Eight Perish and Twelve Injured; When Fire Destroys Big Steamer

(By Associated Press)

BALTIMORE, July 5.—Three are dead, five boys rae missing, and at least twelve persons are injured, some seriously, was the tale brought here today by survivors of the steamer Three Rivers, of the Baltimore, Chesapeak & Atlantic Railway Company.

There were 350 passengers aboard the steamer which burned to the water's edge in Chesapeake Bay near Cove Point.

Miss Evelyn Crocker, of Baltimore, and a negro deck hand were drowned. Another negro deck hand was burned to death, and five boys are believed to have perished.

The cause of the fire has not been determined.

JIM FERGUSON HERE JULY 8TH

West Texas speaking dates for James E. Ferguson, who is campaigning in the interest of his wife as candidate for governor of Texas, include Ballinger, according to an announcement received from Ferguson headquarters at Temple by The Ledger.

Mr. Ferguson is billed to speak at Ballinger on Wednesday afternoon of next week at 2:30 o'clock. He is speaking in the interest of Mrs. Miriam Ferguson for governor, his own name having been ruled off the ticket by the higher court holding that he had been impeached by the legislature and that under the constitution of this state he was forever barred from holding office.

The former governor has visited Ballinger on a number of occasions, and he has always received a good hearing. No doubt a large crowd will turn out to hear him next Wednesday afternoon. It is reported that Mrs. Ferguson is accompanying him on his speaking tour.

Mr. Ferguson speaks at Coleman on the evening of July 8th and San Angelo on the evening of July 9th, going from Ballinger to San Angelo.

3RD PARTY PUTS OFF VICE CHOICE

(By Associated Press)

CLEVELAND, July 5.—Postponement of the vice-presidential nomination was agreed upon by the leaders in a conference for progressive political action today.

The convention will be asked, it was learned, to leave the selection of such a candidate to the committee which will confer with Senator LaFollette after the democratic situation has worked itself out.

55 MEN LEAVE FOR FT. CROCKET

Company C, 142nd Infantry, Texas National Guard, was given a good send-off Friday afternoon, as they departed on a special Pullman for the annual encampment at Fort Crockett, Galveston.

Despite the fact that it was the Glorious Fourth, and many folks were out of town, a large crowd was at the Santa Fe station to see the boys off, and cheered them as the train pulled out.

The Ballinger unit which went to the training camp consisted of fifty-one men and four officers. Their equipment was loaded in a baggage car, and reservations made in a Pullman which was set out here for the Guardsmen, and judging from the general arrangements and announcements coming from Austin and also from Fort Crockett, the boys are in for a very pleasant as well as profitable two weeks military training.

Capt. Will McCarver reported that the morale of the boys was fine, and while many new troopers helped to make up the company this year, it was a bunch of fine young men, all eager to get the best the government has to offer them in the way of training.

Anyone desiring to communicate with the boys during their absence can reach them by addressing Company C., 142nd Infantry Regiment, Fort Crockett, Galveston, Texas. They will be absent from Ballinger until Sunday, July 20th, being due to arrive at home on noon of that date.

MILLION DOLLAR RAIN FALL OVER COUNTY

A slow rain which began falling at Ballinger early Friday night, the first sprinkle coming before the people out celebrating the Fourth of July in neighboring towns had time to get home, and continuing well up into the day Saturday, will be of much benefit to growing crops.

The precipitation up to noon amounted to about half an inch in Ballinger, and telephone reports indicated that the rain was general over Runnels county and adjoining counties. San Angelo, Paint Rock, Millersview, Talpa, Winters, Norton, Maverick, and in fact all neighboring points reported rainfall to about equal what Ballinger received.

Farmers were heard to declare Saturday that rain at this time was easily worth a million dollars an inch to Runnels county. Others declared that the half inch rain which had already fallen was worth more than that amount.

General crop conditions were said to be favorable but at a stage which a few days of hot dry weather would have greatly damaged. Cotton and feed will be greatly benefited by the rain. Especially was the rain in due time for feed crops. Cotton was not particularly suffering for rain, but some farmers declared that it was slackening in growth, and rain was needed to keep up a vigorous growth and insure good fruitage.

With the deep underground season, the cool weather and showers will insure some crops, and a favorable season will put over a bumper crop.

PIONEER DIPLOMAT DIES IN WASHINGTON

(By Associated Press)

WASHINGTON, July 5.—Alvey Adee, second assistant Secretary of State, and a patriarch in the American diplomatic service, died at his home here today.

