THAW PREPARES FOR LEGAL FIGHT

WILL RESIST EXTRADITION FROM
CANADA—NEW COUNSEL IS
EMPLOYED

HAS ENGAGED ALIENIST

Old Acquaintances From New York
City Arrive to Make Certain
of His Identity

By Associated Press.
Sherbrooke, Quebec, Aug. 20.—Harry K. Thaw spent the night in the hospital ward of the jail here and today at the urgent telegraphic demands of his family, retained new counsel to fight deportation to the United States. Charles D. White took charge of the case for Thaw.

Application for a writ of habeas corpus requiring the presence of Harry K. Thaw in the superior court at Sherbrooke was granted by Judge Globinsky this afternoon. The writ is returnable at ten o'clock tomorrow morning.

An army of old acquaintances, newspaper men who reported the Thaw murder trials in New York, or followed the sanity hearings, clamored about Thaw's prison cell today. One glance was enough—it was Harry Thaw. Since his arrival here, Thaw money has poured into Sherbrooke and an alienist has been tentatively engaged.

Protracted conferences between three Canadian lawyers retained to oppose Harry K. Thaw's deportation to the United States indicated that his preliminary arraignment would be postponed at least until tomorrow, possibly for a week.

Charles D. White, chief of Thaw's counsel, delayed throughout the forenoon in applying for the writ of habeas corpus necessary to produce Thaw in court. Later in the day, it was said, he would request that the case be put over. The decision in the matter rested with Superior Judge Globinsky, who will return to Montreal tonight and should be granted an adjournment, this might mean a week's recess.

Sentiment in Sherbrooke is distinctly in Thaw's favor. A crowd which greeted him at the station when he arrived from Chicago, shouted: "Let him go! Set him free! He hasn't done anything to us! Give him a chance!"

A man giving his name as Mitchell Thompson and believed to be the Roger Thompson implicated in Thaw's escape, was arrested while loitering about the court house this afternoon.

Thaw Gives Out Statement.
There is every indication that Thaw intends to wage a bitter fight against extradition, deportation or both. From his cell in the county jail he sent out to the newspaper men a statement under this caption, typewritten in capitals:

"No one has contended that for two years, nearly that Thaw has been in the Tombs he has been insane. There is no evidence of delusion in the slightest degree on his part. Is it anything crazy to take a pistol to defend yourself against a man who calls you a liar and threatens to kill you before morning?"

The statement itself was a printed synopsis of District Attorney Jerome's speech or purported to be such to the jury at Thaw's second trial.

After Thaw had spent some hours in his cell and grumbled a bit at his poor quarters, he was removed to the hospital where the accommodations are better.

Talks to Reporters.
It was at his lawyer's suggestion that he consented to see reporters. "Where did you intend to go after you left Mattawan?" he was asked. "I may have been going home," he replied quickly and finally.

No amount of questioning could induce him to deny this declaration nor could the interviewers persuade him to tell where he had been or what he had done since leaving Mattawan. Courteously but firmly he declined to answer all questions even remotely bordering on the topic.

The authorities believe, however, that Thaw had an all day ride at breakneck speed after he left Mattawan. An automobile answering the description of his big touring car passed through White River Junction Vt., Sunday night. The same car was seen at Woodsville, N. H., on each occasion it was occupied by four men. It was believed Thaw and his two companions left one man with the car near Lancaster, N. H., before boarding the train. Of this, however, Thaw refused to talk.

As To Reported Threats.
He was then asked: "Do you care to say anything about threats you are said to have made that you would go after certain people once you were out of Mattawan?"

"I shall make no answer to the non-sense of that sort that has been printed," he replied. And that ended the interview.

The photographers came next. Again Thaw balked. He would not consent to it—would not even consider it—until he put on a clean shirt and collar. He explained that he had had no opportunity to change his clothes since leaving Mattawan.

WILBARGER COUNTY TO REMAIN IN DRY COLUMN

Prohibitionists Win by About 250 Majority—Will Hold Jollification
Tonight

By more than 250 majority, Wilbarger county yesterday decided to remain in the "dry" column, the pros carrying fourteen out of seventeen boxes in the county. The town of Vernon registered a majority for prohibition.

The election contest had been a strenuous one, but was quite free from bitterness.

Tonight the prohibitionists will have a jollification meeting on the court house lawn to celebrate their victory.

MURDERED HIS WIFE
BEFORE THE CHILDREN.
Wheeling, W. Va., Aug. 20.—While four of their six children looked on helplessly, John Marshall shot dead his wife at the breakfast table in their home in Martin's Ferry, across the Ohio river from here today. Marshall fled to the attic of their home and when police cut off his escape he killed himself. Marshall was crazed by unfounded reports reflecting on his wife's character.

GOVERNOR IN OVERALLS HELPS ROAD BUILDERS

Active Campaign for Better Highways
is Being Waged in Missouri
Today

By Associated Press.
Kansas City, Mo., Aug. 20.—Thousands of volunteers marched forth from every county of Western Missouri today, becoming part of Governor Major's army of 350,000 which in response to his proclamation began a two days' campaign that was expected to add one million dollars in improvements to Missouri roads.

Governor and Mrs. Hodges of Kansas came to Missouri to give their active support to the work. The two governors donned overalls and setting out from Jefferson City, were among the first on the job.

"MENTAL CLINIC" AT HYGIENE
CONGRESS A LEADING FEATURE
New York, Aug. 20.—A "mental clinic" in active operation for the purpose of testing school children and classifying them as mentally alert, dull or idiotic, will be one of the novel features open to visitors attending the Fourth International Congress on School Hygiene, according to an announcement made today by Dr. Thomas A. Storey, of the College of the City of New York, and secretary-general of the congress.

The "mental clinic" will be in operation the entire week of the congress from August 25 to August 30, and will be for the purpose of demonstrating to educators and public health officials just how easy it is for money and time to be wasted by keeping "dull" school children in the same classes with their mental superiors or pupils who are mentally normal. The clinic will be conducted under the supervision of Dr. J. E. Wallin, director of the psychological clinic at the University of Pittsburgh.

Dr. Wallin contends that a large number of methods of testing school children to determine how fast they should be advanced, now used by teachers, are altogether incompetent, as means of securing proper results. His mental clinic is accordingly expected to prove not only an interesting novelty in the way of an exhibit, but also an instructive lesson for all educators and educational officials who are desirous of improving school conditions in their respective localities.

CHILD DIES OF HEAT
TO SAVE HIS SISTER.
Houston, Texas, Aug. 20.—Little Valenta Janak of Hallettsville was buried last night by his sorrowing parents. He died that his smaller sister might live. The little fellow ran beneath a burning sun, between rows of cotton, nearly a half mile to warn his parents that the little sister was choking to death. Then he led them back again. The sister was saved but the boy fell dead.

COX RELEASED ON \$5000
BOND THIS AFTERNOON
Residents of Mount Pleasant Where
he Formerly Resided, are Sure-
ties for Him

E. B. Cox who has been held in the county jail since he killed Sterling B. Morris a week ago last Monday was released today at noon on bond of \$5,000. This bond was furnished by eight citizens of Mt. Pleasant, Tex., and a letter accompanying it from the sheriff there said it was worth at least \$40,000.

Cox will not again go on the police force even if he is acquitted and it is said to be his intention to go to Mt. Pleasant to remain until his trial comes up at Henrietta at the next term of the district court there.

