LUBBOCK TO SEEK W. T. C. C. MEET

CITY IS HOST TO DISTRICT MEET

GUBERNATORIAL CANDIDATE IN CITY

Jim Young, of Kaufman, 'average Texan' and candidate for governor, speaks here tonight at the courthouse. Young, a Congressman, is the first of the large field of gubernatorial candidates to bring his race into the west.

PLANS LAID FOR CAMPAIGN FOR SESSION

DIRECTORS VOTE TODAY TO WAGE DRIVE FOR 1931 CONVENTION

Lubbock will go to Abilene May 29, 30 and 31st prepared to make a strong bid for the 1931 convention of the West Texas Chamber of Commerce, it was decided this morning at a session of directors of the local Chamber of Commerce.

City Is Favored

Numerous expressions from West Texans indicate a sentiment in favor of the next meeting being held in this city, the directors said.

Davis To Meet

The directors also requested that A. B. Davis, manager of the Lubbock Chamber of Commerce, go to group meetings in Childress, Amarillo and Wellington next week when C. O. Moser, vice-president of the American Cotton Cooperative association, will speak in those cities in the interest of the cotton marketing organization.

MEXICANS TO BE DEPORTED

BORDER PATROLMEN TO TAKE 25 OR MORE BACK TO MEXICO

About 25 Mexicans residing in Lubbock and South Plains cities will be deported probably to their native country, it was announced here today upon arrival of six members of the United States border patrol.

Members of the patrol party are Chief Inspector C. C. Courtney, George Dennis, senior inspector, Alvin Ogden, senior inspector, Oscar Stetson and John Brooks, inspectors, and N. D. Collier, of El Paso, assistant superintendent of border patrol.

The patrolmen will probably conclude their work tonight. They are making their headquarters in this city. Mexicans who have entered this country illegally, without obtaining passports, are being sought throughout the area.

MACHINES MAY BE PLANE PILOTS

SAN FRANCISCO, April 18 (AP)—The feasibility of creating war in the air without the use of human pilots and of sending huge planes, piloted only by machines, on cross-country trips has been demonstrated by the army air corps.

A big army bomber took off from Mather Field, Sacramento last night bearing four men and a queer looking machine about the size of a hat box. When the plane was well in the air, the pilot, Major Hugh Kier, turned the controls over to the little machine, which flew the ship straight as an arrow to San Francisco.

Over the Bay City Kier touched a button and the machine guided the 15,000-pound plane in circles for 20 minutes and then headed it back for Sacramento. Kier got the ship all navigating, keeping the plane on an even keel through the rough air with maintaining precision with mechanical precision.

JIM YOUNG . . . 'Against Statewide highway bond issue'

YOUNG VISITS TECH, PLANS ADDRESS TO BE DELIVERED IN CITY TONIGHT

James Young of Kaufman, candidate for governor of Texas, planned to visit Texas Technological college early this afternoon, he said when he returned shortly before noon from Tahoka, where he spoke last night.

In his address tonight, starting at 8 o'clock, in the district court room on the third floor of the Lubbock county court house, Mr. Young will explain how he proposes to stop the waste of tax money, which he declares should be devoted to improvement of our state institutions, including not only schools but elementary institutions.

"Our hair pullings and dog fights of politics have left us in deplorable condition," he said. "Our taxes are higher than ever and our worthwhile institutions are getting less support. If elected governor I propose to stop the waste and get down to the real business of government."

Mr. Young will be introduced by R. J. Murray, president of the board of city development.

Ex-School Teacher Mr. Young has taught school, has been a school trustee for many years, a member of congress for 10 years, retiring ten years ago to enter private life.

Taking issue with the statement of W. R. Ely of Abilene, state highway commissioner, who said before the county judges and commission-

STUDENT SAYS NEGROES SHOT DOWN IN BACK

EXAMINING TRIAL FOR PLOT CASE IS HELD IN FORT WORTH

(By Associated Press) FORT WORTH, April 18.—That John Alsop shot Isaac (Will) Tate, negro, one of the Polytechnic Bank robbers, in the back while the latter's hands were raised, then fired several shots into his body after the negro had fallen, was the testimony of a student of Texas Woman's College at the examining trial for Alsop and A. P. Boyd today.

She was Miss Francis Whitestone of Greenville, who said she was standing across the street from the Polytechnic Methodist church, where the fleeing negro was killed after the attempted robbery.

Alsop and Boyd are charged with murder of the two negroes, Tate and George Terrell, after the latter attempted to rob the First State bank of Polytechnic. Assistant Cashier J. M. Fry was wounded. Evidence has been offered by the state bankers association.

Another witness, Mrs. P. J. Purton, begged Alsop: "Don't shoot him any more," after the first shot was fired, she told from the stand.

GAS LINE TO IOWA PLANNED

LONE STAR COMPANY TO BUILD 900-MILE LINE SOON

(By Associated Press) DALLAS, April 18.—The Lone Star Gas company prepared today to begin work on a 900-mile gas pipe line from the Texas Panhandle to Lincoln, Nebraska, and other cities in Nebraska and Iowa.

L. B. Denning, president, announced the project yesterday. Company engineers estimated it would cost \$40,000,000 to \$50,000,000. It will be the longest in the Southwestern fields, excepting a projected line from the Panhandle to Chicago.

Denning said the line would involve deliveries of approximately 200 cubic feet of gas daily. It will extend northeast, probably from Moore County, Texas, through Oklahoma, Kansas and the eastern part of Nebraska, serving the following towns: Lincoln and Beatrice, Nebraska; Red Oak, Shenandoah, Fort Dodge, Sioux City, Clear Lake, Mason City, Des Moines, Council Bluffs, Iowa and intervening territory.

Dr. Granbery On Program At Dallas

Dr. J. Granbery, head of the department of history of Texas Technological college, is in Dallas today where he is to make an address before the annual two-day convention of the Southwestern Political Science Association.

Editors of Texas and several adjoining states are in attendance at the meeting.

FIFTY LOCAL PEOPLE WILL VISIT HOBBS

ARRIVAL OF AREA'S FIRST TRAIN TO BE ON SATURDAY

About 50 Lubbock citizens of Lubbock are expected to unite with other citizens of the South Plains and New Mexico tomorrow and Sunday in congratulating Hobbs, N. M., upon the arrival of the first train over the Texas-New Mexico rail line from Monahans, Texas.

A long succession of entertaining events will greet the expected 10,000 visitors to the new oil field.

The first train will arrive at 11 o'clock tomorrow morning. In the engine cab will be Governor R. C. Dillon of New Mexico, while Corporation Commissioner Hugh Williams will be conductor.

Those who plan to attend the celebration as representatives of this city are urged to secure "Lubbock" badges at the offices of the chamber of commerce.

Lubbock visitors will find a veritable oil field town, which is a potential boomer, when they visit Hobbs. Fifteen derricks stand over the field, with each production ranging from 400 barrels to 10,000 daily, according to tests. Operations in the field have been halted, awaiting the arrival of pipe line facilities to provide an outlet for the newly found wealth.

No organized motorcade will be from this city, but Lubbock is expected to share in attendance honors of the day. Midland will send three coaches of representatives.

J. C. Anderson Goes Under Knife Friday

J. C. Anderson, local jeweler, who submitted to an emergency operation shortly before 10 o'clock this morning, was reported by hospital attaches this afternoon as "getting along as well as could be expected."

Cotton Co-Op To Start Work Here

BY AL HILL, Atalanche-Journal Farm Editor

"Every cotton farmer signed up as a member," is to be the working motto and goal of the Texas Cotton Cooperative Association in the 65 counties of district two, of which Lubbock is headquarters, according to announcement made this morning.

Organization work in this district will begin immediately, under the direction of the American Cotton Cooperative Association, the \$30,000,000 stabilization corporation set up by the Federal Farm Board. R. E. Overstreet will be the director of the organization for this district. It was announced upon his return from Waco and Dallas, where he has been on business for the association.

Not Yet Complete Plans for organization work have not yet been completed, but it is probable that effort will be made to work the area immediately surrounding Lubbock first. Committees from the Lubbock Chamber of Commerce and representative farmers will move "than likely be in charge of community meetings in school districts over the area at which information regarding the cooperative will be given and members signed up.

"It looks like the unanimous support of the bankers of this district," Mr. Overstreet declared this morning.

4,000 Easy "Our aim is to have every cotton farmer on the Plains sign up. We believe that it will be possible to have more than the 4,000 members needed to wipe out the Lubbock Chamber of Commerce guarantee for that number signed up in our own immediate South Plains counties, here above the spruick.

"With the fight that is being made upon the Federal Farm Board by the grain and cotton exchange operators, farmers of this district should answer that challenge by signing up 100 per cent back of the Farm Board."

Interest in the cooperative is in-

TWO KILLED IN ACCIDENT

GRAHAM COUPLE DIES AS CAR GOES INTO HIGHWAY DITCH

(By Associated Press) BRECKENRIDGE, April 18.—Miss Rully Lain, 26, and her companion Fred Walker, 30, of Graham, were dead today after the roadster in which they were riding plunged into a ditch on the Breckenridge-Graham highway. They were instantly killed last night in the accident. Two other occupants of the car were slightly injured.

TWO KILLED, THREE HURT IN COLLISION

WAUKEGAN, Ill., April 18 (AP)—Two persons were killed and three injured today when their automobile crashed through the guard gates at a crossing and was struck by a North Shore electric train.

The dead are Louis Koppel, 30 and Harold Grisky, 28, both of Chicago. Mrs. Louis Koppel, a Mrs. Lump and Bernard Retzschler all of Chicago, were seriously injured.

Machine Guns Look Down On Jerusalem

JERUSALEM, April 18.—(Jewish Telegraph Agency)—Machine guns have been placed in strategic positions on main streets of Jerusalem to prevent possible trouble growing out of the Christian and Mohammedan holidays. There are many pilgrims here for the Nabi Musa commemorations, which take place today, tomorrow and Sunday.

CHURCH TO USE JAZZ ORCHESTRA

NEW YORK, April 18 (AP)—Music by a jazz orchestra on Easter will open New York's most modern church, housed in a 23-story apartment hotel costing \$3,000,000.

The Rev. Dr. Edward H. Emmett of the Manhattan Congregational church said the dance orchestra has been engaged for six Sunday evenings to attract young people to the church. "The churches," he explained, "have neglected the youth of our city too long."

Selections to be played by the orchestra have not been announced.

The church occupies the lower stories of the apartment building at Broadway and Seventy-Sixth streets.

R. Q. LEE IS VICTIM TODAY OF PARALYSIS

FORMER PRESIDENT OF W. T. C. C. DIES IN CAPITAL TODAY

WASHINGTON, April 18.—Representative R. Q. Lee of Texas is dead.

The Texas died at the emergency hospital shortly this morning, after an illness of five weeks ago, and it was thought for some time he would recover. Wednesday night he suffered a relapse and yesterday physicians gave up hope of his recovery.

Born in 1869 Representative Lee was born at Caldwell, Miss., January 12, 1869. He moved with his father to Fort Worth, Texas, in 1896 and later made his home at Cisco, Texas where he lived until elected to the house for the 71st congress. Lee succeeded former representative Tom Blanton from the 17th Texas district and had announced for reelection. Blanton also has announced his candidacy.

Besides his widow, Representative Lee is survived by two daughters, Mrs. Leonard Simon of Cisco, and Mrs. Harold Ochler, of Dayton, Tex., and three sons, Edward, Robert Allen, and R. Q. Lee, Jr.

The body is to leave Washington tonight for Cisco, where the funeral will be held probably on Monday. A congressional delegation will accompany the body along with members of the family who have been in Washington during the illness.

He was a former president of the West Texas Chamber of Commerce.

TWO THOUSAND ATTEND; TECH ENTERTAINING

PRELIMINARIES HELD TODAY IN EVENTS; 450 REGISTER

All roads lead to Lubbock today as approximately two thousand visitors began arriving in the city early this morning for attendance at the district two meet of the interscholastic league. Registrations of contestants at noon today had reached approximately 450 while officials estimated that about 50 more would be entered before the afternoon contests were well underway.

Texas Tech's spacious campus is dotted with small groups as they gather to discuss the coming events and on every hand vast arrays of brilliant colors are to be seen as boosters of many schools throughout the South Plains region display the combinations of school banners.

Preliminaries Held Though the morning program today was thoroughly filled, little in the way of actual contests was seen. Preliminaries in debate and declamation, both high school and rural school, were held shortly before noon though completion of results have not been made.

The meet was officially opened this morning at 8 o'clock with registration until 10 o'clock when contestants in declamation and debate were assembled in rooms 220 and 302 for drawing for places and preliminaries.

Started at 2 O'clock The afternoon program started at 2 o'clock with preliminaries in ten-

ARCHER MAN DIES IN FIRE

B. R. SENTER IS VICTIM OF BLAZE; WIFE IS BURNED

(By Associated Press) WICHITA FALLS, April 18.—B. R. Senter, 40, was burned to death and his wife, Mrs. Myrtle Senter, suffered serious injuries in a fire which destroyed their general merchandise store and home at Dad's Corner, 18 miles south of here in Archer county, today.

Senter re-ignited the flaming building after taking his wife and three children to safety. He was overcome by smoke and heat and fell some feet from a door. It was supposed he had gone back after money or clothes.

Mrs. Senter was injured when she attempted to rescue her husband. She was unable to drag him from the store and barely escaped before the roof collapsed. Her burns were not expected to prove fatal.

# BILLS UP IN CONGRESS TO AID AVIATION

## TWO MEASURES CALL FOR LINES TO OTHER AREAS

(By Associated Press)  
 WASHINGTON, April 18.—Legislation proposing federal aid in the establishment of privately owned airship lines to carry American commerce to all corners of the world was provided in identical bills offered today in both branches of congress.

Senator McNary, Oregon, assistant republican leader, introduced the measure in the senate and Representative Parker, republican, New

York, offered the proposal in the house. Both were referred to committees.

