Purge Of Pro-Russians In North Korea Said Started

Deep Wildcat In Howard Is Set To Drill

Urice Drilling Co. of Fort Worth has staked a 9,500-foot Pennsylvanian wildcat for immediate drilling in Central Howard County.

It will be the No. 1 J. M. Bates, 660 feet from south and east lines of the northeast quarter of section 16-32-tln-T&P, four and one-half miles north and slightly east of Big Spring. The drillsite is a farmout from Pure Oil Co. and three-quarters of a mile northwest of Urice No. 1 Harper, now at total depth of 6,216 feet in lime and shale trying to regain lost circulation.

SCURRY WILDCAT

Humble Oil No. 1 Annie Jones, Northwest Scurry wildcat, recovered 10 gallons of fluid per hour swabbing on perforations from 2,500-650 feet.

Plugged-back total depth is now 2,653 feet. The perforations swabbed dry naturally and were then treated with 1,000 gallons of acid. The recovery was on an 11½-hour gauge. The fluid was 30 per cent 38 gravity oil and 70 per cent basic sediment and acid water. Swabbing is to continue.

DAWSON SPRABERRY

Seaboard Oil No. 1 Pettaway, Southeast Dawson stepout from the Spraberry-Deep field, is preparing to drillstem test in the Spraberry from 6,850-900 feet.

On a previous test, from 6,695-850 feet, gas surfaced in eight minutes, drilling mud in one hour, and oil flowed at the top in one hour and 10 minutes. Eight barrels of oil flowed through a one-inch choke in 15 minutes and 16½ barrels of oil in one hour through a 12-64th - inch choke. The tool was open one hour and 45 minutes.

When the tool was closed, recovery was 1,550 feet of oil and 20 feet of water-cut mud. Open flowing bottomhole pressure ranged from 780-1,680 pounds, with 45-minute shutin pressure 2,010 pounds.

The No. 1 Pettaway is 15 miles southeast of Lamesa and one-half mile southwest of the nearest producer in the Spraberry field in section 40-34-t5n-T&P.

FISHER COUNTY

B. M. Hester & Son No. 1 Gena Dooley, Fisher wildcat, has reported a 24-hour potential of 360 barrels of 41.5 gravity oil flowing through perforations at 6,786-802 feet in the Caddo.

The potential was calculated from a 16-hour flow of 240 barrels of oil. A one-half-inch choke was used for eight hours and a three-quarter-inch choke for the remainder of the period. Average flowing tubing pressure was 150 pounds, with casing pressure averaging 500 pounds. Gas-oil ratio was 500-1. The perforations had been treated with 2,000 gallons of acid.

DRILLING REPORT

Plymouth Oil No. 1 E. M. Wahlenmaier, South - Central Crosby wildcat, has been plugged and abandoned at total depth of 8,832 feet in the Ellenburger which made only salt water. This test was 16 miles southwest of Crosbyton.

Cosden Petroleum No. 1 Earl Sealy, Borden wildcat nine miles east of Gail, is drilling in lime below 5,410 feet. Tentative top of the Spraberry has been called at 5,080 feet. No. shows have been reported.

British Ship On Way To Red Port Under Fire Of U. S. Navy

TOKYO (AP)—A 3,000-ton British freighter streamed through a U. S. Navy maneuver area in the Japan Sea during fleet maneuvers and narrowly escaped destruction or serious damage, the Navy said.

A "single shell, bomb or mine" exploded near the San Eduardo, the Navy said, as it sailed toward the Communist Chinese port of Chinwangtao from Japan.

Early reports from the Japanese Coast Guard said the freighter was fired on by U. S. warships and might have been sunk.

The Coast Guard report was based on a radio message from the San Eduardo saying it was "under shell fire."

The incident occurred about midway between Japan and Korea.

The Dai Do Shipping Co., Japanese agent for the vessel, said it was bound for Dairen, Manchuria.

HIS MASTER'S VOICE

Allgretta, faithful German shepherd pet of 16-year-old Boy Scout Eddie Rauss, of Jamison, Pa., hears the voice of his master who called from Jamboree City, Calif. The dog has scarcely eaten since July 9, when the boy went away. Holding the earphone is Eddie's mother, Mrs. Lillian Rauss, while brother Curtis, 6, looks on.

ONLY BONES OF MURDERED MEN

GASPE, Que., (AP)—Quebec police today sought the human killer of three Pennsylvania hunters whose fleshless, bear-gnawed bones have been found deep in the rugged, mountainous Gaspe Peninsula after a 3-week search.

"Murder, cold - blooded and planned" was the report last night of the Quebec Attorney-General's Department after discovery of the chewed remains of the last two victims. Robbery was believed the motive, since no trace was found of $700 in cash, two expensive rifles, binoculars and most of the equipment they were known to have carried.

Police hinted an arrest was imminent but were mum on suspects. Woodsmen went back into the bush today seeking more clues.

The men, all from Hollidaysburg, Pa. went into the remote area, 65 miles from here, without local guides on June 12 to shoot bears. They were Eugene H. Lindsey, 45, whose skeletal, skull-less remains were found last week; his son Richard, 17, and Fred Claar, 20.

The youths' bones were discovered yesterday at an abandoned logging camp four miles from another camp which had yielded the remains of the elder Lindsey. Both sites were criss-crossed by bear tracks. The bush country lies along an upper branch of the St. Jean River, far from the picturesque coastal road familiar to many American tourists.

Only one skull was found. A medical expert said he believed bears could have eaten the two missing heads.

Police said a set of upper teeth were found and were believed to have been Claar's. Nearby was a white sweatshirt with the words "Hollidaysburg Tigers." A white sweater was stained with dried blood and with a small, circular hole, as if made by a bullet.

Widely scattered about were rib bones, parts of spinal columns, leg and arm bones. Two hip bones were found on the far side of the stream. Strewn about were bits of chewed clothing, a watch believed to have been young Lindsey's and other small possessions.

Searchers said none of the bones appeared to have been broken by human violence but all had been gnawed and dragged about, apparently by bears which followed up the murderer.

Relatives and friends of the hunters in Hollidaysburg and nearby Altoona, Pa., pressed for a complete investigation of the killings. A group of Altoona sportsmen last night urged that the famed Royal Canadian Mounted Police be assigned to the probe. The group said it would wire Rep. Van Zandt (R-Pa), urging him to ask the State Department and the FBI to enlist the Mounties' aid.

The hunters left their Pennsylvania home June 5, to be gone two weeks. Their relatives set up the alarm when no word was heard from them three weeks later. Police began a wide search.

Labor Charge Against Unions

By The Associated Press

An unfair labor practice charge alleging refusal to bargain was filed Thursday against two striking AFL unions in Houston.

The Gulf Coast Construction employers Council said Engineers Local 450 and Iron Workers Local 84 were trying to get contractors to bargain individually instead of through the council.

The walkouts in Houston and the Sabine area of Southeast Texas have tied up construction worth 150 million dollars.

The 2,000 operating engineers and iron workers in Houston quit work last weekend for a 25 cent hourly wage increase.

AFL electrical workers of Houston accepted a contract providing for a 12½ cent hourly pay boost for 1,200 members.

In Beaumont, striking AFL carpenters and contractors tried to settle a dispute that has idled construction worth 50 million. Carpenters asked a 25 cent hourly increase and have tied construction in the Orange, Port Arthur and Beaumont area.

Big Force Of Chinese Reds Attack Lines

SEOUL (AP)—Up to 5,000 Chinese Reds rushed Allied lines tonight in two attacks on the Korean Western Front.

The new fighting was called "hot and heavy." It came as truce negotiators were reported to have drawn the Korean cease-fire line in sessions at Panmunjom, a few miles to the south.

The Chinese rammed a regiment of about 2,800 soldiers at one Allied hill position and about two battalions at another.

One of the positions was Outpost Esther.

The embattled hills were directly south of outposts Berlin and East Berlin, seized by the Reds this week from troops of the 1st Marine division.

To the east, four Chinese companies in a daring daylight assault smashed to the crest of the rugged hill overlooking the Kumsong River bend after a savage night-long battle with South Koreans.

Reports from the central front said the height changed hands three times in bloody close combat.

The 8th Army asserted artillery caught five Chinese companies, about 800 soldiers, in the open in the Kumhwa - Kumsong valley on the Central Front and killed or wounded 270 Reds.

American and South Korean troops overpowered the Reds in six of nine other small but savage battles.

Orange Girls Not Molested

ORANGE (AP)—Members of Orange's teen-age CAT Club went unmolested last night for the first time in four nights. Police stood by with hounds in the hope of tracking down a knife - wielding thug.

Once the hounds were rushed to the home of an elderly woman who reported she had seen a prowler. By the time they arrived, Detective Charles Tyson reported, neighbors attracted by outcries had made it impossible to pick up any trail.

Police had two other calls during the night. One turned up a woman hiding from her angry husband.

Navy shore patrolmen joined peace officers in the vigil last night. They kept a watchful eye on the 500-unit navy park addition where a shoeless prowler slashed the face of pretty Jane Jackson Tuesday night during the second of his three nightly visits to the homes of CAT Club members.

Barbara Martell, secretary of the 11-member club, said the girls were "all still scared to death."

In several homes, armed fathers sat up most of the night and police reported they were in a "shoot to kill mood."

'FLIMSIEST SUPPOSITION'

London Times Assails Talk About Margaret's Romance

LONDON (AP)—The stately London Times, favorite chronicle of Britain's society and government, roundly assailed the talk about Princess Margaret's reported romance today as scandalmongering.

In its first comment on the controversy, the Times' column-long editorial blasted:

"Based on the flimsiest structure of supposition, it (the gossip that the princess wants to marry divorced RAF Group Capt. Peter Townsend) has been given unforgivably the shape of scandal."

The editorial was the Times' most searching comment on royal affairs since the abdication crisis of 1936. The paper's opposition to Edward VIII's marriage to Mrs. Wallis Simpson was generally believed a big factor in his leaving the throne.

The Times suggested today that Margaret should be demoted, not removed entirely, from the line of succession to the regency which would act a monarch if Queen Elizabeth II becomes incapacitated or dies before her heir is of age.

The government on Wednesday announced it plans to amend the Regency Act. Under it Margaret now would act for her sister

The new order or regency, said the Times, should be: Prince Charles after he comes of age, then the Duke of Edinburgh (or the duke first if a regent is needed while Charles is too young), and the princess after the duke—"honorably placed on the list but called upon only in the event of a highly improbable catastrophe."

Though the government has not said how it plans to change the regency line, the parliamentary correspondent of the British Press Association reported yesterday that the proposed bill, expected to be introduced in the House of Commons in November, still would leave Margaret regent in case of the death of Elizabeth's husband.

Beria's Fall Puts Kim In With Mao

TOKYO (AP)—Marshal Kim Il Sung, the fat Red boss of North Korea, was reported tonight to have ousted his chief rival and to be replacing all pro - Russian Koreans in his cabinet with Korean Reds who put Communist China first.

Other contradictory reports said Kim himself had been purged, but there was no way of checking.

South Korean intelligence sources, who say Kim still is in the saddle, say the reported swing toward closer ties with Red China could be the start of a split between China's boss, Mao Tze-Tung, and Moscow.

