Last Zone Meet Before Forming New Group Here

Methodist Women Of Five Towns Attend All-Day Meet

Representatives from all of the five towns composing the Slater Zone of the Methodist Women's Missionary Society attended the final meeting of the zone as such here last Thursday.

Under plans of the unified churches, the Missionary societies of southern churches are to be replaced with new organizations and the Slater zone picked McCamey for its next meeting place but did not fix a time pending reorganization of the group.

Representatives were here for the all-day meeting from Barnhart, Big Lake, McCamey, Rankin and Ozona, member towns, and visitors were here from Eden and Mineral Wells. The meeting opened Thursday morning at the church with an organ prelude by Mrs. Bryan McDonald, followed by a devotional led by Miss Mary Riddle.

The zone representatives held group meetings through the morning. "The Christian Mission in China Today" was the topic for a group discussion led by Mrs. Milton Bohmfalk of Mertzon. "Jesus and Social Redemption" was the group topic under leadership of Mrs. Roy May of Eden, district secretary, and Mrs. Eugene Slater of Ozona led the discussion at the other group session on "The Church Serving Shifting Populations."

Luncheon was served by women of the local church at the noon hour, and the afternoon was given over to a business meeting, the last of the zone organization in its present form. The business session was presided over by Mrs. R. O. White of Rankin, president, with Mrs. Lowell Ryan of Rankin as secretary. In connection with closing out the organization, the zone

Pep Squad In New Uniforms Parade Before Game Sat.

33 Girls With Drum Corps Form New Rooter Squad

In new uniforms and 33 strong, Ozona high school's Pep Squad, under the leadership of Mary Fay Lucas and Gem Ella Dudley, will stage the new athletic season's first dress parade and lead the rooting section when the Ozona Lions meet the Rankin Red Devils on the Powell Field gridiron Saturday afternoon in the first home game for the local eleven.

The high school girl cheering squad, augmented for the first time this year by a group of ten girls from the seventh grade, will march from the band house thru the downtown streets at the head of the band to the football field Saturday afternoon. The squad will be dressed in new uniforms of purple blouses and gold pleated skirts made of heavy gabardine similar to the material used in the band uniforms.

High school girls who compose the squad are Aleane Cooke, Lila Lee Cooke, Billy Laxson, Peggy Hoyt, Adelle Keeton, Norma Loveface, Vera McCaleb, Ethel Mayes, Berty Sue Brownrigg, Georgia Nell Senne, Grace Cumby, Zella Thurman, Melba Cullins, Margaret Russell, Helen Mayes, Mary Perner, Rozelle Pharr, Florence Luther, Priscilla Baker, Judith Williams and Aleane Hokit. Seventh grade girls who were inducted into the squad this week include Barbara White, Charlene Williams, Rosalee Lemmons, Joyce West, Louise McLaughlin, Nan Tandy, Elaine Oathout, Betty Wardlaw, Maxine Hankins and Ada Ballard.

Amerada Prepares To Plug Off Salt Water In Todd Test

In an effort to shut off salt water, Amerada No. 1 J. S. Todd, half mile west outpost to the Todd deep field 15 miles northwest of Ozona, yesterday pulled tubing and packer preparatory to plugging back from 6,074 feet.

At noon Monday, the test began making about 50 per cent oil with 10 to 12 barrels of fluid being swabbed hourly. Eight hours later, however, the oil had decreased to about 15 per cent. Fluid level remained at 3,500 feet from the top during swabbing.

J. K. Hughes Oil Co. No. 1 J. M. Shannon estate, western Crockett county wildcat, early in the week was drilling ahead at 2,230 feet after obtaining a rainbow of oil and light showing of gas from 2,172-80 feet. Moore and Olson No. 1 Mrs. Clara Couch had drilled past 1,236 feet in anhydrite. It is 8½ miles south and slightly east of the Soma strike on the W. T. Noelke ranch.

Music Club Opens New Season With Luncheon Saturday

Ozona Music club will hold its initial meeting of the new season next Saturday when it meets at the home of Mrs. Strick Harvick, retiring president of the group, for a luncheon starting at 1 o'clock.

The program to follow the luncheon will consist of greetings from the club president, Mrs. Hilary Phillips, a vocal solo by Miss Rebecca Anderson, a violin solo by Miss Ruth Graydon and a talk by Mrs. H. B. Tandy, Sixth District president.

"What to Listen For in Music" by Aaron Copland will form this year's course of study for the Music club. The club meets every second and fourth Monday in each month during the school term.

The club's officers include Mrs. Phillips as president; Mrs. Neal Hannah, vice president; Mrs. C. J. Van Zandt, recording secretary; Mrs. Elton Smith, treasurer; Mrs. Eugene Slater, corresponding secretary; Mrs. Alvin Harrell, parliamentarian, and Mrs. Lee Childress, auditor. The club has 26 active members and two associate members.

"Gulliver's Travels" At Matinee Friday For School Children

A special matinee for school children and members of the faculty of Ozona schools is to be staged by the Ozona Theatre Friday afternoon at 2:30 o'clock for the showing of "Gulliver's Travels," it was announced this week by the management.

School authorities have agreed to dismiss all classes Friday in time for the show. Admission prices for the special matinee will be 10 cents to all school children and teachers of both the elementary and high school.

Another special showing of the famous film will be at 10 o'clock Saturday morning for all Mexican school children, with the same admission price. The film will be shown regular at the Friday and Saturday night shows.

"Gulliver's Travels" is well known to children and adults as the unforgettable fairy story of the mighty Gulliver in the land of the Lilliputians. The cartoon is in five point technicolor and is conceded to be one of the most natural yet to come from the pens of Hollywood's most famous artists. "Faithful Forever," one of the biggest song hits of the year, is featured in "Gulliver's Travels."

ORDAINED DEACON

Ben Williams, son of Mr. and Mrs. J. H. Williams, and formerly of Ozona, was ordained a deacon in the First Baptist church of Alpine last Wednesday evening. Mr. Williams has long been active in the work of his church and will, without doubt, fill his new office of trust in a commendable manner.

Assailed in Senate

Sir George Paish, British economist now in the United States, who has been accused by Senator Wheeler of boasting that he was responsible for America's entry in the World War, and his present purpose is to repeat his former feat.

Rankin Reds To Invade Lair Of Lions Saturday

Coach Patterson's Lads Go Into Action First Time At Home

Ozona football fans who are holding high hopes for a successful season for the Ozona high school Lions under Coach Dan Patterson, will have an opportunity Saturday afternoon to see the squad in action for the first time on the home lot.

The Lions meet the Rankin Red Devils in a non-conference game on the local sodded field starting at 3:30 Saturday afternoon. Admission prices for the contest will be 25 cents for school children and 40 cents for adults.

With a moral victory to their credit by reason of battling the more seasoned Big Lake eleven to a 0-0 tie on the Big Lake field under the lights Friday night, the Lions have been going through their daily work-outs this week with renewed confidence. All members of the squad have been faithful in conditioning and training work, Coach Patterson reports, and he expects to have a determined crew on the field next Saturday.

The squad has suffered only two casualties, Stanley Lemmons, first string tackle, will be out of Saturday's game because of illness this week, and L. B. Cox will be unable to be in the fracas because of a back injury. Outside of these two and aside from a few minor injuries, the team will be in first class condition for Saturday's contest, with Louis Wardlaw in the slot for Lemmons.

Officials in the game will be Tid Jones and L. J. West of San Angelo, and Coach Wagoner of Big Lake.

Coach Patterson is relying mostly on the speed of his boys to overcome the advantage in size the Rankin team is reported to possess. The Red Devils trimmed the Mertzon team 13 to 6 last week. A mountainous backfield and a re-

San Angelo Music Groups Honor Mrs. Tandy, Dist. Pres.

