Trinity University Players To Bring 'Parlor Story' To Goldthwaite

When the Trinity University Players, under the auspices of Circle No. 11—W. S. C. S., play "Parlor Story" at the Grammar School auditorium on Tuesday night, October 26, they will bring with them one of the most compact and complete touring units in the country. The Players carry their own switchboard, made in their own shops by students learning to be theatre technicians and teachers. In these same shops they built all scenery used in their plays. They carry in their scenery truck every item needed for producing a play—even to the ironing board for costumes.

Twenty actors and crew members travel in a special bus with the scenery truck following, and their schedule is so well organized that every moment of their day, from breakfast to bed time, is planned. Never do they miss their schedule by more than ten minutes, never do they lose even a screw driver out of the hundreds of items that must be unloaded and loaded at each performance. During the season of 1947-48 the Trinity University Players gave over one hundred fifty public performances. They broadcast over KMAC and KISS a weekly half hour drama written by students of play writing and radio writing in the Department of Speech and Drama, and they produce a host of church dramas, one act plays, and special events programs. All this is part of the laboratory training of these students, preparing them to be fine teachers, or to go into radio or television, or on the stage. In charge of this technical organization is Mr. C. M. Statham, member of the faculty. Student crews are headed by Hardy Cannon, stage manager, and Edmund Lynch, technician. Mrs. Lucile Todd, Assistant Professor of Speech and Drama at Trinity University, is directing "Parlor Story."

The play is under the sponsorship of Circle No. 11 W. S. C. S. of the Methodist Church. L. J. Gartman Furniture Store is furnishing the furniture for the use of the players.

PASTOR'S PARAGRAPH
Dale Carnegie, in his latest book, "How to Stop Worrying and Start Living," said that if he had the power to do so, he would have the words of William Bolitho carved in eternal bronze and hung in every school house in the land. "The most important thing in life is not to capitalize on your gains. Any fool can do that. The really important thing is to profit from your losses. That requires intelligence; and it makes the difference between a man of sense and a fool."

Goldthwaite F.F.A. Judging Team Narrowly Misses Trip To Chicago

The Goldthwaite F.F.A. Livestock Judging Team composed of Robert Miller, Robert Henry Johnson, Bobby Burks and Coach Y. B. Johnson, represented Texas at the National F. F. A. Judging Contest at Kansas City last week.

The boys won honorable mention which places fourth at the show. There were 34 states represented there. The team left here by automobile early Tuesday and arrived at Kansas City Wednesday.

The boys were accompanied by Mr. and Mrs. Robert Johnson, Mr. and Mrs. Hud Hamilton and Oleene Johnson, all of whom were guests of Howard Morris of Tulsa Tuesday night. He gave a supper which will long be remembered.

The group stayed at the Muehlebach Hotel, and the boys had an unique experience by being across the hall from Gov. Dewey and his Republican Campaign Party. The boys got quite a kick out of listening to the Governor practicing his speech for that night.

Thursday morning the boys were guests of Zach Martin who is one of the largest commission buyers at the Kansas City yards. He gave the boys valuable instruction in commercial grading of cattle. Also he took the boys to the Private Club of the commission men, which is on top of the Kansas City Livestock Commission Building and from that point they could see the entire Kansas City Stock Yards, which is the largest cattle marker in

the United States. Friday morning the boys went to the American Royal which is where the livestock judging took place. There they judged both breeding and fat sheep, hogs, and cattle. From here they went to the stock yards to grade 30 animals, either Prime, Choice, Good, Medium, or Common. The animals used in the judging contest were the best (Continued on back page)

THE REQUEST
Fill my soul, O visioned slumber,
With the purest thoughts there be;
Fill with thoughts, mind not the number,
Thus, my soul, I'll give to Thee.
Take my soul, O visioned slumber,
To the realm of mystic land;
Where Time and the Muses dwell,
Where firs and the tamarack stand.
Where symbols flash the living truth,
And thoughts, not found in a book,
Give the soul a higher feeling
And the face a nobler look.
Then, my soul, O visioned slumber,
Will I give, for e'er to Thee;
And in dreams of wider wonder,
Know my life, and infinity.

