QUEEN CITY BULLDOGS EDGE TALCO TROJANS THURSDAY 14-6

By KENNETH DAVIS

The word, Bulldog, seems to be a jinx to the Talco Trojans. Thursday night was the third time the Trojans lost to Bulldogs this season. This time it was the Bulldogs from Queen City, by a score of 14-6. The other two Bulldog losses were to Cooper and Quitman. The passing arm of Carrol Green was the winning factor for Queen City.

The first quarter was a light defensive battle. Early in the second quarter Queen City jumped to a lead when Green passed to Alvin Risiner for a 65 yard run and pass play for a touchdown. Jerry Clemmons went over for the two extra points to make the score 8 to 0 at half time.

There was no scoring in the third quarter.

Early in the fourth quarter Carrol Green hit Jesse Jones with a pass that covered 28 yards for the TD.

Talco, attempting to make a comeback, scored in the fourth quarter on a 70 yard pass play

from Quarterback Jere Parrish to speedy Right Halfback Dale Funderburk. The extra point try failed.

Trojans switched to the T formation from the single wing on offense, which moved Dale Funderburk from left tackle into right halfback. Pat Parr, 175 pound Soph, is now in the left tackle slot. James Via, 150 lb. Junior end did an exceptionally good job on defense as well as on offense as linesman for the week. Dale Funderburk handled his new halfback position well with on 70 yard touchdown run and made good yardage on every ball carry. The Trojans outplayed the Bulldogs statistically except for touchdowns.

Class B. New Diana Eagles will play host to the Trojans next Friday night at New Diana.

Second Try For Voters' Approval Road Bond Issue

Another attempt to get voter approval for bonds to buy Highway 271 right-of-way for a Mount Pleasant by-pass will be made.

The Commissioners Court will be petitioned to call an election for \$100,000 in bonds for this purpose, a group of business men decided at a meeting in City Hall arranged by Mt. Pleasant Chamber of Commerce-highway committee.

The meeting voted to ask that the bonds be voted under Article 3, Section 52, of the Texas Constitution. This provides that a tax will be levied to pay interest and provide a sinking fund for retiring the bonds, and will require approval by a two-thirds majority of votes cast.

Petitions were put in the hands of several men Tuesday, and they will be widely circulated.

Doctor Picks 31 Shot From Talco Youth's Head

Danny Martin, Johnny Taylor and Butch Black of Talco, were hunting Saturday in a pecan orchard east of Talco, each one not knowing the other was there.

Danny Martin saw something brown over a log. It was a brown cap Johnny Taylor was wearing. Danny took aim with a shotgun, shooting Johnny in the head.

He was taken to Talco Hospital where 31 shots were pocked

Coach Replaces Letter Man With Second Stringer

We clipped the following story from one of our exchanges recently and have now forgotten which newspaper, but it is too good to keep out of print.—Ed.

A conversation last week with a former grid star proved to us a sideline conviction that we have long felt.

We'll try to repeat the story as it came to our ears.

"I was starting a halfback my junior and senior year and the team was looking good before it was half way through my first varsity season. Most of us knew what we had and maybe we were a little bit cocky.

"The coach took that out of me in a hurry. I was slopping around the field in a game with an opponent that didn't amount to much. About five minutes deep in the first quarter he pulled me out, sending in a second stringer. I sat down on the bench beside the coach. He looked at me hard. 'Don't sit next to me, you yellow . . . ! Go someplace else!'

"For a couple of minutes I was fighting mad, then I began to catch on. Doggone, if tears didn't start rolling down my cheeks.

"At the beginning of the second half the coach walked up to me and slapped me across the fanny and said —'If you think you can play some football now, get back in there, but if you

out. Johnny is reported not critically hurt. They are the sons of Mr. and Mrs. Charlie Martin, Mr. and Mrs. Sherman Taylor and Mr. and Mrs. Mack Black.

