Court House at
Canadian to
Get Remodeling

CANADIAN (Spl) — The remodeling of Canadian's Court House will get under way here in a few weeks. The contract was awarded to Glenn Morgan of Booker, who submitted the lowest bid. His bid was \$105,007. The architects, Rittenberry and Rittenberry of Amarillo, have informed County Judge Sanford Cole that bond has been made by the contractor and that the contracts are ready to be signed.

The ASCS moved their office to the old Ranch House cafe building on the highway last Wednesday and the Soil Conservation office moved this Monday morning to temporary quarters in the Chamber of Commerce building on Main Street.

The ground floor of the Moody Hotel has been leased from Mrs. Carl Freeman and the offices of the elected county officials will be moved there sometime during the first part of next month.

The contract calls for extensive repairs and remodeling to the inside of the court house and will probably take six months.

Boneless Young Turkey Adds Variety to Holiday Meals

A boneless young turkey roast brings new menu variety to fall or holiday meals. Accompanied by a molded relish salad the turkey roast is especially fine for buffet service during the holidays. The boneless turkey roast will be most welcome by the host because it requires no carving, only slicing to serve.

Simple directions for roasting or oven roasting are on the wrapper of the frozen turkey roast. The roast may be cooked without pre-thawing or thawed in the original wrap on a tray in the refrigerator. Since refrigerator thawing takes 2 to 3 days, most people will prefer to begin the roasting from the frozen state.

Martha Logan recommends that the turkey roast be cooked in a covered roasting pan with a little moisture added. The 4 to 6 pound frozen roast will take 2 1/2 to 3 1/2 hours. The roast is brought to an internal temperature of 180 to 185 degrees on a roast meat thermometer in a 350 degree oven.

For those who want turkey with stuffing, a foil poke of old-fashioned bread, cornbread, or sausage stuffing can be baked in the oven right along with the turkey roast. And of course, no turkey menu is complete without cranberries. That's why the glistening molded relish salad contains a package of frozen cranberry relish.

MOLDED RELISH SALAD
(Yield: 10 to 12 servings)

FIRST LAYER:
3 ounce package strawberry gelatin
1 cup boiling water
10 1/4 ounce package frozen cranberry relish
2 to 3 tablespoons lemon juice
2 teaspoons grated orange rind

Dash of salt

SECOND LAYER:
3 ounce package lemon gelatin
1 1/4 cups boiling water
2 cups miniature marshmallows
13 1/2 ounce can crushed pineapple
3 ounce package cream cheese
1/2 cup dairy sour cream

Dash of salt
1/2 cup chopped nuts
1/2 cup whipping cream

FIRST LAYER: Dissolve strawberry gelatin in boiling water. Add cranberry relish, lemon juice, orange rind, and salt. Pour into 1 1/2 quart ring mold which has been lightly greased. Chill until set.

SECOND LAYER: Dissolve lemon gelatin in boiling water. Add marshmallows and stir until melted. Drain pineapple, reserving syrup. Add syrup from pineapple to gelatin. Chill until partially set. Blend in cream.

TENDER CARE
LOS ANGELES (UPI) — That head of iceberg lettuce on the produce counter every day of the year is hand picked and trimmed.

The Western Growers Association here reports that it requires 13 minutes for one man to pack a carton with two dozen heads.

Crispy Hot Farina Burgers Make Speedy, Unusual Breakfast Treat

Vary your usual breakfast pattern these fine October mornings by occasionally transforming the expected bowl of hot cereal into golden brown Farina Burgers.

To turn out this pleasant surprise rapidly on a busy day, prepare a batch of cereal a day ahead. Chill it overnight in an empty vegetable can.

Next morning cut the farina into slices, dip it in egg mixture, then fry till crisp and topped with brown syrup and jam toppings are good accompaniments.

These Farina Burgers are just one speedy way to increase breakfast appeal this month — the 14th Anniversary of Better Breakfast Month — when eating habits are being re-established for school and work days ahead. Research at the State University of Iowa has demonstrated that a basic cereal and milk breakfast is a good way to help your family maintain energy and do better work at school or office during the late morning hours.

FARINA BURGERS
2 1/2 cups water
1/2 teaspoon salt
1/2 cup farina, plain or malt flavored
1 egg
1 tablespoon milk
3 tablespoons butter or margarine

Bring water to a rapid boil; add salt. Pour farina into boiling water slowly, stirring constantly. Keep stirring and let cook 1 minute. Pour into one well-oiled 1 pound-6 ounce can.

RETIRING TYPES
WASHINGTON (UPI) — Nationwide, there are about 450,000 inactive nurses, according to estimates by the U.S. Department of Health, Education and Welfare.

CLASSIFIED ADS GET RESULTS

Yummy 'N' Yammy
NEW YORK (UPI) — Yams and fresh pears blend together in this good casserole:
Cook, peel and mash 6 medium Louisiana yams. Stir in 1/4 cup melted butter or margarine and 1/4 teaspoon nutmeg. Turn into greased 1-quart casserole. Pare and core 1 pear; cut into wedges; place on top of yam mixture. Sprinkle with 1 tablespoon lemon juice and 1 tablespoon brown sugar. Bake in 350 degree (moderate) oven 30 minutes or until pear is tender. Serves six.

New Way to Pop Corn Successfully

Now you can read the paper, watch TV, or entertain guests... and be popping up heaping bowls of pop corn at the same time.

The secret is a wonderful, new, fully automatic popper being offered as a premium by one of the nation's largest selling brands of pop corn.

It makes popping corn simple, quick — and fool-proof, providing, of course, you start with good quality pop corn.

All you have to do is put in the pop corn and cooking oil, cover it... and forget it. The popper does the rest. No shaking. No stirring. No watching.

When the corn is completely popped, an automatic thermo-

stat reduces the heat, keeps the popped corn warm, without burning, until you're ready to serve it.

But don't forget... no popping device... regardless of how wonderful... can overcome inferior poor quality pop corn. Always get pop corn that comes sealed air-tight in moisture-proof containers and is guaranteed to pop.

COLORFUL RENOVATION

If you have a blue dress that was new last fall, you can give it a current fashion twist with the addition of a decorative green scarf. Blue and green is a favorite, and striking, color combination for fall.

57TH YEAR

FOR TOMATOES
WASHINGTON (UPI) — Peel tomatoes quickly and easily by trying any one of the following methods suggested by food specialists of the U. S. Department of Agriculture.

Stroke the skin with the dull edge of a knife blade until the skin is loosened. Or — dip tomato in boiling water for one minute, then cool at once in cold water. Or — run a fork into the tomato and rotate it over heat of a cooking unit until the

Good Pie Topping
Maple-cream cheese topping is fluffy and light and just right for baker's pumpkin pie. You can create 1/2 cupful of this topping by whipping together a 3-ounce package of cream cheese with 2 tablespoons honest-to-goodness maple syrup. A fluffy spoonful per serving will do.

skin is tight and shiny. Cool at once in cold water. The peel will come off easily after any one of these treatments.

501 doctors requested 10,200
COMET RICE DIETS
for their patients!

Only COMET, the Modern Rice, is both Vitafied and Enriched to protect your health while dieting. That may be one of the reasons hundreds of doctors have requested thousands of copies of the COMET RICE DIET for their patients.

More than 90% of those who reported that they followed the COMET RICE DIET faithfully state that they lost a pound a day, yet never were hungry. Weight reductions range from a few pounds to more than one hundred pounds, according to some users. Of course, some did not like the Diet. COMET makes no claims, no guarantees. See your doctor before dieting.

If you would like to try the COMET RICE DIET to see if you can lose weight without being hungry, send a COMET RICE Box Top and your name and address to:

**Try This Dish
For Big Dinners**
By GAYNOR MADDOX
Newspaper Enterprise Assn.
Several readers have asked for good quantity main dish recipes for church suppers, school rallies, fund-raising suppers, etc.

As practically everyone likes spaghetti and meat balls, we suggest this recipe for 50 servings.

SPAGHETTI AND MEAT BALLS
(50 servings)
10 pounds ground beef
5 teaspoons garlic salt
5 teaspoons salt
1 1/4 teaspoons pepper
1 1/4 cups olive or salad oil
4 1/2 quarts canned tomatoes
5 cloves, garlic, finely chopped
5 cups tomato sauce
1 1/4 cups chopped onions
2 tablespoons salt
1 1/4 teaspoons pepper
2 1/2 teaspoons oregano
10 tablespoons salt
7 1/2 gallons boiling water
5 pounds spaghetti
Combine beef, garlic salt, 5 teaspoon salt and 1 1/4 teaspoons pepper; mix well. Shape into 1-inch balls. Cook in oil until lightly browned on all sides.
Add tomatoes, tomato sauce, garlic, onions, 2 tablespoons salt, 1 1/4 teaspoons pepper and oregano. Cover and cook over low heat 1 hour stirring occasionally.
Meanwhile, add 10 tablespoons salt to rapidly boiling water. Gradually add spaghetti so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Serve meat balls and sauce over spaghetti.

Easter Seal Group Elects Officer Slate

DALLAS (Spl) — George J. Zachariah, mayor of Big Spring and Cosden Petroleum Company official, was elected president of the Texas Society for Crippled Children and Adults, Inc., the Easter Seal Society, at the annual meeting at Kilgore.

Zachariah has served the Society as vice president, a member of the executive committee, director and alternate trustee to

to the National Society, Chicago.

A native of Louisiana and a graduate of Louisiana State University, he has made his home in Texas since 1940.

In addition to his many duties and responsibilities with the Society on both the state and local level, he has found time to serve as mayor of Big Spring since his election to that post in 1962. He is past commander of the American Legion and currently its finance officer. He is past president of the American Business Club and past exalted ruler of the Elk's Lodge.

Upon accepting the presidency Zachariah said, "It will be my pleasure and duty to see that the many services now provided by our 90 local county Easter Seal Societies and their 28 treatment centers continue to grow and expand in the future as they have in the past to meet the ever increasing responsibility placed on them and us by the crippled children and handicapped adults of our state."

Also elected to serve with Zachariah were the following: Z. E. Rice, Longview, first vice president; Mrs. Harold Hamlin, Jacksonville, second vice

GEORGE ZACHARIAH
Easter seal leader

PASSES CHEST CHECKS — Candy Hughes, shown at left in conventional attire, garbed herself in men's clothing, right, and passed two "chest checks" to penetrate a pregame "smoker" for "men only" at the University of California in Berkeley. The shapely, 36-25-36, 19-year-old reporter for the campus newspaper, the Daily California, reported the event, attended by some 3,000 men, some expecting a racy evening, was more amusing to her than shocking. (NEA Telephoto)

president; Robert W. Milam, M. D., McAllen, third vice president; Rodney Hargrave, Dallas, treasurer, and William E. Russell, Dallas, secretary.

The Executive Committee, in addition to the above, will also include: R. A. "Al" Parker, Houston; Mrs. Howard Leftwich, Mt. Pleasant; R. W. Hardy, Abilene and Herman R. Baker, Sherman.

Rotarians Hear Hospital Plans

Leaders of the Amarillo Area Foundation, Inc., gave members of the Pampa Rotary Club an insight into plans for the new Amarillo Medical Center yesterday at the Coronado Inn.