They call it a fight between Communists trained in Yenan and Reds trained in Moscow.

Yenan was the headquarters of Red China's Mao before he took over all of China.

Among the first officials reported kicked out in the purge was Kim's arch rival, vice premier Hu Ka Week, Soviet - trained Korean described by South Korean sources as the real ruler of North Korea until Russian Secret Police Chief Lavrenty Beria was ousted.

Beria's downfall apparently gave Kim the upper hand in his fight for power with Hu.

Other members of the North Korean Red heirachy reportedly fired by Kim were foreign minister Park Hun Yung, a South Korean Communist leader who fled north in 1946; Justice Minister Lee Sung Yup, and Ambassador to Russia Choo Yung Ha.

Korean sources said Kim was a "front" for the Russian - backed Korean Reds and that Hu Ka Wee was the real North Korean boss with strong Russian backing. Hu Ka Wee entered North Korea from Russia in 1945 with Russian Gen. T. F. Shtikov, Soviet member of the U. S. —Soviet commission in Korea from 1945 to 1947. Gen. Shtikov reportedly left Hu Ka Wee in charge.

Park Hun Yung was reported in a Communist jail after being purged three months ago. He was formerly head of the Communist party in South Korea until his defection to the North in 1946.

What happened to the other two Cabinet members was hidden behind the Bamboo Curtain and the mists of war.

In Seoul, South Korean Home Minister Chun Hun Shik said Intelligence reports received there indicated Kim, whose real name is Kim Song Ju, is throwing out Red Koreans favoring Russia and backing Korean Communists favoring Red China.

It was confusing because other Korean sources said Park Hun Yung favored Red China and this stand cost him his job. There was no way to reconcile the conflicting reports.

Home Minister Chun Hun Shik said the chairman of the North Korean Peoples Supreme Committee, Kim Too Bong, had won the favor of Marshal Kim.

There were other reports that Marshal Kim, whom the South Koreans call an imposter, was close to Lavrenty Beria, the deposed secret police chief of Russia.

South Korean Intelligence sources said they did not know whether Kim had any close connection with Beria.

There were still other reports that Kim Il Sung had been given the ax in North Korea and would not be at Panmunjom to sign a Korean armistice, if one is arranged.

However, the last report seemed doubtful because Gen. Mark W. Clark's headquarters in Tokyo has had signed truce communications bearing the name of Kim Il Sung in recent weeks.

If Kim does not go to Panmunjom to sign the truce document that would mean his Red Chinese counterpart, Gen. Peng Teh-huai, would not be expected to be there.

The truce must be signed by the opposing commanders—Kim and Peng for the Reds and Clark for the Allies.

Truce Signing Is Said To Be Planned Sunday

SEOUL, Saturday (AP) —A usually reliable source said Friday night that the Korean armistice probably will be signed Sunday. Official confirmation was lacking.

The informant said announce-talks, said only a last - minute hitch stemming from President Syngman Rhee's opposition could block the signing.

The informant said announcement of the signing date could be expected Saturday. He said he did not know the contemplated hour of the ceremony which would formalize a cease - fire in the war, now more than three years old.

The signing date probably was set, tentatively at least, by senior liaison officers at a meeting in Panmunjom Friday afternoon.

A full - dress session of the main delegation might b eheld today to approve the date.

PANMUNJOM (AP)—South Korea's President Syngman Rhee today angrily denounced an armistice agreement which appeared all but signed and warned that some Allied promises to the Reds "cannot be allowed to happen."

Rhee's new threats brought no immediate reaction here as liaison officers put finishing touches on a truce. The full truce delegations were expected to be called together at any moment to set a signing date. It could come this week.

The liaison officers met for 2 hours, 48 minutes, then recessed without scheduling another session.

The stubborn, old South Korean President acknowledged that a truce was imminent but added bitterly:

"I have no word on this crucial matter."

In a strongly worded statement, Rhee accused the Allies of giving the Communists pledges which "render impossible a fulfillment" of some of South Korea's basic understandings with the United States."

He said his agreement with U.S. Secretary of State Walter S. Robertson, President Eisenhower's truce envoy, provided:

1. " . . . that no troops from India or any other foreign nation will be landed in South Korea to guard prisoners of war."

Yet, said Rhee, "The Communists claim Gen. (William K.) Harrison has agreed that such troops will land in South Korea and that they will be granted police protection by the U. N. forces. I can only say that the Korean people will not permit this to happen."

2. " . . . that the United States will join with the Republic of Korea in setting a time limit to the political conference."

Yet, Rhee added, "It has been announced there is agreement that there will be no time limit on the armistice . . ."

Rain In County Good Yesterday

Hard rains fell in the east and south parts of Scurry County from about 4 o'clock to 7 o'clock yesterday afternoon.

The rains started about eight miles east of Snyder in the Plainview community at about 4 o'clock, falling on an area about two miles wide. Reports were that more than an inch of rain fell in that area.

Shortly after, the rains started in the Hermleigh area, beginning just outside the south city limits and reaching south of there, where about one and one-half inches fell.

At Inadale, about .55 of an inch fell, while about four inches of rain was reported at Wastella and south of Inadale.

Reported at Ira was .71, while it rained .85 of an inch two miles west of Ira. South of Ira, near the Colorado River, rains totalled about one and one-half inches.

David Dorward at Gail said he had heard of no rain yesterday in the watershed of Lake Thomas, but he said that two days ago more than an inch fell south of Gail, causing Hullum Creek to rise and prevent its crossing. That creek is part of the lake's watershed.

Russian Says Beria's Men In Stockholm

STOCKHOLM, Sweden, July 24 (AP)—A letter signed "Anatoly Kovalev", chauffeur at the Soviet Embassy, said today he was being returned to Russia for trial and declared the embassy was a hotbed of followers of the purged Lavrenty P. Beria.

The letter, in Russian, was sent to the editor of Dagens Nyheter, Sweden's largest newspaper. The chauffeur, it was learned, left Stockholm on July 14 in a Russian ship and in the company of his wife and a Soviet diplomat.

In his letter, Kovalev said he was being returned to Russia under the escort of a "political commissar" for having refused to spy against Sweden.

"Beria (former Soviet Secret Police Boss) himself now has been sitting in jail for three weeks, but he has many followers in Stockholm and even more, of course, in Moscow," said the letter.

He then declared Col. Ivan Tchoumak, Soviet military attache, several members of his staff and several diplomats were followers of Beria.

The letter, dated July 12, was received by Dagens Nyheter on July 15, but publication was delayed pending several checks.

Sparkling Pebbles Turn Up In Apartment House

NEW YORK (AP)—Johnny Hayes, 11, found a couple of tiny "sparkling pebbles" in the basement laundry of a Brooklyn apartment house last night.

He showed them to mom and stepdad, Sol Gerber, who thought they were nice. Gerber took them to jeweler Sam Leddy.

Diamond chips, said Leddy.

A police squad came down to the basement and raked in about 1,200 of the pretty sparklers and estimated the value at around $1 each.

How the diamonds got into the laundry room nobody knew.

U. S. OFFER EMBARRASSING

Reds Can't Produce Food Promised To East Germans

BERLIN (AP)—A potato famine fanned the anger of hungry East Germans against Communist misrule today.

Failure of promised shipments from Russia and her satellites has forced the re-introduction of strict potato rationing, the West Berlin newspaper, Nacht-Depesche reported.

This was an embarrassing new setback of the puppet East German government's attempt to overcome the passive resistance which spread among its sullen workers.

Communist bosses fought this resistance with a frenzied mixture of new arrests, threats, promises, wage boosts, and propaganda claims of increasing food plenty. But strikes and slowdowns continued. The hungry populace clamored for more food.

An American-backed food relief program and Moscow's efforts to block it were obviously increasing the unrest behind the Iron Curtain. Communist propagandists struck back furiously at U. S. High Commr. James Connant's new appeal for the Russians "not to place any obstacles in the way" of distributing free American food.

They branded as "spies and agents" East Germans who accepted Western relief.

New reports attested the continuation of resistance among the workers despite a wave of new arrests which has claimed at least 3,000 victims last week.

A Communist newspaper, Das Volk, admitted today that 80 workers in the state-owned Abus machine plant in Nordhausen laid a list of 16 demands before their Red bosses.

Slowdowns by an estimated 250,000 workers were reported cutting production in nearly 100 strategic industrial enterprises in the Soviet Zone.

Rains On Plains Encouraging To Farmers, More Possible

By The Associated Press

West Texas farmers harried by drouth began to see crop prospects brighten Friday as showers pelted areas of the Panhandle and South Plains.

More were forecast through Saturday over all of Texas except the south central section.

High winds and heavy rain swept an area southeast of Lubbock Thursday night.

Most rain in West and North Central Texas this week has been light.

No general break in the drouth has been reported. Months of more than normal rain would be needed to restore greenness to the West Texas vastness.

Gov. Shivers proclaimed a "natural disaster and public calamity" in parts of Texas Thursday. This was a legal requirement for setting up a state drouth relief program. Shivers designated the state defense and disaster relief council to direct relief activities.

Farmers drew encouragement from storms like the localized disturbance southwest of Lubbock Thursday night. Violent wind wrecked a small airplane hangar and destroyed a light plane at the Post city airport. Black clouds pushed northward to Slaton and on to the edge of Lubbock, soaking an area about 20 miles long.

A similar storm at Amarillo Wednesday night dumped three to five inches of rain on the dry Panhandle city and improved wheat prospects for next year.

Eight days of showers south and southwest of Lubbock encouraged heavy plantings of late grain sorghums in Terry, Lynn, Dawson, Hockley and other counties. Much of the area west, northwest and north of Lubbock is irrigated by wells. A cotton crop estimated at 935,000 bales is growing.

The area receiving the least rain has been the worst Plains drouth area. It is between Lamesa and Brownfield.

West Texas cattlemen, their beef herds reduced by drouth, still are in a bad way. Range grass is burned away completely in many areas. Carloads of low priced emergency grain were being shipped into the area under federal aid.

Another storm Thursday night damaged buildings at Lingeville, 20 miles northwest of Stephenville. Highway 287 near Vernon was blocked for a brief time Thursday night by a downpour that flooded the road. Oklaunion had an estimated two to three inches of rain.

A hard rain in Wichita Falls Thursday night was estimated at more than an inch. Locally heavy rains fell in a wide area around Austin. Fredericksburg had 1.80 inches. At Llano where high winds damaged a house, 1.70 inches of rain was recorded.

Granite Shoals dam near Marble Falls had 1.50 inches. Johnson City had 1.17. Lampasas reported 2.7 inches and Luling .60 of an inch.

Childress had 1.28 inches, Lufkin .35, Beaumont .32, Houston .27. Waco .77 and Dallas .06.

Temperatures Thursday were mostly in the middle and upper 90s. Laredo and Alice had 104.

High Of 99 Degrees

Snyder warmed up to 99 degrees yesterday under skies which vaguely promised rain. The briefest of rain splatters came late in the evening, but no measureable amount fell.

A low of 70 degrees was recorded before dawn today, with 76 degrees at 7:30.

