, Russell said.

"I couldn't tell what was wrong when I first got to him," he said,

SLIGHT PRICE SLUMP POSSIBLE

Drop In Farmers' Income Predicted

(By The United Press)

WASHINGTON, April 8—Despite the multi-billion dollar foreign aid programs, less American farm products will be sold abroad this year than last.

This, the Bureau of Agricultural Economics said today, will tend to drive U. S. prices down if farmers match last year's crops. But the price fall won't be very much, the bureau cautioned.

Value May Dive

The bureau said the value of U. S. agricultural exports this year may nosedive 15 to 20 per cent below last year's record high of $3,900,000,000.

The income farmers recieve from marketings this year is likely to drop from the record high 1947 level, "but probably by not more than five to 10 per cent," the bureau said Domestic demand for farm products is expected to remain high, it said.

The bureau gave two reasons for the slackening foreign demand:

They Have Less Money

Foreign countries have less money to pay for U S farm products "even with the European recovery program."

Foreign countries after the com-

Forest Fires Cause Big Louisiana Loss

SHREVEPORT, La., April 8. (AP)—Forest fires were reported burning between 2,000 and 3,000 acres throughout Louisiana and State Forester Ames Mixon described the situation as critical.

Mixon said that at least 200 fires were burning in the state and that his department was powerless to fight them because of insufficient manpower and inadequate equipment.

The state forester said fires were burning in Glenville, Winn, Union, Allen and Rapides parishes.

Flier Planning African Jaunt

CHICAGO, April 8. (U.P.)—Pilot Bill Odom said today he planned to take his $125,000 "gift" plane to Africa within two weeks on a big game hunting trip.

He flew here last night in the big C-87, The Explorer, which penmaker Milton K. Reynolds gave him following the collapse of their expedition to map the Amne-Machin mountain range in China.

Flight Across Poles

Odom said he clung to his dream of a round-the-world flight across the poles next winter. But for this he would use a surplus B-32, the Air Force's giant version of the Liberator.

"The only thing about the trip is that we would have to land somewhere in China probably," Odom said. "Maybe they'll forgive and forget."

He and Reynolds said they were chased by Chinese fighter planes when they abandoned the mapping flight and left Shanghai suddenly.

"The China trip would have been a success if the Boston museum people had stayed with us for three more days," Odom said. "But most of them had prior commitments back in the states and we got way behind schedule."

Odom said he would return to his home in New Jersey today to complete plans for his big game trip to Africa.

Gentle Hint Is Given General MacArthur

"He's A Hometown Boy Now"

SHANGHAI, April 8(U.P.)—Under the caption "He's a Hometown Boy Now," the U. S.-owned Shanghai Post and Mercury today ran a one-line editorial on results of the Wisconsin primary.

"General MacArthur," the editorial said, "should forget about American politics and run for emperor of Japan."

Argentina Plans Opposition To U.S. Aims At Bogota Sessions

By DREW PEARSON
Special Correspondent

WASHINGTON, April 8.—Any doubts which may have existed regarding Argentine intentions at the present Bogota conference can now be forgotten. In private talks with other delegates, Peron's Foreign Minister Bramuglia has made it quite clear that his government is out to "stop the United States" right down the line.

In the first place, Bramuglia argues that the U. S. is heading for a new war and wants, above all, to get the other American republics firmly committed to join her in that conflict. Therefore, he adds, "any economic concessions by Washington will be made primarily with that purpose in mind, but will have practical validity — if give effect—only so long as present conditions prevail."

Election Year

The Argentine foreign minister then points out to his colleagues that this is an election year in the United States, and that the Truman administration stands little chance to continuing in office after January, 1949. Obviously, his implication here is that a new chief executive might not support such pending measures as increased lending authority for the Export-Import bank.

Many Latin-American governments are counting on loans from the bank to implement the economic agreements which they hope will be drafted at Bogota.

Bramuglia has also lost no chance to remind other delegates that the recent congressional elections in Argentina gave an "overwhelming vote of confidence" to Peron. The immediate sequel to the balloting was introduction of a bill to amend the Argentine constitution and permi the president to serve two consecutive terms.

Since such legislation requires only approval by a two-thirds majority in Congress, and the government now controls almost three-fourths of the federal deputies, it is a foregone conclusion that Peron will be empowered to succeed himself in 1952. The senate is 100 per cent Peronist.

All this gives Bramuglia some powerful talking-points, particularly with certain of the more impoverished and inflation-ridden South American countries—Chile, Bolivia, Paraguay, Peru and Eduador. What he can offer are Peron-plan "loans" — supplies of meat and grains at highway-robbery prices but on long-term credits—in return for trade agreements giving Argentina . monopoly on exports of essential raw materials from her neighbors.

The Peron administration has also dredged up a prize red herring in the form of the so-called "colonial" issue. This little masterstroke of demagoguery was calculated—and correctly—to whip up nationalist sentiments throughout the continent. A majority of other Latin delegations are prepared to support a resolution at Bogota, calling for "an end to extra-hemispheric colonialism in the Americas."

To Embarrass U. S. A.

In simple fact, the whole aim of bringing up this question at a time when there is no real urgency about solving it is to embarrass the U. S. A. Argentine hopes that Secretary Marshall and associates will oppose any formal declaration on the subject at this conference. Peron's men would then be in a position to argue that "the United States is only interested in mutual defense of her own security."

Here are some points worth remembering in connection with all these maneuvers:

1) Argentina has always bucked the U. S. at every Pan American conference since 1890.

2) Argentina has always sought to play both ends against the middle during every war or threat of war in the past half century.

3) Just as Argentina was the center of operations in this hemisphere for the imperial German staff in World War I and for the Nazis in World War II, so today it is the safest haven on the American continent for Democracy-hating Communists. Despite Peron's occasional public blasts against the Reds, he allows them greater freedom of organization and movement than they now enjoy anywhere else in South America—or than any other "opposition" party enjoys within Argentina. That was why Foreign Minister Bramuglia was the first to oppose Secretary Marshall's resolution for a clean-up of Communism.

Grow In Number

(Incidentally, the Commies polled almost 50,000 votes in Buenos Aires alone in the March 7 elections. This was less than 10 per cent of the total, but more than twice as much as they had ever received before.)

It would also be well to bear in mind that "loyal" Germans all over this hemisphere are now pledging allegiance to Field Marshall Wilhelm Von Paulus, the Russians' No. 1 German stooge—and that Argentina is still the western-world headquarters for Nazis-in-hiding and Nazi sympathizers.

Anyone who thinks all our real and potential troubles lies across the Atlantic will be apt to change his mind if he remembers all these facts while reading the news from Bogota.

Visitor Came In, But Did Not Stay

BALTIMORE, April 8. (AP)—Mrs. Elsie Young was a little hesitant to invite her unexpected caller in, since he was a horse.

The animal had walked down a flight of stairs, dragging his wagon behind him, to the door of her basement apartment.

She went into a quick huddle with the horse's owner, Robert Clouds, and two policemen. They decided to do the courteous thing and invite the horse in.

She opened both the front and rear doors and the animal was unhitched. With the air of one had been there before, he walked through the house and out into the back yard.

Get Welcome Relief From Stomach Gas, Sour Food Taste

Do you feel bloated and miserable after every meal? If so, here is how you may rid yourself of this nervous distress. Thousands have found it the way to be well, cheerful and happy again.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalizers to counteract gas-and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Bald Headed? Man, You're Way Ahead Of Times, Boyle Thinks

BY HAL BOYLE
Associated Press Staff Writer

NEW YORK—Today we sing a dithyramb in praise of that forlorn hero of the ages—the bald-head man.

Those who laugh at a bald-headed man only show their own ignorance.

For the bald-headed man is the man of the future. He has been sent by heaven as a model of what all men will be like someday, when brain-power will be honored over brawn.

Meanwhile the bald-headed man, like all pioneers and light bringers, is joked at and ridiculed.

Coming Into Power

"Wanta know how to save your hair?" His friends ask. And when he innocently and hopefully says "How?" they jeer:

"Get a cigar box."

There is no reason any longer for bald-headed men to submit to these jibes, because they are coming into their hour of power. The hairy man has had his day in history and is on the way out.

Hair is unkempt, uncouth, unsanitary and unnecessary. It is actually an expensive nuisance from our animal past, a relic as useless as an appendix. There is really no place for it in the machine age.

It may remain the glory of womanhood, but it is already out of date on the brow of man, the thinker.

More Harmones, Less Hair

Science has confirmed this. Any number of testtube savants have advanced the theory that bald-headed men are more virile than their fur-headed brothers. The more hormones, the less hair.

And baldness is also a sign of brains. Dr. R. E. G. Armattoe, a scientist from North Ireland, has just completed a study which showed that educated men get bald sooner than uneducated men.

I don't know of a statement better calcucated to empty our colleges. But this is only because of the present flattering preference women show for men with hair.

Why do women foster the delusion that a man topped with cranial shrubbery is more attractive to them? Because bald-headed men give them a feeling of inferiority.

Women have dominated men since they led them as shambling half-apes out of the forest. But they are secretly afraid of a bald man. They know that he is a symbol of the coming man—intelligent, authoritative, energetic, and aware of his own superiority to them. They know a bald man is too smart for them.

Yes, hairy-headed men are losing out. When they kid a bald man now you can hear the fear in their jeer. There is a day on the way when a man will have to shave from his eyebrows to the back of his neck to be socially presentable. Then the bald man will have that last laugh he's been waiting to enjoy through history.

Reddy Raindrop Says:

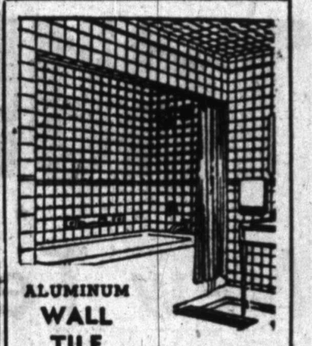

Soft Water—that priceless commodity which every home likes to enjoy—is now available at a cost so low that no home can afford to be without it. Think of it! SOFT WATER without a trace of hardness for laundering, bathing, shampooing!

BACKACHE, LEG PAINS MAY BE DANGER SIGN
Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Wallace Tells Cheering Indiana Crowd He Is In Race To Stay

INDIANAPOLIS, April 8 (AP) — Henry A. Wallace today headed for Gary, Ind., and a third Indiana speech after telling a cheering Indianapolis audience he is in the presidential race to stay.

His Indianapolis appearance last night, unlike that in Evansville, Ind., on Tuesday night, was not attended by any hostile demonstration. Police patrolled the armory where he spoke.

(In Evansville, there was a protest parade, a picket line and a brief fight when some of the pickets attempted to enter the meeting hall. Three persons, including two national officials of the Wallace-for-President campaign, suffered minor injuries.

The third party presidential candidate departed from his text to "clear up a misconception."

"There have been reports I will not stay in if certain Democrats are nominated," Wallace said. "That is not true.

"I will stay in the race regardless of who the Democrats nominate. Principles are more important than men.

"The Democratic party is a war party and will not chance its war policy and therefore I am going through," he said.

He accused the national Democratic administration and "the bipartisan bloc" of using Nazi technique in "their psychological warfare against the American people."

Fear Created

"We are the victims of a deliberate campaign to create fear," he said. "It is a campaign designed to win support—the support of frightened people—for policies which would put our economy completely at the mercy of the military and international big business.

"We are not threatened by physical attack," he said. "We are not threatened by any force which can be met with guns and planes and atomic bombs.

"The technique of fear is being directed against the American people in much the same manner in which Adolf Hitler used it on the German people. Hitler always made the Germans believe that they had to defend themselves against foreign foes encircling the borders of Germany."

RENT SLASHER—Col. L. C. Christensen, Racine, Wis., landlord, (above) who says he has "done peculiar things before," reduced the rent of 112 families by $5 per month as his contribution to holding down living costs. (AP Wirephoto)

John Garfield Ignores Advice To Protect Himself With Hit

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, April 8—John Garfield is getting a lot of free advice on his career these days and is promptly ignoring it all.

"Everybody is telling me I should protect myself," he says. "They say I've just been connected with two hit pictures, I've had an academy nomination and a successful stage engagement. Now I should make a sure-fire box-office picture. I say nuts to that."

I saw John in his office at Enterprise studios. His duties as a producer haven't yet erased the dreamy glint in his eyes. His eyes gleam and his hands make short, stabbing motions in the air as he describes his ambitions.

$10 A Performance

"I just finished playing four months in an experimental play, 'Skipper Next to God,'" he declared. (He reportedly earned a microscopic $10 per performance for his services.)

"We put the play on because we though it was worth trying."

"The movies need something like the experimental theater. People out here are afraid to take chances. They keep doing things in the conventional way. They 'protect themselves.'"

Far from seeking protection, Garfield is sticking his neck 'way out. He is shoving his "Body and Soul" profits (estimate: $600,000) back into his producing company for a new film, "Tucker's People," a story of the numbers racket. Not only is he gambling on an offbeat story, but he is giving writer Abraham Polonsky his first directional chore. "Protect myself—haw!" commented Garfield.

To Make Picture

John leaves this week for New York locations on "Tucker's," then returns to finish the film. Then he'll do a picture for 20th-Fox or MGM, he said. "I almost slipped and said a 'commercial' picture," he smiled.

"Winter Meeting" (WB) can best be termed a Bette Davis picture. This time she is a Yankee spinster in a brief but frenzied romance with a naval hero (Jim Davis). Talky to the extreme, its action is almost limited to lighting cigarettes and drinking coffee. Some customers will find in it a certain fascination, akin to reading other people's love letters.

Man Arrested After Texas-Cuba Flight

DOTHAN, Ala., April 8 (AP) — A 28-year-old man was in jail here today on charges that he transported a stolen plane from Texas to Cuba.

Police Chief Eddie Kelley and an agent of the Federal Bureau of Investigation arrested John H. Carter, who was held under $3,000 bond pending a preliminary hearing before federal authorities.

Carter, who entered a plea of innocent, denied in a statement that he stole the plane.

He told officers that he and the owner of the plane, A. J. Curtis of near Pampa, entered into an agreement in which he would fly the plane to Venezuela, sell it and split the profits with Curtis.

Best-tasting pie crust ever—in 5 minutes flat!

USE AMAZING NEW "PASTRY-BLEND"

ARMOUR LARD

First new pie crust recipe in years! It's as easy as 1, 2, 3!

1 "Pastry-Blend" Lard makes the flavor rich! Measure 2 cups all-purpose flour, then sift with 1 tsp. salt. Add 2/3 cup new "Pastry-Blend" Armour Star Lard that you have kept at room temperature.

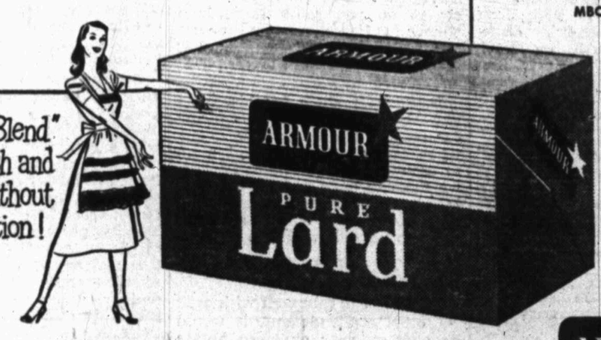

2 Light handling makes flakier pie crust! Blend mixture with pastry blender, 2 knives or your fingers. See how this amazing new "Pastry-Blend" Lard blends with flour almost instantly. Stop mixing when lard is cut to size of small peas. Quicker-blending "Pastry-Blend" Armour Star Lard gives you flakier pie crust every time!

3 Scant water makes more tender pie crust! You don't use ice water. You don't use boiling water. Add only 4 tablespoons water—at room temperature. Press dough together with knife. Divide mixture into 2 portions. Roll out on lightly-floured board or pastry canvas. Makes one 9-in. double crust—the tenderest, flakiest pie crust you ever tasted!

"Pasty-Blend" Armour Star Lard comes in 1-lb., 3-lb., 4-lb., and economy-size 8-lb. cartons.

Now you can have flakier, flavorful pie crust in just 5 minutes—made good 'n' rich with lard! For with amazing new "Pastry-Blend" Armour Star Lard you mix *all* pie crust ingredients quicker, easier *at room temperature.* "Pastry-Blend" keeps its mild delicate flavor perfectly on your pantry shelf—needs no refrigeration. Ask for Armour Star Lard—see the amazing difference "Pastry-Blend" makes in your next pie crust!

Tune in Queen for a Day. MBC Mon. thru Fri.

"Pastry-Blend" stays fresh and sweet without refrigeration!

Mid-Week Society Features April Teas, Dinner Party

Mid-week society in Lubbock included a monthly tea for Tech Faculty Women's club, a tea for the Lubbock Country club Ladies association and a dinner party and style show.

Musical numbers presented for Tech Faculty Woman's club at a Wednesday afternoon tea given in Drane hall on Tech campus were by Mrs. S. F. Shafter, vocalist, who was accompanied at the piano by Mrs. J. P. McConnell. Mrs Shafter sang "American Lullaby," "Spirate, pur spirate," and "Spring Came."

An arrangement of spring flowers and yellow figurines decorated the tea table which was laid with a yellow net cloth. Mrs. J. Q. Sealey and Mrs. C. E Houston served the 85 persons who called.

Hostesses were Mrs. Fred W Sparks, chairman, and Mesdames Sealey, Shafter, Raymond Sidwell, W. M. Slagle, O. C. Southall, A. B. Strehli, A. L. Strout, R. A. Studhalter, Haskell Taylor, Ethel K. Terrell, Earl L. Thompson, R. W. Tucker, Ernest Wallace, D. O. Wiley, Misses Mabel B Smith, Esther Sorensen, Mary Alma Wells and Dr. Ida Vernon.

Six Give Dinner

A dinner party given at Hilton hotel Wednesday night was hosted by six women, Mesdames Lucille Garvin, Elizabeth Walden, Lila Lenning, Floe Swensen, June Woodrum and Louella Abbott.

To entertain guests, Mrs. Ralph Doughtie and Mrs. Frank Wright modeled spring costumes which were selected by Mrs. Vera Maxey.

Decorative points on the dinner tables were arrangements of spring flowers including flowering peach branches and jonquils. Places were laid for 60 guests.

Plan Meeting

At a tea and business meeting of Ladies Association of Lubbock Country club held Wednesday afternoon at the club, plans were made to have similar meetings each first Wednesday at 3 p. m. at the clubhouse.

Plans were made also for a meeting next Wednesday at 12:45 o'clock at the club for all members interested in golf. Rules and a tournament will be discussed.

Hostesses yesterday afternoon were Mesdames John Mitchell Arthur Jenkins and Fenner Tubbs. Thirty persons attended. The tea table at which Mrs. Jenkins presided was decorated with spring blossoms.

MARY HAWORTH'S MAIL . . .

Deep Love Develops Between Fine Man, 24, And Woman, 34; She Hesitates At Marrying Him

DEAR Mary Haworth: I have been seeing a fine young man for the past 10 months and during that time have fallen deeply in love with him. He is also very much in love with me and very devoted in every way.

However, there is one obstacle to peace of mind (for me at least). David is 24 and I am 10 years older; so do you think there is a chance for happy marriage for us? David does not have any doubts. It is I who wonder if we would be unwise to marry.

David is mature for his years and seems to have a promising future. We are completely happy when we are together and seem to enjoy the same things. In fact, we seem to have endless interests in common and consequently the age-difference may not seem as great to us as it would to others.

IDEA OF PARTING SEEMS UNBEARABLE

WE SEEM to mix well with each other's friends and it would be another year or more before we could marry; and our hearts tell us to go ahead and plan a life together. But do you think our love will conquer all?

