HOUSE PASSES GOFFEY BILL; FDR TO TALK

HARRY JAFFA in Roswell Dispatch—If Noah's Ark were still in commission, the operators could have sold a great many tickets to the hills to escape the destructive ways that was to engulf the city. They'll all trek back directly and most of 'em will alibi that they were going to the mountains anyway and you can laugh that off.

J. C. ESTLACK in Donley County Leader—The old folks deserve a pension—not a poor farm. They should be independent—not indigents.

R. B. HAYNES in Miami Chief—We notice the editor of two of our exchange newspapers, are carrying a large cigarette advertisement, as all other weeklies over the state have been doing. But the amusing part about these two editors is that both of them are bitter against cigarette smoking, and have devoted columns of space warning the youth of the land against the habit and one of these newspaper eds will not allow anyone to light up a "fag" in his office. Now, we should think it would be rather odd of line to continue lambasting those who have the habit and at the same time run those enticing ads inviting them to smoke a particular brand.

HAROLD V. RATLIFF in Cleburne Times-Review—By the time the meek inherit the earth, as the Bible says, they'll find it ready to be sold for delinquent taxes.

LYMAN E. ROBBINS in Memphis Democrat—If he enters the presidential race, Long may sound his own political death knell. He will bite off more than he can chew, and when a power-seeker does that, even his own clan turns against him. He falls and instead of lifting him up, they trample him under foot while he is down.

COCK ROBIN in Dalhart Texas There are as many kinds of preachers' wives as there are preachers. It'd take to be one of them. They have to be so perfect. They must be a helpmate in the truest sense of the word. Understanding, big-hearted and kind, diplomatic, foresighted, deeply religious, comforting the rich and poor alike, encouraging the pastor with his own, leading the flock, but with never a command. Neat in person, noble in deed, immaculate housekeeper—often managing on a shoestring, but a model housewife withal. Supplying for the pastor, or a teacher with equal efficiency—in fact, being a Jack-of-all-trades.

Duponts Declare Extra Dividend

WILMINGTON, Del., Aug. 19 (AP)—The E. I. DuPont de Nemours & company declared today an extra dividend of 35 cents on the common stock and increased the regular quarterly dividend on the common to 90 cents from the previous rate of 65 cents.

The company also declared the regular quarterly dividend of one and one-half per cent on its debenture stock, payable October 25 to stockholders of record October 10. The company last December declared an extra dividend of 15 cents on the common stock. Last September a 50-cent extra also was paid.

PILOT LIKELY TO FLY ON TO LOS ANGELES

BRINGS REMAINS OF 2 MEN FROM VANCOUVER, B. C.

SEATTLE, Aug. 19 (AP)—Speeding south towards California after a stop of less than three hours here, the bodies of Will Rogers and Wiley Post left here at 11:53 p. m. in a Douglas Air Transport liner piloted by William Winston, Texas flyer. Pilot Joe Crosson had flown them here from Vancouver, B. C.

ALEMEDA, Calif., Aug. 19 (AP)—Ten-American always officials here indicated today that Pilot Joe Crosson, Alaskan division chief, would continue straight through to Los Angeles with the bodies of Will Rogers and Wiley Post.

They announced that the big Douglas transport, rushed early today to Seattle, would merely "stand by" and would not be used "unless needed."

The plane, removed temporarily from its regular Brownsville, Tex., to Mexico City run, is piloted by William A. Winston. He is accompanied by a co-pilot and radio operator.

Reason for the change in plans was not indicated, but one official, who asked his name be withheld, suggested it was prompted by a desire to have Crosson transport the bodies straight to Los Angeles.

SEATTLE, Aug. 19 (AP)—The curtains of its passenger cabin closely drawn, Pilot Joe Crosson's plane bearing the bodies of Will Rogers and Wiley Post south from their tragic air crash, rushed in Alaska arrived here at 9:15 a. m. (P. S. T.) from Vancouver, B. C. The plane landed at Boeing field, the municipal airport, in the southern part of the city. Without stopping his motor after the plane had landed, Pilot Crosson taxied it into a United Air Lines hangar at the side of the field. The hangar was completely surrounded by state patrolmen, city police and marine corps reservists. A crowd of persons, some of whom had remained at the airport all night, were at the field. Within the hangar, Col. Clarence Young, Pacific coast manager of Pan-American Airways, and Amon Carter of Fort Worth, Texas, personal representative and close friend of the Rogers family, were among the group awaiting the plane's arrival.

Housewives Ask Meat Price Cut

WASHINGTON, Aug. 19 (AP)—Secretary Wallace told a group of housewives representing Detroit meat strikers that the only way to bring about lower meat prices is to produce more meat.

Led by Mrs. Mary Zuk, the delegation asked Wallace to investigate the packing industry at Detroit immediately and to effect a reduction of 20 per cent in the price of all meats.

Wallace replied that present prices resulted from last year's drought. He said the AAA now is attempting only to get a fair price for the farmers and provide sufficient food for consumers.

He understands, the secretary added, that an attempt is being made to get a congressional investigation of the packing industry. Obviously dissatisfied with his statement, Mrs. Zuk declared if prices are not reduced "we're going to strike until the packers come down and lose everything they have."

The delegation went from the AAA to the White House. The group represented housewives who have closed many Detroit butcher shops by strikes in recent weeks. Mrs. Zuk said the delegation was elected at a meeting of 7,000.

KLINE IS DEAD WASHINGTON, Aug. 19 (AP)—Edgar H. Kline, 60, who was found dead here yesterday, a pullman berth, was an ace inspector of the post office department. Department officials said today he played important roles in the William F. Gettle kidnapping case at Los Angeles and was instrumental in the capture of Jake Plegle, the bank robber.

Looked for Good Weather in Vain

Pictured together for the last time before embarking on their ill-fated flight, Wiley Post, in-trip crewman, and his famous passenger, Will Rogers, humorist and actor, are shown before a pontoon of Post's new plane in Seattle, as they watched the skies for favorable weather for the take-off.

INDIANS WOULD PERFORM RITES FOR W. ROGERS

Ceremony Planned In Hollywood Bowl For Actor

HOLLYWOOD, Aug. 19 (AP)—Arrangements for two, and possibly three ceremonies being made today as the body of Will Rogers was brought back to California from the aerial voyage he said would end, for him, "just somewhere."

Private services, with only the family in attendance, will be held Thursday at Forest Lawn Memorial cemetery.

At the same time, one, and perhaps two other tributes, will be paid the memory of the actor-humorist who lost his life in an Alaskan air crash which also resulted in the death of Wiley Post, the noted pilot.

A public ceremony in the vast Hollywood Bowl will be held. Here, it is believed, plans now being formulated for a living memorial to the famous philosopher will be disclosed. A committee composed of Mary Pickford, Mayor Edward Spence of Beverly Hills, and other Beverly Hills civic officials has been conferring on the type of memorial to be arranged.

Rogers' Cherokee Indian blood, of which, friends said, he was very proud, led to plans for another ceremony. A delegation of Cherokees, headed by Clarence Davis, said today they will ask Mrs. Rogers' permission to perform their own tribal rites.

"We have always considered him one of our people," Davis said. "We like to think it was his Cherokee blood that made him great and unafraid."

An ancient ceremony, performed only at the death of a chieftain, will be invoked for Rogers, if permission is given, Davis said. Despite the unbounded affection felt, generally, for Rogers, some fear further, authoritative sources stressed these measures as those on which action will be sought especially.

The utilities bill, the tax measure, the Guffey coal stabilization bill, the ban against damage suits against the government because of its gold policy; alcohol control; Tennessee valley authority act amendments, a bill to impose NRA labor standards on firms which contract with the government; rivers and harbors legislation; the third deficiency bill; the oil regulation measure to ratify state compact made at Dallas; railroad reorganization legislation.

PARIS PARLEY BREAKS UP IN BITTER WORDS

FEAR OF WORLD WAR SETTLES OVER EUROPE

ROME, Aug. 19 (AP)—With Italian military action in Ethiopia believed impending, the official Gazette today announced the suspension of commodity exchange in ten cities.

The belief that the fascist army would attack Emperor Haile Selassie's troops in the near future gained momentum hourly as the Italian public read somewhat disdainfully of the suspension of the tri-power conference in Paris.

PARIS, Aug. 19 (AP)—Another diplomatic effort to prevent the impending war between Italy and Ethiopia ended today in an outburst of general condemnation.

Baron Pompeo Aloisi of Italy, who had conveyed Premier Mussolini's "no" to French and British peace proposals, told Premier Laval "au revoir" and prepared to go back to Rome.

Anthony Eden, British minister for League of Nations affairs, told the French government head the same and prepared to return to London.

A high French official said privately that Europe "faces a crisis like that of 1914" and "France must resign herself to losing Italy's friendship."

A member of the Italian delegation blamed the breakdown of the conference on "the lack of English goodwill and their unbending position."

A British spokesman commented: "Nothing can be done at Geneva to prevent war." The same source said that Premier Laval had assured Eden that France was with England in this critical moment.

Said an Italian spokesman: "The English are not willing to see Italy have Ethiopia without sharing it themselves, although I suppose we should not deny their spokesman's claims that they are upholding the League of Nations idealism."