U.S. Veto For Red China In UN Sure

WASHINGTON (AP)—Sen. H. Alexander Smith (R-NJ) said today that "As things stand now, I am sure we would use the veto" to block the entrance of Communist China into the United Nations.

Smith said in an interview he was greatly pleased at assurances given the Foreign Relations Committee by a former member, Henry Cabot Lodge Jr., that this country can and should use its veto to keep Communist China out of the U. N.

Lodge, former Massachusetts senator and now chief U. S. representative to the U. N., testified before the committee yesterday in lively support of the world organization. It was his first report to Congress on his stewardship as U. N. ambassador.

Smith, who heads the Far East subcommittee of the foreign relations group, said he expected "a lot of heat" from America's friends and enemies to get Red China into the U. N. after a truce in Korea.

"That's when we're going to have to have a stiff backbone," he said.

Both branches of Congress are on record against admitting the Chinese Communists to the U. N. President Eisenhower has said he is against it under present world conditions. The United States has never recognized the Communist government at Peiping and China's U. N. seat is occupied by the Chinese Nationalists.

But the New Jersey senator said he expects the Communists to put on an adroit campaign to get Red China into the U. N.

"I would not be at all surprised," he said, "if they offered to permit unification of Korea in return for admission. They might even agree to stop the shooting in Indochina.

"If the Chinese Communist regime gets into the United Nations and consolidates its position, all of Asia will be lost."

WEATHER

NORTH CENTRAL and WEST TEXAS: Partly cloudy through Saturday with scattered thunderstorms. No important temperature changes.

SOUTH CENTRAL TEXAS: Partly cloudy with scattered thundershowers this afternoon and tonight. Saturday, showers and not so warm. Moderate to fresh easterly winds on the coast.

DIRTY WORK

This bronc was wild and woolly and hard to hurry in the wild horse race at the Cheyenne Frontier Days rodeo in Cheyenne, Wyo. She was airborne the minute contestants began working to saddle and knocked down Kit Childers (131) of Omak, Wash., and reared over him.

Adlai And Sen. Douglas Get Friend In Top Party Position

CHICAGO (AP)—The political futures of Adlai Stevenson and Sen. Paul Douglas (D-Ill) may have been greatly affected this week by a quiet change of Democratic party bosses in Chicago.

The election of a "youngster", 51-year-old Richard J. Daley, as chairman of the party's Cook County Central Committee, puts a close friend and protege of former Gov. Stevenson at the helm.

Daley's only opposition—which faded before Tuesday's election—was from a faction closely associated with the "old" Cook County organization, once known as the Kelly-Nash machine.

Withdrawing from the contest for party leadership at the 11th hour was James J. (Big Jim) McDermott, a one-time member of the Kelly-Nash high council.

Daley, now Cook County clerk, served as state revenue director under the 1952 Democratic presidential candidate.

"I hope sincerely that Adlai Stevenson will stay in public life and permit his name to be used in the 1956 national convention," Daley told a newsman today.

He also said he will give his full support as chairman of the county committee to Sen. Douglas whom he expects to be a candidate for re-election next year.

Leadership of the Cook County organization might have gone to a faction which has never been thoroughly sold on either Stevenson or Douglas

During the days before the leadership change, several committeemen let it be known they favored a return to dyed-in-the-wool organization men for candidates. There were hints that a better senatorial candidate than Douglas might be best be forgotten.

The crises appeared about five weeks ago when ailing Committee Chairman Joseph L. Gill made it clear he was quitting the job.

Plans of Gill and other committee officials to install Daley at the time of Gill's resignation two weeks ago were blocked by Thomas D. Nash, 19th Ward committeeman, and Clarence Wagner, committeeman and alderman of the 14th Ward. Nash was a cousin of the late Boss Patrick A. Nash, and Wagner was easily the City Council's most powerful figure as chairman of the finance committee and holder of the city's purse strings.

Nash and Wagner said they wanted the county chairmanship to go to McDermott, a Superior Court judge.

Alderman Wagner was killed in an automobile mishap near International Falls, Minn., July 10—a few days after Gill's resignation.

Uncertainties resulting from the death of Wagner cut McDermott's backing for the chairmanship, and Monday, just before Wagner's successor on the committee was to be named, the judge withdrew from the race.

De Gasperi Is Likely To Fall

ROME (AP) — Premier Alcide de Gasperi, Italian government chief for nearly eight years, today appeared on the verge of defeat in the forthcoming parliamentary vote of confidence.

The once-powerful coalition of center parties behind his pro-Western government is melting away. If deputies stick to their party's announced lines in the showdown in the lower chamber early next week, his eighth government will be thrown out before it gets started.

The newest blow came early today from the small Republican party, which in the past had been an ally of De Gasperi's Christian Democratic party.

Republican leaders announced they had "invited" their five deputies to abstain from voting in the confidence ballot on the new Cabinet's policy.

Earlier the Democratic Socialist party, another member of De Gasperi's 4-party center bloc in the last elections, announced that its 19 deputies also would abstain.

Only the Liberal party still was to be heard from, and its 14 votes would not be enough to give De Gasperi a majority against the combined left and right opposition.

De Gasperi would be voted down 287-279, as party plans stand at present.

President Luigi Einaudi likely would ask another Christian Democrat to try forming a government if De Gasperi is kicked out. The President could call a new election if a government can't be formed.

Father Of Mrs. T. C. Goss Dies In Abilene

Funeral services for W. L. Callaway, 72, of Abilene, the father of Mrs. T. C. Goss of Snyder, will be held at 4 o'clock today in Elliott's Chapel of Memories in Abilene.

Mr. Callaway died Thursday afternoon in an Abilene hospital shortly after suffering a heart attack at the family residence. Burial will be in Elmwood Memorial Park.

Survivors in addition to Mrs. Goss include his wife and three other daughters, Mrs. Guy Lee of Abilene, Mrs. H. B. Love of Uvalde and Mrs. Alton J. Taylor of Odessa.

Sister Of Mrs. W. L. McGregor Has Died

Mr. and Mrs. W. L. McGregor, 2801 Avenue S, left yesterday for Dallas upon receiving word of the death of Mrs. McGregor's sister, Mrs. Maggie Haynes.

Funeral services for Mrs. Haynes, who died yesterday morning, will be held tomorrow afternoon in Weatherford. The McGregor's twin sons, Dan and Don McGregor, will be pallbearers.

Bookies Believed To Be Having Hard Time

BOSTON (AP) — Massachusetts bookies had a poor year, indeed, based on the taxes they paid the federal government.

Internal Revenue Director Thomas Scanlon said last night the 226 bookies paid a total of but $36,879 in excise taxes in the fiscal year ended last June 30.

The excise tax is 10 per cent of the gross take. That would put per bookie, as the average tax paid was $163.

Gambling is illegal in Massachusetts, except for horse and dog track pari-mutuel betting.

Telephone Number OK As Letter Address

CENTREVILLE, Md. (AP)—Anne Green, 7, may not know how to spell "Maryland," but she knows the family telephone number.

So, that's how she addressed a letter home from Camp Todd, near Denton, Md.

The letter was addressed to "Mr. and Mr. Edward Green, Centreville 55-M." It was delivered the day after it was mailed.

Year Without Fatal Accident In City

COVINGTON, Ky. (AP)—Covington ended a full year without a fatal traffic accident yesterday. With a population of 65,000, it's Kentucky's second largest city.

7th Time Over Hill

PORTSMOUTH, Ohio (AP) — William L. Shaffer of West Portsmouth doesn't like army life.

He has gone absent without leave seven times. On the fifth time he falsely confessed murdering a doctor to escape being returned. Yesterday, on his latest arrest, he asked Sheriff Burl Justice to charge him with carrying a concealed weapon.

But the sheriff found only a pocket knife on Shaffer, who reluctantly calls Camp Breckenridge, Ky., his base. He'll go back today.

Criminal Court Is Set Monday

Only one case is definitely scheduled for criminal district court Monday.

District Judge Sterling Williams said that B. F. Rushing, 29, charged by grand jury indictment with rape and incest of his nine-year-old daughter, does not yet have an attorney and will probably not be ready for trial by Monday.

Scheduled for trial, according to Renal B. Rosson, district attorney, is Rosser Jackson Coker, 41, of 2807 Avenue D, who was indicted Jan. 5 by grand jury on a felony charge of driving while intoxicated. Coker's charge alleges previous conviction on DWI last Aug. 25.

Coker is now out on $500 bond. He had been involved in two accidents last Oct. 6.

The penalty upon conviction of DWI as a repeated offense provides for $100 to $5,000 fine or confinement of 10 days to two years in the county jail or both fine and imprisonment, or confinement in the state penitentiary not to exceed five years, Rosson said.

Minor Injuries To Man In One-Car Accident

Only slight injury was suffered at 1 o'clock this morning by Earl Eugene Pfaff, 23, when his 1953 Ford coach left the road and struck a culvert.

E. W. Green, highway patrolman, quoted Pfaff, a treating engineer for the Western Co., as saying he was returning from Silver when he fell asleep while driving. The accident occurred 7.2 miles south of Snyder on the Colorado City Highway.

Pfaff was taken to the Battenfield Hospital by a passing motorist, where he received first aid treatment then was dismissed.

Green estimated damage to the front end of the car at about $400.

Practice Fire Run

Volunteer firemen had water running through a hose in Towle Place eight and one-half minutes after a practice alarm was turned in from a residence there last night.

The practice run was made during a weekly fire drill. It was ordered by N. W. Autry, fire chief.

The volunteer firemen connected hose to a fire plug near the house from which the practice alarm was turned in. The general alarm was sounded for the practice at about 8:15 o'clock last night.

One Missing In Ship Fire

WILMINGTON, Del. (AP) — The 9,179-ton tanker Pan Georgia burst into flames last night as its crew completed unloading 110,000 gallons of high octane gasoline and fuel oil at a Delaware River dock here.

One crew member, Ray Ott, a second assistant engineer from Galveston, Tex., is missing and presumed dead. Ship officers said he apparently drowned after leaping overboard in the flurry of excitement which swept the ship.

Coast Guardsmen and Wilmington firemen used grappling hooks in a search for his body.

Of the other crew members, 24 were rescued by Coast Guard and Army engineer rescue boats and brought to Red Cross headquarters in Wilmington. Another eight were admitted to Delaware Hospital where two are in critical condition from burns.

Eight others, including Capt. Morgan A. Maxey, 36, of Port Arthur, Tex., stayed on board to battle the flames.

It was the second tragedy in little more than a month involving bulk carriers vessels. On June 6, the Pan Massachusetts and The Phoenix collided at Port Penn, 15 miles south of here, causing a spectacular fire and taking three lives.

Joseph H. Boland, 55, of Galveston, Tex., a member of the ship's mess, said he believes the fire started when a spark from a tugboat standing alongside the ship blew into an open hold of the tanker, touching off gasoline fumes.

The tug boat was preparing to pull the tanker from its dock into the river for a return voyage to Texas City, Tex.

TEMPORARY STALL

War Benefits, If Any, May Prove To Be Only Illusions

By JAMES MARLOW

WASHINGTON (AP)—With a Korean truce apparently very close, what benefits did the United States get from three years of fighting?