Talco Girls Take Up Football As Powderpuff Game

By KENNETH DAVIS

Junior Tomboys and Trojan Senior girls battled to a 16-16 deadlock Monday night.

The Junior Tomboys hit playdirt in the first quarter when Susan Ryan galloped for 10 yards on an off-tackle play to make the score 6-0. Ryan a few plays earlier had slashed off 50 yards to set up the TD. Terita Hill, a 150-lb. halfback, added the two extra points to make the score 8-0.

The Senior Trojans made no serious threat in the first quarter because they didn't ever get possession of the ball. The second quarter was a defensive battle, marked by one fine run by the Senior Sylvia Lewis and one slick run by Ryan.

The Seniors came back with blood in their eyes in the third quarter. The Seniors received the ball and marched to the 8 yard line where Lewis circled right end for 6 points. Powerhouse Maye Kaylor crashed over for the extra two points.

Then the Juniors got blood in their eyes. In the 4th quarter power-pack Bonnie Belcher rammed over 6 points to the Juniors and Ryan made the extra two points. The Junior females thought they had the game in a bag. The Juniors kicked off and Lewis ran the ball back to the 20 yard line. Two plays later that same healthy fullback of the Seniors loped 75 yards for the second TD of the night for the Seniors. Kaylor added the two extra points when she circled left end. The score was at this point 16-16. There were only two minutes left and the Junior Tomboys couldn't rack up enough power to score again.

Editor's Note—It is the accepted practice of this newspaper to not print anything unless we believe it is true. We are making an exception for this one time.

don't—don't bother.

"I went back in and for the rest of the time I played football, no matter who it was against, good or bad, I put out everything I had.

"Yep, maybe that coach was tough—he was, but by golly we liked him. He made us work for him and like it."

Well, the fact that the coaching staff is looking at every man on the squad with an open mind, and perhaps a bit of jaundiced eye, is indication enough that the 1959 club is going to be rough, tough and scrapping all the way—factors that can beat the daylight out of lack of experience and a lot of other things that are supposed to count.

Lawanda Couch Circle of WMU met at Calvary Baptist Church Wednesday for regular Bible study. Mrs. H. F. Teague, Circle chairman, presided. Opening prayer by Mrs. J. A. Haley. Devotional by Mrs. D. J. Smelley. Bible study on the First Christian Home was led by Mrs. Young. Mrs. C. A. Bennett, Mrs. E. A. Rodgers, Mrs. M. J. Davis and Mrs. J. A. Haley gave interesting talks on the subject. There were six members and two visitors present. Closing prayer by Mrs. Fred Coker.

Talco Lions Plan Oldtime Box Feed

An old-fashioned box supper with a prize for the most beautiful box, and selection of a queen by popular vote, is planned by the Lions Club, the night of Tuesday, Nov. 24, at the high school.

The proceeds will go toward financing the Lions projects, providing eyeglasses needed by under-privileged school children, assisting the Boy Scouts, and aiding the crippled children's camp at Kerrville.

At the Lions directors meeting, Jerry Jones was appointed to secure an auctioneer for the boxes, and named as an advertising and entertainment committee were Frank Sloan, Billy Joe Vickers and A. F. Bowman.

Everyone is invited to come and bring a boxed supper for the auction, and enjoy the fun.

Red River County Gets Deep Test

R. E. Moore, Omaha, and W. M. Coats, Longview, are to be operators of a new Red River County Smackover deep venture five miles southwest of Lydia and five miles northeast of Woodbine production in the Trilix field.

Name of the well was not known but location was shown to be 933 from the easterly north line and 330' from the easterly east line of J. T. Perkins survey. Permit calls for 9,900 feet.

