

Pioneer Ranchman Dies Wednesday In San Angelo

Funeral services were held yesterday afternoon in San Angelo for R. E. (Uncle Bob) Glascock, 88, pioneer Sutton County ranchman who died Wednesday afternoon at his home in San Angelo. He and his wife had made their home there for the past six years.

Born Dec. 7, 1864 in Burnett County, Mr. Glascock was one of 12 children. His father, Joseph A. Glascock, was a confederate veteran. In the 1880's and '90's he worked as a trail driver. He traveled the trail to Dodge City, Kansas, and also went to Colorado.

In 1892, Mr. Glascock went to Sutton County to start ranching. He leased a six-section ranch about two miles north of Sonora on the San Angelo road. He married Miss Katie Trimble of Menardville Dec. 30, 1901, then moved to Sonora.

Later he moved to another ranch which he leased 25 miles south of Sonora. He sold this ranch before the start of World War I and returned to Sonora. Mr. Glascock later entered the dairy business and soon bought the 21-room Kirkland Hotel which the Glascocks operated for 14 years. He moved to San Angelo in 1947.

Survivors include his wife; two daughters, Mrs. Sid Evans of Bronte and Mrs. W. J. Mangum of Corpus Christi; one son, Ray Glascock of San Angelo and principal of Lake View High School; one brother, J. B. Glascock of San Angelo; two sisters, Mrs. Kate Bedford and Mrs. Priscilla Ellis, both of Menard; six grandchildren and two great-grandchildren.

LOCAL SHEARER KILLED IN TRUCK ACCIDENT

Francisco Gonzales, Sonora shearer, was killed in an auto-truck crash near Amarillo last Saturday. Gonzales was riding in a truck owned by Francisco Chavarria, local shearing captain. Seriously injured in the accident were Gonzales' son, Raul, and Saro Basero.

Further details were not available.

Total deposits of 3 1-3 million dollars were reported by the First National Bank in its quarterly report filed June 30. Loans and discounts totaled \$2,024,435.

FORTY-SECOND WEEK

Casing On Wallace Well To Be Set Today

First Carload Of Emergency Feed Distributed Here To Dry Ranchmen

The first carload of drouth-relief feed arrived in Sonora Saturday and had been unloaded and delivered to dry ranchmen by Wednesday.

To date, according to Mrs. O. C. Ogden, PMA secretary, 107 ranchmen have filed applications for 1,100 tons of feed. According to regulations of the emergency program a ranchman is only allowed to order a 30-day supply of feed. The PMA committee will deliver all or a part of orders approved depending on how much feed is shipped here. Although no bills of lading have been received at the local office, it is understood that two or three more cars are on their way here.

Those sharing in the first carload of cake which was sold at \$35 a ton delivered here are Henry Wyatt, W. A. Miers, Mack Caut-horn, Bill Wade, Gordon Stewart, Hudspeth Hospital Ranch, Thompson Brothers and Logan, Joe F. Logan, L. E. Johnson, Jr., and Ald-well Brothers.

Members of the PMA Committee, which must approve all purchases are W. B. McMillan, chairman, D. C. Langford, M. R. Warner, Farm Home Administration, San Angelo, Sam Logan, George H. Neill and Thomas Morris.

Feed will be sold at \$35 a ton for cake and meal, \$1.10 a bushel for wheat; \$1 a bushel for corn, and fifty cents a bushel for oats delivered in Sonora.

MAJOR MOFFITT PROMOTED

Word was received here this week that Major A. F. Moffitt, now serving with the Army at Long Island, N. Y., has been promoted to Colonel. Mrs. Moffitt is the former Miss Catherine Trainer, daughter of Mrs. R. D. Trainer of Sonora.

Attend SOME church on Sunday.

Fire Destroys Ramos Home

A fire, apparently started by a faulty cook stove, destroyed the home of Secundino Ramos Friday night. Local firemen answered the call promptly but the blaze had too much headway and only a few household effects were saved. The house is north of the Elliott School.

Ramos was absent at the time, and his 12-year-old daughter, the eldest of five children, was cooking supper for the others. When the fire broke out the children ran outside for help leaving the 18-month-old boy in the house. A neighbor girl, Gregoria Galindo, 15, noticed the baby was missing and brought him out.

The Ramos children's mother died several months ago.

Detroit Man New National Lions Club President

S. A. Dodge, Detroit, Michigan, is the new president of The International Association of Lions Clubs, (Lions International). He was elected by unanimous votes at the 36th annual convention of the Association which closed at the Chicago Stadium today. Dodge succeeds Edgar M. Elbert, Maywood, Illinois.

Attending from Sonora are Mr. and Mrs. Joe Berger.

The convention concluded the most successful year in the history of Lions International, according to the report made by R. Roy Keaton, Chicago, Illinois, Director-General of the Association. He reported that during the twelve-month period ended June 30, 1953, there was an addition of 915 new Lions Clubs and 26,058 men to the roster of the Association, and that the total as of May 31, 1953 is 10,260 clubs and 475,013 members. He stated also that during the fiscal year Lions Clubs were established in eight additional countries: Paraguay, Lebanon, Morocco, Scotland, Austria, Luxembourg, Algeria and Liechtenstein. He added that Lions International is the largest, strongest and most active service club organization in the world, with Lions Clubs in 45 countries on six continents.

Dodge, in accepting the presidency, said: "Personal integrity; codes of honor in our business and professions; a living faith; these, my friends, are the ideals which I shall always encourage, these are the objectives toward which we shall ever struggle, to the end that in some distant day they may permeate the hearts and minds of all men everywhere and bring about a new day in which men shall beat their swords into plowshares and thoughts of hate, and greed and power shall give way to thoughts of kindness, generosity and tolerance, that we, in truth, may become instruments of His peace, and where there is hatred, we say now love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; and where there is sadness, joy. Faith in man-faith in country-faith in God, 'tis down this road we shall eventually find peace on earth."

Dodge was graduated from the University of Michigan School of Business Administration in 1917 and became a Certified Public Accountant in 1922 after having served two years with the Air Force during World War I. He has been financially interested in various business enterprises since that time and is presently vice-president and treasurer of Solvent Chemical Products, Inc., Detroit. He is also a member of the Board of Directors of several business institutions in Detroit.

Dodge is a Mason, a member of Lotus Lodge No. 549, F. & A. M., and all Scottish Rite bodies in Detroit. He is married and resides at 14036 Robson Avenue in Detroit. He has two children, both married-Catherine, who resides in Detroit with her family, and John, a Lieutenant in the U. S. Air Force.

Dr. and Mrs. Tom White are leaving next week for a vacation trip to Canada and a tour of several northern states. The will be gone two or three weeks.

W. J. Bolt of of Mason was a guest of his son, A. L. Bolt, and family several days last week.

Lenora and Vance Luckie of Eunice, New Mexico, were the guests of their grandparents, Mr. and Mrs. Jim Luckie, last week.

4.80 Inches Rain Measured Here First Six Months

Clear skies greeted the beginning of the second half of 1953 and a total of 4.80 inches of rainfall have been measured by the Sonora Wool and Mohair Company. The 4.80 figure is slightly over the six months marks for last year.

Rainfall recorded here during the first six months includes:

January	.25
February	.12
March	1.09
April	2.81
May	.53
June	.00
	4.80

Little League Braves Cop Double Header

The Little League Braves, coached by Truman Hines, swept both games of a double header Wednesday night to begin the second half of league play. The Braves had a close one in their first game, nosing out James D. Trainer's Cardinals 8-7, but coasted over Francis Archer's Tigers, 11-4, in the second game.

The games were played under the lights on the football field before a crowd estimated at 200. Gate receipts were around \$150.

Games will be played under the lights each Wednesday night beginning at 7:30 o'clock for the remainder of the second half of the season.

The Braves put together four hits with three Cardinal errors in the first inning to score seven runs. Cardinal pitcher C. W. West settled down and held the Braves hitless until the fifth, when the winning run was scored by Jimmie Smith. The Cards were hitting well, but six errors cost them the game.

