Chapel Services at the Front

Capt. Emanuel Carlsen, Cliffside, Park, N. J., chaplin of the 1st Cavalry Division's 7th Regiment, holds church services for GI's within sight of the front lines in Korea. Smoke rises from burning town, upper right, at end of road in background.

Allied Troops Before Taegu Beat Back Reds

All Right-Of-Way Deeds Are Signed For Avenue R Paving

As complaints grew louder over the condition of Avenue R in front of the new post office, Forest G. Sears, mayor, announced today that the controversy over right-of-way which threatened the Avenue R paving program had been settled, subject to the approval of the State Highway Department.

"Avenue R and Thirteenth Street will be paved as originally planned, as a joint city and State Highway Department project," Sears stated. "If certain provisions in one of out right-of-way deeds is acceptable to the State."

DEEDS GRANTED

Right-of-way deeds were signed this morning by A. E. Dennis and R. T. Carroll, both of whom ceded to the city 10 feet along the front age of their property on Thirteenth Street.

These two deeds made complete the list of right-of-way deeds which the highway department demanded before going into the program.

"This never was a matter of Carroll and Dennis not wanting the paving, but was a question of right-of-way, which we settled amicably last night at a meeting of the city council with several property owners on Thirteenth Street and on Avenue R," Sears explained.

Ten feet of additional right-of-way were required by the highway department on Thirteenth Street before the state would begin the paving.

The state will not spend money on a street where the right of way is less than 80 feet. On Thirteenth Street, before the 10 feet were deeded by property owners, the right-of-way was only 60 feet.

AS A BY-PASS

In June it was agreed that the highway department would assist in paving Avenue R north of the square to Thirteenth Street, and Thirteenth Street between Avenue R and Avenue S.

In this joint city-state project, the city is to put in curb and gutter and 16 feet of pavement on each side of the street. The state will put in the base and a 24-foot strip of pavement down the center.

While repairs are being made on Avenue S by the highway department, Avenue R and Thirteenth Street will be designated a highway by-pass. But following completion of Avenue S, Avenue R and Thirteenth Street pavement will be returned to the city.

BARGAIN PAVEMENT

Because of the assistance of the state highway department, paving on the two streets will cost property owners considerably less than in other sections of town. James V. Curnutte, city engineer, estimated that property owners will pay $1.50 a foot for curbing and about $1 for paving.

This will be about $2.50 a front foot for a 56-foot street, or $1.27 less than the cost of paving a 36-foot street in other sections of the city. Under the terms of a paving contract let Tuesday night to Root & Brown Construction Co. of Houston 36-foot paving will cost property owners $3.77 a front foot.

Producer Is Completed One Mile from City

W. P. Euse of Dallas has completed his No. 1 J. E. LeMond, one and one-quarter miles due west of Snyder at the southeast edge of the Kelley-Snyder field, for 268 barrels of 43.6 gravity oil per day plus two per cent water.

This new well is the nearest production to the city limits of Snyder, and is a few yards from station KSNY on the Lamesa highway.

Exact location is 1,931 feet from the north and 785.7 feet from the east lines of section 14, block 1, J. P. Smith survey.

Production on the potential test was through a one-half inch choke. Pay was topped at 6,747 feet. Total depth of the new producer is 6,799 feet.

Gas-oil ratio on the test was 902-1. Casing pressure was reported at 160 pounds and tubing pressure at 690 pounds

The pay horizon was treated with 7,000 gallons of acid.

SCURRY VENTURE

W. C. McBride, Inc., of St. Louis No. 1 E. M. Conrad, wildcat in Southwest Scurry County, three and one-half miles south of the Sharon Ridge-Canyon pool, developed 1,550 feet of sulphur water on a drillstem test at 6,938-998 feet.

Operator is deepening.

The No. 1 Conrad is 660 feet from the south and west lines of section 73, block 25, H&TC survey.

JUSTICE HEIRS

R. L. York and Standard Fryer Drilling Co. No. 1 Justice heirs, wildcat in Southeast Garza County, has recovered 4,860 feet of clean oil and 1,470 feet of salt water on a drillstem test at 7,460-92 feet.

On the two-hour test in the Pennsylvanian lime, gas surfaced in six minutes. Open hole bottom hole pressure was 500 pounds. The shut in pressure after 30 minutes was 3,400 pounds.

Operators plan to take electric log survey, then will run casing and will make production test after the water level of the possible pay is determined.

First reports on the above drillstem test had the possible discovery recovering 6,600 feet of free oil and no water. That report was premature and erroneous.

Previously the No. 1 Justice heirs recovered 300 feet of heavily oil-and-gas-cut mud and 100 feet of oil-and-gas-cut mud on a drillstem test at 7,416-60 feet.

The possible discovery should have at least 50 feet of pay in this Pennsylvanian lime zone, called Strawn by some geologists.

Location is 660 feet from the south and west lines of section 6 H&GN survey.

Acknowledges Shooting Red Bomber Down

WASHINGTON, Sept. 7. (AP)—The Navy acknowledged today that two of its fighter planes shot down the Russian bomber off Korea on Monday.

This was the first official word that American planes knocked off the twin-engined Soviet craft when, the U. S. charges, it attempted to attack United Nations naval forces.

At the time the incident was first reported the State Department said the bomber "opened fire upon a UN fighter patrol, which returned its fire and shot it down."

A Navy spokesman at a briefing session for newsmen in the Pentagon identified the fighter planes as two Navy Corsairs attached to Task Force 77, composed of carriers and supporting units.

He said the Navy had no information that would support the Moscow claim that two other Russian planes were in the vicinity or that 11 American fighters took part in the brief fight. Moscow also contended the destroyed bomber was on a training flight and was unarmed.

The Navy spokesman said the action took place about 30 miles from the center of the task force. The State Department announcement of the incident had said the bomber passed over a screening ship and continued toward the center of the formation "in hostile manner."

The Navy's report cleared up previous indications that British forces might have been involved.

Electrical Workers Hint Fact-Finders Would Help In Strike

By HAROLD WARD
(Associated Press Staff)

WASHINGTON, Sept. 7. — The CIO's electrical workers hinted today that President Truman could ease the dispute at General Electric Co.'s strike-jittery defense plants by naming a fact-finding board.

Such a board could look into the contract battle which already has idled 32,500 members of the CIO's International Union of Electrical Workers (IUE) and threatened to send another 23,000 out on strike if government peace efforts fail.

HOPE FOR SETTLEMENT

James B. Carey, administrative chairman of the IUE, said the union was hoping that meetings called today by Federal Mediator Cyrus S. Ching would bring about a settlement.

But if those sessions don't help, Carey said he would recommend appointment of a presidential fact-finding board to investigate the issues and recommend a solution.

Carey told a news conference the IUE would agree to be bound by the board's report if General Electric would make a similar advance commitment. He added, however, that the company once rejected an offer to arbitrate.

STRIKE DECISION

A decision whether the additional members will strike or not will be made by the conference board representing 42 units in General Electric plants, Carey told reporters.

That board, with about 50 members, will be at a mid-city hotel during and after the conciliation sessions to be attended by Carey and the IUE negotiating committee.

The union is asking for a "package" of contract concessions totaling 15 cents an hour. The company has offered the equivalent of a 10-cent hike, but has refused to assume the employes' share of hospital and pension payments.

MORE ISSUES

Carey said there were many more issues, such as liberalized vacations; two additional paid holidays each year including election day; restoration of cost-of-living raise increases and a profit-sharing program, both of which were dropped when the company granted other wage demands a few years ago.

More than two-thirds of the auto industry now is committed to the plan of paying wage increases when the government's cost-of-living index rises—and cutting them when it falls.

Scurry Gets $11,245 to Aid Polio Victims

Infantile Paralysis Fund officials here had an $11,000 smile on their faces yesterday as they received assistance from the national foundation which, according to their estimates, will carry Scurry and Borden Counties through the middle of October.

With 16 cases of poliomyelitis reported from Scurry County this year, the Scurry-Borden chapter expended its local funds several weeks ago, Joe Stinson, treasurer, said yesterday.

RETAIN HALF

He explained that half the contributions to the annual March of Dimes are kept by the local chapter, and half forwarded to the National Foundation for Infantile Paralysis for later distribution in areas where local funds are inadequate, and for research.

About $8,600 was collected here in the last drive, he said, and about $4,300 was kept to aid Scurry County polio victims.

"On Aug. 18, we made the first application for assistance ever submitted by the Scurry-Borden chapter," Stinson stated.

"And the response is right here," he added, showing a check from the national foundation for $11,245. The money was brought here by Wilmer Sims, Abilene, representative of the infantile paralysis foundation in this part of the state.

NOT CHARITY

"Our help is not charity," Sims explained. "When a family is struck by polio, we assure them that they will have the best available medical treatment. Few families can afford to pay for the prolonged hospitalization and post-polio therapy.

"The families of the victims pay what they can, and the Infantile Paralysis Foundation takes up the slack.

"Here in Snyder, in addition to expenses in local hospitals, there are expenses for taking the patients to Abilene and Fort Worth hospitals by ambulance, accompanied by a nurse, and their expenses while receiving treatment in out-of-town hospitals."

The foundation gives assistance with post-polio treatment and in the purchase of braces, too, Sims stated.

Officers of the Scurry-Border chapter, besides Stinson, are J. B. Turner, chairman, and Forrest Beavers, vice-chairman.

LATEST POLIO CASE

The sixteenth case of polio to be reported here was diagnosed yesterday at the Snyder Hospital.

The victim was a 3-pear-old Negro child from Loraine. He is Willie B. Scott, son of Mr. and Mrs. Sonnie B. Scott. The case was diagnosed at the Snyder Hospital last night, and he was taken by Bolger-Barnes ambulance to the Hendick Memorial Hospital, Abilene. His condition was described as satisfactory by hospital attendants here.

Kaiser-Frazer Leads The Auto Industry In Hiking Worker Wages

DETROIT, Sept. 7. (AP) — Kaiser-Frazer Corp. stepped up at the head of the parade of automobile industry pay boosts today.

The company signed an agreement with the CIO United Auto Workers last night to increase the hourly pay of its 16,000 production employes by 12 cents—and by 17 cents in the case of skilled workers and foundry workers.

That was high in the 1950 round of wage raises.

Pay raises now have gone to approximately 700,000 auto workers.

Eight cents in K-F's boost is a cost of living increase geared to an escalator formula like that in the UAW contracts with General Motors and Ford.

The remaining four cents is the first of four annual four-cent hourly "improvement faetor" increases. The first is not due until June 1 of next year but is being made effective as of last Monday.

Others will come on June 1 of 1952, 1953 and 1954. This also follows a GM and Ford pattern.

Union Dispute Stops Rig Building Over West Texas Oil Fields

ODESSA, Sept. 7 (AP)—A dispute between the rig builders union and rig contractors has stopped rig building through the West Texas oil fields.

The contractors claim their contracts with the union have been legally terminated. The union claims the agreement remains in effect.

The Odessa American said the principal issue appears to be over use of dollies in skidding the rigs from one location to another.

The newspaper said the contractors want to reduce the time allowed for the movement.

Tanks For Belgium

ANTWERP, Belgium, Sept. 7. (AP) —Thirteen Sherman tanks were unloaded today for delivery to the Belgian army. They were the first tanks to arrive under the Atlantic Pact's military assistance program.

Second Truman Radio Address Saturday Night

WASHINGTON, Sept. 7. (AP)—President Truman will address the nation Saturday night to report on what homefront controls are in store in the current emergency.

In disclosing this at a news conference today, Mr. Truman declined to say whether he plans even limited price control. He said he would give his answers in the Saturday night speech.

The administration already has told Congress it needs $40 million to build up an organization which would be ready by next April 30 to handle selective price controls.

SYMINGTON HEAD

The President told a news conference questioner he had no knowledge of one published report that W. Stuart Symington, chairman of the National Security Resources Board, would be in overall charge of home front mobilization.

He also said that no plan is now under consideration for a single economic stabilization agency to use his powers to stabilize prices and wages.

Such powers are embodied in the defense production bill now awaiting his signature.

NO MILITARY

One thing the President did say positively was that there would be no military dictator and that all controls necessary will be under civilian administrators.

Before the White House news conference, Symington was reported to have told the Senate Apprppriations Committee that a seven-point program of credit controls, allocations and priorities will go into effect shortly after Mr. Truman signs the mobilization bill.

Abundance of Cotton Pickers Predicted For Scurry County Area

With cotton harvest still in early season, officials of the Texas Employment Commission in Lamesa say labor is almost sure to be at hand.

More than 100 cotton pickers from the area have filed applications for work with the office, and no calls from the farmers have been received for employees.

When the season gets into full swing, these applications will be followed by those from workers who follow the harvest and possibly Mexican nationals, the officials said.

Although no calls for immediate labor have been filed, the office has had calls for Mexican nationals if they are available here.

In Snyder only a very few bales of cotton have been ginned in local ginning companies.

Joins Snyder National

Ralph Geisenhoner, formerly of Galveston, took over his duties today as a vice-president of the Snyder National Bank. The newcomer to the business scene here has been associated with banks in Denison, Tex., and in Galveston. His latest position was vice-president of the City National Bank of Galveston.

President Is Confident We Will Win War

WASHINGTON, Sept. 7. (AP) — President Truman expressed belief today that United Nations forces in Korea will make up for temporary setbacks before the week is over.

He told a news conference that there had been no material change in the main front line in Korea.

A reporter, mindful of reports of setbacks at the front, asked him "since when." Since the last 10 days, Mr. Truman replied.

Another reporter commented that a lot of people seem to think that ground was being lost by UN troops under heavy attacks by Red Korean forces.

Mr. Truman said that the UN troops were being pushed back at certain points, that certain points were crashed.

But, he said, the North Koreans are being thrust back toward their former lines and he felt this objective would be accomplished before the week is ended.