**SOCIAL SECURITY TAX
RETURNS DUE OCT. 30**

Wages and employment under the taxing provisions of the Social Security Act are identical with those covered by the benefit-paying sections of the Act, according to a statement received today from John Dunlap, Collector of Internal Revenue, and David S. Pruitt, Manager of the Social Security Administration in Austin.

The regular quarterly social security tax returns and wage reports for the calendar quarter ending September 30 are due in the office of the Collector of Internal Revenue, Dallas, Texas, by the end of October. For the sake of economy in the Government, and to simplify reporting of employers, the two agencies use the same reports to secure needed information.

Both officials strongly recommend to employers that the name and account number of each new worker be copied from his social security card when he starts to work. "As a result, time and expense will be saved the Government, and inconvenience and possible penalties can be avoided by the employer. In addition, all workers will be sure to receive full wage credits towards the retirement and family insurance, which they earn."

The statement by Dunlap and Pruitt concluded that "a great majority of employers have done an excellent job of reporting. The few who have not done so are now expected to comply fully with the requirements."

'THE EMPEROR WALTZ' DELIGHTFUL TO EAR AND EYE

When a red-blooded Ameri-
can (a salesman at that) makes
a pitch for a blue-blooded
countess in the green, snow-
capped Austrian Tyrol, you have
most of the ingredients for a
glorious Technicolor romantic-
comedy.

And when the American sings
like Bing Crosby, makes with
the gags like Bing Crosby and
though he dances like Astaire,
is indeed Crosby, movie-goers
are treated to the gayest, most
lavish and lyrical love-and-
laugh film to come out of Hol-
lywood in years. That's "The
Emperor Waltz," which opens
Sunday and Monday at the
Melba Theatre with Joan Fon-
taine as the beautiful and
haughty noblewoman with a
low sales resistance.

The Paramount picture tells
of the rollicking romance of
one Virgil Smith (Jersey City,
N. J.) and the Countess Von
Steitzenberg-Stolzenberg (Aus-
trian). They meet through their
dogs, Buttons (Jersey City,
N. J.), and Scheherazade, a
French poodle of distinguished
ancestry. Scheherazade is fas-
cinated by Buttons, who can
chew gum; the countess is
swept off her feet by the phono-
graph salesman with the glib
tongue and the melodious voice.

Both affairs make lovely
progress until the Emperor in-
tervenes. But, in the case of
the dogs, not even royal com-
mand can alter the course of
true love. Buttons and Sche-
herazade settle the issue be-
tween the commoner and the
countess with an issue of their
own, a fine melting pot litter
which proves that red blood and
blue blood can mix.

Mr. Harper was born and reared at Star, Texas. He was graduated from Star High School and received his B. A. degree at Daniel Baker College and has done some work on his Masters degree at Baylor University. We are fortunate in having Mr. Harper with us. At present we have four agriculture classes located at Goldthwaite, Mullin, Priddy and Star with a total of 93 agriculture enrollees. Mr. T. F. White is instructor at Goldthwaite, Mr. Hollis Ford at Mullin, Mr. Norman Duren at Priddy and Mr. Oran Carothers at Star. Mr. Jack Locklear is the instructor for the cabinet makers class located at Goldthwaite with 20 students. There are two bookkeeping classes at Goldthwaite with a total of 54 students. Mr. R. H. Williams and J. D. Harper are instructors. Tom Booker is custodian of the building and grounds and also keeps a pretty close tab on all of us. Keep reading these articles and we will give you the latest projects and activities of the different classes.

The New Ford knocked my hat off!"

"I knew it would be the fine car of its
kind. But that '49 Ford is clear out
of its class. It's the car of the year.

"Take those 'Magic Action' Brakes,
the 'Mid Ship' Ride, the new 'Pic-
ture Window' Visibility. They're
all the type of features you'd expect
in the highest priced cars.

"My dealer took me out for a ride.
Those 'Hydra-Coil' Front Springs
and 'Para-Flex' Rear Springs are
mighty smooth! And what room!
... those seats are sofa wide."

"—and
my hat's off
to Ford Service
too!"

"I've got my order in. But, till that
Ford in my future is in my garage,
I'm getting real Ford Service at my
Ford Dealer's. He knows how to
keep my Ford safe, peppy and com-
fortable. And some day he'll own
it ... so, naturally, he's keeping up
its trade-in value."