In the second game Primo Gonzales struck out ten in holding the Tigers to four runs and four hits. The big bats for the Braves were Gene West, Gonzales and Jessie Sanchez, all getting two hits, while Harold Jean Moore, Tiger first baseman, led his team with two for three.

FIRST GAME

Services Held For Mrs. Anna Regeon

Funeral services for Mrs. Anna A. Regeon, 87, were held Monday afternoon at the First Methodist Church here. The Rev. Lennel Hester, pastor of the Methodist Church in Dalhart, officiated, assisted by the Rev. W. H. Marshall, pastor of the local church.

Mrs. Regeon, mother of the late W. K. Regeon of Sonora, died Saturday afternoon after a short illness at the home of a daughter, Miss Lois Regeon, in Dalhart, where she lived.

Survivors include Miss Regeon, a son, Jim Regeon of Abilene, and fifteen grandchildren. Mrs. W. K. Regeon of Sonora is a daughter-in-law.

Pallbearers were the following grandsons: The Rev. L. D. Regeon, Hollis Cooley and Bobby Regeon, all of Abilene; W. K. Regeon, Jr., and Royce Regeon, Sonora; R. D. Regeon of San Angelo and Hershel Regeon of Weatherford.

Burial was in Sonora Cemetery.

Personal Notes

Oscar Carpenter and Ted Bailey Joy went to Del Rio Saturday returning by way of Rocksprings where they attended the rodeo.

Dr. and Mrs. J. F. Howell and son, Charley Watt, left last week for a vacation in Colorado. During Dr. Howell's absence, his practice will be taken care of by Dr. Joseph W. Romertson of Houston.

Mr. and Mrs. J. W. Neville left this week for a vacation at Estes Park, Colorado. The will be gone two weeks.

Mrs. A. E. Prugel and daughters, Susan and Nancy, were in Mertzon Sunday as the guests of her sister, Mrs. Vester Hughes.

Mrs. Ed Hensley and Miss Clara Allison bought the Joe Norris home last week. Mr. and Mrs. Norris will make their home in Houston.

Drilling on the Ashland No. 1 W. D. Wallace Estate, 17 miles southeast of Sonora, was slated to come to a close Thursday, with a Schlumberger test to be run this morning and casing to be set this afternoon.

The well, cited by oil men as the county's first major oil discovery, had drilled ahead last week after recovering lost tools.

After hitting several different pays, the project went ahead last week to fulfill contract with Standard calling for an Ellenburger test. Wednesday a soft formation was hit believed to be Hickory sand. Tentative top of the Hickory is 5,740 feet on derrick floor elevation of 2,290 feet. Depth Thursday was 5,792 feet.

Location of the well is 630 feet from the north and 1,980 feet from the east lines of section 67, block 15, TW&NG survey, on land owned by Mrs. Ella Wallace and sons, J. D. Wallace and Libb Wallace.

A reliable source reported Thursday that two more wells are to be spotted close to the Wallace well on a line running northeast, one well on the same line and southeast and a fourth east of the location. This will put three wells in the same Section No. 1 Wallace is in and two in the section adjoining northwest.

L. E. Johnson, Jr., was in Abilene on business Wednesday.

Congressman O. Clark Fisher (right) of San Angelo, became an "Honorary Sheepherder" when he was presented with a special certificate at his Washington office by Robert Franklin, on behalf of the national wool industry. The California Range Association and the National Wool Growers Association made the presentation "for his commendable interest and active participation in the promotion and welfare of the wool industry in the United States." Ray Willoughby of San Angelo, President of the national grower group, signed the certificate on behalf of the industry. The symbolic goat is one of many sheep and goat pictures hanging in the Congressman's office.

Congressmen Here Friday Favor Permanent Drouth Relief Laws

Assurance of quick aid to drouth-stricken ranchmen was given here Friday by four congressmen, members of the subcommittee on livestock of the House Agriculture Committee.

Acting as master of ceremonies at a luncheon given at the school cafeteria was Rep. O. C. Fisher of the 21st District. He introduced Rep. W. S. Hill (R-Colo.), chairman of the subcommittee, Rep. W. R. Poage, (D-Tex.), Waco, a member, Rep Charles B. Heeven (R-Iowa), member, and Rep. Robert D. Harrison, R-Nebraska), member.

Speaking for the group, Rep. Hill said he was surprised to find drouth conditions as bad as they are and that he advocated two things—immediate relief in four ways and a permanent relief plan which could be put into effect in future emergencies.

Hill told the group of about 50 ranchmen from Sutton and nearby counties that he wanted to get feed here immediately, to get it cheaply, to get it at greatly reduced freight rates, and to provide long term, low interest loans to pay for it.

Others of the subcommittee spoke briefly and all agreed with Hill. It was also brought out that Secretary of Agriculture Benson, as a result of his trip to the drouth area several weeks ago, was interested in quick relief and in permanent legislation for disaster areas.

Members of the party, which also included Rep. Frank Icard, (D-Tex.), Wichita Falls, Rep. Walter E. Rogers, (D-Tex.), Pampa, Henry C. Smith, Washington, director of the production loan division of the Farmers Home Administration, and L. J. Capleman, Dallas, Texas director of FHA.

The group flew to Amarillo from Washington Thursday by Military Air Transport. From Amarillo they went to Lubbock and from there to Del Rio, where they were met by Fred T. Earwood, Penrose B. Metcalfe, president of the TS&GRA, J. C. Mayfield, Jr., and Horance Fawcett. The party came back to San Angelo by car and caught the plane there for Wichita Falls. On the trip to Sonora the congressmen saw firsthand many evidences of the drouth.

The delegation was met at the Sonora Wool and Mohair Company by ranchmen from Sonora, Junction, Eldorado, Ozona, San Angelo and Big Lake. The congressmen's plane had been an hour late arriving in Del Rio and lunch at the school cafeteria was delayed until nearly 3 o'clock Friday.

In introducing the congressmen, Fisher said the committee was the largest group of congressmen ever to visit the 21st District, which produces more wool and mohair than any other congressional district.

Fisher said he had confidence in members of the committee and expressed his appreciation and that of the citizens of his district for taking time off during the Fourth of July weekend to make the tour.

Metcalfe said he felt the tour was successful and that the congressmen were impressed with the seriousness and magnitude of the situation. He said the congressmen all appeared to realize that ranch-

Farm And Ranch Safety Committee Urge Grass Fire Control Program

The continued hot, dry weather is not only cutting down the potential crop production of the state but the danger from grass and woodland fires poses a real threat to the livestock feed that is produced on the pastures and ranges. This forage is needed now as never before not only to feed livestock but in areas when the drouth has not been broken fires now could practically wipe out many range plant species.

The State Farm and Ranch Safety Committee headed by J. Walter Hammond of the Texas Farm Bureau Federation and E. C. Martin of the Agricultural Extension Service strongly urges every citizen of the state to be doubly careful with fires as long as the dry weather continues. They point out that most fires are caused by carelessness and the failure on the part of people to observe fire safety rules. Grass and other plants along the highways, in parks, woodlands, pastures and ranges are all dry enough to burn and motorists are specifically asked to make sure that matches, cigarettes, cigars and pipe ashes are dead before they are thrown onto material which will burn.

The agricultural leaders point out that the livestock industry of the state is basically dependent upon grasslands for its existence and with livestock prices what they are at the present, every producer must depend more than ever on grass to keep down costs. A blackened range caused by carelessness could be the final blow that would put a producer or producers out of business. On June 1, the Bureau of Agricultural Economics reported the condition of range and pasture feed in Texas as 75 percent of normal—the lowest reported condition on this date since 1925. This fact is all the more reason, say the leaders, why range and pasture fires must be kept under control.

In order to protect our cheapest source of livestock feed, the committee urges community and county groups to organize for the specific purpose of fighting grass fires. They believe the local neighborhood groups should be coordinated on a community and county basis so that if necessary, an effective fighting force could be gotten together in the shortest possible time in case of a major fire. All equipment should be inventoried so no time would be lost in getting the right equipment to a fire.

They point out that ranges and pastures should be protected with wire guards. Hazards that might cause fires should be eliminated. Glass bottles have started fires. They act as a magnifying glass

men, in order to maintain their foundation flocks and herds, must have feed and long-term credit.