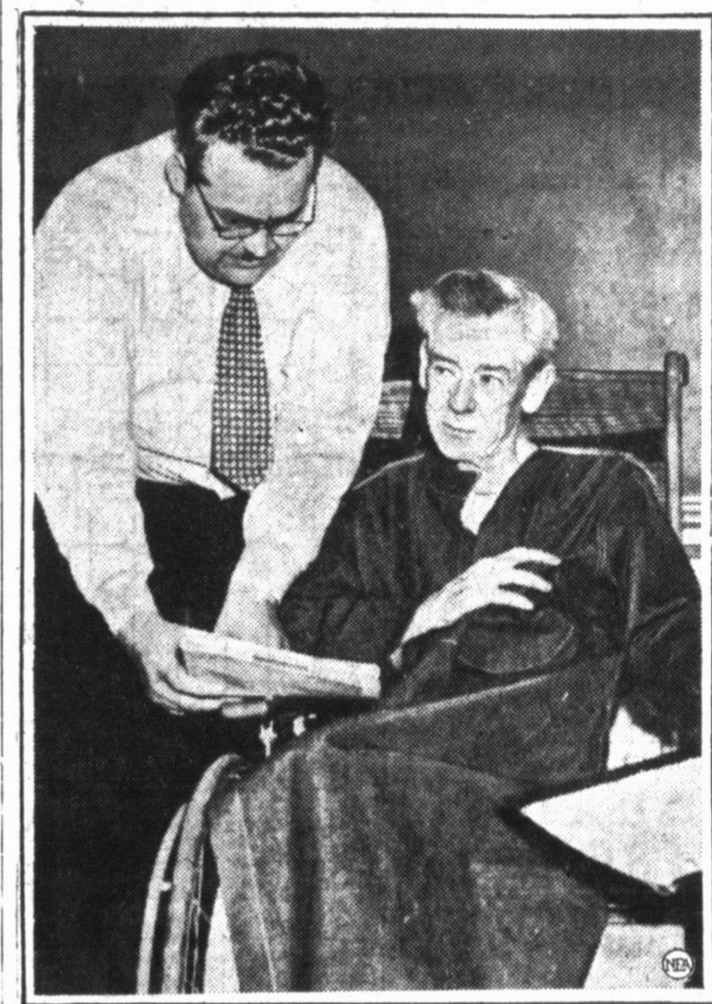

The Italian denied a report that the conference had heard only Franco-British proposals and Mussolini's refusal to accept them. "The Italians also made suggestions which were turned down in turn by the French and British," he said.

A French government authority said Italy's apparent determination to conquer Ethiopia was a "test for league."

"The league must triumph" he declared, "or there will be chaos. The whole world went to war because Austria proposed to do to Serbia a good deal less than Mussolini intends doing to Ethiopia."

"The league may as well face the situation. It did nothing when Japan and Germany 'defied the league' but now it must stand or fall on the issue."

Grill Aged Mooney "Key Witness"

Despite severe grilling by William F. Clegg, deputy attorney general for California, with whom he is shown above, John Macdonald, 65, paralytic in Baltimore city hospital, insisted that his testimony in 1916, which sent Thomas J. Mooney to prison for the Preparedness Day bombing in which 10 people died, was false. Though an "object" figure, Macdonald stoutly maintained, before a California supreme court referee and Mooney's attorneys, that he had not seen Mooney until after the bombing; and that California officials "coached" him in his original story.

PRESIDENT TO DELIVER RADIO SPEECH FRIDAY

COAL STABILIZATION BILL IS SENT TO SENATE

WASHINGTON, Aug. 19 (AP)—The senate today passed the Frazier-Lempke farm mortgage bill without a roll call. It now goes to the house.

WASHINGTON, Aug. 19 (AP)—The house early this afternoon passed the Guffey bill to establish a "little NRA" for the bituminous coal industry. The vote was 195 ayes, 168 noes and two voting present.

The new deal leadership sighed with relief, once the count was certain to send the disputed measure to the senate.

Throughout much of the roll call, enemies of the legislation had been in the lead; but the final count showed them out-numbered by 25. What the senate will do is problematical.

Although the president included the measure among those he wanted enacted before adjournment, there has been some speculation whether it won't have rough sledding after the tax legislation is concluded.

Adjustment sentiment is believed to be too strong to make it possible to keep both branches in session, once a good part of the pending matters is cleared up.

WASHINGTON, Aug. 19 (AP)—President Roosevelt will speak over the air Saturday night in a speech to the Young Democratic clubs of America in Milwaukee.

His words will be broadcast nationally in the first such talk he has carried over the radio in several months.

He will speak from the White House, probably taking occasion to give his views on accomplishment of the now closing congress session.

Woodward of Des Moines, president of the Young Democrats, arranged the talk in a meeting with the president today. It will begin at 9 p. m. (E. S. T.).

Asked about the political outlook, Woodward at the White House said: "Mr. Roosevelt will carry Iowa by a larger margin than he did before. There is no doubt about the president's reelection in 1936."

He estimated the meeting of the Young Democrats would be attended by 10,000 or 15,000. Gov. Gurnea, but if we are led to the door, we will have to leave."

The Italian diplomat, who acted as spokesman for Premier Mussolini in the "adjourned" tri-power conference with France and Great Britain, said Italy had not even decided as to whether it would send representatives to Geneva Sept. 4 for the League of Nations sessions.

I Saw . . . One filling station which has followed the program of the Gray county beautification committee to a "T" and should be cited for civic loyalty by that body. It is just east of the signal light on highway 33 and belongs to Chas. Burton. Around the station are blossoming hundreds of petunias, the official Gray county flower. Blooming "periwinkles" and a row of vari-colored flint rocks separate the driveways from the lawn which is covered with a thick turf of Bermuda. On the east is the largest rock garden pool in town. In it are more colorful rocks, cunningly arranged, more than 100 gold fish, two small ducks, watched over by their adopted mother, the lawe dog. The pool is built of concrete and flint rocks. Nearby is a weeping willow. The rock garden contains many shrubs, plants, flowers. A rock bench in a pattern of green grass is at the front. There are numerous varieties of flowers in bloom among the petunias and in the driveway borders. The hard flint rocks were brought from the Canadian river. Strike them with steel and sparks fly. The beautification program was started only this spring at the station.

TIRED CONGRESS SEES END OF LONG GRIND

Congress, like a tired horse after a long day's drive, is breaking into a belated trot as it sees the home barn just ahead.

It has been a long session, probably almost eight months by the time adjournment finally comes.

To many it will have seemed a disappointing session, because it failed to pile up tangible results in the fast, impressive manner of its predecessor.

To others it will mark the resumption by Congress of its power to legislate after a period of near-dictation.

To still others, adjournment will simply be a relief, a chance to back off and see where we are, a chance to readjust things on a basis that should remain the same at least until mid-winter.

It is the first Congress to have met under the Norris amendment to the Constitution, providing that congressmen elected in November take their seats immediately in January instead of waiting until the following December, as used to be the case.

The increased outspokenness of several new members this session was one of its outstanding characteristics. Coming direct from the electorate with public feeling still fresh in their minds, new members have not maintained the "freshman" silence that has been customary in the past.

But the general feeling of weariness with continued congressional wrangling is well-marked. You can feel it all over the country.

There is a lag in enthusiasm in any military campaign. When a major crisis is at hand, soldiers rally to it. But when the battle settles down to a long siege of trench warfare, the soldiers grow tired and listless, begin grumbling.

So it is today. The first fine enthusiasm of a united frontal attack on the depression has passed. It has settled down to a grinding warfare for the present of trench raids and fitful sniping and cannonading. People have sustained themselves at high pitch for as long as they can. Now they want rest, a breathing space.

It does not mean that we have given up in the battle against unemployment, insecurity, and want. The battle must be resumed if the war is to be won. But for the moment the troops are tired (and that's all of us, from Congress down to just us folks), and we all want to rest a spell before pushing on.

THE NEW DEAL IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent

WASHINGTON.—On any administration, with the New Deal far from an exception, you will find that the most successful "fixers" are or have been members of the Democratic or the Republican National Committee.

If, during Hoover's time, you hired James Francis Burke or C. Bascom Sless, today you'd be likely to retain J. Bruce Kremer, Arthur Mullen, or Robert Jackson.

The reason is that such men, when their party is in power, are supposed to have an exceptionally large influence with the administration—with the White House itself, with officials with whom they have long associated in politics, with officials whom they helped place in federal jobs and with senators and representatives from their home states for whose nomination and election they may also be responsible.

Many lobbyists, though they may control few if any votes in Congress, have found it valuable to have friends on congressional committees who tip them off to developments at secret sessions.

Somehow, the names of Mullen, Kremer, and Jackson pop up in any discussion of lobbying here. They were Democratic national committeemen from Nebraska, Montana, and New Hampshire until about the time pressure was brought on Roosevelt to cause them to resign from their party posts. Old-time politicians, each had had enough to do with Roosevelt's nomination to place the president under some obligation when jobs were handed out.

Shaggy, black-haired Mullen waves his arms and walks up and down in the sanctums of cabinet members—sometimes demanding the earth, always unhappy under the delusion that he isn't being treated "right."

Mullen has represented the Henry Doherty interests among various others. Once he got a former law partner, James E. Hanley, appointed to the Federal Radio Commission, then hired a commission expert named Elmer W. Pratt for his firm and began to take in radio broadcasting clients. He has also represented Indian claims and sought PWA funds, but the bulk of his business—as is true in most such cases—is a secret—Among other Mullen appointees is a son with the National Emergency Council.

Jackson, once secretary of the national committee and very valuable to Roosevelt in pre-convention maneuvering, is known for his lavish parties and his recent acquisition of the famous "pink palace" on Massachusetts avenue. He has represented Electric Bond & Share, the Niagara Hudson Power Co. and other Carlisle interests, and some of the telephone groups.

Kremer, another of the "good fellow" type possessed of much charm, has represented power companies, some shipping interests, and appeared as counsel for Robert Dollar at the Farley ocean mail hearings. He is an intimate pal of Attorney General Homer Cummings and is sometimes spoken of as the unofficial boss of the Department of Justice.

Most political lobbyists get along better with old-time party men such as Cummings and Commerce Secretary Roper than with such New Dealers as Wallace, Perkins, Ickes, Tugwell, and Hopkins.

Belgian paper-making industry is prospering. Which is understandable in view of the rate at which treaties are being turned into confetti.

Returning Alaskan expedition reports failure to sight any blue bears. There should be at least one after Joe Louis' next fight.

American soldiers moved to New York training camp for maneuvers by taxicab. When the bills come in, we'll have a public debt that is a public debt.

A recent whispering campaign aroused much indignation. And yet, a year from now, people will be wishing they were all that kind.

WAR DRUMS IN EUROPE AROUSE BRITISH FEARS

Leaders Profess To See Possibility Of World War

BY ROGER D. GREENE. (Copyright, 1935, by The Associated Press.) LONDON, Aug. 19.—Alarms of war rang through Great Britain today as its people awaited Anthony Eden's report on the torpedoed peace parleys in Paris.

The British press commented darkly on the possibility of war, and informed sources saw in Italy's action a challenge the League of Nations may not survive.

The British are eager to hear from their minister for League affairs the possible consequences of Mussolini's "no" to Anglo-French suggestions for compromise.

