# The SDN Column

This time last year, the Colorado River Municipal Water District and its member cities felt fortunate that autumn had arrived before the district's water supply reached the critical stage. They looked forward to some winter and spring rains to provide a cushion prior to the heavy demands of summer.

The rains, of course, didn't come during the winter. In fact, it was late spring before there was any significant addition to the CRMWD supplies.

The picture is substantially different this fall. The water district began the month of October with over 175,000 acre feet of water in its two surface reservoirs. Lake E. V. Spence at Robert Lee held 105,532 acre feet of water on the last day of September, while Lake J. B. Thomas in Southwest Scurry County, had 70,202 acre feet. Moreover, there had been a substantial increase in the supply for two consecutive months, the biggest of course coming in August when rains were the rule rather than the exception.

However, the CRMWD lakes picked up over 27,000 acre feet in September, which would have been greated with enthusiastic cheers a year earlier.

What a difference a few rains can make.

When you mention the University Interscholastic League, most people immediately think of the public school athletic program which it oversees in Texas. The organization goes far beyond athletics in scope, however, as emphasized in the latest issue of the UIL's newspaper.

It notes that this fall there are 235 students attending 35 Texas Colleges on Texas Interscholastic League Foundation Scholarship awards. These awards are made each year to academic and literary champions in UIL competition. The 235 total represents a new record for such scholarships.

The awards this year represent over $164,000 in cash, plus additional awards made by various institutions to the league's literary contest winners.—WACIL McNAIR.

## Today In History

By THE ASSOCIATED PRESS

Today is Thursday, Oct. 28, the 301st day of 1971. There are 64 days left in the year.

Today's highlight in history:

On this date in 1962, a dangerous U.S. - Soviet confrontation eased as Soviet Premier Nikita Khrushchev announced that he had ordered withdrawal of Russian missiles from Cuba.

On this date:

In 1492, Christopher Columbus discovered Cuba on his first voyage.

In 1636, Harvard College was founded in Massachusetts.

In 1866, the Statue of Liberty was dedicated on Bedloe's Island in New York Harbor.

In 1919, Congress overrode a veto by President Woodrow Wilson and enacted national prohibition.

In 1929, the bottom was falling out of the New York Stock market.

In 1958, the Roman Catholic Patriarch of Venice was elected Pope. He took the name John XXIII.

Ten years ago: West Germany agreed to purchase U.S. military equipment, supplies and facilities in Europe for about $600 million.

Five years ago: President Lyndon B. Johnson was visiting Thailand.

One year ago: Police in Canada were rounding up suspected terrorists in the greatest manhunt in the country's history. The sweep came after the assassination of Labor Minister Pierre Laporate and the kidnaping of the British trade commissioner in Quebec, James R. Cross.

## *Trick Or Treat Set Saturday*

Saturday night has been designated Halloween Trick or Treat Night in Snyder.

The designation was made this morning in a joint resolution issued by Mayor Bobby McCormick and Snyder Chamber of Commerce President Mel Gilbert.

The mayor and Chamber of Commerce president made the designation in response to requests and a number of inquiries received from local citizens, especially parents of young children. Since the actual date of Halloween falls on Sunday this year, the question of whether the traditional trick or treat activities should be conducted on Sunday evening or Saturday evening arose.

Most of those inquiring about it had indicated that they preferred Saturday night and this sentiment was conveyed to McCormick and Gilbert as they made the designation.

## ILA Unions Agree On Wage Stand

By THE ASSOCIATED PRESS

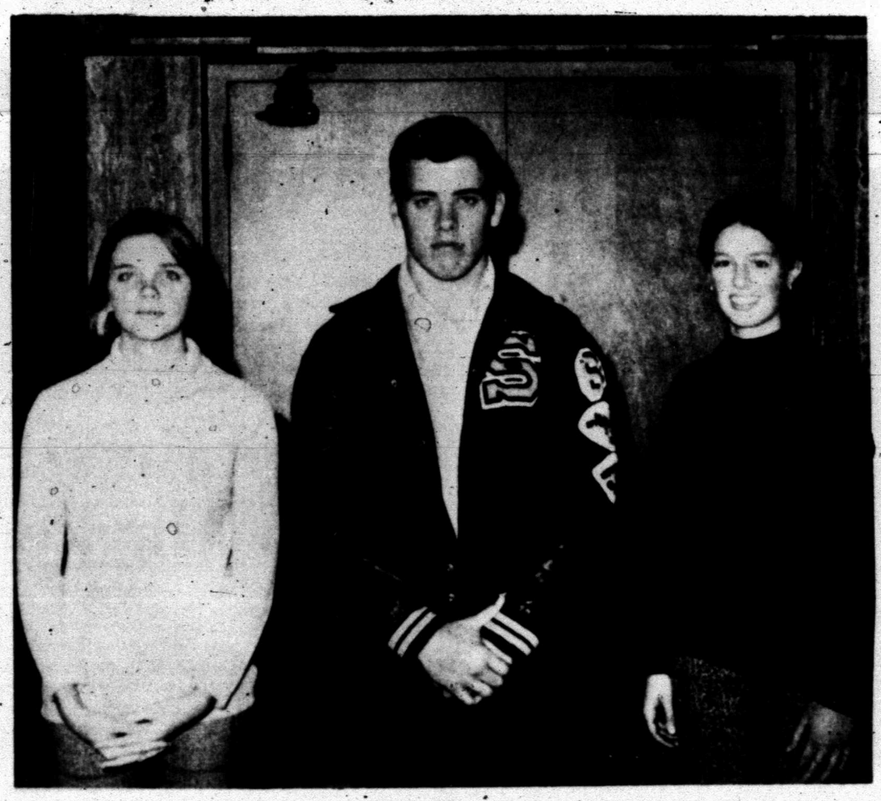

Leaders of the nation's two major longshore unions have agreed to form a common front against any government attempt to restrict wage gains during Phase 2 of the Nixon administration's economic program.

The agreement came Wednesday as shippers' associations pressed for court action to open more East and Gulf ports shut down since Oct. 1 by a strike of the International Longshoremen's Association.

Meanwhile there were reports in Washington that the soft coal industry had made a firm contract offer to end the 28-day United Mine Workers strike. Negotiators for both sides declined to comment.

In the dock strike, ILA leaders in New Orleans bowed to a court order and told their men to return to work today. Philadelphia longshoremen resumed work Wednesday under a court order and threat of heavy fines.

Employer groups in Baltimore and Mobile, Ala., were also seeking a return to work, charging that the local ILA walkouts constituted an illegal secondary boycott to support the international union.

# Taiwan Protection Upheld

## Repeal Try Is Rejected

WASHINGTON (AP) — Critics of the United Nations' decision to expel Taiwan won a Senate test today, despite a warning they might be jeopardizing President Nixon's forthcoming visit to Peking.

By a vote of 43 to 40, they stripped from the $3.2-billion foreign aid bill a provision repealing the 1965 resolution authorizing presidential action to protect the Nationalist Chinese island from a possible Communist Chinese attack.

To repeal the resolution at this time, Sen. William E. Brock III, R-Tenn., contended, would be "enticing" Communist China to attempt a takeover.

Sen. Charles McC. Mathias Jr., R-Md., declared that failure to repeal it "could probably even hinder the President when he sets out on that very difficult journey to Peking."

The action came after Dr. Henry Kissinger was quoted as saying President Nixon will have to veto the aid bill unless restrictions on administration policies in Indochina are removed.

"The administration would rather have no bill at all" than one which ties its hands on negotiating an end to the war in Indochina, Senate Republican Leader Hugh Scott said after a breakfast meeting between Kissinger, the President's top national security adviser, and a bipartisan group of senators.

Scott denied the administration, through a series of denunciations of the United Nations expulsion of Taiwan, had flashed a green light for senators seeking to cut U.S. financial support of the world organization.

The Senate also was scheduled to act later in the day on amendments by Sens. James L. Buckley, Con-R-N.Y., and Peter Domnick, R-Colo., which would cut U.S. financial support to the United Nations. The amendments were introduced following the expulsion of Taiwan from the U.N. Monday night.

Buckley and Dominick appear to have the tacit support of the Nixon administration.

Buckley would eliminate $100 million in the aid bill for the U.N. development program and $1.5 million for a world food program. Asked if he had administration backing, the New York Conservative told a reporter, "Certainly the administration hasn't tried to dissuade me."

## Nixon Welcomes Tito

WASHINGTON (AP) President Tito of Yugoslavia officially begins his six-day visit to the United States today with a full ceremonial greeting by President Nixon on the White House lawn.

Tito, the head of the maverick Communist country, landed Wednesday at Andrews Air Force Base outside Washington and spent the night at Camp David, the presidential retreat in Maryland.

After the official arrival, Tito will huddle privately with Nixon for his first meeting. The Middle East crisis is expected to rank high on their topics of discussion.

Tito was greeted at the airport by U.S. Protocol Chief Emil Mosbacher, Deputy Assistant Secretary of State Richard Davies and Malcolm Toon, new U.S. ambassador to Belgrade.