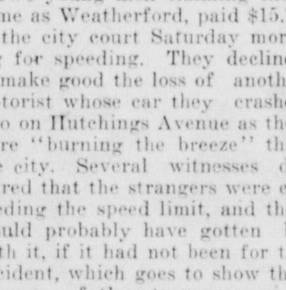

Mr. Adee was born in Astoria, New York, November 27th, 1842. He had been prominently connected with the American legations since 1870 when he began as secretary of a legation.

Miss Virginia Griggs, daughter of Judge and Mrs. R. S. Griggs, formerly of Ballinger, came in Friday from Fort Worth, and is here visiting her aunt, Mrs. J. W. Blasdell.

WEATHERFORD BOYS PAY FINE FOR SPEEDING HERE

Two young men claiming their home as Weatherford, paid $15.70 in the city court Saturday morning for speeding. They declined to make good the loss of another motorist whose car they crashed into on Hutchings Avenue as they were "burning the breeze" thru the city. Several witnesses declared that the strangers were exceeding the speed limit, and they would probably have gotten by with it, if it had not been for the accident, which goes to show that the way of the transgressor is hard. Crashing into the rear of another car as they were speeding down the avenue the speedsters did considerable damage. This caused a halt which later brought them into the city court. The young men were en route to the river for a fishing trip, or at least their car was decorated with fishing poles.

H. Giesecke returned from San Antonio Friday, where he went to spend a few days with home folks.

MADISON SQUARE GARDEN, July 5.—A resolution proposing that the Democratic National Convention adjourn to reassemble on July 21st in Kansas City, was snowed under on a roll call vote today in the convention.

A resolution was also offered to eliminate the favorite sons from the race one by one until only five of those receiving the highest vote were left in the running, was also defeated by the convention.

This left the convention in a tighter deadlock than ever, and the order of balloting was resumed with no hopes of the vote being concentrated on any one of the candidates now before the convention.

The resolution to adjourn, and also to eliminate were sponsored by the McAdoo delegates, and it was apparent that the McAdoo forcse were verging toward an air-tight organization when a group of Smith delegates and favorite son managers met to consider the possibility of a compromise that would nominate a candidate by leaving McAdoo entirely out of the reckoning.

Some conferees appeared hopeful that results in that direction might be reached before the day was over.

(By Associated Press)

MADISON SQUARE GARDEN, New York, July 5.—Weary, but unyielding, after seventy rounds of balloting for a presidential nominee, the Democratic National Convention was called to order at 10:30 o'clock this morning to begin anew the desperate tug of war that has carried it to the end of the second week of the sessions.

The delegates forming the closely matched contending forces were agreed on one point, and that is that desperate measures are needed to break the deadlock between William G. McAdoo and Gov. Alfred E. Smith. They were not agreed, however, on any of the numerous schemes which have been advanced in the frenzied efforts to bring about this end. Nor was it known how any of these plans might be put into effect.

The convention began this morning with balloting on the seventy-first roll call, and on this ballot the leaders stood:

McAdoo 528 1-2
Smith 333 1-2
Davis 68

This was the way the ballot stood at the close of the 70th ballot so far as McAdoo was concerned, but Smith lost one vote, and Davis gained one vote.

On the seventy-second ballot McAdoo lost one; Smith gained a half and Davis lost three.

The result of the seventy-third ballot showed the leaders standing:

McAdoo 528
Smith 335
Davis 66

This was a gain of a half vote for McAdoo, a gain of one vote for Smith, and a gain of one vote for Davis, over the 72nd round.

On the 74th ballot Governor Al

POLITICAL DESERTERS

There seems to be a lack of allegiance on the part of some life-long Democrats—men who never voted anything but the Democratic ticket, so they say, to stay with their party at this time.

The writer has herd men say, since the Democratic National Convention convened, that if so and so was nominated they would not vote for him, and some have gone so far as to say they would vote the Republican ticket.

These same men, or some of them at least, took part in the Democratic precinct and county conventions, and had a voice in the making of the program which is now being carried out in Madison Square Garden. Yet, if their favorite son is not chosen to head the ticket they are ready to back up.

The man who does not intend to stand by his gun should never load it. It is hardly possible that we will be pleased with all the nominees of the Democratic Party. In fact we may lose out on most of the candidates we vote for, but we have always "voted her straight," and will continue to do so as long as we pose as a Democrat.

We contend that any man who participates in a party preferential primary and helps to nominate candidates for that party, and then votes for the opposition ticket, is a political deserter.

If you help to nominate a Republican ticket, you should stay with your party. If you help to nominate a Democratic ticket, the same rule should apply, and will apply, if you are politically honest.

