## Boat Sailing Across Gulf For Rockport

Two men from Key Allegro and San Antonio are members of a seven-man crew aboard Jan II, 41-foot sloop sailing across the Gulf of Mexico and headed for Rockport.

The local men are Capt. Wilbur Schoenfeld and George R. Stannus. Another member of the crew is John Holmgren of Corpus Christi.

The sailboat left St. Petersburg, Fla., Sunday morning at 9:05 a.m. The crewmen predicted they would arrive at Key Allegro in approximately 5 1/2 days.

Mrs. Stannus said she heard from her husband by radio communication Monday and he reported "everything is fine and we now are directly south of New Orleans." She said her husband said it was about 900 miles across the gulf, "or did he say 800?"

The sloop, of course, is equipped with a powerful diesel engine which the crew hope and expect not to use.

The City Council voted Monday night to call an election for Apr. 18 to authorize the issuance of \$125,000 in sanitary sewer revenue bonds.

Recently the city received the offer of a federal grant of \$315,000 from the Housing and Urban Development Agency. To take advantage of part of this grant authorized for sanitary sewers, the city needs the approval of the citizens for issuance of the \$125,000 bonds.

Originally, the city had planned to use the existing authorized but unsold water bonds for this purpose. However, Mayor Delmar R. Hiller explained that the scope of the project has changed as a result of the water line extensions to be provided by the Aransas County Conservation and Reclamation District.

The project now contemplated, Hiller said, involved all sanitary sewer work, allowing for extension of service in the northwest area of the city, the replacement of old lines, and providing needed increased capacity in main lines running into the sewage treatment plant.

The City Council is preparing a more detailed explanation to be mailed to qualified voters. It is estimated there are 450 qualified voters who meet the requirements to vote in this election: 1) they have been registered to vote, 2) they own property within the city limits, and 3) they have been residents for six months or longer.

Voting will take place in the city hall from 8 a.m. to 7 p.m. on Friday, Apr. 18. The last day for absentee voting will be Apr. 14.

## Explosion on Boat, No One Injured

Two girls, Leith's daughter and her college room-mate, were aboard the boat when the explosion occurred but neither was injured. They both dived into the 80-foot canal and swam to shore.

It was reported that a leak in the gas line caused the explosion and fire which badly damaged the boat. James Fox of the Key Allegro Marina hopped in a boat equipped with a fire extinguisher, hurried to the scene of the explosion and succeeded in putting out the fire.

### Skin Cancer Program Set

A program on Cancer of the Skin will be presented to the Nueces County Medical Society, April 9 at 7 p.m., at the Corpus Christi Country Club, 6300 Everhart, Corpus Christi.

Led and moderated by Everett C. Fox, M.D., Consulting Dermatologist for Baylor University, Methodist and Medical Arts Hospitals, Dallas, the panel will include E. Frank Dunton, M.D., Helmut A. Mueller, M.D. and Richard C. Schaffer, M.D.

In a unique format developed by the Texas Division of the American Cancer Society, the Traveling Speaker Teams consist of leading physicians from Texas medical schools and hospitals. This is the fifth year that the American Cancer Society has sponsored teams to visit meetings of county medical societies. Subjects discussed by earlier panel members were Oral Cancer, Colon-Rectum Cancer, Female Genital Tract Cancer and Breast Cancer.

Richard C. Schaffer, M.D., Associate Pathologist, All Saints and Cook Children's Hospitals, Fort Worth, will center his discussion at this meeting on "Importance of Biopsy and Tissue Evaluation."

E. Frank Dunton, M.D., Assistant Clinical Professor, Department of Plastic Surgery, University of Texas Southwestern Medical School, Dallas, will cover "Effective Surgical Measures for Skin Cancer and Reconstructive

The program will be one of vital concern to most physicians, the American Cancer Society has predicted, because there are approximately 110,000 new cases of skin cancer reported each year. The 5,000 yearly mortalities from this disease are largely preventable through early diagnosis and treatment. Texas ranks third in the United States in the number of cases of skin cancer.

In addition to the concentrated panel discussions, the American Cancer Society sponsors education for the medical profession through films, exhibits, and lectures at medical meetings. Including 21 tumor clinics and 15 clinical research fellowships in Texas, the total Professional Education Program annually costs more than \$250,000 of funds raised by volunteers in Texas.