Class Honors Retiring Teacher

Mrs. W. C. Tanner, who retired as teacher of the Fidelity Sunday School class of the Methodist Church, was honored by the class at the home of Mrs. W. S. Richardson. Upon arrival Mrs. Tanner and the newly elected teacher, Mrs. W. H. Hammond, were presented with candy corsages. Games were played by the group. Mrs. Tanner won the grand prize which was several gifts from the class. Mrs. E. R. Grayson presented the gifts, expressing the appreciation of her many friends. Refreshments were served to Mrs. W. C. Tanner, Mrs. E. R. Grayson, Mrs. Stern, Mrs. Jack Brown, Mrs. Sidney Frugia, Mrs. O. R. Stevenson, Mrs. W. H. Hammond, Mrs. A. E. Foster and the hostess, Mrs. W. S. Richardson.

Mr. and Mrs. Aubrey Harris and Barbara of Jal, N. M., visited hi father and brother, Benjamin Harris and Mr. and Mrs. Glenn Harris of Talco; her mother, Mrs. Bessie Reidout of Mt. Pleasant, the past week. Benjamin Harris returned home with his son, Mr. and Mrs. Aubrey Harris of Jal, N. M., for a visit.

The football game between Talco Junior and Senior girls was played Monday night. Proceeds were \$140 and will go for the benefit of annuals for the Juniors and a trip to New Orleans for the Seniors. The sponsors for juniors were J. Kelley Baker and Mrs. Sammy Burton; for seniors, Bobby Cox and Mrs. Gladys McDonough.

Albert Roach, Minter farmer, was re-elected to a five-year term as Zone 1 member on the North Texas Soil Conservation District board of supervisors.

Roach has served one term on the board. The election was held at a meeting of landowners in the southeast Lamar County zone Tuesday night at Deport High School.

Roach, a state director of the State Soil Conservation Districts Association, also is president of the Northeast Texas SCD Association. He has been honored by the district as the Outstanding Conservation Farmer in recent years.

He also is president of Texas Sesame Growers, Inc., which is headquartered in Paris.

AUTUMN LEAVES are falling,
and if you believe sayings of old
timers, we are in for an early
winter. Autumn leaves are about
the only thing that is falling—
everything else is going up.

AN IMPORTANT meeting is
scheduled for 10 o'clock Thurs-
day morning when ground-
breaking ceremonies will be held
on Sulphur river, where High-
way 37 crosses. The government
is planning to spend nearly a
million dollars to channel and
straighten existing waterways
and their tributaries.

FOR MANY YEARS one had
to go to the court house in
Clarksville or write in to learn
how much taxes he owed. Now
Collector Hines mails you a state-
ment, which is the practice of
nearly all tax collectors we know
about. And he offers you 3 per
cent discount for payment in
October. That is at the rate of
12 per cent per annum on your
money and we don't know any
other place where 48 cent dollars
can earn as high interest rate.

THIS AREA is extremely for-
tunate in the way Weatherman
treated us, compared to what he
did to other parts of Texas.
Storms, cyclones, hail, strong
winds and the great amount of
rainfall he dumped on other sec-
tions. But he came close, in-
flicting considerable damage as
near as western Lamar County.
Both Whiteoak and Sulphur are
out of their banks, due to storm
water.

ALREADY "BITTEN"

The mother was briefing her
young daughter, who was about
to return a little friend's call.
"If they ask you to stay for
dinner," she instructed, "say, 'No,
thank you, I have dined.'"
But during the visit the friend's
father said, "Come along, my
dear, and have a bite with us."
"No, thank you," the little girl
replied, "I have already bitten."

EDITORIALLY SPEAKING

BURT LOCKHART
in Pittsburg Gazette

Khrushchev's reception in Wash-
ington was rather cool. After
all, what else could we expect
from a coldwar?

While in California Khrush-
chev saw how movies are made.
More important, he also saw how
America is made.

Khrushchev discovered many
new and important things that
make Americans happy, but will
he tell the folks back home about
them?

You are an old-timer if you
can remember the main event in
a small town was a magic lan-
tern show or the arrival of a for-
eigner with his grizzly bear.

So live, young man, that it will
not be necessary for a govern-
ment to provide a police force of
4,000 men to protect you when
you visit a foreign country.