WASHINGTON IS SIMPLY WAITING

LEGISLATURE QUITS WORK AT
2:30 A. M. TODAY, AFTER
BUSY NIGHT

NO INTERFERENCE LIKELY

Closing Hours Marked by Much Argu-
ment and Filibustering in Both
Houses

Washington, Aug. 20.—Still without his complete text of the Huerta government's note rejecting President Wilson's suggestion for peaceful adjustment of the Mexican revolution, administration officials today received further advice describing as cordial the continuation of relations between Huerta officials and John Lind.

While the United States will await Lind's report of his supplementary negotiations there were evidences of what course would be pursued by Washington in event of absolute rejection of the American proposals.

That the United States will not recede from its original contention, that it cannot recognize any government unless a constitutional election is held, was reiterated by government officials today. A policy of non-interference by continuing to deny ammunition to both sides and a withdrawal of Americans from the trouble zone is very likely to be put into effect.

In some administration quarters there is a noticeable talk of drastic measures.

Freight Handlers in Session
Chicago, Aug. 20.—A great increase in membership was noted in reports read today before the open sessions of the annual convention of the Brotherhood of Freight Handlers. The meetings will adjourn tomorrow.

TORREON SIEGE STORY IS TOLD

DISPATCHES FROM CARRANZA
TELL OF HEAVY LOSSES ON
EACH SIDE

EXECUTION OF GENERALS

Federal Officers Who Were Planning
to Desert Put to Death by
General Bravo

By Associated Press.
Eagle Pass, Texas, Aug. 20.—A story of execution of high army officers and of heavy losses in battle reached here today in the first official account of the fighting about Torreon from the constitutionalists' point of view.

The dispatches came from Governor Carranza, dated August 8 the first time he has been heard from in several weeks.

The siege of Torreon was still on fourteen days, during which the constitutionalists lost over three hundred killed and wounded and the federales five hundred dead, with eight hundred wounded. The constitutionalists concluded to starve Torreon out.

General Bravo, federal commander discovered a plot among some of his officers to desert. He promptly executed two generals and one colonel. Gen. Cheche Campos, also sentenced to be shot, escaped and offered his services to Carranza, who had him court martialed and shot. All this happened in one day.

TO TREE FOR SHELTER;
LIGHTNING KILLS HIM.
Brownwood, Texas, Aug. 20.—Paul Hickey, 15 years of age, son of J. H. Hickey, was killed late yesterday afternoon by a bolt of lightning. Hickey was plowing in the field when a thunderstorm came up, he drove his team under a tree for shelter. The lightning struck the tree and deflected to him.

SECOND TRIAL OF MARGARET
BELL IS NEARING CLOSE.
It was expected to complete the testimony in the trial of the second indictment of forgery against Margaret Bell this afternoon. Practically the same evidence has been presented in this case as in the first. The defendant again took the stand this afternoon and her testimony was practically the same as she gave in her first trial yesterday.

The jury in the first case has been out since early yesterday afternoon and a "hung jury" is now the prediction around the court house.

YOUNG WOMAN SUICIDES
AT BEAUMONT TODAY.
By Associated Press.
Beaumont, Texas, Aug. 20.—Under pressure of searching for a trunk key Miss Susie Taylor of Beaumont, Ala., this morning locked herself in the bath room at the home of her uncle J. E. Bass, whom she was visiting and discharged the contents of a shot gun into her breast, death following instantly. No one can assign a reason. No one can assign a reason.

WEATHER FORECAST

Tonight and Thursday, gen-
erally fair.

Disabled Airship Is Pulled By Another Just Like Automobile

By Associated Press.
London, Aug. 20.—The novel sight of an airship towing a disabled companion was witnessed at Aldershot this morning. The British army dirigible Eta and a naval airship were maneuvering when the machinery of the naval vessel became disabled. The Eta attached a hawser to the other dirigible and towed it to the factory for repairs.

Park Superintendent Adjourn
Denver, Colo., Aug. 20.—Pledged to fight for larger municipal, state, county and national appropriations for public parks, the American Association of Park Superintendents today adjourned after a session lasting three days.

FIRST BALE OF COTTON ARRIVES

RAISED BY J. E. HORNER ON DER-
DEN FARM SOUTHWEST OF
TOWN

WILL BE GINNED TODAY

Bonus May be Raised by Popular Sub-
scription for Grower of
Bale

Wichita Falls first bale of cotton is in. It was brought in today by J. E. Horner who lives on the Derden farm southwest of the city and will be ginned this afternoon.

The arrival of the bale has been reported to the Chamber of Commerce and Retail Merchants' Association and it is considered likely that one or both of these organizations will raise a subscription as a bonus for the bale.

Several buyers have expressed a desire to bid on this bale.

FRANCIS BURTON HARRISON
TO GO TO PHILIPPINES
By Associated Press.
Washington, Aug. 20.—Representative Francis Burton Harrison of New York has been selected for governor general of the Philippines. President Wilson will send his nomination to the Senate some time today.

INDIANAPOLIS MAN FALLS
TO DEATH FROM GLACIER
By Associated Press.
Glacier Park, Montana, Aug. 20.—Dr. C. I. Fletcher of Indianapolis fell six hundred feet to his death in Glacier park yesterday when scaling Blackfoot Glacier. He entered the park August 12th.

Horticulturists Convene
Minneapolis, Minn., Aug. 20.—With delegates in attendance from all sections of the country, the Society of American Florists and Ornamental Horticulturists opened the annual convention here today. Sessions will continue through next Saturday.

INQUIRY INTO REPORTS OF BALKAN ATROCITIES

Nicholas Murray Butler Outlines Plans
for Investigation of Recent
Reports

Newport, R. I., Aug. 20.—President Nicholas Murray Butler of Columbia University while here outlined the plans of the proposed international commission to inquire into conditions in the Balkans.

"The Carnegie endowment fund for international peace through the division of which I am chairman," said Dr. Butler, "is sending a special commission to the Balkan peninsula to make personal investigation and report for the information of the public opinion of the world on three points:

"1. The outbreak of hostilities between the allies at the conclusion of the war with Turkey.

"2. The truth or falsity of outrages reported to have been committed by the combatants, particularly, the mutilations of captives, outrages on women and destruction of private property.

"3. The economic waste caused by this war between the allies and its cost.

The commission will be organized and proceed to the Balkans before the close of August."

THREATS REPORTED
AGAINST GOV. SULZER.
Albany, N. Y., Aug. 20.—Gov. Sulzer is said to have had several warnings of a projected gangster or kidnapping attack by gangsters or kidnappers being taken about the capital.

SAYS RELATIONS ARE STILL CORDIAL

MEXICO SENDS NOTE TO EMBA-
SIES REGARDING CONFER-
ENCE WITH LIND

NEW DENIALS ARE MADE

Urrutia's Statement Monday Night
Again Discredited by Huerta
Today

By Associated Press.
Mexico City, Aug. 20.—The Mexican government today sent to all the foreign legations here a note in which they stated that negotiations between John Lind, the personal representative of President Wilson and Provisional President Huerta were continuing in a cordial manner.

The note also stated that Dr. Urrutia, minister of the interior had made any statement which might be regarded as an ultimatum to the United States. All government officials refuse to discuss the character of the notes exchanged between President Huerta and Mr. Lind.

Unless the Washington government sees fit to submit new propositions however, it is considered here that the negotiations will be closed. The statement by Dr. Urrutia Monday night subsequently denied that the United States had been given until Tuesday night to recognize Huerta, is taken to indicate the attitude of at least a portion of the Mexican government, but the conservative element appears to have won the upper hand and showing a tendency to continue friendly relations with Lind.

Mr. Lind is still optimistic and believes the Mexican government may yet elect to entertain President Wilson's proposals.