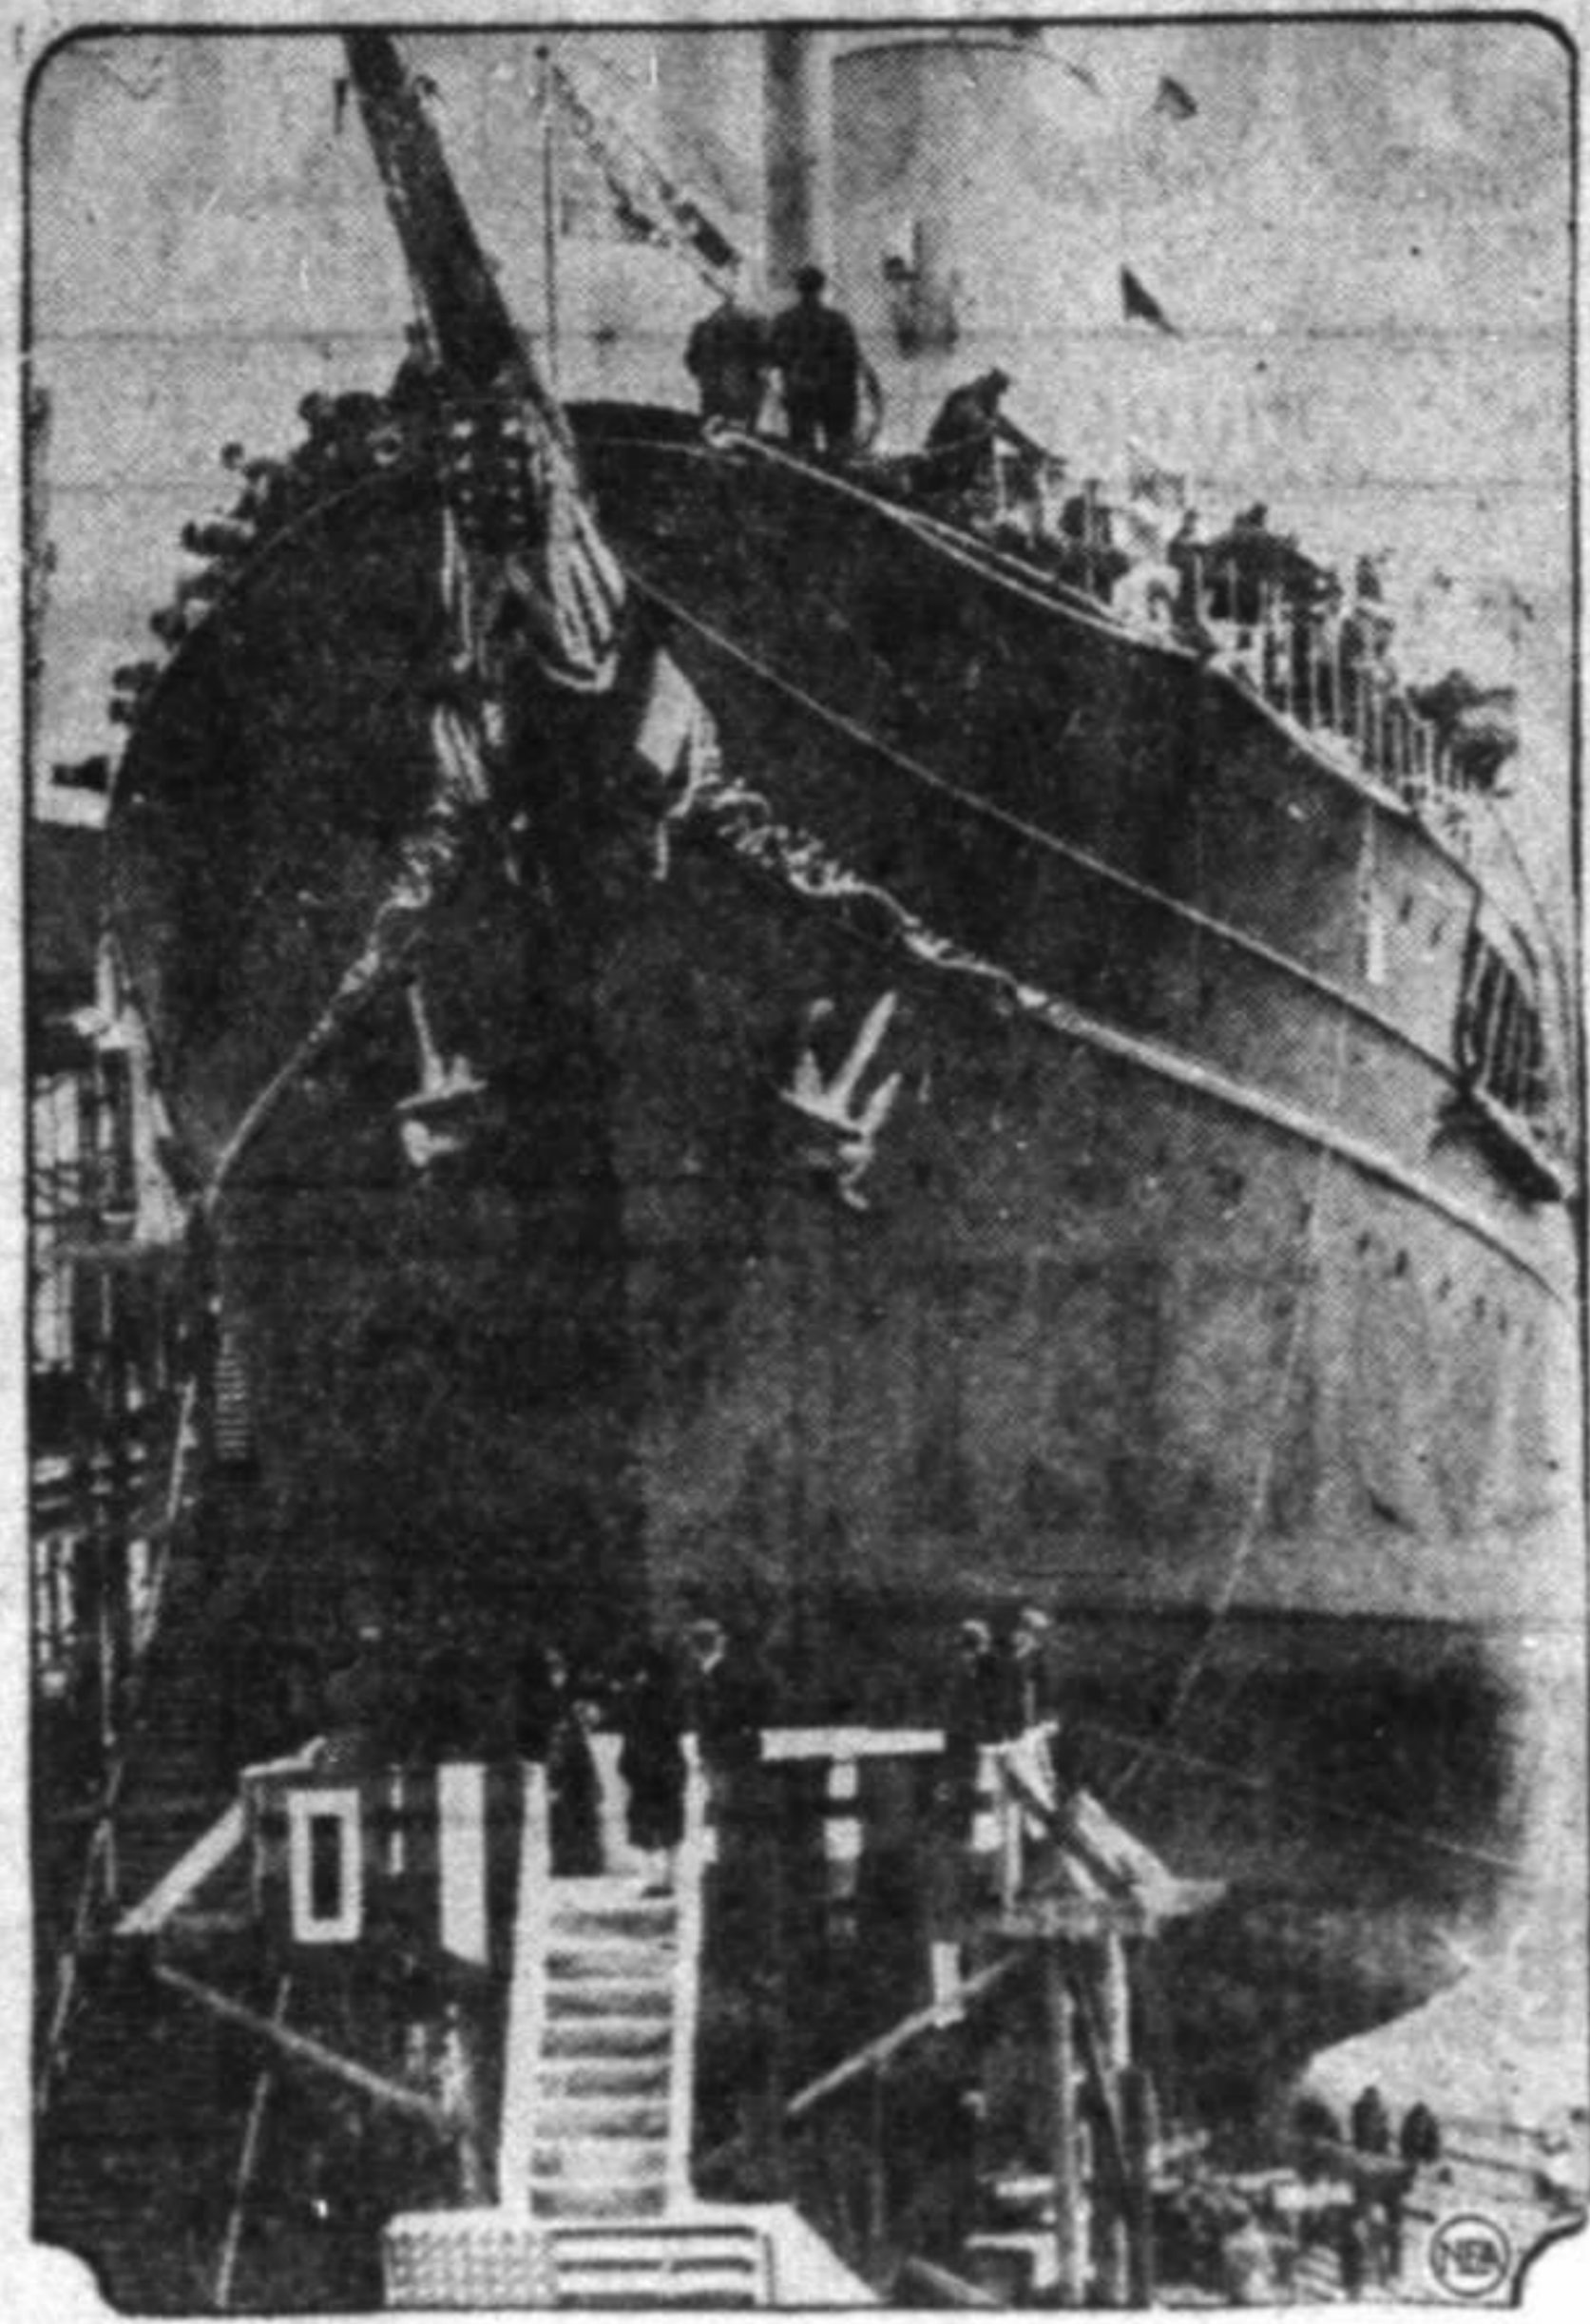

**Create Loan Fund**  
 The measures would create an airship construction loan and insurance fund to assist private enterprises in the establishment of the lines; authorize army and navy personnel to volunteer for service in their operation, and permit the use by the services of army and navy aviation terminals.

Further, the air carriers would be exempt from the operation of the anti-trust laws provided any agreement entered into were first approved by the secretary of commerce.

**To Carry Mail**  
 To be eligible for mail contracts the airships would be required to have a capacity for not less than 10,000 pounds of mail and a suitable commercial load and be able to transport such cargoes great distances.

Senator McNary said three transoceanic air lines already are planned and all depended upon enactment of a bill such as he proposed. He listed the projects as those of

## Copper Merger Is Expected Soon

NEW YORK, April 18 (AP)—Formal announcement is expected in Wall Street shortly of the merger of the Phelps Dodge Corporation, Calumet and Arizona Mining company and the Nichols Copper company into a \$350,000,000 corporation which will be the third largest copper producer in the world. The new company would rank next to Kennecott Copper Corporation and the Anaconda Copper Mining company.

## TO DEDICATE NEW FLUVANNA SCHOOL

SNYDER, April 18.—(Special)—Dedication of the new \$30,000 high school building at Fluvanna has been tentatively announced for May 23, according to Supt. E. O. Wedgworth. The new building will contain the following equipment: Complete lighting system with over 100 lamps with modern lighting fixtures; complete new office equipment, furniture and filing cabinets; new seats in all rooms; modern equipped home economics laboratory; science laboratory that cannot be excelled by any school in Texas in the size of Fluvanna; concrete walks connecting the new building to the old school and surrounding the walks of the campus.

## Sixteen Men Held For Kidnaping Case

MIAMI, Fla., April 18 (AP)—Sixteen men, six charged with murder, were in jail today while officers continued their investigation of the kidnaping of four alleged liquor hijackers and the drowning of one of them, Joe Durrance, 24, in the Miami canal Monday.

Authorities said they had information that Durrance and his companions were kidnaped by a group led by J. K. "Red" Slayton in retaliation for the theft of a quantity of liquor and that Durrance drowned as he leaped into the canal after he had been taken into the Everglades and beaten Sunday night.

Slayton, three men said by officers to be his associates in liquor operations, a night watchman and Brently Busbee, one of Durrance's companions, were charged with murder.

## KNEW HIS FISH?

He Should Have Been Selling Something Else

NEW YORK, April 18 (AP)—The fish story of Vincenzo Santangelo may be a decisive point in determining the verdict of a jury trying him on a charge of shooting Policeman Thomas P. Fitzgerald.

"I was working in a fish market the night they say I shot the policeman," said Vincenzo.

"Doing what?" asked the District Attorney Barshay. "Selling fish," the defendant responded.

Barshay reached beneath the lawyer's table and, drawing forth a finny specimen, queried "what kind of fish is this?" "A cod," Vincenzo answered. "Wrong," came back the

prosecutor. "It's a sea bass." Five more times Barshay ducked under the table and came up with various denizens of the sea. Five more times Vincenzo guessed and each time he was wrong.

### NEGRO IS HELD FOR THEFTS HERE

Articles valued at approximately \$300 were identified and recovered here Thursday when Sam Allison, negro, former porter of Montgomery Ward & Company, was arrested by officers of the sheriff's department and charged with theft of over \$50.

Articles of wearing apparel were found at the home of Jettie Gordon, negro woman, who stated that Allison had given them to her. Included in the loot were two coats, two dresses, one wrist watch, a 30-30 rifle, two silk vests, one flashlight, one hammer, an electric iron, tooth paste, and other minor articles.

The woman was placed under \$250 bond to appear as State witness.

### ROBBERY PLOT

(Continued From Page One) "dead bank robbers" was criticized and commended here today. Commenting on the shooting of two negroes in an alleged frame-up in Fort Worth, William McVay, district attorney, said, "you can't stop lawlessness by making an executioner out of every nervous gun-toter in Texas."

### NEW CHURCH

(Continued From Page One) of Lubbock conducted the devotional. Rev. Milburn comes to this city from Grapevine where he recently finished a successful three-year pastorate. Extemporaneous speaking contests also were held at

2 o'clock and semi-finals in girls and boys debates. The Three-R contest was scheduled for 3 o'clock, closing the afternoon program. At 7:45 o'clock tonight finals in high school declamation, senior boys, senior girls, junior boys and junior girls, will be held in the auditorium of the chemistry building.

### W. T. C. C. SESSION

(Continued From Page 1) centration point for marketing of cotton in district No. 2, which includes 63 counties.