Virgil Patterson, who is general chairman of the drive to raise \$5,000,000 for the new 250 bed High Plains Baptist Hospital said that more than \$3,700,000 of the goal has been reached. The hospital will be built on a 25-acre site in the over-all 35-acre medical center and completion date is expected to be in mid 1967. It was pointed out that the hospital will be built without the benefit of government aid.

Emmett R. Johnson, executive director of the foundation, noted that two other hospital facilities are also being planned for the medical center. They are a children's 25 bed psychiatric hospital and a 100 bed mental hospital for adults.

Foundation president R. Earl O'Keefe said that the entire golden spread area, as well as Amarillo, will benefit economically, and culturally, as well as medically, upon the completion of the new medical center.

The Texas Department of Public Safety was established in 1935.

Buyers Plan Trip To Dallas Market

Mr. and Mrs. I. E. Byars, buyers for Lad & Lassie Shop, will attend the annual Spring Fashion Market to be held Sunday through Oct. 30 in Dallas.

During this market, buyers from all over the Southwest select spring fashions from over 3,000 lines, assuring their customers of up-to-the-minute fashion-right apparel.

Merchandise selected at this market will be on sale in retail stores in late winter and early spring.

Viet Premier Resigns for Civilian Rule

Mrs. JFK Buys Summer 'Cottage'

NEW YORK (UPI) — Mrs. John F. Kennedy, who moved from the mansion in Glen Cove, L.I., recently rented by her into her new cooperative apartment here last week, has found a country home on Long Island's north shore, it was announced today.

The former first lady's press secretary said she had taken a sizeable two-story "cottage" on the estate of Mrs. Junius Spencer Morgan. It is 2½ miles

The spokesman said Mrs. Kennedy and her children will use the cottage for weekends and summer residence.

To insure maximum yield, rice must be harvested within 24 hours after it ripens.

SAIGON (UPI) — Premier Maj. Gen. Nguyen Khanh and his entire government have resigned to prepare the way for civilian rule, a government spokesman said Wednesday night.

The spokesman said the 17-member high national council accepted the resignations and probably would announce them officially Friday when it names a new chief of state.

Maj. Gen. Duong Van (Big Minh), a member of the previ-

ous ruling military triumvirate, was a leading contender for the post although some council members were reluctant to name a military figure to such high office.

The new chief of state will appoint a premier who actually will have the greatest power. Khanh has hinted he would resign his army rank to seek the premiership again.

Khanh, under Buddhist and student pressure, pledged to restore civilian rule in South Viet-

Nam by Oct. 27. Whether he would be acceptable to the Buddhists and other groups as a civilian remained to be seen.

Now You Know

By United Press International
The city of New York has an extreme length, north and south, of 36 miles. From the western border of the borough of Richmond (Staten Island) to the eastern border of Queens, the distance is 25 miles, according to the World Almanac.

CAUGHT RED-HANDED

SAN ANTONIO (UPI) — Andres Gonzales Tuesday chose not to fight the charges he snatched a handful of watches from a jewelry store window and was sentenced to three years in prison.

His decision to enter a plea of no-contest was understandable. He broke out the store window in broad daylight with at least a dozen witnesses on hand. One of them was a freelance photographer who snapped a picture showing Gonzales scooping up the loot.

Americans Decorated by Viet

SAIGON (UPI) — A U. S. Province 300 miles north of here earlier this month. The two Americans received the country's third highest military award for their role in an unusual operation in which they and an entire company of government troops donned conical hats and black peasant garb for the raid.

The raids resulted in the deaths of 48 Communist guerrillas and the capture of 22. Government losses were announced as six killed and one wounded.

Several From County To Attend SCD Meet

Several men from Gray County will be in Sherman next week for the annual meeting of the Texas Association of Soil Conservation District Supervisors.

Lt. Gov. Preston Smith will be among speakers at the session, which is expected to draw 750 to 1,000 district officials. Attending from Pampa will be Milton Carpenter, Curtis Schaffer and James Cliett, supervisors of the Gray County Soil Conservation District, and Arneal Scott of the Soil Conservation Service.

Smith will address the supervisors in the Sherman Municipal Auditorium, site of all activities connected with the meeting.

Also speaking will be J. Earl Laney, association president, W. Lewis David, state executive director of the agricultural stabilization and conservation service, Jack Garrett, supervisor of the Southmost SCD, Dr. Rex Johnston of the USDA Agricultural Research Service and State Senator Walter Rich- ter.

The Texas association comprises supervisors from 182 SCDs embracing 99 per cent of the land in the state. A board of five supervisors, all volunteers elected for five-year terms, governs each district.

During the period of the Texas Republic notes signed by individuals promising to pay, a cow and a calf passed for \$10 bills.

More than 200,000 farmers and ranchers in Texas are SCD "cooperators" who are applying coordinated soil, water and plant conservation programs on more than 100 million acres of land.

White said that the 14 per cent withholding rate on wage and salary payments adopted in 1964 will remain the same in 1965.

Some taxpayers will be underwithheld on 1964 tax payments because the lower withholding rate went into effect earlier than the final tax rate reduction. White said that for many

JOB AND RAISE

GOSPORT, England (UPI) — William Kirby quit his \$4,046-a-year job as assistant town solicitor and moved to London, but he wasn't happy.

After seven weeks, he spotted his old job being advertised, applied and was rehired — at a salary of \$5,236.

to keep them on a current tax basis.

Underwithholding Problem to End For Taxpayers

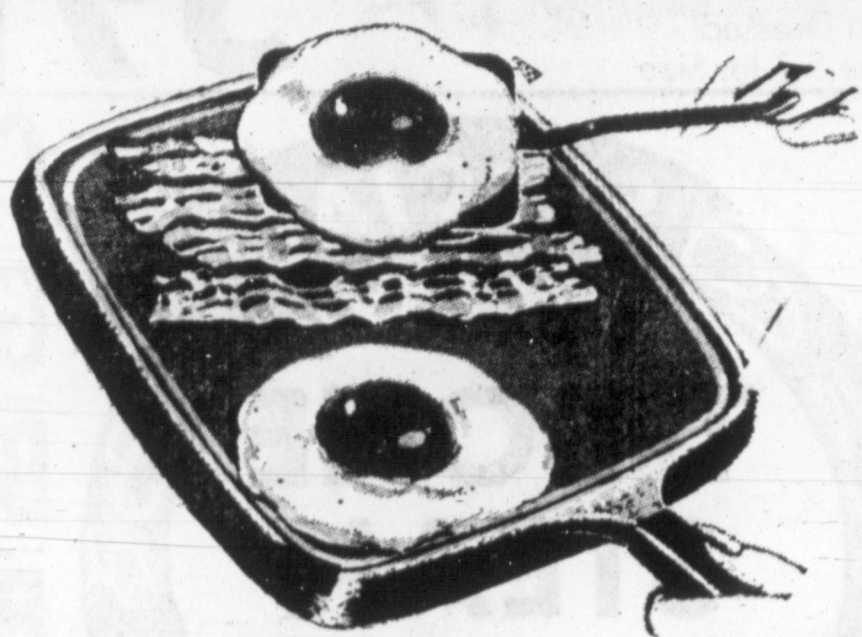

The second stage of the 1964 tax cut which will become effective Jan. 1, 1965, should end the underwithholding problem for many taxpayers it was pointed out today by Richard V. White, administrative officer of the Pampa office of Internal Revenue Service.

Personal income tax rates will range from 14 to 70 per cent for 1965 compared to the 16 to

77 per cent range of 1964. White said that the 14 per cent withholding rate on wage and salary payments adopted in 1964 will remain the same in 1965.

lower income taxpayers this underwithholding problem should be eliminated in 1965.

Withholding on wages and salaries is designed to put the majority of taxpayers on a "pay-as-you-go" tax basis, White said. For middle and upper income taxpayers, he added, increased withholding, or quarterly payments of estimated tax, are generally necessary

Election Outlook

LBJ Confident on California

By De VAN L. SHUMWAY
SACRAMENTO, Calif. (UPI)—The question isn't whether but how much President Johnson will win California's 40 electoral votes and will Republican congressional nominees suffer from "Goldwater backlash."

This is the situation in the nation's largest state.

—Democrats confidently expect to win the presidential race and many leading Republicans agree that Sen. Barry Goldwater isn't making much dent.

—Republicans hope to hold their 15 congressional seats against the Democratic onslaught but are frankly worried. The present California congressional lineup favors Democrats 23-15.

U.S. Sen. Pierre Salinger's campaign is having its troubles against Republican George Murphy, former movie actor turned politician-businessman, but the former presidential news secretary is still favored to win.

Lost Prediction

Four years ago, Democratic Gov. Edmund G. Brown predicted that John F. Kennedy would carry California against Richard Nixon, a native of this state, by one million votes.

Nixon won by a pencil-thin 35,000-vote margin in an election that took a week to count. So Brown hasn't been letting newsmen pin him down to a definite prediction on Johnson's margin of victory.

But now, with the election only days away, Brown has been willing to go on record with a statement that he's "sure" Johnson will carry California "by the greatest vote in presidential history."

If this prediction holds true, the Johnson win would approach the million mark. As part of his 1936 nationwide landslide Franklin D. Roosevelt defeated Alf Landon by 931,000 votes in California.

More Democrats

Democrats outregis.c. Republicans in California on about a 3-2 margin — 4,736,063 to 3,182,000 in the statewide total of 8.1 million. Filling out the count are some who decline to state a party preference, or register with a splinter party.

On that basis alone, Johnson should win big. And so should Salinger, who conceded last week that he has been hurt by repeatedly voicing his opposition of Proposition 13.

The proposition—14th in a list of 17 on the Nov. 3 ballot—is a proposed state constitutional amendment designed to forbid

state and local governments from refusing a person "absolute discretion" in the sale and leasing of housing. It would have the effect of nullifying the state's open housing laws.

It is expected to be approved by a substantial margin.

But, based purely on arithmetic, Republican congressmen face major uphill battles for the most part. Of the 38 districts, Republicans have a registration edge in only four.

GOP Has Troubles

The same registration problems trouble GOP members of the state legislature. The state Senate now is controlled by Democrats 27-12 with one vacancy and they hold the reins in the assembly 50-28 with two vacancies.

Twenty of the 40 state Senate seats are up for election this fall. The senators serve four-year terms. Democrats have 14 holdovers and Republicans six. Of the seats up for election 13 are now held by Democrats and six by Republicans. The vacant seat was held by a Republican.

Of the 20 seats, Republicans have registration advantages in only two districts.

In the assembly with all 80 seats up, Democrats lead in registration in all but 11. Those 11 are now held by Republicans. Democrats hope to pick up anywhere from 2 to 8 additional seats.

So California Democrats confident that their men will win big, are looking to what some of them call "Goldwater backlash" to filter the victory down to the lower ranks of political life.

Russia Planning
Spaceship Orbit
By 'Co-Ed' Crew

MOSCOW (UPI)—The president of the Soviet Academy of Sciences said Wednesday there is no doubt that Russia will orbit a space ship manned by a male and female crew.

"In fact, there was no special reasons why a woman did not take part in the latest flight," Mystislav Keldysh told a news conference at which he presented gold medals to the three man crew of the spaceship Sunrise.

Keldysh and the three new cosmonauts stressed that the flight of the world's first multi-manned space ship was planned for one day. There had been speculation that a longer flight had been intended but trouble developed.