The idea of parting seems unbearable, but if we ought to part for the sake of both, surely it were better to part soon rather than later. Hence our need for immediate counsel. I have read that many such marriages work out well; but we would appreciate your advice and opinions regarding our very perplexing problem.

DEAR L. N.: Yesterday's column assessed negative factors of personality contributing to unhappy results in a marriage made (ostensibly for love) by a man to a woman 10 years his senior, to compensate himself—as he said in effect—for his inability in youth to gain any attention from girls his age.

But whereas an identical age-disparity exists in your case, the premise of interest seems to be different. You and David mix well with each other's friends, you say.

This seems a significant statement in view of its positive implications, to wit: that you and David (each in his own right) are healthy personalities, poised and comfortable, accustomed to affection and approval, well versed in social accommodation; and that neither, therefore, would be snatching at a straw in marrying the other (as lonely neurotics do), but rather joining forces in recognition of notably strong compatibility.

WOMAN USES HER HEAD; DOES MAN?

YOUR rational self-reliant inclination to accept and digest the pain of parting now, if that seems best, which in turn is an expression of common sense willingness to use your head in probing the validity of this love, gives evidence of four-square character and superior intelligence.

Ergo, we may infer that you would be a sturdy responsible helpmeet for David; but to establish security in marriage, in terms of constructive enduring mutual fidelity, he must be a person of comparable caliber, of course.

What is love? In rational substance, it is a steady expression of responsible care for the person beloved; hence human love is only as strong, as dependable, as wholesome and sustaining, as the character from which it emanates. Hence it is collective character, not love in the sense of libidinal ardor, which holds marriage together rewardingly.

Thus, in canvassing the question of whether you and David could have a happy life together, it seems to me the decisive answer must come from him, after unhurried soul-searching. If he knows what he is doing and is endowed with as much foresight as you display, the opinions of others are irrelevant. M. H.

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of The Lubbock Evening Journal.

Three Members Received In Jaycee-Ettes Club

Three members were received in the Jaycee-Ettes Tuesday night at the home of Mrs. Ceril Batton, 1712 Ave. X, with Mrs. Leroy Land as co-hostessss. They were Mesdames Lindley Millsap, V. T Rush and Weldon Gibbs.

Guest night will be observed by the club April 20 at 8 p. m. at the Hilton hotel Yaqui room with Mrs. H. T. Stovall and Mrs. R. S. Wilkinson as hostesses. Mrs. William G. Dingus will be guest speaker.

Wyndham-Gay Robertson To Wed In Washington

Invitations have been received here of the marriage of Miss Wyndham-Gay Robertson, daughter of Mrs. Wyndham Robertson of 418 Farragut, N. W. Washington, D. C., and Harry Montague Bedell, jr., which will take place Saturday, April 24, at Saint Margaret's church the nation's capital.

The Robertsons are former residents of Lubbock but have lived in Washington for several years.

Reception Is For Couple

Mr. and Mrs. W. Terry Thompson of Tahoka held open house Wednesday night to honor Miss Velma Jo Bishop and Tom J. Thompson, who are to be married here Sunday, May 16.

Guests from Lubbock were Mr. and Mrs. Ewald Lamprecht, Mrs. Erle Thompson and Miss Lola Thompson.

The host gift was a place setting of silver.

About 16 couples called.

Lubbockites Attending Opera Season In Dallas

The opera season, staged by the traveling Met in Dallas this week end, will be of interest to many Lubbockites, some of whom are going down for the five operas. Others will attend only those given on Saturday.

Included in those who have purchased tickets are Mr. and Mrs. William V. Stone, Mr. and Mrs. Charles Hamilton, Misses Eleanore Hammond, Nell Goodloe, Imogene Webster, Margaret Wilson, Anne Birkman, Peggy Hess, Leona Gelin, Mattie Lou Christian, Reuby Tom Rhodes, Patsy Mullin, Velda Hilton, Mesdames Chester A. Hubbard, Margaret Birkman, Gordon Treadaway, A. C. Bowden, Ruth D. Wilson, Elois Elliott and son, Don, Mrs. F. A. Gilley of Port, Richard Kelisky, William Raffaniello, Will McLendon, and Carl Gelin.

History Of Pupperty Is Given By Mrs. Strout

Following a talk on the history of puppetry given by Mrs. A. L. Strout for Lubbock Business and Professional Women's club Wednesday at Hilton hotel, a puppet show was presented by the speaker and her son, Habby.

Forty-eight members attended the program and luncheon meeting.

Miss Leona Gelin was program chairman. Guests, Misses Catherine White, Betty DeHetre of St. Louis and Martha Seale, were introduced by Miss Maud Dee Skeen.

Timely Ten Club Elects Officers On Wednesday

Timely Ten Needle club members who met with Mrs. Wayne Warren, Brownfield highway, Wednesday afternoon elected the following officers:

Mrs. C. R. McLaurin, president; Mrs. C. R. Duncan, secretary-treasurer; and Mrs. Wayne Warren, reporter.

Attending the meeting were Mesdames C. R. Rodgers, C. B. Lively, Cliff Elliott, Loyd Ricketts, Paul Warren, H. H. Peninger and Lester Cooper.

The club is to meet with Mrs. Cooper, 3423 Thirtieth, April 21 at 2:30 p. m.

Couple To Leave Today For Son's Wedding

Mr. and Mrs. J. B. Morrisset of 2420 Twenty-first will leave late this afternoon by air for the East. They will attend the wedding of their son, Lt. Marion Wendell Morrisset, USMC, and Miss Jeanne Tomlinson, daughter of Mr. and Mrs. Edward H. Tomlinsin, in Elizabeth, N. J., Saturday. The wedding will take place at 7:30 p. m. in the All Saints Episcopal church.

Before returning home next week, Mr. and Mrs. Morrisset will visit in New York City, Washington, D. C., and Chicago.

Arizona To Admit Fruit From Texas

PHOENIX, Ariz., April 8 (U.P.)—Arizona agreed today to admit Texas citrus fruit for the first time in 30 years.

The state agriculture and horticulture commission, which lifted the ban yesterday, said the first shipment probably would not be admitted until May 1. The embargo was imposed originally by Arizona and California because of citrus canker formerly found in Texas fruit. California lifted the ban a month ago.

Dancing Follows Lesson And Dinner For Guild

St. Cecilia's Guild attended a covered dish dinner and a study Wednesday night at Seaman hall. Thirty were present.

Bob Martin led a devotion and Charles Carter, program chairman, discussed a chapter in "Faith And Practice" by Bishop Frank Wilson.

Mrs. Tom J. Settle presided for a business session.

Richard Kleinschmidt called for square dancing later in the eveing.

Lubbock Man's Oils Are Hanging In Exhibition

Knox T. Thomas, 2309 Eighteenth, has received word that two of his oil paintings will hang in the fifth annual Cooperative Art exhibition at the State Teacher's college in Indiana, Pa. The works are "Westward Ho" and "Sunday Morn."

Garden Is "Big Top" For Circus Opening

NEW YORK, April 8 (AP)—The spotted leopard leaped at the Hindu trainer. The girl in the gallery exclaimed an involuntary "oh"

The trainer cracked a whip,, the leopard retreated, the girl relaxed. Thus the Ringling Brothers and Barnum and Bailey circus began its initial 1948 performance last night.

The "greatest show on earth" drew a capacity crowd of 14,000 to Madison Square garden.

The program included a glittering assortment of high-wire artists, waltzing horses, cotton candy, Indians, pretty girls, brass-band music, shiny costumes, tiny men, tall men, monkeys, jugglers, tigers, ponies and peanuts and pink lemonade.

The sad-faced, rag-clad veteran clown of the big top, Emmett Kelly, wandered about mournfully munching a head of cabbage.

The pluckiest clown of them all last night was Lulu Adams, the only woman comic in the show, whose husband and partner for 20 years died of a heart attack during a radio interview Tuesday night.

The show is scheduled to remain here through May 9. Then it begins its country-wide road tour under the big top.

Mrs. Furr Is Tea Honoree

Continuing a series of bridal courtesies for Mrs. Don Furr, the former Marion Donaldson, a tea shower was given Wednesday afternoon in the home of Mrs. Charles Whitacre, 1905 Twenty-ninth. Assistant hostesses were Mrs. Rem A. Thomson, Mrs. J. H. Brock, Miss Sylvia Whitacre and Miss Bettye Gene Thomson.

Fifty guests called between 4 and 6 o'clock.

Misses Whitacre and Thomson alternated in greeting guests. The bride's colors of pink and green were featured in appointments. Cherry blossoms centered the table and spring blossoms were arranged at vantage points throughout the rooms.

Miss Carolyn Cole played piano selections during the afternoon.

Gifts, which were wrapped in paper boxes and in paper bags, were delivered in a grocery truck.

Dinner Party Is Honor To Neta Rae Tatum, 9

Neta Rae Tatum who was 9 Tuesday was honored at a dinner given by her mother, Mrs. Clyde G. Tatum, in their home at 2711 Twenty-fourth.

Miniature dolls tagged with names of guests were given as favors; they were placed on a reflector on the table. The color scheme was in blue and yellow. A colonial doll cake was served.

On the guest list were Saundra Stewart, Kathleen Cain, Joyce Loflin, Judy Blank, Paula Sue Kuykendall, Glendell Maxey, Jettie Evans, Barbara Miller, Suzanne Stafford, Marjorie Hattan, Ann Boles, Ann Kerr and Lou Ann Christmann.

English Resident Will Make Home In Lubbock

Mrs. Ernest Ashworth, who is moving here from England to make her home, will be met in Amarillo tonight by her daughter, Mrs. Thomas B. Forbis. She arrived in New York early this week on the Queen Mary and came to the Panhandle by train. Mrs. Forbis also will visit her husband, an attorney, who is spending several weeks in the Veterans hospital at Amarillo for treatment of war-incurred injuries.

Medical Test Proved This Great to Relieve MONTHLY

FEMALE PAINS

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, weak, high-strung—at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! In a recent medical test this proved remarkably helpful to women troubled this way. Any drugstore.

At Least 562,000 Are Said Idle In Coal, Related Industries

PITTSBURGH, April 8. (AP)—A state-by-state check today revealed at least 562,000 workers were idle in the 25-day old soft coal walkout.

The bulk of these were members of John L. Lewis' United Mine Workers—400,000 in the soft coal fields demanding $100 a month pensions and nearly 25,000 eastern Pennsylvania anthracite miners who walked out this week in sympathy.

The other 137,000 were in related industries crippled by the continually increasing coal shortage. At least 70,000 railroaders were furloughed together with 45,000 steel workers.

Many In Pennsylvania

Iron Age estimated that by the end of this week the coal walkout will have caused the loss of 600,000 tons of steel.

Pennsylvania had the largest number idle in related industries —about 25,000 not including the anthracite workers. Bethlehem Steel Corp. took the brunt of the cutbacks with 22,500 workers laid off at its Bethlehem and Johnstown plants.

Illinois listed 18,000 to 20,000 workers made idle.

West Virginia had 17,000, Alabama 13,500, Ohio 13,000, Virginia 11,600, New Mexico, 11,000 and Maryland 8,000.

Other states in which coal caused idleness ran 1,000 or more were New York 4,150, Indiana 3,700, Kentucky 3,500, Massachusetts 2,100, Utah 1,890, Michigan 1,500, and Tennessee 1,000.

New Cutbacks

There was a sprinkling of layoffs also in Colorado, Missouri and Wyoming, and several states with coal carrying railroads.

Every day brought new cutbacks in the steel industry.

Bethlehem Steel banked a fourth blast furnace at its Johnstown, Pa., plant, making four of seven idle. The firm said 13 of its 21 open hearths now are shutdown. One Bessemer converter had been taken out and 11 rolling mills were shut down, cutting production to 60 per cent of normal. The plant has 2,500 idle.

Bethlehem's plant at Lacawanna, N. Y., banked another blast furnace and shut down six open hearths and five rolling mills. This leaves three of the plant's six furnaces operating and nine of its 28 open hearths with operations at 50 per cent.

Another Cutback

A spokesman said "if the strike continues, another sharp cutback in operations will be made in the next few days."

Carnegie-Illinois Steel Corp. cut off five more open hearths, making 22 closed at its Homestead, Pa., works. Another U. S. Steel subsidiary, the Tennessee Coal, Iron and Railroad Co., banked two more blast furnaces last night at Birmingham.

Weirton Steel Co. in West Virginia and Ohio cut its pig iron output by 1,100 tons daily, or one-third of capacity by closing the equivalent of one blast furnace.

The Crucible Steel Co. announced it will bank one blast furnace at its East Liverpool, O., plant and lay off 300 workers Saturday "unless the coal situation changes for the better."

Democratic Group To Meet Here Saturday

The Lubbock County Democratic Executive committee will hold its first meeting of the year at 3 p. m. Saturday on the second floor of the courthouse, L. C. Ellis, county chairman, announced Wednesday.

Organization will be made and a budget set up for the year's primaries, Ellis said. Plans will also be made for precinct and county conventions.

A total of 264,000 motor cars were shipped to foreign countries during 1947, or about 7½ per cent of total production.

Soldier Murderer As Guilty As Superior; American Court Finds

NUERNBERG, Germany, April 8 (AP)—An American court ruled today that any soldier who murders innocent civilians is just as guilty as those who ordered him to do it.

With this finding, the tribunal wiped away the main defense of 21 SS (Elite Guard) officers charged with killing at least a million Jews, gypsies, Communist partisans and "Asiatic inferiors" during Germany's invasion of Russia.

The judgment was handed down by President Judge Michael A. Musmanno of Pittsburgh, Pa., Judge Richard D. Dixon of North Carolina and Judge John J. Speight of Alabama in the so-called "Einsatz commando" case, which has been called the biggest murder trial in history.

In Two Parts

The court said, in shocked language, that the case was "beyond the experience of normal man."

The opinion came in two parts. The section read today found that the slaying had been committed, and proved by SS records; that none of the defendants could plead superior orders, else Hitler would be the only war criminal. The court also took time to uphold its authority to make an international decision.

The individual judgments and sentences will be handed down tomorrow.

The defendants, led by Otto Ohlendorf, who admitted 90,000 killings by his group of triggermen, include five SS generals, five colonels, six lieutenant colonels, three majors and three junior officers.

One Order Given

"No writer of murder fiction can expect to conjure up a plot which will shock the sensibilities as much as the stark drama of these sinister bands," the court said.

The Einsatz groups were organized with one order from Hitler—to erase racial undesirables, particularly Jews.

"Whole categories of people were to be killed without truce, without investigation, without pit, tears or remorse, the opinion said.

Sarcastically, Judge Musmanno quoted from Einstaz reports in which the defendants reported to Berlin that they had "liquidated," "got rid of" or "processed" Jews.

When an Einstaz commando "took care" of anybody, said the judge, only one person could thereafter take care of him.

"That was the gravedigger."

Records meticulously kept by the groups, the court said, indicated that a million murders apparently is a conservative estimate.

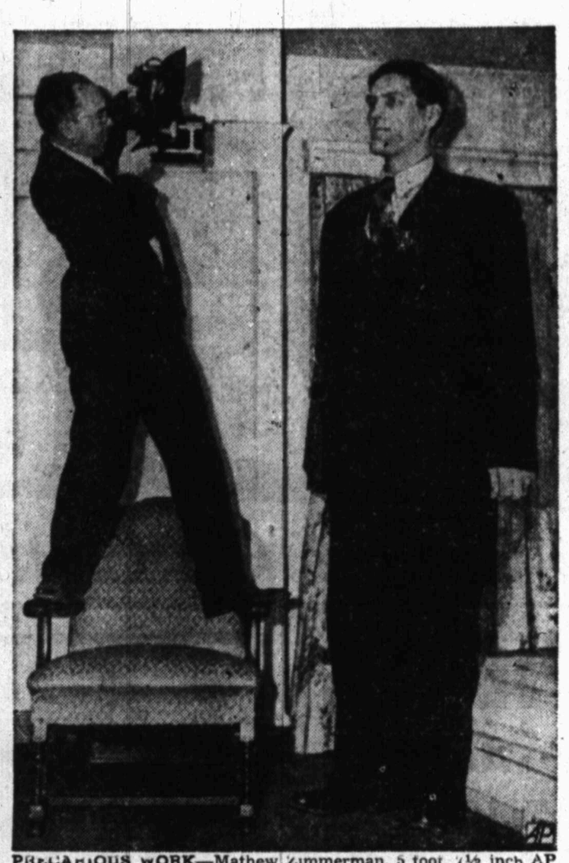

Since most defendants pleaded innocent because of Hitler's orders, the opinion dwelt at length on that phase of the case.

"The obedience of a soldier is not the obedience of an automaton," the opinion said. "A soldier is a reasoning agent. It is a fallacy of widespread consumption that a soldier is required to do everything his superior officers order him to do."

Only Lawful Orders

If this were so, the court said, then a sergeant could order a corporal to shoot his lieutenant, and the corporal could be absolved of blame.

"An officer may not demand of a soldier that he steal for him. The subordinate is bound only to obey the lawful orders of his superior," the tribunal said, adding that the Russian military code of 1945 said just that.

PRECARIOUS WORK—Mathew Zimmerman, 5 foot, 7½ inch AP photographer, stands on a chair to make a closeup of 8 foot, 8 inch Olaf Petursson in a New York hotel. The giant arrived from Iceland to make first U. S. circus appearance.

Mrs. Jennings Rites To Be In Brownwood

Body of Mrs. Sinah Jennings, 84, who died at 5:30 p. m. Wednesday at the home of a grand-daughter here, has been taken to Brownwood, Rix Funeral home reported.

London & Burton Funeral home of Brownwood came after the body. Funeral services will be conducted in Brownwood. Time had not been set this morning. Burial will be in Bangs, Tex., cemetery.

Mrs. Jennings died at the home of Mrs. G. B. McReynolds, 2909 N. Second.

Survivors include two daughters, Mrs. Emma Forrest, of Dublin, Texas, and Mrs. E. Hamilton, of Stockton, Calif., and seven grandchildren.

Every 38 seconds fire breaks out in the U. S. Every two minutes an American dwelling catches fire. Every 50 minutes a person dies in or because of a fire.

Pickets Leave When Waitress Cocks Gun

JANE LEW, W. Va., April 8 (AP)—A five-foot, 110-pound waitress drove more than 75 roving coal pickets from a tavern here, with the aid of a .32 caliber revolver.

R. E. Burley, manager of the tavern, said from 75 to 100 miners entered the establishment during his absence while Betty Rogers was in charge. The girl considered them "too noisy," refused to serve them, and ordered them to leave.

They refused, even when she went to the back room and reappeared with a revolver. But when she cocked it, they roved elsewhere.

Take Off Ugly Fat With Grape Fruit Juice Recipe

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy — no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of Liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears — how much better you feel. More alive, youthful appearing and active.

Hoffman Pitches In To Start ERP Working By End Of Week

WASHINGTON, April 8. (AP)—Paul G Hoffman today pitched into the job of setting up a staff to get the multi-billion dollar European recovery program into operation.

The new ERP boss has 5,000 or more job applications ready for study. But officials expect him to turn to the State department at the outset for key assistants.

State Department Out

Congress, in voting $5,300,000,000 to help 16 western European countries help themselves, ruled that the enterprise should be run by an agency independent of the State department. But that department is the only one with any sizeable group of workers familiar with Europe's economic headaches.

One top government official commented that the ERP law permit Hoffman to "borrow, transfer or swipe" the people he needs from any government agency.

Hoffman's most pressing problem is to pick a deputy agreeable to both President Truman and the Senate. Speculation has included the names of Ferdinand Eberstadt, New York banker and wartime government official, and Richard F. Allen, a Red Cross administrator who directed American winter relief for France, Italy and Austria.