SOARING COSTS
WAGE INCREASES

48 hours pay for 40 hours work
Penalty pay for weekends & holidays
25¢ an hour increase
Total 1 1/2 BILLION DOLLARS

1 1/2 Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock
every day and night of the year.

Although they know this, leaders of 16 rail-
road unions are demanding a five-day, Mon-
day through Friday, week for one million
railroad employees.

They want 48 hours pay for 40 hours work
—in itself a 20% wage increase.

They also demand a minimum of 12 hours
pay for any work performed on Saturdays,
and 16 hours pay for any work performed on
Sundays and holidays.

On top of all this they want an additional
increase of 25¢ an hour for every employee!

You'd Pay the Bill!

Summing up these demands, they mean that
these union leaders seek to force the railroads
to give one million employees an annual raise
which would average \$1500 per employee!

The total cost of this would be no less than
1 1/2 billion dollars per year, which is more
than twice the expected net income of the
railroads this year.

You'd pay the bill, because if these in-
creased costs are forced on the railroads

they must have still further rate and fare
increases.

Demands Unreasonable

These employees have had substantial raises
during and since the war. Their average week-
ly earnings are higher than the average weekly
earnings of workers in manufacturing indus-
tries. They have more job security than the
average worker in American industry. They
also enjoy paid vacations, a retirement sys-
tem and other advantages more generous
than the average worker receives.

In contrast with the demands of these 16
unions, which add up to the equivalent of 48¢ an
hour, the Conductors and Trainmen recently
settled their wage request for an increase of 10¢
an hour.

**Railroads Run for Everybody—
Not Employees Alone**

The railroad industry must serve not one but
many groups—producers, businessmen, ship-
pers, passengers and the general public—
night and day, every day of the year. These
unions are proceeding in utter disregard of
this important difference between railroads
and other industries. Industrial plants can be
shut down over weekends and holidays, but
freight, mail, express and passengers must
continue to move. Everybody who enters rail-
road employment knows this.

Strike Threat

On September 18, 1948, the leaders of these
16 unions began taking a strike vote. But the
threat of a strike will not alter the opposition of
the railroads to such unreasonable demands!

Goldthwaite F. F. A. Wins Fourth Place At Kansas Sity Royal Show

The three top F. F. A. teams of Texas, along with the three top 4-H Club teams, met at the Dallas State Fair Tuesday of this week for a livestock judging contest, with the winner getting a trip to the International Show at Chicago.

The Goldthwaite team, coached by Vocational Agriculture Teacher Y. B. Johnson, won first place in F. F. A. teams and was a close second to the Menard 4-H Club team. Out of 1,800 points, the local team was beat by only 25 points. Our failure to judge quarter horses is what cost us the contest.

Again, Mills County had the top F. F. A. team of Texas. Following were the standings:

F. F. A.—Goldthwaite first; Crowell second; Mesquite third. 4-H Club—Menard County first; Bexar County second; Nueces County third.

Judging was on:
1—Two classes of quarter horses.

2—Three classes of breeding cattle: Angus, Hereford and

Shorthorn.
3—Two classes of steers: Angus and Herefords.

4—Two classes of sheep: Breeding Hampshires, South-down Muttons.

5—Two classes of fat barrows: Duroc Barrow and Poland China.

Lions Club Members See Two War Pictures Here Thursday Night

Members of the Goldthwaite Lions Club, in regular third Tuesday night meeting at The Hangar at 7:30 o'clock saw two reels of motion pictures of actual action in the last war. President Joe B. Karnes and Secretary Ray Duren were in charge.

Guests introduced included Fred Grant, a guest of Lion Jesse Moreland and a representative of Universal Mills, dog food division, who was here to attend the dog show and hunt on the John Parker place which was held Wednesday; President Karnes introduced Gerald Head as his guest and a new member, Dr. M. A. Childress, who has recently moved to Goldthwaite. Both Mr. Grant and Dr. Childress made short talks.

The program was turned over to Chairman M. E. Blake, who asked Jesse Moreland to show the war films. One was a sound picture of the actual bombing of the U. S. S. Franklin near Okinawa. Billy Dendard of Mills County was on this ship when it was sunk, and the film belongs to him. The other film was of actual fighting in North Africa and in the Pacific areas. President Karnes said these films may be minor actions if the United Nations failed to control world peace, and scenes shown in the films might happen in our own land.

