COL. ROSCOE TURNER LOWERS WEST-EAST FLIGHT RECORD OF JAMES HAZLIP 13 MINUTES

FLIES DISTANCE IN 10 HOURS, FIVE AND ONE-HALF MINUTES

BROOKLYN, Sept. 25 (P)—Colonel Roscoe Turner, speed flier, set his plane down at Floyd Bennett field at 11:43 1/2 a. m. today on a flight from Burbank, Calif., clipping 13 1/2 minutes off the West-East transcontinental record of James Hazlip.

Turner flew out of the west at a terrific speed, made a climbing bank before landing and brought the wheels of his plane down with a hard thump, bouncing back several feet in the air.

Major J. Nelson Kelly, manager of the field, timed the landing as the wheels of the plane struck the ground, 11:43 1/2 a. m. Eastern Standard time.

Hazlip's record for the West-East flight was 10 hours, 19 minutes. Turner planned to remain at the field an hour and take off for the west coast in a continuation of his speed flight. As soon as he alighted from the ship mechanics took it over for inspection and refueling.

Sally Is Dancing Despite Sentence

CHICAGO, Sept. 25 (P)—Despite a jail sentence of one year for obscene dancing, Sally Rand continued today to present her fan dance at a Chicago theater and at a Century of Progress show. The case has been appealed.

"Jail is for criminals, not dancers," the manager of the theater said. "Three million persons have seen the dance this summer and none has complained. While she wears no clothes she is covered by two large fans. Several other fan dancers have appeared recently; but only Sally has been arrested. She has been served with warrants scores of times, once four times in one day."

JAPS READY TO CONQUER FANG ARMY

Rebel Army Is Within 20 Miles Of Peiping; Japs Issue Ultimatum

PEIPING, Sept. 25 (P)—The irregular army of General Fang Chen-wu was reported tonight to be within twenty miles of Peiping and it was expected that the ancient capital would soon be attacked.

Japanese aviators were busy today flying over the supposed demilitarized section of North China, seeking to learn the strength of the rebels and their positions.

Meanwhile, the Chinese authorities were pleading with the Japanese for permission to dispatch a punitive expedition against the rebels. But the Japanese, despite the claims that China was entitled to sovereignty over its own territory, insisted that the Japanese army must dispose of General Fang.

The Japanese indignantly denied that they were supporting the Renegades, although there were consistent Chinese reports to the contrary.

Chinese reports from various parts of the demilitarized zone indicated the area was seething with disorder and banditry. Dispatches declared that hordes of outlaws were pillaging farms and terrorizing the helpless farmers.

The Japanese have informed General Fang, a military leader who came out of Chahar province, that unless he evacuates the North China zone by Tuesday midnight they will drive him out.

Two Dallasites Are Indicted In Escape Of Bailey

DALLAS, Sept. 25 (P)—The federal grand jury today indicted Tom L. Manion and Grover C. Bevil on charges of aiding in the escape of Harvey Bailey, one of the defendants in the Charles F. Urschel kidnaping trial at Oklahoma City, from the Dallas county jail on September 4.

Government attorneys planned to proceed at once with their trials. About the same time, the Dallas county grand jury, in a surprise move, indicted Manion and Bevil under a state law which makes it a felony to aid in the escape of a prisoner. A penalty of from two to five years might be assessed upon conviction. Conviction on the federal charge carries a two-year penalty.

He was called the first publisher to take an active interest in Eugene O'Neill, and he lent encouragement to Theodore Dreiser, Ernest Hemingway, Ben Hecht and many others.

After early schooling in the mining town of Osceola Mills, Pa., he became an office boy for a Philadelphia broker and later a successful securities executive in New York.

RED DECLARES INNOCENCE IN TREASON TRIAL

Party Not Involved In Reich Fire, He Says

LEIPZIG, Germany, Sept. 25 (P)—Ernst Torgler, former communist in the reichstag, who is the only German among the five defendants on trial for the incendiary reichstag fire last February, passionately declared his innocence today and protested against involving his party in "this monstrous and unspeakable deed."

"I am absolutely innocent," Torgler said. "I protest out of disgust that I am being accused directly or indirectly of any connection with this crime, or that my party is, 'I gave myself up to protect my party. For seven months I have been in confinement and I mean to tell the world that I am innocent. For seven months I have been under the fire of a preliminary cross-examination, and five of these months I was handcuffed."

"I did not endure it because my health was equal to it but because I am innocent, and I want to do my part in clearing my party of this monstrous accusation."

Cuban Rebel "Surrenders"

'Cuban Sandino' Denies He's Leading Revolt Against Grau Government

HAVANA, Sept. 25 (P)—Capt. Juan Blas Hernandez, wearing field clothes and accompanied by four of his men, paid a social call at the presidential palace today to prove to Cuba that he is not leading a revolt against the government of President Ramon Grau San Martin.

RELIEF NEED FOR 6 MONTHS IS ESTIMATED

\$17,750,000 WILL BE NECESSARY, SAYS WESTBROOK

AUSTIN, Sept. 25 (P)—The Texas senate committee of the whole, investigating the administration of unemployment relief funds, decided today to subpoena as a witness Tex Alsbury of San Antonio, relief administrator for Bexar county.

Senator Walter C. Woodward of Coleman, one of the members of the steering committee of the inquiry, called the attention of his colleagues to a newspaper story quoting Alsbury as asking what the critics of the administration "are going to do about it."

"I hereby request that a subpoena be issued for Mr. Alsbury," Senator Woodward said. There was no objection to the request and Senator Woodward said that Alsbury would be asked to appear tomorrow. Alsbury was requested to bring the records of his office and be prepared to supply a list of the Bexar county employees, together with statements showing what each employee is doing. Senators said they planned to question him concerning the amount of the administrative expense in Bexar county and how the money is being spent.

Westbrook resumed an explanation of his voluminous report to the legislature.

He estimated the expected relief needs for the next six months, for the period beginning on October 1 and ending on March 31 next, at \$17,750,000.

He assured the senate however, that figures presented by him was estimates and that what should happen in the future in the way of relief is "nothing but a matter of conjecture."

He stated that maximum figures were presented in each case, and that they had been arrived at by comparing the existing case load with the needs of a year ago; realization that the cessation of seasonal employment was beginning now; considering the number of new families to be added to the relief rolls; the increased cost of the necessities of life, and the fact that during the winter medical expenses usually mount.