Thanks From Doak Ira Doak, of this city, one of the representatives who recently attended the State Baptist Sunday School convention at Austin and sought the 1931 convention of the organization, appeared before the directors and thanked them for the cooperation of the Lubbock Chamber of Commerce in such an effort. "Although Abilene was voted the next convention city, I assure you that Lubbock has been given some invaluable advertising," said Mr. Doak. "Hundreds of pamphlets and information concerning this city were distributed at Austin and the newspapers of that city devoted much space to Lubbock's efforts to secure the meeting."

Action with reference to a letter from the Farmers Marketing association of America, stating that the organization will put an office in Lubbock provided this city will finance the salary of an office man, was tabled by the directors.

To Study Highways The directors voted to ask officials of the Lubbock Automobile Dealers association to make an investigation into alleged reports to the effect that State Highway officials are enforcing the law in this county "in such a manner that traffic is being directed around this city." "According to reports, enforcement has not been as severe in other counties of the area, a matter which is hurting this city," a statement of the board read.

### JIM YOUNG

(Continued from Page 1) in that position. Highway building is still in an experimental stage. The roads which are now considered the best may in a few years be obsolete, and in such an expensive operation as this I am convinced we should make haste slowly. I favor good roads; I voted for the federal road bill when I was a member of congress; but I oppose burdening our people with a big state-wide road bond issue which must be paid, in the last analysis, from the ad-

lorem taxes. The state has never yet been in the bond issuing business, and if we establish a precedent by the issuance of these bonds, the state will add its load to the tax burden already created by district, municipal, and county bonds."

### COTTON CO-OP

(Continued From Page One) creasing throughout the south, Mr. Overstreet said, and officials of the American Cotton Cooperative association appreciate the way Lubbock has put over organization beginning for the first district office in the cotton belt.

Moer Laude Lubbock "Mr. Moer said," continued Mr. Overstreet, "that in all the many years of experience he has had in cooperative marketing work, the splendid manifestation of cooperation among Lubbock business men and farmers of the Plains section far exceeded anything ever to come under his notice. He was enthusiastic over Lubbock's showing."

C. O. Moer, referred to above, is secretary and vice president of the American Cotton Cooperative association. He will be in Childress next Thursday, Wellington on Friday and Memphis on Saturday, to assist in organizing local branch offices of the Texas Cotton Cooperative association. All three of these cities are in Lubbock's district and every member signed up under a branch organization is credited on the 4,000 underwritten by the Lubbock Chamber of Commerce. It is planned to send a committee of representative business men from Lubbock and representative farmers from Lubbock county to one or more of the cities above mentioned next week. On May 15, Mr. Moer will be at

Plainview and on May 16 at Lamesa to help in establishing local branch offices in those two cities. Other cities mentioned as possible branch office centers are, Slaton, Sweetwater, Levelland, Littlefield, Paducah, Colorado. Each branch center needs an assured delivery of members' cotton of 10,000 or more bales.

RIO JANEIRO, April 18 (AP)—President Elect Julio Prestes, after being proclaimed president of Brazil in the last days of May, will leave soon afterwards for the United States, returning the visit President Hoover paid to Brazil before his inauguration. According to present plans, President Elect Prestes will spend July 4 in Washington.

### Two Are Held In Robbery Attempt

LAMESA, April 18.—(Special)—Two men, who gave officers two different names, were being held here today following their arrest Wednesday night for breaking into a local wholesale grocery warehouse. When the officers discovered them they had over \$400 worth of tobacco and chewing gum stacked in a truck ready to drive off. Officers were questioning them as to their correct names Thursday as they believed the names given were fictitious.

On Wednesday evening, the group attended the exhibit of etchings at Texas Technological college, and the films which showed the process of making the etchings, as well as the difference between etching and drypoint.

## He Was Wrong Man But Was Beaten

KANSAS CITY, April 17.—Jean Alden, 24, wasn't "the right guy" but his kidnapers beat him up anyhow.

According to the story he told police, Alden was forced into an automobile last night by three men. They hauled him north of town, then they forced him from the car.

"This is not the right guy," one of the kidnapers exclaimed. Angered, he beat him with fists and revolver.

During the first day of her married life a Korean bride must not speak—even to her husband.

Rev. G. D. Robison, of this city, will dedicate a Presbyterian church at McCaskey Sunday.

## Living and Loving

By VIRGINIA LEE

"DEAR VIRGINIA LEE: I have been married four years and I no longer love my husband. I realize now that it was never real love on my part. Yet it was his actions that killed my affection for him. He drinks and has a vile temper and I find it hard to forgive some of the things he has said and done.

"I have threatened to leave many times, and he has told me to go ahead, that he would get along without me. But when I packed and really started to leave once he cried and begged me to stay. Said he still loves me. And since then he has been perfect to me, but hasn't stopped drinking, although he hasn't been drunk—and I wonder if it will last.

"Here is another difficulty I am facing. I am now really in love with another man, and I know it is real love. Must I give up all hope of happiness in this life and stick to my husband for duty's sake? There are no children to be considered. My husband says his heart will be broken if I leave him, and I know mine will break if I give this other up and stay. Whose shall it be, his or mine?

"I will be eagerly awaiting your answer in your column.

"DESPERATE: Husbands must watch their steps these days, mustn't they? There always seems to be another man waiting to snatch the wife if husband falls down on the job.

"Do you know, Desperate, I'd like to advise you to leave your husband, to break his heart, if you must, and go off and marry the boy friend—provided he means marriage. I would like to have you take my advice and then I'd like to keep in touch with you and learn just how much you would realize of the happiness that you think you'd have.

"Do you really, in your heart, think that a man who would make love to another man's wife would make a very desirable husband? And provided he did, that the love he bears you is genuine and came without seeking on his part, and he does his part to make you happy.

"I wonder if he wouldn't have a little fear that a woman who would swear eternal love for one man and marry him—even if her love was killed by his behavior, as you say yours was—might not step out on him some day if he failed to come up to specifications, or might not meet another man she liked better.

"I know it's not pleasant to find the man you married is a drunkard and possessed of a violent temper. But when the wife adds the paragraph about the Other Man, I can't help feeling that perhaps hubby is not quite as black as painted, but that his unpleasant qualities are being exaggerated to assuage a guilty conscience, and excuse her infatuation for another.

"If your life with your husband becomes unbearable, leave him and get your divorce, and then see if this other man will step up and ask for your hand in marriage. This will also give you a chance to see if your love for him is lasting.

"LONESOME J. M.: Haven't room for your letter, but why not have a heart-to-heart talk with the boy and tell him all you have heard and ask him for the truth? That ought to shame him if he has any evil intentions toward you, and will give him a chance to explain if he is true blue.

"WORRYING AND WAITING: I really think I would try to keep my baby if I were you, dear. If your mother is willing to take care of

her and you can go to work to support you both, you can have the comfort of her and she will have her own mother, which means a job to a child. I think the baby's father should be made to help support her if he can do so without his poor sick wife finding out about his infidelity. He is, of course, afraid of exposure if you keep the child.

"It is natural that you should feel inclined to hide when people come to the house. It is hard to meet people when you know what you have done is generally considered a disgrace, but I would try to meet them naturally, if I were you, and, even if you feel you made one big mistake, you can be proud of your dear baby.

"The only reason you should consider letting some one else adopt her would be that she may have a regular home with both father and mother. That is for you to decide, whether you are equal to fighting for her and making her happy. If you don't feel equal to it, better let her be adopted. You would miss her terribly, of course, but mothers always can sacrifice themselves if it is best for the children. We're used to it.

"I am glad you didn't marry the boy you didn't love, but I hope some day you WILL meet some one you can love and have a good home.

"DEAR VIRGINIA LEE: Should these two people marry? Both have been married before, but are free to marry again. Each has one child, both children are age and one is married. Both have nice homes. Their likes and dislikes are very nearly the same. She is a good Christian woman, a good cook, housekeeper and economical. He is a steady worker and earns a fairly good salary.

"The one thing we could not agree on was their ages. She is 40 and he is 37, but she is more set in her ways than he is. He does not smoke, does not appear to be more than 40. They go to dances, auto riding, take walks, shows, good sports and swimming. Do you think the difference in their ages should stop them, from being man and wife?

"L. R. SEWING SOCIETY." I see no reason on earth why they should not marry and be very happy.

"BILLIE: Your poor aunt is worried because of the responsibility of the care of your three children, dear, and so is needlessly strict. Try to sympathize with her and love her for her goodness to you orphan children, and show her that you are to be trusted. Then, as you grow older, I am sure she will let you have boy friends and give you much more freedom.

"And don't get in the habit of pitying yourself, dear. Remember a happy little girl will win friends where a sad faced one will discourage them.

"GEORGE L.: I am sorry your letter got mislaid so that I just read it. By all means advise your sister to get a divorce if she has not already applied for it. She can prove that her husband is not a proper person to have the care of children, and the law always gives minor children to their mothers unless she is proved to be a thoroughly bad woman—which is certainly not your sister's case.

"TILLIE: Better suffer a broken heart than a broken life. Tillie, my dear, keep on turning the boys down until you find one who is worthy.

## Living Rooms To Be Scored Today

The scoring of 12 living rooms of Lubbock county will be begun this afternoon, according to announcement of Miss Louise Baird, county home demonstration agent.

Judges in the contest will be Miss Jean Durrell, Mrs. R. M. Chittwood, and four students of Texas Technological college.

Two winners, one for class A and one for class B, will be chosen, and this to the short course which is to be conducted this summer at College Station, will be given as prizes. Class A includes those living rooms improved at a cost of \$50 or less, and class B includes those rooms improved at a cost of more than \$50.

A district contest is to be held in May, while the state contests are scheduled for June.

The itineraries follow: Friday—Mrs. A. G. Rich, Wolf-orth; Mrs. Ben Doyson, Foster; Mrs. J. R. Ballard, Foster.

Monday, April 21.—Mrs. E. A. Moore, Cuellar; Mrs. Frank Hudson, Hardy; Mrs. J. E. Carter, Hardy; Mrs. Roy Evans, Hardy.

Wednesday, April 23.—Mrs. C. G. Souler, Mrs. J. N. Montgomery and Mrs. T. U. Huml, all of Acauf; Mrs. Victor Basingame and Mrs. R. A. Howell, of Berton.

## 'GOOD TO TAKE IN THE SPRING'

Black-Draught Is A Cleansing Medicine That Should Help You As It Did This Lady.

Oklahoma City, Okla. "The first of the week I was feeling bad, was dazed and felt hollow," writes Mrs. J. P. Meyer, of 408 North Lee Street, this city.

"I took a dose of Theford's Black-Draught every night for three nights, and now I am feeling fine.

"I can always tell when one of these attacks is coming on. I can't do good and everything dances in front of me. As soon as I begin to feel like this I take Black-Draught, for it always helps me. All this trouble seems to come from constipation.

"My father had used Black-Draught in his home and often told me I ought to try it, but up until two years ago I had not. Then I began taking it for constipation and indigestion. I found it to be the best home medicine I had ever used. I take it as often as I need myself for constipation. I feel fresh and have more pep after I have taken it once. Black-Draught. It is a good medicine to take in the spring of the year."

Costs only 1 cent a dose.

# JUDGES CLOSE SESSION THIS AFTERNOON

## SELECTION OF NEXT MEETING PLACE TO BE MADE

(Special to Daily Journal)  
TAHOCA, April 18.—The next quarterly meeting place of the West Texas County Judges and Commissioners' association will be determined today at the closing session of the two-day meeting of the organization in this city.

One hundred officials of 21 counties have been in attendance at the sessions, presided over by Robert H. Dean, Lubbock county judge.

W. R. Ely, of Abilene, state highway commissioner, who spoke late Thursday, favored a state bond issue for the building of highways in Texas and pointed out in his talk that the present system was very unjust to the small West Texas counties, while the bond issue would bring about a just equalization of the expenditures of funds for paving and give a complete system in a much quicker time.

Highway improvement discussion has been the major topic in the sessions.

**Instances Cited.**  
"In Kent county, for instance, 41 miles of road has been built and the property owners must pay \$1.25 on each \$100 valuation. My county has 71 miles of concrete road which costs only 24c," he said.

"Some counties pay for road building run as high as \$1.50, while Harris county, one of our richest, pays only 15c for its network of pavement. In ancient times all roads led to Rome. Today in Texas, they lead to the large cities, Dallas, San Antonio and Fort Worth. It is time for farmers, business men and officials out here to wake up to the fact that you are furnishing the money for those rich counties to build their roads when you could be building yours."

Through the gasoline tax those who use the gas must pay for road building, and, he said, under the bond plan, the funds derived from this tax would be used to pay off these bonds, and at the same time a complete highway system could be built and put in use.

The convention opened at 10:30 this morning. O. C. Grider, Lynn county judge, delivering the address of welcome. Judge E. R. Patterson, Fisher county, responded.

**Judge Bean Presides.**  
In opening the meeting Judge Robert H. Bean, president of the association, who is presiding at the meeting, spoke briefly on the need of legislation to help relieve the growing burden on county general funds and suggested means of remedying this problem.

Judge Horace Holley, Singler, spoke on "Rural Roads," emphasizing

ing their importance. "Our system of building highways," he said, "should be changed. In Scurry county we have 96 miles of state highways. We have paid out \$140,000 in gasoline taxes for the upkeep and building of highways. We have 800 miles of lateral roads, which are very important to our farmers, and we had only \$30,000 from taxation with which to keep them up."

**Parish Wires Support.**  
Judge Holley was appointed chairman of a committee to draft a set of resolutions. A telegram was read from Sen. Pink L. Parish stating that he could not be present on account of another engagement and pledging his support in the passing of any legislation the association wished passed.

At a luncheon held in the basement of the Baptist church at noon, C. H. Cain, former Lynn county judge, acted as toastmaster. E. I. Hill, editor of the Lynn County News, made a talk. Music was furnished by Miss Bessie Mae Binnich, pianist; Lucille Slaton, soloist; Coughran Ketter, soloist, and a quartet composed of Jim Jackson, Clifton Janak, Robert Benson and Maxwell Edwards.

Judge W. M. McGeehee, Floyd county, secretary of the association, spoke this afternoon following Ely on the handling of general fund finances.

Judge E. C. Abernathy, Hale county, told of their highway building project and financing relative to the same.

**Cochran Asks Relief.**  
Cochran county, which is the youngest organized county in Texas, is having difficulty, Judge J. L. Winder stated, because of the fact that that county did not inherit any school lands, and he desired that some state legislation could be passed relieving such cases.

The first day session closed with a talk from Judge Thos. K. Eplin, Abilene, Taylor county, which was filled with information on the handling of paupers and delinquent children.

**Joint Indictment Given In Slaying**  
LOS ANGELES, April 18.—Bonds of illicit love, alleged to have existed eleven years between Mrs. Walburga Oesterreich and Otto Sanhuber, were replaced today by a joint murder indictment from the county grand jury for the fatal shooting of her husband, Fred Oesterreich.

Thus the state cleared a legal path toward a solution of the killing which baffled authorities since the wealthy manufacturer was found dead in a hallway of his home and his widow imprisoned in a closet, locked from the outside.

