PRICE FIVE CENTS

STATE ALLOTS SUM FOR GRAY COUNTY ROADS

\$50,000 FOR BORGER
AND PAMPA ROAD
ALLOWED

AUSTIN, Sept. 21. (AP)—The Texas Highway commission today allotted \$25,000 for highway construction, much of it for emergency work to relieve unemployment.

A special appropriation of \$115,000 was made for relief work in the Panhandle area in Randall, Potter, Sherman, Gray, Midland and Martin counties.

The Panhandle projects were by counties: Randall—18 miles widening paving on Highway 9 from Amarillo to Canyon \$25,000; 14 miles grading and drainage structures from Canyon to Palo Duro park \$20,000.

Potter—12 miles reconstructing Highway 5 from Amarillo north \$20,000.

An appropriation of \$50,000 for construction of a feeder road between Borger and Pampa also was recommended, the road to be an emergency project.

Gray—Two miles grading and surfacing Highway 33 in Pampa \$18,000.

Stinson To Head Junior Police In City Schools

The Kiwanis club, sponsors of the junior police movement in the city, has named officers who will be in charge this year. Reno Stinson, chairman of the safety committee, which has charge of the move, will be supervisor of sponsors.

A. G. "Pete" Post, assistant chairman of the safety committee, will act as sponsor of the junior high school police body and also as campaign manager. Jim Collins will be sponsor at Horace Mann school and also supply sergeant. Paul Hill will act as sponsor at Woodrow Wilson school and publicity director. Harry Grove will be the sponsor at Sam Houston school and W. H. "Bill" Lang sponsor at Daniel Baker school.

School principals will name their police and the club will issue badges and equipment soon. Many boys have been selected and next week will probably be the time for formal recognition by the club.

The move has been popular in Pampa for several years. The members of the force assist the police department in controlling traffic in school zones and also seeing that children get safely across streets near the schools. Chief of Police Jno. V. Andrews speaks only praise for the assistance given by the police by the junior officers.

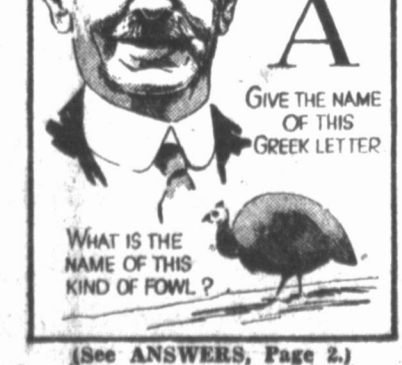

TO DIRECT EXCHANGE
NEW YORK, Sept. 21. (AP)—The governing committee, president and other officials of the New York Stock Exchange have agreed to direct the affairs of the proposed New Jersey stock exchange, it was announced today following a meeting of the governing committee.

KELLY THREATENS KIN

Government Urged To Buy Half Of 1933 Cotton Crop

WANT 15 CENTS A POUND FOR STAPLE

Cotton Delegates In
Interview With
Roosevelt

WASHINGTON, Sept. 21. (AP)—A special committee from the cotton belt states urged President Roosevelt today to order government purchase of half of the present cotton crop at 15 cents a pound as a means of raising prices and controlling production.

The committee, headed by Senator Bankhead, (D., Okla.), informed the President of the recent southern states cotton convention favored inflation of the currency, but this point was not pressed or discussed at the White House.

Asked if inflation had been dropped, Senator Bankhead said "no". The President gave the impression he was doing all he could to push expansion of credit and that he was holding off meantime on currency inflation.

Senator Bankhead said the President took under sympathetic consideration the proposal to purchase half the cotton crop. He indicated an early decision was in prospect.

This plan to establish a minimum price of 15 cents a pound for cotton provides that those farmers from whom cotton is purchased must agree to take out of production next year the same amount of bales taken over by the government.

Bankhead estimated about 5,000,000 bales would be purchased under the plan, the financing to be done through the reconstruction corporation.

Some of the group gained the impression the administration was not in sympathy with the 15 cents a pound price but might favor a lower minimum, probably 12 cents.

Stanton Motion For New Trial Set For Today

TULSA, Tex., Sept. 21. (AP)—Ed "Perchmouth" Stanton's motion for a new trial on a charge of slaying Sheriff John C. Mosely last January will be heard by District Judge Charles Clements at 2 p. m. today.

Stanton, who last Friday was assessed the death penalty, charged misconduct on the part of the jury, and other legal technicalities. Defense counsel will seek to show that at least one juror had expressed an opinion before he was accepted on the jury. L. G. McDonald, chief deputy sheriff, said the state would present affidavits to refute Stanton's claim.

Governor's Day Is Observed At Lions Luncheon

Today being classed as District Governor's day, local Lions heard talks on the duties and work of the district governor. Del Harrington of El Paso is the district governor of District 2-T, of which Pampa is a member. C. H. Walker of Pampa preceded Mr. Harrington in that office.

Talks were made by Dr. C. P. Callison and J. O. Gillham. The program was in charge of the Lions Education committee of which Bert Curry is chairman. Ivey Duncan introduced the program. Music was by Roy Wallrabenstein with Miss Jackie Jones at the piano.

The zone meeting will be held in Pampa next Friday instead of Thursday as previously announced. J. E. Murfee was a visitor.

Theater Banquet Tickets Must Be Reserved Today

This evening at 8 o'clock will be the deadline for receiving reservations for the Little Theater's president's dinner in the city club room Monday night.

WINNIE MAE IS TO BE REBUILT AFTER WRECK

FLIER SUFFERS A CUT
ON HEAD; SHOULDER
IS INJURED

QUINCY, Ill., Sept. 21. (AP)—Wiley Post, round the world flier, was severely injured when his plane, the Winnie Mae, crashed today at the local air port as he was taking off.

Post was rushed to a hospital, where Dr. E. L. Caddick said his injuries were severe but not critical. The Winnie Mae, in which Post flew around the world in seven days, 18 hours and 50 seconds, will have to be rebuilt.

The crash occurred while Post, who is on a speaking tour was taking off for Davenport, Iowa. Dr. Caddick said that the flier suffered an extensive V-shaped cut on his forehead from the hair to each eyebrow. His shoulder also was injured, but apparently there were no fractures.

The Winnie Mae side-slipped while on the take-off and observers estimated that it fell about 50 feet, landing in a group of small trees. The motor had stopped.

Loans To Move Feeder Cattle Are Approved

WASHINGTON, Sept. 21. (AP)—Governor Henry Morgenthau, Jr., of the farm credit administration announced today loans up to a maximum of \$100,000 would be made to the National Livestock Marketing association for moving lambs and feeder cattle from western range areas to the feeding areas of the middle-west.

Range cattle men thus will find an outlet for their cattle in feeding areas and will not be so inclined to market their livestock for consumption. At the same time growers of feed crops will find a market, Morgenthau said.