"Reports reaching our office indicate the case load as of August 1 last at 900,000 persons," Westbrook testified, adding that the average case load had been 850,000 persons.

Westbrook said 28,000 new families had been added to the relief rolls in August and that it was anticipated 30,000 would be placed on the list in September.

Way Cleared To Move New York's Stock Exchange

NEWARK, N. J., Sept. 25 (P)—Vice chairman of the stock exchange denied application of the city centre corporation for a permanent injunction restraining the city of Newark from leasing the Centre market to the New Jersey Stock Exchange.

The decision clears the way for work, already begun, to prepare the market building for use by the exchange October 3.

The city was represented by corporation counsel Frank A. Boettner and the corporation was represented by Atwood C. Wolf. Boettner declared the corporation was in arrears \$347,929.55 in rent of the building and that under terms of the lease, the city could dispossess a tenant on 30 days' notice.

Such notice, Boettner said, had already been given and a hearing on the city's dispossession suit is scheduled for tomorrow in the court of district judge Cecil H. C. Mahon.

'BABY FACE' JOINER CONFESSES TO ROBBERY OF 2 TEXAS BANKS AFTER 'PURCHASE' BY SHERIFF

Sheriff Declares He Paid \$500 For Fugitive

CROCKETT, Sept. 25 (P)—Earl Nohel (Baby Face) Joiner, 26, notorious bank robber and jail breaker, who, with 11 other convicts shot their way out of the Louisiana state penal farm near Angola, La., recently, confessed yesterday to participating in two Texas bank robberies.

Joiner, who said he was content to remain in Texas for a while in preference to being returned to the Louisiana penitentiary, was quoted by Sheriff J. L. Hazlett of Houston county who secured custody of Joiner from Hot Springs, Ark., officers after the convict's arrest there last week, as confessing to the following crimes:

The Farmers and Merchants state bank of Grapeland, on July 11, 1932, robbed of \$1,710 cash by three bandits.

The First National bank of Cleveland, September 14, 1932, robbed by two bandits of \$1,705 cash.

Written confessions admitting his part in these two robberies were made to Sheriff Hazlett and Norman J. York, manager of the Houston office of a detective agency, representing the American Bankers association.

He also made a verbal statement admitting that he robbed the Citizens Bank and Trust company of Moreauville, La., October 20, 1932, when two bandits escaped with \$2,524 cash.

Joiner was brought to the jail here Saturday after Sheriff Hazlett received a "tip" that the bank bandit had been captured in the Arkansas town and would "waive" extradition papers if the Texas officers would come after him.

Although Houston county had posted a \$25 reward for Joiner's arrest, Sheriff Hazlett said that he paid Joe Wakelin, chief of police of Hot Springs, \$500 reward money.

"They told me that I had to pay the \$500 reward before I could get my prisoner, so I got the money and paid off," Sheriff Hazlett said.

CASE AGAINST PETER VALDER IS DISMISSED

SAYS URSCHEL WAS AT HOUSE DAY BEFORE HE KNEW IT

OKLAHOMA CITY, Sept. 25 (P)—Joseph E. Keenan, assistant United States attorney general, today said he had received a letter from Kathryn Kelly, wife of the gunman fugitive and daughter of Mrs. Ora L. Shannon, one of the defendants in the Charles F. Urschel case. Keenan said he believed the letter was authentic and that it was of a "markedly different tone from a threatening message to Urschel received earlier last week. Kathryn indicated her desire to live a peaceable and honorable life," said Keenan, and asked him to take up the subject with John V. Roberts of Enid, attorney who was retained by Kathryn to aid her mother in the trial.

BY WILLIAM VOIGHT, Jr., Associated Press Staff Writer.

OKLAHOMA CITY, Sept. 25 (P)—R. G. (Boss) Shannon began a desperate fight to save himself and his family in the Charles F. Urschel kidnaping conspiracy trial today by turning the blame for sinister happenings at his Wise county, Texas, farm onto Albert Bates and George Kelly.

He drew a picture of a simple farm family drawn into the net of crime through duress and threats of death.

So often did he wander into accounts of farm routine that Federal Judge Edgar S. Vaughnt warned him frequently to "answer the question and quit talking of immaterial things." The jury is largely rural.

Kelly, the missing machine gunner who married Kathryn, daughter of Mrs. Shannon, and Bates brought Urschel to the farm home and kept him there 24 hours before the family knew anything was amiss, Shannon testified.

Forced To Guard Urschel.

"My wife and I told Kelly to get that man away from here and they promised to do it," the 54-year-old farmer said.

Later Kelly forced Shannon to guard Urschel, saying "if you don't we'll kill all of you."

At the start of the session Judge Vaughnt dismissed for want of evidence the charges against Peter Valder, one of the Minneapolis and St. Paul defendants, leaving only five of them to carry their stories to the jury. Charles Wolk, another of the original seven, was freed Saturday.

In his opening statement, Sam Sayers of Fort Worth, said the Shannons would prove they thought all along that Kelly and Bates were wealthy business men who just came to the farm for recreation.

Damages \$100,000.

Markets

NEW YORK, Sept. 25. (AP)—Stocks shifted about uneasily today as traders attempted to interpret developments at Washington in the light of inflation or non-inflation of currency. Indecision apparently was the keynote, although a mild rally in the final hour shaded early losses of 1 to 2 or more points. The close was a trifle heavy. Trading was dull throughout, only about 1,350,000 changing hands.

CHICAGO GRAIN
CHICAGO, Sept. 25. (AP)—Grain values rallied at the last today, although disappointment of traders who had looked for fresh stimulating business factors had served to pull values downward most of the time earlier.
Aggregate dealings in grain, however, were not large, and the markets were easily influenced. Prices changed at times proved rapid, reflecting in the main individual speculative operations rather than

mony to the case of Harvey Bailey, escaped jailbird arrested on the farm, was that he came to Urschel's place of imprisonment the day the ransom notes were sent back to the family, and told the family he would be there "about eight days."

James H. Mathers, attorney for Bailey, had opened his defense with the declaration that Bailey would testify he had not been at the farm before August 2, that the \$700 Urschel money found on him was paid by a Kansas City gangster, now dead, and that he got the machine gun, identified as belonging to Kathryn Kelly, the gunman's wife, from this same gangster, Ferris Antone.