At the moment these seem to be the positive benefits:

1. The Communists' first postwar aggression was stopped and the South Korean Republic was saved from them.

2. The United Nations, of which the United States is the main supporter, met its first big challenge: Could the members act together to stop aggresion? They could and did.

3. The shock of the Korean invasion pushed the Western world into a big re-armament and closer alliance, thus making it a tougher target for bigger attack later, if the Communists planned one.

4. Small countries, seeing the U. N. rush to Korea's rescue, were heartened to withstand any future pressures and threats from the Communists.

Summed up, this was the net effect of the four benefits.

The United States, because of its re-arming, is in better shape to handle Russia, if it has to, than it was before Korea. Communist expansion, for those three years at least, was stopped cold.

Yet, these benefits which seem so obvious and real now, may in the end prove to have been illusory and temporary. The whole Korean War, because of future events, may turn out to have been wasted effort by the United States.

Why? Because Korea, through infiltration and subversion, may yet wind up in the Communist camp.

And China, with time to grow stronger economically and militarily after a truce, may be able to terrorize the rest of Asia into submission without the necessity of direct military attack.

The Western Allies, through fatigue, economic entanglements with the Communist bloc, or disagreements with the United States, may grow soft toward Moscow and move closer to it than before Korea.

A severe depression in Western Europe, for instance, would be a supreme test of each country's ability to resist Communist pressure, internally and externally.

The people of the United States, long tired of the Korean War, later on may be reluctant—to the point of being too late—to move against new Communist aggression elsewhere.

But guesses about the future are not the meat of action. The Eisenhower administration can not feed upon guesses in trying to reach decisions and peace in Asia.

It can only hope that what seem now like positive gains from the Korean War will prove, in the history books of the future, to have been true and lasting benefits.

To make them last the administration will have to work ceaselessly for the rest of its term, with its eyes wide open.

In the peace negotiations with the Chinese one wrong decision on the part of the United States could lead to such disaster for this country and such victory for communism that the whole Korean War would have been in vain.

HOSPITAL NOTES

Mrs. Zack Taylor, 2711 Avenue T, is showing improvement today in Battenfield Hospital following surgery there. Mrs. Taylor is the mother of Hugh Taylor.

Addison Casstevens, who underwent major surgery in Battenfield Hospital early this week, is recuperating.

John Le Webb, who underwent surgery last week, is reported to be in good condition.

Dr. W. R. Johnson, 2811 Avenue U, a medical patient at Battenfield Hospital, is in fair condition today, hospital attendants said.

THE CURSE OF MIDDLE LIFE

Faulty kidney function. Trouble starts by the ph. of the body fluids getting out of balance. Chemists find that if the ph. is corrected, balance restores — the body repairs the damage, removes the pain. CIT-ROS is the answer. Supplied by your druggist. For sale by

Removal Of Mortgaged Property Charge Here

A charge of removal of mortgaged property was filed in district court this morning by Renal B. Rosson, district attorney, against N. T. Winn, Negro, formerly of Snyder.

The complaint was signed by B. L. Rhoderick, alleging that Winn removed a 1949 Ford two-door sedan from the county on which the lien had been given to Rhoderick and assigned to the Snyder National Bank. The complaint said the car was removed from Scurry County on May 17.

Rosson said that Winn had not yet been apprehended and is believed to be in Midland.

Location In Howard

Sunray Oil Corp. has staked its No. 44-B Dora Roberts in the Howard-Glasscock field a mile east of Forsan in Howard County.

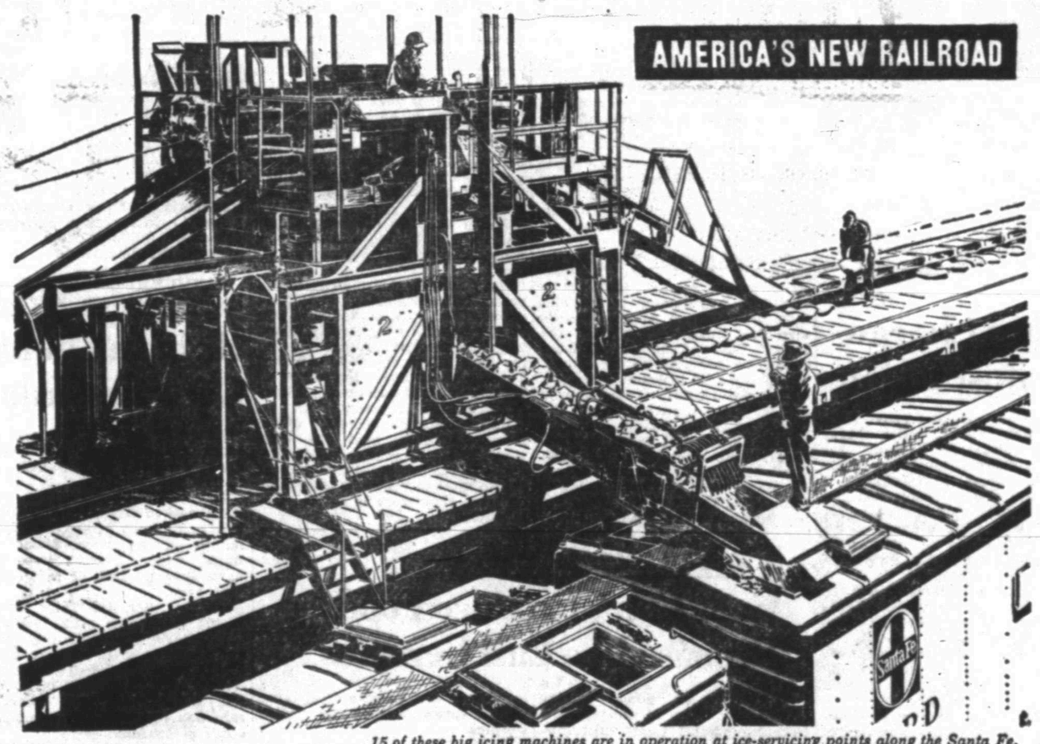

It is 1,650 feet from north and 380 feet from west lines of section 137-29-W&NW on a 160-acre lease. Drilling to 2,600 feet with combination tools is to start at once.

15 of these big icing machines are in operation at ice-servicing points along the Santa Fe.

Ever see so much fuss just to chill an orange?

It's the best way there is today to refrigerate a "reefer"—but Santa Fe is developing an even newer and better way to do the job

In 60 seconds flat, the giant ice-crushing machines Santa Fe recently installed can fill the bunkers of a refrigerator car with five tons of ice!

They are the newest and fastest machines for icing cars yet devised.

And Santa Fe "reefers" are the most efficient type of refrigerator cars now on the rails.

These refrigerator cars and icing machines have carried the technique of ice refrigeration to the ultimate of present day knowledge.

WHAT ABOUT TOMORROW?

We can't be sure, BUT—

Santa Fe is now experimenting with a newer way to refrigerate cars automatically for hauling foods which may require temperatures as low as 25° below zero.

30 new experimental refrigerator cars designed by Santa Fe, built in its own shops and each with a capacity of 128,000 pounds of frozen foods, are now being utilized in the movement of frozen foods.

Each of these new cars has its own thermostatically-controlled diesel-driven compressor-type refrigerator unit. It carries 400 gallons of fuel (almost the exact amount Lindbergh used to fly the Atlantic). It can maintain sub-zero temperatures all the way from California to New York.

BENEFITS FELT ALL ALONG THE LINE

All along the line, people and communities feel the benefits of this building *new* wherever it actually occurs on the Santa Fe—and day-after-day, something new is done to make "America's New Railroad" a little better.

The millions of dollars this newness costs Santa Fe doesn't cost *you* a single penny in the taxes you pay.

SOCIETY SCRIBBLINGS

Surprise Steak Fry Held At New Cabin Near Lake

By DOLORES KETCHERSID

Steaks were cooked in a wash kettle last night to feed the 41 guests who were present for a triple birthday celebration in Mr. and Mrs. JIM SORRELLS, and Mr. and Mrs. ED MURPHY'S new cabin.

Mrs. Sorrells, Mrs. Murphy and a third sister, Mrs. ELLA RICHTER, all have birthdays this month. The cabin, the converted old Murphy school house, is located on the Colorado River about six miles from the dam. The building has all the modern conveniences except water. They're waiting on the lake to furnish that. Regardless of skepticism expressed by some guests present, Mrs. Sorrells maintained she could remember the time water covered the flat below the cabin about a mile in width.

About the only article to remind one that the cabin is an old school building is an upended blackboard in one corner. The walls and ceiling have been painted a cool green, and cloakrooms have been converted into a bathroom and dressing room. Heavy green curtains and a partial partition help divide the cabin into two huge rooms.

Mrs. Murphy said she could conveniently bed 18 persons in the cabin. Part of the beds are [illegible] trundle beds under them. Discarded furniture was covered and painted a dark green with help from neighbors, Mrs. CLIFFORD JAMES and Mr. and Mrs. ED FRANKLIN

In the other room a linoleum-topped picnic table and bench occupy the center portion of the room. A new stove, refrigerator and a sink unit are placed at one end. Part of Mr. Murphy's horse collection found its way to a ledge at the other end of the room.

Hostesses for the steak fry there were Mrs. T. J. STERLING, Mrs. OWEN MILLER, Mrs. PAUL DAVIS and Mrs. J. M. STERLING. Chief cook at the washpot was T. J. STERLING.

PLEASURE TRIP

Mr. and Mrs. W. A. SMALLWOOD and children, BETH and BILL, are at home temporarily before leaving on the last week of their vacation. They returned Wednesday from a scout commission camp in Cimarron, N. M.

The most exciting moment of the six-day camp came for Mrs. Smallwood when she shook hands with Norman Rockwell, well-known artist. He had breakfast at the table near the Smallwoods and was an amiable person," Mrs. Smallwood said.

The camp was an ideal one for parents. Planned activities kept the children from underfoot during the day.

Other stops the Smallwoods made were in Taos, N. M., where they inspected pueblos, and in Carlsbad, N. M., for another trip through the cavern.

The family will take the last part of their vacation in San Antonio visiting with Mrs. Smallwood's sister, Mrs. Frank Fields, who is to leave soon for Germany.

COKE PARTY

Mrs. H. O. BEARD and Mrs. PAUL KEATON entertained about 25 women with a Coke party yesterday morning at the Beard home, 3605 Avenue U. A centerpiece of garden flowers was set off by a beige lace tablecloth. Cokes, cookies and sandwiches were served.

VACATION TIME

Mr. and Mrs. C. R. SMITH and children, L E E and CAROLYN SUE, of 1801 Avenue T returned this week from a two-week vacation in Kilgore. They visited her parents, Mr. and Mrs. Z. S. DIXON.

Melisa Sterling Is Honored On Birthday

Melisa Anne Sterling was given a party last Friday afternoon in honor of her first birthday. She is the daughter of Mr. and Mrs. Mickey Sterling of Knapp.

Cake and soft drinks were served to Connie Jo and Don Sterling, Bobbie and Richie Thompson, Mike and Eldon Tipping, Jr., Jimmy and Patti Sterling and Wynell and Marjorie Tucker.

Favors were small toys.