The loans, from the central bank for cooperatives, will be made at four per cent interest. Funds advanced to the association will be loaned by it to member sales agencies, which will make loans to individual farmers to pay freight and feeding-in-transit charges on movements to the feeding areas in Indiana, Illinois, Iowa, South Dakota and other states.

Member agencies of the association which will handle the loans are the producers commission association of Sioux City, and the Iowa Marketing corporation of Des Moines.

The livestock coming under loan provisions will be marketed within six months and the loan is expected to be repaid by that time.

25 Men Will Be Put To Work on Roads in County

County Commissioner John Haggard received word from Austin this afternoon, giving him permission to use 25 of the older men registered with the Welfare board on county roads. Mr. Haggard said he would put the men to work tomorrow morning cutting weeds, cleaning out culverts and doing other light work.

Older men are to report to the Welfare Board in the basement of the city hall, preferably this afternoon, for work tickets. A representative of the board will remain in the office after regular closing hours in order to accommodate the older men on the list who desire to go to work.

GETS APPOINTMENT
WASHINGTON, Sept. 21. (AP)—Robert Bennett Thompson of 1425 Fourth street, Corpus Christi, has been designated by Representative Joseph Weldon Bailey as a candidate for the March 6, 1934, entrance examinations to West Point.

Frank Elgin Bonar of 2419 East Vandell boulevard, El Paso, was named alternate.

T. C. Malloy of Shreveport is in Pampa on business.

Ten of 12 Defendants In Kidnaping Trial

HERE are the 10 defendants, who, with Harvey Bailey, and Albert L. Bates, are on trial at Oklahoma City, Okla., charged with the kidnaping of Charles F. Urschel, oil millionaire, and with attempting to dispose of part of the reputed \$200,000 ransom paid for his release. Above, left to right, Armon Shannon, Mrs. R. C. Shannon and R. C. (Boss) Shannon, on whose farm Urschel is said to have been held. The seven below, alleged to have tried to dispose of some of the ransom money, are, left to right, Edward Berman, Clifford Kelly, Isador Blumenfeld, Sam Kronick, Sam Kosberg, Charles Wolk and Pete Valder.

PRELIMINARY tests for an attempt to break the world's record parachute drop of 17,000 feet will be made with a free air show to be held here Saturday and Sunday under the auspices of the Elks club of Pampa.

'Football' Will Be Foote's Topic Tomorrow Night

The greatest sin of Pampans is a gross neglect of significant issues of life—a lethargic attitude toward Christianity—the Rev. Gaston Foote told a capacity audience at the First Methodist church last night. A number of persons joined the church near the close of the service.

The evangelist's subject tonight will be "The Road to the Hog Pen." Tomorrow night, high school students will be specially invited guests. Rev. Foote's subject will be "Football," and all members of the Harvesters and Gorilla football squads and Coaches Odus Mitchell, Argus Fox and Harry Kelly have been invited to attend the service.

The young minister who emphasizes a modern and humane standard of values in his sermons as reflected in the Bible, said that his "football sermon" would be based upon Christian teachings and would benefit both players and fans.

Marches Will Be Feature of Band Concert Sunday

Director Roy Wallrabenstein will present his Pampa high school band in a concert in the city park at 3 o'clock Sunday afternoon. The band has been practicing for several weeks and has shown rapid progress. The band will play marches and popular numbers on which they have been working hard. Director Wallrabenstein has been working with the band three afternoons and two evenings since he called the members together. The band is made up of students and members of the faculty with a few graduates assisting. Several new members of the faculty are talented musicians and are giving their time to perfect the organization.

The band will be in attendance at the football game tomorrow afternoon. The band is being trained on marches and in a few weeks will be ready to demonstrate between halves.

Mr. and Mrs. G. C. Malone made a business trip to Amarillo yesterday.

BLUE EAGLE DAY, Monday, Sept. 25, will find Pampa, fully aligned with the president's re-employment program. Buying under the eagle will be easy in Pampa. Local merchants were quick to do their part by adding new employees. This act means quick and dependable service to shoppers.

Style shows have been held to illustrate the new mode. New merchandise from NRA factories is on shelves of Pampa stores. To know Pampa merchandise is to know the latest fall and winter styles.

Normally it is on the way. Payrolls are larger, unemployment is less. Merchants and business men have done their part. Now it's up to the consumers. Recovery must have the continued impetus of resumed buying, lest it falter and another hard winter develop.

Fortunately it is easy to "Buy Now and Save" in Pampa. Particularly will it be worthwhile to buy in Pampa on BLUE EAGLE DAY. Watch Sunday's NEWS for advertising messages on the day from wide-awake merchants.

VISITS FARM OF COLEMANS, MAN ASSERTS

Attempts To Address
Court But Is
Ejected

OKLAHOMA CITY, Sept. 21. (AP)—The first direct admission that George Kelly and Albert Bates had brought the kidnaped Charles F. Urschel to the R. C. Shannon farm in Texas came here today when District Attorney Herbert C. Hyde read to the jury a statement to that effect signed by Shannon's son, Armon.

Fred Coleman, son of T. M. Coleman, at whose farm near Stratford the government alleges the Urschel kidnaping plot was hatched, told Federal Judge Edgar S. Vaughn today that George "Machine Gun" Kelly appeared at the Coleman farm last night and threatened death to the Urschels and the Shannons.

The surprise revelation was given in the quiet of the judge's chambers and was withheld from the public until noon.

Judge Vaughn declined to comment on the statement of the 35-year-old farmer, but other federal authorities in the Urschel case indicated they were partly inclined to the theory that the incident was

Tax Money Being Paid Readily Now

The city is receiving much additional tax money since the announcement that penalty and interest would be discontinued between September 5 and October 31 inclusive, was made last week.

Persons owing back taxes are urged to call at the office of Tax Collector J. H. Bythe and make arrangements for payment before the last-minute rush. Part or all of back taxes can be paid under the plan.

Unemployed Start Registration For U. S. Government

A United States Employment Service office was opened in the basement of the city hall yesterday morning and registration of all unemployed in the Pampa area started. Offices will be opened in LeFors, McLean, and Alameda later.

Every man and woman out of work should register at the earliest time possible. Some of the unemployed in this area have been under the belief that the registration was for the needy only but the case is not so. It is a survey to find out the number of unemployed and if possible to find work for them.

It is almost impossible for the two registrars to interview more than 50 persons a day because of the number of questions to be answered.

L. C. Rhodes of Fort Worth was a Pampa business visitor early this week.

ACTING WITH PRESIDENT

By MRS. R. B. FISHER
Women's NRA Committee Member

NRA is a sign of loyalty. Loyalty demands wholehearted, untiring service in helping provide food and other necessities for the unemployed. It is a great thing thus to help build a life. It is good for our own characters as well as for those we help. The man who is disloyal to NRA robs himself. We profit not merely by what we get, but what we give. We think too much of getting and too little of our obligation and opportunity to give.