But, more important, they hope to learn from him how far France will back Britain in the critical League of Nations council session in Geneva September 4.

Britain is now convinced that Duce's blunt rejection of any economic concessions, in lieu of waging war in Ethiopia, hopelessly fore-shadows Italy's withdrawal from the league, unless the league weakly sidesteps its obligations under the covenant.

Such stern measures, it was felt in some quarters, must involve sanctions—and Sir Austen Chamberlain, former foreign secretary, has given voice to the widespread opinion that "sanction means war."

It is expected that a special meeting of the cabinet will be called this week to discuss the mounting tension as well as for discussion of lifting the arms embargo levied against Ethiopia.

It is also reported that parliament is likely to be convened early in September instead of on October 29, as arranged, owing to the grave turn of affairs.

Pampa Noses Out Amarillo 4 to 3 In Typical Scrap

Nell Absent As Two Coltexans Play For Enemy

It was a typical Pampa-Amarillo battle yesterday afternoon when the Danziger Road Runners of Pampa nosed out the Shamrocks of Amarillo, 4 to 3, at Metro park. Pampa took the field without Gordon Nell, who was visiting his parents at Hollis, and Amarillo fielded two stars of the Coltex nine, to even things.

Chief Whitehorn, better known here as Lee Daney, was on the mound for the Road Runners and, although nipped for nine bingles, kept them well scattered. Lefty Pachak, a pitcher who appears to have nothing on the ball but the cover, threw twisters at the Road Runners until they collected 10 bingles. Daney fanned only one and Pachak whiffed three. Neither pitcher walked a man during the game.

Sparkling plays appeared at times to cut off runs or pull the pitchers out of serious trouble. Brickell saved Daney with a long running catch to foul territory and Bailey pulled Pachak out of a hole with a one-handed scoop and great throw. Langford, a newcomer in the Amarillo lineup, showed promise in the field but went hitless before Daney's curves.

Grover Seitz started the Road Runners off in the fourth when he banged the fence for two bases. Patton lashed out a single to score Seitz. McLary followed with a single after Summers had gone out. Patton scored. McLary went out at home on an attempted double steal after Lisle had singled.

Pachak then held the Road Runners hitless until the eighth when Brickell singled. George and Sealing fled out. Seitz came to the rescue with a sizzling single which scored Brickell, who had gone to second on a passed ball. Patton rattled the fence and Seitz scored another run.

Red Gaither, former Pampa star, now one of Amarillo's outstanding players, played in the fourth and the bases in the fourth after singling. He stole second, he stole third, and then scored on Pachak's single.

The Shamrocks staged a rally in the eighth when Corbett opened with a single and scored on Sammy Hale's triple. Gaither and Corbett scored. Huffman sacrificed nicely but the next two batters went out. Gaither dying on a third.

Patton led the Road Runner stick-wielders with three singles, despite the fact that a lefthander was on the mound. Seitz and Brickell each contributed a share of Coltex. The cause, McLary continued his great hitting, started here against Overton, by setting two singles.

The Road Runners go to Borger tonight for a game with the Huber Blackaces, strengthened by Spencer and Steger. Coltex in the game will probably be the last for the Pampa team before the Junior chamber of commerce tournament, opening on Friday night.

DALLAS, Aug. 19 (AP)—Art Weis, Fort Worth outfielder, again leads the Texas league in batting. Official figures, covering games through Thursday, showed Fred Tauby, Dallas outfielder, in the lead by two points with his .338 average.

Art Weiss Again Leading Batters In Texas League

Covey week-end play, however, Weis belted out six hits in 13 times at bat, and boosted his mark to .339. Tauby, only recently back in the Steer lineup after he had been out because of an injury, could collect only four hits in 22 trips to the plate, and dropped his average to .330.

Beau Bell of San Antonio, recently returned by the St. Louis Browns, is clouting the ball at a .407 clip. He will not be eligible for the crown, however.

Lee Grissom of Fort Worth boosted his strike-out mark to 150 with 12 recorded in a week-end game. The only change of consequence in the records because of play during the past three days was Vincent's collection of five hits to send him past King of Houston.

The Beaumont player's total was 167, while King's remained at 165.

ONLY 3 WEEKS OF PLAY LEFT IN TEXAS LOOP

OKLAHOMA CITY WILL PLAY 13 GAMES AT HOME

By The Associated Press. The Texas league first division clubs, with three weeks to play left, were ready for the stretch drive for the pennant.

Each day's play among the first four clubs will have a tremendous impact on the final count. Beaumont took a step closer to the flag when it gained a half-game Sunday.

The Oklahoma City Indians, who now trail the leading Exporters by 13 points, have one big point in their favor—of their approximately 16 games remaining, all but three were scheduled on the home lot.

Beaumont, on the road now, will play only six games at home. Galveston, aided by its league-leading hurler, Max Butcher, and Tulsa both have excellent chances.

The other teams appear to be definitely out of the race. Beaumont started the final stretch campaign Sunday with a vigorous assault on Houston.

Twenty-one hits rang off the Shipper's bats as they had a 5-00 batting average for the afternoon. The Buffs equaled little against Johnny Hill and took a 12-2 loss.

Oklahoma City slipped back a little by splitting a doubleheader with Fort Worth. The Indians took the opener, 4-2, backing up Monclief and Murray, hurlers with a 12-hit attack.

The Cats took the second contest, which ran one frame over the scheduled seven innings, 1-0. A single, a sacrifice and a double brought in the lone run.

San Antonio and Dallas completed the losses handed three of the first division clubs by the losers. The Missions took a ragged game from Galveston, 14-4. The Padres' 14 hits were turned into a run a piece, while Galveston's 11 lost their effect as Mills and Hillin scattered them.

Dallas swept a three-game series with Tulsa by winning the final contest, 9-8. Brittman, Tulsa catcher, belted out four hits in as many trips to the plate.

Modification Of Dove Regulations Appears Possible

SAN ANGELO, Aug. 19 (AP)—There is a possibility that the federal dove hunting season regulations, which have aroused a storm of protest in West Texas, may be modified by dropping the prohibition against hunting after 4 o'clock in the afternoon.

Senator Tom Connally, after conferring with J. N. (Ding) Darling, director of the bureau of biological survey at Washington, telegraphed the Tom Green county game and fish protective association today that there appears little possibility of getting the season changed again but I am hopeful that the prohibition against shooting after 4 o'clock will be waived.

Senator Morris Sheppard also wired that he had taken the matter up with Darling and was advised that no further changes this year were likely. He had advised a change after learning that the season, cut to the single month of October by conflict with between state and federal laws, was likely to result in widespread disregard of the statutes by West Texas sportsmen, farmers and ranchmen, who this year have one of the best dove crops in years to hunt.

Texans To Plan Football Games For Centennial

DALLAS, Aug. 19 (AP)—The football committee of the Texas Centennial exposition will meet in Houston Sept. 1 to discuss a schedule of inter-sectional games planned for the show, it was announced today by Ben Lee Williams, chairman of the committee.

Williams, former Williams college star and now a prominent football official, said the conference would follow the annual Southwest athletic conference rules interpretation meeting, which will be attended by practically all college coaches in this section.

Dr. R. N. Blackwell, director of special events for the exposition, has been conferring with athletic officials at leading schools regarding games in the state during the show. He also will attend the Houston meeting.

Efforts to bring the national ball casting tournament here during the Centennial exposition will be planned at a meeting here Monday. This year's meeting is being held in Milwaukee.

Ed Dudley Wins Cleveland Meet

CLEVELAND, Aug. 19 (AP)—A long, curling, 30-foot putt for a special embellishment today to the victory won by Ed Dudley of Philadelphia in the \$3,500 prize open golf tournament at the Acacia Country club here.

Dudley scored 285 for the 72-hole tournament which ended yesterday, and the brilliant last putt provided his one-stroke margin of victory.

Clarence Clark of Bloomfield, N. J., tied for second with 298. Babe Ruth, one of the many tournament contestants, kept an "informal" account of his scores, with friendly scorekeeping, understood to have been a factor in his 84 on the final round. The Bambino's clowning, however, provided for his galleries whatever entertainment he may have failed to supply in the way of tournament golf.

JAPANESE SWIMMERS DEFEAT AMERICAN TEAM BY 9 POINTS

BY GLENN BARR, Associated Press Foreign Staff. TOKYO, Aug. 19 (AP)—Winning three of tonight's four final events, the Japanese swimming team defeated an all-star United States squad in a three-way meet for world supremacy in the sport. The point score was Japan 38, United States 27.

With only two events remaining, the 200-meter backstroke and the 800-meter free style relay, the Japanese mermen led 29 to 25 in points scored since the meet opened Saturday evening. Japan started tonight's final session on the long end of a 22 to 20 count.

Kiichi Yoshida won the 200-meter backstroke in 2:35.8. In second place was Danny Zehr, of Fort Wayne, Ind., with Kentaro Wawazu, of Meiji university third. The point score then stood Japan 33, United States 27.

The Japanese mermen demonstrated their superiority over the invading Americans by taking the final event, the 800-meter free style relay in 8:22. This time bettered the world record of 9:38.4, made by a Japanese team in Los Angeles August 9, 1932.

CHAMPS SPLIT DOUBLEHEADER WITH BOSTON

HUBBELL AND DETROIT WIN GAMES ON SUNDAY

By HUGH S. FULLERTON, JR., Associated Press Sports Writer. Unlike the Giants, who are still having their troubles and plenty of them although they escaped from their struggle with St. Louis with the greater portion of their slender lead untouched, Detroit's Tigers are having just a gentle canter toward the pennant so far as their series with the second-place New York Yankees is concerned.

The Tigers have won the first two games of the clash with their leading contenders, relieving them of the anxiety of a tie game. They won 6 to 0 on Sunday after pulling out a ten-inning decision Saturday. That gave them an eight game lead with just six weeks to go before the season closes. The Giants aren't that far ahead of the fourth-place Pittsburgh Pirates in their league.

The Cards took the edge in the big series Saturday but lost most of the advantage Sunday when they could get no better than an even break in a twin bill with Boston while New York pounded out an 8 to 0 triumph over the Reds. The third place Chicago Cubs also split even in a bill with the Phillies and as a result the Giants lead St. Louis by 2 1/2 games and Chicago by 3.