Meeting the group in Sonora were state Senator Dorsey B. Har-deman, Bryan Hunt, George H. Neill, Conrad Hokekamp of Junction, Horace Rees of Big Lake and several others.

41 Years Ago

Mrs. Mattie Haynes and family of Fort Stockton are in Sonora. The late Mr. Haynes was a tinner at Sonora several years ago. Two of the oldest boys got work when they came to Sonora.

L. L. Farr administrator of the E. R. Jackson estate sold the hog claim to Frank Emerick of Sherwood for \$1,000. It was estimated there were 800 head.

Oscar Appelt bought 360 acres improvements from York Miller for \$2,250. The place adjoins Mr. Appelt's and is well improved.

Judge Whitten, Carl McWhorter and J. S. Pelt prominent citizens of Eldorado were in Sonora this week.

W. R. Word who has been looking after the B. B. Dunbar goats and livestock for the past month is back in town.

B. C. DeWitt attended the morning dance given by the Elks at San Angelo July 4. Bart was royally treated and had a splendid time.

Rankin Rudicil and Miss Lillian Reiley were married at San Angelo recently. The bride is a daughter of Mr. and Mrs. J. W. Reiley formerly of this county and the groom is a Sonora raised boy who made good at home and San Angelo. The news extends its best wishes to the young couple for their future happiness and prosperity.

Mr. and Mrs. G. C. Cauble and children and Mrs. Cauble's mother, Mrs. Hubbel, have gone to New Mexico where Mr. Cauble has business.

Mr. and Mrs. J. A. Cope and son, Millard, returned Friday from Dallas. Mr. Cope has with him a moving picture plant, several reels and expects to give first class exhibitions, not only during the celebration but after.

ARMY MULE, the H-25 helicopter, will show spectators at Detroit's Sixth International Aviation Exposition July 9-12 how it can lift a wounded soldier out of a wooded area. The demonstration shown above was given at Fort Sill, Okla., the Army's aviation training center.

SKY HOOK—Spectators at Detroit's Sixth Annual International Aviation Exposition July 9-12 will see how Army aircraft can give front-line troops added wallop in a hurry. An Army H-19 helicopter will duplicate the feat shown above—a 'copter placing a 75-millimeter howitzer in position at Fort Sill, Okla.

LET'S TALK LIVESTOCK

BY
TED GOULDY

Fort Worth—Movement of livestock around the major market circle Monday was 25,000 cattle short of a week ago, and for the first time in many weeks the offering was below the comparable day a year ago. At Fort Worth, however, the cattle receipts were some 1,400 above a year ago, and calf receipts were 500 below a year ago. The beef buying program launched by the government last week with purchase of 3,495,000 pounds of beef and gravy and 126,000 of frozen boneless beef will require some 25,000 to 30,000 cattle per week to satisfy their demand for ten million pounds of beef per week. While this program has not been underway long enough to be felt in the trade, it was deemed certain to have a beneficial effect.

The buying side was aggressive Monday at Fort Worth. Fat calves were in keen demand, and butchers and packers took most of the offerings that were fat, leaving stocker buyers a relatively small percentage. Cows were another 25 to 50 cents higher. Compared with ten days ago, most cattle and calves are about \$3 higher, with some spots \$4 to \$5 over the low time ten days or two weeks ago. Fat steers were the exception, and selling steady with a week ago. Stockers and killers shared the better market for calves.

Good and choice fat calves \$16 to \$21; common and medium \$10 to \$16; culls \$7 to \$10. Good and choice fed steers and yearlings \$17 to \$23; with common and medium kinds \$10 to \$17, and ratty yearlings \$7 to \$9. Fat cows drew \$9.50 to \$13.50, and canners and cutters \$6 to \$9.50. Bulls cashed at \$7 to \$14.

Good and choice stocker steer calves drew \$13 to \$17, and stocker steer yearlings bulked at \$10 to \$16. Stocker cows cashed at \$8 to \$11.

Good and choice fat lambs drew \$18 to \$23.50, and common, medium and good lambs sold from \$10 to \$18. Culls sold from \$6 to \$10. Feeder lambs cashed at \$10 to \$14. Fat yearlings drew \$10 to \$14, and feeder yearlings cashed at \$10 down. Cull yearlings \$6 to \$8. Old wethers sold at \$6 to \$8. Two-year olds sold from \$7 to \$10. Slaughter ewes drew \$3.50 to \$4.50. Breeder ewes drew \$5 to \$6. Old bucks \$2 to \$2.50.

Hogs held to the season's highs. Top hogs drew \$26 to \$26.25. Sows were steady at \$19 to \$22.50. Pigs drew \$20 down.

BALLOT

Fort Worth—The early tabulation of ballots in the poll conducted by hometown and county newspapers in Texas showed a wide difference of opinion among the voters, but the majority leaned toward price supports for livestock, as well as other agricultural commodities. Many marginal comments indicated that the voter favored livestock support program provided there was support on other things.

Stockmen were asked to express their views on four questions, or to submit their own views:

No. 1: I favor removal of all price supports in agriculture.

No. 2: I favor price supports on cattle, hogs and sheep, as well as on other agricultural commodities.

No. 3: I favor flexible price supports on agriculture, excluding livestock.

No. 4: I favor continuation of the present program of fixed price supports on grain, etc., but no supports on livestock.

The fifth proposal was for the

PLUMBING

Contracting And Supplies

REDA SUBMERGED PUMPS

HOTPOINT APPLIANCES

...

Martin Plumbing

...

John A. Martin, Jr., Owner

Phone 25281 Sonora, Texas

reader to submit his own plan.

Averaging the total ballots received through Monday, a little over eight percent favored removal of all supports.

Some 58 plus, percent, favored supports on livestock, as well as on other agricultural commodities. A bit over 10 percent favored flexible controls.

Almost 20 percent favored the present program of rigid supports on agricultural commodities, and none on livestock.

About three percent favored their own individual plans.

In typical divergence of views were those reported by the Llano News when ten favored removal of all agricultural price supports.

Seven favored No. 2, with price supports on cattle, hogs and sheep as well as other agricultural commodities.

One favored No. 3, flexible price supports on agriculture, excluding cattle, hogs and sheep.

One wrote in his own plan, which was: The government buying the cattle from the ranchers, canning it and sending it to foreign countries instead of cash.

On the other hand The Comanche Chief reported: Three favored removal of price supports. Thirty-eight favored, No. 2 or price supports on livestock and agricultural commodities. The Comanche Chief reported seven favored flexible supports on commodities: Seven favored the present program. Two favored supporting livestock 100 percent and dropping other commodities and two favored supports on all agriculture at 90 percent of parity.

The present rigid supports got their strongest support in the poll of the Tulia Herald, and strangely, no votes were reported there for proposition No. 1, the removal of supports. In the Tulia Herald, No. 2 got 58 votes, or more than 53%; No. 3 got 13 votes, or nearly 12%; No. 4 got 38, or almost 35% of the votes.

The Childress Reporter ballots were 2 to 1 in favor of supports for livestock as well as other commodities. One voter who favored removal of all supports in the Childress Reported ballot wrote:

"Do away with all this gimmy stuff, make the rancher a loan at a cheap interest rate on long time, then expect him to pay his loan off, and most of them will be glad to meet their creditor with a smile and pay their notes".

The Paducah Post ballots were two to one in favor of supports. Comment with them favored feed at lower prices, and favoring ceiling on things farmers must buy.

One ballot called for supports at 90% of parity, acreage allotments when necessary.

The Foard County News ballots were at the ratio of two-to-one favoring proposition No. 2. One ballot said stop all supports, all

controls and stop all imports. Another ballot favored government purchase of three to five million cattle now. Another ballot called for putting somebody in office who can negotiate foreign markets for our surpluses.

The Merkel Mail reported up to date a single ballot favoring Proposition No. 2.

