Friday update

Dignitaries Due For Banquet

Snyder residents were poised today to welcome Gov. Dolph Briscoe and former first lady, Mrs. Lady Bird Johnson, along with several other well-known personalities who are due here this evening for the annual banquet of the Snyder Chamber of Commerce.

The Chamber banquet this year has been dedicated to the late Claire and C.T. McLaughlin, who were active in numerous special events and in the business, civic and cultural life of the community for many years.

A major portion of the banquet will be devoted to special tributes to the McLaughlins, including the presentation of a special McLaughlin Memorial Award.

The banquet meal will be served at 7 p.m. in the Scurry County Coliseum, and over 1,200 persons are expected to be on hand for the event.

Gov. Briscoe, who was expected to arrive here by plane late this afternoon, will be the principal speaker. Mrs. Johnson will pay tribute to the McLaughlins in her remarks. Also, special tribute will be paid to Mrs. McLaughlin by Robert Dupree, and to Mr. McLaughlin by a representative of the Cowboy Hall of Fame.

Fred Korth, former Secretary of the Navy, will present the McLaughlin Memorial Award. The identity of the recipient will not be revealed until the banquet.

In addition three local awards that are presented at the chamber banquet will be made during the banquet. Bentley Baize, a past recipient, will present the Winston Memorial Award for achievement in agriculture, and Mayor John Fagin will present the Mayor's Award for Community Development, a new award established in memory of the late William A. Vestal. Henry Clark, chamber president, will present the past president's award to Jimmie Joe Key, the 1976 chamber president.

Edward Clark, former Ambassador to Australia, will be the master of ceremonies at the banquet, and Rep. Mike Ezzell of Snyder will introduce Gov. Briscoe.

Dinner music will be provided by the Snyder High School Stage Band, under direction of Don Eiring.

VOL. 28 NO. 297 SNYDER, TEXAS (79549) FRI., APR. 15, 1977 2 SECTIONS 28 PAGES 15c

Carter Ends Review

WASHINGTON (AP) — President Carter said today he has finished his review of 30 water projects he proposed scrapping, and pledged that his administration will adhere to strict cirteria for initiating such projects in the future.

The President said governors and congressmen will be told over the weekend which of the projects survived the review. He said his staff is "preparing an analysis to give to the public" of his reasons for dooming some projects and keeping others.

Carter said he might make his decisions public Monday.

Texas Case Strong

AUSTIN, Tex. (AP) — Atty. Gen. John Hill said today that Texas is the only "rightful" claimant to collect inheritance taxes from the multi-million dollar estate of Howard Hughes.

In fact, Hill told a news conference, Texas' case is so strong the struggle among several states to tax Hughes as a resident may be settled voluntarily.

"We have accumulated more than 30,000 documents right in this office to show that Howard Hughes never intended to make his domicile anywhere but Texas," Hill said.

House Work Wiped Out

AUSTIN, Tex. (AP) — State representatives who hoped to have the complex and politically explosive school finance bill behind them by now must start from scratch Monday.

They quit for the weekend late Thursday afternoon, with most angry and confused over a parliamentary ploy that wiped out a week's work.

Rep. John Bryant, D-Dallas, saying he wanted to buy time to dramatize what he called inequities in the bill, raised a point of order against its further consideration.

Sales Checks Mailed

AUSTIN, Tex. (AP) — Comptroller Bob Bullock said his office today mailed checks totaling $16.2 million to Texas cities and towns, representing the April rebate of the one-cent sale tax they assess.

Bullock said his office has remitted $105.7 million in city sales taxes this year. "City sales tax collections are running a healthy 18 per cent ahead of last year," said Bullock.

The SDN Column

Keeping tab on our neighbors:

The Midland Reporter-Telegram reports Colege Park Zoo there will begin pnasing out shortly. The facility has been open for 21 years, but it has run into financial problems—like nearly everything else—and now it apparently has nowhere to turn. A bond issue was proposed to establish a new zoo, but it was defeated in the April 2 election. The Reporter-Telegram reported that most of the animals probably will be sold to other zoos, but some probably will have to be given away.

Rains Soak Snyder Area

Spring thunderstorms Thursday soaked the Snyder and Scurry County area with welcome moisture and forecasts indicated a chance for more before the wet spell moves on.

Rainfall from a little over an inch to more than 1.75 inches was general over this area, according to reports this morning. In most places, some small hail accompanied Thursday afternoon showers, but it was too small and there was not enough of it to cause damage.

County Extension Agent Billy Roach said the rains came at an ideal time for most Scurry County farmers.

"I think most of the cotton farmers had their herbicides in, and now with this moisture they can begin listing and preparing for the planting date," said Roach.

May 16 has been agreed upon as a uniform cotton planting date here by the Scurry County Producers Association. This date has been pinpointed as the one which will enhance the boll weevil control program conducted by the association.

Roach said the rains also will give a big boost to wheat in the area. The wheat crop, which appeared doomed several weeks ago, was rejuvinated by rains in March and the rains Thursday should put the finishing touches on it, Roach said.

The official gauge at the city water plant in Snyder measured .96 inch in the 24-hour period ending at 7 a.m. today. That made a total of 1.02 inches since the rains started here shortly before 6 a.m. Thursday. It ran the total for the year to 4.06 inches.

Rainfall totalling 1.85 inches was reported at the Lake J.B. Thomas dam. However, the rains were lighter on the Colorado River and Bull Creek watersheds above the lake, and no appreciable runoff was expected.

Art Show Set At Coliseum

Those arriving early for the Chamber of Commerce banquet this evening at the Scurry County Coliseum will have an opportunity to see an art exhibit by the Texas Cowboy Artists' Association.

The coliseum will be open at 5:30 p.m. for the art exhibit which will be in the foyer.

The TCA is making plans to hold its own annual banquet and art show in the coliseum here next November.

In addition, the Diamond M Museum was to be open at 4 p.m. today.

TIME IS RUNNING OUT—Mrs. John Gaston is one of many taxpayers who found themselves buried in Internal Revenue Service forms and figures today as time was running out for filing income tax returns. Midnight tonight is the magic hour. (SDN STAFF PHOTO).

Briscoe Puts Hopes On Carter

WASHINGTON (AP) — Gov. Dolph Briscoe of Texas said Friday he still has hopes President Carter will make some last minute changes in proposed energy policies and reject plans for increased regulation of natural gas and higher gasoline taxes.

But Briscoe, who attended a meeting with Carter and other governors and local officials at the White House on Thursday, could offer little to support his optimism.

"The President is the only hope we have against what has been put out," he told a news conference.

Draft reports of the administration's energy plans that have been widely reported this week call for greater industry regulation, including extending price ceilings to intrastate natural gas which now sells at higher prices than regulated interstate supplies.

Cuba Still Will Abide By Terms

WASHINGTON (AP) — The 1973 U.S.-Cuban anti-hijacking agreement expired today, a highly successful diplomatic venture that fell victim to the lingering uneasiness between the two countries.

However, Cuban President Fidel Castro has indicated that Cuba will continue to abide by the terms of the agreement despite the absence of a contractual obligation.

AFS Meeting Set Saturday

The Snyder Chapter of the American Field Service will hold its April meeting at 8 a.m. Saturday at the Smorgasbord House.

The organization usually meets the first Saturday of each month, But the April meeting was delayed because of the spring holidays in local schools. The AFS sponsors the foreign exchange student program in Snyder High School.

Anyone interested in the AFS work is invited to attend the "Dutch treat" breakfast session Saturday morning.

TEAM NAMED TO MONITOR PROGRAM

Inflation Fight Launched

WASHINGTON (AP) — President Carter today launched a drive to bring the nation's inflation rate down to about four per cent by the end of 1979, and said that if Congress passed a permanent income tax cut as a substitute for his discarded $50 rax rebate, "I would veto it."

Carter said the permanent tax reduction Republicans pushed in opposing his rebate would be irresponsible and inflationary. He said he does not believe Congress will approve such a measure.

The President's inflation-fighting program emphasized voluntary cooperation and shunned controls. To monitor it, Carter named a labor-management advisory team with AFL-CIO President George Meany as one of its leaders. Meany has been sharply critical of the administration's economic course so far.

General Electric Chairman Reginald Jones will also join the team, Carter said.

The President said the pressure on prices has been mounting this year, with the consumer price index up at rates that would point to annual inflation of about 9 per cent. The harsh winter has been blamed for part of the increase, and administration officials estimate the rate for all of 1977 will be about 6 per cent.

The President said government, business and labor can "reasonably aim at reducing the rate of inflation by two percentage points by the end of 1979, while still vigorously pursuing our commitment to full employment.

"Our goal is to reduce the inflation rate by two per cent by the end of 1979, which is a very difficult task to undertake," Carter told a nationally broadcast news conference.

In announcing his long-awaited anti-inflation plan, Carter flatly ruled out any wage and prices controls.

He said it is evident that inflationary pressures have been intensifying all year, with the average level of price increases running at an annual rate of nine per cent.

The President said he will deal with that "difficult and pernicious problem" without sacrificing economic expansion or jobs, and without resorting to compulsion or coercion.

Carter said Meany and Jones would work with other business and labor leaders, as well as government officials, to develop economic objectives for the nation, including goals for jobs and inflation.

"Most importantly, this joint effort must be voluntary and cooperative and not be based on coercive or self-defeating controls," Carter said.

He said Treasury Secretary W. Michael Blumenthal will head government representatives who will work with the panel.

There were few features in the anit-inflation program that had not been previously disclosed by the President.

rights by legislation

There seems to be no end of proof that we are living in zany times. Of all manifestations of that fact none is more prevalent, or more likely to get attention, than the assumption somebody's constitutional or natural rights are in jeopardy unless specifically guaranteed in a legislative act.

A prime example was reported in Texas newspapers recently. A committee of the State Senate missed by a single vote recommending passage of a measure bearing the impressive title, "A Bill of Rights for all employes of state agencies."

This purpose is spelled out in attention-compelling language which declares that employes of the State of Texas shall "have the rights of freedom of speech, of religious conviction, of assembly, of petition, of residency, and of association. These rights and any other right enjoyed by citizens of this nation and this state shall not be abridged by ordinance or resolution of a governing body or by administrative act."

Obvious intent of this language is to inform the Legislature, city councils, school boards, directors of eleemosynary, correctional and educational institutions anywhere that the Bill of Rights in the U.S. Constitution applies in Texas and simply because a person draws pay from the State of Texas is no reason for assuming he is any less a citizen of the United States.

Surprisingly, however, this gem of statesmanship missed by one vote being reported out of committee with a recommendation that it "do pass." Rules of the State Senate require that committee action must be supported by seven yea votes. The "Bill of Rights for State Employes" was favored by six members and opposed by two.

