

Ciscoans Going To Honduras For Missionary Trip

A group of eleven Ciscoans will be making a trip to the Honduras in early September on a missions trip sponsored by the Calvary Baptist Church in Cisco. The group will leave from Dallas-Ft. Worth (DFW) Airport on August 31 and return September 7.

Three goals for the trip

are: (1) Share the Gospel; (2) Minister to the people physically; and (3) Support the independent missionaries already there by helping to provide a work crew for handing out tracts and Bibles, and to help organize and build new churches.

Those making the trip

from Cisco include Rev. Ronnie and Celia Shackelford, Dr. Tim Boersma, Jeff Holloway, Neil and Debbie Henke, Charles Copeland, Rick Roark, and Joe Gosch, all of Calvary Baptist Church, and Helen Orr and Ronnie Webb of First Baptist Church.

Dr. Boersma has made the

trip on two previous occasions, in 1982 and 1983. He said one of the most gratifying experiences is knowing "you are helping some of the children." He stated about 50 percent of the children born in the Honduras die from parasites, mainly worms.

One of the major physical ministries while in the Hon-

duras will be to worm as many children as possible. Dr. Boersma said it only costs \$1.00 to worm a child for an entire year. Once they reach the age of eight, according to Dr. Boersma, they can pretty well take care of themselves.

The trip has been organized by Rev. Doyle Combs, minister of the Calvary Baptist Church in Hamilton. Rev. Combs is also president of CMEI (Christian Missions Evangelism Incorporated), an independent organization which helps sponsor the missionaries in the Honduras.

Finances for the trip come from the individuals going to the Honduras and through donations from area churches and individuals. Dr. Boersma stated the group has received some donations from First Christian Church and First United Methodist Church through their Vacation Bible Schools. Calvary Baptist Church in Hamilton has also given some donations.

A benefit concert is being planned by New Beginnings, a gospel quartet, on Saturday, August 17, in Cisco City

Park. The group is composed of Gary Fink, Kay Roark, Sue Gosch, and Elizabeth Webb. A slide show presentation will be made to show the type of work done on previous trips. Proceeds from the concert will be used primarily to purchase medicine for children.

Any donations to the trip would be greatly appreciated by those going since it will help defray their own personal expense. Donations may be made to any member of the group or to Gary Harris of Calvary Baptist.

Dr. Boersma also stressed that prayer support for the group will also be greatly appreciated and welcomed.

Various members of the group will be speaking at local churches between now and the end of August to explain about the trip. Dr. Boersma said such trips are organized about four times a year by CMEI and they are non-denominational, if any other area churches or individuals would be interested in planning such a venture.

'The Robber Bridegroom' Is 'Best Of The Season'

BY HERREL HALLMARK
Last, but possibly the best of the season, is Cisco Junior College's Fine Arts Department presentation of "The Robber Bridegroom" in the Roof Garden Dinner Theatre.

The final production of the summer season started its run on Thursday night and was scheduled to play again on Friday and Saturday

nights, before starting a week long offering from Monday, August 5, through Saturday, August 10.

Adapted from the novella by Eudora Welty, "The Robber Bridegroom" book and lyrics are by Alfred Uhry and the music is by Robert Waldman. The musical comedy is very good adult entertainment, but would not be too readily recommended

for youth by this writer.

The play has some suggestive scenes and dialogue but is nowhere near being offensive to the audience. The humor in the play keeps the scenes light-hearted and the audience seems to concentrate more on the humor than the suggestions.

Over-all the play keeps the audience laughing, especially with the help of the actors and actresses who seem to be cast perfectly for their respective roles. Keep an eye on the facial expressions of the cast since sometimes their expressions say more than their lines.

A fast-paced musical, "The Robber Bridegroom" offers music, dancing, and plenty of laughs. At times the audience is hard-pressed to watch everyone on the stage since most of the 15 members of the cast are on stage at all times.

The cast helps with scene changes and those who are not the main focus of the scene, help in providing human props and converse with the other members of the cast. The setting for the play is "in and around Rodney, Mississippi," in 1795.

Possibly the stars of the show are Barry Smoot and Gina Gaines who play two ill-fated lovers who are betrothed to someone else whom they do not want to marry. But, they finally are let in on the secret which the audience knows from the beginning.

Another "star" is Bruce Bennett who does an excellent job of singing and portraying a "dirty" thief

who will swap his brother's head for a "tied-up" woman. Brian Rhodes also does a good job of playing a "pea-brained" youth.

As usual, professional actors Steven Vincent and Melanie Taylor turn in superb performances in their respective roles. Both utilize facial expressions to the fullest to help give their roles character.

Others of the cast, who all did excellent jobs, are: Jimmy Walker, Claudia Waite, Debra Efrid, Jill Siewert, Christi Terrell, Joe Searcy, Clay Ingram, Hollie Stewart, and Tony Cox.

The production staff is made up of Betty Hukill as director; Charles Hukill, set designer; Melanie Taylor, costume designer; Joe Searcy, light designer/shop foreman; Bruce Bennett, musical director; Jill Siewert, choreographer; Penny Bennett, accompanist; and Dianna Lovelace, assistant director.

Others of the staff are Emily Nowak, stage manager; Joe Searcy and Tony Cox, set crew; Christi Terrell, Gina Gaines, Emily Nowak, and Betty Hukill, costume crew; Shannon Love, properties; Cathy Davis, light board operator; Sabrina Avants, dresser; Fred Mullinax, box office/house manager; and Brad Hawari, publicity.

The dinner, catered by ARA Services, Inc., John Rehak, director, consisted of spinach salad, chicken cacciatore, rice pilaf, bean smitane, vegetable trio, dinner rolls, southern pecan pie, coffee or tea.

The large two-story residence of Mr. and Mrs. Archie Chamness at 606 Avenue I was virtually destroyed by fire of undetermined origin last Tuesday night. It was the city's biggest fire loss since Austin's Furniture Co. burned last year and the biggest residential fire in several years.

The fire broke out around 7:15 p.m. Tuesday in an upstairs bedroom and Cisco Volunteer Fire Department members had four units on the scene until around 5 a.m. Wednesday. One truck and several firemen came from Eastland to help fight the blaze.