Two Fort Worth men were giv-
ing seven years in the peniten-
tiary for bombing the home of a
non-striker. A Little Rock bom-
ber has also been convicted. The
public has no more love for
bombers than for the idiots who
circulate false reports about
threatened bombings at school
and other public places.

TEN AND TWENTY YEARS AGO

Condensed from Back Files of The Talco Times for Dates Indicated

Week of October 7, 1949

Talco division of Humble Oil
employees entertained with a
fish fry. Among the 650 people
present were company employees
from Tyler, London, Hawkins,
Picton, Van and Carthage.

Postmaster George Barber had
informed The Times that sales at
Talco postoffice were \$52 greater
than in the third quarter of the
previous year.

Lee McAfee and Jess Blalock
of Talco, escaped with minor
injuries when the McAfee car
got out of control, side-swiped
banister of a bridge on Highway
271 and crashed into a branch 15
feet below.

Harry Stracener and family
had moved from Talco to Glade-
water, where he had been trans-
ferred by Humble Oil.

Joseph Daniel Cooper, elderly
resident of Talco, had died after
a heart attack.

Alex Weatherbee Jr. and Red-
dus Price of Paris, were injured
when the plane in which they
were riding crashed just off U.
S. Highway 271 Red River bridge.
Janie Wilson of Talco, had
been elected council member of
Binnion Hall dormitory for wo-
men, ETSTC.

Cotton seed prices had advanc-
ed \$2 per ton, bringing \$38. Lint
cotton was bringing 28-29c per
pound.

Mr. and Mrs. Felix Jones had
been in Ft. Worth for opening of
a new bank where their son, Jer-
ry, was employed.

Life must seem like a song to
those who get \$5,000 per song on
television.

Week of October 6, 1939

School bus routes in the Talco
district had been oiled through
cooperation of Commissioner Er-
nest Brown.

Orville Harris and Juanita
Goens had been married at the
home of Justice of the Peace J.
W. Edwards.

Mrs. Joe Nelson had entertain-
ed at her home in Humble Camp
for her daughter, Donna Jo, on
her second birthday.

Mrs. F. L. Wenger was a med-
ical patient at a Paris hospital.
Talco Trojan football team had
been entertained with a Weiner
roast at Thompson-Housh Lake
with Mrs. Buster Lockhard hos-
tess.

Titus County had won fourth
place in the agriculture exhibit
at East Texas Fair held at Mar-
shall, and had made good show-
ing in the livestock division.

Mrs. B. E. Dunagan had given
a get-acquainted party for mem-
bers of the Talco faculty.

Talco crude oil had been hik-
ed 10 cents by Humble Oil and
Refining Co.

Rev. Schafer and family attend-
ed the funeral of his grandmo-
ther, Mrs. Paul Carter, 70, who
passed away Friday. Funeral
services were held at Newman
Park Baptist Church of Dallas,
Sunday. Burial in Seamore
Cemetery. Rev. Schafer and
family returned home Monday.

1, 1961.)

ANSWERED THE ADV.

Urgently in need of sleeping
cars a Canadian railroad inserted
the following advertisement in
one of the trade journals:
"300 Sleepers Wanted. At
Once."
A short time later they receiv-
ed a letter from a minister of a
church in Iowa offering his entire
congregation.

Announcing!

A WONDERFUL NEW WORLD OF FORDS FOR 1960

FINEST FORDS OF A LIFETIME

This new Ford Galaxie, like all the
new, beautifully proportioned 1960
Fords, is styled from a new view-
point. Traditional automotive eleg-
ance combines with modern design
in the style of a new decade!

In 1960, for the first time in history,
your Ford Dealer presents not one, not two,
but three new lines of Ford cars . . .

1. The 1960 Fords—The Finest Fords of a
Lifetime, beautiful from any Point of View,
worth more from every Point of Value!
2. The 1960 Falcon—The New-size Ford,
the world's most experienced new car and
the easiest car in the world to own!
3. The 1960 Thunderbird . . .
The World's Most Wanted Car!