PRISON BOARD IS
STILL IN CHARGE
NO INDICATION THAT RECOGNITION OF HUERTA IS FORTH-
COMING

LEGAL ACTION POSSIBLE
Ammunition to be Denied Both Sides
and Americans Withdrawn from
Danger Zone

By Associated Press.
Austin, Texas, Aug. 20.—Although the prison commissioners were not confirmed by the Senate in executive session yesterday afternoon, the direction of the prison system still lies in their hands. Under the constitution they hold their offices until their successors are appointed.

At this date the members of the commission have not determined just what course they may take and whether they will endeavor to raise a legal contest over the position is not known. The opinion of the Attorney General that their offices became constitutional offices before they were considered for confirmation leaves a by-path.

It was recently held by the Attorney General that Messrs. Tittle and Branham had already been confirmed and were without the jurisdiction of the Governor and the Senate, but the latter thought otherwise. Because of the Attorney General's opinion it has been suggested that they might fight to retain their places.

J. Sheb Williams was confirmed as a member of the board of the A. & M. College. He was rejected a week ago, but the adverse action was rescinded and today he passed muster. On him the vote stood twenty-three for confirmation, or two more than enough, six against and two present and not voting.

There were some warm passages during the executive session; it was learned, and some of the heat was on topics foreign to questions of nominations.

Postponement Fails to Carry
The plan to indefinitely postpone failed to carry. It was attempted but proved unavailing.

When Mr. Cabell's name was voted upon the ballot stood seventeen for confirmation, or four less than the required two-thirds; six against and eight present and not voting.

Senator Watson moved to reconsider and indefinitely postpone further action, but that was defeated 11 to 15, and Mr. Cabell stood rejected. There was an appeal from the ruling chair in one instance, but all the "breaks" went against the Prison Commissioners and their favoring confirmation.

Mr. Watson then moved to indefinitely postpone action on Messrs. Branham and Tittle. That was lost 12 to 17. Messrs. Branham and Tittle were rejected in succession, Mr. Branham having received fourteen effective votes and Mr. Tittle but ten. The other Senators having voted in the negative or marked present and not voting. Mr. Branham lacked seven votes of confirmation and Mr. Tittle eleven.

It was learned that some of the senators resented the Governor's appearance in the senate and his speech was construed as "attempting to ram something down the Senate."

HUNGARIAN PREMIER IN DUEL WITH ARMY MAN

Sword Fight Results in Each Being
Wounded in Head—Result of
Recent Quarrel

SEVERAL MEASURES FAIL

Members May Test Recent Ruling of
Attorney General as to Their
Appointments

By Associated Press.
Austin, Texas, Aug. 20.—The Thirty-third Legislature's special session adjourned this morning at 2:30 o'clock after a night of argument and filibustering. The appropriation bill was passed, penitentiary legislation effected, a blue sky law, the two liquor measures, including the stills law, and the prohibition bill, were sent to the governor, election of United States senators made possible.

The only important measures submitted by the governor which failed of passage were the bonded warehouse bill, indorsement of penitentiary bonds, the corporation colonization bill, highway commission bill and senatorial redistricting bill.

Summary of Work Done.
A summary of the legislation enacted follows:

A revision of the laws governing the State prison system and making a number of important changes, as outlined in last night's dispatches.

House Bill No. 4—Providing for direct election of United States senators.

House Bill No. 9—(Williams) "blue sky" law regulating the issuance and sale of stocks and corporations.

Senate Bill No. 46—Perfecting the civil statute requiring saloons to close at 9:30 as well as restaurants or other business operated in connection with a saloon.

House Bill No. 35—Invoking the federal law prohibiting the shipment of intoxicants from one State to the dry precincts of another. The bill was changed, so as to exempt sacramental wines and authorize individual suits in wet areas to receive shipments.

General appropriations for the support of the State government were carried in five bills, namely, for State departments, judiciary, educational institutions, eleemosynary institutions and miscellaneous and deficiency combined. Other appropriation bills included \$53,000 for mileage and per diem, and two contingent expense measures, aggregating \$20,000.

There were 96 bills introduced in the House and 58 in the Senate, a total of 154. There were ten concurrent resolutions in the House and five in the Senate.

Fifty-One Subjects Submitted.
A total of fifty-one subjects were submitted to the Legislature. Of that number the school district, road law and court reorganization subjects permitted number of bills to be introduced. There were thirty-one general bills and thirty-four local bills passed. Of the subjects submitted, forty-four were classed as strictly general in character, and there was action on thirty-one of them.

Besides the legislative move, the following were finally passed:

House Bill No. 17—Regulating the building and loan associations.

House Bill No. 38—Providing for the redemption of lands sold to the State for taxes.

House Bill No. 40—Confirming the State statutes to the federal law in the control of agricultural experiment stations.

House Bill No. 13—In county witness fee bill.

Senate Bill No. 26—Authorizing the appointment of notaries public at special sessions of the Legislature.

Senate Bill No. 12—Harmonizing the indeterminate and suspended sentence laws.

House Bill No. 27—Regulating the Juvenile Training School.

House Bill No. 46—Providing that 1,000 instead of 200 acres of school land may be included in a mineral lease.

House Bill No. 39—Allowing one year to dispose of goods bearing the Texas flag as the trademark emblem.

House Bill No. 57—Providing for writs of attachments on foreign non-residents.

House Bill No. 54—Providing a method of recording extensions of liens.

House Bill No. 78—Providing for the abolition of drainage districts.

House Bill No. 74—Giving drainage districts more power in levying taxes for improvement.

House Bill No. 79—Requiring railroads to furnish cars upon shipper's demand and modifying demurrage exactions.

Senate Bill No. 29—Prohibiting the creation of deficiencies by State boards and heads of State departments and institutions.

Senate Bill No. 48—Making more stringent the law permitting the taking of fish and terrapin with seine in breeding season.

Senate Bill No. 34—Validating certain school land purchases.

House Bill No. 44—Increasing the negotiable value of warehouse receipts.

Yokum—N. Elliot, of La Grange, was in this place recently for the purpose of selecting a site and considering other business matters looking to the establishment of a mattress factory here.

SESSION ENDS IN EARLY MORNING

FAILURE OF SENATE TO CONFIRM
MAY NOT AFFECT
THEM

SEVERAL MEASURES FAIL

Members May Test Recent Ruling of
Attorney General as to Their
Appointments

By Associated Press.

Friberg Affairs.
The revival meeting continues with good interest; there have been ten conversions to date.
The fourth quarterly conference for Thornberry and Friberg M. E. Church will be held here next Sunday and Monday, August 24 and 25. Dr. W. T. Euster of Fort Worth, will be here to preach Sunday night and administer the Lord's Supper, and hold a business session Monday.
Dr. L. D. Brown of Guthrie, Okla., came in last Friday for a visit to C.

O. Quarntrom and wife and other friends.
Noel Singletary spent a few days last week visiting near Petrolia. A Mr. Davis returned home with him for a visit.
Miss Salome Lancaster after spending the summer here left for her home at Sayre, Oklahoma, last Saturday.
We forgot to chronicle the arrival of a new son at the home of Alvin Byman last week. We hope all concerned will forgive this delay, especially the new comer.

CATTLE QUARANTINE IN TEXAS IS NOW REDUCED

Order Effective September 1 Cuts Out
Several Counties That Were
Hitherto Included

Washington, Aug. 20.—The Secretary of Agriculture has issued an order effective Sept. 1, releasing from cattle quarantine for Texas fever 9,191 square miles in Texas, Oklahoma, Tennessee, Georgia and South Carolina. This means that the sections released have succeeded in eradicating the cattle tick which is the cause of spreading splenic fever in cattle. The actual portions from quarantine on Sept. 1 as a result of the order of the Secretary are as follows:

In Oklahoma—The county of Nowata and portions of the counties of Washington, Osage and McClain.
In Texas—The counties of Fisher and Jones, the remainder of Terrell, Hardeman Counties and portions of the counties of Crockett, Sterling, Mitchell, Haskell and Knox. This release from quarantine is in addition to the 20,000 square miles released on March 1, 1913, so that this year the quarantine has been lifted in nearly 30,000 square miles of cattle raising territory.