One of the mysteries of this period in our national history is why, after 200 years of pretty satisfactory living under our Federal Constitution, there are many people who seem to feel that it doesn't adequately protect citizens against violations of their rights.

If employes of the State of Texas, or any of its subdivisions or agencies, are being denied the right of free speech, freedom of religion or freedom of assembly there is plenty of law on which to bring charges against their oppressors. It can be put down as certain that any district judge in Texas will gladly take care of the situation if the matter is brought to his attention in proper form.

"Now, I'm on your side."

our honored guests

It is not often that a city such as Snyder has the opportunity to be host to a Governor of Texas and First Lady of the United States simultaneously, but it is happening today.

Actually, Gov. Dolph Briscoe and Lady Bird Johnson will be greeted this evening by many local residents as "old friends" because both have visited Snyder on previous occasions. Also, both have participated in special events here in previous years, but possibly none more fitting than tonight's banquet which pays past tribute to the late C.T. and Claire McLaughlin, who had the honor of hosting the Briscoes and the Johnsons during some of their earlier visits here.

The appearance of the governor and the former first lady undoubtedly will stir some nostalgic memories as the Chamber of Commerce banquet unfolds tonight. They will be joined by other well-known personalities as the McLaughlins are honored, and, although it may sound trite, there probably are no more appropriate words to express the sentiments of the community than "it is indeed a pleasure to welcome Gov. Briscoe and Lady Bird Johnson to Snyder again."

bill henry

your chamber in action

As the rest of you, we get a vast amount of mail--good, bad and indifferent. This week, the latest issue of the U.S. Chamber's Newsletter came in. It's usually very interesting to read and gives us a chance to see what other Chamber's around the nation are doing for its investors. This issue provided an even greater benefit as it contained a very good editorial written by Joseph W. Teague, President, Charlottesville and Albermarle County Chamber of Commerce, entitled "The American Way."

THE AMERICAN WAY

"Every good and excellent thing stands moment by moment on the razor edge of danger and must be fought for," a quote from Thornton Wilder.

The success of democratic America has been great, but we have problems in the educational field, the social and economic fields, military, technical, news and political areas. The survival of our nation is at stake. Truly, we stand on the "razor edge of danger."

While the danger is great, it is not primarily because of communism, space or arms race, the dollar drain or world trade competition, serious and decisive as those are. Underlying their danger, the decline of moral strength, religious conviction, national purpose, and personal responsible brotherhood and citizenship. To the extent we build or tear down these qualities, we will win or lose our struggle.

As citizens we must not apologize for adherence to old fashioned principles... faith in God, free enterprise, patriotism, honesty in government and business, and respect for the family unit. We must realize that the time for passive, negative concern is past and that the time for active, positive involvement is NOW. The future belongs to those who will abandon the role of spectator and adopt the role of participant.

Apathy in today's world is no longer a state of indifference, but rather a state of repression. Apathy could very well cause the elimination of freedom and human happiness from our lives. The Tyranny of a Prince in a Monarchy is not at all as dangerous to the public welfare and individual freedom as the apathy of a citizen in a democracy. Responsible action is the foundation upon which a free nation survives. Indifference acts as a decay which will eventually destroy the foundation.

There is a price on human liberty. The price is the willingness to assume the responsibilities of being free people. The payment of this price is a personal matter with each of us. It is not something we can get others to pay for us. To let others carry the responsibilities of freedom and the work and worry that accompany them, while we share only in the benefits, may be very human impulse, but is likely to be fatal.

I do not want anybody to convince my children that someone will guarantee them a living. I want them to realize that there is plenty of opportunity in the country for them to achieve success, but that whether they win or lose depends entirely on their OWN character, perserverance, thrift, intelligence and capacity for hard work.

Let us reflect on our brilliant past, and dedicate ourselves to temper the savageness of man and make gentle the like of our community. And let us say a daily prayer for our local, state and national leaders to whom we look for much needed leadership.

john cunniff

reflection of times

NEW YORK (AP) — Calvert Crary is a stock analyst who studies the law and the facts of court suits rather than financial statements.

Perhaps unique in that role, the young lawyer is also a reflection of the times, when government antitrust suits and patent infringement claims have the potential of producing sharp, sometimes prolonged, price changes.

Matters of law are ubiquitous in business because, as Crary observes, the law itself is growing. Judicial, legislative and regulatory actions are producing not only more decisions but often more complex ones.

This near constant activity accounts for the position that Crary, 33, occupies with the brokerage house of Bache Halsey Stuart, where he attempts and often succeeds in predicting the outcome of major lawsuits.

While Crary has written about more than 400 companies, he concentrates on four concerns prominent both in the courts and before the public: Xerox, Eastman Kodak, American Telephone & Telegraph and International Business Machines. His knowledge of the law, and how the facts of a case relate to the law, permit him to make judgments that ordinary securities analysts cannot. And he states his views without equivocation.

Regarding the government antimonopoly case against IBM, he stated in an interview: "I feel IBM is on very, very strong ground. I've never seen a case so one-sided as this one. This is a case that should not have been brought."

Nevertheless, he said, he perceives the judge leaning in the direction of the government, which prepares him for a possible decision contrary to his view. "In that case, I am confident it would be reversed," he said.

"They have nothing," he added for emphasis. "Their case the government's is so transparent, so weak, so poor..." The government's own witnesses, he said, have demonstrated that the Sherman Act has not been violated.

Crary has backed his opinions with money. Shortly before joining the brokerage house, while working as an attorney, he became convinced that a $250 million judgment to Telex Corp. against IBM would be reversed.

Four days before the appeals court acted, Crary gathered his available cash, some $3,000, and purchased call options in IBM, exercisable at $200 a share. At the time, the shares were selling for $160 each.

After the reversal, IBM's stock did rise, although there is no telling how much other market factors might have been involved. Still, having been able to buy IBM at $200 a share, he profited from having it rise to $228 within a few weeks. The price now is in excess of $270 a share.

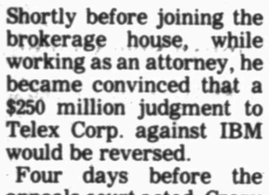

Unlike outside lawyer-analysts who operate part time or on a consulting basis, Crary devotes full time to his calling. Not content merely to know the law, he seeks also to know all he can about the condition of the company being analyzed and the industry in which is operates.

But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control; against such there is no law. — Galatians 5:22,23.

"Today we are afraid of simple words like goodness and mercy and kindness. We don't believe in the good old words because we don't believe in the good old values anymore. And that is why the world is so sick." — Lin Yutang, Chinese philosopher.

in washington

martha angle and robert walters

WASHINGTON — (NEA) — Confidential material from the files of federal law enforcement agencies indicates that the trade of illicit narcotics for contraband arms and munitions has become a thriving criminal activity throughout the Western Hemisphere.

There has been limited public disclosure about the arms-for-drugs trade between Mexico and the four states which border on that nation -- California, Texas, Arizona and New Mexico -- but we have obtained copies of classified documents which show the scope of the problem to be far wider than previously reported.

Typical of the burgeoning trade between Southwestern United States and Mexico is a government report of two Mexican smugglers carrying 400 automatic weapons from the Rio Hondo, Tex. area to Tampico, Mexico, where the arms were traded for heroin.

In another case, a major narcotics trafficker linked to a heroin laboratory operating in Mexico is reported by federal officials to be using Nogales, Ariz. as the border point for the smuggling of weapons into Mexico and drugs into the United States.

The United States-Mexico traffic was the subject of a one-day congressional hearing early this year. In addition, Sen. Lloyd Bentsen, D-Texas, recently warned that "decisive action is needed" to stem the arms-for-drugs trade because it poses a serious threat to both nations.

Not previously disclosed, however, is the involvement of other nations in virtually identical illicit deals. In one instance, a known smuggler of marijuana and cocaine was reported to be training Mexicans to fly a plane loaded with weapons to Colombia, where they were to be exchanged for drugs.

Two citizens of Columbia have been identified by federal law enforcement officials as engaging in the illegal ferrying of weapons into their country and cocaine into Florida. Haiti and Honduras reportedly have been involved in similar contraband traffic.

Customs Service files show that two El Salvador citizens, both apparently members of that country's armed forces, were arrested several years ago on charges of smuggling arms and ammunition from the United States into that nation.

Residents of Costa Rica and Panama are cited in a report of the Drug Enforcement Administration (DEA) as the purchasers of 40 pistols, 40 machine guns and 40 gas masks in the Miami, Fla. area.

A Californian, reportedly engaged in gun-running to Cuba, is identified in another confidential federal report as seeking to exchange a kilogram (slightly more than 2.2 pounds) of heroin for a case of 25 percussion grenades.

Much of the traffic involves weapons manufactured in this country and believed to have been stolen from National Guard armories. According to DEA Administrator Peter B. Bensinger, the Mexican black market price for a single M-16 automatic rifle is $1,500.

M-1 carbines, M-10 automatic machine guns, M-14 rifles, machine pistols, hand grenades and explosives are other popular United States-originated items bartered for drugs in Central and South America.

But the origin of the arms and munitions is even broader in scope than the illicit traffic. One well-known arms-for-drugs trader was arrested several years ago by DEA officials and found to be in possession of numerous weapons, including a Russian-made AK-47 submachine gun.

Another smuggler used a shrimp boat to ferry four Soviet AK-47s, seven M-16s, 10 grenades, ammunition and detonators from Houston, Tex. to Tampico, Mexico.

One federal report we have obtained describes the Escondido, Calif. exchange of cocaine for M-16s and Israeli-built Uzi submachine guns. And another narcotics trafficker was reported to have discussed the possible production of weapons in Portugal for shipment to Mexico.

letters to editor

To The Daily News:

I would like to applaud Mrs. Ann Overhulser's letter to the editor concerning the previews shown at our local theater. Her complaint of showing "R" rated previews to a "G" rated audience has, in my opinion, been long over-due.

This past Saturday, Easter eve, my family and parents, attended a "G" rated movie. It was a rather special occasion for us, since the children's grandparents had not attended a movie in well over twenty years. What greeted us was the preview of a Satanic movie, featuring a baby carriage containing the claw of a creature, presumably the devil, whose arm dangled from the carriage, dripping blood. Quite fitting, wouldn't you think, the night before Easter? (No, quite disgusting is the word to us Christians, who thank God for one of His most precious gifts He gives us, our children).

I realize that each individual citizen has a choice of the kind of movie he desires to view. I also realize that we citizens are fore-warned of the material of the movies by the ever popular "G,PG,R, and X" rated symbols. But what good are these ratings when you expect to see a family film, yet you are subjected to "choice" film clippings of murder, suggested sex scenes, and satanic actions?