ON CLOSED-CIRCUIT TV

## Nixon Briefs Businessmen

By STERLING F. GREEN
Associated Press Writer

WASHINGTON (AP) — President Nixon forecast victory today in what he described as a head-on confrontation with inflation in Phase 2 of his wage and price control program.

The President's recorded report led off a wage-price discussion by top administration officials, carried by closed-circuit television to businessmen in 26 cities. The National Association of Manufacturers sponsored the presentation.

Nixon said the 90-day wage-price freeze due to end Nov. 13 has been "extraordinarily successful" and called on the businessmen to join with government in a post-freeze effort "to revitalize the economy, "so that together we can achieve that great goal of full prosperity in a world of peace."

"We are confronting inflation head-on with this program," said Nixon.

"We have launched an offensive in this battle against inflation and we are going to win this battle.

"I say that with confidence because the American people and you—an important and influential segment of the American people—have shown such cooperation during Phase 1.

"This ideal of prosperity in a world of peace has caught the imagination, and summoned up the will, of the American people."

Other administration leaders were scheduled for appearances. They included Secretary of the Treasury John B. Connally; Secretary of Commerce Maurice H. Stans; Paul W. McCracken and Herbert Stein, chairman and vice chairman of the Council of Economic Advisers; Donald Rumsfeld, director of the Cost of Living Council, and some members of the newly appointed Price Commission and Pay Board.

W. F. Gullander, NAM president, presided over the three-hour program.

## Church Plans New Project

Colonial Hill Baptist Church will build a new wing on its church plant and remodel much of its existing educational space.

Announcement of the project was made following a vote by the membership Wednesday night in which the plans for the project were approved unanimously.

The plans were presented by Rayburn Burgess, chairman of the long-range planning committee of the church. They provide for construction of a new wing to include space for children ages 6-11. Also, the old auditorium of the church will be remodeled and converted into a fellowship hall and additional educational space. Another section of building used for educational space also will be remodeled.

J. D. Hinton is architect for the project. The Rev. Miller F. Robinson is pastor of the church.

## Peking Trip Set After January

By KENNETH J. FREED
Associated Press Writer

WASHINGTON (AP) — President Nixon will make his historic trip to mainland China sometime around the first of January with the exact date to be announced next month.

Setting the trip in 1972 does not mean delay in Nixon's schedule, according to Henry A. Kissinger, the President's national security adviser.

He told newsmen Wednesday "We are exactly on the schedule we set ourselves. It has not been delayed.' He pointed out Nixon had said from the start the only limit on timing was May 1972.

Kissinger, who returned Tuesday from a six-day visit to Peking laying the ground work for Nixon, said "we have the time narrowed down to a certain number of weeks. We will formalize it and announce it" soon.

Kissinger said his advance work accomplished what he set out to do, "to make concrete arrangements for the President's visit." But, he added, another preparatory team will be sent before Nixon leaves.

Kissinger said he would not go with that advance party because the remaining work is technical and he would be of no real help.

This last advance team will be implementing agreements Kissinger reached in principle with Chinese Prime Minister Chou en Lai, the presidential adviser said.

These, he explained, include communications, possible places of interest Nixon will see and facilities needed by the American party.

The only limitations will be those imposed by Chinese technical facilities, Kissinger said, adding that Peking officials appear to want Nixon's trip to be comfortable as possible.

Besides technical discussions, Kissinger said he talked with Chou on a more substantive level, and it was agreed nothing transpired since the America's earlier visit that would adversely affect the President's trip.

On other matters Kissinger made these points:

—He did not see Chinese Communist party Chairman Mao Tse-Tung, but Nixon will. Kissinger added he had no idea of an internal disruption on the mainland and "wouldn't presume to speculate."

—Nixon's talks with the Chinese leaders will not involve other nations.

—The Vietnam war will be ended either through negotiations or by Vietnamization, not by talks with Peking.

—The matter of Chinese membership in the United Nations was not discussed and the expulsion of the Nationalist regime on Taiwan was not affected by Kissinger's presence in Peking at the time of the vote.

## Atomic Tests Halt Refused

WASHINGTON (AP) — A three-judge federal panel refused today to halt the government's plans to set off a five-megaton nuclear device underground on the island of Amchitka off the coast of Alaska.

Instead, the U.S. Court of Appeals in Washington referred the matter to a lower court where attorneys for environmental groups opposing the blast are likely to seek a new order.

President Nixon had signaled a go-ahead Wednesday.

In refusing to grant an immediate stay against the controversial blast, scheduled to go off within a week, the appeals court said it was dealing only with the issue of whether the government should be required to make public information which conservationists said would indicate environmental dangers of the explosion.

In dealing with the issue of reports which environmentalists said would show the potential dangers of the blast, the appeals court said the government must turn that information over to the district court.

The Justice Department had argued that President Nixon had a right to keep those reports private under the legal concept of executive privilege.

It would appear that conservation groups like the Sierra Club will now have to appeal to the U.S. District Court to gain a reversal of President Nixon's decision Wednesday to go ahead with the blast.

Meanwhile, Canada's foreign minister contacted Secretary of State William P. Rogers to express his country's "disquiet" over Nixon's decision.

Both Canada and Japan have opposed the plan to explode a five-megaton atomic warhead, designed for the Spartan anti-ballistic missile, some 6,000 feet beneath Amchitka Island, in the Aleutian Islands chain of Alaska.

Both nations said they fear such a blast might cause environmental damage, including leaks of radiation that could spread in ocean waters across international boundaries.

Seven environment groups headed by the Committee for Nuclear Responsibility, also fearing environmental hazards, had sought a court injunction to bar the test.

AFTER LABORER CHARGED

## Police Mum On Case Progress

DALLAS (AP) — Investigators refused to say officially today whether they had fresh evidence or other developments since the arrest of a North Texas laborer in the slayings of three Mesquite residents.

The Dallas News reported, however, that two witnesses have identified the man in custody as being seen near a food store from which a slain couple disappeared, two others told of seeing him near where the two bodies were found, and two more witnesses can place him at a doughnut shop from which the third victim vanished.

No source was given for the newspaper's information about these witnesses.

Authorities said after the arrest of a man described as "a prime suspect they were clamping an embargo on official disclosures about the case on advice from the Dallas district attorney's office.

The man in custody, Everett Clinton Harris, 36, was arrested in Hunt County, brought to Dallas for arraignment and lodged in the county jail here.

While appearing before Dist. Judge James B. Zimmermann, Harris was asked if he wanted the court to appoint a lawyer to defend him. He replied, "Yes, if I need one. I just hope they catch whoever is guilty before I need one."

Officers took Harris into custody today at Quinlan, where he has been living with his mother in a mobile home. It was in that vicinity that bodies of two of the slain persons—Forrest Covey, 22, and his wife Jena, 19—were found.

EVERETT C. HARRIS

Hunt County Sheriff R.W. "Red" Wood said Harris has been charged only with murder in the death of Covey.

Besides Covey and his wife, Mesquite resident Susan Shaw has been found shot to death. Miss Shaw, 16, disappeared three days after the Coveys' Oct. 17 disappearance.

Dallas County sheriff's officers confirmed there would be a lineup Wednesday night and, at first referred questions to Dallas County Sheriff Clarence Jones. Jones could not be located.

Meanwhile, Dallas County criminal investigator Louis Williamson led at least 17 persons believed to be lineup witnesses to the jail. About an hour later, the witnesses returned from the jail and were excused.

# Obscene phone calls no laughing matter

By Abigail Van Buren

(c 1971 by Chicago Tribune-N. Y. News Synd., Inc.)

DEAR ABBY: My son, 16, makes obscene telephone calls. I heard him make one of those calls the other day and confronted him immediately. He told me he had done it several times and thinks it's "funny."

I received an obscene phone call many years ago, and I know it's no laughing matter. I have tried to impress this upon my son without success.

I can't prevent him from using the phone, and there is no way I can check on him. I am hoping he'll outgrow it, but he seems to take a perverse pleasure in this hobby of his. I hate to see him upset anyone, and of course, I hope he doesn't run into any difficulties with the police. Have you any suggestions?

MRS. M. C.

**DEAR MRS. M. C.: Your son's "hobby" is not as innocuous as you seem to think. It is an indication that he could have serious emotional problems. I urge you to somehow manage to have your son examined psychiatrically. At 16, he's no longer a "boy"; he's a young man who desperately needs help.**

DEAR ABBY: The other evening, around midnight, I was awakened by a police car's lights and the police radio next door to my home. Knowing the boy of 15 and his sister, 13, were home alone because their parents had gone to a party, I went outside and offered my help. The two officers said, "Thank you, but it's a false alarm." The parents arrived home half an hour later so I knew all was well.

The next day the neighbor children told my youngster that when their parents are at parties, they always call the police and report a "prowler" around their home just to see how quickly the police will respond.

I was tempted to inform the police about this little scheme but decided against it. How many times can a person cry "wolf"?