"Bailey came to my house on Tuesday after the man was kidnapped on Saturday," said Shannon. "He was there Tuesday noon when I came in from the field. He said he wanted to see George Kelly, and Kelly was over at the other house but I didn't tell him. Bailey stayed about eight days.

Sayers told the jury of the strong affection between Kathryn and her mother, of Kathryn's marriages, of the home Kathryn owned in Fort Worth, Texas, which was in Mrs. Ora L. Shannon's name, of the birth to Kathryn and her husband, Frye.

of the daughter, Pauline, which Mrs. Shannon reared.
"This daughter, Pauline, called her own mother by her first name, and her grandmother, Mrs. Shannon, 'mother'."

Then George Kelly came on the scene. The Shannons knew nothing about him until Kathryn brought him to their home as her husband, Sayers said.
"Kathryn introduced him as a business man from Chicago, in the bond and real estate business. He was nice-appearing, amiable, and congenial. He brought fruit and groceries to the Shannon home when he made visits there. Mrs. Shannon was proud of her son-in-law, Kelly, who she thought was a splendid business man of means and money from the east.

Bates is 'Guest.'
"One day Kelly brought a man there by the name of Bates. He introduced him as a business associate. Mrs. Shannon accepted him as her guest.

"Later, another man was brought there by the name of Bailey. He made himself handy around the house, cutting stovewood.

"On one occasion, Bailey went squirrel hunting and fishing, just as one who was enjoying himself from the city in a rural district.

Visits in Pampa.
"Along in the week of July 17 or 18, Mr. and Mrs. Shannon got in their car and left for West Texas

to visit a daughter at Levelland, then they visited a brother at Pampa, and finally visited friends clear over near the New Mexico line.

"They returned home Saturday afternoon July 22, the day Mr. Urschel was kidnapped.

"We expect to prove that the Shannons had no knowledge either that Mr. Urschel was to be kidnapped or that he was to be brought to their home.
"We will show it was their (the kidnappers) real intention to take Mr. Urschel to the home of Coleman (T. M. Coleman, living at Stratford, Okla.) the old mother protested and it was, led by the nerve of Kelly and the nerve of Bates, that Urschel then was taken to the Shannon home."

Mountain Man Kills Wealthy Rail Executive

WAYNESVILLE, N. C., Sept. 25. (P)—A mountain man's smoldering grudge against the wealthy easterner was blamed by officers today for the slaying of Thomas Price, 65-year-old rail executive of New York. Riding horseback along a trail on his 1,200 acre estate near here with two mountaineers yesterday afternoon, the secretary of the Union Pacific railroad was halted by several men. In the burst of gunfire that followed, Price was shot to death and his friends were wounded. Shortly afterward Dewey Potter, 40-year-old Haywood county man, surrendered to officers here and admitted, they said, that he shot Price. His brother, Clarence, 35, and Eric Ledford, 22, came into town with him and were also jailed.

Last Saturday Potter, who lived in an abandoned mining property next to the Price estate as caretaker, was fined \$5 in magistrate's court here for hunting on the New Yorkers' estate without permission. Officers said this was the only motive they could assign for the shooting.

WILL RELEASE DEPOSITS TIED UP IN BANKS

WILL RAISE FARMERS INCOME TO PRICE LEVELS

BY RICHARD L. TURNER, Associated Press Staff Writer.

WASHINGTON, Sept. 25. (P)—A new idea today stimulated President Roosevelt's campaign to provide needed credit for NRA industries and raise the farmer's income to the price level of the things he must buy.

It was evolved at the White House conference attended by Mr. Roosevelt's financial advisors, but none would disclose the elements of the plan agreed upon. Secretaries Woodin, Wallace, and Attorney General Cummings headed the group that gathered in the president's study last night, exchanged notes, and then worked out the new line of attack.

With the increase in farm prices lagging still behind the cost of commodities the farmer must have, it was indicated that methods of releasing funds in the closed state and national banks of rural communities furnished an important topic of the White House discussion.

Behind this lay the week-old problem of inducing the banks to continue loans to commercial enterprises operating under the blue eagle. The whole subject was reviewed in detail with the result that the administration, in effect, today told the bankers that the government's billions were ready to help banks give the industries of their communities the credit needed to increase employment.

It was learned authoritatively that the late night gathering discussed at length the coordination of four prime federal agencies into a systematic plan intended to release deposits tied up in closed banks and place banks already operating upon a sound basis.

Under this scheme the RFC would rehabilitate a bank's capital structure by purchasing new issues of preferred stock; the farm credit and home loan administrations would replace slow real estate mortgage assets with their readily saleable bonds, and the deposit guaranty corporation would guarantee the funds of new depositors.

Meanwhile, the public works administration, promising renewed pressure for greater cash expenditures, announced that it had approved projects which would provide 1,300,000 men weeks of quick direct employment. It said \$1,600,000,000 of its \$3,300,000,000 had been allotted though only \$59,139,756 has been drawn from the treasury for real expenditure.

'Buy to Limit'

Simultaneously Hugh S. Johnson, NRA chief, planned a blue eagle buying campaign, intended to help industry take on additional employees and raise wages.

Johnson's appeal to buy, as he put it, "to buy to the limit of present needs" has been delayed by various circumstances within the NRA notably the difficulty of completing the coal code.

With reference to the impediment of dragging farm prices, Secretary Wallace before attending last night's White House meeting, said that unless there is an increase in world trade, 40,000,000 acres of farm land must be withdrawn from cultivation. He added:

"President Roosevelt, George Peek and all of us in the agricultural adjustment administration are convinced that this dilemma of bursting warehouses and starving multitudes must be solved.

"No amount of inflation, no dumping or stabilization efforts, no attempt at price-fixing will by themselves prove to be enough. Combined with production control all these things might help us; but without that they are only patchwork on a structure that is badly off balance at base."

Kidnapers Rob Houston Men Of \$2,800 In Cash

HOUSTON, Sept. 25. (P)—August Borsen, cafe owner, and Walter E. Russell, jeweler, were forced to hand over \$2,800 in cash and jewels late Sunday and early today in kidnappings in which they were forced to open safes at their respective business establishments while pistols were kept leveled at their heads.

Russell lost \$2,500 in jewelry last night when two men made him drive to his store while a third stood guard over other occupants of the Russell home.