Lion D. D. Tate told of the United States Navy Band which was to play at Brownwood last (Thursday) night at Legion Hall. His brother, Earl Tate, formerly of Goldthwaite, is commander of the Brownwood Legion Post. Lion T. C. Graves spoke briefly about the district meeting of the Comanche Trail Council Boy Scouts which was held at the Hangar Monday night, telling of the fine speech made by the Scout Commissioner from Brownwood. He asked that each Lion pick out a boy and ask him to join the Boy Scouts. Lion Karnes asked for a hand for our Scoutmaster, Charles Conradt. Report was had from the Frontier Day. This committee is com-

posed of Lions Bain, Conradt, and Day. The club voted to sponsor the Christmas street lighting in the city this year, and a committee was appointed to carry this out. It is composed of Lions Tate, Stephens, and Blake.

Lion William Yarborough commended the American Legion Post here for sponsoring the Cub Scouts of the county, and giving them free use when needed of the Legion Hall.

Lion M. E. Blake made announcement of the meeting that was held Wednesday night of this week, and at which supper was to be served. It is the annual Girl Scout meeting, and Mrs. Nash and Mr. Ferguson are here to do educational work for Girl Scouts.

Next regular Lions Club meeting will be at The Hangar on first Tuesday night, November 2, at 7:30.

TELEPHONE EMPLOYEE SERIOUSLY INJURED

Scouters Of South District In Pow Pow At The Hangar Here

Scouters met at the Hangar near Goldthwaite Monday night in their regular meeting with Charles Conradt, Scoutmaster of Goldthwaite calling on C. L. Burns for the invocation and presiding in the chair until Dr. T. C. Graves, District Chairman who was unavoidably detained in town, took over. AMENDMENT NO. TWO

Equitable representation in the State Legislature for all sections of Texas through regular redistricting has been endorsed by all regional chambers of commerce, Paul Carrington, immediate past-president of the Texas Association of Commerce, has announced.

"The East, West and South Texas Chambers of Commerce, which represent the entire state of Texas, have gone on record in support of Amendment Two on the general election ballot November 2nd," Carrington stated.

"Since the Legislature has failed to redistrict Texas in 27 years, many sections which have had large increases in population are today discriminated against in the matter of representation," Carrington pointed out. "This situation will be corrected through the passage of Amendment Two in the November election."

Amendment Two provides for a board of five to redistrict the state, according to population, after every Federal census should the Legislature fail to do so as directed by the state constitution.

John Ben Shepperd, former national president of the United States Junior Chamber of Commerce, is serving as chairman of a state-wide non-political organization, the Texas Committee for Redistricting, which is urging voters to support redistricting in the November 2nd election through passage of Amendment Two.

OUR DEMOCRACY by Mat
LEARNING TO WORK TOGETHER

OUR REPUBLIC WAS ESTABLISHED IN 1789, UNDER THE CONSTITUTION. BUT IT TOOK FAITH AND COURAGE AND PATIENCE AND TIME TO MAKE IT WORK. OUR INDIVIDUAL STATES HAD TO LEARN HOW TO WORK TOGETHER, AND IN THAT PROCESS THE CONSTITUTION ITSELF WAS STRENGTHENED BY A SERIES OF AMENDMENTS KNOWN AS THE BILL OF RIGHTS.

THREE YEARS AGO, THE UNITED NATIONS, EMBODYING THE ASPIRATIONS OF THE PEOPLES OF THE WORLD, CAME INTO BEING... BECAUSE MEMBER COUNTRIES MUST LEARN TO WORK TOGETHER, BECAUSE THE ORGANIZATION MUST NECESSARILY UNDERGO A PERIOD OF TRIAL AND ERROR, WE MUST RECOGNIZE THAT FAITH AND COURAGE AND PATIENCE AND TIME WILL BE NEEDED FOR THE UNITED NATIONS TO ACHIEVE ITS HIGH AIM OF FUNDAMENTAL FREEDOM FOR ALL PEOPLES—AND LASTING PEACE.