NRA is democracy in action for the reason that the codes and regulations are suggested and largely enforced by the people themselves. It stresses what can be done and places little emphasis on penalties for not doing. Democracy is expressing itself through the president, who was given his authority by people who wanted a change and are now getting it. Patriotic men working with the president provide a clearing house of ideas which, culled and put into action, will bring back normal business and give us national security.

Let us follow our leader. Let us think with him. Let us act with him.

CUBAN REVOLT SEETHES-SHIPS DRAW CLOSER

REPORT CIVILIANS TO
ATTACK PALACE
TODAY

BY JOHN F. MCKNIGHT.
HAVANA, Sept. 21. (AP)—Two American warships drew in close to the city today as the revolution-born regime set up 11 days ago made hurried but complete preparations to withstand a rumored revolt.

The vessels, which came here to protect American lives and interests, at once established helicopter communication, using lights atop the United States embassy and aboard the craft.

Cavalry re-inforcements, a mobile arsenal on a truck, extra guards and machine gun units were placed about the presidential palace as reports persisted that civilian anti-government forces and soldiers prepared to fight.

An army truck brought rifles and ammunition to headquarters of A. E. C. radical society members, who thereupon went to police headquarters as re-inforcements supporting President Ramon Grau San Martin.

In the face of these and other preparations the executive declared that "everything is all right; I am staying right where I am."

Reliable sources predicted that a climax was fast approaching in the many troubles the president and his supporters have had.

Since he took the helm September 10 Grau San Martin has found an ever-stiffening line of opposition among five of Cuba's most powerful politico-revolutionary factions.

Revolt broke out in Camaguey province, where old Juan Blas Hernandez, who pricked former President Machado's side for two years, led his well-armed veterans into the field. He was reported surrounded by government troops, but refused to treat for peace.

Pampan Given A 'Frisking' At Shannon Trial

A "shaking down" in search for a gun greeted H. S. Shannon of Pampa when he entered the federal courtroom at Oklahoma City Wednesday to attend the trial of his brother, "Boss" Shannon, one of the 12 Urschel kidnaping defendants.

The Oklahoma City Times reported the incident, and carried a picture of the Pampa night watchman. His wide leather belt, the type worn by peace officers when they carry a gun on the hip, led federal agents to search him, but they found no weapons.

"I left my gun at home when I came down here," Shannon was quoted as saying. He went to Oklahoma City Monday to attend the trial.

Miss Audrey Noel, daughter of Mr. and Mrs. J. G. Noel, has enrolled in college at Greeley, Colo., which has attended for the last two years. She is a junior this year.

A CHALLENGE TO LABOR AND INDUSTRY

In a time like the present the horizon is fairly cluttered up with signs and portents. None of these is much more significant than the sudden epidemic of strikes—an epidemic that has broken out in the last month or so and that is giving the federal doctors one of the busiest seasons they will ever have.

Whatever else these strikes may mean, they at least prove that industry is no longer stagnant. They didn't put in an appearance during those dull months when we were at the bottom of the depression. They're coming now for a number of reasons, but chiefly because things are picking up. Men don't strike when the plant is closed down for lack of orders.

And the strikes present—to a nation which already has a century's supply of problems to settle in a few months—a new problem; one that carries a double-barreled challenge, one barrel for industry and the other for labor.

It is a challenge that must be read in the light of the NRA program. The National Labor board's ruling, which emphasizes the fact that the law guaranteeing the right of collective bargaining means exactly what it says, is part of the background for these strikes, and it conditions their significance.

First of all, the problem challenges the directors of industry. It is a test of their spirit of fairness, of their willingness to co-operate in the tremendous experiment of the new deal. Labor has gained a great victory in the Industrial Recovery Act; the industrialist who seeks reprisals and wants to "put labor in its place" is piling up trouble, not only for himself but for the entire country.

Secondly, the problem challenges labor itself. It puts upon labor the necessity of developing some broad-gauge statesmen. It calls on labor to take the long view of things, to exercise patience in places where patience comes hard, to get rid of the racketeer and the self-seeker.

Both of these challenges must be met. The present outbreak of strikes could, if unchecked, lead to a catastrophic situation. It can, if the leaders of the contending forces meet the test with intelligence and patriotism, be the forerunner of a new era in American industrial history, an era in which both sides can profit as never before.

Markets

NEW YORK, Sept. 21 (AP)—Wheat broke the full limit of 5 cents a bushel today and a late selling wave swamped stocks. Heavy last-hour liquidation toppled prices in all equity categories 1 to 5 or more points and there were few supporting bids to stem the fast-rushing tide. The slump was generally blamed on waning hopes of inflation. The close was weak. Transfers approximated 3,700,000 shares.

CHICAGO GRAIN

CHICAGO, Sept. 21 (AP)—A storm of stop-loss selling that broke out late today tumbled wheat prices down 3 cents a bushel, the extreme limit allowed for any one session. Moderate rallies which were seen after noon in the wheat market were more than wiped out. Conflicting reports from Washington as to whether there would be inflation or not, with weakness of stocks, cotton and sterling, and a sharp reduction in the price of free gold, caused grain holders to become uncertain of their position, and led to heavy liquidation.

At the low point, wheat was off

Two Bankers And Not Machine Gun Kelley Arrested

DALLAS, Sept. 21 (AP)—Two men arrested in the East Texas oil field by officers searching for George (Machine Gun) Kelly, wanted for the kidnapping of Charles F. Urschel of Oklahoma City, were detained in the city jail today while detectives checked the license numbers of their automobile and examined \$800 in currency they carried.

Both only smiled when asked if either was Kelly. Neither resembled the much-sought gunman. The men said they were brothers and retired investment bankers. Their home was in Wilmet, Ark. The men left Dallas yesterday in a car similar to one in which Kelly, notorious desperado wanted for the Charles F. Urschel kidnapping, reportedly has been dodging about the country.

As they passed through Mineola on their way back to Wilmet, they were sighted by a pair of Dallas officers. The officers gave chase but a flat tire put them out of the running.

"We didn't know anybody was pursuing us," one said when informed of the incident. "We weren't driving fast either—didn't go over 50 miles an hour any time after leaving Dallas."

He was ordered held until the officers have time to investigate the

"It looked and sounded like darned good acting to me," said one of the prosecuting attorneys in the trial Coleman's entrance interrupted this morning as he sought to address the court.

However, officers were understood to be checking the story. To the spectators and amazed court, Coleman formed a strange picture as he dragged T. M. Coleman, his feeble father, to a point directly in front of the jury and raised his arm in dramatic appeal.

"I just want five minutes, Judge," he said in a loud but shaky voice. "It's the most important thing I could ever say."

A quick protest came from District Attorney Herbert K. Hyde and Judge Vaughn said: "Get that man out of here." The farmer was led out of the courtroom by two armed officers.

"Gentlemen and ladies," he said, seeking to address the spectators as officers hustled him out.

He was ordered held until the officers have time to investigate the

incident thoroughly.