Mrs. H. B. Tandy and daughter, Nan, were honored guests Saturday at a luncheon given by the MacDowell and Toscanini Music clubs of San Angelo in the Art Room of the Hotel Cactus. Mrs. Tandy, Sixth District Music Clubs president, was also the guest speaker and honor guest the previous Tuesday at a luncheon initiating the season's activities of the Philharmonic Society in San Angelo.

Many Civil Suits Extend Term Of District Court

September Term May Come To End With Hearings Today

A run of litigation, much of it growing out of discovery of two new oil producing areas in the county in recent months, has kept the 112th district court in session longer this week than in any term in recent years. The court received pleas of guilty in four criminal cases early in the week and has been devoting attention to civil matters the rest of the week. Court attaches indicated yesterday that the term's work would probably be finished today.

Eleven suits are on the docket involving title and possession to lands in the county, most of them on oil leases, or to clear title to land for oil leasing. A number of debt suits, divorce proceedings, and suits on notes were up for trial. Since all matters were tried before the court, the petit jury, summoned for Wednesday, was dismissed.

Judgments were taken in four of the land suits and one note suit. Agreed judgments were entered in title and possession suits styled R. W. Cross vs. R. F. Willingham P. Lincoln Mitchell, et al. vs. M. & M. Drilling Co., Alex Collins, et al. vs. Alfred Adams, et al. W. L. Miller vs. Edward R. Brittingham, et al. Judgement by default was entered in the case of T. A. Kincaid vs. B. W. Hutcherson on note.

Divorces were granted plaintiffs in suits styled Marjorie Babb vs. W. L. Babb, Helen Argemont Henry vs. Jake Henry, Alcario Vasques vs. Raquel Vasques, and Juan Haro vs. Saylos Haro. The case of C. B. Montieth vs. T. T. Childers on note was continued for service as were cases of O. A. Stephenson vs. Mid States Oil Corp., for title, possession and damages; W. M. Holland vs. Sam McClure, et al. title, possession and damages; W. E. Ball, et al. vs. Gail J. Burch, et al. for title, possession and damages, and S. B. Phillips, Jr., vs. Stanolind Oil & Gas Co., suit for vacancy.

The case of W. E. Ball vs. W. H. McGarr, et al. involving land near the Soma discovery well on the western edge of the county, was set for a special term of the court December 9. A case of J. A. Fussell vs. W. W. Shadid, on note, was continued pending settlement, and a case of E. L. Hanson vs. M & M Drilling Co., et al. for title, was settled. A continuance by agreement of parties was granted in the injunction suit of Santiago Vargas vs. J. R. Kersey, for release to note and judgement. A suit of Agapito Rodriguez, et al. vs. Santiago Vargas, seeking to collect for labor by sheep shearers, was dismissed without prejudice to allow for filing in the proper court.

Humble Again To Broadcast S'west Conference Games

It was today announced that the Humble Oil and Refining Co. will again broadcast football games of Southwest Conference teams during the 1940 season. This year makes the sixth consecutive year in which the Humble company has brought the games by radio to football fans throughout the state.

Humble has retained a competent staff of announcers to handle play-by-play details of the games. This staff is headed by Kern Tips of Houston, acknowledged to be one of the two or three best football announcers in the United States; and includes Cy Leland, who made the all-America team in his playing days at TCU; Hal Thompson of Dallas, Eddie Dunn formerly of Dallas, now of Chicago; Ves Box of Dallas, and others. Work of the play-by-play men will be supplemented on the broadcasts by special announcers to handle the vivid color which is a

SHERIFF TO VET HOSPITAL

Sheriff W. S. Willis, Crockett county's well beloved peace officer, was taken by ambulance Wednesday to the government Veterans hospital at Legion, Texas, near Kerrville. Sheriff Willis, who was under treatment of physicians in San Angelo for several weeks, was returned to his home here last week.

Mrs. Tandy To Attend Music Club Meeting

Ozonan, 6th Dist. President, To Stamford Board Session

Mrs. H. B. Tandy of Ozona, Sixth District president, Texas Federation of Music Clubs, plans to attend the fall meeting of the board of directors of the Texas Federation to be held in Stamford September 24 and 25.

The official call for the board meeting has just been issued by Mrs. R. E. Wendland of Temple, state president. The state board is composed of approximately 75 members, including state officers and chairmen, presidents and vice presidents of the nine districts of Texas.

The state officers are Mrs. Wendland as president, Mrs. Lea Hume of Eagle Pass, vice president; Mrs. H. F. Goble of Wichita Falls, second vice president; Mrs. C. L. White of Corsicana, third vice president; Mrs. W. H. Dallas of Brownfield, fourth vice president; Mrs. O. I. Cox of McAllen recording secretary; Mrs. Grace Godard of Houston, treasurer, and Mrs. Bard Paul of Dallas, parliamentarian.

Sixth district officers to attend the meeting include Mrs. Tandy as president; Mrs. Sam McCollum of Brady, vice president, and Mrs. L. B. Horton of San Angelo as education chairman in the Junior division.

The national board of the Music Club Federation convened in Milwaukee the first of this week. A report of the national meeting will be given at Stamford by the state president, Mrs. Wendland, and other national representatives from Texas.

Women of Methodist Church To Form New Society Wednesday

United Methodist Churches having agreed on a change in title of its missionary societies to the common name "Woman's Society for Christian Service," the charter meeting of the new society will be held at the Ozona Methodist church next Wednesday afternoon at 3 o'clock.

Rev. Eugene Slater, pastor of the church, who, along with pastors of all churches, has been designated to initiate the new organization proceedings, will preside over the organization meeting until the new president is chosen. A beautiful and impressive ritual has been prepared for the service, the pastor announced, and urges all women of the church to attend the service.

Four Sentences Suspended Here In District Court

Three Indictments Charge Forgery Of Checks

Four defendants were handed suspended sentences by Judge W. C. Jackson of the 112th district court during the sessions of the court this week, opening Monday for the regular September term. Two of the defendants thus sentenced were indicted by the grand jury which was impaneled Monday while the other two were back before the court for a second trial after successfully appealing to the Court of Criminal Appeals from convictions here in April, 1939.

Three indictments were returned by the grand jury in a one-day session, all defendants charged with forgery. Billie Barnes, alias Edith Green, and Clayton Terry were indicted in connection with forging the name of A. C. Hoover to a check and cashing it here. The Barnes woman was given a two-year suspended sentence by Judge Jackson when she entered a plea of guilty Tuesday morning. Terry is in the state penitentiary serving a five-year sentence which he received at Junction in connection with theft of an automobile there following the offense here.

Blunt Bridges, negro, was also indicted on a forgery count. Bridges pleaded guilty to a charge of forging the name of Hilary Phillips to a check for \$9, and was given a four-year suspended sentence.

Raul Hernandez and Manuel Arsol, tried here in the spring of 1939 on a charge of forgery growing out of the forging of a check on Claude Hill, won a reversal of their original conviction on the ground that the court erred in not appointing an attorney to represent the defendants and prepare them an application for suspended sentences. They pleaded guilty before Judge Jackson and each received a four-year suspended sentence.

Serving on the grand jury were J. M. Baggett, foreman; B. J. McDowell, George Bean, T. N. Beauchamp, Lee Childress, Boyd Clayton, Fleet Coates, Jeff Owens, Ray Dunlap, W. R. Baggett, Jr., Alvin Harrell and Paul Perner.