Since the beginning of the work of tick eradication in 1906, 156,335 square miles out of the 741,551 square miles infected have been cleaned up and released from quarantine. All of Tennessee, except a small part of Marion County, is now released as a result of the active anti-tick campaign in that state, whereas in 1906 a large portion of that state was in the quarantine district.

WICHITA STUDENTS AT THE STATE UNIVERSITY

What Those From This County Accomplished During Session of 1912-13

Austin, Texas, Aug. 20.—The attendance at the University of Texas, main and medical departments, for the past session was 2,361. The attendance in all departments was 3,324, an increase of approximately 600 students over that of the previous year. Of this number, Wichita county furnished sixteen. Their names and departments are as follows: S. J. McLendon, sophomore academy, Iowa Park; Rouser Bullington, freshman academy; Miss Ann Marshall Carrigan, junior academy; M. W. Fuller, junior law; Miss Myrtle Henderson, freshman academy; Miss Muriel Hickman, freshman academy; Ralph P. Mathis, sophomore academy; Harold Murph, freshman engineer; G. W. Pond, sophomore engineer; E. C. Jalonic, freshman academy; P. E. Lupton, freshman academy; C. L. Somerville, freshman academy; Wayne Somerville, sophomore academy; J. S. Stone, sophomore academy; Miss Gladys Trueblood, junior academy and J. E. Ward, freshman engineer, all of Wichita Falls.

In a recently compiled honor list which contains the names of those students making excellent grades is found the names of S. J. McLendon, economics; Miss Muriel Hickman, mathematics, English; Miss Ann Carrigan, domestic economy; P. E. Lupton, zoology; German, mathematics; Miss Gladys Trueblood, philosophy, Greek; Latin; M. W. Fuller, government; H. Murph, mechanical drawing.

Messrs. Fuller and Stone were prominent participants in the affairs of student publications in the University. They will both assist in the running of the Daily Texan, during the coming year, this being the first college daily printed in the South. Ralph Mathis is a member of the state championship track team and is rated as the best mile runner in the state. G. W. Pond is a member of the University band which furnishes the music for all student functions.

The American Medical Association's official rating of the medical department of the University of Texas is A-plus, the highest possible grade. Of the institutions so rated, the University of Texas is one of four in the South attaining this distinction.

It has been found necessary to erect eight temporary frame structures on the campus of the University in order to provide for the increased enrollment. These structures while not pretentious, are well lighted and heated and are sanitary, and every means will be employed to make them comfortable for their occupants. The University will open Sept. 24th.

CONQUER TUBERCULOSIS IN TEN YEARS, PROMISE

Denver Physician Says Science Will
Overcome Disease Within Next
Decade

Denver, Colo., Aug. 20.—"It will be possible in ten years to eliminate tuberculosis of the lungs."

This statement, made by Dr. Jefferson D. Gibson, pulmonary tuberculosis specialist of Denver, and originator of a plan by which the dread disease which kills more persons than other malady, can be stayed, has resulted in appeals from thousands all over the country for more details of his proposed treatment. Dr. Gibson's statement was made before the convention of Homeopathic physicians held here recently. Many physicians have commended and approved Dr. Gibson's treatment, but there have been others to criticize it adversely.

Dr. Gibson proposes to eliminate tuberculosis of the lungs by an X-ray treatment, augmented by injection of a serum, sunlight and fresh air. His somewhat technical explanation of the treatment before the physicians convention has not been fully understood by laymen and to answer his critics he today gave a practical explanation through the United Press.

"The first part of infection in a vast majority of cases of lung tuberculosis," said Dr. Gibson, "originates in the bronchial glands and radiates from there to the top of the lungs. It then spreads fan-like over the remainder of the lung tissues."

"Splendid results have been obtained by treating the glands of the neck, abdomen and other parts with the X-ray. The X-ray will produce equally good results if applied to the bronchial glands. It thus cuts short, or prevents pulmonary tuberculosis entirely."

"Aided by tuberculin or Von Ruck's new vaccine, the X-ray should give perfect result in these cases. By this means, I claim that it is possible in ten years to wipe out lung tuberculosis. It need not fear years from now it will be a disgrace for a physician to allow a case to develop among his clients."

"Sunlight and fresh air, according to Dr. Gibson, are important, but they alone will never effect a complete cure. They will give relief and in some cases strengthen the lungs and the system sufficiently to fight off the ravages of the disease for years, but they do not cure and prevent parents afflicted from passing the disease on to future generations."

"The application of this new method of treating pulmonary tuberculosis shall not rest with the city or county or state," said Dr. Gibson. "It will not even rest solely with tuberculosis specialists: its benefit is to come when the family physician gets the idea and equips himself to carry it out. The same doctor who has always attended the family is the one with whom the treatment will rest."

Out of 400 cases in all stages, from incipient to the most advanced, which have been treated by Dr. Gibson or under his supervision, eighty-five per cent, he says, were sufficiently benefit-

DIXIE BASEBALL LEAGUE NOW BEING ORGANIZED

Chattanooga, Atlanta, Shreveport, May
Join Memphis, Nashville, Birmingham,
New Orleans, Little Rock

Memphis, Tenn., Aug. 20.—Definite
steps looking to the formation of a new
baseball league in the South, to be
known as the Dixie Baseball League,
were taken with the filing of incorporation
papers of clubs in five of the eight
cities of the proposed circuit. Those
are Memphis, Nashville, Birmingham,
New Orleans and Little Rock.

The other cities to be included are Chattanooga, Atlanta and Shreveport.
City Judge W. J. Bacon and Henry Pharr, a civil engineer of Memphis, have been named temporary president

and secretary of the proposed organization, which is said to be well backed financially. The new league will seek recognition from organized baseball interests, but is said to be willing to take its chances as an outlaw organization, if necessary.

After the incorporation of clubs in the various cities is completed a league meeting will be held and officers elected. A formal request for recognition, it is stated, then will be forwarded to Frank J. Farrell, secretary of the National Association of Minor Baseball Leagues, and to W. J. Kavanaugh, president of the Southern Association.

NEW GUSHER NEAR BEAUMONT OPENS UP NEW OIL FIELD

Beaumont, Texas, Aug. 19.—The Rio Bravo Oil Company has brought in a gusher ten miles east of Beaumont which is estimated to have a capacity of 2,000 barrels daily. The new well opens a new field fifteen miles east of Spindle Top, famous ten years ago.

Shipwreck.
As some poor merchant who has tried to gain the wealth of India, silks and costly dyes. And varied treasure, sees his fond emprise fail at the last, and of his ship's main Naught but a wreck whose creaking timbers strain Ready to part, yet dares the desper-

ate risk.
The hungry sea, and with wild long-ing tries
To save some gem, but sinks to death in vain;
So, when my life seems wasted and I see—
Its wreck before me, all my wealth of years
Sinking in depths of hopeless, mock-ing pest,
I gather up the days I spent with thee
And struggle on until the end ap-pears
Hoard-ing their rich remembrance to the last.
—Robt. Hamilton in Century Magazine.