WASHINGTON, Sept. 21 (AP)—Attorney General Cummings said today fingerprints found on a death threat letter sent to Charles F. Urschel of Oklahoma City, had been tentatively identified as those of George Kelly, known as "Machine Gun" Kelly.

The fingerprints, Cummings said, were identified tentatively by justice department agents in St. Louis. They have been sent to Washington for study by the bureau of identification.

Urschel, victim of a recent kidnapping has been active in assisting the government in running down his abductors.

Cummings said a search was on for Kelly, a fugitive from justice, and expressed confidence Kelly would be arrested.

Cummings told newspaper men there is a lull in criminal activities at the present time. Although he believed this to be due to recent government efforts to stamp out racketeering, he said he did not want to stress that point unduly.

The campaign against racketeers and kidnapers, he added, must of necessity be stretched over a considerable period of time, during which some reverses will be met.

VAST BUSINESS DEALS SAID TO BE IN OFFING

MORGENTHAU NAMED TO SUPERVISE NEGOTIATIONS

NEW YORK, Sept. 21. (AP)—Indications that the United States would recognize Soviet Russia before the year's end went hand in hand today with talk of vast business deals in the offing.

Sources in New York considered trustworthy represented President Roosevelt as having decided to extend the hand of recognition to Russia, ignored by America since the Communists took command.

At Washington the president designated Henry Morgenthau, Jr., governor of the farm credit administration, to direct and coordinate negotiations of vast scope for disposal of American goods to Russia. A large part of the farm administration's effort to raise commodity prices may depend, observers believed, on success in carrying the Russo-American deals through. The R. F. C. has been dickering with Amtorg, Russia's trade agency, about the sale of 500,000 bales of cotton and other products.

If an agreeable market can be obtained Russia is regarded as a probable market for 1,500,000 more bales of cotton, and a vast quantity of other goods, including butter and meat products and machinery. The Soviet union, however, has taken the position that heavy trade with America must depend on the establishment of normal relations—diplomatic and business.

"PRETTY BOY" KILLED

TULSA, Okla., Sept. 21. (AP)—A 24-year-old escaped convict who, officers said, had impersonated Charles "Pretty Boy" Floyd and committed several robberies in Eastern Oklahoma, was shot and killed last night when he refused to surrender to a posse near Barnsdall. Officers identified the youth as Clarence Hays, who escaped from Granite reformatory in 1932 while serving a 10-year sentence from Muskogee county for automobile theft.

Child Study and Bridge Clubs at Miami in Meets

MIAMI, Sept. 21.—American citizenship furnished an interesting subject for a club program, when the Child Study club met Tuesday afternoon at the country home of Mrs. Clyde Coffee.

Mrs. George Philpott, Mrs. E. F. Ritchey, and Mrs. Robert Haynes all discussed the subject in a unique manner. After adjournment the hostess served delicious refreshments to the members, Mesdames Philpott, Haynes, Ritchey, Floyd Byers, Chas. Carmichael, J. L. Coffee, Ross Cowan, Theo. Jenkins, Dan Graham, Herman Hoskins, Charles Kivlehen, Jim Kivlehen, Will Locke, Lee Newman, and the hostess.

Mrs. Davis Hostess. A most delightful occasion was the party given by Mrs. Wesley Davis Tuesday afternoon. Contract bridge was played; Mrs. S. W. Corben was awarded for high score and traveling prize went to Mrs. Jack Montgomery.

A delicious salad course was served to Mesdames C. B. Locke, E. H. Clark, Dallas George, Corbin, Montgomery, C. C. Fitzgerald, Thomas O'Loughlin, W. E. O'Loughlin, and Davis.

Tuesday Bridge Club.

Again on Tuesday evening Mrs. Wesley Davis was the charming hostess to the Tuesday bridge club. After a number of enjoyable games Mrs. Senie Philpott won high score. Those attending were Mesdames Philpott, Holt Barber, Pedro Dial, C. B. Locke, C. F. Fitzgerald, Misses Juanita Haynes, Thelma Gill, Mary Dell Rasor, and Mrs. Davis.

BLUE EAGLE TEA BRINGS CLUB WOMEN OF COUNTY TOGETHER

H. D. MEMBERS ARE GUESTS OF PAMPA COUNCIL

USE PATRIOTIC DECORATIONS IN COUNCIL CLUB ROOMS

BLUE EAGLES spread their wings over a gathering of Gray county club women yesterday afternoon, when members of the Pampa Council of Clubs entertained home demonstration club women at the city club room in an achievement day feature.

Presidents of clubs in the Pampa council, and Mrs. C. T. Hunkapillar, council president, acted with a hospitality committee headed by Mrs. Margaret Buckler to welcome guests at the Blue Eagle tea.

The NRA insignia was prominently displayed on the walls, flanked by American flags. Blue morning glories, red dahlias, and red and white roses carried out the patriotic color note.

Presidents Presented. Miss Hermine Slower, violinist, and Mrs. May Foreman Carr, pianist, played as the guests arrived. Mrs. A. N. Dille Jr. welcomed the demonstration club women and introduced the presidents.

Mrs. F. E. Leech, in charge of women's NRA activity for the county, urged that home demonstration clubs work toward a place on the honor roll for 100 per cent enrollment as consumer supporters.

A vocal solo by Mrs. Philip Wolfe, with piano accompaniment by Mrs. F. P. McSkimming, was followed by a number by Treble Clef members. Miss Lois Stallings, Mesdames J. P. Curtis, A. W. Mann, C. C. Dodd, and W. A. Bratton. The high school band directed by Ray Wallenstein played to close the program.

Tea was poured by Mrs. O. H. Booth and Mrs. W. Purviance at a table with a centerpiece of blue eagles and flags. Red candles burned in silver holders at either end. The tea was served with wafers in flag design.

Guests Registered. Women who registered for the tea were Mesdames C. T. Hunkapillar, M. P. Downs, John Hessey, R. B. Thompson, Ralph Thomas, Gaston Foote, Purviance, Clyde Fairherne, W. R. Mrs. Powell Will Teach New Class In Music School

Addition of a new faculty member with a class of a new type is announced by the Carr School of Music. Mrs. Ethel Wilkins Powell will conduct a class in pre-instrumental music for children of kindergarten and primary ages. Her pupils will be children from five to eight years of age, and will receive training preliminary to study of usual music courses. Mrs. Powell is a graduate from the normal department of the Teachers College of St. Louis. She has studied under E. R. Groeger, eminent composer, and Louis Victor Saar, teacher of piano and theory. She has eight years of experience in teaching, and formerly taught piano in Woodward, Okla., where she served as choir director of the First Methodist church also.

Mrs. V. E. Fatheree was able to return home yesterday from Pampa hospital, where she recently underwent a major operation.

HARVESTERS SHOW DETERMINATION TO BATTLE MCLEAN HERE TOMORROW

BEST PLAYING OF YEAR SEEN IN SCRIMMAGE

MITCHELL IS EXPECTED TO USE MANY MEN IN FRACAS

Coach Odus Mitchell's Harvesters looked better in scrimmage yesterday afternoon than they have during the entire training period. Blocking, which had been bad, showed some improvement and the team displayed a general tendency to fight harder and work together.