55,000 Pounds Long Wool Sold Here At 32-32½

Two Davis Mountain Ranch Clips Sold By Warehouse

Ozona Wool and Mohair Co.'s warehouse here was cleaned of 12-months length wool with the exception of one clip the end of last week when two clips, from operators in the Davis mountains area, were sold at 32 and 32½ cents a pound.

The two clips totalled approximately 55,000 pounds and were bought by Tom Richey, buyer for A. W. Hilliard & Son. They were from ranches of J. W. Merrill & Son of Fort Davis, and Frank Jones of Marfa.

The sale leaves only the J. A. Harvick clip of long wool in the local warehouse. Fall clips of wool and mohair are fast filling up the available storage in the warehouse, however, as fall shearing of sheep and goats gets into full swing in this area.

CLAYTON SELLS COWS

Joe Clayton, Crockett rancher, Monday sold 100 head of cows to Dick Delong of San Angelo at \$45 a head.

Mrs. Ralph Jones has recently returned from a San Angelo hospital where she has been confined to her bed for the past three weeks.

A Plea to Be Heeded

Now that school has started, and streets are crowded with children at certain hours in the morning and afternoon, the usual admonitions to drivers of vehicles are being voiced. We do not believe the thought has been expressed more appealingly than in "The Prayer of a Modern Mother," by Jesse Wilmore Murton, which The News has reprinted at the opening of school for a number of years:

They are so small, dear God!
The school is blocks away—
Their steps so prone to lag
At bits of color in the street—
Make keen the eyes of drivers,
Stay
The grinding wheels of trucks—
Spare us from tiny splintered
bones,
From flesh, like blossoms,
Crushed upon the stones.

If every driver will take this little verse to heart, we feel sure that eyes will be more keen for children on the streets, and crushing wheels will be stayed.—Birmingham News.

He Feared the Outcome

The late Senator Borah of Idaho was a truly great American—sometimes wrong, which is the common lot of humankind, but able to comment upon significant facts with intelligence and the force of real logic. In one of his last addresses to the Senate, in the early days of this year, Senator Borah offered an analysis of legislation to conscript industry that has developed even more pertinence today than when it was first spoken. Borah's remarks are themselves the most powerful kind of an editorial to confound those who would give government complete control over all the processes of production. We think you'll agree when you've read his words:

"If we can do what is provided in this bill because of an emergency . . . then we could also pro-

THE SWORD OF DAMOCLES

vide, in case of an emergency, for the suspension of the Bill of Rights. We could prohibit free speech, free press and the right of trial by jury . . .

"Mr. President, democracy is having a pretty tough fight with arbitrary power and with arbitrary governments . . . Such legislation as now proposed and the seizure of every opportunity to discredit democracy and democratic processes, hastening at all times to advertise the efficiency and the necessity of arbitrary powers, are telling most against democratic principles and democratic processes . . . The glory of the Bill of Rights is that it is a restraint upon government as well as upon individuals."

Thus the eloquent "final words" of a great legislator serve to remind us that political assumption of power does not stop halfway—and that the next step after the drafting of free thought and everything else that democracy values most highly!

His Dual Role

Those bright young men who, from their posts at Washington, D. C., seek to give us the low-down on the high-placed, are saying that Mr. Roosevelt's jaunt will be the inauguration of a political maneuver. That is, he will inspect defense progress, and no doubt, as time goes on, various naval bases and army camps—and he will do some talking on these occasions. And, indirectly, this will be quite as political as though he openly took the stump, though he will keep up the demeanor and preoccupation with the vital business of getting ready to shoot. And we do not mind. It is all in the game of politics. If the President thinks a worried from his best campaign strategy, that is his affair. But we do urge him to specialize in visiting munitions plants

and so forth, rather than army and navy establishments where they would have to give him the 21-gun salute. The country is a little fearful that a few of these presidential salutes would blow away about all the powder we have been able to produce so far.—Portland Oregonian.

Pig Anniversary

Seven years ago the little pigs were being killed. Former Secretary Wallace says that he will never live down this program and he is probably right. Perhaps it is also right that the incident should not be forgotten. The theory was that reduction in the hog population would raise prices, stabilize them and increase the income of hog-raisers. Seven years of experience have proved that it was a mistaken theory. Average prices for the seven-year period were 13 per cent lower than for the preceding seven-year period. The total returns to farmers from the sale of hogs declined 33 per cent

from the preceding period. The exports of pork and lard were the smallest since the government has kept records, over fifty years, and the imports of pork have been the largest. Apparently the pig theory worked in reverse. Everything happened that shouldn't have happened and nothing happened that should have happened. Most of the New Deal theories have worked the same way.—Elkhart Truth.

As to "Erasing" Britain

*** Hitler's efforts to dismiss the British air raids on Germany as merely a "nuisance" suggest that they have had a greater effect than he is willing to admit. Otherwise would he not now threaten to "erase" Britain if these raids go on. Since there is nothing in Hitler's past record to suggest that he has ever been moved by humanitarian considerations, the assumption must be that no British cities have been "erased" up to now because the Nazis have been unable to do so. Germany may seek during the weeks before bad weather sets in to intensify her aerial attacks. And, as Anthony Eden recently warned his fellow countrymen, an actual attempt at invasion of the British Isles is still a possibility. Fearful days are ahead for the British. They do not need Hitler's latest warning to know that. But the outlook for Germany is not entirely rosy, certainly not as rosy as it appeared to be on that

day two months ago when Winston Churchill envisaged the possibility of the British having to fight on "the beaches, landing grounds, in fields, in streets and on the hills." Hitler's latest speech gives the impression of being, in no small measure, a notice to his own people that hope of victory must be further deferred.—Washington Post.

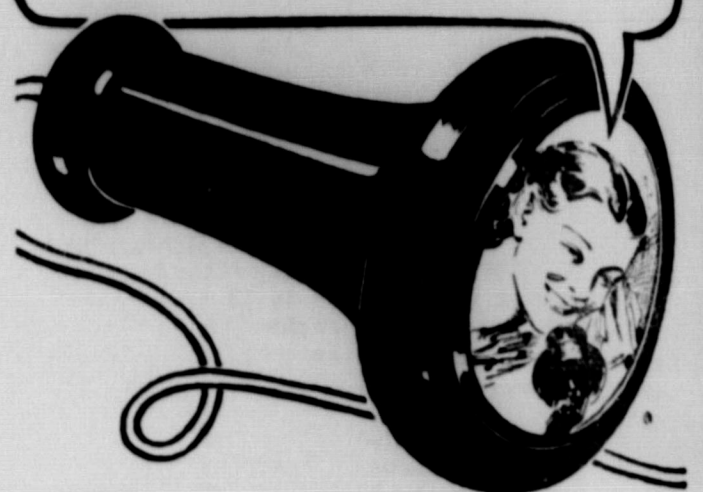

Save Money—Read the Ads!

EASILY BLOATED

With any nation the first million on the government payroll is always the hardest. After that bureaucracy, like money, breeds with scarcely any attention at all.—Washington Star.

As a Presidential candidate this feller Wilkie can enjoy a unique thrill. When he finishes a speech people do not go around asking who wrote it.—Detroit Free Press.

HELLO, HELEN! WE HAVE A TELEPHONE NOW, SO CALL ME UP WHEN THERE IS SOMETHING DOING . . .

The telephone is a great thing for the young folks. It means that they can be reached for good times and for parties arranged at the last minute. And a home telephone is a great convenience, too. It runs your errands—particularly welcome in stormy weather. If there is sudden illness, a fire or robbery, the telephone will summon help in an instant. And your name in the Telephone Directory makes it easy for friends and business opportunities to find you. Why not order your telephone today?

New Chevrolet Cars For 1941 On Display Sat.