He said he based his optimism on his daily briefings by Gen. Omar Bradley, chairman of the joint chiefs of staff, and was not attempting to pose as arm chair strategist.

Bevin To New York

SOUTHHAMPTON, Eng., Sept. 7. (AP)—Foreign Secretary Ernest Bevin sailed for New York aboard the Queen Mary today to attend a western big three conference and the United Nations General Assembly

Gets President's Apology

Gen. Clifton B. Cates, commandant of the Marine Corps, hurries out of his car at the White House in answer to a summons from President Truman. The president apologized in a personal letter to Cates for his criticism of the corps.

Denial Made By Chapman On Red Charges

By G. MILTON KELLY
(By The Associated Press)

WASHINGTON, Sept. 7. (AP)—Secretary of the Interior Chapman with the blessings of President Truman, vigorously denied today that he has ever had any Communist ties.

"I have none whatever; I never have," Chapman told the Senate Interior Committee investigating charges brought against him by Sen. Schoeppel (R-Kan). He said he had never had any connections with any subversive group, "open or closed."

ISSUES DARE

Chapman dared Schoeppel to his face to repeat the charges outside the Senate, where senators may say anything without danger of prosecution for damages.

While he was testifying, Mr. Truman confidently told his White House news conference that Chapman will explode attacks against him into little bits — as other attacks, he said, have been exploded before.

Schoeppel had said in a Senate speech Tuesday that there was "a strong and close personal alliance between the Russian Soviet cause and the present secretary of the interior."

CHARGES FALSEHOOD

Schoeppel's attack, Chapman told the Senate committee, "far surpasses in viciousness, in venality and in utter falsity" any made against him in 17 years with the Interior Department.

Chapman called the senator's statements "another instance of the use of the smear technique which has become the stock-in-trade of little men in high places."

"Propagandists for Soviet Russia are not the only ones who are skilled in the use of the 'big lie,'" Chapman added.

Senator Schoeppel was present as Chapman made his prepared statement of reply.

F.B.I. Ready To Arrest 12,000 Communists

WASHINGTON, Sept. 7. (AP)—FBI Director J. Edgar Hoover was reported to have told senators today his agents are ready to arrest 12,000 dangerous Communists if war should break out with Russia.

A member of the Senate Appropriations Committee, asking not to be named, quoted Hoover as telling the group in a closed session that he needs more funds for additional agents to keep a close check on these persons.

CLOSE WATCH

He said Hoover wants his agents to be able "to put these people to bed at night and get them up in the morning" in watching their activities.

President Truman asked Congress last week for $5 million to finance increased FBI activity due to "the changed international situation."

The FBI told reporters then that the money was needed to permit hiring of 835 new agents and 1,218 new clerical workers.

The Senate committee called Hoover before it to learn just what he proposed to do with the money.

Hoover was reported to have told the committee that a special problem is posed by the fact that half of the 12,000 dangerous Communists are American citizens, many of them native born.

UP TO DEPARTMENT

He was quoted as saying it would be up to the Justice Department to decide whether these persons could be arrested immediately, as well as the aliens.

Senators said the 12,000 have been listed by the FBI as the most potentially "dangerous" — from a national security standpoint — of more than 50,000 known Communists on which the FBI has been keeping tabs.

Czechs Execute Two Accused Of Spying

PRAGUE, Sept. 7. (AP)—Two convicted spies were put to death yesterday after their appeals had been turned down by the Czechoslovak supreme court, the official news agency reported today.

The men, both Czechs, were Jaroslav Vetejska and Frantisek Havlicek. The ministry of information said both were convicted of spying for the United States, France and the Vatican.

Casualties On Both Sides Running High

Airplane Toll Of Red Tanks Runs Up To 65 Over Two Days

By RUSSELL BRINES
(Associated Press Staff)

TOKYO, Friday, Sept. 8. — Twin pincers aimed at Taegu by 50,000 Red Koreans were beaten back Thursday by allied troops.

Severe fighting raged all along the 120-mile Korean battlefront. Some of it was fought by Marines and doughboys in hand-to-hand combat with bayonets and clubbed rifles.

Both sides lost heavily. Communist casualties in the flaming southwestern sector alone were put at 20,000 men for the week out of their estimated force of 150,000 on the whole front.

ARTILLERY BARRAGE

A new North Korean drive on the U. S. 25th Indantry Division started with a terrific artillery barrage at dawn Thursday. The Americans there are defending the southwestern approach to Pusan, main allied supply base 35 miles east of the roaring battle.

U. S. warplanes damaged or destroyed 65 Red tanks in two days. Forty-eight were knocked out Thursday. The Reds moved 84 new Russian tanks into the line Wednesday.

A bitter and indecisive day-long battle for the last northern ridges before Taegu raged between U. S. First Cavalrymen and the Communists.

The Reds were within sight of the city.

AP Correspondent Jack McBeth, with the cavalry, reported the Americans struck to their positions under heavy Red pressure.

Once the Americans had to turn their guns around to mow down Communist infiltrators.

CLOSE FIGHTING

One cavalry regiment slugged it out at close range with the attacking Reds.

While this battle swirled at the southern end of the Kumhwa "bowling alley," other cavalry units beat off two dawn attacks two and four miles northeast of Waegwan, 12 miles northwest of Taegu.

AP Correspondent Bem Price reported the allies rolled back the Communist force that had smashed through South Korean lines and posed a sharp new threat to Taegu.

South Korean forces were pushing eastward from Yongchon, a key highway junction 20 miles east of Taegu, which the North Koreans held briefly Wednesday.

Elements of the U. S. 24th Division drove 3½ miles north of Kyongju, another main highway point 18 miles southwest of Red-captured Pohang port on the sea of Japan coast.

CONTROL FIELD

Americans control the airfield six miles south of Pohang.

The gains were slow and bloody.

The U. S. 8th Army in Korea reported that elements of the 25th Division in the southwest gave some ground at the outset of the push toward Pusan. But, the communique said, the Americans regained it in a fierce mid-day counter-attack.

U. S. Marines and 2nd Divisions infantrymen pushed back remnants of four Red divisions across the Naktong River west of Yongsan. Yongsan is 32 miles south of Taegu.

American officers estimated 7,300 Communists had been killed and wounded there in a week of fighting.

HEAVY CASUALTIES

U. S. casualties have been heavy along the 55-mile front in the southwest and west.

Three Communist divisions are pounding toward Taegu from the east. Two more Red divisions have been identified in the drive down the Kumhwa Highway toward Taegu.

The North Koreans were reported massing fresh strength opposite the gash they have cut in allied lines southwest of lost Pohang port, second most important on the Korean southeast coast.

The Weather

WEST TEXAS: Clear to partly cloudy. A little warmer in Panhandle, South Plains and upper portions Pecos Valley eastward this afternoon and tonight. Friday partly cloudy.

EAST TEXAS: Clear to partly cloudy this afternoon and tonight. A little warmer in north portion this afternoon. Friday partly cloudy. Moderate northeasterly winds on the coast.

Silver Star Hero Tells His Own Story Of God And Battle

DALLAS, Sept. 7. (AP) — "I think the medal," he wrote, "I wasn't the Lord got me out of [illegible] because I stayed to help the other boy out."

With those simple words, a Dallas sergeant with the Army in Korea summed up the action which won him a Silver Star for bravery.

Sgt. William Sanderfer, whose wife and two daughters live here told his story in a recent letter to his family. Sgt. Sandefer has been cited for the Silver Star after he and other members of the 34th Infantry Regimental aid station were trapped by enemy artillery fie in Korea.

NOT FOR MEDAL

"I didn't do what I did for just in an old wooden school house, and about six o'clock that afternoon, the enemy started shooting artillery shells at the school house. There was a lot of GIs in the school yard and a lot of them were getting wounded.

"All of our aid men got scared and ran off. That only left the doctor, myself and our lieutenant there to take care of the wounded. I ran out into the yard and picked up a GI who had his leg blown off and one eye knocked out.

PLENTY SCARED

"Those shells were coming all around there and I was really scared. I carried him back into the school and bandaged him the best I could and sent him back to the hospital.

"The doctor there at the aid station didn't have time to take care of that patient, so I had to do it all by myself. That fellow will live but he will just have one leg and one eye. I was sure scared, but couldn't run off and leave him lying there because he would have bled to death in five minutes.

"I saved his life and it made me feel real proud. I think the Lord got me out of there alive because I stayed to help that other boy out."

Greek Romance Still Worries The Policemen

ATHENS, Greece, Sept. 7. (AP) — Juliet's father filed suit today against several high Greek officials, charging them with the unlawful detention of his daughter.

George Petracogeorgi, father of the bride, named as defendants Athens' Greek Orthodox Church Archbishop Spyridon, gendarmerie head Maj. Gen. George Samuel, Athens Police Chief Vranopoulos, and others, including Lt. Col. Manuel Sbokos, the uncle of Petracogeorgi's new son-in-law.

Petracogeorgi's daughter, 20-year-old Tassoula, was kidnapped in Crete more than two weeks ago by the scion of a rival family, Constantine Kephaloyannis. For 11 days the couple hid on legendary Mt. Ida, then emerged after a wedding in a remote monastery.

They came to Athens last week end and Constantine promptly was arrested. Charges of abduction and seduction against him later were withdrawn but he still is in jail, awaiting a hearing on a charge of illegally carrying weapons.

Tassoula, when she came down from the mountains, said she hadn't loved Constantine at first but "my love developed as I was with him in the mountains." Since his arrest she has hid in the home of Lt. Col. Sbokos and has refused to see her father.

Undaunted, Father Petracogeorgi demanded an annulment.

Archbishop Spyridon had refused to intervene in the case after Tassoula told him she married Constantine of her own free will. But just what Petracogeorgi holds against Gen. Samuel was somewhat of a mystery. The two men had been reported close friends and Constantine's partisans had blamed his arrest on the friendship.

The Petracogeorgi and Kephaloyannis families have been bitter enemies on Crete for generations. The latter are staunch Populists (Royalists). Since Constantine took Tassoula to the mountains, the families reportedly have been on the verge of a shooting feud.

So far, however, no violence has been reported.

The feminine side of Constantine's family joined in the war of words over the couple today. The bridegroom's aunt threatened that anyone surrendering Tassoula to the Petracogeorgi family would hang from the public square in Anoghia, the Cretan homeplace of the Kephaloyannis family.

The Athens public prosecutor today ordered that Tassoula be brought before him for questioning. Police started to search for the girl. Informed sources said that when apprehended, she would be confronted by her father.

Lyndon Johnson Wants New Munitions Board

WASHINGTON, Sept. 7. (AP) — A subcommittee headed by Sen. Lyndon B. Johnson of Texas wants a shakeup of the munitions board to eliminate "siesta psychology" in handling war materiel for Korean fighting.

The preparedness group reported Wednesday that "more imaginative and far-sighted men" are needed to direct the stockpiling of critical defense items. It said proper handling of the nation's rubber resources by the board might head need for controls like those invoked World War II.

Truman Won't Sign McCarran Bill On Reds

WASHINGTON, Sept. 7. (AP) — President Truman said today he won't sign the McCarran Communist registration bill if Congress sends it to him.

He told a news conference the bill, sponsored by Sen. McCarran (D-Nev), is the same as the Republican Mundt-Nixon Bill, but revised by McCarran to make it a little worse.

NOW PENDING

The bill is now pending in the Senate. It aims to tighten up generally existing anti-subversive laws and would also require registration with the government by Communists and Communist front organizations.

The bill has strong support in the Senate. Republican Leader Wherry of Nebraska said today most GOP senators will vote for it. The House already has passed a Communist registration measure.

If the bill reached Mr. Truman and he refused to sign it, the probable effect would be to kill it since Congress is rushing to recess as quickly as it can.

CAN KILL IT

By withholding his signature, the President can kill a bill if Congress is not in session 10 days after the bill reaches him. This is generally known as a "pocket veto." If Congress still is in session 100 days after a bill goes to the White House, the measure becomes law even if the President does not sign it—provided he does not return it to Congress with a veto message.

Mr. Truman would not comment to reporters on a substitute for the McCarran bill that is being pushed by some administration senators.

Hobbs School's First Game Saturday Night

Coach W. C. Hodges of the Hobbs High School will take 13 lettermen and 18 recruits into their first football game of the season Saturday night in Hobbs when they play Trent.

Veterans of a tri-county conference title in an independent eleven-man league last year, the District 6B team will meet Hermleigh at Hobbs in its first conference game Sept. 29.

Ticks are among the most difficult to control of all livestock pests.

International Monetary Fund Faces Crisis

By CARL HARTMAN
Associated Press Staff

PARIS, Sept. 7.—Directors of the International Monetary Fund warned Western Europe today that it faces dangerous inflation unless reconstruction spending is reduced.

The international money experts also asserted that continued wage increases will push export prices up to a point where vital American markets will be lost.

LONG REPORT

The statements were contained in a 160-page report made public at the current meeting of the board of governors. The governors, representing 49 member countries, rule both the fund and the International Bank for reconstruction and development.

The directors voiced a viewpoint directly opposed to that of strong left wing parties—both Communist and non-Communist—in West Europe.

Those parties maintain wages must be raised to meet increased living costs, and tremendous reconstruction jobs still must be done. By contrast, the fund directors said the danger of inflation would persist "as long as government expenditure and private investment continue on the present scale."

MORE DIFFICULTY

Continued rises in defense expenditures, the report continued, increase the difficulty of cutting government spending.

Last year's devaluation of European currencies, the fund experts said, had been an important aid toward helping Europe pay for its imports from America. Devaluation cut the price of European goods and made them more attractive to the American market.

But wage increases would make export prices creep up, the report declared, "and if this attitude is carried to the extreme where every rise in prices must be compensated by a corresponding rise in incomes, the effect of devaluation in reducing dollar export prices must be completely lost."

Three Cases Before District Court Here

Two cases were dismissed and another partially disposed of in civil district court yesterday, all being suits alleging trespass to title.