I'm proud to say my family and I are Christians. I DO NOT appreciate having corruption thrown at us when least expected! I think the movie manager should respect us "G" rated people by showing only "G" rated material.

In most cases, when one theater is showing a "G" rated movie, the adjoining theater is showing a "GP" or "R" rated movie. It would be most appreciated by many, if the manager would please keep the preview in harmony with the movie being viewed.

I hope, in the future, enough Snyderites will voice this complaint along with mine. I know for a fact that many feel as I do.

Mrs. Karen L. Traylor

WINS SCHOLARSHIP—Cheryl Taylor, pupil of Mrs. Wayne Bethel, was awarded a piano scholarship given by the music department at Abilene Christian University. The first place $500 scholarship is the highest honor given to an incoming freshman piano major. Miss Taylor has studied piano for 11 years. Three pieces she performed were: Concerto No. 1 in C Major, Beethoven; Prelude and Fugue No. 15, Bach; and Four Anniversaries, Bernstein. The audition was held April 9.

Lodge Hosts Workshop

Hunter Lodge and Eastern Star will host a West Texas District No. 1 area workshop to be held at the Scurry County Coliseum Saturday, April 16 with registration to begin at 9 a.m. and ending at 4 p.m. Registration fee is $5 per person.

The program is to begin at 10 a.m. and the public is invited to attend. The welcome address will be by Mayor John Fagin.

Separate sessions beginning at 1:30 p.m. are to be led by Area Deputy Leroy J. Hammond and Associate Grand Worthy Matron Justine Royal.

The public is invited to attend the joint session and Shrine and Daughters Ball at 9 p.m. at the Smith Recreation Center, 3212 Ave. J.

Opening lead — 3 ♦

By Oswald & James Jacoby

North's four notrump bid was not Blackwood, but merely an invitation to South to bid a slam with a maximum notrump. South with 17 high-card points plus two 10 spots accepts the invitation.

Against any lead but a diamond, South would have time to take a safe spade finesse. The finesse would be safe because South would be sure of 12 tricks whether or not that finesse succeeded.

Unfortunately for South, West got his hand on the three of diamonds. South played dummy's eight and East covered with the king, not the 10.

Had East played the 10, South would have no way to come to 12 tricks without trying the spade finesse, but that finesse would have worked for him.

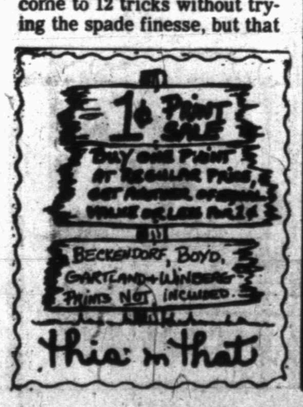

After East played the king, South won with the ace and eventually had to decide between a spade finesse and a lead to dummy's jack-nine of diamonds. He finally decided that West had led from queen-10 of diamonds; tried the diamond play and was set.

Ask the Jacobys

A Missouri reader asks the score for making three notrump redoubled with three overtricks. Both sides are vulnerable.

The score is 2150: 400 below the line, plus 50 for making the contract, plus 1200 for the three overtricks, plus 500 for the rubber.

How To Tell Quacks From Counselors

By Abigail Van Buren

© 1977 by Chicago Tribune-N.Y. News Synd. Inc.

DEAR ABBY: I have noticed that you frequently advise your readers to see a marriage counselor. A married friend of mine once went to a marriage counselor she found through an ad in the paper, and you wouldn't believe some of the suggestions he made to her. He told her to get herself a "boyfriend"—and the younger, the better. He also encouraged her to join a nudist colony.

He said HE was a member, and he even showed her one of the "camp" magazines. She paid him for a year's "counseling" in advance, and after five weeks she went to his office for an appointment and found that he had moved and left no forwarding address.

I am not saying all marriage counselors are like this one, but how is a person supposed to know the honest ones from the crooks? They all call themselves "Doctor" and their walls are covered with diplomas that look "real" to the average person.

MRS. H.W.S.

DEAR MRS. H.W.S.: Yours is an excellent question. If you are uncertain about the qualifications of those who advertise themselves as "marriage counselors," ask your family doctor, clergyman or the Better Business Bureau to recommend one. If there is a university in (or near) your town, write to the head of the psychology department for a recommendation.

If the above sources are unavailable to you write to The American Association of Marriage and Family Counselors, 225 Yale Avenue, Claremont, Calif. 91711, and ask them to refer you to someone in your area.

DEAR ABBY: The letter from Paul's wife whose husband had the annoying habit of salting his food before tasting it reminds me of a supposedly true story.

A personnel director who was responsible for hiring executives would always invite the job applicant out for lunch as part of the interview. If he salted his food before tasting it, he deduced that he made decisions without first investigating.

Interesting?

M.E.H.

DEAR M.E.H.: Yes. And a reasonable conclusion, too.

DEAR ABBY: What is meant by "immediate family": I say it includes mother, father, sisters and brothers. My friend says it also includes aunts, uncles and cousins.

Who is right?

NEW YORKER

DEAR NEW YORKER: You are.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

EXCHANGE STUDENT PRESENTS PROGRAM—Robyn Trail, exchange student from Invercargill, New Zealand, presently living with the Guy Sullivans, showed slides and gave many facts about New Zealand to the fourth, fifth and sixth grades of Stanfield Elementary. The Stanfield PTA sponsored this program. Students shown with Robyn are Kenneth Breedlove and Kathy Norris from Mrs. June Brock's fifth grade class.

PREPARING TO REGISTER KIDS—Terra Stanfield, daughter of Mr. and Mrs. Terry Stanfield, looks on wishing she was old enough to participate in Superkids. David Clemmons, left, and Bill Urban right, prepare to register contestants as Beverly Clemmons, standing, is secretary of the project.

AARP Will Meet Monday

Chapter 2063 of the American Association of Retired Persons (AARP) meets Monday at 2 p.m. at the Senior Center at Western Texas College. Members are urged to attend. Guests are welcomed.

Loretta Lynn Holding Sale

NASHVILLE, Tenn. (AP) — Country music performer Loretta Lynn and her husband, Mooney, are holding a sale this Saturday at a farm they own near Waverly, Tenn.

They will be selling an estimated $500,000 worth of farm machinery, excess livestock and thoroughbred Belgian horses.

The Lynns say part of the property soon will become a model for the Allis-Chalmers Farm Equipment Co., of Milwaukee.

PROUD GROUP—These three WTC journalists who attended the Rocky Mountain Collegiate Press Association Conference in Las Vegas, Nev., display awards won by the department. From left are Linda Grissom, Paula Cornoyer and Stacy Payne.

Awards Won By WTC Journalists

Western Texas College journalists and the student newspaper won honor awards during the 53rd Annual Rocky Mt. Collegiate Press Association Conference in Las Vegas, Nev.

The Western Texan, biweekly campus publication, received second place in general excellence in the small junior college division. The newspaper also earned first place in page make-up.

Individual staff members recognized were Jill Palmer, Ira sophomore, first, newswriting; Palmer, third, investigative - interpretive reporting; Ken LeMond, Andrews sophomore, first, sports photo; Weldon Jefferson, Colorado City freshman, first, single advertisement; and Randy Parrott, Albany freshman, third, sports writing.

In an open magazine competition, Danny Chastain, Snyder sophomore, placed third in color photography. All colleges and universities were judged together.

Students attending the conference were Paula Cornoyer, Sweetwater sophomore; Stacy Payne, Stanton sophomore; Linda Grissom, Snyder sophomore; and Debbie Sutton, Loraine freshman. Mike McBride, associate professor of journalism, accompanied the group.

IRS Gets Many Calls This Week

ST. PAUL, Minn. (AP) — "I respectfully request a 30-day extension to file my tax return," a man wrote the St. Paul office of the Internal Revenue Service. "My year-old son ate the W-2 and I have to get a duplicate."

That's just one of the 6,000 questions IRS personnel at the office received this week. The filing deadline is midnight today.

Most calls about tax matters can only be taken seriously, said Bill Knight, IRS public affairs officer.

Since Jan. 1, the St. Paul IRS office, which has 63 workers who answer questions, has received more than 360,000 queries from taxpayers.

They included one from a man who wanted to know if he could claim three taverns as exemptions "since they depend on me for their livelihood?"

Billy Will Honor Contract

NAPLES, Fla. (AP) — Billy Carter will attend the Farm City Barbecue in Immokalee, Fla., play on "Billy's Redneck Power" softball team, and dance at a ball in Stoneburner's barn, says the sponsor of the events.

D.L. Stoneburner also says money raised from the activities scheduled for April 23-25 will be distributed among local charities.

Stoneburner said Thursday that the President's brother will honor his contract to attend despite an outcry over his appearance that caused the swamp buggy drivers and the American Cancer Society to withdraw from the events.

The swamp buggy races were canceled when drivers learned that Billy Carter was getting a $10,000 fee. They said the fee should go for prizes.

Originally, the proceeds from the events were to go to the American Cancer Society. But the society, concerned about Billy Carter's chain-smoking image, withdrew its support.

Convicted Killer Gets 99-Years

FORT STOCKTON, Tex. (AP) — Convicted killer Allen Ladd Woody should be given a 99-year prison sentence, a state district court jury said Thursday.

Woody was convicted Wednesday of the 1975 murder of Beth Pearson, 15, of Kerrville.

Mrs. Pearson's body and that of Carol London, 18, were found in a pasture near Kerrville.

The state's chief witness, Lyle Brummett, 20, of Kerrville, testified that Woody strangeld Mrs. Pearson after apparently raping her.

Woody, 20, of Center Point, denied Brummett's story, saying he had never seen nor known either victim.

State District Court Judge Robert Barton scheduled formal sentencing for May 23 in Fort Stockton. The case was tried here on a change of venue.

Barrel Race Set Saturday

The Sundowners Riding Club is sponsoring an open jackpot barrel race at 1 p.m. Saturday at the arena south of U.S. 84.

The event is approved by the West Texas Barrel Racing Association and will include a full slate of novice, junior and open barrel races, plus poles and flags. Further information may be obtained by calling Vera Hamilton at 573-5758, or Anne Henderson 573-9735.

Tito To Be Honored Again

BELGRADE, Yugoslavia (AP) — President Josef Broz Tito, who will be 85 years old on May 25, will be proclaimed "people's hero" for the third time.

IN SAN FRANCISCO

City Hall Computers Are Water Guzzlers

SAN FRANCISCO (AP) — The City of San Francisco, still asking residents to cut water use by one fourth during the current drought, guzzles 100 gallons a minute to cool City Hall computers.

That's enough precious water to supply 500 families a day.

"It's ridiculous, when you think that you're scratching around to save five or six gallons every time you don't flush the toilet," said John Molinari, a member of the San Francisco Board of Supervisors.