Mrs. Archie Chamness, who was at home alone, reported that she was in the downstairs living room when she heard a cracking noise. Going to the stairway, she saw smoke and telephoned the fire department. Mr. Chamness, who was working on a construction project for his contracting firm in Stephenville, was out of town, and their daughter Frances and son Kelly who live at home were not present.

Firemen said that a sheet iron roof under the asphalt shingle roof made the task of containing the blaze more difficult. Two fireplace chimneys collapsed and the top floor was virtually gutted before the blaze was brought under control soon after midnight.

The lower floor rooms all had smoke and water damage. Most of the bottom floor furniture and household items were carried from the house, filling the front and back yards, as neighbors and others helped.

The blaze continued to smolder and smoke until around 5 a.m. Firemen used three pumping units to send water into the fire with four hoses.

Fireman Johnny Jarvis, one of the city's two paid firemen, suffered a cut on a wrist that required hospitalization when a window shattered near him. A Patterson ambulance took him to the E.L. Graham Memorial Hospital and later to Hendrick Memorial Hospital in Abilene.

Fire Chief Richard Connell and Assistant Chief W.T. Eaton and virtually every member of the 30-man department were on hand most of the night.

Mr. Chamness, local contractor, reported that he had gone to Granbury from Stephenville where he has a job under construction, and it was around 10:30 p.m. when his wife was able to locate him to advise him of

the fire. He rushed home immediately.

Mr. Chamness said the home, which was built 112 years ago, was re-wired in 1976 and he did not believe that electrical wiring was the cause of the blaze. He said that he noticed a squirrel

rel hole near the roof recently and had planned to repair it. Squirrels could have eaten the cover from wires to cause electrical shorting, he added.

The home was built in 1882 by Ward Bros., early day developers in the communi-

ty. The same firm also built three other two-story homes in the area and all have long been considered landmarks.

Mr. Chamness said the family would live in a small guest house in the backyard of the burned home for the present. He said the home and contents were covered with insurance.

Fire Marshal Billy Rains, who was at the scene most of Tuesday night with other firemen, was investigating the cause of the blaze.

Firemen expressed their appreciation to Eastland volunteer firemen for their help.

Fire Marshal Billy Rains reported Friday that his investigations indicated that the Chamness home fire was caused by faulty electric wiring. He said he found electric power lines in the upstairs wall burned in a manner indicating line problems. He checked an electric fan in the window and it was not in trouble, he added.

Johnny Jarvis Has Surgery Wednesday

Johnny Jarvis, local fireman, underwent surgery to repair tendons in a wrist at Hendrick Memorial Hospital last Wednesday morning. He suffered the injury while helping fight a fire that destroyed the Archie Chamness home here Tuesday night.

Mr. Jarvis returned home Thursday afternoon and was reported to be doing nicely.

Recently, Mr. Jarvis suffered from smoke inhalation while helping fight a chemical fire after a railway accident in Eastland. He spent several days in the Eastland hospital at that time.

Mr. Jarvis has been employed by the city since May, 1984, and he was a volunteer fireman for three years before joining the staff at the fire station.

CLEANING UP—Mary Glenn and Kelly Chamness son and daughter of Archie Chamness are shown trying to sort through family photos to see which ones can be saved after a fire gutted their parents home last Tuesday night. No one in the family was hurt, but the fire destroyed the 2nd story of their home. (Staff Photo)

HALL OF REMARKS

BY HERREL HALLMARK

IF YOU HAVE not seen any of the plays this summer season at the Roof Garden Dinner Theatre you may be in luck, since their final offering is the best in my opinion. But, you better call now to see if you can get reservations.

Reservations may be made by calling the college switchboard at 442-2589 and the price for the performance and the meal is \$12.50.

As I said, this year you lucked out in waiting until the final performance, but next time you may not be so lucky. The next season of the plays, make plans to attend as many as possible.

You will definitely enjoy them.

CISCO WILL be featured on KTAB-TV, Channel 7 (on the cable or Channel 32 without), Tuesday, August 13. Paul Ossmann, host of "Our Town" will present a look at Cisco on Newstab at 6 p.m.

"Our Town" is a weekly feature on area towns around Abilene. Ossmann will take a look at the impact of Cisco Junior College on the community.

Ossmann was in Cisco, July 30, filming the segment.

INSTEAD OF getting shoes this weekend, as reported in this column Thursday, local footballers will be issued shoes on Wednesday, August 7. Those who played football last year should have received a letter in the mail telling when they need to show up and when two-a-day practice begins.

Stockholders Attend Kamon Meeting

Stockholders from seven states and 12 Texas cities applauded news of substantial oil strikes on company-owned royalty interests in Australia at the annual meeting last Thursday of Golden Triangle Royalty and Oil Company at Kamon House in Cisco.

President Robert Kamon of GTRO told the meeting that four oil well completions in May and June brought to 11 the total number of new producers on company property this year in Australia. The new wells have proved a large field with no failures during the year, he added.

Both GTRO and Black Giant hold substantial royalty interests in the Queensland oil fields and neither firm has any obligations to share in any of the development expenses, Mr. Kamon pointed out. The new field was described as possibly the largest on-shore discovery in the history of Australia.

Mr. Kamon reported that GTRO has applied for two new oil concessions, totalling some 360,000 acres, and was

working on plans to apply for others. He told stockholders about his recent two and a half months visit to Australia and his tours of the oil fields. Pictures of the areas visited were on display.

Thys B. Johnson, chairman of the board of directors, opened the meeting of GTRO, and Howard Siegel, a director, was named chairman with Effie Kamon as secretary of the meeting.

Robert Kamon was re-elected president, and Lloyd London was renamed executive vice president with Mrs. Kamon being re-elected as secretary. Mr. Johnson and Mr. Siegel,

along with the three officers, will constitute the board of directors.

Mr. London reported on domestic operations of the company, including oil royalty interests in several states.

Stockholders of Black Giant also heard the Australian report along with reports on their interests in Oklahoma, Nebraska and Texas.

Black Giant stockholders re-elected Ivan Webb of Cisco as their president. He presided over the meeting. Other officers are Gifford Dieterle, chairman of the board, and Paul Palmer, vice president and

secretary.

Financial reports showed that the two companies were in good condition.