A. S. Mauzy of Sweetwater, district judge, dismissed the case of G. M. Mason vs. O. C. Floyd. The plaintiff was represented by Brooks, Duke, Templeton — Brooks of Abilene; and the defendant was represented by R. W. Webb, Snyder attorney.

Also dismissed was the case of M. T. Pedigo vs. George D. Neely, the plaintiff being represented by Webb.

The case of James A. Clark vs. C. M. Foster et al was partially disposed of when some of the defendants were dismissed from the case as they filed answers to the suit. The other defendants or their whereabouts were not definitely known and filed no answers.

The plaintiff was represented by law firms of Caldwell, Baker, Jordan & Patterson, of Dallas, and McGaw, Mitchell & Boyer, of Snyder.

George Killam was attorney ad liten for the defendants, being chosen to repesent unknown persons. The case will not be completely disposed of until answers are filed for the other defendants.

Panama Hits Reds

PANAMA, Panama, Sept. 7. (AP)—Panama's supreme court today upheld a cabinet resolution condemning Communism.

In a 3 to 2 decision, the court held that the resolution does not violate the constitution but added that it should be regarded as only a statement of policy.

Mr. and Mrs. William Hendricks are parents of a daughter, born yesterday at the Snyder Hospital.

3 War Correspondents Among Those Killed In Japanese Plane Crash

TOKYO, Sept. 7. (AP)—Three International News Service war correspondents, four other passengers and four crewmen were killed today when a Korea-bound C-54 transport plane exploded over southern Japan.

The INS office here said the three correspondents were

Frank Emery, 23, Beverly Hills, Calif., formerly INS bureau chief in Manila; Charles Rosecrans, Jr., 30, Honolulu, and Ken Inouye, 23, New York and Tokyo.

Military authorities withheld names of the dead. The Far East Air Forces said the plane exploded about eight minutes after leaving a southern Japan airbase. The bodies were recovered. The cause of the explosion was not determined.

Emery was wounded recently while accompanying a U. S. patrol in Red Korean territory. Randolph Churchill, British newsman and son of the former British prime minister, was hit at the same time.

Sixteen war correspondents, now are listed as dead or missing in action.

Vandals Smear Paint Over Famous Statue

CONCORD, Mass., Sept. 7. (AP)—Police today sought vandals who smeared the famous Minute Man statue with paint.

The statue is a memorial to the evolutionary farmers who fired the shot heard around the world.

New-Born Baby Elephant

This little fellow is Remo and he tipped the scales at 275 pounds at birth in the Remo zoo Saturday. His mother is Juliet—the first elephant ever to give birth to two calves in captivity. Her first born, Roma, 2, weighed 242 pounds at birth and now weighs over half a ton. Zoo attendants are helping Remo to his feet shortly after he was born. Elephant mothers usually kill young born to them in captivity.

Hurricane Heads On Up Atlantic Toward The Island Of Bermuda

MIAMI, Fla., Sept. 7. (AP)—The resort island of Bermuda was alerted today for a great storm moving up the Atlantic while Northeast Florida and Southeast Georgia felt the last gasps of a Gulf hurricane.

The storm inching in the general direction of Bermuda had winds up to 150 miles per hour near the center and hurricane force winds (75 miles per hour or more) extended outward 100 miles in all directions.

It was due to pass west of the island resort, but gales were forecast there and the weather bureau said a slight change in direction would bring much higher winds.

The hurricane was moving northward at about six to eight miles an hour whish would bring the center opposite Bermuda tonight.

The Gulf storm lost force as it whirled northeastward across Florida from the Tampa Bay area where it caused widespread property damage along the beaches.

Verne McGrew, Jr., will leave Sunday for Texas University, where he will take part in rush week activities before beginning his studies as a graduate student in geology when the university opens Sept. 18. Verne has been spending the summer with his parents, Mr. and Mrs. V. V. McGrew, 35th and Avenue V.

Ceylon was a monarchy from the Fifth Century B. C. to the 19th Century.

Two Texans Held On Kidnapping Charge

NEW ORLEANS, Sept. 7. (AP) — Two Texans were held in Gretna jail here [illegible] charging kidnaping under state law.

Sgt. N. J. Khoury of Louisiana state police said the men were booked as Aubrey Lee Berry, 38, of Dallas and Samuel M. Snow, 37, of Boyd, near Fort Worth.

Khoury said that Billy Sid Pickett, 26, of South Kenner, La., who told officers he was forced to accompany the two men yesterday, was returned safely to his home today. Khoury said the trio had been principals in a financial transaction.

Producer Is

(Continued from Page 1)

12, 13, 14 and 15 Ohlenbush in the Diamond M-Canyon field of Southwest of Scurry County.

The No. 12 Ohlenbush will be located 1971.7 feet from the west and 1,993.93 feet from the south lines of section 181, block 97, H&TC survey and 13 miles southwest of Snyder.

The No. 13 will be 660 feet from the south and east lines of section 181, block 97, H&TC survey, and 13 miles southwest of Snyder.

The No. 14 will be dug 660 feet from the south and 1,960 feet from the east lines of section 181, block 97, H&TC survey, and the same distance from Snyder.

The No. 15 Ohlenbush will be drilled, 1,980 feet from the east and 1,993.93 feet from the south lines of section 181, same block and survey and 12 miles southwest of Snyder

All four of the Lion projeits will be drilled to an estimated 6,925 feet depth.

CITIES SERVICE

Cities Service Oil Co. has also scheduled a Diamond M-Canyon venture. It will be the No. 5 Patterson, 330 feet from the east and 2,291 feet from the north lines of section 215, block 97, H&TC survey and 12 miles southwest of Snyder.

The Superior Oil Co. will drill its No. 15-180, C. T. McLaughlin in the Sharon Ridge-Canyon field in southwest Scurry County. It will be 660 feet from the south and 1,860 feet from the east lines of section 180, block 97, H&TC survey.

This venture is scheduled to go to around 7,300 feet with rotary equipment.

IN KELLEY-SNYDER

Phillips Petroleum Co. has staked a 6,900-foot project in the Kelley-Snyder field of Scurry County for immediate drilling.

It is the company's No. 2 Donie to be drilled 467 feet from the south and west lines of the southeast quarter of section 212, block 97, H&TC survey. Drillsite will be four miles west of Snyder.

Humble Oil & Refining Co. has scheduled two and Chapman & McFarlin has slated one project to be drilled in the Cogdell field in Southwest Kent County.

Humble will drill its No. 12 Leroy Spires, Jr., 1,980 feet from the north and east lines of section 717, block 97, H&TC survey.

The same company will dig its No. 13 Leroy Spires Jr., 660 feet from north and 1,980 feet from the east lines of the same section, same block and survey.

These two ventures will be drilled to an estimated 7,000-foot depth with rotary, immediately.

The Chapman & McFarlin project will be the No. 24 D. M. Cogdell. It will be drilled 660 feet from the north and west lines of section 715, block 97, H&TC survey.

Drillsite will be 22 miles north of Snyder.

Haroldson S. Hunt, J., trust estate of Dallas No. 1 Young will be drilled immediately in the Salt Creek Field of Kent County about eight miles northwest of Clairemont.

Exact location will be 467 feet from the west and 1,940 feet from the north lines of section 167, block G, W&NW survey.

It is scheduled to go to around 7,000 feet with rotary.

MIDLAND COUNTY

Magnolia Petroleum Co. was running a drillstem test at its No. 1 H. S. Collings, Central-West Midland County exploration, at 9,860-9,960 feet in the lower Wolfcamp lime.

That zone had logged some shows of possible production. Results of the investigation had not been received at last report.

This development, which is one location north of the discovery well of the Parks-Ellenburger field, 11½ miles southwest of the city of Midland, had shown for commercial production in the upper Wolfcamp at 9,181-9,250 feet.

No other signs of petroleum had been encountered in the Wolfcamp between 9,250 feet and 9,860 feet. It is thought that the interval which was currently being tested is only a short distance above the top of the Pennsylvanian.

Location is 660 feet from south and 898.6 feet from east lines of the southwest quarter of section 7, Matt Daugherty survey, SF 4,169.

It is projected to 13,300 feet to explore the Ellenburger.

MISSISSIPPIAN

The Pure Oil Co.'s No. 1 Cynthia Malone of San Angelo, Central Reagan County wildcat, topped the Mississippian by samples at 10,160 feet and drilled down to 10,225 feet.

Operator took a drillstem test at 10,160 to 10,225 feet and is now coming out of the hole with tester.

This venture is located 660 feet from the north and 710 feet from the east lines of section 4, GC&SF survey, and 12 miles north of Big Lake.

M. D. BRYANT

The Ohio Oil Co. No. 1 M. D. Bryant, Central-West Tom Green County wildcat, two miles south and one-half of a mile west of Tankersley, continues to develop water in the lower Pennsylvanian.

The exploration took a one hour drillstem test at 6,482-6,546 feet. Recovery was 4[illegible] feet of salty sulphur water, with no shows of oil or gas. The venture is now making holes below 6,680 feet in lime and shale.

The Pennsylvanian lime was entered at 5,460 feet. Elevation is 2,062 feet.

It found some slight shows of oil [illegible] feet. The zones below that interval have developed only water.

The project is slated to go to 7,500 feet, if necessary to test the Ellenburger.

Location is 1,640 feet from east and 660 feet from north lines of the southwest quarter of section 1146½, EL&RR survey.

UPTON WILDCAT

Sinclair Oil & Gas Co. and Magnolia Petroleum Co. No. 1 Davis, wildcat in Northwest Upton County, recovered 9,100 feet of salt water on drillstem test through perforations at 13,258-277 feet, after drilling plug to 13,227 feet.

Tool was opened three hours. Maximum flowing pressure was 2,300 pounds and shutin pressure after 30 minutes was 4,100 pounds.

Operator is now drilling out to old total depth of 13,363 feet. When that depth is reached another drillstem test will be made through perforations.

The salt water recovered on the last drillstem test was bottom hole water, but it is believed that it might have come in through openings made as a result of acid treatment.

Drillsite is six and one-half miles southwest of the Pegasus field and 660 feet from north and east lines of section 20, block 41, T-5-S, T&P survey.

SWAB PROSPECTOR

Humble Oil & Refining Co. No. 1 Midkiff, prospective Spraberry discovery in Southeast Midland County, is swabbing through tubing to clean out and test.

On Tuesday, operators were recovering a small amount of new oil and some all base mud. Then the well was shutin overnight. When opened Wednesday morning, it headed an estimated one barrel of oil. Operators have resumed swabbing.

The pay zone is the No. 1 Midkiff is from below the seat of the casing at 7,250 feet and total depth of 7,347 feet.

Previously on a drillstem test at 7,306-30 feet, recovery after one hour and 25 minutes, was 371 feet of 40-gravity oil and 125 feet of oil and gas cut mud.

The No. 1 Midkiff is 660 feet from north and west lines of section 46, block 38, T-4-S, T&P survey, and 25 miles southeast of the city of Midland.

IN WOLFCAMP

Magnolia Petroleum Co. No. 1 H. F. Timmerman, West-Central Midland County wildcat to 13,300 feet to test the Ellenburger, and all formations above it, is preparing to drill the plug and drill ahead from 9,263 feet in the upper section of the Wolfcamp lime of the Permian.

Top of the Wolfcamp was called from samples at 9,205 feet. According to some correlations that makes No. 1 Timmerman six feet high on the top of the Wolfcamp to the same marker in Magnolia's No. 2 Parks, two and one-quarter miles to the northwest, the opener of the Parks-Ellenburger field.

No. 1 Timmerman had cemented 7 5/8ths inch intermediate casing on bottom and has also squeezed cement back of the pipe through perforations at 7,150 feet.

As soon as the cement cures it will be drilled out and the prospector will drill deeper. The project has a chance of finding oil in the Wolfcamp, the Pennsylvanian and the Devonian, before it reaches the Ellenburger.

Location is 11 ½ miles south and west of the city of Midland, and 660 feet from north and east lines of section S, block 40, T&P survey, T-3-S.

NOLAN WILDCAT

A deep wildcat has been spotted in Southeast Nolan County eight miles northeast of Blackwell.

It is to be the National Associated Petroleum Co. No. 1 Duke Wilson, 660 feet from the north and east lines of section 197, block 64, H&TC survey.

Slated depth is 6,500 feet with rotary.

DISCOVERY SEEN

Mid-Continent Petroleum Co. has been assured a new discovery at its No. 1 Mary Sykes, wildcat in Northwest Runnels County.

Operator has set casing after the explorer developed oil on a drillstem test of a sand at 3,705-16 feet. The sand is thought to be the top of the Strawn.

With tool open one hour and 50 face in four minutes and oil flowed minutes gas appeared at the surin 90 minutes.

Flow was estimated at 14 barrels per hour.

Casing was run to 3,703 feet, and operator was waiting on cement.

Drillsite is eight miles northeast of Winters, and three miles northwest of the Cree-Sykes Gardner sand production two and one-half miles north of Crews.

Exact location of the prospective discovery is 330 feet from north and east lines of block 19, Mrshall University survey 511.

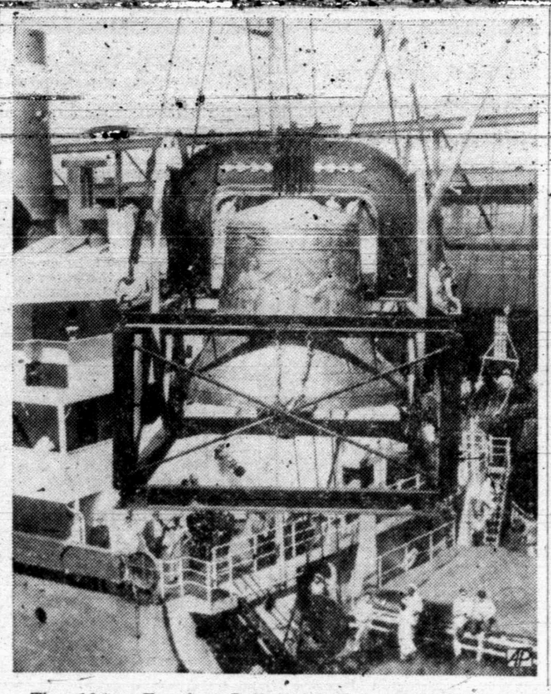

YOAKUM WILDCAT

A San Andres wildcat has been staked in Central Yoakum County, four miles northwest of Plains and two and one-half miles north of the Brahaney-San Andres pool.