Tomorrow afternoon at 3:30 o'clock on Harvester field, the local eleven meets its first opposition of the season when the veteran McLean Tigers come to Pampa for a game. Coaches and fans believe it will be the real test of the year. A record first-game crowd is expected. McLean has one of the outstanding teams in this section, both Class A and Class B. With eight veterans and a number of lettermen back this year, Coach Garrison Rush has a fast team that opened the season last week with a 70 to 0 win over Wheeler. The team worked with mid-season precision and if stopped tomorrow, it should be a great game. Coaches have not named a starting Pampa lineup. A light workout was set for this afternoon, after which the starters were due to be selected. "There are so many boys fighting on an even basis that the coaches decided to wait until the last minute to see the boys that came to the front in the last workout."

The two teams will take the field with not more than a pound difference in their weight, regardless of the combination used by Coach Mitchell. McLean will have the advantage of experience, eight veterans to one. Captain Jess Patton will be the only regular from last season.

Miles "Gomez" Marbaugh may not be able to start the game because of an injured shoulder. He did not get into the scrimmage yesterday afternoon. Orville Heiskell replaced him at fullback and Roscoe Pinnell, Hopkins boy, passed from center.

Coaches used two full combinations against the second string and both made fair showings. There were no outstanding players during the workout, every man doing his own work fairly well.

The Harvesters line, green but willing, will be battling to stop Orville Christian, Dowell, Tolliver and Crockett. They are not big men but they are powerful and fast. However, it will be the pass defense that is expected to have to shine to hold the Tigers. McLean has one of the best passing attacks seen this season.

Officials for the game will be Barrett, (Georgia Tech), referee; Denard, (Trinity), headlinesman; Bourland, (Army), umpire; Hunkapillar, field judge and timekeeper.

WITH THE— HARVESTERS

By HARRY E. HOARE

Little information is coming out of Lubbock on the Westerners. Coach Weldon Chapman is having the same difficulty that is facing other teams in the state—lack of experienced players. However, Weldon Chapman always has a team that can hold its own and this year he is working and not talking. Rufus Ryan, quarter, is his only veteran but he has a number of lettermen and the word of prospects, according to the Hub City word leaking out of the Hub city.

The Harvesters will not meet the Westerners until Nov. 18 and the game will be played in Lubbock. By that time both teams should be in mid-season form. Pampa will have passed the Amarillo contest at that time while Lubbock will be just a week from meeting the Sandies. The two teams play on Thanksgiving day. Borger will come to Pampa for the Thanksgiving day game.

Coaches have not announced a starting lineup for Friday but here is my guess: Captain Jess Patton and Monroe Owens, ends; Ray Eldridge and J. R. Green, tackles; Carl Smith and Bill Haner, guards; Orville Heiskell, center; Lloyd Hamilton, quarter; Bert Stevens and Leslie Sartin, halves; Miles Marbough, fullback. That lineup will average 154 pounds.

Mrs. Frank Soodhalter entered Worley hospital for a minor operation today.

T. H. Gothard of Fort Worth is Pampa business visitor this week.

AUBURN LINE BACK INTACT

If Vehicular Disasters Do Not Injure Any More, Chet Should Have Fair Year.

BY DILLON GRAHAM, Associated Press Sports Writer. AUBURN, Ala., Sept. 21 (AP)—This may be a glorious machine age, but Coach Chet Wynne would like an injunction keeping automobiles away from his Auburn football players.

Highway collisions have cost him two athletes and may diminish the value of another, his triple-threat ace, Willie "Pirp" Phipps.

This 170-pound battler, who some claimed was of more value to Alabama Polytechnic last year than the All-American, Jimmy Hitchcock, wears a shield over the right side of his face where a part of his cheek bone was removed after a wreck some months ago.

Wynne fears his visions may be somewhat impaired and his accuracy in passing lost.

"If Phipps comes along okeh and we find a dependable punter, we should have a fair year," says Wynne. "That is, barring any more vehicular disasters."

Auburn's tight line, that played so well last season, is back almost intact. The losses in the front wall will not count severely and the group will average better than 190 pounds, all seasoned campaigners.

The schedule:

Sept. 22—Birmingham-Southern at Montgomery (night).
Sept. 29—Howard at Birmingham (night).
Oct. 7—Open.
Oct. 14—Georgia Tech at Atlanta.
Oct. 21—George Washington in Washington, D. C.
Oct. 28—Tulane in New Orleans.
Nov. 4—Duke at Durham, N. C.
Nov. 11—Oglethorpe in Auburn.
Nov. 18—Georgia at Columbus, Ga.
Nov. 25—Florida in Gainesville, Florida.
Dec. 2—South Carolina at Birmingham.

Jewish New Year Activities Will Begin Here Today

The Jewish New Year, Rosh Hashanah, will commence today and introductory penitential prayers, Selichos, will be offered Saturday at midnight.

The New Year's eve services were held today at 10 p. m. in Amarillo, and consisted of the sermon by Rabbi Bernard Rosenberg of Cincinnati, who went to Amarillo by special request. He spoke at the B'Nai Israel temple there. The Jewish people of Pampa attended the Amarillo services.

Services throughout the day will be a week from Saturday, services are held throughout the day. There is fasting from sunset to sunset to prepare the soul for serious reflection.

"Watchman, What of the Night?" will be the subject of Rabbi Rosenberg's sermon Wednesday night. The services will begin at 8 o'clock. Rosh Hashana services will be conducted again at 10 o'clock Thursday morning. Rabbi Rosenberg's topic will be "The Changing and The Changeless."

Shabbos Shuva services will be held at 8 o'clock Friday evening and at 11 o'clock Saturday morning. One week from Friday, Kol Nidre, Yom Kippur evening services will be held. "A Still Small Voice" will be the topic. Yom Kippur services start at 9:30 o'clock in the morning, one week from Saturday, with "Ivri Onochi" (I Am a Hebrew) as the sermon topic and continue throughout the day.

Panhandle Jews Invited
Jews from all sections of the Panhandle are invited to Amarillo to hear the services by Rabbi Rosenberg.

Unlike the New Year celebration by Gentiles on January 1 as a day of hilarity and pleasure, Rosh Hashana is a season of great solemnity with Jews.

The following Pampa stores will be closed all day Thursday, Sept. 21, and Saturday, Sept. 30, until 6:30 p. m. in observance of these Jewish high holidays: Brown Shoe store, the Diamond shop, C. & C. System grocery and market, Levine's department store, Stein's department store, Gordon store, and Kraft's.

LONDON RECOGNIZED
MINNEAPOLIS, Sept. 21 (AP)—The question of who really is champion among the wrestlers has been decided so far as concerns the National Wrestling association, which today placed Jim London at the head of the heavyweights. At its annual meeting the mat group also recognized Hugh Nichols as champion of the light heavyweights; Gus Kallio as king of the middleweights, and Jack Reynolds as the welterweight titleholder.