$20,000 A Year

Acting with unusual speed, the Senate suspended its rules yesterday to confirm Hoffman as the $20,000 a year recovery administrator. The foreign relations commiteee earlier approved Mr. Truman's choice of the South Bend, Ind., motor car maker by a 13-0 vote.

Hoffman Conferred Afterward with presidential assistant John R. Steelman at the White House. There was no immediate indication when the formal swearing in ceremony would be held.

He told reporters he hopes to have at least a skeleton working organization set up within a week.

TYLER WOMAN DIES

TYLER, April 8. (AP)—Funeral services were scheduled here today for Mrs. Gus F. Taylor, 81, who died here yesterday. She was the first woman member of the Tyler board of education. Her husband is chairman of the board of the Citizens National bank.

No Russian Mail

Workers Balk At Loading Of Ship

NEW YORK, April 8 (AP)—The Soviet liner Rossia sailed yesterday with 112 passengers for Mediterranean ports and Odessa, but left behind 5,000 bags of mail which longshoremen had refused to load.

The longshoremen balked at handling "a pound of cargo for any Russian-owned ship."

Many passengers carried their own luggage aboard as the waterfront workers, members of the International Longshoremen's association (AFL), refused for the second day to work on the ship.

A postal official said all the mail left behind was addressed to Russia and Soviet satellite countries.

Well Known Dog Gets Obituary In Paper

LONDON, April 8. (AP)—A dog rated an obituary notice in the personal column of the sedate Times today:

"Colin and Zea Henderson regretfully inform her many friends that their cocker spaniel Goldie died on April 6 in her 14th year."

Goldie was well known in the fashionable West End, where she accompanied the Hendersons on their evenings out.

AGED JURIST DIES

MADISON, Wis., April 8. (AP)—Justice Chester A. Fowler of the Wisconsin supreme court died today at the age of 85.

FOR MAKING PLANES, TRAINING

Two Years Needed In Air Force Plan

(By The Associated Press)

WASHINGTON, April 8—Even if Congress orders a quick Air Force expansion program it may take nearly two years to get 15 more combat groups fully trained and equipped for battle, some Air Force officials said today.

Discussing the problems of translating any directive of Congress into terms of men and airplanes ready to fight, they mentioned these factors to a reporter:

Problems Faced

1. The time needed to train individuals as members of air crews and as members of the ground crews which keep the airplanes in condition to fly.

2. Training of units in the complex operation of plane formations on bomber strikes, fighter support or attack on enemy craft.

3. Providing the airplanes for the groups.

The Air Force at its present strength of 55 combat groups uses about 2,700 planes, not including reserves and some 400 to 500 others assigned to separate squadrons.

Altogether, for combat and other purposes such as training and transport, the present force has about 5,500 aircraft in operation.

3,200 a Year

Secretary of Air Symington has said 6,869 aircraft would be needed for the 70-group force, being demanded in Congress. To keep this force, plus about 5,000 planes for the National Guard and organized reserves "modern and up-to-date," some 3,200 new planes would have to be bought each year, he said.

Some experts estimate that a 70-group Air Force could be operated by 453,000 men, compared with an estimated 400,000 needed to put the present 55 group force at full strength.

Congress members, in advocating the 70-group force, have not recommended what proportion should be bombers, fighters and other types. Nor has the Air Force disclosed its ideas publicly. However, the present 55 groups include 13 groups of B-29s and 24 groups of fighters. (A B-29 group averages between 27 and 30 planes, a fighter group 75).

Ready To Move

Likewise, there has been no indication of how much strength would be allocated between air groups in the United States and overseas.

The broad strategic plan followed currently by the Air Force is to keep its long range bomber organizations based in continental United States, ready to move overseas quickly if needed. There are two groups of B-29s in Japan, but none based elsewhere overseas. However, squadrons of B-29s make frequent training missions to both Europe and Japan.

Among the several thousand planes—all of World war II types—in storage are slightly more than 1,000 B-29s. Also in stock are large quantities of conventional engine fighter planes, but no jet engine craft. From this storage pile, Air Force officials say, could be drawn sufficient aircraft to equip 15 additional groups. But, they point out, there would remain a serious need for reserve aircraft if a war should come.

Jet Emphasized

In a war, the 70 group force equipped with planes from existing stocks and manned by only 453,000 men would be a "one shot force," able to strike quickly but lacking reserves to keep up with prolonged loss in combat and accident.

Moreover, to cope with modern fighters such as those Russia reportedly has, the conversion from standard reciprocating to jet engine aircraft must be speeded up. Currently the USAF has less than half a dozen fighter groups using jet planes and only a few sample types of jet bombers, virtually all experimental types.

Insect Pests Said Showing Up Early

Shrubbery and crop pests are showing up early here this year, according to Dr. W. W. Yocum, of the plant industry department at Texas Tech college.

First to be noticed in quantity, Dr. Yocum said, is the red spider, which is attecking evergreens, particularly junipers. The pest, not a spider at all, but a very small sucking insect, usually does not appear until hot weather. Its early appearance this year was attributed by Dr. Yocum to dry weather.

He suggested the most effective control of red spider is to dust infected plants with sulphur. Another treatment, he said, is to run water on the plants. If this is done with a sprinkler, it should be continued an hour or two, washing the pests from the trees.

He believes it is more effective, however, to wash the trees with pressure, spraying all parts of it thoroughly in the washing process.

TO NAME MANAGER

WACO, April 8 (AP) — A City manager will be appointed April 20 after the new board of aldermen takes over.

The city voted earlier in the year to replace the mayor form of government with the city manager form.

Body Of Brownfield Man Found In River

BROWNFIELD, April 8 (Special) Funeral services for Almer Francis Hart, 46, missing from Brownfield since last Dec. 2, probably will be held Friday.

The body was found in the Arkansas river near Fort Smith, Ark., the Associated Press reported.

Brownfield Funeral home sent a funeral coach to Fort Smith for Hart's body and is expected to arrive back in Brownfield tonight. Definite arrangements are to be announced.

Sheriff Prentice Maddux of Fort Smith said that tentative identification came from a 1936 driver's license and a draft card found in the tattered clothing of the body. A keyholder also found in the man's clothing gave the address of a Brownfield service station, the report said.

Details Not Known

The identification of the Arkansas officials was substantiated by Sheriff Ocie Murry's office in Brownfield, where every effort had been made to locate Hart after his disappearance last December.

Circumstances surrounding the death were unknown last night, but Hugh Johnson, coroner of Sebastian county, Ark., was making an investigation.

According to an Associated Press report from Fort Smith, Johnson was quoted as estimating that the body had been in the river for about four months. The report also said that Sheriff Murry had told Arkansas authorities that Hart was subject to amnesia.

Hart's wife is now residing in Brownfield, Sheriff Murry said.

Besides his wife, Hart is survived by his mother, Mrs. R. F Hart, Lawton, Okla.; three sisters Mrs. W. A. Buzbee of Lawton, Okla., Mrs. Idus White of Octavia, Okla., and Mrs. Willie Bowling, Glenwood, Calif.; and two brothers, A. S. Hart of Battiest, Okla., and George Hart, Smithville, Ark.

G. M. Crow Dies Of Heart Attack Here

George Milton Crow, 40, of Lubbock route 7 died of a heart attack at 1:30 o'clock this morning in West Texas hospital.

He had entered the hospital at 11:40 o'clock Wednesday night.

He had lived in this vicinity two years. He was a mechanic.

Funeral services were planned for 3 o'clock this afternoon in Overton Methodist church, with Rev. W. A. Appling, pastor, officiating. The body will be taken to Markel for burial, Plains Funeral home announced.

Survivors include his wife; his parents, Mr. and Mrs. George Crow of Lubbock; two sons, Milton Ray and Johnny Glen; three sisters, Mrs. D. Moore, Mrs. G. Blair and Mrs. Will Toombs, all of Merkel, and two brothers, Bernell Crow of San Antonio and Odell Crow of Corpus Christi.

Hubbers To Meet Big Spring Tonight

ODESSA, April 8 (Special) — Manager Jackie Sullivan takes his Lubbock Hubbers to Big Spring today, where they tangle with the Big Spring Broncs tonight at 8 in another candlelight baseball feature.

Lefty Herby Pitts probably will get the starting nod tonight for the Hubbers, with hefty Newt Secrest as the probable catcher.

Conclude Odessa Series

Last night the Hubbers concluded their three-game series with Odessa Oilers in a game marked both by heavy gun-fire and miscues in the field. The Hubbers, for the first time this year, faced a big deficit, trailing at one point by 8-3. To their credit, they rallied and came out on top in the encounter.

Lefty Frank Cobo, who opened the game, went along in grand shape for four innings, holding the Oilers in check while his mates hopped on the Odessa hurlers for a 3-1 lead in the first four frames. Then he suddenly lost his control and the Oilers almost dropped the ceiling in on him.

Going into the fifth, Cobo was greeted with a single. He proceeded to hit the next batter and Pardue cleared the bases with a triple. Cobo walked the next two batters, after which a fielder's choice put a third man on the sacks. Two more bases on balls was enough and, after the count had reached two balls and no strikes, Manager Jackie Sullivan pulled him in favor of Clodfelter.

Clodfelter, up from the Austin club on option and making his first appearance in a Hubber uniform, set the Oilers down and took the pressure off, although the rally had been good for seven runs.

Lubbock got three of those counters back in the top of the sixth, when the score was 8-3 against them. But the Oilers knifed a run off the Lubbock total in their half of the inning to send their lead up to 9-6.

Sullivan's words of wisdom at this point of the game are lost to history, but the actions of the Hubbers spoke louder than words. They came roaring out of the dugout to forge themselves a lead on five runs, not quite enough to win the game.

Frank Boothe struck out, but Kermit Altizer walked and Newt Secrest was safe on an error. Clodfelter struck out and an error gave Smith life and kept the rally going. Frank McAlexander slashed a double to right field at this point, emptying the sacks. Fowler was safe on an error and both runners scored on Sullivan's triple.

Winning Run In Eighth

One more run came trickling across the plate in the eighth and this proved to be the winning margin.

Odessa made one futile stab in the ninth, but it was not enough. Two runs crossed the platter and the Oilers had the tying run on first base when the Hubbers tightened up and staved off the Oiler threat.

The Hubbers will return late Thursday night, or early Friday morning, for an early morning workout at Rosenthal Field. They will be idle Friday and Saturday, meeting Amarillo here Sunday afternoon at 3 p. m.

Raiders' Track Hopes Brighter

It was a busy afternoon yesterday for the Texas Tech track squad, which is busily preparing for tomorrow afternoon's visit by Hardin-Simmons, Abilene Christian and McMurry in the first track meet of the season here.

The Red Raiders cindermen went through a long session of running under the direction of Coach Maxey McKnight, who is beginning to be a little more optimistic about the team's chances tomorrow. He feels that the squad is growing stronger and, with a little luck, may take several points in various events to finish well up in the running.

Trio Of Milers

Three men in particular, J. D. Smith, Ike Stuver and Dingy Davis, the latter two out for the football team at present, are the most promising weight hurlers and will enter the shot put.

The mile also looks promising, with another trio of men looming as possible point winners. Edgar Hawkins, younger brother of Ernest Hawkins, the quarter miler, will be joined by Harold Barber and James Cruser. Cruser is a former letterman, who has returned and is looking better each day. These three will run the mile.

The addition of six men who can be counted on to pick up points helps the Tech track picture immensely. Coach McKnight now has a fairly formidable squad, what with such runners as Charley Reynolds, Seth Murphey, Moon Mullins, Ed Clepper, Charles Pinnell and Hawkins on hand. Moreover, he has a fast mile relay team in Hawkins, Reynolds, Costin Bufkin and Joe Wilson.

BOWLING SCORES

Two top-division teams in the Ladies Commercial Bowling league bolstered their leadership with wins in league tilts at Lubbock Bowling Club Alley last night.

Southwestern Public Service, league leader, swept a three-game series with the third-place Hemphill-Wells five. The second-place Westerner Cafe quint took two out of three games in a series with Grollman's.

In other league games, Home Lumber Supply won two out of three against Hackel's, and Glassman's took two out of three games in its series with Larrymore's Dance studio.

The standings:

Team	Won	Lost
Southwestern	50	31
Westerner Cafe	48	33
Hemphill-Wells	44	37
Home Lumber	43	38
Larrymore's Studio	40	41
Glassman's	35	46
Grollman's	34	47
Hackels'	30	51

Bowling Congress To Open Tonight

DALLAS, April 8 (AP) — The woman's international bowling congress starts a month's run tonight as Mrs. Jeannette Knepprath of Milwaukee, the organization's president, sends the first ball spinning down the lane.

Bowlers seeking shares in the pot of gold were moving from every section of the nation, from Canada and the Canal Zone, heading toward Dallas and the first congress ever held in Texas and the third south of the Mason-Dixon line.

By May 10 when the tournament ends 52,382 games will have been rolled on the 26 Young street alleys. In addition the national individual sweepstakes tournament will be held at the Brantley alleys—these coming on April 19 and 20 when there will be no bowling in the big tournament while the WIBC convention is being held.

Between . . . The Lines

— By JOE KELLY —

Pardon us for referring to J. D. Kirkpatrick and Bill Henderson so much, but the fighters from Lubbock and the South Plains apparently have the greatest opportunity ever given to boys from this area. And they are taking advantage of it in their usual quiet, appreciative way, earning the respect of the men they work with, just as they earned it around here.

• • •

Trainer Fred Fierro, one of the top men in the business, isn't the kind of man who would take time out to write Bert Kahn a letter if he wasn't enthusiastic. And what Fierro had to say brings nothing but praise to this area. The Italian handler wrote. "They (J. D. and Bill) are now working at the gymnasium and I like their chances very much. I will do everything in my power to teach them everything I know."

• • •

He goes on to say: "They are everything you said they were, two gentlemen, two nice boys. Have no fear. We will treat them just as we treat our champ, Gus. . . . We will shoot the works with these two kids. Let's all keep our fingers crossed and perhaps we will come up with something good."

• • •

You couldn't ask for a much better letter than that. It shows that both Joe Vella, the manager, and Fierro have been impressed and want to help the boys. They are enthusiastic and South Plains fight fans can rest assured that they couldn't be under better management. Both Bill and J. D. are eager to fight and the bouts Tuesday are just what they ordered. So far, they write, they haven't seen anyone that scares them and they are looking forward to their ring debuts.

• • •

The other day Vella took the boys over to meet NBA President Abe Greene, an act that indicated Vella was proud of them and something that is out of the ordinary. Greene appeared to be impressed and said that he would be at ringside for their first fight. We are anxious, like everyone else, to find out their opponents Tuesday night and some word should come in before Sunday.

• • •

Bill writes that J. D. is looking great and that both Vella and Fierro have remarked that Kirkpatrick reminds them of only one fighter in the game today, Gus Lesnevich. The other day J. D. sparred the camp's heavyweight, giving the heavy a 40-pound advantage. Fierro began to give J. D. advice but, after the Petersburg boy had hit with his right any time he wanted to, besides making him look foolish, Fierro moved over to the heavy's corner to give him advice. That is a sample of the impression the boys are making.

• • •

We were impressed yesterday with the fine show of spirit on the Texas Tech football squad. Despite the hot sun, the gridders really were working hard, even though there was no contact work. They appear eager to learn and eager to play, two prerequisites to a good football team. It may not be a great football team in the fall, but it should be better than 1947, which is based on spirit and the will to learn alone. Last year's team had more experienced players, probably players with better individual ability, but they lacked the hustle and enthusiasm to make a great team. If nothing else, this squad has the enthusiasm and they can gain the ability.

• • •

Tomorrow the track squad at Tech gets back into its own class and it will be interesting to see how they fare against the three Abilene schools. The competition should be keen all the way down the line, with Tech certain to pick up plenty of points. Whether they can get enough over a number of events will be seen and Border Conference schools will be watching the outcome with interest. It's too bad the squad is weak in the field events, for the track portion of the Red Raider squad is strong.

• • •

THE ROUNDUP: We thought Glen Gregston of Odessa was kidding last night when he told us the umpire's names were Hale and Snow. Brr! Sounds too much like winter. . . . LaVern Roach said, on his recent visit, that he hoped Henderson's and Kirkpatrick's handlers didn't make the same mistake. . . . Frank Cobo may be Jackie's Sullivan's surprise package. He collected two for two last night. . . . The Tech netters did all right against an Amarillo team that was rated high. And Jake Broyles' individual victory was a personal tribute to his ability. . . . Tomorrow is the great day, with all the Giants and Indians here. We feel like a schoolboy in our anticipation. . . . But we regret missing the Tech track meet. . . . And the American Legion will be a gainer by the visit of Bobby Feller to the Sports Center tomorrow morning, a worthwhile act. . . . See you at the game tomorrow afternoon.

Two Lettermen Rejoin Raiders

Doug McSwayne, a letterman at Texas Tech in 1946, is back at the old grind with the Red Raider football team, as the 88 candidates are being sent through their paces daily in the new Clifford B. and Audrey Jones Stadium.

And McSwayne is not the only former letter winner to return to the old stand. Joining him is a rugged six foot, four-inch end from Elkhart, Kans., Athol Carver. Carver lettered here the year before McSwayne and also played basketball.

Good News To Coaches

Both players were welcome news to the coaching staff, which needs tackles and ends the way farmers need rain on the South Plains. Carver has been in the army and only recently was in Trieste, so that he knows what it is to be an a hot spot. Both players may fit into Tech plans nicely, especially if they show the ability they demonstrated before this season.

Although they will not be of use this fall, two other players are coming in for a lot of attention at Tech. They are Jerrell Price of Brownfield, an All-State tackle for the past two years, and Arbie Phillips of Fort Worth, who gained state prominence at Paschall High school in the backfield. Both are being groomed under the Texas Tech football system and will be available for the 1948 season.

Practice yesterday again consisted of calesthenics and running, along with considerable time on plays. Coach Dell Morgan and his staff have not attempted to pick a first team, but most of the freshmen candidates are working separately, with at least three experienced teams under Coach Morgan's watchful eyes.

The long session on plays yesterday concentrated again on the offensive, with all the experienced backs taking turns running with the ball on quick-opening plays and passes. At present, the three leading candidates on the field for quarterback include Garland Chessir, Bill Lyman and Shelby Cole, with most of the other back spots filled with lettermen and reserves.

Another long practice is scheduled today, with no contact work coming up until next week. On hand to assist Coach Morgan are Coaches G. B. Morris, Tipp Mooney, Polk Robison and Billy Brown, with Joe Smith and Tuffy Nabors also assisting.

Decker Hurts Ankle In Track Practice

Don Decker, Lubbock High dash specialist, twisted an ankle in the regular drill session Wednesday afternoon at Chapman field, but veteran Earl Hutcherson boosted Westerner hopes for a first place in the 100-yard dash event of the District 2-AA meet here Saturday by turning in a 10.2 seconds time on a practice century.

Decker is one of the key members of the Westerner cinder path team and if he is unable to compete in the District 2-AA meet here Saturday, Lubbock hopes for additional points in the dashes will be hard hit.

Other members of the squad concentrated on conditioning drills, taking advantage of near-perfect weather to hold a lengthy practice session.

Shallowater Wins Boys Club Contest

Shallowater's hard-hitting nine, scoring 15 runs on 11 hits and numerous errors by the Lubbock Boys club Senior baseball team, drubbed the clubmen, 15-9, Wednesday afternoon at the club diamond.

Jack Murphy paced the Shallowater team at the plate with a double and a single, while J. R. Bradford sparked the club group with two singles in three times at bat.

Golf's Blue Ribbon Event To Open Without Stranahan

By WILLIAM TUCKER
United Press Sports Writer

AUGUSTA, Ga., April 8.—Golf's blue-ribbon event — the Masters tournament — opens today and about the only entries missing are Frank Stranahan and Augusta's famous April weather.