WICHITANS INTERESTED IN RESOLUTION FOR PEACE

A stirring resolution asking that peace be maintained between the United States and Mexico, adopted by the Legislature recently, was offered by Representative E. P. Haney of the Clay-Archer district. Mrs. J. C. V. T. Christensen of this city, chairman of the peace committee of the Texas Federation of Women's Clubs, was instrumental in bringing the matter up. The resolution follows:

"Whereas, Our times are constantly disturbed by wars and rumors of wars, not alone in the Balkan regions of Europe but also at our very door, wars by which the peace of Europe and America is hourly threatened, our industries and commerce endangered and thousands of lives sacrificed, and
"Whereas, the governments of the world are constantly increasing their warlike preparation calling into their armies a larger portion of the young men for a longer period of years and investing larger and larger sums of the people's earnings in battleships and instruments of destruction, entailing an intolerable burden upon the legitimate industries and resources of the people, three-fourths of the total expenses of our own National government being expended on account of past wars, or in preparation for future wars, and
"Whereas, May 18th has been designated both as a national and international peace day for the purpose of directing the attention of the peoples of the world to the horrors of war and to the destruction and waste of human life and material resources resulting from war.

"Now therefore be it resolved by the House of Representatives of the Legislature of Texas,
"That the governor of this State be and he is hereby requested to designate May 18 of each year as a peace day in Texas, urging its appropriate observance upon the schools and colleges of the State and the churches and patriotic organizations, to the end that the people of Texas may become increasingly a people who love peace and hate war, and may contribute their full share to hasten the coming of the time when the war

ABERNATHY BOYS ARE HERE TODAY

FAMOUS OKLAHOMA YOUNGSTERS IN CITY EN ROUTE TO SOUTHWEST TEXAS

TRAVEL BY AUTOMOBILE

Well Known Through Taking Long Horseback Rides and Other Exploits in Recent Years

The "Abernathy Kids" two of the best known youngsters in the United States, are in Wichita Falls today, with their father, John Abernathy en route by automobile to Southwest Texas and possibly Mexico.

The boys are Louie, aged thirteen and Temple, aged nine. Probably no two boys in the United States have won as much fame in recent years as these two, their exploits attracting much attention. Transcontinental horseback rides and similar stunts have they performed and they have undergone hardships and privations the average adult would not care to face.

They first attracted attention by riding from Oklahoma to New York on horseback to greet Roosevelt upon his return from Elba. Since then they have ridden from New York to San Francisco, and their latest performance ending only a few weeks ago, was a motorcycle ride from New York to their home near Frederick, Oklahoma. On this ride, they slept in the open every night disregarding the weather entirely. They traveled on one machine, Temple riding behind his father's brother.

Accompanied By Father

John Abernathy, father of the boys is in the city with them today. They left their Oklahoma home Monday, spending last night with R. F. Abernathy at Iowa Park and coming down here this morning. The elder Abernathy was former United States marshal for the western district of Oklahoma and was known as the "wolf catcher" by reason of his ability, several times demonstrated, to catch wolves with his bare hands. The father and boys are traveling in a Buick and will make the trip to Southwest Texas by easy stages.

The boys are sun burned and tanned and healthy looking and their outdoor life appears to have agreed with them. Louie is in the first year of the high school and Temple is in the fourth grade. Both will finish at high school and college, their father plans. They are now accomplished public speakers and can mount the lecture platform and tell of their experiences clearly and without embarrassment. They expect to deliver some lectures at points along the road on their present trip to Mexico. When they reach Southwest Texas they may decide to cross over into Mexico, but are taking the trip simply on account of a desire to see the Rio Grande country, where neither they or their father have ever been.

Have Taken Many Trips

The boys' first trip was taken four years ago when Louie was nine and Temple only five. They went from drum shall sound no longer, when men shall beat their swords into plow shares and their spears into pruning hooks, and the kindly earth shall slumber, lapped in universal law."

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Lula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight.

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer. For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year. Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "How to Treat Women," sent in plain wrapper, No. 120

Oklahoma to New Mexico on horse back. Their many exploits of this kind has made the boys so famous and they have more than once had to demonstrate their ability to look out for themselves. They leave for Fort Worth this afternoon.

The boys are as well known in New York and the East as they are in Oklahoma. When they are in the metropolis, a police escort is necessary to clear a path for them, so great is the curiosity concerning them.

ANSWER THE CALL

Wichita Falls People Have Found That This Is Necessary

A cold, a strain, a sudden wrench, a little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A splendid remedy for such attacks. A medicine that has satisfied thousands.

Is Doan's Kidney Pills, a special kidney remedy.

Many Wichita Falls people rely on it.

Here is Wichita Falls proof.

R. F. Redin, Avenue A, Wichita Falls, Texas, says: "My back bothered me for two or three years and the spells often came on without warning. I was so lame across the small of my back that I could hardly bend. My kidneys became disordered and the kidney secretions were too frequent in passing, causing me annoyance. I finally got a box of Doan's Kidney Pills. They cured me and I have not felt a sign of the trouble since. We always use Doan's Kidney Pills when we need a kidney medicine and we know that they will act quickly in bringing relief. You are at liberty to continue publishing my former testimonial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Better Talk With Me About Preserves Before You Put Any Up This Fall

PHONES 432 AND 232

AUTO DELIVERY

Last year about this time I had a talk with quite a number of women in Wichita Falls about their preserves and other late coming. Quite a few of them were inclined to believe that it was cheaper to put up their own preserves but after they figured it out with me on a basis of preserves that I could supply in quantity they decided to make a trial of buying instead of putting up theirs and this year most of those same women have already placed their order for winter preserves. Now if you want to make a saving both in money and time and have a greater variety of preserves on hand, if you will come in and talk with me the same as those other women did I will be able to prove the same facts. Just as an idea of what you can get from my stock I quote the following items for fall delivery. For special prices on these ring me up or call personally at the store. Red cherry, strawberries, black raspberry, peach, red raspberry, blackberry, plum and pineapple.

Morning Deliveries	Evening Deliveries
1st car leaves 8:00	1st car leaves 2:30
2nd car leaves 9:10	2nd car leaves 4:00

Wichita Falls, Texas, August 20, 1913

Representative A. D. Rogers of Wise county has announced that he will be a candidate for congressman-at-large in the 1914 primaries. He is an able man and a good campaigner, and if successful in his laudable ambition will add considerable strength to the Texas delegation in congress.

The Houston Post wants a governor for Texas who will measure up to the standard of a Thomas Jefferson. That would be splendid, all right, but considering the fact that there are but few men in this day and time who can fulfill the requirements of the Post, why would not a man for governor of Texas do who could measure up to a James Stephen Hogg? In our humble judgment a man of that calibre would be a great improvement over the kind of governors Texas people have been electing for the past eight years.

In the election of yesterday Wilbarger county again went on record as favoring local option by a majority of 256. The city of Vernon gave a majority of 95. Only three boxes in the county—Oklaunion, Highland and Lockett—gave wet majorities. The election was brought about by the anti-alcohol campaign slogan seemed to have been somewhat changed from that of other campaigns. Before it was: "We do not favor local option because it does not prohibit." This time, however, it was: "If you do not want to have it so that you cannot get liquor by any means, you should vote against local option." The majority of the people of Wilbarger decided they did not want liquor either sold or shipped into that county for any purpose other than the law permits. These elections are said to be brought on by the brewery interests. Archer county is to have one soon and there is talk of pulling one off in Hardeman and Potter counties. They give employment to a great number of professional speakers on both sides of the question.