### Mrs. Brymer Attends Library Conference

Mrs. O. W. Brymer, librarian of Aransas County Library, attended the 56th Conference of Texas Library Association March 27, 28, 29 in Houston. The Pre-Conference Institutes were held on March 26 in the Convention Center. The theme, Cooperation, Information and Reference Services, was set forth at the reference round table with Maxine Johnston presiding; 288 librarians registered.

On Thursday the second Texas conference on library automation here, acquisitions round table was opened. The program, with Jean H. Branch, chairman, presiding, presented automation of serials, automation acquisitions. This was a very informative and "speedy" operation, not geared for small libraries, something to really look forward to. Visiting the 196 exhibits was on the agenda each day from 8 to 5 and was most worthwhile and rewarding in knowledge gained.

The first general session in beautiful Jones Hall of Albert Thomas Convention Center (where all meetings were held) opened promptly at 8 p.m. Presiding was Sam G. Whitten, Associate Professor, Graduate School of Library Science, University of Texas; also President of the Texas Library Association.

"Library cause in a city requires the support of the mayor and other governing members of the city and county boards," stated Professor Whitten as he introduced the Honorable Louis Welch, mayor, City of Houston.

He gave a most welcome address stating that every city requires a cultural building of the soul as well as sewers, streets and bridges. The library serves a part of this culture. He told of being in a hospital and dreaming of receiving a notice that the city council passed a resolution (5 to 3) to wish him a speedy recovery. It seemed that he finally did go to a hospital and received a get-well notice to the effect that a resolution was submitted, but died for want of a second.

He introduced the speaker Dr. Max Lerner, noted author, editor, educator and syndicated newspaper columnist. His thesis was that America is not necessarily reactionary nor degenerative, but revolutionary in the sense of there being accelerated changes of ing accelerated changes of pace and explosions of energy.

The 45-minute address was filled with jewels of information and inspiration gleaned from a full life dedicated to learning and serving his fellowman. He explained America in one word: Access.

"We are free, but equal in potential; our equality is our right to appropriate all we can from equal accessibility."

"The saddest symbol of cultural poverty is the child who is never exposed to books or the joy of reading. He sees us not as a sick society, but a tragic society with sick people in it."

In closing, Dr. Lerner stressed that each person has a sense of isolation and estrangement. "We are engaged in possibilities of communication with creatures in outer space; we must first learn to communicate with each other," he said.

Friday began with Young Adult Round Table-Breakfast. Marilyn Sibley, author of Port of Houston Travelers in Texas, 1761-1860, presented interesting and amusing excerpts from Travelers in Texas.

At the "Friends of Texas Libraries Luncheon," Marguerite Johnson, journalist, author, columnist of the Houston Post, addressed the group. She spoke of events in her book Happy Worldly Abode. Contrary to the beliefs of East Coast people in pioneer days that Texas was a "way out place of few inhabitants, in 1836. Houston was a city of 500 people within the first three month of its growth.

Colonel Robert E. Lee was responsible for the camels being brought to Texas from Africa and were placed in the San Antonio area. By 1911 the trip to Galveston from Houston could be made in 50 minutes. "Can you do any better now?" She asked.

### Mark Lang Wins Trip To Intl. Science Fair

Mark Lang, son of the Rev. and Mrs. Cecil H. Lang, Jr., has won the right to compete in the Science Fair International which will be held in Ft. Worth, May 5-9.

Lang, a senior at Rockport-Fulton High School, won this opportunity by winning for the third successive time the grand award in the Regional Science Fair at El Campo sponsored jointly by the El Campo Jaycees and the El Campo Independent School District. In addition to the grand award he also won first in the physics division. He is the only student to win the regional grand award three times in a row.

Mark's brother, David Lang, won second place in the 8th grade biological competition.

Mark's exhibit is called "The Digital Computer—an Original Study." Starting from scratch and working over 2,100 hours in four years, he built a complete, small computer which demonstrates the principles of a computer.

He engineered the circuits, ordered the hardware and other components and built the complicated device. This year, by using a drum "memory" from a 25-year-old machine, he updated his creation so that it will function as part of the entire unit.

The old drum "memory" was the tube type, but young Lang designed a new circuit to make it operate with transistors rather than tubes.

### Letter to the Editor

March 21, 1969  
Last Monday it was my privilege to represent the Chamber of Commerce at the final tourist party of the winter season given by the Woman's Club of Aransas County, to express to the visitors how happy we are that they chose the Rockport-Fulton area for their winter vacation this year. These winter visitors are mighty important to this area and we appreciate them. We hope they will all return next fall and bring their friends.