The Bowie News Time reported No. 2 ahead five to three, with 25% of the ballot favoring removal of all supports. One ballot said, "it's a crazy idea to support feeds and not livestock." Another said, "Price supports on all, or turn it all loose. Livestock and poultrymen haven't a chance under the present setup." Another ballot said, "Give the producer of all commodities the same guarantee that is given labor, utilities and common carriers and other businesses."

The Mount Vernon Optic Herald reported two ballots for Proposal No. 2.

The delay in the mail caused by the holiday over the past weekend undoubtedly tied up many reports with were on the way in, some we will probably be able to complete the poll in our report next week.

It appears that the idea of price

READY

U.S. MARINES

supports is so general in the farm and ranch sections that this will undoubtedly be a big issue in the months ahead in the hall of Congress as well as in the 1954 congressional elections.

EDITOR'S NOTE: It looks like near 100 papers ran the ballots, and we have had reports from only a few. Here's hoping we can win this up next week, Ted. G.

HAVE YOU FORGOTTEN ANYONE?

Sonora Retail
Merchants Ass'n.

Ever try the
lap of Luxury?

Deep, foam-rubber cushioning
in both the seats and the seat
backs lends added luxury to
ROADMASTER comfort.

We'd like to spoil you a bit.

We'd like to seat you in a 1953 Buick ROADMASTER and let you be coddled in the most sumptuous comfort on four wheels.

What we have in mind is more than just a sampling of the spacious roominess here—and of the cushions that cradle you in opulent and enveloping softness.

It's the magnificent luxury of ROADMASTER travel that we'd like you to know...

The soul-satisfying feel of bossing almost limitless power from the world's newest and most advanced V8 engine...

The casual ease with which you command sparkling getaway from Twin-Turbine Dynaflo—and the sheer comfort of its new quiet and infinite smoothness...

The matchless gentleness and levelness of ride from all-coil springing, torque-tube steadiness, liquid-smooth power delivery—making you barely aware of motion, of road irregularities, of stopping and starting...

And the consummate ease-of-handling you enjoy from the most maneuverable ROADMASTER in Buick history. A car with the hydraulic help of POWER STEERING. A car with the velvety control of

still finer braking—plus the added convenience of Power Brakes,* if you wish.

Surely, you ought to look into this supremely satisfying ROADMASTER for 1953—and see for yourself that the lap of luxury is more than a figure of speech when you take your seat here. Why not visit us soon?

Our WASHINGTON Letter

By Congressman
O. C. FISHER

HOOVER COMMISSION recommendations, promising more efficiency and economy in government, got a third approving nod this year when the Congress last week put its blessing on a reorganization program for the sprawling Department of Defense. That made the third approval of Hoover plans put into effect this year. The object of all these programs is to eliminate overlapping, duplication and bring about responsibility and economy. I voted for each of them.

The House approved a bill to permit the sale of government-owned synthetic rubber plants. These plants were built by the Government during the war at a cost of around \$800 million, and have been operated by private concerns on contract with the Government. The program starting from scratch, did a remarkable job. Synthetic rubber is now a major industry and is due to expand even more under the competitive impetus of private enterprise. The disposal plan calls for the best deals that can be obtained, with proper protection against monopolistic set-ups. A final disposal will, under the House version, have to be approved by Congress before it would be final.

I was on the committee which visited these plants this Spring and held the hearings on disposal, then reported the bill. The government sale of these rubber facilities was recommended two years

ago by President Truman and again this year by President Eisenhower. It is in keeping with the spirit of private enterprise, and will get the government out of a business that can and should be handled by private concerns under free competition.

AS THIS IS WRITTEN, an Agriculture committee is planning to leave here later today (Thursday) for Texas to take a look at the drought area. I will go along with them. Some 12 or 15 Congressmen will make the trip. It has been arranged for the group to go to Amarillo, thence on Friday to Del Rio. From there a trip will be made by automobile to Sonora and San Angelo and on to Wichita

Falls. Because of the shortage of time, other points in the disaster area cannot be visited. This should give the Congressmen a chance to see a fairly good cross section of the stricken area.

As you know, already Secretary Benson and President Eisenhower have taken steps to provide disaster assistance. In accordance with our requests, plans have been put into effect to: (1) provide government-owned feed at reduced costs; (2) obtain reduced freight rates from railroads for feed going into the stricken area; (3) a government meat purchase program calling for the buying of 200,000,000 pounds of canned beef, hamburger

and boned beef in the next 20 weeks; and (4) a more liberal credit program. Secretary Benson has just asked the Agriculture committee for emergency legislation calling for a \$50 million increase in emergency credit funds of the Farmers Home Administration to be used for loans in the drought area.

Attend SOME church on Sunday.

Wow!

Summer, with record breaking heat, arrived thirty days early ...and I've been working double hard to help you beat the heat!

...working to keep you and your family comfortable in spite of the abnormal heat... working to keep the food in your refrigerators and home freezers fresh and wholesome... keeping air conditioners, room coolers, and fans running full speed day and night.

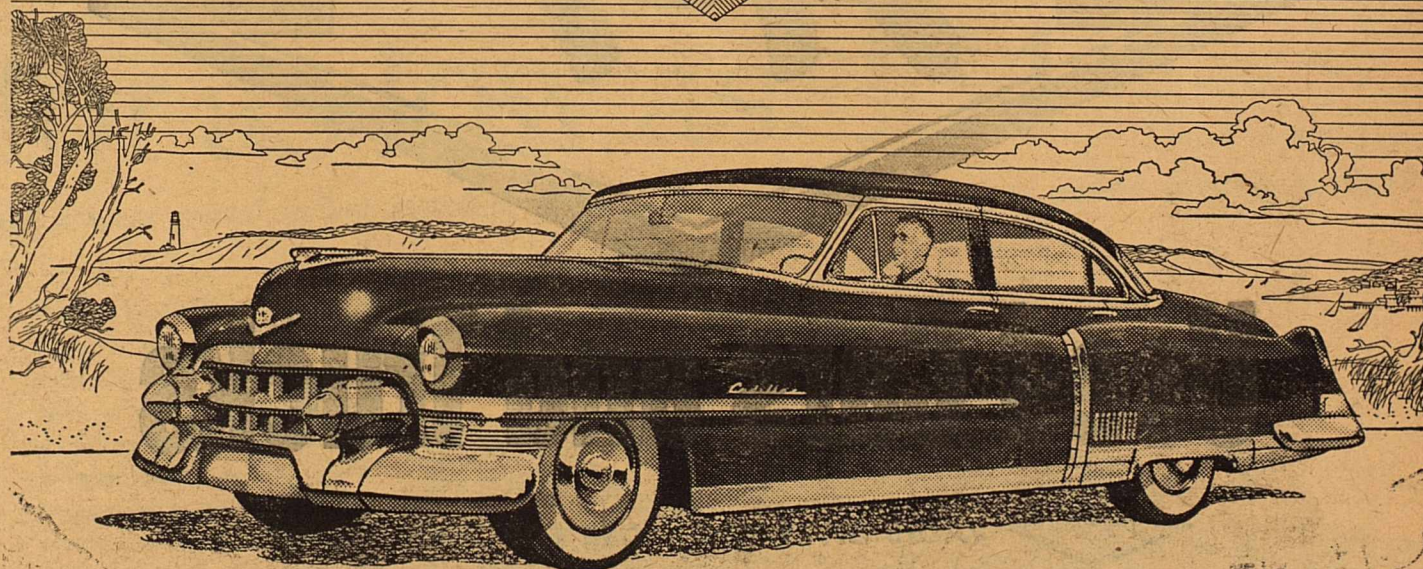

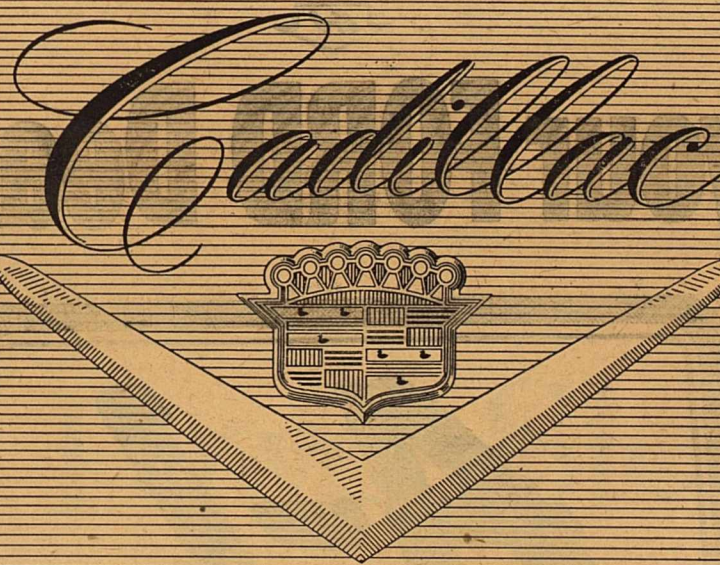

Yes, when the temperature soars there's much, much more work for me to do in addition to my regular chores around the home... work that I'm glad to do so long as it's helping you.