The clouting of Hank Leiber, who made four extra-base blows paced the Giants to yesterday's victory while Carl Hubbell rang up his 17th mound triumph. Meanwhile Fred Frankhouse limited the Cards to six hits and poled in two runs to beat the Cards 2-1 in the opener.

St. Louis had to go ten innings to win the aftergame but did not when Left Durocher belted a homer with the bases full to break a deadlock. The Cubs easily bowled over the Phils 8 to 3 in the opener but lost 6 to 5 when the home team scored four runs off French in the seventh.

To intensify the contrast between the two races, Detroit's Schoolboy Rowe whitewashed the Yankees with three hits in their second clash and topped off a big day for the over-crowd of 39,000 by belting a home run. He did all this after being hurt when he got in from of Earl Combs' liner in the second inning.

The hitherto humble Brooklyn Dodgers provided the day's sensation among the lower ranking clubs, all of which were scheduled for doubleheaders. The trimmed the Reds 3 to 2 and 9 to 3. Jimmy Jordan handled eleven assists at second to tie the major league standard. Vaughan, league leading clouter, bettered his 400 average with four hits in six times up.

The Athletics-White Sox bargain bill was rained out soon after the start. The Red Sox and Browns broke even, Boston taking the opener 5 to 2 with a three run rally in the ninth and St. Louis the afterpiece 4 to 3. Washington turned back Detroit with three hits in the first clash when Heinie Manush doubled with two aboard but the Indians opened up in the second and belted out a 13 to 4 decision.

YESTERDAY'S STARS

By The Associated Press. Watson Clark, Ralph Boyle and Jimmy Jordan, Dodgers—Clark belted three hits in the opener. Boyle hit four times and Jordan tied record with eleven assists in second game.

Lynwood Rowe, Tigers—Whitewashed Yankees with three hits and helped win game with home run.

Hank Leiber, Giants—Founded Cincinnati pitching for homer, triple and two doubles.

Heinie Manush, Senators, and Mill Galatzar, Indians—Manush drove in winning runs in tenth inning of first game; Galatzar rapped out six hits in two games.

Chuck Klein, Cubs—Smacked 20th homer, triple, double and single in doubleheader against Phillies.

Fritz Ostermueller, Red Sox, and Hollie Hensley, Browns—Former pitched five-hit game; latter made three blows and drove in winning run in second game.

Fred Frankhouse, Braves, and Leo Durocher, Cardinals—Frankhouse outpitched Paul Dean to take first game; Durocher's tenth inning homer with bases full won second.

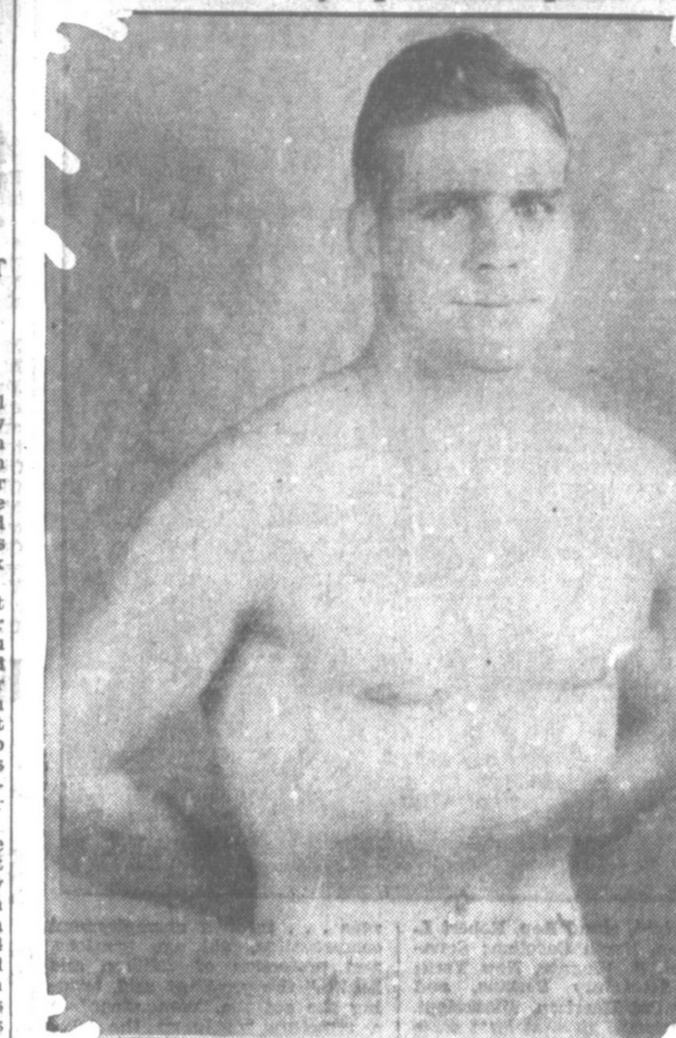

The sequin was a Venetian gold coin, first minted about 1280. It was worth about nine shillings.

The brothers Stanzac last night turned back by a score of 11-5 the challenge of the Dicke brothers of Fredericksburg, Texas, to their family supremacy. The Dicke's scored three runs in the first two innings, but the Stanzacs pushed seven counters across the plate in their half of the second to put the game on ice. The Dicke's managed two more tallies in the third, but found the last six innings barren. The game was played as a feature of the national baseball tournament being held here.

Both teams played an excellent game. The Stanzacs, who have been playing together since 1929, have three former professional players in their ranks. Frank, 33, once was with Milwaukee in the American association. Martin, 22, was in the Nebraska State league and Louis, 24, was with the Cincinnati team of the National league for a brief period.

Van Beber will meet a supreme test tomorrow night at Road Runner park when he tangles with Sailor Otis Clingman in the main event of an all-star card. Clingman is a favorite of long standing with Pampa fans. The semi-final will see the rough Jack Domar meeting the even rougher Gorilla Fogel. The evening will be Fas Garrison and Bob Cummings. The largest crowd of the year is expected to see the meeting of two great wrestlers and two real favorites. Whom will the fans back? ask the fans.

Baseball Fans Buying Tickets To Pee wee Tilt

Pampa baseball fans who all summer have been intending to see the Pee wees play will have a fine opportunity Thursday night when the youngsters will again meet Canadian.

The game will be played at Road Runner park, beginning at 8:30 o'clock. That the fans intend to see the game is indicated by the fact that the Pee wees who are in charge of ticket sales have already sold more than 100 of the pasteboreds. Admission will be 25 cents per person.

The Kiwanis club is sponsoring the game, and proceeds will be placed in the Kiwanis underprivileged children's fund. The Pee wees will get enough money out of the proceeds to buy some needed balls and other playing equipment.

The Pee wees have played more than 25 games this season and have lost only two. They have defeated Canadian teams about five times. However, the Hopkirk county lads they will play Thursday night will be an all-star team, composed of the best players of three Canadian junior teams. The Canadian nine will be headed by a pitcher who in the recent tournament at Canadian held the Pee wees to four hits. A stiff battle is expected to take place, and the Pee wees are not taking anything for granted.

Recently, the biggest boy on the Pee wee club, Mago Klizer, who played second base, joined the Advertisers. His loss will be keenly felt.

Amos Reed whose assortment of curves is impressive will hurl the game. Dovie Audis will be behind the bat. The rest of the lineup will probably be as follows: Claude Hetschell 1b, Junior Buckingham 3b, Billy Morrow ss, Dale Mills 2b, Speedy Foster lf, Glen Duff, and Grover Hetschell rf. Howard Buckingham is coach of the Pee wees.

Top-Notch Teams To Enter Jaycee Tournery Friday

HARRY GRAYSON

HAMILTON, N. Y.—Marty McDonough, one of the best ball carriers in football, has just broken his leg playing baseball, which probably will eliminate him from the Colgate university squad this fall.

McDonough is the second star college football to suffer an injury of this kind this summer. Phil Dickens, of Tennessee, broke bones in his ankle and tore ligaments in a meaningless amateur baseball game in Alabama in June.

Dickens is off crutches, but limps badly. The broken bones have healed but the torn ligaments are still troublesome. The team physician says that there is no way to tell whether he'll be able to play until practice starts but Major Bill Britton, new tutor of the Volunteers, plans to hold him out for the season unless he is right.

Tennessee men were confident that Dickens would bring additional All-America honors to Knoxville this autumn. As a sophomore in 1934 the running and passing of the peccolant and speedy Dickens brought fond memories of Beattie Peatters.

Yankees Get Colgate Star. But to get back to Marty McDonough and Colgate. I dropped in on Andy Kerr, famous coach of the Maroon and White, just as he received the sad news. A message of the kind would send the majority of men into a blue funk, but, "It's a tough break for Marty, a fine kid," was Kerr's characteristic comment, as he packed his bags for a trip to Kansas. Little Andy isn't much for slinging the blues on his own account.

McDonough is a senior, which probably means that he never again will lug leather for the Red Raiders of the Chenango. He was one of the more spectacular backs of the past two campaigns.

McDonough's misfortune concerns the New York Yankees almost as much as it does Colgate. It is to the Yankees that Marty is to report at the conclusion of his college course.

McDonough is tabbed as the best second baseman in the collegiate ranks. The Irish youngster swats the ball as hard as he rams a line. He was hitting .475 when the accident happened. Frankie Frisch followed the Colgate varsity around last season attempting to inveigle the organization.

Tulane and Iowa Toughest. Colgate lost 14 of 25 letter men by graduation, and the loss of McDonough on top of that causes Kerr to remark that the Hamilton institution's prospects for 1935 are just fair.

Colgate's schedule includes Holy Cross, Lafayette, Tulane, Iowa, Syracuse, Rutgers, and Brown. Kerr believes his combination's toughest contests will be with Tulane in New Orleans and Iowa at Iowa City. He also anticipates plenty of competition from Lafayette, Holy Cross, Brown, and Syracuse, the latter an ancient and legendary foe.

If Colgate goes places, Kerr expects Don Irwin, fullback in New York, and Iowa at Iowa City. He also anticipates plenty of competition from Lafayette, Holy Cross, Brown, and Syracuse, the latter an ancient and legendary foe.

Much Canning Is Done By Sunshine 4-H Girls Club

Much canning was done at the last meeting of the Sunshine 4-H Girls club, which held an all-day meeting with Leona Lewis, member of the club.

