

SENSATION PROMISED IN CONNECTION WITH BILL TO LEASE LAND

By Associated Press.
AUSTIN, TEX., Feb. 27.—A resolution, proposing that the house ask the Travis county district attorney to investigate charges made by Land Commissioner J. T. Robison that attempts had been made to bribe him, was introduced today.

From discussion of the resolution on the floor of the house it developed that Mr. Robison appeared before the house committee on house lands and buildings, which had under consideration a bill proposing a survey and recovery of excess lands. Representative A. B. Curtis said that he heard the statements of Mr. Robison, and that if they were true the men accused should be sent to the penitentiary. Representative H. B. Boone stated that he heard that Commissioner Robison had been offered "great political preferment and great wealth as well" to influence his official acts. Representative Lee Satterwhite said that the land involved was oil lease fillings.

Representative Sid Crumpton offered an amendment asking a legislative investigation. No action was taken on either the resolution or the amendment as time for consideration of resolutions expired.

The bill under discussion was introduced by Representative T. J. Tilson and before the committee. Representative D. J. Neill charged that proponents of the bill including a number of men prominent in state politics have made four hundred and sixty one filings in Eastland county in anticipation of the passage of the bill.

AUSTIN, TEX., Feb. 27.—The bill which would require unincorporated joint stock companies, limited partnerships, etc., to file with the secretary of state a copy of the agreement under which they worked was killed in the house late Wednesday afternoon.

AUSTIN, TEX., Feb. 27.—The senate today adopted the free conference report on the house joint resolution proposing an amendment to the constitution to abolish the system for county and precinct officials on a straight vote. The amendment was submitted to a vote of the people on the first Tuesday in November, 1919.

Senator C. R. Buckner proposed the sale and lease of the oil, gas, lignite and other minerals on school and other state lands heretofore sold by the state, came up today for consideration.

It is proposed to dispose of these minerals on a competitive bidding plan but at not less than \$1 an acre and the state to have a minimum one-eighth royalty on all minerals extracted.

Amendment is Adopted.
Senator W. B. Day adopted an amendment to the bill proposing to sell and lease the minerals on state lands which would include submerged lands on the Gulf coast.

L. Carter, of Tarrant, opposed the bill on general grounds, declaring that it would tend to stifle the development of the oil industry. After some further debate the senate killed the bill by refusing to engross it by a vote of eight to ten.

The senate passed finally by a vote of 15 to 10, the senate bill fixing the salaries of official court reporters at \$1,800 a year, plus transcript fees in the counties of Bexar, Harris, Travis, Jefferson, Hill, Grayson, El Paso, Wichita, Bowie and Galveston. This increase also applies to all judicial districts composed of more than one county. The senate recessed until this afternoon.

In the House.
A senate bill proposing the repeal of the Ferguson land tenant law, failed to pass the house today.

A senate bill proposing a change in the fees charged by the general land office was passed to engrossment by the house.

A senate bill proposing to amend laws relating to fraudulent obtaining of board and lodging was engrossed by the house.

Consideration of the senate bill which proposes a change depository system was postponed. The house considered in senate amendments to a bill proposing the transfer of all state quarantine property to the federal government. The measure now goes to the governor.

WASHINGTON, Feb. 27.—The Victory Liberty Loan bill passed yesterday by the house today was ordered reported favorably by the senate committee without any change.

Palmer Is Selected To Succeed Gregory

A. Mitchell Palmer.

By Associated Press.
WASHINGTON, Feb. 27.—A. Mitchell Palmer today was nominated by President Wilson to be attorney general. Mr. Palmer will take office March 4, the date tentatively fixed by Attorney General Gregory for his retirement when he resigned several months to return to private practice of law.

The resignation of Mr. Palmer as alien custodian has not been announced and there has been no intimation as to who may succeed him in that office.

Frederick Men Arrange To File On Pasture Land

By Associated Press.
FREDERICK, OKLA., Feb. 27.—A half dozen or more Frederick men made arrangements Wednesday to file contests for homesteads in the Big Pasture section that have not been provided up on.

A telegram from Senator T. P. Gore Tuesday afternoon stated that he had succeeded in having the senate pass the McClintock bill providing for contests in certain abandoned homesteads in the Big Pasture.

There are a number of such abandoned homesteads, it is understood, and men here who knew of the passage of the new law were ready Wednesday to file.

Senator W. B. Day adopted an amendment to the bill proposing to sell and lease the minerals on state lands which would include submerged lands on the Gulf coast.

PRESIDENT DOES NOT WANT FORMAL ACTION ON PLANS

PLANNED TO SPEND TWO HOURS
AT HIS OFFICE DISCUSS-
ING PLANS.

FURTHER DISCUSS LEAGUE

President Explains Cause Referring
to Question of "Geographical
Situation."

By Associated Press.
WASHINGTON, Feb. 27.—Two hours of conferences with members of congress on the legislative situation were arranged today with President Wilson. He planned to be in his office at the capitol from 3:30 to 4:30 this afternoon.

Details of the President's conference continued to develop today in the discussions between the White House guests and other members of congress. One of the developments was the apparent certainty that the President does not wish and administration leaders in the senate will not seek any formal expression at this time on the tentative draft.

Some republicans who were at the conference stated today that the President's discussion emphasized the need for amendment of the tentative draft to establish precisely many important principles beyond controversy or question.

Delay is Dangerous.
President Wilson, it was understood, did not venture any prediction as to when peace would eventually be established, but he was straining every nerve toward its conclusion, adding that every day of delay increased the danger of complications, especially in Germany.

Some left the conference impressed that the President would accept a specific amendment to the Monroe doctrine, adding that every day of delay increased the danger of complications, especially in Germany.

The President wishes, it was said, to avoid any amendment except of a general nature so far possible in order to prevent encumbrance of the constitution.

Explains "Geographical Situation."
While discussing the provisions of the league's constitution, the President was asked the reason for the clause referring to consideration being given a country's geographical situation in determining its forces. He said to have answered that the clause referred chiefly to France whose people feared Germany might become strong enough to threaten invasion.

It was asked if the provision might not also help Great Britain in restraining its great navy and the President answered that this might be the result because of the wide distribution of the British colonies.

Congress Not Bound.
Senator Brandegee asked if future American congresses were to be bound by acceptance of the league and the President answered that the legislative body could not be bound. In this connection Senator Knox said that treaties could not change the constitution of the United States but that a treaty if accepted would be binding on the future as a matter of good faith.

The possibility of Japan getting a base in Mexico was referred to during the discussion, it being asked if Mexico might seize the lease of a part of its possessions such as Magdalena Bay to Japan. Senator McCumber was first to answer, asserting that the league could prevent such a transaction.

Senator Lodge replied that no court could prevent such a sale or lease but that the United States would seek to do so as a matter of self preservation. The President it was said, did not reply but noddingly approved the position of Senator Lodge.