He's Driving His Cares Away!

There's a great industrialist in Detroit, and a well-known scientist in New York, and a famous statesman in Washington who will tell you that the best way to relax from the cares of the day is to get behind the wheel of a 1953 Cadillac.

And there are also thousands upon thousands of other Cadillac owners throughout America who will gladly add supporting testimony to these revealing statements.

For these motorists know, from their own personal experience, that there is no faster or surer way to relax and refresh than to take to the highway with a smooth, comfortable, quiet Cadillac car.

It makes a man feel good just to sit behind the wheel. As he glances about his Cadillac's gracious

interior, he's reminded that he has made something out of his years—and that, in itself, gives a lift to his spirits.

And then, once he's out on the highway—well, in no time at all, he's as happy and contented and trouble-free as it's possible for a motorist to be.

He is surrounded with comfort—and his driving is so relaxing and effortless and enjoyable that his mind clears, as the miles go by—and his heart grows gay and his outlook bright and hopeful.

He has literally driven his cares away!

You really ought to try it sometime. Come to think of it, you ought to try it today... after your day's work is done.

The car is waiting—and so are we.

Mrs. Billie Dee Drennan

Lois Ivey Bride Of Billie Drennan

Miss Lois Ivey became the bride of Billie Dee Drennan Thursday evening at seven o'clock at the home of the groom in a double ring ceremony read by the Rev. J. E. Eldridge.

Miss Ivey is the daughter of Mr. and Mrs. Douglas Ivey and Drennan is the son of Mr. and Mrs. Bill Drennan of Sonora.

Miss Alice Ivey, the brides sister, was bridesmaid and W. K. Reagan was best man.

The bride chose a dress of navy blue sheer with white accessories. She carried a white Bible topped with white carnations.

Mrs. Drennan attended school at Nixon, moving to Sonora in 1951. She is employed with the C. G. Morrison Variety Store.

Drennan attended school in Sonora. He was employed with the San Angelo Telephone Company before entering the army. He served with the Signal Corps in Korea fifteen months. After receiving his discharge in January he was re-employed with the San Angelo Telephone Company here in Sonora.

Cake and punch were served at a reception following the ceremony to relatives and close friends. Mrs. Pat Lyles served the three tiered cake topped with a miniature bridal couple and Mrs. Della Mae Merriman served punch.

After a wedding trip to Carlsbad, New Mexico, the couple are at home in Sonora.

MISS MOORE BRIDE OF C. R. EMDY JUNE 17

Mr. and Mrs. Mike Moore announce the marriage of their daughter, Miss Eva Lee Moore, to C. R. Emdy, son of Reuben Emdy of Duncan, Oklahoma, and the late Mrs. Robert Garrett of Star.

The marriage was performed June 17 in the home of the Rev. Ramon Simms, pastor of the First Baptist Church in Star. The bridegroom is serving with the Navy at Oceana, West Virginia, and Mrs. Emdy is at home with her parents.

Congratulations To These NEW PARENTS

Mr. and Mrs. Cleveland Nance are the parents of a son, Cleveland Gates Nance, born July 6 at the Hudspeth Memorial Hospital, weighing four pounds and four ounces.

Grandparents are Mr. and Mrs. R. G. Nance of Sonora and Mrs. Mildred Zimmerman of Menard.

Mr. and Mrs. G. B. Emert are parents of a son, Clay Bennett, born June 29 at Hudspeth Memorial Hospital. The baby weighed 7 pounds, 2 ounces. Grandparents are Mrs. J. A. Howard of San Angelo, and Mr. and Mrs. G. B. Emert, Sr., of Big Lake.

Mrs. L. W. Griffin of San Angelo is great-grandmother.

CANASTA CLUB MEETS

The Ka Tasta Club met last Thursday at the home of Mrs. W. E. Gatlin for their weekly party.

Mrs. O. L. Smith won the high score and Mrs. E. L. Harris won low.

A sandwich plate and Cokes were served to Mmes. W. A. Cochran, J. A. Harris, M. O. Carter, C. R. Wood, Adam Delrie, G. W. Kisselburg, O. L. Smith and guests.

Mmes. G. W. Neill, Jr., E. L. Harris and Miss Nettie Kisselburg.

Mr. and Mrs. S. A. Bridges and daughter, Lomalea, were in Bartlett over the weekend.

CLEVE T. JONES III GIVEN SWIMMING PARTY FRIDAY

Mrs. Cleve Jones, Jr., honored her son, Cleve T. Jones, III, with a swimming party on his ninth birthday Friday at the Wesley Sawyer ranch.

A sandwich plate, watermelon, cake and cold drinks were served to Bill McClelland, Richard McCoy, John Paul Friess, Steve Fuqua, Eddie Sawyer, Charlie Howell, Luther Chalk, Carlos Loeffler, Jane and Sarah Sawyer, Claire Jones, Frankie Lou McKinney, Georgia Gail Rode, Mary and Nancy Wilson, Kay Shurley, Mmes. E. E. Sawyer, Edwin Sawyer, Edgar Shurley, G. T. Rode, Harold Friess, Duke Wilson, Mr. and Mrs. S. M. Loeffler, Bobby and Ann Loeffler of Dallas and Wesley Sawyer.

BIRTHDAY BRIDGE CLUB MEETS WITH MRS. GRANGER

The Happy Birthday Bridge Club met Tuesday afternoon at the home of Mrs. Wesley Granger.

Miss Nettie Word won high and Mrs. J. H. Brasher won low.

Orange and pineapple juice and Cokes were served to Mmes. Rose Thorp, J. H. Brasher, Luella O'Leary, Nancy Sandherr, Robert Rees, Nellie Allen and Miss Nettie Word.

HOMEMAKING CLASS STUDIES TABLE SETTING

The Adult Homemaking Class met last Wednesday at the home of Mrs. Ernest Castro. A lesson was presented on table service by Miss Dudley Hambright, instructor.

Miss Hambright stressed the importance of simple good form in table service, and its importance in the relationship to the development of the child. A table was set with tablecloth, dishes, and glassware which were harmonizing.

Refreshments were served to Mesdames Santos Lopez, Raul Favilla, Eddie Sosa, Braulio Galindo, Andres Virgen, Billy Gonzales, B. W. Romos, Louis Perez, Pat Brown, Amador Castillo, Ernest Castro, and Misses Emma Castillo, Gertrude Valdez and Dudley Hambright.

FIREMEN'S AUXILIARY ENTERTAINED WEDNESDAY

The Firemen's Auxiliary was entertained with a bridge and '42' party Wednesday night at the Fire Hall by Mrs. D. R. Swails.

At bridge high score was won by Mrs. Lee Patrick and low by Mrs. J. P. Smith with Mrs. Nellie Allen winning high guest score. At the '42' games Mrs. Gwin Kring won high score, Mrs. Jeff Lambert won low with Mrs. Bert Swails winning high guest.

A salad plate, cake, lemonade and coffee were served to Mmes. Wes Granger, J. P. Smith, Bill McGilvray, Sid Rogge, J. H. Brasher, George Barrow, Lee Patrick, Nellie Allen, Jeff Lambert, Malcolm Bolinger, Gwin Kring, L. D. Holmig, Bert Swails, Dick Morrison, and Misses Christine Legg and Emma Hamilton.