JAPANESE ACTIVITY IN BUYING LANDS

Under the provisions of the California constitution a generous period lies between the time of the passage of an act and its establishment as law, with the result to the case of the anti-alien land legislation that it has only this week become effective. Unfavorable as the action of the legislature was to the Japanese as an expression of sentiment and altogether exclusive when it should take effect, the period of notice has been so actively employed by the Japanese and they are officially stated to have added to their ownership of land to the value of over a million dollars and that a hundred companies formed by them have a capitalization of \$2,145,000. There is testimony in the figures to the enterprise and thrift of the race. To those who have feared the sweeping in of flood of oriental land owners it is conclusive that the fear would be justified but for the building of the legal dike.

Investment in land is ordinarily good taken of confidence that the owners is to be well treated. Men do not knowingly buy under a lien of prejudice and antagonism. Japanese shrewdness not having been rated at less than par, the obvious indication of their expectation is that in the act of forbidding their acquisition of land after a certain time California went as far as it would be likely to go. They must even expect that the neighborhood is to be measurably tolerant of their presence. The transactions in the gross seem to reflect a less violent feeling between natives and aliens than the law indicates and a confidence that it is not to develop to a greater intensity.

With the line now sharply drawn with the door closed on land-buying and a limit set on leasing, the future holds the showing of the way the race, so far as it has gained a foothold, will conduct itself in its relations with the people among whom it has come to live. Its ability to handle the property fruitfully is not even in question. Its advantage in competition was a contributing cause to the anti-alien act. Now it has the opportunity, with these considerable holdings, to show either that the opposition to its presence was

There's a world of satisfaction in buying Uneeda Biscuit because you know you will get what you want—soda crackers that are oven-fresh, crisp, clean, appetizing and nourishing.

Uneeda Biscuit are always uniform in quality—they are always alike in crispness, in flavor—they are soda crackers you can depend upon. And all because Uneeda Biscuit are uncommon soda crackers packed in an uncommon way.

Five cents everywhere in the moisture-proof package.

NATIONAL BISCUIT COMPANY

lacking good reason or that it was justified as far as the exclusion of one race by an earlier one in possession may ever be. Of the several alien and questions, the effective one would be for the alleged intruders to show that they were not objectionable, that they were on the whole desirable and that the bar was raised to newer ones. It will not be a swift process but it is not an impossible one.—Christian Science Monitor.

A WOMAN'S WAY

(By Mrs. E. P. Turner, Chairman Rural Homes and Schools, Farm Life Commission)

Men do not fully appreciate their wives or perhaps it would be more courteous to say that they do not understand them. A woman is God Almighty's greatest handiwork and a triumph of creation. Her mental faculties are highly developed and distinctively feminine. She is by nature more lofty, refined and cultured and has a higher sense of duty and devotion. There is nothing that so deadens womanly nature as a home that is commercialized and surroundings that are compelled to yield to the demand of a dollar.

A swing for the children may not be a revenue producer, pictures upon the walls may not pay annual dividends; musical instruments cannot be fattened and sold and good books and periodicals will not swell the bank account, but they will build character, make happiness and contribute towards our enlightenment. A mother with her ideals stifled by business greed is a queen robbed of her crown.

Even before he had been elected president, Woodrow Wilson had acquired a reputation for tenacity of purpose when any matter of principal or right was involved. It appears that he has determined to offer the kindly offices of the United States in an effort to bring about peace between the warring factions in Mexico, and that he will not be turned aside in this purpose by the blusterings of Huerta or members of his cabinet is a foregone conclusion. Neither will he be provoked into armed intervention by his country. Huerta's first bluff that he would not receive John Lind, the special envoy of President Wilson, and that the latter would be persona non grata, failed to affect President Wilson's cause. Another bluff that unless the United States recognized the Huerta administration the United States representative in Mexico would be handed his passports failed to create the expected consternation in Washington and now Huerta has denied that his foreign minister made such a declaration. Now if the Times was in a position to offer advice to Huerta it would be that his case and that of revolution ridden Mexico is in the hands of a most competent physician and the sooner he takes the doses prescribed by Doctor Wilson, the less serious will be the consequences to himself and the sooner will Mexico be on the road from her interregal ill.

BEAR HURTS MAN RIGHT HERE IN WICHITA COUNTY

C. W. Hughey Sustains Broken Arm When Tame Brim at Lake Gets to Him

C. W. Hughey who has charge of the swimming pool at Lake, Wichita suffered a fractured arm yesterday afternoon when Bruin the pet bear at the lake slapped him over in a sportive mood. Mr. Hughey was knocked about a ten-foot when the bear cuffed him and when he picked himself up it was found that one of the

bones of his forearm was fractured. Bruin had been taken out of his pen for exercise by one of the employees at the lake grounds and was feeling so good that he pulled away from the man who was leading him. Mr. Hughey was the first man he met and while the men from whom the bear pulled loose attempted to warn Mr. Hughey the latter did not hear in time to turn around and the bear came up behind him and gave him a playful spat on the side.

About six months ago Mr. Hughey stepped from a street car into a pit at the car barn where he was "em" and suffered the fracture of his hip bone. This kept him laid up for many months.

TWO STORY BUILDING TO BE ERECTED BY J. L. LEA

Will Improve Quarters Now Occupied by Grocery—Is Leased by Restaurant

After the first of the next month J. L. Lea will begin the construction of a two-story building on the site of the building now occupied by his grocery store which when completed will be occupied by Rochester and Bartholomew, proprietors of the Metropolitan Cafe. The building will extend 150 feet back from the property line and floors will be of tile with tile wainscoting. It is to be fitted with thoroughly modern and sanitary restaurant fixtures and equipment.

WHIT CLAIBORNE HURT IN DOMESTIC ENCOUNTER.

Dr. Coons was called to the residence of Whit Claiborne yesterday to treat some wounds which the head of the family sustained in a domestic encounter. Mr. Claiborne told Doctor Coons that he regretted his injury particularly at this time as it would prevent him from going to Mexico to join the revolutionists on September 1 as he had planned.

HOLLIDAY GIRL BECOMES BRIDE OF GEORGE THORNBURN.

Word was received here Wednesday morning of the marriage of Geo. W. Thornburn and Miss Meade Lowry, which took place yesterday at Dallas. Mr. Thornburn is connected with the King-Edie-Cotton Company with headquarters in this city. The bride's parents reside near Holliday. The announcement of the marriage was quite a surprise to the friends of Mr. Thornburn in this city.

Missouri Governor Dons Overalls Jefferson City, Mo., Aug. 20.—Governor Major declared today he would make good his promise to don overalls some time this afternoon and put into practice his theory that every citizen of the state should do a day's full work on the roads to give Missouri the best roads in the country. Today was the day set by the governor for good roads day and thousands of men were expected to follow the governor's ex-

The county commissioners held a special session this afternoon at which time they authorized a final settlement with M. F. Leonard, contractor for several bridges which have been completed recently.

After disposing of twenty-five cases in two days the county court was adjourned for the week this afternoon. Of the twenty-five cases disposed of eight have been convictions upon trials, eight pleas of guilty, three acquittals and six dismissals. Another jury will be summoned for next week.

CITY CAFE REOPENS IN NEW QUARTERS TUESDAY

The City Cafe which was burned out in the fire in June that destroyed the buildings at the corner of Ohio avenue and Eighth street, has been reopened for business and today served hundreds of customers. The formal opening took place last night. At that time meals were not served but visitors were shown through the dining hall and kitchen and were presented with roses as a souvenir. Gentlemen visitors were given cigars. An orchestra played throughout the evening.

L. J. Simmons, proprietor of this restaurant announces that he will also open a restaurant on Eighth street in the new hotel building now going up. Both restaurants will open into the same kitchen and a high class service is to be maintained in both.