A luncheon was served to some 65 stockholders during

the noon hour. The affair was catered by Oscar Weeks. Willard Johnson and his Ghost Riders, C&W band, provided music. Playing with Mr. Johnson were Frank

Spangler and Johnny Sandifer.

Stockholders were present from Idaho, California, Colorado, Missouri, Michigan, Indiana and Texas.

OUT-OF-TOWN visitors at Thursday's annual meeting of Golden Triangle Royalty and Oil Company in Cisco were A.G. Kirschmer, center above, and two nieces, Wanda Kirschmer, left, and Ronda Kirschmer. Mr. Kirschmer lives in Amarillo and is one of the firm's largest stockholders. His nieces live in Denver.

Mr. Kirschmer recalled that attending the Cisco meetings at Kamon House are memorable for him. "I fell into the backyard swimming pool a few years ago," he said, adding that he walked from a dark room where pictures were being shown into the bright sunlight and failed to see the pool.

Every year, Americans spend nearly \$500 million treating coughs with over the counter products.

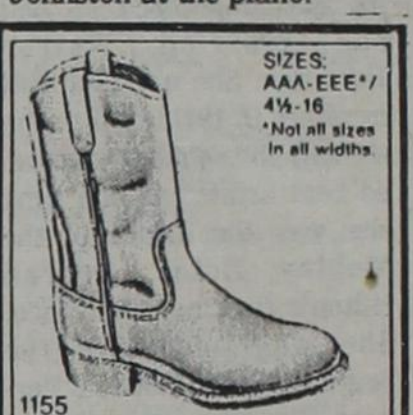

Coughing, though is the body's way of clearing its breathing passages and should not be suppressed without good reason, according to the A.M.A.

There are two basic classifications of coughs: Acute, where the cough is severe and temporary; and, chronic, in which there is a slow-building and long-lasting cough.

Acute coughing is usually caused by a viral infection, such as a cold or flu, and is prompted by mucus draining into the throat. Acute coughing can also be the result of inflammations of the voice box or the lower major airways.

Let's take a look at this problem next week when we will continue to discuss the treating of coughs.

During the past week we had the following programs: Birthdays and anniversaries were honored; The band choir provided a lot of music with Lois Holder, Gerald Parks, A.E. McNeely, Billie Wood, and Mildred Johnston at the piano.

Volunteer Firemen Attend Training

Truett Horton, volunteer fireman of the Rising Star Volunteer Fire Department of Rising Star, Texas is attending the 56th Annual Texas Firemen's Training School, July 21-26. The school, attended by nearly 2,000 students representing about 750 cities from more than 25 states, is being held on the Texas A&M University campus this week.

Firemen can choose their course at the school from a list including Fire Fighting, Fire Prevention, Fire Department Officer Training, Fire Department Pump Maintenance, Specialized Fire Protection, and Disaster Rescue Training.

Fireman Horton is being sponsored by Eastland County Farm Bureau and Texas

Farm Bureau Insurance Companies by contributing toward the cost of the school. Since volunteer firemen are interested in attending this school to help do a better job of fire fighting and fire prevention, 100 County Farm Bureaus and the Texas Farm Bureau Insurance Companies in the statewide program have sponsored 100 firemen at the school.

"The Farm Bureau Insurance Companies believe Volunteer Fire Departments have been very effective in reducing the amount of loss involved by fire in rural areas," said President S.M. True, Jr. of Plainview. "It is our hope in sponsoring this program that the fireman will help the Rising Star Volunteer Department to better serve the residence of Eastland County."

You Can Have His Spirit

"It is the Spirit that quickeneth, the flesh profiteth nothing; the words that I speak unto you, they are Spirit, and they are life." John 6:63.

The Holy Spirit in the life of the early day Christian was important. The One who had died for them, they might receive eternal life, instructed them to assemble in the Upper Room and remain there until they received the Holy Spirit. This Spirit would endue them with Christ's power, a power that would enable them to live in fellowship with Him.

Friend, the Holy Spirit is as relevant today, for it is the avenue through which a person is born of the Spirit and endowed with the Spirit.

Being "filled with His Spirit" gives us an enabling power to live in holiness manifesting through Him, His attributes - love, humility, joy, kindness, patience, long-suffering, and

meekness, to name only a few. There is no other way one can manifest these traits without the Holy Spirit dwelling within us.

The Spirit-filled life is the normal Christian life. Billy Graham tells of a man who had served Christ for many years. He was sometimes asked to speak and tell of his hope in Christ. Although now almost deaf; plagued with failing eyes and other physical problems, he nevertheless on a minutes notice was able to walk to the podium and give a powerful witness to the greatness of God. Instantly, this man was able to give a reason for the hope that was within his inner being, because of the power of the Holy Spirit within him.

This hope was the result of the divine indwelling and control of the Holy Spirit.

"Heavenly Father. Cleanse our hearts and fill us with your Holy Spirit that we might have the enabling power to live a righteous and Holy Life. Amen."

Lifetime takes break for afternoon movies

Lifetime, the cable channel that has America talking, is taking a break from adding movies to its program lineup beginning Monday.

The basic cable station is adding Lifetime Moviebreak, comprised of recent theatrical and made-for-television movies, from 4 to 6 p.m. and from 11 to 1 a.m. (E.T.). Monday through Friday.

"This high quality package of late

1970's and early 1980's titles is a terrific addition to our schedule," said Mary Alice Dwyer-Dobbin, vice president of programming. "It provides our daytime audience of women with a brief change of pace from our self-help and advice programming and allows our evening audience to enjoy some light entertainment following our prime-time call-in talk programming."

Daytime titles will have an emphasis on romance and drama to appeal to the station's loyal female audience, she said. Some of the theatrical films to air during the first week include *Cries and*

A&E plans classics, contemporary music

The Arts & Entertainment network pays tribute this week to classical music with a selection of Beethoven's work, and to contemporary music with documentary on revolutionary musician Pierre Boulez.

International violinist Itzhak Perlman on Thursday plays Beethoven's "Violin Concerto" with the Philadelphia Orchestra conducted by Carlo Maria Giulini.

Perlman's performance is a North American premiere on the network, and highlights a month of special Beethoven performances on A&E.