Keldysh also said that the space bus pioneered cabin pressurization work, radiation shielding, two-way space radio, altitude control systems and other projects for use in later flights to the moon and planets.

"No doubt there will be a mixed-manned flight in the future," Keldysh said, glancing at the world's first spaceman, Valentina Tereshkova, who sat with the new cosmonauts during the conference.

The three new cosmonauts, pilot Vladimir M. Komarov, scientists Konstantin P. Feoktistov and Dr. Boris B. Yegorov, told about 2,000 newsmen of their historic flight last week.

Keldysh and the spacemen disclosed:

—The Soviet cosmonauts are learning to steer by the stars for flights to the moon and planets.

—The Soviet Union is working on an ion-acceleration engine. Such an engine would be used on flights in deep space, Keldysh explained. He said it would provide the tiny forward push necessary to keep a ship moving in outer space.

—The "featherbed" landing of the Sunrise craft was like an elevator coming to a stop. "But this type of soft landing is not suitable for use on the moon," said Komarov without further explanation.

—The rocket which boosted the ship into a 16-orbit journey of the earth Oct. 12 was the world's most powerful. "I can say the booster used was more powerful than any yet used to put a payload of instruments or cosmonauts in orbit," said Keldysh.

INDIGNANT PROTEST

LONDON (UPI)—The Guild of Lady Drivers issued an indignant protest aimed at long-haired young male operators whose bad driving habits reflected on women when they weren't recognized as men.

Borgnine Files Suit for Divorce

SANTA MONICA, Calif. (UPI)—Actor Ernest Borgnine filed suit for divorce from musical comedy star Ethel Merman, charging extreme cruelty and serious mental suffering.

Borgnine, 47, who won an "Oscar" for his performance in "Marty," and Miss Merman, 35, were wed at Borgnine's Beverly Hills home last June 27.

The divorce action filed by Borgnine's attorney, Harold A. Abeles, said the couple separated one month and 11 days later on Aug. 7.

COMMITTEE MEETS
MEXICO CITY (UPI)—The Press Freedom Committee of the Inter-American Press Association began meetings Friday in preparation for the IAPA general assembly here next week.

JOB TASK FORCE

WASHINGTON (UPI)—President Johnson has ordered establishment of a new, permanent task force to help breathe economic life into communities faced with the loss of job-creating industries.

The White House said Tuesday that Johnson wanted "permanent machinery" set up along the lines of a program which helped South Bend, Ind., after that city lost its Studebaker plant.

Johnson ordered the Commerce and Labor Departments and the Office of Economic Opportunity (anti-poverty organization) to establish a permanent task force ready to join with state and local officials and other community leaders in immediate action programs whenever large-scale layoffs occur.

Russian Leaders Seeking Means to Quiet Indignation

By RICHARD H. GROWALD
MOSCOW (UPI) — The new Soviet leaders are seeking to quiet the indignation and shock that the ouster of Nikita S. Khrushchev stirred among Moscow's East European allies, diplomatic sources said.

Public disclosures of the "sins" blamed for Khrushchev's downfall are lessening and probably will be renewed only in party periodicals which set the line for the Soviet camp, the sources said.

(The French Communist party announced Wednesday in Paris it wants to send a delegation to Moscow to learn exactly why and how Khrushchev was ousted. The move was almost unprecedented although the Italian Communists in 1956 demanded an explanation of Khrushchev's famous destalinization speech.)

(While Communist parties throughout the world were indicating their coolness or even opposition to the Kremlin upheaval, the powerful French party issued a communique asking for "more complete information on, and the necessary explanation of, the methods and conditions" ousting Khrushchev.)

Minor Posts
Such Khrushchev aides as son-in-law Alexei Adzhubei, former editor of the government newspaper Izvestia, and former radio and television boss Mikhail

Kharlamov have been shunted quietly to minor newspaper posts in the outer steppes, sources said.

Khrushchev, according to some sources, has been assigned an apartment in a giant, drab gray building put up 35 years ago to house secondary government officials.

The sources said Khrushchev's "errors" are being officially and bluntly spread only in a memo being distributed to rank-and-file party members across the nation and to some foreign comrades. It is reported to accuse the former leader of wasting foreign aid funds, sponsoring "harebrained" farm projects, nepotism and self-glorification.

New Communist party chief Leonid I. Brezhnev and Premier Alexei Kosygin feel any further trumpeting of Khrushchev's alleged errors would serve the Kremlin no good purpose.

Personal Fondness
Besides, they said, the new

Kremlin leaders apparently have a personal fondness for their 70-year-old former chief—however eager they were to bounce him from power. The new rulers are more than happy to continue the polite fiction that Khrushchev asked to quit because of illness last week.

Diplomatic sources said no new major changes are expected in the Kremlin in the near future. The new leaders want a period of calm to assess their position and to win the goodwill of the Soviet masses. They also must plot tactics for dealing with the West and—above all—Communist China.

According to East European sources, Khrushchev threatened to resign in February after the ruling party Presidium rejected his demand for a blistering attack on Peking by party ideologist Mikhail Suslov.

The sources said the President talked Khrushchev out of resigning and published the attack only after giving the Chinese time to study it.

Presidential Aides Checked on Security

By ALVIN SPIVAK
WASHINGTON (UPI)—Presidential aides down the ranks to stenographers are being asked to fill out new security clearance applications in the White House as a result of the Walter Jenkins affair.

The applications are going to long-time as well as new employees in the executive mansion. Those having to fill them out include personnel who both through the years and recently have received the highest security ratings.

The forms are called "security investigation data for sensitive position." Applications of this type are sent to the FBI for investigation.

Jenkins — one of President Johnson's closest aides who had access to classified information—reigned last Wednesday after disclosure that he had been arrested twice on morals charges.

Sen. Barry M. Goldwater and other GOP candidates have raised questions about Jenkins' security status. In 1958, Jenkins was given what the Atomic Energy Commission calls a "Q" clearance, permitting him access to nuclear weapons secrets. At the time, his boss, then Sen. Johnson, was chairman of the Senate Preparedness Committee.

Apparently Jenkins did not undergo any security checks af-

ter that.

The application form now being distributed at the White House is used throughout the government for "sensitive" job clearances. It requests detailed personal history, such as "dates and places of residence, going back to Jan. 1, 1937."

It also has a section asking: "Have you ever been arrested, taken into custody, held for investigation or questioning, or charged by any law enforcement authority? You may omit traffic violations for which you paid a fine of \$30 or less—or anything that happened before your 16th birthday. All other incidents must be included even though they were dismissed or you merely forfeited collateral."

Jenkins, according to Washington police records, forfeited \$25 collateral in 1959 and \$50 two weeks ago—thus waiving the right to trial in his arrests.

Lodge Sees No 'Easy Way' Out Of S. Viet War

DALLAS (UPI)—Henry Cabot Lodge warned Wednesday that counting on a "quick, sensational and easy way out" of the war in Viet Nam would play into the hands of the enemy.

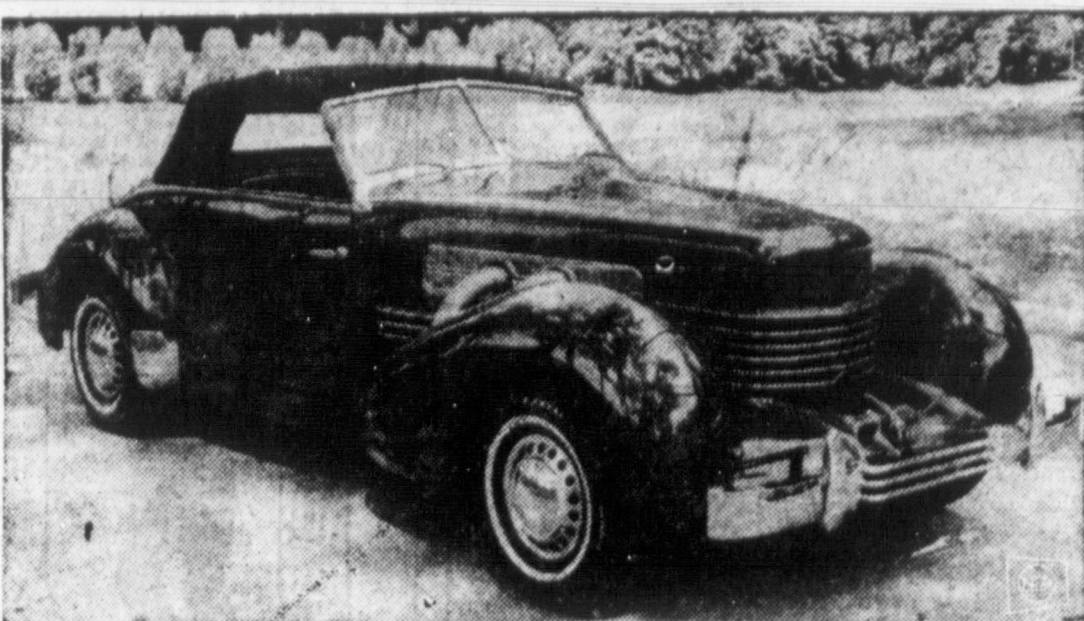

"Persistent execution of the political and military plans which have been agreed to will bring victory," the former ambassador told the Dallas Council on World Affairs.

But he said "outside pressures" could help the Communists. Lodge listed them as "desire in some quarters for an international conference here and now," and "sanctuaries from which Viet Nam can be attacked and the Viet Cong helped with impunity."

"Infiltration from such sanctuaries cannot be allowed to defeat the efforts the Vietnamese are making," Lodge added. "We will not shrink from taking such measures as seem necessary to cope with it."

The former ambassador to the United Nations and Viet Nam accused the Communists of violating agreements made at two international conferences on the Southeast Asian situation "before the ink was dry."

"Before holding another conference there must be some sign that the Communists of Hanoi and Peking are prepared to leave their southern neighbors alone," he said.

CORD RIDES AGAIN—The classic Cord auto is being built again. This is the first one built in 28 years, manufactured by the Cord Automobile Co. of Tulsa, Okla. It has a unique body made of a thermoplastic material difficult to dent, but the lines are the same. One hundred such autos are being made to be sold for market testing and then future production will be set according to orders.

FACE PROBLEM

PARIS (UPI) — President Johnson told the opening session of the 13th annual meeting of UNESCO Tuesday that its delegates faced the problem of "whether man's cherished hopes for progress and peace are to be destroyed by terror and turbulence."

The President hailed UNESCO's work "in those realms of science and humanity removed from ideological conflict, realms where the only boundaries are those set by man's intellect and interest to know more about the universe around us and the capacities within us."

TOO TIRED

LONDON (UPI) — The Old Bailey heard a new excuse from a prospective juror Tuesday. A night club owner said he wouldn't be able to keep his eyes open in court after working from seven p.m. to five a.m. in the club. He was excused.

FOR MALAYSIA — This is one of two stamps issued by the government of Malaysia to commemorate the country's new monument in Kuala Lumpur. The stamp is printed on a pale blue background.

OUT OF THE WAY

J. E. Williams

How to Glow in Basic Black

GOOD GROOMING BRINGS GLOW—The basic black party dress needs help from its wearer. The model here starts with a shampoo so her hair will be its sparkling best. For best results when setting hair, especially fine hair, blot moisture (left) from hair with two linen towels. This helps bring out the natural sheen. Just before leaving, make a last-minute check of make-up, hairdo and clothes to see that all is neat. Often an added touch of lipstick or rouge is called for.