The proposed venture is Dumigan

Freedom Bell Arrives in U.S.

The 10-ton Freedom Bell is lifted from the freighter American Clipper on arrival in New York from Europe for an exhibition tour of the United States. The Bell, forged in England, is 12 feet high and 10 feet in diameter. It will be exhibited in twenty-one American cities and later will be hung permanently at Freedom Shrine in Berlin. It was built as a symbol of American effort to spread the word of democracy in Europe via radio.

COTTON

NEW YORK, Sept. 7. (AP) — Cotton futures at noon were 90 cents to $1.05 a bale higher than the previous close. Oct 40.61, Dec 40.61 and March 40.75.

Stock Market

NEW YORK, Sept. 7. (AP) — Rising prices for selected railway stocks countered a generally lower trend in today's market.

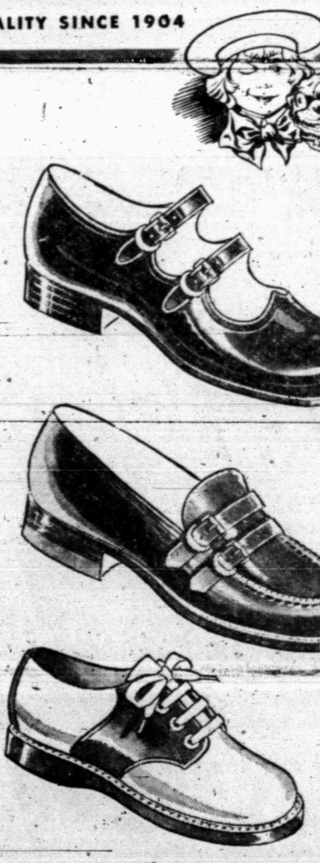

Gains for the carriers ranged to around $1 a share. Elsewhere losses were small—mostly 50 cents a share or less — but in a clear majority.

Aside from considerable activity in low-price rails and a small handful of other issues trading was sluggish.

Girl's Mother Signs Complaint Against Man

A charge of inticing a minor from the home of her mother was filed in county court late yesterday against Noble D. Mayes, 22, who was accused of inticing a 14-year-old girl to accompany him away from her mother's home here. The complaint was signed by the mother. Mayes had not been apprehended by noon today, the the couple's whereabouts were not known.

Malik Fails To Exclude South Korea Delegate

By MAX HARRELSON
(Associated Press Staff)

LAKE SUCCESS, Sept. 7. — Russia made another unsuccessful effort today to exclude South Korean Ambassador John M. Chang from United Nations discussions on Korea.

The Soviet move was made by Jacob A. Malik, Russian delegate, immediately after the Security Council met to take up a Soviet resolution seeking to end what Russia calls "inhuman and barbarous" bombing attacks on North Korea.

Malik said this resolution did not concern Chang in any way, since the "Syngman Rhee clique" and Gen. Douglas MacArthur are not victims of the bombing but aggressors and "have no place here."

Council President Sir Gladwyn Jebb of Britain ruled that the council already had decided that Chang had a right to take part in the Korean discussions. Malik said he disagreed with the ruling, but he did not make a formal challenge.

It was this issue of Korean representation that tied up the council in a procedural stalemate for the whole month of August, while Malik was president.

The council took up the Soviet bombing resolution after Russia used her 44th veto yesterday to prevent a U. S.-sponsored ban on aid to North Koreans. Malik faced certain defeat on his move to call a halt to the American bombings.

Moffett Is Speaker At Rotary Luncheon

Speedy Moffett, coach of the Snyder Tigers, addressed members and guests of the Rotary Club at its noon luncheon today, predicting better games this year for the Snyder boys.

The team will [illegible] formation offense this year, Moffett said, rather than a T as has been used heretofore. The change was made in the belief that the players were better adapted for playing the split-T.

"This formation is primarily a dry weather offense," Moffett commented, "so we were all glad to see the sun come out before the game with Winters tomorrow night."

Two Plead Guilty To County Court Charges

Two men were fined $123.50 yesterday when they pleaded guilty to county court charges of operating motor vehicles while under influence of intoxicating liquor. They were Harold Wilson Clark, 36, of Snyder, formerly of Ballinger; and George Buttry, 19, of Hermleigh.

Florida Citrus Fruit Escapes Storm Damage

LAKELAND, Fla., Sept. 7. (AP) — Almost complete reports show Florida's [illegible] came out by all right from the twisting hurricane which hammered so viciously at parts of the Gulf coast.

Robert C. Evans, general manager of the Florida Citrus Commission, said he expected little damage from the high winds.

He said he had heard of no serious harm although the full report of the big blow was not in from all areas.

New Water Well Tests 100 Gallons a Minute

After testing the city's newest water well to find a potential flow of 100 gallons per minute, the water and sewer department is removing the test pump today in preparation for installation of a permanent pump.

The location of well No. 24 is 2nd Avenue W and Twenty-fourth Street and has water at a depth of 256 feet.

"We haven't made any final arrangements for a pump yet," W. J. Ramsey, city water superintendent, said today, "but we may use an old pump of 100 gallons capacity the city already has."

Korean Casualty List Goes Past 8,863

WASHINGTON, Sept. 7. (AP) — American casualties of the Korean [illegible]

The Defense Department said yesterday that many have been announced in its regular casualty lists, which lag somewhat behind actual battle losses while next of kin are notified.

The total includes 599 killed in action, 5,366 wounded and 2,898 missing. Of the wounded, 83 later died.

The number killed in action so far publicly announced includes 465 Army men, 97 Marines, 28 Air Force men, and nine sailors.

The department said casualties for the week of Aug. 26 to Sept. 1 totaled 1,977.

FARMS & RANCHES M5

I sell ranches all sizes in Southeastern Oklahoma. Walter Thompson, Box 49, Durant, Oklahoma.

Improved stock farm. 218 acres, 4 miles North of Sweetwater on all-weather road. Has $10,000 home, gas, lights, and water. Barn and chicken houses. Priced at $23,880.00. Would trade for house in Snyder. See owner, B. Carroll, Union Bus Station, Snyder.

New Mexico Ranch Land

The following list of ranches are all extra good and are priced proportionally to the number of cattle they will run, location, agricultural potentialities and mineral status. Some of these prices sound very high but the higher the price per acre for the deeded land the more lease they carry.

24 SECTION RANCH
9695 acres deeded, balance lease. Watered by shallow wells and windmills, creeks and springs. Has a large modern adobe house at headquarters, plenty of barns, corrals, shoots and scales. Located in a valley surrounded by hills which afford good protection for livestock. It is a good year around ranch that will carry 400 mother cows. It also carries most of its mineral rights, some of which the owner wishes to retain. The price is $25.00 per acre for the deeded land and it is stocked with good cattle which could also be boughht when ranch is sold.

29 SECTION RANCH
15130 acres deeded, 960 acres State lease, 580 acres Gov. lease. This is nice rolling prairie country, watered by shallow wells, tanks and running creek; plenty of pastures; four room rock house, shoots, corrals, bunk house located near the center of the ranch. It is good for 600 cows and carries 8000 acres of mineral rights, 1000 acres of which the owner wishes to retain. Price $16.00 per acre for the deeded land.

20 SECTION FARM AND RANCH
7860 acres deeded, 2760 acres state lease and about 2560 acres Taylor Grazing lease and free range; has two good sets of improvements and two camps; 1400 acres in farm; fenced in several pastures; watered by springs, tanks, wells and windmills. Practically all the deeded land is nice level plains land. The lease covers valleys and nice canyons with timber which makes good protection for stock in winter. It also has considerable deer on it. It carries practically all its mineral rights and the price is $30.00 per acre for the deeded land.

7 SECTION RANCH
2760 acres deeded, 960 acres Gov. lease, 800 acres private lease; good fences, corrals and shoots; two room rock house; watered by wells and windmills, springs and creek. This is a nice open country with some protection for stock; carries most of its mineral rights and the price is right on it, $12.50 per acre for the deeded land. Good for about 125 cows. The above described ranches are all located in the vicinity of House, New Mexico and are priced right and actually for sale at the price noted. For further information contact

Allies Dig In Around Taegu

Counterattacking American and South Korean forces on the northern front (1) have driven Red guerillas out of Yongchon and have battered back northward from Kyongju, southwest of Red-held Pohang. In Taegu area (2) where British troops are now in action, allied troops consolidated their positions and beat back two attacks down the "bowling alley" corridor north of the city. In the south (3) Yanks and Marines continued to advance against Yongsan bridgehead. In the Haman area Reds were balked in an attempt to infiltrate U. S. lines. Reds were reported massing in force at Uiryong (underlined in the south sector).

Cosmorama Club Reassembles At Brunch Meeting

The Cosmorama Club, disbanded for the summer months, met at Country Coub yesterday for a reassembling brunch in a festive atmosphere. Mrs. James Rosser, Mrs. Lee Smyth and Mrs. C. V. Thompson, Jr., the hostesses, bedecked the long tables in arrangements of Fall flowers and greenery.

Club yearbooks were placed at each plate. The hostesses served scrambled eggs and bacon with coffee.

Mrs. Rosser, the president, led the reading of the collect for the club. Mrs. J. L. Browning gave a grace. Program for the year was discussed. Several guest speakers have been scheduled for the club meetings which will revolve around the general theme of "The American Home."

Members present for the first fall party were Mrs. W. J. Bryant, Mrs. J. L. Browning, Mrs. Fred Bullard, Mrs. Scott Casey, Mrs. H. F. Clark, Jr., Mrs. Bob Dupree, Mrs. Jesse Everett, Mrs. Sam Joyce, Mrs. R. J. Kidd, Mrs. Weldon Kincaid, Mrs. John Lynch, Jr., Mrs. Holman Odom, Mrs. E. J. Richardson, Jr., Mrs. Max West, Mrs. Renal Rosson, Mrs. Thompson, Mrs. Smith, Mrs. Rosser and Mrs. J. H. Boren.

Fort Worth Doubtful If Anderson Will Be Able To Make Speech

WASHINGTON, Sept. 7. (AP)—The Air Reserve Assn. doesn't know yet if Maj. Gen. Oryil Anderson, suspended commandant of the air war college, will be allowed to keep a date to speak in Fort Worth.

Anderson, scheduled to address the association convention Sept. 28-30, was suspended last week after being quoted in Montgomery, Ala., as offering to bomb Russian A-bomb centers.

Yesterday the Air Force indicated it will decide the future status of Anderson before approving the speaking date. A spokesman said the answer may depend on what Gen. Vandenberg, chief of staff of the Air Force, decides.

The spokesman said Anderson would be free to speak if he is restored to duty, but that he could not speak if Vandenberg removes him from the post.

If Anderson is removed, he could retire from the service and keep the speaking date.

To Be Set Tonight

OTTAWA, Sept. 7. (AP)—Finance Minister Douglas Abbott is expected to announce new taxes tonight in a speech on the new budget in Canada's house of commons.

Abbott on Tuesday presented an $850 million appropriations bill to cover defense expenditures and arms aid to Europe. Increases are expected in taxes on corporations and on luxuries, such as automobiles. Some observers believe personal income taxes will remain unchanged.

Mrs. Edith McKanna Back from Vacation

Mrs. Edith McKanna has returned to her home, Rockledge Farm, Fluvanna, after a three months' absence.

Mrs. McKanna spent the summer at Candlewood Lake, near Danbury, Conn.

Returning with Mrs. McKanna was her daughter, Mrs. Guy Anderson, and her small granddaughter, Betty Jim Anderson, both of New York City.

Congressmen Passed Army Mental, Still Think Its Too Hard

NEWARK, N. J., Sept. 7. (AP)—Three New Jersey congressmen passed the Army's mental test without difficulty yesterday, but they still claim it's too hard.

Reps. Rodino and Addonizio of Newark and Howell of Pennington took the tests after hearing that one out of every four New Jersey inductees were turned down for mental reasons. Rodino said the Army's high mental standards are forcing it to draft physically inferior men and married men.

Belgian State Head Celebrates Birthday

BRUSSELS, Belgium, Sept. 7. (AP)—Flags fluttered from buildings and windows throughout Belgium today as the country honored the 20th birthday of its chief of state, Prince Royal Baudouin.

This was Baudouin's first birthday on Belgian soil since the age of 13. In the intervening years he was a prisoner of the Germans and later in exile with his father, King Leopold III, while Belgians wrangled over the royal question.

The royal question was settled Aug. 11 when King Leopold handed over part of his prerogatives to Boudowin.

Weather In Nation Shows Little Change

CHICAGO, Sept. 7. (AP)—The nation's weather pattern of the past few days showed little change today. The cool belt was from east of the Mississippi River to the Atlantic coast. It continued warm over the northern plains and most of the western states.

Temperatures again early today hit near the freezing mark in some parts of Michigan.

Saw Dust Can Be Chemically Treated To Aid Crop Growth

By ALTON L. BLAKESLEE
AP Science Reporter

CHICAGO, Sept. 7. — Sawdust can be turned into synthetic topsoil to grow bigger, greener vegetables, Dr. Eduard Farber of Washington, D. C. said today.

Chemically treated, the sawdust becomes like humus, to nourish crops, he told the American Chemical Society.