His Hand in History

Lesson for October 24, 1948

SUPPOSE you were given a long flexible wire and were asked to arrange it on a pattern which would represent history, what would you do to it? Some people would cut that wire into little bits and let them fall in a pile like jackstraws. History, they would say, is a meaningless collection of disconnected events—it has no real pattern.

Dr. Foreman

Someone else would arrange the wire like a long arrow pointing upward; others would make it into an arrow pointing downward; these would be the pure optimists and pessimists among historians.

Others would arrange it as a series of up-and-down curves—history, they would say, sometimes goes up and sometimes down, but it never gets anywhere. Others again would make an immense circle; history goes around and around in cycles, repeating itself.

Others still might take that wire and shape it into a kind of spiral, almost repeating itself but never quite, often seeming to go backward but actually making some progress.

God's Chosen People

A GOOD deal of the Old Testament is taken up with history. Starting with Genesis and going through Esther, most of what you read is history. But it is not mere chronicles, that is to say it is not a mere listing of events.

The historical parts of the Bible were written by men who had a theory of history. They would agree that the Golden Age is ahead of us, not behind.

They would all agree that the most important figure in human history is not a human being at all, but God the Creator. They would all agree that his hand can be seen—if you look for it—in the events of man's existence here. And they all affirm that among all the nations of the earth there was one which could be called truly God's chosen people, the little nation called Israel, the people we know as the Jews.

The whole of Hebrew history is a sort of sermon on this text: Righteousness exalteth a nation, but sin is a reproach to any people. The history of any nation, ancient or modern, would illustrate that text just as well; only the Israelite historians saw it most clearly. They showed how, when their people followed God's leading and his laws, they prospered; when they went their own stupid, selfish ways they suffered.

Somehow Good

ONE great lesson the Old Testament history teaches is that God's will is good, and that when man defies and disobeys that will, he does it to his own destruction, but that God can bring good out of evil.

People often act from bad motives; yet even the worst of motives God can overrule. David waded in blood to his throne, and he treated cruelly many of his enemies. That was not good; yet God brought out of that a national independence and strength.

David put Solomon on the throne because he was the son of his favorite wife; that was pure favoritism. Yet God brought good out of a choice which was selfish.

When the Israelites were tempted to fall for the cheap and nasty gods whose shrines filled the land, that was bad; but it gave the prophets their great opportunity to make perfectly clear the difference between false and true religion.

There is no bucket of ashes. We have ears to listen, it is God. These ancient men long since dead, scarce 500 years, to us today, are here de- dations on national wel- are made

We have per- in our own no nation on God's n is there, ritten. God de who will to live.

MRS. HERBERT EMERY PRESENTS REVIEW

On Saturday, September 25th, The Tuesday Study Club presented Mrs. Herbert Emery of Dallas, nationally known lecturer and book reviewer, to the public. Mrs. Emery reviewed Gladys Hasty Carroll's "While The Angels Sing" to some two hundred guests and the members of the club. In addition to being an excellent reviewer and speaker and a very charming person, Mrs. Emery made a hit with her audience by having chosen a book with a small-town setting and with characters whose lives might fit into any one of our lives.

The club was delighted with a luncheon preceding the review given by Mrs. Earl Fairman in her lovely country home. Tables covered with white maderia and centered with various cut flowers of the season were loaded with luscious food. An hour or more of fun and feasting of Mrs. Fairman's hospitality with the charming Mrs. Emery and a few guests was a great treat to the club members.

Mrs. Emery was sent to Goldthwaite by Sanger Brothers of Dallas as a part of their policy of pleasing their customers. Guests from all over Mills

County as well as surrounding counties heard her.

CLERKS NEEDED

Further information and application forms may be obtained from the Commission's Local Secretary, Lucille Fairman located at the Post Office.

Mr. and Mrs. Loy Long and Bessie Bob went to Fort Worth for the week-end to visit with her mother, Mrs. R. L. Peck. They also visited in the Wardell Thompson home.

Mrs. Harry Allen returned from Houston where she visited her new granddaughter, little Miss Virginia Katherine, who has come to make her home with Mr. and Mrs. A. L. Bailey. Mrs. Bailey was formerly Miss Harriet Allen.