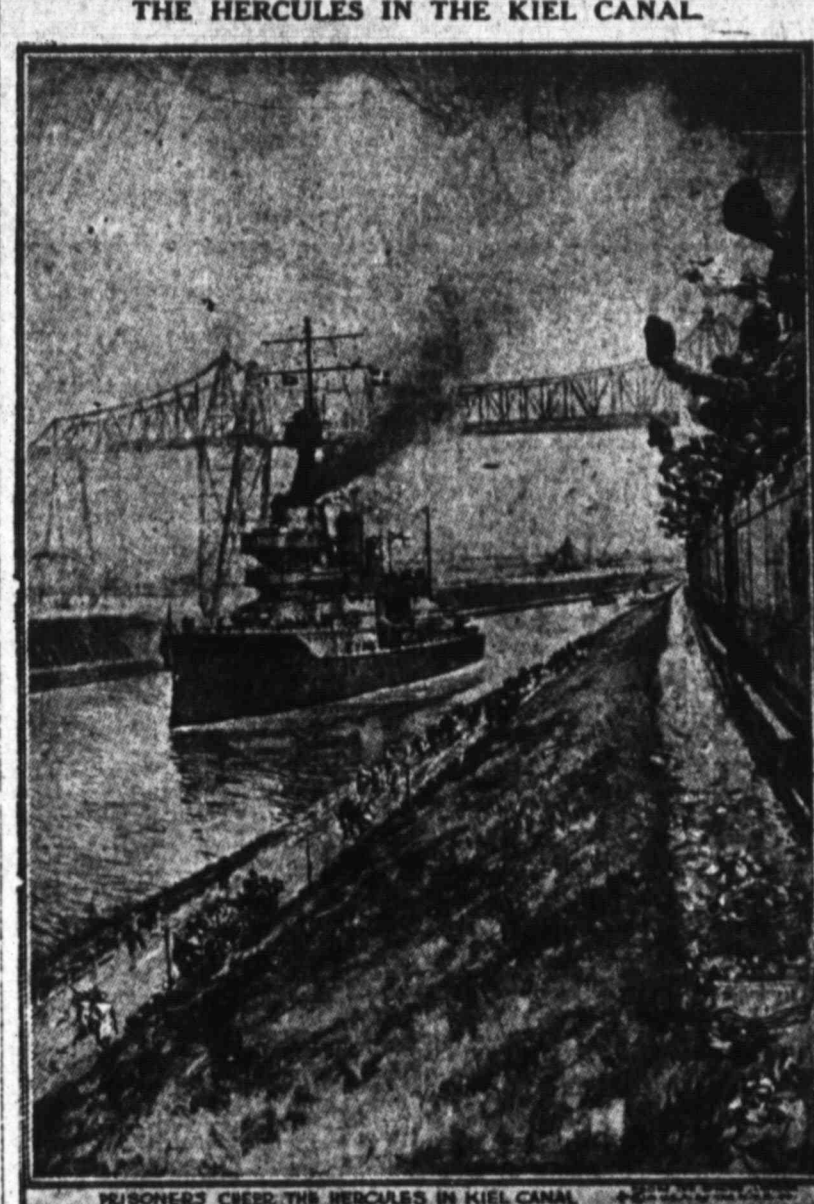

LIEUT. KINGDON GOULD
SPECIALLY COMMENDED
By Associated Press.
NEW YORK, Feb. 27.—Lieutenant Kingdon Gould, son of Gould J. Gould, has been specially commended by Major General Joseph E. Kuhn, for his efficient work in the war of raising Wichita Falls' contribution to the Armenian and Syrian relief fund, the campaign for which is occupying the attention of the entire state of Texas and the southwest this week.

The closing paragraph of the letter follows:
"The chamber of commerce, recognizing the importance of making this campaign and hereby pledges its support and requests its membership to lend every aid possible to the local chairman and committee."
"Yours very truly,"
"J. A. KEMP,"
"R. E. HUFF."

CHAMBER OF COMMERCE
URGED TO CONTRIBUTE
TO THE RELIEF FUND
Each member of the chamber of commerce this morning received a letter from the chamber, signed by R. E. Huff and J. A. Kemp, requesting him to lend his aid in the work of raising Wichita Falls' contribution to the Armenian and Syrian relief fund, the campaign for which is occupying the attention of the entire state of Texas and the southwest this week.

The closing paragraph of the letter follows:
"The chamber of commerce, recognizing the importance of making this campaign and hereby pledges its support and requests its membership to lend every aid possible to the local chairman and committee."
"Yours very truly,"
"J. A. KEMP,"

He was last seen alive Tuesday noon.

PRISONERS CHER THE HERCULES IN KIEL CANAL.

"The passage of the Kiel Canal was an occasion as memorable as historic," writes a British naval officer in describing the event. "The people along the banks were for the most part indifferent rather than curious, but hand waving and smiles from women and children were by no means infrequent."

GERMANS SUSPEND CONSIDERATION OF ARMISTICE TERMS

By Associated Press.
PARIS, Feb. 26.—The evening's Swiss newspapers print a Berlin dispatch stating that owing to the sudden suspension of armistice negotiations the German commission left Spa this morning for Berlin. The reason for the reported suspension is not given. General Ludendorff is expected to arrive in Berlin tomorrow and will be met by Von Hindenburg who will go there shortly.

Negotiations between Allied and German financial, economic and military missions have been in progress at Spa for some time but there has been no information from Allied sources that anything in the nature of a crisis had developed there. In the absence of definite information, it would seem probable that the meetings, if they have been broken, are suspended only temporarily.

On February 14 Marshal Foch presented to the German armistice commission a list of demands for the cessation of hostilities between the Allies and Germany. These provisions he received from the supreme council of the "free state of Saxony" which were accepted by the German assembly at Weimar and were signed by the German delegates on the evening of February 16.

By Associated Press.
BASEL, Feb. 27.—The chamber of deputies today elected Julius Frassdorf, a majority socialist, as president, according to a dispatch from Dresden. Dr. Dieckel, a German democrat, was named first vice president and deputy Lipinsky, an independent socialist, second vice president.

Julius Frassdorf, formerly vice president of the chamber of deputies of Saxony, has been a prominent labor leader and served in the Reichstag from 1903 to 1906.

OLD GERMAN REGIME GETTING "WHIP HAND" SAYS BERLIN REPORT

36TH DIVISION IS NOT INCLUDED IN SCHEDULED PLANS

"The Thirty-Sixth Division is not on the present schedule for return, which goes up to July," according to the war department. The foregoing is the text of a telegram received this morning by The Times from Senator Morris Sheppard, to whom a request for information was sent by the paper, when the schedule was given out Wednesday and failed to include the Thirty-Sixth, which has more Wichita Falls boys in its ranks than any other division. Recent announcement from the war department, as given to the Associated Press, was to the effect that the divisions would be returned in order of their arrival in France, and this would make the return of the Thirty-Sixth about a month after that of the Ninetieth, which is to return in June.

Republicans Meet To Nominate Man For Speaker House

WASHINGTON, Feb. 27.—Republican members-elect of the new house of representatives gathered here today from all parts of the country for the conference tonight with the rejected republican members to nominate a candidate for speaker. Despite the confident statements of the rival campaign managers in the three-cornered fight for the speakership, it was evident from the active attention shown upon the first term men that nothing was being left undone to win their votes.

The three candidates for the nomination, which is virtually the election as only a split in the republican ranks would enable the democrats to organize the new house, are: Charles C. McNamara, ranking republican member of the appropriations committee; James H. Mann, of Illinois, republican floor leader; and Philip Campbell, Kansas, ranking republican of the rules committee.

The republicans will have 240 members in the next house.

FRANCE TO INSIST ON KEEPING GERMAN SHIPS

By Associated Press.
PARIS, Feb. 27.—"The French delegation to the peace conference will energetically oppose the general sinking of the German fleet," says Stephan Laurence in the Matin. "Other powers, of course, may do what they like with their share of the fleet but the French government and navy is firmly determined to use the ships which fall to France when the fleet is divided up among the Allies in proportion to the losses each suffered during the war."

Georges Leygues, minister of marine, clearly explained the reasons for this attitude of the navy committee of the chamber of deputies recently. He told how France gave her dock yards plants to make munitions at the beginning of the war, stopping all ship building. She lost fifteen per cent of her naval tonnage and comes out of the war with a weakened navy, which she has been unable to keep in repair for five years.