Strahan's banishment because of an infringement of course rules during practice was confirmed all over again by tournament chairman Cliff Roberts. Stranahan appealed for a hearing bu Roberts said it is a closed incident. Stranahan may play next year but not today.

Weather Also Negative

The weather has been just as negative as Stranahan's efforts. It didn't rain yesterday but leaden skies hung over the swampy course through the day and the first round is bound to be a slow one.

Because of the dismal weather, bettors are hedging all over the Augusta National clubhouse.

Practice scores have been discounted because most of the favorites were frankly experimenting with a heavy turf.

Harbert Gets Following

However, Chick Harbert, a moon-shooter from the tee, turned in a 69 yesterday and immediately collected a big following.

With Stranahan out, the leading amateur seems to be Dick Chapman, the handsome North Carolinian.

Best bets among the pros, aside from Lloyd Mangrum and Harbert, are Ben Hogan, Byron Nelson, Bobby Locke, Johnny Palmer, Ed Furgol and Skip Alexander.

The condition of the 6,800-yard National Country club course favors the longer hitters because of the soggy fairways produced by recent abnormal rains.

Little Chance To Dry

There was little chance for the course to dry. Cloudy weather prevailed during practice preceding the first of four daily rounds of 18 holes. The final round is set for Sunday. Top money in the $10,000 event is $2,000.

Nelson who won in 1937 and repeated in 1942, has been playing well. So have Hogan and Locke. All were consistently under par during tuneup rounds.

Mangrum rates a position in the select group as the leading money winner on the winter tour, which ends with this event. He has the tour's best stroke average—69.25—for 43 rounds and won three of the eleven 72-hole events.

Organization Meet Of Gun Club Set

Local sportsmen will meet at the Sport Center, 1612 Thirteenth street at 8 o'clock Friday night to organize a local gun club.

The meeting is open to all persons interested in joining the club. One of the organizers of the club is J. E. Bradley. At least 20 persons have indicated they would attend the meeting.

Bradley said the new club will sponsor matches, with owners of all types of guns eligible to compete. Efforts will be made to interest boys in this area in the club.

LUBBOCK EVENING JOURNAL
SPORTS
PAGE EIGHT, LUBBOCK, TEX., THURSDAY, APRIL 8, 1948

Broyles Sparks Raider Court Upset

Tech Netmen Win Surprising Victory Over Amarillo Team

A. J. (Jake) Broyles, ace of the Texas Tech tennis team, paced the Raiders to a surprising victory over the highly-rated Amarillo Junior college net squad, seven matches to two, with a 6-2, 6-3 win over James Saunders in the feature singles clash Wednesday afternoon at the Tech courts.

Saunders, who recently gained fourth place in the National Junior Indoor tourney at New York, had been expected to provide a tough test for the veteran Broyles, but actually was never in a position to make a serious threat as the smooth-stroking Jake turned in one of his finest exhibition.

Ivy Scores Win

Broyles found a weakness in the Amarilloan's backhand early in the first set and then captialized on the discovery with a series of brilliant placements that kept the youthful Saunders off balance.

Glenn Ivy, Tech's second-ranking netter, defeated John Allen in two straight sets, 8-6, 6-3; but the visitor's Dick Hardin edged Shaff DeGaish, 6-4, 6-3, for the first Amarillo triumph.

The Panhandle netters gained another singles win as Haden Hardin nosed out Tech's Joe Wheatley, 6-3, 8-10 and 8-6. Hardin took the first set with a series of crosscourt placements, but Wheatley rallied with a blazing service and sparkling overhead game to even the set count at one-up. Then Hardin clinched the win with a well-played 8-6 victory in the decisive third set.

Doubles Wins Close

Carl Schmidt of the Raiders was extended to three sets in defeating Ernest Northcutt, 6-4, 1-6, 6-4; with Eddie Scudday swamping Pat Garvey, 6-1, 6-0, for the final Tech singles triumph. Garvey won only 10 points during the second set.

Broyles and Ivy defeated Saunders and Allen, 6-1, 6-1, to assure the Tech team of victory, then Schmidt and Wheatley drubbed the two Hardins, 8-6, 6-0.

Cuddy and DeGaish took the final doubles setto in three sets, 6-3, 2-6, 6-0.

Ticket Refund Offered Here

Any person, or persons, who does not want the ticket, or tickets, he has bought for the exhibition game Friday between the New York Giants and the Cleveland Indians, may receive a refund on all tickets purchased by returning them to the Hubber office before Friday noon.

Larry Larsen, general manager of the Hubbers, said that the offer was being made because "we have sold more tickets than there are seats in Rosenthal Field. We do not want anyone to feel that he is being imposed upon," Larsen declared, "nor do we wish to give the impression that we are selling a bad bill of goods. We would rather redeem the tickets immediately."

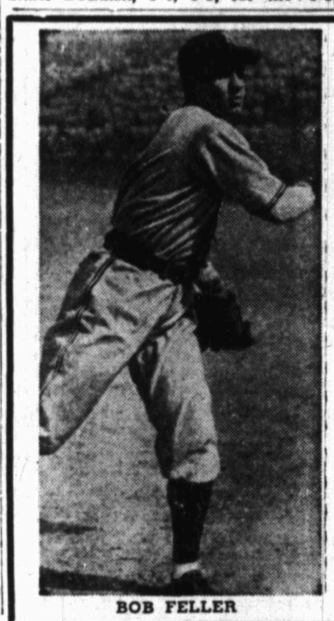

The general manager also emphasized that fans wishing to see the ball game should plan to get out to the park early, if they wanted to see the game from the grandstand or bleachers. He stated that the ball park already had been oversold, from the standpoint of seats available, but that all persons would be accommodated.

Larsen also pointed out that since this was the only Major League exhibition game to be played here this year, the Hubber management felt that it was better to sacrifice comfort to the accommodation of a large crowd, since so many persons wanted to see the game.

Through last night, approximately 6,000 tickets had been sold. Additional tickets still can be purchased at the Hub Clothiers.

Yanks Hold Fate Of Beaumont Club

BY WERNER RENBERG
United Press Sports Writer

DALLAS, April 8—There is one consolation for the Beaumont Exporters. They can't finish worse in the Texas league than they did last year. The only way is up.

It's the task of the New York Yankees, with whom they have a working agreement, to see that they do better. Help has been promised in time for opening day, April 14.

Chick Autry in his first year as a Texas league manager, probably could give lower classification clubs trouble with the team he now has. But it's doubtful whether they can crack the victory column in a double-A circuit. Autry comes to the Texas circuit from the South Atlantic league.

Three Men Are Back

Three men who were with last year's cellar team all season are back. Two of them are pitchers; the other is a second baseman. Neither of these is a world-beater. Nor are there numerous rookies on the spring roster. The players may have baseball know-how. But that's not enough in this tough league.

About the only thing Autry is sure of is catching. After spending a year at Portland, Eldon Muratore is back from the 1946 club. He has been tagged for catching chores. He's an all-around performer. Muratore's hitting is fair.

The pitching is doubtful. Back from last year's team are Burton Barkelew (8-13), Harry Fowle, (3-12), Fred Pepper (1-3), and Kent Sterling (4-5). Only Barkelew and Fowle were with the Shippers from the beginning of the 1947 season until the end.

Rookie Trio Looks Fair

A trio of rookies who have been anywhere near impressive at all in spring drills are Robert Alexander (10-12 pitcher at Denver last year), Fred Smith (won 20, lost 12 at Lufkin), and Sterling, sent down from Kansas City during the 1947 season. Sterling is a seasoned southpaw.

This is known as a pitcher's league. But it doesn't look like the Exporter servers are going to set the world on fire.

The infield is questionable, too. Jerry Crosby is about the only one certain of a job. He batted a cool .254 while with Beaumont last year. Charlie Sweeney, out last season with an injured back, probably will start at first. Babe Glunt, with Beaumont part of 1947, may be the shortstop. John Cavalli from Victoria, B. C., has a chance for the post. He may be shifted to third, where Lauritz Jensen has been posted this spring. Jensen, however, doesn't look like he has the polish to keep his job

Outfield Needs Help, Too

The outfield can use help, too. Walter Schuerbaum, who never hit under .300 and batted .330 at Augusta, Ga., last year, is expected to keep his left field slot. Robert Marquis, a Lubbock boy who hit .346 for Lufkin last season, is the center fielder. And shagging flies out in right probably will be Bill White or Jim McCarnes.

Autry complained that the Yankees didn't give him much help last season. He thinks they'll do better for Beaumont this time.

The Shippers didn't have dependable pitching or hitting last year to support defensive play that was better than usually expected of a cellar club. The story may be repeated this year—possibly with a new twist. It's all up to the Yankees.

Ace Freeman Loses Match

Things are never so dark they can't be darker, but Ace Freeman is beginning to doubt the veracity of that statement.

After a successful start in Lubbock, Ace "The Cat" Freeman has done nothing but lose and last night at Sled Allen's wrestling emporium was no exception. This time it was the Masked Marvel who turned the trick, although he did it with the help of more than a few dirty tactics.

Freeman dropped two straight falls to the Marvel, who managed to accomplish alone what he and Karl Gray had done the week previously. He did it with the help of some neat fist work hidden from Referee Gorilla Poggi, by pulling haid and by a little artful choking that left Freeman limp and ready to drop two straight falls, which he did.

Knutson Beats Stratton

The Marvel copped the first tussle with a reverse crab in 15 minutes, then repeated after 11 minutes in the second with a series of kicks and a body press.

Dr. Gil Knutson turned the tables on Walter Stratton, the strong arm man, winning the first fall with an airplane spin and a crab after 21 minutes of grappling.

Stratton returned after the intermission to take the second mat thumper in nine minutes with a full nelson, after Knutson had handed him continuous punishment with a body scissors.

Wentworth Beats Gideon

Knutson handed Stratton the mat in the third fall, losing so little time that it was over inside of 30 seconds. Stratton came out and put a full nelson on Knutson, but the latter backed into the ropes to escape it. As they broke, Knutson grabbed Stratton, gave him the spin treatment and then pinned him with a body smother.

In the best match of the night, the 20-minute preliminary, Jack Wentworth of Canada made his newest debut with a 15-minute fall over Eddie Gideon, using a series of slams and a body press.

High School Beats Tech Independents

Steady hurling by Denny Davidson and Jackie Martin, combined with the extra-base clouts of second baseman Charles Galey and third-sacker Bobby (Rip) Griffin, earned the Lubbock High school Westerner baseball team a 9-5 victory over an independent Texas Tech nine Wednesday afternoon at Chapman field.

The Westerners, playing their first exhibition tussle of the season, collected one run in the initial stanza, then blasted out four more tallies in the third frame to take a commanding lead.

Galey Leads Hitting

Davidson, diminutive veteran, was touched for only one hit in the four innings that he worked and Martin, speedy left-hander, gave up just a bingle in his two-frame stint. Both boys showed blazing speed, although Martin had trouble with his control.

Galey pounded out a double and a single to pace the Westerners at the plate, but Griffin stole the spotlight—and home twice—with a triple and sparkling running on the base paths.

Locals Stage Rally

Bill Eddins started on the mound for the Techsans and turned in a creditable job for two innings, before the Westerners blasted him for the four runs in the third stanza.

The tilt was the first of the season for the Lubbock High nine, which is scheduled to open the District 1-AA flag chase April 23 at Borger.

The linescore:

Tech	0	0	0	1	2	0	2	—5
L.H.S.	1	0	4	0	4	0	x	—9

Eddins, Nolte and Cox; Davidson, Martin, Wilson and Wylie, Cook, Burchett.

Phil-Card Swap Is Of Mutual Benefit

CLEARWATER, Fla., April 8. (AP)—The Philadelphia Phillies apparently have solved their first base problem and the St. Louis Cardinals obtained promising shortstop insurance in a deal involving Dick Sisler and Ralph Lapointe.

The swap, announced late yesterday, brings Sisler to the Phillies in exchange for Lapointe and an unnounced sum of money believed to be around $20,000.

Sisler gives the Phils a long-ball hitting left-handed batter who also can play in the outfield. In Lapointe the Cards get a hustling, hard-hitting shortstop as a possible replacement for the fragile Marty Marion.

The acquisition of Sisler, son of George Sisler of St. Louis Browns' fame, also helps Manager Ben Chapman with the problem of what to do with veterans Bert Haas and Roy Cullenbine.

The Philly manager now can go ahead with plans to station Haas definitely at third base and have Cullenbine available for the outfield. Both Haas and Cullenbine were being considered for first base.

Although carrots and onions and potatoes are usually used with stews, other vegetables make them interesting. For instance, green beans, whole grain corn, cabbage, tomatoes, peas and cauliflower or Brussels sprouts may all be added to good advantage.

Longhorns Lead In Foul Line Throwing

NEW YORK, April 8. (AP)—Texas, of the Southwest conference, was the best 1948 major college team from the foul line and Oregon state, of the Pacific Coast conference, was tops in making field goals.

Final statistics from the National Collegiate Athletic bureau showed today the Texans rimmed 351 of 481 free throws for a .730 percentage. They led in this department the entire season.

Oregon State, regarded as a team which controls the ball well, took 1,818 shots from the field during the season and made 668 for a percentage of .367.

These percentages compare to the .672 which Delta (Miss) State compiled in taking the small college free throw team title and the .398 East Texas registered in winning the small college field goal shooting crown.

Coach Only Casualty In Practice Session

BURLINGTON, Vt., April 8. (AP)—The Cathedral High school baseball team today reported only one casualty after a strenuous practise session—Coach Don Maley.

The coach was pitching batting practise for his boys when a grounder took a bad hop as he was about to field it. He suffered a badly cut lip.

A short while later he moved over to the batter's box to concentrate on the batters. A bat slipped out of a hitter's hand and struck the coach on the forehead.

Several stitches were necessary to close the head gash.

AN UNLUCKY NUMBER

BEATRICE, Neb., April 8 (AP)—At 11 minutes past 11 o'clock Tuesday night, the Beatrice fire department made a run to 1111 North 11th street to put out a trash fire. Three more runs during the night boosted the month's fire calls to 11.

Publicly controlled U. S. federal schools for Indians spent $10 million in 1940.

Fit in your present headlights, converts them to powerful sealed beam! Easy to install! Buy yours now, save!
● Sale! Complete headlights pr. . . .8.55

BIG MOTOR OIL SALE! Fed. Tax Inc. 1.29
You get *2-gallons* of Commander oil for this amazing *low* price! Pure, wax-free, tough! Gives dependable lubrication! Stock up now, sale ends Saturday!

BUY ALL YOUR AUTO NEEDS ON WARDS MONTHLY PAYMENT PLAN!

Atomic Age Prospectors Rush To Stake Claims In Uranium Field

FLIN FLON, Manitoba, April 8. (U.P.)—More than 80 claims have been staked in the rocky hills around this town in the first week of a uranium rush that has bought atomic age prospectors flocking here by airplane with Geiger counters in their knapsacks.

Smooth-faced nuclear physcists have taken the place of the old time grizzled miner in this modern day version of the Klondike gold rush of 50 years ago.

Still Want Riches

But the fortune - seekers who have hurried to Flin Flon hoping to find the material of which atomic bombs are made are just as hopeful of getting-rich-quick as were their grandfathers who sought yellow gold.

Airplanes loaded with wildcatters, diamond drillers, geologists and speculators have arrived daily since prospectors George Branscombe and John McClelland announced a week ago that they had struck uranium in the hill north of here.

18 Claims Filed

The two actually discovered the valuable atomic mineral two years ago, but for security reasons the government delayed the announcement until last week. They have filed 18 claims in the region.

Claim seekers have staked out most of the territory surrounding the location of the strike since the announcement.

Students Will Name Officers

Officers of the student body at Senior High school for the school year opening in September will be elected Friday morning from candidates approved by the student council this morning.

The entire student body is eligible to vote in a special assembly to be conducted at 11:20 o'clock Friday morning. Voting will be by secret ballot.

Nominations Given

Those nominated were: Charles Galey and Jack King, for president; J. C. Chambers and Rossi Stiles, for vice president, and Kara Sam Dunn and Nancy Davis, for secretary.

Candidates for president and secretary are juniors and those for vice president, sophomores, as required by the student constitution. "C" average and attendance in Senior High school for at least one semester preceding the election also are required.

Each student had opportunity in preferential balloting to name one student as suggested candidate for each of the three offices. Senior members of the student council, meeting as a nominating committee, chose the list of candidates, considering those receiving the largest number of votes. The entire student council, meeting this morning, approved the list.

Candidates chose campaign managers, as follows: Jack Alderson, campaign manager for Charles Galey; Jerry Nislar and Dick Schmidt, for Jack King; Bert Nelson, for J. C. Chambers; Clarence Laws, for Rossi Stiles; Shelley Furr, for Kara Sam Dunn, and Chloe T. Dawson, for Nancy Davis.

Coal Strike

(Continued From Page One)

tended to the full 80-day injunction called for under the Taft-Hartley act and;

3. Whether Lewis and the union are in contempt for not ending the strike.

If they fail to clear themselves of the contempt citation Monday, a trial will be held Wednesday.

Lewis meanwhile was engaged in another kind of fight on the side. He sent seven UMW officers and district presidents to meet with a committee of eight representatives of the operators yesterday, as an outgrowth of the McGuire order. They promptly got into a hot argument over their authority.

The main battle between the conferees arose over the status of Joseph E. Moody, recently elected president of the Southern Coal Producers association.

Five Hour Debate

A five-hour debate over Moody's right to sit in the conference ended with the southern executive insisting he would remain, and the mine workers saying he lacked authority to speak.

The government at the same time went forward with plans to order a second 25 per cent cut in both passenger and freight service by coal burning railroads if the strike extends into next week.

Berlin Crisis

(Continued From Page One)

peace treaty violations. Tass, the Soviet news agency attacked the Rome government's plan for 400,000 watchers at the polls. Implying that the pool watchers would be armed, it said Italy thus violated the clause limiting her armed and police forces to 300,000. Tass said the other violation lay in installation of machineguns on Italian cargo vessels.

Campaign Attacked

Italy's Communists attacked the letter-writing campaign of Italian-Americans in the United States urging defeat of the Communists in the elections.

In the Trieste free territory, the British and Americans announced limited power will be transferred to local civilian hands in the zone Monday, but Communists will be barred from taking part.

A mystery plane from Czechoslovakia landed at a Bavarian airport Tuesday. U. S. occupation officials are maintaining silence about it. There were 26 persons aboard, but the Army would give no details.

IN CAPSULE FORM

News Briefs

Regular Sabbath Eve service will be conducted at 8 o'clock Friday night at Congregation Shaareth Israel, Twenty-third and Avenue Q, with Rabbi Julius Kerman delivering a sermon on "The Need for Public Spirited Citizens," based on the Joseph story in the book of Genesis.

Temperature of 62 degrees at 10:30 o'clock this morning was 10 degrees less than temperature at the same time Wednesday, recordings of the U. S. Weather bureau station north of Lubbock showed. Wind velocity had gone as high as 34 miles per hour earlier and was 27 miles per hour at 10:30 o'clock. Blowing dust was expected this afternoon.

Mrs. Norman Knouf of 2311-A Sixteenth, who underwent major surgery Monday in West Texas hospital, was reported recovering satisfactorily this morning.

Due to the spring conference of organization at Anson on April 15, the meeting of Central Ward Parent-Teacher association which was to have been held on that date has been changed to April 22, it was announced today by Mrs. Sam Allred, president of the group. Dr. Richard Sloan, of the regional office of the Veterans administration here, is to speak at the meeting.