Evangelists Rev. Delmar Harbryman and Rev. Wickmore of South Western Bible Institute of Waxahachie were guests of Rev. and Mrs. W. W. Paasch. On Friday and Saturday night and Sunday morning special sermons were conducted at the Assembly of God Church.

Mills County Boys Feeding Many Calves For Spring Livestock Shows

Robert Henry Johnson, an F. A. boy of Goldthwaite High School, is hoping to do as well this year as last year. For then he won Reserve Champion at the Brownwood Show, and at the Houston Show he won Grand Champion of the entire show and had the reserve champion Hereford of the open class. Robert Henry has his hopes this year on two Tommy Brook Angus calves and one Hereford from Cox and McGinnis. He will show one Angus at the Dallas Fair, and the other Angus and Hereford at the Fort Worth Show.

Marion Reynolds is doing his best to get one notch higher than he did last year, when he won Reserve Champion at the Houston Fat Stock Show. This year he has one calf from Winston Brothers, one from Fitzsimmons Cattle Company of Llano, two calves from the Flat Top Ranch, and one from Halbert Polled Hereford Ranch. He will show at all of the Spring shows.

James Horton is very much in the running again this year. Last year he won Grand Champion of the San Angelo Fat Stock Show, and this year he hopes to do the same with another Winston Brothers calf. He is feeding another Hereford from Willis Hill of Goldthwaite. He also will show at all the Spring Shows.

Along with the boys that won last year we have some more feeders that will make it hard for the same to repeat this year. "Red" Miller is feeding a very good Angus calf from Tommy Brook, and one Hereford from Dudley Bros. of Comanche; Doyle Roach is feeding a Hereford from J. T. Williams Ranch of Comanche; Kenneth Wesson is feeding two good Herefords from the Cox and McGinnis Ranch at Byrds, Texas; Dana Saylor is feeding a calf from Dudley Bros.; Huntis Black is feeding an Angus calf from Mrs. B. M. Wilkie of Goldthwaite; Larry Walton is feeding a calf from the Fitzsimmons ranch of Llano; Allen Poe is feeding three calves from the Flat Top Ranch, one from Cox and McGinnis, and

one from Raymond Horton; David Nugent is feeding two Fitzsimmons calves, one Harrel and two Kemp from Goldthwaite. Billy Anderson is feeding one Barret calf from Comanche, and one Angus from Tommy Brook; Wayne Perry is feeding one Cox and McGinnis; Floy Woodard, a girl feeder, is feeding two very good calves, one from Flat Top, and one from Fitzsimmons; Wayne Horton is feeding two calves from Willis Horton; Bobby Zane Yeager is now feeding two Cox and McGinnis, and one Fitzsimmons; Sammy Davis and John Owens are feeding two Cox and McGinnis, one Fitzsimmons, and one Tommy Brook; Merlene Hodge is feeding one calf from Hodge and Alderich of Goldthwaite.

Besides some top calves we hope to have some top South-down muttons from the imported ewes that we got from D. E. McEwen of Canada last year. The mutton feeders are, Myron Hillman, Benny Boy Long, Jimmy Hays, Bobby Letbetter, Billie McNutt, James Tippen, Jackie Burks, Dudley Jordan.

With our good feeders and the quality of animals that we have we think we can make a good showing at any show we may go. We hope to see all of our friends at the coming fall and spring shows.

Walls, County Commissioner. Many of the cooperators of the Brown-Mills Soil Conservation District are now busy sowing small grain with vetch. Francis Kyle, of the Blanket Creek Soil Conservation Group, sowed approximately 25 acres of speltis and vetch and fertilized it with 200 lbs. of 0-20-0. Allen W. Hardgraves is now sowing approximately 70 acres of oats and vetch and fertilizing it with 200 lbs. of 0-20-0. R. C. The 1949 FRAZER

Trailblazer—of cars to come!

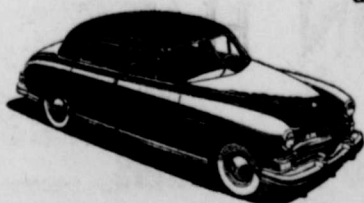

Once in a blue moon the stylists and engineers outdo themselves. They create a car that goes beyond today and sets the pattern for cars of the future.

This is what they have done with the FRAZER for 1949!