On Friday and Saturday, the network will show *Boulez Now*, a portrait of the musician who changed public taste and overruled the conventional expectations of concert-goers worldwide.

The documentary, made in collaboration with Boulez, takes a retrospective look at the last 16 years of his career, which were marked by innovation and controversy.

Liza Minnelli to make dramatic TV movie debut

Oscar and Tony Award winner Liza Minnelli will make her television movie debut in NBC's *Intensive Care*, a fact-based drama that begins production in Montreal this week.

Minnelli will play Mary-Lou Weisman, the woman who wrote the hard-hitting book *Intensive Care*, about her real-life attempt to cope with the physical and emotional trauma of watching her young son slowly die of a fatal disease.

Initially clinging to the hope of a

miraculous cure, the strong-willed, sensitive woman eventually faced the truth and chose to make each remaining day with her son a precious time to be cherished.

Intensive Care will be broadcast on NBC during the 1985-86 season.

Crossword Puzzle

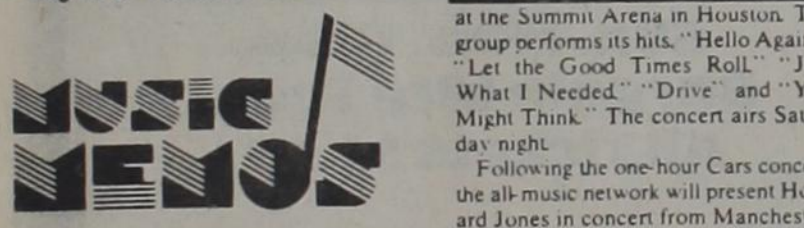

By Mary Ann Townsend

Crossword Quiz
This 1964-65 prime time series, which focused on the lives of the people in a town by the same name, made a brief comeback earlier this year as a made-for-TV movie.

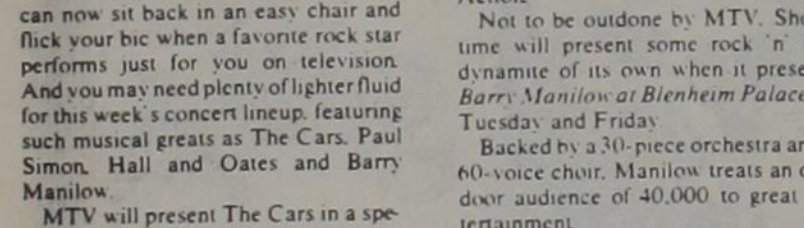

The answer to the 'Crossword Quiz' is found within the answers in the puzzle. To find the answer, unscramble the letters noted with asterisks within the puzzle.

JURGEN PROCHNOW stars in Das Boot, a modern day war epic that captures the excitement and horror of life in a German U Boat during World War II. Das Boot premieres Tuesday, Aug. 13 on the Movie Channel.

JEAN STAPLETON and Jennifer Beals star in Shelley Duvall's Faerie Tale Theatre: Cinderella, premiering Wednesday, Aug. 14 on Showtime.

Thanks to the cable revolution, you can now sit back in an easy chair and flick your vic when a favorite rock star performs just for you on television. And you may need plenty of lighter fluid for this week's concert lineup, featuring such musical greats as The Cars, Paul Simon, Hall and Oates and Barry Manilow.

MTV will present The Cars in a special concert taped in September, 1984.

KID'S FAIR
A Club Just for Kids
By Mary Ann Townsend

Utterances such as Blabberbuzzin or Mysterious may be the first sounds garbled from a groggy grown-up first thing in the morning after a restless night's sleep. But to kids who watch the USA Network, these words have real meaning.

These kids are watching the USA Network Kids Club, a televised forum for children to express their own thoughts and ideas, as well as learn what their peers all across the country are thinking and doing.

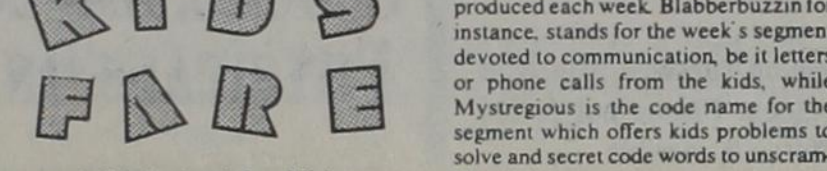

The USA Network Kids Club, short segments produced by the USA Network from ideas sent in by the children who watch, is geared toward informing and entertaining kids between 6 and 11 years of age, although kids from 4 to 13 years old have generated ideas for the shows.

The code words Blabberbuzzin and Mysterious have come a long way since his days as a commercial jingle writer. Watch for him in his first acting role later this year when he appears in the movie version of his popular song of a few years back, "Copacabana."

HBO debuts the Hall and Oates Liberty Concert this Saturday, with the rock 'n' soul duo performing a scorching salute to America, New York and the Lady Liberty, from New York, Hall and Oates perform their old hits as well as tunes from their latest album, Big Bam Boom.

Last but not least, Cinemax on Tuesday will cable-cast Paul Simon's Hearts and Bones, a half-hour special in which the music legend talks about his music and career, and performs selections from his album, Hearts and Bones, including a tribute to Beatle John Lennon, "The Late Great Johnny Ace."

Spotlights and Sidelights

CHILD ABUSE

Decisions To Make

"An ounce of prevention is worth a pound of cure."

No matter how true the old adages may be nor how well they might work, there are times when they aren't given much of a chance.

By 1979 the Texas Department of Human Resources had to set guidelines on which cases of child abuse should be developed first.

Prevention went out of the picture when situations considered at high risk of abuse and neglect were tabbed "Priority 3." That means such reports are investigated "as time permits."

It is not my intention to belittle Priority 1 cases—children in life-endangering situations—nor Priority 2—children in safety or health endangering situations. These reports are in the "must" category.

However, I must climb upon my soapbox long enough to say I think it is a sorry state of affairs that doesn't rate more highly the prevention of endangering situations.

By no reasoning can this mess be the fault of the DHR workers. Since 1977 funding limitations erased 21% of the Child Protective Workers from the picture while suspected-abuse reports rose 65%.

Does that make any kind of sense? It is time to write your congressman! Take my soapbox...I'll find another.