LOSE TOPSOIL

Erosion robs the nation of millions of tons of precious topsoil annually. And lumbering piles up mountains of sawdust, estimated at 60 million tons a year, for which there are no great uses.

The new chemical process might help solve both problems, said Dr. Farber, of the Timber Engineering Co. Early tests with the sawdust topsoil have been promising, he said.

From 10 to 40 tons of converted sawdust were applied to an acre of soil. Seeds germinated sooner and more of them germinated, he said.

"Leaves were bigger and greener, and the weights of produce like radishes, beets, onions, and tomatoes were greater."

ACID-TREATED

The sawdust is treated with mineral acids, at temperatures well over the boiling point of water, but not enough to char the cellulose materials in the sawdust, he explained.

The sawdust "forms humus-like substances by loss of water and some side reactions. We need products which act like humus to improve our soils."

This is just one of new chemical treatments being developed to make economic use of sawdust and other wood wastes from lumbering, Dr. Farber said.

Ladies Night At Kiwanis Club

About 25 couples attended a ladies night party held last night by the Kiwanis Club.

A ham dinner was served at the Country Club, after which a Negro trio entertained with songs and dancing.

John Dodson, in charge of the program, was presented with the club's secretary - treasurer pin. Frank Stephenson, past secretary-treasurer, was also given a pin.

The new member introduced to the club was H. C. Kerby.

Guests at the party were Mr. and Mrs. H. F. Clark, Jr., D. R. Price, Mrs. Lucille Bowling, and Mr. and Mrs. W. D. Fagen from Abilene.

Dewey Nomination Is To Make Much Play Of International Crisis

WASHINGTON, Sept. 7. (AP)—The expected renomination of Gov. Thomas E. Dewey of New York Republicans promised today to add new GOP fire to attacks on the Truman administration's conduct of foreign policies.

Dewey's Democratic opponent in the New York governor's bid for a third term in Albany is likely to be Rep. Walter A. Lynch, a supporter of President Truman's "fair deal" program.

PICK CANDIDATES

Both parties pick their state and national tickets in conventions today, with Sen. Herbert H. Lehman (D-Lib-NY) certain of renomination by the Democrats. His senatorial race opponent is expected to be Lt. Gov. Joe R. Hanley.

A Dewey-Lynch race ordinarily could be expected to produce a battle over the President's domestic program, but Dewey's friends here think he will bear down hard on international issues instead.

This generally pleases Republicans, who have seized upon circumstances surrounding the Korean fighting to accuse the administration of failing to keep the country prepared for war and of "bungling" its way into trouble in the Far East.

These Republicans think that the wide advertising that kind of New York campaign is likely to get will overshadow other issues throughout the country.

GOP PEPPED UP

Dewey's return to the political wars obviously has pepped up New York Republicans, who talk now of a November victory not only in the governor's race but in the senatorial contest besides.

They recall that when he ran for a second term in 1946 he won by a wide margin, despite his previous defeat in the 1944 presidential race. At that time, Dewey was credited with helping carry into office Sen. Irving Ives.

Monahans Relatives In Bruce Greer Home

Mr. and Mrs. Bruce Greer, 605 Twenty-ninth Street, entertained house guests over the Labor Day week end. With them were Dr. and Mrs. C. C. Shelton from Mobile, Ala., and Dr. and Mrs. Le Roy Neal from Shawnee, Okla.

Also arriving for a short visit with them today were Mrs. Greer's brother and family, Mr. and Mrs. Cleatus Williams from Monahans, Tex.

Miss America Contest Goes Into High Gear

ATLANTIC CITY, N. J., Sept. 7. (AP) — Miss California and Miss Connecticut won preliminary contests in the Miss America Pageant last night, but any of their 52 rivals may still beat them in the finals.

In the first preliminaries, Joanne Durant of San Diego, Calif., beat 17 other girls in a bathing suit contest; Renee Dianne Roy, 19, of Hartford, Conn., won a talent contest with a song, dance, and comedy monologue depicting a woman trying to sell cosmetics.

The judges who were assigned to talent rather than to bathing suits were not entirely cheated out of figure art. Miss Hawaii — Dell-Fin Poaha of Honolulu—presented them with a hula dance as her talent.

Judges rate the girls on the basis of the preliminary contests, and also on the basis of personality as noted by judges at the daily breakfast table. The 15 with the highest totals will appear in final talent, bathing suit, and evening gown competitions on Saturday, and from the 15 a new Miss America will be chosen.

Miss Durant stands five feet, five inches tall, has a 35-inch bust, 24-inch waist and 35-inch hips, all of which comes to 112 pounds.

This year's winner will be Miss America 1951, and will succeed Jacque Mercer of Phoenix, Ariz.—Miss America 1949.

There never was a Miss America 1950. The pageant directors decided to begin dating the beauty queen a year ahead beginning this year.

Mrs. Darline Evans, 1612 Jefferson St., Kansas City, Mo., says she has made her family the happiest in the middle west. It wasn't long ago when Mrs. Evans said she was very cross with her whole family but now her disposition has changed entirely. She started taking HADACOL after she found her system was deficient in Vitamins B1, B2, Niacin, and Iron.

Here is Mrs. Evans' own statement "Before I started taking HADACOL I was very nervous and irritable—in fact, I made my family's life miserable. I wasn't able to sleep nights—I would just toss and toss all night. I had no appetite at all—eating food to me was just a chore. I know I was the most miserable person in Kansas City. Then I heard about how other folks were getting marvelous results from HADACOL. After the first bottle of HADACOL I was able to rest easy—now I have taken over 4 bottles of HADACOL. I have a wonderful appetite and what is so absolutely marvelous is that I am not the least bit nervous. I just can't praise HADACOL enough

Many Thousands

of folks have been helped whose systems were deficient in Vitamins B1, B2, Niacin, and Iron. HADACOL can help you, too, if you suffer from stomach distress, nervousness, insomnia, aches and pains of neuritis, or a general run-down condition, caused by such deficiencies. Let HADACOL help you as it has helped others all over the country. Even hundreds of doctors are now recommending HADACOL to their patients suffering from deficiencies.

That's the kind of product you want—that's the kind you should buy and that's the kind you should start taking NOW!

Give remarkable HADACOL a chance to benefit you. Remember, you have nothing to lose. HADACOL will make you feel great after the first few bottles you take, or your money will be refunded. Only $1.25 for Trial size; Large Family or Hospital size, $3.50.

Pinned Under Railroad Engine

George C Manrow, 59, Alameda, Calif., is shown pinned under a switch engine after it overturned at Livermore, Calif. Manrow, a Souther n Pacific engineer, was removed after workmen used jacks and acetylene torches for an hour. His right leg was later amputated.

We Fight A Ground War; One For Which We Are Unprepard

By ELTON C. FAY
AP Military Affairs Writer

WASHINGTON, Sept. 6. — The United States now has fought more than 10 weeks of the kind of a war for which it was unprepared.

They have been weeks of defeats, retreats and finally flaming conflict along a changing line — 150 miles back of where the shooting started.

Some of the most ferocious and biggest attacks by the North Korean Red enemy have come within recent days.

What happened?

TOP FORCE

North Korea may have been an obscure little country, geographically and politically, but take it from Gen. Joseph T. McNarney of the Defense Department:

"The North Korean forces were not undisciplined bandits, but well trained, well-led troops equipped with up-to-the-minute weapons from the Soviet arsenal."

The troops and the weapons they had when they jumped off on the boldest Communistic aggression to date were the kind the United States didn't have. The U. S. had plans and weapons for war — but not the kind of war the Communists chose. The strategy makers of the Soviet world picked the kind of war and the place.

We were strong in the air and on the sea — and weakest on the ground. And so they chose the ground to throw in air or naval support. They haven't even bothered.

NO PROSPECT

The United States at no time has been able to bring fully to bear its two great weapons, air and sea power. Nor has it chosen to apply atomic warfare. More than that, if the Communists elect to keep the war confined to Korea there is little prospect of major use of these weapons.

It isn't that American ground forces haven't fought hard and well, with what they have. The casualty lists alone prove that. The names of more than 6,000 United States fighting men are on it so far. The field commanders — the generals and the shavetail lieutenants — have shaped their tactics to the needs of each hour and have staved off defeat by an enemy superior in numbers and weapons.

Has the fault then been in the Pentagon where something called "strategic concepts" are made by the civilian and uniformed heads of the military?

OTHER FAULTS

Or does it go beyond that? To faulty intelligence about what Russia and her satellites were doing? To foreign policy? To haste in putting the new little Republic of South Korea on its own and withdrawing the American military force? To a Congress and administration responsive to popular demand for unrestrained peacetime life and over-economy in national defense expenditure? To the American people themselves?

In the caustic debate the so-far unsuccessful war has stirred up in Congress and in political camps, practically everyone has been blamed — except the people. It is not popular to blame the people.

Economy alone doesn't account for the traditional attitude of the people toward national defense. They are willing to spend money. Witness any of the annual national budgets. But being Americans, they don't like wars. And being a race of gadgeteers, they long have hoped that machines instead of men could be made to fight them.

WILLING TO SEND

This, to a degree, accounts for the ready investment of defense money in air and sea power, the much more reluctant outlay of funds for the grim, dirty and decisive element of ground power — the Army.

But no one, not even the most ardent exponent of the Army, believes that a war with Russia and her satellite nations could be won with ground forces alone.

The United States does not now have, never can have enough to match the abundant military manpower reservoirs of Russia and Red Asia. Nor could all the United Nations muster such a force.

It is in technological warfare that the deficiency must be corrected. The difficulty is not that too much emphasis has been placed on machines for war — on the Air Force and Navy, on atom bombs, on super-bazookas, recoilless guns, high velocity anti-tank weapons, on research in radiological and bacteriological warfare. It is that not enough has been placed on the Army without which many of those weapons cannot be brought to bear.

Permanent Facilities To Treat Polio Helped By Yearly Legacy

By HOWARD W. BLAKESLEE
Associated Press Science Writer

NEW YORK, Sept. 6. (AP) —This year America has an all-time record polio hangover.

The hangover is about 30,000 cases, still under medical care, from last year and before that.

LONG TO GET WELL

There is always a polio carryover because the crippling cases take so long either to get well, or to reach that stage which is the nearest they can ever hope for.

This year is the biggest because last year's greatest of all epidemics, 42,375, left a legacy of more than 10,000 carryover cases.

The estimate of 30,000 is from the records of the National Foundation for Infantile Paralysis, which carries the largest burden of polio expense, but by no means all of it. There are other sufferers who may swell the 30,000, but there is no means of estimating their numbers.

BECOMING NORMAL

This polio legacy is not wholly black. For the backlog of suffering is serving to spur more and more permanent facilities for treatment. A few years ago there were almost no permanent polio treatment centers and only a few emergency doctor and nurse teams.

The average number of polio cases is steadily rising. Twenty thousand a year used to be considered a terrible epidemic. Today that number is hardly more than average. This year's cases, apparently near their peak, show signs of running not more, or not much more than 200,000.

There seems no prospect to reducing the aftermath. The average crippling in polio is 20 per cent.

IRON LUNGS COST

Iron lung cases are the most spectacular. Today there are 300 victims of previous years still in iron lungs. Add 200 new cases this year, making 500 iron lungs now in use in polio. The foundation's iron lung bill alone is close to a million dollars.

The average cost of an iron lung case is $17.50 per day. The top cost in the foundation's records is $40 a day.

Last year 42 states received foundation respirators. So far this year 26 have asked for still more. August 22 the foundation was running low in iron lungs and bought an additional 10. That same day there were emergency calls for six. The other four remained in stock a few days.

Texas last year obtained 22 foundation respirators, and this year has added 63. California, in the same time table, stands 26 and 25.

PERMANENT EQUIPMENT

A similar build-up is under way in other equipment. A Texas hospital that was equipped two years ago with the expectation of needing polio equipment for only a year, is now in its third season, with still more equipment added.

The foundation officers believe this freezing of equipment in widely scattered areas ultimately is going to insure all areas with quickly available standby aid for polio.

The biggest gain is in trained doctors and nurses. The foundation sends special teams to hard hit areas. So many teams have stayed so long in one place, that most of the area's medical personnel has learned the techniques.

SKILL BEST ITEM

This medical skill is the best and only remedy for polio.

Last year the foundation spent about $26,000,000 on the epidemic and the carryover of previous years. This year so far an additional $10,000,000 has been spent. But the largest part of the medical expenses is still ahead. Even though the new cases may be falling in September, the medical costs will only have just begun. The long term cases cost the most. Only the wealthy can pay such polio bills.

Slight Drop In Incidence Of Texas Polio

AUSTIN, Sept. 7. (AP) — Texas polio continued to rage above the 100-new-case mark last week.

The State Health Department today reported 102 new cases in 37 counties for the week ending Sept. 2. Five of the counties reported their first incidence of the year.

It was the eleventh consecutive week of more than 100 cases, yet was the lowest incidence since June 17. There were 113 cases week before last.

The slight drop, State Health Officer George W. Cox said, might be due to a variety of factors.

One of them, he said, might be "the generally cooler weather over most of the state."

He declined, however, to label the drop as marking the tapering off point in this polio season.

The big-production counties were hard hit last week. Harris, Bexar, Tarrant and Dallas counties counted exactly half the week's toll, 51 cases.

New counties added to the polio list last week were Dewitt with 3 cases, Tyler with 2 cases, and Archer, Bailey and San Saba with 1 case each.

Other counties reported new cases as follows Harris, 22; Dallas, 13; Tarrant, 11; Bexar, 5; McLennan, 4; Bowie and Fannin, 3 each; Coleman, Ector, El Paso, Fisher, Hunt, Liberty, Victoria and Wichita, 2 each; Brazoria, Collin, Comanche, Dawson, Gray, Grayson, Gregg, Hamilton, Haskell, Jack, Jasper, Lamar, Matagorda, Moore, Panola, Pecos and Tom Green, 1 each.

