TOWN TALK

By MAC MCKINNON

"I'd like to teach the world to sing.
"In perfect harmony."

That's the words from a song made popular through a television commercial. The song has a good point to make about what can be achieved through harmony.

The term, harmony, is overworked and it may be a trite expression, but there's nothing quite like harmony in getting something done.

Ten people, working toward a common goal, can do more than one or two or if all 10 are working toward separate goals.

Apply this principle to the 10 bodies of government that control the destiny of our area -- the Mitchell County commissioners, the city councils of Colorado City, Lorraine, and Westbrook, the school districts of Colorado City, Lorraine and Westbrook, the county hospital district, the Colorado City Chamber of Commerce and the Industrial team.

Throw in the many civic clubs in this county and think harmony -- all these people working together could achieve miracles.

There has been some bickering among these groups in the past. One group thinks they've done more than another; another group believes someone else gets more publicity than they deserve, one unit is jealous of another because they have more money.

The point is jealousy and bickering have never gotten anyone anywhere. And all of these organizations in some way are working for the betterment of life in Mitchell County.

Would it be possible for a board of planning or some such body to be appointed or elected? Couldn't such a body help devise a master plan, possibly with the help of consultants?

Such a board might help everyone in the county work in harmony.

Penny-Ante Burglary

3 Charged In Felony Case

The lure of a penny is not to be discounted.

Mrs. Fayrene Jackson has saved the 1-cent pieces for 5 years. Her collection, she claims, now numbers between 17,500 and 18,000 coins.

But the lure doesn't stop with the Colorado City woman.

Because of the coins, her late model Pontiac has been left with its backseat partition cut out and its trunk lock jammed by a

And, 3 persons face criminal charges after a youth, a minor, has been sent to the State Boys School in Gatesville -- all because of the pennies.

A joint complaint in Justice of Peace Leonard Henderson's Precinct 1 Court accuses Fred Biggers and William H. Tryon, both of Colorado, with breaking and entering Mrs. Jackson's car with intent to fraudulently take personal property belonging to her.

A separate felony charge in

Precinct Justice Court alleges that John Berry Jackson fraudulently received from Tryon and Kenneth Ray Green \$15 in pennies belonging to Mrs. Jackson.

The \$175-to-\$180-in-pennies saved by Mrs. Jackson are believed to have been taken from her auto about midnight July 10.

A screwdriver was broken off in the trunk lock. Then the car's back seat was removed and tin snippers were used to cut through the partition into the trunk where Mrs. Jackson said the pennies were in an overnight bag and a bucket.

Police Chief Jesse Browning said police arrested the local suspects after 3 youths had been reported in Sweetwater trying to "sell" a bucketful of pennies at a store there.

All the pennies have been recovered in Colorado City.

One batch was found in a coffee can in a shed at a downtown

business firm where one of the suspects works. More were discovered in a sack in a house in the northwest area of the city and a third batch of pennies were in weeds behind a vacant house on the South Side.

"It all amounts to about 2 gallons of pennies," said Chief Browning.

But he doesn't know for sure the exact number.

"Too many to count," he smiled.

A Dive

Zina Bernard isn't afraid of the water. The two-year-old daughter of former Colorado City residents Mr. and Mrs. Larry Zane Bernard leaps from the diving board. Her mother was in the water waiting for Zina.

A Swim

A Smile

Zina Bernard is obviously happy in the water as she climbs on her mother's shoulders for a deep dive or a ride down a sled into the water or as she just swims along. She's the granddaughter of Mr. and Mrs. Lester Bernard of Bernard's Tourist Town.

Ruth COFFEY'S CONVERSATION CORNER

INSOMNIA is not supposed to be "catching". It is one of the most frustrating, annoying and strictly unnecessary ailments a human being can have.

Were I a millionaire would start a fund to set up a research foundation with scientists to study and experiment with causes and cures for insomnia. An obscure and nasty little virus not yet discovered is probably to blame for it all.

Contagious or not insomnia, the inability to sleep at night, is a nuisance and needs some serious looking in to.

You, too, can have insomnia. It isn't selective in choice of victims. You can have it. But can you cure it without the aid of capsules and pills?

THERE MUST be many ways.

But few of them work for everybody. Lying awake the other night tried to think up suggestions which might or might not induce restful sleep.

You could get out of bed and write a "Dear John" letter. A "Dear John" letter to John Connally might be a good starting place. Note that he predicts that Richard Nixon will carry Texas when it comes time for the November election.

NOTE also that Connally, who still calls himself a Democrat, intends to spend time and energy by trying to encourage all good Texas Democrats to vote for Nixon, Republican candidate.