THE GREAT ADVENTURE By W. H. Marshall

When you are in difficulties, look upon the overcoming of them as a great adventure. Resist the temptation to be tragic, to give way to self-pity or discouragement; and approach the problems as though you were an explorer seeking a path through Darkest Africa, or an Edison working to overcome difficulties in connection with a new invention.

You know that there is a way out of any difficulty whatever, no matter what it may be, through the changing of your consciousness by thus raising your consciousness any conceivable form of good that you can desire will be yours; and you know that nobody else can by any means hinder you from doing this when you really want to do it—relatives, customers, employers, bad times, so-called-nothing can hinder you from the rebuilding of your consciousness—and this rebuilding is the great Adventure.

Have you ever thought that, a rattlesnake is a rattlesnake; if you are a gentleman, or a Christian, why be ashamed of it. The shame lies in disappointing those who have a right to look to you for good example, for a what what to

WESLEYAN SERVICE GUILD SPONSORING BOOK REVIEW

The Wesleyan Service Guild will hold a Book Review Monday night July 13, in the basement of the Methodist Church.

Mrs. Harold Scherz will review "The Shape of Sunday" by Lloyd C. Douglas.

Members of Women's Societies from all local churches are cordially invited to attend.

MRS. NANCE HOSTESS TO THURSDAY BRIDGE CLUB

Mrs. R. G. Nance was hostess to the Thursday Bridge Club at her home.

An Independence Day motif was carried out in decorations.

High score was won by Mrs. Joe Berger and high guest by Mrs. Andre Truden. Consolation prize went to Mrs. Robert Kelley and bingo to Mrs. C. E. Stites.

Strawberry parfait and iced-tea were served to Mmes. Robert Rees, Joe Berger, C. E. Stites, O. G. Babcock, Lee Labenske and guests Mmes. Andre Truden, Tom Darrow, T. K. Neville, Louin Martin, J. P. Smith and Robert Kelley.

ATTEND FAMILY REUNION

Mr. and Mrs. Wallace Pepper accompanied by their son and daughter-in-law, Mr. and Mrs. J. W. Pepper attended the Pepper family reunion held at Coleman Lake last Sunday. Three sisters and two brothers of Pepper's attended including Mrs. Bob Patterson of Freer, Mrs. Tom Pate of Austin, Mrs. Irless Perkins of Kingsville, J. C. Pepper of Devine and Truman Pepper of Coleman and their families.

Fishing, boating and swimming were enjoyed.

Eighty-two were present.

Mr. and Mrs. A. H. Adkins were in Goldthwaite last weekend as guests of their daughter, Mrs. Don Reynolds, and family.

live a LIFE.

Good is attractive. Evil is repulsive. Life is just the ONE

GRAND CHANCE. As for me, I want that CHANCE.

Hints for the House-Wise

by BETTY BLAKE

"Out-of-the-way windows" in and around the house have long been a problem for the conscientious home maker. Basement windows, attics, garages, pantries, closets, and others, are forever gathering dust and grime. Yet, these are the windows they are difficult to reach, or not often used.

They are allowed to go uncleaned for longer periods of time than most windows in the home. Last week, as I was leaving through a local ten cent store, I noticed a plastic coated paper window decoration that at last solved this problem — perfectly. Vitropane, the window decoration comes in frosted glass effects or colorful patterns. Although it allows light to come through the window it completely blocks the view of outsiders, for extra privacy. I purchased a couple of yards for my own garage window and found it cost only 20¢ a yard and is easily applied to the window with only a little water. Best of all, this plastic coated paper marked an end to my garage window washing worries. The window now not only stays cleaner longer, but when it does become dusty I simply wipe it with a dry or damp cloth, and it's clean again in seconds.

If you have "out-of-the-way" window worries, I suggest that you too pick up a few yards of Vitropane at your local dime store.

Mr. and Mrs. Ernest McClelland, Miss Jo McClelland and Bill McClelland are vacationing this week and plan to visit in St. Paul, Minn. with their friends, Mr. and Mrs. Phil Cormigan.

Henry Ehrenburg and Lou Ann Adkins attended the rodeo in Rocksprings Saturday.

One finger turns the wheels...
even when the car is standing still!

Now! Power Steering

for as low as \$134⁴⁰*

Ford brings you
the lowest priced power steering in its field... and the finest in power steering at that!

We all know the advantages of power steering. Most of us would like it. And now many more of us can afford it! By spending testing time and development money, Ford brings you Master-Guide power steering for nearly three quarters the price of any other system in its field. For the facts, read the captions on this page. For a thrill, Test Drive Master-Guide power steering in the Ford!

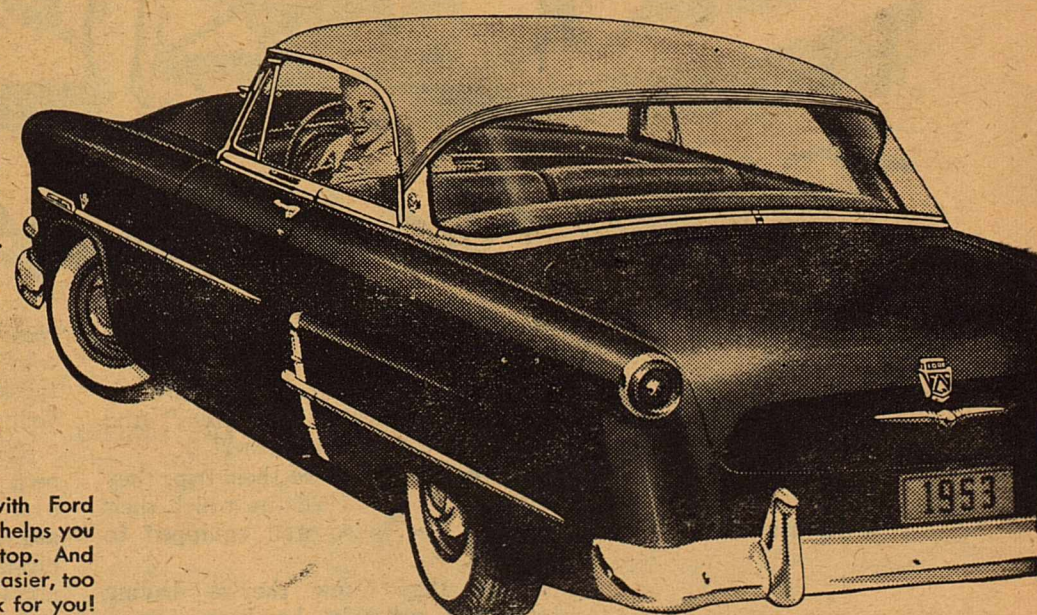

So simple... So safe!

Blowouts become less risky with Ford Master-Guide power steering. It helps you steer to a safe straight-line stop. And power steering helps you park easier, too... does up to 75% of the work for you!

No radical change in driving habits! Unlike many other systems, Ford's system gives you much the same "feel" of handling that you get without power steering. Then, too, you always turn the wheel the same amount as you would with regular steering.

*Suggested delivered price.

And, because Ford's Master-Guide power steering has a more natural "feel" than many others, you don't have to change your driving habits radically. The steering gear ratio is the same as without power steering and the hydraulic system gives you the right assistance when you need it.

Worth more when you buy it...

Worth more when you sell it!

Test Drive the new power steering in

IT'S THE LAW in Texas

FINDERS KEEPERS? NOT ALWAYS

"Finders keepers, losers weepers." Is this old rhyme true or false? Lawyers say it is not always strictly accurate under the law. It is sometimes rather difficult to define the rights of a finder in court.

There are some rather fine distinctions and exceptions to the "finders keepers" maxim that have plagued the courts and finders for generations. In the first place, the finder is not entitled to keep the property unless the original owner is not known and cannot be

located. Neither may he keep it unless the object is truly "lost", and not merely "misplaced."

In general, property is legally "lost" when parted with involuntarily through accident, neglect, forgetfulness or any other unintentional circumstance. Property is not lost in the legal sense when voluntarily left by the owner, intending to pick it up later—even though he fails to do so. Such property is "misplaced."