In the packet of materials distributed by the Texas DHR and from which I am gloomily gleaning all this depressing information, there are described indications of physical abuse for which you should look when deciding whether you have come upon a case of child abuse or neglect.

Unless you are of the medical persuasion, "metaphyseal fractures, epiphyseal separation, periosteal elevation and spiral fractures" are going to be of little help in identifying abuse. Try "twisting and pull." Ring a bell? Yes, yanking youngsters around can result in any or all of the above.

Jerking children or carrying one dangling by an arm can result in permanent damage, but it may take a doctor to say so.

Neither can a lay person identify "duodenal hematomas, peritonitis, or retinal hemorrhages." But bruises and welts show. Burns are hard to hide, as are cuts.

The kinds of injuries indicate whether they follow a pattern and especially is it obvious if new injuries are on top of old. Either one means trouble.

Rope burns—no, not only animals are tied—and some burns that are inflicted by "accidentally" putting a child into water that scalds it, burns that change skin tone and texture, cigarette

burns...any kind of burn is suspect. The attitude of the adult responsible for the burned child could be the deciding factor in whether to report suspected abuse or not.

It is difficult to imagine the mentality that enjoys cruelty or the apathy that condones it.

This is not to say that I have not applied the board of education to the seat of the problem. But three whacks with a ping-pong paddle on a covered bottom do not equate with belt buckles, iron cords, and/or coat hangers used in indiscriminately beating on what ever part of the anatomy is handy.

Neglect can wear many guises, from diaper rash to abandonment. It varies from temporary to chronic and poses distinctions to check before reporting neglect.

One may be seeing poverty rather than willful neglect. Both situations need to be resolved for the sake of the child, but the approach is different for the sake of the parent.

People do have different cultural expectations and values as well as different child rearing practices. These differences may be respected to the point that the physical and mental health of the child are unimpaired. When that point is reached, a passive observer must become active.

Children are everybody's business. (I'm not through with this topic.)

At the time of Luther Burbank's death there were a great number of varieties of new kinds of fruits and flowers which the great experimenter had developed and never introduced to the public. Included were 120 types of plums, 18 varieties of peaches, 28 varieties of apples, 500 hybrid roses, 30 cherries, 34 pears, 52 gladiolus, and many others.

Luther Burbank, "The Edison of Horticulture" Luther Burbank was born in 1849 and during his working life (1873-1926) he probably contributed or introduced more plants than any other single American in our history. Many of his productions have been of great importance past and present.

In 1893, Luther Burbank, who was to become known to every schoolboy as "The Plant Wizard," published a little catalogue called "New Creations." Burbank had not reached the height of his fame, but he was attracting attention. Some hailed him as a genius, others, including some scientist, questioned his results. Still others were shocked that he would "dare to interfere with the handiwork of God."

During the following years a great number of famous Burbank fruits and plants were purchased and introduced by the Stark Brothers. The effect of Burbank's achievements on the national economy is impossible to estimate, but a good example can be found in plums alone, a fruit in which he made some of his most valuable contributions. Twenty of the varieties he developed are widely planted throughout the United States and other countries. Ten of the numbers are standard shipping varieties where ever plums are grown for marketing. In California alone, they form major industry with some 2,000,000 trees producing thousands of carloads of fruit annually.

King Alfred of Belgium and Professor Hugo de Vries, a noted botanist of Holland were just a few of the hundreds of Burbank's world famous visitors and friends which included Kings, Queens, Presidents, Horticulturists, writers, and world leaders in science, art, industry, and government.

The combined creative genius of three close friends has made great strides for the benefit and enjoyment of mankind; Thomas Edison, "Wizard of electricity and mechanics;" Luther Burbank, Genius of horticulture; and Henry Ford, who was noted for revolutionizing automotive transportation.

The "Burbank July Elberta Freestone Peach" is acclaimed as the "Best of All". Many people know of and grow the Burbank Shasta Daisy. The Gold Medal of the Pan-American exposition was awarded Luther Burbank as well as the achieve-

EHS Student Cited For Excellence

Becky Bullock, a junior at Eastland High School, was awarded a certificate for outstanding achievement at the Texas Tech Band Camp on July 26. The award was given by KAPPA KAPPA PSI and TAU BETA SIGMA, a national honorary band fraternity and sorority.

The camp, which ran from July 14 thru July 26, was the 52nd annual Tech Band Camp. This years Enrollment was 941, with students coming from as far as Quito, Ecuador and Lincolnshire, England. The faculty included members of the Texas Tech Music Department, band directors and musicians from around the state of Texas, one musician from West Virginia, and Dale Underwood, lead alto saxophonist for the U.S. Navy Band out of Washington, D.C.

The students, ranging from 7th grade thru college freshmen, were placed in one of twelve bands, with the first band being the most accomplished musicians. Miss Bullock made first chair flute, second band. From the 1984 camp, 6 members of the first band flute section made

the All State Band.

The camp had many fun activities as well as music classes and band rehearsals. Activities included a banquet, 4 dances, swimming at the Tech Aquatic Center, a talent show, faculty recitals, video movies, a softball game between the student officers and quartermasters, and exciting student assemblies every morning. There was also a trip to the South Plains Mall via city bus on Saturday, July 20. Bands three thru six gave concerts on Saturday, July 20. The first and second bands gave concerts on Sunday, July 21. The six jazz ensembles gave concerts on Thursday, July 25, and all bands gave concerts on Friday, July 26.

Miss Bullock made all District, All Region, and All Area Bands her freshman and sophomore years, and feels that with the help of this band camp she may be able to do even better her junior and senior year. Becky is the daughter of Earl and Carol Bullock of Eastland.

CofC Expects To Approve Employment Of Manager

The Chamber of Commerce's board of directors is expected to approve the employment of a manager "and we'll get on with the task of seeking better things for Cisco," CofC President Bill Austin, Jr., told the Cisco Lions Club in a talk last Wednesday noon at their

weekly luncheon. Mr. Austin reported that a CofC committee has completed interviewing a dozen prospective managers and will be ready for a recommendation at the board's monthly meeting Tuesday. The manager's post has been vacant since the resignation

of Ron Scheuren became effective some two weeks ago. There are some positive signs on the horizon, Mr. Austin said. He summarized recent efforts of CofC workers, including:

1. Thrift Mart, local super market, has announced plans for a 22,000 square foot expansion of their store to increase their ability to serve the community.
2. Radio Shack has opened an outlet in Cisco after officials contacted the CofC for help.
3. The industrial committee is at work on preparing a list of available properties, buildings, lots and facilities.
4. The Mobley Hilton project is off the ground.
5. Two parties are looking at the Laguna Hotel with the view of purchasing it for remodeling into a combina-

tion apartment complex and hotel for overnights.