Introducing the New-Size Ford . . . the 1960 Ford Falcon

Meet the New-size Ford—the Falcon! Here's a car with
plenty of room for six big adults and their luggage. It's
sized to handle and park like a "small" car . . . powered to
pass and climb like a "big" car . . . and built like no other
car for savings!

It gives you up to 30 miles per gallon on regular gas.
Aluminized mufflers normally last twice as long as ordinary
kinds. A Full-Flow oil filter lets you go 4,000 miles be-
tween oil changes. Even insurance can cost you less! And
this Falcon is the world's most experienced new car. It was
driven over every mile of numbered Federal Highway in
EXPERIENCE RUN, U.S.A.—a grueling demonstration
climaxing Ford's 3 years of development and testing.

The Falcon has the features that American car buyers
expect. Its gearshift is on the steering column—not on the
floor. Its engine is located up front for greater stability and
safety. Best news of all is the Falcon's low, low price. See it
at your Ford Dealer's . . . and see the difference!

Now you can see them—the Finest Fords of a
Lifetime! Economy-minded Fairlanes. Big-value
Fairlane 500's. Elegant Galaxies. A breath-taking
new Sunliner convertible and a brand-new hard-
top model, the flashing Starliner. Then there's
a whole new world of Station Wagon Living,
too. It all adds up to 15 glittering variations of
the world's newest, most elegant styling theme!

And Ford sets the new trend in power. Ford's
Thunderbird 292 V-8 and 352 V-8, like the fa-
mous Mileage Maker Six, bring a new world of
smoother, hotter performance—on regular gas.

To top it all, the Finest Fords of a Lifetime are
priced for savings. Ford is still priced to outvalue
all comparable models of its major competitors.

Ford savings, however, only begin with a low
price. You save still more with engines that thrive
on regular gas and save up to a dollar on every
tankful . . . a Full-Flow oil filter that lets you
go 4,000 miles between oil changes . . . Diamond
Lustre Finish that never needs waxing . . . alumi-
nized mufflers that normally last twice as long
as conventional types . . . new, safer, Truck-Size
brakes that are the biggest ever in Ford's history
. . . and new soft-tread, Tyrex cord tires that run
quieter, last longer.

In every way these are the Finest Fords of your
Lifetime! See them at your Ford Dealer's!

This 1960 Ford Galaxie Town Victoria shares the all-new styling characteristics of the other Ford models, yet bears unmistakable resemblance to the elegant Thunderbird profile. The new Galaxie is one inch lower than the 1959 model, but has more interior room for six big persons than ever before. The Galaxie also is available as a two- or four-door sedan. All Fords for 1960 have the slim-line, forward sloping front roof pillar that eliminates the "dog leg" for easier entry.

Joe Garrison Is Named Manager Depart CPS Co.

Joe Garrison of Whitewright, has been named new district manager of the Community Public Service Co. in Deport, filling the vacancy created by the recent death of C. B. (Shorty) Bardwell. The announcement of Garrison's promotion was made by Division Manager C. C. Henning of Whitewright, on Wednesday.

Garrison is not a stranger to Deport people as he has been connected with the local office two previous times. He was at Deport as serviceman until five months ago before he was transferred to the Division Office in Whitewright. He has been with Community Public Service for nearly five years, and connected with Deport, Bogata and Whitewright offices.

Son of Mr. and Mrs. Walter Garrison of Detroit, the 27 year old manager is married and has three sons, Gary, Larry and Stan. He is a graduate of Detroit High School, attended a Paris business college, and a veteran of the Korean conflict. He is a member of the Masonic Lodge and they attend the Baptist church.

Mrs. Garrison, the former Montie Lamb, is the daughter of Mr. and Mrs. Luther Lamb of Clarksville. She is a member of Deport Chapter of the OES.