Deborah Petrie, an aide in Molinari's office, said most businesses that use computers recycle their cooling water. But then, she said, businesses pay for water, while the city gets it free.

"The Bank of America uses 37,500 gallons a day," she said, "and they have three floors of computer equipment. We only have two tiny rooms, and we use 140,000 gallons a day."

Molinari said engineers are working on a plan to end the water waste.

Under one plan, he said, the city would stop using water from city pipes for its computers and use instead water from a well drilled below City Hall decades ago, but unused for years.

After the computers used the water, he said, it would go into the city Fire Department's reserve water supply system, which now draws 150,000 gallons a day out of the city's supply.

Adding the gallons used by the fire department and those consumed by the computers, Molinari figures, the system would save 290,000 gallons a day.

"A family of four in San Francisco uses 290 gallons a day," he said, "so we're saving enough for 1,000 families a day."

The estimated cost of the project, he said, is $33,000.

But before it can be implemented, Molinari said, it must be approved by the Board of Supervisors and signed by the mayor. Then it must be implemented by the city Department of Public Works, which must dig beneath the City Hall basement, reactivate the well and build the pipelines that will make the whole thing work.

It will take months, and probably will not be completed until well into the 1977-78 rainy season, which may provide drought relief starting this fall.

Miss George Weds Film Producer

LOS ANGELES (AP) — Television sports commentator Phyllis George, 27, and film producer Robert Evans, 46, have been married at a private ceremony at his home in Beverly Hills.

The couple left immediately for a honeymoon in Acapulco after Thursday's ceremony, a Paramount Pictures spokesman said.

Evans met Miss George, who was Miss America in 1971, while he was filming "Black Sunday" at the Super Bowl in Miami in January 1976.

It was his fourth marriage and Miss George's first. He was formerly married to actress Ali McGraw.

Snyder Has Full Slate

Today's local sports action is highlighted by district tennis and baseball. Out of town, Snyder high school participates in track, baseball and golf... providing good weather prevails.

Locally, the Snyder Tigers host Lamesa at four o'clock here today. The Tigers, under direction of coach Albert Lewis, are 2-0 in district play to date, with 10 games to go.

Saturday, Snyder will travel to Brownfield for a one o'clock meeting with the Cubs.

The 3-3A tennis tournament planned for today and tomorrow may be hampered-but not stopped-by weather. If skies are fair, matches will be held as previously announced. If not, varsity girls singles will be played in Snyder Gym and varsity girls doubles in Sweetwater Gym. The boys and junior varsity matches will be postponed until next week if the rains continue.

Out of town, Snyder varsity girls will attend the 3-3A district track meet in Lubbock. Among the schools attending will be Snyder, Lamesa, San Angelo Lake View, Brownfield, Sweetwater, Dunbar and host, Lubbock Estacado.

Prelims will begin in the morning Saturday, with finals in the field events running all day long. Finals in the dashes and relays begin at 3 p.m.

Meanwhile, the varsity boys track team travel to the Amarillo Relays held today and tomorrow at Dick Bevins Stadium. Prelims were to begin today at the meet, with finals scheduled for tomorrow.

Coach Shipp's boys will be getting in a last minute workout before their district meet in Brownfield next weekend.

Also held today, but out of town, is the Lubbock Christian baseball tournament. Snyder junior varsity is scheduled to play both Friday and Saturday.

Filling out the weekend will be two other sports events involving Snyder high schoolers.

Saturday morning, Snyder varsity golfers travel to Lamesa for the third district meet. Snyder, though not far behind, could use a good showing going into the fourth and final meet to be held soon.

Lamesa, Snyder, Brownfield and Sweetwater are involved in the golf competition.

The Philadelphia Phillies have a distinction they can do without. They hold the World Series record for consecutive losses by one run...the last four in 1915 and the first three in 1950.

Miller Locks Floyd For 1st Round Lead

CARLSBAD, Calif. (AP) — The last year, said Johnny Miller, "has been a humbling experience.

"I've been playing bad that long, except for the Kaiser and the British Open. This isn't something that's just come up in the last couple of months. I've been playing pretty bad golf for a year.

"But I haven't really been down on myself. I've been learning something from this bad experience. Sometimes, when I was playing good, I'd shoot a better score than I should. It just seemed easy. I think I really needed something to wake me up."

The worst slump of his career served as the wake-up call and sent Miller on a search through basic fundamentals to find the swing that once made him the hottest property in golf. And he's come up with something that works.

"I still haven't got it down pat, but I'm on the right track," Miller said after his nobogey, five-under-par 67 - by two shots his best round of the season - had tied him with Ray Floyd for the first-round lead Thursday in the prestigious, $225,000 Tournament of Champions.

They shared a one-shot lead over Lee Elder, who once had it seven under par, then ran into trouble on the tough finishing holes at the 6,855-yard La Costa Country Club course and fell back to a 68.

Gary Koch and Joe Inman, two of the record 12 first-time players in this elite event that brings together only the winners of regular tour events from the last 12 months, were next at 69.

Jack Nicklaus laced a one iron 12 feet from the flag and ran in the putt for an eagle three on the second hole. But it was his one bright spot of the mild, sunny day. He finished with a 71.

Nicklaus, admittedly experiencing a letdown from his last-round charge that fell short in last week's Masters, said he doesn't like to play the week immediately following a major championship, but added, "since I'm here, I might as well get with it, get in the golf tournament. Hopefully, I can get it in position where a good last round will win it."

Tom Watson, who beat Nicklaus in that thrilling stretch run at Augusta, Ga., and Lee Trevino, making a second try at the tour after back surgery last year, were well back with 74s. Trevino highlighted his round with a seven iron shot that found the cup for an eagle two. Ben Crenshaw shot 76 and defending champion Don January trailed the field at 77.

Floyd, who has been in title contention in two of his last four starts and has played strongly all year, commented "I'm playing well enough to win. It's just a matter of getting out there and getting the job done."

He had the lead alone after stroking approaches to within five feet for consecutive birdies on the 12th and 13th, then fell back into a tie for the top spot with a bogey from a bunker on the 14th.

Miller said he has worked on basics, principally his hip turn, in his attempt to "try to do what I used to do."

He said he'd gotten away from his basic swing in an attempt to improve on a game that ranked at the top.

Tony Cobb Is On All-Region Team

Snyder's Tony Cobb has recently been named to the First Team All-Regional Basketball Squad, coach Jack Stephenson announced today.

In receiving the honor, Cobb joins other first teamers Mike Jackson and Jason Welch of Borger, James Walling of Canyon and Billy Hardaway of Dunbar.

A forward for the 1976-77 year, Cobb has also been named All-District and All-South Plains.

Cotton

NEW YORK (AP) — Cotton futures No. 2 turned lower at Midday.

Thursday's Agriculture Department estimate that said farmers intended to plant 13.7 million acres in cotton this spring 17 per cent more than a year earlier prompted traders to rush to sell cotton futures contracts, brokers said. The forecast was sharply higher than many traders had anticipated.

The average price for strict low middling 11-16 inch spot cotton advanced 18 points to 74.88 cents a pound Thursday for the 10 leading markets, according to the New York Cotton Exchange.

Midday prices were $10.00 a bale lower than the previous close. May 76.37, Jul 76.66 and Oct 72.30.

Livestock

AMARILLO, Tex. (AP) — Demand for carlot for steer and heifer beef very light. Not enough sales any class fresh beef reported to establish price trends. Most packers reported virtually no interest or inquiry from any area.

RAINS

(Continued from page 1)

inches, and as in other areas, there was some light hail reported, but no damage.

The rains amounted to 1.75 to more than 1.80 in and around Fluvanna, and Ira had showers estimated at well over an inch.

Turbulent weather which punished much of Texas was continuing today in some areas. There was at least small damage from wind, water and hailstones at many points and some roads were blocked, principally at low-water crossings. The worst conditions were reported in South Central Texas.

Hail as big as baseballs pounded the Charlotte community 45 miles southwest of San Antonio. Icy pellets the size of golf balls rattled off the rooftops at numerous other points.

Northwest of San Antonio in the Hill Country around Kerrville, water rose five feet over the Guadalupe River bridge at Hunt and blocked Texas 39 west of Ingram. Three inches of rain poured down in 30 minutes at Mountain Home in the same vicinity.

Authorities reported logs and stones washed onto Interstate 10 west of Kerrville and made the route dangerous although still passable. A boat dock and two paddleboats were swept away from the River Inn 12 miles west of Hunt. Johnson Creek in that neighborhood rose six feet and continued to climb as a big rise tumbled toward its juncture with the Guadalupe River.

Radar spotted a tornado in the air 25 miles west of Kerrville soon after midnight but it spun away harmlessly.

Late Thursday and during the night twisters menaced other points. One dipped down in West Texas between two houses at Saragosa in Reeves County but spared both as it damaged a cotton gin close by. Another hit ground without harm in neighboring Ward County.

Still other funnel clouds touched down in Central Texas near Austin, New Braunfels and Hindes, likewise dealing no damage.

Steady and often torrential rains doused many sections of the state and still more moisture was forecast.

HOSPITAL NOTES

ADMISSIONS: Ignacio Costillo, Rt. 2; James Hughes, Rt. 1, Colorado City; Mary Clayton, 2215 40th; Preston Sharp, Box 102, Gail; Leonard Becerra, 1500 College; Suzanna Wood, Rt. 1.

DISMISSALS: Dale Cates, Gregoria Dominquez, Larry Ellett, William Mitchell, Dinah Young, Phillip Woolverton, Rose Richards, Jimmy Koonce, Madge Willingham, Carl Voss.

First Federal Announces Prize List

P.A. Faver of Snyder won the $500 savings account that topped prizes awarded Thursday at First Federal Savings and Loan's "open house."

Charles Biel, First Federal President, who headed a delegation of officers and directors from the Big Spring office who came here for the open house, said the officials were pleased with the turnout.

Some 532 guests signed the registry, and many more visited the newly-remodeled First Federal offices during the day.

Other winners of savings accounts that were awarded were Charles S. Hardy, Mary Williamson, Doris Stokes, Cindy Wood, Stanley White, Velesta Black, Kathy Howell, Mrs. T.L. Martin, Elizabeth McCloskey, Bill Early, Beryl Birdwell, Mrs. Bud England, Sherene Digby, Frances Harris, Sue Birdsall, Delores Jones and Mrs. L.W.Farmer.

Ira Equalization Board Is Named

IRA—The Ira School Board appointed a board of tax equalization at its April meeting.

Appointed were Manley Burrow, Pete Hester and Horace Fowler. The meeting of the equalization board has been set tentatively for 9 a.m. to 11 a.m. June 29.