ANOTHER MOTHER

**DEAR MOTHER: Not many more after the police get wise. And they will, if this stunt is pulled very often.**

DEAR ABBY: I have one master's and two doctorates, but that doesn't mean I know all the answers.

My question: How can I discourage the friendship of a couple who call constantly, inviting my husband and me over?

We are in education and so are they; but they are the world's biggest bores! If we never had to see this couple again socially we would be delightfully liberated. I have run out of excuses.

CHICKEN

**DEAR CHICKEN: Phony excuses and insincere regrets convey false hope. In the future, simply say, "Thank you for the invitation, but we can't make it."**

DEAR ABBY: For three years I've been working as a volunteer in a home for the aged. One of my jobs is reading letters for folks who can't read.

I simply cannot understand why so many of these letters contain nothing but a detailed report of the writer's aches and pains. Or their husband's job problems, or their childrens' problems, or financial problems. And they invariably end with, "... and how are you?"

These elderly folks need to be cheered up—not depressed. Will you please print this letter and remind those who write to the sick and elderly to please soft-pedal the bad news and to try to brighten their day?

And by the way, Abby, almost every town has homes for the elderly which could use some volunteers. Maybe you can help them recruit a few. Thank you.

LOVES OLD FOLKS

**What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.**

**For Abby's new booklet, "What Teen-Agers Want to Know," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.**

# Rehnquist Said Clerks Exhuberant

WASHINGTON (AP) — Supreme Court law clarks, as a group, are exuberant, lean to the "left" and unconsciously slant the material they prepare for the justices. This was the recollection in 1957 of nominee William H. Rehnquist, who had worked for the late justice Robert H. Jackson for 18 months.

"Some of the tenets of the 'liberal' point of view which commanded the sympathy of a majority of the clerks I knew," Rehnquist said then in a U.S. News & World Report article, "were: extreme solicitude for the claims of Communists and other criminal defendants, expansion of federal power at the expense of state power, great sympathy toward any government regulation of business...."

Then 33, Rehnquist was working as a lawyer in Phoenix. He had been a law clerk to Jackson from January 1952 through July 1953. Now an assistant attorney general, he and attorney Lewis F. Powell Jr. of Richmond, Va., have been nominated by President Nixon to fill two court vacancies.

While a Justice Department press officer said Rehnquist would not discuss his current views, three of his contemporaries were willing to speak of theirs, and they conflicted with Rehnquist's impressions.

Newton Minow, the former Federal Communications Commission chairman, was a clerk to the late Chief Justice Fred Vinson; Rep. Abner Mikva, D-Ill., clerked for the late Justice Sherman Minton, and Prof. Alexander M. Bickel of Yale worked for the late Justice Felix Frankfurter.

Had they found the clerks, generally, to be exuberant, leftward leaning and unconsciously slanting material?

"Certainly not," said Minow in a telephone inverview from Chicago, where he is a lawyer. "I have a very high regard for Bill Rehnquist's intellect and think he is a very competent lawyer, but I don't share that view of what the law clerks thought."

# Cuban Group Is Problem

NEW ORLEANS, La. (AP) — The State Department was still trying today to find a way to get 22 Cubans to go back home.

Nineteen of the Cubans are sugar cane technicians who flew here Tuesday in hopes of attending the 14th Congress of the International Society of Sugar Cane Technologists. The other three are crew members of the Russian-built twin-engined turboprop used for the flight from Cuba.

The State Department said Cuban officials were advised Sept. 24 that no visas would be granted for the group.

"Cuba is the world's leading sugar cane producing country and one of the 46 member countries of that international association-the International Society of Sugar Cane Technologists. As such, it has the inalienable right to take part in all its activities and the right that it be guaranteed the possibility of doing so," the Cuban government said.

The State Department was trying to solve the problem through the Swiss and Czechoslovakian embassies, which represent Cuban interests in the United States. The United States has no direct diplomatic relations with Cuba.

A State Department spokesman said no legal hearing was anticipated because the Cubans "are not in the country." He explained that the 22 have not been admitted officially through customs.

They were being kept in a hotel.

The Cubans were allowed to move freely on the balconies adjoining their motel rooms but were allowed no telephone calls or visitors. Much of the time was spent in visiting and photographing each other and watching television.

# Driver Hurt In Mishap

Joe Michael Bass, 21 Bassridge Drive, sustained minor injuries in a two-car collision in the 1100 block of Twenty-fifth Street at 9:06 p.m. Wednesday. He was taken to Cogdell Memorial Hospital by Snyder Ambulance Service and released after he received treatment.

Officers said Bass was driving a 1963 Model Volkswagen minibus that was involved in a collision with a 1970 Model Ford operated by J. B. Gipson, Jr., 2604 Twenty-fifth Street. There was considerable damage to the vehicles. Officers also investigated a two-car collision on the East Highway at Avenue E at 3:12 p.m. Wednesday.

Involved were the 1971 Model Plymouth of Robert Garza Rivera, Route 2, and the 1966 Model Ford of Irma Garza Rodrigues, Box 1246. There was only minor damage. Officer Nick Martinez investigated both mishaps.

# Shriners Pick New Officers

The Snyder Shrine Club elected officers for 1972 at a meeting Wednesday night.

Gene Thompson was elected president, G. W. Ferguson was elected vice president and Lonnie Knutson was elected secretary-treasurer.

President Ed Schulz presided over the meeting.

A report was made on the 1971 Shrine Circus. All merchants and members of the community who contributed to making another successful circus for children and charity were gratefully acknowledged.

# Piao, Mao On Magazine Cover

HONG KONG (AP) — Chinese Communist party Vice Chairman Lin Piao, rumored throughout most of the world in recent weeks as having lost power or been down-graded, appears with Chairman Mao Tse-tung on the cover of a magazine just received from China.

# Britain's Entry To Market Seen

LONDON (AP) — Political insiders predict House of Commons approval tonight of Britain's entry into the Common Market by less than 50 votes. Such a small margin would mean months of trouble ahead for the necessary enabling legislation, and possibly defeat of some of it.

The House of Lords was to vote first, followed by the vote in Commons, where six days of debate have underlined the splits in both the ruling Conservative party and the opposition Laborites.

Prime Minister Edward Heath was confident of winning majority approval in Commons for the principle and terms of British entry despite the defection of 30 or so of his party members. He counted on the defection of even more Laborites defying their party's judgment that the government has accepted terms of membership which represent a bad bargain for Britain.

Party manager resorted to furious political arm-twisting trying to get recalcitrant members to toe the party line.

"This place is like a torture chamber," one veteran commented.

Heath had hoped for a victory margin of 100 votes in the 630-member House of Commons, and anything less than 50 could turn out to be too frail for his comfort at home or his credibility abroad.

In the year ahead, if the initial vote is favorable, a stack of enabling laws must be passed, and Heath cannot be sure of continuing support from the rebel Laborites.

Under the Parliamentary system, a government is expected to quit if it loses an important Commons vote, and a defeat on one of the major Common Market votes in the next year could bring Heath down.

The leaders of both Conservative and Labor parties are committed to lead Britain into the common Market, believing that this is the only way the nation can play a decisive role in Europe again. But Harold Wilson, leader of the Labor party, contends that the terms the Conservatives have negotiated are not good enough.

The Common Market bands together France, West Germany, Italy, Belgium, The Netherlands and Luxembourg in a customs union in which the main barriers to the free flow of internal trade have been dismantled.

Three successive British governments have tried to join. Twice President Charles de Gaulle vetoed them, suspecting the British wanted to come in as agents of the Americans. When he was succeeded by President Georges Pompidou, the French veto disappeared. Last spring Heath came to an understanding with him that at last opened the gates.

# Guilty Plea Is Entered

Bobby Joe Lee pleaded guilty in district court yesterday to a charge of rape. He was assessed a 5-year prison term.

The offense occurred Aug. 27 in the east part of town.

# Resource Satellite Prepared

MOFFETT FIELD, Calif. (AP) — American scientists are preparing an observation satellite that will track icebergs in the North Atlantic, check on crops in India and alert Californians of snow-fed flooding dangers.

The National Aeronautics and Space Administration will launch the first Earth Resources Technology Satellite in 1972, NASA's director for the program, John M. DeNoyer, announced Wednesday.

The satellite will be equipped to gather the sort of high altitude photographs that have enabled scientists to tackle questions such as the potential for expanded crops and water development in Arizona and the spread of corn blight in the Midwest, DeNoyer said.

From an orbit 565 miles high, the satellite will transmit 300,000 pictures a week to earth. All photographic data will be made available to anyone in the world, DeNoyer said, and there will be no secret uses of the satellite.

Scientists abroad will use it to study land use in Guatemala, farming in India, locust breeding sites in Saudi Arabia, snowpacks in Norway and snow cover in Japan.

# Canvass For CROP Clated

All interested youth – junior and senior high ages – have been invited to meet at 2 p.m. Sunday at Trinity United Methodist Church to participate in collection of funds for the CROP, a community effort to relieve starvation in the world.

There will be a short period of training after which the young people, accompanied by an adult sponsor, will canvass door-to-door in various areas of Snyder.

