

State Grid Playoffs Enter Quarterfinals

Teams still in the running for final playoff berths in the Texas High School football race really get down to serious business as quarterfinals begins in most divisions.

In the big AAAA race, the mighty defending champions Eagles of Abilene, unbeaten, untied and unextended romped past El Paso 61-0 last week and the only possible contender to head off the Eagles at this time seems to be Tyler who is expected to meet Abilene in the finals.

Ranger's Bulldogs, bruised and crippled since their 20-16 victory over the big McCamey Badgers meet Stinnett Saturday at Childress. Stinnett since its opening 12-12 tie with Hollis, Okla., has been unextended in romping to the regional crown over 11 opponents.

Also in the Class A race, defending champion Deer Park led the field last week in blasting unbeaten and untied Industrial of Vanderbilt and now faces Hebbronville in the quarterfinals. Hebbronville got the berth by outpenetrating the strong Hondo Owls in a 20-20 duel.

Chillicothe, who eased by Rockwall 20-13 last week is expected to have little trouble with Levett's Chapel this Friday. Pending a victory by both Ranger and Chillicothe, the two will meet in the semi-finals round the preceding week.

The AA spotlight shifts to Breckenridge this week where the Buckies try Stamford, last week's 13-0 victors over defending champions, Phillips. Phillips had scored a tremendous 534 points in 11 games before running into the defensive powerhouse of Stamford, who held the highest scoring offense in the state to a mere 90 yards on the ground.

Stamford, unbeaten and untied will be extended this week by the Buckies, who Friday overpowered

the Crane Cranes, 28-6. Breckenridge has been beaten only by Abilene and Wichita Falls, both AAAA outfits.

Luling, who quietly annexed its district crown awoke like a sleeping giant in post season play and last week plastered Franklin 41-0 and will play Crosby, 34-12, victor over Alto Friday at Brenham, in the Class A race.

Cantrell Grabs Late Fourth Period Pass

Quarterback Paul Hinds and End Jerry Cantrell collaborated on a 21-yard pass and run play in the final 18 seconds of their regional clash with McCamey in Ranger Saturday to squeeze by the Badgers 20-16 and gain the privilege of meeting the Stinnett Rattlers in the State's Class A football playoff.

Trailing the entire three periods of the contest, and behind 16-13 with only 4:20 left in the final quarter, a punt off the toe of McCamey's Nelson Huffman bounced past Jerry Wharton who picked up the erratic ball on his own five yard line and sprinted to the eight before he was swarmed by a bevy of the orange colored Badgers, in a squeeze that left hardly any hope for the Bulldogs.

Bud Hinds, returning to the lineup after he was taken from the field with a leg injury guided the Bulldogs 93 yards to their final and winning score in 18 plays which included a five-yard penalty against Ranger that drew disfavor that placed the ball on the McCamey 44.

In this series, Hinds and Jerry

sensation of the endowment and from the crowd and a 15-yard holding penalty against the Badgers.

The payoff drive was sparked by Hinds' passes and the running of brother halfbacks, Jerry and David Wharton. Longest gainer of the series was a 16-yard sprint by David over his own right tackle Wharton, mustered a crucial first down each that was completed with only four inches of the nose of the ball protruding forward from the measuring chains.

McCamey's 230-pound tackle, All-State Shelby Hudson, opened the game's scoring as he broke into the Ranger backfield at 5:40 in the first period, took a hand-off from David Wharton, and lumbered into the end zone, 32 yards away. Huffman added the point from placement.

Martinez Scores

McCamey drove 55 yards in 11 plays and one-five yard penalty, for a touchdown the first time they had possession of the ball in the second period. Gilberto Martinez took a pitchout 13 yards around his left end for the Badgers second score. Huffman again converted giving the Badgers a 14-0 lead which they attempted to protect with three punts that carried for a 63 yard average.

The Bulldogs roared back with a display of power that carried the regional winners 68 yards in 13 plays to their first score of the contest at 8:40 in the second quarter. David Wharton ripped his right tackle for 11 yards and a first down at the Ranger 44.

Hinds and Jerry Wharton picked up a second first down in the series in four consecutive ground plays, and David Wharton again shredded the right half of his line for another 12 yards and a first down at the McCamey 31. Hinds hit End Boone Carroll Yarbrough with an aerial at the 21 and Jerry and David Wharton belled to the McCamey 10.