The widow was brought to superior court for arraignment today and Sanhuber to plead. The indictment displaced previous charge of murder which the grand jury had voted against Sanhuber alone.

Mrs. Oesterreich was ordered to plea April 21. Sanhuber today pleaded not guilty and not guilty by reasons of insanity and was ordered to trial April 21.

**Santa Fe Appraiser Is In Lubbock Today**  
B. B. Bagon, of Amarillo, appraiser for the Santa Fe railway company, is in Lubbock today for the purpose of making an appraisal of the Santa Fe property in Lubbock and the South Plains.

He is accompanied by R. L. Surles, land appraiser of the Interstate Commerce Commission.

The two will spend probably several weeks in this city.

Mr. and Mrs. Ray C. Mowery and Miss Anarah Jo Pendleton, of this city, accompanied by the latter's father, J. H. Pendleton, of Vermont, will sail from Montreal June 14 for a summer's tour of the European continent, it was announced today.

Following a 10-day visit in England and Scotland, they will visit Belgium, Holland, Denmark, Germany, Austria, Italy, Switzerland and France.

Prof. Mowery, of the animal husbandry department at Texas Technological college, has appointments with professors of animal industry, heads of departments, and breeders at the University of Edinburgh, Cambridge, Oxford, Denmark, Belgium and Holland.

Mrs. Mowery and Miss Pendleton, of the speech department of the college, are making plans to attend the Passion Play at Oberammergau while abroad.

They will return to Lubbock shortly after the first of September.

Texas is believed to be one of the first states in the union to adopt a law requiring applicants for bachelors of arts degrees to complete a course in United States constitution before graduation.

# GOOD FRIDAY IS OBSERVED HERE

Good Friday, the anniversary of the death of Christ on the cross, was commemorated from 12 noon to 3 p. m. today at Saint Paul's-on-the-Plains Episcopal church, Avenue Q and 16th street.

The service consisted of hymns, prayers, silent spaces for private prayer, reading of psalms and brief addresses on the seven last words from the cross. The public was invited to attend, coming and going at its convenience.

Easter Sunday, commemorated throughout the land as the Day of the Risen Christ, will be observed in special services in several churches throughout the city. Anthems praising the day, baptisms

services and reception of new members will mark the occasion at several churches.

Members of the Knights Templar will attend their annual Easter service Sunday afternoon at the First Methodist church at 3 o'clock. The Rev. H. L. Munger will preach the sermon and the public is invited to attend.

**PUBLISHER SUICIDES**  
NEW YORK, April 16 (AP)—Perceval L. Harder, 69, former publisher of the Club Fellow and Washington Mirror, society publications, was found dead in a room at the George Washington hotel Thursday with a bullet through his heart. Police said he had committed suicide, having been in poor health.

### PETERSBURG MAN INJURED IN ROW

Hardy Surrat, 23, of Petersburg, brought to the Lubbock sanitarium last night about 11 o'clock for treatment, after sustaining knife wounds in an affray at his home yesterday afternoon, is reported improving today, and his condition is not regarded as serious.

According to information received here, Surrat and another man had trouble when the latter came to Surrat's home after a ball game, allegedly drunk.

A fight followed an argument. Surrat sustained a gash in the head about 8 inches long and another in the thigh about three inches long.

### Plumber's Mistake Cause Of Explosion

MEMPHIS, Tenn., April 18. (AP)—A plumber's mistake in using a blow torch on a gas pipe he thought was a drain, was blamed last night by Frank Buckalew, city fire marshal, as a possible cause of a beauty shop explosion which Thursday afternoon injured three women.

The two-story building was partly demolished. The women's injuries were slight.

### ALGERITA HOTEL IS SOLD IN POST

POST, April 18.—(Special)—Dayton O'Keefe, resident of this city since 1922, has purchased the building and equipment of the Algerita hotel here from G. C. Jones and is now operating the hostelry which is regarded as one of the best in this section of the state.

Prior to entering the hotel field, Mr. O'Keefe for seven years served as manager of the Connell Chevrolet company here.

### Lindbergh To Carry Aviation Sextant

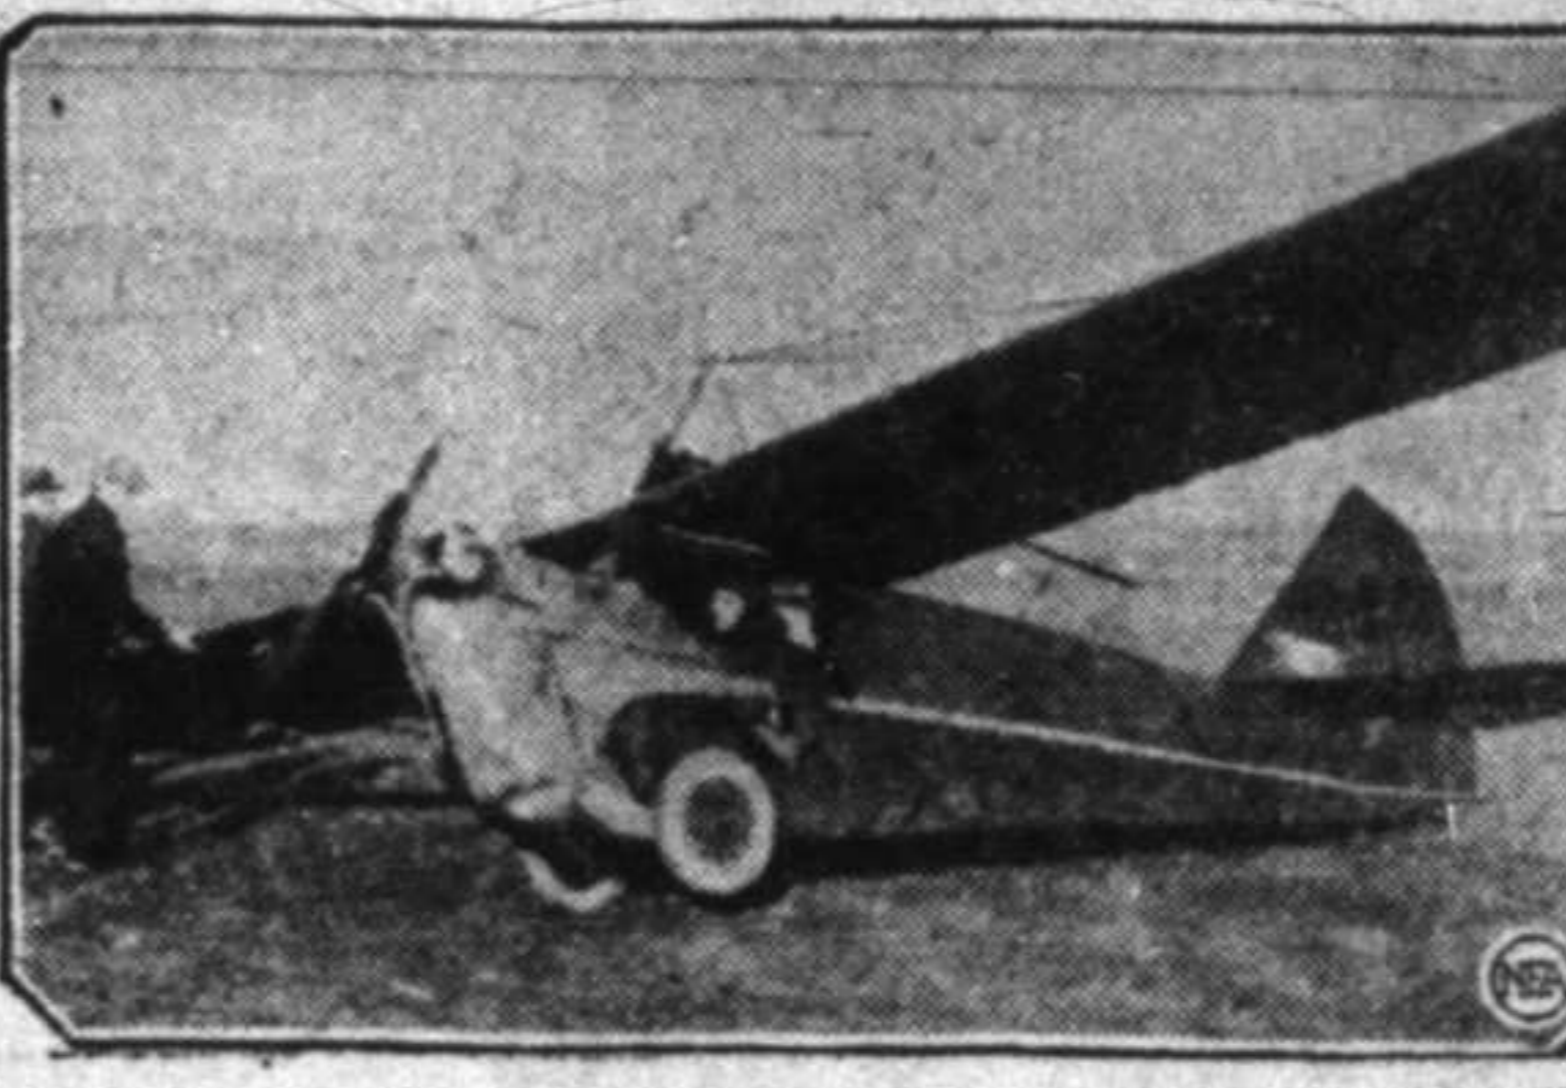

LOS ANGELES, April 18. (AP)—Colonel Charles A. Lindbergh's high altitude experimental flight, which will start from here in a few days will be the first in which he has carried an aviation sextant, he said today, and the first trip for Mrs. Lindbergh, the former Anne Morrow, as an aerial navigator.

The man who, alone and flying blind, successfully hopped the Atlantic to Paris, is carrying a sextant on the transcontinental trip to ensure the possibility of continuing by celestial navigation if storm conditions force him above the clouds.

"Mrs. Lindbergh has used an aviation sextant before," Col. Lindbergh said, "but on only trial flights."

Smith is president of the local club and is county and district clerk of Lynn county.

There are 91,214 members of Parent-Teacher organizations in Ohio.

### Family Is Rescued After 9 Days At Sea

PANAMA CITY, April 18. (AP)—Stranded for nine days in a motor launch in the Caribbean sea east of Colon, J. W. Miller of Jacksonville, Florida, and his wife, and nine children and a negro seaman, were rescued by the Cuban gunboat Patria when their doom from starvation and exposure was imminent.

Miller and his family started out from Boca Del Toron, Panama, for Colon April 1 in a small motor boat. On April 6 they ran out of fuel while only a short distance from their objective.

### More Tomatoes, Less Peaches In E. Texas

AUSTIN, April 18. (AP)—The tomato acreage in East Texas has been increased and the peach crop was virtually wiped out by the severe freeze of last January, according to Geo. B. Terrell, state commissioner of agriculture, who returned from that section today.

He said he had found from most reliable sources the tomato acreage had been increased 20 per cent. While the recent freeze killed some of the plants after they were placed in the fields, most of them were reset from the hot beds, he said. He declared there would be about a 10 per cent peach crop this year.

Wanted

William Green, president of the American Federation of Labor, is anything but a laborer. He has been criticized frequently for being too radical.

Consequently, it is rather sobering to hear Mr. Green declare that the United States will have a revolution on its hands sooner or later if it does not find some way of coping with the unemployment problem.

He submits figures to buttress his argument.

There are now, he says, 3,700,000 men out of work in the United States. In the month of February alone they lost upwards of \$400,000,000 in wages. Unemployment increased from 11 to 22 per cent since last October. In February one worker out of every four in trade and industry was jobless.

These aren't very cheering facts, Mr. Green declares flatly that the government does not find some way of providing employment it will have to consider England's use of the dole system.

"The government," he says, "will be faced with the necessity of taking care of the men or we will have a revolution on our hands."

In 1921 we had a serious unemployment situation. A committee headed by Herbert Hoover made an extensive study of it and reported in great detail on its causes and effects. But its report was allowed to lie in some pigeon-hole or other; and when the present depression came on us, we were no better prepared to cope with it than we were in 1921.

Instead we seemed to have committed ourselves to a policy of deathless optimism. This business of repeating constantly that "conditions are bound to improve" in a few days, or weeks, or months, may be uplifting and sustaining, but it is hard to see how it can do very much for the 3,700,000 wage earners who can find no place to work.

Sometimes it seems as if we are not nearly so much worried about unemployment as we are about the possibility of being compelled to admit that it exists.

If Mr. Green's blunt and forceful remarks can jar us into some sort of action he will deserve the thanks of the nation. For there is no job facing us today quite as important as the job of fixing the unemployment problem.

When 3,700,000 workers have lost their jobs the country is far from being healthy. Our financial and industrial leaders have developed a constant cry that the nation is "fundamentally sound"; it is almost time for them to offer, now, a few concrete suggestions for cashing in on that fundamental soundness. They might do well to take Mr. Green's ominous prediction to heart.

Canada And U. S.

The fact that United States capitalists have invested more than \$2,300,000,000 in Canadian enterprises has not, perhaps, drawn the attention one might expect. The sanest bit of comment on it we have seen comes from E. W. Beatty, president of the Canadian Pacific Railway. He says:

"It is not a penetration to which Canadians object, because it only helps to accomplish that which they all desire to see accomplished, namely, safe, sound and orderly development of its resources and expansion of its industries. We cannot very well object if you share our opinion of Canada's future, and as we are ourselves contributing to it in a larger measure from year to year than we may, I think, prefer to regard ourselves as partners in a very sound Canadian enterprise."

The two nations are yearly discovering that they have more and more aims in common. The important thing is to insist on continuing the cordial relations of the past so that these aims may be realized.

Government statisticians are not to be confused by the fact that the Pullman Company has lowered its berth rate.

THE PLAINSMAN

Says:

That Girl on Broadway says the fellow who insists on referring to girls as 'dolls' never tried to feed one on sawdust.

TO YOU folks who are busy estimating Lubbock's census, The Plainsman has one thing to say. That is, no matter how big Lubbock turns out to be by Doc Barr's count, this column is not going to be satisfied with it. Even if the figure is 25,000 (and you may rest assured that it won't be) The Plainsman is going to claim that the count wasn't complete and will prove it!

Yes! Lubbock is bigger than the census total is going to be and three days after the total is announced The Plainsman is going to print the names of ten people who didn't get in on the counting. And if The Plainsman can find ten people who weren't counted you know that there must be hundreds of others in addition, so we're just warning everybody that we're not going to stand hatched on anybody's count. There's more people here than can be enumerated.

And this isn't any criticism of the census organization here, either. In fact Doc Barr tells The Plainsman that he's got the finest bunch of statisticians in the country counting the folks in Lubbock. But it's just beyond human ability to do the job in a 100 per cent manner and since that is the case The Plainsman isn't going to let Lubbock's population total suffer. Not by a long shot.

WHILE we're on this subject of the census, it's not too late for boys and girls 18 years old and under, and for women from infancy to old age (if any) to compete in The Plainsman's census estimate contest. To put a little more zip in the contest and give a few more people an opportunity to test their skill and knowledge of this city, we're going to extend the deadline on the contest, which was to have closed tomorrow noon. We're going to give every woman and child an extra couple of days and will accept estimates up to 6 o'clock on Monday evening, April 21.