When they do, they will no doubt be influenced in large measure by the fine hospitality they have found at the Woman's Club where a group of dedicated ladies demonstrate the kind of community spirit any Chamber of Commerce should be proud of . . . and we are

Month after month, year after year, these ladies plan regular bridge parties and other game parties, provide delicious homemade refreshments, and in general make these visitors feel welcome and wanted. And behind the scenes there is the practical aspect of providing funds for maintenance of the building and grounds, paying the property taxes, insurance, utilities, etc., which is no small accomplishment. They are entirely self-supporting, drawing no funds from any municipal source. Several members have been faithfully supporting this activity for more than 20 years and it was good to see any number of others taking part who have more recently chosen this area as home.

It was interesting to learn that at a recent afternoon bridge party this club entertained 70 visiting ladies representing 19 states. The Woman's Club of Aransas County fills a vital need here, is a real asset to this community, and I for one, would like to recognize the fine work they are doing.

Sincerely,  
Juanita Wagley, president,  
Rockport Chamber of Commerce.

John Marks registered two singles in four trips for St. Joseph's and Jimmy Rossett tripled for the winners.

Charlie Nava led the Rockport attack with two singles and brought in both runs for the Pirates.

Roy Rogero, Jr., student at Sam Houston State College, Huntsville, arrived Tuesday afternoon to spend the holidays with his parents, Mr. and Mrs. Roy Rogero, Sr.

### Junior High Wins Again

For the third time this year the 8th grade track team has brought home team honors. On Friday night they captured the team honors at Woodsboro with a tremendous 138-point total score and easily outlined runnerup Woodsboro.

The seventh grade team finished in third place but they showed promise of things to come when they won both the 440-yard relay and 1320-yard relay.

Both the 7th and 8th grade teams will travel to Calallen on Apr. 11 for the Calallen Relays. This is the last meet before the district meet at Taft on April 18.

### CUB SCOUTS

Brownie Troop 431  
We met at the Girl Scout Little House and had flag ceremony outside. We had roll call and dues and played some games. Then we had refreshments. We went out back and learned how to build, light and put out a fire. The leader lit the fire but we helped to test to see that it was out and covered right. Then we had closing and some of us played games and had races until our mothers came.

## REAL ESTATE

Incorporated

**John A. Lewis, President**

**Lois Townsend Gurley, Office Manager**

Aransas County is enjoying a mild real estate boom. In the past 90 days Security has sold, among other properties, three parcels of unimproved land on Highway 35, ranging in price from \$3,000.00 to \$8,000.00 an acre. These parcels of land have been on the market for several years, and locally the thought has been that the price was too high. But the purchasers who have come from Houston, Texas, Arlington, Texas, and Angleton, Texas, and who have made money from real estate sales in those areas consider the prices reasonable. The properties have been bought for development as apartment sites, mobile home sites and for speculation.

Security has the exclusive sale of a nice inventory of property for investment and speculative purposes, including unimproved acreage tracts, potential subdivision tracts, groups of lots in subdivisions already made, acreage tracts suitable for motel, apartment and condominium sites, and waterfront properties both for residential and commercial purposes. If you are interested, we invite you to come by our offices for a conference.

This interest in real estate is partially due to the fact that the Rockport Area is rapidly becoming known as the center of the recreational area of the Texas Gulf Coast arising out of our deluxe motels, our ski basin, our harbor facilities for pleasure boats, and our deluxe recreational subdivisions. Spearheading the activities in the development of a new recreational subdivision is the Canoe Lake Development, where a cool million dollars is being spent on land improvements. This tract of land of approximately 140 acres was bought through Security in 1967.

Security has made money for its customers in the past, and the members of the firm who also have made money for themselves are in a position to advise you on your investments in Aransas County Real Estate. "The proof of the pudding is the eating." Come by to see us.

### Local Man Welcomes Cook Island Into Rotary Membership

THE ROTARIAN, official magazine of Rotary International, published an article in its April issue about the Cook Island becoming Rotary's newest territory.

When Lt. Col. Robert C. Stroot of the local Rotary Club read the article it held special interest for him because Bob served on the islands for almost a year during World War II.

Following is the article, a letter from Stroot to the Rotarotonga Island (one of the Cook Island group), and Bob's thumbnail sketches of four men he knew on the islands: Focus on The Cook Islands

A romantic, balmy, and palmy, the Cook archipelago, Rotary's newest territory, blends almost imperceptibly with others in the South Pacific's dense sea of island dots. Sited some 2,000 miles north-east of New Zealand and 511 miles west of Tahiti, this group of 15 islets was named for Captain James Cook, the 18th-Century English naval explorer, cartographer, mathematician, and astronomer. He happened upon them in 1778 while en route to "discover" Hawaii, where—unfortunately—he was killed by natives after his men had kidnapped their king. (Hawaii, by the way, was first found in 1555 by a Spanish sailor, but kept a

secret by Philip II and forgotten!)