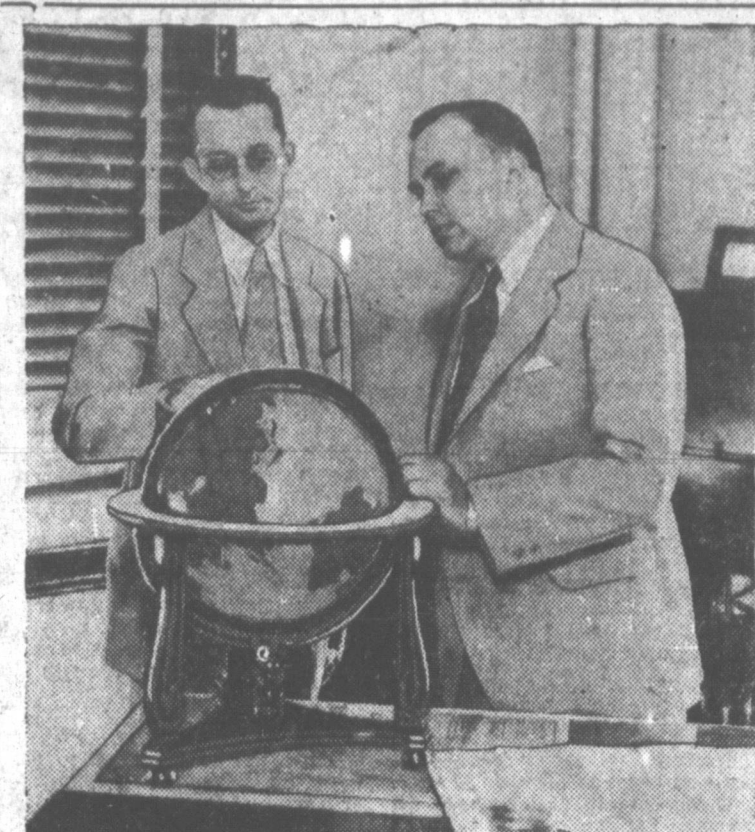

The men then compelled Russell to drive back to his home where the bandits' car was waiting. Russell was fired on as the bandits fled when he tried to get a glimpse of their car.

The Boysen kidnaping occurred at 2 a. m., today when Boysen arrived home from work and a negro accosted him as he put his car in the garage. The negro, masked with a paper sack in which eye holes had been cut, drew a pistol and made Boysen drive to his cafe.

There the negro forced Boysen to open the cafe door and then the safe. The bandit pocketed \$300 which was in the safe, Boysen said.

M. C. Britton of Oklahoma City is here on business for a few days.

NORTHWESTERN COACH HAS NO HOPE OF CONQUERING BIG 10

However, Green Team Will Likely Get Better And Be Stumbling Block

By PAUL MICKELSON, Associated Press Sports Writer

EVANSTON, Ill., Sept. 25. (P)—Win, lose or draw, Coach Dick Hanley sits on top of the college football world.

He's the idol of Northwestern and if he doesn't deliver a football championship or if his teams have a miserable season, the Wildcats along Chicago's Northshore are convinced no one could have done better.

Back for his seventh season as Northwestern's coach, the square-shouldered leader of the Wildcats is in a great spot this fall. His team is green, composed mostly of sophomores; the students don't expect too much, and the possibilities are that the Northwestern team will be the big stumbling block of the Big Ten football championship race.

"We've got a green team," Dick grinned, "but it's going to get better as the season rolls along. No, I don't think we've got a chance for the title as there are too many holes to fill with sophomores, but they'll hear from us right along all season. Thirteen lettermen, including seven of the 1932 regulars, will be missing. Our principal problems will be in the backfield where we must replace 'Pig' Rentner at right half and George Potter at quarterback and at the tackle, guard and center positions along the line. But we've got a real bunch of hustlers, green but crazy to play football."

A survey of the line indicates the Wildcats will have a heavier and faster but far less experienced forward wall than 1932, a disappointing season to Hanley. Bill Riley and Joe Chambers, a pair of 215 pounders, will be at the tackle positions, two important posts in Hanley's scheme of offense. Other regulars along the front line will be Al Kaval and Edgar Manske, end. All other posts must be filled by new men. Ollie Olson, one of the best kickers to boot the pigskin in Big Ten warfare, will return to the full-back post with Jackie Sullivan, a line open field runner, at halfback. The rest of the backfield must be recruited from a large group of sophomores.

In addition to battles against Notre Dame and Stanford, Northwestern will meet six Big Ten foes, all of them at Evanston except Ohio State. The campaign is probably the hardest ever undertaken under the Hanley regime. The schedule:

Sept. 30—Iowa at Soldier Field (Chicago).
Oct. 14—Stanford at Soldier Field.
Oct. 21—Indiana at Evanston.
Oct. 28—Ohio State at Columbus.

War Is Hanging Over The World Says Norwegian

GENEVA, Sept. 25. (P)—A warning by Premier Johan Mowinkel of Norway that a possibility of war hangs menacingly over the world startled the League of Nations assembly today at its opening session. Dr. Nowinkel, president of the League council, declared further that the four-power peace pact recently signed by Germany, Italy, France and Britain can aid considerably in a "torn and divided Europe, where liberty of thought and personal liberty are not everywhere secure."

Another surprise was occasioned by the election of Charles de Water, South African high commissioner in London, to be president of the assembly. He defeated Francisco Castillo Najera of Mexico.

The election of Najera, former president of the league council, had generally been forecast since there was no other candidate until today when during a recess Scandinavian delegates proposed to Water.

A large audience saw the German delegation enter the hall in compact formation with Reich Minister Joseph Goebbels in the center. Some persons recalled in this connection Premier Mussolini's visit to the Locarno conference when he entered surrounded by a Fascist guard.

Amarillo Fair Is Biggest In Some Respects

AMARILLO, Sept. 25. (P)—Free turnstiles clicked today as thousands filed through the gates of the Amarillo Tri-State fair.

The annual exposition was officially opened Saturday night, with Sunday being devoted to religious services, but the fair was not expected to get its full stride until this afternoon.

It was Amarillo day, and most of the business houses had agreed to close and schools were dismissed to attend. The city attendance was augmented by delegations from the Panhandle — Shamrock, McLean, Wellington, Groom, Conway, Wheeler, and Jericho.