To the person whose estimate is closest to Doc Barr's total, The Plainsman will present a check for \$100.00. Next closest get \$1.50 and third closest \$1. Any woman or any child up through 18 years of age, on the South Plains is eligible to turn in an estimate. Just bring or mail your opinion to The Plainsman and he'll do the rest as soon as Doc Barr finishes his job.

That Man on Avenue Q says a decade is that period between censuses during which the average woman ages three years.

Heads may be thicker in the stacks but it is the cream on strawberry shortcake.

It happened down at Dallas the other day, just after the Steers had walloped the Ft. Worth Panthers.

A portly lady boarded a street car between the ball park and the center of town and of course the tram was jammed with home-going baseball fans. She made several efforts to get to her money pocket but her fare but to no avail.

Finally, tired looking, little man at her elbow turned to her. "Allow me, madam," he said, "to pay your fare."

"Certainly not!" she exclaimed, "you're a fresh thing!"

"Well, sister, the well-meaning gent, 'I only had one reason for asking the favor. You see you've unbuttoned my suspenders three times trying to get to your pocketbook!"

YOU all who have been interested in the bedtime stories about Lubbock's airport progress being held up because there is no good market for municipal bonds, will be interested in an item in a recent edition of the El Paso Times. The border municipality, reports The Times, will get around to doing a lot of building work in the next two years, including just sold bonds in the sum of \$1,395,000 at 4 3/4 per cent interest. Incidentally a premium of \$19,994.16 was paid the city when it sold the bonds despite the fact that we have often advised in Lubbock that municipal bonds "can't be moved at a premium" and to sell them would force the city to take a loss.

It begins to look like the city is going to have to start on the airport project here soon or else think up another excuse for going against the wishes to the citizenship, so admirably expressed in that regard at the polls more than a year ago. We've got a new administration by 3 to 2 now and maybe that will prove a factor in putting Lubbock where it belongs in the matter of airport facilities.

In case you are inclined to think the municipal bond market is in such a terrible state of affairs, look over to columns 7 and 8, for a complete report on the El Paso sale. The information was sent The Plainsman in a letter from somebody else who hates to see Lubbock asleep at the switch in an air transport way.

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

Postmaster General Brown Explains His Plan For Hiking Rates On First Class Mail; Says Mail Should Pay Its Way

EDITOR'S NOTE: This is the first of two stories explaining Postmaster General Brown's proposal to cure the postal deficit by raising the first class mail rate and describing the recent reorganization in the Postoffice Department.

WASHINGTON, April 18 — For ever so many years everyone has been griping over the annual deficit of the Postoffice Department, which has grown from \$50 in 1790 to \$85,000,000 last year.

Now Postmaster General Walter F. Brown presents a suggestion that the deficit be wiped out annually by a rate of 21-2 cents on first class mail instead of the prevailing rate of 2 cents.

He proposes that the users of first class mail be made to meet the deficit instead of the taxpayers in general.

This idea of Brown's, which is bound to create a great deal of discussion when it is recommended to Congress—as it probably will be, has been carefully thought out in a period during which the postmaster general has reorganized the Postoffice Department both as regards departmental work and personnel. Along with his program for increased efficiency and economy he has carried on a thorough study of rate revision.

Study Cost by Classes If we start putting 21-2 cent stamps on our ordinary letters, increasing the revenue on first class mail by between \$75,000,000 and \$100,000,000, we will eliminate the permanent deficit problem dating back many years.

In the last two or three decades this study has been especially devoted to ascertaining the cost of handling each class of mail—first, second, third and fourth—and the various special services maintained by the department. Since 1923 this work has been handled by a special Cost Ascertainment Bureau in the department whose job was to get the facts to be used as a basis for rate revision.

Brown explains that the original idea of the fathers of the country was to make the postal service self-sustaining and that the users of the mails should pay all the bills. Thus the postal service was entirely self-supporting for the first 60 years except for occasional quite negligible deficits. But with the discovery of gold in California Congress, encouraging establishment of transportation routes to develop the new frontiers, began to pay huge subsidies for railway and ocean mail contracts which were not a proper charge against postal funds.

In only eight years since 1852 has there been a surplus, including the war years of emergency rates.

"The Postoffice Department is a public utility," Brown says. "The strictly postal deficit last year, after subtracting \$55,000,000 expended for non-postal services, was approximately \$50,000,000 and was made good by taxpayers generally without regard to what extent they used postal facilities or whether they conducted their operations without financial loss. If our budget is to be balanced and this great annual charge on the general treasury checked there must be revision of the rates charged postal patrons."

"There are wide and sometimes violent differences of opinion as to what rates should be increased. We carry letter mail, newspapers, circular matter and parcel post all at

Diet and Health

By Lulu Hunt Peters M.D. Author of "Diet and Health" and "Diet for Children"

MOST FALLS OF CHILDREN NOT SERIOUS Answers To Mothers God could not be everywhere; therefore He made mothers;—Jewish proverb.

"Dear Doctor," says a mother, "I have had several falls. People tell me I am careless, but I really do all I can to prevent them. However, he is so positive and full of himself that when I turn my back he falls. My friends tell me that in time these falls will upset him mentally. Do you think this is true? I am so worried."

"MRS. E.," There is no doubt that babies may be injured by falls, if they are not properly cared for.

Enough. But every baby apparently has a heritage of a number of falls and bumps that leave no effects. Stop worrying about your baby's future mentality from the falls he has had for he has been severe enough to cause such damage it would have become manifest right away.

Children, as I say, are bound to have falls and some of them may hurt much at the time. From the beginning, the mother or guardian must try to teach the child self-control. It is impossible to stop the crying because that is instinctive, but do not coddle too much. Ask the child to try to stop crying and see if the pain isn't gone by the time you count 10. Never slap an

different rates and charge specified fees for money order service, C. O. D. service and registry service. But in all services except the carrying of sealed letter mail we have the keenest competition—from railroads, express and trucking companies, steamships and the various carriers in carrying magazines, printed material and merchandise, from banks and express companies in transporting and transferring funds, from savings banks in our postal savings facilities. Increased rates would cut the volume of our business and leave us with the same overhead, undoubtedly increasing the deficit.

"Everyone agrees that each class of public utility service should pay its own way. First class mail is invariably given preferential treatment. It has special privileges and all other mail matter must give way to it. Our postal facilities were created primarily to collect, move and deliver it."

Other Rates Increased "Since 1916 the second-class rate has been increased 82 per cent, the third class rate 21 per cent and the parcel post rate 10 per cent. For 45 years we have maintained unchanged the selling price of our basic commodity—first class mail. Consider the dollar's purchasing power in 1885, the two-cent rate then is equivalent to 21-2 cents at this time—and 7 cents if we count the relative value to labor generally. The postal dollar gives us three to five times more than any other dollar we spend.

"There seems to be no doubt that an increase on first class mail is justified on both theoretical and practical grounds. We believe a 21-2 cent rate for the present would balance our budget. It also should be borne in mind that proposed legislation for the benefit of postal workers now pending in Congress will, if passed, increase our expenses by many millions."

In New York

With Swan Gilbert Swan

NEW YORK, April 18—It's an old story that Broadway fame wits and falls as quickly as the petals of a buttonhole bouquet.

But certain names do cling and legend builds about them. Take the Floradora sextet. All one had to do when the old Casino theater was threatened by the wrecker was to mention this tradition-haunted dancing aggregation and thousands of oldsters started brushing the cobwebs of their memories, while thousands of youngsters asked dear old Uncle Remus to spin yarns about them.

Very well—they were Marie Wilson, Agnes Wayburn, Marjorie Reilly, Vaughan Taxsmith, Daisy Green and Margaret Walker.

What's become of them? That's a little harder! But I'll do the best I can—

Marjorie Reilly was married to Richard Holmes, a nephew of the late steel king, Andy Carnegie. He died suddenly in New Haven, leaving her a considerable fortune. Whereupon she married Albert Stokes, one of Wall Street's important business features. Whereupon the trail seems to get lost.

Agnes Wayburn was the first wife of the eminent dance instructor, Ned Wayburn. After their separation, her beauty drew a very rich visitor from Johannesburg South Africa; they married and left for his home, where, insofar as I know, they probably still are.

Marie Wilson, one of the major charmers of the Floradora, became Mrs. Fred Gebhard, Gebhard was one of the best known playboys of the giddy nineties. A man-about-town, boulevardier, spender and all that was Gebhard, who was known to the "society" as "Freddie." His spectacular spendings are still mentioned in any discussion of the "champagne era." Lily Langtry was one of his "hearts," and the sums he was said to have spent upon this charmer of yesterday's stage were considerable.

"Freddie" died some twenty years ago, and Marie moved to Washington, where, insofar as I can discover, she settled down in her own home. Vaughan Taxsmith also grabbed a rich husband. His name was Isaac Hall, and he was a silk baron from New Jersey. He also has passed on, leaving her a neat fortune.

Daisy Green went in for a career. The fame won in the sextet gave her a taste for London, where she displayed ambitions to be a musical star. Some years later she returned to Broadway—a principal—but the same marriage fate as overtook her sisters was hers. She married a rich Colorado mining man and went to Denver to live.

Less appears to be known about Marjorie Walker who went in the general direction of Atlantic City and several years ago was reported in Philadelphia.

All the girls, you will observe, did very well by themselves and, as befits a tale of the Victorian age, wound up quite domestic and proper.

Tahoka District Maintains Total TAHOKA, April 18.—(Special)—Tahoka school district has 794 scholars the census enumeration of J. S. Weatherford shows. This is exactly the same number enumerated last year, but 100 above that of two years ago. Lack of growth this year is attributed by Weatherford to "the poor crop of the past fall."

El Paso Sells Municipal Bonds At Low Interest And Big Premium, Citizen Says; How About Airport Bonds?

The Plainsman, Lubbock Daily Journal. Dear Sir: I have been following what you have been saying in your column and on the editorial page of The Morning Avalanche in regard to Lubbock's lack of air transport facilities.

I was in El Paso on business the other day and noticed the following article in The Times, which I think might interest Lubbock people in view of the fact that they have been advised that airport improvements were held up on account of a bad municipal bond market.

Yours truly, J. I. James, Lubbock, Texas. Here is the article from The Times:

Assurance that \$1,365,000 will be released in El Paso for public improvements within the next two years was given today as the city council sold that amount of municipal bonds to a syndicate headed by Lehman Brothers, Inc.

"The bonds bear interest of 4 3/4 per cent, a significant fact, according to city officials and local bankers. It is the first time in the city's history that El Paso bonds have sold at an interest rate of less than five per cent and is a potent attest to the city's financial reputation and good credit rating on the bond market."

To Save Interest "This marks a new era in El Paso's financial development," Mayor R. E. Thomson said. "It means that hereafter we will be saved thousands and thousands of dollars in interest on whatever bonds we may issue. It puts us in a 'good credit' class."

"The bonds drew a premium of \$19,994.16, but in addition to the premium, netted nearly a saving of \$15,000 in interest that the city will pay. The bonds were originally advertised as five per cent securities.

"The bid which was accepted on recommendation of City Auditor O. R. Daniels, was approximately \$25,000 better than the next high bid, that of a syndicate headed by Halstead-Stuart, which offered a premium of \$38,864 for the five per cent bonds.

"Expense of reprinting the bonds as well as any additional legal expense connected with changing them from five per cent to 4 3/4 per cent securities is to be borne by the purchasing syndicate.

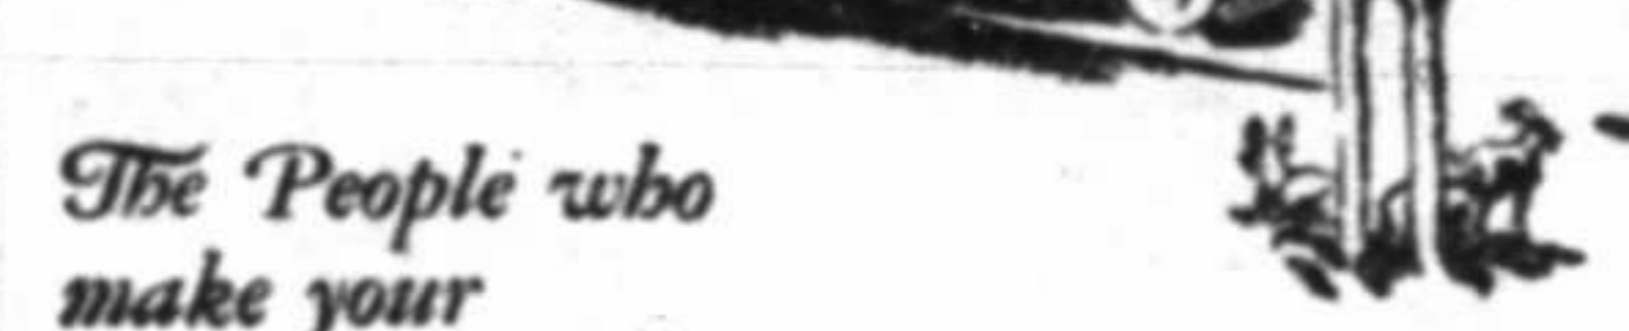

"The money from these securities should be available within two weeks. Await Legal Steps "S. L. Austin of San Antonio and Charles J. Rice of Denver, represented the bond houses, promised the council that the new bonds would be delivered within 10 days. Money will be delivered to the city as soon as all legal steps have been taken."

France Pays U. S. \$4,025,000,000 WASHINGTON, April 18 (AP)—Delivery to the treasury today by Ambassador Claudel of France of \$4,025,000,000 in French treasury gold bonds reflected the final action of the French government in funding its war debt to the United States.

The action was in accordance with the French debt settlement approved by congress and signed by President Hoover last December. The French government previously had approved the plan.

Indian City Quiet Following Battle KARACHI, India, April 18 (AP)—This city was quiet today after bitter fighting yesterday in which British troops fired on a mob of thousands gathered outside the court house in protest against arrest and trial of six of the civil disobedience campaign leaders.

A check today showed that one was killed in the fighting, eleven seriously injured and 46 others injured so as to seek treatment at the hospitals. These included 17 police. The dead man was an Indian civilian.

### FREIBURG PASSION PLAY, COMING TO CITY ON MAY 2-3, IS ONE OF WORLD'S GREATEST SPECTACLES, PROFS. STATE

When the Freiburg Passion Play comes to Lubbock on May 2 and 3, citizens of the South Plains will be given an opportunity to view one of the greatest spectacles in the world, members of the faculty of Tech college averred today.

The play, enacted by old world artists in the flesh, will be staged at the college athletic field on the evening of May 2 and 3 and upon the afternoon of May 3.

Presented First in 1264 The Freiburg Passion Play, first presented in Freiburg, Baden, Germany, in 1264, was begun, according to Black Forest traditions, as a religious offering for the lifting of the plague which ravaged Europe in those days, according to Adolf Fasnacht, world famous Christian playwright and manager of the Freiburg company in America. However, the authentic records of Freiburg, although they lend some color to the tradition, do not make it conclusive. The church records, which are the principal source of reliable information regarding the middle ages, indicate that the play was begun in a very simple way as a means of imparting religious instruction. The dates of the early presentations are on record and religiously guarded.