C. E. Lynn, justice of peace, said this afternoon he would enter an inquest verdict of "death from accidental causes" to conclude his investigation into an early Wednesday fatal accident involving James Richard Ballard, jr., about 23, a negro. The negro was struck by a truck driven by Lester Royal Arnold of 1708 Ave. J, Lynn was informed by official investigators, on the Slaton highway two miles south of Lubbock.

Mrs. A. B. Ellis of 1714 Ave. M entered Lubbock Memorial hospital today for treatment.

Kiwanis Club Hears Group From Clovis

A group from Clovis, including three musicians from the staff of radio station KICA, and Fred Brookshear, secretary-manager of the chamber of commerce, and R. B. McAllister, former Lubbock resident now manager of the Clovis radio station, entertained the Kiwanis club today at Hotel Lubbock. McAllister introduced program numbers.

The musicians, with piano, base violin and steel guitar, rendered several numbers, including a specialty with table spoons, by Curly Carden.

Brookshear brought greetings from his city, and announced the first annual New Mexico cattle festival, to be held at Clovis April 23 and 24. He said he had been advised Gov. Jester of Texas planned to attend, and extended an invitation to residents here.

Jason Gordon, of the club's agriculture committee, announced that the May 6 meeting will be a barbecue at the pavilion at Texas Tech, when representatives of farm and ranch interests throughout the area will be guests. Staff members at the college are to explain the artificial insemination program, and other agricultural and ranch projects at the college.

The day's program was in charge of DeWitt Landis. Club President L. E. Davis was in the chair, with invocation by Rev. Alsie H. Carlton.

1,000 Are Expected For REA Meet Here

More than 1,000 people from a five-county area are expected here tomorrow for the annual membership meeting of the South Plains Electric cooperative, to be held at the Merchants building at the fair grounds.

The session will mark the tenth anniversary of the cooperative, and the meeting will be on the theme "Ten Years of Progress," according to announcement by W. G. Newton, manager.

It is anticipated that six of the seven members of the board of directors under whom the organization was incorporated will be present. One, W. M. Ross, who was chairman of the board, died several years ago; another, C. Z. Fine, has moved to Bangs, but may return for the session; and the others are still active in the association.

The meeting is to feature displays and demonstrations of merchandise, and a barbecue at noon. It is to open at 10 o'clock and close at 3.

Weather

(Continued From Page One)

San Antonio 68, Brownsville, Houston and Dallas 70 and Waco 72.

Only precipitation reported during the last day and night was a trace at Beaumont, Fredericksburg and Houston.

The weather bureau said the mild cool front was expected to drop temperatures about 15 degrees in the Panhandle and from five to 10 degrees in more easterly parts of the state.

Extreme south Texas probably would not feel the effects of the cool front at all, the bureau reported.

CLAIMED BY DEATH

PHILADELPHIA, April 8 (AP)—Dr. Thomas S. Gates, 75, chairman of the board of trustees of the University of Pennsylvania died today at his summer home at Osterville, Mass., on Cape Cod.

Daily Markets

Stock Market

RESUME UPWARD JAUNT

NEW YORK, April 8 (AP)—Stock market leaders generally resumed the upward jaunt today after absorbing considerable further profit cashing.

Irregularity ruled until past midday when prices hardened in most departments. While many pivotals exhibited indifferences, gains of fractions to a point or so predominated at the close.

Dealings frequently slowed but volume for the full session was in the vicinity of 1,000,000 shares.

A few aircraft pushed forward on expectations of large-scale military orders. Rails did little in response to the move for increased passenger fares. Airlines reflected only mildly the boost in mail rates.

Montgomery Ward, U. S. Smelting, Nickel Plate Railroad and Erie Railroad went into new high territory for the year. Ahead most of the time were Boeing, Douglas Aircraft, U. S. Steel, Youngstown Sheet, General Motors, Schenley, American Tobacco "B" International Paper, Baer Asphalt, Amerada Petroleum, Western Maryland Railway, Mission Corp., Standard Oil (NJ) and Eastern Air Lines.

Cotton Market

NEW YORK REPORT

NEW YORK, April 8 (AP)—Cotton futures advanced into new seasonal high ground in active dealings today. There was a good deal of mill covering in the old crop deliveries, influenced partly by sales of cotton textiles this week. Short covering and commission house buying was stimulated by the better export outlook and the tightening spot cotton situation. Hedge selling was active, reflecting sizable sales of spot cotton at the ten primary markets. Gains extended to better than $1 before the market reacted partially on profit taking.

Cotton closed steady.

	Open	High	Low	Close
May	36.25	36.71	36.23	36.66-67
July	35.60	36.00	35.55	35.88
Oct.	32.47	32.64	32.37	32.56-59
Dec.	31.77	31.90	31.64	31.84
March	31.57	31.72	31.44	31.65N

Spots closer nominal at 37.67 up 47.

NEW ORLEANS REPORT

NEW ORLEANS, April 8 (U.P.) — Cotton closed steady.

	Open	High	Low	Close
May	36.28	36.70	36.22	36.63-67
July	35.58	35.99	35.56	35.92-98
Oct.	32.44	32.62	32.38	32.52-62
Dec.	31.74	31.89	31.65	31.87
March	31.53	31.66	31.52	31.60

Livestock

FORT WORTH REPORT

FORT WORTH, April 8 (AP)—Cattle 950; calves 250; medium to good yearlings and heifers 24.00-28.00; plain slaughter yearlings and heifers 18.00-23.00; fat cows 17.00-22.00; good and choice fat calves 24.00-26.00; common to medium calves 17.00-23.50; stocker and feeder calves, yearlings and steers 20.00-26.50; stocker cows 16.00-21.00.

Hogs 800; butcher hogs and sows mostly 50c lower; most good and choice 180-160 lb butchers 21.50; good and choice 270-400 lbs 16.50-21.25; good and choice 150-175 lb 18.00-21.15; sows mostly 15.00-50; pigs 12.00-17.00.

Sheep 2,000; spring lambs and shorn lambs steady to 25c higher; good and a few choice spring lambs 21.50-23.50; common to medium spring lambs 18.00-20.50; medium to god shorn lambs 19.00-20.50, latter price buying No. 3 pelts; good wooled ewes 12.00; medium grade wooled feeder lambs 16.00.

KANSAS CITY REPORT

KANSAS CITY, April 8 (AP)—Cattle 2300; calves 150; slaughter steers steady to strong; spots 25 higher on weights under 1150 lb; she stock generally steady; bulls vealers and killing calves unchanged; stockers and feeders scarce; bulk good fed steers 26.00-27.50; medium to low good short feds 23.00-25.75; few good cows 20.50-22.00; common and medium 17.00-20.00; practical vealer top 27.00.

Hogs 3500; very uneven, 270 lb and down 75-1.25 lower; heavier weights steady to 75 lower; top 21.00 to all; good and choice 170-340 lb 20.00-21.00; 250-270 lb 17.50-19.50; 280-350 lb 18.50-17.25; sows 14.25-15.50; stags 15.00 down.

Sheep 4250; active, fed lambs and springers around 50 higher; practically no ewes offered; 3 cars good and choice 94 lb Arizona spring lambs 25.00 to shippers good and choice wooled lambs to shippers 22.50; 4 cars medium and good offerings 21.50.

Grain Market

FORT WORTH REPORT

FORT WORTH, April 8 (AP)—
Wheat No. 1 hard 2.60-65.
Oats No. white 1.45 ¼-47 ½.
Corn No. 2 white 2.92 ½-2.00.
Sorghums No. 2 yellow milo, per 100 lbs 3.90-95.

CHICAGO REPORT

CHICAGO, April 8 (AP)—An active trade sent grains up for good advances on the board of trade today.

Wheat was aided by a pessimistic private crop forecast for Kansas, overnight sales of flour to foreign countries, a hike of 1½ cent a bushel in the price the government will pay for cash wheat, and purchases of more than a million bushels of wheat by the government yesterday.

Wheat closed 1 ¼-3 ¾ higher, May $2.49-2.50 ¼, corn was 3 ½-5 ¾ higher, May $2.36-2.36 ½, oats were ¾-1 ⅝ higher, May $1.14 ⅝-⅞, and soybeans were 6 cents higher, May $3.91.

Produce

CHICAGO REPORT

CHICAGO, April 8 (U.P.)—Produce:

Poultry: 20 trucks. Hens weak, chickens steady. Hens 35; Leghorn hens 25; hen turkeys 54.

Butter: 430,804 pounds. Market unsettled. 93 score 63½; 92 score 63; 90 score 80½. Carlots 90 score 61; 89 score 80.

Eggs: (Browns and whites mixed) 30,743 cases. Market steady. Extras 70-80 per cent A 45-46 ½; extras 60-70 per cent A 44-45 ½; standards 42-43 6; current receipts 1; checks 38 ½.

Markets At A Glance

NEW YORK, April 8 (AP)—

STOCKS—Mixed; selected issues continue advance.

BONDS—Mixed; some rails improve.

COTTON — Steady; mill buying.

CHCAGO:

WHEAT—Firm; mill buying helps.

CORN — Strong; short-covering.

OATS—Firm; May up most.

HOGS—Steady to 50 cents lower; top $22.50.

CATTLE — Unevenly 50 cents higher to 25 cents lower; top $31.50.

Summer Scouting Plans Discussed

A Scout troop among scoutmasters was organized here last night at a scoutmaster's round table, when summer Scouting activities were discussed.

These activities include the camporee to be held in Mackenzie park here April 16 and 17, and participation by the boys in the bicycle safety lane program Monday and Tuesday.

The group was organized into a Scout troop, known as Troop O, for the purpose of training and interchange of ideas. Gene Quest was named scoutmaster.

Others chosen were Fred Widmoyer, assistant scoutmaster; Sam Henry, sr. patrol leader; and George Holman, scribe. Four patrols were set up. They were: Eagle patrol, composed of Melvin Hoelscher, Earl Dietering, and Holman; Rattlesnake patrol, Bill Sasser, Bob Reed, and Eber Neely; Owl patrol, Claude Brown, Frank Runkles, and Hank Long; Cobra patrol, Jack Alexander, Lawton Owen, and Marshall Ross.

Next round table is to be held May 12 at Scout park, when all commissioners and committeemen will be asked to attend.

Dewey Stumps In Nebraska

BY HENRY LEADER
Associated Press Staff Writer

EN ROUTE WITH DEWEY THROUGH NEBRASKA, April 8—Governor Thomas E. Dewey, aware defeat in Nebraska's primary might knock vital props from under his presidential chances, made a full scale bid today for the farm vote in this agricultural state.

The New Yorker called for "home-rule" development of the Missouri valley basin, federal price support of farm products, extensive soil conservation and maximum production of food.

"The time has come," he said in a speech prepared for a rally at Holdrege, "when we must establish a strong national policy, first against waste of our water resources, second against waste of our soil resources and third against waste of our food resources."

Opponents Named

In Nebraska's Republican preferential primary next Tuesday he is stacked against Harold E. Stassen and General Douglas MacArthur, who routed him in the Wisconsin primary. He also is pitted against Senator Robert A. Taft of Ohio, Governor Earl Warren of California, Senator Arthur W. Vandenberg of Michigan and House Speaker Joseph M. Martin, jr.

Stassen and Taft are considered Dewey's chief opponents in Nebraska. Under the Nebraska primary system voters indicate their preference for the candidates but no one is bound by the results. They also select the state's 15 delegates to the GOP national convention. The delegates are uninstructed.

In his Holdrege speech, Dewey endorsed the Pick-Sloan plan for developing the Missouri river and its tributaries.

"I am especially interested," he added, "in seeing to it that this great basin development is carried out as a project in cooperative control with full participation of the states and the property holders in this great area."

Opposes Commission

Dewey rejected "completely" the proposal for a federally appointed three-member Missouri valley authority, which he said "has the backing of the New Deal."

The governor said "it is absurd to think of putting the interests of 10 states under the control of any three men, no matter what kind of geniuses could be found for the job."

He said the Republican party "is committed to support prices and I have personally long been committed to the firm belief that parity must be maintained for American agriculture.

"Our present parity formulas also need to be modernized to prove a true measure between farm prices and farm costs.

Farm Income

(Continued From Page One)

ing harvests probably won't need U. S. food as badly as they did last year.

"If current prospects for improved food production abroad materialize, both the volume and value of agricultural exports will be significantly lower in 1948," the bureau said.

"U. S. exports of grains and grain products probably will drop most. Cotton exports may be higher than in 1947."

Income Would Fall

It noted that if total cash receipts from farm marketings this year fall 10 per cent below 1947, farmers' net income would fall more than that because of higher production costs. But farmers still would receive a bigger net income than in 1946, the bureau said.

It said the U. E. economy probably will continue to operate at high levels throughout 1948. And, it suggested that congressional action on the national defense front may bolster the general U. S. price level.

Noted Coach

(Continued From Page One)

"and I'm not altogether certain yet."

He planned to complete his examination of the Pittsburgh coach today.

Johnny Michelson, first assistant coach of the Steelers, said Sutherland had complained frequently of severe headaches during the Easter holidays while they were at Coatesville, Pa., lecturing to high school coaches.

The "Silent Scot" left his Pittsburgh office about two weeks ago for a combined business and pleasure trip through the midwest.

Fox Farm Sues For Damages By Planes

CLEVELAND, April 8 (AP)—A fox farm sued the federal government for $14,140 today, charging two low-flying Army planes frightened breeding foxes and caused them to kill 36 of their young.

The Kelmoor Fox and Fur Farms, Inc., of nearby Medina, complained the ships flew 200 feet over the ranch and "needlessly" circled above 73 female foxes.

The government should pay, says the federal court petition, because once female foxes kill their young they're through as "good mothers."

Bob Merrell to J. B. Wells, jr., part of the northeast 1/4 of section 20 of block 24, Lubbock County, $2,500.

Hereford Station To Be Started At Once

PLAINVIEW, Apr. 8 (Special) Construction is to be started at once on radio station KPAN, a 250-watt plant at Hereford, it was announced here today by Marshall Formby, former publisher of the Plainview Tribune, who is to manage the station.

Formby, former county judge in Dickens county, and former state senator from the 30th district, is joined in the project by John Blake of Brownwood, operator of a printing establishment. Both are World war 2 veterans.

Original application called for the station to be located at Canyon, but applicants changed their petition to Hereford. The station will operate from a 270-foot tower, and is expected to be on the air in July, Formby said.

BIRTHDAY NOTE

SANTA FE, N. M. (U.P.) — Dr. L. C. Boatman worked on his birthday here on Feb. 29 to deliver three leap year babies.

Two Held For Investigation

Two negroes, one 24 of Littlefield and one of Lubbock, were held by police this morning in connection with alleged illegal carrying of pistols.

Charles B. Sims, the Lubbock black, was arrested just before midnight after, a patrolman said, he was holding a .45-caliber automatic in one hand and Margarete King, a negro woman, with the other.

The woman, police said, was found to have a bad wound on the back of her head. An ambulance was called, and emergency treatment was given at a hospital.

Pistol In Possession

The other man, Alvin Smith, had a .380 pistol when arrested, police said.

Police investigated when informed that the door to room 21 of Citizens National bank building was open, and found that the safe of the tenant, Claude B. Hurlbut, also was open.

Subsequent investigation failed to disclose that anything had been removed from the safe, police said

A hit-run driver was being sought by city police after J. B. Morse, of 1614 Ave. J, was reported knocked down by an automobile while crossing the street at Sixteenth and Texas Ave. about 8 o'clock last night. His injuries were not serious enough to require hospital treatment.

The car which failed to stop after the accident was described as a black 1941 Buick. Part of the license number was also reported to police.

Thefts Are Reported

Theft of a generator off the irrigation well engine of L. L. Green of five miles south and a half-mile west of Slaton was reported Wednesday to the sheriff's department.

Green said he also had lost two batteries to thieves within the last year.

A blue 1941 Ford coach reported stolen at Levelland had been recovered last night, police reported.

Tornadoes Hit

(Continued From Page One)

er struck in Kankakee county, about 40 miles south of Chicago. Clem Brickner, 26, Hebron, Ind., farmer, was killed when his farm home was demolished.

The property damage in the Calumet City area in Cook county was estimated by police at $50,000.

Another twister was reported in central Indiana, skirting the edge of Alexandria in Madison county. Tornadic winds also were reported in rural sections of central Illinois, including an area near Urbana, home of the University of Illinois.

Labor Curbs

(Continued From Page One)

The President's fact-finding board made a report on the coal situation on March 31, Ball said, but after that "the White House sat on it" until April 3.

"All the delay accomplished," he said, "was to give John L. Lewis a chance to indulge his psychopatic craving for amateur histrionics and thumbing his nose at the government and the people of the United States."

Baseball Players To Be Heard Over KFYO

Three internationally-known sports figures—Shortstop-Manager Lou Boudreau, Second Baseman Joe Gordon and Pitcher Bob Feller of the Cleveland Indians—will be interviewed in a KFYO broadcast Friday morning, it was announced this afternoon.

Time of the broadcast will be announced later.

Wes Youngblood, KFYO announcer and sports commentator, will interview the players in connection with their visit here for a 3 p. m. Friday exhibition baseball game between the Indians and the New York Giants. The teams will arrive at 4 a. m. by special train.

A telegram Youngblood sent to Boudreau this morning was answered by Marsh Samuels of the Indians' front office, who affirmed willingness of the players to the broadcast interview.

IS HIGHEST BID

WASHINGTON, April 8. (U.P.)—The War Assets administration announced today that the $1,100,000 bid of the Continental Carbon Co., of Amarillo, Tex., for purchase of the Sunday, Tex., channel carbon black plant was the highest of two submitted.

Air Power

(Continued From Page One)

for the 70-group air combat plan without its costing too much."

And Senator Byrd (D-Va) said he will support such an increase if an extra $1,800,000,000 will cover the cost. He said the airmada plan "is something Russia will understand more than anything else."

Secretary of Defense Forestal, who has opposed the Air Force boost as too costly, sat in on the committee session but declined comment afterwards.

Chairman Gurney (R-SD) said the Senate group now plans to hear Navy officials, possibly Friday. He originally had hoped to wind up work on a draft-UMT bill this week. But now, Gurney said, "I wouldn't even guess we would be through next week."

Meanwhile Chairman Andrews (R-NY) of the House armed services committee said he would introduce his version of the administration's draft bill today or tomorrow. It will not include UMT, Andrews said, because his committee approved such a bill last year. The House rules committee has refused to clear the measure for a House vote.

Equipment Is Found In Lake

Abandonment of 10 pieces of farm equipment valued at possibly several thousand dollars in a Hale county lake was reported to Lubbock police this afternoon by Plainview's chief of Police Hoyt Curry.

Curry suggested that a check be made with South Plains farm operators to determine ownership of the property, which included two tractors, a binder, plows, a combine and a ditcher.

He indicated there was something "funny afoot" inasmuch as the equipment, first discovered Sunday in a lake bed, subsequently was removed to another dry lake.

List Is Announced

Curry gave this list of the property:

A 20-30 International tractor (old model).

A 10-20 Farmall tractor.

A John Deere broadcast binder.

An Avery five-foot combine (old style).

A shopmade ditcher for irrigation purposes.

An Avery one-way 10-foot plow.

Two slide go-devils with knives.

A 10-foot tandem disc (old model).

An Avery breaking plow with 14-inch bottom.

Much property has been reported stolen from South Plains farmers in recent months, but officials here did not recall losses that could fit with the description of property recovered in Hale county, it was said.

Director Of Elementary Bands Inspires Pupils To Like Music

SPOKANE, Wash., April 8 (AP)—Parents who wonder how to get junior to practice his music lessons might pick up some pointers from Ray K. Harris, director of band music for Spokane's elementary schools.

Six years ago 19 children attended his first city band practice. Now 400 youngsters from 30 schools are band members. Harris has four all-city bands and individual bands in a score of grade schools.