By ALICIA HART
Newspaper Enterprise Assn.
Beauty Editor

The basic black - and-pearls costume that gets you through any social situation can be the best staple in your wardrobe.

But even such a simple costume can not come off right without help from the wearer. Make the most of simple black with your hairdo and cosmetics. The extra care you give your complexion and hair will be evident.

Start with a shampoo so you always have a fresh look. Texture and sheen complement the simplest hair style.

Start with a double lathering and use a shampoo brush to stimulate the scalp and cleanse the hairline. Rinse thoroughly. If your hair is difficult to manage, you may use a cream rinse for more control. If your hair is very fine, protect it from possible damage caused by heat drying. Blot the moisture from your hair with two linen towels. Linen does not shed lint and also adds sheen to the hair. Now set your hair on large rollers. This gives you a natural-looking hair style which is in vogue this fall. While your hair is setting,

thoroughly cleanse your face and neck to encourage a healthy glow. Splash on cool water, pat dry. Then apply an astringent.

Lighting is important when making-up for an evening out, so check your make-up in different intensities of light around the house to see that it is neither too harsh nor too pale for evening.

Before leaving the house, give your hands a quick sudsing and smooth on a lotion.

Your confidence at knowing you are neat and well-groomed helps add zing to the evening.

Dear Abby....

Take Your Choice, Lady,
Give Time or Blood

By ABIGAIL VAN BUREN

DEAR ABBY: Is there a state near Iowa where a couple can go to be married in a hurry without blood tests, waiting and all that rigmarole? I am 69 and he is 74 and we have no need for all that stuff. We would like to get married as soon as possible as his children want to put him in a rest home. I thank you.

SARAH IN MASON CITY, IA.
DEAR SARAH: Illinois, Nebraska, Missouri and Wisconsin all require blood tests. To the north of you, however, is Minnesota, where no blood test is required - but there is a five-day waiting period. To the west of you is South Dakota, where a blood test is required, but there is no waiting. So if you can spare the blood but not the time, go to South Dakota. But if you have more time than blood to spare, Minnesota is your state.

DEAR ABBY: I have just bid goodbye to our last summer guest and I am ready for a sanitarium. I have cooked and cooked, and my bills are so high I wonder if I'll ever get them paid. I've run my appliances all day and have worn myself out cleaning and serving meals at all hours. This summer has been the worst! We have had one batch of uninvited guests after another. They could all have afforded to stay at a motel, but they prefer our brand of hospitality. I have had it. It's too bad people like this have to spoil it for the few who are considerate guests and would be welcome. Sign me "Nothing," as the name I would like to call myself right now would not look good in the newspaper.

NOTHING: My guess is that you have, in one way or another, invited more guests than you intended to - or realized. Button your lip this winter and watch things improve next summer.

DEAR ABBY: My son is a good boy, but sometimes he picks the wrong friends. Here is what happened: A girl he knew from school was babysitting for a lady in a high-toned neighborhood, so my son and a few of his friends decided to drop by and just say "hi." When this girl saw them through the window she motioned for them to go away. The boys went around to the back door and she still refused to let them in. They were only teasing her a little, and then they tried a few

windows. She locked all the windows and called the police! Abby, it wasn't like she didn't know those boys. They were kids from school, not tramps or hoodlums. The police came right over and took all the boys down town and booked them. This has caused us plenty of trouble. Don't you think that girl was carrying things too far? Now our son has a black mark against his record that he will never be able to erase.

HIS MOTHER: I think the girl used good judgment. If those boys were not "hoodlums," they were certainly acting like hoodlums. Perhaps you are lucky your son learned this lesson with only one black mark against his record. I hope he remembers it.

CONFIDENTIAL TO C. AND G.: "The sins we commit two by two, we pay for one by one."

Hate to write letters? Send one dollar to Abby, Box 69700, Los Angeles, Calif., for Abby's booklet, "How To Write Letters For All Occasions."

Flag Raising to Mark Birthdate Of GS Founder

Uniformed Girl Scouts in every town in the 10-county area of Quivira Girl Scout Council are participating in a special flag raising ceremony at local schools at approximately 8:15 a.m. on Friday, October 30th. These ceremonies are being held in honor of the birthday of Juliette Low, who founded Girl Scouting in the United States 52 years ago.

A short assembly will be held by the girls in those schools granting time for a program immediately following the raising of the colors.

There are 616 Girl Scouts in Pampa in 40 troops with 133 active adults in the Girl Scouting program. All school children and the general public are invited to share in this ceremony.

Canadian Club Meets With Mrs. Moseley
CANADIAN (Sp.)—Mrs. P. D. Moseley entertained the As-You-Like-It club in her home Tuesday.

Guests attending were Mmes. J. J. Caudle, Percy Hill, Pat Murphy and Paul Bryant.

POLLY'S POINTERS

By POLLY CRAMER

Hints From Husbands Can Also Be Helpful

DEAR POLLY—Although the Women's Page is supposedly off limits to us men, I manage to peep in on your column. Each week I discover a few new ideas and that is good enough for me. Recently you wrote about "save the wax" and what you mean is paraffin. That idea is not new to me but I would like to add to the uses of paraffin wax. There is always a piece in my tool room. Last week when cutting off a dead 5-inch limb from a tree, I had to go back and get the paraffin to rub the saw blade, for that makes such a job much easier. I also use paraffin on all sliding drawers where wood rubs on wood. The tracks of our overhead garage door work with less effort when so rubbed and are protected from rust. Window tracks and slides, weather strips on door - they all work better when waxed. If you have no paraffin, use a candle.

—POLLY
GIRLS—Mabel sent a sample of hemming done this way and the stitching was practically invisible. My personal thanks to her for an idea that I know is going to make my hand sewing on nylon much neater.

—POLLY
DEAR POLLY—When I want to find out if a fabric is colorfast, I sew a piece of it on a piece of white cloth and for the testing place this in a glass of water and let it stand overnight. The fabric is colorfast if the water is not colored and the white cloth is not stained.

—E.A.R.
GIRLS—I go a step further than that and measure the size of the colored square of cloth to see whether or not it shrinks when put in hot water.

—M.B.
Thanks to you, M.B., for sharing your hints with us gals. It is always good to have you clever men around.

—POLLY
DEAR POLLY—The women who sew may be interested in the way I hem sheer nylon. I use a raveling of the material and draw it carefully over a cake of wax to make it easier to manage. This way there is no trouble in hiding the stitches. Hope this helps someone.

—ROSEMARY
Share your favorite homemaking ideas... send them to Polly in care of The Pampa Daily News. You'll receive a bright, new silver dollar if Polly uses your idea in Polly's Pointers.

The Doctor Says:

By WAYNE G. BRANDSTADT
Newspaper Enterprise Assn.
Since about 12 million persons in this country have some form of arthritis, with about 700 new recruits swelling the ranks each day, it is not surprising that many questions about this disease come my way.

Arthritis is often a severely painful and crippling disease, but it is disheartening to note that so many of its victims fall an easy prey to quackery. Sometimes this is due to impatience with the slow results or incomplete relief afforded by accepted remedies. Sometimes it is due to plain foolishness.

It has been estimated by the Arthritis and Rheumatism Foundation that the money spent each year for useless remedies is far greater than the amount donated for scientific research into the cause and cure of this group of diseases.

One worthless remedy that has quite a vogue is sea water. Although claims are made that sea water supplies a great variety of minerals, arthritis has never been shown to be due to a deficiency of any of these chemicals. In fact, the only mineral deficiencies known to man are the iodine deficiency that causes a type of goiter and the iron deficiency that causes a type of anemia.

Meanwhile, those persons who take too much concentrated sea water often become waterlogged, especially if they also have a heart or kidney disease. Another hoax is the recommending of alfalfa tablets. Al-

though alfalfa is fine for livestock, it is of no value for human beings with arthritis or any other ailment. The promoters, however, played it cool. To one-half grain of dried alfalfa in each tablet they added three grains of aspirin. Guess which ingredient does the most good for your arthritis?

So, if you have arthritis:—Consult your doctor. He will know about new drugs and other methods of treatment that are of distinct benefit to arthritics.

—Don't buy any product that guarantees a cure. Much can be done to control the pain and the progress of arthritis but there is no true cure.

—Remember, too, that the symptoms of this disease will come and go with changes in the weather and other conditions. If they clear up in a few days after you start to take sea water, you are having a natural remission. The unpleasant surprise comes when the symptoms return and the sea water doesn't touch them.

—Finally, you should avail yourself of the fine educational materials obtainable through the Arthritis and Rheumatism Foundation, 10 Columbus Circle, New York, N. Y. 10019.

NO PLACE FOR FRILLS

The girl who will be job-hunting this fall should remember that an office is no place for glamor. Her career wardrobe should be trim, neat and in quiet good taste.

Pampan Is Named Contest Winner

Quarterly meeting of Panhandle Penwomen was held Tuesday in Amarillo Country Club. Guest speaker for the affair was Al Dewlan of Amarillo, author of "Twilight of Honor" "The Bone Pickers," "Night of the Tiger," and others.

Other special guests and members attending were Margaret Abrahams, who had spent the summer in England watching the filming of her book, "The Uncles," and Miss Loula Crace Erdman, noted Panhandle author.

Readers in the morning workshop were Berniece Gregory, Pampa, Laurie Chinn, Borger, and Jeanette Fish, Lefors.

Winner of the short story contest was Evelyn Nace of Pampa with "I Was Jealous of God." The January contest will be poetry. At that time new officers and directors will be installed.

Skellytown Girl Feted at Shower

SKELLYTOWN (Sp.)—Mrs. DeWayne Keys of Borger, the former Sandra Weaver, daughter of Mr. and Mrs. Virgil O. Weaver of Skellytown, was honored at 7:30 p.m. Tuesday with a bridal shower in Fellowship Hall of First Baptist Church of Skellytown.

Hostesses were Mmes. Micky Dunivin, Clifford Coleman, Howard Moore, O. D. Grange, M. L. Giesler, J. D. Herd, Paul Mathews, Ross Coleman and Charles McCloud.

The guest of honor and Mrs. Weaver were presented gardenia corsages.

Misses Joan Jarvis sang "I Love You Truly" and "Love Me Tender" accompanied at the piano by Miss Karen Mathews. The serving table covered with a white crocheted cloth over brown, was accented by leaves of orange and brown and centered with a bouquet of fall flowers.

Miss Carolyn Weaver, sister of the bride, served the cake and Miss J. St. Clair served the punch.

Attending were Mmes. Virgil O. Weaver, Billy Weaver, Oscar Gould, T. C. Cofer, Ross Coleman, Myrl Geisler, Micky Dunivin, L. H. Snapp, J. C. Jarvis, J. M. Grange, Irvin Brown, H. J. Moore, J. D. Herd, and Misses Janis St. Clair, Carolyn Weaver, Joan Jarvis and Karen Mathews.

Hours were longer in summer than in winter as measured by primitive sun-clocks.

SWC Roundup

By United Press International
Arkansas Coach Frank Broyles said Wednesday he thinks his Razorbacks suffered a letdown this week after upsetting Texas last Saturday. The question is, he said, how much of a letdown?