WANTED: A PLAINTIFF
CHARLESTON, W. VA.—Reversing the usual process, the circuit court has a verdict seeking a plaintiff. In C. E. Woodruff's absence, a jury awarded him \$10,000 for injuries in a motor accident, but court attaches have been unable to find him.

COMES HOME C. O. D.
CHICAGO—Doris Franzen says she wishes her money back. In a suit for divorce she estimated the amount at \$2,200 and alleged it represented the sums she paid out since 1928 in paying cash bills when her husband Robert was delivered to her door.

MISSIONS WIN OPENER FROM PELICANS 3-1

TWO MORE GAMES TO BE PLAYED IN SAN ANTONIO

SAN ANTONIO, Sept. 21 (AP)—The San Antonio Missions and the New Orleans Pelicans, Texas League and Southern Association baseball champions, will resume their seven-game series here tonight on Tech field with San Antonio holding a one-up margin. The Missions won the opening game last night when Fabian Kowalik, crack Mission right hander, scattered eight Pel hits in all, but the fourth frame to win 3 to 1 over Andy Messenger.

The teams will play three games here and finish as many of the seven games as are necessary in New Orleans beginning Sunday. All games in New Orleans will be day games.

While the New Orleans club may be at some disadvantage playing night baseball, the Missions are expected to be at top form in daylight, since a large part of the local season was played without lights.

The Missions bunched four of their eleven hits for a pair of runs in the second, and hit a pair of two-baggers with two out in the fifth for the other.

The victory made it eight out of ten for the Missions since the season closed and the playoff started. Fabian Kowalik, who has started all three series, won his third starting assignment and his fourth straight post-season victory. Kowalik has now won 25 games for the season.

Hal Wiltse, veteran portlander, was expected to take the mound for the Missions tonight. Galehouse will oppose him for New Orleans.

BABE TO PITCH
NEW YORK, Sept. 21 (AP)—Babe Ruth, who changed over from a pitcher to an outfielder some years ago when his legs were more limber and his bat more effective, is going back to pitching again—but just for one day. The Babe has asked and received permission from Manager Joe McCarthy to pitch the Yankees final game of the season against the Boston Red Sox. He says he will be in there the full nine innings.

Stop Chills and Fever!

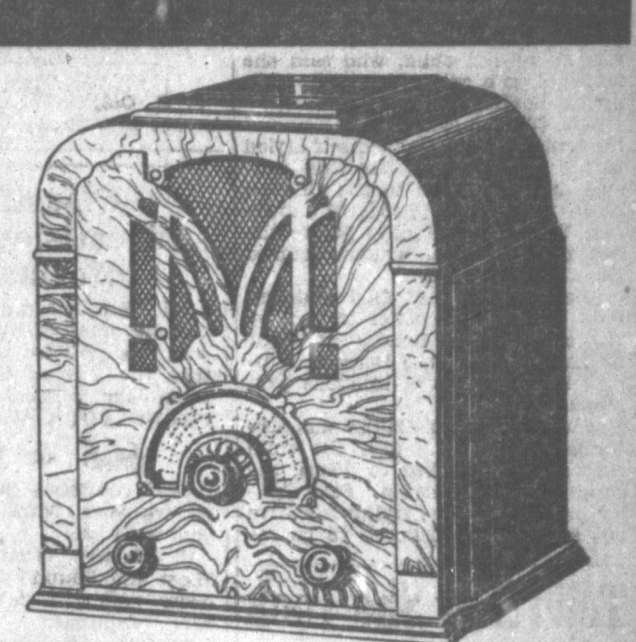

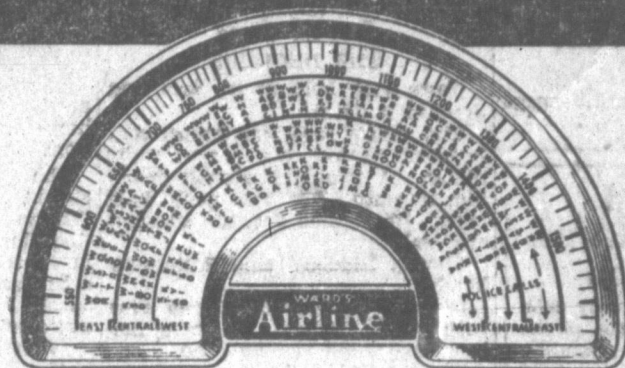

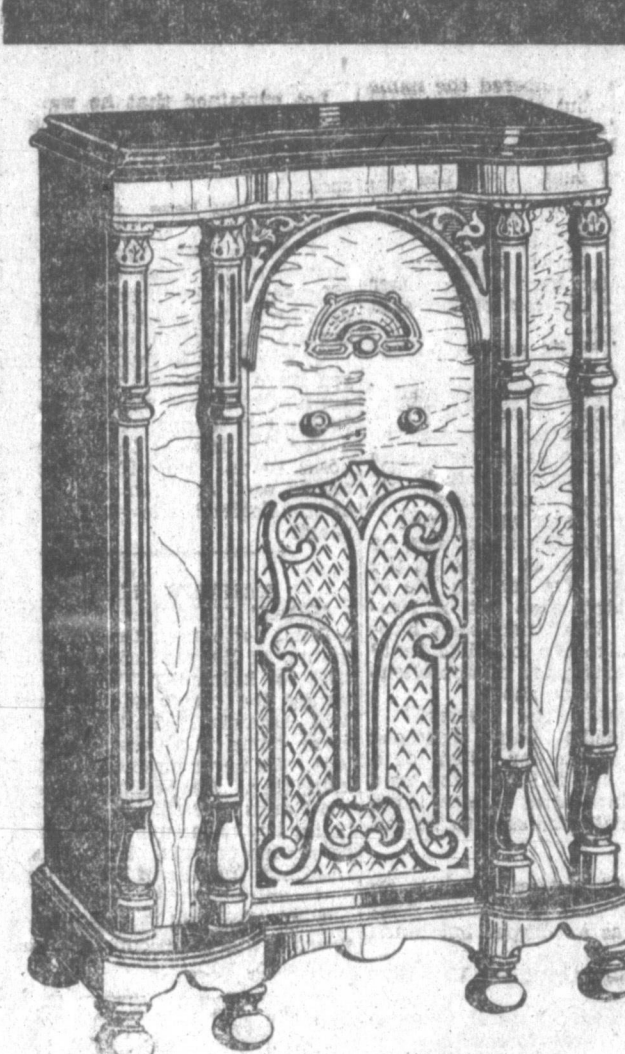

Rid Your System of Malaria!

Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria is a blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack.

Grove's Tasteless Chill Tonic supplies both these effects. It contains tasteless quinine, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For a half century, Grove's Tasteless Chill Tonic has been a relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any store. (Adv.)