A feature of entertainment was the first big-time horse racing program since betting was outlawed 15 years ago. A New Orleans association was in charge of certificate bettings. There were 150 horses on hand for the six-day program.

In some departments the fair is the biggest on record. Agricultural exhibits are here from all the Texas Panhandle, and from that part of New Mexico east of the Rockies. Farmers, future farmers, and exhibitors were to be feted at a noon luncheon on the grounds.

Dr. J. W. Hunt, president of McMurry college, Abilene, spoke at yesterday's religious service.

Mr. and Mrs. Charlie Still were to leave for Kansas City this afternoon for a visit with Mr. Still's brother who is seriously ill.

Mr. and Mrs. Grover C. Malone and children returned last night from Hillsboro where they have been visiting relatives. Mr. Malone's mother celebrated her 70th birthday Saturday.

Outrageous Fortune

—By PATRICIA WENTWORTH

Synopsis: The identity of the man found on the shore after the wreck of the Alice Arden is still more of a problem. Nesta Riddell has gone to the hospital, heard him babbling of emeralds and murder, and taken him home as her husband, Jimmy Riddell. Caroline Leigh thinks he may be Jim Randal, her distant cousin, until she hears of Nesta. Then she learns a scrap of a letter was found in the man's pocket, signed Caroline, and suddenly her hopes rise again. She cannot understand why Nesta Riddell would claim the wrong husband, but dashes off in pursuit nevertheless. The nurse at the hospital where the man had been gives Caroline a paper to hand Nesta, one Nesta had dropped in leaving.

Chapter Six

THE AWAKENING

Tides rising and falling—waves rocking—and a long dream that rocked with them—rocking—rocking. He was swinging like a pendulum between the dream and some vague waking state—swinging out and back again—out and back again.

When he swung out, there was a sense of light and women's voices; but when he swung back, there was the rise and fall of water, and black fog, and only one voice; that never stopped.

There was sunlight in the room, slanting across the bed in which he lay. As he moved, someone else moved too. There was a soft hurry of footsteps. A blind came down with a click and the sun was shut out. His arm dropped.

He rose on his elbow, and saw a girl turning back from the window, a very pretty girl with silver flaxen hair and big pale blue eyes. She wore a blue smock, and she was looking at him rather as a small child looks at a tiger in a cage.

She said "Oh!" in a soft, breathless way and edged towards the door.

He sat up, closed his eyes for a moment, and then opened them again. The girl had almost reached the door.

"I say—don't go," he said in an alarmed voice.

The girl stood where she was. "I'll tell Nesta," she said.

He repeated the name.

"Who's Nesta?"

She looked really terrified when he said that.

"Oh please—" she began.

"I say, don't look so frightened—I only want to know where I am."

This was apparently something that could be answered. A little modest pride displaced her timidity.

"You're at our place—Tom's and mine. I'm Min."

"Oh—" He was expected to know who Tom was. . . . Tom and Min. He certainly didn't, but it was obvious that he ought to.

The girl said again, "I'll tell Nesta," and got as far as turning

present." The pillow was comfortable. He relaxed against it, conscious of a swimming head. Then Min came in with a tray, and he found that he was faint with hunger.

Nesta watched him eat and drink. When he had finished, she took away the tray and came back to her seat on the bed.

"Well?" she said, "feeling better?"

"Yes, thank you."

"Want to talk?"

"Yes."

"All right—go ahead—"

That was easier said than done. Where were you to begin when you had no landmarks? He went back to the question he had asked before.

"Do you mind telling me where I am?"

"You're at Tom's place—in Lexington."

"And who is Tom?"

"My brother," said Nesta Riddell. Then she laughed a little. "Come, Jimmy—you're not going to say you've forgotten Tom?"

He put his hand up to his head. "I can't remember. Have I had a crack on the head?"

She nodded, watching him.

"Do you mind telling me how I got here?"

"You really don't remember? Well I'll go back to a week ago. You know what had happened. You said you'd got to get off the map for a bit. I was to come here, and you were going to work up the coast to Glasgow. I don't know what name you went under, but you were on the Alice Arden when she got driven ashore on the Elston sands. There was a gale first, and then an awful fog, and she broke up against the cliffs. Very few people were saved. They took you into the Elston cottage hospital, and Tom and I fetched you away yesterday. Can't you really remember anything about it?"

His hand went up to his eyes and pressed on them. He said, "Tom—" His voice choked on the word. Then, in a dull whisper, "I remember—the fog."

Those present at this week's meeting were: Mesdames: Ed Dishman, leader; Allen Wilson, J. B. Hembree, Chas. Cooke, E. L. Sitter, R. B. Stout, S. D. Sheldhorn, and Donald Beall.

Quadruplets Enter College

THEY MAY NOT LOOK IT, but Koberia, Mary, Leota and Mona Keyes, left to right above, are quadruplets—said to be the only living quadruplets in the United States to reach maturity. Cookery Expert Speaks Language Of Housewife in Practical Terms

Like Napoleon's army, the whole world marches on its stomach—and when there are four or five in the family it's a very hungry stomach, too! But there is no use to bother yourself concerning this. Your kitchen can be the happiest place in the world, and your three meals a day can be cooked so easily that you can hardly believe it. There is more fun and less work in the 1932 kitchen, but meals are better than ever.

This is one of the reasons why this newspaper is bringing the Happy Kitchen to this city. It will be a compliment to the housewives of this vicinity, and they will enjoy every minute of it. The first session of the Happy Kitchen will be held Oct. 5 and will continue for 3 days. The sessions will be held each afternoon at the city auditorium.

The Happy Kitchen will be under the personal supervision of Mrs. Beulah Mackey Yates. When you see and hear her in her model happy kitchen you will immediately feel as if thousands of other women who have seen her demonstrations that here at last is a woman who "talks" a housewife's language. During her stay here she will bring to housewives only those proved and workable recipes which experience and intelligence would choose for varying conditions.

Miss Yates will show in the most simple manner just how to prepare many of these delightful dishes, how to balance menus, and how to serve the proper thing for the proper occasion. It is no easy task, even for those who have had many years of experience in searching out facts, to sift the useful from the mere novelty, as in cooking as well as in other arts there is a constantly flowing stream of new ideas coming from many directions.

Plan to attend every session of the Happy Kitchen School of Cookery.

time to Thursday afternoon at 3:00. Their subject for some time will be "Women of the New Testament."