The board also voted to take part in the Region 14 Education Service Center during the 1977-78 school year, and agreed to pay any returning teacher $100 to attend the Small Schools Workshop at Austin this summer. Participation in the National School Lunch Program for the coming year was approved, and an application for Title I funds was approved.

The building program was discussed and local district sick leave, but no action was taken, pending state regulations which have not yet been set.

The Ira board re-elected its officers following the April 2 election. Donnie Dunn was re-elected president, Bill Calley was re-elected vice president and Jake Autry was re-elected secretary.

Snyderite Wins Award

LUBBOCK — Dean Greer of San Antonio, J. Deaton Grubbs of Colorado City and Gary Terrell of Snyder received Outstanding Service awards at the Texas Tech University School of Law Honors and Awards Program, April 2.

An award of law books was presented by Foundation Press to students who had given outstanding service to the Moot Court and Mock Trial Competition Teams, to the Moot Court Board and to the Law School.

Greer is the son of Mr. Barry Greer, 3103 Old Ranch Road, San Antonio, and Mrs. Mary Lou Farley, Canal Zone.

Grubbs, is the son of Mr. and Mrs. Johnny Grubbs, Colorado City, and Terrell is the son of Mr. and Mrs. Marlin Terrell, Snyder.

Langdon Picks At Energy Plan

AUSTIN, Tex. (AP) — Texas Railroad Commissioner Jim Langdon said today that Americans are "doomed to disappointment" if they are counting on President Carter's soon-to-be announced national energy plan to develop clean, inexpensive new energy resources.

In remarks prepared for delivery to the West Texas Chamber of Commerce in Midland, Langdon also predicted the program will fail if it continues to be complicated by politics.

"I know some of the people who are currently involved in drafting energy policy proposals for the President," said Langdon. "When one considers the role they played in creating the nation's energy problem, it is difficult to be optimistic that they will provide the correct solution.

"Unfortunately the energy problem is not merely a problem of scarcity and ever-higher prices. The problem is complicated by the 'politics of energy' - recriminations, accusations and controversy."

Langdon, one of three members of the powerful oil and gas regulating body," added, "Unless President Carter can eliminate politics from being reflected in his energy policy proposals, the plans will fail and there will be no viable, long-range national energy policy."

Langdon described Carter's recent ban on domestic use of plutonium as "a terrible mistake," regardless of how well-meant the ban was, and he charged some congressmen with "political chicanery" for accusing energy producers of creating the shortage.

The idea of punishing the industry for the nation's energy shortages would be comparable to "kicking the hens to encourage them to lay more eggs."

Three Fires Are Reported

Snyder firemen extinguished three fires Thursday.

A house fire was doused at 11:25 p.m. yesterday at 510 34th St.

A small portion of the house around the front porch had caught fire resulting in relatively minor damages. The house was reportedly unoccupied at the time of the fire. Firemen reported the house is owned by Ruth Harris.

A tank battery fire at the Stallworth Oil Co. was snuffed out yesterday afternoon about 3:20 p.m. The fire occurred approximately 15 miles southwest of Snyder. No reports of damage were immediately available.

At 10:50 p.m. Thursday, firemen extinguished a fire that had developed in a light fixture at the Ponderosa Motel west of town.

WEEK PROCLAIMED—Mayor John Fagin is shown signing a proclamation declaring the week of April 17-23 as Private Property Week in Snyder. With Fagin is Lois Graves, president of the Snyder Board of Realtors. (SDN STAFF PHOTO).

Engineer Devises Way To Clear Space Litter

PHILADELPHIA (AP) — An aerospace engineer whose colleagues call him the "garbageman of space" has developed a way to pluck orbiting satellites from space and bring them safely back to earth.

The plan is the first practical method devised for clearing some 3,000 manmade objects now littering the galaxy hundreds of miles above the earth, said Dr. Marshall Kaplan of Pennsylvnia State University.

Kaplan said he presented the proposal this week to the National Aeronautics Space Administration, which commissioned his research and is considering the plan for the Space Shuttle program in mid-1979.

The Defense Department also is "very interested" in the retrieval proposal as a way in which foreign satellites could be captured if they posed a threat to the United States, Kaplan said.

"It is getting messy up there, and the Air Force may be thinking it would be cheaper to retrieve the satellites than to continue tracking them," Kaplan said.

He said the main reason for bringing the space junk back to earth is so scientists could study those that failed and relaunch others, saving millions of dollars. The satellites cost between $2 million and $40 million.

"The biggest obstacle to capturing objects in space is the fact that many of them are spinning or tumbling very quickly, making it unsafe for a retrieval vehicle to link up with a target - particularly if there are people in the object," Kaplan said.

Three Mishaps Are Reported

Three minor traffic accidents occurred within about an hour of each other yesterday.

The first mishap Thursday was reported to police at 10:32 a.m. at the parking lot of the Department of Public Safety.

Involved in the mishap were a 1969 Ford driven by Betty Bogle and a 1969 Ford pickup truck driven by Pedro Torrez.

The second collision occurred in the 1600 block of 25th St. Thursday at 11:09 a.m. A 1969 Mercury driven by Darrol Clawson was in collision with a 1962 Chevrolet driven by Troy Crowder.

The last mishap occurred in the 2300 block of Peyton Ave. at 11:27 a.m. Involved in the mishap were a 1975 Chevrolet driven by Johnny Lee and a 1970 Ford van driven by Howard Murphree.

"NO EXCUSE SUNDAY"
FIRST BAPTIST CHURCH
1701 27th "BECAUSE WE CARE"
There is absolutely No Excuse for your not being here on this Sunday because we will have:
1. A cot in the lobby for those who say that Sunday is the only day they can sleep in.
2. Murine for those with tired eyes from watching TV too late on Saturday night.
3. Steel helmets for those who say that the roof will fall in if they come.
4. Blankets for those who think the sanctuary is too cool and fans for those who think it is too hot.
5. Hearing aids for those who find it hard to hear the preacher and cotton for those who can.
6. Score cards for listing the names of all the hypocrites present.
7. A good supply of buttons ("stamp out stewardship") to be worn during the offering.
8. Hundreds of TV dinners for those who can't go to church and cook too.
9. Good music and excellent congregational singing for those who like to praise the Lord in song.
10. The presence of our Lord for those who rejoice in the freedom to worship with friends in the house of the Lord.

DAYBREAK

Someone said that the single most important event to take place on this earth each year is the harvest. That's undoubtedly true. Our existence depends upon it. But another event rivals it in sheer wonder. It's the breaking of day. If it occurred in only one place, millions would travel miles just to see it once. But it takes place everywhere, everyday, and most of us ignore it.

My early morning jogging provides me with a view of this miracle everyday. All is dark and mysterious. The stillness is so prevalent it can be touched. Then, suddenly, there is a rim of color like a mauve curtain dropping from heaven and footlights brighten that part which touches the stage of earth.

Then I can begin to hear it, see it, and feel it come. The day opens its eyes and takes a look into the depths of my soul.

The miracle of the New Birth is the nearest other experience to it. It is life's greatest moment. The soul rises up from what appeared to have been death, and looks with joy and wonder full into the face of its Maker! The brightness of God's mercy shines across one's life. The Lily of the Valley, that bright and morning Star takes His rightful place in the constellation of your life.

Have you experienced this spiritual daybreak?

—Paul M. Stevens

CHURCH SERVICES

FAITH BAPTIST

Sunday School will begin at 10 a.m. and morning worship at 10:50. The Rev. L.W. Hatfield, pastor, will bring both messages Sunday.

Training Union begins at 6:15 p.m. and evening worship at 7.

Carl Shroyer has been employed as full-time assistant pastor, and Alton Wiedel is music director. Adult choir practices at 5:20 p.m. Sunday. For other choir rehearsals, consult the director.

Mid-week service begins at 7 p.m. Wednesday for teachers and workers and worship follows at 7:30. Visitors are welcome and transportation is available to those who call 573-0714. The Faith Baptist radio broadcast is presented at 8:35 a.m. each Friday over KSNY.

NORTHSIDE BAPTIST

Saturday afternoon at 5 the youth of the church will leave for the District Youth Rally at Quaker Ave. Church in Lubbock.

Sunday morning worship begins at 9:45 with Sunday School. The lesson for this Sunday is, "Divine Judgment on Egypt" with the lesson material Isaiah 19: 1-25. Morning worship services and children's chapel will follow at 10:55.

Sunday evening worship begins at 6 with B.T.C. and Discovery Hour. The B.T.C. lesson for this Sunday is, "The Pastor and The Divine Call" with the lesson text taken from; I Timothy 1:12. Evening worship and radio broadcast will follow at 7. The pastor George E. White will be in charge of both worship services.

Tuesday evening at 7:30 is the time for Ladies' Auxiliary meeting at the church.

Wednesday evening at 7:30 is the time for midweek prayer services.

If you would like a ride to church, call 573-7105 or 573-5320.

New elders, deacons, deaconesses, and youth representatives will be elected Sunday for the 1977-78 church year. The minister, Otto Schaufele, will speak from the Gospel of Mark during the morning worship and on the subject of the "Holy Spirit in the Life of the Believer" in the evening service. The church bus will run at 9 a.m. A nursery is provided for infants and children's church and junior church for other children.

ST. JOHN'S EPISCOPAL

Holy Communion will be celebrated the first Sunday after Easter by the Ven. Richard Wilson of Lubbock. John Thomas will assist.

Gene Dulaney will usher and Mrs. Billie Mills and Mrs. W.C. Hart will be in charge of the altar. Visitors are welcome.

BETHEL BAPTIST

"The Back To Bethel Broadcast" may be heard over KSNY at 8:35 a.m. Sunday. R. Virgil Mott, the speaker, will have as his sermon topic, "The Power Of The Right Commitment."

Call 573-7267 or 573-5968 if you need a ride to Sunday School. Sunday School will begin at 10 a.m.

A new program of worship will be offered for children beginning at 11:25 a.m. A few minutes will be devoted to all who are 12 years old and under that age.

"The Great Commission" will be the pastor's main topic for the morning service.

Sunday afternoon at 4:30 p.m. the budget and finance committees will meet in fellowship Hall at the church.

Church training service will begin at 5 p.m.

The pastor will discuss: "The Full Life of Faith" at the 6 p.m. worship service.

Wednesday activities will begin at 7 p.m. with the Acteens meeting for their studies in Missions.

The pastor will continue the study of Evangelism at the 7:30 p.m. set prayer time.

FIRST UNITED METH.

Church School classes for all ages begin at 9:45 a.m. followed by the morning service of worship at 10:55 at First United Methodist Church. The Rev. David H. Robertson will witness to the Word. The 1977 Confirmation Class will be received during the morning service of worship this Sunday morning. There are 9 young people who will be confirmed into the church.

Junior and Senior High UMYF meet at 5:30 p.m. for a snack supper and program.