The money collected will be combined with other funds across the country to provide food for the young, food as wages for working adults, and leadership for projects of community betterment.

Projects and food are presently at work in such countries as Nigeria, Vietnam, Pakistan, Peru and Guiana where floods, earthquakes and lack of skills make CROP especially needed.

# County Court Pleas Heard

Chappie Brown Williamson pleaded guilty in county court this morning to a charge of driving while intoxicated, first offense. He received a $100 fine plus court costs and a six-months' jail term. The jail term portion of the sentence was probated for six months.

Yesterday, Mozelle King pleaded guilty to illegal possession of intoxicating beverages, and Antolina Hernandez pleaded guilty to illegal transportation of intoxicating beverages.

Mozelle King received a $200 fine plus court costs. Antolina Hernandez received a $100 fine plus court costs and a 30-day jail term. However, her sentence was probated for six months.

Francisco Torres, Jr. and Raymond Gonzales were charged in county court with destruction of public property. They allegedly threw rocks through some windows at Travis Junior High School. Two teenagers also were involved, and they were turned over to juvenile authorities.

PRESENTS PROGRAM — Zeta Lambda Chapter of Delta Kappa Gamma met Oct. 25 in the home of Mrs. Jack Gorman. The program based on the television game "Jeopardy" was presented by the membership committee. Pictured are (from left) Bobbye Combest, Rita Carter, Lillian Jones and Maybelle Burns.

## Sorority Plans Bake Sale

Zeta Lambda Chapter of Delta Kappa Gamma met in the home of Mrs. Jack Gorman, 3002 Thirty-second St., Oct. 25.

Laura Holladay brought a meditation on "Love." A delightful program with the popular television game "Jeapardy" as format was presented by the membership committee. Bobbye Combest and Maybelle Burns were assisted by Rita Carter.

A short business session was conducted by Geogene Galloway, president. Plans were made for the Alpha State Regional Meeting to be held in Snyder at the high school auditorium Nov. 13. Zeta Lambda Chapter will be hostess to Alpha State president Levonne Davis and Alice Crump and eleven chapters from surrounding counties.

The chapter will sponsor a bake sale Nov. 20 from 9 to 4 p.m. at Everybody's for the grant-in-aid a senior girl graduate entering the teaching profession.

## Beta Sigma Phi Sorority Meets

Lambda Kappa Chapter of Beta Sigma Phi met recently in the Community Room of the Snyder Savings and Loan. President Mrs. Bill Early began the meeting with the Opening Ritual.

During the business meeting, the Sorority voted to contribute to the financing of the Snyder performance of the Texas Tech Symphony.

The evening's programs were presented by Mrs. John Billy Knoonsman and Mrs. Troy Scott.

Mrs. Scott presented a program on jewelry entitled "Pleasures In Treasurers". Mrs. Scott explained that jewelry is worn for the purposes of social symbol, showing taste and emotional attitude of life and for closing or holding clothing in place. The history of jewelry was traced from the Stone Age through the 20th Century, including Roman times, Iron Age, 14th - 16th Century, Renassaince, Baroque, Rocco, Napolionic, and the 19th Century.

The group then looked at many types of jewelry as Mrs. Scott explained the jewelry and the method by which it was made.

Mrs. Koonsman then presented her program entitled "Painting The Person". Mrs. Koonsman told the group, "Beauty is altogether in the eye of the beholder". She read quotes from famous people concerning beauty including Aristole and Emerson. Included in the program were tips on using make-up and selecting the right look for each individual. She summed up beauty saying "Even though not everyone is an international beauty, we all have our own personal beauty, whether it be a peaches and cream complexation, a beautiful mouth or eyes or a venus profile. Finding our special beauty and playing these assets up are what we strive for."

Hostesses, Mmes. Bud McClanahan and James Heffernan, served cake and Cokes to Mmes. Rex Mitchell, Blake Forehand, Roger Williams, Larry Bills, Truss Farquhar, Lynn Jackson, Lanier Campbell, Carson Clayton, John Billy Koonsman, David Palmer, James Barnes, Charlie Pace, Howard Limmer, Troy Scott, Bill Early, Truett Bryan and guest Mrs. Jerry Baird.

## Here's the Answer

By ANDY LANG
AP Newsfeatures

Q.—There is a banging noise when we shut off the cold water faucets in our house. It also seems as though the pipes along the basement ceiling are rattling. What causes this and how can it be corrected?

A.—The causes include excessive water pressure, the lack of necessary air chambers and waterlogged air chambers. The noise can be diminished by seeing that all pipes are rigidly fastened to structural members, but what usually is necessary is the installation of air chambers, something that must be done by a plumber. However, first try draining all water out of the plumbing system, then refilling, which sometimes removes water from existing chambers and replaces it with air.

Q.—The dictionary tells me that linseed oil comes from flax seed, but it doesn't tell me what I want to know, which is the difference between regular linseed oil and boiled linseed oil and why some instructions call for the boiled type. Can you explain it for me?

A.—What you call "regular" linseed oil is referred to as "raw." It is recommended for outdoor use, but takes several days to dry. Boiled linseed oil (the container must have the word boiled on the label) has drying ingredients in it. When used inside, it drys in a few hours, although the excess should be wiped from the surface on which it is applied. To sum it up, raw linseed oil is generally recommended for outside use, boiled for inside use.

Q.—Every time I use toggle bolts or expansion anchors to hold shelves on our kitchen wall, the wall gives way at those points and the shelves come tumbling down. Is there some other type of fastener I can use that will hold permanently?

A.—Yes, ordinary screws. But they must be driven into the studs behind the wall rather than the wall itself. You can use toggle bolts or expansion anchors capable of holding hundreds of pounds, but the fastening will not be secure if the wall—probably of the dry type—will not support that much weight. It's the old story of a chain being only as strong as its weakest link.

Q.—One of our clothes closets is on an outside wall. If we keep the door open all the time, it is all right, but when the door is closed, the closet develops a musty odor. How can we prevent this? We want to keep the door closed.

A.—Try installing small, louvered vents in the outside wall. Two towards the top of the closet and two towards the bottom should provide enough ventilation to prevent the odor.

(For either of Andy Lang's booklets, "Wood Finishing in the Home," or "Simple Plumbing Repairs," send 30 cents and a long, stamped, self-addressed envelope to Know-How, P.O. Box 477, Huntington, N.Y. 11743. Be sure to specify which booklet you want.)

## Dry Peas Are Nutritious Nuggets

COLLEGE STATION —Dry peas and their close cousins — dry beans and lentils — are food bargains, budget-wise and nutrition-wise, reminds Gwendolyne Clyatt, Extension consumer marketing specialist.

When buying dry peas, Mrs. Clyatt says to figure a pound will provide about 7 servings, three-fourths cup each.

Dry peas are a hearty food because of their carbohydrates, which the body uses for energy, the specialist notes. The peas contain some B vitamins plus significant amounts of iron and calcium. In addition, these little nuggets provide useful protein for the body to build and repair organs and tissues.

Dried peas are most nutritional when combined with meat, cheese or other proteins from an animal source, Mrs. Clyatt suggests. Proteins in foods are made up of different combaintions of amino acids. Some are more complete and thus more useful than others for the body's needs.

Before cooking, Mrs. Clyatt says to soak whole peas to take up part of the water lost in drying. For full natural flavor and to save vitamins and minerals, use the soaking water for cooking.

## Woman's Calendar

Police took elaborate security precautions in the wake of published reports that the princess would be the target of protest demonstrations.

## Bake Party Biscuits The Easy Way

By CECILY BROWNSTONE
Associated Press Food Editor

Even a novice at cooking can turn out a beautiful batch of biscuits. We're talking about miniature drop biscuits, not the rolled variety, because the former are foolproof to make.

These biscuits are prepared with cake flour instead of regular flour, heavy cream instead of shortening and they are so rich that they almost shatter as you butter them or spread them with jam. We like to serve them to company because they always get raves.

They have extra-good flavor because wheat germ is added to the dough. Wheat germ, made from the heart of wheat, contributes protein of good quality, many mineral elements (particularly iron) and a host of vitamins, including the B family—more than 30 essential nutrients in all.

**PARTY CREAM BISCUITS**

2 cups sifted cake flour
4 teaspoons baking powder
½ teaspoon salt
1 tablespoon sugar
¼ cup wheat germ
1 container (8 ounces) heavy cream
2 tablespoons undiluted evaporated milk

Into a medium mixing bowl sift together the flour, baking powder, salt and sugar. Stir in wheat germ.

Open fully the container of cream and stir the undiluted evaporated milk into it; with a fork, stir gradually into flour mixture. Mixture will be stiff.

Using a tablespoon and a small metal spatula drop dough into small buttered muffin-pan cups (each 2 inches across top and 1 inch deep). Dough will about fill cups. Smooth tops with the small metal spatula.

Bake in a preheated 450-degree oven until golden brown—12 to 15 minutes. Serve at once. Makes 24.

PARTY CREAM BISCUITS — They're delicious to serve at teatime with butter and jam, but they're also perfect to serve with a regular meal.