The new cases brought the year's total to 1,976 cases, compared to 1,684 for the comparable period a year ago.

No More Mexicans Can Come North To Work

MEXICO CITY, Sept. 7. (AP) —The Migrant Labor Board said Wednesday no more Mexican workers will be hired now to work in U. S. harvest fields.

The board said the 65,000 Mexicans now working north of the border are enough to fill U. S. farmers' needs for extra harvest labor.

Mexico Rail Workers Take Wage Boosts

MEXICO CITY, Sept. 7. (AP) — Southern Pacific of Mexico workers last night accepted 16 per cent wage increases, and called off a railway strike set for today.

The wage hike is retroactive to Feb. 19, when the previous labor contract expired. The agreement was reached here after an all-day session of workers' and employers' representatives with federal labor officials.

The total cost to the company is estimated at 7 million pesos ($800,000) a year.

Boy's Balancing Act On Bridge Looks Good

MEDFORD, Mass., Sept. 7. (AP)—"How's this for balance?" shouted Richard Hoffman, 16, as he stood atop the railing of a bridge over Mystic River.

Friends thought it was good —until Richard lost his balance and plunged 20 feet head first into the stream last night.

His head hit the bottom of the 12-foot deep river. He suffered a skull injury.

Support On Soybeans, And Cottonseed Uped

WASHINGTON, Sept. 7. (AP) —The Agriculture Department announced Wednesday a national average price support of $2.06 a bushel for 1950 crop soybeans and price support loans of $51 a ton on cottonseed.

This compares with $2.11 a bushel on last year's crop soybeans, and with support loans of $49.50 a ton on 1949 cottonseed.

Where a purchase program may be necessary, the department said, cottonseed purchases will be made at $47 a ton compared with $46 a ton last year.

John Jarrell, 2211 Thirtieth Street, spent the week end in Amarillo, where he visited with his father, John is the son of Mrs. J. C. Ezell.

Five Scurry Youths Enter Big Spring Show

BIG SPRING, Sept. 7, (SPLY — Five Snyder youngsters are among the forty early entries in the World's Championship Kids Rodeo to be held in the new all-concrete Rodeo bowl at Big Spring tonight, tomorrow and Saturday.

Entries were made by Billy Holley, calf roping; ribbon race and wild cow milking; Keith Allen, bull riding; J. N. Brooks, calf roping; Jack Head, bull riding; and Billy Pylant, calf roping, ribbon race and wild cow milking.

Open to youth under 21 years of age, the Big Spring show will pay prizes and cash in excess of $1,500.

The annual Kid's rodeo is sponsored by the Big Spring Junior Chamber of Commerce.

NEWS FROM IRA

By MRS. MABEL WEBB

Our community received a good rain. Farmers are beginning to gather their cotton. Three bales have been ginned here this week.

J. W. Lewis is having a new house built just west of the school cafeteria. Work is progressing nicely.

Mr. and Mrs. Rea Falls and daughter Ann accompanied by Mr. and Mrs. Jess Green of Snyder returned Wednesday from a trip through Arizona, New Mexico, California, Nevada, Utah, Colorado and points in Oklahoma.

Funeral services were held last Thursday at the Baptist Church for Mrs. T. C. Devenport, who died at the Root Memorial Hospital in Colorado City.

Mr. and Mrs. Horace Fowler and small son of Loco Hills, N. M., have moved back into our community.

Mr. and Mrs. Calvin Eades and small son Johnny and a friend from Hobbs, N. M., arrived Sunday to visit his parents, Mr. and Mrs. J. J. Eades.

Sunday guest in the H. K. Johnson home were Mr. and Mrs. A. B. Cary and son of Cuthbert, and the Rev. and Mrs. Martin of Pampa.

Harvey Morris who is working at Hawley spent the week end with his wife and two sons.

Mr. and Mrs. Ernest Wiggins of Snyder, Mr. and Mrs. Jesse Grizzle and son of San Angelo and Mr. and Mrs. Frank Bryant and children of Ira spent Sunday in the E. E. Carlile home.

Mrs. Minnie Falls returned the last of the week from a visit with her parents, Mr. and Mrs. W. W. Eiland of Stanton.

Mrs. J. A. Williams had visiting her Sunday her three children Marvin Williams of Abilene, Roy Williams of Buffalo Gap and Mrs. Woodie Harbuck and small daughter Sharon of Lawn. Mrs. Harbuck and small daughter remained for an extended visit.

Mr. and Mrs. J. L. Byars and daughters visited in Sweetwater Friday.

The revival at the Church of God is now in progress. The Rev. R. E. Bowdin of Sweetwater is preaching.

Mr. and Mrs. Orville Moore of Royalty visited in the Rea Falls and Amil Kruse homes over the week end.

Emmitt and Bill Hastings spent the week end with their families at Houston.

Mr. and Mrs. J. D. Smallwood and son J. W. Smallwood attended church at Sweetwater Sunday night.

Mrs. Irene Jackson of Indiana is here for an extended visit with her parents, Mr. and Mrs. J. Z. Carruthers.

Sara Kruse began work at Anthonys last Monday. She is staying in Snyder.

Mr. and Mrs. Edd Henson of Houston visited with Mr. T. C. Devenport part of last week.

Mrs. Una Holden and daughter Eula visited their son and brother Ray Holden Thursday night in the Roof Memorial Hospital. He had undergone major surgery there.

Mrs. Charles Bussy of Big Spring spent part of last week with his parents Mr. and Mrs. J. Z. Carruthers.

Mrs. Una Holdren had visiting her last week her granddaughter Merrilyn Holdren of Snyder.

Mrs. Marie Kruse accompanied by her sister, Mrs. Loy Gedeon, spent the week end with relatives in Holliday and Wichita Falls.

Mr. and Mrs. Meck Black had with them over the week end their son and family of Teague.

R. L. Jones returned Friday after a trip to Temple where he went through the Clinic.

daughters from Big Spring. The Martins arrived Sunday and stayed through Tuesday.

PERSONALS

Mr. and Mrs. Tom Marcom, 1501 Avenue R, visited Mrs. Marcom's parents, Mr. and Mrs. J. W. Moseley at Lake Dallas over the week end. The Marcoms attended the funeral services of an old friend, DeWitt Knox in Fort Worth Saturday.

Mr and Mrs. J. C. Ezell, 2211 Thirtieth Street, spent the week end in Vernon, Tex., where they visited relatives.

Out-of-town guests over the week end were Mr. and Mrs. A. C. Boren and family from Paducah, Tex. They visited in the home of Mr. and Mrs. Cecil Boren, 2608 Avenue Q. The men are brothers.

Mrs. Maudie L. Blakely, 2506 Avenue N, had all of her children with her Sunday for a day's visit. Together for the small family reunion were Mr. and Mrs. L. M. Stewart and children from San Antonio; Mr. and Mrs. Mel Alred and child from Lubbock, Mr. and Mrs. Myron Fenton and children and Mrs. Shirley Avary and children of Snyder. Miss Ila Sue Blakely, who resides with Mrs. Blakely, left with Mr. and Mrs. Alred for a few day's visit in Lubbock.

William Marshall Smith, Jr., who has been here in the home of his parents, Dr. and Mrs. Smith, 609 Thirty-second Street, left yesterday for a short trip to Austin. Mr. Smith will return here and remain until the University of Texas opens Sept. 18.

Mr. and Mrs. L. D. Harris from Abilene spent the Labor Day week en visiting with Mr. Harris' parents, Mr. and Mrs. R. E. Gray, and with Mrs. Harris' sister and family, Mr. and Mrs. P. W. Cloud.

Mr. and Mrs. Charles Cooper and Mrs. Ella Cooper, 3007 Avenue S, and Mrs. A. J. Towle are on a 10-day trip into North Dakota, Nebraska, and other mid-western states.

Mrs. Lucile Dougherty and her daughter, Miss Margaret Dougherty, 1106 Twenty-fifth Street, are preparing to go to Lubbock Monday when Miss Dougherty will enroll as a freshman at Texas Technological College. Miss Dougherty will study foreign languages and piano.

Mrs. Grover Scott, who has returned home from Snyder Hospital after surgery, is much improved and is able to go about some. Mr. and Mrs. Scott live at the Marathon Station on the Lubbock highway.

Mr. and Mrs. H. G. Carter, 128 Twentieth Place, have as house guests this week Mrs. Carter's parents, Mr. and Mrs. Leo Hurst from Oklahoma.

Miss Norma DeLoach, 1101 Seventeenth Street, spent the Labor Day week end in Iowa Park, Tex., visiting with Mr. and Mrs. V. R. Munden. Returning with her was Paul Munden, who works for Continental Supply.

Mr. and Mrs. D. M. DeLoach expect a visit from their daughter and family, Mr. and Mrs. L. M. Chapman and daughter, of Kansas City, Mo. Mr. and Mrs. Chapman will arrive this week end to spend two weeks visiting in the DeLoach home.

Mrs. M. E. Thompson from Fort Worth spent the Labor Day week end with Mr. and Mrs. Lawrence Dumas, 3214 Avenue U. Mrs. Thompson is Mrs. Dumas' sister.

Mr. and Mrs. L. N. Periman, 3011 Avenue V, had as house guests over the week end their daughter and family, Mr. and Mrs. J. D. Mitchell from Seminole, Texas. The Mitchell's also visited with Mr. Mitchell's mother Mrs. J. K. Mitchell. Mr. and Mrs. Periman had with them Sunday another daughter and family, Mr. and Mrs. Grady Pierce from Clovis, N. M.

Mr. and Mrs. Noche Starr went to Colorado over the week end. They returned Monday.

Mr. and Mrs. A. C. Martin, 3211 Avenue U, had as guests over the week end their son and family Mr. and Mrs. Freddie Martin and two

Talk of the Town

By Frances Biow

"Whatever happened about the big oil well fire?" Is the ground still hot there? Somebody said you couldn't walk near it for days without blistering your feet!. . ." "Did they condemn the area?". . . "How many people got injured?" . . .these and other questions.

Well, several weeks have elapsed since the huge holocaust lighted our skies, we got curious and drove out to Pan American Production Company's settlement of neat white office buildings five miles west of town. Several rather surprising developments came to light which finally solve and close The Case of the Roaring Well, a la Perry Mason.

* * *

It seems the only casualty, after the first tragic accidnet, was TED SANDOZ, affable production executive. After days and nights of groaning over the fire, fighting it literally with gloves and helmet and no sleep, the young Louisiana native came down with ulcers, had to be hospitalized briefly. Said he, after a year here with the big drilling compny, "That was THE ULTIMATE. Nothing more can happen to me now!"

* * *

Best example of fairness and generosity even from a huge impersonal, oil producing firm like Pan Am, might be the idea E. V. HEWITT, Superintendant, dreamed up to compensate the men who fought the fire with everything they had. He had snappy certificates printed, good for framing and showing to posterity. The certificate reads, along with the scarlet picture of a fire fighter, "The Royal Order of Fire Eaters. . . This certificies that H. E. MADDOX (one of 75 to receive the coveted citiation,) did courageously and vigorously help, at times almost to the point of physicol exhaustion, in the combined efforts of all in extinguishing the fire and bringing under control A. I. Holley Well No. 1, Reinecke Field, Borden County, Texas, during the chaotic period June 10th through July 5th, 1950, and henceforth is entitled to be known as an OIL QUENCHED HEAT TREATED OIL WELL FIRE FIGHTER AND A MEMBER IN GOOD STANDING OF THIS ORDER. It was signed with a fiery flourish by Myron Kenley, chief fire eater and Wizard of Hades."

Attracting nationwide attention, the fire was fought with bulldozers which had been enclosed in tin shields to break the torrid heat waves. Salvation Army comes in for its praise. It literally demanded that it be allowed to remain at the scene of the inferno, doleing our welcome coffee and man-sized sandwiches.

* * *

Fighters were a cross section of good men, "tried and true," who flocked to volunteer, or were chosen for special qualities by their company. Pan Am wants gratefully to thank NEWMAN BROTHERS whose tool pushers, servicemen, roughnecks, and even "the brothers" themselves turned out and hove to HALLIBURTON, SPARTAN and several others' sent "cat"s drivers, equipment, and MEN. . .Men who quenched "the hottest fire the oil industry has ever experienced."

* * *

Sandoz who gives off a constant man-of-action impression, stated casually that a few hours after the well was finally extinguished the drillers were there again, A producing well now hums placidly on the same ground. It delivers up a steady 1,340 barrels daily. . .Soon the grass will again cover the scene of man's furious fight with the element, Fire.

Woman's Calendar

THURSDAY

Chez les Amies Bridge Club is entertained at 2 o'clock by Mrs. C. V. McClatchey, Country Club.

FRIDAY

Coffee honoring Mrs. Wade Pitkin, given by Mrs. Bob Bickerstaff, Country Club, 9:30 until 11.

Family Reunion Held At J. S. Golden Home

The home of Mrs. J. S. Golden of the Canyon Community was the scene of a family reunion over the Labor Day week end.

Mrs. Golden's seven children visited her for the first time in several months.

Present were Mr. and Mrs. J. L. Birdwell, Lubbock; Mrs. Horrace Holley, St., Austin; Dr. and Mrs. F. D. Golden, Portales, N.M.; Mr. and Mrs. Roy Golden and son, Brownfield, Tex.; Ward Golden, Dimmitt, Tex.; Mr. and Mrs. Carl Golden and two daughters, Brownfield; Mr. and Mrs. Alvin Reon and three children, Sacramento, N. M.; Max French, Jr., Austin; Mr. and Mrs. Murphy Holley, Austin; and Miss Minnie Lee Williams, who assisted Mrs. Golden in the entertaining.

Mr. and Mrs. Roy Owen, 2803 Avenue S, had as house guests over the Labor Day week end Mrs. Owen's mother, Mrs. Nina Beardsley, and her neice and husband, Mr. and Mrs. Emmett Traynor from Enid, Okla.