Bulldogs Meet Stinnett At Childress Sat.

Ranger's quarterfinals clash with the Stinnett Rattlers will be played Saturday afternoon at Childress at 2 p.m., the officials of the two schools decided here following the Bulldogs win over McCamey last week.

G. B. Rush, superintendent of schools, Coaches Boone Yarbrough and members of the Ranger school board negotiated with Daniel Rasm, Clinton Williams and Don Seymour of Stinnett.

In an hour-long session, the two groups decided on the Saturday afternoon meeting after Stinnett representatives had proposed a Friday night game at Childress. Ranger officials proposed an afternoon meeting at Vernon.

Ranger agreed on the Childress site after Stinnett agreed to an afternoon contest.

By Lee Harr

The wealthy Lothario was telling the girl he expected to make his fifth wife how much he loved her.

Breathlessly she listened and then protested, "But, I've heard some awful stories about you."

"Don't worry about that," he smiled. "They're nothing but old wives' tales."

It's very seldom that you will ever hear of us complaining of officiating in any type of sports, especially when it happens to be the team we're pulling for that comes out on the winning side.

However, a couple of calls and a couple of times that there was no call made in the Ranger-McCamey regional grid clash Saturday left us just about as limp as a well-used dish rag. Bad calls are sometimes frequent when a team is participating away from home, but it is the first time we have ever seen the home team take such a beating by the officials.

Others also felt the same way evidently. The Fort Worth Star-Telegram called the final five yard offside penalty against the Bulldogs, "adverse." Mr. Webster defines the word, "I. antagonistic in purpose or effect. 2. Opposing one's interest or desire."

Possibly the Bulldog's utilization of the TCU spread late in the fourth period was quite shocking to most of Ranger's most observant fans. As many afternoons that we have stood on the cold, wind-blown practice field, we have never seen the Bulldogs employ the spread in offensive practice.

Just when it was developed, we can't tell. However, the Bulldogs used the spread quite frequently last year and it was the crux in the Bulldogs 21-21 tie with Mineral Wells team in 1954.

And of course it was partially responsible for the Bulldog victory Saturday for it was from this formation that the winning touchdown pass was thrown.

Walter Arterburn, Bulldog announcer from the press box, froze to the microphone when the Bulldogs scored late to win the regional test. He repeated, "Ranger scored on a pass with just 18 seconds left," time-and time again.

Boone Yarbrough kept repeating, "He never quit playing," in the field house after the game.

McCamey fans and players alike left the field in stunned disbelief. They had led until only 18 seconds remained in the contest then saw their margin dissolve before the Bulldog onslaught.

So, a contest with such a fabulous ending has varied effects on both the loser and winner.

It appears to us that Shelby Hudson, McCamey's 230-pound tackle who has been chosen on some unofficial state teams, did (Continued on Page 6)

Weather Warms After Two Cold Fronts Hit Here

Two separate cold fronts that moved into the area over the weekend were losing the force of its power as temperatures began to warm up slightly today.

The fronts brought snow up to four inches into the Panhandle Sunday and Monday, however, there was only little moisture reported in other portions of the state.

No new fronts are yet in the weather picture, and the chances for rains from Monday's shallow cold formations, was practically nil as the front moved south Monday afternoon.

College Endowment Plan Gets Approval

Ranger can have a junior college plant sufficient for its needs through an endowment foundation.

This was the conclusion of all participating members of both the college endowment advisory committee and the ex-students association committee which met jointly in the college library building Thursday evening.

This need for expansion was further emphasized by Dr. Price Ashton, president, when he stated that there will unquestionably be not less than 1,000 students requesting admission within the next three or four years, providing an additional major college building is planned and erected in sufficient time.

A prospectus outlining a building and endowment foundation which had been prepared by the chairman, B. H. Peacock, was unanimously approved by the joint committees.

This proposal, with recommendations for its endorsement was forwarded Friday to Dr. Ashton and the Board of Regents.