6. Committees are seeking help and ideas in developing recreational facilities at Lake Cisco and in encouraging the updating of buildings in the downtown area.

Mr. Austin said Cisco's biggest needs at this time are (1) to educate people of the need for shopping at home whenever possible and (2) to create jobs and opportunities that will attract people and keep young people in Cisco.

soring projects for community betterment. The club received the CofC's annual "over-due" award at the annual banquet last spring for

its community work over the years.

"We're being looked at by folks every day," Mr. Austin said. "Let's all make it our

business to see that the picture folks see is a good one."

Mr. Austin was introduced by Lion E.L. Jackson, program chairman.

President Jerry McBeth announced that the Lions

Club board of directors would hold a breakfast meeting at the Colony at 7 a.m. Tuesday. Guests at the luncheon included Mrs. Sutton Crofts and Detreich Odom.

Cemetery Assoc.

Treasurer Resigns

BY Louise Allison
Miss Louise Karkalits, Treasurer of the Endowment and Memorial Fund for the Cisco Cemetery Association, has resigned this position which she has held since her election at the organizational meeting of the Association in April, 1976.

Submitted with regret, her resignation was accepted by the Board of Trustees with equal regret, and a knowledge of confidence and praise for the manner in which Miss Karkalits handled her responsibilities and contributions to the cemetery perpetual care program.

Mrs. Louise Cooper, long time secretary for the law firm of Bill Wright, has accepted the Treasurer's position and was elected as a member of the Board of Trustees.

Miss Karkalits sustained injuries in a fall last May

which required hip surgery, and long convalescence.

In submitting her resignation, Miss Karkalits said she felt honored to have been elected Treasurer at the first meeting of some 50 people to organize the Cemetery Association, and recalled that her nomination was made by Mrs. George Fee. She said she also felt honored to participate in the progress of the Association and its goal of continued care of the Oakwood Cemetery.

As holder of the only Treasurer position provided in the beginning, Miss Karkalits' responsibilities covered acceptance of donations to the endowment fund, memorials, deposits, expense withdrawals, and all financial records incidental to these transactions, plus records and acknowledgments to donors and other paperwork.

Six months after organization, when the endowment fund reached \$30,000, it was obvious that a second Treasurer position was required for handling operational expenses of labor, equipment, etc. Mrs. Trixie Whately, already a member of the Board, was elected to this position which she continued to hold, along with the position of Secretary.

It is with expression of highest appreciation for her assistance and contribution that the Cemetery Association extends a "Thank You" and hope for good health to Miss Karkalits, and an expression of confidence and support to the new Treasurer, Mrs. Louise Cooper.

Superintendent Discusses Laws

Supt. Ray Saunders of the Cisco Public Schools discussed new laws affecting the state's school systems in a talk at the weekly luncheon of the Cisco Rotary Club last Thursday noon at the Colony Restaurant.

While considerable controversy has been generated by the new regulations, including tests for teachers and a requirement that students must have passing grades in all subjects to be eligible for participation in sports and other activities, Mr. Saunders felt that there "is a lot of good" in them.

As time goes on and school systems learn to live with the new rules and regulations, Mr. Saunders believes that the initial shock will become less bothersome.

Some of the state's smaller schools may find it difficult to keep operating under the new tax base plan, Mr. Saunders observed. This could cause a few of the smaller schools to close and

consolidate each year.

The local school situation "looks good," the new superintendent told the club. Plans for a building program to upgrade facilities for primary and intermediate schools are expected to begin moving forward during August, he added. An architect is due to submit plans and specifications for board approval this month.

"My office door is always open and I welcome anyone who would like to talk about any phase of our educational program," Mr. Saunders said.

Rotarian Billy Wright was the program chairman and introduced the speaker.

The Rev. Otto Urban, new Lutheran minister, was initiated as a new club member. Dr. Kenneth E. Breeze, pastor of First Christian Church, was introduced as a prospective new member to be inducted this month.

Dr. Henry E. McCullough, club president, presided.

A NEW SUPPLY of the "Please Call Police" signs has been received by the E.L. Graham Memorial Hospital Auxiliary and they'll be on sale during the coming week at their gift shop at the hospital. The signs, you know, are for posting in the back window of your car if you should have a highway emergency. The signs are \$4 each and fold into a small package for your car's glove compartment. The gift shop will be open beginning Monday. If no one is there, the lady on duty at the information desk at the hospital will be able to sell you a sign.

GLAD TO HEAR that Mrs. Wilma Waters of Cisco, patient at Granbury Hospital, has been moved from ICU to a private room and is reported to be improved. Mrs. Ivan Webb and children are visiting with her parents up in Massachusetts for a few days. The Rev. William C. Weeks, Presbyterian minister, will preach for the Sunday evening service for First Christian, First United Methodist and First Presbyterian Churches at the Christian church. A group of Methodist young people plans to leave Sunday, Aug. 4, for a two day outing at New Braunfels. Adult leaders for the trip include Don and Pat Wallace, Wesley and Evelyn Valek, Jackie and Linda Witt, Bill and Sarah Hounshell and Lloyd McGrew. Leslie Covert and Russ Williams of FUMC will attend a Methodist Jurisdictional Training Conference in Oklahoma City Aug. 5-9.

THERE'S NOTHING to compare with a fire for playing havoc with everything in a house. Those who viewed the yards, front and back, at the Archie Charness home last Wednesday morning will agree with that statement. Both yards were literally full of a big assortment of things that friends and neighbors helped salvage from the home after fire broke out around 7:30 p.m. Tuesday. When we looked in Wednesday, several ladies were seated on the ground amid the things, cleaning water from pictures and the like. It was a sad sight, indeed.

Mr. Charness said they would probably take most of the things to his building on West 5th Street near King Insurance for storage. The family will live in the small house on the back of the property for the present.