TESTIMONY IS COMPLETED IN OAKLEY TRIAL

WOMAN AVERS COUSIN WAS ENDOWED WITH HEALING POWERS

SULPHUR SPRING, Sept. 21. (AP)—The sensational trial of Coy Oakley, religious zealot accused of murder for the "devil" slaying of Bernice Clayton, 3-year-old cripple, reached the argument stage today.

The defense rested after calling as a witness Mrs. Mozelle Clayton, mother of the child, who said she belonged to a cult which believed in divine healing power.

Mrs. Clayton said Coy Oakley and his brother, Paul Oakley, self-styled "faith healers," were her first cousins and had come to the Clayton cabin in the pine woods of northeast Texas several days before the death of Bernice, which occurred December 19, 1932.

She testified that God endowed Paul Oakley with power to heal by "laying on of the hands" and that he had tried to cure Bernice, crippled by an attack of infantile paralysis.

It was while Paul Oakley was performing weird rites over the child that she was choked to death, according to Mrs. Clayton. Paul Oakley purportedly was trying to "drive out a devil" he believed to be responsible for her ailment.

Tells How She Took 4 Ins. Off Hips 7 Ins. Off Waist

In 40 days by taking Kruschen Salts, Mrs. Helga Blaugh, of New York City reduced 26 1/2 lbs.—took 4 inches off hips, 3 inches off bust and 7 1/2 inches off waist. She writes: "I haven't gone hungry a moment. I feel fine and look 10 yrs. younger."

To get rid of double chins, bulging hips, ugly rolls of fat on waist and upper arms SAFELY and without discomfort—at the same time build up glorious health and acquire a clear skin, bright eyes, energy and vivaciousness—to look younger and feel it—take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

One jar last 4 weeks and costs but a trifle at Richard Drug Co., Inc., or City Drug Store, or any drug store the world over. Make sure you get Kruschen because it's "Drive Out a Devil" Money back if not joyfully satisfied. (Adv.)

Mrs. Clayton said she and her husband, Sherman Clayton, with Coy Oakley, were praying while the strange ceremonies were going on. She claimed Coy Oakley "had no more to do with the death of Bernice than any of the others."

Paul Oakley was quoted by Mrs. Clayton as having said he alone was responsible for the child's death. Last May at Paul Oakley's murder trial in Linden he was found guilty of slaying the child and sentenced to 50 years imprisonment.

Mrs. Clayton related how after Bernice lost consciousness she was laid on a pallet in the cabin. Mrs. Clayton said she thought the child was "under the power," and did not realize until the body became cold that death had occurred.

Asserting her faith in divine power to heal, Mrs. Clayton told how Paul Oakley while at the cabin had cured Coy Oakley, ill with influenza, by praying. She also said Bernice at one time had been cured of pneumonia through prayer.

Outrageous Fortune

—By PATRICIA WENTWORTH

SYNOPSIS: In the Elston hospital a man lies mumbering in his sleep of something "like a kid's green beads," and of someone named "Jimmy Riddell"—or perhaps it's "Randal." An inquiry has been broadcast and in response Nesta Riddell comes to the hospital to see whether the man, who is a survivor of a ship broken up in a gale, can be her husband Jimmy. Just as the nurse takes her to the sleeping man, the nurse is called away about an accident. The man again mumbles, this time saying something about killing a man and about emeralds. Nesta is frightened.

Chapter Three THE DECISION

Nesta took hold of his arm and dragged it down.

The man's face was brown and heaved against the coarse white pillow. A two-days' stubble made him uncouth. His eyes were half open. He seemed between sleeping and waking.

"Jimmy Riddell?" said Nesta very harshly.

His eyes opened—dark grey eyes with black lashes. He gave her back the name like an echo.

"Jimmy Riddell?"

"Yes—Jimmy Riddell?"

"I don't know... no one knows... nobody knows me... and they're the finest emeralds in the world... the Van Berg emeralds... and nobody knows where they are but me."

His eyes began to close again. He pulled his arm away and flung it across his face. She heard him mutter:

"Green... like a kid's beads... Jimmy Riddell..."

She straightened herself and stood looking down at him—the long legs, the rough brown hair, the sunburn, the arm thrown up to shield his eyes. Her face worked for a minute, then muscle by muscle it hardened. When she turned at the sound of hurrying steps, those short dark brows of hers made one line and her lips opened.

The day nurse had her question on her lips:

"Well, is it your husband?"

Nesta Riddell nodded. It seemed as if her lips were set too close to speak.

"Tom?"

Tom Williams had been staring idly at that blue handbreadth of sea and thinking that it was just the day for a dip. He hadn't had a proper swim this year, what with the weather and Nesta's affairs. That bit of blue water was just about right.

He turned with a start. Nesta had the door of the car open. She was very much flushed, and her eyes were bright and hard.

"We're taking him back with us."

"Then it's Jimmy?"

Nesta frowned and went on speaking in a hurried, jerky voice.

"Of course it's Jimmy. We're taking him back with us, and you'll

have to drive right in, because he's pretty dicky. They wouldn't let me take him away, only there has been a bus smash at the crossroads and the doctor's just rung up to say they've got to take in six whether they've got room for them or not."

"What's the matter with him?" said Tom Williams.

"Crack on the head. Now look here, Tom—I've had to fight to get him away. If it hadn't been for this bus business I wouldn't have got him. Even as it is, they would not have let him come if they'd known it was the best part of sixty miles, so I've told them we've come from Marley."

"Marley?" said Tom. "Why Marley?"

"Because I remembered the name and its only about eight miles from here—and don't start asking questions or I shall scream."

She stepped back from the car, but kept her hand upon it. Tom Williams looked at her curiously. The flush which had covered her face had now drawn together into a brilliant patch high up on either cheek, leaving the rest of her skin white and wet.

"What is it?" he asked. "What is the matter?"

If it wasn't for Nesta's affairs, he was very certain. Nesta didn't look like that for nothing. Not for the first time, he felt as if her affairs were a sort of trap in which he was caught and from which he had no hope of ever getting free.

If it wasn't for Nesta's affairs, he and Min might be as happy as the day was long. Yet for the life of him he couldn't keep out of Nesta's affairs. What had been happening to make her look like that? He felt a horrid pang of apprehension, and his voice shook.

"Nesta—what's the matter?"

Nesta Riddell's hand tightened on the side of the car. Just for a moment she had felt as if she were going to faint—"And a nice thing that would be!" she said to herself furiously.

"Nesta?"

She straightened up, leaning on the car, and said in a voice that was as low as a whisper but much harder.

"He's talking about the Van Berg affair."

Tom Williams felt as if someone had hit him in the face with a wet towel. His jaw dropped and his eyes bolted.

"What?" he stammered.

Nesta's color became the normal color of an angry woman.

"Be quiet, you fool!"

"The Van Berg—"

"Will you be quiet?"

"But why?" said Tom Williams.

"I mean why—I mean—"

Nesta jumped into the car, and down, and held him by the arm.