"ODYSSEY" IN MOVING PICTURES AT THE LYDIA MARGARET

The Odyssey of Homer reproduced in motion pictures was the feature at the Lydia Margaret last night. The production of this classic in motion pictures is said to have cost \$200,000 and it is indeed a master enterprise. A score of scenes and dramatic incidents in the adventures of Ulysses from the sack of Troy to and including his arrival in his own halls and the slaying of the suitors of Penelope are shown with a realism that holds the spectator almost in a spell. The pictures appealed to all whether they had read or been told the story of the Odyssey or not. The management hopes sometime to get this picture back for another exhibition here, but at this time one night is all that it can be leased for any one place.

The fire department was called out at noon today by a blaze in the car inspector's shanty near the Wichita Mill & Elevator Company. The blaze was extinguished without any serious damage. It is believed to have originated from a grass fire.

THAW PREPARES FOR LEGAL FIGHT

(Continued from Page 1)

Thaw's two companions surpassed him in reticence. All the newspaper men could get was a description of each. One of them is five feet eight or nine inches tall, smooth faced and with dark hair and eyes and heavy set. The other is about the same height, lighter in build and of fair complexion.

BROTHER-IN-LAW LEAVES TO ASSIST IN FIGHT

By Associated Press. New York, Aug. 20.—George Luder Carnegie, Harry Thaw's brother-in-law, accompanied by his wife and a New York attorney, left here last night for Sherbrooke. At the railroad station Mr. Carnegie was asked if he was going to Canada to aid his brother-in-law.

"You bet I am, and it will be some fight," was his reply.

A marriage license was issued to a Frederick, Okla., couple this afternoon. They asked the clerk to request that there be no publication of the license until Saturday.

CROP-MOVING FUND TO BE DISTRIBUTED SHORTLY

By Associated Press. Washington, Aug. 20.—First deposits of the governments \$50,000,000 fund to aid crop movements will be made in the Southern States in August and September. All deposits in all states will be made in two equal allotments Secretary McAdoo announced today.

Fort Worth—Peter Radford, former president of the Texas Farmers' Union, has issued an invitation to David P. Houston, secretary of agriculture with headquarters at Washington, to attend the State Fair.

QUININE AND IRON—THE MOST EFFECTUAL GENERAL TONIC

Grove's Tasteless chill Tonic Combines both in Tasteless form. The Quinine drives out Malaria and the Iron builds up the System. For Adults and Children.

You know what you are taking when you take GROVE'S TASTELESS chill TONIC, recognized for 30 years throughout the South as the standard Malaria, Chills and Fever Remedy and General Strengthening Tonic. It is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth but do dissolve readily in the acids of the stomach. Guaranteed by your Druggist. We mean it. 50c.

There is Only One "BROMO QUININE" That is LAXATIVE BROMO QUININE. Look for signature of R. W. GROVE on every box. Cures a Cold in One Day. 25c.

LETTER WRITTEN BY SAM HOUSTON

INTERESTING DOCUMENT IN POSSESSION OF A. C. HORTON OF WICHITA FALLS

LOCAL SELF GOVERNMENT

First President of Republic Voiced His Opposition to Centralism in the Mesive

A. C. Horton, a mail clerk of this city, has in his possession an interesting letter from Gen. Sam Houston, first president of the Republic of Texas, written to Mr. Horton's grandfather, Col. A. C. Horton, at San Augustine in 1837 from Nacogdoches, the first capital of the Republic in 1837.

General Houston had disastrously defeated the Mexicans and had been elected president of the new republic and was trying to straighten out the civil affairs of the country of which he was president. Col. Horton was his first aid and was stationed at Nacogdoches. In his letter General Houston orders Col. Horton to uphold the civil laws of the county of San Augustine and closes by saying "Without laws we are worse than the slaves of Santa Anna and Centralism" showing that in those early days "local self-government" was evidently a popular slogan.

Col. Horton himself was hardly a

less interesting figure than Gen. Houston. He was a North Carolinian by birth and came to Texas in 1825, settling at San Augustine in 1824. He was captain of a company in the battle of Nacogdoches and after the defeat of the Mexicans he pursued them with a party of seventeen tried and true Texans to the Anselina river where he attacked 400 of them with such fury that they thought a whole army was upon them and 400 of them stacked arms and surrendered and were taken back to Nacogdoches by the seventeen Texans.

Col. Horton with Stephen Proctor and 100 Indians dispersed the Fredonians under the leadership of Hayden Edwards. He was Houston's first aid in the battle of San Jacinto and bore a distinguished part in the campaign for the independence of Texas.

His grandson who lives here has a number of letters from some of the early day patriots in Texas written to Col. Horton which throw some interesting sidelights on historic men and their times.

The letter referred to above follows:

"Nacogdoches, Texas, 15th July, 1837. To Col. A. C. Horton: "Sir: You are hereby required to use every exertion in your power to sustain the civil authorities of the county of San Augustine in the discharge of their duties in enforcing the laws of the county and it is expected of you, whenever a mob acting in violation of the laws shall attempt to defy the civil authority, to call out sufficient force to at once disperse the mob and arrest its ring leaders. The civil authorities of the county must be sustained at all risks. "The revenue laws of the county must be duly enforced. You will be

held responsible for the same so long as your station will enable you to render the aid required. When the campaign shall commence it must devolve on the chief justice of the county. Without laws we are worse than the Santa Anna and Centralism. Your obedient servant, "SAM HOUSTON."

Five Generations to Celebrate Kittanning, Pa., Aug. 20.—Five generations of the Mansfield family here will hold a celebration and reunion just as soon as "the fifth generation" is able. It was announced today. William Mansfield is two weeks old today. Two grandmothers, two great grandmothers and one great great grandmother were present at his birth.

Takes Off Freckles, Removes Tan.

Beautify your complexion. Get rid of those freckles. You can invest 50c in a jar of WILSON'S FRECKLE CREAM and they'll disappear. Severe cases may require two jars—no more. Mammoth jars \$1.00. WILSON'S FAIR SKIN SOAP 25c. Wilson Freckle Cream Co., Charleston, S. C., makers. For sale by

REXALL DRUG STORE

INDIANAN'S \$5000 GIFT IS AVAILABLE IN 2123

Will Draw Compound Interest Until Then When it Will Total Over \$20,000,000

Evansville, Ind., Aug. 9.—For the first time in the history of the state, \$500,000 gift to the city of Evansville, Ind., \$20,000,000.

These two gifts, made by Adolph Melzer, wealthy Indianan, will be available in the year 2123 A. D. They are the strongest gifts ever made to an Indiana city. The \$20,000,000 for the care and relief of dumb animals will be the principle and accrued compound interest on a sum of \$5,000 which has been deposited in a local bank by Melzer, and which will have grown to that amount in 210 years from today. The \$20,000,000 which Evansville will get, will be the principle and accrued compound interest on \$1,000 deposited by Melzer and available in 250 years.

Melzer's scheme in both cases is that the funds shall be allowed to stay in one bank for eighteen years or until the original deposit doubles itself. The total then will be divided into two equal units and red deposited in different banks until they in turn are doubled, and so on. By the time the "dumb animal" fund is taken out finally it will be deposited in 2,048 banks.

Realizing possible future changes in monetary conditions may occur, Melzer's contract makes it possible for the bank, state or city to withdraw from the agreement on sixty days notice, in which case the money is to be redepos-

ited in any banking institution with \$100,000 or more capital at the best rate of interest obtainable.

FRONTIER DAYS RECALLED OPENS "WILD WEST WEEK"

Cheyenne, Wyo., Aug. 20.—Cheyenne today forgot this is the year 1913 and harked back to the days when it was the extreme frontier post of the then

great unexplored West. The occasion was the sixteenth annual Frontier Days celebration which began today and will continue through Saturday evening. During the four days Indians from the agencies of Nebraska and Wyoming, cowboys and cowgirls, all accounted in the garb worn in the old days, will hold full sway. To see them in the riding, roping, shooting and other

er contests fully thirty thousand visitors are here.