The Sunday evening Bible study - worship experience will resume this Sunday at 6 p.m. in Wesley Hall. The Bible study for this Sunday will be John 20:19-31.

The calendar includes Mother's Day Out Program (call for reservations) on Tuesday, Leah Cluster, pre-kindergarten parents meeting, Council on Ministries, and Chancel Choir rehearsal on Wednesday, Esther Group on Thursday, and the Northwest Texas United Methodist Women's Annual Meeting in Midland on Friday and Saturday.

Nurseries are provided for all activities at First United Methodist Church.

FIRST BAPTIST

Sunday will be "No Excuse Sunday" at First Baptist, with a goal of 807 in Sunday School.

Rev. Ken Andress will have as his sermon title, "Anti-Wile Weaponry," Eph. 6:10-13 for the morning service.

"Understanding Yourself" is the title of a course in Christian Psychology which Dr. Joe Reaves of Western Texas College will teach, beginning at 6 p.m. Sunday. Rev. Andress' evening topic will be "The Conquering Church," Rev. 3:7-13. Church conference will follow the service and a "Sing 'n Share" will follow at the home of Judy Schooler, 2603 34th.

Baptist Young Women will meet at 10 a.m. Monday in the Young Adult Building and Baptist Women will meet at 9:30 a.m. Tuesday in the Sears Building.

Young people will present "Celebration: A Writer in Search of a Play," at the spring dinner theater Wednesday and Thursday evenings. Tickets, priced at $1.50 each, must be purchased in advance. Dinner will be served at 7 p.m. and the play will follow. Jerry Neill is the director.

Use Snyder Daily News Classified Ads--Call 573-5486.

REV. AND MRS. DONALD CRIGGER

Missionaries To Speak At Trinity

Rev. and Mrs. Donald Crigger, missionary appointees to Burundi, Africa, will speak at Trinity United Methodist Church Sunday at 6:30 p.m.

Mr. and Mrs. Crigger serve with World Gospel Mission, an interdenominational sending agency with 335 missionaries and homeland staff serving in eighteen areas of the world. International headquarters is in Marion, Indiana.

Rev. Crigger, born in Ohio, was reared in a Christian home. At the age of 16 years he was converted. Shortly after committing his life to Christ, he felt the call of God to preach the gospel.

After he completed Bible training at Kentucky Mountain Bible Institute, Vancleve, Kentucky, he earned the bachelor of arts degree at Trevecca Nazarene College, Nashville, Tenn. He has special interest and ability in offset printing and anticipates working at Grace Memorial Press, Mweya, Burundi.

For two years, the Criggers served in the Philippines, where he was involved in offset printing. They also established a Bible school in the area where they ministered. The work was rewarding but both of them felt directed to Africa.

Rev. Crigger pastored for seven years before they went to the Philippines. His latest assignment was as assistant pastor at the Bible Fellowship Center, Tulsa, Okla.

The Criggers have four children: Deborah, 10; Daniel, 9; Yvonne, 7; and Susanne, 1.

As soon as support shares and travel funds are in hand, the Criggers will leave for Burundi to begin language study.

IRA CofC

The Youth of the Church will be attending the West Texas District Youth Convention April 15-16 in Abilene.

"Jesus Assures His Disciples" titles the Adult Sunday School Lesson. Classes for all ages begin at 10 a.m.

Pastor June Middlebrooks will be preaching in both the 11 a.m. and 7 p.m. services Sunday.

The choir will practice at 6:15 Sunday and there will be a Youth-Yak in the Church Annex after the Evening Service.

During the 7 p.m. Wednesday Evening Service a Series of lessons on "Family Life" will begin. The Choir will rehearse following this service.

GRACE LUTHERAN

Easter continues into its second Sunday beginning with the gathering of the learning community at 9:15 a.m. All ages receive educational ministry.

Holy Communion will be celebrated at the 10:30 a.m. worship service. Pastor Jonathan Jensen's sermon, "All Skeptics," is from the text of John 20:19-31, which contains the narrative of Thomas' doubting Jesus resurrection.

An all-church potluck will be held at 5:30 p.m. with the meat being provided by two families who are bringing venison and mutton.

The Junior High Co-op will meet at 5:30 p.m. at Trinity Methodist. Y.C.C. meets at 6 p.m. at First Presbyterian.

Confirmation class meets Wednesday evening at 6:30 p.m.

Berry's World

"Before we begin, I just want to tell you, I thought some of your itemized deductions were an absolute riot!"

Impressive Symphony Program Is Presented

Several months ago a neutral, but authoritative source, told me that the San Antonio Symphony ranked among the top four or five symphony orchestras in the United States. I'm glad he did. Otherwise, I probably would have thought it was No. 1.

Those who heard the San Antonio Symphony at its last appearance here and had looked forward to its return were rewarded with an impressive performance Thursday night in the Snyder High School Auditorium.

Snyder, although somewhat isolated from anything resembling a steady diet of such programs, has had a sprinkling of recognized artists to appear over the years with varied reaction. But, probably no other program over the past two decades kept a firmer grip on a Snyder audience than the San Antonio Symphony did Thursday night.

Thus, it was no surprise when the 700 to 800 persons who attended rose almost as one to give the orchestra a standing ovation at the conclusion.

Easily the high point of the performance was the artistry of Julius Schulman, the concertmaster, who drew thunderous applause that commanded an encore following the rendition of Niccolo Paganini's Concerto No. 1 in D Major for Violin and Orchestra, Opus 6.

More people than ever before have access to all types of music in this age of technological genius, and the over-all performance of the San Antonio Symphony might well be described as one in which the audience saw and heard the most sophisticated tape or disk excelled by spring to actual life on the stage.

Aside from its music, the San Antonio Symphony appears to be an organization of dynamic and enthusiastic personalities led by a dynamic and enthusiastic person, Associate Conductor Roger Melone. I hope they will be back in Snyder sooner next time.—Wacil McNair

Enzymes Used To Convert Waste

PHILADELPHIA(AP) — In a research project being conducted at the University of Pennsylvania Medical School here, enzymes - chemical change agents - are now being used to convert agricultural wastes and waste paper products into alcohol and other liquid fuels which can be used to power automobiles and heat homes.

Enzymes may help to make more efficient use of agricultural crops which are now used as animal feed to produce meat and poultry, the researchers say. By using enzymes to convert waste products into inexpensive yet nutritious animal feeds, more crops, like corn, wheat and soybeans can be used directly as human food.

ASTRO·GRAPH

Bernice Bede Osol

ARIES (March 21-April 19) You may be more charming with casual acquaintances than with close pals. Strive to treat all equally to avoid miffing friends.

TAURUS (April 20-May 20) Rather than requesting others to do things for you today, try to extend a helping hand to them. You'll all be happier.

GEMINI (May 21-June 20) If you're at a social function today, don't wear out your welcome. Have sense enough to leave before others tire of you.

CANCER (June 21-July 22) In important career matters today it's mandatory to get the jump on the opposition. As long as you stay ahead, you'll attain your ends.

LEO (July 23-Aug. 22) You have sound ideas today, but they could be challenged. Have the facts ready in case they are.

VIRGO (Aug. 23-Sept. 22) Be certain you're carrying your share of the load in any joint venture aimed at material gain today. If not, you could blow the deal.

LIBRA (Sept. 23-Oct. 23) Pace yourself today. You're in good spirits so long as you're not tired. If you become fatigued, you might be difficult to get along with.

SCORPIO (Oct. 24-Nov. 22) Unless there's something urgent, work on projects YOU want to do. Shelve unnecessary chores until another day.

SAGITTARIUS (Nov. 23-Dec. 21) Surround yourself with friends you know well today. You'll feel much more comfortable with them than you will with strangers.

CAPRICORN (Dec. 22-Jan. 19) There's a matter of importance you may have to handle today. Make sure it's concluded before you leave it.

AQUARIUS (Jan. 20-Feb. 19) You're gregarious today when you're airing your views with kindred spirits. Conversely, you'll be very irritable if someone challenges you.

PISCES (Feb. 20-March 20) Be generous today to those who are truly deserving. But you must be able to reject people not worthy of your kindness.

(Are you an Aries? Bernice Osol has written a special Astro-Graph Letter for you. For your copy send 50 cents and a self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, New York, N.Y. 10019. Be sure to ask for Aries Volume 6.)

Your Birthday

April 16, 1977

Don't hesitate this year to take on more management responsibilities of projects you're involved in. With you at the helm, success is assured.

The Hebrew name Ephraim means "doubly fruitful."

Apt. 573-8564

HEALTH

Lawrence E. Lamb, M.D.

Gout treatment update

DEAR DR. LAMB — I have a foot problem, down by the side of my big toe that has been diagnosed as gout. Please give me a remedy, diet or what-have-you, for this condition. It is very painful and I feel like I really need some relief. Are there foods that I should not eat?

DEAR READER — Gout is caused by an excess production of uric acid by your own cells. Because older concepts of the disease persist many people do not understand why the treatment has changed.

The old idea that a gouty individual ate rich foods, drank wine and was obese is not true. The diet is important but it is less important than good medical treatment and regular follow-ups by your doctor.

The basic misconception is that the gout comes from what you eat. If it did I suspect that most of our population would have gout from eating too much and eating the wrong foods.

Uric acid is a byproduct of the formation of nucleic acids in the nuclei of the body cells. Since your cells are constantly regenerating and new cells are replacing old ones the formation of nucleic acids is a constant process.

The medicines you need are those that prevent your cells from producing too much uric acid. That is the newest and in many cases the most effective treatment. The other methods of treatment include medicines that increase the elimination of excess uric acid by the kidneys (but if you have suppressed uric acid formation in the first place this may not be necessary) and medicines to relieve that severe pain of acute attacks such as you have now. The treatment of the acute attack is different from the long term pervention of future attacks and gouty arthritis. Everyone who has gout should be followed regularly by a physician and should take medicines as needed to keep the uric acid level down.

The most rigid diet may not decrease the uric acid level very much. But a gout patient should be on a diet that eliminates obesity or prevents it. The diet should be at least moderately restricted in fats, particularly saturated fats, and cholesterol. The diet is designed to decrease the high incidence of heart disease that occurs in gout patients.

A fasting diet, or too rapid weight loss, may cause muscle cell destruction and cause an acute attack of gout. To give you a better understanding of gout and what to do about it I am sending you The Health Letter number 2-3, Gout, Uric Acid. Others who want this information can send 50 cents with a long, stamped, self-addressed envelope for it. Just write to me in care of this newspaper. P.O. Box 1551, Radio City Station, New York, NY 10019.

DEAR DR. LAMB — I have been using polyunsaturated oil for frying and have read that it becomes toxic when it is heated. Now I am confused. What can I use?