Two New Series Claimed Finest Chevrolet Ever Built

Chevrolet, which led the industry in sales again in 1940, makes its bid for continued pre-eminence, in 1941, with two series of new cars, in which modern streamline styling, and larger, roomier bodies, combine with numerous mechanical improvements to produce the finest Chevrolets ever built.

The famous Chevrolet vacuum power shift, which created a sensation when introduced in 1939, is standard on all models of both series, at no extra cost.

Bodies are longer, wider, and much more massive looking. Their appearance mass is concentrated near the ground by changes in body and fender contour, as well as by judicious use of decoration and trim. Windshields, rear windows, and upper portion of sides of body are increased in slope, and the tops of side windows are one inch lower than in 1940.

The cars' sleek appearance is heightened by the omission of running boards, as well as by the use of concealed hinges on all doors and trunks, the sole exception being the rear deck door hinges of the coupes and cabriolet. Sides of the body extend outward and noticeably farther than last year, and the skirt of each door conceals a convenient rubber-ribbed safety step to facilitate entrance and egress. The safety and convenience provided by a running board are thus retained, while the less desirable features are eliminated. Dirt, water, snow and ice cannot accumulate upon the step, because it is effectively sheltered under the flare of the door's lower edge. This not only makes the car easier to keep clean, but assures a firm, dry footing to persons getting in and out.

New and more massive-appearing die-cast radiator grille frame surrounding horizontal bars; new hood, and front fenders from which the valley is entirely eliminated, dress the front end of the car. Sealed beam headlamps, integral with front fenders, are relocated for better appearance, sep-

MAY HAVE SET FISH RECORD

A sawfish measuring 14 feet, 9 inches was caught recently in Texas gulf waters by E. F. Reid, Houston automobile dealer, and it is believed his haul is a new world's record for sawfish landed on rod and reel. Reid battled the huge denizen of the deep three hours and ten minutes before bringing him to gaff. Reid also landed a sawfish which measured 14 feet. He brought the smaller one to the rocks in two and a half hours. Quite a day's work!

STORM HIT MUSKRATS

A recent storm in Southeast Texas did considerable damage to muskrats and the extent of the damage is being studied by the Texas game department manager for that region. Muskrats provide the livelihood for many trappers in the Lone Star State.

First Lady Meets 'Hemisphere' Girl Scouts

Left: Mrs. Franklin D. Roosevelt is introduced to the 104 Girl Scouts and Girl Guides from all sections of North, South and Central America, recently assembled at Camp Andree Clark, in Pleasantville, N. Y., for "Western hemisphere encampment to promote friendship with all countries on this side of the world." Right: First lady talks with Laura Tapia, Girl Scout from Panama. Laura is clad in pretty Panamanian native dress.

Last Zone Meet—

(Continued from Page One)

voted to donate all the money it has in its treasury, around \$20, to use of the settlement house here, directed by Miss Mary Riddle.

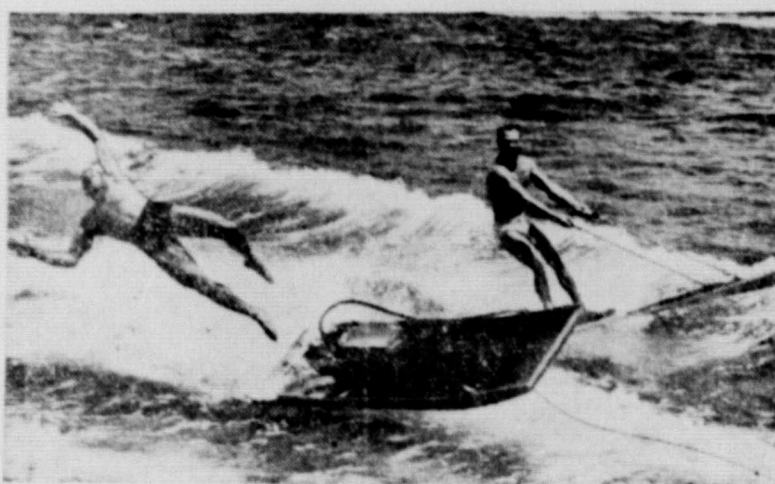

Mrs. Roy May of Eden, district secretary, reported on reorganization plans and urged that each auxiliary send delegates to the conference to be held in San Antonio October 8 and 9, which is to be the organizational meeting of women of the Southwest Texas Conference. The San Antonio conference is to be presided over by Mrs. J. W. Mills of Tyler, Texas, former vice president of the Woman's Council of the Southern Methodist church, and newly elected vice president of the Assembly of United Methodism.

Mrs. May also called attention to the Week of Prayer the second week in November. The offering in this year's Week of Prayer is to go toward establishing a chair of Religion and Ethics at Scarritt College in Nashville, Tenn. Mrs. May said, the chair to be known as the Clara Tucker Perry chair in honor of Mrs. Perry, who was president of the Woman's Council of the Southern Methodist church.

The zone session ended with the devotional led by Mrs. Slater and Mrs. H. B. Tandy. Mrs. Tandy sang "Pass on the Torch" by Nathaniel I. Hyatt, and Mrs. Slater gave the story "The Church of Lighted Lamps" by Cheney.

The following groups were present: Rankin, Mrs. R. O. White, Mrs. Boyd Cox, and Rev. and Mrs. Lowell O. Ryan; Ozona, Mrs. Mary Flowers, Mrs. Jennie Riddle, Miss Mary Riddle, Mrs. Madden Read, Mrs. Bryan McDonald, Mrs. Evert White, Mrs. Carl Colwick, Mrs. Charles Williams, Mrs. H. B. Tandy, Mrs. J. A. Fussell, Mrs. Mary Perner, Mrs. N. W. Graham, Mrs. Floyd Henderson, Mrs. L. B. Cox, Mrs. W. R. Baggett, Mrs. Hugh Childress, Mrs. W. E. Smith, Mrs. Ele Hagstein, Mrs. Johnnie Henderson, and Rev. and Mrs. Eugene Slater; Barnhart, Mrs. E. C.

Even the Experts Spill Sometimes

Proving that even the most expert of experts will spill once in a while, Ed Stanley takes a header during a practice run for the annual Catalina-Hermosa-Manhattan beach aquaplane race at Hermosa beach, Calif. Still upright and riding high is Bob Brown, who won the race three years ago. The event draws the champion aquaplanists of the Pacific coast each year.

Tarvin, Mrs. J. F. Miles, Mrs. P. B. Conner, and Rev. and Mrs. Milton Bohmfalk; Big Lake, Mrs. Leslie A. McDaniel; McCamey, Mrs. A. B. Holley, Mrs. G. W. Stamps, Mrs. C. E. Harris, Mrs. J. Virgil Davis, Mrs. Arthur Drexel, Mrs. John Fussell and Mrs. W. B. Shuman; Eden, Rev. and Mrs. Roy May, and from Mineral Wells, Mrs. C. F. Yeager.

HOOVERS ENTERTAIN SUNDAY SCHOOL GROUP

Members of the Intermediate department of the Baptist Sunday school met at the home of Mr. and Mrs. A. C. Hoover Thursday evening for a lawn party and a watermelon feast.

Present were Mary Frances Bean, Adele Keeton, Vera McCaleb, Louise Bean, Mary Elizabeth Gray, Harold Keeton, Arthur Byrd Phillips, Leslie Nance, Jr., Basil Dunlap, Martin Dowdy, J. D. Porter, Troy Williams, Calvin Williams, Noris Pogue and Rev. and Mrs. Clyde Childers.

Mrs. J. A. Sparks and son, Earl, have returned from a two-weeks stay in Galveston where Earl was under treatment of physicians.