It was further unanimously decided by the joint committee that exploration plans for an administration building be started immediately. Although present plans for this phase of the college building program are in the visionary stage, initiation of such plans should prove helpful in the pre-building program. Judson Hardy, of the college's mathematics department of the college, who is an experienced architect, was invited

to prepare and submit these plans to the president and Board of Regents.

The committees also accepted the offer of Peacock, former city engineer, to conduct a survey and plot plans of the college area to be used in future planning.

Participating members of the College Endowment Advisory Committee were Peacock, W. F. Cragger, Mrs. L. H. Hagaman and S. M. McAnelly.

The Ex-Students Association Committee in attendance included Lee Russell, chairman; Alvis Wood, Mrs. O. C. Warden and Mrs. Morris Campbell.

Dr. Roy Wellbourne, dean of the college, and Hardy were guests of the committees.

Soda Recipes Create Goodies Like Grandma's

BY DOROTHY MADDOX

EVER try using old-fashioned baking soda in cookies and cakes? Our grandmothers did, and their baking was something to remember. So let's try a few soda recipes. You won't be disappointed.

Paleface Brownies (16)
One cup sifted, all-purpose flour; 1/4 teaspoon baking soda, 1/2 teaspoon salt, 1/4 cup shortening, melted and cooled; 1 cup firmly packed brown sugar, 2 eggs, beaten; 1 teaspoon vanilla extract, 1 tablespoon vinegar, 1/2 cup chocolate pieces (3 ounces).
Sift together flour, baking soda and salt. Combine shortening, sugar, eggs and vanilla extract. Blend in dry ingredients and vinegar, mixing until smooth. Stir in chocolate pieces. Spread in greased, 8-inch square pan.
Bake in a moderate oven (350 degrees F.) about 30 minutes. Cool slightly and cut into squares. Cool thoroughly.

Peanut Butter Cake (Two 8-inch round layers)
Two cups sifted cake flour, 1 teaspoon baking soda, 1/2 teaspoon salt, 1/2 cup creamy peanut butter, 1/4 cup shortening, 1 cup firmly packed brown sugar, 1 teaspoon vanilla extract, 2 eggs, 1/2 cup milk, 1/4 cup vinegar.
Sift flour, baking soda, and salt together.
Cream together peanut butter, shortening, sugar and vanilla extract until soft and smooth. Beat in eggs until mixture is light and fluffy.
Add dry ingredients alternately with milk and vinegar, begin-

ning and ending with dry ingredients; beat until mixture is blended after each addition.
Pour equal amounts of batter into each of two greased and floured 8-inch round layer cake pans. Bake in a moderate oven (375 degrees F.) 20 to 25 minutes. Cool before frosting with peanut butter frosting.

ONE-A-DAY HOME HINTS INDOOR SUNSHINE

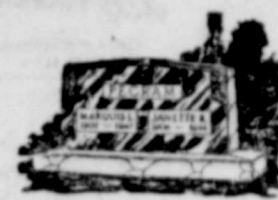

Drying, once a hit-or-miss proposition, has now become an any-day-of-the-week affair, according to the Gas Appliance Manufacturers Association, which admits it knows very little about the weather but a great deal about washing. It says that the development of the gas clothes dryer has not only brought the sunshine indoors, but has improved on it as well. Laboratory experiments show that clothes dried as many as 20 times in a gas clothes dryer do not appreciably fade or lose color brilliance. Speed is another factor which has boomed the sales of gas dryers, since clothes can be damp-dried in 15 minutes or fluff-dried in 30.

Dogs—

(Continued from Page One)
contest Saturday, struck for three yards, Jerry Wharton added two before he struck for the final five over his left tackle. His placement kick was also good.

Taking the opening second half kickoff on their own 32, the Bulldogs matched 68 yards in 13 plays for their second score at 4:10. The entire Bulldog backfield contributed in moving to their second score. All four picked up at least one first down, too often on fourth down attempts that were completed by only scant inches.

The Badgers, with a highly effective passing attack, moved to the Ranger nine before the half-time clock caught them there just as Ritchie had received a 19 yard air strike. On the previous play, he had taken a 38 yard toss from this own 29.

Tommy Stephens recovered David Wharton's fumble in the third frame at the Ranger 34 and the Badgers moved to within five yards of a score before they were turned back.