GLORIOUS FOURTH QUIET AND COOL

Practically every line of business was closed down in Ballinger Friday, and the Fourth was a quiet day for this city. Many people went fishing. Others visited neighboring cities, while many enjoyed the day of quietness and rest.

It was perhaps the coolest July Fourth ever experienced in this city. An East wind changed to a North wind later in the day and winter wraps were called into play, windows pulled down and doors closed for a time. Never before in the history of this city was it necessary to dig up winter bed clothes for the night on the 4th day of July. Parties out picnicing were driven home early by the cool wind, and some of the joy was knocked out of joy-riding.

Dr. O. R. Lasater went to Galveston Friday to attend the National Guard encampment and look after the health of the Ballinger boys. Mrs. Lasater and the children accompanied the doctor, and will visit in Galveston during the encampment.

Virginia Lady Says That Many of Her Long-Suffered Ills Have Fled Since She Took Cardui.

Bristol, Va.—"I can sleep good at night now, something I have never done before in my life," says Mrs. Deala Hawks, of 712 Prospect St., this city, "and it is due to Cardui.

"I was always nervous and tossed when I should have been asleep, but since I took Cardui it has strengthened me, and my general health is so improved that many of the ills from which I have suffered for years have fled. . .

"I used to go to bed tired and, when I would get up in the morning, I was still tired. Now I feel like doing a day's work in my garden or in the house, and I owe all this good health to Cardui, for I had suffered for years until I took it.

"I had had female trouble for years and once, for six months, I was flat on my back. I am glad to recommend to other women a medicine which has helped me."

If you are nervous and run-down in health, suffering as Mrs. Hawks describes above, it is probable that Cardui will greatly help you. Try it.

Yes, They All Know You're in Business!

That is, they did know—you have told them so in times past—but do they still remember it?

We all know that Ivory Soap floats, and that Royal Baking Powder is absolutely pure, and that children cry for Castoria and the kind of soap that makes a skin you'd like to touch, etc, etc—and we're not going to forget about them for a minute, because the manufacturers spend millions of dollars a year telling us about them, day by day, and week by week and month by month.

They take no chances on being forgotten.

How about your business?

Isn't it just as important that you be kept in mind by the buying public in your territory as it is to the national advertiser that his product be remembered?

You can cover your trade territory more easily, more cheaply in proportion, and more thoroughly than the national advertiser can cover the whole country.

But you've got to keep it up to get the results that he gets.

And you can't expect to advertise in flush times and live on the memory of it when you're hard up.

Club Lake Breakfast for Golfers and Caddies

Mr. and Mrs. R. G. Erwin on July 4th served at their club lake house a substantial breakfast to the golf players and their caddies.

One member of the club was heard to remark that "Ralph and Miss Anne were always thought-ful of their friends and could think of more nice things to do for them than anyone." That was a sincere statement that each one present at that eight o'clock breakfast would have endorsed.

A resolution of thanks was extended to Mr. and Mrs. Erwin for their liberal hospitality and unanimously adopted by the members of the golf club and the caddies.