Perners Hosts At PTA Party In Honor of Teachers

In honor of the Ozona Public School teachers, members of the Parent-Teachers Association entertained with a party at the home of Mr. and Mrs. Stephen Perner Thursday night with eleven tables of players.

Frosted ginger ale and cake were served and dahlias were used in the house decorations. Bridge, forty-two, ching chess, and other games were played.

Teachers present were Misses Georgia Williams, Allena Kinney, Frances Sprawl, Bess Terry, Margaret Butler, Mildred North, Marzee Hammons, Eleanor Neal, Zelma Scott, Rebecca Anderson, Vivian Weaver, Martha Hersey, Margaret Hill and Mr. and Mrs. W. E. McCook, L. B. Sikes, Mr. and Mrs. C. S. Denham, Coach Dan Patterson and W. S. Chapman.

Others present were Mr. and Mrs. Ray Dunlap, Mr. and Mrs. O. Z. Fenner, Mr. and Mrs. Leslie Nance, Mr. and Mrs. Richard Adams, Mrs. Hugh Gray, Mrs. Tom Owens, Mrs. M. A. Runnion, Mrs. J. P. Pogue, Mrs. W. R. Cabaness, Mrs. Charles Williams, Mrs. Ben Lemmons, Mrs. Claude Hill, Mrs. John Mitchell, Mrs. Brock Hoover, Mrs. A. E. Deland, Mrs. Robert M. Neal, Mrs. Walter Augustine and Mrs. Joe Graham.

Mr. and Mrs. B. W. Stuart and daughter, Carolyn Rae, have returned to Ozona from Welch, W. Va., where Stuart has been playing baseball with the Welch Miners for the past season. Miss Ginny Preston of Welch arrived with them to visit here for two weeks.

THE RECORD... Facts That Concern You

No. 22 of a series

...BUT WHY COURT-MARTIAL THE WHOLE REGIMENT?

There are bound to be one or two bad soldiers in every regiment. But why court-martial the whole regiment?

The same applies to beer retailing. Out of hundreds of thousands of wholesome, law-abiding beer retailers, there is bound to be a small minority who disobey the law or permit anti-social conditions.

To protect your right to drink good beer, the Brewing Industry wants even this small minority of undesirable retailers eliminated entirely. Beer is a refreshing, appetizing beverage — the

beverage of moderation. We want every beer retail establishment to be as wholesome as beer itself.

To that end, we have instituted a "clean-up or close-up" program — now in operation in some states and being extended to others. We'd like to tell you about it in an interesting free booklet.

Write: — United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.

BEER...a beverage of moderation

Pontiac Torpedo Fleet For 1941 Launched Today

Three Complete Lines Of Cars In Torpedo Styling

Spurred on by the remarkable success of its now and original Torpedo models in 1940 and with factory and dealer organization geared up to surpass its most successful year, Pontiac Motor Division today is announcing an entire Torpedo Fleet for 1941.

There will be three complete lines of cars styled in the Torpedo manner . . . longer in wheelbase . . . more graceful . . . roomier . . . more powerful . . . a low priced DeLuxe Torpedo of 119 inch wheelbase; a daring new streamliner Torpedo of 122 inch wheelbase and an ultra-smart Custom Torpedo of the same wheelbase. They will replace the shorter wheelbased Special Six, DeLuxe Six, DeLuxe Eight and Torpedo Eight of 1940.

Unusual skill and finesse has been shown by Pontiac engineers in providing all 1941 models with either a six cylinder or an eight cylinder engine.

Thus with many combinations of colors, bodies, equipment, chassis and engines available in the new Torpedo Fleet, motorists will have a wide range from which to choose in selecting a new Pontiac. And at the low prices announced, a high level of values is certain to continue as it has in recent years.

Although radiators, hoods, fenders, other sheet metal parts and fender bodies have been re-styled to further glorify the Torpedo design, Pontiac retains its well known Silver Streak as a basic style theme for the seventh consecutive year.

Brilliant chromium adds many highlights from radiator to rear bumper. Wide, massive, horizontal chrome radiator grilles extending from headlamp to headlamp, join with fenders, bumpers and hood to give an impression of powerful beauty.

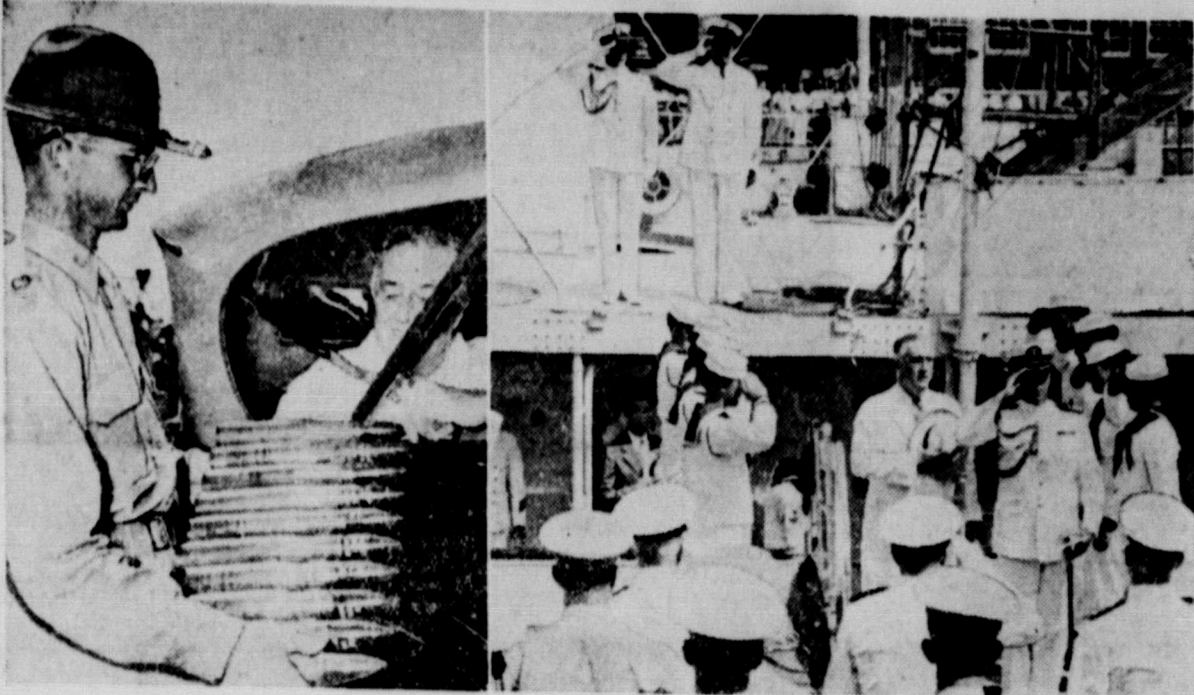

Heavy duty bumpers are built into the body. Bumper guards are spaced to form a natural built-in location for the front license plate. Ingenious new parking lamps, which are scarcely visible in the daytime, fit into horizontal spaces between the broad radiator grilles beside the headlamps.

A side view of the Torpedo-styled bodies presents improved hood and trunk lines, as well as new chromium belt mouldings, and a new treatment of fender skirts and running boards, blending into cowl and trunk. Rear fenders are protected from flying stones by rubber pads.

Mrs. Will Miller had as her guests Sunday her son-in-law and daughter, Mr. and Mrs. Jack Bond of San Angelo.

Mrs. Helen Taylor of Houston is here for a visit with her mother, Mrs. W. H. Augustine, and sister, Miss Wayne Augustine.

Preparedness Is Speeding Ahead, Says F.D.R.