T.C.U. Horned Frogs Must Fill Vital Holes Left In The Team

FORT WORTH, Sept. 7. (AP) — Armed with a new offensive formation of some promise, with 24 lettermen backed by the finest group of sophomore performers in decades, the Texas Christian Horned Frogs of 1950 could be contenders for the Southwest Conference title.

But there are some question marks, especially along the line, that must be answered favoably if the Frogs are to finish in the top division of the always rugged conference race.

Some of these, not necessarily in order of importance, are Capable replacement for Lindy Berry as the team's top passer, runner, play-selector and "spark"; durability of Clarence (Red) Marable's reluctant knee; development of adequate reserve strength at guard and tackle; better over all defense, especially at the halfback spots.

Replacing Berry, who for three years did 90 per cent of the passing and much of the running, could be the toughest job. Dan Wilde, a "football" junior who understudied Berry last year and sometimes played in the same backfield at half, is the top contender. He has speed, is a good passer and has shown sound judgment as a play selector.

BARTOSH CANDIDATE

Also in the running for this spot is Gilbert Bartish, the former Granger High School star who was held out of competition last year as a sophomore.

Duane Grissett, another sophoore from Mineral Wells, and Dexter Bassinger, a senior from Hillsboro, may see action, too.

The rest of the Frog backfield prospects are bright indeed. As a whole, the backfield prospects are the best since World War II. There is speed, depth and power.

There are two fine fullbacks. One is John Morton, the 200-pound Californian who was the regular last year and a standout in the last three games. The other is Bobby Jack Floyd, a transfer from Paris Junior College. This rugged 200-pounder reminds Coach Dutch Meyer of Jimmy Lawrence, his great running star of the 1930's.

Johnny Dunn, a lean-legged senior who found himself in last spring's training, and Malvin Fowler, 200-pound sophomore from Van, are due to play the halfback spots.

MEDANICH DUE

Veterans Jimmy Hickey, Keith Flowers and Johnny Medanich and Sophs John Harville, Jim Amburg and Bobby Harding give the backfield good reserve strength. Medanich, a speedster from Pecos who has been injured in two years at Texas Christian, is expected to "go" this season.

Up front, the picture isn't so bright. Five top ends graduated, leaving three veterans — Bill and Bobby Moorman and Junior Wilson George. But there's a great crop of sophs here, including Teddy Vaught of Lubbock, Charles Rogers of Childress, Wayne Martin of Shamrock, Bob Blair of Texarkana and Bill Hill of Dallas.

The tackle posts were hard hit by graduation. Capt. Marable, Douglas, Conaway, Norman Hughes, Willie Mathis and Frank Struska, however, are back as lettermen. Struska, a fine lineback in '48 and '49, was impressive in spring training.

The guards have Veterans Milton Farmer, Dick Lowe and Billy Willingham, Juniors Alton Taylor and Hebert Zimmerman, and a fine sophomore prospect in Tom Evans, 204-pounder from Corpus Christi.

Center is fairly strong. Max Eubank, who'll earn his fourth letter, leads the group with Letterman Roy Pitcock and 230-pound Soph Carlton McCormack close behind.

"We'll depend on sophomores," Meyer says. "I honestly believe we'll letter more first year players than any TCU team in history."

The Frogs' new formation is called "T-wing" or "twing." It's a T-double wing setup with regulation T formation up-back and full but with the halfbacks wide behind the ends.

Tomorrow: Southern Methodist.

Winners and Their Spoils

Mrs. Margaret Osborne duPont, Wilmington, Del., left, and Art Larsen, San Francisco, pose with trophies they won in winning national tennis championships at Forest Hills, N. Y. Mrs. duPont gained permanent possession of her trophy by virture of winning it three times running. Larsen is the first southpaw in 20 years to win the title.

Coaches In Southwest Conference Pleased With Their Material

(By The Associated Press)

Southwest Conference football teams are ripping through practice in a manner most pleasing to the coaches.

L. R. (Dutch) Meyer is so pleased at the way his Horned Frogs took to his new T-wing plays that yesterday he had them working on double wing assignments.

Down at Texas, Line Coach Ed Price said "We feel prettyy optimistic about the line". Then he took what many think are the finest group of linesman at the big state school since 1941 and had them tangle in dummy scrimmage.

Otis Douglas' new, tricky defense for the University of Arkansas began to work near the end of a long drill yesterday. At first, it leaked badly.

Southern Methodist held a brisk scrimmage yesterday, while Baylor's gridders cavorted for the benefit of 30 sportswriters and photographers.

A&M's workout was termed its "best in two years" by head coach Harry Stiteler.

Rice Coach Jess Neely said he was pretty well satisfied with the way his squad has come along. He said the backfield timing was off, but "You can't expect too much this early."

The Venezuelan state of Bolivar and territory of Amazonas are largely unexplored.

Boston Knows The Heat Is On As They Face Yankees For 2nd Day

BOTON, Sept. 7. (AP) — Boston's Red Sox have no illusions about the struggle facing them in the feverish four team stretch battle for the American League pennant.

They were happy over last night's 11-2 decision over the first place New Yorkers, but there was no shouting with joy over the triumph.

Their theme "We've got to keep winning. We've got to beat those Yanks today and we'll be only a game and a half out."

Mel Parnell said "You can't let up on them for a second, you've got to bear down all the time or they'll beat your brains out. I let up a bit in the ninth and the first I knew they had three men on bases."

Mel turned in his 15th victory of the season last night, his seventh in succession and this third of the year over the Yankees who have beaten him once.

Ellis Kinder will pitch today for the Sox. He has been Manager Steve O'Neill's most dependable righthander even though his record shows only 13 victories and a dozen defeats.

Allie Reynolds is Manager Casey Stengel's pitching selection. Allie has won as many games as Kinder and has lost 11. He has beaten the Sox twice and has yet to lose to them.

Softball Congress Is Scheduled With Four Games For Tonight

GREELEY, Colo., Sept. 7. (AP) — Four undefeated and four once-defeated teams meet tonight in the World Softball Congress double elimination tournament.

Defending Champion Hanford, Calif., plays Tulsa and Ogden, Utah, meets Fresno, Calif., in the winners' bracket.

Greeley plays Denver and Phoenix meets Bryan, O. All four teams have lost one.

Denver eliminated Johnstown, Colo., by a 7-2 count last night. In other games, Crane, Tex., won from Milwaukee, 3-0, and Fresno shut out Bryan, 5-0.

Red Denham, Crane pitcher, missed a no-hitter by one pitch when Jack Littman, last man up for Milwaukee, hit a Texas League double after two strikes.

Double Header In Dallas On October 14

By WILBUR MARTIN
(Associated Press Staff)

Hotels in Dallas have announced they're "full up" for Saturday, Oct. 14.

That's the day of the Oklahoma-Texas football game and the Oklahoma A&M-Southern Methodist football game. Both will be played in the giant Cotton Bowl, Texas-OU in the aftenoon, the other at night.

"Worse than ever," is the way one hotel man puts the requests for room reservations for this Saturday. "It looks like the whole state of Oklahoma is coming down."

You can get tickets to the Southern Methodist-Oklahoma A&M game, but it's a differrent story for the Texas-Oklahoma game. Texas has already sold its quota, and Oklahoma usually gets rid of its share of tickets in jig time.

This Doubleheader may make Dallas the football capitol of the nation that day. Experts have already started booming Texas as the Southwest Conference champion; Southern Methodist is due to have the great Kyle Rote and other assorted high class backs, while Oklahoma may again be a powerhouse.

Bud Wilkinson, Oklahoma Coach, says he lost too many good men, that the teams his Sooners must play will be awfully strong, and that he doesn't know how his team will shape up.

Not too many are taking this talk to heart. They figure the split T formation genius will come up with a better than fair ball club, even if he doesn't have another undefeated, untied powerhouse.

Texas would like to hang a licking on Oklahoma. The Longhorns held a long string of straight victories until 1948, when it went pfft. Last year Oklahoma made it two in a row.

Southern Methodist will be favored over Oklahoma A&M.

The Mustangs should take this one in a breeze, just from a preseason comparison of personnel.

Fort Wayne Wins Title In Semi-Pro Classic

WICHITA, Kan., Sept. 7. (AP) — Fort Wayne retained its national semipro baseball tournament title last night, received a $10,000 first prize and headed for Japan.

The Indiana team beat the Elk City, Okla., Elks, 5 to 2, in the final game of the lengthy double-elimination tournament.

It was the fourth consecutive time Fort Wayne has won the championship.

Class A Football Is Underway This Week End With 100 Games

By WILBUR MARTIN
(Associated Press Staff)

Texas Class A football teams rip into action in more than 100 games the next three days and it's no practice tilt for a few.

Wink meets Fort Stockton and Seminole tackles Crane in games that count toward the District Five championship.

The heavy schedule sends most of the pre-season favorites to the gridiron.

Defending champion Littlefield, a South Plains power, takes on Locknep. The wing T formation of the Wildcats rolled to a 32-6 victory over Crosbyton last week.

New Braunfels, a finalist in 1948 and in the playoff last year, opens against Peacock Military School of San Antonio. Weldon Bynum's Unicorns are figured one of the best teams in the sprawling Class A division of the Interscholastic League program.

Undefeated teams were easy to find last year when the 32 district races were completed. Arlington, rated the best in 12-A this year, hopes it will be one of these this season. It opens against Birdville.

Mexia, which lost to Littlefield in the championship game at Abilene last December, runs into tough New London in its opening game.

Brownfield, which tried competition in Class AA for a few years, has an intersectional game with Lovington, N. M.

Several schools which long compete in Class AA are in Class A this season. Two of them—Sulphur Springs and Bonham—tangle Friday night. Electra, which was in Class AA last season, meets Albany in its first game.

Schools with an enrollment of 520 students but less than 500 are classed Class A for athletic purposes. But you can find more than one school in this division with less than 250 students. These can be voted in by other schools in their particular district. One, Lefors, last year won its district championship.

Most of the Class A teams meet double A elevens. Mercedes takes on Pharr-San Juan-Alamo in the Rio Grande Valley.

There's been a decided West Texas flavor to this division since it began playing for a state championship. Monahans won the first title and Littlefield the second.

Double A Games Will Be Scattered And Few Over This Week End

By HAROLD V. RATLIFF
(Associated Press Sports Writer)

The Class AA division of Texas schoolboy football swings into the season grind this week-end but the games will be mighty scattered.

Only 17 teams have contests and there are no games at all in the far West, Panhandle and Central Texas.

The feature game of the short schedule will be Kerrville at Port Arthur. It will test the vaunted powerhouse of the port city the first crack out of the box because Kerrville is a ranking favorite in its district.

Marshall plays an intersectional game, engaging the always tough Fair Park eleven of Shreveport at Marshall.

Inter-district gamts headline the card with Stephenville at Sweetwater, Denton at Longview, Henderson at Gladewater, Palestine at Tyler and Kilgore at Freeport.

Next week will find all except four members of Class AA playing games while the City Conference also will fire its opening guns although not all of the 27 members of this division will stage first games until the following week. Thus it will be late September before all the teams of the state have tasted competition.

NEW TEAMS

There are two new teams in Class AA this year—Thomas Jefferson of El Paso and Ray High School of Corpus Christi. However, there have been a number of withdrawals from this division such as Bonham, Sulphur Springs and Jacksonville. There now are only 79 schools in Class AA.

Before a single shot is fired Odessa, Highland Park (Dallas) and Port Arthur are picked as the top teams of the state. Wichita Falls, the defending champion, however, looks as tough as ever.

Wichita Falls lost a lot of first string players but comes up with plenty of fellows who played enough last year to be top hands this season.

Austin, the runner-up, claims to be very lean on material but other teams of its district take a dim view of the maroon lament.

This week's schedule in Class AA:

Friday—Stephenville at Sweetwater, Denton at Longview, Henderson at Gladewater, Palestine at Tyler, Kilgore at Freeport, Fair Park (Shreveport) at Marshall, Kirwin (Galveston) at Beaumont, Kerrville at Port Arthur, Laredo at Mercedes, Weslaco at Brownsville.

Saturday—St. Thomas (Houston) at Pasadena.

It was a busy week for Mr. and Mrs. John Bowman of Independence, Missouri—the week that young Linda Marie joined them.

Busy week, too, for the Bowman telephone. As Mrs. Bowman reports, "We use the telephone a lot from day to day, but we never stopped to think how helpful it really is, until we kept a record of calls. We averaged our bill—and were really surprised at the low cost—about 2¢ a local call!"

Telephone service has grown steadily in the part it plays in our daily lives—and in the value it delivers. Most folks agree it's the best buy in their budget!

Stengel Missed The Clue: Lost With Southpaw AgainstRedSox

By RALPH RODEN
(Associated Press Staff)

Casey Stengel defied the Fenway Park southpaw jink and lost. As a result his New York Yankees are fidgeting atop the American League pennant scramble by only a half game today.

The Yankees invaded the lair of the torrid third-place Boston Red Sox last night for the opener of a two-game series. Casey sent Lefty Ed Lopat to face the Red Sox completely aware that only one visiting lefthander, Hal Newhouser of Detroit, had pitched and won a complete game in Fenway Park this year.

Casey didn't have long to wait to rue his decision. The Sox bombed Lopat for four runs in the second inning and went on to win 11-2.

While the Yanks were smeared, the runner-up Detroit Tigers, behind Newhouser, turned back the fourth-place Cleveland Indians, 5-3, in the opener of a two-game series in Detroit to move within a half game of the lead.

Here's the picture at a glance:

TEAM	W	L	Pct.	GB
New York	83	48	.634	....
Detroit	82	48	.631	½
Boston	81	51	.614	2½
Cleveland	80	54	.597	4½

For today's game, Stengel has named righthander Allie Reynolds (13-11) to oppose righthander Ellis Kinder (13-12).