INTERESTING, indeed, is the front display window at Dean Drug Co. They've got a big collection of bottles and packages of medicines and remedies from the early days of the store. The bottles and probably their contents are collector's items.

Dean Drug is one of the community's oldest business organizations.

DUE HOME THIS weekend after a vacation trip to the Dominican Republic are the Mike Andersons and daughters Shannon and Ami and the Bobby Smiths and daughter Christ and son Robert. They flew out for a vacation there last weekend. The Bob Hammetts and Mrs. Austin Flint of Big D were due in town this Saturday for a weekend visit with old friends. The Dr. Joe Stameys of Abilene spent several days this past week in Cisco with his dad, O.L. Stamey.

CJC BAND Director Tim Jones spent last Monday, Tuesday and Wednesday in San Antonio attending a state convention of band directors. Prof. Wyley Peebles of the CJC music department went to San Antonio on Thursday for the annual state music convention there Friday, Saturday and Sunday. Understand the Flea Market out on Highway 80 last weekend was a pretty good success.

DR. NANCY Cluck of Big D came to town Thursday and she and her mother, Mrs. R.N. Cluck, went to Burnett to meet their son and brother, Dr. Bobby Cluck, and wife to visit the two children of the Dr. Clucks who were attending a camp for youngsters. There's a golf tournament for junior boys, ages 11 to 17,

at Breckenridge on Monday. Local boys have been invited to participate. Recent rains have done wonders for the fairways at the Cisco Country Club golf course.

DROVE DOWN south to the Conrad Schaefer place the other day to buy a watermelon and some cantaloupes and found Mr. CS and his wife Olive in good spirits. They have a good crop of melons. Their pecan trees have super prospects as do other pecan trees in this region.

The peanut fields look nice and green. Another good rain in a couple of weeks would assure peanut farms of a bumper crop, we were told.

SEE BY THE Abilene newspaper that two Cisco youths, Josh Potter and Joe Perry, who are CJC footballers, were in a minor auto mishap east of Abilene on I-20 last Wednesday. Josh was driving a pickup and lost control and hit a concrete post. Their injuries were minor. Mrs. Don Whitaker of Big D and her daughter, Susan, who teaches school at Snyder, visited their mother and grandmother, Mrs. Lois Whitaker, in Cisco last Wednesday. You're invited to see Mrs. Johnnie Cheshire's paintings on display during August at the First National Bank. Mrs. JC took lessons from Artist Macie Hyatt, formerly of here who is one of the best artists our town ever had, and her paintings have some of the same kind of realism that you saw in the Hyatt work.

ACCORDING TO the schedule for August, Lions Club program chairman for the coming month are as follows: Aug. 7, Dr. E.E. Ady; Aug. 14, Walter Knowlton; Aug. 21, Rick Whaley; and Aug. 28, Olin Odom. Mrs. Cheshire has been painting for about 10 years. She took art lessons from Macie Hyatt of Las Cruces, New Mexico and formerly of Cisco, whose work has been acclaimed for its realism and detail. Mrs. Cheshire's work reflects the Hyatt training.

Paul Brown To Be Recognized Monday

Paul Brown, Eastland County Extension Agent, will be recognized for his outstanding work with the Eastland County 4-H program at the annual meeting of the Texas County Agricultural Agents Association in Austin Monday, August 5. Brown and thirteen other agents from Texas will receive the New Agents Recognition Award at a noon luncheon in the Wyndham Hotel.

The award is given annually to deserving and qualified agents with less than three years of service who have been judged by their peers to have made the most outstanding contribution to the Extension program. Each of the fourteen districts may select only one agent each year for the award. Brown was selected from the nineteen county district in Central Texas.

DeMarquis Gordon, Eastland County Extension Agent, said Brown had helped to expand the 4-H program in Eastland County by offering new educational opportunities and programs for youth in Eastland County. He has increased total involvement of both 4-H members and adult leaders in the county programs. He is one of the outstanding new agents in the state says Gordon.

Brown has been Extension Agent in Eastland County since September 1, 1984. He and his wife Traci are the parents of one year old daughter, Randa. A 1984 graduate of Tarleton State University, Brown is taking graduate courses in pursuit of a Masters Degree at Tarleton University.

Some boys came onto an abandoned railroad track. Each one tried to walk the rails but lost his balance and fell.
One whispered something to his friend and announced, "We can walk the rails without falling."
"Prove it!" shouted the others.
Jumping on opposite rails, and holding hands to balance each other, they walked the entire length successfully.
A church in Philippi was having trouble. Two prominent members were not able to walk the rails of life without falling.

They were ruining their own happiness, spoiling the church's gladness, and adding to the devil's joy.
St. Paul wrote pleadingly and prayerfully, "Help those women which labored with me in the gospel, with Clement also, and with my other fellowlabourers, whose names are in the book of life." They did, and there was victory.
A willing helper does not need to be called to help. Since the Lord has reached out His hand to help me, I am going to reach out my hand to help others. Won't you?

THESE
IMPORTANT
TIPS...

YOU AUTO KNOW

In New York State, drivers and front-seat passengers found not wearing seat belts may be fined up to \$50.

If your car won't start—and you've already checked that you have gasoline and that the battery is okay, try jiggling the gear shift in Park and then in Neutral. The problem may be a malfunctioning neutral safety switch.

How hot does your car get? Anti-freeze at temperatures over 200° travels under pressure through cooling system hoses. No wonder so many hoses fail. Test by squeezing carefully to check for "mushy" areas. If one hose is bad, replace both just to be sure.

If the driver in front of you is straddling lanes, weaving across the road, and taking turns wide, he may be drunk.

Protect your car. Effective theft deterrent slows down a car thief so he can't finish the job before he's spotted—or convinces him not to try at all.

Nineteen oil and gas operators were fined a total of \$51,000 Monday by the Railroad Commission for violations of RRC pollution and well plugging rules.

The largest penalty, \$6,000, was assessed to Coursey Energy Co. of Dallas for failure to plug three wells on the Mayfield lease, Brown County, since October of 1982. Company representatives made no appearances at a Commission-called hearing on the matter. Commission rules require wells to be plugged within 90 days after they become inactive.