"France needs a navy to police the seas and protect her colonial empire," the second largest in the world. What would the country say if, a year hence, the chamber asked for a vote of credit to build ships identical with those sunk? The most pacific nations in the world have navies and the United States has just drawn up the most important program ever reported by the American congress.

ALLIANCE ARE EXEMPT FROM THE INCOME TAX LAW

By Associated Press.
WASHINGTON, Feb. 27.—Special allowances for travel and subsistence are classified as compensation on which men in the military or naval service are not required to make income returns or pay taxes, providing the total does not exceed \$3,500 for 1918, the internal revenue bureau announced today.

Family allowances paid by the government since June 25, 1918, to dependents of men in military or naval service also are exempt from income taxes.

Employers who paid salaries to employees temporarily in government service may deduct these payments in making out tax returns.

Eight Million To Complete Canal At New Orleans

By Associated Press.
NEW ORLEANS, Feb. 27.—An \$8,000,000 issue, \$5,000,000 to be used in completing the industrial canal and \$3,000,000 to be applied to the construction of coal storage and loading facilities and in making additions to the cotton warehouse, has been authorized by the board of port commissioners of New Orleans, it was announced today. The issue is in addition to \$6,000,000 recently authorized to finance the industrial project now under way.

By Associated Press.
LONDON, Feb. 26.—Baron Islington in the house of lords today called attention to the press report that the Paris conference was contemplating the sinking of all the German naval ships now in British custody at Scapa Flow and asked the government if there were any possibility of this project being carried out.

The earl of Lynton, parliamentary secretary of the admiralty, replying in behalf of the government said he had no authority to disclose what instructions had been given to the British delegates but he could say that the British government was attached to the view that the ships should not be sunk. That was a question of policy on which the government felt very strongly.

If these ships were not again to be used as ships of war, he continued, there remained only three possible ways of disposing of them: First, they could be taken out to sea and sunk; second, they could be broken up, and third, they could be put up at public auction and sold to the highest bidder under conditions as to their future use.

WASHINGTON, Feb. 27.—Washington gave President Wilson its formal welcome here today by turning out thousands to cheer a parade down Pennsylvania avenue headed by the President in honor of home coming soldiers of the capital.

Marching with a swinging stride the President took the lead as the procession started from Peace Monument at the capitol grounds. Army airplanes and dirigibles hovered overhead.

It was the President's first public appearance here since his return from France. He was given an enthusiastic greeting by the crowds lining the broad avenue as he marched behind the marine band, shouldering a big flag and escorted by a committee of citizens.

The line began to move promptly at one o'clock, and 35 minutes later Mr. Wilson had marched a mile and a half and was taking his seat with Mr. Wilson in a reviewing stand before the White House.

Four hundred wounded soldiers and sailors occupying a place of honor across the avenue from the President, removed their hats in lieu of a salute as he passed. A big army dirigible number 3, startled everybody by flying low over the heads of marchers and spectators.

DIRECTORS URGE PROMPT AID FOR POSTAL SERVICE

TELEGRAMS ARE DISPATCHED TO
MEMBERS OF CONGRESS OF
THIS DISTRICT.

CHAMBER IS TO ASSIST

Will Relieve Postmaster Howard Of
Personal Responsibility For
Five Extra Clerks.

The postal service in Wichita Falls is facing a complete breakdown—a breakdown as disastrous as that which affected Elmer, Burkburnett, Electra and Petrolia.

That statement, made by Postmaster Ed Howard before the chamber of commerce meeting this morning with the verbal postscript added that remedial steps, if taken, must come at once, brought prompt, decisive action from the chamber's board of directors. Telegrams were dispatched to Senators Morris Sheppard and C. A. Culbertson and Representative Marvin Jones in Washington, a promise of support was received from Lucian W. Parrish, congressman-elect from this district, and Frank Kell agreed, further, to take up the matter personally in Washington on March 10th.

At the present time the local post-office is employing five clerks whose employment is unauthorized and who are being paid by Postmaster Howard personally at a total of \$600 a month. Mr. Howard will be unable to continue this arrangement after March 1st, and the board of directors today voted to extend the time of these clerks thirty days, with the chamber of commerce shouldering the expense, until some measure of permanent relief can be obtained.

Business Is Doubled.
During the past year, Mr. Howard told the board, there have been increases of over 100 percent in the C. O. D. parcels post business handled by the postoffice here; 80 percent in the ordinary parcels post and a registered letters increase of 150 percent. He submitted figures for this month alone showing that the sales of stamps and paper for February, 1918, amounted to \$11,973 as compared to \$7,838 for February a year ago, and pointed out that only one additional clerk and one carrier had been authorized by the government to handle all these increases.

Unless five assistants are added to the postoffice force in Wichita Falls a breakdown in service is inevitable. reads the telegram sent to Sheppard, Culbertson and Jones by the chamber. Action must be had so as to have this added by the government. Mr. Howard's statement is being given to the chamber. Will you kindly see Postmaster General Burleson as once and wire us our expense what we may expect. Owing to oil situation business of the office is more than double what it was a year ago and only two additional employees added during year.

Wire authority temporary employment five extra clerks.

To Make Personal Appeals.
Telegrams also be sent by various members of the chamber making personal requests of a similar nature on friends in congress, as the situation is considered extremely acute.

In the course of the meeting a telegram from Representative J. D. Parnell in Austin to Frank Kell was read, stating that the senate committee had reported favorably on the asylum bill, and that the measure undoubtedly will be pushed through. It means, briefly, an additional appropriation of \$350,000 to complete the asylum now building at Wichita Lake.

No other matters were taken up by the board. It is understood that the president of the Boone Tire and Rubber company will be in this city Friday in a few days to discuss with members of the industrial committee of the chamber of commerce plans for establishment of a branch plant here.

ELI MORGAN MARRIES
OKLAHOMA CITY GIRL

A wedding of unusual interest locally occurred at Oklahoma City Saturday afternoon when Miss Josephine Green became the bride of Eli Morgan of this city. The ceremony was performed by Rev. Surface, pastor of the Maywood Presbyterian, and took place at the Presbyterian rectory, the bride and groom being accompanied by the bride's sister, Mrs. F. H. Hayes.

Immediately after the ceremony Mr. and Mrs. Morgan were guests of honor at a dinner given by Luther Bell at the Lee Hunkins hotel, the personnel of the party including Mr. and Mrs. Morgan, Mesdames F. H.

NEW CENTURY CLUB HAS
"DAY WITH HAWTHORNE"

The New Century Club met at the Library Wednesday afternoon. At a short business session preceding the program reports were heard from the program committee, the tree committee and the censorship committee. It was decided to give one afternoon a week to Red Cross work, and beginning today the club will meet at the

Red Cross headquarters each Friday for work.

The subject of the study Wednesday was "A Day With Hawthorne," with Mrs. Barnard as leader, and the program follows:

Roll call answered with quotations from Hawthorne.

"A brief sketch of the towns associated with the name," Mrs. Hart.

"A Sketch of 'The Scarlet Letter,' under what circumstances produced, and the rank it holds in American Literature," Mrs. Montgomery.

"The passages in the Old Manse which bring out the character of the author," prepared by Mrs. McCutchen and read by Mrs. Felder.

"The Places of Interest which attract visitors in Concord," Mrs. Barnard.

"Hawthorne's view of Emerson," Mrs. McDowell.