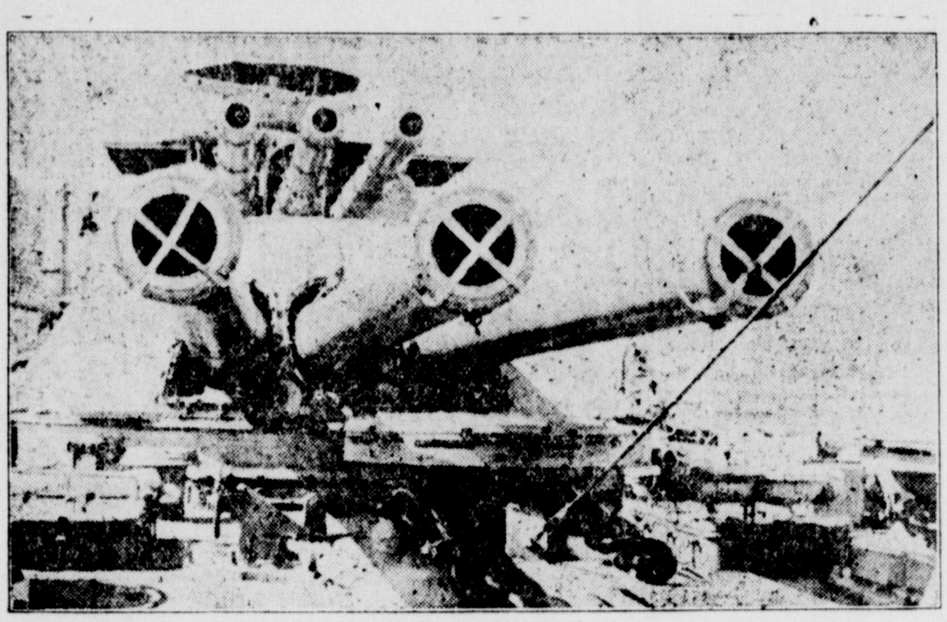

REPORTS HEAVY GRAIN YIELDS

Clarence Harter, who was in the city Saturday from the Wingate country, reports that the small grain crop is panning out well in his part of the county. Mr. Harter says he helped his neighbor, J. A. Broadstreet, thresh, and that Mr. Broadstreet made 44.75 bushels of wheat to the acre and 72 bushels of oats to the acre.

C. A. Doose reported Saturday that he put in July 4th winding up threshing on his farm 14 miles West of Ballinger, a part of the Wylie ranch land, and that his crop averaged 75 bushels of oats per acre. While there have been larger yields reported on portions of fields, Mr. Doose's crop has turned out the largest average yield we have heard of.

"But, I want to tell you that the grasshoppers are bad up the river from Ballinger," said Mr. Doose. He stated that in some sections the mesquite flats looked like the dead of winter, the hoppers having cleaned them. Mr. Doose says the farmers have succeeded in holding the hoppers back out of the fields pretty well, but that he is afraid that they will yet break through and destroy the cotton in the territory where they are so numerous.

The lowest score for the day's play was turned in by Morris Nicholson, who achieved a 42, which is now the course record. C. A. Doose Jr. pulled the most spectacular shot of the day, holing out a 200-yard mid-iron shot on No. 9 for an eagle 2. The high wind during the afternoon rendered playing exceedingly difficult.

The players and caddies were guests of Mr. and Mrs. Ralph Erwin for a very delightful breakfast, which was served to about 85 persons at their cabin West of the lake between the first two rounds of morning play. The house was prettily decorated for the affair, which was thoroughly appreciated by the early morning players.

Late in the afternoon, a large number of club members and their families enjoyed a picnic supper spread on tables near the bathing beach. The members were unanimous in voting both the tournament and the picnic as unqualified successes.

Tom Mix and "Tony" at the Maeroy Today

"Tony," the quadruped, made famous by the skillful horsemanship of Tom Mix, is the featured performer in the production of that popular Fox star, which is showing at the Maeroy Theatre today and tonight.

"Just Tony," the picture, is based on "Alcatrez," a novel by Max Brand. It tells the story of a wild mustang, the leader of his desert herd, who seeks vengeance for the cruelties which man has inflicted on him, but who abandons his hatred that he may come under the proprietorship of the one man in the world who befriended him.

Sixty-five men of the San Angelo unit are due to leave for the encampment Sunday afternoon over the Santa Fe.

MARKET CLOSES ON FOURTH

The local cotton exchange closed after receiving the Liverpool market on July 4th, and did not open Saturday, there being no week-end market. The exchange will open Monday. There is some speculation as to just what effect the rain over the cotton belt will have on the market. Little rain was reported at any point during June, and most sections of the cotton area were in need of rain.

J. R. HOLLOWAY MAKES STATEMENT

To the Voters of Runnels County:

I will state to you that it is not my desire to be away from home at this time and not able to call on you in person in the interest of my candidacy.

As stated before, I am a pioneer ginner, having commenced in that business in 1891. Not being engaged in business for myself at this time, I had to take a position away from home. I have lived in Runnels county eighteen years, and am now in my fifty-seventh year. Ginning and tax assessing are the two lines in which I am the most proficient. While in the ginning business I gave my best, and do yet, to the interest of the cotton grower and to the betterment of the ginning and cotton industry.

As deputy tax assessor one term in my former home, Guadalupe county, where I lived for seventeen years, I devoted myself to the tax payers' interest, and will do so with you, if elected.

You will remember that I was a close second four years ago, and some of my friends asked me to wait two terms and run again and that I would sure be elected. I stated then that I would be a candidate in 1924. I have looked forward to being elected this time, and have further prepared myself to fill the office.

Now, a word in a conscientious spirit as to my opponents: Henry Todd is a good, and one of the most promising young educators in the West, and of such we are surely in need. Mike Boyd is one of Ballinger's most successful cotton buyers and stated to you after serving several terms as your assessor, that he would not be a candidate again for the reason that he had a more lucrative business.

I am fully competent to fill the office and ask you to give me your consideration. The primary is only a few days away. My destiny is in your preference, and I trust that you will help me.

Sincerely,
J. R. HOLLOWAY.