Devote Lives to Play With Mr. Fasnacht come some two score Freiburgers who have devoted much of their lives to presenting the picturesque and touching spectacle of the Passion of Jesus. To understand these players and their mission one has but to

recall the melancholy traditions of the Black Forest and of the years of study and application given to the Passion Play by the foremost artists of Germany. Then it is easy to understand the missionary zeal which inspires Adolf Fasnacht and every member of his organization. In the year 1264 A. D. when the first Passion Play was produced in Freiburg, that place was just another hamlet in the erie depths of the Black Forest. The play might well be known as the "play that built a city," for Freiburg is now a city of 200,000 souls, a cultural center, the home of the University of Freiburg. Medical men of the world go to Freiburg to complete their educations. The law school of Freiburg is but slightly less renowned. In the fine arts Freiburg stands high. The quaint city wears its mantle of 700 years of tradition with a quiet dignity, and sends to the world skilled surgeons, famous legal men and finished artists.

University a Leader Because of its close contact with Passion Play and the many traditions surrounding it, the University of Freiburg has long excelled in music and drama and their related arts.

It is well to remember in thinking of the Freiburg Players that they are not villagers of an isolated Black Forest hamlet, but finished artists, accomplished musicians, highly skilled stage technicians, and actors born of generations of actors, schooled in the traditions of the

# COMMITTEES IN CLEAN-UP ARE NAMED

### WORK CONTINUES IN CITY FOR CAMPAIGN HERE SOON

Three of the major committees for the general clean-up campaign to be conducted in this city April 28 to May 10 met yesterday afternoon in offices of the Chamber of Commerce for the civic program.

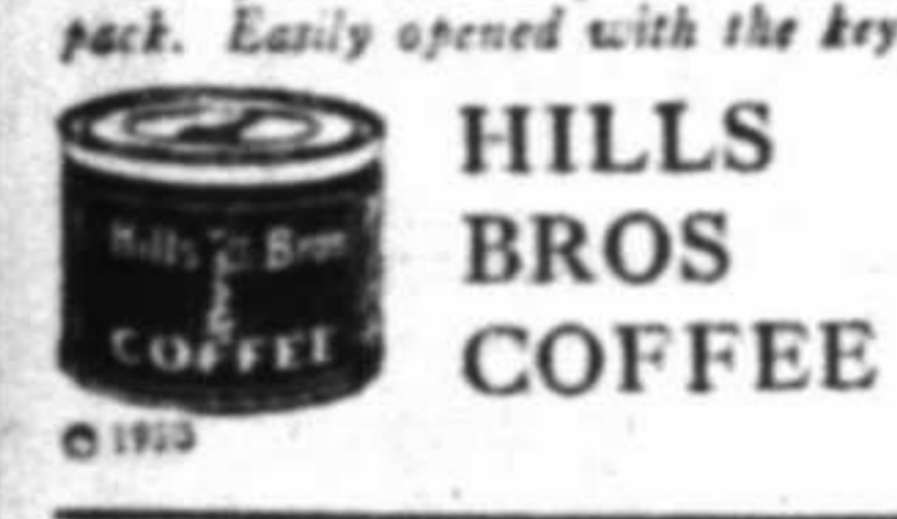

The municipal committee, composed of J. J. Clements, Homer Grant and George Benson, heartily approved the campaign and stated

that the city would offer every cooperation possible. This committee approved the use of the city wagon in picking up nails that boy scouts will gather in their nail pick up campaign to be staged on Saturday, April 28. This campaign will be conducted by the local scouts under direction of D. T. Jennings, scout executive. The nails are to be brought to the city hall and unloaded.

### Ask Co-Operation

The committee will attempt to secure the cooperation of every property owner in removing all unsightly materials from vacant lots over the area and strict enforcement of the weed ordinance also will be made by the city. Mr. Clements stated that waste paper bins will be placed at points of vantage in the city and that citizens are urged to make use of them. Inspections will be made on May 2 and 10, and police and firemen will aid in this work which will be done over eight districts.

The schools committee, under chairmanship of M. H. Duncan, reported satisfactory progress and also announced prizes and dates for the essay contest open to school children. The contest will be held in grades from the 6th through the 11th and \$15 in cash prizes for the three best papers will be offered. The papers will be turned over to the judging committee, composed of Mesdames W. B. Price and W. W. Royalty on May 7 and announcement of the winners will be made on May 10. Subject for the essays will be "Why a Clean Up and Paint Up Campaign for Lubbock?"

### Scouts Plan Drive

The last committee meeting, Thursday afternoon was that of the Boy Scouts, composed of Rev. Walter F. Jennings, D. T. Jennings and K. N. Clapp. It was announced that the Boy Scout drive will start on Saturday morning at 8:30 o'clock from the central ward school. Prizes are to be given troops having the largest representation and three prizes will be offered to troops turning in the greatest weight in material picked up.

Four minute speakers for the campaign, these speakers to appear before civic clubs and convocations of schools in the city were named Thursday. These speakers include representatives from the following clubs: Rotary—J. L. Knaptrick; George Wilson, C. C. Crenshaw; Roscoe Wilson, R. J. Murray, Bill Jackson; Lions—G. S. McKay, Jess Levens, Dan Blair, Ben Eucera; Robert H. Bean, E. W. Pitts; Kiwanis—E. L. Klett, Owen McWhorter, W. C. Rylander, H. D. Woods.

# THE TINYMITES

(REAL THE STORY, THEN COLOR THE PICTURE)

The little lass who made the lace, worked on, a smile upon her face. "Oh, my but you are clever," said Wee Clovny, with a smile. "I wish that I could work like that, but I am sure that I'd fall flat. I wonder if you'd show me how to do it after while."

The little girl said, "Oh, my dear! I'd like to, but I sadly fear that you would get things all mixed up. Boys aren't supposed to sew. I know that you'd be pretty good at doing anything you could, but this work is the type, I'm sure, that you will never do."

The other Tines laughed aloud, said, "Sew, 'tis always proud of things he thinks that he can do. Just don't mind him at all. And, anyway, we cannot stay. I think we must be on our way. You've been so very kind to us, we're glad we made a call."

And then they bid the girl goodbye and Clovny left her with a sigh. "She is a sweet young lass," said he. "I really hate to leave. My little heart is in a whirl, I'd like to have her for my girl. Then Cobby laughed and said, "Why, you're in love, I do believe."

### CREDITORS OF LUBBOCK GRAIN & COAL CO. SEEK \$17,643

Creditors of the Lubbock Grain & Coal Company Inc., bankrupt, filed a suit alleging damages in the sum of \$17,643.78 against the city of Lubbock yesterday in 72nd district court.

The suit, an outgrowth of construction by the city of the Broadway underpass, was filed by Leonard Pearson, trustee.

# ROUGHAGE IS ESSENTIAL IN REDUCING DIETS

Kellogg's ALL-BRAN Is Ideal Roughage

If you are following a reducing diet, it is doubly important that you take a regular amount of roughage into the system daily. Most reducing diets do not contain a sufficient amount of roughage. The result is constipation—chief of both health and beauty.

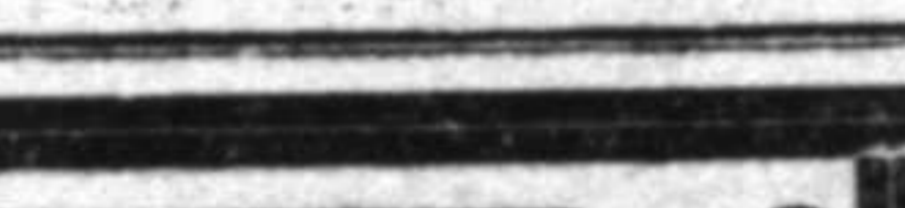

Kellogg's ALL-BRAN is recommended by many doctors and dietitians because it contains the bulk necessary to insure proper elimination. Also, because it contains the iron needed to help prevent anemia—another danger in reducing diets. ALL-BRAN is not fattening. Its bulk sweeps the system clean of poisonous wastes—helping to promote glorious health and beauty.

A popular way to eat Kellogg's ALL-BRAN is soaked in fruit juice. Try it! It is delicious with milk or cream. Sprinkle it over cereals, salads and soups. It adds flavor to cooked foods and is equally effective. Your grocer has Kellogg's ALL-BRAN. It is served in restaurants, hotels and dining-cars. Made by Kellogg in Battle Creek.

**Gigantic Combine Of Dairies Planned**

NEW YORK, April 18. (AP)—Directors of the National Dairy Products Corporation today approved a plan for acquisition of the Kraft-Pheulis Cheese Corp. Action by the management of the latter company, which owns Southern Dairies Corp., has not yet been taken.

The basis of the proposed acquisition has been reported as \$29 in 3-4 per cent debentures of National Dairy and half a share of its stock for each common share of Kraft. The latter's sales volume of about \$85,000,000 would bring National Dairy's annual business to more than \$400,000,000.

without making compensation to the injured person or persons owning said property.