Badger Quarterback Johnny Nicholas struck Ritchie with a 17 yard toss to the Ranger 17. Nicholas and Ritchie combined for 12 yards to the Ranger five for a first down, but then the Bulldog defense tightened and three running plays and a two-yard pass lost two yards and Ranger took possession of the ball on their own seven yard line setting the stage for the blocked kick and McCamey's final two points.

Desperate at times and ragged even more often, the Bulldogs did manage to hold a big advantage over the Badgers statistic-wise.

Ranger ran up 22 first downs to only seven for the Badgers. They amassed 291 yards rushing to the loser's 138 while McCamey held a 98 to 53 passing margin over the winners.

Ball Possession

Playing a deadly game of possession, for the second consecutive week, the Bulldogs monopolized the ball for 81 plays from scrimmage while the Badgers found time for only 52.

Jerry Wharton's 14-yard blast over left tackle to the McCamey four was the actual payoff play of the series and cleared the way for his second touchdown of the day with a two-yard blast two plays later. However, his placement kick was wide and the Badgers led 14-13.

The Badgers moved to the Ranger seven early in the fourth period after End Tommy Stephens recovered David Wharton's fumble at the Ranger 32, but turned the ball over on downs when the Bulldog tightly-knit defense line refused their scoring offering.

Punt Blocked

Paul Hinds was injured during the series and Ranger was pushed from its seven back to the five in three plays. On fourth down, Henson charged in to block reserve quarterback Charles Wolford's punt and to score a McCamey safety giving the Badgers a 16-13 margin.

Wolford's free punt went to Byron Ritchie, who returned to the McCamey 48. Two ground plays and a five yard penalty lost six yards for the Badgers before Jerry Wharton intercepted a pass at

his own 20 and raced to the McCamey 36 before he was stopped by Huffman. But the Badger defense held and took possession at their own 31. Three plays failed to gain for the Badgers, but a cloud of dismay hung over the Bulldog camp as Ranger took possession on their seven.

Then in came Hinds with only 4:20 remaining to guide his mates 72 yards then hit Cantrell with the game-winning aerial from the McCamey 21 with only 18 seconds remaining.

Both teams had other scoring opportunities but both failed to find the necessary scoring punch. In the first quarter the Bulldogs, not nearly as impressive and effective as they were against Albany, moved to the McCamey 14 before a fourth down caught them.

not play according to his pre-game publicity. He was more than a fair ball carrier and was responsible for eight of the Badgers points.

He was not particularly effective offensively however, and missed more tumbles than a player of his calibre should. In fact, the guard playing next to him, Raelford McElhenny was far superior, generally.

Robt. W. Head Funeral Rites Are Conducted

Funeral services were held at 2 p.m. Saturday at Wylie Funeral Chapel in Cisco for Robert W. Head, with the Rev. Mart Agnew, pastor of the Okra Baptist Church, officiating. Burial was in the Nimrod Cemetery.

Chest Goal At Cisco Is Met

"A job well done," was the comment of Cisco Community Chest officials this week as they announced that the goal of \$8,500 set by the Chest as the budget for all 11 participating agencies for the coming year had been reached.

Kenneth Cooper, assistant treasurer who handled the tabulation of the gifts, reported that \$8,662.02 had been pledged or turned in to his office, and that some five or six out of town firms were yet to be heard from.

Chest officials expressed appreciation to G. R. Nance and W. C. Hogue, who headed the drive for the Rotary Club, for the work they had done in reaching the goal.

Cole Tells Of FHA Loan Extension Plan As It Will Operate

Homer P. Cole, manager of the Farmers Home Administration office here, told how the extension of loan arrangements will operate.

The Farmers Home Administration emergency loan program has been extended in Texas for the 1956 crop year, according to Walter T. McKay, the agency's state director.

McKay stated that authorization for the extension was given by Secretary of Agriculture Benson in keeping with the Department of Agriculture's policy of continuing emergency assistance measures where necessary.

Under the extension of the program, loans will be made through December 31 1956. Loans may be made in all counties in the state except in the 57 west

Texas counties designated on September 15, 1955, for the Great Plains Special Credit Program.

During the fiscal year which ended June 30, 1955, emergency loans totaling more than \$33,000,000.00 were made to Texas farmers and ranchers. Considering the prolonged drought conditions, collections on these loans are very good, McKay stated.