So you could write him a Dear John letter saying "Dear John-Just don't, please, waste any stamps and stationery on ME. It

would be a lost cause and you could use your time to better advantage. Your influence has no influence in this direction."

IF POLITICS simply will not put you to sleep but leaves you even wider awake, you might try other methods.

In that case try lying in your bed thinking backward instead of forward. Try to remember. Can you remember every school teacher you ever had starting with the first grade?

That done, try to remember the names of all the college professors you ever had in classes and what the dickens they were supposed to teach you or help you learn.

TRY to remember all the words to "Star Spangled Banner". . . all four stanzas to hymns you've always loved to sing or hear sung.

Try to remember your first real kiss -- and what the last name of that red-headed boy was. Try to recall the faces of friends loved long ago and who have been gone from this earth.

Try to remember all the lines to every favorite poem ever memorized and who it was who wrote them.

IF ALL that fails you, turn the radio on and try to think which era in your life the songs were part of.

Read a few chapters of that book you have yet to finish.

Relive the best vacations you ever enjoyed. . . the Alamo, the tall pines, first sight of the sea . . . mountains standing tall.

Think, if you can, where you put those cards, letters, and clippings meant for saving.

IF YOU continue to lie sleepless get up and look at the clock and feel sorry for yourself.

Look -- out at the night or the creeping dawn. Listen to the wind. Turn on the living room lamps and walk or sit around a while.

Heck. Maybe you'd better just get up.

HAD a very charming little letter from Mrs. C. W. Newton of Westbrook and typed for her by daughter, Mrs. Price Hendrix.

Mrs. Newton celebrated her 85th birthday June 19. An intriguing paragraph said, "How dear to my heart," are the memories of early day Jack's Creek Fourth of July picnics. Sue used to attend them when she was a little girl and until she was fifteen. "It seems

only yesterday, but lo, it has been these many years!"

"Beautiful memories make such lovely stepping stones that assist us in climbing today's mountains," she adds.

Jack's Creek used to be reunion grounds for everybody who lived near Mexia.

FROM PAMPA comes a little note from Blanche (Mrs. Frank W.) Wilson. Mr. Wilson is a former School Superintendent here.

Note from Blanche relates that her mother, Mrs. Rose E. Warner who will be 94 August 25, is suffering from a stroke.

Mrs. Warner, fondly remembered in C-City, can be reached with cards and letters addressed to her, Room 144-B, Highland General Hospital, Pampa, 79065. The Wilsons send greetings to all their Colorado City friends.

SEEN LATELYS were Jake Merritt, . . . Nelda Garrett, . . . Joe Earnest, . . . Willie Landau . . . Gerald Gordon, . . . Esther (Mrs. J. H.) Guelker, . . . Howard Cox, . . . Virginia (Mrs. Jack) Strain, . . . Newby Pratt, . . . Dennis Walding, . . . Isabel (Mrs. Harry) Ratliff who dashed by for a visit.

Saw Flora (Mrs. John) Brown entertaining at luncheon her granddaughters, Susan Christian of Austin and Terry Saye of Clarendon, with a friend of Susan's from Austin and a guest from Big Spring.

HEAR TELL that Josie and Bill Randle, their daughter Ann Randle Davis and her children, Randle and Jill, left for Hawaii Monday for a two week vacation.

Ruth (Mrs. E. L.) Latham and daughter Mary Ann (Mrs. Tom) Bradfield of Austin have been vacationing in Ruidoso after Ruth's return from Austin where she had been visiting the Bradfield home.

Lucille (Mrs. Oren B.) Trulock has had as recent guests her sister, Mrs. Joe Harlow of Bakersville, California, and her sister along with her husband, Mr. and Mrs. Cavlin Winters of Borger.

Murrah for Don and Jimmy Browne.

The brothers are the owners and operators of Browne Brothers Welding on the west side of the city.

These two young men started an industry on their own in the late 1960's, and it has grown to the point where they now hire nine men.

Just recently, the Browne brothers expanded their operation by building a 3,200-square-foot addition onto their existing 3,200-square-foot building.

This industry with its payroll is a great asset to Colorado City and the type of thing we need more of.

Colorado City is fortunate to have these two young men and we hope their business will continue to grow.

"Our Republican Senator John Tower has one of the worst attendance records in the Senate."

She says that campaigning is a two-way conversation. "Because of our travel, Barefoot has a better insight into the needs of Texas and what con-

cerns the voters. We have found that Texans are looking for new and independent leadership -- leadership which will be attentive to Texans and which will listen to the problems of Texans."

Mrs. Sanders, the daughter of a Dallas attorney, is a graduate of Highland Park High School and the University of Texas at Austin and a former elementary teacher in public schools.