AMUSEMENT

"THE DANGER ZONE" AT EMPRESS THEATRE TODAY

Madeline Traverse, the new William Fox star, will be seen at the Empress theatre today in a story called "The Danger Zone." Miss Traverse, who came under the Fox banner with her recent big success, "The Callaux Case," won a fine reputation on the legitimate stage. For years she toured the country with her father, and she had a conspicuous part in "The Chorus Lady," which played so long in New York and then toured the country from coast to coast.

The story of "The Danger Zone" is that of a woman who overcomes obstacles which have bound her for some years. She rises into fame with her voice, and is about to marry a very wealthy man when her former sweetheart, thinking to profit by her fame, turns up. He is cut cold, but he places himself in a position that is dangerous for the woman. He threatens to tell her husband-to-be who and what she was. The climax is a powerful one.

"DADDY LONG LEGS" AT THE WICHITA SATURDAY
"Daddy Long Legs," the delightful story which Jean Webster dramatized

from her book of the same title, will be the attraction at the Wichita theatre on Saturday, March 1.

"Daddy Long Legs" tells the story of a little maid in a cheerless asylum, with a spark of humor and a head full of dreams that toll and drudgery had failed to crush. Unable to longer endure the tyranny of the matron she rebels and her spirited denunciation is overheard by one of the trustees, a wealthy man of business, who has his unwilling interest aroused and who determines to give her the chance for which she yearns. Pendleton, the trustee, without disclosing his identity sends her to college and "Judy" the drudge, is transformed by the magic of his wealth into the pretty "Judy" of the college and her dreams become reality—that is—all of them except the dream of the one who would come to woo her. The manner in which this comes about lends to the story its wonderful charm.

In the company that Henry Miller will send here are several who were in the original cast and all of the principals have been playing in the comedy for a year or more.

"THE DANGER ZONE"

Beauty, romance and splendid action combine to make big attraction of "The Danger Zone."

A stirring drama of society and the stage.

It is a story that is filled with acute and powerful situations. It is a story of the heroic struggle of a brave woman to set herself right in society. She has attained nationwide fame as an opera singer and in her new social sphere, following an enviable marriage, everything is rosy with happiness until the past comes back to haunt her and drag her down. In the end she sacrifices herself to save another from the vicious influence that had followed her.

DIAMOND PURITY

In the selection of a diamond, size is only one of the many considerations. Purity of color, and freedom from flaws are very important elements, as also are shape and style of cutting. The most important feature, we think, in buying diamonds, is the dependability of the establishment from which you get them.

Our assortment is complete—each one of the large collection is a rare gem. These stones of exceptional quality must be seen to be appreciated. We will be pleased to have you call and inspect them.

Bedtime Stories

(By Howard R. Garis)

UNCLE WIGGILY KEEPS STORE.

Winter seemed getting ready to go away from Woodland, near the Orange Mountains, where the animal folk lived. At least, winter appeared to be going off somewhere else on a visit.

The sun was shining, the air was warm, and the animals were happy. The bunnies were out of their holes, and the birds were singing. The children were playing in the yard.

"But it isn't spring yet," thought the bunny rabbit. "We'll have more cold weather and snow. But it's very nice to have it warm and melting now."

And some of the animal children seemed to think so, too, for as Uncle Wiggily hopped along, his pink nose twinkling as fast as anything all of a sudden he heard his name called.

"What is it?" he asked, stopping and looking around the woods where he then was.

"Come on over and play store with us," called Susie Littlelall, the rabbit girl.

"Yes," added Johnnie Bashytail, the squirrel boy. "We're having lots of fun."

"Well, it does look so!" laughed Uncle Wiggily.

On an old stump, with a flat, broad top, like a table, Sammie and Susie Littlelall, Johnnie and his brother Billie, Jackie and Peetie Bow Wow, the puppy dog boys, and Lulu, Alice and Jimmie Wigglesworth, the ducks, had started a little play store.

Bits of bark, old acorns, stones, some dried grass and other things were sugar, salt, mustard, flour, potatoes, condensed milk—whatever you can buy in a store, you know.

"Uncle Wiggily, what do you want to buy something," asked Susie.

"Why, yes, give me a loaf of bread," said the bunny. "I heard Nurse Jane say she needed bread."

"So Susie wrapped a stick up in a dried leaf.

"The leaf is wrapping paper and the stick is bread," she told Uncle Wiggily. "Make-believe, of course."

"Oh, of course, I know. It's only make-believe," laughed the bunny. "I won't try to eat this bread."

"Now, you must buy something off me," said Johnnie Wigglesworth, the duck.

So Uncle Wiggily bought some sugar from the duck girl. Of course the sugar was only some wet sand, but it was all right to play make-believe store with.

Then the bunny rabbit gentleman bought more pretend groceries from the other animal children, and he had lots of fun playing with them, until, all at once, the school bell rang and the boys and girls had to run, hop or fly along, or they'd be late.

"Good-by, Uncle Wiggily," they cried. "You can keep store until we come back."

So the bunny sat down on a log near the flat stump, which still had on it lots of the make-believe grocery things, and as the sun was very warm, all of a sudden Mr. Longears fell asleep.

He was suddenly awakened by hearing some one walking on the dried leaves near him, and, opening his eyes, Uncle Wiggily saw the bad old Skuddlemagoon.

"Well, I have caught you, I see!" gurgled the Skuddlemagoon, which is like a Pipsisawah, only worse. "I caught you just in time."

"What are you going to do to me?" asked Uncle Wiggily, apprehensive like.

"Take you off to my den," answered the Skuddlemagoon. "Once I have you there—well, I'll see what I'll do. But what are you doing here?"

"Keeping store," answered Uncle Wiggily. And then as he thought of a trick to play, he went on: "Don't you want some sugar? I'll give you a lot for nothing from this store if you'll let me go."

"No," said the Skuddlemagoon. "I will not let you go, but I'll take some sugar, just the same. I'm very fond of that. Give me a whole lot of sugar from your store."

Uncle Wiggily twinkled his pink nose, blinked both his eyes, and then handed the Skuddlemagoon a big paw full of wet sand. And the Skuddlemagoon, never having played make-believe pretend store, thought it was real sugar. He put it in his mouth and then—

"Wow! Oh my! What queer sugar!" cried the bad creature, as the sand glistened in his teeth. "Oh, excuse me while I go get some snow water to drink!"

Then he ran away, his tongue all

CHALLENGE MADE FOR WICHITA CO. WAKING 'EM UP

(By Howard R. Garis)

Wichita Falls' challenge to the state on the Armenian and Syrian relief fund, which was wired to state headquarters by W. R. Duke Tuesday night, has brought wide publicity to Wichita Falls, and in Dallas the telegram has been put on posters and street signs, calling attention to Dallas that they have a challenge from the Oil City.

This information is contained in a letter that W. R. Duke has from C. P. Sites, director and secretary for North Texas.

Mr. Sites says: "Your challenge is a wonderful idea. I wired it in to all the papers. We are having hundreds of copies made up, also big street signs, and our bands are going through the city handing them out, also to oil exchanges."

call that was a peach of an idea, also a stroke of genius that you should have thought of such a clever plan. It helps not only Wichita Falls, but the whole of North Texas."

J. A. Kemp, member of the District Advisory Council, got a similar congratulatory telegram from C. L. Sanger, the campaign chairman for the district, commenting favorably on the stand Wichita Falls had taken. Mr. Sanger states, "Humanity demands this, and whatever human demands, Texas will always supply."

Telegrams of thanks have been received by Mr. J. Bashara, whose \$1,000 check of picture was contributed in Wichita Falls, from Mr. Sites and Mr. Sanger, also the district executive committee.