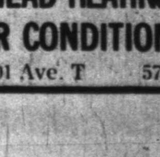

DEAR READER — Throw away whatever you are reading and use polyunsaturated oils if you want to. It is not true that heating polyunsaturated fats will make them toxic. It is not true as some "pseudo" health magazines have stated that heating will convert polyunsaturated fats to saturated fats.

If you reuse the polyunsaturated oils for cooking, eventually they will develop an unpleasant taste. This change will occur long before any other changes occur that would have any importance to your health.

The Snyder Chamber of Commerce

Annual Banquet

1977

Paying Special Tribute To The Late

Claire And C. T. McLaughlin

A Word of Appreciation

MRS. JEAN DeFORD
Daughter of The McLaughlins

The Snyder Chamber of Commerce would like to take this opportunity to express its sincere appreciation to the Diamond M Foundation for donating the new office furniture at the Chamber Office.

Mr. and Mrs. McLaughlin were great friends of the Chamber through their committment to make Snyder the most progressive town in Texas. They were proud of Snyder and the activities promoted by the Chamber.

One of their last wishes was to see the Chamber in its own, new home. Through the tremendous public response, new quarters were moved into in late 1976, but the McLaughlins were not alive to see the new building.

Incoming President's Address

HENRY CLARK

When I took office in January, I felt 1977 would prove to be a most interesting and exciting year. My term is now about one-quarter completed and I've re-appraised 1977.

It's going to be a great year!

In all areas of distinguishable growth--building permits, sales tax rebates, bank deposits, etc.--we are at record levels. We've seen the beginning of construction at Varsity Square Shopping Center, the renovation and expansion of West Texas State Bank, the opening of First Federal Savings and Loan, the renovation of First Baptist Chruch and the opening of several commercial and industrial facilities.

And, from all indications, we have several exciting developments on the horizon aimed at helping alleviate our housing shortage, hiring more of our residents and providing an even greater amount of eating and shopping facilities. The rest of Texas and the nation is beginning to recognize and begin operation in West Texas.

There, however, are some dark clouds which must be dealt with if we are to continue in some sembulance of the same living standard we have become accustomed.

We WILL run out of oil production in Scurry County. It doesn't take a genius or philosopher to figure that out.

It's not going to run out tomorrow or the next day, but it WILL run out and we've got to be prepared to face that.

We MUST be in a position to live with decreased oil production through the recruitment of other job-providing industry. We have already begun facing reduction of taxes paid by oil and must realize that trend will continue. While the oil field begins its phasing-out processes, the economic conditions will be strengthened because of the increased personnel needed to complete production.

After that, however, it looks bleak--unless we take advantage of our forwarning and recruit additional industry. To accomplish this, we must have additional housing. We must also have committment.

Industrial recruitment is not a one-man or one-agency proposition. It's everyone's concern. All of us should be industrial developers and try to recruit industry. This, I feel, can best be accomplished through the Chamber and Board of County Development.

If you'll take time now--today--to join hands with other concerned citizens and work through the Chamber-BCD, we can accomplish many goals. We can solve the many problems which will confront us in the future by dealing with them today.

The Chamber-BCD is the only organization in the community which spends its entire working day dedicating itself to insuring growth and enhancing the quality of life of our area. It recruits, sells, promotes, researches, speaks and thinks about Snyder and takes actions as to improvements needed.

This action can only be accomplished through committment. Not just committment of the officers and directors of the Chamber or the staff. Not just the membership. The ENTIRE community must be involved in making Snyder a better place to live, work and grow.

During my remaining time as president, I want to generate more involvement and committment of the community in improving Snyder. We must prepare for the future...today. We must continue to grow and prosper. There are lives and livelihood to be protected and enhanced. We have a myriad of opportunities and we must GET INVOLVED.

Outgoing President's Address

JIMMY JOE KEY

Being president of any chamber of commerce at any time is an interesting and rewarding experience. But, being president of the Snyder Chamber of Commerce during the Bicentennial Year was something I will never forget.

Of an agricultural heritage, the chamber of commerce was an institution I knew existed but did not understand or fully appreciate until I became involved. No one can comprehend the mammoth amount of work, research and planning an organization such as our chamber of commerce undertakes during a year unless you are fortunate enough to serve as I did.

I was priviledged enough to have an outstanding group of fellow officers and directors who took time to care about our city and county's future. They were thorough and positive. They were leaders and I thank them for their unselfishness I also thank the staff. Their efforts in keeping the organization functioning on a daily basis was tireless and complete.

In looking through my year as president, many things strike me as important achievements. The year began in a beautiful new building constructed with private funds. It has made a difference in the way our visitors view our community. It says we're proud of our community and in the organization which is located in it.

We had Bicentennial activities and celebrated July 4th in a manner fitting our nation's 200th birthday. We hosted the American Junior Rodeo Association National Finals. The Lions Club held their regional rally here as did the Anxiety 4th Hereford Association. Several thousand visitors were on hand for numerous football and basketball playoff games.

Cotton production was given a mighty boost with the initiation of a Diapause Spray Program, new map-brochures were printed, seminars were held to assist merchants and tax payers and nearly 200 new members invested in their chamber of commerce.

I could go on and on. But one thing sticks out in my mind as a major accomplishment for the community itself. That was the "Goals for Snyder" survey.

It's not only the vehicle itself which pleases me, but the reasoning and thought behind the distribution of the survey. Never in our history has the chamber gone to such measures in getting true "community imput" than it did with this form.

Chambers of commerce too many times just "react" rto community needs after they reach crisis points or hide from community needs while maintaining the status quo. With this survey, we actively sought the total community's thoughts, needs, wants and desires.

From this information, we'll establish programs based on community input. We won't be making narrowly-based decisions, but decisions based on what the community feels is most important to them.

The chamber has realized a new sense of direction and strength. We've seen the fruits of these efforts in gaining support. The community now has a better understanding of the chamber and the chamber of the community. Through this understanding, we are promoting community involvement in all areas.

Citizens know things can be changed in their community and an initial step in generating results. The chamber holds no legislative power but hopefully the understanding kand the thoughts of the people who in reality—local citizens—make things happen.

In summation, I feel my year as president was a rewarding and unforgetable one. It's an opportunity all citizens should have an opportunity to enjoy. Just as our community, the chamber of commerce changes and initiates change for the better.

1977 Committee Appointments

Chambers of Commerce are successful primarily due to their ability to utilize a broad cross section of the business and community leadership on active, effective committees.

The president leads; the board sets policy, coordinates and implements the action taken, but committees do the work.

It is only when the member comes to grips with a community problem, researches it, sets into motion a program of action which results in a solid solution, that the strength of the Chamber is fully recognized.

The committee structure was completely reorganized this year not only through expansion, but intent. And in any reorganization, a solid foundation must be laid before concrete results can be accomplished. This foundation was laid by the selection of the community's most capable leaders as committee chairmen.

The total membership has been asked for a committee preference and the community has been questioned, through the "Goals for Snyder" survey to determine their thoughts on community needs. The wheels of progress are now moving toward the realization of these "goals."

The following are specific community functions and chairmen.

HOUSING
Ray Engelhardt
General Manager
American Magensium

...Promote the construction of an adequate number of single and multi-family housing units to accomodate our present and expanding populace and work force needed for industrial expansion.

...Work with contractors in finding available, well-suited and attractive sites in all key growth areas

...Serve as a laison between the community, contractors and all governmental agencies in determing needs and solutions to housing problems in the community

...Work with the financial community in generating adequate funds for housing development

AGRICULTURE
Ernest Sears
Agent
Southwestern Life Insurance

...Work toward improving all areas of agriculture in Scurry County through research and development.

...Consolidate the opinions of cotton farmers to determine most effective and efficient legislation needed to improve production profit

...Create a program to educate the citizens of the problems affecting production and promote public awareness

...Work with local, state and federal governing agencies in promoting the welfare of agriculture

RANCHER
AJRA National Finals
Ralph Miller

...Continue to host the National Finals Rodeo in Scurry County

...Promote the event in a manner to generate the largest crowd and public awareness possible through nationwide media coverage

...Obtain support from leading national firms to increase prestige and awards.

...Continue alliance with other associations, such as PRCA and NIRA, to promote AJRA involvement

RETAIL MERCHANTS
Loren Sullivan
Manager
J.C. Penney

...Serve as chief promoter of "at home" buying through the availability of the best and most competitively priced merchandise in area

...Hold seminars to enable local merchant owners, managers and employes to offer the best possible service to customers and maximize profits

...Promote the continued expansion and upgrading of the business community

PROGRAM OF WORK
John Cameron
Supperintendent
SACROC Unit

...Establish an on-going, detailed plan of action to guide Chamber activities in enhancing Snyder's quality of life through results submitted by Chamber committees and "Goals for Snyder" tabulations.

...Publish and market Program of Work in the community to obtain maximum effectiveness and accomplishments

URBAN DEVELOPMENT
Roy McQueen
Publisher
Snyder Daily News
George Patterson
City Manager
City of Snyder

...Promote the construction of Deep Creek Park

...Promote continual clean-up, fix-up campaigns to assure Snyder's All American City prestige

...To research the need for adult and youth recreational needs and recommend action

...Determine the possibility of establishing a local YMCA

...Recommend additional recreational facilities to local governing bodies

EDUCATION
Mrs. Dorothy Downing
Manager
Ezell-Key Grain Co.

...Work with Snyder Independent School District and Western Texas College personnel in implementing educational opportunities for all citizens.

...Host an annual "Get Acquainted" session for all school personnel prior to the beginning of school

...Involve school personnel in all facets of community activities

...Serve as liason between educational institutions and existing industry in obtaining qualified employes

TRANSPORTATION
John Thomas
Partner
Thomas-Stanfield
Chrysler
Jimmie Joe Key
Rancher

...Work for and improve charter and commercial air service to Snyder

...Work with County Airport Board in keeping facilities attractive to aviation and industrial prospects

...Work in assuring Highway 84 being designated the Port-to-Plain Highway and subsequently as Interstate 27 by the Texas Department of Highways and Public Transportation

...Insure adequate maintenance of all highways affecting travel to Snyder

ECONOMIC EDUCATION AND YOUTH SERVICES
Dr. James Tully
Dean
Western Texas College

...Purchase "Economics for Young Americans" free enterprise education kits for all county schools

...Maintain "Speakers Bureau" on free enterprise system

...Work to involve area students in community activities

...Involve area students on board decisions of the Snyder Chamber of Commerce Tourism Development

...Create a Tourist and Convention Bureau with the City of Snyder and Snyder Motel Association to actively solicit tourists into the community

...Work to locate home of Texas Cowboy Artists Musseum in Snyder

...Promote local attractions on a state-wide and national level

INTERCLUB LAISON
Bill Dryden
Owner
Dryden Shoe Store

...Promote the interchange and the exchange of ideas between the Snyder Chamber of Commerce and all local civic and service clubs to insure greater harmony and effectiveness

...Keep an open line of communication between chamber and clubs to assist whenever possible

...Assist in the promotion of all programs being conducted by local clubs in generating greater community involvement

LEGISLATIVE COMMITTEE
Mel Gilbert
General Manager
KSNY Radio SCAT

...Study all proposed legislation affecting the well-being of Scurry County residents businessmen and industry.