The canning included apricot preserves, tomato juice, cherry preserves, 3 pints of beans, pint of peach preserves, 3 pints of sweet peach pickles, and 24 ounces of jelly, to the estimated value of \$3.05. Miss Ruby Adams, home demonstration agent, directed the work. She is holding a series of all-day meetings with the girls' clubs.

Members present included Janice Bond, Lois Daugherty, Beverly and Margaret Tignor, Helen and Evelyn Morehead, Cassie Lee Chesler, Leona Lewis, Peggy Chesler, Frances Rogers, and Mary Fern Lewis.

"The five pieces of furniture I refinished look 100 per cent better," said Janice Bond, member of the Sunshine 4-H girls' club.

Using varnish, steel wool, and linseed oil on hand, she refinished a sewing machine, library table, davenport, radio, and a chest of drawers.

There was no expense and only a small amount of time was required.

McLean News

McLEAN, Aug. 19.—Mr. and Mrs. Henry Loter have returned from their honeymoon trip in New Mexico and are at home to friends at the Linton apartments. Mrs. Loter was formerly Miss Sybil Young, daughter of Mrs. A. T. Young of McLean.

Mr. and Mrs. W. E. Bogan have as their guests Mrs. Bogan's sister, Mrs. Thos. A. Gray and Mr. Gray of Duncan, Okla. While here they were accompanied by their host and hostess on a trip to Palo Duro canyon.

Mrs. Thos. D'Spain, who underwent a major operation in Pampa and is now at the Worley hospital, is reported doing nicely.

Supt. C. A. Coyer and Mrs. Coyer, accompanied by little Jane Alice, returned Sunday from Amarillo, where they have been recuperating from a car wreck which happened Wednesday west of Amarillo. Minor cuts but severe bruises were received by both Mr. and Mrs. Coyer, but Jane Alice was fortunate to receive very little injury.

On Monday morning, September 2, the doors of the McLean public schools will open to perhaps the largest number of pupils McLean has ever had. Several familiar faces from among the faculty will be missing. They are, from high school: A. A. Tampe, for nine years head of the agriculture department; Miss Clara Dishman, home "ec" teacher, who leaves this year in Brownwood; Coach Garrison Rush, trainer of the Tigers for the last five years and who will be coach of the Shamrock Irishmen; in grade school, Mrs. Roger Powers, who before her marriage this summer was Miss Vera Cummings, teacher of geography in the ward school for the last five years; Miss Pearl Simmons of Erick, Okla., who has been third grade teacher for the last five years, and Miss Beulah Hubbard, returned missionary from Cuba and Mexico, who was here last year but who has accepted a position elsewhere for the coming year.

Bill Allen, who played with the Lamesa eleven, the Golden Sandies of Amarillo, Amarillo Junior college, Louisiana State, and Canyon Buffaloes, and who finished at Canyon this summer, will succeed Garrison Rush. Coach Allen will begin today (Monday) to train the anxious and ready Tigers so that they may carry on as before, and if possible better than before.

Miss Almie Malloy of Sanger graduate of C. L. A., Denton, will have charge of the home economics department. Miss Malloy comes well recommended by a former teacher of McLean, Miss Ruby Seales, who left here to teach in her home town of Sanger.

The place vacated by Prof. Tampke has not yet been filled. Miss Pansy Harris of Clyde will teach in the ward school. Other vacancies have not been filled.

Mrs. D. C. Carpenter will have charge of the cafeteria in the ward school.

Application for federal aid in building a stadium at the Tiger field has been accepted at Amarillo and sent on to higher authority. It is expected to have this project approved and work to begin in the near future. The plan is to have seats on each side of the well-lighted field, a shower for the football boys and two booths for concessions.

Dr. and Mrs. W. L. Campbell have as their house guests the following: R. E. Brant and Miss Shirley Brant and Mr. and Mrs. Merle Padfield of Houston and Mr. and Mrs. A. B. Ziegler of Portales, N. M. Mr. Ziegler's mother also was here.

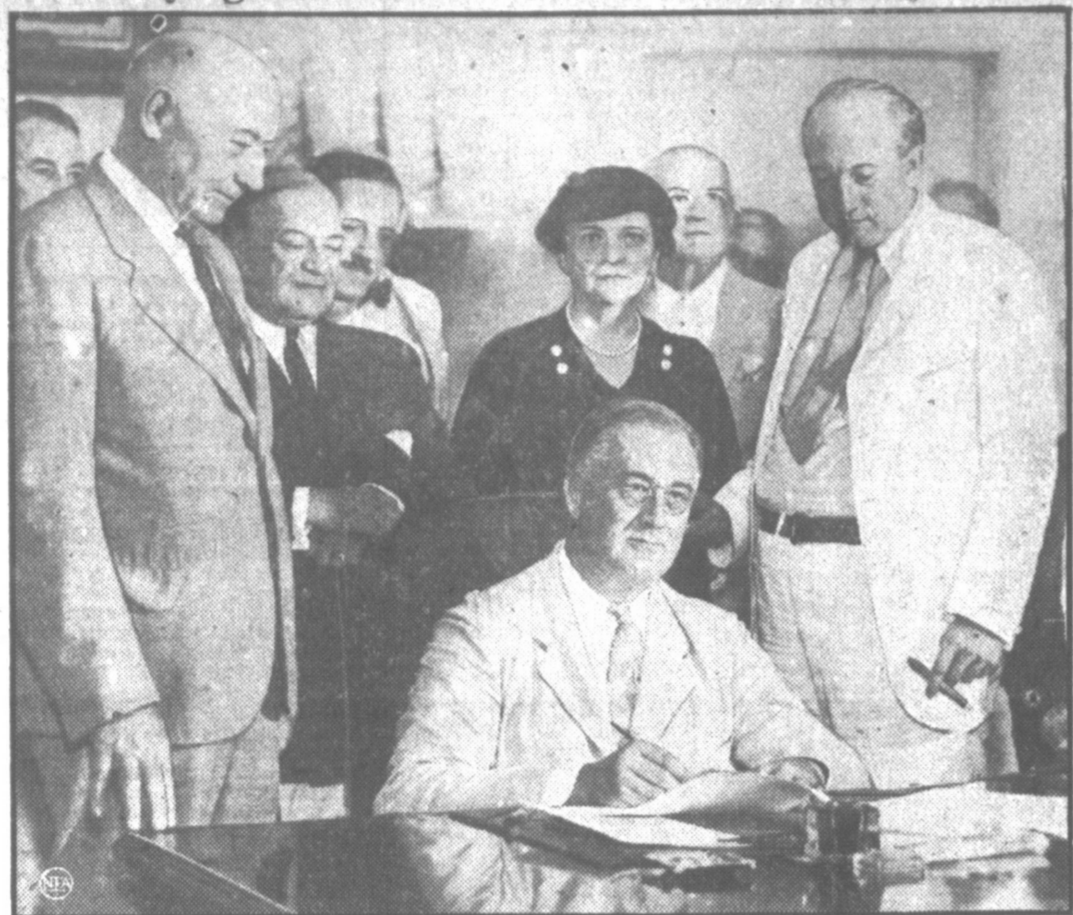

Teachers in Sunday School to Meet

The officers and teachers of the First Methodist Sunday school will meet on the church lawn Wednesday evening at 7 o'clock at a covered dish supper.

The purpose of the meeting is to make plans for rally day, Sept. 8, and promotion day, Sept. 15. H. D. Tucker, educational director, will preside at the meeting and at 8:15 p. m. will deliver the last of the series on talks on the lives of the disciples of Jesus. The subject will be Judas Iscariot.

SOCIAL IS SCHEDULED
The Reapers class of the First Baptist church will meet at Harvester park Thursday at 7:30 o'clock for a social gathering.

Laying the Cornerstone for Social Security

If this congress "had done nothing more than pass this bill, the session would be regarded as historic for all time," said President Roosevelt in this quiet but impressive ceremony at the White House as he signed the Wagner-Lewis social security bill. About his desk,

zens... through unemployment compensation, old age pensions, and protection of children and health," the president said, terminating the act the "cornerstone" in a structure "to lessen the force of possible future depressions."

SISTER MARY'S KITCHEN

BY MARY E. DAGUE, NEA Service Writer.

Remember when you thought all vegetables except, maybe tomatoes and a few greens had to be cooked to be good? And now look at all the raw carrots, cauliflower, beets, and what not in salads and hors d'oeuvres. That ought to give lady housekeepers a tip. When you think there's nothing new under the sun, just do something different with all the old things.

For instance, did you ever hear of an egg nest? Well, technically speaking, it's toast and eggs, but your family will never think of that. It looks so fancy. Yet, it's no trouble. Simply pile stiffly beaten egg white on buttered toast with a bit of butter and the unbroken egg yolk dropped in the center. Sprinkle salt and pepper over the top and put in a moderately hot oven (375 degrees F.) until the egg is set. This will take about ten minutes, and then wait a breakfast!

Arrange your cold meat platter according to color and see what a difference it makes. 10-Year-Old Has Many Entries For Fair This Fall

"Look what I've been doing during idle moments," said Bennie May Wade, 10-year-old member of the McLean 4H club girls, as she exhibited her entries for the county fair.

She showed 3 pints of beans, 3 pints of rut butter, 3 pints of plums, 2 quarts of plum juice, 3 pints of plum preserves, 36 ounces of jelly, a quart of sweet pickles, a quart of peaches, an apron, two sheets, and a guest towel. The estimated value of these articles was \$5.13. Her club is only about three months old.

DANCER, IN HOLLYWOOD FOR TAP, BECOMES LEADING LADY

HOLLYWOOD, August 19.—There is to be no rest for the weary, and that includes Eleanor Powell.

This brown-haired, willowy girl who studied ballet and developed into liquid syncopeation, a sorceress of tapping rhythms, came to Hollywood expecting to do specialty number or two in "The Broadway Melody of 1936." As it happened, she became the leading lady, with a role in which she does "everything except ride a bare-back horse."

Some of the things include a dual acting role, an impersonation of Katharine Hepburn, four specialty dances and a toe dance, and by the time audiences see her do them a new star will be listed on the film roster. Jack Benny, who is the star of the picture, says that.