OIL DEVELOPMENT

MUCH ACTIVITY IN OKLAHOMA AROUND BURKBRIDGE WELL

Contract was let this morning by M. J. Bashara and other officers of the Burk-Briggs Oil Company for a standard rig to be shipped from Tulsa, with which to drill in the Burk-Briggs well. The setting of casing was expected to be completed this afternoon and Mr. Reusch, the government expert driller who has superintended the setting of the casing will return to Muskogee tonight. He will return for the drilling in, which will be in about ten days time, as he wishes the cement to have sufficient time to harden.

In the past few days several new derricks have gone up on the Oklahoma side, and a large number of new locations are reported. The Red Wagon well, section 24, T-5S, R-12W, is drilling at 400 feet, according to J. R. Abernathy, who states that the contract has been let for the Red Land well, to be drilled in Section 13, same township and range. The contract is also let for the Red Chief Oil Co.'s well, the location being in Section 18, T-5S, R-12W. In Section 16, same township and range, machinery is reported on the ground for a well, the exact designation of which was not learned, and a new derrick is up in Section 22. In Section 35, it is reported, Waco parties are preparing to drill two wells, their rigs being at Devoe now.

TEX RICKARD IS INVITED TO STAGE FIGHT IN HALIFAX

By Associated Press. HALIFAX, Feb. 27.—A group of local business men has invited promoter Tex Rickard to consider Halifax as the scene of the Willard-Dempsey heavyweight championship fight. A telegram to Rickard, sent by the Halifax Herald in behalf of the business men, points out that the laws of Nova Scotia permit 15 round decision bouts and emphasizes the accessibility of Halifax.

RICKARD HAS NOT YET RECEIVED HALIFAX OFFER

By Associated Press. FORT WORTH, Feb. 27.—Tex Rickard, who returned here today from the oil fields west of here, said he had not received the offer from Halifax to have the Willard-Dempsey bout there. He commented, however, that he would consider the offer when it arrived and that personally he liked Halifax as a city and had received many favorable reports on its sporting activities.

Dr. Hughes Has a Letter From Sons Still In Service

Dr. Hughes today received a letter from his sons, Lewis and John, who are in France, which tells of their meeting over there. They had not seen each other since leaving home about 18 months ago until the day the letter was written about three weeks ago, and then were together only two hours. They say the boys over there are all well taken care of but are very anxious to get home. They also say that too much praise cannot be given the Red Cross and Salvation Army for their work for the boys over there.

FIFTY BARREL WELL BROUGHT IN SOUTH OF THE ZINK WELL

W. C. Sutherland reports the bringing in of the Sutherland-Cox No. 1 just south of the original Zink well, on Saturday afternoon. An estimate of 50 barrels is placed by Mr. Sutherland on the well which was drilled to a depth of 776 feet in one week and one day.—Wichita Daily Times, Feb. 23.

Owens 10 acres on the Norwood lands about one mile south of the Sutherland well. There are eight promising wells of our company on the north end of the C. Birk lands, about one mile north of Iowa Park. This lease is one mile north of the Twin Cities Oil Company's Deep Test.

Location Is Made For a Deep Test Near Iowa Park

J. B. Layton and associates, of the Twin Cities Oil Company, have made a location on the north end of the C. Birk lands, about one mile north of Iowa Park, for a 3,000 foot test well. It is probable that an arrangement will later be entered into with John T. Overbey and others, of Iowa Park to carry on to 3,500 feet in the event oil or gas in paying quantity is not found at a lesser depth.—Wichita Daily Times, Feb. 23.

Market Report

Grain Market

By Associated Press.
CHICAGO, Feb. 27.—Failure to set a minimum price on hogs for March gave a downward swing today to the corn market. Opening prices which ranged from 5 to 1 1/2 lower with May \$1.25 to \$1.25 1/2, and July \$1.20 to \$1.21 1/2, were followed by moderate additional setbacks.
Oats were governed with corn. After opening 1/2 lower with May 59 1/2 to 59 3/4, the market continued to descend.
Provisions like grain weakened as a result of the absence of any certainty that hog prices next month would be upheld by agreement.
Efforts to rally the market brought out increased offerings. The close was steady at the same as yesterday's finish to 2 1/2 lower with May \$1.23 1/2 to \$1.25 1/2 and July \$1.19 1/2 to \$1.21 1/2.
General liquidation took place and maximum declines resulted all around.

Cotton Market

By Associated Press.
NEW YORK, Feb. 27.—There were a few additional March notices circulating in the cotton market here this morning but Liverpool was firm and the local opening was 15 to 25 points higher on covering and light foreign buying of the later months. March eased right after the call under scattered liquidation, selling off from 22 1/2 to 22 3/8, however, and later months also reacted with May selling from 22 1/2 to 22 3/8 and July from 21 1/2 to 21 3/8 before the first of the first hour. Business was comparatively quiet with the south a moderate seller while there was scattered buying on reports that President Wilson hoped for the conclusion of the peace conference before the first of June.
Trading was very quiet later in the morning but prices were steady on covering and continued scattered buying based on an idea that any further tenders on March would be light, the talk of reduced acreage and reports of delayed farm work. March rallied from 22 3/8 to 22 7/8 and May from 21 3/8 to 22 1/2 with the general list ruling about 15 to 20 points net higher around noon.
The cotton market closed steady.
New Orleans Cotton.
NEW ORLEANS, Feb. 27.—Much better cables than due and the threat of another storm in the belt caused moderately large buying of cotton today. In the first half hour of business prices rose 15 to 25 points.
At a level 10 to 25 points up offerings increased. At noon the market was 10 points off from the highest level.
The tone was quiet but steady in the early afternoon. At 1 o'clock prices were at a net advance of 12 to 13 points.
The cotton market closed steady at a net advance of 10 to 20 points.
Liverpool Cotton.
LIVERPOOL, Feb. 27.—Cotton spot quiet; prices steady. Good middling 18.17; middling 17.91; low middling 17.47; low middling 16.42; good ordinary 14.80; ordinary 14.73.

New York Stocks

NEW YORK, Feb. 27.—Price tendencies again ranged distinctly upward at the active opening of today's stock market various specialties excepting oils recording gains of one to 2 1/2 points in the first half hour. The most conspicuous features were Hide and Leather preferred, Marine preferred, General Motors, Crucible Steel, American Can, American Smelting to tobacco. Rails also were material advances, Union Pacific and Reading leading the investment division.

and Kansas City Southern the low-priced issues.
Metals became very active at extreme gains of one to 2 1/2 points in the afternoon. There were further accessions to the strong equipment motors, rubbers and utilities and rails including St. Paul issues rallied early.
Oils reacted again in the later dealing but rubbers, leathers and motors made substantial additions to previous gains. The close was strong.
Final prices on Liberty bonds to day were: 3 1/2's 99.22; first 4's 99.70; second 4's 99.25; first 4 1/2's 99.10; second 4 1/2's 94.08; third 4 1/2's 95.44; fourth 4 1/2's 94.06.

DRILLING REPORT SHOWS INCREASED ACTIVITY THROUGHOUT THE DISTRICT

Various districts of Wichita county are coming to the front in oil developments, and seeking to attract attention from the Burkburnett pool, which has been the center of attraction for more than six months now, but Burkburnett continues to be the scene of feverish activities. The drilling reports show, however, increased drilling all over the county, with an increasing list of wells carried in the new Charlie and Friberg districts, which from prospects will be extensively developed this spring. The list of wells about ready to go on the completed list at Burkburnett is large this week, as usual, and there is no evidence of a letting up of developments any time soon, as numerous new locations in the new pool are reported. This week's new locations for this pool totaled 15.