Covering 93 square miles of land, the Cook Islands vary in size from 16,472 acres to 300 acres. The seven northerly coral atolls, while the southern group of eight, elevated and fertile, includes Rarotonga, the largest island in size and population, and the group's administrative seat. Except on Rarotonga, streams and wells are so rare that water must be preserved. Destructive hurricanes sometimes occur in the area.

A British protectorate since 1888, with New Zealand remaining responsible for external affairs and defense. Most of the 22,000 residents are of Polynesian descent, close in language and culture to the Maoris of New Zealand, and, like them, converts to Christianity. The sports-loving islanders' favorite games are rugby and cricket, played barefoot.

Aside from pear shell, the islands mostly export agricultural products: citrus fruits and juices, tomatoes, bananas, pineapples, and copra. Freight passenger, and government vessels and aircraft stop at Rarotonga, where both a deep, new harbor and jet airfield are being planned. Inter-island shipping services are provided by small commercial boats. Admitted to RI on February 5, 1969, the Rotary Club of Rarotonga has 27 charter members and meets Wednesdays at noon in the Rarotonga Hotel.

ROTARY CLUB  
Rarotonga Island  
Cook Island Group  
South Pacific  
Gentlemen:

On behalf of the members of the Rockport Texas Rotary Club let me extend congratulations on the formation of your new club and sincere best wishes for success. I read with interest the story of your club in the current issue of "The Rotarian."

You see, I also have a rather keen interest in the Cook Islands, having served during the war on Aitutaki for a bit less than a year, during which time I was afforded an opportunity to visit briefly on Raro. Transportation was naturally aboard

Andy Thompson's "Taie Taporo."

I am inclosing a photo of myself at the helm of our cutter "Solan Goose" (purchased in Scotland) as well as a scene showing the sea view from our front yard. The water is an inlet from the Gulf of Mexico. If you should send along say perhaps a dozen or so color slides of Raro, I would be most happy to send you an equal amount of photos of Rockport. If you will, do inclose a few words with each one and I will present them to our group at the first opportunity.

Please pass my best regards to John Harrington, Andy Thompson, Turka Cameron and Fred Story if he's still about. Again, all the best from all of us here to all of you there and do let us hear from you.

Sincerely,  
Robert C. Stroot, Chairman,  
International Lane.

Andy Thompson was the skipper of the schooner "Taie Taporo" which called about every eight weeks and brought us provisions, all of which was in the can. He is a famous south sea island character and to him and his schooner, Nordorf and Hall dedicated their classic "Mutiny on the Bounty", because the Taie Taporo sails the same seas that the Bounty sailed. In a recent letter from Andy he tells me the schooner was lost off Guadalcanal last year.

John Harrington was an officer with me on Aitutaki (1942) and he hasn't returned home yet. After the war he was assistant to Mr. Stetson (the hat man) (foreign liquidation commissioner) for the South Pacific. He ultimately married a Polynesian girl and now spends his time between the Cook Islands, New Zealand and Hong Kong. He corresponds with me on a regular basis.

Tukura Cameron is a native of Aitutaki and one of the few to get an advanced education. When I was on the island he was a school teacher, later on became head of the school system. He now lives with his family on Rarotonga.

Fred Story was the first mate aboard the Taie Taporo and sailed for many years with Andy Thompson. Fred's par-

ents were both doctors (English) and as a child he had been around the world twice before he was six. Both parents died in the islands while doing medical research and Fred was brought up by a Polynesian family. He was raised as an islander and only later taught himself English and a great many other things. For having no formal education, Fred was perhaps one of the most intelligent persons I have ever met.

### Ladies Lose 244 1/2 Pounds In Month

The Rockport T.O.P.S. Club (take off pounds sensibly) is just entering its third month of existence and new members are joining every week.

The "Queen of the Month" award was won by Mrs. Margaret Floyd with a loss of 18 1/2 pounds. She is the same lady who won the "Queen of the Week" basket of low calorie foods with a week's loss of 5 1/2 pounds.

The total poundage lost last month by the club was 244 1/2 pounds. One member, Mrs. Romaine Ammons, has just received her 30-pound loss star. Several members have already won their 20-pound and 10-pound loss stars.