SHORTS CIRCUIT — Used brick's the color choice for this hotpants suit in a fresh-looking new face for cotton corduroy. The color's repeated in a matching rib turtleneck of cotton knit. All by White Stag.

## Snyderite Joins New Sorority

LUBBOCK — Veronica Davis, junior education major from Snyder, has been named historian and journalist for the newly organized chapter of Delta Sigma Theta at Texas Tech University.

Chartered last spring, Delta Sigma Theta was the first black sorority to be organized at the university. The national organization, which now has 105 collegiate chapters in U.S. colleges and universities, was founded in 1913 at Howard University, Washington, D.C.

## 4-H Club Enjoys Halloween Party

The Junior 4-H Club of Snyder elected the following new officers at their Oct. 26 meeting: Sheryl Neely, president; Mary Elizabeth Larza, vice president; Glenda Vaughan, secretary; Pam Flynn, reporter and Linda Kenner and Susan Tobbert, recreation leaders.

The club members enjoyed games and refreshments at the Halloween party that followed.

## Ira Halloween Carnival Set

Ira PTA will sponsor a Halloween carnival Saturday in the school gym. The carnival is set for 6-9 p.m. with the coronation following at 9:30. Food will be served in the lunch room beginning at 5:30 p.m.

Members of the British House of Commons are paid $7,500 a year.

## Pumpkin For Halloween

COLLEGE STATION — Gobblins roaming the streets on Halloween night will need eyes that adjust from dark to light. And what better way to help than by serving pumpkin for Vitamin A, suggests Frances Reasonover, Extension foods and nutrition specialist.

Vitamin A is the food nutrient needed for normal vision, growth and healthy condition of skin and other body surfaces, Miss Reasonover explains.

"Of course, improvement doesn't occur overnight, as nutrition results aren't immediate," she continues. "What's best is an adequate, regular supply of nutrients each day."

Normal adults require 5,000 International Units of Vitamin A per day. One half cup of pumkin provides 7285 IR's, which is more than the recommended daily allowance. And, pumpkin is generally inexpensive and easy on the pocket book.

You might even have a pumpkin surprise for "trick or treaters."

Miss Reasonover suggests a hearty, nutritious pumpkin soup. Use your jack o'lantern, provided it hasn't been kept too long after being cut. Make the soup with a slightly thickened chicken broth and light cream soup base. Add mashed pumpkins and tomatoes seasoned with a dash of salt, sugar, nutmeg, thyme, bay leaf, green pepper, onion and parsley.

# Lubbock City Council Fires Manager

LUBBOCK (AP) — This South Plains city operated with an acting city manager today in place of W. R. "Bill" Blackwell, who was fired Wednesday by the city council.

Blackwell had held the job four years and eight months. During much of that time he was engaged in a more or less running feud with members of former and current city council members.

Assistant City Manager Bob Wilson offered his resignation immediately after the surprise ouster of Blackwell.

Dismissal of the city manager occurred at a 90-minute executive session, which ended in a 4-1 vote for terminating his employment at once.

Blackwell called it "a raw deal."

The director of utilities, N.B. McCullough, was named acting city manager, a post he held briefly before Blackwell was hired in February of 1967.

"It is the consensus of the city council that in the best interest of the city of Lubbock that the city manager be terminated," Mayor James Granberry told newsmen after the closed door session.

He was asked for reasons for Blackwell's dismissal, and the mayor said, "The situation was such that we felt a change was necessary.

"We feel that the city manager has not implemented to his best ability the policies set out by the city council."

It was common knowledge, however, that the council and Blackwell had clashed over a recent move by the council to hire five "assistants" to council members.

Blackwell, it was learned, had opposed these hirings on the ground such employes were not responsive to him.

Granberry said, "The real reason we had a problem was because the city manager refused to accept our directive to establish the council staff and let it function—in other words, to give the staff office space."

The mayor said Blackwell had told councilmen there was no office space available in the city hall to house the new assistants.

"That shows lack of desire to accomplish what the council says," Granberry said. "This was only the latest in many cases of insubordination by Blackwell."

He declined to discuss other cases.

Blackwell drew an annual salary of $29,600. His pay was raised last year in a "vote of confidence" by the council because of his work following the destructive Lubbock tornado May 11, 1970.

The Paris subway system employs 2,300 motormen.

## Tech Professor Heads TFLA

LUBBOCK, Tex. (AP) — Prof. Harley Oberhelman of the Classical and romance languages faculty at Texas Tech University is the newly elected president of the Texas Foreign Language Association. He was elected at the association's fall meeting in El Paso.

# Tiger, Wolf Rivalry Dates Back To 1924

An old and colorful gridiron rivalry dating back to 1924 will be renewed Friday night in Colorado City when the Wolves host Snyder's Tigers in a District 3-AAA battle. Kickoff is on tap for 7:30 p.m.

The host Wolves hold an 18-13-3 edge in the series and they have a habit of "getting up" for the Tigers. The last time Snyder made the trip south of here they were upset 20-14.

It's true Coach Weldon Brevard's charges don't have an impressive record, having won only one and tied one in six outings, but most of their opponents have been tough. They've taken on such highly regarded teams as Monahans, Coahoma, Estacado and Lamesa. As a result, they've only scored 41 points, compared with 93 for the opposition. The Tigers of Coach Maurice (Mo) Hodges, on the other hand, are 2-3-1 for the campaign and have tallied 111 points while yielding 120. Snyder is tied for second place in District 3-AAA with a 2-1 record while Colorado City is tied for seventh place with an 0-2-1 record.

There have been no common foes this season, so there isn't much basis for comparison. Anyway, when these two teams tangle you can throw out past records. Suffice it to say that the Wolves are hungry for an upset. The Tigers also should be riled up since they sustained their first district lost last week. Thus everything points to a hard-fought match.

The Wolves operate from an I formation with a slot back and an unbalanced line, and they have some experienced backfield men. Veterans include quarterback Dewain Nix, a 145-pound senior; fullback Larry Dearen, a 165-pound senior; and, slot back Wayne Banks, a 160-pound senior. The fourth man in the backfield is tailback Melvin Jackson, a quick 150-pound junior.

Colorado City has a capable reserve in quarterback David Matthews, a 196-pound senior. When Matthews is in the game, Nix often plays at tailback.

A number of experienced Wolves are back to man defensive backfield and line positions and offensive line berths. Perhaps the best of these are center Larry Kinard, a 175-pound senior; Scott Hudson, 210-pound senior tackle; defensive tackle Rickey Parks, a 197-pound senior; Tim Stansell, a 198-pound junior linebacker; defensive end Bob Benson, a 165-pound senior; and, Dean Brooks, a 155-pound senior, who has been converted from end to safety. Kinard, the center, also doubles as a linebacker.

Defensively, the Wolves employ a wide split 6.

Colorado City has a better team than their record indicates, and they could give the Tigers a stiffer contest than many prognosticators believe.

Coach Hodges knows what his team is up against, but he has confidence the local lads can bounce back.

"There are no easy football games," the Tiger mentor says, "but our men have a good attitude."

Snyder operates from a Winged-T and I formation offense and uses an Oklahoma 5 defense.

Only a few changes have been made in the starting lineups. Travis Bunch, 145-pound senior, has been moved from cornerback to halfback. Tim Holder, 150-pound junior, has been installed at cornerback. Otherwise, the defensive secondary will be the same with Butch Buchanan, 175-pound senior, at rover and Jackson Brewster, 152-pound senior, at safety.

In the defensive line are ends Dicky Stanley, 160-pound senior, and Joe Adams, 176-pound senior; tackles Sandy Land, 251-pound senior, and, middle guard Albert Hernandez, 210-pound senior. Mike Glasscock, 202-pound senior, and Louis Loyd, 173-pound senior, will be at linebacker.

Offensively, the backfield will include Buchanan at quarterback, Glasscock at fullback, Sammie Harrison, 145-pound senior, at tailback; and, Jimmy Dyess, 180-pound junior, at halfback.

The line will include ends Gary Patterson 167-pound senior, and Jackie Murray, 186-pound senior; tackles Gary Jones, 185-pound senior, and Mike Dennis, 179-pound senior; guards Randy Wright, 160-pound senior, and Hernandez; and center Joe Price, 160-pound junior.

Holder and David Chambers, 143-pound junior, both are ready to back up Buchanan at quarterback while running backs ready for duty are Jackie Hartsfield, Bunch, Melvin Cobb, Brett Bell, Kevin McGinnis, Bill Giles and Ivory Greer.

Linemen ready for action are Eddie Bane, John Odom, Chris Covey, Otto Miller, and Joe Bullard.

The Tigers had a good workout in the rain Tuesday. Work on pass defense and full offense and full defense was on tap Wednesday while a light workout today was to conclude preparations for the game.

Joe Bullard, 181-pound senior, end, has recovered from a sore ankle. Glasscock, the senior fullback and linebacker, did some hard running Tuesday. He had sustained a cartilage separation in the ribs during the Dunbar game, and the coaches were worried about his being able to play this week. Now, it looks like he will be ready.