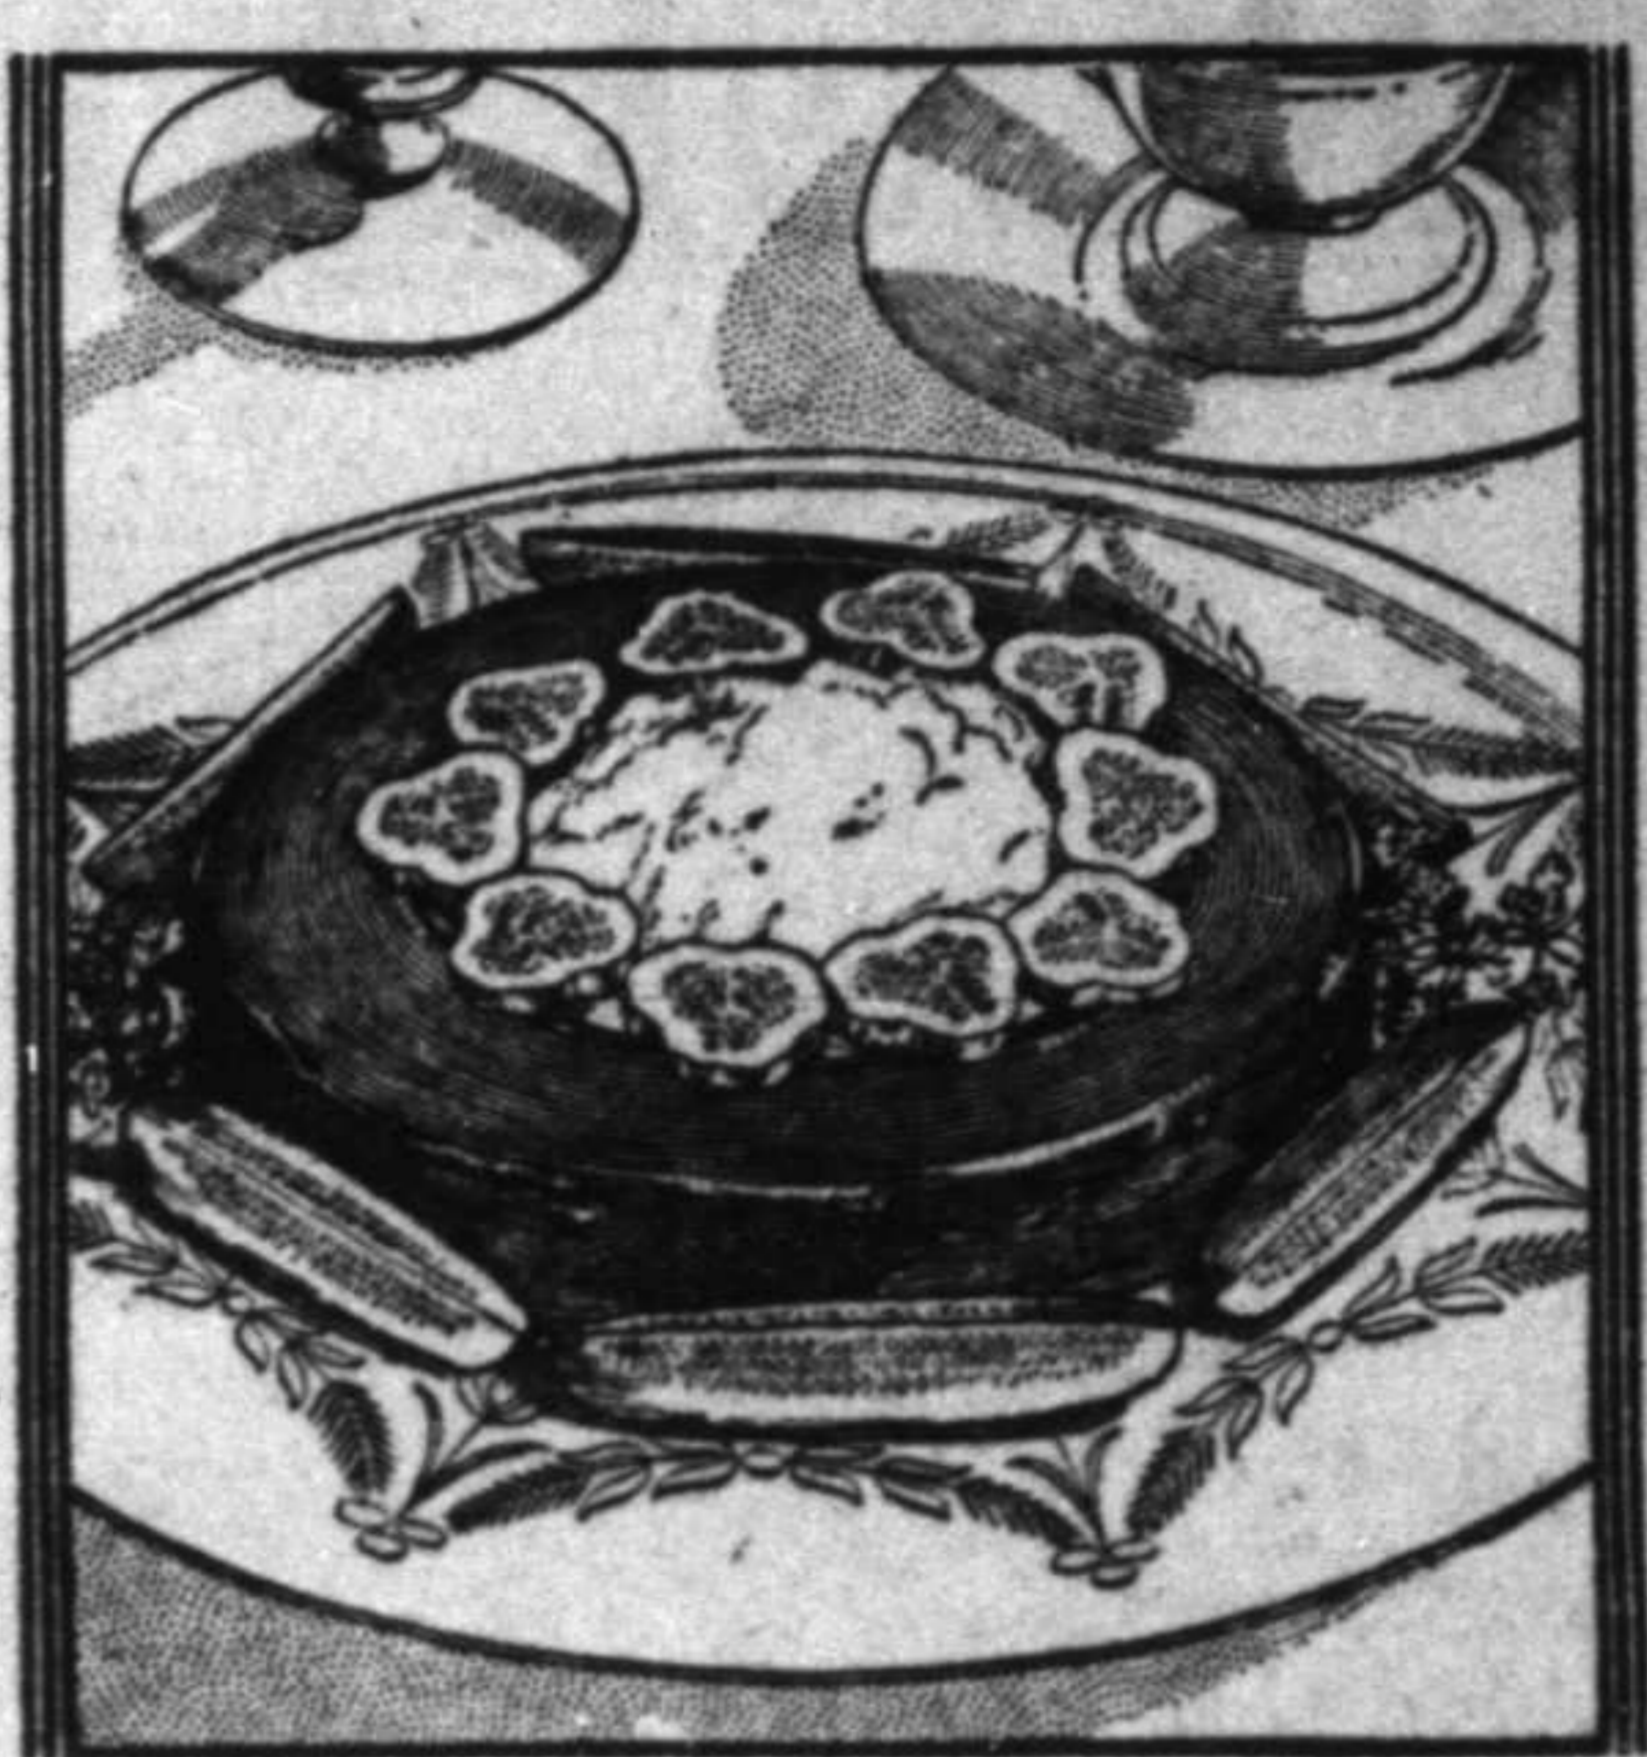

**CUT FOREIGN WORDS**

DALLAS, April 15 (AP)—Any foreign language words and titles today were ordered eliminated as far as practicable from programs of station WFAA, the 50,000-watt station of the Dallas News and the Dallas Journal, by Robert S. Pool, director.

"The radio has no right to expect its listeners to be polyglots," he declared.

About 90 per cent of the theoretical energy of falling water can be converted into electrical energy.

# CONFESSION IS MADE IN DEATH PLOT

## MRS. HUGHES TELLS OF THE DETAILS OF SLAYING

(By Associated Press)  
**DURANT, Okla., April 18**—The confession of Mrs. Ila Hughes, farm woman, to participating in the slaying of her husband, Will Hughes, read in the murder trial here, contained a statement that officers had told her they might help her if she would confess.  
 In a later stenographic report, however, the officers told Mrs. Hughes she was making her statements without hope of reward.  
**Related Romance**  
 The confession related details of a romance between Mrs. Hughes and A. J. Eastep, neighboring farmer, who is serving a life sentence in the penitentiary for the actual killing of Hughes, and of the slaying.  
 Eastep, also charged with poisoning his wife, began planning to kill Hughes immediately after his wife's death, the confession said.  
**Life Threatened**  
 Eastep told Mrs. Hughes on the night her husband was slain, her

confession related, that if she didn't go through with her part, he would kill her. Hughes was beaten to death.  
 "I heard several blows after I sent Willie (her husband) to the barn," the statement said, "and heard him groan. I didn't go to Willie after he was struck down, but went to mother's as Eastep told and told her horses had kicked Willie, who was dying."  
 J. K. Matlock, vice president of the Duncan Life Insurance company, told of insuring Mrs. Eastep's life for \$1,000 about a month before her death. He also insured Will Hughes for \$200 a month before his death. The insurance man said he solicited the business and paid both policies after the deaths.

## Wurbach Faction Wins Bexar Wrangle

**SAN ANTONIO, April 18 (AP)**—The Wurbach faction of the republican party today possessed the county chairmanship of Bexar county by virtue of a decision of District Judge Frederick Stevens in favor of Ed Lyons in an injunction suit against Mark Hance.

The court ordered that Hance be removed from the office as chairman; that Lyons be seated and that Hance be perpetually restrained from interfering with Lyons.

The ruling virtually reversed a decision of the republican state convention of 1928 which seated Hance as a delegate.

## BIGGER AND BETTER SUNBURNS FOR 1930 GIRLS

Bigger and better sunburns will be the keynote of the 1930 bathing season, judging from advance style showings. Old King Sol has claimed a host of new devotees and this year's fashionable mermaids are due to forsake the old-sun tan suits for even scantier water togs like those worn by the charming nymphs at the right. What the bathing beaches would like if the modern mermaids returned to the styles of past years is aptly illustrated in the other pictures.

## ABERNATHY BOY WINS BAND PRIZE

Two first places and one second place were won by members of the Abernathy band, directed by C. W. Beene, while the musical organization of that city won second place in the class C band division yesterday at the State High school band contest at Amarillo.

The director's 15-year-old son, Charles Elton Beene, repeated his performance of last year by winning first place again this year in the cornet solo. He is the youngest person to win such an honor in inter-school contests.

## SATURDAY IS LAST DAY FOR ADVANCES

Tomorrow, Saturday, will be the last date possible for cotton farmers to take advantage of the government's advance of 16.25 cents a pound f. o. b. Houston, on cotton of the 1929-1930 season, N. H. Payne, field representative of the Texas Farm Bureau Cotton association, announced this morning.

"All members of the Texas Farm Bureau Cotton association are entitled to the government advance on their cotton handled by the association," explained Mr. Payne. "Any new members that might want to sign up by tomorrow, will be entitled to advances, if their cotton is handled by the organization."

The Texas Farm Bureau Cotton association is the nucleus around which is being formed the Texas Cotton Cooperative association and, as the only cooperative operating in this section through which the government Farm Board finances are available, until the Texas Cotton Cooperative association is formed and the bureau membership automatically absorbed.

Mr. Payne advises any cotton farmers desiring to get present advances offered before tomorrow, to get in touch with him at his office in the courthouse.

## CLEVELAND SCIENTIST TELLS OF NEW DISCOVERY FOR CANCER, FLU, HEART DISEASE AND PNEUMONIA CASES CURE

PHILADELPHIA, April 18 (P)—Dr. Weston A. Price, Cleveland scientist, told an audience of Philadelphia physicians last night that after ten years of research he had found in "vitamin D" a preventive, and in some cases a cure, for the so-called degenerative diseases—cancer, heart disease, influenza and pneumonia.

In some instances he said he had cured cases of these diseases by the introduction of the vitamin in capsule form, or in less advanced stages by changing the patient's diet to include quantities of spring butter containing a high percentage of the curative element. He did not mention cancer specifically among these cases.

Dr. Price spoke in the auditorium of the county medical society before members of the society and of the academy of stomatology. With conclusions drawn from spectral analysis of the sun's ray, he presented the theory that light is composed of those elements which sustain the spring season and are absorbed by grass-eating animals. Hence, he said, milk at this season of the year is abnormally rich in vitamins, particularly vitamin D.

### Rev. Jennings Is Speaker At Legion

Rev. Walter P. Jennings, pastor of the First Christian church of this city, was the principal speaker last night at the meeting of Allen Brothers post, local American Legion.

Miss Mary Gene Owen gave several readings which were warmly received and solos were rendered by Miss Louella Johnson and Olene Bates, accompanied at the piano by Mrs. Paul Morgan.

Plans for the new \$12,000 Legion home were considered at conclusion of the entertainment program.

## FARM BOARD PROBE ASKED BY EXCHANGE

### RESOLUTION TO BE UP BEFORE MEETING OF ASSOCIATION

(By Associated Press)  
MEMPHIS, Tenn., April 18 — A congressional investigation of the federal farm board was recommended today by the Memphis Cotton Exchange.

In a resolution, the exchange asserted the board "appears at present to be devoting its attention to artificially elevating prices in defiance of the law of supply and demand."

### Demand Lowered

"It appears that this manipulation has resulted in almost complete cessation of the demand for actual cotton from mills and merchants," the resolution charged. It has undermined the confidence of the mills and foreign buyers in the stability of our exchanges and marketing system and has seriously interfered with the distribution of the present crop.

### Asks Probe

The resolution requested the American Cotton Shippers' Association to demand a congressional investigation into the board's activities. The association is to hold its convention here April 26.

Charges were made the cooperative associations, apparently with the full approval of the federal farm board in operating secretly, appear to have "dominated" the futures market, deranging values of various options "and utterly destroying the usefulness of these markets for hedging purposes, thus striking at the financial structure of the south by eliminating the only protection the banks have in financing cotton."

### LUBBOCK MAN IS NOW MODERATOR

Rev. O. D. Robison, Lubbock, field representative of the Amarillo and Abilene Presbyteries, was chosen a moderator of the Abilene Presbytery at a two-day conference at Baird which closed Wednesday. The Rev. Robison succeeds J. H. West of Merkel, who has served for the past year.

The work of a moderator is similar to presiding offices in other churches including arranging benevolence funds, calling pastors, and directing home mission work.

Rev. Robison's work covers nearly 100 counties. He is leaving today, for McCauley where on Easter Sunday he will dedicate a Presbyterian church recently completed in that city.

ATTORNEY GENERAL MITCHELL POINTS OUT NEED OF READJUSTMENT OF U. S. PRISON CONDITIONS; CITES INCREASE

BY FRANCES M. STEPHENSON Associated Press Staff Writer

WASHINGTON, April 18. (AP)—Ready to take over the enforcement of prohibition, Attorney General Mitchell wants to "get our house in order" before any new statutes are enacted making more crimes.

Giving this view to the senate judiciary committee, the attorney general warned that the prison population of the United States is so great today that it is inexpedient to stimulate any further prosecutions.

Total Increased 6,277
Mitchell reported that the total of federal prisoners had increased in the last 9 months by 6,277, including those confined in county, city or state institutions.

He said every federal institution was overcrowded. He attributed most of the new prisoners to the prohibition law.

He appeared before the judiciary committee to talk on the resolution for a senate investigation of prohibition and he opposed this on the ground that it would "paralyze" enforcement work during the inquiry.

He urged, instead, that congress enact the prison relief legislation and the measure transferring prohibition from the treasury to the justice department.

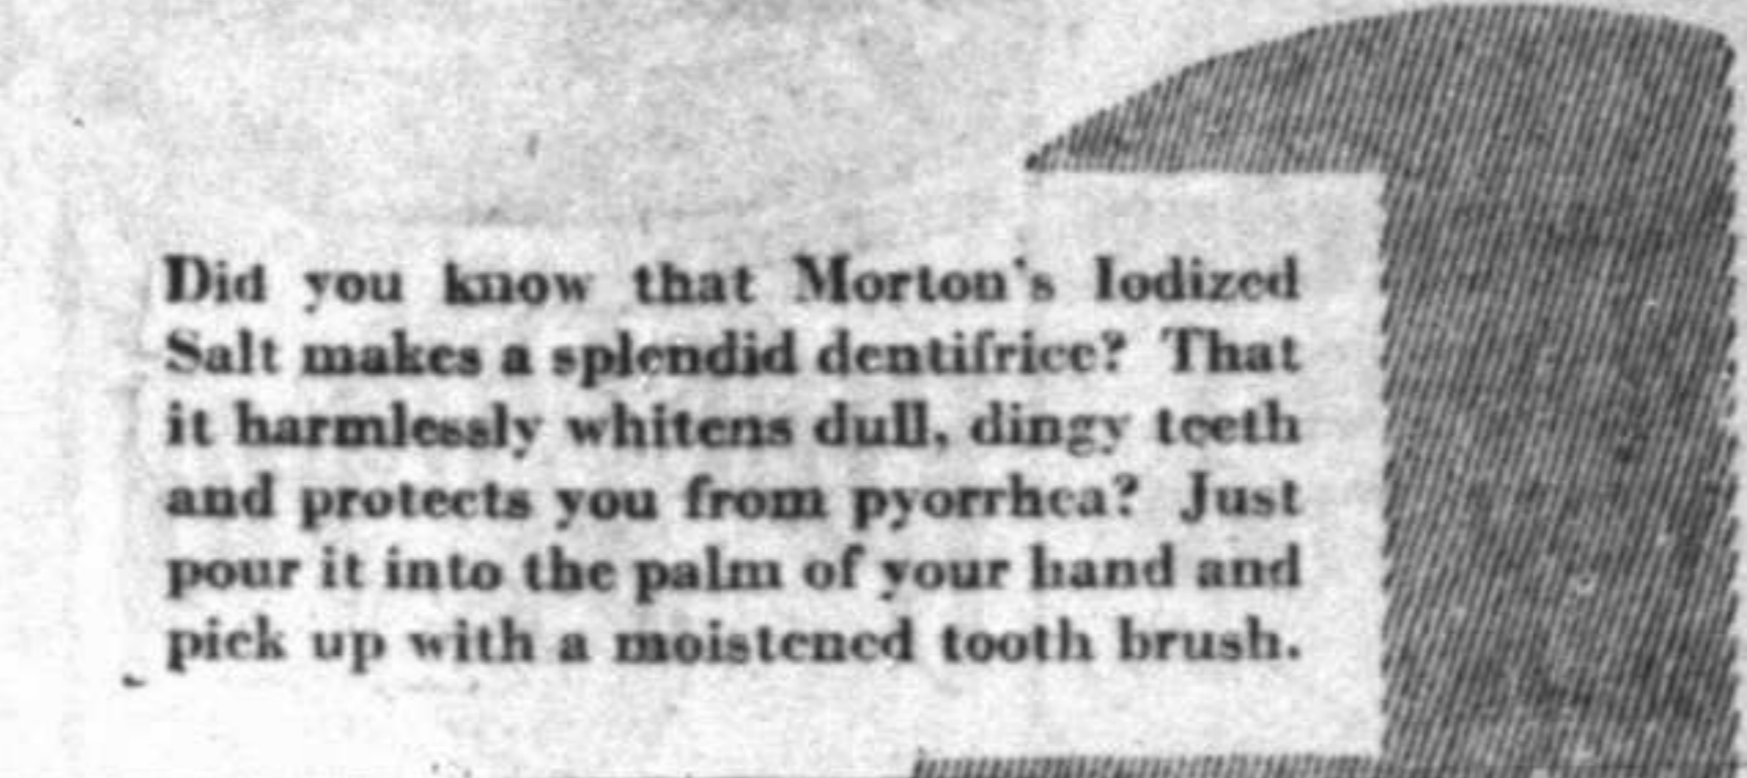

Presenting data showing considerable increase in federal prisons in the last 20 years, the attorney general attributed the "overtaxing" of the federal machinery to the prohibition, white slave, narcotic and automobile theft laws.