"We'll know how much on Saturday," he said. The Razorbacks play Wichita Saturday night in Little Rock. Broyles said his men looked fair Wednesday, running through an hour and 45-minute workout, spent mostly on pass patterns and other fundamentals.

The Rice Owls worked Wednesday on running, passing, and recognition drills against University of Texas players. Coach Jess Neely said after it was over, "There isn't much more we can do than that."

The Longhorns scrimmaged for 20 minutes Wednesday in Austin, and Tommy Doerr was the only player missing with injuries.

Bears Happy

The Baylor Bears had happy news Wednesday. They found out that co-captain Bobby Maples might be at his line-backer post Saturday, after all. The Bears face Texas A&M this weekend. Maples has been out all season with a bum knee and a pulled thigh muscle.

Texas A&M coach Hank Foldberg has been spending the week tutoring his Aggies in air defense tactics against the Bears' strong passing game.

In Lubbock Wednesday, Texas Tech coach J.T. King said his Raiders will go against Southern Methodist Saturday minus three defensive ends. Sam Cornelius, Joe Hurley and Terry McWhorter all were injured in last week's Baylor game.

Southern Methodist had an hour and 45-minute workout Wednesday. It was a light contact drill and coach Hayden Fry said it "looked pretty good." Fry named tri-captains for Saturday night's game with Tech. They are junior guard Mike Moore, junior defensive end Fred Stier and sophomore line-backer Jerry Griffin.

Stand-In Shines

Texas Christian coach Abe Martin said Wednesday he was happy with the way sophomore David Smith has taken the No. 1 wingback chores dropped by injured Bobby Sanders. Martin said Smith's running and pass catching ability is excellent.

HAMBURGERS

Tues. Is Family Day at Burger Chef

Although the Pampa Harvesters scored three touchdowns last week against Monterey, they took a drop in team and individual statistics as well. District 3-AAAA stats released today show no Harvesters in the individual columns. Chinky Garrison, shut out of the scoring column, Larry Daniels, unable to complete a pass, and Red Griffith to receive one, all fell out of the leaders in their departments. With rushing honors varying from week to week among the Harvesters' eight hard-running backs, none of the locals are in contention for rushing honors.

Friday night's foe, Plainview, moves strongly into the fight for honors behind do-it-all Tom Sawyer. The versatile "Huck Finn" is fourth in total offense, third in passing, first in punting. Two Plainview receivers are in the top 10 in that department and another fifth in punting.

HI-POCKETS

I GOT KIND OF FORGETFUL WITH AGE

Mario Zanin of Italy swept to the gold medal in the cycling road race over an eight-lap course of 121.76 miles, out-sprinting the pack in the stretch to win by half a length from Kjell Akerstrom Rodian of Denmark. Zanin was clocked in four hours, 39 minutes, 51.83 seconds.

Japan's Isao Inokuma gave his nation its third straight judo medal, scoring in the heavy-weight division in which Canada's Alfred (Doug) Rogers took a silver medal in an upset. Two Russians tied for third.

Germany won the team medal in the Grand Prix dressage with Switzerland second and Russia third.

In the individual competition, which concludes Friday, H.

MOVES UP — Larry Leonard moved his way up to a starting lineman spot last week for Pampa with his determination and outstanding work, and is expected to see plenty of action tomorrow night against Plainview.

Russia Whittles At Yank Totals

TOKYO (UPI) — Lightly-regarded American girl canoeists stunned European veterans with a silver medal and one bronze at the Olympic Games today but Russia whittled away at the United States gold medal lead by paddling to victory in three races.

Fifteen-year-old Francine Fox and 35-year-old Gloriana Perrier of Washington, thrashing furiously in a late rally, nosed in second in the women's 500-meter tandem kayak event and 23-year-old Marcia Jones of Oklahoma City outgave a group of seasoned Europeans to grab third in the single kayak.

Those superb performances by the American girls were about as unexpected as a 10-game winning streak by New York's baseball Mets.

"We have only 12 girls paddling in the whole United States," said jubilant Coach Eric Feicht of New York City, "and two of them beat the rest of the world except the talented German girls."

However, the Soviets, winning three of the seven gold medals at scenic Lake Segami, 35 miles south of Tokyo, pushed their gold medal total to 22 — just 12 back of the U. S. team with more expected tonight in gymnastics.

Russia also picked up a bronze medal in canoeing, two bronze medals in heavyweight judo and another bronze in the Grand Prix dressage equestrian event for a total of 70 gold, silver and bronze. The U. S. now has 88 over-all.

Annette Zimmermann and Roswitha Esser of Germany won the women's kayak tandem in 1:56.95 with the American pair — Miss Fox at stroke with Miss Perrier — clocked in 1:59.16 and more than a second faster than heavily favored Romania.

The single kayak produced Russia's first gold medal of the day as Ludmilla Kavadosiuk out-sprinted Hilde Lauer of Romania. Then came Miss Jones to edge into third over a group of established stars from Poland, Germany and Sweden.

Russia also won the Canadian pairs 1,000 meters and four-man kayak over the same distance. Rolf Peterson of Sweden won the men's single kayak and Sweden's ace tandem kayak pair bagged another gold medal.

Wins Singles
Jurgen Eschert of Germany won the Canadian men's singles in which a Russian finished third.

Mario Zanin of Italy swept to the gold medal in the cycling road race over an eight-lap course of 121.76 miles, out-sprinting the pack in the stretch to win by half a length from Kjell Akerstrom Rodian of Denmark. Zanin was clocked in four hours, 39 minutes, 51.83 seconds.

Japan's Isao Inokuma gave his nation its third straight judo medal, scoring in the heavy-weight division in which Canada's Alfred (Doug) Rogers took a silver medal in an upset. Two Russians tied for third.

Germany won the team medal in the Grand Prix dressage with Switzerland second and Russia third.

In the individual competition, which concludes Friday, H.

Sporting Sidelines

By JEFF COHANE

THIS CORNER has been getting assailed all over the place for lack of coverage of Randy Matson's feats in the Olympics. We plead guilty to not having had as much copy on him as you readers wanted... but frankly, we didn't have as much copy on him as WE wanted!

Much as I would have enjoyed covering the Olympics, it wasn't feasible, so we had to depend on our wire service. We used every word that the wire service sent us on him... unfortunately it wasn't much. We heard by word of mouth that Long had retired, but we never saw it on the wire. Matter of fact, we didn't find out until 10 p.m. last Saturday night that Parry O'Brien had finished fourth.

There are several wire services and a fella has to use one he has. Some give more coverage to high school and college athletics and athletes than others... we, unfortunately, have one that does a bang-up job on national and professional sports, but doesn't seem to find it important that Randy Matson is from Pampa or Tommy Pool from Groom or Carl McAdams from White Deer.

So, all we can do is say we're sorry. Maybe we could have run a bigger picture of Randy, or a bigger headline, or reviewed his past career, but as far as additional details on his Olympic feats... we don't know anymore than the next guy. I am sorry (and a bit embarrassed) to say.

Kinda sorry to hear that Long retired, that doesn't leave any body to really give Randy any competition unless some younger comes up in a hurry. Norm Phillips, Randy's old coach, says that the Pampa Giant is the type that sets his mind on a mark and reaches it whether he has competition or not. I hope so, but a bit of the glamour will be missing without Long and O'Brien against him.

Anyway, don't forget that the Chamber of Commerce will honor Randy with a banquet Nov. 10, get your reservations early.

★ AND AWAY we go to the Ol' Swami. One last word, howcum every day the wire services send a report "Yanks lead in gold medals" and then it always ends up "Russians win Olympic Games?"

Anyhow, Ray Howard still leads the pack after a disastrous weekend which saw everyone going down the drain with Oklahoma and Michigan (What has happened to the Sooners anyway? An All-American full-back, a cinch - All-American center, a great halfback... and nothing! Lack of coach, quarterback? (Anyway, if Bud doesn't get elected, he always knows where he can find a home!) The Ol' Swami's pick of Arkansas (just about the only sportswriter in the state who did so... a-hem!) gave me the week's honors and tied me for second place with Otis the Hat Holladay, three games out. Cellar-dwellers Eural Ramsey and Brown Smith insist Howard has gone high-hat and accuse him of really picking them by closing his eyes and jabbing the paper with a pin!

PALO DURO 21, BORGER 14
... Still think PD is the best around even after those close calls.

TASCOCA 21, AMARILLO 16
... Sandies are fired-up, but Rebels are hotter.

MONTEREY 20, CAPROCK 16
... Tempted to pick Caprock on the basis of comparative games with us, but Norm Phillips talked me out of it.

MOBEETIE - LAKEVIEW
... We looked at an old schedule-Lakeview dropped football and cancelled the game. The Hornets are open and this one won't count for the experts.

WHITE DEER 21, CLARENDON 7
... Mighty Bucks roll on.

WELLINGTON 28, CANADIAN 22
... Skyrockets all fired up to get back in the district race.

GROOM 28, MIAMI 12
... Warriors have the defense, but can't stop Groom's passing. Despite Sobbin' Jack York's crying, predict the Tigers will throw that thing about 30 times.

WHEELER 34, BOOKER 30
... This is going to be a high-scoring battle if there ever was one. Still won't get off the Horses, even if everyone else deserts them. Dunk and Little Bobby are double-barrelled threat. Bill Hughes is just one boy.

Braves' Boys Fear Atlanta

MILWAUKEE (UPI) — Fear of racial discrimination in Atlanta, Ga., was expressed by Milwaukee Braves' Negro outfielders Henry Aaron and Lee Maye Wednesday when the club announced it would move South.

Although both players said they would go with the club because it was their "jobs," both said they didn't want to go.

Aaron, whose .328 batting average was the third best in the National League in 1964, said he was "very disturbed about the move."

"I just hope and pray we don't go," said Maye, a native of Tuscaloosa, Ala., and also a 300 hitter this season.

"There's no doubt about it," said Aaron, "the South is segregated and I just don't want to play under those circumstances."

"I don't want to go there, but if the Braves go I have to. That's my obligation," said Maye. He said Atlanta won't be like Milwaukee "as far as we (Negroes) are concerned."

Aaron said he played in a segregated stadium in Atlanta "nine or 10 years ago and I have no intention of playing under those conditions again."

Atlanta officials said the park would not be segregated. "I'm familiar with the South and I've been to Atlanta a couple of times," said Maye. "I'm almost positive we (Negroes) are going to face discrimination."

Battered 'Cats Fight to Survive

CANADIAN—Wildcat football coach Dwain Currie was his old self again, meaning like a bear with a sore paw, but this time his plans were justified after Canadian's 37-12 defeat at the hands of Clarendon last week.

"I don't know why we lost it. I just don't know. We didn't play very good football. Clarendon did, and they ran us out of the stadium."