Tickets will be on sale at the school administration office here until noon Friday. They cost $1.50 for reserved adult tickets and 50 cents for student tickets.

Probable starters:

**SNYDER**

Offense: Ends – Gary Patterson, 167, sr., and Jackie Murray, 186, sr.; tackles – Gary Jones, 185, sr., and Mike Dennis, 179, sr.; guards – Randy Wright, 160, sr., and Albert Hernandez, 210, sr.; center – Joe Price, 160, jr.; quarterback – Butch Buchanan, 175, sr.; halfback – Jimmy Dyess, 180, jr.; fullback – Mike Glasscock, 202, sr.; and, tailback – Sammie Harrison, 145, sr.

Defense: Ends – Dicky Stanley, 160, sr., and Joe Adams, 176, sr.; tackles – Sandy Land, 251, sr., and Mike Line, 208, sr.; middle guard – Hernandez; linebackers – Louis Loyd, 173, sr., and Glasscock; rover – Buchanan; corner back – Tim Holder, 150, jr.; halfback – Travis Bunch, 145, sr.; and, safety – Jackson Brewster, 152, sr.

**COLORADO CITY**

Offense: Ends – Jerry Boyd, 170, jr.; and Sonny Edwards, 140, sr.; tackles – Gene Hunt, 198, jr., and Scott Hudson, 210, sr.; guards – John Ridge, 155, jr., and Carl Guelker, 179, sr.; center – Larry Kinard, 175, sr.; quarterback – Dewain Nix, 145, sr., or David Matthews, 196, sr.; fullback – Larry Dearen, 165, sr.; tailback – Melvin Jackson, 150, jr., or Nix; slot back – Wayne Banks, 160, sr.

Defense: Ends – Banks and Bob Benson, 165, sr.; tackles – Mark Marshall, 170, sr., and Rickey Parks, 197, sr.; guards – Hudson and Hunt; linebackers – Tim Stansel, 198, jr., and Kinard; halfbacks – Melvin Jackson, 150, jr., and Mark Waldrip, 145, sr.; and, safety – Dean Brooks, 155, sr.

## Dalton Signs Angel Pact

ANAHEIM (AP) — Harry Dalton, given much of the credit for building Baltimore's American League dynasty, has accepted the task of lifting the California Angels out of the rubble of a disastrous season.

Dalton, 43, the Orioles' vice president in charge of player personnel since 1966, was given a five-year contract at undisclosed salary Wednesday to become the Angels' general manager and executive vice president.

The announcement was made by Bob Reynolds, Angels president and Gene Autry, board chairman. They reportedly began negotiating with Dalton at least a month before Dick Walsh was fired as the American League club's general manager a week ago.

Reynolds said Dalton is "used to winning" and hailed him as "one of the architects of the Orioles' success."

Dalton said in Baltimore he was "unhappy to leave the Orioles" but added, "I sincerely believe that we have a chance to make this (the Angels) one of the strongest franchises in the American League."

He is joining a team that started the 1971 season with high hopes and ended up a distant fourth in the AL West, torn by dissension and playing to sparse crowds. Manager Harold "Lefty" Phillips was fired two weeks before Walsh.

Dalton said it may be "three or four weeks" before he is ready to decide on Phillips' successor.

Leading candidates are believed to be Del Rice, who managed the Angels' Salt Lake City farm club to the Pacific Coast League championship this year, and Baltimore coach Billy Hunter.

"I am very high on Billy Hunter's ability," Dalton said, "but any stories suggesting that he will be the manager are premature."

## Squires Take Top East Spot

By THE ASSOCIATED PRESS

What Willie Sojourner calls his "shot" has put the Virginia Squires on top in the East Division of the American Basketball Association.

The 6-foot-9, 235-pound rookie from Weber State gets off the shot in a high arc. It was particularly effective against another rookie, 7-2 Artis Gilmore from Jacksonville, as the Squires beat Kentucky 110-107 Wednesday night and ousted the Colonels from the top rung in the East.

## Delaware Leads College Poll

By THE ASSOCIATED PRESS

The Delaware Blue Hens won a battle, but lost some ground in their fight to remain No. 1 in the college division football poll.

The Blue Hens, despite a convincing 47-8 victory over West Chester last weekend, had their top-ranked lead shaved to a mere 10 points over second-place McNeese State. The Cowboys from Louisiana, 47 points off the pace last a week ago, were idle Saturday.

The Associated Press' panel of sports writers and broadcasters gave Delaware 10 first-place votes and a total of 288 points to McNeese State's three and 278.

Akron, which whipped No. 8 Southern Illinois, moved from fourth to third with two No. 1 votes and 258 points. Southern Illinois dropped out of the blue ribbon group.

Eastern Michigan, No. 4 last week, dropped to No. 5 and North Dakota State, a recent upset victim of North Dakota, dipped from No. 5 to No. 6.

The top Ten teams in The Associated Press college division football poll with first place votes, season records and total points on a 20-18-16-14-12-10-9-8 etc. basis:

| | | |
|---|---|---|
| 1. Delaware | 10 | 6-0 288 |
| 2. McNeese State | 3 | 6-0 278 |
| 3. Akron | 2 | 6-0 258 |
| 4. Eastern Michigan | | 5-0-1 233 |
| 5. North Dakota | 1 | 5-2 186 |
| 6. N. Dakota St. | | 6-1 139 |
| 7. Tennessee St. | | 5-1 129 |
| 8. Louisiana Tech | | 5-1 124 |
| 9. Western Kentucky | | 5-1 111 |
| 10. Tampa | | 4-2 55 |

Southwest Texas State also received one first-place vote.

## Three Games Here Tonight

Five Snyder football teams will see action tonight, and three of the games will be here.

Lamar 8th grade hosts Colorado City at 6 p.m., followed by a 7:30 p.m. collision between Travis 8th grade and Sweetwater. These two games will be held on the Travis field. Also at 7:30 p.m., the junior varsity Bengals host Lake View at 7:30 p.m. in Tiger Stadium.

Lamar 9th grade will be at Lake View for a 7:30 p.m. skirmish, and Travis 9th grade will be at Sweetwater for another 7:30 p.m. clash.

# UCLA, North Carolina Placed On Probation

By ROBERT MOORE
Associated Press Sports Writer

KANSAS CITY (AP) — The University of California at Los Angeles and North Carolina Central University are under probation today, each for one year, for athletic recruiting irregularities.

The National Collegiate Athletic Association announced the probations Wednesday through its Council, meeting here in its fall sessions.

Both universities were reprimanded and censured but the probations, which will end Oct. 26, 1972, was without penalty. UCLA will defend its national championship in basketball.

The action against UCLA involved James McAlister, a track and football star; Kermit Johnson and Eugene Jones, football players now competing for the Bruins, all from Pasadena, Calif.

As a result of the action, McAlister, a sophomore, is ineligible for athletic competition this year and thus will miss a year of varsity participation in football and track.

North Carolina Central, located at Durham, N. C., was placed on probation for the manner in which it went about recruiting Charles Foster of Gaffney, S. C., a track star.

Warren S. Brown, the NCAA's enforcement officer, said Foster would not lose any eligibility "because he was merely doing what was arranged for him."

Brown said the recruiting violations involving UCLA occurred in May and June of 1970 and that McAlister, Johnson and Jones took an ACT examination "from a special test administration" arranged by UCLA's former assistant athletic director instead of on a nationally administered test date.

Brown would not disclose the name of the athletic assistant but said he is not currently employed by the university.

Brown said McAlister's examination papers contained 63 erasures, 49 of which had been converted to the correct answers. The papers of the other two athletes also contained many erasures.

It was not determined during the NCAA investigations who made alterations on the examinations, Brown said.

## Phoenix, Memphis Want Pro Teams

MEMPHIS, Tenn. (AP) — Rep. Dan Kuykendall, R-Tenn., reported Wednesday that Memphis and Phoenix, Ariz., may team up in an effort to secure National Football League franchises for the two cities.

The NFL is expected to add four teams during the next three years.

# Little Difference Seen In Selling Ships, Soaps

By JOHN HENRY
AP Business Writer

NEW (AP) — The U.S. operations of Britain's famed Cunard ship line are being run these days by a former advertising executive who says selling ships is like selling soap.

The comparison reflects a pragmatic, unsentimental approach which seems to hold sway now at Cunnard, whose roots in transatlantic passenger shipping date 130 years.

The approach is personified by the line's American-born president in this country and Canada, Richard B. Patton, a 41-year-old Harvard Business School graduate who has held important marketing posts with H.J. Heinz and Trans World Airlines and served time in between with New York's Ogilvy and Mather advertising agency.

"The only difference between package goods like soap and a service industry," Patton says, "is that package goods come off the assembly line and nothing usually can go wrong between the factory and consumer.

"But in a service industry like ours, one frown can spell the difference between success and failure. Other than that there's not much difference."

Patton, who became president a year ago, hired two marketing men from Proctor & Gamble, the nation's largest soapmaker.