Other operators also failed to appear at Commission-called hearings on plugging violations and were fined Monday for the violations. They included Lyles Energy Inc. of Ore City, \$3,000, Wright lease, Eastland County; and Louisiana Crude Oil & Gas Co., Inc., New Orleans, La., \$3,000, Kinsey-Wilson lease, Eastland County.

The Robber Bridegroom

"The Robber Bridegroom", a musical, with book and lyrics by Alfred Uhry and music by Robert Waldman, is adapted from a novella by Eudora Welty. This production will be final offering of the 1985 professional summer season at the Roof Garden Theatre in Cisco. The show will run August 1-3 and 5-10.

"The Robber Bridegroom" is a delightful musical, with toe-tapping, country music. Set on the Natchez Trace, in and around the town of Rodney, Mississippi, the story concerns Jamie Lockhart, a gentlemen robber and how he manages to win the heart of Rosamund, a wealthy planter's daughter, getting rich in the process. "The Robber Bridegroom" has interesting, eccentric characters, down-home music, and lots of fun.

Tickets are \$12.50 for dinner and show. Dinner time is set at 7:00 p.m. Call (817) 442-2589 for reservations.

Fishing Outdoors

Torry L. Wilson

We would like to invite anyone interested in learning more of our organization. Tournaments coming up include August 4th, Lake Granbury Stephenville Bass Club, \$2500 guaranteed.

August 10th and 11th Lake Stamford Bass and Carp Tournament \$4,000 cash and prizes guaranteed. August 24 and 25 Hubbard Creek \$1100 guaranteed each day. September 15th Lake Leon, Eastland County Bass Club \$1825 guaranteed. September 28 and 29 Amistad Reservoir \$8,000 Periman Bass Club.

LaGRANGE--Fayette Power Project Reservoir near here has been under a magnifying glass ever since it opened for fishing in September 1979.

There are several reasons for the 2,400-acre power plant lake's penchant for publicity, but the primary one may be that it had a full-blown large-mouth bass fishery when opened, and it also was the first lake given a special three bass per day and 16-inch minimum length

limit from the first day it was opened.

The lake, then, became a showcase for what was at that time a new concept in bass management by the Texas Parks and Wildlife Department.

The restrictive limits were established to mitigate the "opening day effect," or wholesale removal of tons of unwary bass in the first few weeks.

Results of the first year's fishing at Fayette bordered on the unbelievable, with anglers catching and retaining approximately 17 tons of bass (11,100 bass weighing 34,700 pounds, for a 3.1-pound average) even with the limits in place.

How has the diminutive reservoir responded to six years of such intensive fishing pressure? "The lake is still full of bass, and it keeps on providing good fishing through it all," said Phil Durocher, the department's inland fisheries management coordinator. "I don't think you could find a better example of the value

of special length limits on bass anywhere in the nation."

Recent creel surveys appear to confirm that fishing is still excellent at Fayette. Biologist Tim Broadbent interviewed fishermen at the boat ramp during nine randomly-selected days from February-April 1985.

Among the findings were a harvest of approximately 1,100 bass of legal size (over 16 inches long) during the five weekend and four week-day periods.

The key statistic, however, might not be that anglers caught 997 keeping-size bass, but that they caught and released 2,796 bass under the 16-inch minimum," Durocher continued.

Department officials are not the only Fayette-watchers who believe the fishing has been excellent in 1985. Gene Ballard, who operates a guide service,

said the spring of 1985 was "the best in years" on the lake. "Fishing methods have had to change since that there is less hydrilla (aquatic weeds) now, and you have to do more structure fishing rather than just fishing the edges of the hydrilla," he noted.

Ballard feels that in spite of the large numbers of bass over 16 inches harvested during the past six years, Fayette still has as many trophy-sized bass as any comparable-sized lake in the state.

Fayette will continue as a showcase lake this Sept. 1, when the length limits again will change. Starting then, anglers will be prohibited from retaining bass between 15 and 21 inches long. All other sizes of bass can be kept, but the three bass per day bag limit will remain in force.

This 15-21 slot also will be in effect at Nacogdoches City Lake at Nacogdoches and

Houston County Lake near Crockett beginning Sept. 1.

Durocher said the slot limit is the next important step in management of Fayette's fishery. "This limit protects the middle-sized predator fish which are able to control populations of other fish," he said. "This tends to keep the entire fishery in balance."

The limit also allows anglers to keep smaller fish, allows more middle-sized fish to grow to quality size, and offer anglers a catch-and-release fishery for the "slot" fish while increasing their chances of catching a true trophy-sized bass.

COL. ADAMS AND TPR. STEEL

DPS Trooper Steele Awarded Medal of Merit

AUSTIN—Texas Department of Public Safety License and Weight Trooper III Acey Van Steel has become only the fourth officer to receive the agency's Medal of Merit.

Trooper Steel, 34, received the honor in recognition of the life and property-saving actions he took on May 24 when a train loaded with volatile chemicals derailed in Eastland, where he is stationed.

The medal was presented to him by DPS Director Colonel Jim Adams in ceremonies July 24 at the DPS headquarters here.

When Trooper Steel arrived at the accident scene, he found that dangerous

chemicals were spilling from overturned railroad cars.

"Trooper Steel took immediate charge of the accident scene," Adams said. "Because of his ability to recognize and identify the hazardous materials involved, he was able to direct operations in a manner so as to prevent further violent chemical explosions, probable loss of human life, and extension property damage."

The trooper, an 11-year veteran of the DPS, directed evacuation action, established a command post, and through other assistance, played a major role in controlling a potentially

disastrous situation, Adams said.

"His outstanding performance and dedication to duty reflects the highest credit on him, the Department of Public Safety and the State of Texas," Adams said.

The Medal of Merit is one of two medals occasionally awarded by the DPS to its officers. The highest honor is the Medal of Valor, awarded only once since the medal program began in January 1982.

Steel was presented the medal, a uniform breast bar and a lapel pin, along with a check provided by the Texas Public Safety Foundation.

A native of Abilene, Steel has a BS in Law Enforcement from Hardin-Simmons University. He joined the DPS as a trainee on September 26, 1973, and was commissioned as a Highway Patrol trooper on February 1, 1974. He transferred to the License and Weight Service in 1980, and has been stationed in Eastland since September 1, 1983.