Pastor W. B. Andrews is teacher. Those present last week were: Mesdames: Harris D'Spain, Jno. R. Back, Pete Fulbright, F. M. Scott, M. M. Newman, Clois Chambers, W. B. Andrews, Elza Ayers, Henry Ayers, and E. O. Dennis.

DINNER TODAY HONORS LITTLE THEATER HEAD

RESERVATIONS FOR 90 MEMBERS AND GUESTS ARE MADE

RESERVATIONS for 90 persons have been made for the first annual president's dinner of the Little Theater, to be held in the city club rooms at 7:30 this evening.

The address by I. A. Freeman, president for the season, will feature the program. Edward H. Damon will be toastmaster. A musical program directed by Mrs. J. W. Garman Jr., will be presented.

Miss Peggy Arnold is in general charge of arrangements for the dinner, an event which members expect to repeat at the opening of each season in honor of the incoming president.

The dinner follows an initial program and business meeting of Sept. 11. Members are also at work on rehearsals for the first public play, "Gold in the Hills," a melodrama which the Little Theater will present next month.

Revival Results In 33 Members

Addition of 33 members to the church was a result of revival services conducted at the Methodist church the past two weeks, the Rev. C. A. Long, pastor, reports. The Rev. Gaston Poote of Amarillo preached.

Capacity crowds attended services yesterday to hear the young evangelist. In his morning sermon he pleaded for the return of parental guidance and responsibility to stabilize the home as a moulder of character.

SO THAT'S WHAT IT WAS!

NEW YORK (AP)—Strange noises emitted by ten-year-old Matthew Schwartz as he sat on a raft in the middle of a Bronx pond prompted citizens to sound a fire alarm.

Firemen came and rescued Matthew.

"Aw," he said, "I wasn't calling for help. I was singing."

Lee Woodward of San Antonio, former Pampa resident, and Mr. and Mrs. Lewis A. Robertson of Houston are Pampa visitors for a few days.

FIFTH AVENUE FASHIONS

Ribbed Wool Scores High in Fashion

—and in practicality, too. This is certainly the year when you can be as primly practical as you please, and still be in perfect taste. All ribbed fabrics are practical. All ribbed fabrics are smart.

Ribs can be straight up and down, as in corduroy, or on a slant, as in the wool we selected for this frock. Either way they tailor well, wear well, and look utterly chic. And while we're speaking of the frock sketched here, chalk up another high score for those high shoulders, achieved by means of "bretelles"—pieces that reach from waist to shoulder like suspenders. The sheath-like paneled lines of this frock are the final touch of fashion-correctness.

Size 16 or 34 requires 2½ yards 54-inch fabric, ¾ yard 36-inch contrasting for vestee, collar and cuffs. Width about 2 yards. Consult our new Fashion Book for other Easy-to-Make styles for home or office, school or afternoon wear.

Pattern No. 5345 is designed for sizes 12, 14, 16, 18, 20 years, 30, 32, 34, 36, 38, 40 bust.

Burk Burnett Boy Member of Crew On Byrd's Ship

BOSTON, Sept. 25 (AP)—Rear Admiral Richard E. Byrd's Bear of Oakland lay at her dock today, awaiting the lifting of fog to permit her to sail for the South Polar Seas.

Cargo was stored aboard the ice-scattered old whaler yesterday and all was made ship shape for sailing this morning. But a dense fog that blanketed harbor and ocean temporarily held up the ship's departure. Sunday was a day of farewells for the Bear's crew and the party of scientists who will sail with her on her two-year mission in antarctic waters.

Terrence Keough, a young New York skipper who spent four years of his nautical career as captain of the old Atlantis, oceanographic ship from Woods Hole, commands the barkentine, and Captain Bendek Johansen, a Norwegian with 37 arctic trips behind him, will pilot the Bear when she reaches the ice fields of the South Polar seas.

The Bear was expected to reach Dunedin, New Zealand, the base, in about 60 days. Three cargoes will be shipped and the whaler will head south into the ice of the Bay of Whales for Byrd's frozen homestead, Little America.

Admiral Byrd said he would leave Boston on the Jacob Ruppert in about a week. He said the Ruppert would overtake the slower Bear long before the New Zealand's ship base was reached.

Joseph Coats of Burk Burnett, Tex., is a member of the Bear's crew.

SHOT BY A CHICKEN
SPRINGFIELD, Ill. (AP)—A. M. Dunnavan, 78, a farmer of Rochester, Ill., was shot by a chicken.

To protect himself against chicken thieves he rigged up a contraption he figured would cramp the style of any chicken stealer. A hen, fluttering around the yard flew against a string attached to the trigger of a gun, thereby discharging it.

Dunnavan went to a hospital.

Detroit Board May Force Ford To A Showdown

DETROIT, Sept. 25 (AP)—The NRA committee in suburban Dearborn made ready today to organize its compliance board, which will hear complaints against the Ford Motor company and possibly bring into the open the attitude of Henry Ford toward the national recovery administration.

It still was undetermined whether the Ford company, Dearborn's largest industry and the major hold-out from the national automobile code, would be represented on the compliance board.

William L. Mills, publicity chairman for the committee, said the delay thus far in organizing the compliance board was due to the Ford company's failure to respond to suggestions that it name a representative, but that the compliance board will be set up without further delay. Henry Ford is honorary chairman of the committee.

Some of the complaints registered by Ford workmen charge that when

Sally Eilers And Joe Brown Marry

HOLLYWOOD, Sept. 25 (AP)—Sally Eilers, screen actress, and Harry Joe Brown, film director, eloped by airplane Sunday afternoon to Yuma, Arizona, the southwest's Gretna Green.

The ceremony was performed by Justice of the Peace E. A. Freeman, who probably has married more film notables than any one man.

Miss Eilers only four days ago revealed she had obtained a divorce in Mexico from Hoot Gibson, film cowboy. At that time she said she would not marry again but would devote all her life to her career. She and Gibson were married in 1930.

Mrs. Anna McFarland returned home yesterday from Pampa hospital where she has received treatment several weeks.

The Ford company decided to hire 5,000 world war veterans. It did not offer to reinstate former employees who are veterans. The selection was left to the American Legion.

There have been no charges that the company is violating the work-wage provisions of the code.

"After conferring with Secretary Wallace and the heads of other departments under his supervision, I am thoroughly convinced that the cattle industry will receive a fair and profitable price for our cattle," Briscoe declared. He pointed out, however, that the cattle producers of the country must cooperate with the administration if success is to be obtained.