Emergency loans are made in areas where the Secretary of Agriculture finds that there is a need for credit that is not available from other sources. The need may be due to the damage done by a natural disaster, such as drought, flood or hurricane, or to economic reasons.

To be eligible for an emergency loan, a farmer or rancher must be unable to obtain the credit he needs from any other source. In addition, he must be engaged primarily in farming, have suitable farming experience and reasonable prospects for success in the farming operations he plans to carry on with the loan.

Emergency Loans are made to finance normal operations. Loan funds can be used to purchase feed, seed, fertilizer, farm and

All entries must contain pecans and be in place by 11 a.m. Friday, Dec. 9. They shall remain in place until 4 p.m. Saturday, Dec. 10. Anyone, male or female, from this county or adjoining counties, can enter products in the show.

Use Your 'Noodle'---Economize With Noodle-Base Dishes

BY DOROTHY MADDOX

EGG noodles combine well with protein foods such as frankfurters and frozen fish fillets. Use these combinations to produce bountiful, one-dish meals.

Noodle-Star Casserole (Makes 4-6 servings)

One tablespoon salt, 3 quarts boiling water, 8 ounces medium egg noodles (about 4 cups), 2 10½-ounce cans condensed tomato soup, ½ cup milk, 1 cup grated, processed American cheese (about ½ pound), 1 small head cauliflower, broken into flowerets and cooked; 6 frankfurters, cut into quarters.

Add 1 tablespoon salt to rapidly boiling water. Gradually add noodles so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander.

Combine noodles, soup, milk and cheese; mix well. Turn half of noodle mixture into greased 2-quart casserole; place cauliflower in center of noodles.

Add half of frankfurters. Cover with remaining noodle mixture. Place remaining frankfurters on top in attractive arrangement.

Bake in moderate oven (350 degrees F.) 30 to 40 minutes, or until frankfurters are done.

Perch and Noodles Amantine (Makes 4-6 servings)

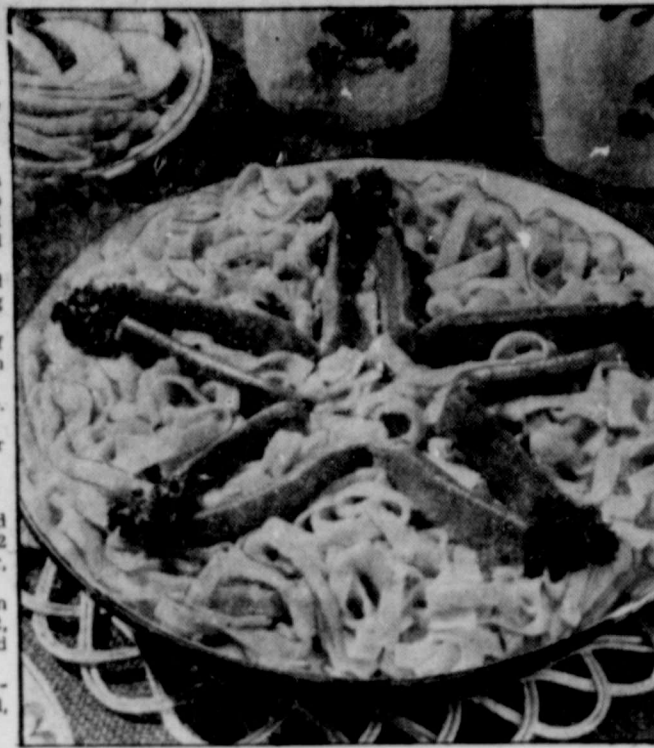

One-quarter cup butter or margarine, ½ cup chopped, blanched almonds; 1 pound frozen perch fillets, thawed; salt and pepper, 2 tablespoons lemon juice, 1 tablespoon salt, 3 quarts boiling water, 8 ounces wide egg noodles (about 4 cups).

Melt butter or margarine; add almonds and cook over medium heat until browned. Remove almonds. Sprinkle perch with salt, pepper and lemon juice; pan-fry in almond butter until browned on both sides.