Gary Blacksher Given Party On Sixth Birthday

Gary Blacksher celebrated his sixth birthday Wednesday afternoon with a party at the U. B. Blacksher home at 3100 Thirty-ninth Street.

The brown and white cake was built in the form of a corral with candles being placed to make the campfire. Favors of balloons and bubble gum were given to the guests. Marilyn Lampson, Myrle Morris and Lucy Blacksher directed games.

Guests were Steve and Mike Hathaway, Kenneth and Janice Delke, Sharon and Steve Greathouse, Janice and Joyce Strebeck, Toni Pfaff, Panela Lee, Melinda Sterns and Kathy Blacksher.

PERSONALS

Visiting last week in the J. W. Browning home, 1505 Avenue S, were his parents, Mr. and Mrs. J. C. Browning of Sweetwater.

Mr. and Mrs. Lelton Hilton and children, Beverly, Randy and Philip Don, of Lubbock were guests Wednesday in the W. L. Haley home at 2707 Avenue R.

Miss Yvonne Scott of Fairfield left yesterday after a visit in the home of her sister, Mrs. D. M. Dennis, 3411 Avenue A.

Mrs. H. P. Brown, Sr., 2812 Avenue U, returned Tuesday from Dallas where she visited her sisters, Miss Eula Stimson, Miss Jesylee Stimson and Miss Vernelle Stimson. Accompanying Mrs. Brown where her daughter and family, Mr. and Mrs. Ed Grissom, and Gail Grissom.

Visiting this week with Mrs. Mary Fesmire, 2204 Twenty-sixth Street, were three sons, Ray W. Fesmire, his wife, and two sons of Houston; LeRoy Fesmire of San Angelo, and C. W. Fesmire, his wife, and his daughter and son of Odessa. Also visiting were Mr. and Mrs. Jack Smith and daughter of Big Spring.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-8488.

Could you tell me the difference in the meaning of the terms aspic, mousse and souffle? J. K.

Aspic is a clear gelatine made from reduced meats and bones. Mousse is opaque and made of finely ground ingredients folded together with whipped cream and molded through the addition of gelatin. The souffle attains its consistance through stiffly beaten egg whites.

Regardless of the kind you make, it can be given a professional touch by making a design in fresh fruits or vegetables. This is accomplished by laying a base of clear gelatine about a half or a quarter of an inch thick and allowing it to partially set. Next arrange an orderly design of fruit. Fruit should be throughly chilled before adding so that the gelatine will not melt.

• • •

Could you give me a recipe using cauliflower? H. D.

Cauliflower au Gratin is a strudy supper dish. Serve with a green vegetable, hot rolls and crisp relishes.

You'll need 4 ounces elbow macaroni, 3 tablespoons butter or margarine, 3 tablespoons flour, 1 and ½ teaspoons salt, ½ teaspoon paprika, 1 and ½ cups milk, 1 cup shredded cheese, 1 and ½ cups cooked cauliflower, ¼ cup buttered bread crumbs. Cook macaroni in boiling salted water until tender. Drain and rinse. While macaroni is cooking, melt butter or margarine in saucepan. Stir in flour, salt and paprika. Add milk and cook until thickened, stirring constantly Add cheese and cauliflower. Mix well. Fold in macaroni. Pour into greased 1 and ½ quart casserole, sprinkle with bread crumbs. Bake in moderate oven. Makes 4 servings.

• • •

For a new taste spread pork sausage links or cakes with prepared mustard before dusting with flour and frying. It makes less shrinkage and less splatter, too.

• • •

Do you have a recipe for cantaloupe pickles? M. M.

Pare 2 under-ripe cantaloupes and cut in slices. Use a scalloped vegetable cutter to give the pieces attractive shape. Soak cantaloupe overnight in cold water covered with 2 tablespoons salt. Drain. Tie pieces in a bag and add to 1¼ cups vinegar, ½ cup water and 3 cups sugar. Bring to a boil and drop in the cantaloupe and cook until the melon is clear. Pack in sterilized jars and seal.

Joyce Harrison Is Feted With Shower In T. A. Favor Home

Miss Joyce Harrison, bride-elect of Laddie Hanacek, was honored with a miscellaneous bridal shower Saturday in the home of Mrs. T. A. Favor.

Hostesses were Mrs. Charlotte Sutherland, Mrs. Glenn Hunt, Miss Joy McCormack and Miss Betty Lou Wilson. They presented Miss Harrison with a bride's book and blue carnation corsage.

Blue and white, Miss Harrison's chosen colors, were used in a table arrangement of carnations. Cake and punch were served.

Miss Harrison and Mr. Hanacek will marry in early fall.

Hot Roll Preparation Shown At Meeting

The Ira 4-H Club saw Miss Ruby Butts, home demonstration agent, make hot rolls at a Wednesday afternoon meeting in the home of Mrs. J. C. Stirling.

The five members present played games. Dianne Kerley's home was selected for the next meeting place.

Sunday visitors in the W. L. Haley home, 2707 Avenue R, were her niece and family, Mr. and Mrs. H. M. Kirkland and children, Wanda, Jettie Lew and Gwen Dora. Also present was Mrs. Dora Kirkland. They were all of Bronte.

Ronnie Foster Is Feted At Party On 2nd Birthday

A party Tuesday afternoon at the home of Mr. and Mrs. Ralph Foster, 2111 Twenty-seventh Street, marked the second birthday of their son, Ronnie.

The guests saw movies and played in the yard. Whistles and balloons were favors and crepe paper ornaments were at the place of each guest. They ate white birthday cake which was trimmed in yellow and green.

Those present were Theresa Ann Darby, Carol and Bitsy Walker, Jolene Wheeler, Jan Busby, Buck and Beth King, Barbara Billingsley, Kay and Jimmy Sharp, Lee Dan and Michael Ann Tucker and Richard Lynn Foster.

Mothers there were Mrs. Frank Darby, Jr., Mrs. W. F. Arnett, Mrs. Roy Walker, Mrs. Jeff Wheeler, Mrs. Robert Busby, Mrs. Jimmie Billingsley, Jr., and Mrs. Howard Tucker.

Lajuana Rabb Is Honored At Dinner

Lajuana Rabb celebrated her fifteenth birthday with a dinner last night in the home of her parents, Mr. and Mrs. C. E. Rabb.

A white birthday cake trimmed with blue roses was served at the buffet dinner. Assisting Mrs. Rabb with serving was Mrs. Howard van Hook. Afterwards the guests went to a movie.

Those present were Sittie Harrell, Margie Smith, Jerry Lyn Hughes, Emma Lee Duncan and Pat Taylor.

Laddie Hanacek of Houston visited with the Roy A. Harrisons in Snyder last week end.

THE ADVENTURES OF PATSY

GOVERNOR'S BALL

Gov. J. Howard Pyle of Arizona plays the part of mess cook as he dishes out the food to Boy Scouts of Glendale, Arizona's Troop 21 at the National Boy Scout Jamboree campsite near Los Angeles, Calif. The boys prepared the beef barbecue, then happily lined up as the governor filled their plates. Gov. Pyle was visiting the encampment for the day.

SERMON TOPICS

The Rev. J. A. Stewart will speak on "What is Meant by the Baptism" at the local radio station at 1:30 o'clock Sunday afternoon. Saturday night at 7 o'clock his speech mesage will be on "The Tribulations of the Christian."

• • •

The Rev. Joseph J. Good, pastor of the Round Up Church, will speak on "The Preincarnate Christ' on his Sunday morning radio program at the local station at 8:15 o'clock. Later at 11 o'clock Mrs. Helen Vaughan will lecture to the church members. At the 7:30 o'clock service that night the speaker will be 12-year-old Betty Pitts.

• • •

"Judas Iscariot" will be the sermon topic of the Rev. T. Gerald Cates speaking on the Word of Life broadcast at 8:30 Sunday morning. At the Calvary Baptist Church at 11 o'clock, Mr. Cates will take at his topic "The Necessity of Repentance," and at 8 o'clock Sunday night "Jesus, the Light of the World." Bible classes meeting at the church at 10 o'clock will discuss "Speaking With Tongues."

• • •

The Rev. Woodrow Adcock, pastor of the First Methodist Church, will discuss "Can Human Nature be Changed?" at the two morning services of the church. A religious film, "More for Peace," will be shown in connection with the Sunday night worship service at 8 o'clock.

• • •

Ted Norton, minister of the Twenty - fifth Street Church of Christ, will speak on "What Must I Do to be Saved?" at the 10:45 service of the church Sunday morning. The Sunday night sermon theme will be "The Most Difficult Thing for Man to Do." Bible classes of the church meet at 9:45 Sunday morning, with a training class for young people at 6:30 Sunday night.

• • •

The Rev. E. K. Shepherd, pastor of the First Baptist Church, will speak on "One Thing Thou Lackest" at the 11 o'clock service Sunday morning. At 8 o'clock that night his subject will be "Perils of Youth."

The Mississippi and the Missouri are the only rivers in the United States longer than the Rio Grande.

Church Ground Breaking Set

Mrs. Tennie E. Bynum, will turn the first shovel of dirt at the ground breaking ceremony Sunday afternoon at 3 o'clock for the new $25,000 Church of the Nazarene to be built at the corner of Thirtieth Street and Avenue G.

Mrs. Bynum, who now lives at Carlsbad, was a charter member of the Snyder church.

Construction will begin the following day. The tentative plans are for a white brick veneer building 40 feet wide and 92 feet long with a 34 by 32-foot wing. The educational department will be housed in the wing which is to be two stories. The upper story is to be completed on the inside at a later date, according to the pastor, the Rev. Henry C. Thomas.

The auditorium will seat about 200 with overflow facilities for another 100 persons. Included in the building will be about 14 classrooms, secretary's office, pastor's study and restrooms.

Plans are for the building to be completed in about three months, Mr. Thomas said.

AN INVITATION TO YOU

To Attend A Gospel Meeting At The Hermleigh Church Of Christ

Your Speaker .....Ralph Aycock
Your Song Leader ..Donald Ray Scott

And The Entire Congregation Will Welcome Your Presence.

Each Night . . . At 8 p.m.
July 26th . . . to August 2

Subject: Sunday Night, "Famous Mistakes"
Monday Night, "The Facts, Commands and Promises In God's Word."

Four Deacons ToBe Ordained

Ordinations services will be held at the Avenue D Baptist Church Sunday afternoon at 2:30 o'clock for four deacons, according to the Rev. Floyd Strickland, pastor.

Those to be ordained are E. J. Hardin, A. J. Greenway, C. D. Thompson and Ed Fenton. A. C. Hardin from the Lamesa Second Baptist Church will bring the charge to the deacons and the church.

Pastors and deacons from area churches will compose the examining body. The Rev. Jack O'Neal of the Green Hill Mission will deliver the sermon. Mrs. Strickland and Mrs. Carl Singley will sing accompanied by Mrs. A. J. Greenway.

This will be the first ordination of deacons in the history of the Avenue D church, Mr. Strickland said.

Wednesday Rains Meant $25 Million To Farmers

BALTIMORE (AP) — Agricultural experts figure a soaking rain that fell Wednesday night and early Thursday was worth about 25 million dollars to Maryland corn farmers.