HARVESTERS WILL STRESS BLOCKING IN PREPARATION FOR OKLAHOMA CITY

ALL DISTRICT 1 TEAMS WIN GRID OPENERS

SANDIES SHOW CLASS IN ROUTING EL PASO 39-7

A week of intensive training faces the Pampa Harvesters and work will be behind closed gates excepting on Wednesday afternoon when fans will be admitted for the regular weekly scrimmage. Blocking will come in for much consideration along with offensive work.

The team has been playing on only two formations, but this week they will be given enough plays for a deceptive attack. Coaches have worked the boys on a single shift and straight plunges, with two or three plays off each formation.

Leslie Martin will be on the sidelines for a few days and it is doubtful if he will be able to play for a couple of weeks. Miles Marbaugh will also be on the sidelines for a few days, but may get into the game Saturday. A tendon in Martin's knee was forced between two joints and an operation had to be performed Saturday. Marbaugh received a badly strained shoulder and special shoulder harness has been ordered for him.

Other members of the team came through Friday's hard encounter in good shape and will be ready for the week of hard practice. Weaknesses which showed up in the game will be worked out and by Friday afternoon when the Capitol Hill Indians of Oklahoma City, last year state champions, come here, the team should be much improved.

The district 1 race should be a mad scramble this year. Amarillo reported slipping, defeated El Paso 39 to 7 Saturday night. Borger won from White Deer 38 to 0, and Pampa defeated Olton 47 to 0. Lubbock won from Big Spring 12 to 0.

Austin Retains City Golf Title

Grover Austin retained his city golf championship yesterday afternoon when Don Donovan conceded him the match at the 23rd hole to allow Austin to win, 10 and 9. Austin was in the lead, 5 up, at the end of the first 18 holes. He turned in a card of par despite the terrific wind. Donovan shot a 77 in the morning round.

Donovan failed to get his shots working in the strong wind in the afternoon and played only five holes before conceding the match. His ball hooked and sliced in the wind and his putts went wild. The caddy didn't seem to mind, making nice shots without seeming to allow for the wind. His putting, usually his strong point, was decidedly "on" yesterday.

The course is in excellent condition but another good rain would improve the fairways. The greens are fast and even following a good working-over.

DIXIE SERIES IN DEADLOCK

New Orleans Defeats San Antonio 5 to 2 In First Home Game

NEW ORLEANS, Sept. 25 (AP)—The Dixie series was back in a deadlock again today after New Orleans had snapped out of a slump to put on a snappy exhibition in the first series contest before the home fans and turn back San Antonio 5 to 2.

In spite of low hanging clouds and brisk drizzle that fell during the early innings, some 3,000 turned out yesterday to see the Southern Association champions square the account with the Texas League titleholders two games to two.

It was a sweet victory for the Pels as they fell on the offerings of the Mission ace, Fabian Kowalik, bunting hits that brought in two runs in the second and one each in the fourth, sixth and seventh. Eddie Rose connected with two of the offerings for a pair of home runs over the rightfield fence, the first of the series, but no one was on either time. It was sweet because it was Kowalik, winner of 25 games for the Missions this year, who last Wednesday night put the Missions out in front with a 3-1 win in the San Antonio opener.

Fred Johnson, Pel ace, started yesterday afternoon and had plenty of control until the eighth when three successive singles loaded the bases with none out and the tying run stood on first. Denny Galehouse, winner of New Orleans' only win in Texas, went to the breach, put one man down with a pop fly, watched Eddie Morgan take in a foul in the stands one-handed for the second out, and fanned the last man up, who happened to be Kowalik. He fanned two more before the game was over. Johnson was credited with the victory, his 22nd of the season.

Need More Iron in Their Blood!

GIANTS SHOULD BE CHOICE OF COUNTRY FANS

NATIONAL CHMPS NOT CONSPICUOUS WHEN SEASON OPENED

BY ALAN GOULD,
Associated Press Sports Editor.
NEW YORK, Sept. 25 (AP)—From most any angle that you may consider the world series proposition, the rollicking Giants should be the "people's choice" over the Senators.

Metropolitan "wise money" may favor the American League champions out from Dolgerville, N. Y., the home of Hal Schumacher, to Meeker, Okla., where Carl Owen Hubbell raises pecans during the off-season, the hopes of the countryside will be largely with the small-town boys who have made good in the big city with the Giants.

"Who's Who in Baseball" is crammed with the exploits of all the Washington regulars, ranging in big league service from three to thirteen years, but at least a half dozen cogs in the New York machine were not conspicuous enough even to be mentioned with the game's "blue bloods" when the 1933 season started.

You won't find Shortstop "Blondy" Ryan, Outfielders Joe Moore and Homer Peel, or Pitchers Hal Schumacher, Roy Parmelee and Herman Bell in the latest edition of "Who's Who" but most of them will be located quite easily when the battle starts at the Polo Grounds a week from tomorrow.

Most of the Giant regulars are "home-breds." With the exception of Centerfielder George Davis, acquired from the Phillies, Second Baseman Hughie Crite, who came from Cincinnati, and Gus Mancuso, the catcher obtained from St. Louis, the lineup represents products of John McGraw's developments and Bill Terry's smart handling or encouragement. Hubbell, Pitzsimmons, Schumacher, Ott, Jackson and Terry himself have concentrated their major league careers with the Giants. Ryan and Moore are two of this year's prize packages.

TWO-HIT GAME IS HURLED BY DETROIT ACE

BRIDGES CLINCHES THE HARD LUCK CROWN OF YEAR

BY HUGH S. FULLERTON, Jr.,
Associated Press Sports Writer.
Final returns on the major league baseball season won't be in for another week, but young Tom Bridges of the Detroit Tigers has clinched the crown as the year's "hard luck guy" without further argument.

Bridges, one of the bright spots in an otherwise discouraging season which finally impelled Bucky Harris to resign his post as Tiger manager Saturday, has made four gallant efforts to add his name to the list of no-hit pitching notables and each time has failed by the slimmest of margins.