For Cunard it has been a case of change or die, in the opinion of many industry observers. As jets siphoned off large hunks of the line's transatlantic trade, profits vanished. And Cunard Line lost money every year between 1961 and 1970 except one.

In 1965, a new management team assumed control of the line's parent, the Cunard Steam-Ship Co. Ltd., and proceeded to make sweeping changes in passenger ship operations.

The new team pared the line's passenger fleet from seven ships to three and in the process retired the illustrious Queen Mary and Queen Elizabeth.

Cunard cut the number of passenger offices in North America from 29 to a lone set of offices in New York City.

The line also departed from tradition by naming Patton, an American, to the presidency of its North American operations. The job had previously been filled by a British executive in Southampton, England, where Cunard is based.

"Under the old setup it must have been hard for the company to keep tabs on its U.S. operations," Patton says. "I sometimes have trouble keeping tabs in New York on what's going on in Chicago."

Despite all the radical surgery, Cunard was unable to get solidly into the black. And last August, Trafalgar House Investments, a British construction and real estate firm, took over.

Patton flatly predicts the line will turn a profit next year. Bookings for the Queen Elizabeth 2's winter cruise season are running 3½ times ahead of last year, he says, and strong hopes are being pinned to the new 15,000-ton Cunard Adventurer, which will go into service late this year.

## A Junior Editors Quiz on HOROSCOPES

**QUESTION:** *How did horoscopes originate?*

* * *

ANSWER: Early man was fascinated by the sky which, at night was lighted by the moon and stars, and during the day by the sun. He viewed these lights with awe and considered himself under their influence. He noticed that the success of his crops depended on the sun, and that, during many storms, the moon and stars did not shine. Many believed that the position of the stars, the planets, or the moon had a special effect on their lives.

Astrologers made a map of the heavenly bodies in the positions they occupied at the hour of the person's birth. This map is called a "horoscope." The horoscope shows the fixed stars divided into 12 groups or "houses" called the signs of the zodiac. This idea of the zodiac seems to have originated with the Chaldaean astrologers about 2100 B.C. The zodiac is an imaginary belt in the sky which follows the sun's yearly course. The 12 signs represent the divisions of the year. Each planet is said to have its favorite house. The planet which is in its house at the time of a person's birth is supposed to have a great influence over the person. Planets which are far from their houses are considered by believers to have a weak influence.

10-28

# Boyle Recalls Yesterdays

By HAL BOYLE

NEW YORK (AP) — Memory is the great magic lantern show.

The brain is its compact theater, and against the vast backdrop of the mind it endlessly portrays the unfolding past. The numbing horrors of before, the enchanting happinesses, live again.

Your own magic lantern show has a lot of scenes in it if you can look back and remember when—

It was the height of young American male wit to holler at a passing pretty girl, "Hi there, dreamboat"—and then, when she turned around, to tell her: "Not you, shipwreck!"

A fellow felt something was missing all day if he didn't have biscuits for breakfast. Homemade? What other kind was there?

If you needed something fixed around the house, all you had to do was tell one of the kids to run and fetch the hired man. Every neighborhood seemed to have one of these jacks-of-all-trades handy, and you could always get him in an emergency.

Only the town banker's time was so important that he made an appointment to get his hair cut. Everybody else just sat around the barber shop gossiping until it was his turn to climb into the chair.

After a boy got so he could whistle and spit between his teeth, he felt he had life pretty well made.

Although most housewives were reasonably honest in other ways, you could bet that any woman who was admired for a cooking speciality would leave out one of the key flavoring ingredients when asked for the dish's recipe.

Many towns had curfews for children, and they had to be off the streets by 9 o'clock at night.

The big masculine rage was for hand-painted neckties, usually adored with pictures of nude girls.

A high school girl's reputation was whispered about if she went for a walk in the woods with a boy while they were attending the annual class picnic.

College football players had to pay their own tuition, just like everyone else.

An average family was one that had at least four children but only one sled and one pogo stick.

A young fellow calling on his best girl on Saturday night had to run the gauntlet of a dozen critical neighbors sitting on their front porches and watching everything that went by.

Everybody had heard of plastic, but few knew what it was.

No matter how hard his life was, everybody could think of some things to be grateful for.

Those were the days—remember?

# Wyoming Has Snow

By THE ASSOCIATED PRESS

Winter spread its icy grip over the Western mountain regions today dumping more than five inches of snow in Wyoming while the Southeast enjoyed fair and mild weather.

Heavy snow warnings were in effect today for portions of Arizona and Wyoming, where five inches of snow blanketed the town of Lander. Three inches of snow fell at Casper, Wyo.

The mercury plummeted to near zero during the night in Montana and cold wave warnings were in effect today for eastern Colorado, southeastern Wyoming and northwestern Nebraska.

A freeze warning was issued for western Oregon as winter-like conditions whipped the Pacific Northwest.

Temperatures before dawn ranged from 5 at Cut Bank, Mont., to 77 at Key West, Fla.

# Inks Contract

HOUSTON (AP) — The Gulf Coast Waste Disposal Authority has signed its first contract to treat the wastes of the Union Carbide Corp. plant in nearby Texas City.

The company will pay the $8.5 million estimated cost of the facility, to be built near the company's ship canal.

The contract term is 32 years and the revenue bonds to finance the work are for 20 years.

The legislature created the authority in 1969 as a regional waste treatment organization for Galveston, Chambers and Harris counties. The legislature funded the authority for its first two years, but the authority was expected to go it alone after that.

SAYS 'IT'S BEEN A GOOD LIFE'

## Prison Guard Believes In Sticking To Rules

By JULES LOH
AP Newsfeatures Writer

JOLIET, Ill. (AP) — Aaron Carey, prison guard: "I can't think of a more horrible life than that of a prisoner. Locked away with that segment of society. Locked away from your loved ones. No, I don't think I could take it. I think I'd blow my top."

And the life of a prison guard?

"It's been a good life. I think it's honorable work, important work. As long as there are prisons there will have to be guards. But I must say I would feel sort of let down if one of my boys became a guard. I've always had in mind something better for them."

Aaron Carey has been a guard at Stateville Penitentiary the past 28 years.

At a time when prison turmoil seems to be increasing—and brought on in many cases, as at Attica, N.Y., when the rage of desperate men collides with the need to keep order—the role of the prison guard becomes central. Inmates have described their uniformed warders as predators preying upon their helplessness. "Wolves," one Attica inmate said.

If that is so, Aaron Carey, 58, slight of build, hair thinning and gray, voice rarely rising above a stage whisper, comes across as a sheep in wolf's clothing.

"I want to be frank," he said. "I do know of guards who if they went into certain places in that penitentiary they wouldn't come out. I also know that the only way drugs and other contraband can get into an institution is through corrupt guards. No sense in hedging about that either.

"But I wouldn't expect that inmates who leave prison would have much to say about the guards who were decent. They would be more likely to talk about the rotten ones. It's just like, well, you don't hear much about the good inmates in prisons. Oh, my, yes, there are some fine men in prison.

"What we ought to remember is that both inmates and guards are just people. Both are subject to human weaknesses."

In Carey's view, one weakness of some guards, ironically, is in being too friendly to the prisoners. Aren't the prisoners starved for friendship? Don't they cry out to be treated as individual humans?

"Yes, but what happens is this. If a guard gets too familiar with an inmate the inmate will respond by expecting favorable treatment. That has happened. I've seen a guard put a prisoner on report for doing something he wouldn't have done if the guard hadn't more or less encouraged it by looking the other way a previous time. That's the lowest thing you can do.

"The answer to being fair and decent to the inmates, at least my answer, is simply to enforce all the rules uniformly.

"The odd thing is, the prisoners respect you more when you permit absolutely no departure from the rules. If your behavior is constant and predictable, they are actually more at ease.

"On the contrary they don't respect the corrupt guards. I know that because if an inmate is caught with contraband, for instance, he will have no hesitation about naming the guard who gave it to him—even if it means an end to his illegal traffic. I've seen that time and again.

"Inmates also will throw circles at guards they don't respect. That's a prison term. It means entrapping a guard, even at the risk of getting themselves in trouble.

"We had a prison break in September. It began with some prisoners getting a hospital pass from a guard. They knew that if the escape worked, and it did, that the guard who issued the pass might get in trouble. They threw a circle at him. They wouldn't have asked for a pass from a guard they respected."

Carey says he maintains the delicate guard-prisoner relationship by one fundamental method—apart from impartial enforcement of rules and impartial treatment, which he carries to the extent of never in any circumstance referring to a prisoner by his first name. The method is disinterest.

"I have made it a point in all my years never to concern myself in the slightest with any inmate's personal life. I've never tried to find out why a man is there.

"Of course you hear, or overhear, things like that—somebody might say 'that's Touhy' or 'that's Leopold' (the late Roger Touhy and Nathan Leopold, two of Statesville's more celebrated inmates)—but I try to put it out of my mind.

"The other day I was working in the visitors' room. A prisoner came in and I recognized him as a man who had been there 20 years ago. No, I didn't say a word to him. I gave no sign of recognition. I didn't know why he was there, or why he was there the first time, for that matter. And didn't care."