Spokesmen at the University of Maryland College of Agriculture said about half of the 469,000 acres of corn, worth from $75 to $125 an acre, would have been lost if the rain hadn't come along to break up a month-long drouth.

Electric Cooperative Will Meet In Roby

The annual membership meeting of the Midwest Electric REA Cooperative, Inc., will be held Thursday and Friday in Roby, Sam A. Morgan, electrical advisor, has announced.

The meeting will be highlighted by the presentation of the Electric Fair, produced by the Texas Power Reserve and featuring H. R. Ray as Bozo the Clown.

2 To Mission School

Mrs. Lida Hardy, Miss Margaret Wilkinson and Mrs. C. E. Tyer will attend a Methodist school of missions in Lubbock which begins Monday. The study program is to continue through Friday.

Class Supper Planned

The Tinie Clark Class of the First Methodist Church will have a fried chicken supper at 7:30 tonight at the church. This class was recently organized for young married couples of the church.

One nautical mile measured 6,080 feet compared to 5,280 for a land mile.

WSCS Of Methodist Church Meets Monday

Members of the Women's Society for Christian Service of the First Methodist Church met Monday at the church for a monthly business discussion and program.

Following a period of quiet meditation, Mrs. Lida Hardy conducted the business meeting. Mrs. W. W. Park gave the devotional and Mrs. Fred Beaty led the program, "Laborers for Christ." Mrs. H. F. Clark, Jr., and Mrs. Stanley Kerbow gave discussions on the part of the church in the industrial age.

Mrs. J. W. Burleson, Mrs. D. P. Strayhorn and Mrs. R. C. Smith were hostesses for the covered dish luncheon which concluded the meeting.

Presbyterian Women Are Given Report

Mrs. Ronald Hubbard and Mrs. Herbert Feather gave a report Tuesday afternoon to the Presbuterian Women's Organization on a week-long meeting they attended in Bacone, Okla.

Mrs. Lee Stinson was hostess to the 15 members present.

The planet Mercury is about 36 million miles from the sun compared to about 93 million for the earth.

WHAT AM I LIVING FOR?

For Self. Far too many people live for self. Their motto is, "I want what I want when I want it!" The person with this concept is also self-righteous. His god is Self. Everything is right in his own eyes. He gauges other people by his own standard. He is not happy with himself, so he blames others for it!

For my family. The man who lives for his family will even quote scripture to support his idea (1 Tim. 5:8). He consoles himself with the thought that he certainly does not want to "deny the faith" or be "worse than an infidel." He thinks his high moral standard should surely "see him through." His good name in the community and his great sacrifices for his family become an obsession with him—they become his god.

For my church. Good, religious people often put their church first in their lives. They never question themselves whether it is the Lord's church. It never enters their minds that their church is not even mentioned in the Bible. Their parents, for generations, have been members of the same church. They think, "Surely, if it was good enough for them, it is good enough for me."

For my country. Patriotism can become a religion. A zealot with this concept can think, "My country, right or wrong!" He can even assure himself that if he gives his life in defense of his country, he is assured of a home in heaven.

For others. Many unselfish folk have as their religion, "service to others." This is noble. It motivates action. Sometimes it produces fear in the heart of man. "The fear of man bringeth a snare," says the wise man (Proverbs 29:25). The man who is obsessed with "what others think" cannot have convictions about a question until he sees what others are going to do. He thinks, "The majority is right."

For Christ. From the beginning of the Church of Christ on pentecost to this good day, there are those who have given themselves to Christ. They live for Christ. Like Paul, they say, "I am crucified with Christ: nevertheless I live; yet not I, but Christ liveth in me. (Gal 2:20)." A person with this concept esteems the will of Christ above all else. He knows His will is contained in the New Testament. He knows His will can be summed up in the two great commandments—Love God; love thy neighbor as thyself (Matt. 22: 36-40). This passage shows that a Christian is to share self love with his neighbor. It shows that a Christian is to love God, respect and rever His authority, and show that love by obeying His word. When a man so conducts himself, he is "crucified with Christ." He will provide for his family, be a good citizen, love others, and be a member of the Church of Christ —because he is living for Chrsit! His attitude is, "Lord, what do YOU want me to do, regardless of what the majority thinks." He can go to his New Testament and find the Lord's answer. This man knows what he is living for—he is living for Christ!

CHURCH OF CHRIST
1411—25th St.
TED NORTON, Evangelist

"Can Human Nature Be Changed?"

will be sermon topic discussed by Woodrow Adcock at the two worship services of the First Methodist Church, Sunday morning at 8:30 A. M. and 10:55 A. M.

Morning Service will Be Broadcast Sunday from 11:00 to 12:00 o'clock.

"More For Peace"

will be the title of a religious film to be shown Sunday night at 8 P. M. in the Sanctuary of The First Methodist Church.

Sunday School Classes for All Ages at 9:45 A. M.
Sunday Evening Fellowship Meetings at 7 P. M.
Mid-week Worship Service Every Wednesday at 7 A. M. (Followed By Breakfast Refreshments In Fellowship Hall.)

One thousand new members have been received into the First Methodist Church during the past four years.

You Are Always Welcome At The Church With A Warm Heart

FIRST METHODIST CHURCH

Ave. R and 27th St. Woodrow W. Adcock, Pastor

A CHANGE IN VIEW

There's nothing like a new perspective to change your attitude toward life.

When Junior is bored, he simply stands on his head for a new slant at things. The floor flips to the ceiling, with tables and chairs hanging from it, and people walk upside-down. At least that's the way it looks to him.

It is a good idea to gain a different perspective—to step back and get a new slant on things around you. But you don't have to stand on your head to do it.

Instead identify yourself with a church. Take your family and go regularly to worship. You will find a new perspective. Genuine values will keep their importance; unimportant things will diminish.

Today's life will be happier; tomorrow's full of hope. Nothing is upside-down, but everything claims its rightful place when you view life with the faith of a Christian.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

N. A. Green, owner and operator of Green's Cafe, 1613 Twenty-fifth Street, here is shown pondering just how to answer the many questions asked of him by the national cafe and restaurant magazine, "Diner & Restaurant," for a forthcoming article on his hobby of furnishing free employment for oil field workers as a side line to the operation of his cafe. (Lee Watson photograph)

EMPLOYMENT SERVICE

Trade Magazine Asks About Hobby Of Cafe Operator Here

National acclaim appears to be in store for Green's Cafe, 1613 Twenty-fifth Street, because of the hobby of N. A. Green, owner, in furnishing a free employment service for oil field workers.

Green received a letter from the cafe and restaurant trade magazine, "Diner & Restaurant," asking for full information about his hobby and his cafe. The magazine also requested pictures of Green, Mrs. Green, and the cafe, to be run with the article.

The list of questions asked by the magazine editor has Green scratching his head.

The editor of the magazine said he believes that Green's idea will be helpful to other cafe operators over the nation in building their businesses.

Locally, Green's hobby means money in the bank to him. He bought the cafe in 1951, just after the height of the boom was passing, and he saw something was needed to maintain the cafe's booming business.

At the same time there were more oil field roughnecks and other workers than there were jobs. Many of the unemployed were Green's customers, as were many drillers and tool pushers who employed roughnecks.

It was almost natural that Green begin his free employment service.

"I did it just to help my customers," Green said.

But he added that helping his customers find employment had helped him to keep his business volume up, because employed as well as unemployed oil field workers have made his cafe a meeting and eating place.

Green says that he still places oil field workers on a job every day, and as recently as July 9 placed 35 roughnecks on jobs in one two hour period when three new drilling rigs started operations here.

He said that his cafe has become something of a cross - roads for oil field workers from all over this part of the country, and that almost every oil field worker from Hobbs to Abilene and from all over the Permian Basin stop at his cafe when they are passing through.

The free employment service is not the full secret to the success of Green's Cafe as an eating place for oil field workers, however.

"Most of the men who eat here are hard workers, and they want plenty of meat, beans and potatoes, on their plates, and don't go in very strongly for fancy salads and deserts," Green said.

Huk Caves Are Found

MANILA (AP)—Army troops operating in the Bataan jungles across the bay from Manila have discovered a honeycomb of caves used by Communist-led Huk dissidents.

An Army spokesman said the caves afforded the Huks camouflaged lairs. A large number of troops had been ambushed in the area during the past year.

Witnesses Set Up Assembly

NEW YORK (AP)—Heat felled more than 300 Jehovah's Witnesses yesterday as 82,861 members of the sect jammed Yankee Stadium for the opening of their eight-day New World Society Assembly.

At one time the heat inside the big Bronx stadium was 92 although the official heat reading outside was 81.

The heat prostration cases were treated in both grandstand and bleachers as well as at first aid emergency stations. None of the victims was reported in serious condition.

More thousands of Witnesses were expected to trek to the stadium today for the assembly's second-day program, which emphasizes the group's international scope. Delegates are here from 96 countries outside the United States.

Yesterday's opening of the assembly presented a Yankee Stadium transformed from the home ball park of the traveling New York Yankees to a kingdom hall, the Jehovah's Witness term for a church.

Flowers ringed the infield; and the pitching mound bloomed as a formal garden. A green-boughed speakers' platform was placed above second base. Vivid posters decked the green girders of the stands.

Members of the sect, known formally as the Watchtower Bible and Tract Society, volunteered for various duties at the stadium and vicinity. Some were detailed to policing and handling traffic and cleaning duties. Others worked in huge kitchens set up to feed the members in tents near the stadium.

The opening ceremonies were heard by several thousand Jehovah's Witnesses who remained at New Market, N. J., to care for a huge trailer and tent city set up there to provide housing for 30,000 members. The ceremonies were carried over a direct telephone wire—leased by WBBR, the Watchtower radio station in Brooklyn—from the stadium to a public address system at the camp.

Dyed Hair Makes Some Check Casher Suckers As Many As 3 Times

BOSTON (AP)—Police today were holding a man they said admitted dyeing his hair three different colors to fool some store owners that many times with bogus checks.

Police Capt. George O'Donnell said James Cunningham, 26 had stored three bottles of hair dye—red, brown and black—in a subway station locker as part of his check-passing kit.

Cunningham is charged with passing more than 100 worthless checks, with many store owners, O'Donnell said, getting stuck as many as three times.

The dipper bird can endure cold 50 degrees below zero.

Wealthy Duke Dies In Night

LOCH MORE, Scotland (AP)—The Duke of Westminster, landlord of the American Embassy in London and one of the world's richest men, died last night at his estate here. He was 74.

The peer, four times married and three times divorced, owned vast estates in Scotland, Wales and England, as well as about 600 acres of London's expensive Mayfair and Chelsea neighborhoods.

Only this year he bought an island in the Fraser River in British Columbia and launched an industrial development project estimated to cost 63 million pounds ($176,400,000).

His London holdings alone were valued at 20 million pounds (56 million dollars) before World War II, and land values have increased greatly since then.

One of his biggest real estate deals was the letting of a long lease on part of Grosvenor Square —London's "Little America"—to the American government.

In the square are the embassy and other U. S. Government building. The price of this deal never was made public but one report estimated it at not less than a million pounds ($2,800,000).