Graduated From "Scandals"

But the proof of the pudding is that Metro, with a contract that runs in June next year, wants to buy a previous stage contract that calls her to New York immediately. She is going to be in the Schubert production, "At Home Abroad," Metro, naturally, wants to put her in another picture right away, or sooner if possible.

Eleanor Powell, a Springfield, Mass., girl, made a tap-dancing name on Broadway and came to Hollywood first for the George White "Scandals," in which she had a specialty number. She thought Metro crazy when they asked her to take tests for the leading role. But after three months on the picture, preceded by five weeks' rehearsals, she is feeling a little giddy herself.

"Mother and I got up at 5:30, dashed to the studio to be made up and ready to work at 7," she explains, "and I'd be working from then on—sometimes 12 to 14 hours a day. If we finished shooting at 9 p. m., there would still be more rehearsing I had to do, and that meant dinner at 11 and then bed, and up again at 5:30. Dinner at 11 because you can't dance well after eating."

Idea From "Hat Records"
This girl who bears the modest title of "world's greatest feminine tap dancer" creates all her own routines, gets ideas for steps while

listening to "hot" phonograph records. Sometimes she will "dream a step" and on such occasions, even if it's 2 a. m., she has to get up and work it out. She has a name for every routine, a name usually snatched from the air, to identify it in memory. She was doing a new one one morning when her mother

SCHACHT HITS JEW-BAITERS IN A REBUKE

BUT OFFICIALS GLOSS OVER BANKER'S WARNING

BERLIN, Aug. 19. (AP)—The stinging rebuke to window-smashing Jew-baiters by Dr. Hjalmar Schacht, president of the Reichsbank, was today withheld from the masses of German people.

The official German news bureau which supplies newspapers with texts of speeches made by members of the government glossed over Schacht's warning that anti-Semites "inflamed and undisciplined actions" against Jews constitute a serious menace to Germany's business.

Instead, the papers high-lighted Schacht's assertion that "there is no better investment than placing one's savings at the disposal of the reich as a loan for a job creation program."

Similar excerpts from the speech, delivered at the opening of the East Prussian fair at Koentzberg, were made conspicuous to readers by use of display type.

"Every individual must in his own interests," said one quoted passage, "contribute to the continuation and completion of Reichsfuehrer Hitler's gigantic reconstruction works by putting his savings in this vital service until the world economic conditions shall be restored to normalcy."

Judging from the emphasis given that part of Schacht's speech which deals with the loans by German savers to the state, it is indicated that the government's contemporary loans will be consolidated with its short term obligations estimated by bankers to total \$9,000,000,000 marks (about \$3,636,000).

The chief of police of Koentzberg exhibited a willingness to profit by Schacht's admonition against acts which might disturb business relations with other countries. He warned all his fellow townspeople to "behave in a model manner."

The three girls were captured on the night of the crime, and are being taken from the courtroom.

READY MADE WIFE

BY CORALIE STANTON

CHAPTER 25
COMPLICATION

"I said that the time had come when we could make an end of this farce," Laurie managed to control her voice.

"It seems a little soon," Rex replied. "I have only been back six weeks."

"Isn't that time enough for us to find out that we don't get on?"

"I wasn't thinking of that. There are other things."

"What can there be?" Then she put in quickly, "You said before you went to Africa that you owed Mr. Albany money. Is that it?"

"One of them."

Her eyes were steady and looked hostile.

"I can't see how that can matter."

"Albany might turn against me if he thought I had treated you badly." He was making excuses and she knew it. And that made him rage inwardly. A loud, insistent voice was calling in his ears—"I don't want her to go!"

"I think that is absurd," she said. "What could it matter to Mr. Albany, anyhow?"

"I don't want to risk the slightest change of Albany finding out the truth." It was clumsy, ridiculous, pitiable. He knew it. But the voice went on—"She is lovely! She is the loveliest thing in the world!"

Laurie turned away and walked to the window. The memory of that fair, one-armed young man from Australia came back to her. The questions he had asked her about her marriage with Rex Moore. And her rapid answers.

She had heard no more of him. She had forgotten him until just now. What was she to do? Tell Rex Moore about him? No, she couldn't bring herself to do that. It had probably meant nothing. The young man had gone back to Australia, no doubt. Australia was such a long way off.

And probably nobody would trouble to investigate the facts she had given him. She herself was quite unknown. More than likely, all trace of her family was lost by now. Her father had made such a mess of things after her mother's death. He had had no more life in him, and just faded out of existence, a hopeless failure.

But, even so, just the memory of that interview unconsciously altered her frame of mind.

She turned and faced Rex Moore again.

"What do you suggest, then?" she asked.

"That you should give me another fortnight or three weeks," he answered. "It was not looking at her; he was mechanically pouring himself out another cup of tea, although he had finished his breakfast. "It would give me time for certain things I have to do, and then I shall be going off on the Pacific flight, and that will make things easier."

"Very well," said Laurie, and her heart gave a great thump. "And how shall we manage it? I mean—something will have to be done."

"I thought that was fixed. We shall decide that we don't get on together and separate. It's nothing unusual these days."

"But we're supposed to be married!"

"I know."

"Well, we can't stay married, can we?"

"I see!" He gave a savage laugh. "You mean we shall have to get free legally. Get a divorce, or, rather, pretend to get one. I must be a great fool; I admit I never thought of that. But, of course, it can be managed, somehow, without anybody knowing."

Again Laurie thought fearfully of the young man from Australia, but she could not bring herself to speak of him.

"Are you in a great hurry?" he asked. "Do you want to get married?"

"No," she said distantly; and added, with a wonderful imitation of a natural smile, "But perhaps you do?"

"Not likely." He gave her one of those intent, penetrating looks from his grey eyes, that had their snowy, blind look. "Laurie, have you ever been in love?"

She looked back at him defiantly, although her color rose.

"No. Have you?"

Utilities Bill Is Deadlocked

WASHINGTON, Aug. 19. (AP)—Senate lobby investigators summoned Howard C. Hopson, millionaire utilities man, back to the witness stand today to ask more questions about how the Associated Gas and Electric system campaigned to defeat the Roosevelt utilities bill.

At the same time committee members arranged to continue their inquiry into lobbying into the next session of congress, indicating that the utilities issue might play an important part in the next presidential campaign.

The utilities bill is still deadlocked in conference between the senate and house, with democratic leaders said to be seeking a compromise on it before adjournment of congress. A major point at issue is the section—voted by the senate—which would require the mandatory abolition of all holding companies deemed "unnecessary."

In a letter sent to the president yesterday, Rep. Pettengill (D., Ind.) appealed for concessions to "honest differences of opinion" in order to break the deadlock. Mr. Roosevelt has fought for the mandatory abolition clause.

The senate committee sought today to learn from Hopson what part he played in directing the deluge of protesting telegrams that descended upon congress when it was considering the utilities measure. Hopson already has testified the Associated Gas and Electric borrowed a million dollars to finance the drive to defeat the bill.

Fort Orange was built by the Dutch about 1660 at Sekondi, one of the old trading stations on the Guinea coast of west Africa.

TOM CONNALLY REMINDED OF HIS BIRTHDAY

SENATOR FROM TEXAS IS 58 YEARS OLD TODAY

WASHINGTON, Aug. 19. (AP)—"Long Tom" Connally, democratic senator from Texas, became 58 years old today, but he had to be reminded of it.

"I expect my wife has forgotten about it too," said the Lone Star state legislator, now in his second term in the senate.

One of the senate's best story-tellers and sarcastic baiters of the opposition, Connally said his anniversary was of little consequence for he was "too drab and ordinary a fellow" to write about.

The shaggy-haired Texan's long legislative suit has been oil and money. He introduced the bill that brought about the 59-cent dollar by a reduction in the gold content. He also was author of the "hot oil" act which prohibited interstate shipment of oil produced in excess of output allowed by state laws.

Connally, a one-time cub reporter on the now defunct Waco Telephone, doesn't agree with everything done under the New

Roosevelt May Hit At Foes In Milwaukee Talk

WASHINGTON, Aug. 19. (AP)—A reply from President Roosevelt to opposition criticism is expected soon.

Observers are watching to see whether he will hit at his foes in an address—possibly by radio—to a convention of Young Democrats at Milwaukee Friday night, or whether his pronouncements will be made in a forthcoming trip to the west coast.

With critics rattling away at his program and 1936 talk increasingly in the air, the White House has largely been pursuing a policy of silence toward its opponents, so far as set speeches go. It is the general belief, however, that the strategy calls for replies soon.

However, in congressional quarters friendly to the president it was said that the White House will not comply with former President Hoover's demand that the chief executive make a statement before adjournment of congress on "what changes" he proposes in the constitution.

The word was given on capital hill that the White House sees no need to comply, inasmuch as present plans call for the support of no other constitutional amendments than the long-pending one to prohibit child labor and the proposed one to forbid tax exemptions on government securities.

LEGAL REQUIREMENT
PHOENIX, Ariz.—Harry Westfall, justice of the peace, completed the marriage ceremony, and the strapping negro groom grinned and laid on his cheek a silver dollar and two pennies. "Why the pennies?" queried the justice. "Them's Governor Moeur's luxury tax," was the reply.

First Engineer Of Texas Train Dies At Denison

DENISON, Aug. 19. (AP)—Patrick H. Tobin, 84, who was the engineer on the first train entering Texas from the north, died Saturday at his home.

Tobin, who retired last spring after serving many times as city commissioner, had been ill a year. He was a veteran director of the State National bank here.

Tobin was the engineer on a work train which was the first to reach Denison after the M-K-T was completed this far in 1872. After aiding in cotton gin and compress construction here, he went to Mexico to help build the Mexican National railroad.

He returned to Denison and built an ice plant, which he operated for half a century.

Survivors include two brothers, Will E., of Dallas, and Dave, of Fort Worth.

Youth Who Never Flew Plane Holds Stick 40 Minutes

CLEVELAND, Aug. 19. (AP)—Don Long, 22, never had held the stick of an airplane in his life, but he flew a plane over Municipal airport for 40 minutes this afternoon.

He flew the plane because he had to, while the pilot, Dick Field, 30, lowered himself head first, and fastened a wheel that had come loose in taking off.

Two other persons were in the private plane.

An ambulance, a fire truck, and a crowd of spectators waited on the ground.

Field discovered the dangling wheel shortly after the plane left the ground. To Long he said, "You've got to fly this plane."