Conditions throughout the district for the week just ended are shown in the following drilling reports:

MEMORIAL
UNCOMMON MERIT.
A remarkable set of conditions and detail enter into the successful designing, finishing and erection of a memorial of uncommon merit. So, all work of this nature must be entrusted to craftsmen whose hearts are in their work, and who take pride in accomplishment. Eleven years of unexcelled service gives us unquestioned leadership.

1918 Income Tax and Excess

Profits Tax

Time Limit for Filing Returns
MARCH 15, 1919.

The new Revenue bill passed by Congress requires a return from every corporation, joint stock association, trusteeship and partnership that was in business during the whole or any part of 1918. Individuals whose net income equalled or exceeded \$1,000.00 (\$2,000.00 if married) during 1918 are liable for returns.

We are now in a position to serve a limited number of taxpayers whose income is sufficient to require our services.

PRINCESS IS WED TO COMMANDER OF THE ROYAL NAVY
LONDON, Feb. 27.—Princess Patricia of Connaught and Commander Alexander R. M. Ramsey, R. N., were married at Westminster Abbey at noon today. No other social event since the outbreak of the war has created such public interest. Crowds assembled early in the day along the route over which the princess drove with her father, the Duke of Connaught from James Palace to Westminster Abbey, about which throngs waited patiently for a glimpse of the popular bride.
The ceremony was performed by the Archbishop of Canterbury, assisted by the Dean of Westminster and noted ecclesiastics in the presence of King George and Queen Mary and a great assemblage of members of the royal family, distinguished officials of the British and foreign governments and visitors from abroad. Ambassador and Mrs. John W. Davis were present. The Prince of Wales made a special visit from the continent to attend the ceremony.
Abbey Not Decorated.
In the fashionable audience in the great nave of the Abbey seats were found for a number of the many friends of the princess among the plain people and also representatives of charitable organizations in which she was interested. The abbey was not decorated, the princess asked that they be not made with flowers the classic beauty of the ancient edifice. The princess gown was of white brocade panne over silver lace, the outer gown being caught up with silver ivory's knots. She carried a bouquet presented by the "Princess Pat" Canadian regiment and tied with the regimental colors.
The bride was given away by her father. During the service the choir sang the sixty-seventh Psalm, the hymn, "O Perfect Love," and the anthem, "Who is like unto thee, O Lord."
Register is Signed.
After the ceremony the register was signed in the chapel of Edward the Confessor. Then as the bride couple proceeded toward the door, the Magdalen wedding march was played. A procession of the royal family and peers and peeresses followed, led by the Duke of Connaught and Queen Mary. King George and Queen Mother Alexandra and former King Manuel of Portugal and his wife, who was formerly Princess Augustine Victoria of Hohenzollern.
A guard of honor of the "Princess Pat" regiment was stationed at the door, sharing honors with seamen from H. M. S. George V.
Court mourning over the death of Prince John was waived for the occasion and the elegant gowns of the ladies lent a fine air to the assemblage. The wedding present which are still arriving number nearly 700 and range from homely market baskets to priceless diamonds. Princess Patricia presented the Duke of Connaught with a bust of herself, while his gift to the bride was a Chinese lacquered cabinet.
Sudden Wealth.
No business offers the man with limited cash more opportunity to acquire sudden wealth than the oil business. Buy shares in the Stevens Oil & Gas Co. near Humble well, Eldora Hotel, 245-47.

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.
If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will.
Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all traces of the disease from their system.
Get a bottle of S. S. S. at your drug store, and get on the right treatment today. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.

STOP ITCHING SKIN
Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief
There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin.
Ask any druggist for a 35c or 60c bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.
Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

Will Charlie Be the Next Big Pool in the Wichita Falls Country?

Charlie is about 20 miles Northeast of Wichita Falls reached by a good road and only about an hour's drive from Wichita Falls.

There Are Now Four Drilling Rigs and Actual Operation in the Charlie Field

one more rig is moving in this week and will be drilling within the next ten days. There are now nine rigs up in this field, two more to be built immediately and four other locations made.

Within the Radius of Six Miles There Are 15 Well To Be Drilled

Unless you visit the Charlie Field immediately and investigate operations now being carried on there, you may be missing ONE OF YOUR BEST OPPORTUNITIES for getting in on the ground floor in a new oil field. This field will have to be visited in order to appreciate the development now going on and particularly to get leases at the right price.

For detailed information and a look at the map to show the extensive operations, call at 515 Kemp & Kell Building, J. Fred Smith's Office

BOLSHEVIK ARMY
ON BALTIC FRONT
NEARS COLLAPSE

By Associated Press.
STOCKHOLM, Feb. 27.—An official statement issued by the Estonian army headquarters reports severe fighting near Narva, Pakov, Volmar, and Salisburg, and claims that the Estonians have repulsed the bolsheviks, inflicting serious losses in killed and wounded. The statement describes the fighting in the direction of Salisburg as violent and declares that large forces were engaged.
A telegram received here from Petrograd says that bolshevik newspapers, commenting anxiously upon

the reverses sustained in the fighting against the Estonians, ascribe the bolshevik defeats to fatigue, bad equipment, inferior supplies and poor transportation.
Arrivals from Libau say that 8,000 well equipped German volunteer troops have arrived at Libau by sea and are commanded by General Von Der Goltz. They declare that the bolsheviks on the Baltic front are weakening and that their regime appears to be near collapse.

NOTICE

The holdings of the "EAST WICHITA OIL COMPANY," consist of oil and gas leases on 613 acres of land about two miles nearly east of Wichita Falls, Texas.

The Company has been duly organized, the location for the well has been made, the cellar and slush pit dug, and the derrick erected, and the Company now expect to begin the drilling of an oil well on said land on or before March 20th, 1919.

We believe we have a very fine proposition and one that will make money for our stockholders.

All persons who desire stock in this company, will do well to secure same before March 15th, 1919, and while it can be bought at par.

Any one desiring stock in this company before said date, can secure same at the office of the Company, Suite 310, 1st National Bank Bldg. City.

WILLARD HAS RETURNED TO TEXAS TO LOOK AFTER HIS OIL INTERESTS

FORT WORTH, TEX., Feb. 27.—Jess Willard, flistic champion, has returned to Texas to look after his oil interests. Asked if he would accept the invitation of the Livestock Show to give an exhibition of bag-punching, skipping the rope, etc., Roosevelt Memorial night at the Coliseum, Willard said:

"I'll settle that matter after conferring with Tex Rickard, who is returning from Ranger. The cattle show will open March 10 and I may be able to come here for it. I came down here to look over some oil property in Coleman county and Burk Burnett."

"I now weigh 255 pounds and expect to meet Dempsey at 250 pounds. I boxed Frank Moran at 249 and weighed 249½ when I defeated Jack Johnson for the championship."

Willard says he never felt better in his life and is not carrying a particle over the reports of Dempsey's great vitality and tremendous hitting ability. The champion says that he is only 34 years old and better than he is the zenith of his power as a pugilist.

"I sold out my Wild West show to the Home Amusement company of Kansas City and am now free to start training. No theatrical propositions will interest me. I have never believed in misquadrating as an actor."

Not a Bunko Merchant.

"The only angle of the show business that ever appealed to me was the wild West exhibition which was something in my own line. You know I used to be a cowpuncher down in Texas long before I became a professional pugilist. I punched cattle at Amarillo not so many years ago and have a lot of friends in western Texas."

"I always felt that I was giving the people a run for their money in the wild West show. Stalling through exhibition bouts on the regular stage is not in my line."