Thus, if one loses a watch on the street by having the clasp break, not knowing where or when it was dropped, it is legally "lost." The same is true of a fountain pen falling through a hole in one's pocket unobserved. In such cases, the finder owns what he has found against all but the true owner.

On the other hand, a package left on the seat of a bus in "misplaced" rather than lost. In one southern state, a pocketbook left in a barbershop by a customer was held to have been "left," not "lost." The barber was arrested and convicted of larceny when he spent the money that was in it.

MEMORANDUM

31. Assets, pledged or assigned to secure liabilities and for other purposes	\$ 179,000.00
32. (a) Loans as shown above are after deduction of reserves of	35,824.40

I, J. C. Derebery, Cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

J. C. Derebery, Cashier.

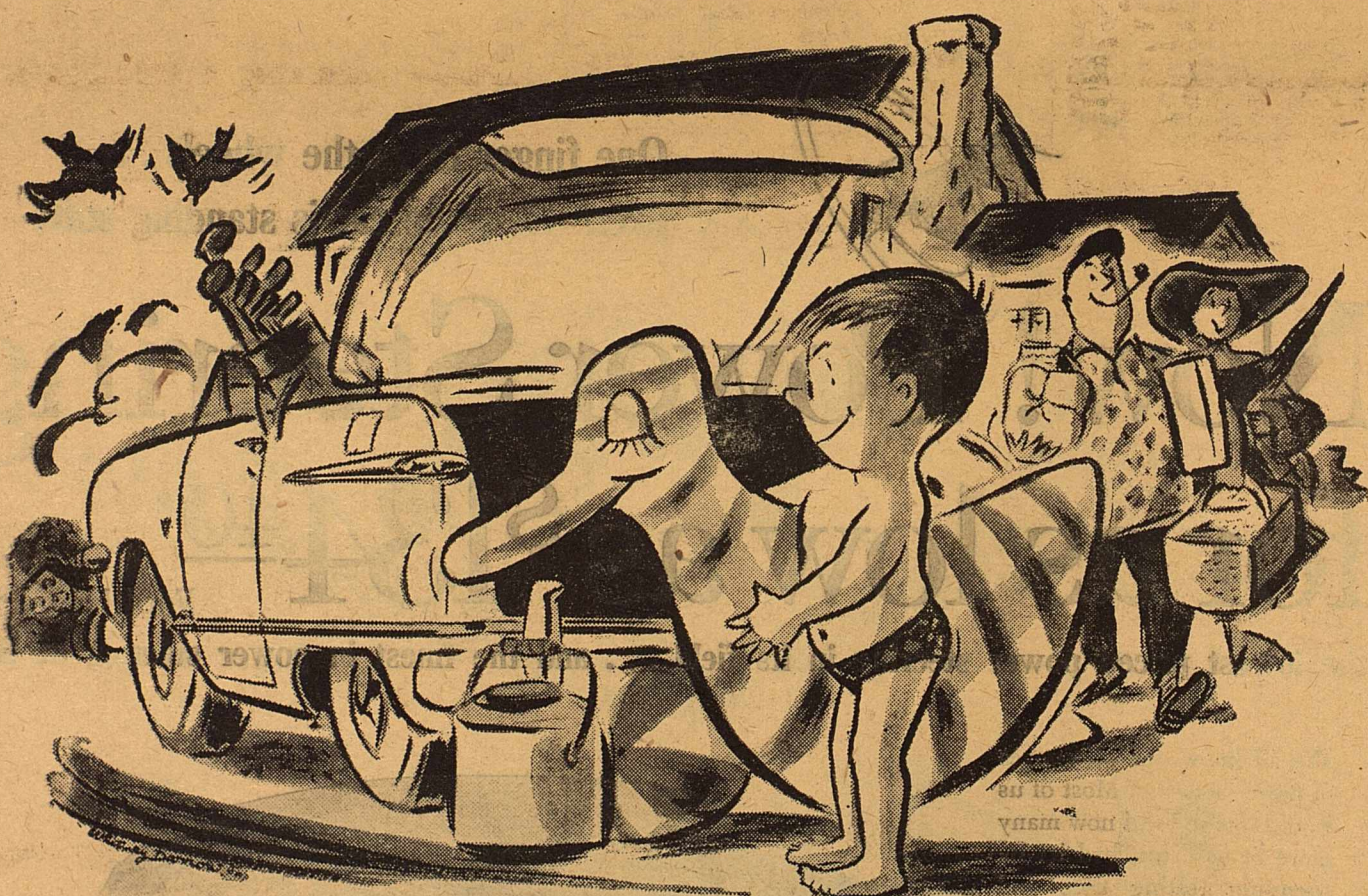

CORRECT—Attest Geo. H. Neill, Edwin E. Sawyer, S. H. Allison, Directors.

STATE OF TEXAS
COUNTY OF SUTTON, ss:

Sworn to and subscribed before me this 2nd day of July, 1953, and I hereby certify that I am not not an officer or director of this bank.

(SEAL)

Dorothy Baker, Notary Public.

Put your Ford in "Trip-top" shape

"Travelize" your Ford now!

You'll save time

and money.

A vacation trip is one time when you want your Ford in the pink.

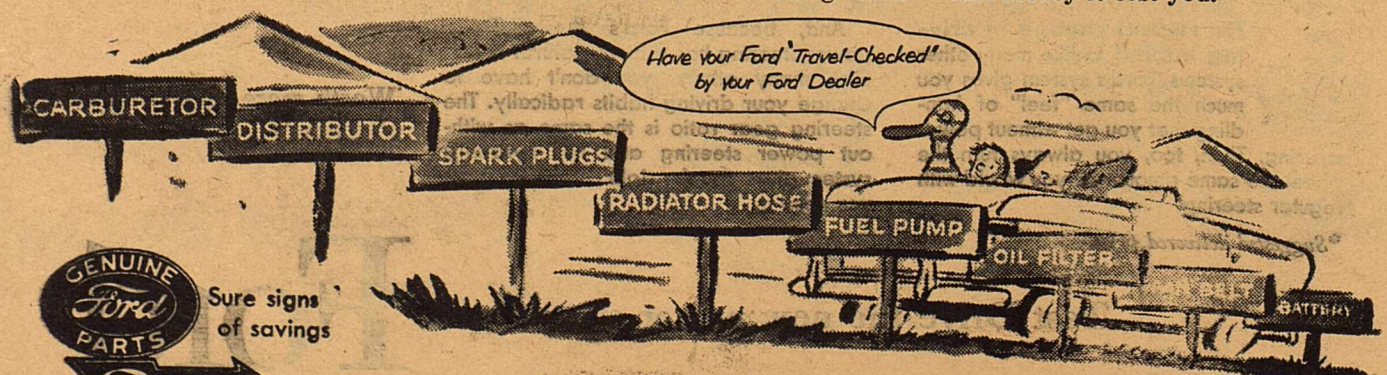

Travel-wise owners make sure by having their Fords "Travelized." And not at the last minute, either!

A week or so before their trip, they get the all-round check-up which their Ford Dealer is so well equipped to perform.

Then they know they're driving away in a car which has been given a

real "travel-check" by Ford mechanics who have at their disposal the advantages of factory-approved methods and Genuine Ford Parts.

Try this "Travelizing" idea on your own Ford. Let your Ford Dealer go over it point by point, with special attention to the eight under-hood items displayed below. You'll say the peace of mind alone was worth the little time and money it cost you.

You're in good hands at your Ford Dealer's

Sonora Motor Company

Under the law the finder of either lost or mislaid property should make a "reasonable effort" to find the real owner.

When articles are left on a train or bus, in a public hotel room, or even when dropped on a shop floor, under circumstances indicating that the true owner will later return to claim them, such items are not considered lost. The proper custodian to hold them for the owners return would be the pro-

prietor or other person in charge.

Remaining unclaimed, the property sometimes goes to this custodian, sometimes to the finder. The distinction here appears to be whether the place it is found is private or semi-private, or a place used by the general public.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Mr. and Mrs. Clarence Beyer and son were in Brady last weekend as the guests of his parents, Mr. and Mrs. Herman Beyer. While there they attended the races.