Visiting the U. S. naval stations, aerial and ship yards in the Norfolk, Va., area, and the naval and army bases in the Hampton Roads, Va., area, President Roosevelt expressed his pleasure over the advancing state of armament preparations. At left, the President is shown some 37 millimeter anti-aircraft shells by Lieut. E. H. Walter at Fort Monroe. At right, the President is shown arriving at the Norfolk navy yard with his naval aide, Capt. Daniel J. Callaghan. The presidential yacht Potomac is in background.

METHODIST CHURCH Eugene Slater, Minister

Calendar of Services:
Sunday school, 9:45 a. m.
Morning worship, 11 o'clock.
Epworth League, 7 p. m.
Evening worship, 8 o'clock.
Woman's Society of Christian Service, Wednesday, 3 p. m.
Choir rehearsal, Thursday, 7:30 p. m.

On Wednesday afternoon at 3 o'clock the Charter meeting of the Woman's Society of Christian Service will be held at the church.

The pastor will preside over the meeting until the president of the new organization is chosen. A beautiful and impressive ritual has been prepared for this significant service. The pastor earnestly hopes that every woman in the church will enter into the full life of this new organization of our new Methodist church.

This church opens its doors to all who are tired, burdened, discouraged; to all who feel their own spiritual need; and to all who are longing for a better way. We keep on trying to point

to Him who is the Way, the Truth, and the Life. We ask you to worship with us every Sunday.

Fingerprint Texas Highway Employees

AUSTIN, Sept. 18.—To protect the highway department against possible frauds in claims made under the law insuring employees of the department and to cooperate with the national government in providing maximum protection against possible subversive activities, the Texas Highway Commission has authorized the civil fingerprinting of all employees of the state highway department.

The plan was worked out in conferences between highway department officials, representatives of the federal bureau of investigation, and the Texas department of public safety. Fingerprints of highway department employees will be kept on file at FBI headquarters in Washington and at the department of public safety in Austin. Fingerprints are the only positive method of identification and this plan will benefit and protect employees by placing their prints on file for use in case of accident.

NEW BUICKS DELIVERED

Two new 1941 Buick were delivered this week by the Wilson Motor Company of Ozona, a sedan to Mrs. Paul Perner and another to Joe Clayton.

Mr. and Mrs. Robert M. Neal returned to their home in Crane Sunday after visiting relatives and friends here. Mrs. A. E. Deland accompanied them to Crane where she visited for several days.

Don't take much stock in the "honesty among thieves" stuff, for you will find them just as bad as other folks.

Mrs. H. Phillips Sunflower Hostess

Mrs. Hillery Phillips entertained members and guests of the Sunflower Bridge club at her home Saturday afternoon with seven tables of players. Vases and pitchers were used as place cards.

Mrs. Joe North was awarded the club high prize and Mrs. Bud Kincaid won the club low gift. Guest high trophy went to Mrs. Sidney Millsbaugh, Jr., with Mrs. Helen Taylor of Houston winning the low guest award. Bingo prize was given to Mrs. Sherman Taylor.

Present were Mrs. Alton Holland, Mrs. A. B. Friend, Mrs. J. O. Lusby of Big Lake, Mrs. Helen Taylor of Houston, and Mrs. Hubert Baker, Mrs. Jimmy Blaylock, Mrs. Melvin Brown, Mrs. Charles Davidson, Jr., Mrs. W. E. Friend Jr., Mrs. Roy Henderson, Mrs. T. A. Kincaid Jr., Mrs. Bud Kincaid, Mrs. Lowell Littleton, Mrs. Joe North, Mrs. Hilton North, Mrs. Arthur Phillips, Mrs. Clay Adams, Mrs. Sherman Taylor, Mrs. Boyd Clayton, Mrs. G. L. Nesrsta, Mrs. Sidney Millsbaugh, Jr., Mrs. Sellers Moore, Mrs. Doug Kirby, Mrs. Hudson Mayes, Mrs. Joe Pierce, Mrs. George Montgomey, Mrs. Johnny Henderson and Mrs. Early Baggett.

THIS BUSINESS OF Living

BY SUSAN THAYER

"Sure" and "O. K."

Typical American answers, being given in plants and factories all over the United States today, are "sure" and "O.K." For American business, which must produce the "sinews of war," is on the march!

We have a genius for organization and production in this country born of our conquest of the continent. We know how to "get things done" and we're getting them!

Tungsten is needed for tank construction and a supply is located in far-away Turkey. Two American ships are in the neighborhood but one hasn't enough fuel to stop for the ore. American business men in the National Defense Commission who know the Near East get busy. Cables are sent. Phone calls are made.

"Sure, we can pick it up" . . . the tungsten is soon on its way to this country.

It takes from 400 to 600 sub-contracts to produce the parts and accessories for a single bombing plane. A job that would ordinarily take months must be put through in weeks.

"O.K. we'll step on it" . . . and in much less time than was anticipated the planes will come thru.

American business men know how to work under pressure. Plant expansion and new tools are needed to produce other equipment. That means an investment of hundreds of thousands of dollars; perhaps millions. A manufacturer must be able to pay off this investment and make a reasonable return to his stockholders, but red tape often hinders the necessary governmental assurance from coming through as soon as is desirable.

"O.K. we'll take a chance . . ." In dozens of cases manufacturers are saying this—going ahead with the necessary expansion before contracts are signed. For American business men, who have the responsibility for building our defense, know how important it is to get going. Our national security may depend on speed.

It took initiative and a lot of hard work to build a nation like this in 150 years. There wasn't a city west of the Mississippi in 1800 and now look at it! The men and women who made this country weren't afraid of danger or toil. They said "Sure . . ." and as our slang developed they said, "O.K." . . . Typical American expressions . . . showing clearly the typical American spirit!

SHERIFF'S SALE

THE STATE OF TEXAS)
COUNTY OF CROCKETT)

By virtue of certain execution issued out of the Honorable District Court of Crockett County, on the 5th day of August, 1940, by J. R. Kersey of said Crockett County against Santiago Vargas for the sum of Twenty-Four Hundred Thirteen and 39/100 (\$2,413.39) dollars and costs of suit, in cause No. 625 in said Court, styled J. R. Kersey versus Santiago Vargas and placed in my hands for service, I, W. S. Willis, as Sheriff of Crockett County, Texas, did, on the 9th day of August, 1940, levy on certain Real Estate, situated in Crockett County, described as follows, to-wit:

Lots 18 and 117 in Block No. 7 situated in Lima, an addition to Ozona, Crockett County, Texas, Together with all improvements thereon, and levied upon as the property of said Santiago Vargas and on Tuesday, the 1st day of October, 1940, at the Court House door of Crockett County, in the Town of Ozona, Texas, between the hours of 10 a. m. and 4 p. m., I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said Santiago Vargas by virtue of said levy and said execution.

And in compliance with law, I give notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Ozona Stockman, a newspaper published in Crockett County.

Witness my hand, this 9th day of August, 1940.

W. S. WILLIS,
Sheriff, Crockett County, Texas.
24-3tc

DOE BATTLES COYOTE

A battle between a doe deer, seeking to protect her young fawn, and a coyote, was witnessed by a cowboy on the McAllen ranch in northern Hidalgo county recently. It is reported to the game department by Mr. Argyle Allen, owner of the ranch.

The cowhand came upon the doe and coyote while the battle for the life of the fawn was in progress. Every time the coyote made a rush for the young deer, the doe struck out sharply with its hoofs and the fur flew from the coyote. The battle was interrupted when the cowboy made his presence known. The coyote ran into the brush, but the doe and her fawn took their time about leaving the scene of the skirmish. The doe was bleeding slightly.

Reporter: "You say your love for books brought you in jail. How did that happen?"

Prisoner: "Well, you see, they were pocketbooks."

Facts You Never Knew . . .