It is highly probable that in the near future a mornings TOPS club will be organized for the convenience of those members who find the evening attendance inconvenient. Notification of this event will be published as soon as a decision is reached.

Information regarding TOPS may be obtained from the secretary, Mrs. Betty McMeredit, SO 4-6213.

### FEB. SAVINGS BOND SALES \$3,449

During the month of February the sale of United States Savings Bonds and Freedom Shares totaled \$3,449, according to Fred Bracht, chairman of the County Savings Bonds Committee. The January-February sales totaled \$14,197 and this is 24 per cent of the 1969 goal of \$60,000.

Sales in Texas during February totaled \$14,369,901. Year-to-date sales totaled \$33,071,780 which is an increase of 3.9 per cent over sales during 1968.

Nation-wide, total February sales of E and H Bonds and Freedom Shares were \$442 million, slightly above February 1968 sales. The first two months' sales totaled \$866 million, 6.0 per cent below a year earlier.

### ALL FAITHS CHURCH

Rev. Josef Herschkowitz, pastor of All Faiths Church of Lamar will preach Sunday, April 6. Services are held each Sunday at 4 p.m. in the Chapel of the Schoenstatt Sisters of Mary. Visitors are invited.

### Miss Falk Attends U. N. 'School'

Miss Patricia Anne Falk, daughter of Lt. Col. and Mrs. Walter Falk, Jr., a Stephens College junior, attended the Mid-South Model United Nations in Lake Junaluska, N.C., on March 26-30 in preparation for her summer job as a staff member and public relations worker for the International Model Security Council.

She also flew to New York City on March 30-April 3 to meet with persons, such as Hugh Downs of "Today," regarding publicity for the IMSC. Here, she met with the board of CIRUNA (Council on International Relations and United Nations Affairs), which sponsors the IMSC.

Miss Falk's summer job will consist of arranging publicity prior to the IMSC, meeting with the press before and during the IMSC, (July 23-Aug. 2) and keeping informed to answer questions of ambassadors and guests observing the meetings.

Miss Falk attended the Midwest Model United Nations in St. Louis as a delegate for two years. She also served as head delegate in the Texas delegation of Campaign, Mock Republican Convention, at Stephens.

At Stephens, she has been publicity chairman of the Foreign Relations Club; president of Hyattia Hexagon, mathematics honorary; junior representative of the Lower Judicial Council; member of the Young Republicans Club; and received an assistantship in the Business and Retailing Department of the Home and Community Division.

JOHN KINSEY

This and That

General Dwight D. Eisenhower, the 34th President of the United States, visited in the Rockport area in 1950, just two years before being elected the nation's chief executive. He came here as the guest of the late Sid Richardson who owned St. Joseph Island.

While here Eisenhower visited the Rockport School of Fine Arts and Gallery where an art exhibit was in progress under the direction of Simon G. Michael.

Michael recalls that Eisenhower was wearing civilian attire and had sunglasses on, so not every visitor at the exhibit was aware that the general was among those viewing the paintings.

Michael, however, had been introduced to Eisenhower and was very pleased when the visitor commented on the distinguished quality of the art and said he was surprised at the high level of culture he found in a small fishing town.

When Eisenhower returned to his home he took the time to write to Michael, again praising the Rockport School of Fine Arts and Gallery and the paintings, and also the Rockport area itself.

Michael recalls that among his students at that time, many of whom had entries in the exhibit, were:

Paul Cochran, Mrs. M. W. Cochran, Mrs. James Jarboe, James Fox, Robert Shivers, Mitchel Ammons, Neva Jackson, Mrs. Travis Johnson, Mrs. Shirley Johnson, Bonnie Hinton, Helen Albin;

Carolyn Hooper, Charlyne Hunt, Mary Bailey, Iris Sorenson, Judy Collier, Bonnie Townsend, Bobby Chittendon, Verna Ann Haseman, Doris Jean Huffman, Jane Collier, Mary Lucille Jackson, Mary Lou Johnson, Mike Johnson and Dale Barnard.

### Mrs. House Hosts Bridge Club

Mrs. R. E. House entertained the 4H Bridge Club at her home last Friday. Members playing were Mrs. George Dickey of Corpus Christi, Mrs. Jimmy Hunt, Mrs. Frank Lenoir, Mrs. Ed Hall, Mrs. L. G. Wood and two guests, Mrs. Fred Hunt and Miss Mabel Bracht.

Mrs. Jimmy Hunt won high score and Mrs. Dickey second high.