...Keep citizens informed as to the status of all major bills affecting the area

...Continually communicate with lawmakers as to the feelings of local residents and concerns affecting Scurry County, the State of Texas and the nation

...Asist other local and regional chambers in effort designed to involve themselves in the legislative process in promoting the growth of

THE AMERICAN MANGESIUM CO.

Texas and the Free Enterprise system

DIAPAUSE SPRAY PROGRAM

Morris Light
Farmer

...Continue efforts in boll weevil control which causes an economic hardship on area farmers

...Work with all state and regional agencies in increase cotton yeilds through a pest management program

...Assist other counties in establishing a Diapause Spray Program

...Communicate with non-farm residents concerning the effects of the program to personal well being and its impace on the community

JULY 4TH CELEBRATION

Roy Kidd
Owner
Snyder Truck and Tractor

...Plan and promote the annual July 4th Celebration

...Maintain the highest entertainment level to insure local support and participation

GOLD COATERS

Bassett Keller
General Manager
Snyder Daily News

...Continue to serve as the public relations arm of the City of Snyder, Snyder Chamber of Commerce and Scurry County in hosting dignataries.

...Increase and expand activities of the organization

...Host ribbon cuttings of all new and expanded business and industry in Snyder

ATHLETIC

Milton Ham
Owner
Snyder Athletic Center
Bill J. Hood
Superintendent Snyder Independent School District

...Recruit all basketball and football playoffs possible to Snyder

...Serve as laison between all area coaches in promoting Snyder's facilities

INTERNAL AFFAIRS

Bobby McCormick, Partner
McCormick & Sons Oil Co.
Guy Sullivan, Owner
Sullivan-Stanfield Insurance

...Continue to promote activities sponsored by the Snyder Chamber of Commerce and Board of County Development through a monthly newsletter to the membership and adequate media representation

...Maintain an adequate budget to finance activities

...Maintain efficient office procedures, personnel, accounting measures and office equipment to guarantee successful office operation

...Continue to update and upgrade Policies and Procedures Manual and By Laws to provide for adequate and efficient operation

WOMEN'S COMMITTEE

Ramona Reed
Carol Davis

...Organize vehicle through which informed and concerned women may participate in Chamber-BCD activities

...Assist in the Chamber's overall program of commundity development

INDUSTRIAL RELATIONS

Tommy Davis, Owner
Snyder Janitorial

...Meet each major local employer on a face-to-face level at least once a year to determine needs his or her organization might have in maintaining a profitable operation.

...Host and design vehicle through which to celebrate "Texas Industrial Week".

...Assist Industrial Foundation in meeting with and recruiting new industrial prospects.

...Maintain information needed by emplopyers in Snyder in their quest to expand operations.

What The Chamber Of Commerce Isn't

Not an Advertising Agency.. but we do promote local commercial and industrial activities.

Not a Library...but we do provide information and statistics on our community, ranging from industrial sites to restaurants.

Not a Business Realtor...but we do promote measured and planned business development.

Not a Government...but we do "watchdog" local, state and federal governments for the interest of the local business community regarding taxation, regulation, transportation, etc.

Not a Newspaper...but we do publish a monthly bulletin containing Chamber and local business community news..

Not Environmentalists...but we do promote city beautification and steps for measured pollution abatement.

Not Educators...but we do offer help for individuals and firms seeking business assistance as well as setting the facts straight regarding free enterprise and the positive role of commerce in the American society.

Not a Transportation Agency...but we do encourage good streets, highways, rail lines and airport facilities.

Not Farmers...but we do support strong agriculture.

Not Solitary...but we are members of both the State Chamber of Commerce and the U.S. Chamber of Commerce in order to maintain an awareness of business involvement on the state and federal levels.

Not Reactionary...but we are concerned with the ability to "act" rather than only "react" to community problems.

AND MOST OF ALL WE ARE:

Not Exclusive...but are open to anyone desiring to invest in our community and its betterment.

DOIN' THE JOB—Diapause spray applicators, Chuck Stallings and Duane McDaniel, spend up to 10 hours a day in these one-seaters applying insecticide to area cotton-producing land. At a cost of about $6 per acre to farmers, the Diapause Program may reduce boll weevil damage by as much as 90 per cent to this year's crop. About 12 ounces of insecticide was applied by air per acre of production land.

Chamber Makes Progress

chamber makes progress

In any community progress takes place because a group of dedicated people are making things happen. The Chamber of Commerce is the logical organization to motivate, organize and direct this effort.

The Chamber of Commerce has the responsibility of the economic well-being of your community--to preserve our business system, to promote business growth and development. The Chamber of Commerce is a dynamic living process because its people work for the betterment of their city.

It is primarily an organization of business and professional men and women who have joined together to work for the solution of their mutual business and communty problems. In your community, as in every other area, there is a distinct need for an organized group such as the Chamber of Commerce. There are problems and opportunities which an individual by himself cannot possibly solve; but by working with others, pooling time and resources, important accomplishments can be made.

In brief, the Chamber of Commerce is an organization through which the volunteer manpower of your community works effectively to make your community a better place in which to live and work. It is a marshaling ground for civic endeavor. It is the community's department of progress.

Your Chamber is NOT a part of the city, county or state governments; a political party or faction; a civic or social club; a social service or welfare agency.

Letters From Friends Of The McLaughlins

Gentlemen.

I thank you very much for inviting Mrs. Curtis and me to attend your banquet honoring the late Claire and C. T. McLaughlin.

I regret that we wont be able to attend due to a prior commitment.

We are mighty proud to have had Mr. McLaughlin for a friend - he was a grand gentleman - and though we never had the pleasure of knowing Mrs. McLaughlin, were very sorry we can't be there to help honor them both. Best to all the fine folks in Snyder.

Sincerely,
Ken Curtis

Snyder Chamber of Commerce
Snyder, Texas

Dear Friends:

I am honored by your invitation to attend the banquest in honor of the late Claire and C. T. McLaughlin. As an old friend, I would enjoy so much being there, but, unfortunately, my commitments are such that it is quite impossible for me to come to Snyder on April 15. I recall with much pleasure the time I visited Snyder, staying with the McLaughlins and speaking to your local citizens. C.T. was one of the most public-spirited and finest citizens I have ever known, and I regret that I cannot be present at this tribute to him and Claire.

Sincerely,

J. W. Fulbright

The President,
The Snyder Chamber of Commerce,
Snyder,
Texas, 79549,
U.S.A.

31st March, 1977.

My wife and I are much appreciative of your kind thought in inviting us to your banquet in honour of Claire and C.T. McLaughlin.

Unfortunately, the distance is so great that we shall not be able to join you. We shall however have Snyder very much in our minds on the 15th April, for two important reasons.

First, we count ourselves fortunate to have numbered Claire and CT McLaughlin among our friends. We had the pleasure of entertaining CT here in England on three occasions and of being entertained by him and his family in Snyder. He was a man who commanded attention and respect. I recall in particular an evening when he was my guest at a dinner of the Anglo-Texan Society which was held in the House of Lords in London. Showing due deference to those historic surroundings, he began to read his speech from carefully prepared notes. He struggled on for some five minutes, when he must have realised that his speech was not a success. He crumpled his notes up, put them in his pocket, and then spoke for twenty minutes in his own natural, warm, humorous, down-to-earth style, turning a speech that had looked like being a failure into a great success.

Claire we met only in Texas as her health made travel difficult for her. She was, however, a strong personality and a generous, kind and considerate hostess.

My second reason for our happy memories of Snyder relates to the two occasions on which your Chamber of Commerce honoured me by inviting me as your keynote speaker. They were, for me, great occasions and I still remember many of the friends I had the pleasure of meeting in your town.

In particular, I recall CT explaining to me the importance he attached to attracting a balanced commercial and industrial development to the Snyder area so that the town would put down lasting roots and would not be just another oil-boom town of the sort he had known in his earlier life. His restless energy found happiness in Snyder, where he sought to fulfil praiseworthy ambitions. It is right that all who know Snyder should honour him and Claire, so that their contribution to your town will be remembered in the generations through which I trust that Snyder will continue to [illegible]

We shall therefore think of you all on Friday, April 15th, and we wish you the sort of memorable, successful, and happy evening of reminiscences and reunions that CT himself would have wished.

Sincerely yours

John E. Harvey

Luci Johnson Nugent

Austin, Texas 78705

April 6, 1977

Dear Members of the Snyder Chamber of Commerce,

It had been my hope that I would be able to join you, my mother and Governor Briscoe in honoring Mr. and Mrs. C. T. McLaughlin -- unfortunately, that simply will not be possible.

The McLaughlins were such special friends and they have been so much a part of our lives. They shared our joys and sorrows, our triumphs and our defeats -- and were always loyal, devoted friends and supporters to each and every member of my family - especially Daddy. We miss them and remember them fondly.

With best wishes,

Luci Johnson Nugent

Gentlemen:

Mrs. Daniel and I sincerely appreciate the invitation to attend the Annual Chamber of Commerce Banquet honoring the late Claire and C. T. McLaughlin on April 15. They were dear friends, and we regret that it is impossible for us to attend on account of a conflicting commitment on that date.

While Governor, it was my pleasure to appoint C. T. McLaughlin to the Texas Department of Public Safety Commission, where he rendered outstanding service to our State. This was only one of the many contributions he made to the welfare of our State and Nation. I join you in paying tribute to the memory of Mr. and Mrs. McLaughlin.

Sincerely yours,
Price Daniel

Shyder Chamber of Commerce
Drawer CC
Snyder, Texas 79549

Dear Ike:

We cannot be with you today, but Mrs. Mahon and I very much want to join in paying tribute to the memory of Mr. and Mrs. C. T. McLaughlin. Claire and C.T. were wonderful people, wonderful friends, who meant a lot to George and Helen Mahon through the years.

Of course, I don't have to tell you how much C. T. McLaughlin did for Snyder and for all of our area of West Texas. He was a giant among men who dedicated his life to the progress of our area and to the betterment of his fellowman. I join you in paying tribute to the memory of this stalwart leader and his dear wife.

I also want to take this opportunity to send special greetings to your honored guests, Governor Briscoe, Mrs. Johnson, and Ambassador Clark.

Best wishes to all.

Sincerely,
George Mahon