His troubles started last year when a pinch hit by Dave Harris in the ninth inning cost him a no-hit game against Washington. Early this season he hurled one-hit contests against St. Louis and the Senators and yesterday he blanked the Browns again without a blow for 8 1-3 innings before Sam West, the "villain" on a previous occasion, and Art Scharen found him for singles. Tommymy's 2-hit hurling brought the Tigers a 2-1 victory in the first game of a doubleheader and they went on to clean up with a 5-2 triumph in the afternoon.

The Philadelphia Athletics had a romp at the expense of Al Crowder and two successors and batted out an 11 to 4 victory over Washington's American League champions. The Boston Red Sox beat the second place New York Yankees 10-8 in a game which produced 18 hits, nine errors and 15 walks.

The Chicago White Sox and Cleveland divided a twin bill, collecting a total of 50 hits. The Sox won the opener 8-7 on a ninth inning run and the Indians came back to hammer out a 12-6 triumph, scoring half their runs in the fifth. Earl Averill hit a homer in each game.

Chicago and Cincinnati left the pitchers have their say for the National League as they divided a pair of games. Charley Root's five-hit flinging led the Cubs to a 7 to 1 triumph in the opener and Cincinnati won 1 to 0.

New York's Giants won their first game since they clinched the National League title by scoring four runs in the tenth inning of the first game with Boston to beat a three-run rally and win 6 to 5. The Braves had the last laugh, however, slamming Glenn Spencer for five tallies in two innings and winning a five-game afterpiece, 5 to 2.

Like the Giants, the Brooklyn Dodgers saw their second game cut to five innings by darkness, but they had time to beat the Phillies twice, 12-7 and 5-2.

The Pittsburgh Pirates and St. Louis Cardinals battled each other's pitchers around the lot to split a pair of 5-4 decisions but the Pirates had to go ten innings to beat Dizzy Dean in the second game after the Cardinals' late rallies had given Tex Carlton his 17th victory in the opener.

POWER PLAYS FOR TROJANS

Coach Jones Is Scornfully Giving Forward Pass The Cold Shoulder

BY PAUL ZIMMERMAN,
Associated Press Sports Writer.
LOS ANGELES, Sept. 25 (AP)—University of Southern California's Men of Troy who increased their unbroken string of victories to 22 Saturday, are going back to the football wars this fall with the battering ram rather than the catapult as their chief weapon of attack.

With disdain for the fact his team won its major games in the defeatless season of 1932 by the forward pass, Coach Howard Harding Jones proposes to give this touchdown gaining method the cold shoulder in favor of the power play.

"We will have better blocking than last season," spoke the head man today, "so we hope to go back to the power plays. There isn't the risk the pass carries with it."

"Of course, we may have to pass. That depends pretty much on our opponents, doesn't it?"

All of this means Southern California is endowed this fall with weight, speed and experience well beyond that of the 1932 team.

The schedule:
Sept. 30—Loyola of Los Angeles here.
Oct. 7—Washington State here.
Oct. 14—St. Mary's here.
Oct. 21—Oregon State at Portland.

Oct. 28—California at Berkeley.
Nov. 11—Stanford here.
Nov. 18—Notre Dame at South Bend.
Dec. 2—Georgia here.
Dec. 9—Washington here.

Ruth Talked As A Successor To 'Bucky' Harris

DETROIT, Sept. 25 (AP)—The fans are putting Babe Ruth's name first these days when they talk about possible successors to Stanley R. Bucky Harris as pilot of the Detroit Tigers.

Frank J. Navin, president of the club who accepted Harris' resignation Saturday with regret, is saying nothing, except that Ruth and a lot of other good men have been suggested to him.

He hasn't given out any list of the candidates he has under consideration, but such a list probably would include Donie Bush, old Tiger shortstop, who now is managing the Cincinnati Reds; Dan Howley, a former assistant to Ty Cobb as Tiger pilot and now managing Toronto; Gabby Street, former manager of the St. Louis Cardinals; Bill Killefer, late manager of the St. Louis Browns; and Del Baker, assistant to Harris this year and former manager of the Tiger "farm" at Beaumont.

Left fielders—L. N. McCullough, Clyde F. Fathere, Jack Cunningham, Henry Thut, Judge Newton P. Willis.

Center fielders—Mel Davis, Dr. R. A. Webb, Jim King, H. W. John. 1st base.

Perry Favored To Be Singles Champ In 1934

LOS ANGELES, Sept. 25 (AP)—Frederick J. Perry, England's great tennis star, today had earned the right to be pretender to the 1934 national singles throne.

Since 1927 when the Pacific Southwest tennis championship was born, the men's singles titleholder has gone on to win the national crown, and Perry, the present American champion, defeated Jiro Satoh, to successfully retain the diadem he acquired a year ago.

William T. Tilden II took up the parade in 1927 and went on to win the national singles the following year. Henri Cochet, John Hope Doeg and Ellsworth Vines Jr. followed in order, with the Pasadena youth

Warners' Team To Make Debut Friday Night

NEW LORK, Sept. 25 (AP)—Still a bit shaken by the developments over the week-end, football's major college teams swing right into a long series of intersectional and conference games this week.

Recalling the disasters of the past week when Southern Methodist, California and Virginia Military all were breaten and Virginia, Clemson and Mississippi tied by teams of lower rating, the big fellows are facing the future with some apprehension. The material for further upsets is ready to hand.

Every section in the country will offer one or more major contests this week with the South and East the principal storm centers. Glenn (Pop) Warner will make his debut as Temple's head-coach Friday night when the Owls face South Carolina of the Southern conference at Philadelphia.

The following day Army and Navy will open their campaigns, the Cadets against Mercer of Macon, Ga., and Navy against William and Mary which handed the Midshipmen a 6 to 0 setback last year. Meanwhile, Pitt will face Washington and Jefferson at Pittsburgh in a home-bred duel bringing together rivals of ancient standing.

Elmer Layden's Duquesne outfit will attempt to make it two in a row over West Virginia's Mountaineers at Pittsburgh Friday night.

winning both titles twice.

Perry was forced to four sets before he won from his Japanese opponent, 6-4, 1-6, 6-3, 7-5.

The tournament came to a close yesterday with Vines and Lester Stoffen, Los Angeles, defeating John Van Ryn, Philadelphia, and Gerald Strafford, San Francisco, 6-2, 6-3, 3-6, 7-4, for the men's doubles title.

Vines and Miss Elizabeth Ryan, former Californian now of England, won the mixed doubles title, defeating Miss Dorothy Roun dand Perry, England, 6-1, 6-1.