"It makes me feel," he said, "that we ought to get our house in order and increase our facilities for handling the criminal business we already have before we start passing any more federal statutes that make

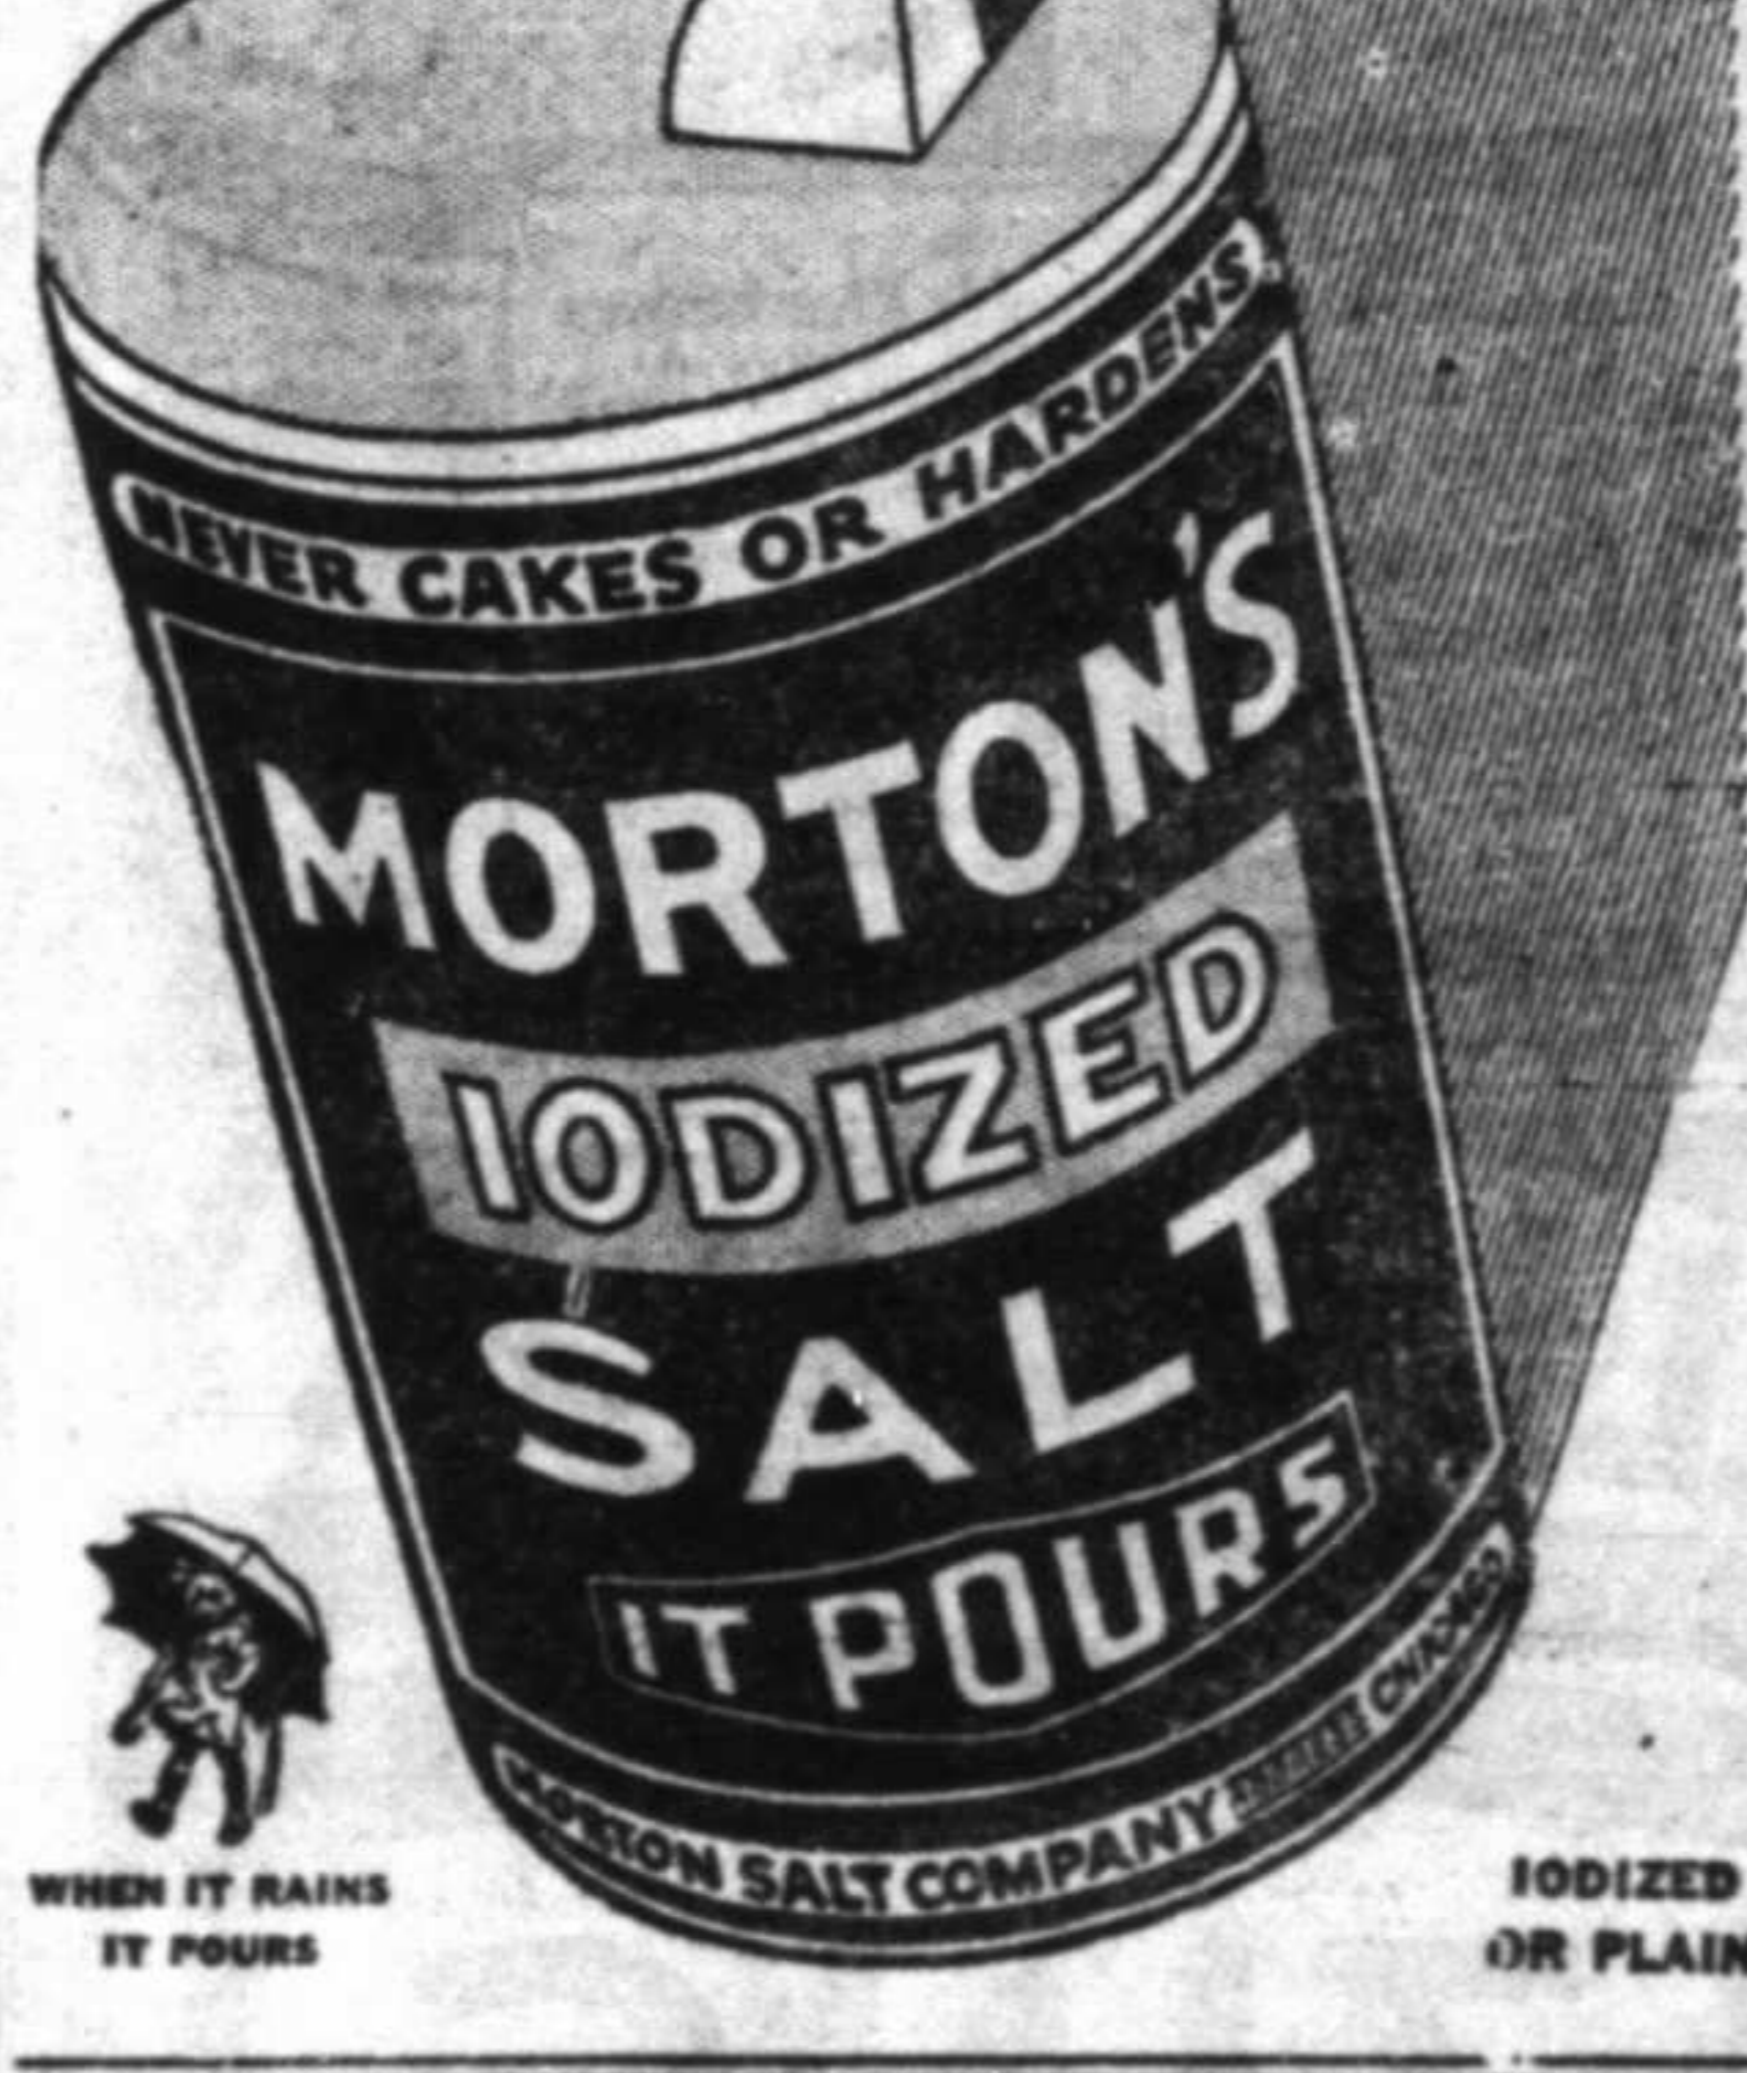

things federal crimes that are not at present."

Pointing to the overcrowded condition of the penitentiaries, he said, "we have reached a point where, of course, further stimulating activities of prosecution under any law will get us into difficulties."

The attorney general proposed increased pay and numbers of district attorneys. He listened to a discussion of a proposal by Senator Walsh, democrat, Montana, to establish "auxiliary" federal judges to take care of the so-called police district judges. He gave no opinion on this point.

### HIGHER PRICED DUTIES PLACED ON HATS, JEWELRY AND HANDKERCHIEFS

WASHINGTON, April 18.—Straw hats, the higher priced fur hats, novelty jewelry, lace and embroidered handkerchiefs, matches, and cork products were assigned higher duties Tuesday by the congression conference on the tariff bill in grappling with the fifteenth and last rate section of the Hawley-Smoot measure. Reduced tariffs were agreed upon for the cheaper fur hats, and unset diamonds, pearls, and other precious and semi-precious stones. The highly controversial hide, leather, and shoe duties will face the conferees tomorrow with prospects that the issue will be decided one way or the other without either group going back to the senate or house for instructions.

### Demonstrations In Poultry Are Given

SNYDER, April 18.—(Special)—Scurry county boasts of five men poultry demonstrators who are working with County Agent W. O. Logan in addition to nine ladies who are under the supervision of County Home Demonstration Agent Jessie Lee Davis. Records of the men for March showed that five men had 1,533 hens that laid 31,180 eggs. With feed costing \$24.30, cash received for the eggs and a few culls amounted to \$309.68, leaving a net profit of \$375.30 to the owners. It is interesting to note that the standard for March was 18 eggs per hen while the 1,533 Scurry county hens averaged 20 eggs each.

### NEW BILL UP FOR PROJECT

#### MUSCLE SHOALS TO BE LEASED TO PRIVATE CORPORATION

(By Associated Press) WASHINGTON, April 18.—Discarding the Norris resolution to authorize government operation of Muscle Shoals, the house military affairs committee have decided to formulate legislation to provide authority for the leasing of the project to a private corporation. Unified upon a determination to have action at this session, the committee members selected a subcommittee of five to draft a bill to provide for the leasing with an alternative plan for government operation in event a satisfactory bid is not received. The subcommittee, headed by Representative Reece, republican, Tennessee, began work immediately in order to have the new measure ready for consideration by the full group next Tuesday. The subcommittee was directed to make the language of the new bill broad so that either the president or some one to be designated by him could carry out negotiations for leasing the project.