Field crawled out on the struts, clinging to them and tried to kick the wheel back in place. It was no use.

Field then weighted a rope with a fire extinguisher, hooked his feet in his safety belt, hung from the side of the plane and fished for nearly 40 minutes. Finally he succeeded in fastening the wheel to the sleeve from which it had slipped. He couldn't screw it tight, so he told Long and the other passengers, Miss Estelle Carrell, 18, and Jack Baldwin, 19, to pull with all their strength on the rope.

"I'll take the plane down," Field said, "if it doesn't bounce, we're all set."

The plane didn't bounce and the ambulance and fire truck and the spectators went away.

IT SEEMED SO FAIR LAWN, N. J.—When Samuel Swenson was assessed \$450 for improvement of the highway in front of his home he thought he was buying the road. That's why he barricaded it with sticks and stones and charged autoists 10 cents each to go through. He has 15 days in jail to ponder over the ways of society.

Fisherman Faces Murder Charge In Death Of His Baby

GALVESTON, Aug. 19. (AP)—Louis Scala, League City shrimp fisherman, today faced a charge of murder in connection with the drowning of his baby daughter, whose body was found in Clear creek Saturday.

Scala was accused of throwing the baby one of twins born last February into the water after a family quarrel Thursday in a direct accusation in a statement made by his wife.

Justice of the Peace Emil Schenk of League City said he had returned a verdict of death by drowning at the hands of the father.

Scala left home Thursday in a boat taking his belongings with him and he was arrested last night as he returned to his Clear creek boathouse.

An autopsy on the body of his daughter was ordered and a hearing for Scala tentatively was set for Wednesday.

TO CONTINUE FLYING

AUSTIN, Aug. 19. (AP)—Air-minded Governor Allred said today the fatal crash of Will Rogers and Wiley Post would not cause him to quit flying. "I imagine that if Will Rogers was permitted to write as he did about the deaths of Knute Rockne and Senator Bronson Cutting; 'Headlines tell about the crashes but not about the thousands who go through safely every day.'"

TO BUILD PLANTS

NEW YORK, Aug. 19. (AP)—Preparations are being made for construction and installation of two modern plants at the principal refinery of the Texas corporation at Port Arthur, Texas, it was announced today. The two plants will involve a monetary outlay of about \$3,000,000.

'Human Icicle' Prepares for Test

While authorities threatened to ban the bizarre experiment, carefully prescribed diet became part of the regime of Stephen Simkhovitch, right, preparing in Los Angeles to allow Dr. Ralph Willard, left, to freeze him into a "human icicle" as a scientific experiment, and in the expectation that it will be possible to revive him later. Dr. Willard, who hopes it will be possible thus to kill various disease germs without killing permanently the patient, has announced success in a similar test on a small monkey.

MANY PIONEER FETES HELD IN PLAINS AREAS

PANHANDLE HONORS ITS OLD TIMERS THIS YEAR

(By The Associated Press.)
The Panhandle-Plains area of Texas, where the plow bit into the vast reaches of buffalo grass-covered soil for the first time about half a century ago, has become pioneer-conscious.

More than a score of celebrations have been conducted or planned this summer in honor of the old-timers who, as young men and young women, blazed the trail of civilization to the plains region. Thousands of early-day residents have attended the reunions, renewing old acquaintances and telling of experiences which helped to mold the early history of the section.

The first event of the summer was at Clayton, N. M. Frontier days were revived by citizens who grew beards and dressed in the mode of the 90's. Similar celebrations were held later at Guyton, Okla., and Clovis, N. M.

In Texas, rodeos or other events at which at least a part of the programs were dedicated to early settlers have been held at Pampa, Allison, Plainview, Floydada, Littlefield, Shamrock, Claydon, Ralls, Claude, Memphis, Happy, Delhart, Hereford, Canadian, and Tulia.

Pioneers were honored at five reunions the week ending Aug. 17. The largest gathering was the tenth annual meeting of the West Texas Old Settlers association at Hank Smith Memorial park, near Floydada. The reunion is held each year on the birthday anniversary of the late Hank Smith at his old rock house, said to be the first home of a white man in this section.

The 11th annual get-together of the Lubbock County Old Settlers association was at Shamrock park, Lubbock. Collingsworth county's early day residents attended a reunion at Wellington and Donley county pioneers gathered for an annual session near Hedley.

Although it was founded only 10 years ago, Perryton honored early settlers of that section at a birthday celebration.

Other reunions are scheduled. Early-day ranch hands will attend a celebration in their honor at Roaring Springs August 21 and 22. An annual round-up of old-time cowpunchers will be held near Canyon August 22.

An old-timers gathering will be part of a rodeo and horse racing program scheduled at Silverton on August 29-31.

Several of the reunions this year resulted in the formation of new old settlers organizations and the formulation of plans for annual sessions.

Felony Charges

Charges of driving while intoxicated were to be placed against three McLean youths today, county officers reported this morning. The charges grew out of accidents in the McLean territory.

TULSA WOULD NAME HIGHWAY FOR COMEDIAN

66 Would Be Named For Will Rogers As Memorial

OKLAHOMA CITY, Aug. 19. (AP)—Oklahomans suggested simple memorials today to honor Will Rogers and Wiley Post, the two famous sons of the "Sooner" state who died in an Alaskan airplane crash.

The Oklahoma Philatelic society telegraphed President Roosevelt, Postmaster General Farley and members of the Oklahoma congressional delegation urging a Rogers-Post commemorative stamp be issued.

At Tulsa, J. B. Underwood, an attorney, began a movement to have U. S. highway 66, which passes thru Chelsea and Claremore, renamed "Will Rogers Highway."

An Oklahoma City airport already is named for Post, and the field at Claremore is "Will Rogers airport." A hotel at Claremore also is named for the humorist-philosopher.

Plans were made at Claremore for a Rogers memorial service at the airport at the time of the funeral in California. Congressman Josh Lee of Oklahoma will be the principal speaker.

Six Claremore citizens, including Mayor J. M. Davis, will attend the California services as official representatives of the actor's "home town."

Mrs. Tom McSpadden, sister of Rogers, Mrs. Helen Easton and Ethel Lane, nieces, and Dr. Jesse Bushyhead, cousin, will meet the Rogers family at Kansas City and go to the coast.

Post's widow decided yesterday the body of her motor-husband would be buried in Memorial park near here.

Unless developments cause a change in plans, the funeral will be held Thursday from the First Baptist church here, with the Rev. W. R. White, pastor, and the Rev. J. H. Gardner of Sentinel in charge. The time of the service will be governed by the arrival of the body.

Mrs. Post has gone to Maysville to be with Post's parents until the funeral. While funeral services will be held at Los Angeles, Mrs. Rogers has indicated burial may be in the Rogers family lot at Chelsea.

TREASURER ROBBED

YOUNGSTOWN, O., Aug. 19. (AP)—Alfred J. Barner, Mahoning county deputy treasurer, was robbed of \$5,900 in cash and \$15,000 in checks today by a man who held him up as he was taking the money to a bank.

CALLOWAY TO RETURN HERE

TUESDAY EVE

Tuesday night will see the return to Pampa of one of the country's outstanding orchestras when Jean Calloway and her colored orchestra will play a return engagement at the Pih-Mor ballroom. The big dance is given in response to the requests of dance and music lovers of this territory who were well pleased with the previous appearance.

A floor show, which has gained wide popularity wherever the orchestra has played, will be a feature of the evening's entertainment. The many numbers are varied so that they are sure to please the various types of crowds to which the orchestra has played.

Twelve colored artists make up the orchestra, directed by Jean Calloway, and which is widely known for the Victor recordings it has made.

Hailed throughout the country as the "dynamic personality," Jean Calloway has won acclaim as the queen of the blues. Her 12-piece orchestra has appeared in every major city in the country being featured in the leading RKO Public Box, Pancho and Marco theaters from coast to coast.

The band has a limited tour of this territory, direct from a record-breaking run at the Mantation Club in New York and the Cotton Club, Chicago, and each and every place where the band has been presented tremendous crowds have greeted them at their appearances.

The younger of the famous Calloway family, he was led to rival that of the first of the family that has made the name Calloway so internationally renowned and famous, the well known Cab Calloway. Dancing will begin at 9:30 and last until 1:30. Plans are being made to care for a large crowd. (Adv.)

Car Accidents Take 8 Lives In Texas On Sunday

(By The Associated Press.)

Four automobile accidents took eight lives in Texas Sunday.

Three persons were killed when an automobile crashed into a dry river bed after it ran through a bridge rail in Bowie county. Two others drowned in the Neches river near Jasper when their auto sank in 20 feet of water after it went off the end of a ferry boat. A woman was killed in an accident near Webster.

T. R. Fryor, 29, of Texarkana, and his nephews, Douglas Holt, 2, and Jerry Lee Holt, 4, died after the bridge accident about nine miles southwest of Texarkana. The children's mother, Mrs. C. C. Holt, 22, of Vivian, La., suffered a fractured wrist and bruises.

Mrs. J. H. Dowell, 52, and her daughter, Merle, 11, of Normangee, drowned when a car plunged over the end of the boat at the Town Bluff ferry, 16 miles west of Jasper.

Three other occupants crawled through a window and swam to safety.

Mrs. R. Charles Atkins, 28, of Kilgore, was injured fatally, and Mrs. Bill Cook, also of Kilgore, was hurt seriously when the auto in which they were riding collided with an oil truck two miles from Kilgore.

Two unidentified negroes, a woman and a girl, were killed and six other persons injured in the crash on the Galveston-Houston highway near Webster.

The ancient Egyptians used spoons carved of ivory, flint, slate and wood.

The body of Poland's Marshal Josef Pilsudski was buried in the cathedral attached to the royal castle at Cracow.

Mrs. Post Will Get \$250 Month

OKLAHOMA CITY, Aug. 19. (AP)—Mrs. Wiley Post, widow of the famous flier killed Thursday with Will Rogers in Alaska, will receive \$250 monthly under a contract signed by Post at the time the Wiley Post Aircraft corporation was organized here with the globe circler as its head.

The contract made more than a year ago stipulated Mrs. Post was to receive \$250 a month in event of Post's death. The contract is effective until November 1936.

While Post's friends said he earned considerable money from his flying honors, they believed he had spent most of it for the advancement of aviation and in purchasing equipment for the Winnie Mae of Oklahoma, now in a Bartlesville hanger.