They Like Practice

The progress reflects Harris' ability to inspire a genuine liking of music—even the practicing.

Harris expects his young musicians to work hard. To some his discipline might appear strict, but not to his students.

"As a matter of fact I hate to discipline them," he says. "I try to smooth over a rough session. No group should ever leave with hard feelings."

He doesn't avoid criticism, but he is generous with praise.

Respond To Affection

"Children respond to affection," he says. "I don't believe in being stingy with praise. They must have encouragement. Who doesn't need it?"

His students must prove in individual tryouts that they have earned promotion before they move up to a better band.

Finally, Harris makes parents full partners in his musical projects.

"I'm on the phone all the time telling parents what should be done at home," he says. "I ask all parents to attend our band rehearsals so they can hear what is going on and then can recognize any weaknesses that can be remedied at home."

The northern part of Times Square in New York was once known as Longacre square after the street in London.

GLASSMAN'S

Commission Session Slated For Friday

Lack of a quorum will force postponement until Friday at 1 p. m. of the city commission meeting at which W. H. Rodgers, former city manager, will begin the duties of mayor, city officials announced Wednesday afternoon.

The session originally was scheduled this afternoon, the regular semi-monthly meeting date of the city commission.

Rodgers defeated C. A. Bestwick, present mayor, in the biennial city election Tuesday.

Scheduled to take the oath of office at the same time as the new mayor are Clarence Whiteside, laundry operator, and E. K. Hufstedler, jr., farm implement dealer, who were unopposed for the city commission places to be vacated by Fred Childress and J. Ray Dickey. W. B. Price and John Spikes are holdover commissioners.

No ceremony has been planned in connection with the change in city administrations, which will take place at the first commission meeting of the city's new fiscal year. The year started April 1.

If the usual procedure is followed, Miss Lavenia Williams, city secretary, will start the meeting by reading the minutes of the commission's last previous session.

Retiring Mayor Bestwick then will call for a canvas of the returns in Tuesday's election. If they are found to be in order, they will be approved by the commission.

Bestwick, Childress and Dickey then will give way to Rodgers, Whiteside and Huftstedler, and the new administration will be on its way.

TO VACCINATE DOGS

WACO, April 8 (AP)—Compulsory anti-rabies vaccination of dogs was in effect here today. The action was taken by city aldermen after a 13-year-old boy died here Monday of rabies. The city hospital said 59 persons were receiving Pasteur treatment.

TO HOLD ELECTON

WACO, April 8 (AP)—Waco will hold a $2,000,000 bond election here May 6 to finance road improvements, sewers and an airport terminal.

Title VI Loans Are Extended 30 Days

Official notice of a 30-day extension on Title VI loans through the Federal Housing administration, recently approved by Congress, was received here yesterday by J. A. Raley, jr., district FHA supervisor.

Through an amendment to the National Housing act, congress extended the time for acceptance of Title VI loans until April 30, and authorized an additional $400,000,000 for the purpose.

Title VI loans are in two divisions. One, under section 603, covers 1- to 4-family properties, and the other section 608, covers apartment type projects.

FHA is thus resuming acceptance of applications for insured loans under both sections, during the balance of April, which means that loans will be on the basis of current costs instead of on appraised value as would have been necessary if the amendment had not been approved, Raley said.

Raley said the bill also provides that all applications for loans under section 603 received in FHA offices on or before March 31 will be processed on the former basis of necessary current costs.

Czech Labor Union To Vote On Proposal

PRAGUE, April 8. (AP)—The Central Trades union labor organization will vote today on a Communist proposal for a single ticket in the Czech parliamentary elections May 23.

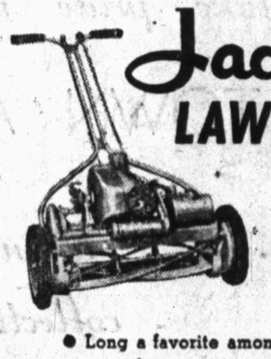

Last night members accepted the plan informally, and the Prague radio said they acclaimed it with cheers. Communist deputy Premier Antonin Zapotocky presented the plan.

Leaders of political parties which lost out in the Communist coup have indicated they planned to enter candidates in the elections. The pro-Communists said they had planned separate slates, too.

Japanese Seem Surprised That MacArthur Ran Second In Race

TOKYO, April 8 (AP)—Japanese appeared surprised today that General MacArthur ran second in the Wisconsin presidential primary. They conceded that the Supreme Allied commander had lost face in Japan.

"His reputation in the United States does not correspond with his reputation here," said one Japanese editor. However, Nipponese newspapers have not yet comcented editorially.

There still was no comment from MacArthur regarding the Wisconsin balloting. He has said nothing about the presidential campaign since his announcement of availability.

The general's self-appointed Japanese campaign drum beater—poet-contractor Toshiyo Oda—seemed undaunted.

"The idea that they need MacArthur soon will seep through to Americans," said Oda. He added that he would try to go to the United States himself to plead the general's cause.

When MacArthur announced his availability for the presidential nomination, Oda plastered the walls of his "Japan Instant Construction company" with huge campaign slogans.

Railroad Men Help In Rescue Of Dog

RICHMOND, Ind., April 8. (AP)—Somebody's dog was alive today because four Pennsylvania railroad workers are animal lovers.

Engineer J. T. Ripley, bringing the crack Jeffersonian into Richmond, saw the dog hanging by the neck in a farm fence near New Paris, Ohio. It was still struggling.

Ripey highballed into Richmond, ran to a telephone and called Dave Snow, a towerman. Snow called Lee Turner, the New Paris operator, and Turned relayed the story of the dog's plight to Lieslie Mann, a Pennsy worker who was off duty.

Mann found the dog still alive and turned it loose. He said the dog ran for some distance, stopped, and then came back and licked his hand.

GOOD CITIZEN—Frank Harrison, 14, of Valdosta, Ga., is the winner of the Boys' Clubs' 1948 Junior Citizenship award. Frank won a free trip to New York for his record in community service, loyalty and service to his Boys' Club, and his athletic ability.

It's Rattlesnake Time In Oklahoma, With 400 Joining To Turn Snakes Into Dollars

OKEENE, Okla., April 8. (AP)—ZZZZZZ!

It's rattlesnake time again in the sunny, undulating gypsum hills of Oklahoma.

From more than 17 states rattlesnake hunters are arriving with their little forked sticks and bulging sacks.

For next Sunday is the ninth annual revival of that fabulous Oklahoma sporting event—the Okeene rattlesnake hunt.

400 Registered

Starting tomorrow, hunters will open a three-day convention at Okeene and nearby Enid before heading for the risky climax of the hunt itself. Four hundred are registered for the first day alone.

Men and snakes haven't got along too well since that time in the Garden of Eden, but it's been more or less a you-go-your-way and-I'll go mine affair.

It required hot-blooded Oklahomans to change all that and take mass vengeance on the serpent . . incidentally making it pay in hard shiny dollars.

For pay it does.

If past form is any guide, about 5,000 hunters will come home Sunday night (at least most of them will) lugging about 500 highly exasperated rattlers.

Find Him First

To catch a rattler, you have to find him before he finds you. Then you pin his head down with a forked stick. Then you get a noose over his head and gently loft him into a sack. The snake doesn't like this, and all the time is making a noise like a bill collector at the door-buzzer.

If the rattler catches you, it makes a good after-dinner story for the rest of your life . . . maybe.

The handsomer snakes go to zoos to study humanity from behind glass windows. The fat boys wind up as canned rattlesnake steaks or salad to delight the well-heeled epicure. Athletic rattlers find new lives in sideshows and circuses.

Last but not least, some go to medical laboratories, for the hunt is not all a gag. The snakes are the only source of anti-venom serum, and also produce a pain-killer for cancer victims.

And despite the popularity of a well-known folk remedy, the serum is the only reliable antidote for snake bite.

The hunt started nine years ago as one of those extravagant gestures made so often in the great southwest. But when the dollar reared its head, it caught on in real earnest. Still, there is plenty of fun and hi-jinks every year.

Both hunt and hi-jinks are bossed by the International Association of Rattlesnake Hunters—whose chief rattler is Orville Von Gulker. The association has taken most of the work off the hands of the Okeene Junior Chamber of Commerce, which launched the idea back in 1939.

In all the years of the hunt, only four persons have ever been bitten, and none have died.

But . . . you never can tell.

Help-Yourself Worm Business Developed

SAN ANGELO, April 8. (AP)—Fireman Charlie White sells fishing worms at the south side station here as a sideline.

He had on hand yesterday one 50-cent can and three 25-cent cans when the alarm sounded.

When he returned all four cans were gone. On the floor was a half dollar and three quarters.

Paris Man Named To Association Board

SHREVEPORT, La., April 8. (AP)—A. C. (Pat) Mayes, publisher of the Paris, Tex., News, was one of the members reelected to the executive board of the Red River Valley Improvement association.

The association's annual convention ended here yesterday.

W. T. Murphy, jr., Texarkana, Ark., also was reelected as a member of the executive board.

Electec to posts of vice president representing Texas: O. W. Boswell, Paris; Tom Jeffers, Deport; Grover Pickering, Cooper; W. S. Ford, Jefferson; Paul Marable, Clarksville; Clyde Palmer, Texarkana; A. M. Bower, Jefferson, and F. H. Kohfeldt, Denison.

CANDIDATE TO SENATE

HARLINGEN, April 8. (AP) — George B. Peddy of Houston, candidate for the U. S. Senate, is scheduled to speak here today. He spoke at McAllen and Brownsville yesterday.

THIS NEW HOME CLEANING APPLIANCE USES WATER INSTEAD OF A BAG!

Amazing but true! Rexair is the new home cleaning appliance that uses water instead of a bag. No matter where you get the dirt—from the rugs, from the upholstered furniture, even from the bare floor—it all ends up in a water bath. You simply flush it away. No dirty bag to empty. Read every word about this remarkable new post-war home cleaning appliance in the new book sent to you absolutely without charge.

FATHER CHARGED IN SHOOTING

Young Bride Keeps Vigil At Hubby's Bedside After Duel

MARYVILLE, Tenn., April 8 (U.P.)—A 16-year-old bride kept an anxious vigil at the bedside of her critically wounded husband here today after watching in horror as he fought a main street gun duel with her father in an argument over their elopement.

Attendants at the Blount Memorial hospital said the husband, 25-year-old Ray Adams, was in critical condition with wounds from a 38-caliber bullet that passed completely through his body in the abdominal region.

Chances Not Good

They said his chances for recovery were "not good."

The father, W. H. Justice of nearby Townsend, Tenn., lay in another room at the same hospital with a gunshot wound in one hand. He was reported in good condition.

Sheriff Ben Mays arrested Justice yesterday after investigating the shooting which took place Tuesday. Justice was charged with assault with intent to murder and freed on $7,500 bond.

Mays said the 55-year-old father met the young couple on the main street here as they returned from a short honeymoon in Georgia and Florida.

A Heated Argument

Justice and his son-in-law, a school-teacher got into a heated argument, Mays reported. Suddenly they backed away from each other and began firing with pistols as frightened townspeople scattered in all directions.

The blonde, blue-eyed bride, Vera, sat rigid in her husband's car and looked on in mute horror as the two men shot it out.

When her husband fell, the youthful bride took him to the hospital. Nurses said she has never left his bedside except for several short periods for a few hours of rest.

Adams and Vera, a pretty freshman at Townsend High school, eloped over the weekend and were married in Georgia.

Whirlwind Romance

Mrs. Lee Caylor, Adams' mother, said the elopment climaxed a whirlwind three-weeks romance over the strenuous objections of the girl's parents.

When the couple returned, Mrs. Caylor said, her son was warned that Justice "was out to kill him."

She said she did not know that her tall, blond son and the pretty school girl had planned marriage or that they had eloped until after the shooting occurred.

Justice, who was taken to the hospital by his wife, made no at-

School Board Members Are Installed Here

G. C. (Mule) Dowell and Glenn Woody were officially installed as new members of the board of trustees of Lubbock Independent School district last night and Clyde G. Tatum was named chairman of the group in an election of officers. The meeting was conducted at the school business office.

A. C. Jackson, business manager, swore in the two new members after a canvass of the votes in last Saturday's school board election in which Dowell and Woody were named to the two positions.

Hubert L. Allen, retiring member and chairman of the board, presided at the meeting until Tatum was named chairman in the election of new officers. Dr. M. M. Ewing was named vice president of the board and E. J. Parsons was re-elected secretary. Tatum has been vice chairman of the board.

New Field House Planned

Paul Hardwick, other retiring member of the board, was not present at the meeting.

The board voted to accept the recommendations of the building committee that bids be accepted for a new field house at Chapman field. The proposed building would be 100 feet by 150 feet, containing showers, some built-in seats over the shower rooms and other temporary bleachers to provide a seating capacity of about 1,500. Roll-away seats would be installed later to increase the seating capacity of the building.

Money to be received from sale of school land in the Rush addition, previously approved by the board, will be used to finance the new field house in part.

School Physician Discussed

Plans were discussed for employing a school physician on a retainer fee basis, whose duties would consist of giving physical examinations to school athletes and providing emergency treatment for students in the public schools. Dr. M. M. Ewing was named to investigate the situation further and employ the physician under the terms stipulated by the board, his action being subject to the aproval of the board in regular session.

Acting on the recommendation of R. W. Matthews, superintendent of schools, the board approved the appointment of Mrs. Lena Haley Finley as secretary to the principal at Junior High school. Also approved were the apointments of the following persons as teachers in the school system: J. Herbert Priddy, Miss Mary Clare Barnett, Mrs. Laverne P. Rush, Mrs. Mary Belle Gowan, Bert D. Locke, and Mrs. Mary F. Holly.

Committees Named

The board approved the appointment of Fred Taylor as baseball coach for the month of June.

See SCHOOL BOARD Page 11

Anonymous Giver Cuts Church Debt

READING, Pa., April 8 (AP) The debt of the Bethany Lutheran church of West Reading was reduced $5,000 without the pastor or any of the church officials knowing of it.

When an official of the church went to a Reading bank yesterday to pay the interest on the $11,500 indebtedness he found that the prin cipal was only $6,500.

An anonymous giver has paid $5,000 on the debt without saying anything to the pastor, the Rev. Paul J. Kidd, or members of the church.

Big Depression Seen In Offing

LOS ANGELES, April 8. (AP)—The master of the National Grange says the nation is headed for the biggest depression ever.

Addressing a group of insurance men, Albert S. Goss, of Washington, D. C., declared yesterday.

"We are piling up a new abnormal food surplus and as soon as we stop furnishing tremendous credits to Europe we will have another collapse of our economy.

Instead of a depression of the scope of 1929 and thereafter, we will have one so tremendous that it could possibly plunge the world into one of its darkest periods. Communism could flood over the world at that time."

The solution, as Goss sees it: put Europe back on its feet, industrially, as well as agriculturally, and establish stable prices on the world market.

Legion Commander Attacks Congress

CLEBURNE, April 8 (U.P.) — National Commander James F. O'Neill of the American Legion last night attacked congressmen for their "jellyfish" attitude toward universal military training.

"Are we sending mice or men to Congress?" O'Neill wanted to know.

O'Neill said that the House rules committee's laying aside of the UMT bill proves that congressmen are interested only in getting re-elected, not in preserving America.

The national Legion chief, continuing his tour of Texas, urged his listeners to write their congressmen, urging passage of UMT legislation at once.

"Russia," he declared, "fears universal military training more than the atom bomb because she knows it will require men with the know-how to successfully operate such a weapon."

Farm output per man has advanced as rapidly as factory output per [illegible] the United States.

House-To-House Ballot Drive Is Planned By CIO In Texas

AUSTIN, April 8. (AP)—A house-to-house drive for votes is the key point in the Congress of Industrial Organization's Texas political action program this spring and summer.

This plan was announced in the current issue of the CIO News Notes, published here. The publication said that the list of Texas cities and towns where CIO workers are building up a precinct-by-precinct and block-by-block organization "reads like the postal guide of Texas."

Tour Is Conducted

Chairman J. J. Hickman of the Texas state Political Action Committee and Mrs. Pauline Kibbe, the new Texas director of PAC, have just completed a statewide tour in the interests of getting out the vote.

On their itinerary were San Antonio, Waco, Odessa, El Paso, Laredo, lower Rio Grande valley cities, Corpus Christi, Houston, Galveston, Port Arthur, Beaumont, Kilgore, Dallas and points in between.

"From this tour comes one conclusion: our members are busy getting ready for a showdown at the ballot box," they said. "With poll tax payments that broke all records, we have the means to do it."

Three Objectives

The CIO News letter indicated three objectives in getting out the vote: to defeat Texas legislators who voted for anti-labor legislation at the last session, the same for members of Congress, and to assure a big turn-out friendly to labor at precinct conventions.

A record attendance of voters of all sorts is expected at the precinct conventions because of the unusual interest in the May 25 presidential elector convention at Brownwood. Several factions of the Democratic party have let it be known they are putting time, money and work into the task of digging up partisans on a house-to-house basis over Texas.

These precinct conventions will be held May 1. Delegates will be selected at them for the county conventions. They sometimes are bound by instructions, both on candidates and issues, depending on the temper of the local meetings.

The county convention in turn

Treatment Includes Alum Injections

Australian's Cancer Cure Is Denounced As Public Mischief

SYDNEY, Australia, April 8 (AP)—A government committee found today that John Braund's alleged specific cancer cure amounts to an outstanding public mischief.

The committee said that in no case it investigated had the 79-year-old Sydney Layman proved his claim he could cure cancer. They said his cure included injections of alum.

No Comment

Braund's family told newsmen he is busy and is not commenting on the committee's report.

A formal inquiry by a panel of 12 physicians was made after Premier James McGirr of New South Wales ordered an investigation into Braund's claim.

Braund had at one time said he welcomed a committee investigation of his cancer treatment, but later reversed this stand. He said he wanted laymen to make the inquiry, not physicians, saying the latter would be prejudiced.

Report Is Tabled

The committee report was tabled in the New South Wales parliament.

It said Braund's specific cure for cancer was injection of alum under the skin. It said this caused the death of certain tissues and a consequent separation of a slough (dead tissue breaking away) claimed to be the actual cancer.

Braund's claim last January got wide publicity and patients came here from five countries for treatment.

The committee report charged Braund had lulled sufferers into a false sense of security, and prevented them from getting proper treatment at a curable stage of the disease, or at least giving them opportunity to prolong their lives.

Not Surprised

Saturday Braund said in an interview that he was not surprised

See CANCER CURE Page 11

Skyscraper Is Hit By Blast

NEW YORK, April 8. (AP)—A fire and explosion in an Empire State building office suite last night sent flames bursting through 57th floor windows as shattered glass crashed to the street.

Firemen, who brought the blaze under control within 20 minutes, listed the fire and blast tentatively as a suspicious origin and Fire Marshall Thomas P. Brophy began an investigation.

Damage was mostly to one room o an eight-room suite occupied by Ciba States, Ltd., drug manufacturers and dyestuff dealers.

No chemicals were stored in the offices, fire officials said. There was no one in the suite at the time, and a Ciba official could not account for the explosion.

The glass fell around the corner of Fifth avenue and 34th street, site of the 102-story building.

El Paso Sheriff Is New Head Of Group

EL PASO, April 8 (AP) — The new president of the National Sheriffs association is El Paso county Sheriff Allan G. Falby.

He was elected here yesterday at the closing session of the association's annual meeting.

Texas members of the board of governors include Sheriff Steve Guthrie, Dallas, and Sheriff Jess Cariker, Waxahachie.

The association adopted a resolution calling for an amendment to the social security act to include benefits for deputies and employes of the Sheriff's departments.

Government Is The Defendant

(By The Associated Press)

Suits seeking more than $1,000,000 in damages were filed yesterday in Texas, Oklahoma and Missouri against the federal government as outgrowths of the Texas City disaster last April 16.