Born Hugh Richard Arthur Grosvenor, he was the second Duke of Westminster, the 11th baronet in a line going back to 1622, and also the Marquess of Westminster, Earl Grosvenor, Viscount Belgrave and Baron Grosvenor.

He succeeded his grandfather, the first duke, in 1899. He leaves no son and the title now passes to his cousin, William Grosvenor, a 59-year-old invalid.

Westminster was one of the last British aristocrats to live in the grand style. His recreations were horse racing, fishing, yachting, shooting and hunting. Once he took 200 hounds and 20 horses to France for a boar hunt.

Senators To Stage Fight To Keep Air Force Spending High

WASHINGTON (AP) — Some senators talked today of staging an admittedly futile fight on the Senate floor for some of the five billions cut from new Air Force funds by the Eisenhower administration.

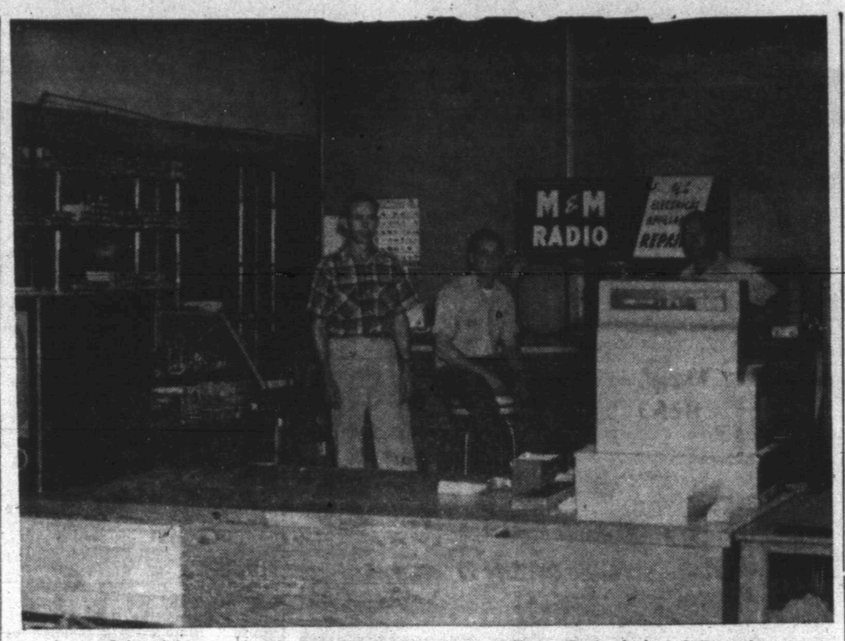

"We know we can't win it but if we make a good showing we may prevent the additional reductions voted by the House," said one senator who refused quotation by name.

Secretary of Defense Wilson, with President Eisenhower's public backing, has won every round in the congressional battle over the reduction in funds and size of the Air Force, from the budget recommendations of ex-President Truman.

The $34,511,302,000 defense money bill, carrying funds for the Air Force, Army and Navy, is scheduled for Senate action Wednesday.

Opposition To Visit

COLOMBO, Ceylon, July 18 (AP) — The forthcoming visit of Queen Elizabeth II to Ceylon next April is becoming increasingly involved in local politics. Meetings are being held in various parts of the island protesting elimination of a rice subsidy because of an economic crisis and also recommending that the royal visit be scrapped as too expensive.

Larry Cole, right, an electrical engineering graduate of Texas Technological College, became a new partner in the M & M Radio-Electric Co. now in a new location at 1007 Twenty-fifth Street, next door to the Village Restaurant. At left is Milton Mapes, former owner and now a partner, and E. J. Vineyard, radio and television technician. All three members of the firm have had extensive experience as radio, television, and small appliance repairmen. (Lee Watson photograph)

GETS TECH GRAD

Electric Firm Moves, Adds New Partner And Technician

Addition of a new partner in the M & M Radio - Electric Co., and a new location for the firm at 1007 Twenty - fifth Street, was announced by Milton Mapes, former owner and now a partner, last week.

Larry Cole, an electrical engineering graduate of Texas Technological College, is the new partner in the firm. Cole has served two hitches in the Navy as an electronics officer, one of which was for four years, and has more recently been an electrical engineer for an oil field servicing company in this area.

The repair and service departments of the business have been greatly expanded by the addition of personnel and by the move to a larger location, Mapes said.

"We can now give one day service, and in many cases same-day service, on all appliance repair jobs," Mapes added.

He said that his firm has a complete stock of parts for electrical appliances so that repairs can be easily and quickly made without the delay of ordering parts from a distant city or factory.

The addition of E. J. Vineyard, radio and television technician and appliance repairman was also announced by Mapes. Vineyard has graduated from five different electronics technical schools which taught the complete engineering and repair of television, radio, radar, and electrical appliances, Mapes stated.

At the new location of M & M Radio-Electric, a complete line of new small appliances, and Crosley Shelvadore refrigerators will be sold.

Mapes said that the Crosley Shelvador refrigerator offers as an exclusive feature a choice of doors that open either from the right or left hand sides, to fit the needs of any kitchen arrangement.

Says Chinese Stole His Ship

HONG KONG (AP)—Capt. Antonio Marques, whose steamship Nidar fell into the hands of the Chinese Nationalists last December, claimed today his ship was seized by a Nationalist warship on the high seas.

Chiang Kai-shek's Marine Department and Foreign Office, he said, announced later that the 2,760-ton Nidar had been pirated by its crew and taken to Formosa.

Marques, in a signed article in the Hong Kong Standard, denied this and asserted that Nidar actually was intercepted on Dec. 17 by a Nationalist gunboat and forced to proceed to Kaohsiung, south to Formosa.

The Nidar flew the Panama flag and was owned by the British-Norwegian firm, Wallem and Company of Hong Kong.

It had 2,000 tons of scrap iron aboard consigned to Japanese ports.

Chiang's government later charged that the Nidar, under a previous captain, had engaged in trade with Red China. The Nationalists therefore claimed the ship and on June 9 ran up the Chinese Nationalist flag.

Heart Trouble In War Deaths

CHICAGO (AP) —Three military doctors reported today they found some evidence of heart disease in more than three - fourths of a group of supposedly healthy young soldiers killed in action in Korea.

The average age of the 300 soldiers examined in autopsies was 22.1 years. None had shown any previous evidence of heart disease.

The extent of their heart disease ranged from a fibrous thickening of a heart artery to a complete plugging of one or more branches of the coronary arterial tree.

A thickening of the inner wall of an artery is regarded as a preliminary or early stage of hardening of the arteries. The actual plugging of an artery—a later and sometimes fatal manifestation—is caused by the formation of plaques or hard blood clots on an artery wall.

The study was made by Maj. William F. Enos, Lt. Col. Robert H. Holmes, and Capt. James Beyer, all with the Armed Forces Institute of Pathology, Washington, D. C.

They did not theorize, in their study, whether the stress or strain of combat was a factor in the high percentage of heart cases found.

Writing in the Journal of the American Medical Association, they said "some gross evidence of coronay disease was demonstrated" in 77.3 per cent of the 300 soldiers examined.

An ordinary bottle cork may contain 750 million tiny air cells.

Tires To Last Long As Car Are Foreseen

NEW YORK (AP)—Keenly competing tire companies are working hard on the tire of tomorrow.

Some say the tire that will last as long as your car is no pipe dream, just a few more kinks to work out.

Rubber companies are concentrating, too, on special tires for special purposes, tires that perform better on difficult ground, on ice or mud, at high speeds. Their scientists talk of new standards of safety. The tubeless tire is getting quite a plugging.

New forms of synthetic rubber are being perfected that will make present day tires seem obsolete.

They are experimenting with textiles for tire cords. The battle of the fibers is getting keener. First it was cotton tire cord. Then rayon pretty much conquered the field. This year all-nylon cord is coming up fast.

Du Pont put out this week a super-super rayon tire cord it plugs as 20 per cent stronger than "existing high-tenacity yarn."

Goodyear is out with an all-nylon cord passenger car tire it says gets 20 per cent more mileage, because it is 80 per cent stronger than conventional cord and takes twice the road punishment.

U. S. Rubber boasts of a nylon cord with up to 95 per cent more strength that cuts the weight of a tire by as much as two pounds.

Braves Make Do Or Die Stand In Ebbets Field For 4 Games

By BEN PHLEGAR
Associated Press Sports Writer

It takes a Brave team to invade Ebbets Field these days so Milwaukee opens a 4-game series in the home of the Brooklyn Dodgers tonight.

This is another of those "do or die" clashes that keep popping up all season. The Dodgers feel they've got the Braves on the ropes by now with a 5½ game lead and the season moving rapidly toward the two-thirds mark.

A 4-game Brooklyn sweep would pretty well write an unhappy ending to the first edition of Charlie Grimm's Milwaukee Fairy Tale. Although even a first division club probably will be welcome in the strike-bound brewery center which has gone hog wild over major league ball, a first year winner would have been mighty nice.

The Braves aren't through yet and they may be just the team to cool off the Dodgers who have won 10 of their last 11. Milwaukee is the only club in the league with a season's edge over the Dodgers in Brooklyn, having won three of the five games played there so far.

Both Brooklyn and the Braves were rained out yesterday so they'll go into tonight's game with a welcome day of rest. The Dodgers were supposed to play Chicago and Milwaukee was scheduled at Philadelphia. The rain also cut short the St. Louis Cardinals' series with the New York Giants. Cincinnati beat Pittsburgh 7-0 in the only National League game played.

The big noise in the American League was the collapse of the New York Yankees in Cleveland for the third straight game. This time the World Champions looked like real country bumpkins as they were swamped, 10-2.

The Chicago White Sox muffed their chance to close in on the Yanks when they bowed to Boston, 4-3. The White Sox trail by 4½ games.

Detroit's slumbering Tigers popped up with a 4-game winning streak, taking a pair from Washington 9-6 in 10 innings and 5-4. The victories moved the Tigers within half a game of the seventh place St. Louis Browns who lost to Philadelphia, 7-4, in 14 innings.

The Yankees tried a couple of their young pitchers against Cleveland and the Indians battered them for 14 hits and 10 runs in the first six innings. Tom Gorman made his first start and lasted into the fifth inning. Art Schallock toiled two and gave up five runs, four of them unearned because of an error by first baseman Don Bollweg.

Home runs figured strongly in the Cleveland victory. George Strickland hit one with two on and Al Rosen with the bases empty in the fifth. Luke Easter opened the scoring with one in the second. Early Wynn posted his 10th victory.

At Chicago, Hector (Skinny) Brown came back to haunt his old White Sox teammates with a 4-hitter for his seventh straight victory. He gave up two runs without a hit in the second inning when he walked three men. He then pitched hitless ball from the fourth until Jim Rivera hit a home run in the ninth.

Ray Boone, who says he likes it better with last place Detroit than he did with first division Cleveland hit a 3-run homer in the 10th inning for the Tigers' first game victory over Washington. Home runs by Jim Delsing and Bob Nieman, and a timely 2-run single by Gerry Priddy helped Ted Gray win his fifth game in the nightcap.

The Athletics solved Satch Paige's relief efforts for four hits and three runs in the 14th to win their marathon at St. Louis. Eddie Robinson brought home two of the tallies with a triple.