Jess is the proud father of five healthy children and the patriotic owner of \$31,000 worth of Liberty bonds. He donated his services for the War Community service entertainment at Fort Worth when over \$7,000 was raised. New York promoters tried to drag him to Gotham about the same time, but Jess preferred to work in the West where the people know and like him.

The New York show, without Willard, drew only \$2,000. This shows Willard's drawing power with the public. The people who patronize boxing in this country are with Willard. They realize that he has given the sport moral prestige by his clean home life. Willard is a family man, a good husband and a kind father and in many respects he is the highest type of a flistic champion the game ever produced.

Battle With Jack Johnson.

Discussing his flistic career, Jess said:

"The hardest battle I ever had was my first go with an unknown boxer named Louie Pink. We boxed ten rounds, and he gave me a terrific mauling. I trained three days for that and got the surprise of my young life. Pink was an excellent boxer and

hard as nails. He outboxed me and handed me about all I could handle. I was lucky to escape a knockout. After that mill I gained confidence in my own ability and no boxer since then has ever worried me."

"John was at his best when he met me in Havana, Cuba, despite all tales to the contrary. Don't pay any attention to that talk about the negro having been down and out. How could he have fought me one hour and forty minutes if he had not been in pretty good shape? I know I was ready and my down and out could have gone that long with me."

"I studied Johnson five years before meeting him at Havana. I had watched him box and talked to people who knew his tricks. I had his law when we finally squared off. Johnson thought he had a chance until the fourteenth or fifteenth round. He commenced to slip and slide then. I entered the ring that day absolutely certain that I would beat the negro."

Entirely in Rickard's hands. Willard has no idea where the big mill will take place. He says he is entirely in the hands of Tex Rickard, who is promoting the show. Willard stated that twenty states are now considering the advisability of legalizing boxing. He doesn't look for the sport to be legalized in all these states, but he does believe that a sufficient number will pass boxing laws and restore the sport into the good graces of the amusement loving public of the United States.

"Boxing has caught in great in the

army and the returning soldier boys are the best boosters boxing has," declared Willard. "I honestly believe that all the coming champions of the flistic game will be former soldiers. Thousands of healthy young Americans were taught boxing for the first time while serving in our army. These boys are fond of the sport and will create so much favorable sentiment in favor of boxing that I look for it to become more popular than ever."

EIGHTY THOUSAND ACRES
OF LAND IS RECLAIMED

By Associated Press.
AUSTIN, TEXAS, February 27.—Levees built in Texas during the past two years at a cost of \$1,152,258 have reclaimed an area of about 80,000 acres, according to a statement of Arthur A. Stiles, state reclamation engineer.

To prevent waste of fuel in smoke an inventor has developed an attachment for furnaces which introduces heated air to mingle with the coal gases and effect complete combustion.

Prominent Australian business men have formed a company to develop an aerial route for mail and passengers between Australia and England with landing sites about 300 miles apart.

In the Heart of the New Gusher Pool Location Means Everything

Geologists and oil men are of one opinion—that Block Numbers 41 and 58 are located on the DOME, the Mother Pool of the Great Burk Burnett field and only the edge has been tapped. Our big HUMBLE well with its constant stream of oil bears out this fact. Our drilling site is about 1214 feet from the famous Humble well now reported making 2500 bbls. natural; 510 feet from the Friends No. 1 now drilling at 1300 feet and with a log identical with that of the Humble; 250 feet from the Marine well and on the structural line of the Humble and Marine. Derricks are swiftly raising their gigantic skeleton forms on all sides and in a short time there will be a scramble to obtain leases as in the past two weeks close to this Big Gusher of the Humble Oil Co. We paid the price which looked big indeed but have since refused to consider an offer exactly double what we paid. We have in addition three 5 acre tracts, each tract offsetting locations and becoming more valuable each day; 5 acres in the John Wheat Survey north of the Burk Burnett town-site; 5 acres in the Southeast corner of the S. W. 1-4 of Section 4 and 5 acres in the Northwest corner of the N. W. 1-4 of Section 31, Twp. 5 S. of Range 12 W. across Red River in Cotton County, Okla. Since the Burk Burnett well is on the sand this acreage has doubled in value and will continue to increase by leaps and bounds.

There are those who say that Opportunity comes but once to each man's threshold seeking admittance, and in the absence of a beckoning smile of welcome disdainfully withdraws to come no more. THROW WIDE YOUR PORTALS and take SOUTHWESTERN OIL COMPANY stock to your hearthstone; make it a family possession—a rock on which to build for your children's future. This stock has been on the market one week and is going fast; thirty days more should see it over subscribed and your check returned as we reserve that privilege. Count not this days work done until you have mailed your check for every share you can buy at \$100.00 par value fully paid and non-assessable.

Pertinent Points pertaining to the Great Burk Burnett Field:

- The poor man's paradise.
- Field 7 months old—an infant.
- Daily output week ending Feb. 14th, 53,400 bbls.
- 26 Companies have already paid dividends from 40 to 226 percent—many more to pay their initial dividends from Feb. 27th to March 15th.
- The Wichita Daily Times of Feb. 19th reports the following bids on 97 stocks in the Nettle and Central Stock Exchanges: 7 below par.

- 10 below par.
- 80 above par and ranging from \$105.00 to \$575.00.
- The Marine Oil Co. sold its holdings for 3½ million dollars paying its stockholders 17½ for one.
- Production is reported to exceed the combined capitalization of all the independent companies every thirty days.
- Selling leases at \$25,000.00 per acre creates no excitement now.
- The largest well in the entire field—The Humble—is reported making 2500 bbls. each 24 hours; SOUTHWESTERN OIL COMPANY'S drilling site adjoins this acreage and is on a direct structural line with the Humble and Marine wells.

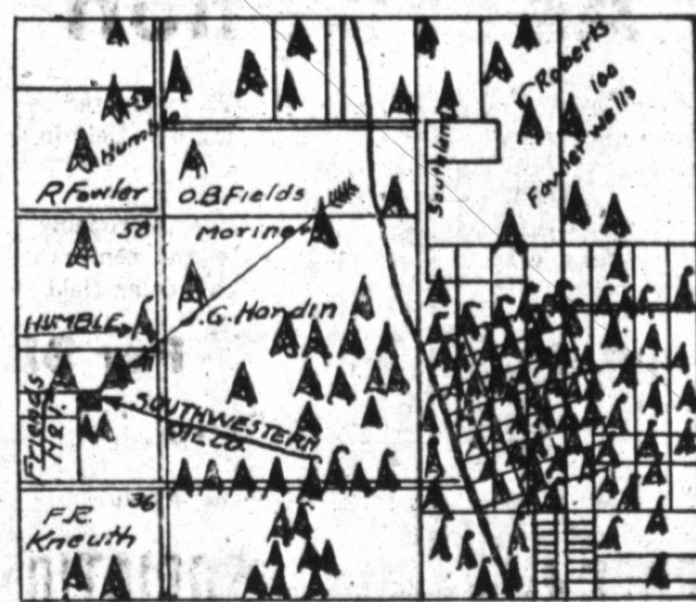

Don't let lack of courage undermine your convictions. Obey that impulse to buy SOUTHWESTERN OIL COMPANY stock NOW at par before our drill starts.

Eisner Funeral Most Imposing In History of Munich

By Associated Press.
MUNICH, Feb. 27.—A Mannheim dispatch to the Baise Nachrichten says that Entente troops were to occupy the Mannheim bridgehead at noon yesterday.