Meanwhile, add 1 tablespoon salt to rapidly boiling water. Gradually add noodles so that water continues to boil. Cook uncovered, stirring occasionally, until tender.

Drain in colander. Combine noodles and almonds; mix well.

Arrange noodle mixture and fish on serving dish; sprinkle with chopped parsley, if desired.

Take top billing with your family—serve this noodle-star casserole for a quick, nourishing, one-dish meal sometime soon.

Gas Mileage goes up AGAIN

And so does the thrill
—with Buick's new
Variable Pitch Dynaflo!

WITH ALL the big excitement of Buick's 1956 styling and power and ride and handling—it's easy to overlook this fact:

Gas mileage in the '56 Buicks takes a big step upward.

One reason, of course, is the new power plant itself.

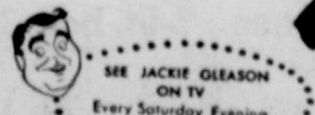

Every new Buick cradles an advanced 322-cubic-inch V8 engine with the highest horsepower, Series for Series, in all Buick history. Yet every engine delivers more efficiency, and more usable power to the rear wheels—because each one has a new double "Y" manifold, and a new high in compression ratio.

But the major reason for the happy news in gas mileage—and for the new step-up in safety and thrills—is Buick's latest version of Variable Pitch Dynaflo.

In this airplane-principled transmission, you always had a gas-saving cruising range—and, at a switch of the pitch, a full-power getaway range.

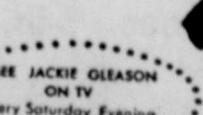

Now Buick engineers have brought to this cruising range what they call "double regeneration." It simply means a new way to make flowing oil add to its own velocity to build up driving force.

Unemployment Filing From County Lowest In Several Years

R. E. McCarty, manager of the Texas Employment Commission office in Brownwood, said today, the number of Eastland County people currently filing claims for unemployment insurance is the lowest in several years.

During the month of November, only 108 individuals filed such claims as compared to the year's high of 289 in June, 1955, and 312 in July, 1954.

A representative from the Brownwood TEC office is at the Courthouse in Eastland from 9:30 to 2 p.m. every other Thursday for the purpose of accepting applications for work and claims for unemployment insurance. His next visit is scheduled for December 8.

Most of the job openings received by the county city and county with the exception of ranch hands which are in Eastland and Comanche counties also.

Usually these calls for ranch hands specify single men although some of the employers have bounties and other facilities for families.

Anyone qualified for and seeking such work is invited to contact the TEC representative on December 8 in the county courtroom at Eastland.

Mrs. W. E. Moore, formerly of Eastland, undergoing treatment in a Fort Worth Hospital, for serious injuries suffered in an automobile accident, is reported to be somewhat improved and hope is now held for her recovery. It was learned by Ira Hanna of Eastland, just back from a trip to the hospital.

Eastland Girl One of Singers At Gov. Mansion

Gov. Allan Shivers has honored the Choraleers from Mary Hardin - Baylor college — of whom Miss Edith Cox of Eastland is a member — with a second prize at the Governor's Mansion. The school girls, from the 110-year-old girls' school in Belton will sing at his annual Christmas open house December 13 at 7 p.m.

The Choraleers sang for the governor's Sunday school class last spring, and he invited them to his home for a special program in the afternoon.

The Choraleers are directed by Miss Florence Bergendahl, a graduate of Westminster Choir college.

Irrigation To Be Meet Topic, Comanche, 12th

The Comanche County Agricultural Agent Ray Hastings and the Comanche County Electric Cooperative will sponsor an irrigation meeting at the Comanche County Courthouse, Comanche, Monday, December 12. A number of area farmers who have been actively irrigating are being asked to present the results of their experiences with irrigation and answer a period of questions and answers will follow these presentations.

The costs for electricity and fuel will be shown and the added shown from actual experience of farmers in this immediate area.

It is becoming a proven fact that irrigation on a small scale and with limited amounts of water is a good paying proposition for farmers in a wide area of Comanche County. The Comanche County Electric Cooperative could improve their income nicely with small systems.

Dairymen, it is said, especially could take advantage of irrigation to furnish green food supplements for their cows. There will be additional information on Coastal Bermuda grass, which, under irrigation, will furnish an amazing amount of forage for cattle.