BY

Bob Dart

Hickok Biography To U. T. Library

AUSTIN, Sept. 18.—"Wild Bill" Hickok—symbol of the era of the two-gun frontier marshal—is memorialized in the University of Texas library.

A long unpublished biography of James Butler Hickok, famous scout known through the nation as "the man who cleaned up Abilene," has just been acquired by the library. The typescript work was written by William E. Connelley, secretary of the Kansas State Historical Society.

Hickok, a close friend of "Buffalo Bill" Cody and colorful Calamity Jane, took a prominent role in subduing the Indians of the Great Plains in the days that followed the massacre of Custer and

his men. He was shot in the back and killed by "Cross-Eyed Jack McCall," who was publicly hanged.

The story of Hickok's adventures with the Indians and of his death was told in the 1937 motion picture, "The Plainsman," starring Gary Cooper.

JAVELINAS ARE INCREASING

AUSTIN.—Javelinas, also called Collard Peccary, the only native North American wild hog, are increasing in Texas, reports of game managers to the executive secretary of the state game, fish and oyster commission, indicate.

The increase is largely due to the protection given this game animal by a state law which went into effect last year. It is now unlawful to shoot Peccaries except

during the open season of November 15 to December 31. It is permissible to kill two during a season.

Javelinas are more common in Southwest Texas counties. They formerly ranged in far more areas than they now do, but the killing of them for meat, for their hides and for their bristles threatened the extinction of these animals.

Judging from requests for information concerning javelina hunting received by the game department, a large number of hunters from other states will invade Texas seeking Javelinas during the open season. Their heads are regarded by many sportsmen as a finer trophy than deer heads.

An advertisement is a guarantee of quality.

Behind The Scenes of American Business

By John Craddock

NEW YORK, Sept. 16.—BUSINESS.—All signs point to the fact that Uncle Sam's millions of "average consumers" are loosening their purse strings, getting more and more convinced that—although the eventual tax bill will be pretty terrific—we are in for a steady upward curve in business. Aspects for a long continuation of the battle of Britain bolster the feeling. The first evidence of the wave of buying that brought hugely increased retail sales in August—at a rate not unprecedented for that time of year. More recently, merchants are especially encouraged by the fact that better grades of merchandise are coming more and more into demand, always a good sign that the customers have confidence. You might suppose that the building would lag on account of uncertainty over consumption, but quite the reverse is the case. Total construction contracts for industrial and residential buildings in August were highest in any month since June of 1930, and residential building was up 100,000,000 over August of 1939, the best month since July of the fabulous year, 1929.

WASHINGTON.—Reassuring news on Social Security is that it is conscripted for the Army and Navy, and members of the National Guard called to a year's military training, will be relieved of the requirement of paying their "dues" during the period of training. This will apply to the employers of such men. The same principle is applied in the case of levies under the unemployment compensation provisions of the law. It isn't likely that this procedure will upset the social security and unemployment insurance funds very much, since only a portion of the National Guard is to be called out at one time, while not more than 900,000 "conscripts" can be in training at one time.

CONVENTION BUSINESS.—Most cities consider national conventions a profitable investment. Last year American Legionnaires spent \$15,000,000 at Chicago, and Boston expects just as big a gross this year. Four hundred thousand visitors, more than half of whom will be Legionnaires and their wives and families, will add one-half to the city's population for at least three days. Their 3,600,000 meals will cost at least \$2,700,000. Three hundred thousand of them, staying in Boston an average of two nights each, will run up a hotel bill of \$1,500,000 or more. And they're expected to spend \$10,000,000 on entertainment and "miscellaneous." Legionnaires do everything in a big way. They will have from 300 to 400 bands and drum corps in their parade. They have hired huge Braves field, seating 40,000, for the outdoor night club spectacle, "Cavalcade of Stars," staged by Schenley Post 1190. Another 40,000 will constitute the biggest audience ever to hear the famed Boston Symphony orchestra.

WHAT IT TAKES.—Auto show visitors this year will find a new pamphlet put out by the Automobile Manufacturers Association explaining in simple terms "What

Industry Ready to "Keep 'em Rolling" for Defense

Graphic illustration of the way in which one of America's greatest industries gears its activities with the United States Army for national defense is found at Little Falls, Minn., where the greatest peacetime maneuvers in the history of the country are being held Aug. 3—Aug. 24. To "keep them rolling," Chevrolet, one of the largest suppliers of motor transport equipment to the nation's armed forces, has set up through one of its dealers, the Bert Baston Motor Co., of Minneapolis, a complete parts and service headquarters in the military reservation at Little Falls. More than \$10,000 worth of parts is maintained at this depot, where three service representatives are on duty 24 hours daily to service Chevrolet equip-

ment in use. The 85,000 troops in actual combat maneuvers will use 1,180 Chevrolet transport units, including officers' cars, reconnaissance cars, hundreds of trucks adapted to special uses, and military ambulances.

Upper left in the photo shows army transport crewmen servicing an ambulance. Upper right is the Chevrolet parts and service headquarters tent, where service experts are always on duty. Lower left is Lieut.-Col. R. E. Rossberg, of the Minnesota National Guard Quartermaster Corps. At lower center, an officers' car used by the major-general in command of the Little Falls encampment is being serviced. Lower right is an interior view of the Chevrolet parts tent, showing completeness of stock.

It Takes to Make an Automobile. For all we know the plan may be to distribute copies through local auto dealers too. From it one learns that the shiny new 1941 vehicles just beginning to roll from assembly lines may have been taken as long as 18 months to design. An idea of the size and array of tools needed to make a car is obtained from the statement that in making the engine block alone some 14 different machines costing \$50,000 or more each, are called into action. One machine uses 127 tools in all, to drill holes in the bottom and sides and to rough-bore the cylinders. The painstaking details with which these machines and all the other factors involved in building a modern motor car are assembled and coordinated within a factory prior to the beginning of production make fascinating reading for the motor fan.

NO SATURATION.—For quite a while the American coffee industry wondered if maybe Uncle Sam's appetite for his morning Java hadn't leveled off at a definite per capita capacity—for up to a few years ago the country's consumption of coffee had, over a period of 15 years, just about kept

pace with the population increase. Nevertheless, an intensive educational and advertising campaign was instituted two years ago and, due in part to that work, U. S. annual consumption has increased from 12 to nearly 15 pounds per capita. Lowering of prices has helped, too, and last week a large grocery chain came up with reductions, which bring retail coffee costs to the lowest levels ever attained. It was pointed out that besides this good break for the consumer, the move is something of a factor in good-neighborship with Latin-America, since the greatest aid we can give our Latin-American neighbors is in extending purchases of their main export products, and coffee is certainly that.

THINGS TO WATCH FOR.—Two non-skid items: A new paint that can be applied to any type floor to form a durable, granular, non-slip surface, without using ground glass or sand or other abrasive; and a bathtub with a serpentine-embossed bottom that gives a firm, unslippery foothold. . . . A shortage of wedding rings as a result of the pending conscription bill; one company whose production has been stepped up to 1,500 rings a day is unable to keep up with the demand.

Mr.: "Hang it, isn't dinner ready yet? I'll go out and get my dinner."

Mrs.: "Can't you wait ten minutes?"

Mr.: "Will it be ready in ten minutes?"

Mrs.: "No, but in ten minutes I'll have my hair brushed and go with you."

Boss: "Now look here, why hasn't this job been done? It's more than a month since I told you to do it."

Clerk: "I forgot it, Sir."

Boss: "Forgot it! Suppose I forgot to pay your salary—what would you say?"

Clerk: "I would tell you at once, Sir—not wait a month and kick up a fuss about it."