There were eighteen events on today's program which included a half mile foot race in which only full blooded Indians can enter; cow-pony, burro and horse races; fancy riding and driving; shooting, and roping exhibitions of all kinds. Several thousand dollars in prizes will go to the winners.

The Best Hot Weather Tonic

GROVE'S TASTELESS TONIC enriches the blood, builds up the whole system and will wonderfully strengthen and fortify you to withstand the depressing effect of the hot summer. 3c.

MONEY AND FAITH

These are two of the great essentials in buying real estate. Lots of people have the money and yet they lack faith. Others have faith and lack the money.

If you have resided here as long as six months and haven't got the confidence that this is going to make a large city, then you ought to rub up against a wide awake real estate man and come out of your trance or stupor and awaken to the great possibilities that surround you.

Don't you know that Wichita Falls is going to make a city? Can't you see its great natural advantages which are bound to make it grow to a large manufacturing, industrial and commercial center? Certainly you can see it if you will but open your eyes. We have water, gas, railroads, oil, coal, good farming lands with a large trade territory to draw from with no competitive city. We also have the finest bunch of business men that you can find anywhere. What more do we need? Why, it is a cliché that we are going to build a city here. If I didn't think so I would move out, wouldn't you?

Well, you say that you have the money and the confidence, but you are going to wait awhile to invest.

Are you waiting for a slump, cool weather or a big sensational movement in real estate? If so, learn how your mistake. There will be no slump in Wichita Falls property, and prices will never be so low again as they are today. Hot weather should cut no ice nor delay you, neither should you wait for some excitement, but learn to use good judgment rather than impulse.

The best time to purchase property is when the market is quiet as you will find more good bargains offered. Never wait for a big rush to buy property for it is then that every one wants to buy and no one wants to sell; consequently you don't find so many bargains offered.

Now if you have a little money and will call at my office, suite 311, Kemp & Kell building, I can soon convince you that we can make your little money grow into big money by investing it in Wichita Falls real estate.

You will note that I have changed my office but that I am still in the real estate business. While I expect to push Floral Heights as a leader for bargains, yet you can rest assured that there are any other bargains offered in the city you will find them among my listings, and I will take great pleasure in showing them to you. I have quite a few of these bargains now. Call and see me.

PERSONAL MENTION

Misses Hazel Brightwell and John Bonner have returned from a visit to the Matador ranch.

Miss Anita Park of Bryan, Texas, has arrived to be the guest of Miss Anne Freear for two weeks.

D. M. Perkins and family who have returned from Havana, Cuba, will again make their home in Wichita Falls, although it is probable that Mr. Perkins will make occasional trips to Havana to look after business there.

Dr. J. F. Reed returned yesterday from Denver where he has been for a visit with Mrs. Reed, whom he reports improved in health. Dr. Reed's train was delayed about ten hours by the derailment near Newlin Monday afternoon. He says that two coaches of the derailed train went into the sand up to the steps and had not been gotten back onto the track when his train came through.

Rev. Hennessy of Dallas is in the city.

J. A. Brittain and wife of Seymour were visitors here today.

Jim Carr and H. McMillan and wife of Frederick, Oklahoma, were visitors here today.

Dr. R. W. Miller of Santa Barbara, California, who arrived a few days ago has gone to Stephens county where he with others is drilling a well.

S. R. Crawford of Graham is in the city on business.

Misses Georgia Cole and Miss L. Sheabe of Frederick, Oklahoma, were visitors here today.

M. B. Roberts and Harry McMillan of Frederick, Oklahoma, were here today.

Mrs. M. E. Temple of Illinois Bend, Texas, is visiting her daughter, Mrs. Wilford Harrison.

James R. Driggers, George Schoffner and J. C. Driggers and wife of Chickasha, Oklahoma, spent the night here coming over in an automobile. They left for Lawton today.

Dr. W. T. Howell and H. Baker of Duncan, Oklahoma, are visitors in the city.

Mrs. A. D. Evans left today for her home at San Antonio after a visit with W. R. Ferguson and family.

Mrs. T. F. Patterson has returned from a trip to Denver, Manitou and other Colorado points.

J. S. Bridwell left last night for his old home in Marshallfield, Missouri. Reports that he will buy two tickets for the return trip cannot be confirmed.

A. G. Savilli of Milan, Italy, has taken a position with the Wichita Falls Motor Manufacturing Co. Mr. Savilli has charge of the foreign correspondence for the company, which has now grown to a considerable volume.

Assertions, unsupported by logical reasons, are just as ridiculous when uttered by one class of practitioners as when by another.

Arguments FOR "drops" are based upon the theory that the muscles of an eye which control its focusing powers are apt to work involuntarily, causing SPASM, or unconscious muscle effort, and thus interfere with an examiner's determination of the true structural conditions of a patient's eye; hence, "drops," powerful enough to paralyze these muscles and eliminate any possible "spasm," are said to be ALWAYS indicated—and are employed by those who do not know how to measure the eye in its natural state.

On the contrary, the argument AGAINST "drops" is based upon the reasoning that, if the focusing muscles are made to sufficiently exert themselves it will be IMPOSSIBLE for a spasm to be present while this effort of exertion is maintained, and measurements thus made will represent the true working power of the eye.

One form of ocular examination and measurement is known as "Dynamic Skiametry" and is accomplished by use of a little instrument technically termed a "Skiascope." By this method the interior of the eye is illuminated, and the examiner is able to actually observe the focusing action—dynamic power—of the eye.

To successfully use a skiascope, great skill is required, hence, those who are not in possession of this skill are tempted to support their claim for the use of "drops" because of their lack of technical training in the theory and practice of this advanced method which is now given the first place in all colleges and universities where optometry is taught.

It can be truthfully stated that WITH "drops" an examiner is wholly dependent upon the answers his patient gives to propounded questions, whereas a mastery of dynamic skiametry gives an examiner optical data that enables him to form his judgment entirely independent of his patient's replies to questions. It is therefore self-evident that pupil dilation—"drops"—are only necessary where an examiner is not skilled enough to avail himself of the latest and most approved scientific method for correctly measuring eyes.

To state that it is necessary to paralyze the focusing muscles of an eye in order to measure its seeing abilities, is equivalent to saying that, in order to test the dynamic power of a steel spring, first destroy its temper.

No "drops." We know how

EVERYTHING FOR THE OFFICE

THE LAST GIFT

It is the custom to give gifts unto your children. Every year you remember your loved ones and friends. Yet many a gift before the year closed, was unremembered and unappreciated.
As a last gift that dear old FATHER and MOTHER left you a legacy of truth, honesty and fidelity, along with a handsome sum of ready cash. Next day there was a protest filed in the county courts contesting the will. What is the matter? The will calls for a \$30.00 memorial—headstone to be purchased and placed at their graves as a LAST GIFT. The children in protesting say, "They do not need it. A \$10.00 tomb rock is good enough." Visit the spot and you will find they sleep in UNMARKED, UNREMEMBERED GRAVES.
The Wichita Marble and Granite Works do not erect TOMB-ROCKS, but instead beautiful and lasting MEMORIALS, that are appreciated by friends and loved ones. Come to see us.

Diamonds Advance
September 1st

ONLY thirteen more days before the recently announced in-
crease in diamond prices goes into effect. Beginning September
first all prices will be automatically increased 10 per cent. This
increase is necessitated by a number of causes, including the
tariff agitation, and the greatly increased demand for diamonds.
Present scale of prices will prevail until September first.