Kurt Eisner's funeral at Munich yesterday was one of the most imposing ever seen in that city, thousands following the casket to the eastern cemetery. All labor organizations in the city carried banners draped with crepe and there were hundreds of wreaths laid upon the grave, one being taken there by a group of Russian prisoners of war.

Bands had places at intervals in the cortege and when the hearse reached the cemetery all the bells in the city tolled. Herr Landauer, a member of the labor council, delivered an oration. Among the other speakers were Herr Jaffe and Herr Untertiner, member of the ministry; Hugo Haase, and Carl Kautsky.

FRANCE WANTS MAXIMUM REPARATION FROM ENEMY

By Associated Press.
PARIS, Feb. 27.—Louis L. Klotz, minister of finance, will tell the senate committees on finance and foreign relations this afternoon, it is understood by the Matin, that he has no intention of imposing taxes upon the French if he can obtain maximum reparations due from the enemy. French negotiators are making vigorous efforts to attain this end, the newspaper says.

PRESIDENT TO HONOR RETURNING SOLDIERS

By Associated Press.
WASHINGTON, Feb. 27.—President Wilson today devoted a portion of his busy week before returning to his peace conference to the honoring of District of Columbia soldiers who aided in making peace possible. The President planned to march from the capitol to the White House at the head of a parade of the District's returned soldiers and then from a stand in front of the executive mansion to review the procession.

COMMISSION CONSIDERING CLAIMS OF BELGIUM

Special to The Times.
PARIS, Feb. 27.—An official communication says the commission on Belgium claims met during the afternoon and proceeded to consideration of the question of Schleswig Holstein.

The Burk-Key Oil Co.

Capital \$65,000.00. Par value of shares \$10.00. Properties: Two and a half acres out of block 103 of the A. J. Vance tract, directly east from the town of Burk Burnett and near the bridge.

Fifty acres out of the S. A. Baxter 507-acre tract of the W. M. Summers survey, Bend Oil Field, Lampasas county, Texas.

This company's property in the Burk Burnett Oil Field is well placed and ideally located for long and profitable production. Gradually since the Burk Burnett field has demonstrated its wonderful fortune making possibilities, the development of the gusher territory has extended towards the "Burk Burnett" and it is here, west of the line outcropping, which crosses the Red River east of this company's holdings that large and permanent wells should result from our development.

This company knows of no good and sufficient reason why Burk-Key shares should not sell, because of its Burk Burnett development alone, at several times par in the very near future.

Wanted: Some good salesman, 808 1/2 Ohio street, Room 10, Wichita Falls, Texas. Burk-Key Oil Co. 245-57c

CAPT. MORSE WILL SPEAK TONIGHT AT CHRISTIAN CHURCH

ANNOUNCE PROGRAM FOR ARME-
NIAN AND SYRIAN RELIEF
CAMPAIGN.

DRIVE STARTS ON FRIDAY

Saturday Will Be "Tag Day" and
Ladies Will Work in the Down-
town District.

Armenian and Syrian Relief Campaign

Tonight at 8:00 Captain C. K. Morse
is to speak to the public at the first
Christian church.

Captain Morse and Miss Harris to
speak at the Wichita theater and at
other public gathering places for 17
minute periods at night.

Friday.
Taking of subscriptions in the
downtown district begins. Men com-
mittees to get to work.

Saturday.
Tag Day. Women and girls of
Wichita Falls to contribute their ef-
forts towards raising the \$25,000 quota
for Wichita county.

Monday.
Miss Elizabeth E. Dombourjian
Armenian girl, to present "Home Life
in Armenia" at the Wichita theater.
Public admitted free.

Wichitans will have the cry of
starving Armenians and Syrians
brought to their ears tonight by Cap-
tain C. K. Morse, Canadian officer,
who went through the war, and who
has seen many of the horrors that the
enemy nations brought and who
knows the full plight of the na-
tions of the near east caused by the
ravages of the Hun and the Turk. The
lecture will be given at the First
Christian church at 8 o'clock.
Captain Morse is one of the headlin-
ers in the speaking department for
this week for the Armenian and
Syrian relief campaign, and throughout the
state he has drawn immense audi-
ences. "In Houston they forced him
to break an engagement in San An-
tonio, so that he could give two addi-
tional lectures and his record
throughout Texas, Oklahoma and Ar-
izona has been the same.

"Wichita Falls is unusually fortu-
nate in securing Captain Morse," said
W. R. Duke, the publicity chairman.
"He is internationally known and has
traveled practically all over the globe.
When he comes to talking about the
conditions which we in America and
Wichita Falls are asked to alleviate,
the suffering among the Armenians
and Syrians brought about by the
Turks and Germans, he knows of what
he speaks, and he possesses the fac-
ulty of telling his story in a way that
grips his audience. When a man who
has had the grit to leave his pulpit

Potency Means Power

If it requires a ten horse power engine to start a certain piece of machinery, a nine horse power engine won't answer. It will be no better than no engine at all. You must provide additional force or all your power will be wasted. SO IN MEDICINE. If a drug of a certain strength or potency is required to stop the progress of disease, a weaker drug will be no better than no drug at all. We think of these things. Phone Company Is Rapidly Repairing The Damaged Lines

One hundred and twenty-two of the
telephones in Floral Heights, put out
of order on Wednesday when the tele-
phone pole was broken near Ball
Bro's, factory, by a runaway team.
Wednesday, Manager Glenn stated
this morning, workmen of the tele-
phone company putting in their efforts
to good effect during the afternoon
and night. The remaining telephones
which were affected by the accident,
about seventy in number, will be out
of order for a few days yet, Mr. Glenn
stated, while the additional new cable
is being put in. The cable arrived
from Dallas this morning and is be-
ing installed as rapidly as possible.

representative of the department here
until March 15 though it is not known
yet whether Mr. Callaway will be
here all the time. If he is sent else-
where another representative of the
department will take his place here.
Three general classes of exemption
have been announced, according to
Mr. Callaway, county officials, school
teachers and men in the military ser-
vice whose incomes are under \$3,500
do not have to make returns. All
others, whose income, if married, is
over \$2,000 a year, or if single \$1,000
a year, are required to make returns
and should lose no time doing so, as
there is a penalty for failure to make
returns before the specified time,
March 15.

N. B. RAWLS RETURNS
FROM OVERSEAS SERVICE

N. B. Rawls, a Wichita Falls printer,
has returned from overseas service in
France. Mr. Rawls was in the 45th
heavy artillery. He did not get into
the fighting. His brigade was on its
way to the front in box cars when
the armistice was signed.
"For the first time in my life I
saw an intoxicated Frenchman on that
day," said Mr. Rawls. "The French
kept up the celebration for two
weeks."

Ensign Robb To Lecture Here On Friday Evening

Ensign Robb will give a picture lec-
ture on "The Dough Girl de France,"
Friday evening, March 4, at eight
o'clock in the First Presbyterian
church. The public is cordially in-
vited.
Ensign Robb is well known in Wich-
ita Falls, having been in charge of the
Salvation Army work here for several
years. He left this city about a year
ago to take up war work. A special
song service will precede the lecture.

Don't Drink Flavoring Extracts

Extracts are made for flavoring and not for drinking purposes
and ALL ARE EXTREMELY DANGEROUS and some of them—
especially, the cheaper grades of Vanilla are most disastrous in
effect if used as a beverage. When you feel that you need a stim-
ulant DRINK COFFEE "The cup that cheers but does not in-
ebriate." Coffee and tea are the only stimulants known to man
that have no after effect. But in any event DRINK NO FLAVOR-
ING EXTRACTS under any circumstances.