The suits were filed in Fort Worth, Oklahoma City and St. Louis by widows and children of men killed in the waterfront explosions and by an insurance company.

Others Have Been Filed

Other suits have been filed. The explosion left 512 persons dead or missing, 3,000 injured and hundreds of homes and scores of buildings destroyed or damaged.

The suit filed in Fort Worth listed five widows and the Liberty Mutual Insurance company as plaintiffs. They seek a total of $608,750.

The individual plaintiffs and amounts sought by each include:

Mrs. Francis E. Coffman, Tarrant county, $115,800; Mrs. Estelle D. Hays, Tarrant county, $95,450; Mrs. Eva J. McAdams, Ellis county, $136,500; Mrs. Annie Lee Miller, Mills county, $125,000 and Mrs. Sadie Katherine Spillers, Erath county, $100,000.

The insurance company seeks to recoup $7,200 paid on each claim arising from the death of the five men, all of whom were employed by the Monsanto Chemical company. The company was described as the workmen's compensation insurer.

Negligence Charged

The suit, first filed in Fort Worth as a result of the Texas City tragedy, alleged that the government was negligent and "failed to give such warning and precautions as it had a duty in law to give.

The widows and children of two men killed in the accident filed suit in Oklahoma City asking a total of $284,700 from the government.

The petitions said the government was negligent in the way it allowed ammonium nitrate to be handled on the USS Grandcamp and did not give employes and others working nearby proper warning of the "inherently and imminently dangerous and highly explosive protensities" of the nitrate.

In the joint suit, the Liberty Mutual asked $151,000 for Mrs. Katherine S. McNallen and her children in the death of Jaul J. McNallen, and $133,700 for Mrs. Pearle Gilley in the death of Walter E. Gilley.

The suit in St. Louis was filed by the widow and son of a St. Louis man who was killed in the blasts. It seeks $175,000 in damages. Mrs. Virginia R. Herring and her son, William, alleged that Herring's death was due to negligence

Candidates Busy As Outcome Of Nebraska Vote Is Awaited

WASHINGTON, April 8 (AP) — Politicians sizing up the apparent Dewey shut-out in Wisconsin waited today for Nebraska's popularity primary to bring the Republican presidential race into possibly sharper focus.

The cornhusker state's all-star show next Tuesday marks Gov. Thomas E. Dewey's first test of strength against Ohio Senator Robert A. Taft, who wound up a three-day personal appearance tour last night.

It also provides a new showdown between the New Yorker and Harold E. Stassen, the former Minnesota governor who romped off with the Wisconsin prize.

Drive Starts

Dewey flew into Nebraska last night for a two-day speaking campaign, with Stassen likewise on hand for a final ballot drive.

In all, seven names will appear on the GOP ballot, including those of Gen. Douglas MacArthur, second man in Tuesday's Wisconsin race, and Gov. Earl Warren of California, the fifth avowed aspirant for the nomination.

The two darkhorses are Senator Vandenberg of Michigan and House Speaker Joseph W. Martin, jr., of Massachusetts.

The result of the preferential balloting will not be binding, however, on the 15 national convention delegates to be picked the same day.

Dewey Leads

Although Stassen won at least 19 of the Wisconsin delegates and Dewey had a chance to grab only one of the eight in the MacArthur column, the New Yorker still leads in the national race to date.

He can claim 108 of the 305 delegates picked out of a total of 1,094 to be chosen. Two more Dewey-inclined delegates were named in Oklahoma yesterday, adding to the 10 he got there earlier. New York has given him 90 and New Hampshire 6.

Stassen holds the second spot in the delegate totals with 46, on the basis of 19 in Wisconsin, 25 in Minnesota and two in New Hampshire.

Vandenberg, who has said he does not want the nomination, is third with Michigan's 41. Of the total picked so far, 102 are uninstructed. It takes 548 to nominate.

Taft wound up his Nebraska campaign with reiterated emphasis on the preparedness theme he stressed in most of his 14 barnstorming talks. He told a Fremont audience he wants a powerful Air Force and, while opposed to universal military training, he thinks a temporary return to the draft may be necessary.

Democratic National Chairman J. Howard McGrath took issue with Taft's preparedness stand. Noting that the Ohio Senator has been quoted as saying he knows of no Russian intention for military aggression, McGrath told a Portland, Ore., audience:

"If he knew the facts, he certainly would be advocating rather than opposing such measures of American preparedness as universal military training."

McGrath devoted the major part of his speech to an attack on Henry A. Wallace, the third party candidate. He said Wallace is "talking the same language, with the same reasoning," as Communist Earl Browder.

Wallace meanwhile was telling an Indianapolis audience that Americans "are the victims of a deliberate campaign to create fear." He said the campaign is "designed to win support for policies which would put our economy completely at the mercy of the military and international big business."

The former vice president departed from his text to deny reports that he might quit the race "if certain Democrats were nominated."

"The Democratic party is a war party and will not change its war policy and therefore I am going through," Wallace said.

Method For Paying Teachers Explained

AUSTIN, April 8 (AP)—Here is how Texas rural school teachers get paid through loans from banks, according to Gov. Beauford H. Jester.

Warrants for the salaries of school teachers will be cashed at par, no discount being required and no interest payment being asked of the individual teachers.

The warrants can be presented to the regular banks of the school districts, and wherever local banking institutions do not care to handle them, they can be transmitted to the larger city banks which have formed a pool for that purpose.

Governor Jester said that representatives of the banks will meet in Dallas next week, probably to work out details of the plan.

A deficit in rural aid school funds of some $2,225,000 brought about the plan whereby Texas banks loan money to school districts so that classes can stay open during the regular terms. Loans covering these payments will not require the signature of the teachers, it was said.

Tech ROTC To Hold Retreat Ceremony

As a part of the national observance of Army Week, April 4-10, The Texas Technological college ROTC unit will conduct a retreat ceremony and review from 4:15 to 4:45 p. m. today on the campus just west of the Textile engineering building.

Scrolls will be presented to seven distinguished military students of the unit, and American, European-African-Middle Eastern, and Asiatic Pacific campaign medals will be presented to eligible Army and Air Force personnel on active duty at the ROTC unit, to ROTC students who are World War II veterans and to six World War II veterans residing in Lubbock.

Veterans residing in Lubbock who are scheduled to receive campaign medals include Capt. Roger Kuykendall, USAFR; Lt. Robert L. Mason, USNR; Lt. G. C. (Mule) Dowell, USNR; C. W. O. Joe Haddon, ORC; S/Sgt Jerry Hoover, USMC; and T/Sgt. Billy Joe Mallard, ERC.

The public is invited to view the ceremony, college officials said.

MRS. R. J. WEST GIVES RETONGA FULL CREDIT

Suffered Tortures From Acid Indigestion, Sour Stomach And Headaches, States Well-Known Resident In Discussing Her Own Case

"I did not ever think I would be so fortunate as to find a medicine that would bring me the gratifying relief that Retonga did in such a short time," happily states Mrs. R. J. West, well-known resident of 824 So. 7th St., Waco, Texas, in adding her name to the thousands who praise this famous stomachic medicine.

"During the past few years I have suffered torture from sour stomach and acid indigestion. I felt restless all the time and I could hardly ever get a good night's sleep. I didn't even want to look at food, my appetite was so poor. Everything I ate seemed to turn against me and cause such terrific gas pressure in my stomach I thought it would cut off my breath at times. Splitting headaches as a result of constipation caused me no end of misery.

"The relief Retonga gave me was indeed a happy surprise. I now feel better in so many ways. I sleep good and my appetite surprises even me. I no longer take strong laxatives to relieve sluggish bowels, any my headaches have been relieved along with sour stomach and acid indigestion. After what Retonga has done for me it will be a real pleasure to recommend this grand medicine to anyone."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at Mark Halsey Drug Stores and all other good drug stores. Adv.

U.S. Asks More Oil From Latin America To Overcome Shortage

By LESLIE HIGHLEY
Associated Press Staff Writer

BOGOTA, Colombia, April 8. (AP)—The United States, officials said today, wants more oil from Latin America to help overcome a critical shortage.

She is interested in reaching a sound economic agreement in the current ninth Pan American conference here in an effort to make Latin America one of her leading petroleum suppliers, they said.

The U. S. now depends heavily upon Middle Eastern countries for oil. Informants said, however, that political difficulties in that area and the lack of economical transportation facilities work against boosting Middle East production.

Ask Exploration

The U. S. Government was reported to have advised Latin America of this situation and asked that exploration be made for new petroleum sources.

Mexico, Venezuela and Colombia now are the leading Latin American oil producers. U. S. officials believe other American republics offer good possibilities.

Several countries are willing to go ahead with new explorations. But they lack materials and equipment to drill new wells. The oil shortage is complicated by a steel shortage.

Machinery Needed

The Mexican government has informed the U. S. that if mechinery is made available, the oil output there will be raised considerably. Argentina is in the same boat.

Oil is said to be in the minds of many U. S. officials when they insist that Latin American countries open their doors to foreign capital.

Enrique V. Corominas of Argentina told the conference yesterday, "America can no longer tolerate European hands in control of territory belonging to all of us."

Wants Amendment

He backed up a Guatemalan proposal that certain European colbe eliminated. He called for an

T. C. Root To Speak At Banking Meeting

T. C. Root, assistant to the president at Texas Technological college, will deliver an address at a Southwestern Bankers meeting which opens in El Paso today and continues through Saturday. Root will speak on "The Bank of the Future."

Among the group of prominent financial and business leaders that will appear on the program will be John W. Snyder, Secretary of the Treasury of the United States.

At a business meeting presided over by William R. Sewell, president of the South Plains Bankers association, old and new business, election of officers and the selection of a 1949 meeting place will be discussed.

be eliminated. He calle dfor an amendment to include the Falkland islands and Antarctic areas. Enrique Bernstein of Chile endorsed Corominas' idea.

Argentina claims the Falklands. Argentine, Chile and Britain dispute territory south of the islands running down into Antarctica. The two South American countries have taken steps to settle their quarrel. Britain has proposed a world court test.

American Food, Military Supplies Make Greek Army One Of Best Fed, Equipped

ATHENS, April 8 (AP)—American food is making the Greek soldier one of the best fed fighting men in the world.

Each soldier receives a ration of 3,800 calories daily from the American aid program and this is supplemented by supplies from own government.

Everything that keeps the Greek army functioning is also supplied by the United States. Guns, ammunition, transport, pack animals, forage, uniform and communications facilities are provided under the estimated $175,000,000 expenditure. Of this $80,000,000 is devoted to purely quartermaster supplies. The remaining $95,000,000 goes into items that provide firepower.

The best American mountain winter warefare clothing has been provided. Skin, ski boots, parkas and waterproof clothing make the winter fighting as well equipped as American mountain soldiers during the war.

Greek commando units already have been supplied with the American Army combat boots. Thousands more pairs are on order for field and mountain units in forward areas.

Hundreds of jeeps, command cars and trucks have increased the mobility of the army.

Similar allocations of food, arms and other equipment have been made to the navy and air force.

Senate Orders Study Of Veteran Charters

WASHINGTON, April 8 (AP) — The Senate ordered further study today of bills to grant federal charters to Catholic, Jewish and French-American veterans organizations.

Yielding to opposition insistence that such "segregation" action might impair national unity, the Senate voted yesterday to send the legislation back to the judiciary committee.

Congressional charters carry no rights, but some states limit veterans benefit programs to groups having such approval.

ARE YOU A REGULAR PERSON?

Do you keep fit; enjoy your food; are your bowels regular? Thousands of people have found the answer in an amazing tonic that has brought them health and happiness. This medicine, called Mertox Compound, goes to work quickly to create a more rhythmic bowel action. Expels gas and bloat so that you have a real zest for food.

Hundreds of Texas people have endorsed this great compound, containing 25 excellent herbs and other medicinal ingredients, for stomach ailments, kidney conditions, rheumatic pain and many other symptoms.

Just go to your druggist today and ask for Mertox Compound at the new REDUCED price. Perhaps you too will find the relief Mrs. E. E. Hamlin of Dallas did, who wrote us as follows:

"I have been in a weak, rundown condition for some time. Was very nervous; no energy; had dizzy spells and severe backaches all the time.

"I was greatly surprised at the quick action of Mertox, for after the first two doses, I had the best night's sleep I had in several months.

"I now feel like a different person and am free of all my ailments. Where housework used to be a task, it is now a pleasure."

Buy Mertox from your druggist at the new REDUCED price. Send post card to The Fernak Co., 4815 Bryan, Dallas 4, Texas, for free booklet, "BETTER HEALTH," and PROOF of what Mertox is doing for sick people.

Stassen Now Top Contender In Race After Wisconsin Victory

MILWAUKEE, April 8 (AP) — Harold E. Stassen has established himself among the Republican party's top presidential contenders by virtue of his sweep in Tuesday's Wisconsin primary.

With almost all of the state's precincts counted, the former Minnesota governor apparently landed 10 of Wisconsin's 27 national Republican convention delegates.

Gen. Douglas MacArthur picked up the remaining eight and it looked as though New York's governor, Thomas E. Dewey, was completely out in the cold without a delegate vote.

There remained, however, one outside chance that Dewey might pick up one delegate—in the hotly-contested fifth district race in southern Milwaukee county.

With 295 of 305 precincts reporting there, the MacArthur man led with 27,586 votes. The Stassen candidate was second with 26,038 and Dewey's man, State Senator Bernard Gettelman, trailed slightly with 25,655.

Stassen swept Wisconsin's seven delegates at large and won two delegates each in the first, second, third, and ninth district. Two Stassen men led in the tenth, where 346 out of 403 precincts reported, and Stassen men were running second in the fifth and seventh.

Two MacArthur delegates were elected in each of the fourth, sixth and eighth districts and MacArthur candidates led in the fifth and seventh district races.

Dewey's finish was a complete turnback from primaries of four and eight years ago in which he carried off major portions of the delegate vote. Four years ago, when he did not campaign and had asked friends not to put his name on the ballot, he walked off with the entire Wisconsin delegation, blanking Wendell Willkie. Willkie withdrew from the race as a result of this defeat.

To Make No Change

But Dewey sources say this year's Wisconsin defeat will make no change in the governor's plans. He begins a two-day campaign in Nebraska today, where he is entered in next Tuesday's presidential preferential primary.

On the way to Nebraska, newsmen opened an envelope sealed by Dewey three days before the Wisconsin primary. It contained his prediction for that election. His forecast on the distribution of Wisconsin delegates was: MacArthur 19, Stassen six and Dewey two.

Stassen and MacArthur also are entered in the Nebraska contest, along with four other Republican hopefuls.

Stassen returned to Minneapolis after the Wisconsin election and will enter Nebraska this week for more of the stumping credited with his Wisconsin success.

MacArthur backers were disappointed over the general's showing in the state he calls his home, but they also announced the result would not change their campaign plans.

Food Arrives In Holy City

JERUSALEM, April 8. (AP)—A convoy of about 50 trucks, the second in three days, arrived today with food for Jerusalem's 100,000 Jews.

The Jewish militia, Haganah, brought the convoy through from coastal plain settlements to Jewish sections of the Holy City. Units went ahead of the trucks to clear the road of any newly placed Arab mines or roadblocks.

First In 10 Days

The previous convoy, which reached Jerusalem Tuesday, was the first big shipment of food for the Jews to be brought into the city in 10 days.

Jewish sources said the Arab-Jewish battle for Kastel village, five miles west of Jerusalem, reached the stage of hand-to-hand fighting several times yesterday, but the area was reported quiet last night.

Arabs had used the village stronghold for attacks on Jewish convoys moving from Tel Aviv toward Jerusalem.

Haganah occupied it last Saturday and, despite strong Arab counterattacks, still held it last night.

Ultimatum Is Sent

Fawzi Bey Al Kaukji, commander of the Arab volunteer army, told a correspondent last night in his northern Palestine headquarters:

"I am sending this ultimatum to the Jews: Surrender or we wipe you out."

He did not say how he would send it.

He said if the Jews accept surrender terms—give up Zionism and cease fire—he is prepared to open "security camps" to protect them from any attacks from Arab villagers "and from Haganah."

"I will let them keep their arms," he said.

In Tel Aviv, Dr. Emanuel Neumann, American Zionist leader, said yesterday the United States proposal for a Palestine trusteeship is in some ways worse than the 1939 British white paper limiting Jewish immigration into the Holy Land.

Protection For Arabs

Speaking before the Zionist general council, he said the proposal in effect is for "an Arab state in Palestine under international protection, with the implication there should never arise a Jewish state . . ."

In the British House of Lords, the Archbishop of York said last night the U. S. should see that troops are sent, "if necessary a force of Americans, to save Jerusalem from destruction."

This plea by the Most Rev. Dr. Cyril F. Garbett came a little before the Lords gave second-reading approval to a bill setting out details for the withdrawal of British troops from Palestine.

Britain is to give up her mandate over Palestine May 15 and get her troops out by Aug. 1.

European red ants attack other species of ants and carry off the workers as slaves.

Tender, Aching, Perspiring Feet

Amazing Relief in 5 Minutes Satisfaction or Money Back

Don't worry about how long you've been troubled or how many other preparations you have tried. Moone's Emerald Oil will help your painful aching feet and help keep them free from corn and callous troubles that you'll be able to go anywhere and do anything in absolute foot comfort.

So dependable is Moone's Emerald Oil that thousands of bottles are sold every year. Mark Halsey Drug Co. sells lots of it. Adv.

Railroads Asked To Remove Rate Hikes

HARLINGEN, April 8. (AP)—Two railroad companies today studied the request of valley citru leaders to wipe out a 33-cent per hundred pound rate increase that has been in effect since October 1947.

The request was made yesterday at a conference of members of the Texas Citrus avdisory council with Paul J. Neff, president of the Missouri Pacific, and A. E. Craft of the Southern Pacific.

Citrus representatives said that the increase has amounted to about $6.25 a ton on all citrus. They argued that amounted to more than growers hed received for their fruit at various times during the season.

$2,500 A YEAR

Trained secretaries now earn from $2000 to $2500. Urgent demand for graduates at $1600 to $1800. Day & night. Bulletin 5 free.

* * *

THE quiet, but large vote which gave W. H. (Bill) Rodgers a 400-ballot margin of victory over Mayor Clarence Bestwick here Tuesday caught numerous of our citizens with their rompers trailing—including both The Plainsman and members of Mr. Rodgers' small, but efficient working organization.

Our own miscalculation of the size of the "throw the rascals out" vote made a monkey out of us on Monday afternoon. We not only missed a guess on who'd be elected—by taking the mayor on a 3-to-2 margin. We also underestimated the size of the vote by 1,500, or approximately 60 per cent.

But while we were missing the target by a country mile, leaders of the Rodgers camp were missing it, too.

If Mr. Rodgers' aides had correctly estimated the temper of the electorate they would have carried out original plans to put an entire ticket in the field. If they had done so, it is entirely possible that City Hall control would be in new hands today, for it was widely known that the same group which was backing Mr. Bestwick also brought Clarence Whiteside and E. K. Hufstedler, jr., successful commission candidates, into the race. It was further known, too, that holdover Commissioners W. B. Price and John Spikes were elected on the Bestwick ticket two years ago.

* * *

Defeat of Mr. Bestwick, who has worked hard at the mayor's job and who has made a good mayor under trying circumstances, should serve as a beacon light to incoming Mayor Rodgers and the members of the City commission.

Action of the voters should impress the official family with the desire of the people for action on extension of utility lines and various of the other improvements voted previously in special bond elections. The vote is indicative, too, of general irritation over minor things such as need for better traffic controls and placing of stop-signs; better police service in the face of waves of burglary; a start on extension of street lights, etc.