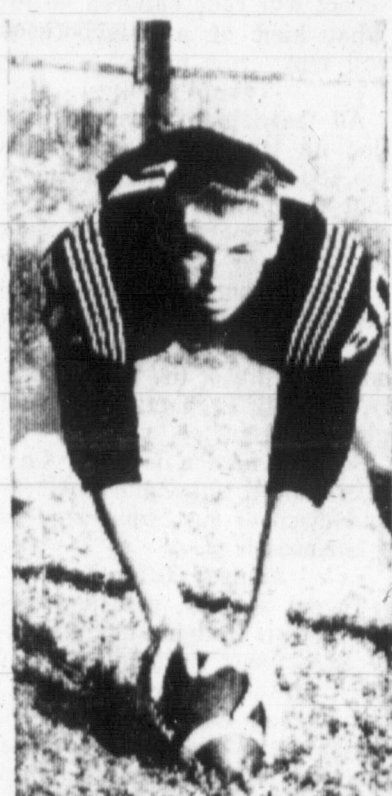

"Don't take anything away from Clarendon, they had a terrific pass defense. Interceded five and we only completed one. It wasn't Bennie Eckles' fault, he just wasn't getting any blocking. They put the rush on real good."

"We lost four fumbles too. That's one of those things, we generally don't fumble very much. We just weren't doing a good job blocking and tackling. I'll tell ya, we started out wrong and everything just got steadily worse. Our first drive was stopped by a 15-yard penalty, our second by a fumble. We were penalized 60 yards in the first quarter alone, and I think it kinda lowered our morale."

"David Cook ran better on offense than anyone else, and we had good blocking from Don Gutierrez and Gary Harrell. Defense? We didn't play any!"

Discussing this week's foe, Wellington, Currie said he wasn't too surprised that they were beaten by Memphis. "Even if Wellington was defending champ, people tend to forget that our starters and Wellington graduated eight or 10 seniors. I've always thought the district would be between White Deer and Memphis."

"Wellington still has plenty

GARY HARRELL
little 'un

though. This will be a battle for survival in the district race. They only lost one game before last week, and they had beaten AA Shamrock. They return all-district quarterback Wayne Barton and big all-district tackle Joe Rudy. He heads a real big line. We counted them up and they have 14 boys on the team over 170 pounds."

Currie again started bewailing his crippled list, beginning with Sandy Feil with a slight concussion and Mike "Baggy Pants" Henderson, still with a sore hip, but finally admitted "They'll all play... they have to, there's nobody to replace them."

Tascosa Still 5th In Ratings

DALLAS (UPI)—Only minor changes and a couple of new names marked this week's United Press International Top 10 Texas schoolboy football ratings except for considerable shifting in the Class A division.

Garland, Dumas, Phillips and Hull-Daisetta remained secure at the top of their respective divisions, but in Class A second-ranked defending champion Petersburg and third-ranked Seagraves were upset and dropped several notches.

Tenth-ranked Austin S. F. Austin of AAAA was upset by Austin Travis 14-6 and was replaced in that spot by undefeated-untied Kingsville, while ninth-ranked Conroe lost 180, to Cypress-Fairbanks and its berth in the AAA ratings was taken by once-tied San Marcos.

There was no change in the Class AA ranks for the second week in a row as all teams came through handily, but in A. Petersburg and Seagraves slipped to the No. 8 and No. 7 spots, respectively, after bowing to Idalou 7-6 and Wink 20-19 respectively.

The gaps were filled by moving up Ozona and Big Lake—who play each other this week—to the Nos. 2-3 spots and also advancing George West. Three Rivers and Inneside two notches each to 4-5-6.

Class AAAA remained intact except for the one new team, but in AAA Vidor skidded from fifth to eighth when it barely squeaked past Beaumont Forest Park and Weatherford skidded one notch to seventh when it barely beat Arlington Sam Houston 14-3. Sweetwater jumped two places to fifth.

This week, in addition to the Ozona-Big Lake match, third-ranked Victoria plays 10th-ranked Kingsville in AAAA in a pairing of rated teams.

DALLAS (UPI)—The United Press International Top 10 Texas schoolboy football ratings with week-end records, point totals and this week's schedule:

1. Garland (4-0, 387-34) vs. Highland Park (1-4).
2. Victoria (4-0, 338-28) vs. Kingsville (4-0).
3. Dumas (4-0, 338-28) vs. Kingsville (4-0).
4. Tyler High (3-0, 160-31) vs. Texasiana (3-0).
5. Amarillo (3-0, 118-46) vs. Amarillo High (3-0).
6. Dallas (3-0, 131-34) vs. Dallas Adams (3-0).
7. Spring Branch High (3-1, 147-27) vs. Aldine (3-0).
8. Pasadena High (4-0, 175-23) vs. Galveston (3-0).
9. Port Neches (3-0, 138-43) vs. Nederland (3-0).
10. Kingsville (4-0, 97-15) vs. Victoria (4-0).

CLASS AAA
1. Dumas (3-0, 148-49) vs. Muldrow (1-4).
2. Brownwood (4-1, 120-24) vs. Wichita Falls (3-0).
3. Pharr-San Juan-Alamo (3-1, 147-47) vs. Robinson (3-0).
4. Andrews (3-0, 104-20) vs. Fort Stockton (2-4).
5. Sweetwater (3-1, 126-81) vs. Littlefield (1-4).
6. Weatherford (4-1, 131-35) vs. Channelview (3-0).
7. Clear Creek (3-0, 87-41) vs. Channelview (3-0).
8. Vidor (4-0, 188-32) vs. Liberty (3-0).
9. Bonham (4-1, 87-40) vs. Greenville (2-3).
10. San Marcos (3-0, 85-35) vs. Schertz (3-0).

CLASS AA
1. Phillips (4-0, 238-23) vs. Shamrock (4-0).
2. Inva Park (4-0, 208-12) vs. Quanah (3-0).
3. Salinger (4-0, 142-28) vs. Wilbrev (3-0).
4. Denver City (3-0, 213-19) vs. Station (4-0).
5. Taylor (3-0, 242-38) vs. Rock Round (4-0).
6. Rockwell (3-0, 202-32) vs. IDLE.
7. Palestine (3-0, 233-31) vs. Caladad (3-0).
8. Sutton (3-0, 134-49) vs. Mathis (4-1).
9. C. Carr (3-0, 200-39) vs. IDLE.
10. Gladewater (4-0, 195-13) vs. Daringfield (1-4).

CLASS A
1. Hull-Daisetta (4-0, 208-0) vs. Warren (3-1).
2. Ozona (4-0, 183-12) vs. Big Lake (4-1).
3. Big Lake (4-1, 201-38) vs. Ozona (4-0).

SPORTS

THURSDAY, OCTOBER 22, 1964

Top O' Texas Wildlife

By STARKEY WHITEHORN

When the mornings are brisk and the foliage turns from green to golden, a true outdoorsman thinks of the game field. The fall hunting seasons for the Panhandle are on. The antelope hunt is over, as well as the morning dove season, for all practical purposes, and soon deer and turkey season will begin. Listed below are some of the seasons set forth by the Parks and Wildlife Department in the Texas Panhandle.

The deer and turkey season will begin November 14, two days earlier this fall, and last through November 29. The seasonal bag limit is one buck deer and one turkey. They will probably be some special permits issued by the Parks and Wildlife Department for antlerless or doe deer to a few ranchers who have deprecation problems. The only legal doe deer killed will be by hunters possessing bona fide permits. Only one deer is allowed per hunter in the Panhandle; however, a person can go to other areas in the state where the seasonal limit is more, and possibly kill two more under certain conditions. There are some areas in the state where the limit is three deer.

The quail season will also open November 14 but will last through January 31. The daily bag limit is twelve and the possession limit is thirty-six. The quail season will open December 13. There will probably be a few aoudad permits issued to some ranchers in the Palo Duro Canyon area. The permits for these wild sheep will be issued to the ranchers by the Parks and Wildlife Department. The rancher in turn can issue them to whom he chooses. Privileges to hunt the aoudad will be by far the most difficult to come by of all permits or privileges in the Panhandle.

These sheep are truly beautiful animals. Located in the district office at Amarillo at 3802 Bowie is a half mount of one killed last year. It would be worth your while to stop by and examine this import from North Africa in Amarillo. The ringnecked pheasant season will begin December 1 and last through December 7. The daily bag is two cocks per day and the possession limit is four. The season on ducks opens November 25 and lasts through January 3. From sunrise to sunset are the shooting hours on ducks. The bag limit on ducks is four and may not include more of the following species than: (a) two wood ducks; (b) two mallards; (c) two canvasbacks or two redheads or one of each. Possession limit is eight and may not include more than: (a) four wood ducks; (b) four mallards; and (c) two canvasbacks or two redheads or one of each.

MILWAUKEE (UPI)—From the governor on down, the reaction to the Braves' wanting a new home was about the same — one of anger, sadness, regret, hope and... a threat. Gov. John Reynolds, from the executive mansion in Madison, said it was a "sad day for baseball." He pledged the state's legal resources to Milwaukee County in their court fight to keep the ballclub from moving.

Rep. Henry Reuss asked National League President Warren Giles to expand the league to 12 teams to give Milwaukee a team next year, or face the consequences. Milwaukee Mayor Henry Maier said he was "completely disheartened" by the Braves' decision, and said it removes the illusion that baseball is a sport rather than a business. "I think the circumstances of this transfer definitely gives baseball a black eye," Maier said. The man in the street's reaction went something like this: "They took the biggest share of the money and now they want to go someplace else," said laborer Ernie Schultz, 43. "Leave them go," Mrs. Elynor Meyer, 46, a candy store clerk said. "They got me mad. We supported them for 12 years and now they want to move."

Patrolman Earl Howell, 41, said he felt Milwaukee is "still a big league city, one of the best."

Lefors Confident Of First Victory

LEFORS — "We played a little better ball," said Lefors coach Dean King proudly, reviewing the Pirates' 34-26 hair-raiser against Follett.

"The kids are not making near as many mistakes and they have a new spirit now that we have found an offensive scoring punch. I think we'll win Friday night at Darrouzett and so do they."

The new scoring punch came in the person of Bill Nichols, a last-minute switch to fullback, who racked up 125 yards rushing and scored two touchdowns. "Nichols' switch wasn't planned," admitted King. "We had been working him at halfback and planning to use junior quarterback Terry Sanders more, but the day before the game we found fullback Dickie Sims had a broken arm, so Bill switched over with just one day before the game. Dickie may be out for the season, but Bill's our fullback now."

King also praised Sanders' play. "He was a little tense at first, fumbled once, but then played real smooth ball. He passed well but his receivers weren't on. He's our quarterback."

"We gave them two touchdowns as gifts in the first quarter and they had a 20-0 lead before we could turn around, but we did turn around on the running of Nichols and James Todd and some fine line play. We got great blocking, especially from Marvin Finney and Danny Robbins, we just left people lying on the ground. We played 200 or 300 per cent better offensively Friday than anytime this season."

"We still made some mistakes defensively, but the kids are determined not to make them again. We know that Darrouzett is a fine team despite their loss to Booker and we respect Dana Duke as one of the best quarterbacks around, but we still feel we can beat them Friday night."

DANNY ROBBINS

Yankees Sell Ralph Terry

NEW YORK (UPI)—Pitcher Ralph Terry, a World Series hero in 1962 who subsequently faded into bullpen duty and infrequent starting assignments, is the first New York Yankee to leave the ball club under the new regime of Manager Johnny Keane.

The 28-year-old righthander was sold to the Cleveland Indians Wednesday for an undisclosed amount of cash.

Technically, the sale of Terry was part of the deal that sent pitcher Pedro Ramos to the Yankees during their September pennant drive.