Mr. and Mrs. G. W. Archer, Jr., and children of San Angelo are spending the week here with his parents, Mr. and Mrs. G. W. Archer.

Mrs. W. C. Anthony and children, Nancy and Wallace, were in Uvalde last weekend as the guests of her Aunt, Mrs. Bertha Johnson. Nancy remained for a week visit.

Mr. and Mrs. Ray Baker and family were in San Angelo over the weekend with friends, Mr. and Mrs. Ed Varner.

DOWN... DOWN... DOWN

PEARL HARBOR, T.H. (FHTNC)—"Don't hold your breath... swallow to 'crack' your ears," is the last minute advice to students at the U.S. Submarine Base here. This pressure tank is used to train future submariners and under-water demolition teams in the use of the Momsen and aqua lungs. Tank is also used for the treatment of divers suffering from the dreaded "bends" caused when they rise too quickly from the bottom. (Official U.S. Navy Photograph—508002)

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q -- If I sign up for institutional on-farm training under the Korean GI Bill, how much actual instruction will I get?

A -- You will receive a minimum of 200 hours a year of group instruction in school, plus at least 100 hours of individual instruction. A minimum of 50 hours of the individual instruction will be on your own farm.

Q -- I'm the widow of a World War II veteran, and I've been getting a pension. However it stopped. I forgot to mail in the questionnaire asking about my annual income that VA sent me. Is there any way I can get the payments to start again?

A -- You should submit the questionnaire, or other evidence of your annual income to VA. If VA receives this within one year from the date it originally issued the questionnaire, and if your income does not exceed the legal maximum, the pension may be payable from the date of the last payment you received. If more than a year elapses, the payments if otherwise in order will start as of the date VA gets the new questionnaire or a new claim.

Q -- I understand that with credit controls lifted it's possible to get a 30-year GI loan with no down payment. But I can't find anybody who will lend me the money on those terms. Aren't lenders required to do that, under the law?

A -- No. Although such terms are permissible, it's still up to the lender to make his own decision as to the terms of the loan.

Q -- I've just been separated from service. I haven't yet applied for the GI term insurance available to Korean veterans. How long will I be covered by the free indemnity that protected me while I was in uniform?

A -- The free indemnity protects you for 120 days after your separation from service. If you want the GI term insurance, you must apply to VA for it and pay

your first premium within that 120-day period.

On all these points of comparison...

Chevrolet's farther ahead than ever!

... IN NEW AND ADVANCED STYLING—The new long, low, sleek lines of the 1953 Chevrolet set new standards of beauty in the low-price field. Here you will see careful detailing and a richness of appointments always before found only in much costlier cars.

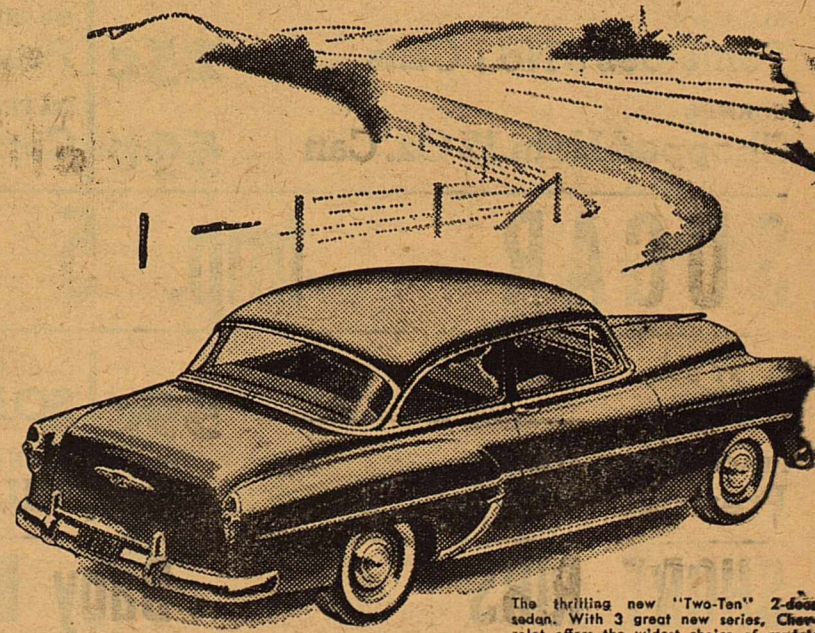

... IN HIGH-POWERED PERFORMANCE—The most powerful engine in the low-price field! The entirely new 115-h.p. "Blue-Flame" engine in combination with new Powerglide* brings you new high-compression power and a wonderful gain in economy, too. In gearshift models you will find the advanced high-compression 108-h.p. "Thrill-King" engine.

... IN SMOOTH, SIMPLE AUTOMATIC DRIVING—Expect faster getaway with Powerglide's new automatic starting and passing range... and new economy, too. Chevrolet's new Power Steering* takes over 80 per cent of the work of steering, makes parking unbelievably easy.

... IN ECONOMY AND VALUE—Now, you'll get many more miles out of every gallon of gasoline. You'll save on over-all operation and upkeep, too. Yet Chevrolet remains the lowest-priced line in the low-price field.

... IN AMERICA'S FAVOR—Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show that Chevrolet is over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models.

The thrilling new "Two-Ten" 2-door sedan. With 3 great new series, Chevrolet offers the widest choice of models in its field.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

YOUR PHARMACIST IS ALWAYS READY

Your pharmacist is the one man on your business street whose services are always available to you. He, like your physician in answering your call, is ready to meet your needs by filling your doctor's prescription, regardless of the hour.

If you become ill in a strange town, the local pharmacist can assist you in finding proper medical attention.

Your druggist, who is a licensed graduate of a pharmaceutical college and is aware of medical advances, is able to provide invaluable service to you and your family.

In dispensing your doctor's prescription, he coordinates the latest advances in clinical medicine with the current accepted usage of drugs—both old and new—prepared by the various drug manufacturers.

SONORA DRUG COMPANY

*it was
about you!*

says Madeleine Carroll

HAVE YOU EVER HEARD A STORY about someone that made you want to meet him? Well, I've just heard one. A story

about a sincere, patriotic citizen who is doing something practical about his future and the peaceful future of his country. Investing in U. S. Savings Bonds. A story about you! And one that ought to make you feel proud.

I felt good, too, when I heard what a great success story the Savings Bond Program has turned out to be. For you see, I'm a Bond owner, too! And when you stop to think about how you and I and millions of our friends and neighbors all over America now own more than 49 billion dollars worth of our country's interest-earning Bonds—it makes you proud to be an American!

Great News!

New money-earning features
for U. S. Savings Bonds!

FIRST—Thanks to new Treasury regulations, every Series E Bond you invest in begins earning interest after only 6 months. It earns 3% interest compounded semiannually when held to maturity.

SECOND—Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date.

THIRD—All maturing E Bonds automatically earn interest at the new rate (average 3% compounded semiannually) for 10 more years.

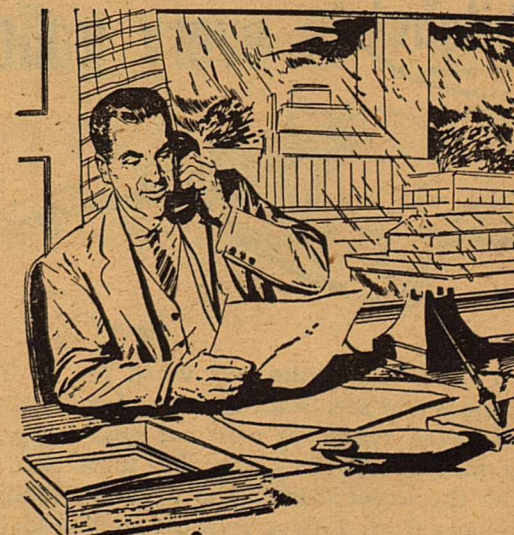

FOURTH—If you want to be paid the interest your Bonds are earning every six months, ask at your bank about the new Series H Bonds.

Peace is for the strong...
for peace and prosperity invest in
U. S. Savings Bonds