"Because he's out of his head. Now shut your mouth and listen to me, because I'm not going to say it twice. I went in, and I'd hardly got in when the nurse was called to the telephone about this bus affair!"

"She left me alone with him, and there he was, muttering to himself like she said he'd been doing all along. All they'd been able to make out was 'Jimmy Riddell'—and we may thank the Lord for that. He kept on saying it, but whilst I was there he said a pack of other things too—and my Lord, what things!"

Tom shifted away from her, moving round so that he could see her face. A chill of foreboding ran up his spine.

"What sort of things?" he said uneasily.

Nesta slipped her arm through his and brought her mouth close to his ear.

"He was talking about the emeralds."

Carson Farmer 'Invents' New Bug—He Thinks

AMARILLO, Sept. 21. (AP)—D. P. Lee, Carson county farmer, likes to study bugs. His hobby may prove profitable to Panhandle wheat farmers.

"I've invented a new bug," he announced recently, as he walked into the office of P. C. Bennett, Potter county farm agent. He exhibited a jar half filled with dirt, and on top of the soil reared a score of beetle-like insects.

"But here is the one I have invented," he said, pointing to an inch-long form down in the soil, but showing against the transparent jar. "I caught 20 of these beetles, which are as thick as fleas on a dog, out on my farm and put 10 of them under the dirt. A month later, I found my 'invention'."

Lee explained that he wanted to turn his findings over to the government for whatever use they might be. Then the county agent spoke up.

"What you have there is the eloides beetle, or jiny bug," he said. "Your 'invention' is what is known as the false wireworm, the offspring of a jiny bug, which does great damage to wheat in this country by working on its roots."

"If you want to invent something, you learn where and when the eggs are laid, and then we will know how to destroy them."

And that is what farmer Lee proposes to do. He will observe and record each stage in the life cycle of the eloides beetle—a cycle of two years.

BAILEY'S MOTHER

GREEN CITY, Mo., Sept. 21. (AP)—Blind faith upholds the widowed mother of Harvey Bailey during his trial for kidnaping. "We're not following the case," said his mother, Mrs. Amanda E. Bailey, 80, at her farm home northwest of this village. "He never planned the Orschel kidnaping. He couldn't have done the things they charge him with. A better boy never was born. He never sassed his parents. He comes from the finest families of West Virginia."

R. G. Allen and Fred Billings were to leave this afternoon for Tulsa on a business trip.

like she said he'd been doing all along. All they'd been able to make out was 'Jimmy Riddell'—and we may thank the Lord for that. He kept on saying it, but whilst I was there he said a pack of other things too—and my Lord, what things!"

Austrians Will Continue Fight Against Hitler

VIENNA, Sept. 21. (AP)—The new government of Chancellor Engelbert Dollfuss, which marks the crushing victory of Austrian fascism over democracy, was sworn in today by President Wilhelm Miklas.

The administration's program was announced in the semi-official reichspost as "economic rehabilitation, internal peace and order and external independence and sovereignty."

In other words, the government is definitely committed to carry on the Dollfuss fight against anchluss (union with Germany), and the presence of Major Emil Fey in the ministry as vice chancellor insures most vigorous continuance of the campaign against the nazis. Fey is a leader of the heimwehr, the pro-Italian fascist home guard. He has been demanding the "extermination with fire and sword" of the nazis, whom he describes as "traitors to Austria."

In the new dictatorial "cabinet of personalities" Chancellor Dollfuss has five portfolios.

Stockholders Asked to Refuse Holmes Demand

Local stockholders in the Texas company today received a lengthy communication signed by eight directors asking them to decline to execute the proxy and the petition for a special stockholders meeting forwarded by R. C. Holmes, former president of the company.

The statement accused Mr. Holmes of wanting to increase the directors board to 25 members of trying to destroy the "present harmonious operations of the company and to secure his own reinstatement."

The stated purpose of the letter was to acquaint the stockholders with the "actual facts." The statement gave in detail what the eight directors claimed was the reason for Mr. Holmes' resignation. Mr. Holmes later declared that his resignation was prompted by a difference of opinion with respect to policies which concerned the nation, the oil industry and the Texas company. The letter contained a lengthy denial of Mr. Holmes' charges.

The fight between Mr. Holmes and other directors has aroused nation-wide attention during the last week. The former president claims that the present control of the board is in the hands of an employe clique headed by the Lapham interests. It recommends that a special meeting of stockholders be called to increase the board from 16 to 25 members. The new directors were added to the board on Tuesday.

Mr. and Mrs. Julian Barrett will leave tomorrow for Dallas. From there Mrs. Barrett will go to Georgia to visit relatives.

Harvesters And Fans Are Given Chicken Dinner

Members of the Harvester football squad were banqueted by fans in the junior high school cafeteria last night. Dr. H. H. Hicks, in his witty and capable manner, acted as toastmaster and there wasn't a dull moment during the evening.

Chicken "with all the trimming" was served by members of the pep squad, and as Toastmaster Hicks remarked, "How that bunch could eat." Captain Jess Patton was introduced and in a few words thanked the fans for their interest in the team. He told them that every boy's ambition was to fight his head off for a place on the team.

Coach Odus Mitchell introduced every member of the squad, giving weight, class and years of football. He called every one of the 40 boys by their first names. Fans were introduced by Lynn Boyd.

Several pep talks were made by fans and Supt. R. B. Fisher who urged the boys to keep up their grades.

LINDYS IN FINLAND

HELSINGFORS, Finland, Sept. 21. (AP)—Colonel and Mrs. Charles A. Lindbergh made plans for continuing their airplane trip today subject to their recovery from an indisposition that attended their arrival here from Stockholm. In the absence of a definite announcement it was thought they might fly next to Leningrad.

IT TAKES HEALTHY NERVES TO BE A SHARPSHOOTER

THREE TIMES HIGH MAN on the U. S. International Dewar .22-calibre rifle team, and former U. S. small bore champion, Virgil Richard is professional shooter for Remington Arms Co., Inc. He always has to be a brilliant marksman—regardless of sun, wind, or rain. There is no question about his knowing the secret of healthy nerves!

DURING THE DAY'S SHOOTING, and later around the evening fire, Camels add to the pleasure of your outing. As Virgil Richard says, "Camels are a much milder cigarette and they never interfere with my nervous control, no matter how much I smoke."

Steady Smokers turn to Camels

VIRGIL RICHARD, in discussing smoking and shooting, says: "People often ask me if a professional sharpshooter can smoke as much as he wants. I've been enjoying cigarettes for years, without difficulty in keeping my nerves in shape for making record scores in tournament shooting events. That's because I have long been a Camel smoker. I have experimented with all the popular brands, and I find Camels are better for steady

smoking. They're a much milder cigarette, and they never interfere with my nervous control, no matter how much I smoke."

Switch to Camels. You'll like the remarkable mildness... the fine, rich flavor of Camel's costlier tobaccos. You'll have satisfying proof that Camels do not interfere with healthy nerves.

IT IS MORE FUN TO KNOW
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.