Even Triplets Fail To Help High School

Gals Tee Off In Phoenix Play

PHOENIX, Ariz. (UPI)—A field of 39 golfers tee off today in the opening round of the Ladies Professional Golfers Association \$11,000 Phoenix Open. The 72-hole event, which ends Sunday, was being played over the 6,370-yard par-72 Arizona Biltmore Hotel golf course.

Sandra Haynie, a Texan now calling Phoenix her home, was back to defend the title she won last year with a two-under par 286. Also in the field was Kathy Whitworth who won the event in 1962, the first year it was held.

Other name golfers entered were Mickey Wright, top money winner with \$23,345; Ruth Jensen, winner in Santa Barbara, Calif., two weeks ago and the No. 2 money winner with \$19,868; and Betsy Rawls, in fourth place on the money list.

Koy Fetes Birthday With Party at Rice

AUSTIN — Ernie Koy will celebrate his 22nd birthday this week thinking about the Rice Owls.

The big running back of the Texas Longhorns will be 22 on Thursday — two days ahead of the big classic to be played before 73,000 fans in Rice Stadium.

Ernie has been in Rice Stadium before. He played two years ago as a sophomore when a 14-14 tie knocked Texas out of the No. 1 spot in the national grid ratings.

He's also been there many times as a fan with his father, a UT great of the early thirties.

When he was 10, Ernie's dad took him to the big game some 70 miles down the road from the family home in Bellville. Texas won that time, 20-7. The year was 1952. Young Ernie was a fourth-grader. That was the last time the Longhorns beat the Owls in Houston.

Ernie put on a magnificent running display in a losing cause against Arkansas Saturday night. He carried 27 times for 110 yards and scored one touchdown in the 13-14 upset that knocked the Longhorns out of the No. 1 ranking again and

stopped a 15-game winning streak.

Ernie ran with lots of power on the two Texas scoring drives that thrilled a fourth-straight sellout crowd of 65,700.

"It wasn't good enough," Ernie says to the many fans who congratulated him on his Arkansas game. "That's a hard fall from the top. I know one thing though. We'll have to keep going after 'em because they'll all be tough from here on in."

The tailback in Texas' offense has scored seven touchdowns this fall and is having his greatest season after being plagued with injuries his first two seasons.

He has carried 88 times in the five games for 353 yards and a four-yard average. His 42 points give him the Southwest conference scoring leadership. He's also averaged 40 yards on 23 punts.

One of Koy's top admirers is Quarterback Marvin Kristynik who calls No. 23's number fairly often.

"I think Ernie is a tremendous runner who is getting better all the time," Marvin says. "He's real easy to get along with — I guess 'cause he's sorta like a country boy from Bellville."

Milwaukee Sad ... Mad

MILWAUKEE (UPI) — From the governor on down, the reaction to the Braves' wanting a new home was about the same — one of anger, sadness, regret, hope and... a threat. Gov. John Reynolds, from the executive mansion in Madison, said it was a "sad day for baseball." He pledged the state's legal resources to Milwaukee County in their court fight to keep the ballclub from moving.

Rep. Henry Reuss asked National League President Warren Giles to expand the league to 12 teams to give Milwaukee a team next year, or face the consequences.

Milwaukee Mayor Henry Maier said he was "completely disheartened" by the Braves' decision, and said it removes the illusion that baseball is a sport rather than a business. "I think the circumstances of this transfer definitely gives baseball a black eye," Maier said. The man in the street's reaction went something like this: "They took the biggest share of the money and now they want to go someplace else," said laborer Ernie Schultz, 43. "Leave them go," Mrs. Elynor Meyer, 46, a candy store clerk said. "They got me mad. We supported them for 12 years and now they want to move."

Patrolman Earl Howell, 41, said he felt Milwaukee is "still a big league city, one of the best."

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Hurry Up, November 3

Are you getting a little weary of all this campaign oratory? Are you hearing more and enjoying it less? Are you becoming more confused instead of better informed? Do you find yourself wondering if Nov. 3 will ever get here and end at least some of the sound and fury? Welcome to the club! Whatever else it has done, this campaign has demonstrated beyond doubt that no one — repeat, no one — can come up with sparkling new material hour after hour, day after day, week after week, month after month, speech after speech. It also has shown that anyone — repeat, anyone — is likely to become tiresome if overexposed.

Old West Gone, But Silver Isn't

The exciting challenge of the Old West may not be completely gone, after all. A news release from the Department of the Interior reports there is a great need for new silver discoveries. According to Thor Kilgus, chief of the U.S. Geological Survey's resources research branch, the United States is currently using five times as much silver as it mines. The problem is that there are only a few straight silver-producing mines. Most silver is recovered as a by-product of lead, zinc, copper or gold ores. To increase silver output would be to glut the market with these other metals and lead to all kinds of international complications.

The Conscience of A Conservative

In view of the distortions that have been given his words, and the smears that have grown more absurd as the campaign days have dragged on, it seems to us to be in order to repeat what Senator Barry Goldwater wrote in a calmer day on the ideas of government that he has long held and intends to live by if the people in their wisdom make him their President: "I have little interest in streamlining government or making it more efficient for I mean to reduce its size. I do not undertake to promote welfare, for I propose to extend freedom. My aim is not to pass laws, but to repeal them. It is not to inaugurate new programs, but to cancel old ones that do violence to the Constitution, or that have failed in their purpose, or that impose on the people unwarranted financial burden. I will not attempt to discover whether legislation is needed before I have first determined whether it is constitutionally permissible. And if I should be later attacked for neglecting my constituents' interests I shall reply that I was informed that their main interest is liberty and that in that cause I am doing the very best I can."

Yeah, Men Are Uglier

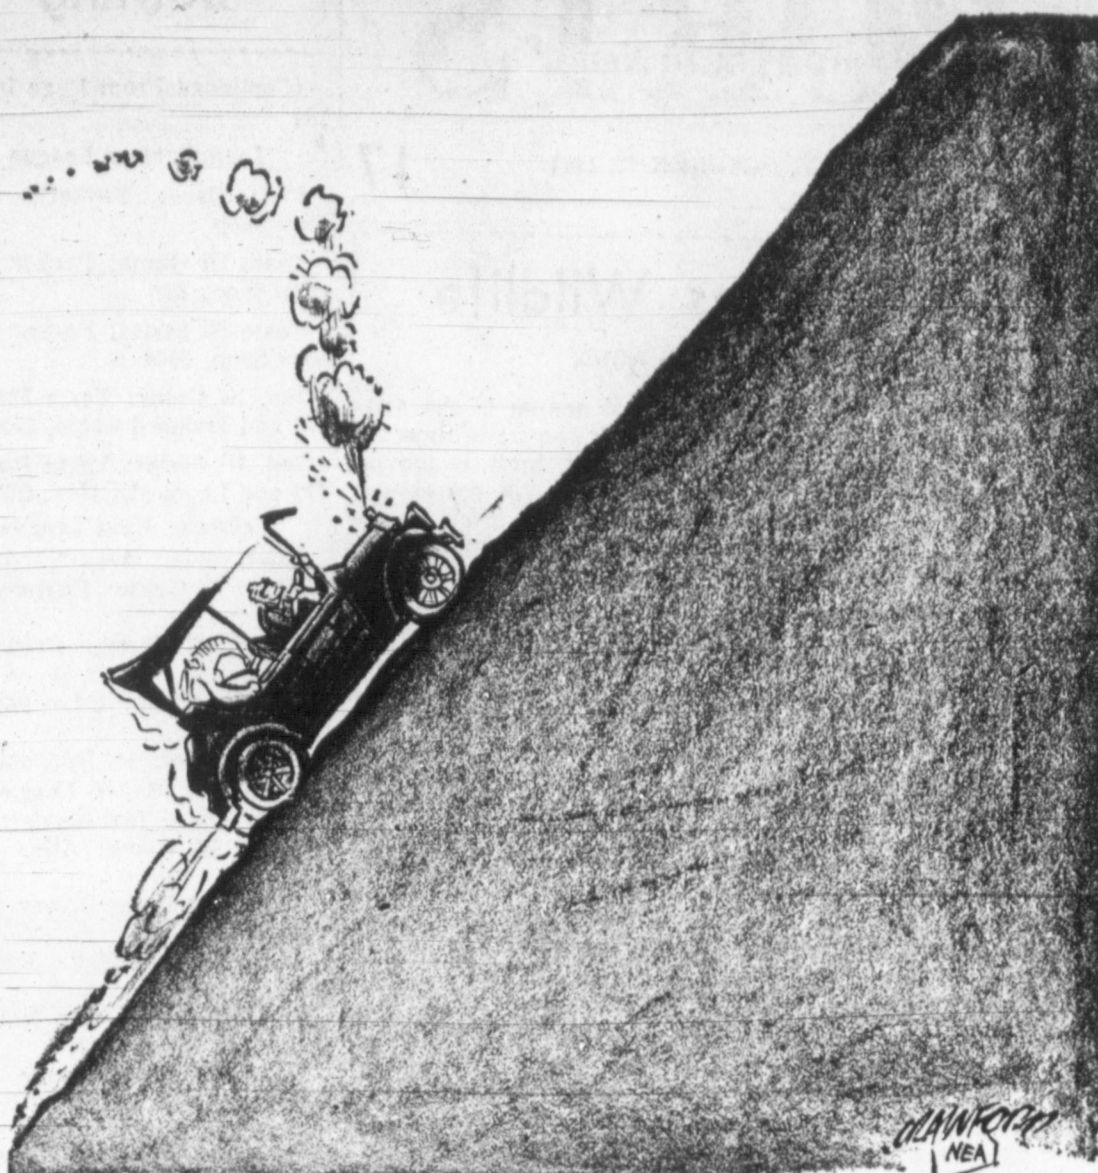

Girls are smarter than boys. This will scarcely come as news to girls of any age or to married men. It may, however, shake up boys and young men, although even they must have a gnawing and growing suspicion that they are being consistently outsmarted by what in the mid-Victorian era was euphemistically known as the fair sex. The latest proof is provided by tests given 750,000 California pupils in the fifth, eighth and eleventh grades. These tests — steady now, fellows — showed that with the single exception of mathematics in the eleventh grade group, girls excel boys in scholastic ability and all "basic skills."

BERRY'S WORLD

"I don't care if A Texan looks at Lyndon's the dividend this month... I don't want to join your book club!"

"What Sort of Gas Do You Suppose Truman Used?"

Editors See LBJ's Record Vs. Barry's Power Charge

By BRUCE BLOSSAT
WASHINGTON (NEA) Client editors surveyed by Newspaper Enterprise Association across the nation believe the biggest things President Lyndon B. Johnson has going for him in this election campaign are his legislative record and his personality.

They think the greatest damage is being done to his candidacy by his continuing silence in the celebrated Bobby Baker case and the foggy view the public has of the President's personal financial history. As for Johnson's rival, Sen. Barry Goldwater of Arizona, editors say that by far the greatest aid to him is his assault upon big government. It must be assumed, of course, that the senator gets some — if not full — benefit from the hurt being done the President by the Baker case and other matters.

The worst wounds being dealt Goldwater, the editors say, are those inflicted by widespread reports of his controversial views on nuclear weapons control and on Social Security. Curiously, less than two-thirds of the responding editors find Goldwater's personality a political help to him, though he is generally characterized as a warm and engaging man. Political analysts and pollsters, conversely, have not found the President winning deep popular affection despite his evident broad support. NEA's client editors did not say, in any enlarging comment, why they feel Johnson's personality is a major plus for him.