TRY THE SENSATIONAL NEW REMINGTON DUAL SHAVER

FREE!

90 SECONDS FOR COMFORTABLE BLADE-CLOSE SHAVES

Note how the two heads automatically tauten the skin. The whiskers are projected so that they can be cut off below the surface of the skin.

Try this fast, modern shaver in your own home—entirely without obligation—for 90 whole days. We're willing to wager that once you find how much faster, closer and more comfortably this new Remington Dual whisks off whiskers with its TWO cutting heads, you won't want to part with it!

And we know it's fast—because in a series of tests made by the nationally-famous U. S. Testing Company, Inc. the Remington Dual shaved as close as the best blade shave in half the time . . . and gave presentable, going-to-business shaves in a stopwatch average of 90 seconds flat!

Before criticizing your wife's faults, remember that it may have been those very defects which prevented her from catching a better husband.

Brazil Launches 'Good Neighbor' Warship

Putting teeth into the declaration of Pan-American unity in defending the Monroe Doctrine, Brazil leads the parade of South American nations in speeding preparedness by launching a new destroyer, the Marcelino Dias, at Rio de Janeiro, one of the six class "A" destroyers being rushed to completion. Mrs. Getulio Vargas, wife of Brazil's president, christened the vessel.

Mr. and Mrs. Tommy Harris Leave For New Home In Buckeye, Arizona, After Pretty Home Wedding Here Saturday

Bride Is Former Mary Bess Parker, Daughter of Roy Parkers

Miss Mary Bess Parker, daughter of Mr. and Mrs. Roy Parker, and Tommy Harris, son of Mr. and Mrs. T. C. Harris, were married at the home of the bride's parents at twilight Saturday. The Rev. Eugene Slater, pastor of the First Methodist church read the double ring ceremony.

Wedding music, played by Miss Mary Margaret Harris, sister of the bridegroom, included the traditional marches, "Ah Sweet Mystery of Life" and "Liebestraum."

Miss Elizabeth Coose, cousin of the bride, was maid of honor and her only attendant, R. H. Chalk, Jr., of Del Rio served as best man. Miss Coose was dressed in a Letty Lee frock of rose wool with black accessories, and her corsage was of orchid gladioli.

The bride wore a Marlene Junior model in soldier blue botany fabric with blue fox trim. The dress featured the military trend, and the matching coat was full length. Her corsage was of valley lilies, and she wore black accessories.

Bronze and yellow chrysanthemums decorated the living room. Smilax and ivy hung from the mantel of the fireplace with two floor candelabra and baskets of chrysanthemums at each side to form the improvised altar. Taylor Deaton and John Bryant lighted the candles.

A reception followed the ceremony. The lace-covered dining table was centered with a three-tiered wedding cake topped with a miniature bride and bridegroom, and a bowl of white gladioli was used on the buffet. Mrs. R. T. Taylor presided at the cake after the bride cut the first piece, and Mrs. James Baggett served punch.

The couple left immediately for Buckeye, Ariz., where they will make their home.

Mr. Harris was graduated from the Barnhart high school and attended John Tarleton in Stephenville, where he was an officer in the cadet corps. He is employed with the Foxworth-Galbraith Lumber Co. Mrs. Harris was graduated from the Ozona high school.

Out-of-town guests for the wedding and reception were Mr. and Mrs. Paul Jordan, Red Rice and Mr. and Mrs. Luther Joslin of San Angelo, Mrs. Rita Ross of Sonora, Mr. and Mrs. Bode Owens and Mr.

and Mrs. Gene Linthicum of Barnhart, Mr. and Mrs. Robert M. Neal of Crane, and Mr. and Mrs. J. O. Taylor, Mrs. J. C. Mayfield and J. C. Jr., of Del Rio.

Mrs. Harris was honored with a miscellaneous shower and tea at the home of Mrs. A. C. Hoover Thursday afternoon with Mrs. Hoover, Mrs. A. E. Deland, Mrs. J. P. Pogue and Mrs. Robert M. Neal of Crane, hostesses.

Guests were greeted at the door by Mrs. Pogue, and in the receiving line were the honoree, Mrs. Roy Parker, mother of the bride; Mrs. Tom Harris, mother of the groom; Miss Mary Margaret Harris, sister of the groom, and Mrs. A. E. Deland. Mrs. Neal presided at the bride's book and Mrs. J. C. Montgomery ushered the guests into the gift room. In the gift room were Mrs. James Baggett and Mrs. Ray Dunlap, and Miss Dorothy Hannah and Miss Elizabeth Couch played the piano.

White vincas and gladioli centered the lace covered dining table and punch was served by Mrs. Sherman Taylor. Other house decorations were golden glow and dahlias.

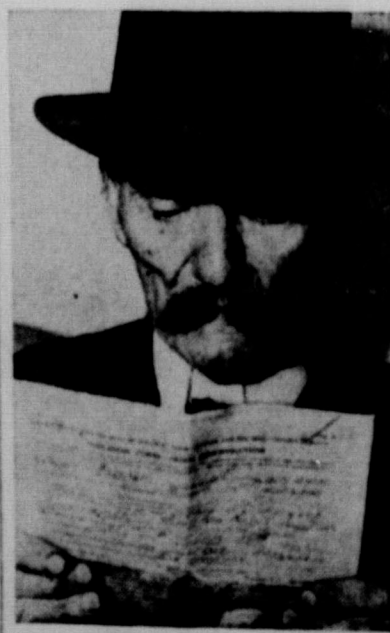

Present were Mrs. Clay Montgomery, Mrs. Joe T. Davidson, Mrs. Joe Thomas Davidson, Mrs. Lowell Littleton, Mrs. Hillery Phillips, Mrs. Bruce Drake, Mrs. W. R. Baggett, Jr., Mrs. Buddy Moore, Mrs. Tom Owens, Mrs. Harlan C. Townley, Mrs. J. M. Cox, Mrs. C. S. Denham, Mrs. O. D. Busby, Mrs. W. E. Smith, Mrs. W. S. Smith, Mrs. Richard J. Adams, Mrs. Clyde Childers, and Mrs. Bodie Owens, Mrs. H. C. Dunkin, Mrs. W. C. Mitchell, Mrs. A. C. Hinde of Barnhart, and Misses Helen Mayes, Gem Ella Dudley, Jean Drake and Maybelle Taylor.

BIRTHDAY PARTY

Mrs. Cecil Hubbard honored her daughter, Marilyn, on her eighth birthday with a party at her home Tuesday afternoon, with 29 of Marilyn's young friends present. Saturday was Marilyn's birthday.

Miss Marzee Hammons, second grade teacher, Mrs. John Mitchell and Mrs. W. J. Stevens assisted Mrs. Hubbard with the games and refreshments.

Alien Registers

Frank Higginson, 77, a Canadian now living in the United States, makes a close scrutiny of the alien registration blank before filling out the form at the Brooklyn post office. Millions of aliens now living here must be registered and fingerprinted within the next four months.

Rankin Reds—

portedly good passing combination are boogers Coach Patterson is instructing his boys to look for next Saturday.

Patterson has announced his probable starting line-up with George Armentrout and Mervin McLaughlin on the ends, Louis Wardlaw and Boogie Coates at tackles, Bobby Lemmons at center, Donald Wilson at fullback, Billy Hannah and Roy Coates, half backs, and Shorty Colquitt quarterback. Wayne West will be on tap to send into the fray when yardage is badly needed. The big fellow steam-rollered the ball for good gains in the Big Lake game, and Coach Patterson keeps him for his ace in the hole in the clutches. Coach Patterson expressed ap-

preciation for the fine support given by local fans at last Friday's game in Big Lake and made a bid for continued backing for his boys in the season's coming games.