### B&PW Style Show Is Huge Success

The Business and Professional Women's Style Show was a grand success Saturday night. The beautiful models, all home town talent, showed a professional ability in bringing out the best points of the fashions furnished by Mrs. Bona Suttles. One of the models, Miss Alva Henley, gave a double treat; besides modeling, she sang some beautiful songs, accompanied by Mrs. Letitia Massey.

Miss Lola L. Bonner, as commentator, gave an added flair to each style, along with the extra nice organ music played by Ed Bayreax.

A special thanks to Mrs. Tony Harden and the Sandollar for the delicious food, and fast service for more than 200 guests. The Italian Theme was added by the serving of wine furnished by Chris Allen.

For just a few of the thanks due to so many people—to Pepper and Gladys at the "A" Blossom Shop for the gorgeous floral arrangement, Ellis and Frances Clark donating wax for the candleholders, and the Card and Quill for the lovely candles.

It's impossible to express gratitude for the publicity given by The Rockport Pilot, which helped so much towards the success of this project, and the generosity of our merchants for the great door prizes. Those donating prizes were:

The Sea Shell Shoppe, The Carousel, The Hobby Workshop, The Sun Fun Shop, Leona and Jerry's Beauty Shop, The Hidden Treasures, Mary's Package Store, Melody Beauty Salon, Kline's Cafe, Lettie's, Roe's Food Store, Key Allegro Development and Sales, "A" Blossom Shop, The Sandollar;

The First National Bank, J. M. Sparks Dry Goods, Ankele's Hardware, Western Auto Store, Townsend's Merle Norman Studio, Johnson Drug Store, Peninsula Oaks, Mary's Beauty Shop, Mitchell's Jewelry, S & M Photography, Morrison's Sportsmen Center, H.E.B. Family Center, Aransas Butane & Hardware; Sea Gun Restaurant, Rockport Yacht & Supply, Central Power & Light Co., Sipe's Real Estate, Wagley Lumber Co., Suttles' Dress Shop, Roaten's Drugs.

Behind almost every production there is one person who is responsible for planning, assigning jobs, doing all the nuisance bits, and being a firm backbone to turn out a smooth performance. All the members did grand jobs, but a big "Hats Off" thank you to Marie Tong, who not only did all this, but spent many, many hours dripping wax on bottles, so the tables would be extra pretty.

And last of all, appreciation to guests, who supported the show with their ticket sale helped give the ticket sale helped give our scholarship fund a big boost.

### ATTEND CONVENTION

Mr. and Mrs. Bobby Landrum and Mr. and Mrs. John Kinsey attended the annual convention of the Chamber of Commerce Managers and Secretaries Association of South Texas at Edinburg on Mar. 28 and 29. Kinsey was elected to the board of directors of the association.

Sacramento is California's capital.

### J. DEE MASTON DIES

Funeral services for J. Dee Maston, 47, who died Mar. 27 in a Corpus Christi hospital, were held Mar. 29 in Marshall Funeral Chapel with burial in Rockport Cemetery.

Born in Oklahoma, Maston served in the Air Force during World War II and the Korean War. He retired as a senior master sergeant. He moved to Rockport 10 years ago.

Surviving are his wife, Judy; three stepsons, Donald Maston of Portsmouth, N.H., and William Steve Maston both of San Angelo; two stepdaughters, Mrs. Dolly Shumate of Merritt Island, Fla., and Mrs. Judith Ann Lee of San Angelo; and three brothers, Dale Maston of Cisco and Doyle and Gerald Maston, both of Garland.

Inflation is hitting Holland's Royalty. The Dutch government has decided to give Queen Juliana a raise from \$750,000 a year to \$1.5 million.

### GOOD NEIGHBOR CLUB MEETS

Mrs. A. W. Ebert, Mrs. Ruby Bishop and Miss Katie Lee Clarke entertained the Good Neighbor Club in the I.O.O.F. Hall Mar. 26 with a covered dish luncheon. There were 25 members and two guests, Mrs. H. O. Rossman and Mrs. J. B. Clobertants, present.

Mrs. Bishop, president, conducted the business session. She reported on work which the club can do for the Cancer

Society.

The Girl Scouts are making pillows for the Society, and filling them with nylon hose. There is a box at the Woman's Club building where any ladies may deposit old hose for this purpose.

Mrs. Ebert had the members make nice bookmarks as a work project and all the ladies enjoyed making them.

Mrs. Ted Little, Mrs. Georgia Haynes and Miss Ruby Lawson will be hostesses in April.