Carey had no special calling to his work. He was born on a small farm in southern Illinois and held various jobs during his young manhood: farmhand, short order cook, factory worker. None satisfied him or paid particularly well.

In 1934 he married Evelyn Taylor, who later bore him seven children. Her father worked as a guard at the penitentiary in Menard and Carey decided to give that line of work a try.

He mailed an application to Springfield, was accepted, and hired on at Stateville for $197 a month. Long years of service, plus promotion to sergeant in 1955, have raised his pay to $809 a month. Out of that he has to buy his own uniform shirts, shoes and cap. To help ends meet, Evelyn works as a dietician at a local hospital.

Though Carey feels strongly about the importance of doing his job well his main interests are outside the walls.

## LTV Awarded Letter Contract

DALLAS (AP) — LTV Electrosystems, Inc., has been awarded a letter contract from the Naval Electronic Systems Command for 10 shipboard air navigation systems, the company has announced.

## Public Notice

ARTIFACTS FROM MEXICO — C. Warren Cullar, assistant professor of art at Western Texas College, and Mrs. Cullar will display art objects and artifacts such as these when they present the program tonight at a meeting of the Snyder Chapter of the South Plains Archaeological Society. These items were collected by the Cullars over a period of three years in Mexico. The meeting is set for 7:30 p.m. in the Snyder Savings and Loan Association Community Room. # Telex Installed On Mariner 9

By BILL STOCKTON
AP Science Writer

PASADENA, Calif. (AP) — Officials of the Mariner 9 Mars probe project are installing a communications system here they hope will bridge language and ideology barriers and bring about the first joint effort in space exploration by U.S. and Russian scientists.

Officials at the California Institute of Technology's Jet Propulsion Laboratory—JPL—hope to use a Telex machine to exchange data through a similar machine in Moscow when both countries begin exploration of Mars next month.

Mariner 9 is scheduled to go into Martian orbit Nov. 13 and take photographs and other measurements of the planet. Two Soviet craft, Mars 2 and 3, are expected to arrive about the same time, but their missions haven't been disclosed.

The Telex system is a means of sending and receiving messages by teletype. One machine can send information by dialing another's number.

"We have their number and they have ours," said Dan Schneiderman, Mariner 9 project director.

"As soon as our machine is installed, we'll place a call. We'll just see who answers. Sometimes that's the only way to get things rolling."

Since the Russians announced launch of their two Martian probes in May, U.S. scientists have hoped to exchange data with them.

Because the Soviet craft weigh more than five tons, compared to Mariner's 2,200 pounds, some observers think a Martian landing will be attempted by Mars 2 and 3. Mariner 9's orbit will take it to within 750 miles of the surface.

A landing by a Russian craft would offer a unique opportunity for cooperation. U.S. scientists feel. Mariner could make broad studies of the landing area's general characteristics while the Soviets studied details of the surface.

The first U.S. landing of an unmanned craft on Mars is expected in 1975.

Even if the Soviets don't attempt to land but simply place a spacecraft in orbit, important cooperation still would be possible. Intriguing observations could be exchanged and attempts made to simultaneously observe some area.

"It'd be a shame not to correlate this information," Schneiderman said.

# Barnes Asks Cabinet System

FORT WORTH (AP) — Lt. Gov. Ben Barnes called Wednesday for a cabinet system of government to replace insurance and welfare commissions.

The political protege of former Gov. John Connally, currently serving as secretary of the treasury, predicted "Connally will return to Texas a Democrat."

He blamed rising automobile insurance rates on "our commission system of government which perpetuates a system of buck passing.

"Our highway commission works fine but our commission system in other areas is very weak," Barnes told a civic group.

"We ought to change the whole system. We can't foul it up any worse than it is today and the rates can't be increased anymore. I want us to study no-fault insurance and I want a competitive rate bill passed such as that the Senate passed this session — it died in the House."

"I'd like to see one man appointed by the governor to be secretary of insurance and another to secretary of welfare. Each would be responsible for his program and if he doesn't change the system, the people will have someone to blame. They can get them a new governor."

# Mrs. Bayh Is Up And Around

WASHINGTON (AP) — Sen. Birch Bayh, the Indiana Democrat who withdrew from the race for his party's presidential nomination due to the illness of his wife, says she's "coming along very well."

Marvella Bayh was operated on for cancer of the breast and has been released from the hospital. Bayh said Wednesday that she now is "up and around."

"We've got a battle ahead on our hands but it's one we intend to win," the senator added.

FOR THIEU'S INAUGURATION

# US Troops Are Alerted

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — The U.S. Command today ordered American troops in Vietnam on an increased alert for the weekend in anticipation of enemy attacks during the inauguration of President Nugyen Van Thieu.

The alert is also intended to keep the 202,000 American troops away from any hostile demonstrations by anti-Thieu forces who blame the United States for his unopposed reelection.

"Intelligence indicates possible increased enemy activity during the period, such as terror, sapper and rocket and mortar attacks," said a spokesman for the U.S. Command, Maj. Richard Gardner.

He said the alert would begin at 5 p.m. Saigon time Friday and would remain in effect at least through 5 p.m. Monday.

Under the alert, called "gray condition," U.S. troops can enter cities or towns only on essential official business, and vehicle movement outside U.S. installations is limited to essential travel.

Similar alerts were declared during the National Assembly election last Aug. 29 and the presidential election Oct. 3.

There have been 39 firebombings of U.S. vehicles in Saigon since early September, all of them believed to be the work of militant students opposing Thieu and the U.S. support of his government.

The government in preparation for the inauguration today announced its biggest POW release of the war, raising cautious hopes that the North Vietnamese and Viet Cong would reciprocate.

The Defense Ministry said 618 "repentant" Viet Cong will be freed outright. It said another 2,320 are being accepted into the government's "open arms" program for a brief period of political indoctrination after which they can return to their villages or work for the government in such fields as propaganda, psychological warfare and intelligence gathering.

A communique said the prisoners were being granted amnesty to mark the inauguration Sunday of President Nguyen Van Thieu and South Vietnam's independence day anniversary on Monday.

Sources at the presidential palace said earlier that Thieu would make a new appeal for peace on Monday. Some reports said this would be a new initiative, while other sources indicated it would contain a renewal of earlier calls for an immediate cease-fire as the first step toward a settlement.

The South Vietnamese hold about 36,000 prisoners of war, a little more than 8,000 of them North Vietnamese. The U.S. Defense Department lists 462 known American prisoners of war—378 in North Vietnam, 79 in South Vietnam, three in Laos and two in China. Another 1,176 Americans are listed as missing in action.

Hopes for prisoner exchanges were given impetus three weeks ago when the Viet Cong released the first American they have set free in nearly two years, Sgt. John C. Sexton Jr., of Warren, Mich. The Viet Cong indicated they would welcome reciprocal action, and three days later South Vietnam freed a North Vietnamese.

The Chicago Tribune reported today that some Republican senators say they have been told by officials of the Nixon administration that Fitzsimons General Hospital in Denver had been alerted to handle up to 200 returning U.S. POWs soon. The White House, the Pentagon and the hospital all denied that any such alert had been issued.

The Saigon Defense Ministry said 442 of the prisoners to be released Sunday are "in good health" while 176 are disabled.

# 7 Killed In Week's Combat

SAIGON (AP) — The U.S. Command announced today that seven Americans were killed in combat in Vietnam last week, the third week in succession that less than 10 were killed.

The level is the lowest in six years.

The command's weekly casualty summary also reported 84 U.S. servicemen were wounded last week, equaling the wounded figure for the previous week.

The seven combat deaths compared with five in the previous week and eight the week before that.

The U.S. Command also reported 32 Americans died last week from accidents and illness, more than double the 15 deaths from nonhostile causes during the previous week. The toll was the highest in one week since the last week of February, when 37 such deaths were reported. A spokesman said the increase last week, was due in part to accidental helicopter crashes.

The South Vietnamese command reported 394 government troops were killed in battle last week and 700 were wounded, compared with 391 killed and 919 wounded a week earlier.

The two allied commands reported 1,271 North Vietnamese and Viet Cong killed, 18 more than a revised total of 1,253 for the week before.

The allied commands now have reported these total casualties for the war:

American—45,584 killed in action, 302,104 wounded, 9,860 dead from nonhostile causes.

South Vietnamese—135,010 killed in action, 292,615 wounded.

North Vietnamese and Viet Cong—779,561 killed.

# Connally Still A Democrat

WASHINGTON (AP) — Treasury Secretary John B. Connally was appearing before a House committee when Rep. Frank Annunzio, D-Ill., asked if he still was a Democrat. Connally confirmed that he was.

In return, Annunzio then told Connally, the only Democrat in President Nixon's Cabinet:

"There are so many members of the other body (the Senate) who are seeking the presidency. I wanted to show there are others in the party, not members of the other body, who are fully capable of handling the responsibilities of the presidency."

Connally paused, then said with a smile:

"My failure to respond is neither agreement nor assent."