* * *

THERE is no reason in the world why Mr. Rodgers cannot or will not make a good mayor. He has had long and valuable experience in the city organization. As was said in this column, in these very words, when Mr. Rodgers went out as city manager nearly six years ago: "He has been a very satisfactory city manager and we wish him well."

His greatest handicap as mayor is not likely to come from the other four members of the commission, but, instead, from some of his supporters who may expect too much of him.

This, all hands need to remember:

Lubbock is growing and expanding by leaps and bounds. The city is committeed to a large and costly—and, for the most part, highly essential—improvement program. This program cannot be carried on without the expenditure of large sums of money—which means there isn't a Chinaman's chance of Lubbock's going back on the depression-day 50 cent tax rate rate and getting the improvements, too.

Those who claimed in the election campaign that we can have our tax pie and eat it, too, were wrong. Mr. Rodgers, out of his own experience, will tell you that can't be done.

* * *

Having watched city elections come and go—even control of City hall change—from time to time over a quarter century, we anticipate that the City of Lubbock will go right along as it always has in nearly all instances in the past.

The truth is, changes in commission personnel rarely have greatly changed the picture in the vicinity of Tenth and Texas, nor do we expect to see any great departures from normal any time soon.

As a citizen, we hope for Mr. Rodgers and the entire commission a pleasant and successful tenure. At the same time, we appreciate Mr. Bestwick's efforts over the past two years and for him, this bit of solace in defeat:

"As one who also has taken a shellacking after working hard at a difficult and often dismaying public job, let us admonish you to relax! In 30 days, or even less, you'll be tickled plumb to death to be out from under a lot of trouble and worry!"

* * *

MAYBE the management isn't "in the know." Maybe it is. But, anyway, one widely known hotel in a Texas major city is getting a lot of bad advertising—and deserves it—in connection with racketeering on room reservations.

This particular hotel, frequented by many West Texans when in the downstate city where the hostelry is located, rarely ever will accept a written request for recervations directed to it in advances. But if the would-be patron knows somebody in a certain big business concern located in the same city as the hotel, he can always get reservations through the business concern—providing, of course, he is "in good" with the business concern.

* * *

Here's the way the deal works:

This business concern has one or more or the hotel's desk clerks on a retainer.

In return for the money slipped him by the business concern—and it's slipped to him at regular intervals—the clerk "holds back" rooms for the business concern. Customers of the latter organization then are "taken care of."

The practice, now that news of it has "leaked out," isn't doing the hotel any good. One of these days, when conditions get back to normal, that hotel is going to suffer loss of lots of patronage.

* * *

WE happen to know that the above story is true. But there's still another story about the same hotel that we aren't sure of—but are willing to bet is true, because if one racket is running in a hostelry, it's pretty likely that another is, too.

According to the second story, a man without any reservation at all can go into that hotel at any hour of the day or night and get a room—by "paying off" a desk clerk. In other words, a room can be gotten IF a bribe is paid.

If any reader happens to have a friend who owns or manages a large, down-state hotel, he'd better send a clipping of these paragraphs to the owner or manager. Then the latter may check up on his help and general conditions in his hotel.

Maybe these conditions prevail in hotels other than the one we happen to know about!

* * *

Times do change.

The oldfashioned man who wouldn't take his coat off in the presence of a lady now has a daughter who runs all over town with her bare midriff exposed!

* * *

That Man on Avenue Q says it's too bad, all right, but in the School of Experience attendance is compulsory.

* * *

You can always tell a highly civilized country. It is the one whose scientists are so well educated that they can concoct weapons which, if used, could wipe out all the rest of the world!

* * *

A sage bit of philosophy from L. E. (Jack) Davis: "I would rather have my health, and the respect of my friends and neighbors than anything else in the world. If a man has those two things, there's not much else he needs."

BY DREW PEARSON: AMERICAN PEOPLE AGAIN PITCH IN TO FURTHER WORLD PEACE

John L. Lewis Would Have Enjoyed Cabinet Debate

WASHINGTON—John L. Lewis would have got a Falstaffian chuckle out of the big cabinet session to consider what the government should do about him. Cabinet advisers had a hard time deciding how the mine strike could be solved.

One group of advisers wanted to bargain with Lewis before slapping an injunction on him. They were: Press Secretary Charles Ross, administrative assistant John R. Steelman, Secretary of the Interior Krug, who tangled with Lewis last year, and federal Conciliator Cyrus Ching, former head of the U. S. Rubber company, whom Lewis had bitterly denounced a few days before.

PEARSON

Attorney General Tom Clark then explained the legal aspects of the Taft-Hartley act, advising that the government could get an immediate injunction against the strikers. But, he warned, the injunction was sure to be appealed, which would result in a long, drawn-out proceeding.

"What's the country going to use for coal while this is being fought out in the courts?" he asked.

After considerable debate, Secretary Krug finally veered round to using the injunction right away.

"If we're going to crack down, and that seems to be the only solution, let's do it quick and crack down hard," argued Krug.

The Interior secretary reminded Truman that the country had only 16 days' supply of coal left.

* * *

Opposite Advice

Presidential adviser Clark Clifford, however, contended that the "dramatic" thing to do would be to let the strike proceed for a time. While others at the secret meeting listened in amazement, the young brain-truster advised Truman that if a real crisis developed from a coal shortage, Lewis would be easier to lick in the courts.

This contribution evoked no favorable response. Clifford then added that, in his opinion, Truman couldn't "lose" in a court fight with Lewis regardless of how quick the government moved. If an injunction were granted and upheld through appeals, he argued, the President would gain prestige by putting Lewis in his place.

On the other hand, Clifford continued, if the courts ruled for Lewis, the Administration could point to the "inadequacy" of the Taft-Hartley law.

At this point, the President became quite irritated.

"Oh, forget about me," he broke in. "Let's talk about what's good for the country. This is a serious matter. With coal supplies running short, we can't let this strike go on indefinitely. We'll have to do the best we can under the powers Congress has given us. However, before making any decision. I want to give further study to the report of the fact-finding board that has been studying the issues involved here."

With that, Truman abruptly adjourned the meeting.

* * *

THE American people, if given half a chance, certainly pitch in to work at the democratic principles they believe in.

Last week, this column suggested the idea of reaching people behind the Iron Curtain and on the edge of the Iron Curtain with radio broadcasts aimed to make the Russian and Italian people think about a democratic peace and friendship with the USA; also that wrist watches plus other things European people covet be offered as prizes for the best letters on how to ensure a democratic peace in Europe.

After all, the Russians upon entering Berlin bought up wrist watches by the bushel. And if we could show them what our western world produces while simultaneously getting them to think about a democratic peace and friendship with the USA, then perhaps we could dent the Iron Curtain.

Biggest reason for the Iron Curtain, of course, is to prevent the Russian people from knowing how well off the rest of the world is.

Following publication of this column, I was deluged with telegrams from patriotic Americans offering wrist watches and other things coveted in Europe, as prizes for such a radio contest in Italy—where elections are so imminent—and later beamed to Russia.

Helbros offered 100 wrist watches. So did Ingersoll and Harmon. The Muskogee, Okla., broadcasting company wired in that they would dig up 100. The Kruger jewelry company in Austin, Texas. and Martin Gruenborn in Seattle also volunteered, together with offers of 100 Emerson radios, 100 Wings shirts, 100 Clippercraft suits, 100 Lee hats, 100 pairs of Endicott-Johnson shoes, and one Allis-Chalmers tractor for Italy, not Russia. (Sending a tractor to Russia would only play into the hands of the Soviet-run farms).

Many of these people didn't even want their names mentioned. Their generosity illustrates the way the American public is anxious to pitch in and help on foreign policy today — especially when it's on a people-to-people basis.

As a result of all this, short-wave broadcasts are starting first to the Italian people. If even a fraction of them are made to think a little more about peace and democracy, it will be worth the effort.

Judges of the Italian contest will be: Justice Ferdinand Pecora of the New York supreme court, Vincent Impellitteri, president of the New York city council, and Mayor Thomas D'Alesandro of Baltimore. Further details of the contest on Italian democracy will be made public as it progresses.

* * *

Harllee Branch's Record

Few government servants can serve their country during any length of time without arousing some criticism. If they don't, either they lack courage or hold unimportant positons.

The other day this column reported some critical facts about an old friend, Harllee Branch of the Civil Aeronautics board, regarding his son's position with the law firm for Eastern airlines at a time when Mr. Branch was deciding highly controversial cases in favor of Eastern.

While the facts were true, it is also true that the usual interpretation based on a set of facts does not always follow. Senator Barkley of Kentucky, for instance, was embarrassed by the fact that his son was employed by the Garsson brothers, now involved in a war-contract scandal; yet I am sure his son's employment never affected the Senator's votes.

And while Harllee Branch would have been wiser had he persuaded his son to join another law firm, nevertheless, this column, having paid tribute to Branch's abilities many times over the years, still believes in his integrity.

In The Driver's Seat

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

"EVERYTHING wrong with the pattern of my marriage is a result of mistakes I made in the first year or two. If I could only go back and start over, but, of course, it's too late now," complains a wife of 10 years.

MILLETT

But she is wrong in that last statement. A woman can change the pattern of her marriage any time. And a really wise woman is forever changing it.

No young and inexperienced wife knows enough in her first year of marriage to establish a permanent way of living.

She is bound to make plenty of mistakes. But every year of living ought to show her what those mistakes are, and little by little she should gain the insight to enable her to correct them.

The secret of how to do that, of course, is that a woman must change herself instead of trying to change her husband.

* * *

MUST BE CONSISTENT

IF she succeeds in changing her own actions in a situation that doesn't suit her and is consistent in playing her new role, her husband is bound to change in his own attitude and reactions.

Take as an example the woman who is a "whatever-you-say-dear" kind of wife, catering to her husband's every wish.

All she has to do to change the pattern is to change herself. This holds true in other situations. To change an unsatisfactory marriage pattern a wife changes herself—and the pattern takes on a new shape.

TWINS TEAM UP

PIPESTONE, Minn. (U.P.) — Attendants at commencement exercises in Pipestone high school will see and hear double when the valedictory address is given. James and Thomas Cook, 17-year-old twins with "A-plus" averages, have been selected as co-valedictorians.

Today's Thought

Wisdom is good with an inheritance: and by it there is profit to them that see the sun.—Ecclesiastes 7:11.

* * *

Wisdom sits alone, top-most in heaven: she is its light, its God; and in the heart of man she sits as his, though groveling minds forget her oftentimes, seeing but this world's idols.—N. P. Willis.

Journal Jabs

IF MAN is the highly adaptable adaptable creature he is reputed to be, why doesn't he adapt himself to living satisfactorily under conditions of confusion and near-chaos?

* * *

"If you want to ascertain whether or not a person's brain is flabby, feel his or her legs," advises a physician. Say, what are trying to do, Doc—drum up trade for the hospitals?

* * *

There's always a bright side. The Canadian with the upside-down stomach gets a proper world perspective while standing on his head to digest his meals.

Initial success has been achieved in solving the problem of the back-seat driver. A plane has been made that flies faster than the speed of sound.

* * *

On the basis of value received, probably the most highly inflated dollar is the one the taxpayer has to fork over.

By Bennett Cerf

"Try And Stop Me"

EX-GOVERNOR HORNER of Illinois told this story to Lloyd Lewis: "When I was a boy, my grandfather told me that if I was to be invited to nice places, I mustn't crumple crackers in my soup. So I didn't, but I never had soup without wanting to—bad.

"Then came a time when President Roosevelt had six midwestern governors to luncheon at the White House, and there was the soup, and there were the crackers, which I ate one by one as my grandpa would have wished. Suddenly there came a sound that froze me—the sound of crumpling crackers, splashing lightly into soup. From the corner of my eye, I saw the President of the United States, scion of the bluest blood in America, crackling crackers into his soup with aristocratic assurance.

"I dropped whatever conversation I was making, seized my crackers with both hands, snowed them into my soup, and damned my dear grandfather for fifty wasted years."

(Copyright, 1948, Bennett Cerf.)

THE PLAINSMAN'S MAIL

Readers Discuss Matters Of Public Interest In Lubbock

PARKING METERS

Dear Plainsman: Since the City of Lubbock seems addicted to parking meters—and will probably eventually have them from Monroe to Woodrow and across town in other directions—let's suggest that they make them as little trouble as possible.

I am not saying the meters are not good for the city, though what goes with the parking places they make available I don't know. Here is my suggestion: Since the city is constantly installing new meters, why not buy the new one cent or nickel meters? Lamesa has installed meters now which allows from one to five pennies to be put in at one time, for parking from 12 to 60 mintes, graduated in 12 minute periods. Or you can put in five pennies and one nickel or two nickels for two hours.

I have (and I'll wager many others) very often found a parking place, after more or less driving, fished out my change only to find that I have change of every denomination except the nickel.

If we must have the things, why not make them as "un-obnoxious" as possible?

F. W. Covey,
Monroe.

OFFICE BUILDING

Dear Plainsman: I have wondered why someone doesn't erect a building in Lubbock on the order of the Nix Professional building in San Antonio. It has office space, a hospital, car storage and a drug store. Lubbock could use a cafeteria as well.

The office space problem of doctors, dentists and other professional people would be solved. The hospital would help out in our present shortage of hospital space. The storage garage would serve our parking needs. The drug store, or pharmacy, would supply the needs of the hospital and the doctor's patients. The cafeteria would provide a convenient place for meals. Since the hospital is located several stories up in the building, traffic noises are eliminated; so the building could be erected in the business section.

As for building costs, why can't the building be erected according to a plan that would care for present needs and allow for the addition of several stories when building costs are lower?

You have probably thought of such a building; but since I have never heard or read of anyone having the same idea, I wanted to pass it along so that someone could improve on it and persuade the right people that Lubbock is ready for that new building.

Very truly yours,
Mrs. Robert S. Bryant,
1308 Thirty-second.

HOUSING PROBLEM

Dear Plainsman: In regard to this housing shortage, where were all the people living before the war? There has been more homes built than we had built in that same period before the war. I would really like to know just for the information.

Sincerely,
Mrs. M. L. Sullivan,
Lamesa.

Dear Mrs. Sullivan: I'd like to know, too!—The Plainsman.

Need For Rain Said Critical

AUSTIN, April 8 (U.P.) — Drouth conditions already are becoming "rather critical" in some areas of the state, the U. S. department of Agriculture reported today.

The worst areas were listed as south-central, southern and western counties, including southern counties of the high and low rolling plains areas.

Surface Soils Dry

Surface soils said the crop reporting service, were becoming too dry for "best progress" of growing crops and planting operations in a "large part" of the state.

Southeastern and coastal bend counties were the main exceptions, said the department report.

High winds cut into surface moisture and some damage was listed from sand storms.

Wheat made fair to good progress this week, the Department of Agriculture said, but rains were needed in most counties of the northwest wheat belt, where there had been some dust and wind damage.

The department reported a "considerable" acreage of winter-killed oats in Central Texas counties had been plowed out, and rains were needed to mature the remaining crop. South Texas flax also "badly" needed rain.

Planting was almost complete in corn areas, but the need for rain was felt in west and southwest counties.

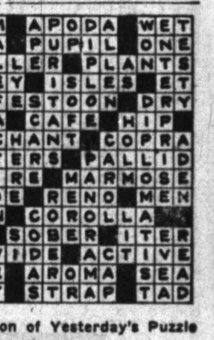

Seeding and transplanting of commercial vegetables was active during the week, especially in Falfurrias and Yoakum tomato fields.

Range and pasture feed growth, the Department of Agriculture said, was slowed down due to high dry winds, but new grass was making good growth in most coastal and eastern counties.

Today's Journal Editorial

LET'S GET INTO HIGH GEAR!

Most Americans doubtless concur whole-heartedly with the President's expressed view that the relief provided for Europe through Congressional enactment should be made available as speedily as possible.

Speed has been urged as the essence of effective relief from the moment Secretary Marshall first proposed his plan. Congress was urged to complete its enactment of the necessary legislation by April 1, with repeated warnings that delay might defeat the whole effort. To the credit of Congress, it complied, substantially, with that schedule.

It is increedible and intolerable that the provision of the actual relief now should be held up for any reason—whether due to disputes over who shall do the administering or for any other.

The assistance cannot do any good until it actually gets into the hands of those who need assisting—who need strengthening in their resistance to the advances of communism.

Anyone responsible for unnecessary delays in carrying out that purpose is risking the peace and security, not alone of this nation, but of the entire democratic world.

DIPPY — By John Cross

LEGAL NOTICE
In accordence with Chapter 3, Title 4 of the Revised Civil Statutes of Texas, as amended by the 41st Legislature, the Governor of the State of Texas has appointed a Pink Bollworm Commission, which will meet at the City Courtroom at Lubbock, Texas, on Thursday, April 22, 1948 at 10:00 A. M. for the purpose of receiving information from all interested parties which will enable them to make appropriate recommendations to the Governor of the State of Texas for the adoption of necessary measures to combat this dangerous cotton insect pest.
The following counties are involved in the meeting: Lamb, Hale, Floyd, Motley, Lubbock, Crosby, Dickens, Lynn, Garza, Reagan.
J. E. McDONALD
Ex-Offico Secretary

REVOLUTIONARY PHONOGRAPH PLAYS RECORDS VERTICALLY—With the claim that it will completely revolutionize the playing of recorded music, the newly developed phonograph pictured above was recently unveiled in Cleveland, Ohio. Its most novel feature is that records are played in a vertical position. They are never turned or dropped. In addition, it holds 200 selections ready for instant playing and will automatically find any record in the library, play either one or both sides and return it to storage without anyone's touching any of the recordings, pick-up arm or mechanism. The machine furnishes more than 14 hours of continuous music without ever repeating a single selection. A timer starts it playing at any time desired and ends the program at a predetermined time.

School Board

(Continued From Page One)

The American Legion, co-sponsor of the baseball team, will employ a coach for the month of July.

Final action at the meeting was the appointment by Tatum of the various committees for the coming year. W. H. Evans, E. J. Parsons and Glenn Woody were named on the building committee. Teachers committee members are H. Hamilton, M. M. Ewing and G. C. Dowell. Members of the athletic committee are Parsons, Dowell and Woody.

Members present at the meeting were Tatum, Ewing, Hamilton, Parsons, Woody and Dowell. W. H. Evans was absent.

Penicillin In Eyes Of New-Born Infants Is Considered To Replace Silver Nitrate

WASHINGTON, April 8. (AP)—The use of penicillin instead of silver nitrate to prevent blindness in new-born infants is being studied by the public health service.

Most states require that attending physicians drop a mild solution of silver nitrate in a baby's eyes to kill germs which might have been picked up by the infant in the birth canal.

May Be Safer

Dr. Joseph S. Spoto, senior surgeon in the venereal disease division of the health service, relates that preliminary studies in the use of penicillin as a possibly safer and more effective substance have shown "encouraging" results.

The penicillin, he wrote Rep. Huber (D-Ohio), can be used either in eye drops, as silver nitrate is applied, or by treating the mother with the drug several days before birth of the child.

Huber asked Spoto for information on the silver nitrate treatment after a resident of his Akron district had queried him.

Spoto said no final conclusions leading to abandonment of the silver nitrate treatment can be made pending more thorough studies.

Nitrate Has Drawbacks

He said experiments with penicillin began shortly after the drug's discovery and use to treat gonorrhea and other diseases.

He added that while the widespread use of the silver nitrate treatment has resulted in a great reduction in infant blindness, it has some drawbacks.

There have been some instances, he said, where blindness was "apparently caused by a too strong solution" and others where the solution failed to destroy the germs which can cause blindness."

One quart of milk weighs 2.15 pounds. To make one pound of butter 9.77 quarts of milk are required. One pound of cheese requires 4.56 quarts of milk.