Left Mel Parnell breezed to his 15th victory as the Sox supported his eight-hit pitching with a 16-hit attack.

Parnell now has won seven straight games and 10 out of his last 11 decisions.

29TH FOR STEPHENS

Vern Stephens led Boston by pounding out his 29th homer, a triple and two singles.

At Detroit, the Tigers came up with four runs in the seventh inning to erase a 2-1 deficit. Hoot Evers and Johnny Groth knocked in the first two runs and Charley Keller slammed home the two clinching ones with a pinch-hit single. Newhouser allowed eight hits, including a home run by Allie Clark, in besting Early Wynn.

Rookie Sandalio Consuegra pitched the Washington Senators to a 3-0, six-hit victory over the Philadelphia Athletics and the Chicago White Sox edged the St. Louis Browns, 6-5.

The Brooklyn Dodgers supplied the biggest surprise in the National League by defeating the league leading Philadelphia Phils, 2-0 and 3-2. The victories moved the second-place Brooks to within games of the Phils.

IRON MAN TRY

Big Don Newcombe attempted to perform the iron man stunt. He lanked the Phils on three hits in the opener but was forced to bow out for a pinch-hitter in the eighth inning of the second game, trailing, 2-0.

Newcombe is the first pitcher to try the feat since Buck Newsom attempted it and failed for Detroit in 1940.

The Dodgers, blanked on one hit by Pfc. Curt Simmons, came to life in the ninth inning and scored three runs to win the nightcap.

The Dodger triumphs were costly, however, as they lost the services of their brilliant catcher, Roy Campanella, who broke his right thumb on a foul tip. Campanella probably will be out for the season.

The surging New York Giants turned back the Boston Braves, 3-1, to advance to within a half game of the third-place Braves. Larry Jansen pitched a strong nine-hitter to gain his 15th victory.

St. Louis took a day-night doubleheader from the Chicago Cubs, 5-4, in 10 innings, and 7-3. Stan Musial homered to win the opener. The Cards scored five runs in the eighth inning to take the finale.

The Pittsburgh Pirates edged the Cincinnati Reds, 3-2, scoring the winning run in the ninth inning when Ewell Backwell hit winning pitcher Vern Law with a pitched ball with the bases loaded.

San Angelo Is Trying Hard For Fourth Place In Last Few Games

(By The Associated Press)

The rush of the San Angelo Colts is the talk of the Longhorn League.

The Colts won another doubleheader last night to move within two games of fourth place with five games left to play.

Leading Odessa was beaten by second-place Roswell but still has a five and one-half game bulge.

San Angelo won two fine pitching duels. Indio Beltran gave Ballinger four hits and fanned seven while Arvil Jacobs was allowing San Angelo only two hits but the Colts won 2-0 in the first game. San Angelo took the second by the same score with Bob Garza giving up four hits while Y. B. Johnson of Ballinger limited the Colts to three.

Lee Zamora pitched and won a double-header in Vernon's setbacks. Sweetwater took the first game 2-1 and the nightcap 4-2. Zamora allowed 10 hits in both games, only three in the first.

Roswell beat Odessa 10-6 in 10 innings. Six singles sent over four runs in the last frame. Tom Jordan hit two home runs for Roswell.

Big Spring edged Midland 1-0 as Gil Guerra gave up only one hit and not a Midland runner got as far as second base.

Roswell	102	020	100	4—10	13	0
Odessa	200	003	001	0—6	10	3

Drake, King and Jordan; Miller and Hernandez.

First Game:						
Sweetwater	100	001	0—2	3	1	
Vernon	000	001	0—1	3	2	

Zamora and Finle; Tross, Richardson and Herring.

Second Game:

San Angelo	000	200	0	2	3	2
Ballinger	000	000	0	0	4	3

Garza and Funderburk; Johnson and Phillips.

Houston Man Admits Bank Robbery Attempt

HOUSTON, Sept. 7. (AP) — A 36-year-old unemployed tile setter Wednesday entered a plea of guilty to a charge of attempting to rob the National Bank of Commerce, one of Houston's largest banks with a fake hand grenade.

Paul V. Patton, his wife and two small children sitting nearby, entered the plea before Federal Judge Allen B. Hannay.

Hannay deferred sentencing until Sept. 13.

Amundsen Is Worse

GALVESTON, Sept. 6. (AP) —Gus A. Amundsen, manager of the tourist and convention department of the Galveston Chamber of Commerce, was in a serious condition at a local hospital.

Ira Faculty to Meet

The first faculty meeting of the Ira school will be held at 2 o'clock Saturday, according to Houston E. Stevens, new superintendent of the schools.

Lava from Mauna Loa stopped just half a mile from the city of Hilo, Hawaii, in 1881.

Pep and Saddler Wait For The Bout At The Yankee Stadium

NEW YORK, Sept. 7. (AP) — It was the calm before the storm today for featherweight champion Willie Pep and Sandy Saddler.

Their long training grind for their 15-round title bout in Yankee Stadium Friday was over. They had nothing to do now but mark time until the weigh-in ceremony tomorrow

The 28-year-old champion arrived in New York last night after showing brilliantly in his last workout at Hartford yesterday.

Pep showed plenty of speed in his final four-round workout. He looked more like the old boxing master in a drill with sparmates Ray Castillo and Johnny Carr.

Saddler still held as the favorite in a brisk betting market. The price lengthened to 5 to 8.

The gate may go well over the $200,000 mark.

The fight will not be televised or broadcast.

Wichita Falls And Texarkana Lead In The Big State Race

(By The Associated Press)

Wichita Falls and Texarkana were out front today in the battle for final play-off spots in the Big State League.

Openng the first round of the Shaughnessy series last night, Wichita Falls clubbed Gainesville 11-8 while Texarkana licked Temple 8-1.

They play at Wichita Falls and Texarkana again tonight.

Smoke from the city dump almost cost Wichita Falls its victory. It was in the ninth that the smoke came rolling in and the Spudders couldn't find the ball when it was hit to the outfield.

Before the nightmare was over Gainesville had five runs.

Singing Convention In Sweetwater On Sunday

The original Four-County Singing Convention, comprised of individual singers and groups from Scurry, Mitchell, Nolan, and Fisher Counties, will meet at the high school auditorium in Sweetwater Sunday morning, according to Eddie Williams, president.

The meeting will begin at 10 o'clock and will feature singers from various parts of West Texas, including a quartet from Fort Worth, Williams said.

Mr. and Mrs. J. D. White, Jr., 2703 Avenue W, are parents of a daughter born early today at the Snyder Hospital.

Dallas Played Dead Until The Past Two Days

(By The Associated Press)

Dallas' Eagles, it appears, were just playing dead.

Thus, the Texas League race may end up much differently from the way it looked not more than a couple of days ago.

Dallas knocked down Fort Worth the second time in a row last night while San Antonio was taking its second straight licking from Shreveport. So the Eagles today are only a game and half out of fourth place.

And it's what's ahead that gives Dallas high hopes of making the first division and the play-off.

San Antonio winds up tonight at Shreveport, then moves to Beaumont for three games and a fraction of another with the league-leading Roughnecks. The fraction is that part of a game that clubs didn't finish the last time they met and have to play out. San Antonio was leading 8-6 when the game was halted after seven innings so Beaumont could catch a train.

Dallas has four games to play, one with Fort Worth and three with Tulsa.

Beaumont increased its lead over second-place Fort Worth to two and one-half games as the Roughnecks trimmed Houston 5-3 last night while third-place Tulsa edged Okahoma City 2-1.

Dallas beat Fort Worth 3-2 by scoring all its runs in the first inning. The Eagles got only five hits but bunched them just right. Walt Lanfranconi notched his thirteenth hurling victory of the season.

Gale Pringle pitched a four-hitter as Shreveport licked San Antonio 5-1. The Sports pushed over four runs in the first inning and that was that. A home run by Joe Frazier in the ninth kept the Missions from being skunked.

Beaumont scored three runs in the third inning and never was behind after that. The defeat tumbled Houston into the cellar again.

Harry Donabedian batted in the winning Tulsa run in the eighth to hand Jim Blackburn his twenty-first mound triumph of the season.

Tonight Dallas will be at Fort Worth, San Antonio at Shhreveport, Oklahoma City at Tulsa and Beaumont at Houston.

Oklahoma City	000	010	000	1	6	0
Tulsa	000	100	01x	2	8	1

Mrs. Sam Williams returned last night from Dallas, where she attended the gift show, ordering her fall and winter gift merchandise for William's Jewlery Store. Accompanying Mrs. Williams was Mrs. Billie McKinzey. They were away four days. Mrs. Williams visited friends in Highland Park Sunday, Mrs. Paul Scott and Mrs Harry Luby.

Newcomers' Study Group Holds Meeting At Davie Residence

Newcomers' Study Club heard Mrs. Wayne Boren discuss federated women's clubs at its meeting yesterday afternoon at the home of Mrs. Bob Davie, 2805 Avenue F.

Mrs. Davie served refreshments to the following Mrs. Boren, Mrs. H. W. Sanders, Mrs. H. D. Jones, Mrs. George Wilson, Mrs. Joe Gobin, Mrs. Frank Rose, Mrs. Lyman Yoder, Mrs. Mansene Holt, Mrs. Ross Hemphill, and Mrs. Prentice Bass.

The group will meet again Oct. 4.

Lamberts and Mrs. Connell Return From Week End in Dallas

Mr. and Mrs. Hilton Lambert, 2811 Avenue V, spent the Labor Day week end in Dallas. Accompanying them were Mrs. Wilson Connell and her daughters.

The party attended the Mid Century Fashion Show at Neiman Marcus Departent Store, where Gloria Swanson appeared. They went to the musical, "Annie Get Your Gun," which was interrupted on account of rain.

The group returned Tuesday.

Sam Snead Challenges Middlecoff In Reading Open Golf Tournament

READING, Pa., Sept. 7. (AP) —Sam Snead, leading money winner among the nation's professional golfers, provided the chief threat today as Cary Middlecoff opened his defense of the Reading Open Golf title.

Middlecoff, 1949 National Open champ from Oxnard, Fla., heads the field of 150 topflight pro and amateur players teeing off at the Berkshire Country Club.

Entered in the 72-hole test in addition to Middlecoff and Snead are such standouts as:

Jim Ferrier, of San Francisco; Henry Ransom of St. Andrews, Ill.; Lloyd Mangrum of Niles; Jimmy Demaret, Ojai, Calif.; Jack Burke, Jr., White Plains, Texas; Skip Alexander, Knoxville, Tenn., and Chandler Harper, Portsmouth, Va., 1950 PGA champ.

Police Arrest 262 In August; Fines Total $5,105 For The Month

Police court fines for the month of August totaled $5,105 from 294 charges and 262 arrests, Chief Chester Bairrington reported today.

Calls answered by officers assigned to radio motorized equipment numbered 850, and 439 criminal and non-criminal cases and complaints were handled by the department. Thirty-one accidents were investigated in the city during the month.

The average age of persons booked in the local jail was 34. Charges during the month were classified as burglary, four; auto theft, two; theft over $50, three; theft under $50, two; simple assault, six; resisting arrest, two; forgery and fictitious checks, one; non-sufficient funds on checks, two; indecent exposure, one; drunkeness (includes drunk in a car and drinking in public), 181; disturbing peace 34; malicious property damage, three; vagrancy, nine; gambling, five; reckless driving, 18; driving while intoxicated, one; absent without leave from army, one; violation of probation (burglary), one; runaway juvenile, one; violation of U. S. Immigration and Naturalization Act, one; arrests for other jurisdictions, six; suspicion or held for investigation, six.

Prepare For West Texas Chamber Meet

The proposed reorganization and revitalization of the West Texas Chamber of Commerce will be studied by four important committees which have been named recently by J. M. Willson, Sr., Floydada. The groups are to act between Sept. 1 and January, 1951.

For the annual fall convention of the organization, scheduled for Mineral Wells, Oct. 19 and 20, the following have been placed in charge of the program for the two-day session: Clyde Westfall, Stamford, chairman; Buell Orr, Graham; L. D. Aston, Cleburne; Anthony Fenoglio, Nocona; J. B. Thomas, Fort Worth.

A committee to study and plan the organization's program of work for 1951 consists of Jerry Debenport, Odessa, chairman; R. W. Whipkey, Big Spring; Clarence Whiteside, Lubbock; C. E. McCutchen, Wichita Falls; Clarence Leonard, Gainesville; Price Campbell, Abilene; J. R. Wright, Vernon; P. C. Stacy, Granbury; James N. Allison, Midland; Amon G. Carter, Jr., Fort Worth; Howard Gault, Hereford; Alton B. Bell, Crowell; Howard Vaughn, Levelland; Carl Harrison, Memphis; Aubrey L. Townsend, Brady.

If the present plans materialize, the 1950 convention program will be broken down into panels by subjects where members of the organization will attend the panel in which they are most interested. Members of the 1951 program committee will meet with each group to record the suggestions made for consideration to be included in the 1951 program of work.

A committee on nominations for 1951 includes: Roy Bourland, Pampa, chairman; J. S. Bridwell, Wichita Falls; John Couch, Haskell, Lawrence A. Hagy, Amarillo; A. M. Muldrow, Brownfield.

Budget needs of the West Texas Chamber of Commerce for 1951 are tentatively estimated at a minimum of $100,000. This is almost double the approximate $55,000 budget in 1950. The members of the 1951 budget committee are: Joe Birtlwell, Wichita Falls, chairman; Lawrence Hagy, Amarillo; Clyde Westfall, Stamford; Jerry Debenport, Odessa; H. G. Parr.

An active committee at present is the auditing and property inventory committee, headed by the chamber's treasurer, Ed S. Stewart, Abilene, assisted by O. P. Thrane and G. C. McDonald of Abilene. This committee was appointed in mid-August to secure an audit of the organization's accounts and to inventory its physical properties to the Mineral Wells convention.