Mr. and Mrs. Fred Coker spent the week end in Grandview with their daughter, Mr. and Mrs. Paris Reece and family. Mark Reece, who had been visiting his grandparents for two weeks, returned home. The Cokers also visited in Dallas Sunday with her sister, Mr. and Mrs. Bert McKee.

WANTS ROCKET AIM IMPROVED BEFORE ANY SHOOTING BEGINS

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, has rockets on his mind, his letter this week reveals.

Dear Editor: For a long time now, instead of wasting my time staring off into space in between bites when I'm fishing, I've been thinking about guided missiles and rockets in the world today, and the more I fish and think, the more I'm convinced the world ought to either go forward with its rocket program a lot faster or abandon it altogether.

Now I don't know any more about the Russian rocket program than Washington does, all the Russians tell us about is their successful hits, which have been pretty good, but I do know that the United States rocket people seem to be having a little trouble.

Well, to tell the truth, their aim ain't so good. When they blast off one of the things, they don't know whether it's going to just sit there and spew like a wet firecracker, or wobble off halfheartedly, or zig-zag in all directions over the ocean.

Outside of an accurate rocket,

I guess the next worse thing is an inaccurate one.

You take my farm out here. Nobody's going to waste a million-dollar rocket shooting at it, nobody would ever classify this patch of Johnson grass as a military target, but it sure makes a man nervous to think he might be the victim of an accident. I just won't feel completely relaxed until those boys improve their aim a little.

Or you take Canada for example. Canada's sitting up there not shooting rockets at anything, but those Canadians may get a little jittery wondering when some other country's practice shot may land in their lap.

You multiply this by all the other countries in the world and you can see the amount of nervousness it can create. Any time two big countries get in a rocket war with each other, there's going to be a lot of innocent bystanders getting hit.

Until the world improves its rocket aim, it's just not ready for that kind of shooting. Pin-point accuracy with rockets would be terrible enough, but blind firing would be worse.

Yours faithfully, A. A.

WANTED JOB KEPT OPEN

Superintendent: "What we want is a night watchman that will be alert and ready, listening for the slightest noise. Somebody that can sleep with one eye and both ears open, and not afraid to tackle anything." Applicant: "Keep the job open. I'll send for my wife."

PRAYER ANSWERED

A little girl prayed to God for one thousand new dolls on her birthday, and, naturally, didn't get them.

"I guess God didn't answer your prayers," her father said. "Oh, yes, He answered me all right," the little girl replied. "He said, 'No.'"

New Chevrolet Corvair Draws Much Interest

A lot of folks have called at Chevrolet dealers to see that new Corvair automobile now on display.

It is a small car with a six-cylinder engine in the rear and priced at about two-thirds the amount charged for the regular line of Chevrolets.

The motor is air cooled, doing away with a radiator. An airplane type gasoline heater in the front gives passenger compartment warmth.

Engine is built of aluminum and 40 per cent lighter than other six-cylinder engines and from 25 to 40 per cent more miles to gallon of gas is claimed for it over other six-cylinder cars. The engine develops 80-hp. The car weighs 2340 pounds, about 1300 pounds less than the conventional car and it is about two feet shorter.

BOGATA LUMBER CO.

THE BIG CHANGE

because...

IT'S CLEAN — Electric heat is as clean as electric light. There are no flames to produce soot. Utensils, walls and curtains stay new-looking with less washing and care.

IT'S COOL — The oven is insulated on all six sides to keep heat inside. Surface units transfer heat by direct contact. They heat the utensils, not the kitchen air.

IT'S FAST — Surface units start heating instantly, reach full heat in seconds. The fully insulated oven preheats rapidly. And this fast heat is accurate!

IT'S ECONOMICAL — Most surface cooking, at low heat settings, uses electricity thriftily. Oven heating elements operate less than half the cooking time.

IT'S AUTOMATIC — The clock-controlled electric oven cooks complete meals unattended. Automatic surface units prevent boil-overs and burned foods.

IT'S MODERN — An electric range is engineered for maximum convenience, designed for sleek, modern beauty. It's the truly modern way to cook.