Harry Perkowski won his eighth game for Cincinnati as he scattered eight hits for the shutout. The loss was the 13th for little Murry Dickson.

Last Chance To Stop Yanks Comes Tonight

The last games of the regular Little League schedule come up tonight when the Kiwanis Braves will attempt to knock the Legion Yankees out of first place.

The Braves, by downing the Yanks, could force the leading team into a tie for top and play-off for championship of the last half of the league. The Yankees won the first half, and if they win tonight's game they will be undisputed champs of the league as winners of both halves.

The two teams will meet at 9 o'clock. At 7 o'clock, the Optimist Cardinals, third place team, will meet the Holder Indians, fifth place. loss by the Braves and win by the Cards would tie the two teams for second place in this half.

In last night's play, the Lions Cubs downed the Indians 10-1, while the Cards trimmed the Quartreback Giants 9-3.

Devane Jones pitched the entire game for the Cubs, allowing the Indians only two hits. Ollie McKeown, Tommy Minton, and Neal Boyd, Indian hurlers, gave up five hits.

Gayle Courtney was winning hurler for the Cards, while Barry Walker and Tommy Blakely pitched for the Giants. Each team gained three hits. Courtney struck out 13, and Blakely fanned seven.

OUT AT HOME

Although Willard Marshall of the Cincinnati Redlegs seems to be grimacing in pain, the only anguish in this play resulted from Marshall's being tagged out at home plate by Catcher Mike Sandlock of the Pittsburgh Pirates. Marshall tried to score from third base in the first inning of game at Pittsburgh on Hobie Landrith's fly to left field. Hal Rice's perfect peg nipped the Redleg outfielder.

OFF THE BENCH

Gil Hodges Making One Of Best Comebacks In Baseball

By JACK HAND

NEW YORK (AP)—Gil Hodges wore the goat's uniform gracefully, but mournfully, last World Series time. Blanked 0-for-21, the Brooklyn first baseman went into the books with the worst batting record in all series history.

"That was only the World Series," they said. "Watch him snap back next spring."

But Gil didn't snap back. In mid-May he was hitting a sad .181. The man of muscle with the blacksmith's biceps didn't hit a home run in the first 17 games and drove in only one run. This from the fellow who, in 1951, inspired daily tables comparing his pace with Babe Ruth's all time record of 60 home runs.

What happened? Did World Series failure destroy his confidence? Did the Yankee pitchers really find his number? Did National League pitchers now know the secret

It looked like a combination of the three. As late as Memorial Day Eve, Hodges, normally an extra base powerhouse, had only one hit longer than a single—one home run.

Chuck Dressen went along with him, longer than any other manager would have gone, but finally he had to bench Hodges. Brooklyn fans, long conditioned to spectacular failure in the pre-MacPhail era, took Gil to their bosoms as a fallen brother. No slumping athlete ever had more fan support than Hodges in those trying days. You would have thought he had won the pennant when he finally hit that first home run.

One quick look at the daily averages tells the story of the Hodges comeback. Harnessing his power with a new stance, Hodges slowly moved up among the leaders. When he had five runs batted in, Roy Campanella had 46. Now he has passed Campy for the National League lead, 85 to 84. His 23 home runs throw him into the tick of the race. At .316 his batting average is among the first 10.

Hodges talked about his slump—and cure—yesterday on an off day in his Brooklyn home. A fine gentleman, devoted to his family, Gil personifies all that is good in baseball.

"I can't express my feelings," he said. "The fans were so good to me. They really treated me wonderfully. I can never do enough to even things.

"The turning point? It was right after I was benched. We were on the road in Cincinnati when Charley told me to sit out a few games. I didn't blame him. He had been very patient. I still was on the bench when we came back to New York to play the Giants in the Polo Grounds.

"We were losing when Charley called on me as a pinch hitter. I came through with a single, off Dave Koslo, I think. That was it. I was back in the lineup the next day and, although I didn't hit again for a couple of days, I was on my way. That one hit relaxed me.

"Changing my stance helped too. Charley and the coaches—Billy Herman, Cookie Lavagetto and Jake Pitler—all worked on it. I was moving my feet around, trying to break the slump when I finally found it. I moved my right foot back a little and my left up, it's kind of hard to explain. It helps me get that outside pitch I used to miss."

Doubleheader Saturday In Softball League

Humble will meet Standard of Texas in a doubleheader tomorrow night here in the Texas Softball League.

Humble officials said that Clay Fagan will start as pitcher in the first game at 8 o'clock, while either Potsi Neeper or Charlie White will start in the second game.

Ted Masters is probable starter for Standard.

Miniature Golf Meet Set For Next Tuesday

About six entries have been turned in for the miniature golf tourney to be held at Gibson's Golf Course next Tuesday and Wednesday.

Gene Gibson, owner of the course, said entry deadline is Monday night. The tourney was scheduled this week but was postponed because of rain.

Entry fee is $2. The tourney will be run in foursomes.

Tigers Push Ahead Again

The Courthouse Tigers, who won the first half of the Pony League schedule, pushed to the top early in the second half last night by shutting out the Lions Club Phillies 1-0.

The Tigers and Phillies had been tied for first. Now the Phillies are tied for second with the Von Roeder Red Sox, who edged the Scurry Butane Dodgers 9-8 last night.

The Tigers and their opponents went five innings without scoring a run. In the bottom of the sixth, Tommy Prtichard slammed a home run for the Tigers.

Dwayne Prince, winning hurler, allowed the Phillies only one hit. He fanned 15 and walked three. Robbie Robinson, loser, gave up three hits and only one walk. He struck out seven. The Phillies committed one error, and the Tigers had none.

The Red Sox led their game all the way, but the Dodgers almost caught up in the last inning when they brought in six runs.

Darrell Parrish, Red Sox pitcher, gave up 13 hits and five walks, fanning only five. The loser, Ronnie Baker, fanned six, walked only two, and allowed seven hits. The Red Sox committed 10 errors, and the Dodgers had seven.

The Red Sox and Phillies will eliminate their tie for second when they meet at 7 o'clock tonight. At 9 o'clock, the Tigers will be matched with the Dodgers.

Confidence In Yank Tennis Players Noted

KINGSTON, Jamaica (AP)—Brimming confidence, United States Davis Cup Captain Gardnar Mulloy today predicted Uncle Sam has a better than even chance to bring the mug home this year.

With his team leading the British West Indies 2-0 and needing only one more victory to clinch the Seccon Round North American Zone tie, Mulloy took a look almost five months ahead.

"Man for man our team is as good as the Australians," he said. "Therefore I think we have a better than even chance to win the cup — provided, of course, we get to the challenge round."

Mulloy won his first singles against the British West Indies No. 1 player, Ian McDonald, 6-1, 6-3, 6-0 yesterday and Bernard Bartzen of San Angelo, Tex., took the other singles 6-1, 6-2, 6-2.

Yearly consumption of milk products has decreased four pounds per person in the U. S. since 1909.

Playoffs For Pony League

Playoffs begin tonight in this area for the Pony League, with the Snyder all-stars playing tomorrow night.

The Snyder group still does not know which team it will play. Meeting tonight are all-stars of the Big Spring and Sweetwater leagues. The team from Snyder will meet the winner of that game on the winner's field tomorrow night.

If Snyder wins that game, the team will go to Abilene for the district finals with three other teams. The winner there will go to the state tourney at San Antonio.

Managing the all-stars are representatives from each of the four league teams here. They are Virgil Joines, Bill Wilkinson, Bill Morgan, Arel Faver, and Jake Hodges.

All-Stars are Bobby Slaton, Jimmy Allen, Joe Reeves, Tommy Pritchard, and Gary Vice, all of the Courthouse Tigers; Orville Paulk, David Hale, and Darrell Parrish, all of the Von Roeder Red Sox; Tommy Morris, Don McNew, and Robbie Robinson, all of the Lions Phillies; Dwayne Prince, Tommy Falls, Milton Ham, and Ronny Baker, all of the Scurry Butane Dodgers.

Boat Waits For Man To Land 63-Pound Fish

KETCHIKAN, Alaska (AP) — On his first trip to the North, J. W. Rich of Woolrich, Pa., got the kind of a fishing thrill that many Alaskans eye enviously for a lifetime.

He also had the unique distinction of having a passenger liner wait in the harbor until he could land his catch, while his fellow passengers cheered from the rail.

He hooked a 63-pound salmon in the Prince Rupert, B. C. harbor. He went "round and round" the bay — past sailing time — in the long but successful battle to land it.

Rich is an executive of the Woolrich Woolen Mills.

Ted Williams About To Get His Release

WASHINGTON (AP)—Ted Williams will be released by the Marine Corps about Aug. 1 and, conceivably, get back into the Boston Red Sox outfield before the end of the season.

"Whatever the Red Sox say, I'll do," Williams said. "I don't know if I'll be able to help anybody. I figure it will be a month before I'll really be ready."

Williams is under observation and treatment at the Bethseda Naval Hospital for an ear ailment which forced him to be grounded as a jet pilot in Korea. He returned July 9.

Jones Honors Hogan During Testimonial

NEW YORK, July 24 (AP)—Atlanta's immortal Grand Slammer didn't flinch when he came face-to-face with golf's most discussed issue—who was better, Ben Hogan or Bobby Jones?

"People are running faster, jumping higher and jumping farther than ever before," Jones told a dinner group honoring Hogan last night. "It is only natural they should play golf better, too.

Ben has proved they can."

"It wasn't exactly a concession, as some so interpreted. It was a gracious and modest statement by a man who recognizes changing times and improving techniques.

Pressed further on the subject privately, Jones, who retired at 28 with 13 U. N. and British national championships, said:

"When I was 28 (that was the year of his grand slam) I thought I could hold my own with anyone over 72 holes. But I'm sure glad I didn't have to play that fellow (Hogan).

"But in 1975 there will come another and people will be saying he could beat Hogan or Jones or anybody. That's the way it goes."

Jones headed a star-spangled cast of former golf champions who paid tribute to Hogan at a dinner staged by the U. S. Golf Association.

The Grand Slammer, in 1951 voted the greatest golfer of the century, received a long, standing ovation when he rose to speak.

Jones said when he, Walter Hagen and Gene Sarazen were fighting for championships that theory was that a player had to have at least one bad round in 72 holes—"If we didn't blow up the third round, we did the fourth."

"You have set a new pattern in scoring," the Atlantan said, addressing Hogan. "You have set the ultimate pattern by playing four superb rounds—particularly the last one."

Then he concluded: "How vast is my admiration for your skill, courage and qualities as a man and sportsman."

Hogan, after receiving a hand-engrossed resolution praising him for his four U. S. Open and his recent British Open championships, responded with a shaking voice.

"What I did I didn't do alone," he said. "Some day I hope I can repay golf for all it's done for me."

Gene Sarazen, who like Jones and Hogan also won the British and U. S. Opens in the same year, declared: "It's a fine coincidence that England should crown a queen the same year golf crowned a king."

Termites of the species Coptotermes niger have been called the inventors of chemical warfare because their "soldiers" secrete a corrosive, milky substance from their heads.