A bill before congress would provide for purchase of the famous plane for \$25,000. It would be placed in the Smithsonian Institution.

In addition to the plane, friends said, Post left a pusher type airplane, \$2000 in life insurance and a small amount of money in a bank here.

Harley Sadler Buys A Circus

AMARILLO, Aug. 19. (AP)—Harley Sadler, veteran Texas tent showman, announced today that he had purchased the Bailey Brothers circus of Tulsa, Okla.

The show, to be known as the Harley Sadler three-ring circus, will open at Tulsa August 29, and will start a swing through Texas 10 days later. Sadler said that a mile-long parade would be a feature of the motorized circus. Sadler will be manager of the circus as well as of his repertoire show. Headquarters for both will be at Sweetwater.

Mystery Land In Russia Believed Found By A Ship

MOSCOW, Aug. 1. (AP)—News of what was declared to be the first exploration of a mysterious region near the top of the world where some unknown force is said to turn vessels off their course was received in radio messages today from the Russian exploration ship Sadko.

It is in this one that the legendary Gillis (or Gilles) land is said to exist and the messages asserted that the Sadko expedition had sighted on the horizon what it was thought might be this land.

(An English captain named Gillis sailing northeast from Spitzbergen in 1707 sighted an island which he named after himself but left no further records concerning it. It was reported sighted at various other times but of recent years geographers have considered that the island was White Island, one of the Spitzbergen group. This island was visited by a Norwegian explorer in August, 1898.)

The mysterious region of unknown forces lies north of the 81st parallel of latitude, northeast of Northeastland, second largest island of the Spitzbergen group.

Soviet scientists have reported that all vessels which previously tried to penetrate the region were turned mysteriously from their course before they could enter it.

Lane Rites Held This Afternoon—Burial In City

Funeral services for Mrs. T. H. Lane, 73, pioneer Pampa resident who died suddenly Saturday night, were to be conducted at 3:30 o'clock this afternoon in the First Christian church with the Rev. John Mulien, pastor, officiating. Burial was to follow in Fairview cemetery under direction of G. C. Malone funeral home.

Fallbearers named were A. H. Doucette, W. G. Kinzer, A. T. Case, De Lea Vicars, Charlie Thut, Ray Wilson.

Flowers were to be in charge of Mrs. Charlie Thomas, Mrs. Lee Ledrick, and Mrs. Hugh Isbell.

Mrs. Lane had been a resident of Pampa for 47 years. With her husband, she moved here when Pampa was known as Sutton. The Lanes resided in a dugout where Mr. Lane conducted the postoffice and was also roadmaster and station agent for the Santa Fe Railroad company which had just laid rails through this territory.

Mrs. Lane is survived by two sons, Roy H. Lane of Harrison, Ark., and T. V. Lane of Pampa; and two brothers, S. C. Case of Pampa and

BURNS TO DEATH

NILES, Mich., Aug. 19. (AP)—Henry L. Heckell of New Orleans was burned to death and six other persons narrowly escaped a similar fate when fire destroyed two summer cottages at Barron Lake early today. ROGERS' SON TO CONTINUE AIR JOURNEYS

YOUNG WILL BEAR A RESEMBLANCE TO HIS FATHER

CHICAGO, Aug. 19 (AP)—The accident which took the life of his famous father will not keep Will Rogers Jr. from flying.

Here today en route to the west coast in a private car with other members of the family to attend final rites for the famous humorist, the son of the Oklahoma philosopher said:

"The accident was just unfortunate. It will not keep me from flying."

Accompanied by his mother, his sister, Mary; his brother, James; Dorothy Stone, daughter of the comedian, Fred Stone; Mrs. Rogers' sister, Miss Theda Blake; the latter's nephew, Jimmie Blake, and Frank Phillips, Bartlesville, Okla., all men, young Rogers arrived here from New York in a car attached to the Pennsylvania Limited.

He alone appeared, explaining that his mother was being given every opportunity to rest to steel her for the ordeal to come.

"I'm glad we came back by train," said young Will. "Not that we have turned against flying, but because it has given mother more time to rest. She has been lying down nearly all the time since we left New York."

Young Will who bears a noticeable resemblance to his father and has the same lively western drawl, said the group will be joined at Kansas City by Mrs. Thomas McSpadden, of Claremore, Okla., sister of the crash victim.

A public funeral will be held in Los Angeles Thursday morning, young Rogers said, followed by a private funeral in the afternoon. Then the body will be placed in a vault in Los Angeles. Later it will be buried in the family plot at Chelsea.

informed the president that it would be impossible to get this provision through congress. Whereupon it was decided that Senator Barkley (D., Ky.) would seek today to get the conferees to agree on a compromise and failing that, Rep. Rye (D., Texas) would offer a motion in the house to instruct that chamber's conferees to accept the compromise.

The compromise, though not fully outlined, was said to direct the federal power commission to decide which companies should be eliminated, but would leave wide avenues through which the companies could carry on, the courts their fight against dissolution.

Tax Compromise Indicated.

As for the tax measure which the senate and house adopted in very different form in response to President Roosevelt's call for "distribution of wealth," a compromise on several points was indicated.

For instance, the senate voted to increase surtaxes on individual incomes over \$100,000; the house made its best start at incomes over \$90,000. The president, it was said, indicated that he favored a \$200,000 figure. He also was declared to favor some kind of inheritance tax. The senate voted new, high levels on inheritances; the house favored, instead, increases in the present state taxes.

A compromise on graduated taxes on corporation incomes also was indicated. The house, turning down the administration recommendation for a widely graduated tax in accordance with the size of income, voted merely for a 1 per cent graduation, ranging from 1.4 to 14 1/4 per cent. The senate passed a 3 per cent range, from 12 1/2 to 15 1/2. Legislative leaders now talk of a compromise of 2 per cent.

Concerning the new liquor agency projected as a successor to the federal alcohol control administration, informers' quarters predicted congress would permit bulk sales of liquor in kegs and barrels, and would set up an independent regulatory agency which, however, would submit its reports to congress through the treasury.

Fed Act Last.

The senate had voted to restrict sales of liquor in bottles; and to make the agency independent. The house approved bulk sales, and decided to put the agency under the treasury.

Among measures mentioned as likely to be passed so far as this session of congress is concerned was a federal alcohol control system. It was predicted that congress would not act finally now on railroad pension legislation to replace a law stricken off the books by the supreme court.

There were indications, however, of a forthcoming investigation to determine whether or not the new social security law should apply to railroad workers. Though the Frazier-Lemke mortgage moratorium measure, also designed to replace a measure scrapped by the supreme court, was under debate today in the senate, informers' sources predicted it would not be enacted this session.

The house proceeded today to a vote on the Guffey bill, with its backers seeking to speed it to the senate. On the house calendar today also was action on the conference agreement on the annuity banking bill.

This is not listed on the 11-point program merely because it is considered as gone as passed, the senate-house conferees having agreed on it.

PICKETS, POLICE CLASH

MINNEAPOLIS, Aug. 19 (AP)—Warning gunfire marked a clash between several hundred pickets and a police guard of 70 as the Starwear Knitting company factory closed last Friday by a labor disturbance, reopened today. An officer fired into the air, routing the pickets temporarily but clubs and fists flew in the brief melee. It was reported one employee, escorting a group of girls into the plant, was struck on the head by a rock.

LEAVE FOR FUNERAL

SWEETWATER, Aug. 19 (AP)—Mrs. and Mrs. D. J. Laine, parents of Mrs. Wiley Post, were en route to Ponca City, Okla., today to join Mrs. Post for the funeral services for her famous flier husband. Two sisters of Mrs. Post and their husbands accompanied Mr. and Mrs. Laine. They were Mr. and Mrs. H. W. Weems and Mr. and Mrs. H. C. Denson.

CHICAGO GRAIN

CHICAGO, Aug. 19 (AP)—Wheat prices fluctuated erratically today, bobbing above and below Saturday's closing figures with the swell and ebb of buying power.

Buying associated with the firm closing of Liverpool wheat values caused a rally here around noon but subsequently liquidation followed release of figures showing liberal increase of 6,127,000 bushels in the domestic visible supply.

At the close wheat was 1/2 to 1 cent below Saturday's finish, December 87 1/2-3/4, and corn was 3/4 to 1 1/2 off, December 55-55 1/4. Oats was 1/2 higher, rye 1/2 off and barley unchanged to 1/2 down. Lard futures broke 45 to 50 cents.

After the private services the comedian's body will be interred in a crypt at Fort Lawn—not far from those of two of his closest friends of life, Marie Dressler and Florenz Ziegfeld, theatrical producer.

Later, it was understood, it will be removed to Rogers' home state, Oklahoma.

Ethiopia Confident

ADDIS ABABA, Aug. 19 (AP)—Disappointed but not discouraged by the breakdown of the Paris negotiations, Ethiopian officials said today they had re-dedicated themselves to the task of maintaining an unconquered and independent nation.

"We still place all our confidence in the League of Nations," said a high official. "We are sure that England, with her traditional patience, determination, and resourcefulness, will find a solution or a compromise."

"In any event, if war must come we are prepared. Throughout the centuries Ethiopia has never been conquered. It shall not be vanquished now."

Hopson's Probe Becomes Heated

WASHINGTON, Aug. 19 (AP)—The senate lobby committee examination of Howard C. Hopson became stormy and heated today as the questioning turned to the utility head's profits from the Associated Gas and Electric System.

Chairman Black frequently demanded that he answer the questions, once warning that if he didn't the issue would "be carried to the senate."

To this hint of contempt action, Hopson retorted this committee was not trying to get "all the truth" but only half truths.

Committeemen placed in the record evidence they said showed Hopson had received "hidden profits" from a private company which sold services to units of the Associated System.

They contended he had received \$654,000 paid by the company to Edward J. Cheney, an Associate engineer.

Hopson said he did not know whether the books showed he received the money, but insisted that officers, directors and employees of the Associated Gas knew he and Cheney were partners in the business.

Senator Schwelvenbach (D-Wash.), who was questioning Hopson on this phase of the inquiry, asked if he had invested more than \$5,000 in the company.

added, might continue with only four members.

Meantime the pressing problem of Italo-Ethiopian peace rests with the league.