Low, sleek and differently handsome it is the trailblazer in style of cars to come. Its exclusive colors and fabrics have made the world's leading fashion designers fall in love with it. They call it "the dream car".

The same car, the FRAZER for 1949, has even won the hard-to-win hearts of the test drivers who must relentlessly punish a car mile after mile for weeks on end. They say the Frazer makes such driving no punishment for them. Its driving ease and riding comfort "make 600 miles a day a breeze," they say.

There's a thrill waiting for you at your dealer's today. With 100 new features, improvements and refinements, the 1949 FRAZER is ahead of its time... out front—trailblazing the way for all the cars to come. First to break clean and scrap tradition, the cars from Willow Run have done it again. Because unlike other "new" cars built since the war, they've road-proved their dependability—2 billion miles worth! Value-proved to a quarter-million justly proud owners. See and drive the new FRAZER now! It's at your dealer's. Kaiser-Frazer Corporation, Willow Run, Michigan.

Dublin Host To Soil Conservation Enthusiasts Last Thursday Night

Farmers and business men and women in the adjoining counties and towns converged on Dublin, Texas last Thursday night for one of the most interesting meetings on Soil Conservation of the season. The meeting was sponsored by the Dublin National Bank, Dublin Development Club, Rotary Club, and Upper Leon Conservation District, and brought response from an overflowing audience at the Crest Theatre of that city.

Ten people from Goldthwaite attended: Ben R. Day, Work Unit Conservationist, Soil Conservation Service and Mrs. Ben R. Day; T. F. White of the Vocational School and his sister, Miss Mary White; Dr. T. C. Graves; Glenn Collier of the Trent State Bank; Howard Campbell; Mrs. Millard Cockrum, Clerk for the Soil Conservation Service; Willis Hill, Supervisor for the Brown-Mills Conservation District; and son, Charles Wilbur Hill.

The purpose of the meeting was to bring information on the importance of soil and water conservation and how better farming methods will improve the living standards of the community, state and nation.

Mr. Dooley Dawson, Vice President of Second National Bank of Houston, Texas, was the chief speaker for the meeting, and a moving picture was shown entitled, "This Is Our Land," made by Ehlly Corporation. The picture showed exactly what takes place when certain crops are raised and how erosion and

depletion of soil affects the landowner.

Mr. Dawson pointed out that although the American people have made exceedingly good crops over the past several years, production per acre can be materially increased by proper land use. Also, overgrazing pasture land has lowered the production on many of our good ranches; whereas, fewer cattle or sheep on the range may mean more pounds of wool or more pounds of meat.

In conclusion, Mr. Dawson stated, "People who live in the towns and cities, as well as business and industry, thrive on the surplus products that the farmers produce. When farmers prosper, business as a whole prospers and the nation benefits."

DICKSON EVANGELISTIC MEETING

The Dickson Evangelistic Party is continuing the meeting under the Tent each night at 7:20, with Gospel preaching and singing.

One feature of the meeting that is enjoyed by many is the Girls' Trio and Girls' Quartet. Rev. and Mrs. Roy Wooster and his brother, Winfred, of Alvin were in the meeting Tuesday. Rev. Wooster preached. The public is invited.

Speaking of skirts—just think of the length some women will go to keep in style.

HEAR THE BAPTIST HOUR

Sunday morning at 7:30 (3:30 EST) (7:30 CST) over radio station W. F. A. A.

Dr. James L. Sullivan, pastor of Belmont Heights Baptist Church, Nashville, Tennessee, will speak on the subject: "Victory Through Surrender."

JUDGING TEAM

(Continued from page one) that can be found in the United States, for the officials went through the exhibitors at the American Royal and picked the best for the judging. All the classes were very close, and it was fairly easy to get the bottom animal top for they were that close. A class of Breeding Shropshires is what kept the boys from winning the contest—they judged them every way but right.

Friday night the Kansas City Chamber of Commerce gave the Judging Teams and their guests a banquet in the ball room of the President Hotel. This was the richest banquet that any of the boys ever hope to attend. Outside of the official entertainment the boys went out and got some more on their own.

After an enjoyable week, they left for home Saturday. They were some day Goldthwaite can again win this trip, but there are 535 more schools hoping for the same—so Mills County boys will have to work hard to ever go again.