There is much additional evidence to support these editors' judgment that Goldwater's much-discussed nuclear views are his most crushing handicap. Obviously, whatever other advantages he has, the President must be a heavy beneficiary on this central issue. A comment on Goldwater from W. W. Keith of the Winfield, Kan., Courier, offers a conclusion which accords with that reached in many soundings taken this fall: "People are afraid of his ideas about nuclear weapons and of his continual backtracking to explain what he meant in previous statements."

A Georgia editor, Quimby Melton Jr. of the Griffin Daily News, underscores the point: "One vital factor is that Mr. Johnson has shown that his trigger finger doesn't itch. Mr. Goldwater's seems to be twitching." Of the 380 editors who responded to NEA's fall election survey, 341 — or just about 90 per cent — thought the Bobby Baker case damaging to the President's position. Nobody thought it helped him. The other 39 said "neither."

A total of 238 — 62.6 per cent — also felt Johnson was being hurt by the cloudy indications surrounding his personal finances. Yet almost a third of the responding editors felt the matter neither hurt nor helped him, and 21 editors even said it helped.

The editors concluded Johnson gets assistance not only from his legislative record (296 editors, 77.9 per cent of the respondents) and his personality (291, 76.3 per cent), but from his budget handling (62.4 per cent) and his foreign policy efforts (54.5 per cent).

In Goldwater's case, exactly the same proportion of responding editors — 319 or 83.9 per cent — think he is helped by attacks on big government as believe he is hurt by his nuclear views.

The senator's almost equally controversial Social Security ideas are rated damaging by 292 editors — 76.9 per cent of those reporting. His general foreign policy notions also are given a negative mark, with 56.6 per cent of the editors finding them a handicap.

Aside from the big government issue and his personality (58.4 per cent rate it a gain), Goldwater is believed by the editors to get most assistance from the civil rights question. But here only 50 per cent think his stance is an advantage, while 43 per cent believe it hurts him and 7 per cent say neither. Nearly two-thirds of the editors responding from the Old South think Goldwater's civil rights position a help to him.

A conference is nothing more than a meeting at which people talk about what they should already be doing.

Pull Up A Chair

By Frank J. Markey

Congress has discovered a new outlet for your tax dollars. An on-the-job training program has been earmarked by the Bureau of Indian Affairs to teach Indians how to make bows and arrows. It will cost a measly \$13,175. . . . We think it's high time they appropriated money to teach the neighborhood kids how to shoot marbles. . . . And in this election year it's comforting to learn the national debt of the United States is now greater than that of all the countries of the world combined. Nothing like doing things in a big way with the taxpayers' dough.

Today's smile: We liked the one about the youngster who ran into his home to show his father a ball point pen he had found. The fond parent admired it and asked: "Are you sure it was lost?" "Of course," said the youngster, "I saw the man looking for it."

John Hughes of the Massachusetts Lobster Hatchery at Martha's Vineyard tells us lobsters have a strange life cycle. As soon as they are hatched they rise to the surface, where they swim for several days feeding on tiny marine life and each other, since they are cannibalistic. During that period they molt four times, finally acquiring the form of adult lobsters, after which they swim to the bottom staying in relatively shallow water in summer and deeper water in winter.

Thoughts while shaving: An Irishman would never be confused about it but there are eight varieties of three-leaved herbs commonly called shamrock. The Irish shamrock is a hop clover, according to botanists. . . . During a recent visit there we learned Colorado's nickname, "Centennial State," derives from the fact it was admitted to the Union in 1876, just 100 years after the signing of the Declaration of Independence. . . . We read recently that submarines are this country's most economical weapon on a dollar-for-dollar, man-for-man basis. During World War II the submarine service comprised only 1.6 per cent of the Navy's personnel, but accounted for 55 per cent of all enemy shipping destroyed. . . . According to weather bureau records winters are growing warmer in the northern hemisphere, but you can't convince us when we see those subzero temperatures in Manhattan in January. . . . The same weather report asserted the average house in the United States withstands 100,000 pounds of rain and snow during the year. Luckily, it doesn't fall during a single storm or we'd be living underground.

The first firm to manufacture violins commercially in this country was operated by the twin Stanley Brothers of Newton, Mass. They quit making musical instruments when they invented the Stanley Steamer, one of the first automobiles — which, to steal a phrase, means they had more than one string to their bow. . . . Now that the

EVERYBODY'S BUSINESS

Feel Uneasy in Space Job? No Wonder, Just Look at It

By SAM CAMPBELL
Register Business Editor
This column is written to the housewife, particularly to that housewife whose husband works at the tax-financed spaceship factory or at one of the multitude of firms that subcontract on spaceship contracts.

Dear Mrs. Housewife, when you see your husband get into the station wagon and drive off to the spaceship factory in the morning, you turn back toward the kitchen sink with a sense of gladness that your man has a job.

Yet mixed with the gladness are hidden worries. How long will the job last? How long can your family last without a job? How much of the spaceship business will the government move down south to oil political waters disturbed by the

race issue? Will you have to sell your home? Where would you move to? What kind of a school will your children go to? What kind of a neighborhood will they grow up in?

Take A Look
All these many concerns are tied up with your husband's job. So I think it is evident that the nature of his work is a very important thing, not just because of the dollars he will bring home this week but also because of the bearing that the spaceship business has upon the future of the entire family, possibly even affecting your grandchildren.

So let's take a look at the tax-financed spaceship business and discover just what kind of a business it is.

Analogy Offered
To get a clear, detached picture, let us imagine momentarily that your husband did not work at the spaceship factory, but instead earned his weekly check at the metal dump. The function of the metal dump would be to take aluminum, steel, titanium, gold and silver; to machine them to ultra-fine specifications at a cost of billions of dollars, and then to dump them in the ocean.

How outraged you would be at such a wasteful process! And if someone told you that the government must run the national metal dump in order to make work for engineers and machinists who otherwise would be unemployed, you would shriek with laughter. For your good housewife's sense tells you that all this talent ought to be employed in the making of things that has some value to people.

Some Value
Well, parts of the space program do have some value to people. To some extent there is a defense or military value, and to some extent there is a communications value — global TV, business data and that sort of thing. But by and large this go-to-the-moon business is just a politician's way of making people dance to his tune. He can do that because he pays the fiddler with our money.

Frankly, I can see only one difference between dropping metal in the ocean, on the one hand, or shooting it into space, on the other. In the first instance, the metal gets wet; in the second instance it gets lost.

But how can the valuable parts of the space program be separated from the chaff? Certainly the commercial phases of the program could be removed from the politician's hands and financed privately. That would give your husband a stable line of work to move into.

Wit and Whimsy

A new maid had been employed for a special occasion. The mistress was a little dubious about her.

Mistress — Now, Mary, when you are in the dining room to-night I want you to be careful and not spill anything.

Mary — You can count on me, ma'am. I don't talk much.

A minister told his flock that he had a "call" to go to another church. One of the deacons asked how much more he was offered.

Minister — Three hundred dollars.

Deacon — Well I don't blame you for going, but you should be more exact in your language, Parson. That isn't a call, that's a raise.

per and advertising? Goldwaters alone?

This statement was made by a Goldwater fan. "If Johnson gets in, we'll be in poverty," President Johnson fought for area redevelopment legislation which helped create 200,000 new jobs in areas of high, long-term unemployment. Goldwater voted against it. Johnson fought for passage of a public works program to help create 350,000 jobs. Goldwater voted against it.

"I've never done anything to get the nomination and yet, all of a sudden, everyone wants to thrust it upon me. And, doggone it, I'm not even sure I've got the brains to be the President of the United States." (Barry Goldwater quoted in Milwaukee Journal, January 5, 1964). They got him!

You're not for unions. The United States is a union of fifty states.

Do you believe all American citizens should be guaranteed equal rights and equal opportunity? Johnson answered yes and Goldwater answered no.

Mrs. James Schaffer
2208 North Dwight

Texas has four state forests. The white oak is the most valuable of the Texas oaks.

Now You Know
By United Press International
Young golden plovers, unaccompanied by their parents and flying the route for the first time, can find their way 8,000

miles from the Arctic to their winter home in South America, according to Nature and Science Magazine.

A thought for the day: German poet Johann Goethe said: "He only earns his freedom and existence who daily conquers anew."

Foreign News Commentary

By K. C. THALER
United Press International
LONDON (UPI) — The new Laborite government is anxious to continue Britain's traditional alignment with the United States.

Prime Minister Harold Wilson therefore plans a meeting with President Johnson, as soon as possible, as his first major move in the field of foreign affairs.

He has asked the British ambassador in Washington Lord Harlech, a close friend of the leaders of the outgoing conservative government to stay on at his post. And he is sending his foreign secretary, Patrick Gordon Walker, to Washington next week.

At his projected meeting with the President he will seek to re-affirm that the London-Washington team will not be upset by Laborite policies.

Speedy Moves Seen
Patrick Gordon Walker has described the alliance with the United States as the "sheet anchor" of Britain's foreign policy.

The removal from supreme power in the Kremlin of Nikita Khrushchev is seen in London as necessitating speedy moves on the part of the major Western powers, to ready for possible new developments in the international scene.

The explosion of Red China's first nuclear device has added to the urgency for firming up the Western alignment, in the view of the new Laborite government in Britain.

Wilson, an advocate of summitry is expected, to favor a speedy joint approach to the Kremlin to determine just where its new leadership is going and what the chances are for resuming the interrupted dialogue for new East-West tension-easing moves.

Two Major Problems
Two major inter-allied problems will be high on the agenda of the projected Anglo-American policy re-alignment.

The first concerns the future of NATO, of which the Laborite government is a firm supporter in principle.

But unlike its Conservative predecessor Labor favors the abandonment of the British independent nuclear deterrent and its merger with an overall inter-allied force with appropriate sharing of political controls.

This would require considerable re-vamping of the sharing of Anglo-American nuclear information. The U.S. is basically in favor of Britain abandoning the independent deterrent.

Britain's Labor government is opposed to the projected mixed Manned Nuclear Surface Force which the United States wants to set up by the end of the year. It also wants to renegotiate the 1962 Nassau agreement on U.S. missiles for Britain.

The signs are that Britain is readying a compromise plan to avoid rocking the nuclear boat within the alliance.

Advance for pms Wednesday, Oct. 21

Chisel and Drill Used in Operation

SOUTHAMPTON, England (UPI) — The surgeon aboard a British liner performed a delicate brain operation with a drill borrowed from the electrician's department and a chisel loaned by the engine room staff during a voyage from New Zealand.

The story was told when the 24,733-ton liner Northern Star docked at Southampton Wednesday.

The ship's surgeon, Daniel Morgan, performed the operation on an assistant steward, John Bridgman, 22, who was hurt when the ship anchored off Tahiti.

Bridgman had accepted a challenge from some passengers to dive into the liner's swimming pool from a high balcony. He struck his head on the bottom. He went to his cabin to rest and the next day was found unconscious.

Morgan decided he was suffering from severe brain concussion and needed an operation. It took five and a half hours. It involved drilling Bridgman's skull and removing a large clot of blood.

Bridgman regained consciousness 36 hours later and made a rapid recovery, but it probably will be some time before he will be fit enough to return to sea.
